Goodbye KKDJ

KKDJ/Los Angeles has applied for a change of call letters to KIIS-FM following the approval of the sale of KIIS-AM to KKDJ's parent company, **Combined Communications**. R&R talked with Ed Boyd, station manager for both outlets. Boyd noted that a 50% simulcast, 6am-6pm, is planned upon approval of the change of call letters. Format plans for the stations center around KKDJ's current longer-playlist rock, as opposed to KIIS-AM's former MOR approach. Boyd pointed out that currently there is only an 8 to 10 record difference musically between the stations. The call letter change for KKDJ was, according to Boyd, because "From birth KKDJ has had a hard rock image, while KIIS has a good awareness factor. We will approach these call letters with a little more macho than previously." New jingles and logos are being prepared for the switch. **Charlie Tuna** will be program director for both stations. At presstime, new staff lineups were not complete but Boyd did announce the simulcast lineup as follows: **Charlie Tuna** 6-10am, **Jerry Bishop** 10am-2pm, and **Jay Stevens** 2-6pm.

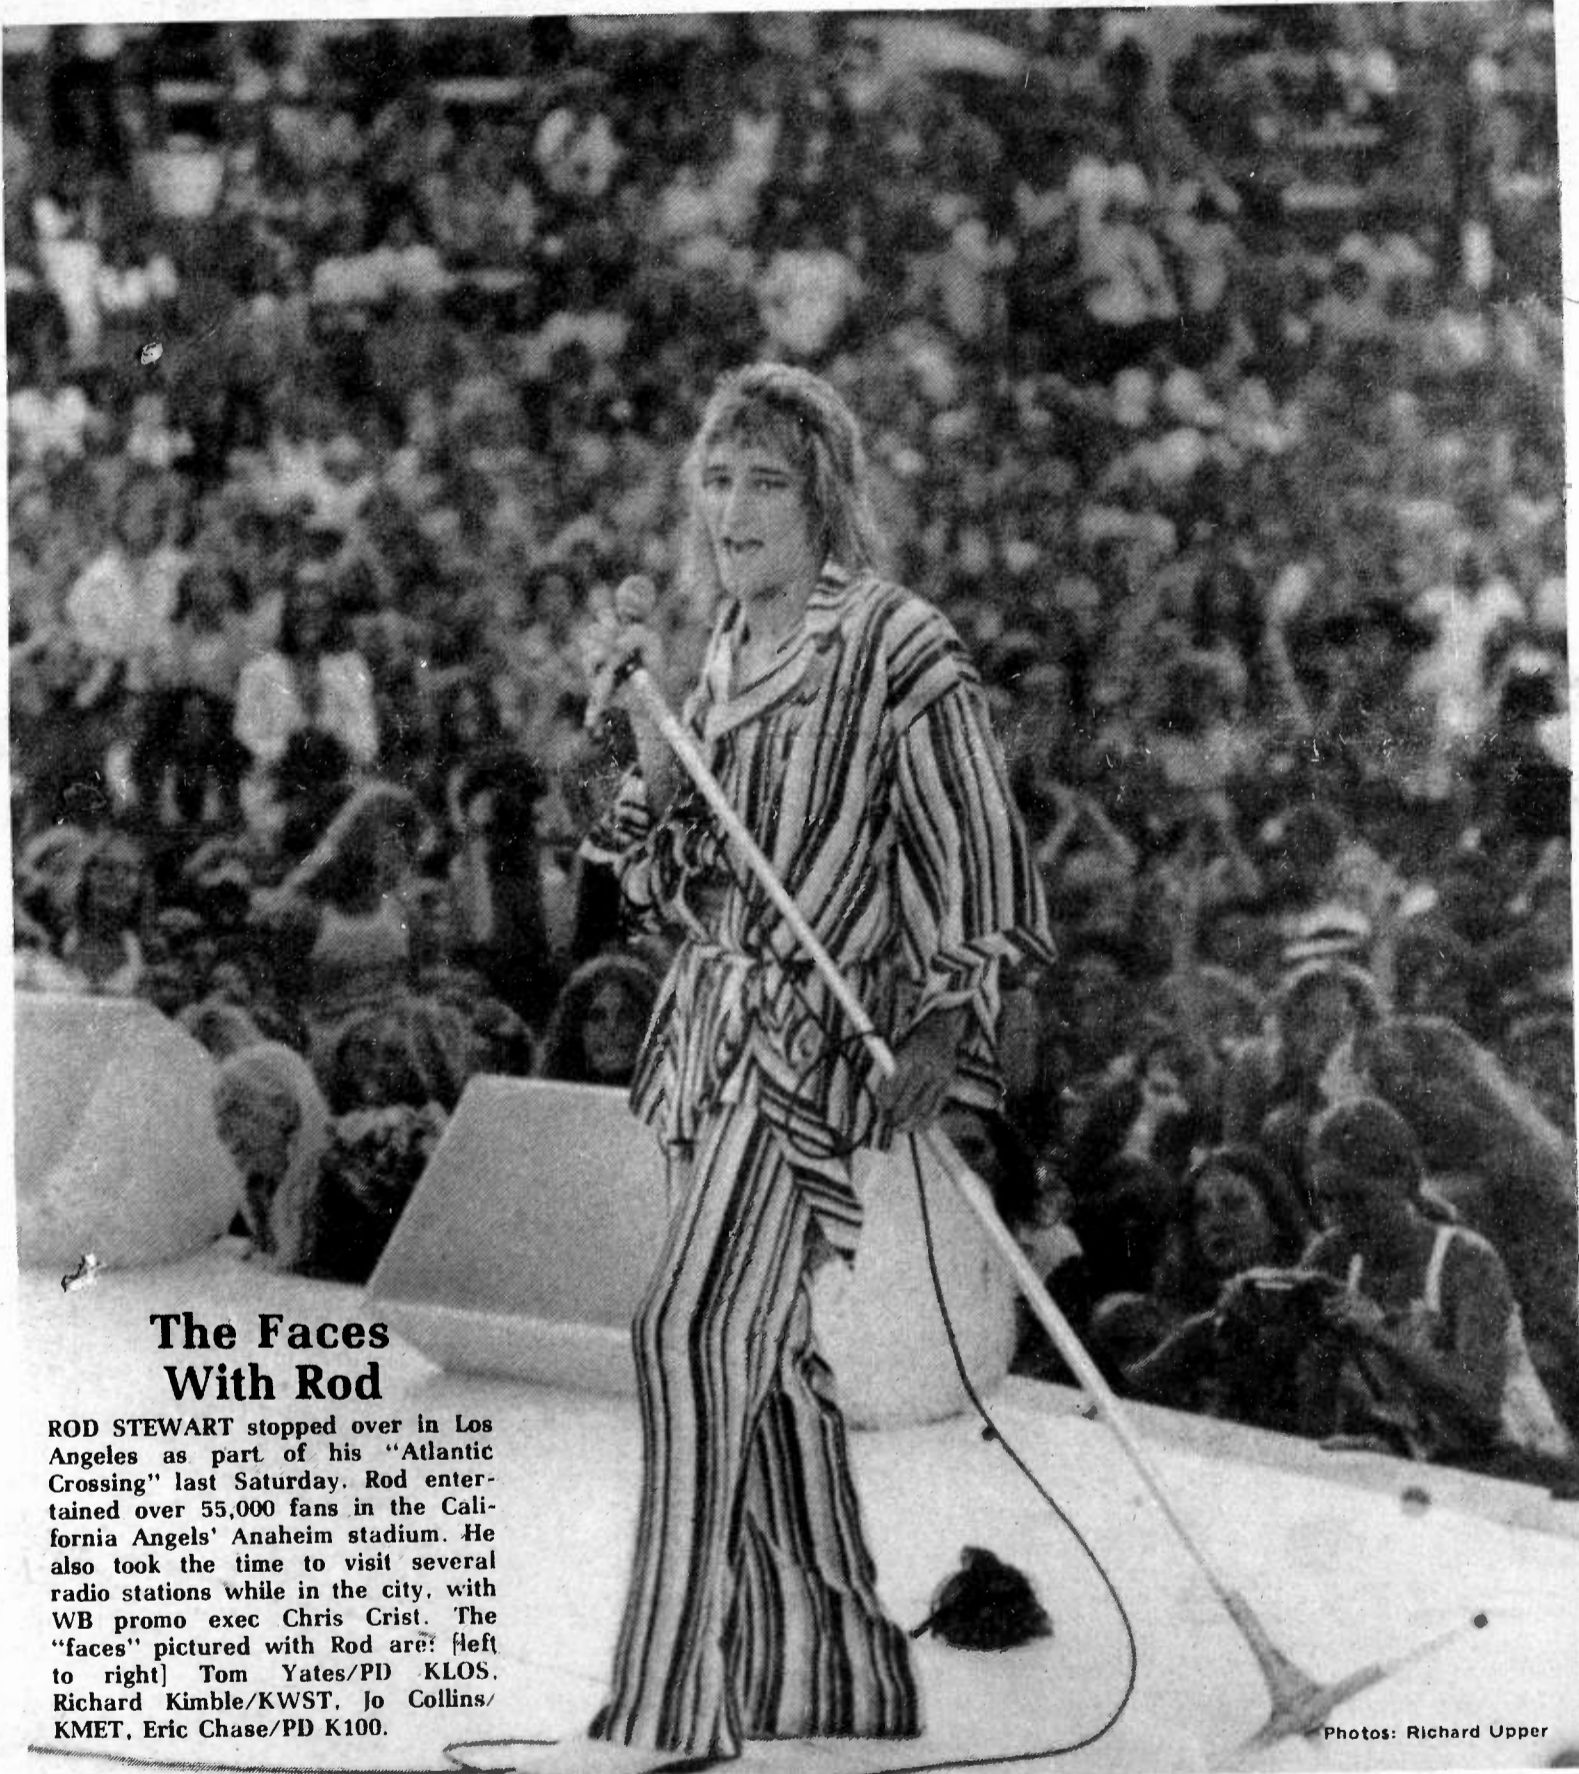

Wallace Exits KUPD

Todd Wallace has submitted his resignation as operations manager of KUPD/Phoenix to devote his time and energies to new activities as president and director of marketing services for **Radio Index Programming Research Inc.** RIPR Inc. is a new audience research firm. Wallace's replacement at KUPD is **Bobby Christian**, formerly of **KLIF** and **KRIZ**. Wallace has programmed all three rockers in Phoenix in the last several years, all with top ratings success. Specifics on the new company Wallace is heading will be available next week.

