CASH ISN'T KING AT JONES It's been speculation up until now, but the Jones Satellite Networks will begin requiring commercial clearance in addition to affiliate fees, beginning January 1. However, two-minute-an-hour stations won't have to pay as much as those running only one minute. As an incentive to get contracts in the door, any station who signs during November won't have to pay any fees for the entire contract.

NO R & R FOR R & R. Buried in a press release announcing a definitive agreement for the Unistar Radio Networks, Radio & Records parent company, Westwood One, announced that Westinghouse Credit Corp., the senior lender for the paper, has taken back the assets of the paper for \$20 million. It's been commonly known that R & R has been on the block for some time, and the asking price for the paper has continually dropped from the mid-40 million mark, down into the low 20's. As we're fairly sure that Group W credit isn't interested in operating the paper, the next question is, where will the bidding start this time--and from whom?

THE PEOPLE SPEAK. In last week's episode, Larry Galla, midday host of KIKK-AM 650, Houston's country oldies show was to be terminated in the Group W/Viacom bloodbath. We are happy to report that due to overwhelming local support, the show will remain on the air. Larry and the listeners were told of this decision during the last part of Larry's last show.

FORMAT CHANGES (# change accompanies new ownership) (// simulcast)

		<u>formerly</u>	<u>becomes</u>
CA Lompoc	KRQK-100.3	# rock	Spanish
	(KRQK is live drive times and simulcast KURS San Diego the rest)		
Lompoc	KTME-1410	# AC // KBOX	silent
	(LMA ends with KBOX, now on air for High School football games only)		
Modesto	KTRB-860	country	Spanish talk
	(KTRB will use the Radio Labio Network out of Irvine, CA)		
Sacramento	KSMJ-1380	SMN - urban AC	SMN - urban gold
Twentynine Palms	KDHI-1250	SMN Kool - oldies	SMN Pure - oldies
CO Colorado Springs	KTWK-740	KSSS, oldies // FM talk	
	(Networks include BRN, AFR, CNN, WW1, Unistar, WOR and IBN)		
Denver	KNUS-710	news, talk	adds CNN Headline news
FL Quincy (Tallahassee)	WFHT-101.5	# CHR	WXSR, hot AC "Star"
	(WXSR enters into a duopoly with WSNI)		
GA Perry (Macon)	WPGA-980	SMN - urban gold	SMN - adult standards

--------	-------	-------------

WASHINGTON THIS WEEK

Thirteen West Central Ohio stations have petitioned the FCC to deny an application by Lima Broadcasting for a new CP on 103.3 MHz in St. Mary's OH. The group argues that the resulting duopoly of the new station and the two Lima Broadcasting already owns, WIMA/WIMT, will exceed the audience share cap of 25%. The Spring '93 Arbitron puts the combo's share at 31.3%. The only competing applicant to Lima Broadcasting for the new station, Clear River Communications, had their app. returned last year. The group asks that the Commission dismiss Lima's application, or designate the matter for hearing.

The Commission has stayed an allotment in Globe AZ for KRXS, because the Mexican government is taking its sweet time. Linda Potyka petitioned for an upgrade to class C3 from A, which was effective October 25. Since Globe AZ is 199 miles from the border, the Mexican government must approve the upgrade, too. In the order, the Commission stated "...this delay is not directed to the merits of this specific proposal, but rather is a generic approach to all unopposed concurrence requests currently pending before the Mexican government." Manana....

Duke Radio Broadcasting, owner of KFIN Jonesboro AR, convinced the Commission to bend the rules a little by allowing them to purchase Patteson Brother's KBTM/KJBR-FM Jonesboro. However, one of the FM's must be sold with one year. The transaction satisfies the common ownership rule regarding number of stations owned, but gives the stations a combined share of 34.2 -- way over the 25 percent cap. Duke unsuccessfully argued that the stations six-year average trend was just over a 23 percent share of the market, and that the last Arbitron county-by-county numbers used to determine share in Jonesboro were "an anomaly."

