# RADIO

**INSTANTLY — IT SERVES  
ALL OUR PEOPLE!**

In Nanaimo or Noranda, in Toronto or Truro . . . from coast to coast, from the U. S. border to the rugged northlands, Radio is conquering distance . . . and playing an indispensable part in the daily life of more and more Canadian homes.

A world of entertainment is brought to millions each day by more than 130 publicly and privately-owned radio stations serving Canadians! *And the giant stride is being further lengthened, as the new province of Newfoundland adds its group of broadcasting stations.*

Financier and fisherman, professor and postman, farmer and forester, listeners of every kind and creed can select and enjoy a great variety of outstanding radio fare . . . music . . . drama . . . news . . . sports. Canadian Radio entertains . . . it informs . . . it *sells* . . . it makes news and reports news, frequently from its source . . . and instantly delivers its message to every corner of the country.

Constantly improving and expanding, the three CBC networks—*Trans-Canada, Dominion and French*—present a diversified schedule of the finest programs—combined with effective sales messages.

### Functions

The Canadian Association of Broadcasters is a voluntary trade organization of 89 privately owned (independent) broadcasting stations in Canada.

# **You get effective listenership over Canada's private radio stations**

Canada's more than twelve million people are buying goods and services at a record rate.

Whatever you have to sell to the rich Canadian market, you will be ahead if you make use of Canada's privately-owned radio stations: they dominate effective listenership in their territories, everywhere in Canada.

You will be ahead also because of the merchandising cooperation you get from these private stations: they take pains to further their clients' commercial interests. Their programming and their services are closely in accord with the tastes and wants of their local audiences.

Don't neglect Canada's buying power! The Canadian Association of Broadcasters has facilities to help you get sales data on Canada, or on any part of Canada. We can give you complete facts on how radio can best serve your Canadian operation. Please call on us.

## WITH SELECTIVE RADIO YOU CONTROL LOCAL BROADCAST TIMES

SELECTIVE RADIO is the opposite to buying a fixed group of stations, which broadcast simultaneously without regard for different time zones and different local peak listening times. With SELECTIVE RADIO, you treat each station *individually*—you select an effective local time on that station's program schedule—unhampered by time-zone difficulties.

With SELECTIVE RADIO, you cut waste also by selecting *only those stations that cover your profitable markets*—choosing from thirty ALL-CANADA stations across Canada.

Let SELECTIVE RADIO help you *pinpoint* your audience—*when they're listening!* Call the ALL-CANADA man for full information.