ARBITRON QUESTIONED

Possible discrepancies in the April/May Arbitron for the Greensboro-High Point-Winston-Salem book have provoked stations from that area to question the methods used by the research firm. WPET-AM and WRQK-FM/Greensboro stations manager Tom Armshaw initiated the informal study after discovering a number of questionable outcomes in the ratings for his rocker WRQK. The station took no losses in the ARB, but Armshaw noted to R&R that their weekend ratings were astronomically greater than the Monday through Friday numbers, both come and quarter hour. Armshaw's research additionally showed that the 18 to 24 year old male sample appeared very low.

Black station WEAL showed the greatest gains in the book. It was discovered that one of the station's announcers had been surveyed by Arbitron. Three diaries were placed in his home. Armshaw said that a member of the family had informed Arbitron that a family member was employed by a local station, and said

than an ARB spokesman responded that it didn't matter, the diaries were valid in any case. Apparently this house hold was weighed heavily, according to ARB's minority weighing methods. The station showed up number one 7pm-12mid even though the day-timer signed off at 8pm during the rating period. Armshaw said no formal complaints have been logged to the FTC, but that "when billions of dollars are invested in radio on the basis of ratings, and when radio and TV are threatened with forfeiture of their licenses because of contest activity affecting rating outcomes, the industry should have complete rating methodology afforded them."