WASHINGTON THIS WEEK (cont'd)

In the latest wave of NAL's to radio stations, the ticket tally hit \$61,600 this week, all from stations in Texas. The most common violations were EBS equipment violations or tests not made, missing public file documents, bad remote control meters, unlicensed operators, and excessive field strength at monitoring points for AM directional stations. Here's the hit list:

--KBFM Edinburg TX	\$ 4,500
--KKHQ Odem TX	20,000
--KVOZ Laredo TX	8,700
--KLAR Laredo TX	8,500

When Dorothy Torgerson's Lady Bug Broadcasting was awarded a new CP for 104.1 MHz in Union MS, she may have thought her troubles were over. They're just beginning. She's now facing lack of candor/misrepresentation issues as well as fitness as a licensee issues after her resume' has surfaced showing that she had ownership and duties at a station in Meridian MS that she apparently denied having during the proceeding. Things like the fact that she had a 49% stake in the station, and she was on the board of directors. The Commission has called her attempt to explain the situation as "backpedaling," and raises even more concern about her fitness to be a licensee. Torgerson could face fines up to \$250,000.

The Commission's crack-down on stations that are silent without permission went one step further this week when it was discovered that Fischer Land & Development Corp's KSDY Sidney MT, which has been silent for three years, did not apply for license renewal back in 1987. The station's operating authority was terminated; the call letters deleted. No NAL has been issued.

Jacor's KOA took it on the chin for \$10,000 after the Commission has found it didn't identify the sponsor on several spots that aired for the Cripple Creek Chamber of Commerce--even after the spots were played for the Commission. The Commission contends that the spots were tested for lottery provisions, not sponsorship ID.

Southern Broadcasting Companies, former licensee of WSTT Thomasville GA, was successful this week in getting a forfeiture reduced from \$17,500 to \$5,000 after a former employee testified that the station's complete public file was maintained in a separate location than the one the Commission reviewed. The station will still have to pay the \$5,000 fine for being off the air without authorization.

ELSEWHERE

Broadcast Programming has picked the last apple off the tree. BP announced this week they are purchasing Bonneville Broadcasting System. Terms were not disclosed. Bonneville is the last of the eight major taped-programming suppliers, including Peters Productions, Radio Arts/Musicworks, and the tape divisions of TM Century and Drake-Chenault. BP was recently purchased by Broadcast Electronics.

Command Communications is selling off its Spanish Information Service and Spanish Entertainment Networks to Alfa Broadcasting, forming a Spanish news and music service that currently has 60 affiliates in the U.S., and will service another 70 stations in Mexico.

Strategic Radio Research has announced two new subscribers for the AccuRatings service. Dallas & Tulsa will begin measurement with the Fall book.

The man who has more lives than Morris the Cat (but not as good of a TV contract), Morton Downey, Jr. has migrated yet again, this time to Major Networks. The web plans to use Downey as a cornerstone program for a new 24-hour talk network to be launched soon. Downey has attempted syndication with Washington-based Radio America, his own deal at KGBS Dallas TX, and the American Forum Network.

ELSEWHERE (cont'd)

Community Pacific Broadcasting and Silverado Broadcasting are joining forces to form a Western group. Community Pacific owns KKSD, KASH-FM, and KBFX Anchorage, and is in a sales LMA with KENI. In the Spokane market, Silverado has KAQQ/KISC and KNFR Opportunity WA, with a sales LMA with KCDA Coeur d'Alene ID. They also own KWG Stockton CA/KEXX Tracy CA. Community Pacific is selling a 50% stake to Silverado. The resulting company will be called Silverado Pacific Broadcasting.

If he thought being candid about his playlist during a panel session at the NAB Fall Radio Show was the best thing to do, WCSX Detroit OM Ralph Cipolla will think better of it next time. Crosstown rival WRIF happened to pick up the tape of the panel session, in which Cipolla said about his playlist, "It's all an illusion and basically we play the same songs over and over again . . ." The tape was then edited and turned into a promo for all to hear on WRIF. WCSX management is not commenting on the promo.

Radio revenue continues to hold its own according to the Radio Advertising Bureau, with September revenue up 9 percent over last month, and 8% over last year. National billings were up 9%, as well. Surprisingly, network also posted a gain--a 6.7% gain over last year for the third quarter.

Arbitron has decided to reissue the Wichita Falls book for Spring 1993 after KTLT's Jim Schroder, in a diary review, discovered that "106" entries were credited to KHKS Denton (Dallas), instead of his station. Inside Radio notes this is the second time the Wichita Falls book has been reissued after a visit by Schroder.

Long-time Shamrock stations WHK/WMMS Cleveland OH are in the process of being sold to Hirsch Holding's, who will put the two together with it's WMJI Cleveland. Price was not disclosed.

