TALENT

FROM

DOWN UNDER:

For more info on the Australian charts please write to Kent Music Report, P.O.-Box 249, St. Ives, NSW 2075, Australia.

Australia Top 5 singles:

1. **Weird Al Yankovic- Eat It**
2. **Nena- 99 Luftballons**
3. **Kenny Loggins- Footloose**
4. **Thompson Twins- Hold Me Now**
5. **Cyndi Lauper- Girls Just Want To Have Fun.**

It looks like the Footloose Soundtrack is becoming the biggest Soundtrack this year, **Kenny Loggins'** single is now in Australia after 6 weeks already a nr. 3 position. Apart from the nr. 5, fun girl **Cyndi Lauper** also takes the nr. 59 position (from 80) with the follow-up **Time After Time.** **Mel Brooks** is rapping his philosophical question **To Be Or Not To Be** from 18 to 11 this week, while **Lionel Richie's Hello** makes an incredible jump from 60 to 18 (did you know that **Lionel Richie** is, in the US **Billboards Hot 100**, the only songwriter ever to have had a nr. 1 record every single year for seven years in a row: 1978 - with the **Commodores- Three Times A Lady;** 1979 - **Still;** 1980 - together with **Kenny Rogers- Lady;** 1981 - a nr. 1 with **Endless Love;** 1982 - **Truly;** 1983 - **All Night Long** and finally 1984 with the nr. 1 mark **Hello**). Where **Tuxedo** meets **Buckskin** is proven by couple of the year **Julio & Willie**, they move from 51 to 19 this week. Other fastmovers this week: **Against All Odds** from 66 to 29 (**Phil Collins** is smashing all over, the beautiful love ballad is after two weeks already at 29). We won't make jokes anymore on **Marilyn**, he moves to 24 this week (from 34); two Australian acts doing well: **Redgum- I've Been To Bali Too** (35 to 25) and **Pseudo Echo- A Beat For You** (48 to 26). **Huey Lewis** continues his success with the second single **I Want A New Drug**, it moves from 85 to 51.

Australia Top 5 albums:

1. **INXS- The Swing**
2. **Cold Chisel- Twentieth Century**
3. **Michael Jackson- Thriller**
4. **Thompson Twins- Into The Gap**
5. **Footloose- Original Soundtrack.**

Two Aussie acts at the top. Enough has been said about the boys from **Sidney**, they are already for the 5th week at the nr. 1 spot. Compilation albums are doing well: no less than 5 of the 8 fastest moving albums this week are either compilation or best of albums. We didn't know that the charming little French man **Charles Aznavour** is so popular **Down Under**, his album **From Today** is new at 37 and finally German rock band **Nena** are making a jump to 29 (from 43). A high entry this week for **Nik Kershaw**, the sympathetic chap from Ipswich, England. He comes in at nr. 69. **Richard Clayderman** has for some reason two albums entered at the same time, **Reveries** is new at 80 and **A Dream Of Love** comes in at nr. 90. What did the French do to the Aussies to make them so popular?

TURNTABLE TIPS

Joe Cocker - Civilized Man- Capitol
 After the very successful cooperation with the Taxi duo Sly Dunbar and Robbie Shakespeare old Joe is back with two new producers, Gary Katz for the A side and Steve Levine for the B-side. And to say he behaves civilized, well not particular... His voice seems to grow over the years and accompanied by nearly the whole Toto line up Joe makes some strong impact in songs like **Civilized Man**, **There Goes My Baby** (old Drifters tune), **Tempted** (from Squeeze) and **Hold On**. A very successful album and we are curious to know with whom Joe will line up the next time.

Womack & Womack - Love Wars- Elektra
 She's the daughter of Sam Cooke, he's the brother of Bobby Womack and together they deliver one of the finest and most remarkable soul albums since long. With all its warmth and enthusiasm in both the vocals and musician ship, with its array of catchy songs, the album contains no weak spots. The single **Love Wars** is already in the lower regions of the UK charts and starting to happen in Holland, but they deserve more than that. Listen to **Baby I'm Scared Of You**, **Express Myself** and **Catch And Don't Look Back** and you know what we mean!!

