KFRC-FM Sold To Century Broadcasting

Century Broadcasting Corporation has announced that an agreement has been reached with RKO Radio to purchase KFRC-FM/San Francisco. The sale is subject to FCC approval. No purchase price was announced. R&R spoke with Century's Opera-

tions Director, Shelly Grafman, who told us the purchase was consummated last Friday (15) and that Century National Program Director, Bob Burch, would be in charge of programming the newly acquired FM outlet.

John Rosica Leaves RCA

John Rosica was asked to step down from his National Promotion post at RCA, Tuesday (19). Rosica told R&R: "I did a great job, we had

a lot of hits. I have nothing to be ashamed of." RCA has named Jack Kiernan as temporary replacement for Rosica.

New Elton LP Leaks

MCA and Rocket Records thought they had every album accounted for and that on this Elton John album "Blue Moves," there would be no leaks to radio stations. A few clever programmers proved them wrong. Bob Wood, PD of CHUM/Toronto,

world premiered the album in its entirety last Friday night (15). This past Monday both KHJ/Los Angeles and WMMS/Cleveland went on the air with it. As of press time, MCA was rushing the album to reach most all other stations by Friday.

WKBW Voter Promotion

Bob Harper, PD of WKBW/Buffalo put together a multi-week voter registration promotion that is worth noting. Involving the station in the community, Harper set up voter registration places at large shopping centers and promoted it on the air. In one week the station registered 3000 new voters. They are now into phase two of helping acquaint people with the exact locations of their polling places and demonstrating, again at shopping centers, how to use the newly designed New York state voting machines. The final phase will be the collection of all political posters and placards by organized groups. The groups are being encouraged to pick up the paper posters the Sunday after the election and bring them

to a central location. The group with the greatest amount wins a cash prize. All the paper will then be handed over to a paper recycling plant. Seems to be the perfectly planned voter/community promotion.

Far Out Settles With Burdon

Far Out Productions announced their acquisition of the Eric Burdon 33 1/3 percent interest in Far Out, for a "substantial middle six figure amount." Far Out President Jerry Goldstein stated "Eric's direction and ours had reached the fork in the road, and we are happy that Eric is able to start this new step in his career in an extremely satisfactory economic state."

CMA Convention Coverage

BY JIM DUNCAN

The 1976 Country DJ-CMA-WSM-Grand Ole Opry Convention took place once again in Nashville, Tennessee, last week. To try to explain what happened, or even why it happened, would be an impossibility. The "Country Convention," as it will be referred to henceforth, is a conglomerate of events, "happenings," parties, picture-taking, hand-shaking, back-slapping, awards, pickin', grinnin', singin', drinking, promoting, selling, and who knows what else.

Ask ten people who attended this year's convention and you will get ten different interpretations as to what went on in Nashville last week. First, there are more things going on than any one person could possibly attend. This report will be one person's view of what went on at the 1976 Country Convention. Since the CMA Awards Show was covered in last week's R&R, our story will begin with a look at most everything that went on after that Monday night event.

BUTZ COMMENT "Giveaway"

KTKT/Tucson did give their listeners an indirect way to find what Earl Butz really said. The station invited their audience to come to the station for free copies of the complete UPI story on the incident.

KTKT is also soliciting for old newspapers to help needy families. Public Service announcements are run on the air telling listeners where two collection bins are located to drop off papers. Each ton collected provides food for a family of three for three days. Those who donate also get prizes such as movie passes and T-shirts from the station for their contributions.

STRANDED PD

During recent floods in Frederick, Maryland, 14ZYQ staffers took to the streets to do on-the-spot reports on flood hazards in the area. During the reports, station PD Bill Gamble managed to get stranded in the middle of a flood-washed street.

"SUPER SUMMER" ENDS IN ATLANTA

WQXI/Atlanta's long running "Super Summer Jam" has reached its conclusion. Last week, the winner of Phase Number 9's grand prize of \$7,900 was announced in the record-collage guessing contest. A grand total of \$22,900 was awarded to Atlanta listeners during the run of the promotion.

