Cinco De Mayo

Several stars performed during the six hour show that was coupled with more than 100 exhibitions by clients and community organizations.

KGBT Radio combined their Cinco de Mayo celebration with a Pre-Mother's Day Concert. They filled the Rio Grande Valley Livestock Show Grounds in Mercedes. Eight groups entertained, including the ever popular "La Mafia". Fifty door prizes were given away, among them four color television sets, two recliner rockers and a freezer.

All the station's celebrations were free to the public and each received considerable newspaper and television publicity. KDXX and KBNA made the front page of the El Paso Times and Channel 5 in Chicago gave WIND mini-cam live coverage on Saturday.

Cinco de Mayo 1986 will long be remembered by Tichenor Spanish Radio Group sponsors and listeners.

KDXX/KBNA's Miller Beer Drive-thru was a real traffic stopper the Friday before the station's Cinco de Mayo celebration. Johnny Garcia, KDXX Program Director, is pictured handing out beer and free passes to the festival.

El "Beer Drive-Thru" de KDXX/KBNA y Miller causo un autentico embotellamiento de trafico el viernes anterior a la celebracion de las estaciones del Cinco de Mayo. Johnny Garcia, director de programas de KDXX, aparece aqui cuando obsequia cerveza y pases gratuitos para el festival.

WIND introduced the "Money Machine" to Chicago during its festival. Money is blown around the inside of the machine, which looks similar to a phone booth, and players strive to grab and stick as much money as they can into slots which are cut into the sides of the booth. All players were given 20 seconds to grab their fortunes. The Money Machine will be used at all future WIND festivals and a new machine is currently being purchased by KUNO in Corpus.

WIND presento la "Money Machine", la "Maquina de Dinero", en Chicago durante su festival. El dinero se agita dentro de la maquina, que es similar a una caseta telefonica, y los jugadores tratan de tomar y meter tanto dinero como puedan en unas ranuras hechas a los lados de la caseta. Todo jugador tenia 20 segundos para tratar su suerte. La Maquina de Dinero sera utilizada en todos los festivales de WIND en el futuro y una nueva maquina sera adquirida por KUNO en Corpus.

There is standing room only at the El Paso Civic Center May 4th and 5th as an estimated 80,000 listeners attended KDXX/KBNA's free concert.

Hubo lugar solo para estar de pie en el Centro Civico de El Paso los dias 4 y 5 de mayo con una asistencia calculada en 80,000 personas que asistieron al concierto gratuito de KDXX/KBNA.

La promocion provoco un embotellamiento de trafico desde la estacion hasta el paso a desnivel de la autopista.

Cardinal Sebastian Baggio, Chancellor from the Vatican City, gives a blessing during Synod '86 in El Paso.

El Cardenal Sebastian Baggio, Canciller de la Ciudad del Vaticano, da la bendición durante el Sinodo '86 en El Paso.

KDX was granted a license for their new studio transmitter link. The link will deliver program audio to the three tower AM array. The STL operates in stereo and brings KDX one step closer to an AM stereo operation. It also lightens the budget by the cost of two expensive telephone company program circuits.

KDX/KBNA now have a remote transmitter and an automatic repeater on Franklin Mountain. With the installation of this new equipment the stations can do remote broadcasts from almost any place in or near El Paso.

KDX broadcast live the closing ceremonies of Synod '86 of the Catholic Diocese of El Paso at the Sun Bowl Stadium on May 18. Over 40,000 people were in attendance. This celebrated mass was of great news significance because Cardinal Sebastiano Baggio, Chancellor from the Vatican City, was the main celebrant.

The El Paso Herald-Post held a Favorite Evening DJ contest in April. David Canales, DJ for KBNA-FM, made a strong showing, finishing second. Not bad for a station only on the air five months!

KDX obtuvo la licencia para su nuevo transmisor de enlace que proveera el audio para las tres torres de AM. El transmisor (STL) opera en estereo y acerca un paso mas a KDX al sistema operativo de AM estereo. Esto reduce tambien el presupuesto al prescindirse ahora de dos costosos circuitos de la compania telefonica.

KDX/KBNA poseen ahora un transmisor a control remoto y una repetidora automatica en el monte Franklin. Con la instalacion de este nuevo equipo las estaciones pueden transmitir a control remoto desde casi cualquier sitio en El Paso.

KDX transmitio en vivo las ceremonias finales del Sinodo '86 de la diocesis catolica de El Paso en el estadio del Sun Bowl el 18 de mayo. La asistencia consistio de mas de 40,000 personas. Esta misa fue de gran significacion porque el Cardenal Sebastiano Baggio, Canciller de la Ciudad del Vaticano, fue el principal celebrante.

