### LETTER TO THE PUBLISHER

Dear Mr. Miller:

I want to thank you for your fine article on James Graves, our producer of KXLU's Nite Journey. The information expressed in the article was greatly appreciated by the staff and management of KXLU-FM. Nite Journey is an important program for our community as it increases the exposure for Jazz composers and musicians that are not regularly heard on other stations.

In addition, your publication, Black Radio Exclusive, like many of the fine radio programs heard in Los Angeles that do a good job on presenting "America's classical music" are a great service to the people and community which we serve.

Again, thank you for your article, and I hope you will continue to listen to Nite Journey and enjoy hearing many of James Graves and Barry Thomas' special in-studio guests.

Sincerely,

Mark Morris

## GILREATH, SMITH MOVE TO GEFFEN RECORDS

Eddie Gilreath

Los Angeles: Record industry veteran Eddie Gilreath and former Arista Records staffer Richard Smith have been named to positions at Geffen Records.

Sources say that Gilreath, most recently holding a marketing and sales position at Elektra Records, will handle sales and marketing for all Geffen product.

Smith, who worked in promotion for Arista Records, will handle similar chores for Geffen's black artist roster.

Although it could not be confirmed at press time, there is speculation that Geffen Records is seeking to hire an executive to handle black music A&R responsibilities.

No stranger to the WEA record companies, Gilreath has also executive roles at Island Records and Warner Bros. Records.

Both Gilreath and Smith will report to Geffen president Ed Rosenblatt.

The new Geffen executives will be based in Los Angeles.

## MILWAUKEE STATIONS REQUEST EMERGENCY AID

Milwaukee: After suffering massive damage to their tape/LP libraries following a flood that hit the city on August 6, radio stations WYMS and WNOV are requesting help from record companies and other stations across the country. Disc jockey samples of blues and jazz product are needed, according to Mannie Mauldin, Jr., an executive producer for the stations. WYMS and WNOV have gained notoriety in their market for being stations that are "manned" by

female jocks--both black and white. Both stations feature a blues and jazz musical format.

Product can be sent to: 3790 N. 37th Street, Milwaukee, WI 53216, or Mauldin can be called collect at (414) 444-4004.

## MOTOWN TO LAUNCH \$65 MILLION TV PRODUCTION SCHEDULE

Los Angeles: Motown Productions plans to launch a \$65 million television production schedule in addition to several theatrical, home video, cable and Broadway projects.

Motown's first dramatic series (on the ABC network) is set for this fall, along with a late-night talk/variety show in first-run syndication. The company is also developing properties such as "Be My Baby: The Ronnie Spector Story," a miniseries, and "Murder At the Met," a one-hour drama.

This year, Motown has production and/or development projects with all three networks, Cannon, Disney (TV and film), HBO, King World, MCA, Home Video, MGM Showtime and Tri-Star, according to Suzanne de

Passe, president of Motown Productions.

The company's involvement in TV production began in the late 60's with NBC specials starring Diana Ross and the Jackson 5. Its feature-film production began with the 1972 "Lady Sings the Blues."

## SUTTON AND JONES SPEAK TO BLACK AVIATORS

Orlando: Percy E. Sutton, Chairman of Inner City Broadcasting, and Bob

Jones, Motown's Director for Press, Publicity and Artist Relations, were guest panelists recently at the 15th Annual Convention of the Tuskegee Airmen.

During the convention, more than \$30,000 in scholarships were awarded to 26 men and women seeking a career in the field of aviation and aerospace.

Percy E. Sutton

Jones and Sutton shared their expertise and insights with Tuskegee Airmen on how to increase the organization's fund-raising capabilities and generate more media exposure for its 30 chapters located across the United States, Europe and Japan.

## "ATLANTIC RHYTHM AND BLUES" ANTHOLOGY RECEIVES AWARD

New York: The critically acclaimed musical anthology, "Atlantic Rhythm and Blues/1947-1974," was awarded a Gold Medal for Illustration at the 65th Annual Exhibition of the Art Directors Club.

Released in November, 1985, the anthology contained a seven-volume collection of 186 classic recordings released by Atlantic Records during the company's first 27 years of operation. The art director for the project was Bob Defrin.

