ARD SURVEY UNVEILS RADIO HABITS STRONG REGIONAL DIFFERENCES EXPOSED

by Wolfgang Spahr

A survey of West German listening habits carried out by the Association of German Broadcasters (ARD) has shown that radio is far more popular among young people than among their elders, who still tend to regard newspapers and television as the most important media.

According to the research findings, young people in the 12-29 age group listen to an average 117 minutes of radio a day, compared to 101 minutes spent watching tv, 28 minutes listening to records, and 20 minutes reading books. Only 13 minutes a day are devoted to newspapers, and barely 7 minutes to magazines. Nearly 45% of youngsters listen to the radio be-

fore going to school, and 24% do so again in the early afternoon. The youth-orientated 'Club' programme, broadcast in the early evening on NDR attracts over 30% listenership.

Among the over-55 age group, priorities are totally different. Only 21% regard radio as of any importance at all, and then only for relaxation or companionship. Once evening tv schedules begin, the radio is almost invariably switched off. Daily newspapers are seen as "very important", and tv barely less so. Among the over-65s tv becomes of paramount importance.

Marked regional variations are also apparent in the ARD figures. Over the whole country an average

FRENCH TV 6 PUSHES LOCAL TALENT CLIP DEAL CONCLUDED

by Cathy Ingils

Broadcasting on the new French channel TV 6 began on Saturday, 22nd February with a 3 hour transmission repeated three times throughout the day and with the promise that this would soon increase. The inauguration last Saturday featured numerous artists congratulating the new channel and wishing it well, including a.o. The Communards, Bonnie Tyler, Johnny Hallyday and Renaud.

The French government has given an 18 year concession to the new channel. It is estimated that TV 6 could eventually reach 35 million viewers who would be required to make very few changes on their antennae to receive the TV

6 signals. Initially TV 6 will be received in Paris, Marseilles, Lyon, Bordeaux, Nancy, Grenoble, Nimes, Lens, Lille, Strasbourg and Le Havre but during the second part of '86 many more cities will be able to receive the broadcast.

The total budget for programming is only a quarter of that of the other new national channel France 5, the Seydoux-Berlusconi ownership. From this budget TV 6 also has to originate a good number of French programme productions. Thirty percent is planned for the first year rising to 50% in 1988. Amongst these other productions will also be the creation of approximately 100 video clips with French

IMMINENT END OF GERMAN ROCKPALAST SUCCESSOR TO BE LAUNCHED IN 1987

by Jim Sampson

A fall-off in ratings and a shortage of available superstar talent are given as key reasons for the shock decision to axe "Rockpalast", Europe's biggest and oldest live television rock concert series.

WDR-TV in Cologne has decided that the March 15 show will be the last of a remarkable run of 500 concerts in 11 years, 23 of them carried through Europe via Eurovision.

Producer Peter Ruechel says it

is time to "re-evaluate" the series and "adapt it to a changing media market." But WDR confirms it plans to launch a successor to "Rockpalast" early 1987, with further international live concert networking a distinct possibility.

The final show will feature Jackson Browne, Big Country and leading German band BAP. The series started out as a youth-slanted live music showcase on the Cologne-based station's regional

NRJ, the Paris-based FM radio chain, will handle the music programming for the recently launched 6th French channel. Jean-Paul Baudecroix, founder of NRJ, poses with Sting who was a recent guest on the radio. Programme directors Max Guazzini (r.) and Dominique Dufrest (l.) join in.

UNITED KINGDOM

Billy Ocean stays at no. 1 for already 4 weeks in a row while Diana Ross has in 6 weeks time achieved a no. 2 position. Survivor is up to no. 5 (from 8) and straight in at no. 7 is the 5th generation of rock 'n' roll, Sigue Sigue Sputnik. The new entry at 7 of the Giorgio Moroder produced *Love Missile F1-11* is the highest entry a single makes in the English charts since Madonna came in straight at no. 4 with 'Groove'. It is however the 2nd best entry for a new act since Young Ones' Neil came in at 5 in 1984 with the Traffic cover Hole In My Shoel.

New in the Top 10 is Paul Hardcastle's *Don't Waste My Time* and the sunny Bangles are in 3 weeks up to no. 10 with the Prince written *Manic Monday*. More chart action for Depeche Mode (15-23), Huey Lewis with the re-released *Power Of Love* (18-36), Alexander O'Neal (24-34), Tavares (25-39) and Frank Sinatra with *The Theme From New York, New York* (28-41).

GERMANY

Falco and Muenchener Freiheit remain in first and second positions respectively with local duo, Modern Talking, up to no. 3 from 12 with *Brother Louie*. Mr. Mister are continuing to climb steadily with *Kyrie* (11-16) and other good moves for local group, Marietta (*Fire and Ice*, 13-22) and for Cock Robin's *The Promise You Made* (16-37). Depeche Mode have highest new entry with *Stripped* (23), followed by Bad Boys Blue's *Kisses And Tears* (33), Julianne Werding's *Stimmen Im Wind* (49) and Italian singer Sandy Marton's *Exotic And Erotic* (52).

FRANCE

A new no. 1 this week for Pierre Bachelet with *L'An 2001* up from no. 7. He is followed by two other local artists, Daniel Balavoine and Jean-Luc LaHaye and the rest of the top 10 remains very static. Good moves for Niagara's *Tchiki Boum* (23-41), Muriel Dacq's *Tropique* up to 30 from 42 in only its second week and the two identically titled singles *The Power Of Love*. Jennifer Rush's has risen to 32 from 46 and Huey Lewis' to 36 from 57. The highest new entry this week is Sade's *Is It A Crime*.

