DENMARK

Christian Flagstad - producer of Denmark's radio
 ... The Soundtrack **Footloose** is a very good one, especially the song from **Bonnie Tyler**- Holding Out For A Hero, it's magnificent! (this is contrary to DF (F7) the actual film, not very exciting)- Like the new **Millie Jackson**- lp E.S.P. There are some really good tracks on it. I Feel Like Walking In The Rain (compared to the rest of the material, very soft in it's lyrics) could become a hit. A good album (and single) is also **Shannon**- Let The Music Play and I'm still crazy about Hello, I'm still not tired of it ...

ITALY

STUDIO 105 - Milan - Alex Peroni- progr. dir.

... As the space available, is already taken, only a long personal remark from me this time. Me and my companion in crime, Freddy the Flying Dutchman (that's his battlename), went to see the **Simple Minds**- concert in Milan. I must say, I never saw something incredibly good like this. (Maybe I didn't see enough concerts!) But Freddy, who's 'older' than me, told me it's been years something like this has happened in Italy. Everybody was shouting and dancing, it wasn't held in disco, but a circus tent, so it was amazing!
And now, we both do think, considering the fact that Dundee Footballteam defeated Rome, and the **Simple Minds**- did such a great performance, it's quite obvious why the Scots are so popular in Italy! (Quote as a joke, we also love the Italians, of course!)

NEWS CONTINUED:

with dates in Spain June 5th - 9th, June 13th & 14th in Germany to do Bananas TV and press, more news next issue! ★
 MADNESS are off to Paris for a couple of days next week to appear on the ISABELLA ADJIANI TV show and from there, will be jet-setting back to America for some more promo work. Their new UK single has been released April 24th. It's a re-recorded version of Victoria Gardens another track from the FAB Keep Moving lp. MADNESS will also be travelling to Montreux (along with TRACEY) in May for a special appearance on the Golden "Pose" TV spectacular ★ ERIC GAVIN, Poverty Line, is a new signing to Towerbell Records and has got great reactions with his single in South Africa and looks certain to break there. As a matter of fact, it could be a big hit around the world ★ First week of May sees the release of CHICAGO's new album ★ TACO won the Yamaha Songfestival in Tokio. His records are scoring very high in various Japanese charts. Last weekend he flew over to New York, to do only one performance with the TOMMY DORSEY Orchestra. Rumours have it, that TACO will be recording a duet with a mysterious female English superstar. As it is still a secret, more news will be expected ★ As I have previously mentioned to you, SNOWY WHITE was in Belgium and Holland during Easter. I'm pleased to announce the title of SNOWY's new single Peace On Earth, due to be released May 18th. He shoots a video to accompany the single within the next two weeks ★ Returning to London April 20th, were CHAS & DAVE, after being away since February, and, have they had some experiences - one of which is the following: In oil rich Arabia the car that CHAS & DAVE were travelling in from Abu Dhabi to Dubai, broke down in the middle of the desert. They were stranded for two hours - You might ask -WHY? There was no oil in the engine (that's a very good one!) ★ KING KURT: these darling boys your parents would hate have recently returned from a sell-out European joint and release their second single, the STEVE BROWN produced Mack The Knife this week. The single will include a flexi- disc by KURT proteges, AB/CD and is called Kerrang Kurt... (they bear a striking resemblance to KING KURT in the publicity photos.) KURT are heading off for some live shows in Spain this week and then you will have another "never-to-be-forgotten" experience to see them on the road in the UK sometime during May ★ LEO SAYER is embarking on a mammoth UK tour, which will kick off on May 24th till July 19th. LEO, who completed another highly successful run of TV specials on BBC-2 earlier this year, has been taking a well-deserved rest before touring. He has just left for a three week tour Down Under, which will immediately precede his UK tour ★ That's about all news for now, apart from the latest news from Stiff, I quote: "Hot news from the hospital bedside - Dave Robinson's wife Rosemarie has given birth to another little bouncing boy - ★ Also, all rumours that we are planning to start a transatlantic airline charging 50 Pence one way are definitely NOT true! ★ Last but not least, MINK DE VILLE has a new single out, Demasiado Corazon, so far for my Spanish this week ★ That's all from sunny Amsterdam, bye bye, ALEXANDRA ★★

EUROVISION 1984

Every year there are those predicting that the Eurovision Song Contest is no longer valid and ought not to be organised anymore, but each year the biggest music gala of Europe takes place. It is one of the rare European happenings meeting widespread interest from the inhabitants of almost all countries, (who said music doesn't bring people together?). Many millions watch it on television including citizens of a good number of countries which normally are not so interested in "Western Culture". Each year a few thousand delegates, artists, radio and television producers and press people are gathering somewhere in Europe in honour of European artists and songwriters and one hears the old question: "is this years quality lower or higher than last years?"
We welcome all these people, pouring in to the (much too) small Dutchy of Luxembourg for the 1984 Eurovision Song Contest and good luck to RTL for the organisation of the event. Of course there can only be one winner but most years there are 2 or 3 international hit records coming out of this festival, and most entries have already scored in their own market so we may say that there are no real losers in Luxembourg. Apart from its normal distribution to 1700 top radio and television personalities around Europe as well as another 3500 industry people all over the world, EUROTIPSHEET has a special Eurovision distribution in Luxembourg.