In town recently on a brief tour of the Midwest was **SHIRLEY JONES** who, at the present, has the hottest record in Chicago. **REGGIE BARNES** of Manhattan Records held a luncheon for Shirley so naturally, upon meeting her my first question was: Shirley! Do you get enough love?

Her answer knocked me off my chair when she related that she did indeed get enough love—and that she'll be marrying **HAROLD HUBBARD** of **THE HARLEM GLOBETROTTERS** in June '87. In fact, Shirley has just taken residence in Atlanta to be close to her future hubby.

Sigh! Well, I then went on to ask Shirley what her two sisters have been up to. **BRENDA JONES** is living in Atlanta, she said, and busy being a full-time mommy. **VALERIE JONES** is attending school in Detroit. There have been lots of offers for **THE JONES GIRLS** to reunite and record an LP—and Shirley says they definitely plan to do that in the near future.

On Sept. 1, Shirley heads back to L.A. to put her new solo show together, and she's considering doing a tour with **ASHFORD AND SIMPSON**. Enterprising Shirley has her own publishing company and she's also starting an Atlanta-based limo service with her fiancé (who's into real estate when he isn't out trotting around the globe.) "The best and safest place for your money, where you know you'll get a return, is the ground," she confided, "and it's not six feet under!"

Shirley told me to extend her hopes that everybody out there is getting enough love ("Like me," she laughed). And what advice does she have for those of us who aren't?

"Hang on in there because the right situation is right around the corner," she promised.

And my only response to that is: What corner is that? What street is it on?!

Motown's **JAMES COCHRAN** and **BEN SHEATS** hosted a listening party for the **LIONEL RICHIE LP** at Chicago's Limelight Disco. Represented at the affair were retail/wholesale, black/urban/pop radio personnel from all across the Midwest. Motown is not only interested in selling the new Lionel LP, but his catalog, as well. The evening began with his songbook as the guests ate and got acquainted. Unfortunately the disco was filled with people and the speakers were situated where the full quality of his new LP was muffled.

For those who really tried to listen, the LP got a favorable review. For the

others, most did not like what they heard—or rather, preferred to reserve their opinion until they could get a closer, unhindered listen.

The 57th Annual **BUD BILIKEN** Parade kicked off last Saturday with over 200 marching bands, floats and cars. There were over 600,000 spectators along the two-plus mile route. Among the many celebs in the parade were **MAYOR HAROLD WASHINGTON**, **REV. JESSE JACKSON**, **GOV. JIM THOMPSON**, **MICHAEL JORDAN**, **ESTHER ROLLE**, and radio personalities from **WGCI**, **WLNR**, **WJPC** and **WBMX**. (**BARRY MAYO** flew in from New York to join **WGCI**.)