El Heraldo-Post de El Paso tuvo un concurso denominado "El Locutor Favorito de la Noche" en abril. David Canales, locutor de KBNA-FM, tuvo buena participacion al terminar en segundo lugar. No esta mal para una estacion con solo cinco meses en el aire!

Jackie Booth, K-Lite Copywriter, checks out the competition at the "Anything That'll Float but a Boat Race" held on South Padre Island.

American Airlines General Manager Chip Smith thanks participants at the closing ceremonies of the "Save the Lady" Tennis Benefit sponsored by K-Lite and American Airlines May 10 and 11.

K-Lite's Second Annual "Anything That'll Float but a Boat Race" was a huge success. Thousands lined the shoreline on the Bay at South Padre Island to watch 20 entries go for the gusto. Trophies were awarded for the three finishers in each division. Divisions were made by the number of crew members participating (1 & 2, 3 & 4, 5 & 6). K-Lite personnel were represented in the 3 & 4 division, winning a third place in the race and a ribbon for best costume. The crew dressed as beers — the boat was an ice chest! The official name of their vessel was "The K-Lite 1/2 Pack".

K-Lite was one of 12 Texas radio stations selected to participate in the "Bud Light Star of Light" fireworks display, to commemorate San Jacinto Day, April 21. K-Lite played the patriotic background music simultaneously with the display, which was watched by thousands. The display itself was the most remarkable and awesome fireworks show ever seen in the Valley.

K-Lite and American Airlines hosted a "Save the Lady Tennis Benefit" May 10 and 11. The tournament featured tennis exhibitions by Cliff Richey and Colin Dibley, as well as the Valley's top amateur's. The two-day event raised over \$10,000 for the Lady.

Nathan Lindsey, Radio Chief Engineer, announced that KELT now enjoys the use of a new digital satellite system. The Scientific Atlanta dish was recently installed to provide special stereo program feeds such as Dick Bartley's Solid Gold Saturday Night and HBO specials for simulcasts.

TICHENOR SPANISH RADIO

The Group Incorporates A New Logo

After careful analysis of various designs, the final version of Tichenor Spanish Radio Group's new logo has finally been selected.

The new logo expresses the Hispanic vote in the U.S.A. The American Star and the Charro hat — two well known symbols, used extensively, and very conventional — are united in a worthy design that takes advantage of the graphic characteristics of both.

The star symbolizes a body (U.S.A.) with open arms toward the sky receiving the Hispanic who speaks and sings through the voice of Tichenor Spanish Radio — with TSR he identifies, and makes himself heard.

The result is a complete representation of that Hispanic living in the U.S.A., who wishes to express himself, wishes to be heard and allowed to perform with freedom and liberty, with the use of his own voice, his native language, but without renunciation to the country that has received him.

It is the Spanish voice of America.

El Grupo Incorpora Un Nuevo Logo

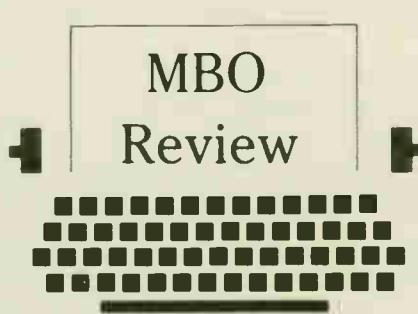

Despues de un cuidadoso analisis de varios disenos, la version final del nuevo logo del Tichenor Spanish Radio Group ha sido por fin seleccionada.

El nuevo logo expresa la voz hispana en los Estados Unidos de America. La estrella americana y el sombrero de charro — dos simbolos ampliamente conocidos, utilizados extensamente y muy convencionales — estan unidos en un diseno valioso que aprovecha las caracteristicas graficas de ambos.

La estrella simboliza un cuerpo (los Estados Unidos de America) con brazos abiertos hacia el cielo recibiendo al hispano que habla y canta mediante la voz de Tichenor Spanish Radio — se identifica con TSR y se hace escuchar.

El resultado es un completa representacion del hispano que vive en los Estados Unidos y que desea hacerse expresar, desea hacerse oir y que le permitan actuar con soltura y libertad, con el uso de su propia voz, su lenguaje materno, pero sin renunciar al pais que lo ha recibido.

Es la voz espanola de America.

