

# RADIO INDEX

THE BROADCASTING STATIONS OF AMERICA  
arranged in order of their 1925 wave length, frequency,  
call letters, location, and dial readings, with the class,  
power, owner and mail address of each station.

*An Absolute Essential to the Proper Operation of a Radio Set*

# RADIO INDEX

**NOTHING TO WRITE BUT THE DIAL READINGS**

INDEX BY CALL LETTERS	Pages 2 to 27
INDEX BY WAVE LENGTHS*	Pages 34 to 40
INDEX BY FREQUENCIES*	Pages 34 to 40
INDEX BY LOCATIONS*	Pages 28 to 33
INDEX BY DIAL READINGS†	Pages 34 to 40

\* If the stations received are checked on these lists, the wave and geographic ranges of the set are indicated.

† Filling in the dial readings for each wave length provides both an index by dial numbers and a calibrated scale.

**RADEX** lists the broadcasting stations of Cuba, Canada and Mexico in their proper places and not in a separate list.

**RADEX** data is up-to-the-minute as issued by the Department of Commerce and verified by correspondence direct with the broadcasting stations.

**RADEX** gives the wave lengths of stations in the list by locations so that if the name of the city only is caught, the station can be identified by its wave length.

**SECOND  
1925  
EDITION**

## **THE RADEX PRESS**

*209 Euclid Arcade Annex, Cleveland, Ohio*