R&R contacted Bill McClenaghan of Arbitron who informed us that the company was in the process of re-checking the diaries for that area in their Beltsville office.

ARBITRON CHANGES

We talked with Bill McClenaghan regarding new developments in the Arbitron data processing methods. The main change is a new process called CYBERDATA. This is basically a "data to disc" process, where it bypasses the key-punch human operators and the data goes directly from the diary to the computer. The process cuts down the many human steps and the chances for human errors. The computer will note any illogical listening sequences and flag them with the beep until the situation is investigated and corrected. Bill noted that this process may eventually speed up the delivery of books to clients.

Another key change is how multiple stations in the same time period will be credited. Until the summer book, if three stations were listed in the 12:00 to 12:30pm time period, the diary breakdown

by the key punch operators at Arbitron gave the first station listed the first ten minutes, the second station the second ten minutes and the third the 12:20 to 12:30 time period. Unfortunately, the second station listed always received the double quarter hour credit for listening 12:10 to 12:20.

Under the new system all stations would get equal credit. This will be carried out into time periods as well.

COOK TO HOSPITAL

Jay Cook, PD of WFIL/Philadelphia will be hospitalized for minor surgery. Jay will be away from his daily WFIL activities for most of the next month.

DEARLY DEPARTED

As Alan Baxter amicably departed WEEQ/Waynesboro to go to WYSL/Buffalo, the station played up the fact by having Alan "eaten by sharks." The cooperative Baxter and his former newsman Bob Spence went out in an "undisclosed" area of the ocean to make clear the fact that sharks were no threat to them. Calling in reports of no shark sightings, they suddenly were hit and Baxter "disappeared." In conjunction with the untimely "death," 30 baby sharks were given away to listeners, with one grand prize winner, the "beneficiary to Baxter's will," winning a swimming pool and an old inner tube.

FREE TRIPS

WGRD/Grand Rapids "The Vacation Station" just completed giving away three Jamaican vacations, including round trip air fare and hotel accommodations. Phone-in contestants had to guess the 13 digits of the airline ticket number to win. Starting with the first digit, they were allowed to keep guessing as long as they got each digit correct. If an incorrect num-

ber was guessed, the jock announced whether it was too high or low, and the "loser" was sent to a local movie, amusement park, or other fun "trip" in lieu of the grand prize trip.

TRIVIA

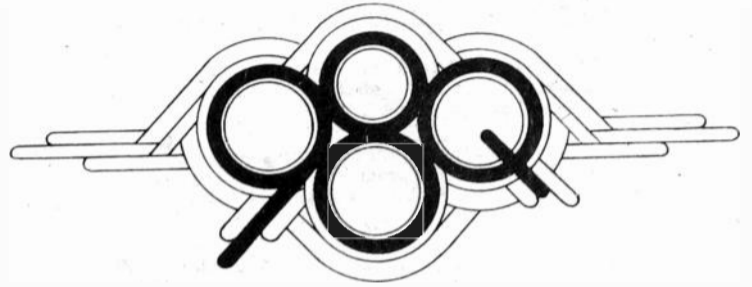

KCBQ/San Diego has held their "Rock & Roll Trivia Contest," asking questions such as "Who was the #1 Canadian singer of 1964?" (Gordon Lightfoot.) Prizes of LP catalogs to the trivia wizards who could answer the questions. A Labor Day drawing climaxed the station's "Acapulco Gold Rush" promotion. Listeners

had to guess how many times "Acapulco Gold" was played on the air between August 7 and 21, all correct guessers eligible for the drawing.

JAWGANTIC RESPONSE

KTKT/Tucson reports two recent promotions, the first tied in with Jawsmania. The "Jawgantic Weekend" featured "shark and splash noises" on the air, listeners called in when they heard the noises, with the 6th "surviving" caller winning Shark Survival Kits, consisting of a copy of "Mr. Jaws" by Dickie Goodman, Jaws T-Shirts, and a

R&R's truly masculine Radio Report Coordinator, Jim Warren, was the envy of the entire staff when he received one of WMMS/Cleveland's new halter tops. So, the rest of the staff decided to show off some of the rest of the station's top notch promotional garb, which includes custom raincoats and golf shirts.

August was the month for free concerts and other large crowd gatherings, as displayed here in these shots of some stations' promotions. Left to right: Part of the crowd of free form Floridians who attended Y100/Miami's first free concert featuring KC & The Sunshine Band and Calhoon. Center is part of the gathering striving for a better look at WKBW/Buffalo's

free concert with Orleans, Austin Roberts and local group Weekend. WLAC/Nashville had their "Ice Cream Sundae" promotion, with several thousand listeners showing up to eat their share of the giant sundae being fork-lifted out of the truck. The gastronomical delight weighed in at 2400 pounds and took the crowd over 2 hours to consume.

Definition of a great programming record:
an in-the-grooves smash that's not like
any other record around.

"Gone at Last." Written by Paul Simon.
Performed by Paul Simon and Phoebe Snow.
Saturating the airwaves with quality.

An overseas
message
delivered
by Gull

THE #1 SINGLE IN BRITAIN HAS JUST LANDED IN AMERICA...

BARBADOS by
TYPICALLY TROPICAL (GU 6004-F)

is England's 1975 Summertime Blockbuster.

It was the unanimous #1 Single for two weeks running in Melody Maker, New Musical Express, Disc, and Music Week Charts. In addition, it was #1 in the National English Disco Charts four weeks in a row.

BARBADOS (pronounced Bar-Bay-Dos) and TYPICALLY TROPICAL (pronounced Smash) have come out of nowhere with a rocking, lilting reggae single that has swept England like a hot summer storm...

On Gull Records. Distributed by Motown.