HOLLAND

Billy Ocean stays the obvious chart topper this week followed by Survivor and Sophia

George. Madonna makes a good jump from 15 to 5 with *Borderline* and James Brown is new in the top 10 with *Living In America*. The American band Cock Robin is extremely popular in Holland, their second European single *The Promise You Made* is the definite fave on Dutch radio (for 2 weeks now topping the Airplay hitparades) and moving from 26 to 15. Other moves for Mr. Mister's *Kyrie*, Full Force and the two Austrian acts E.A.V. and Falco. Dutch radio has re-discovered the impact of Miami Sound Machine's *Conga* and it stands a fairly good chance of entering the charts next week.

ITALY

Italian duo Via Verdi still top the Italian (combined) charts with their disco single *Diamond* (for a photo of the successful duo see page 3), but the competition with Matia Bazar's *Ti Sento* is very strong. Apart from Matia Bazar, Ariston is further very successful with the disco single of the Italian threesome *Canton*. The single is currently at no. 3 and was produced by the in-demand team of Stock, Aitken and Waterman (a.o. Princesses).

A-Ha dips to no. 4 and Drum Theatre's *Eldorado* and Bronski's *Perfect Beat* follow. Other successful singles for Double, Wham, Den Harrow and Lionel Richie.

PORTUGAL

The monthly magazine *Musica & Som* has recently announced awards based on the singles and albums chart that they weekly publish. The most popular album artists included Dire Straits, Scorpions (Gold Ballads), Bryan Adams, Wham and the Portuguese fado-singer Amalia Rodrigues. The most popular singles included *We Are The World*, *Still Loving You* (Scorpions), *You're My Heart* (Modern Talking), Wham's *Last Christmas* and Jim Diamond's *I Should Have Known Better*.

AUSTRIA

Looking at the best played singles on the national Austrian channel Oe3, one notes the dominance of foreign products in favour of local ones. Wham still has best played single followed by Lionel Richie, Talking Heads, A-Ha and Eurythmics. The most popular local item on Oe3 is the football star Hans Krankl with *Lonely Boy*. Upcoming new airplay for Starship's *Sara* and ELO's *Calling America*.

SWITZERLAND

Falco stays at no. 1, his *Jeanny* is already for 6 weeks the chart topper in Switzerland! Modern Talking are doing very well, *Brother Louie* is new in the Top 10 this week (6-26). The former German chart topper Klaus & Klaus are also new in the Top 10, *An Der Nordseekueste* from 15 to 8 and Talk Talk have highest entry at 21 with *Life's What You Make It*.

BELGIUM

Survivor in its 2nd week still at no. 1 followed by Andrea and James Brown. The fastest mover in the Belgian chart is the new Modern Talkingsingle (12-40 only in its second week). New in the Top 20 is Spanish disco act Magazine 60 with *Rendez-Vous Costa Del Sol* and another good move for Sophia George.

DENMARK

Local act Walter & Carlo remain on top as does A-Ha at no. 2. Storming up the charts is the Eldorado signing Johnny Reimar (3-10) and Modern Talking's *Brother Louie* is new in the Top 10 (8-14). Fastest moving single for Depeche Mode and C.C. Catch is new at 19. Other entries for Billy Ocean, Mr. Mister and Dire Straits.

SWEDEN

No way is Lionel Richie willing to leave the top, *Say You* still reigns over A-Ha on 2 and Pet Shop Boys on 3. New in the top 10 is Parlophone signing Hazell Dean with *They Say it's Gonna Rain* (6-16). Good moves for Survivor and James Brown. As everywhere Modern Talking's new single is doing extremely well, new at 11 this week.

SPAIN

A new no. 1 as Lionel Richie's *Say You* replaces Springsteen's *Janey* from the no. 1 spot. Propaganda have a long life in Spain, as their *P. Machinery* creeps up this week up to no. 2. On the SER channels Lionel Richie is also the definite fave, as well as the charity single from Dionne & Friends. Other popular singles for local acts Los Nikis (El Imperio Contrataca) and Luz (Rufino). The Italian star Sandy Marton gets substantial backing on Spanish radio with his *Exotic And Erotic* (also new in Germany this week). It took the single quite some time to accomplish this.

AUSSIE RULES

Sade tops the Album Hot 100 for the 12th consecutive week making it together with Phil Collins the 2nd longest no. 1 runner. Only Dire Straits have done better with their run of 17 uninterrupted weeks with last year's Brothers In Arms.

With some slight moves for Mr. Mister, Kate Bush and Simply Red, the first 20 positions of the album chart are quite static. But Talk Talk bring a welcome interruption with their new album, *The Colour Of Spring*, coming in at 21, which is so far the highest entry for an album in 1986. The album is already a good seller in the UK, Germany and Benelux and a fave album on European radio as well. Album programmers share their enthusiasm with us on tracks like *I Don't Believe In You*, *Living In Another World* and *Time, It's Time*. It is obvious that with the current hit successes of *Rocky IV* the OST remains best played album in Europe.

One other album which programmers love because there's plenty to choose from, is the ELO album, *The Balance Of Power*.

While Ozzy Osbourne remains quite steady at 16 in the Hot 100, his former musical partners Black Sabbath have 2nd highest entry with a new album for Vertigo entitled *Seventh Star*. Featuring the strong guitarist Tony Iommi and singer Glenn Hughes (ex-Deep Purple) it is the best album since their '81 LP *The Mob Rules*. Check out the title

track where the band gradually climbs towards a climax or the fast and speedy *Turn To Stone* and *Danger Zone*. But there is more potential radio material in *Heart Like A Wheel*, with its slow and bluesy power chords.