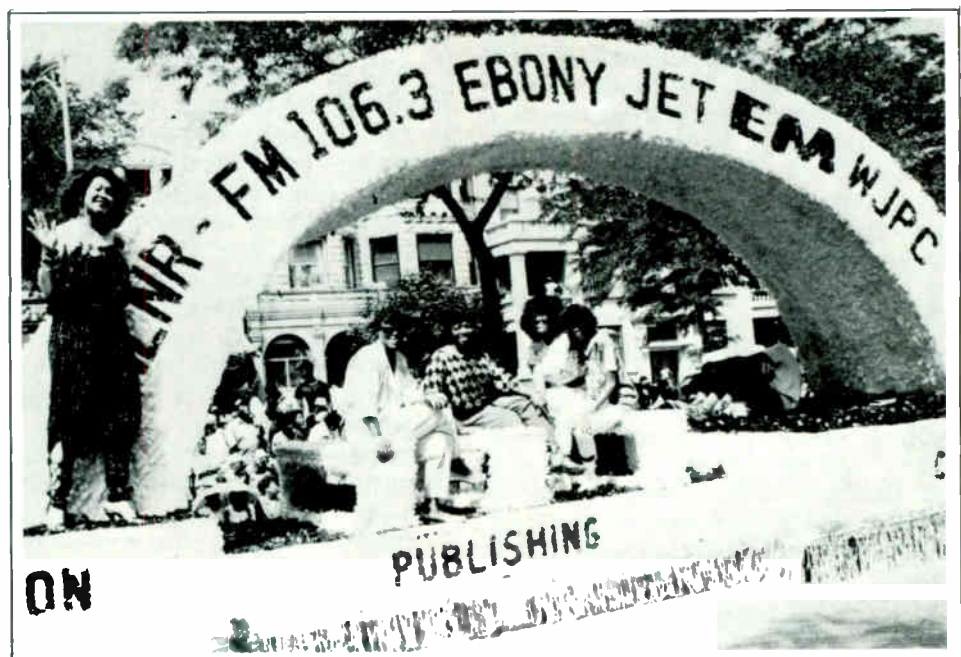

The parade was originally started as a

salute to the kids who sold newspapers for the Defender. All proceeds from the parade go to the Defender Charities.

Chicago is gearing up for what should be its last big musical festival of the year. The Chicago Lakefront Rhythm and Blues Fest '86 will take place on Aug. 22, 23, and 24 at Chicago's Olive Park. Scheduled to appear will be **THE O'JAYS**, **THE MANHATTANS**, **RAY**, **GOODMAN & BROWN**, **ATLANTIC STAR**, **ALEXANDER O'NEAL**, **MELBA MOORE** and many more. Unlike the last fest I reported on, this one is in reason, price-wise. Adult tickets are \$5 and children's are \$3. The location is also much more accessible, and should cater equally to blacks and whites.

(L-R): Reggie Barnes, Manhattan Records; Yvonne Masic, Music Master; Marco Spoon, WBMX; Shirley Jones; Jerry Boulding; Daisy Davis, WBMX; and Ron Carthan, Manhattan Records, at a promo luncheon in Chicago.

The Johnson Publishing entry into the Bud Biliken Parade displays its Chicago radio station and magazine personnel.

## KRE SUCCUMBS TO THE QUIET STORM

As of August 13th, KRE-AM/Berkeley is no more. It's now KBLX-AM. Inner City Broadcasting announced that KBLX-FM "The Quiet Storm" will simulcast over the 1400 AM frequency (formerly KRE).

The reasons cited for the change were threefold:

1. Across the board budget cuts;
2. KRE's low ratings; and
3. The inability of KBLX to reach key sectors of the Bay Area (San Jose, Marin County and East Contra Costa County) due to the troublesome topography of the region.

Those hit the hardest by the 'storm' were the entire KRE airstaff as well as the programming department and two salespeople. A total of 15 people were terminated.

Well, I guess "another one bites the dust." That's two airstaffs terminated in one week (WAIR/Winston-Salem being the other).

## WAIR 'BEAMS' ABOARD THE SATELLITE MUSIC NETWORK

In a related development affecting the 'mortality' of black radio airstaffs, BRE has learned that most of the on-air personnel of Holiday Broadcasting's WAIR/Winston-Salem, NC, were relieved of their duties on Friday, August 15th. WAIR officially joined the "beam team" of the Satellite Music Network's "Heart and Soul" format when the switch was flipped at midnight on Saturday.

Airstaffers affected by the change are PD/MD Ron Lee, Tony Richards, Donzella Hendricks, Cornell Brow and Curtis Dankins. Part-time operators remaining at the station are Liz Michaels, Leon Henry and Tim Jackson.

Cost effectiveness was the reason given for the change. Commercial production duties will be handled by the staff of WAIR's sister station, WSEZ (a "classic rock" station).

As more stations format satellite programming, the future for 'live' jocks seems more questionable. This trend also triggers the question in my mind: "Will anyone ever challenge the license of a "beam team" member on the grounds of little or no local-oriented programming? Stay tuned...

**IS THE SUMMER BOOK IMPORTANT?** BRE continues its look at the importance of the summer book. This

week, we spoke with Ray Boyd, PD/WVEE in Atlanta

## RAY BOYD:

"Every book is important. We try to win them all without a let-up in effort. We're not spending a lot of money, but we are bringing in a lot of sponsors to help subsidize our expenses through trade-outs.

"Our summer promotion theme is called 'The Greatest Summer of Your Life.' We're also tied into major concerts such as Run-D.M.C.'s 'Raising Hell' Tour, The Fresh Fest, the Budweiser Superfest and the Kool Fest. And we're giving away trips to the Caribbean.

"Other VEE-Summer Sprees include Super Summer Cook-outs held at a lucky winner's home with a V-103 jock serving as chef—preparing, of course, great barbecue and all the fixin's. The food is provided by V-103 and a local grocer.