RECORD INDUSTRY NOTES

by Candy Tusken

It appeared that the coupling of the Carpenters with Neil Sedaka as their opening act was the perfect double bill, to which audiences agreed by turning out in droves. The tour began four weeks ago to include a two week stint at the Riviera Hotel in Las Vegas and finishing up in Japan. The profitable marriage came to an abrupt end last Wednesday night with the firing of Sedaka by Richard Carpenter, who paid off Sedaka and dropped him from the ongoing Riviera show and following Japan concerts. According to several sources who attended the Vegas shows, Sedaka received numerous standing ovations, dozens of roses, Don Perignon Champagne from Elvis and floods of offers from Vegas regulars (including Tom Jones, Steve & Eydie, and Wayne Newton) to appear on their shows. The sequence of events were that the popular closing segment of the concert (which featured Karen and Sedaka dueting on several of his old classics) was cancelled by Richard and Neil was told he would not be accompanying them to Japan. Last Wednesday, after Sedaka introduced old friends from the audience such as Tom Jones, he was told the Carpenters were to do those honors and that he was being fired. I talked to Neil last Friday after he flew into L.A. He commented: "It's the first time I've been fired for being too good! I learned a lesson which is that I'm not an opening act. It looked good on paper, but we really had troubles from the very beginning of the tour. I still have the utmost respect for the Carpenters musically and feel that Richard is a musical genius. I feel very badly about the whole thing. I never did talk to Richard directly about these problems and dealt only with his managers. I think if we had been able to talk face to face, this never would have happened. All my friends at Rocket; John Reid, Connie Pappas and Elton, called me about it and Elton said he would have gotten up on stage with me right then and there if he didn't have to leave for England! I've gotten offers from all the hotels in Las Vegas, but I'm going to take a vacation and spend some time with my children and then we'll see what happens."

PARTY TIME

Alan Carr staged a Birthday party for Keith Moon's twenty-ninth at his home last weekend in Los Angeles. Guests were chauffeured from their parked cars in gold antique Rolls Royces provided by the host and those arriving in style included Alice Cooper, Nigel Olsson, and Josie Pollack, Rocket's John Reid and Connie Pappas, Peter Sellers, Ringo, Brenda Vaccaro (minus Michael Douglas) plus Bobby Keys who played sax while Nigel drummed and Joe Cocker sang. Carousels catered the delicious food, including chili, Mousaka, crepes with chicken, burritos, etc. Keith's birthday cake was evidently a last minute switch on the bakery's part as it was a hastily re-done white tiered wedding cake with "Happiness Forever To The Lucky Couple" written on the side and the appropriate "Happy Birthday Keith Moon" found on top of the cake. Everyone danced and partied till well past five in the morning. The only incident that occurred at the party was when a certain young lady entered the bathroom and didn't notice that it was L-shaped and had two doors. She locked one door and was sitting on the "throne" when in walked Ringo escorting two ladies. The young lady had enough presence of mind to smile and say "as long as you're up, would you mind passing the toilet paper?" Nonplussed, Ringo obliged and calmly walked out... Johnny Rivers threw a bash the same weekend at his Coldwater Canyon home in Los Angeles, that boasts stained glass windows, an enormous pool, a glassed-in shower facing into the woods (so Johnny can watch the wildlife while they watch him) and spacious grounds, patrolled by four pet German shepherds. Once again, excellent foods were served along with plenty of wine and drinks and the highlight of the evening came when Dr. John and Johnny sat down at the piano together and entertained the entire attending Epic staff, plus Doug Weston, Average White Band, Carole Archer, Bill Drake, Eric Chase and a host of press....

RECORD NOTES

Bruce Springsteen's new album "Born To Run" racked up honors as being the most pre-ordered album by buyers in the history of Washington D.C., prompting WPGC to play the entire album on the air; a first in the station's history as well... The new Flying Burrito Brothers' album is titled "Flying Again" to be coming out the first of October... Michael McDonald has become the seventh Doobie Brother joining the group as their keyboardist/vocalist having recently left Steely Dan. This makes him the second ex-Dan to join the boys... RCA/Equinox Productions have released a single titled, "Why Do Fools Fall In Love" by California Music which is composed of Brian Wilson, Bruce Johnston and Terry Melcher with Wilson as producer... New York's reigning cult queen, Patti Smith, is to be produced by Island's John Cale (former Velvet Underground member) who will begin recording September 2nd for her first Arista album. Patti has been acclaimed by almost every major artist in the business who has seen her (including Bob Dylan who was talking about producing her himself)... The new Michael Dinner single on Fantasy records "The Promised Land" sports the talents of Joe Walsh, Glen Frye and Nigel Olsson... Former James Gang lead guitarist, Tommy Bolin has been signed to Nemperor Records with a debut album expected in October...

Pictured are Brian Potter [L] and Dennis Lambert [R] of the famous Lambert and Potter writing, producing team and owners of Haven Records. Note Dennis' expression as he checks R&R for the listing of his debut single as a solo artist, while Brian is smiling over the success of Tavares.

AKM's Quincy Jones danced up a storm and sang with his powerhouse trio of friends who joined him onstage at his recent SRO engagement at L.A.'s Greekt Theatre. The chorus from L to R is Stevie Wonder, Leon Ware and Laurel Masse of The Manhattan Transfer.

It was a busy week for United Artists' Nitty Gritty Dirt Band as they put the finishing touches on their soon-to-be-released UA album, "Dreamin'" plus took time out to visit some radio people. From L To R is Gritty member Jeff Hann and UA promotion James Heathfield; broadcast consultant Buzz Bennett; Mark Driscoll, PD of WBBF, Rochester, N.Y. and Gritty Jim Ibbotson.

To spotlight the album debut of Faith, Hope & Charity, RCA Records hosted a Disco Dance Contest in its New York studios that featured finalists from competitions held in various discos around the city. Shown at top are the judges, [l to r] Faith, Hope & Charity's Albert Bailey, Diane Destry and Brenda Hilliard and white-suited Van McCoy, who arranged, conducted and produced their RCA LP bow. In background is Tom Draper, Division Vice President, Rhythm & Blues at the company. Above the dancing dudes and their ladies do their thing.