For the quarter ending May 31, 1986, the company is 31.1% under its operating profit goals, mainly due to start up costs in Chicago and El Paso. We continue to be enthusiastic about the potential of both of these markets. The challenge of Texas' weak economy means that we will all have to work harder and smarter to meet our goals.

Los radioescuchas son invitados a inscribirse para la rifa en las tiendas participantes en Chicago. Cada dia por las siguientes ocho semanas ocho nombres seran extraidos de la caja. Cada uno de estos ganadores recibira \$56 dolares en efectivo para gasolina y su tarjeta sera puesta en la caja para la rifa final por el coche. El gran final sera el 9 de agosto cuando las llaves del Spectrum seran entregadas al afortunado ganador radioescucha de WIND.

Los radioescuchas de WIND que lucen una calcomania de La Tremenda en su vehiculo son candidatos de primera para ganar una miriada de premios que se regalaran este verano en la "van" de La Tremenda que transitara por Chicago.

"La Tremenda le Pagara Su Renta o Prestamo Hipotecario" probó ser un gran éxito. La estación pagó la renta o préstamo hipotecario a un total de 40 familias durante esta promoción de ocho semanas.

Antonio Nevas, reportero de noticias de WIND, presenta un nuevo programa conversacional de la comunidad titulado "La Voz del Pueblo". El programa sale al aire la noche de los domingos a las 10:00 y cubre una amplia variedad de temas. Hasta ahora Antonio ha tenido como invitados a representantes de la Administración de Seguridad Social, Operación SER y Alcohólicos Anónimos.

La Línea Telefónica de Referencias para el Consumidor y Servicio Social utiliza ahora voluntarios de la Cruz Roja y el United Way para cubrir el servicio.

Las locutoras Margarita Vázquez y María Luisa Torres fueron invitadas a pronunciar un discurso en el Teleton de la Leucemia que salió al aire en marzo y enviaron un mensaje especial a la comunidad hispana exhortando su apoyo para esta causa. Margarita y María Luisa fueron invitadas también a participar en la campaña de recaudación de fondos "Hands Across America" para ayudar a familias necesitadas. El evento unió a voluntarios de costa a costa. María Luisa compartió su experiencia con los radioescuchas mediante la transmisión telefónica hecha desde una avioneta cortesía de la Aerospace Flight Training Academy.

WIND ha estado promoviendo varios conciertos, bailes y controles remotos. Un evento de WIND significa una multitud garantizada. La señal de WIND cubre 90 condados en cuatro estados. La Merced, un restaurante mexicano en el área de la Little Village, comenzó un buffet dominical y programó varios remotos para promover su nuevo servicio. Clientes de lugares tan lejanos como Pontiac, Michigan, han ido al restaurante para comer y conocer al talento al aire de WIND.

Noticias de Radio KUNO

KUNO tuvo un programa de Día de La Madre el 11 de mayo en el nuevo Bayfront Plaza Exhibit Hall. Tres mil residentes de Corpus Christi disfrutaron de la música de la banda favorita local Promesa. Con el patrocinio de Coca-Cola, se repartieron premios y efectivo con un total de \$5,000 dólares.

Una historia interesante de relación con el programa del Día de la Madre que es presentado anualmente por KUNO. Cada año la estación ha reservado el Memorial Coliseum para el evento. KUNO held a Mother's Day Show on May 11 at the Bayfront Plaza Exhibit Hall. Three thousand Corpus Christi residents enjoyed the music by local favorite, Promesa Band. Sponsored by Coca-Cola, prizes and cash totaling \$5,000 was given away.

An interesting story goes along with the Mother's Day Show, which is an annual event for KUNO. Each year the station has reserved the Memorial Coliseum for the show. This year, Boxing Promoter Lester Bedford called General Manager Luis Muñoz and asked if he would consider using another site for the show as a major boxing event had been scheduled for that same day. Muñoz recognized the benefits that television network coverage would afford Corpus Christi, so immediately agreed and moved the KUNO event to the Bayfront Plaza Exhibit Hall. Muñoz' generosity and concern for the community was recognized on the front page of the Sports Section of the Corpus Christi Caller for two consecutive days. KUNO was also recognized during the televised boxing match.

KUNO and Budweiser hosted a free "Polka Festival" on May 4 at the Memorial Coliseum. The event was part of the city's Buccaneer Day Celebration and 3,000 people danced to the music of several popular "Conjunto" bands.

KUNO sponsored their third annual Hispanic State Festival at the Dr. Hector P. Garcia Park on June 28 and 29. The free event featured use of a double Olympic size pool for the kids, a 5-mile run, softball tournament, children's activity area, live music and lots of good food and drinks. Thirty thousand spectators attended the fun filled festival.

