Stations located within the combined coverage area are consolidated under multiple city headings. This is not to imply that all of the stations provide equal coverage of the entire area or cities involved. It is part of the time buying function to determine the extent of individual station coverage, audience delivered, etc. within the area.

Stations located within the combined city area are consolidated under multiple city headings. This is not to imply that all of the stations provide equal coverage of the entire area or cities involved. It is part of the time buying function to determine the extent of individual station coverage, audience delivered, etc. within the area.

Stations located within the combined city area are consolidated under multiple city headings. This is not to imply that all of the stations provide equal coverage of the entire area or cities involved. It is part of the time buying function to determine the extent of individual station coverage, audience delivered, etc. within the area.

Product Protection

Station agrees to exercise all reasonable effort to maintain a ten-minute separation between competitive, non-network advertised products. The station will guarantee that competitive products will not be run back-to-back. For the purpose of product protection, classification of products as competitive must be approved by the station in advance of scheduling, not retroactively. Station is not responsible for conflicts with competitive network advertisers' products when the network commercials are rotated or moved beyond the scheduling control of the station, or schedule changes are received on less than two weeks' notice from the network.

CONDITIONS

1. Minimum purchase per station: 5 units per week.
2. 70a.
3. 15b.
4. 60f.
5. Makegood Policy: All monthly billing to agency must be in agreement with station submitted affidavit information. Makegoods will be accepted within same time period within scheduled flight dates.
6. Network rate is aggregate of individual station spot compensation. Any credits will be directly reflective of these individual compensations.
7. Billing: All routines including reconciliation of station performance for schedules are handled by network. Purchasers are presented with consolidated network bill, per contract price at conclusion of each standard broadcast month during ROS. Payment is due within 5 days from date of invoice. Following conclusion of total schedule all billing adjustments will be made & proper credit adjustments forwarded to purchaser.

COMMERCIAL REQUIREMENTS

One Master set of ET's, tapes or live copy plus copy instructions presented to network minimum 1 week prior to campaign start. Distribution logistics & reproduction costs handled by network at no extra charge.

ADVERTISER OPTIONS

Items may vary by market or region of country; market list, start date, commercial copy, time period, commercial length, regional products of corporation & announcement levels.

COMBINABILITY DISCOUNTS

Multiple networks for corporation combine for discount when affiliate schedules coincide on same week.

TIME RATES

DANGER!

You're treading on thin ice if this is a "poss-along" copy of SRDS. Ice that may hold you up for a time but which may break at any moment. Don't take chances. It's not worth it. Use only current copies of Standard Rate & Data publications.

JOIN THE CAMPAIGN

**Urge media and their representatives
to use more informative copy.**

Your job will be made much easier and more pleasant if buyers of media "pass the word along" to representatives and media owners that pertinent information, minus the frills and fluffs of media promotion, is needed to buy "opportunities" for products.

First, a brief recapitulation of what SRDS is doing to help you. Through direct mail, sales people, copy service department, and Service-Ads, it is hammering hard to dispel the notion that buyers of media are swayed by glittering generalities and have the time to pore through mountains of media promotion digging out needed data.

But, SRDS needs help!