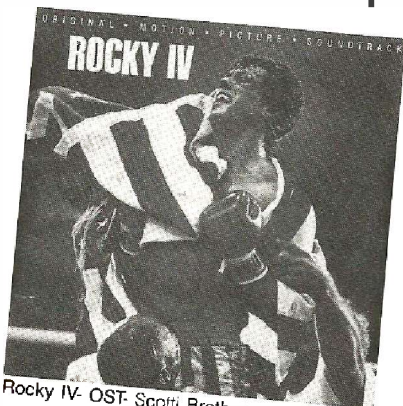

Virgin expects a new album from Tim Finn, ex-leader of the Kiwi band Split Enz. *Big Canoe* will be his 2nd solo album, produced by Nick Launay, who built up a reputation with other Aussie bands like Midnight Oil and INXS. More news from Down Under comes from Aussie band Mental As Anything. We have always loved those 'creatures of leisure' responsible for miniature masterpieces like *The Nips Are Getting Bigger* and *Let's Not Get Sentimental*. The pub-rockers have joined up with Richard Gottehrer (Of Go-Go's and Blondie fame) to make their 5th album *Fundamental*. Hopefully they will now break in Europe after their recent signing to CBS International. Although it takes some time to appreciate the value of this album, well-crafted pop songs like *You're So Strong*, *Date With Destiny*, *Big Wheel* and *Live It Up* (the current single) are the definite stand-outs.

The American quartet The Call have a penchant for driving and positive songs, operating in the same field as The Comsat Angels or Simple Minds. Michael Been is a compelling vocalist and on the opening track *Everywhere I Go* he is joined by Simple Mind's Jim Kerr and Peter Gabriel. We think that *I Still Believe* is the obvious choice for a single.

LONDON CALLING

by Howard Marks

Well well, after a very quiet and rather boring start to the new year everything seems to be happening all at once. The Rolling Stones have been in London for a secret performance at London 100 Club in which they

played to a very select audience. Madonna & her husband came into London amidst a blaze of publicity to complete filming on her new movie and the newspapers have been full of gossip about WHAM. Sique Sique Sputnik seem to have committed the great Rock & Roll Swindle part II, and the entire record business has been talking about them. Let's face it, either you love them or hate them, but whatever way you look at it, the hype has worked.

The news of the final split in the Wham ranks comes as no surprise (the music business has been taking bets on it for ages). The official reason for the split, is that George Michael is unhappy about the new company which will be looking after WHAM's interests. One of the directors of the company has dealings with South Africa, and George is unwilling to be connected with the company. However it is well known that George is the most hard working member of the band, and that he is unhappy with the situation as it stands. While George takes off for a solo career, Andrew is said to be heading for Hollywood. Surely you can't drive racing cars round the streets of Hollywood.

It looks as though we are in for a return to the styles and fashion of the 1950s here in London. With the new movie ABSOLUTE BEGINNERS about to open soon, many fashion designers are looking to the fashion of that period, as Jeff Banks the designer explained on Mike Sparrows show at BBC Radio London recently. Several record companies have preempted the fashion by signing new bands with a 50s feel to their music. PRT records have signed the KEYTONES, and EMI have signed a two girl one boy trio called HEYDAY.

Radio One have announced their new schedules from May, and I must say that many people have been speculating on where Johnny Beerling's axe would fall. There are actually very few changes coming up other than Mike Smith getting the breakfast show. Paul Jordan and Anne Marie Gray lose their shows, and Richard Skinner loses his top 40 chart show to Bruno Brooks. Steve Wright will now broadcast Monday to Friday instead of having his Sunday morning show. The new DJ to join the station will be Simon Mayo.

Look out for a couple of new TV shows in the pipeline. Thames Television will have THE BIZ. LWT have a series for Channel 4 called CLUB MIX, and SOULTRAIN will be back for a second series, and Tyne Tees will have a new Saturday kids show to take over from NO 73.

Bye for now

ALEXANDRA'S
NEWS
CORNER

Hello and good day to everyone. Lots of new stuff- so let's get going. I'm sure everyone remembers ALPHAVILLE and their remark-

able successes with Big In Japan and Sounds Like A Melody. The band has recently been to New York recording 2 tracks for their forthcoming album with producer STEVE THOMPSON. The rest of the songs will be recorded at Hansa Studio in Berlin with producer PETER WALSH (SAGA & SIMPLE MINDS). Anyway the album is slated for a May release but in early April there's a single available; the title has not yet been set *

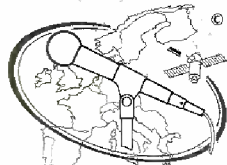

From Richmond, Virginia comes a new and very exciting band TEN TEN. Currently in the Wisseloord Studio in Holland to record their debut album with a young and new producer STEVEN STREET. The ip is slated for release in April, a single will be out before that, up till now no titles have been announced. Chrysalis is the lucky company they've signed to. The band has taken some time off from studio work to support SIMPLY RED on their tour who are scoring high again with the new single Jericho *

THE DANSE SOCIETY have come up with yet another single titled Hold On, an album will be released next month * MATT BIANCO is touring Europe from 17th of March till end of May * A new single from the PET SHOP BOYS called Love Comes Quickly (indeed it does) * The THOMPSON TWINS are out on the road again, having just finished Australian gigs, they are now in Japan for a string of performances. Their US single King, is zoomin' up the charts * Members from the unfortunately now defunct HANOI ROCKS have formed a new band CHERRY BOMBZ and have just issued their first single, the very powerful and steaming track Hot Girls In Love. Have a good look at their singer and you know what that lady has in common with the song. It's also said that the video is not for the Fainthearted, so there you go! *

For a bit of Dutch news AVALON (I wrote about them months ago) have recently signed a deal with new label Dynamo Rec. and will have their first mini album released in the Benelux, Germany & UK (on Neat rec) on march 17th, entitled THE 3RD Move, produced by their guitarist JACK PISTERS. The band is all set for a European promo & concert tour, a double headliner bill with Swedish band MADISON and German band RAILWAY as their support. *

BRYAN ADAMS at last got the recognition he deserved for a long time now. He has a new single released which actually comes from his older album Cuts Like A Knife. This track is titled This Time (this will be a hit) Another one of Holland's hopeful young bands HORIZON has attracted a new singer PETER STRUIJK and is currently in the studio to work out some demo ideas and thereafter will record their 2nd album. In the meantime they'll be on the road again. More news on them when I have it And yes after a lot of talking and having their mugs all over the papers, Britain's new Hope & Glory in dark days, SIGUE SIGUE SPUTNIK have come out with their first single called Love Missile F 1-11, produced by non other than GEORGIO MORODER. **

That's all for now, bye bye, Alexandra!