Rosie Rodriguez, the former Rosie Casarez, has joined the KUNO staff as Secretary/Receptionist. Long time employees may remember Rosie as she once was a Copywriter for KELT, back when it was a country western station. Rosie has most recently been working for KOUL-FM in Corpus Christi.

KUNO y Budweiser ofrecieron un "Festival de Polka" gratuito el 4 de mayo en el Memorial Coliseum. El evento fue parte de la celebración del Buccaneer Day y 3,000 personas bailaron con la música de varios populares conjuntos.

KUNO patrocino su tercer festival del Estado Hispano en el Dr. Hector P. Garcia Park el 28 y 29 de junio. El evento gratuito ofreció la utilización de una alberca doble de tamaño olímpico para los niños, una carrera de 5 millas, un torneo de softball, un área para juegos de niños, música en vivo y mucha buena comida y refrescos. Treintamil espectadores asistieron al festival lleno de diversión.

Rosie Rodriguez, antes Rosie Cazarez, se ha unido al equipo de KUNO como secretaria/recepcionista. Los que tengan buen tiempo de trabajar con nosotros recordaran que Rosie fue una vez redactora de textos de KELT cuando era una estación de música country. Rosie ha trabajado más recientemente para KOUL-FM en Corpus Christi.

TMS staff declared the Waterpark, U.S.A. shoot the most fun project of the year. "Johnny" describes his adventures at Waterpark, U.S.A. so well, his classmates can actually "feel" the water!

Congratulations to TMS personnel. The Company was recently awarded the National Telly Award for the Texas Bancshares (Freedom Banks) spot, shot for Atkins & Associates. They were also awarded two 10th District Addy Medallions of Merit. One for the Texas Bancshares spot, under the category television budget over \$10,000; and another for Sunrise Mall in Corpus Christi, shot for Morehead, Dotts & LaPorte, under the category local campaign budget less than \$10,000.

The joint creativity of TMS Production, Inc. and the Pitluk Group paid off recently during an Eyepro Express shoot. A 30-second spot featuring 12 different set-ups was produced in three hours. Johanna Woollcott, TMS executive producer, produced the spot which promotes the Eyepro Express fashion sunglasses sale and features one model with different hairstyles, accessories and makeup.

TMS Production, Inc. and Ed Yardang & Associates completed a 30-second spot for AGA, which kicked-off the product's entry into the 10-percent carbonated juice market. The spot centered around the theme "A fizzy, funny soft drink that makes your mouth giggle" and showed three typically quiet, reserved scenes, a classroom, a boardroom and a museum, disrupted by giggle-like sound. This mnemonic device is a human sound musically enhanced through a synthesizer. The commercial began airing in San Antonio in April and was aimed at the seven to 17-year-old market with mothers of young children being a secondary target.

Waterpark, U.S.A. gets the award for the most fun project TMS has done this year. The first spot begins with a high school classroom scene and a teacher's voice instructing the class to

"listen to what Johnny did on vacation". The class is acting up, causing commotion, and definitely not listening. Johnny steps up to the podium, whips out his cool shades and the scenes change to fun in the sun at Waterpark, U.S.A., accompanied by a re-lyriced version of the Summertime Blues. The second spot centers around the family's efforts to convince "Dad" that a day at Waterpark, U.S.A. is not just fun for kids, but also for adults. The shoot caught the attention of local columnist Richard Erickson of the San Antonio Light and he dedicated three days of his column to the project, following it through from picking the actors to final takes.

TMS shot a 30-second spot for San Pedro Plaza in the studio and on location. This spot was shot Joe Sedelmaier-style showing three exaggerated settings attributed to office buildings. The spot follows one man's sojourn through "high tech" buildings with smoking, blinking, whistling elevators; "convenient" buildings so close to the airport that you see the shadow of a jet plane fly by the window and shake the entire office; and the "back to nature" atrium building where our hero is surrounded by a forest of plants, fog and streams ... the scene changes to a spokesman inside the beautiful San Pedro Plaza building lobby.

TMS also completed three :60 spots for Methodist Hospital highlighting their excellent maternity ward. The first two are testimonials from actual mothers who experienced some type of problem in delivery. The third spot used identical 10-year-old female quadruplets. The only way to tell that the four girls are different is through the name supers and their different colored shirts. At the end they appear in a group shot shouting "God Bless the Methodist". Each spot ends with a message from the Hospital administrator.