Everyone's all smiles as Playbov inks the little girl with the big voice, Timi Yuro with her first single to be released by the label around the 12th of September. L to R is Jack Hakim, National Promotion for Playbov; Andy De Martino of De Martino Productions; Ms. Yuro and Tom Takayoshi, Executive VP for the label.

bottle of mouthwash in case the shark gets too close! They also held their Great Album rip-off, with a lucky listener winning all the LP's they could carry out of a local record store.

TUCSON TURNAROUND

KIKX/Tucson has come up dramatically in the latest Arbitron survey of the area. Under the consultancy of Terry Fox, Tom Greenleigh, and Billy Pearl (former KHJ/Los Angeles night man) the station has made dramatic moves up in all demographic areas. KIKX moves up in totals from 7.2 to 13.8, edging KTKT, who held a

10.1 total. Fox termed KIKX's promotion budget for the rating period "microscopic" and attributed the rating success to "imagination, not big budgets that win listeners."

POOL PATROL

WAYS/Charlotte's jocks are visiting apartment and neighborhood pools during the end of the summer, handing out LP's, T-shirts, concert tickets and other summer fun items. After much planning, their 3rd Annual Great Rambling Raft Race was held with over 500 rafts racing for prizes, with crowds expected of over 15,000.

Mike Harrison

The next couple of weeks are going to be quite hectic as we move our office 120 miles into R&R's central facilities. Then as we get all the operational ends together, this section will grow weekly, covering the activity of album product and radio more and more in depth.

One of our main projects, which I, personally, find exciting and rewarding, is the AOR Radio segment of the forthcoming R&R Convention. It has long been a dream of those involved in Progressive Rock Radio to see a gathering of the ranks from coast to coast. Every major convention to happen over the years, at most, only paid token attention to AOR Radio with one session or seminar. Anyone attending these sessions can attest to how frustrating it is for a group of people to try to cover a universe of subjects in a mere hour and forty five minutes.

What we are going to do at this convention is schedule a variety of seminars focusing in on AOR Radio that will run the entire R&R Convention. Well known and respected people in the field will be invited to speak on everything from music to promotions to news to sales to ratings and more. In other words, take away everything else and it will be, in effect, the first national Album Oriented Rock Radio convention. Add to that the fact that attention to Top 40, Country, and MOR will also be full blown and it is obvious that there's quite an extravaganza looming on the horizon.

There are no means as potent for promoting communication and comraderie as personal contact and the AOR dimension planned for this convention should accomplish just that in the non-stuffy R&R style, thus providing AOR Radio with another milestone in it's growth.

Keep your eyes open for the particulars surrounding the convention. They will be made known in the coming issues of R&R. I am happy to say, at this point, however, that it will be centrally located and relatively inexpensive. In the meantime, feel free to make known to me your opinions and desires as to the speakers you would like to hear and the subjects you would like covered.

My decision to leave the day to day programming of a radio station to devote my full efforts to the building of this section and the AOR Radio progress it can catalyze was motivated by the tremendous support given it in so short a period of time by radio and record people alike. Much credit is due Bob Wilson for his belief in the strength and future of Album Oriented Rock Radio and my wife, Sharrison, without whose tireless efforts I couldn't have gotten this project rolling.

STATION CO-SPONSOR
WMMS/Cleveland & WPEZ/Pittsburgh are co-sponsoring the first "Ohio River Jam," which will take place half way between the two cities at "Aquanaut Plateau." Scheduled acts for the concert are J. Geils Band, Black Oak Arkansas, Peter Frampton and Ambrosia.

PD CHANGES

Gene Curtis is the new program director of KYSN/Colorado Springs, replacing Gregor Vaule who resigned last week. Gene will continue to be music director at the station as well as taking over the programming duties. E. Alvin Davis is the new program director of WNOE/New Orleans.

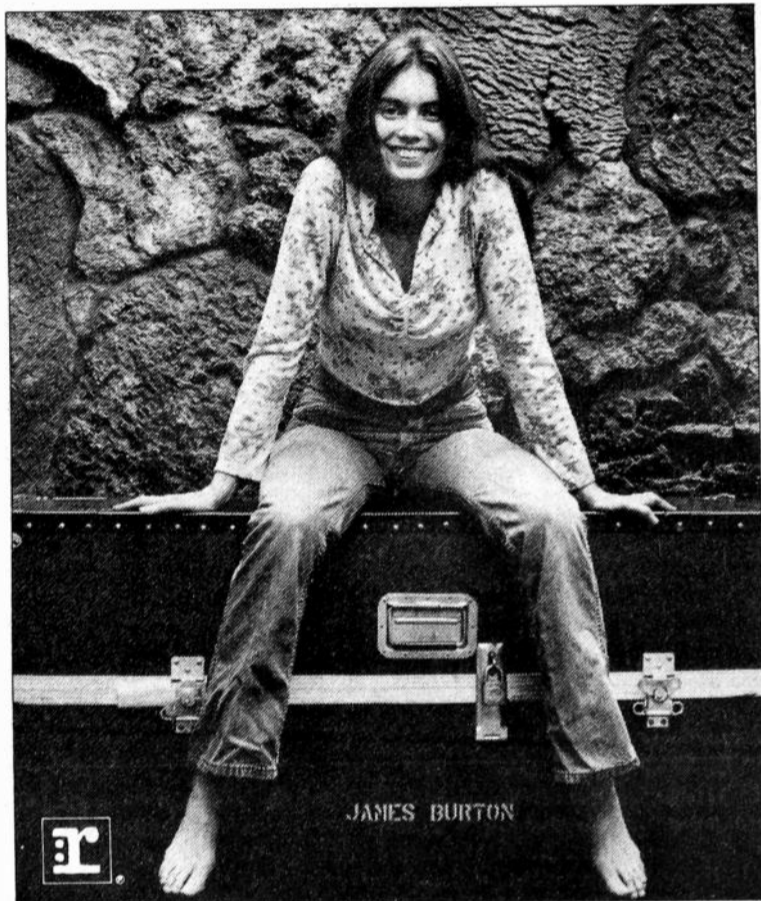

SATURDAY NIGHT SPECIALS
WRAR/Tappahannock, Virginia tied in with 2 record companies to hold their "Saturday Night Specials." The promotion's stage was set with a feature documentary format. The first special featured 4 hours of dixie rock and chances for listeners to "shoot down" the station for copies of MCA Artists Lynyrd Skynyrd's "Nuthin' Fancy" LP. The second special was a "bump party" featuring disco music and free copies of the War LP "Why Can't We Be Friends."