SKY AIRS MW/VW VIDEO CHART

Sky Trax, Sky Channel's pop programme, has finalized a deal with English magazines Music Week and Video Music. The music video chart which appears in these two magazines will be broadcast to 5.3 million homes in the 13 countries reached by the satellite network. Gary Davies will host the show. Sky Channel aims to reach 9.3 million homes by the end of this year and hopes to expand to Canada and the Far East. * The new French tv channel TV 6 recently concluded an agreement with the music industry. TV 6 has consented to be solely responsible for the payments of video clips which obviously constitute an important part of this largely musical TV channel. Whereas the public channels are still refusing to submit to the sum stipulated by the professionals (4,000 francs per showing), the example of TV 6 is believed by the executives to be a positive step towards safeguarding the professional interests of the video industry. The price agreed upon at TV 6 has been arranged in such a way as to take into account the potential ratings. It is expected to be around 1,500 francs by the end of the year. * Virgin UK has announced that it intends to restructure its UK and worldwide video operations. Having recently acquired the pioneering video label VCL, Virgin now plans to form a new music label, headed by Angus Margerison, formerly of Picture Music International. The VCL label identity will continue and Virgin Vision marketing and acquisitions chief Michael Watts will oversee the whole UK video operation. Robert Devereux, Virgin Vision md, says: "Merging all our worldwide interests was of enormous benefit to both Virgin and VCL. We'll have a fully integrated worldwide video distribution system capable of handling both movies and music programming".

UK RE-LAUNCHES DBS OPERATION TO START APRIL '86

The British government has re-launched its efforts to introduce Direct Broadcasting by Satellite (DBS) in the U.K., despite the failure of the initial attempt earlier in the '80s. This time round, however, the government has dropped its insistence that a British-designed satellite must be used. If necessary, says Home Secretary Douglas Hurd, DBS contractors can look abroad.

Hurd confirms that the Independent Broadcasting Authority, which represents Britain's commercial tv companies, will be asked to advertise the franchise to operate a DBS service in April this year, allowing three months for applications and awarding the con-

tract before the end of 1986. The IBA, which says it is "enthusiastic and intends to proceed with all possible speed", recently produced a feasibility study on reviving DBS plans.

The intention is to have three new entertainment-based tv channels by 1990 at the latest, beamed direct to satellite dishes in individual homes. At the moment ownership of such dishes in the U.K. is practically zero, though there has been some development of SMATV systems intended for hotels, apartment blocks and the like. Two further channels available on the satellite will be held in reserve till three years after the launch, the government says.

No. 1 *Diamond*- Italian band *Via Verdi* topped the Italian-charts for the 2nd week with the disco single *Diamond*. The duo celebrates its success with producer Claudio Cecchetto in the middle. On the l. drummer Massimo Marchione and on the r. guitar/synthesizer player Marco Grati.

FRENCH TV 6

(continued from page 1)

artists during 1986. This figure will go up to 150 in 3 years. It is expected that this will give a great push to the French artist and will help to break more of them in the international market place since one of the difficulties in breaking French acts abroad has often been the lack of video clips.

Music programming for TV 6 will be handled by NRJ, the leading French FM radio chain which has more than 40 stations (either in partnership or through franchising) throughout France. Programme directors Max Guazzini and Dominique Duforest will be responsible for the music selections. NRJ radio, founded by Jean-Paul Baudecroix, has become the leader of the FM's. It is expected that TV 6, which will air music for 50% of its broadcasting time, will emit music similar to that which is successfully broadcast on the NRJ radio chain.

A major part of the music programming will obviously be videos. TV 6 has entered into a

separate agreement with the French record industry about payment for clips (see video corner). Some of the first videos that will be shown on TV 6 have not yet been shown on French television. These include Grace Jones' *Slave To The Rhythm* which has to date been banned on all other French tv channels as the video is a compilation of publicity shots produced by Jean-Paul Goud, as well as the Eurythmics' *It's Alright* and A-Ha's *The Sun Always Shines On TV*, both of which have not yet been seen in France.

TV 6 is headed by Christian Feichner and the channel also receives further strong assistance from Europe 1 whose studios will be used, and V.C.F. (Video Communication France), the commercial production unit owned by l'Hexagone. The major shareholders of the new channel are Publicis and Gaumont and another important partner is the radio chain NRJ while three record labels jointly have 10% (Virgin, Polygram and CBS).

"LA 5" NEGOCIATES COLOUR

The much publicized launch of the 5th French channel gave initial problems to its owners Jerome Seydoux and Silvio Berlusconi as a large part of the French audience are only receiving the signal in black and white. This is of course a serious problem for a new com-

mmercial tv station which greatly depends on the quality of its programming and signals to win over the French public. At press time negotiations were still going on between T.D.F. (Teledivision de France) who are responsible for the broadcasting and 'La 5'.

SFB JOCKS LOANED TO BERLIN CABLE

Since the 7th of February the UFA Radio and RTL have joined programmes on the Berlin Cable. From 6 in the morning till 12 midnight different programmes are aired like the live 3 hour city show 'Hallo Berlin' and others like Pops-

tory, Rainers Schlager Parade and Thomas' Country Show. SFB moderators like Angeilka Neumann, Horst Hartwich, Juergen Kauer and Thomas Weigt will be 'loaned' to the Berlin cable till the end of 1986.

