Mr. Aug. W. Abbott,  
205 Waterloo St.,  
Kitchner, Ont. Canada.

Dear sir:

This is to thank you for your report on having heard  
Radio CYL Mexico City on Dec 10th.

We have had many reports from Canada and they are always  
gratifying.

The transmitter is a 500 watt machine, Hartley circuit,  
made by the Texas Radio Syndicate of San Antonio Texas, of which  
the writer is one of the firm.

I dont know how large a town Kitchner is, but if you happen  
to know Miss Eleanor Frost of 320 Frederick Street, please give her  
my regards. She was a passenger, with her mother and father on a  
transpacific liner with me in 1919. Let her listen to me announce  
some night over your radio!

Trusting that CYL will hear from you again and that you will  
hear us very often, I am,

Very truly yours,

Texas Radio Syndicate.