THE GREAT GET OFF

KING/Seattle listeners have a chance to win a \$50 bill every hour in the station's "Great Get Off." Serial numbers from the bills are read, two digits at a time, on the air. One complete 8 digit number is announced within the hour, and the 11th caller who knows all the digits wins the bill.

"TREKKIN" FOR PRIZES

A Magnavox Odyssey television tennis game is the big prize in WCGQ/Columbus' "Star Trekkin" weekend. To add to the Star Trek atmosphere, super "star" hits were played back to back all weekend. Listeners called in to qualify for the TV game, and a drawing selected the winner on Monday morning.

PRIZE PACKAGE CALL-OUTS

WADC/Parkersburg Program Director Greg Jordan reports on the station's recent call-out promotion. The prize package offered to listeners contains a certain value of prizes, with new prizes added to raise the total frequently. Random phone book calls are placed, if the person called answered their phone saying WADC, and knew the exact value of the package that hour, they win the big

prize. All of those called win smaller consolation prizes.

WISE'S "WORLD SERIES"

WISE/Asheville ties in with a local food chain for their "World Series" promotion. The restaurants feature hamburgers called singles, doubles, and triples, enabling the station to tie in an on-the-air baseball game. A rotating cart gives the call-in listener a chance to take prizes available at first, second or third base, or they can try to go on to the next. Special prizes are awarded for runs scored, but the cart can call the base runner out. All prizes in the promotion are compliments of the restaurants.

MONTH LONG CASH CALL

WEO/Waynesboro has kicked off their "Cash Call" promotion. Starting at \$11.30, the stash of cash will be upped by that amount for each random call made if the person called can't specify the exact amount of money currently in the jackpot.

ALBUM CONTESTS

WORC/Worcester pitted Kiss versus the Osmonds in their "Battle of the Superstars." At specified times, the station took 13 callers who registered their votes for their favorites, and one of the 13 won their choice of either groups' LPs. The listeners favored turned out to be Kiss, by a wide margin.

WSAR/Fall River is giving away an album an hour. At the top of each hour, the jocks announce which LP will be given away. Later in the hour,

listeners call in to win the album if they remember which one it is.

COX KEEPS THEM IN STITCHES

13Q/Pittsburgh afternoon drive man Don Cox was recently released from the hospital after a week and a half stay for extensive surgery, and tells R&R that he is alive and well, stitches and all. With the fast approaching ARB in mind, Don went back on the air shortly after being released from the hospital. His first day back, he promptly passed out on the air.

KLEO/Wichita and RSO Records presented "The Day Of The Duck" to tie in with Rick Dee's current hit. The Disco Duck and KLEO jocks spent an entire Saturday cruising shopping areas, giving on-air location reports and handing out KLEO belt buckles, LPs, Disco Duck singles and "Duck Bills." The promotion wound up with the Disco Duck Dance Contest, judged by the KLEO jocks before a packed house at a local disco. KLEO Assistant PD/MD Marc Elliot is shown during an in-depth interview with the famous duck.

WMOH/Hamilton, Ohio has just completed their successful "Keep the Spirit" promotion. Over 45,000 bumperstickers were distributed during the spring and summer and prizes were given to listeners displaying them. All sticker winners were then eligible for a drawing for the grand prizes. The first grand prize is the Spirit Spotter car, shown being presented to the winner by PD Joe London. Second grand prize was a check for \$1,176

KJR/Seattle's Tracy Mitchell hosted 50 winners for a full day at the Kingdome concert featuring Aerosmith, Jeff Beck and Rick Derringer. KJR's winners spent the afternoon in a tour boat on the waters of Puget Sound with Derringer and his band. All the winners were then taken by bus to the concert where they had special press box seats, and also received Aerosmith LP catalogs and the latest albums by Beck and Derringer. Pictured from left on board the boat are: night jock Mitchell, Epic Local Promotion Man Fred Zaehler, and Rick Derringer.