"And if that isn't enough, each month of the summer there's a free party in the park with guest recording artists and great local talent providing the entertainment. They don't call it 'Hot-Lanta' for nothing!"

## RON LEE:

"The summer book is very important for two reasons: 1) It helps us to keep national accounts; and 2) A good summer book helps us to maintain momentum from a local sales standpoint.

To compete in our 'hot' market (Piedmont Golden Triangle), we find it necessary to promote regularly. We're involved with trip give-aways; most recently, a trip to anywhere the winner decided upon.

**THE "MAD HATTER" EXITS WGOK** Flash! When our lovely BRE researcher, Carolyn Riley, placed her

weekly call to WGOK/Mobile, she learned that veteran broadcaster Charles "Mad Hatter" Merritt, had "called in and resigned" from his position as Program Director. We await the next moves of this colorful (and predictably unpredictable) radio pro...

## MAHALIA JACKSON GOSPEL FEST SET IN L.A.

The Mahalia Jackson Gospel Music Festival, set for August 29-30 in Los Angeles, is an annual Western Region event that is expected to be well-attended by Southern California's gospel community - a "target population" of no less, it is estimated, than 50,000.

Sponsored by the Pasadena-based American Gospel Arts Fund (AGAF), an organization dedicated to the advancement, promotion and preservation of gospel's music and history, the festival will feature the Grammy-winning Hawkins Family, Nicholas, and many other musical artists, along with Margie Evans (the White House Spokesperson for Cultural Music).

Also to be featured are gospel preachers, church choir competitions (starring choirs from all over the West Coast), a Gospel Street Fair (with over 100 booths selling food, arts and crafts, garments, books and Bibles). Voter registration booths will be available and Mayor Tom Bradley will be in attendance at the three day-event.

Other sponsors include the West Coast Black Publishers Association (with an estimated readership of 4,200,000), and KDAY radio, which will conduct live remote broadcasts and news bulletins from the event. More information about the festival can be obtained by calling (818) 798-8888.

# TONY GRAY

## TO BUILD A DREAM ON

The following interview with Tony Gray, PD at WRKS-FM/New York, was conducted recently by BRE publisher Sidney Miller.

**BRE:** I would not attempt to imagine how you must feel at this very moment as you have just learned of the fruits of your labor. That is, fulfilling your dream of winning in the #1 market with the highest numbers ever on your very first book!

I spoke to Barry Mayo and congratulated him on the new book. He first thanked me, then told me that he wanted no credit for this book because you deserve it as programmer. So I want to join Barry and black radio across the country in saluting you and your staff on your success.

**TG:** Well, what can I say? I have been blessed in finding myself in a position with a man who says, "What are the tools that you need? Here they are, now go do your job." So because of that, I chose to work in a radio station where the operation is what it should be. The General Manager gives the Program Director what he needs to win and lets the guy do the job. That's the only situation I can work in comfortably. Any other situation, and I don't perform up to my potential.

When I was considering programming job offers prior to taking this position, I wanted to know what my role at

the radio station would be and how much support we would have from the GM and the corporate offices to help the station maximize its potential. Here at KISS, we are all in sync with delivering the very best product possible to the marketplace. Whether I am in New Orleans, Miami, Philadelphia or New York, my objective is to give that listening audience—our target audience—the best radio station that they can get. You cannot accomplish that goal without the support of management and ownership. (It affects) the ability of a programmer to be able to make the necessary moves and adjustments to make a radio station great.

**BRE:** About your competition, Z-100, I would assume that they have a much larger promotion budget. How do you program around that?

**TG:** In just about any market, CHR-formatted stations have a much larger budget than its urban competitor. I have faced this in every market I've worked. My objective has been to take the programming budget that I have and use 'mirrors' to make it look—or appear to be—as large as their budget and then program in an aggressive manner.

The situation here at KISS is really the best I've ever had. When I walked in here they gave me a million-dollar programming budget to work with and

that does not include my promotional dollars on an annual basis. So having that kind of budget to work with makes my job a lot easier.

**BRE:** What basic advice could you offer to a guy in a smaller market with strong CHR competition? How could he mirror his promotional dollars to make them seem larger than they are?