DES MOINES SUMMER

KGGO/Des Moines wraps up their "Super Summer of '75" with the "Bunch of Beatles" weekend, giving away the group's LP's and the station's T-Shirts. *Continued on page 27*

Chart Summary

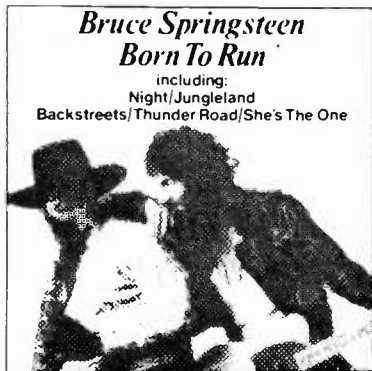

FLEETWOOD MAC and **STARSHIP** switched places again. Both albums are doing incredibly well. **ROD** came on strong again and made impressive gains. The **DEAD** nudged up a bit. The top 4 acts on this week's chart are proving that great doesn't have to fade with time. **EAGLES** held their own. **OUTLAWS** surged. **CLAPTON** is still growing. **WRIGHT** is hanging in their among the leaders. **BRUCE SPRINGSTEEN** came on to raves and reaction debuting higher than any album this week. **COCKER** is holding ground. **ALLMANS** debuted very high losing only a couple of days of across the board play to **SPRINGSTEEN**. Next week should be sensational for them. **SHAWN** continues to pick up stations and play as programmers are commenting that they are pleased that this is one of his "easiest" albums to program. **PROCOL** stayed on the radio as did **H&O**. **MANFRED** and **TINA** debuted impressively. **ELTON** just won't stop. **CLIMAX** debuted. **ARS** has got it's supporters and held them. **CRUSADERS** picked up more airplay this week. **TUCKER** and **SPHEERIS** debuted. **STILLS** enjoyed a resurgence. **BUCHANON** and **L&M** debuted. **POCO** picked up again. **ZZ TOP**, **BAEZ**, and **AEROSMITH** bounced back on the chart. It seems that strong requests always follow any decrease in **AEROSMITH's** play forcing it back on the radio. **QUINCY** debuted. **DYLAN** and **HARVEST** maintained their relative strength. **GEOFF MULDAUR**, **LABELLE**, **JANIS IAN**, and **AMBROSIA** almost made the chart.

JIM DUNCAN/Editor

Direct From Duncan

Hope the holiday was good to you... Some changes in Nashville: AVCO records has shut down their Country division. FRANK MULL will be looking for work because of the cutback. Mull was National Country Promotion Director... BILL MACK is out as National Country Promotion for RCA. LYNN SHULTZ, of 20th Century Records, has been named his replacement. Mack will become regional LP Specialist, Atlanta Region... GENE KENNEDY is no longer with Four Star Music. He was the Executive Assistant to The President at the time of his departure... TOM MAC ENTEE has joined GRT records to do some part time promotion until something big comes his way... STAN BLY, Vice President National Promotion for Mercury records has announced the appointment of FRANK LEFFEL to the position of Director of national promotion, Country. Leffel, whose appointment is effective September 8, rejoins Mercury after 8 years with the company in various positions. He left Mercury in 1973 to take over the duties of National promotion Director for Granite Records. Leffel will be based out of Mercury's Nashville office working directly with JERRY KENNEDY, Vice President, Country A&R.

There is a pretty strong story on the street that WEEP, Pittsburgh may be going all-talk. If so, WEEP-FM would remain Country.... KAYQ, Kansas City, Mo. is the station we mentioned last week that will possibly go 24 hours a day Country sometime this month. JOHN REED would head up the programming... PAT HENRY has left WEET, Richmond. September 8 BOB DAVIS of Lynchburg, Virginia will take over as P.D.... BOB WARD has left the P.D. position of WWVA, Wheeling, West Virginia. He has joined WQJR in Morgan Town, West Virginia. No replacement has been named at WWVA... PETE MOSS from KGBS, Los Angeles has joined KFOX, Long Beach to do weekends. STEVE WARREN, formerly WHN, New York, recently left that weekend position at KFOX...

ABC/DoT's ROY CLARK was hospitalized last week [August 27] while in Toronto. Clark was in Canada for his first Canadian T.V. special. The following day [28] Clark was transferred to a hospital in Maryland where he had his gall bladder removed. MGM's MEL TILLIS has been tapped to fill in for Clark during his recovery. At last report, Clark was recovering nicely and is expected to be active for the Roy Clark Celebrity Golf Classic, September 19-20 in Tulsa, Oklahoma. By the way, our R&R "travelling pencil" will be in Tulsa that weekend for the fourth annual buyers ranch party hosted by JIM HALSEY, HANK THOMPSON, WAYNE CREASEY and ROY CLARK.

Melodyland artist T.G. SHEPPARD was here in Los Angeles last week to tape the MERV GRIFFIN television show. He called to let me know of his recent thrill: Elvis Presley gave him a bus. It's true. Sheppard and Elvis have been friends for years. Elvis wanted to do something nice for his friend so he bought him a fully customized bus, which he delivered himself. After the initial shock, T.G. said, "Now all I need is a band to carry on the bus."

WUBE's LARRY B has a new single out on Soundwaves records called "Do You Wanna Mess Around." It's very good... The flyer said: "The next single release you receive by RONNIE MILSAP will be on Warner Bros. Records." No, he's still with RCA and this is material that was recorded a few years back...