ARD SURVEY

(continued from page 1)

30.3% of households listen to radio between 6 and 9 o'clock in the mornings. In Northern Germany, though, the proportion is over 35%, and at midday this difference becomes even more noticeable. Henning Rohl, head of Norddeutscher Rundfunk's Kiel station, says this is simply because "listeners are very satisfied with our station."

Programme ratings do not bear

this out, however. Where content is concerned, it is not German stations that get top marks but the two military stations AFN (American Forces Network) and BFBS (British Forces Broadcast Service). They are followed by Sudwestfunk 3 in Baden-Baden and Suddeutscher Rundfunk in Stuttgart, and only then by the Hamburg-based NDR. And on the question who has the best presenters, it is Radio Luxembourg and Sudwestfunk 3 that come out on top, with NDR again lagging behind.

GERMAN ROCKPALAST

(continued from page 1)

programme in 1976 and went pan-European on July 23, 1977, with a programme headlined by Little Feat.

In the following decade, "Rockpalast" presented both weekly concerts on the regional programme and Euroshows two or three times a year. Says Ruechel: "We had every major rock act available. We're specially proud of the European television debuts of ZZ Top, Joe Jackson, Huey Lewis and the News and Bryan Adams. Other special highlights were the live Prince concert from Syracuse via satellite and the 1981 special with the Who and the Grateful Dead.

The mix of top names, well-mixed stereo sound (simulcast on

FM) and 60-90 minute live sets resulted in impressive ratings for a five-hour after-midnight slot, regularly reaching around 8% of all German households and 12 million-plus viewers through Europe.

But last year Ruechel found difficulty booking "top live acts, as opposed to artists who spend most of their time in the studio." A summer special with George Clinton, Chris Rea and others attracted just 3,000 fans to the 10,000-seater Loreley amphitheatre.

Says Ruechel: "There were pressures. But after such a long time it was ripe to take a break anyway." Ruechel, however, points to consistent support from local record companies and to excellent pan-European interest in the series, which extended to the Soviet Union.

EURO MARKET place

WESTWOOD LINES UP SPOTLIGHT SPECIALS

Westwood One, the leading US syndicator, are currently offering major concerts from Dan Fogelberg, INXS, The Motels, Blancmange and Don Henley. The syndication also has interview specials and profiles available on Dire Straits, Talking Heads, Sting, John Cougar Mellencamp, Christopher Cross, Anne Murray, Don Henley and Bette Midler. As a Spotlight Special they have a monthly hour-long magazine format highlighting 2-3 artists each month with words, music and insight into the artists as well as concert material recorded by Westwood One.

Also out on the market is Westwood's 'Live from the Apollo' show: a monthly hour long pro-

gramme which will consist of live and recorded concerts, music and interview specials and call-in shows. These will all originate from the newly-remodeled Apollo Theatre, the legendary New York City show business landmark, and will be hosted by B.K. Kirkland, the popular radio personality at WBLS-FM/New York. Norman Pattiz, chairman and president of Westwood One, says of the new show: "We're delighted to be working with Inner City Broadcasting (who recently reached an agreement with Westwood) and The Apollo Theatre on this series. We believe that this will be a programme in great demand by both radio stations and advertisers."

RADIO EXPRESS PROGRAMMING FOR EURO-RADIO STARSTREAMS LOCKS IN WITH NEW AGE MUSIC

European programmers who are keen on getting updated and are interested in music news and entertainment from the US should contact Radio Express, the international programme supplier in Los Angeles.

Radio Express is the international distributor and marketing service that exclusively handles the rights of ABC and NBC and has syndicated its programmes through 40 different countries, including Canada, Australia, The Far East, Latin America and Western Europe. Their most popular item is the *American Top 40* with Casey Kasem. The show is based on the weekly Top 40 of Billboard and every programme is filled with extra information and features which help listeners relate to the music. *American Top 40* is already aired on ORF, the national channel in Austria, the national channel RAI in Milan, the WDR in Cologne (with Dennis King) and Radio Orwell in Ipswich, UK. The Voice Of America, the 24-hour English language programming service in Munich also programmes the *American Top 40*. Currently a French translation of this popular programme is into preparation for the French markets.

With the country market gradually building up in Europe, the *American Country Countdown* with Bob Kingsley could be a popular programme too; a weekly 4-hour production with the most

popular country singles as listed by Billboard.

But there is more for the European market...a 1 hour English language special on *Julio Iglesias*, recorded last September and containing an exclusive interview with this superstar and featuring some of his best known songs. There is the *Legends Of Rock* series, the 12 two-hour stories of the greatest survivors from the Rock 'n Roll wars (featuring a.o. Supertramp, Paul McCartney, Fleetwood Mac and Rod Stewart).

The 'New Age' music phenomenon is slowly making inroads on the European market and experts believe this could be the next long-term selling product. Companies like the UK Indie Beggars Banquet and A&M are launching this 'spacey' and ethereal music into Europe. The *Musical Starstreams* programmes by Radio Express could be a good help for European programmers to get acquainted with this growing musical form. Hosted by Frank Forest each programme contains 118 minutes of programming and features artists like Andreas Vollenweider, Jean Michel Jarre and Vangelis.

BERTELSMANN STARTS SYNDICATION

AIMING FOR FULL-RANGE NETWORK

Germany's first major radio programme syndication service for private commercial radio stations is being started by Bertelsmann, Europe's biggest media group.

The news breaks alongside the announcement that Bavaria is to license some 92 low-power FMers in the next three or four months. There will be similar low-power radio expansion soon in Baden-Wuerttemberg and eventually in other states in the control of the Christian Democratic Party.