ABC's "San Francisco Steamers" beamed a giant spotlight into KFRC to promote the new Crosby/Nash single, "Spotlight." The lovely models pictured above passed out promotional material to people on the street, and greeted the surprised Dave Sholin, KFRC MD, with a kiss. Front row: Tony Deines, San Francisco Marketing Co-ordinator; Leslie Wing, KFRC Asst. Music Director; Antoinette Prieto, model. Second row; Nuffy Latta, model; Dave Sholin, Music Director KFRC; John Bettencour, Local Promotion Man, San Francisco; Sue De La Briandais, model.

Over 10,000 KYA/San Francisco listeners responded during the station's 5 day Bay City Rollers promotion. KYA personalities solicited petitions, letters and presents for the group. Night jock "Jumbo Jack" Bryan is shown here with some of the listeners' presents for the Rollers.

Radars Finds Mid-Day Men

A CBS Radio analysis of RADAR data found that 15 million adult men listen to radio in an average quarter hour during mid-day 10pm to 3pm. These figures are increased even more in the 18-49 demographic, with 23% of available males listening during "housewife" time, versus 21% in the total 18 plus men. These figures for male listeners are 88% higher than 6-10am, and also exceed afternoon drive average men listeners.

FCC Reduces Fine

The Federal Communications Commission has reduced a previous penalty against WJL/Niagara Falls for violating sponsorship identification rules. Because of the financial condition of the station, the Commission asked Niagara Frontier Broadcasting Corp. to forfeit \$500, rather than the original \$2000 fine.

ABC Boards Meet This Week

All five advisory boards for the ABC Radio Network, American Contemporary, American Entertainment, American Information, and American FM Radio, met in New York on the 20th-22nd. Meetings were themed "Tune In On Tomorrow," with a keynote address by ABC Radio President Harold Neal. Mr. Neal introduced findings of a company-commissioned study on the future of national radio.

Networks Turn Down Tillis

The Country Music Association's recently awarded Entertainer of the Year, Mel Tillis, has had dog food spots voiced by him turned down by both NBC and CBS because the TV networks felt that Tillis' stutter would be offensive to their viewers. NBC said that they would run the spots if the stutter was deleted from them. Tillis has said that he will file a complaint with the FCC because of the refusal.

Tuesday Productions Pacts Stations

Tuesday Productions' Broadcast Division has announced that Country KRGO/Salt Lake City and KGTV-TV/San Diego have signed with Tuesday for on-air promotional concepts, including jingle packages. A special sales presentation is being produced for KRGO for use by its National reps.

Classic CKLW On American Air-Chexx

The upcoming volume 11 of American Air-Chexx will feature the first in a new series of audio articles, "Classic CKLW." The cassette article traces the evolution of the station from the late 50's to the present, and was produced by CKLW's Les Garland, Tom Ryan, Pat Holiday and Dave Carter.

Arbitron Increases Ethnic Reports

Arbitron Radio has announced that they will include more markets in their Black and Spanish special Ethnic reports for 1976. Included in the Black reports for the first time is Houston-Galveston, bringing the total number of markets surveyed to 16. Spanish listening estimates will now be done in Miami and San Antonio.

L.A. Station Media Campaign

KJOL/Los Angeles, recently bought by Coca Cola Bottling Co., has launched a multi-media advertising push for their new sound, themed "Less talk...the most beautiful music." TV spots on six local stations are included in the ads, along with massive outdoor placement, insertions in newspapers and magazines, and direct mail campaign.

Million \$ Ads For Communications Products

Fanon/Courier, manufacturer of nearly 200 communications products, including CB's, walkie talkies, intercoms and components, will spend \$1.3 million on advertising during the end of the year. Sixty second radio spots will run in 8 major markets. Two separate campaigns will run for their variety of products, theme for the Fanon spots is "America Come On, Talk Back On A Fanon." Courier, one of the oldest makers of CB's, will alternate with the Fanon spots.

Olivia LP Push

Olivia Newton-John's new LP "Don't Stop Believin'" and her upcoming ABC-TV special will be highlighted by MCA Records with radio buys in many markets placed through local retailing. Thirty second TV spots will back up the radio buys, and magazine ads will also run.

