**WHAT'S YOUR IMAGE  
OF A PTERODACTYL?**

If you're like most people you  
don't have one.

Actually, the Pterodactyl was  
a nice old flying reptile that just  
couldn't keep up with the pace.  
Soon — no more Pterodactyls.

The same holds true for a lot  
of corporations. They're nice  
companies but they don't keep  
their images up with the pace.

Don't be a Pterodactyl. Let us  
help you build your company's  
image.