The states, not the federal government, have to pass legislation authorizing broadcasting in Germany. As yet, only Munich has commercially-viable broadcast radio stations.

This important new development underlines the determined thrust of Bertelsmann, traditionally strong in print media and part-

owner of RCA/Ariola, into broadcasting. With Radio Luxembourg, it runs German-language television programme "RTL-Plus", which is satellite-beamed to most of central Europe.

Bernd Schiphorst, head of Bertelsmann subsidiary UFA-Film-TV, says the syndication programming will start by being produced to specifications of local radio stations. Then the aim is to get into syndication and radio networking through satellite or land-lines.

Though it's basically an entertainment service, UFA-Radio will eventually become a full-range network, with news built in. Schiphorst says it is Germany's first major radio syndication project. State-run ARD stations have an exchange programme among themselves which is not available to private stations.

PHILIP'S ANNOUNCES END OF PRODUCTION V2000

Philips has finally admitted defeat in its efforts to establish the V2000 format in the world's video hardware markets. Production stopped 18 months ago, soon after the giant electronics concern began manufacturing machines in the rival VHS system, but only now has the company conceded that V2000 is officially dead.

The losses from research and development, marketing and capital expenditure will amount to over 100 million dollars, Philips says. V2000 was introduced in 1979, replacing the earlier 1500 and 1700 series, but despite its admitted technical excellence came too late to establish itself as the un-

disputed market leader. The Japanese VHS and Beta systems proved more successful, and were able to offer a far wider choice of pre-recorded software as a result.

Only in Philips' home territories of Holland, Austria and West Germany did V2000 achieve a substantial market share. IFPI figures for 1985 show V2000 with 40% of the Austrian VCR market, 20% of the Dutch market, and 20% in Switzerland too. In no other European territory was the format's share higher than 15%, and in Britain, Europe's strongest video market, V2000 only had 2% of the hardware market, compared to 73% for VHS.

CD'S BOOST ELECTRONICS MARKET STEADY EUROPEAN GROWTH

Western Europe's electronics market is heading towards 100 billion dollars a year in sales value according to a survey by research group BEP. But the growth is coming from non-consumer areas like data processing; where home electronic equipment is concerned BEP predicts average growth of under 2% a year from now to 1989, with only Compact Disc players making any kind of dramatic progress.

By the end of next year there will be two million CD players in European homes, BEP says, and growth will continue at better than 50% a year in value terms. By contrast, the VCR boom is over in most major markets. U.K. video hardware sales slowed from 2.4 million units in 1983 to 1.6 million last year, and the pan-European video market will register only 5.4% a year average growth up to 1989.

International A&R experts and music publishers on the look out for new deals could contact the original master/publishing owners. Original country and telephone numbers are mentioned as known.

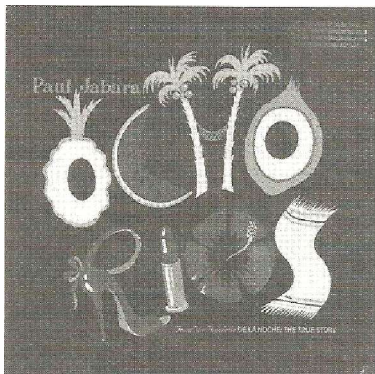

DISCO/DANCE

She - I Heard It Through The Grapevine (High Fashion)
Really nice slow funk by German-based Philippino She. Is already club play smash in GAS-countries and RTL Luxembourg chose it as rec. of the week. Master owner available for all countries except for Germany. For info contact Frank Jansen, tel Holland: 77-736524.

Enjoy - Baby I Can't Take It (Casablanca)
New act on Casablanca (bet you noticed her at Midem), the label that had loads of successes with o.a. Donna Summer in the past. Exciting and stirring HI-NRG specially aimed for French market

Paul Jabara - Ocho Rios (Warner Bros.)
Funny and speedy Carribean disco telling the story of a woman (De La Noche) very much in search of love which she finally finds in Ocho Rios (8 Rivers). From the forthcoming operetta album: "De La Noche: The True Story" from which royalty parts will go to the AIDS fund.

Roy Ayers - Hot (CBS) USA

Publ. Brampton Music, tel. 1-4371958. Master owner CBS, tel. 1-7348181
Vibraphonist Roy Ayers panting away on this 'Hot' piece of black (music) vinyl, that is doing quite well in the USA. Mtune composition (he even can be heard on keyboards) with bass tones reminding one of Chic's "Dance, Dance, Dance." 12" remix really improves on LP Version.

Cruisin' Gang - America (Cruisin' Records) Italy

Publ. Cruisin' Sounds. Master owner Cruisin' Records, tel. 59-225940/225902
The mighty States seem to keep on inspiring writers lately for Cruisin's very own house orchestra recorded the track entitled America as well. Interesting mix between eurobeat overtones and Propaganda's P.Machinery. Not very original but definitely noteworthy enough.

Warren Mills - Tell Me What You Want (Jive) UK

Publ. Warner Bros Music, tel 1-6373771. Master owner Jive, tel. 1-4598899
If Five Star is UK's answer to the Jackson's, this youngest participant of this week's dance section has enough potential to meet the qualities of New Edition. Follow-up to (Full Force written) Sunshine, of which a completely new remix fills the flip. Mills' clear boyish vocals wrapped up in a (slightly Motown 80's) poppy tune.

LL Cool J - Radio (LP) (Def Jam) USA

LL cool J, born James Todd Smith 17 years ago, recently made a big furore in the UK with the single I Can't Live Without My Radio, featured on this LP. LL is a rapper and uses the rhythm box as main support for his recordings. Days of Kurtis Blow's supremacy may be counted since Cool was declared "the best ever" by his colleagues.