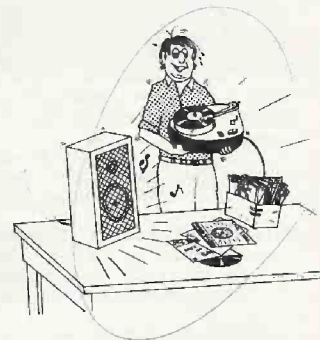

ABOUT THE CHARTS.....

For those that haven't yet seen an earlier EUROTIPSHEET, the European Top 100 singles and albums are based on sales charts. We use 26 charts from 16 countries for the singles chart (For some countries, where not one chart is dominant we use various charts in a combination). Please ask for details if you so desire. We use 20 charts for the Top 100 Albums coming from 15 countries. Positions get points which in turn are multiplied by a factor determined through the latest known sales percentage of total singles (or album) sales which that country holds in relation to the rest of Europe. Full explanations appeared in the earlier issues and are of course available on request.

HOT news

★Hi, Springtime has started, and so will I, with BON JOVI a newcomer, only one year old and already top of the bill in America. Released a single drawn from their album, entitled Runaway. Right now they are touring America to promote their new album Bon Jovi ★ FRIDA (ABBA) is currently in the studio in Paris, to record a new solo album. After working very successfully with PHIL COLLINS, she decided on another English Producer again, STEVE LILLYWHITE, (HEAVEN 17, U2, and a long list of other stars!) As bassist she's using well-known session-musician, TONY LEVIN ★
 Congratulations are in order for PHIL COLLINS, for having a number 1 hit in the USA with Against All Odds. At this moment, PHIL is in the Townhouse Studio in London, to do the final mix of ERIC CLAPTON's new album, which he also produced. After finishing ERIC's lp, PHIL starts recording with PHILIP BAILEY (EARTH WIND & FIRE) ★ THE TROGGS are back in their original formation. They recorded a single for 10 records UK, soon to be released ★
 Our pride & joy, HERMAN BROOD releases a single on May 4th, entitled Tattoo Song, drawn from his forthcoming album The Brood, which will be released after his German tour ★ Bronze records have picked up on their old Friendship with Island records, to launch a new label together - Bronze America. As it is a Heavy Metal label, they promised to handle an aggressive approach towards American Radiostations, who until now had a laid back attitude against Heavy Metal Bands. Maybe America will be Taken By Force, the title of the album by English Hardrock/HM Band BRONZ, as it is an outstanding album. I hope it will be also released over here because it does deserve worldwide attention ★
 VAN HALEN has a new single released end of April entitled Panama, while their single Jump is still at the top of all charts! (a real smasher!) America is also picking up on their single I'll Wait, which hasn't been released over here! WHY??? It certainly looks like another smasher too ★
 THE PRESIDENT, a Dutch Band, formed by ex-KAYAK member PIM KOOPMANS, will be releasing their first lp in America May 4th, entitled By Appointment Of due to be released June 21st in Japan. A big campaign has been planned to approach these markets! Have a listen to their album. The boys also have a nomination for this years Edison Award, category popmusic, their name has been mentioned along with THE NITS, VANDENBERG, (our pride in America together with the GOLDEN EARRING, which is a reminder to you all that the Dutch are not only famous for producing cheese and wooden cloggs!) ★

TURNTABLE TIPS

Nik Kershaw - Human Racing - MCA
After living a rather withdrawn life, filled with arranging, producing and composing his own songs, Nik was signed to MCA in 1982. This is his first album and it is a wonderful debut! Produced by Peter Collins (a.o. Tracy Ullman, Musical Youth), the album consists of a surprising collection of well crafted popsongs. Of course the absolute smash is *Wouldn't It Be Good*, but there is so much more to enjoy. *Bogart*, *Human Racing*, *Cloak And Dagger* are all, one by one, stand out tracks. A very talented singer-songwriter to watch!! NIK is already a favourite amongst the Eurodeejays reporting in EUROTIPSHEET.

The Spinners - Crossfire - Atlantic
The Spinners, immortal through hits like *It's A Shame*, *Working My Way Back To You*, *Cupid* (just to name a few...) found a new producer, Leon Sylvers III (the Solar architect) which resulted in a new album (already their 14th) consisting of a good combination between funky stuff and sultry ballads. *Right Or Wrong* is a good single, but *Two Of A Kind* is really a smash! Very well suited for disco's and full of tension with a great hook. The harmonies are as beautiful as ever and Leon Sylvers has done a nice job too. Further strong tracks: *Keep On Keepin' On*, *Love Is In Season*.

Tony Carey - Some Tough City - MCA
After being with Rainbow for 2 years, running a studio in Frankfurt and producing different German top acts, Tony delivers his second solo album which definitely breathes the air of living in a big city like L.A. and trying to deal with it. A strong mainstream album with a highlight in the single *It's A Fine, Fine Day*. Although it breathes summerair, it's emotionally sung, without being sticky, somewhere around the area of Bruce Springsteen, John Cougar & Tom Petty. A perfect combination of west coast rock/ballad/hardrock influence and sad aggressive interpretation. **GOOD ONE TONY!**

Attention!

We will be doing a huge distribution during the **Cannes Filmfestival** which is our 2nd issue in May, so send your soundtracks for reviews (and place your advertisements)
