CONGRATULATIONS TO CHICAGO RADIO ACTORS

In the recent accepted Survey
SEVEN of the first TEN most popular daily serials
are CHICAGO PRODUCTIONS

and FOUR of these SEVEN are supervised by
IRNA PHILLIPS
and Produced by
CARL WESTER & COMPANY

This is not a matter of reciprocity but rather an opportunity for the staff and representatives of THE BROADCAST ENGINEERS JOURNAL (formerly the A. T. E. Journal) to convey again to the officers and members of AFRA our sincere wishes for AFRA'S continued success. Our association has been pleasant, may it so continue!

The BROADCAST ENGINEERS JOURNAL is the official publication of THE NATIONAL ASSOCIATION OF BROADCAST ENGINEERS AND TECHNICIANS (formerly A. T. E.) and it is dedicated to all of radio.

Again, More Success to AFRA,

AL EISENMENGER.

May you all have the TIME OF YOUR LIVES! We hope you'll go home a little tired, but VERY HAPPY, convinced that the 4th ANNUAL AFRA ANTICS could never be surpassed—unless it's by the 5th!

"REMEDIES TRUE TO LABEL"

My Dear Public:

After a life time devoted to the study of Drugs and Chemicals and the compounding and distribution of medicines I now offer a few "Remedies true to Label" under my name and personal guarantee.

Each product represents a favorite and carefully selected prescription of known therapeutic value and when used as directed will result in the conservation and improvement in health and relief from pain.

Laboratory work necessary for their production and packaging is supervised by skilled, experienced pharmaceutical chemists which coupled with the use of pure drugs and chemicals enables me to market "Remedies true to Label" as perfect products at sensible prices.

Very truly yours,

MATTHEWS LIQUID ANALGESIC—Far relief of the discomfort of pain due to simple headache and neuralgia, muscular aches and pains.

MATTHEWS LAXATIVE COLD CAPSULES—Far the relief of common colds.

MATTHEWS WHITE PINE COMPOUND SYRUP—Far coughs, bronchial irritations and hoarseness.

MATTHEWS AQUEOUS NOSE DROPS—Facilitates breathing in common head colds and hay fever.

MATTHEWS TOOTHACHE OUTFIT—A temporary filling for aching teeth due to exposed cavities.

I am the Answer

I am the warm voice that answers the ARTISTS phone calls at intervals that you cannot be reached.

I am Assurance

I allay the fear in the producers mind, while assuring them that the Artists will shortly return their call.

I am Security

I guarantee the ARTIST that his messages will not be injured because a producer was unable to reach him when needed. I promise the Artist that the producers will not be provoked by unnecessary waiting.

I am Experience

More than five million calls have passed through my hands during my years of service. Five million calls and a score of years have given me knowledge possessed by no one else; for while I have served many masters during those years, I have served only one. Telephone Message Exchange alone can boast management with fifteen years of continuous successful experience.

I am Economy

My services cost only a few cents a day and they protect the work that has taken you years of study and hundreds of dollars to build up. I am eager that you too should know my keen and masterful handling of phone calls and the peace of mind that comes with our service.

I am always Available

Call us now and apply for your service.