Strike - I'm Coming Up (Metronome) Germany

Publ. Rock Rose Holland, tel 20-645341. Master owner: Metronome, tel. —
Dutch fashionable disco trio in a German production by the Feldhahn Brothers, from Hamburg. Disco drive meets poppy chorus. Easily digestible and already good club play in Germany and France (on Polydor). Master available outside GAS and France.

Nu Shooz - I Can't Wait (Atlantic) USA

Publ. Poolside Music. Master owner: Atlantic tel. 212-4846000
A 'Chic' guitar undertoned blend of pop and soul by Nu Shooz, founded by John Smith in 1980. Especially the modern electronic vibes and computer dub vocals could make this a Euro-clubplay smash. Lots of potential to cross over to the general pop charts. Band is on the verge of breaking big in the USA. Only within 3 weeks it was top 15 Billboard disco/dance 12" sales.

Glenda Peters - U Do Voodoo (Break Records) Holland

For all info contact Lenie Oliemans at Boni Records tel. 1718-25884/27626
Although not the most fashionable song we've heard lately, this is good. Glenda is one of the rising stars in Holland, having achieved quite some popularity as the Dutch Randy Crawford in a TV soundmix show. Interesting 12" remix by Peter 'Discobreaks' Slaghuys. Haywoode meets Mai Tai.

Andre Cymone - Satisfaction (CBS) USA

Publ. Ultrawave/April Music, tel. 212-9754886. Master owner: CBS, tel. 212-9755073
This 3rd single of AC's first solo LP would certainly not meet the approval of the US lyric censorship because of sexual undertones. Mix of passionate words, electronic zither, guitars and synthlayers (Sheena's Sugarwalls), all of which reveals his musical origin: Prince.

Mai Tai - Female Intuition (CNR) Holland

publ. Intersong Basart, tel. 2159-46266. Master Owner: CNR 2940-15451
Dutch female trio with a strong follow-up to their earlier up tempo songs. High charted in Holland and the UK, likely to be followed by other European countries due to successful appearance at Midem '86 (where they received 3rd prize at the opening gala.)

Paul Hardcastle - Don't Waste My Time (Chrysalis) UK

Publ. Oval Music, tel. 1-6620111. Master Owner: Chrysalis 1-4082355
The typical Hardcastle sound backed by a very soulful vocalist: Carol Kenyon. Paul's fanatic history fascination seems to be history now as the song mainly handles love and relationships. From the "Paul Hardcastle" LP that also features best remix of Europe million seller "19".

Regina - Baby Love (West 78th Street) USA

Publ. Black Lion, tel.213-4691285/April Music, tel. 212-9754886. Master Owner: West 78th Street 212-4966455
US Madonna sound-alike, obviously benefiting from the market that the first one created. Simple music and naive lyrics, produced by Stephen Bray (co-writer and producer of Madonna's "Groove"). This is the label's first recording for it's just founded. Will be big. Out in UK, Holland and the GAS countries.

Cherelle - High Priority (LP) (Tabu) USA

Already a cracker in the UK supported by hitsingle "Saturday Love". Most of the songs written by SOS Band's members James Harris III and Terry Lewis. Especially B-side shows her versatility in mastering several styles of contemporary black music. Next to hit UK single charts is "Will You Satisfy", released February 10.

Dingo - The House Without A Name (Bang Trax) Finland
publ. and master owner: contact Lasse Norres in Helsinki, tel.: 90-575007/410173.
English translation of the song 'Autiotalo', a huge success for this extremely popular Finnish 5-piece band on which we already wrote several times. They have it all: good looks, self-penned material and a mention in the Finnish issue of the Guinness Book of Records for sales figures of over 170,000 copies of their 2nd album (making it the best selling LP ever in Finland). This accessible pop single with a strong driving beat, will be released through Sonet in Scandinavia and the U.K. Watch out!

Freeway Fusion - Where Are You Now (J&J Records) U.S.A.
publ.: Jeneane & Jude Music; master owner: J&J Musical Enterprises, N.Y., tel.: 212-6194079.
US female duo offering nebulous, aural atmospherics, better known as 'ambient music'. Free-floating vocals accompanied by marimbas, all sorts of percussion and an occasional keyboard. Not the sort of mainstream material one is usually offered, but considering the New Age Music push in Europe lately, this one could easily fit in. Highly original and relaxing. From the LP 'Duo'.

Bruce & Bongo - Geil (Rush Records) Germany
publ. and master owner: contact Brian Carter at Rush, tel.: 2101-60040.
Disco rap with nonsense lyrics ('everybody's geil, Boris Becker is geil', etc.). Two crazy Englishmen living in Berlin who intend to offend nobody with the title ('Geil' is a rather dubious word in some languages) but are just very c(h)orry. First reactions on German radio are very encouraging and the record is licensed for Greece, but free for the rest of Europe. Echt geil!

Aina - Any Kind Of Love (Polydor) Norway
publ. Terrytunes/Myjha. Master owner: contact Fred Engh at Polydor, 2-37295.
Good looking 21 years old Norwegian in a production by renowned producer Mike Vernon (Fleedwood Mac/Level 42). Pop/rock song backed by good vocals and stylish arrangements (a.o. Pete Wingfield on keyboards). From the LP Target Practice on which Mark King (Level 42) and Paul Young's Royal Family are amongst the session musicians.

Diana Harris- Beastly Man (Aura) UK
publ. and master owner: Aura, tel. 1-7413197.
Debut single from the eccentric looking, L.A. based singer/actress Diana Harris. Throbbing synthesizers back up a rather straightforward and catchy pop/rock ditty.

Style- Give Me A Night To Remember (Alpha) Sweden
publ. and master owner: contact Sanji Tandan at Alpha, tel. 8-7300400.
Highly fashionable MOR pop by a Swedish trio who stand a good chance to win the Swedish finals for the Eurovision Song Contest. A slick production and an immediately hummable melody make this the third interesting single that the indie Alpha Records currently has to offer (the other ones being Sound Of Music and Pernilla Wahlgren- see earlier Talent Sections).