**TG:** It's tough to be specific because each case has its own characteristics which make it a little bit different. What I normally do is study my opponent, see exactly what his weapons are so that I know what I have to defend myself against. Then I try to take my weapons and be as aggressive and effective as I possibly can.

**BRE:** But if they're giving away a car every week, what do you do?

**TG:** Let's say I'm in New Orleans and can't give away a car every week, probably a good countermove would be a dollar promotion where you could attach a reasonably large figure to a grand prize. Maybe my manager and I can put together a package where I can give away \$50,000 in total, let's say, or maybe \$10,000 cash, an automobile, and several trips. A combination of things just to make it look large. As long as it doesn't put my company in the

*Continued on page 18*

hole to compete against a guy who has what sometimes appears to be an unlimited budget.

**BRE:** KISS has often been characterized as a teen-oriented radio station. In this book, however, I notice that you increased in teens *and* adults.

**TG:** This station is still relatively young. I say 'young' in terms of years that it's been involved in this format—five years. That's *young* in comparison to our competitor. WUSL in Philadelphia will be four years into their format as opposed to WDAS having been into their format for a number of years longer.

In a situation like that you have to look at the relationship that a station like WBLS or WDAS has built among black partisans. They've established a 'comfort zone' between themselves and the black community because they've been there so long and it's comfortable to listen to. After all, it's been *the* black radio station for that community for so long. In fighting a radio station like that, my feeling has been, sure, they've got a head start, but I can run a little bit faster.

I just try to present the very best product to the consumer. And under those circumstances, the consumer will select the best product.

**BRE:** Let's talk about your music. I've been listening to the station over the past few days and I detect a definite shift in your sound during certain time periods. Is this a programming ploy to increase adult listening?

**TG:** A smart radio station has a target audience. You know who you can attract and then you direct the station at that target audience. An even smarter radio station may have some demographic shifts during the course of the day. Then you make adjustments with the music presentation and in some cases, the entire package. The object is, of course, to maximize your attractiveness to the available audience. We do some day-parting here and we make some minor adjustments, quite honestly, in almost every hour. The radio station is positioned to attract its maximum potential audience at all times.

**BRE:** What about crossover? How do you feel about artists who give you music that is obviously targeted more to CHR than your black base?

**TG:** That's a funny question. I am not in the record producing business. My business is to attract as large a listening audience as humanly possible with the ability that God has given me. I think

it's a mistake for artists (particularly black artists) to make a concentrated effort to attract someone that they might not be able to attract. I think you're pretty safe in knowing what the black lifestyle is like. In my mind, I feel you have a better chance of doing well with black listeners than you do with general market listeners.

I like to see artists do well outside of the black format. Artists like Michael Jackson, Tina Turner and Lionel Richie all do well on other formats. But my line of thinking is they have to do well with *us* (that is, the black listeners) first, and if somebody else wants to listen to their records, fine.

If I were a recording artist and had the ability to sing like Michael Jackson, I would not make a concentrated effort to appeal to anyone else. I would try to make records for the people who have supported me for a number of years and will always be there as long as I give them good music. I would always strive to keep them happy.

**BRE:** I totally agree. Are there any major artists who have big records that you did not play out-of-the box or not at all?

**TG:** There are not a lot of records that I play out-of-the-box because they are made by a particular recording artist. I play records out-of-the-box because they are hit records. Anybody can have a stiff.

As to how great you are, any programmer can have a bad box, no matter how good he may be or how strong his track record may be. So I try not to judge any artists on the name factor alone because they may not always have a great record. I always hope they do because it makes my job easier when they do.

A new artist like a Gwen Guthrie, who doesn't have a track record, is doing very well in New York.

**BRE:** I see black radio evaluating every record and if they feel that the artist has moved too far out in left field, they are abandoning out-of-the-box airplay.

**TG:** Black radio, as you well know, Sidney, is a business. This radio station we are sitting in today is a \$45–50 million dollar property—and it's not a game to be played with. The people who own this property expect results. If my boss doesn't deliver the bottom line that they expect, he can have problems. And if I don't deliver the results that he expects, I can expect problems. It's just as simple as that.

**BRE:** Tell me about some of your stops along the way.

**TG:** St. Louis is my home. I started

hanging around KXLQ/KATZ. I used to listen to KXOK when I was a little kid, that's where I started.