Would like to officially welcome GARY PERKINS of KOZN-FM, San Diego to our list of reporting stations. In the next few weeks we will be adding a few more reporters to help round out our research. Perkins reports of a couple recent successful weekend promotions. Over Labor Day the station had a "Travelling Weekend," giving information on places to go and things to do. The weekend before that the station had a "Honky Tonk Weekend," besides playing a bunch of honky tonk music, the station gave info as to the location of area night clubs featuring Country music... Our congratulations to PETE PORTER, P.D., and BOB WALKER, M.D., of WPOC, Baltimore. They're celebrating their first anniversary as a Country station. Walker said the first Country record played on the station was Haggard's "If We Make It Through December." We're glad they did... See ya.

Shown on stage at the Palomino is CLIFFIE STONE [l] and actor/singer TOMMY SANDS. Sands was one of the many discoveries of Mr. Stone over the years. See story on this page.

When MCA recording artist JERRY CLOWER was in Memphis, he met up with a "Coon Hunting Monkey," the title character in the single from his newest LP "Live In Picayune." Clower stopped in Memphis after a rodeo in Mumfords, Tennessee. He appeared on Bob Young's radio show on WMC and took over, doing news, sports, weather and farm reports. Pictured at the station are [standing left to right] Mike Scurlock [MCA promotion, Memphis], Bob Young [WMC program Director], Jerry Clower and [seated] The Coon Hunting Monkey [Ronnie Warren, MCA sales].

The Folks From "Hometown Did It Again"

Cliffie Stone presented a Hometown Jamboree Reunion Show at the Palomino Club in North Hollywood on August 1 and 2. This was the second reunion for the former star's of Stone's Hometown Jamboree television show, which was one of the most popular local shows of the 60's.

Performing at "The Pal" were Speedy West, Billy Strange (who was heard to mutter "after all these years, I'm still a sideman?"), Molly Bee, Harold Hensley, Billy Liebert, Tommy Sands, Gene O'Quinn, and Rose Maddox. Stone, who has the reputation for discovering talent, also presented two relative newcomers: Jana Lou, a beautiful blonde fiddle-player, and Tom Bresh, a fast-rising recording artist who also wins audiences with his humor.

Biff Collie INSIDE NASHVILLE

SOUNDTRACKS: "ROGER SOVINE leaves BMI" = "Roger Sovine joins BMI" = PERRY COMO plans another special in Nashville next spring... NAT STUCKEY label-shopping?... GEORGE COOPER III up in the air over flying lessons?... Major Nashville studio offering studio time for custom sessions at half-price?... WENO's JOHN-NY "K" and Mega's ED HAMILTON racing radio network broadcast team... EARLY WILLIAMS arrested for "tree'ing" a new hot songwriter?... JIMMIE DAVIS [Hall of Famer for ex-Gov. of Louisiana] was in New York last week. He's carrying the gospel music banner to Madison Avenue... Songwriters BARBARA MILLER and husband EDDIE are completing a historic Christian "Opera" with all new songs and authentic scriptural narrative... Congratulations to JACK STAPP and BUDDY KILLEN on their choice of Chairman of the Board and President at TREE... My daughter SANDRA's #1 man [she's 8], WAYLON JENNINGS packed them at the EXIT INN fund-raiser following benefits by BAREFOOT JERRY and DAN FOGELBERG in recent weeks... No, JIM STAFFORD is not related to lady-pop giant JO STAFFORD [Isn't his show refreshing?]. DOLLY, DANNY DAVIS LARRY GATLIN, MINNIE PEARL, JERRY REED and TAMMY were seen from Music City in live and tapes segments on the Labor Day telethon for JERRY LEWIS' "Kids" who have Muscular Dystrophy... SAM MCGHEE the pioneer Opry performer, did what the loved best 'til the day he died. He started his Saturday night "Pickin'" when the Opry was little more than three months old and was there the Saturday night before he died in a tractor accident while working his beloved farmland... "I just spoke to HUGH CHERRY, who's now 'truckin'" through the night at KNEW/OAKLAND S.F. though reputed as one of the most knowledgeable, productive, and brilliant broadcasters and journalists in country history, he just ain't go no couth!" [Hugh, he said he was a friend of yours but he demanded anonymity.]

ARCHIE CAMPBELL, who, as a member of the production nucleus of "HEE HAW" influenced many of its success-charged elements, is performing host of "MUSIC CITY SPECIAL" set to air syndicated segments next week, sixteen shows are already in the can. The Show, billed as the first successful marriage of country and gospel stars, i.e.: JOHNNY CASH, GEORGE JONES, RONNIE MILSAP, GRANDPA JONES and gospelists SEGO BROTHERS, the KINGSMEN, and WILLIE WYNN and the TENNESSEANS. Show is being produced for CENTURY III Productions by SONNY SIMMONS.

GRAND OLE OPRY's 50th Anniversary 90-minute TV special for ABC-TV, to be taped here in October currently lists 20 names alphabetically, from ACUFF TO WAGONER in its cast. BILL ANDERSON, JOHNNY CASH, ROY CLARK, FREDDY FENDER, GRANDPA JONES, LORETTA LYNN, BARBARA MANDELL, BILL MONROE, DOLLY PARTON, MINNIE PEARL, CHARLEY PRIDE, MARTY ROBBINS, HANK SNOW, ERNEST TUBB, JERRY CLOWER and perhaps DOUG KERSHAW are faces and voices of the past, present and future on the Opry stage. Oh yes, the CARTER FAMILY will be on, and they've recruited one of their old guitarists to perform with them. His name is CHET ATKINS... Producer BOB PRECHT, [for many years he produced the ED SULLIVAN shows on TV] named BILL WALKER music director-conductor for the show. Spunking of Walker a record act he produces from his native AUSTRALIA. REC.

Graphs reflect audience response computed by a combination of sales, airplay and requests. The lower the graph position the less airplay, sales and requests being reported. The higher the position, the more active the record. We feel that a visual aid explains the whole picture better than assigning arbitrary numbers in a longer list.