Who says campus stations are limited to colleges and universities? If WMKV Reading OH (Cincinnati) has their way, they'll be live from Maple Knoll Village--a retirement community. WMKV is looking to program to Cincinnati's older community with a 24-hour big band/nostalgia format with plans to expand to some of the classic radio programs of the 40's. Problem is the station's "advisory committee" needs another \$250,000 to get everything moved and get the non-commercial CP, at 89.3 MHz, on the air. It's interesting to note here that the applicant, Southwestern Ohio Senior Services, won the CP in a comparative hearing from Miami University last year. In the hearing, each applicant must certify they have solid financial backing for a period of time in order to be considered fit to be a license. Too much bingo?

The Country Radio Broadcasters is searching for nominees for its Humanitarian Awards for outstanding public service in small, medium, and large market categories. The CRB will also hold a silent auction to raise money for the Country Radio Seminar Scholarship Program, during the CRS in Nashville. For more info, call (615) 269-7071.

The NAB Radio Executive Committee is also looking for radio's best to induct into the Radio Hall of Fame. Nominations are being accepted based on "on-air reputation, legislative action, entrepreneurship, technical advances, executive leadership, programming innovations, and other significant contributions." For more info, call (202) 429-5350.

The Children's Syndicated Radio Network is alive and well in Eaton Rapids MI. The network is distributing the "Motivation Station" which offers music, story telling, book reviews, and more. For more info, contact Sandra Bailey-Bristol at (517) 663-8442.

Brian Beazer has been named Program Director of the Kool Gold Network. Brian has previously worked in Boise and Ogden/Salt Lake City. Jones Satellite Network's VP/GM Roy Simpson has left to become VP of Major Network's Southeast sales region. The search for a replacement at Jones is on.

WASHINGTON THIS WEEK

The Commission blasted WHYN AM & FM Springfield MA with a \$12,500 fine AND a short-term license renewal for EEO violations. The Commission found the station EEO program failed to recruit minorities. FCC Chairman James Quello dissented, stating the violations did not warrant a short-term renewal.

In the name of reducing interference, the NAB has asked the FCC to "review and perhaps overhaul" the rules governing AM directional antennas. The NAB says computer models coupled with historical data can do a much more efficient job of handling interference and field strength readings.

Three different technologies were presented at the first meeting of the NAB's NRSC High-Speed FM Subcarrier Subcommittee meeting, held November 3 in Washington. The subcommittee was formed to standardize a high-speed, transparent subcarrier signal system that is compatible with RBDS, allows for multiple service users, and is effective in a mobile environment. Seiko's HSDS system allows for receivers to switch frequencies, in the event that the signal being received from one station becomes too weak. NHK Japan's DARC system is designed for mobile reception to vehicles. The Federal Highway Administration and MITRE has also proposed a system which is being tested in Washington for use in the Intelligent Vehicle Highway System.

The House Banking Committee has added the provisions of the radio ad disclosure legislation, which would help to eliminate those lengthy disclaimers at the end of leasing and financing spots. The NAB applauded the move, stressing the need for broadcasters to urge their senators to co-sponsor the Senate version of the bill. The bill now moves to the full House for approval.

In duopoly news, Albany GA has seen its first, with the purchase of Guardian Corp's WMGR/WJAD Albany GA by Peterson Broadcasting's WWGS/WSGY Tifton GA for \$1.28 million.

Entertainment Communications (Entercom), in its first station sale in two decades, has entered into an LMA-to-purchase in Oklahoma City with NewMarket Media Corp. NewMarket, who owns KXXY AM & FM, will pick up Entercom's KOQL, for an undisclosed price. The LMA is effective immediately.

ELSEWHERE

Great American TV & Radio Company has agreed to sell WLZR AM & FM Milwaukee WI for \$7 million to Saga Communications. Saga also owns WKLH there.

In another transaction of note, Crawford Broadcasting has added another great market to their growing group. Crawford has announced its intent to purchase KXOK St. Louis MO for an undisclosed price.

Westwood One has added some new talk show fare as a lead in to afternoon talker Pat Buchanan. Brooke Daniels and Roberta Gale from New Jersey 101.5 (WKXW Trenton NJ) will discuss a wide range of issues from 9 a.m. to noon eastern time, beginning February 7.