I moved from St. Louis to Normal, Ill., home of Illinois State University. From there to New Orleans and across the country. I've liked most of the cities I've worked in and I learned from every city.

**BRE:** Tell me about your staff.

**TG:** My people are the front line. I think we have one of the strongest air staffs in the country. Our morning guy, Chuck Leonard, has been in this market for years and has tremendously high name recognition. Chuck does an excellent job on the morning show.

My mid-day guy is Chris Welch who is just as excellent and is probably one of the best studio mixers I've seen in my entire life.

Our afternoon talent, Carol Ford comes to us from Cleveland. To my ear, she's the best female jock in America—black, white, Hispanic, or whatever.

From 6–10 p.m., our easy evening jock is Roshon Vance, who has worked for me in several other markets and is the best format executionist in the country. He has a unique personality that has gained him recognition in every market he has ever worked in.

He is rapidly gaining a strong following in New York City and probably is the most talked about personality on the station. His air name is J. R. Vance, "New York's Ugliest D.J." People want to know what the guy looks like, and he generates a lot of street talk.

From 10–2 a.m., we have Yvonne Mobley. She's been with the radio station a couple of years now and is an excellent talent. She has mastered the art of transferring honest warmth through the radio. When you listen to her show, you can tell that she sincerely enjoys what she's doing. She has a real feel for wanting to please her listenership. For me, this has always been a key to success in our business.

On the overnight shift from 2–6 a.m., we have Jheri Young. While he is relatively new in the business, he's coming along very well.

Robin Washington is our music coordinator and she, too, is doing a real good job.

That's our front line. The other folks around the station are not as visible but are just as key to me as a program director. The GM gives the PD the tools he needs to do the job, and then allows the guy to do his job. If I have to sing anyone's praises in the four months that I've been here, that's what Barry has done for me. He has given me what I needed to win. He says, "All right kid, go ahead and do your job," and that's all I have ever wanted.

### VARIOUS ARTISTS

#### STAND BY ME

COLUMBIA 7-81677-1-E

This Rob Reiner film is getting rave reviews from the critics, not to mention its success at the box offices this summer. The soundtrack includes classic '50's material...Shirley and Lee do "Let The Good Times Roll" while the DelVikings contribute "Come Go With Me" and "Whispering Bells." The Coasters version of "Yakety Yak" and cuts by Ben E. King and The Bobbettes round out a nice set. With the Beatles now returning to the charts due to film soundtrack releases, this collection of musical gems could show up as well. Demos: Adults.

### LIONEL RICHIE

#### DANCING ON THE CEILING

MOTOWN

Here's an impressive collection from hit man Richie that's surely destined for "classical" status. All eight cuts are ready for radio--with the Oscar-winning "Say You, Say Me" and the current single "Dancing On The Ceiling" having already scored multi-format success. Others getting attention now include the reggae-tinged "Se La," the soulful "Love Will

Conquer All" and the ballad "Ballerina Girl." Demos: All.

## SINGLES

### STACY LATTISAW

#### NAIL IT TO THE WALL

MOTOWN 4563MG

Produced by mixmaster Jellybean, this high energy jam is about to break big on the airwaves. State of the art sounds and a jumping up-tempo beat mix with Stacy's impassioned vocal performance. A Must! Demos: Young Adults, Dancers.

### DOMINIQUE

#### DON'T GET TIRED ON ME

TUCKWOOD 107

We think the women of America will be able to relate to this idea, just as dancers will be able to dig the beat. Dominique recalls shades of Phyllis Hyman with her strong performance. Demos: Young Adults, Females, Dancers.

### RUBY TURNER featuring JONATHAN

#### BUTLER

#### IF YOU'RE READY (COME GO WITH ME)

JIVE/RCA 1027-7

Producer Billy Ocean reworks this classic, originally performed by the Staple Singers. Turner's voice is

dynamic, the arrangement is fabulous, and the overall sound will make you happy to hear it again. Demos: Adults, Young Adults.

### WILLIE COLON

#### SET FIRE TO ME

A&M 2845

There's something about this cut that sets it apart from the pack. Electronic sounds, a haunting melody and a cool calypso beat come together under the production helm of Willie himself. Demos: Adults, Young Adults.