Tullio de Piscopo - Radio Africa (Zyx) Germany
publ. and master owner: contact Willy David at Costa Est Music in Bologna, tel. 51-341719.
Renowned Italian session musician and promoter of black African music with the definite follow-up to the '84 summerhit Stop Bajon. Contagious mix of disco/dance with African and Arabic rhythmic elements. From his album Eastern Passage which we reviewed last year (issue 37).

Jacazan - Rasta Man (Polygram) Switzerland
publ. and master owner: contact New Talents in Geneva, tel. 22-323202.
Rock reggae from Swiss band Jacazan consisting of singer/songwriter Dave Te' Kannon and bassist Frank Millender. Dave hails from Canada and has a long recording experience, working in the US, UK, France. Now he is settled in Switzerland. Simple though very effective Top 40 tune with reggae-like rhythms.

TUNING IN

Jaap de Groot - NCRV
Jaap de Groot is dj/producer for Dutch Radio and TV NCRV

"In the music programming of NCRV there is a strong combination between radio and TV. Acts that are featured in our bi-weekly pop magazine 'Popsjop' get a corresponding backing on the NCRV radio. Apart from the established pop acts we try to spotlight emerging new talent, talent that has the potential to become the hitmakers of tomorrow. When it comes to acts like Préfab Sprout, Mai Tai, The Waterboys, Whitney Houston, Feargal Sharkey, A-Ha, Modern Talking and Jermaine Jackson & Pia Zadora, Popsjop TV was quite early in the game in discovering their potential. In this way Popsjop TV tries to be trendsetting and combines the future hitmakers with the current hits and tips. With the great expertise of producer Stef Boers, Popsjop TV has developed into a well watched and highly rated programme.

We have a very active audience participation in the TV show. The audience dances along the performing acts and there are several rock 'n' roll contests organized. From time to time we let a young boy or girl do parts of the presentation of the programme.

To decide which acts should be included in our TV show, Stef and myself take a close look at, what we call the 'Eurotop', the weekly albums and singles hitparades as supplied by Eurotipsheet. I think it is very important to know what is going on abroad, to know what trends are coming up and to know what acts might crossover. Both in my Saturday morning radio show ('Popsjop Radio') as well as in the TV show, we tell our listeners and viewers what is going on in the European singles and albums hitparade.

What attracts me in pop music is the unpredictable nature of it; which groups are just being discovered and who will make the top of the charts next year? Every year brings us new talent and I found this the most thrilling and fascinating aspect of the music industry.

Singles Guide

Survivor tops the European Hot 100 for the 2nd week and the unusual fact happens that this Rocky IV single is followed by yet another Rocky IV track, *Living In America*. This is the first time in the history of Eurotipsheet that 2 singles of the same soundtrack occupy the first 2 positions of the Hot 100!

But the next positions are taken by Europeans with Billy Ocean on 3, Sting at 4 (new in Italy and a re-entry in the UK), and Elton John on 5. There are good moves for Depeche Mode (12-59), Talking Heads (13-38), Huey Lewis (the re-released Power Of Love in a good move from 64 to 17), Mr. Mister (Kyrie from 68 to 19), Bangles (37-45) and Modern Talking (38-51). Highest entry for *Love Missile F1-11*, the hi-tech flash-trash single of Sigggy Sigggy Sputnik, the future of rock 'n' roll (so they claim).

Although the new Prince single *Kiss*, a sparsely arranged funk tune, is not yet charted in the Hot 100, it is crossing all borders here in Europe with an almost immediate add on from station to station. It is this week's highest entry in the Airplay Top 50 at 32. Only the new Elton John single *Cry To Heaven* comes close by with its new entry at 38. There was some confusion on the follow-up to Nikita, due to the existence of the video of *Wrap Her Up*, that was heavily featured on many European TV's. This uptempo and joyful piece with George Michael on backing vocals was however not released and now the European single is the more moody and restrained *Cry To Heaven*. Check out the 12 inch as it features a live rock 'n' roll medley of Whole Lotta Shakin' Going On/I Saw Her Standing There and Twist And Shout.

If everything goes according to plan Virgin will release the new David Bowie single on March 3rd. It is the title song to the 50's movie *Absolute Beginners* and was co-produced by Bowie and Clive Langer & Alan Winstanley (Madness, Costello). The album will be available at the end of March and will contain additional Bowie tracks plus music by Ray Davies, Sade, Style Council and Working Week.

Coinciding with the Bowie release, Virgin

brings out the new Culture Club single entitled *Move Away*. It is from the band's 4th album slated for an April 1st release and it is titled *From Luxury To Headache* (an aptly title?). The legendary Arif Mardin co-produced the LP in Montreux, Switzerland.

Mystery formation Art Of Noise follow-up last year's *Legs* with a new single for China Records entitled *Peter Gunn*. This film theme-like song was a former hit for Emerson, Lake & Palmer in the 70's and this '86 version features Duane Eddy on guitar.

Talking about the 70's, Jackson Browne is back after a spell of 2 and a half years (his last product was *Lawyers In Love*), with his 8th album *Lives In The Balance*. The single from

the LP is called *For America* and it is socio-political rocker. Fans can see him perform live the 15th of March in the ARD Rockpalast Night.

The veteran rocker Joe Cocker comes out with a new Capitol single *Shelter Me*, on your desk very soon. Cocker is also one of the contributing artists on the American OST *Wildcats*, the new Goldie Hawn film from Warner Bros. His contribution *We Stand Alone* is written by James Newton-Howard and Hawk Wolinski, who wrote the entire musical score for other artists like The Isley Brothers, Randy Crawford and James Ingram.