Teledyne Sings For Its Spots

A \$2 million budget has been set for Teledyne Water Pik's Shower Massage. Radio buys in San Francisco, Los Angeles, Denver, Minneapolis, New York and Chicago will be placed. Commercials feature people singing "Don't just turn on water, when the water can turn you on." Radio personalities will be supplied with their own Shower Massages to test for themselves, and are invited to create their own on-air contests to promote the Massagers.

RKO Supplies Jocks With VTR

RKO Radio has recommended to all their Station Managers that they equip their studios with a video tape recorder and timer so that the prime evening shows can be taped and viewed by the evening jocks at a later time. The move is to keep their jocks on top of the top rated television shows.

Random Thoughts

"Random Thoughts" will reflect the questions and comments of our subscribers and our editorial staff regarding the day to day activities and occurrences in our industry. Your "Thoughts" are welcome.

The current trend of using the names of cities and suburbs as a listener identification gimmick may truly be defeating the concept behind it. Most people today do not heavily identify with their cities/suburbs, so saying that you are answering a request for "Goleta" is truly pointing up that the station is not talking to the listener, but in very general terms. The programmer who believes he can fool his audience with the use of flip cards with names of cities on a rotating basis, may truly be fooling only himself.

NEW PRODUCTS

Accutrac 4000

Here's what the record has been waiting for—a turntable system which automatically skips the tracks on a record you don't want to hear and plays only the cuts you like or need to play. Thanks to its built-in infrared electro-optic detection system and computer logic circuitry, it can be programmed to go directly to the tracks you desire—the smooth surfaces between tracks reflect infrared light back to a detector, which triggers the arm mechanism to follow your program. All you have to do once it's programmed is punch a button, and programming is simple too, with the clearly labelled control board on the turntable. You can also repeat tracks as often as you like. Looks like the ultimate in turntables. Questions revolving around the topic of the Accutrac 4000 should be spun off to Audio Dynamics Corporation, New Milford, Conn. 06776.

Junk

Looking for a gift that really shows you've put a lot of thought into it? One that shows you truly care about the person you're giving it to? Then don't give JUNK! JUNK is a gag gift with a different twist. Tear off the wrapping paper and you've got a box inscribed JUNK. Open up the box and out falls...JUNK. Any number of small articles guaranteed to be worthless—punctured balloons, cancelled stamps, shredded cash, half a clothespin, and on and on. Applying a sense of humor to it, JUNK could actually make an interesting radio giveaway item, consolation prize, etc. Comes with Owner's Manual (a la Pet Rocks), explaining essential function of JUNK (whatever that might be). Direct your inquiries, accusations, demands, and other garbage to JUNK, Sunset House, 697 Sunset Bldg, Beverly Hills, CA 90215.

TV News

ABC LEADS AGAIN, NBC COMING ON STRONG

For the third week in a row, ABC-TV seems to be firmly in the number one network spot for the new season. ABC had a 20.4 rating for the week ending October 10th, NBC came in close with 19.4, CBS trailing but up to 18.7. The top 10 for the week were: "Happy Days," "Laverne & Shirley," NBC's double feature Mystery Movie "Columbo," and "Quincy," "Baretta," "MASH," "Monday Night Football," "Rich Man Poor Man," "Welcome Back Kotter," and "All In The Family." The "Columbo" and "Quincy" back-to-back features were given credit for pulling NBC up close to ABC's showing.

OTHER TV NEWS

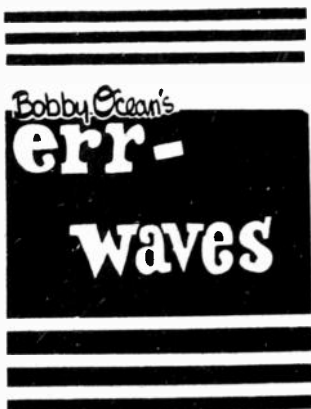

Some fall network programs have been shortened to allow five minute block Ford and Carter spots to be shown without aggravating viewers who otherwise would miss the climax of the shows...Don Kirshner and Norman Lear have pacted with CBS for a mid-season series titled "A Year At The Top," story of a Rock group who "sell their souls" in order to be stars for a year...Marilyn McCoo & Billy Davis Jr. have also signed a series deal with CBS for a summer replacement variety show in 1977.