### WALTER BEASLEY

#### BACK IN LOVE AGAIN

ELEKTRA 7-69522

Lionel Job produced this smooth, soulful groove, adding jazz flavorings to an authentic Pop/R&B tune. Alluring tones from Beasley glide the listener through a romantic musical experience. Demos: Adult Males and Females.

### THE BOOGIE BOYS

#### DEALIN' WITH LIFE

CAPITOL V-15245

These rap masters have an upscale sense of style, but don't let that fool you. The rap is hard! Excellent production from Ted Currier underlines the streetwise themes. Demos: Dancers.

## EPIC'S RAY ANDERSON WEDS IN JAMAICA

Billy Bass, record industry veteran and BRE consultant, provided the following account of a very special wedding that took place last Saturday:

"REV. HAY spoke softly with a voice as beautiful as the wind as he joined Epic's VP/Operations RAY ANDERSON and the lovely MARY ELIZABETH BARTLETT in matrimony at romantic Runaway Bay in Jamaica," said Bass.

"Accompanied by the sound of crashing waves against the seashore, a four-piece Jamaican band played a reggae version of 'Here Comes The Bride' as family and well-wishers from all around the world witnessed the Bartlett/Anderson union. In a fitting finale to the evening's festivities, a spontaneous rendition of THE FALCONS' R&B classic 'So Fine' rang out joyously in salute to the newlyweds."

BRE congratulates Liz and Ray!

Beaming newlyweds Liz and Ray Anderson receive certificate of marriage from Rev. Hay after ceremonies in Runaway Bay, Jamaica.

## SINGLE OF THE WEEK

**RICK JAMES  
FOREVER AND A DAY  
GORDY**

Rick kicks up some dust with this bullish effort featuring a monster hook. The consensus at BRE is that this is the baddest jam since "Super Freak." The big beat and an infectious mid-paced groove make it a must for the dance floor as well. Demos: All.

## ALBUM OF THE WEEK

**THE DAZZ BAND  
WILD AND FREE  
Geffen**

Dazzling us with an explosive group of hot music hits, these party maestros seem destined to have yet another major smash. Demonstrating a touch of Minneapolis sensibilities, Dazz never lets up throughout the entire LP. "Wild And Free" and "Body And Mind" get side one off to an electrifying start. By now everyone has heard the current single "LOVE M.I.A."

## MCA RELEASES 12 TITLES ON IMPULSE

Michael Martinez

It's a dream come true for Ricky Schultz! As executive director of MCA Jazz/Zebra Records, Schultz has realized a goal in the release of 12 titles on the much-lauded, newly resurrected Impulse! label.

As Shultz told BRE some weeks ago, the label will be releasing a mixture of music from Impulse's catalog which teems with some of the most coveted names in the idiom, and music by young pioneers and keepers of the jazz light.

In this first batch, jazz luminaries Charles Mingus, Art Blakey, Benny Carter, Oliver Nelson, Quincy Jones, Ahmad Jamal, Sonny Rollins, Gil Evans, John Coltrane, Duke Ellington with Coleman Hawkins and Count Basie represent some of the depth and width of the Impulse! catalog.

These releases, all attractively packaged, include liner notes on the artist and the work being presented, providing the record buyer with some historical perspective on the artists and the music.

Even if you've got a low-end stereo system, the clarity of these audiophile oriented, digitally remastered discs, etched into virgin vinyl, will make you want to go to your local electronics store and upgrade to see what you're

missing. These titles were also released on top quality cassettes and CD's simultaneously.

In addition to past works by acknowledged jazz masters, two new artists' work came with this initial release.

Veteran pianist Henry Butler gets his recording break with Impulse! The album titled "Fivin' Around," features New Orleans native Butler with stellar performers such as Charlie Haden, Billy Higgins (he's performed live with both), Freddie Hubbard, Azar Lawrence, Jeff Clayton and Steve Kujala.

Butler, a versatile stylist, is often percussive and shows his strong bayou roots on much of the music. Standout tracks on this album include the title track, solo dirge "Improvisation of an Afghanistan Theme," "Giant Steps" and "Butler's Blues."

Joining Butler as the first new artist to be released on Impulse since MCA acquired the label from ABC Paramount is trumpeter Mike Metheny on "Day In—Day Out."