The Nylons - Seamless- Attic
 The boys from Canada are back with another album full of rockapella! This is (for the European market) their second album and is in comparison with their critically acclaimed first one, **One Size Fits All**, a bit of a change. The emphasis lies more on the experiment, which means the listener is treated on a variety of styles, ranging from Doo-Wop (**Oo-Wee, Oh Me, Oh My**), Carribean sounds (**Samba Samba**), rock (**Combat Zone**) and sweet sultry ballads like **This Boy**. This album contains vocals and percussion only and they are able to bring it out live as well!

ABOUT THE CHARTS....
THE EUROPEAN TOP 100 (SINGLES/ALBUMS):
In many European countries one chart is recognised by the music industry as the "OFFICIAL" hit parade and is therefore used for the compilation of the EUROPEAN TOP 100. However there are other countries where various charts are in existence and often equally important. For these countries we have compiled a number of these charts into one representing the sales in that market.
Each chart position for every country then receives, relevant to that position, an equal points rating which is in turn multiplied by a factor determined through the latest known sales percentage of total singles (or album) sales which that country holds in relation to the rest of Europe. There are different percentages for singles and albums. These figures are kindly provided on a regular basis by the industry-organisations such as IFPI-IFPI-Gallup-Deutsche Phonoverband etc. A European Chart-Committee, with experts from a number of these industry-organisations will overlook the calculation system and will decide on improvements, changes and updates.
For the EUROPEAN TOP 100 SINGLES 25 charts are used from 15 countries, for the EUROPEAN TOP 100 ALBUMS 20 charts are used from 15 countries.
Since the sales percentages of a few countries are too small to get their hits into the EUROPEAN TOP 100 (provided these records are not charted in any other territory), we are also printing a TOP 3 IN EUROPE list each week.
The EUROPEAN AIRPLAY TOP 60 is compiled through all our correspondents tips received this week. (Records of the week receive extra points. The airplay lists of the airplay report organisations within some of the European countries are also used in the calculations, as well as play lists of major radio stations. (Please note that not all received tips appear in Eurotipsheet but they are all used for the calculation of the Airplay Top 60.
THE EUROCLIPS LIST shows the music-videos most aired on television throughout Europe in the week prior to publication. It includes video-t.v.programs and other t.v.shows partly using video's from 14 European countries.

EUROPEAN MEDIA TALK

This week there is a lot of Media news in Europe. Therefore a special place for our correspondents. Please keep on sending your Media Talk News and tell us about your special campaigns, your changes of format, your new personnel, our latest local joke of the week... or... tell us about your creative hobbies like AVRO Holland's Radio and TV Personality Ad Visser who has put together a huge audiovisual show based on his popular science fiction novel Sobrietas. Together with this book Ad also released a synthesizer album last year, which yielded the hit single Giddy Up A Gogo together with vocalist Daniel Sahuleka. This single was not only a hit in Holland but also stayed for more than a year in the Italian charts. Ad had airbrush artist Chasch Coeney work for a year on the stage scenery and the show is an absolute Electronic Fatamorgana.
Shocking news for Munich based station Radio Brenner. Their transmitter in the Italian city of Vipiteno burned down during a big fire. In the meantime they are back on the air again with a new Frequency Range. Talking about a hot station! This time we'll keep our fingers crossed!

TIPARADE 50TH BIRTHDAY

Congratulations go out for the Swiss TV DRS which celebrated its 50th broadcast of Tiparade on the 14th of May. Tiparade is a popular videoprogram for which more than thousand people per week write postcards to choose their most favourite video clip. The producer for DRS Mani Hildebrand is for more than 10 years involved in making popprograms and even had a regular video program back in 1974 called Musicbox. This makes in fact the Swiss' one of the first country's which settled for videos!
Michael Nilsson, producer for the Swedish Radio (Sveriges Riksradio) in Vaexjoe, will continue to have live recordings of Swedish Rock bands in his popular thursday night program Rockdepartment until june 7th and will be back on the air september 6th. See you then Michael! And...Leif you really made our weekend with all the compliments on our magazine ("...the best thing that happened to us since long time, finally an update on the European music scene..."). We are all blushing!
Leif Wiwatt, who is producer for Sveriges Riksradio in Norrkoeeping, will be off the air till July. Until then his place will be taken by Kaj Sundvfall who headed the popular TV program Top 10 in the Seventies for 4 years. After that he was doing the Poporama radio show for some years, then spent a year doing the Videobeat program (the only Scandinavian program totally committed to videos) and is now back on the air again. It seems that Swedish Television will be doing a Video Top List in autumn, details to be announced later. Some more Scandinavian news comes from Terje Myklebust dj/producer for NRK radio in Oslo. This Radio producer will now do two TV shows (with Norwegian musicians Bjorn Jorgensen and Hilde Heltberg).