Fresh Snow.

It seems like Phoebe Snow makes history every time she sings. She's an artist of the rarest quality, and her magnificent new album surpasses everything she's done before.

"It Looks Like Snow." An album for those in love with music, on Columbia Records and Tapes.

Summary

WONDER gathered more airplay this week than any other album in the history of this chart for a one week period, maintaining a firm grasp on the top slot. BOSTON's third week in the number two position showed more airplay than most number one airplay albums receive. STY, CLAPTON, and SKYNYRD are all strong and unchanged. MILLER resurged rather impressively. AL STEWART continues to grow. RONSTADT is hanging in there. TROWER and NUGENT were stable. H&O had a very healthy week. BOZ came on like gangbusters. ROD maintained. EW&F took a mighty leap. HEART inched back upward. STYX looks very strong. BEE GEES had their best week on the turntables, in terms of growth. BEBOP maintained. GALLAGHER took a jump. ORLEANS grew. WAITS had an extremely good week. CHAPIN was the week's highest debut followed closely by WALDMAN. CRACK maintained. BOLIN inched up. BOC is still getting consistent play. CATE and CLIMAX debuted. FLEETWOOD MAC fell off the chart last week for only the second time in over a year. The album just missed the chart this week followed by STANLEY CLARKE and AUTOMATIC MAN.

This chart is based solely on airplay and does not attempt to fabricate a trend. The artists in italics are those receiving the most rapid gain in airplay.

Continued from page 1

The only major function on Tuesday was the Broadcast Music, Inc. (BMI) award show. PHIL EVERLY, of the famed Pop-Rock group The Everly Brothers, won the seventh annual Robert Burton Award, which is presented to the songwriter or publisher of the "most performed BMI song of the year." Everly's composition was "When Will I Be Loved." This was the 24th annual awards presentation banquet for BMI, a music licensing company. Ninety-three writers and seventy-four publishers received "Citations of Achievement" that night. Tree International Music, with six awards, was the most honored publisher. MERLE HAGGARD was the leading writer with four citations.

Wednesday started bright and early at the Crockett Springs Country Club for the fourth annual Chuck Chellman-Georgia Twitty D.J. Gold Tournament. Many artists, such as CHARLEY PRIDE, DEL REEVES, DICKEY LEE, and many more were on hand, as well as representatives from the record industry. Co-host Georgia Twitty broke her leg during the tournament while, as someone said, "chasing Charley Pride's balls."

The official opening of the 51st Annual Birthday Celebration of the Grand Ole Opry began with the Sho-Bud/Baldwin/Gretsch show, an early bird bluegrass concert and United Talent-Shure Brothers show. At the same time Warner Bros. Records hosted a party for President MO OSTIN and their artists. Music licensing company ASCAP, the American Society of Composers, Authors and Publishers, had their annual awards ceremonies. Writer, publisher, producer and artist RAY GRIFF set an ASCAP record by taking home sixteen citations that evening. Songwriter RORY BURKE took six honors. Wednesday night was capped off with the annual party at the home of ABC/Dot President JIM FOGELSONG. The party scheduled to end at midnight went well into the early morning hours. Other hospitality suites were opened for the incoming disc-jockeys, managers, artists, producers, fans, groupies and whoever else happened into Music City that night. In every corner of town, from barroom to record store, bathroom to hotel lobby, the sound of Country music could be heard.

A full day and night of events were scheduled on Thursday, starting with the annual CMA membership meeting. After an opening talk from President RON BLEDSOE, the ballots of the CMA Board of Directors were collected, and the annual radio stations of the year awards were announced. This year's winners were: WCMS, Norfolk, Virginia; KBUL, Wichita; WJIL, Jacksonville, Illinois; and WASS-WEAU-FM, Eau Claire, Wisconsin. WKDA, Nashville received a special award for their contributions to the "October is Country Music Month" campaign. ROY HORTON, of Peer-Southern Publishing, received the 14th annual Founding President's Award.