GENE WATSON
Love In The Hot Afternoon [Capitol]
I almost passed up listening to this album because I'm fearful of albums put out by artists just off their first number one hit and who are relatively unknown. Many times all you get is filler music used to surround the obvious hit. GENE WATSON proves by the fine music on this album that he is not a one-hit artist. Give a listen to "You Could Know As Much About A Stranger" and "Through The Eyes Of Love" and I'm sure you will agree. Other strong cuts were "Harvest Time," "Where Love Begins" and "This Is My Year For Mexico."

MOE BANDY
Bandy The Rodeo Clown [GRC]
You never have any doubt as to what kind of music your listening to when you've got a MOE BANDY record on. MAN. THAT'S COUNTRY. And I love it! Best cuts include: A cajun tune called "Fais Do-Do" and "Nobody's Waiting For Me." "Somewhere There's A Woman" is another possible air-play album cut. Plus Moe does a fine re-cut of the DON GIBSON classic, "Oh, Lonesome Me." Some very strong programming cuts throughout.

POP NOTES

BY MIKE KASABO

The new **B.J. Thomas** "Help Me Make It (To My Rockin' Chair)" just getting out into the field. Went right on WGN, KVI, and K101. **Bruce Holberg**, PD, at WGBM called to remind us that his station was the first major market Pop station to program "The Way of The World" by Earth, Wind & Fire.

The New **Olivia Newton-John** "Something Better To Do" should be available to you today. It's a cut from her up-coming album "Clearly Love."

Action on **John Denver's** "Calypso" continues at a torrid pace, jumping to the #4 request position at KEX after only a few days of play. We have also started to track it in our graph section.

The **Biddu Orchestra's** disco version of "Summer of '42" gained a bunch of airplay this week. Check New & Active.

The **Jim Stafford** single "I Got Stoned And I Missed It" reporting hot phones at KNBR.

We note a big jump for the **Leon Russell** "Lady Blue" at WSM 21-10.

Ray Stevens' "Indian Love Call" off to a good start at WFTL, K101.

Programmers really excited about getting the **Captain & Tennille** "The Way I Want To Touch You" in single form. Others including KDWN, just couldn't wait and are playing it off the album.

Faith, Hope & Charity "To Each His Own" starting to warm up on the East Coast with hot reports from WASH and WIP.

Neil Sedaka's latest (with an assist from **Elton John**) "Bad Blood" was just getting to stations at press time. I think it would be safe to assume that a lot of airplay is in store for it.

By popular demand department: the new **Joan Baez** is

KCRA-SACRAMENTO

Dave Darin informs us of the station's latest feature called "Mini-Interviews." Staff members contact an expert on a topic, item or event and interview the guest. The interview is broken down into short running times, about forty-five seconds each, and played throughout the day. Topics range from sharks to malpractice insurance rates.

KEL-LOS ANGELES

A&M records presented music director **Rudy Mauzeri** with a gold record for **Captain & Tennille's** "Love Will Keep Us Together."

KDWN-LAS VEGAS

An all-expenses-paid weekend to San Francisco for two was the grand prize in the station's State Fair promotion. Contestants who visited the KDWN booth simply filled out a form, put it in a huge drum and hoped for some of that Vegas luck. Total attendance at the Fair was a whopping 200,000. Station also reports terrific phone reaction to **Chuck Berry's** Mini-Drum package.

During a recent visit to Chicago, The Captain & Tennille stopped by WYEN Radio's studios for an interview, culminating an on-air promotion with A&M Records for listeners to spend "A Night On The Town" with the artists at a Chicago dinner club where they were performing. Pictured (l to r) WYEN Music Director and afternoon personality **Rob Reynolds**, **Toni Tennille** and **Darryl Dragon** [reading a familiar newspaper!]

Graphs reflect audience response computed by a combination of sales, airplay and requests. The lower the graph position the less airplay, sales and requests being reported. The higher the position, the more active the record. We feel that a visual aid explains the whole picture better than assigning arbitrary numbers in a longer list.

and other violations. WKYZ, Madisonville, Tenn. for the billing violations and WSWG AM & FM/Greenwood, Miss. for misrepresenting nonentertainment programming proposals, financial reports and EEO programs to the Commission. Both decisions will become effective in 50 days unless appealed by a party or reviewed by the Commission.

WKYZ general manager Bob Harrill, testified that it was his understanding that double billing was a common practice in the Madisonville area for print and broadcast media to engage in. WSWG had represented in its 1970 renewal application that it would endeavor to hold a weekly talent show featuring primarily black talent, but never aired a single program. The station also promised to seek out black students at local high schools that showed interest in the broadcast field and give them on the job training, another promise not fulfilled by the broadcaster.

QUICKIES

LINDSAY will receive his sixth gold record down under next week on his current hit there, "Takin' A Chance." Hank Jr. left the hospital the day after his doctors told him he would be there perhaps for three months. He's now at the home of his friend DICK WILLEY, with whom he was hiking near AJAZ LAKE when the near-fatal accident occurred last month. AUDREY, Hank's mother, when asked, said, "He's got a long way to go, but he's a tough one, honey!" More cosmetic surgery will be done later.

"Diamonds & Rust..." A new artist on Granite records Stu Stevens is creating a good deal of interest on several cuts from his debut album. Action is especially strong at WSB and WGN.

Cotton, Lloyd & Christian continue strong with their oldies revival "I Go To Pieces." Add WEEL-FM, WTRX, KIIS, KSL, WMBR.

Some early action in L.A. on "Ma La Lady" by Danny & Joyce on the Seals & Crofts owned label Jasmine. Airplay at KLVE and KNX-FM.

The new Poco, now with ABC, is "Keep On Tryin'." Went right on KNBR, KIIS, WGN, K101.

Al Martino's up-dated version of "Volare" off and running at a number of stations... check New & Active.

Roger Williams' "Theme From Rollerball" getting top five phone action at KMPC.