Kurt Hanson's AccuRatings will be making their data available to agencies via computer software later this year. The move will allow third party processors to utilize the data in their sales software, including calculating reach, frequency, and gross ratings points.

Cincinnati will jump up into the nation's top 25 radio metros as Arbitron releases its annual market redefinition plan. The Cincinnati metro will add six counties, while Atlanta and Ft. Wayne will add three counties. Other metros with definition changes include Albany NY, Albuquerque, Austin, Dayton, Ft. Wayne, Greensboro-Winston/Salem-High Point, Houston, Knoxville, Lafayette LA, Pittsburgh, Raleigh-Durham, Rochester, St. Louis, San Antonio, and Seattle.

The Sound of 2000, the Second International Symposium on Digital Audio Broadcasting, will take place March 14-17, 1994 in Toronto. The confab plans sessions and presentations about DAB programming, transition scenarios, systems technology, standards, and more. For more info, call 613-594-8226.

"ISSUES ETC.", a new talk radio program dealing with today's issues is hosted by Don Matzat and covers issues including family values, violence on TV and the right-to-life movement. The target audience is adults 25-49, and it's available now on a barter basis. For more information, contact Ken Lamb at MediaStar's Florida office (904) 438-4388.

The M Street Journal

Radio's Journal of Record

304 Park Ave. S., 7th Floor, New York, NY 10010 PHONE (212) 473-4668 FAX (212) 473-4626

A SMOOTH BREEZE BLOWS INTO SACRAMENTO. After Brown Broadcasting's switch of KQPT Sacramento from new age to progressive rock, the city's jazz listeners had to do without. Soon, there'll be two stations coming on at once to fill the gap. Listeners will be treated to "the breeze" on KQBR Davis or "smooth" jazz on KSSJ Shingle Springs. Even though neither station has a signal that completely covers the market, KSSJ does have a facilities upgrade to 44,000 watts at 581 feet pending.

NO RECESSION AT THE FCC ENFORCEMENT BRANCH. Over \$137,000 in fines was generated this week as the FCC enforcement branches in Denver, Houston, Chicago, Grand Island, and New Orleans hit radio broadcasters in a sweep for EBS, public file, field strength readings, and power variance violations. The details and the station list are on page 7.

WV WRR-L-FM	Rainelle	to 95.3 B1 from A

WASHINGTON THIS WEEK

Broadcasters were hit with another wave of FCC rule violations this week totaling \$137,250. The most common violations were for power variations, bad EBS equipment or poorly kept logs, missing documents in public files, excessive field strengths at monitoring points, and no operators on duty.

Here's this week's list of stations:

WQFL Rockford IL	\$ 900	KRZA Alamosa CO	\$6,000
KALY Los Ranchos NM	6,500	KRKI Estes Park CO	1,000
KZYR Avon CO	2,250	KMGW Casper WY	250
KSKE AM & FM Vail CO	2,850	KGIW/KALQ-FM Alamosa CO	3,000
KVOC Casper WY	2,000	KZSS/KZRR Albuquerque NM	2,000
KSMT Breckenridge CO	2,250	KAWL/KTMX York NE	2,000
KTRS Casper WY	2,000	KTFJ Sioux City IA	2,700
KWOG AM & FM Douglas WY	7,600	KASF Alamosa CO	2,900
KKEL Hobbs NM	2,000	KINI Crookston NE	4,250
KKJY-FM Albuquerque NM	4,500	KBNO Denver CO	6,250
KDEF/KUCU Albuquerque NM	12,000	KZSD-FM Custer SD	2,250
KEZW Aurora CO	4,000	KFCR Custer SD	2,250
KOTA Rapid City SD	300	KFBQ Cheyenne WY	4,000
KCME Manitou Springs CO	4,500	KQMT Eagle CO	6,000
KLEA AM/FM Lovington NM	2,000	KBOL Boulder CO	4,000
KRVL/KERV Kerrville TX	250	KLAT Houston TX	800
KANI Wharton TX	6,800	WTIM Taylorville IL	9,250
WTJY Taylorville IL	3,350	KPBA Pine Bluff AR	8,550
WJIL/WJVO Jacksonvl. IL	5,000	KTFJ Sioux City IA	2,700

The EBS is looking at a make-over. Created in 1951 and revised in 1976, the FCC is now considering replacing the outmoded EBS system. The proposed new system would employ new digital equipment, automated procedures and integrate cable television for the first time. Comments by the NAB addressed many issues and concerns that have to be ironed out before a final FCC decision. Cost, was one of the critical concerns. NAB said many broadcasters, particularly small market stations, would not be able to absorb any significant costs of the new systems. To address the challenges and concerns, NAB asked the FCC to first issue a "Tentative Decision" on any revised EBS rules, deferring final action until receipt of further comments.