With his famed guitarist brother Pat joining him, Mike's music exudes some of the same ethereal qualities as the more famous sibling's music. The self-produced album also features players like Rufus Reid, Dick Ogren, Tommy Ruskin, Mitch Coodley, John Lockwood and Bob Tamagni.

Qwest recording artist Ernie Watts (seated center) recently conferred with some of those responsible for his upcoming LP, *Sanctuary*, scheduled for a September release. Watts recently opened a new music publishing company, Urban Renewal Music, a BMI affiliate. Bug Music Group will administer the company's work. Pictured (l-r): Dan Bourgoise, Bug Music; Harold Childs, president, Qwest Records; Dexter Moore and Allan McDougall, both BMI executives of writer/publisher relations; and Nancy Meyers, Watts' personal manager.

# CONCERT REVIEW

By Carolyn Riley

**BILLY OCEAN AND MELI'SA MORGAN  
AT THE UNIVERSAL AMPHITHEATRE**

Billy Ocean's weekend performance at the Universal Amphitheatre in Los Angeles can be easily described: He turned the place out. Playing to a capacity crowd, Ocean had the audience in the palm of his hand throughout the evening.

From his hard-rocking opener "Showdown," and the bittersweet "Mystery Lady," to a beautiful rendition of The Beatles' classic, "The Long and Winding Road," Ocean was in full control. His latest single, "Love Zone," was also very tastefully done and well-received by his fans.

Ocean's very international band (sporting players from the Caribbean, England, Shanghai and L.A.) was excellent. Ocean himself, played several instruments and as if his playing and vocal skill weren't enough, the Trinidad-born artist proved to be a fancy dancer of the highest calibre.

Dressed in a stunning white suit, the very handsome and sexy Ocean had no trouble getting—and keeping—the jam-packed crowd on its feet. Let me be bold and speak for everyone who saw Ocean that night: The man was hot!

Opening the evening was Meli'sa Morgan whose massive blonde hair-do caused a few gasps from the audience. "I know you're all wondering 'who is that lady up there with all that hair,'" she grinned. "Well, it's mine and I can handle it."

Clad in a sexy, skintight white gown, Morgan was in top form on "Do You Still Love Me?"—a song that caused some of the men in the crowd to yell "Yes!"—and Prince's "Do Me Baby." Morgan is still new to the solo spotlight (she was a top background singer for several years), so it will be interesting to see how she progresses as an artist in her own right. At the Universal Amphitheatre, she proved that she has the flair to go far.

# GRAPEVINE

Celebrity support for black colleges is on the rise. **NEW EDITION** gifted the United Negro College Fund with \$10,000 and last month, **WHITNEY HOUSTON** and fashion model **IMAN** each contributed \$2,500 to the Fund. Over the last year, **MICHAEL JACKSON**, **TINA TURNER** and **DARRYL HALL & JOHN OATES** are stars who have also contributed funds to **UNCF**.

Whitney Houston, by the way, has been chosen by Harper's Bazaar as one of its 10 most beautiful women of the year.

**BILL COSBY**, we hear, threw a big "I love my wife" party at **ASHFORD & SIMPSON's** Manhattan restaurant 20/20. In addition to their foray into the culinary world, the talented pair will appear on daytime soap opera *One Life to Live*, set to air on August 25, and they recently taped a segment of *The Equalizers*, which will air this fall.

**MILLIE JACKSON** has just finished recording her new LP for Jive Records, headquartered in England (and distributed by RCA). The title of her single is *Hot! Wild! Unrestricted Crazy Love* and it'll be released later this month. Hopefully, this new product will re-establish Jackson as one of our top female singers (and the original "Nasty Girl," **VANITY** aside).

Our own **RUTH ROBINSON** is the contact person for an event being staged by Very Special Arts, an international organization dedicated to enriching the lives of children, youth and adults with disabilities.

Scheduled for September 24, a fundraising concert will take place at the Patriot Center in Washington, D.C.

If you're a big jazz lover and are planning a trip to Southern California next month, check out the Seventh Annual Long Beach Blues Festival, culminating in a Blues Weekend at California State University, Long Beach on Saturday and Sunday, September 20-21. More info on the event can be obtained by dialing (213) 498-KLON.