Other Thursday events included a champagne brunch and show put on by Cin-Kay Records at the Biltmore Hotel in Nashville. At about noon the WSM Radio Luncheon and Opry Spectacular Show was held at Opryland. Con Brio Records hosted an in-studioparty for visiting radio people, who enjoyed an afternoon lunch while listening to various Con Brio artists record material right before their eyes and ears. Mercury Records held their annual party which was hosted by The Statler Brothers, Tom T. Hall, Johnny Rodriguez, along with Frank Leffell, National Promotion, and Producer Jerry Kennedy. The worst was yet to come that night.

The 18th Anniversary CMA Banquet (?) and show (?) was held at Opryland. You would think after eighteen years they could figure out how to do this right. The worst food put before us during the week was waiting for the attending radio and recording industry representatives. The show, which followed, if you can even call it a show, was so over-produced, long and totally out of context of what you would expect at a Country music convention.

Many scheduled artists never even got on stage. The sound was horrible. All of these things caused a great number of people to depart before the end of the show. Master of Ceremonies, comedian JERRY CLOWER tried his best to hold things together, without much success. RCA Records President, Nashville Operations, JERRY BRADLEY, at one point in the evening was on stage to accept an award. He caused a great deal of excitement and laughter when he walked off stage with Clower's glasses. Beside MINNIE PEARL fainting on stage, this was one of the few highlights of the evening. GENE NASH, who wrote, choreographed, produced and directed the shabbles, was awarded the annual CMA President's Award. At the beginning of the show the new CMA Board of Directors were announced. The winners of the CMA disc-jockey of the year presentations were made. The winners were JAY DIAMOND, WKYQ, Puducah; MARTY SULLIVAN, KRMD, Shreveport; and LEE ARNOLD, WHN, New York.

Friday was just as active, if not more so, as any other that week. Just as many conventioners were just arriving at their hotel rooms from the night before, MCA Records' JOHN BROWN was making last minute arrangements for the MCA breakfast and show at the Municipal Auditorium, which featured "Entertainer of the Year" MEL TILLIS. After the early morning show, the first of two DJ-Artist tape sessions got under way. ABC/Dot held their annual lunch and show starting at noon. ROY CLARK was the MC for the early afternoon event. Later in the afternoon Polydor Records held a nice sit-down dinner at the Sheraton Hotel. Nationwide Sound Distributors had their annual-homemade chili and beer party, hosted by JOE and BETTY GIBSON.

Friday evening started with a dinner and show at the Municipal Auditorium featuring the artist of the United Artists Record label. Playboy Records held their 3rd annual party and show, with lots of beer and bunnies highlighting one of the wildest events of the week.

Each year the aforementioned events have become pretty standard. This year something new was added to the Friday night schedule. The first annual Federation of International Country Air Personalities (FICAP) banquet and show took place at the Regency Hotel. The second inductees into the Country DJ Hall of Fame were presented. The wife of RANDY BLAKE, who was a Country personality for 23 years, having worked with WJJD, Chicago; and WCKY, Cincinnati, received the plaque on behalf of her husband who passed away earlier this year. In the living category JOE ALLISON, who has worked for more than twenty years at a variety of Country radio stations, was on hand to accept his induction in to the DJ Hall of Fame. WWL, New Orleans, personality CHARLIE DOUGLAS, who is the President of the newly-founded organization, spoke at the function about the goals of FICAP. Only time will tell if FICAP will survive. It was good to be part of a beginning. Keep your eyes on this group, they have some excellent ideas.

Visiting conventioners prepare to enter the Municipal Auditorium to take part in one of the many events that took place there.

Pictured at the first annual Cin-Kay Records champagne brunch are (standing) Tom Collins, Operations Director WDEE Detroit; an unidentified hitchhiker; artist Ernie Dunlap; Bob Fuller, WSLR, Akron; artist Al Bolt; Dusty Rhodes, Program Director WXOX, Bay City, Michigan. Sitting are Cin-Kay artists Linda Cassidy and Rick Smith.