ELSEWHERE

After all the commotion about the proposed 70% Arbitron sample hike over three years, only one-third of the markets will see the benefits of it. Of the 96 markets that were scheduled to see the first phase of the sample increase in time for the Winter '94 book, only 32 made it. Those who had 80% of the subscribing stations return their contract addendum will see a 30% sample increase next year. Another 64 markets have until December 31 of this year to get those addenda back in, or Arbitron plans to "withdraw the offer," according to Inside Radio. Some of the larger markets that won't see the sample hike are Boston, Houston, Seattle, San Diego, Pittsburgh, Tampa, Cleveland, and Sacramento.

Those markets that made the cut are:

New York	Minneapolis	Las Vegas
Los Angeles	St. Louis	Grand Rapids
Chicago	Baltimore	Fresno
San Francisco	Phoenix	Syracuse
Philadelphia	Denver	McAllen/Brownsville
Detroit	Portland, OR	Knoxville
Washington	Milwaukee	Toledo
Dallas	Kansas City	Bakersfield
Miami	San Jose	Chattanooga
Atlanta	Indianapolis	York, PA
Nassau/Suffolk	Charlotte	

The biggest transaction news of the week is the \$160 million "partnership" between Broadcast Alchemy and Booth American. According to Inside Radio, the two companies will remain separate entities, but will roll their stations in a yet-to-be-named station group. Booth will combine its stations in Detroit, Denver, Cleveland, Cincinnati, and Sacramento with Broadcast Alchemy's stations in Indianapolis and Pittsburgh. Booth's stations in Toledo, Saginaw, and South Bend will not be included in the new group. The new group will have one duopoly--in Indianapolis--but Booth will have to spin off WZPL Indianapolis.

Greater Media is picking up Great American's WRIF Detroit MI for \$11.5 million to create its second duopoly in a top 10 market. Greater Media already owns album rocker WCSX Birmingham MI.

Group W is set to purchase KKHI AM/FM for \$14.2 million. Possible format includes all-news (with the help of the company's TV station), but nothing's definite yet. No comment from Group W.

Max Radio is doubling up in the Greensboro-Winston/Salem-High Point market by purchasing Beasley's WJMH Reidsville. Price was not disclosed. Max owns WMQX there.

Autotalk, Inc., producers of the first all-traffic broadcast, have reached an agreement to utilize the Home Shopping Network's secondary-audio program to broadcast its traffic reports. Autotalk is a device that connects to car radios and delivers free, continuous, regional traffic reports. Presently broadcasting in San Francisco and Los Angeles, Autotalk is looking to expand to 30 areas in five years. Ten potential markets include New York, Chicago, Philadelphia, Boston, Baltimore, Dallas, Houston, Tampa, Cleveland and Miami. For more information, contact: Kamer/Singer & Associates, Inc., 145 Natoma Street, Suite 300, San Francisco, CA 94105, (415) 512-6800.

"Bedtime with Barney", a new storytelling radio show for children (and parents) is scheduled for the first quarter of 1994. The ten-minute show starring the popular PBS purple dinosaur will air at 7:30 PM nationwide. For more information, contact PR manager Beth Ryan at The Lyons Group, (214) 390-6094.

BMI/RMLC AT LAST REACH ACCORD. The Radio Music Licensing Committee (RMLC), after almost two years, has finally settled on a new five-year contract with Broadcast Music, Inc. (BMI). The contract will be retroactive to January 1, 1992. The new agreement phases out the highest one-minute rate as the basis for fees. More details on page 5.

CBS ADOPTS WILLIAM TELL OVERTURE AS RADIO DIVISION THEME SONG. The CBS Radio Group flipped two more of its owned FM's to "The Arrow" this week. WLTT Bethesda MD (Washington DC) is now known as WARW. In Houston, KLTR switched to KKRW on Monday. The classic rock/oldies mix is now heard in four markets, including Los Angeles and Dallas.