EBU MUSIC FORUM

This week a large group of radio people from all over Europe will meet to attend the bi-annual Light Music Forum of the EBU, the European Broadcasting Union, this year organized by the Bayerischen Rundfunk (BR) in Munich, Germany. To coincide with this, a big Rock Festival is organized just outside Nuerenberg the 11th and 12th of May. From every country there will be another band. Belgium sends T.C. Matic, Germany Twelve Drummers Drumming and Spain Pinorama & Elaska. Other bands appearing: Irish band Silent Running, Kataga (Hungary), Opus (Austria), J. Kargalainin & Must Lasit (Finland), Haindling (an entry from the Bayerischen Rundfunk), 44 Accilair (Switzerland), Warm Guns (Denmark), Fotte's Blues Band (Sweden) and Ruby Turner Band from Birmingham (Radio BRMB). The whole thing will be broadcast live on WDR (Köln), SWF (Baden Baden), BR (München) and eventually throughout all of Europe.

In Holland Erik De Zwart, presenter for Radio Veronica's Countdown Television program has switched to TROS Television, where he'll be presenting a new Pop Program, made in co-production with German's Formel Eins. Apart from the artists normally appearing in Formel Eins, TROS will also send Dutch artists to the München Studios of Bavaria Films to be included in the 'Dutch' segment of the show. Milan based FM station Radio Montestella is the first station in Italy having a special program centered around the Compact Disc System. During the afternoon programs a Compact Five is presented by d.j. Luca Pisani and the idea comes from program director Alberto Crippa.

3 KILLED

Thousand and thousands of people drove up to Castle Howard last bankholiday weekend to join the 'Teddybear picnic' hosted by London station Radio One. People were asked to bring teddy bears along and there was such a run on this special open air picnic that the traffic was totally jammed for hours. 3 bears got killed.
And to prove that Radio One likes clean good country air they are also hosting a big open air charity summer festival in Wembley Stadium with a special broadcast for which Elton John will be headliner. 70.000 fans are expected. 'New' crooner Boy George gave a very rare radio interview for BBC's Channel 4. The House of Commons gave permission for the launch of a new National radio station in the UK for 1990. The name of the station will be Independent National Radio and it will be financed by advertisements. Its music style will be close to BBC Radio Two (MOR, Light Music).

CHART CHATTING

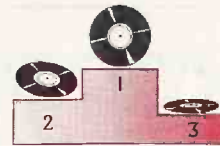

ON THE EUROPEAN TOP 100

Just in the week that the film *Against All Odds* is premiering in Europe Phil Collins' theme song is finally breaking big on the sales charts (big jump this week from 11 to nr. 2). The single was the highest entry in Germany this week (at nr. 19) and has further charted in the U.K., Switzerland, Holland, Belgium, Ireland, Norway, Italy and Finland. It was already the best played single in Europe for the last 2 weeks. Another Soundtrack that is doing well on the album charts is *Footloose* which has also entered the German Charts this week at nr. 33. Four singles from the Soundtrack have already been heavily featured in many of our correspondent reports over the last month namely, Bonnie Tyler, Shalamar, Deniece Williams and Kenny Loggins. Loggins' *Footloose* and Deniece Williams' *Let's Hear It For The Boy* both went up this week (the first from 12 to 8 and the last from 38 to 25). While England is always the first in setting the trends in popmusic, they are not so fast in accepting Euro hits for their own market. But for those always stating that Euro records do not make it at all in the U.K., it must be a surprise to see the rather late breakthrough of German acts Nena, Peter Schilling, and airplay wise good attention for *Masquerade* and *Alphaville*. *Alphaville's* *Big In Japan* is breaking all over Europe now, the single is now at 15 (from 23) and is charted in Belgium, Holland, Italy, Austria, Switzerland, Sweden, Denmark and of course Germany. Nena's single *99 Luftballons* suddenly went up again mainly due to France and Spain (10 places). Popmusic has certainly been very creative in Germany over the last few years.