R&R columnist and National Promotion Director of Con Brio Records Biff Collie shows guests around the recording studio. Con Brio sponsored a recording session-party for the radio convention-goers.

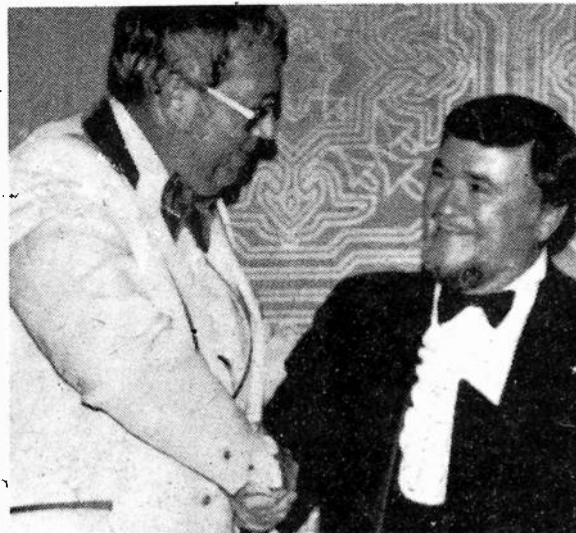

KRMD, Shreveport, Operations Director Marty Sullivan (right) receives the medium market DJ of the Year award from WHO, Des Moines, air personality Billy Cole.

Nationwide Sound Distributors held their annual Chili and Suds party for the visiting radio community. Shown at the party are (left to right) Tom McEntee, GRT Records; David R. Snow, WWOL, Buffalo; Larry B., WUBE, Cincinnati; Betty "Mother Hype" Gibson (who was talking to KVOD air personality Billy Parker at the time of this shot. Smile Billy!); Mike Davis, WFNC, Fayetteville; and Joe Gibson of NSD.

Carson Schreiber of United Artists Records leaks another hot item to R&R.

POP/ADULT NOTES

BY MIKE KASABO

Be on the lookout for the new Olivia Newton-John album titled after her current hit... "Don't Stop Believin'." The album also contains her new single "Every Face Tells A Story."

One of the very top superstars of the sixties, Roy Orbison, got a heavy airplay lift with his current release "Born To Love Me" at Atlanta powerhouse WSB.

The Roger Williams record "Cast Your Fate To The Wind" is showing impressive action in New York. WNEW Lists it as their 9th biggest.

The label that originally gave you Captain & Tennille, now comes up with another group called Highway 101. Their song is "Every Moment" and, of course, the label is Joyce. The song went right on KHOW and WSB.

The new Manhattans "I Kinda Miss You" comes in a long (5:35) and short (3:40) version.

Also just out in the field is the Helen Reddy single "Gladiola" from the "Music, Music" album.

One of the week's most active records, "Tonight's The Night" by Rod Stewart, is tearing up Houston. It jumps 12-3 at KULF.

WSM reports very big phone action on the Gene Cotton record "You Got Me Runnin'" on ABC.

Stevie Wonder's "Isn't She Lovely" appears to be stepping out as one of the lead cuts from "Songs In The Key Of Life." Bob Swanson, KEX, reports playing a version edited by the station's production department. Their's runs about 3:30, which is half of the original running time.

Maybe Deodato won't have to wait until 2001 for his next hit... his latest "Peter Gunn" just went on a couple of heavies WIOD, WMAL. The Faragher Brothers picked up WHIO and WSAV this week with a solid jump at KWAV 22-12.

The Gladys Knight record "So Sad The Song" is already in "hot" rotation at WIP and WHIO.

The brand new Paul Williams went right on WTMJ, WREC, and KRKK. We'd like to welcome some new reporters to the Pop/Adult section of R&R. Allen Anderson-WIOD, Miami...I'm told that the calls stand for Wonderful Isle Of Dreams... KAYK (K96) Provo will be represented by Dave Foxx...and Jim Racey will report in from WCHV, Charlottesville.

If you've missed Chuck Buell lately, he can be found in Houston performing daily on KULF. Buell is one of the best around and I'm sure the station is happy to have his services.