WASHINGTON THIS WEEK

This week, the FCC field marshals handed out \$149,500 in fines, exceeding last week's total by \$12,250. Fines ranged from \$300 in New York to \$20,000 in Covington LA, topping last week's total of \$137,250 in fines. The most common violations were for power variations, bad EBS equipment or poorly kept logs, missing documents in public files, operating with full power during times when reduced power was to be used, excessive field strengths at monitoring points, and non-licensed operators.

Here's this week's hit list:

KDKO Littleton CO	\$2,500	KWYR AM/FM Winner SD	\$4,250
KFTM/KBRU Fort Morgan CO	2,500	KILI Porcupine SD	8,300
KCEB Casper WY	4,500	KRRU Pueblo CO	3,350
KPER Hobbs NM	2,000	KCSJ Pueblo CO	4,600
KMMW Maljamar NM	7,050	KHFT Hobbs NM	16,550
KTSC-FM Pueblo CO	2,500	KYRE Manitou Springs CO	13,900
WNTA Rockford IL	1,850	WUFI/WZNF Rantoul IL	12,950
WMCL McLeansboro IL	1,400	KGOL Humble TX	12,500
WNCN New York NY	300	WDJZ Bridgeport CT	8,250
KBIB Marion TX	4,650	KONO San Antonio	500
KOKE Giddings TX	6,250	WASO Covington LA	20,000
KSSQ Conroe TX	5,800	KBMA Bryan TX	250

WASHINGTON THIS WEEK (cont'd)

The Senate confirmed Reed Hundt as FCC chairman late Friday (11/19) night. The chair has been vacant for almost a year since Al Sikes' departure.

NAB has turned down support of a October 8, 1993 Sony request for AMAX certification for a new personal receiver that it is developing, stating that it doesn't fully comply with the NRSC recommendations. Sony has said that the present specification is typical of a high-quality home or automobile receiver but not of a personal portable. To encourage continuation of development and marketing of AMAX receivers the NAB is proposing that the NRSC consider a revision of their receiver specifications.

Minnesota Public Radio (MPR) held a 35-hour on-air fundraiser October 29-30. Getting permission from the FCC to lift its non-commercial restriction for a 35-hour period, MPR helped raise a total of \$741,269 to save the Saint Paul Chamber Orchestra. The FCC granted the waiver saying that "the waiver would serve the public interest."

ELSEWHERE

The Radio Music Licence Committee (RMLC) and Broadcast Music Inc. (BMI) have announced that agreements have been reached on new blanket and per program licenses. Most provisions in the licenses are retroactive to January 1, 1992, and the agreements run through December 31, 1996. Some stations may end up paying more for 1992. The per program licence rate will remain the same but the use of the "highest one-minute rate" as the determining part of the per-program fee will be phased out. Other changes include:

- No longer an automatic 8% monthly fee adjustment from year to year. CPI will be used instead.
- Small stations (Revenue < \$150,000) will continue to pay reduced rates.
- BMI's right to audit station reports will be increased from two to four years on a "phase-in" basis.

There are other changes. For more information contact the RMLC hotline at (410) 866-5594 ask for Dave Fuelhart.

SESAC is expanding its services to jingle composers and advertising music songwriters. SESAC provides its affiliates with a variety of business support services including: catalog consultation, collaboration recommendations, industry introductions, licensing of jingle users, collections of licensing fees and distribution of royalties. Contact Lloyd P. Trufelman, Tylon Communications, Inc., (212) 268-3888.

INTERSTAR, a new full-time sports-talk radio network announced that it will commence 24 hour per day operations as of March 1, 1994. Talent has been signed on and others are in negotiations. Additional talent is being sought for 3x/hour sports news updates as well as technical and production help. Station relations and network sales operations begin January 3, 1994 from temporary offices in San Diego. For more information contact Interstar at (619) 229-8307.

The 25th Annual Country Radio Seminar has chosen the theme "Silver Celebration" for this year's CRS. To be held March 2-5, 1994 at the Opryland Hotel and Convention Center in Nashville, TN registration goes as follows: Early registration now through Jan. 7th \$300, Regular registration Jan 8-Feb 4 \$350, and Late registration Feb 5-On-Sight \$425. Some highlights include the Super Faces Show, The Artist Tape Session, the Video Artist Tape Session and The Showcase Stages. Call for more information but NOT hotel reservations: Dave Nichols (615) 327-4487.