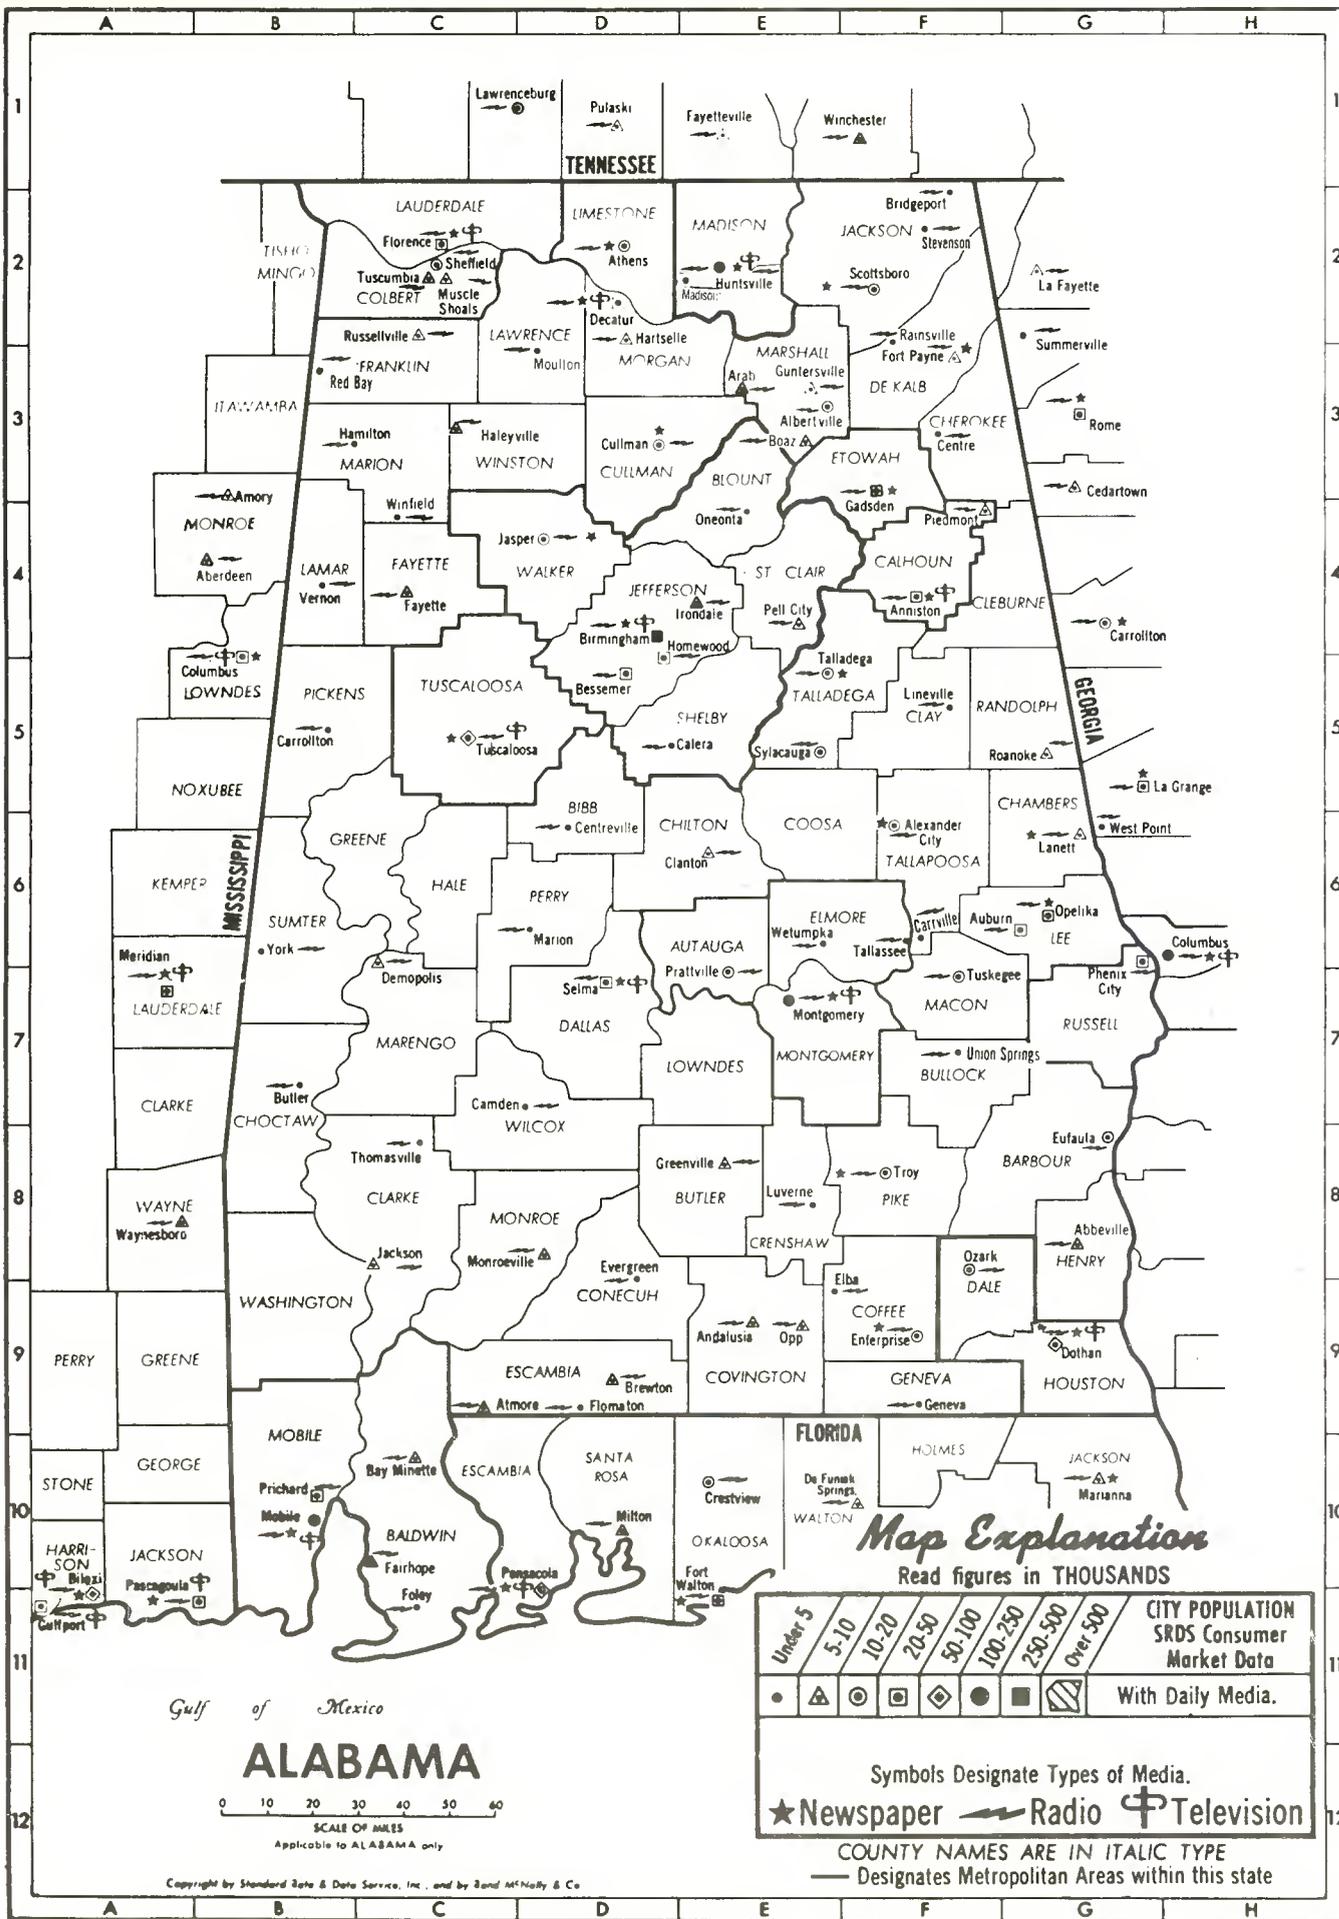

Urge the representatives to tell their bosses to use informative copy in Service-Ads near their listing in SRDS—copy containing sufficient data to enable you to justify your choice should it be questioned.

Many buyers of media have joined with SRDS in this campaign to foster informative copy in Service-Ads. These busy specialists urge the presentation of information in a form that is easy to use—material that they can use with as much confidence, ease, and effectiveness as they use the information in the listings of the SRDS services.

Join this campaign to help you buy media intelligently. Urge the representatives, media owners, station managers, etc., to use copy with pertinent data in Service-Ads near their listing for your guidance and convenience.