Although French singles can sell huge quantities in their own market (which make them appear at good positions in the European Top 100) there are almost no French singles that show up in other countries with the occasional exception of Switzerland and Belgium (that is, the French speaking parts of these countries). One record seemed to make it all over, *Rose Laurens' Africa* on WEA, but it only sold big numbers in Germany last year. The biggest surprise in Paris this year was the enormous success of *The Shorts*, a Dutch EMI group who recorded a quasi-French single called *Comment Ca Va* and sold over 1 million copies in France alone. Rumours have it that the young lads don't speak a word of French. How about the chauvinistic image of the French? Dutch artists are doing well anyway in France with *Oscar Benton's* major hit last year and the current success of the *Star Sisters*. *Michael Jackson's* single *P.Y.T.*, the sixth (or was it the seventh?) of the *Thriller* album, didn't seem to become a big hit the first weeks after release but slowly it's coming up, with new positions in Germany at nr. 51, charting in the U.K. at nr. 58 and nr. 17 (from 19) on the European Top 100. That will keep *The Thriller* album even longer at the top, it is now already for the 19th week at nr. 1 in the European Top 100 albums. *Womack & Womack's* fantastic soul single *Love Wars* moved up 23 places (see also our Review Section for this week), while *INXS' Original Sin* went up 40 places due to a nr. 3 in France! Further remarkable fast movers this week: The second successful single for *Break Machine* *Break Dance Party* moves to 34 (from 60), the cover *I'll Be Around* from *Terry Wells* up 20 places this week (from 55 to 35.) and Dallas star *Audrey Landers* 39 places (from 89 to 50 due to France, Germany and Holland).

Robin Gibb- Boys Do Fall In Love

CHART CHAT CONTINUED

Chris De Burgh makes waves with his album **Man On The Line**, which came in straight at nr. 3 in Germany and nr. 13 in the U.K. The single **High On Emotion** is not only heavily tipped by our correspondents but also charted in the European Top 100 at nr. 15.
One of the most played singles (and best shown videos) in England, **The Cocteau Twins**' **Pearly**- **Dewdrops**' **Drops** is showing nowhere but in England. The single is not even tipped by our correspondents this week which surprises, as the same artists had a nice Central European hit under a different name namely **This Mortal Coil** with the single **Song To The Siren**. So correspondents, you know what to tip next week!?
Islands major campaign for the new **Bob Marley** album **Legend** is paying off with a high entry in The European Top 100 Albums at nr. 57. The Video of the single **One Love** includes many famous faces such as **Paul McCartney**, **Aswad**, **Stella & Clare** of **The Belle Stars** and **Suggs & Chas** of **Madness**.
It seems we're having a kind of 'acoustic/psychedelic wave' going on, especially in the US and the U.K. Groups like **The Alarm** (great single **The Deceiver**), **Psychedelic Furs** (English band very popular in the States at the moment and a personal favourite of **Bob Dylan**), American band **R.E.M.** (two critically acclaimed albums **Reckoning** and **Murmur**), Scottish group **Aztec Camera** (even the album title **High Land Hard Rain** is inspired by **Dylan**'s earlier work), **The Church** (new release **Different Man**). All those group feature acoustic guitar heavily and the vocals are inspired, so it seems, by **The Byrds**, **Jefferson Airplane** and **The Beatles** during **Rubber Soul**. By watching **The Church** perform on their new video of **Different Man** one gets the impression the **Byrds** from '65 have re-united. The same haircut, the same sound, the early psychedelic infatuated gaze and even the same Pickenbacker guitar is used from the old days. Hey Mr. Tambourine Man, play a song for me!!