The Country Radio Seminar is soliciting radio station marketing materials for its annual montage of country radio's best marketing efforts. The airchecks should begin with legal call-letter id and include a 90 second aircheck or station highlight, plus a 60 second produced promo; or a 2 minute aircheck or station highlight and a 30 second produced promo. Submissions should be recorded on reel-to-reel tape at 7 1/2 ips and sent to Barry Mardit, WWW-FM, 2930 E. Jefferson St., Detroit, MI 48207. For more information contact Dave Nichols or David DeBolt at the CRB office (615) 327-4487.

Presenting! The World Media Expo! NAB has renamed its Fall Radio Show. Info is still available from NAB's Eric Udler at (202) 429-5336.

ELSEWHERE (cont'd)

Five radio network groups-ABC, American Urban, CBS, Unistar and Westwood One- have joined together to sponsor research study on Imagery Transfer. To what extent do people who "see" TV commercials might also "see" or recall "prime visual elements" of audio-only commercials was examined by Statistical Research, Inc. All survey results will be presented to major market advertising and media communities early in 1994. For where, when or more information contact Helene Bileberg, Communications Director, CBS Radio Division at (212) 975-3771.

Billboard reports the deal to syndicate WQEW, New York's adult standards format, by The American Pop Music Network is off. (M Street Vol. 10 No. 40)

WDCU is about to be jazzed up. After about eleven years the station is finally hiring a program director. Formerly of WBGO-FM, Wylie Rollins will start programming at the end of 1993. The station will also be adding NPR hourly newscasts.

Damion, formerly air talent/Program Director at AOR KLOS Los Angeles, will be joining Unistar's Adult Rock and Roll for overnights.

ABC Radio Networks has announced they've hired Santa Claus. Santa will begin his minute-long reports on November 29th and end them on December 24th, due to a previous engagement. His daily reports will cover everything from snacks he's left to what Joey Buttafuoco will get in his stocking this year, and other topics.

On Travel Radio has announced a new show "On Ireland" scheduled to air in time for St. Patrick's Day, 1994. The show will be hosted by travel journalists Paul Lasley and Elizabeth Harryman. For additional information, call Jennifer Forrest at (714) 493-7988.

ParaMAX Radio Solutions is a new radio consultancy created by former A-Ware Software's MusicScan sales rep, Tom McCarthy. ParaMAX is a radio consultancy that specializes in formatics, talent development, promotion and research for Adult Contemporary, Oldies and EZ Listening formats. For more information call (414) 781-6071.

Dan O'Day has announced the line-up of guest speakers for 1994's PD GRAD SCHOOL. Speakers/Topics include:

- John Parikhal/Developing A Winning Station Strategy
- Dan Garfinkle/Tactical Radio Promotions
- Larry Rosin/Character-Based Marketing
- Harold Taylor/The 90 Minute Hour
- Irwin Pollack/How You Can Help Your Sales Department...and Vice Versa
- Rob Balon/Real World Research
- Dan O'Day/How To Build A Winning Morning Show

For more information call Dan at (310) 476-2091.

STAY INFORMED

M Street has a full range of services to meet your radio information needs:

The M STREET RADIO DIRECTORY: Now in its fifth edition. Radio's premier affordable reference book.

The M STREET JOURNAL: M Street's weekly newsletter of FCC applications, allocations and actions, format activity, and radio news. An indispensable index to the events of the industry. Annual \$99.00 subscription includes a copy of the annual *M Street Radio Directory*, plus discounts on multiple copies.

LABELS, LISTS & REPORTS: M Street's radio industry database is updated daily - formats, addresses, phones, fax, ownership, markets, networks, technical facilities, and much more. We can produce - quickly and affordably - the information you need, in the form you need it. Mailing labels, phone lists, market reports, or any other customized package with whatever combination of criteria you need.

CUSTOMIZED ON-LINE SERVICES: Some of radio's biggest players have learned that we can track their data faster and more efficiently than they can! We can create any combination of access to M Street data, alone or in combination with your database, with customized reports and updating. Ask us for ideas and details.

To order *The M Street Radio Directory*, or for more information on our customized information services or any of M Street's information products, call us: 1-800-248-4242. Let us show you how M Street's accurate, timely, comprehensive, affordable radio industry data can help you work smarter and more cost-effectively!
