# EQUITY HOLDS DEFAT AT SHUBERTS

## Ultimatum To P. M. A. Demands Expulsion

### CLAIMS DISCRIMINATION IS SHOWN

#### DECISION THIS WEEK

##### FEAR OF "EQUITY SHOW"

Will Cause Managers To Stick Together, Is General Belief

New York, Jan. 16.—Even what would be deemed injudicious and unwise when the directors of Equity that the Shuberts be expelled from the Producing Managers' Association it is probable that the principal will consent to their expulsion if it is understood that enforcement here has been held by the managers and the belief is general that they can best serve their interests by all working together.

Some have expressed their belief that if the Shuberts were expelled Equity would force the "Equity show" on them and that this would prove the existing wedge for its application to all managers. As it now stands in regard to the idea of the "Equity show" it is said that this will lead to hold them all together. Irrespective of the merits of Equity's case, in this event it is not known what Equity's attitude will be and Equity officials will not discuss themselves on this point.

New York, Jan. 16.—Striving to find out what it were a settled policy on the part of the Shuberts to discontinue active management of the business, the Acting Equity Association delivered an ultimatum this afternoon to the Producing Managers' Association to expel the Shuberts from the P. M. A.

A committee consisting of Frank Gilman, executive secretary of the Acting Equity Association; Derrick Bryant, executive secretary of the Chorus Equity Association; Tom Dine, representing the American Federation of Musicians; William McKinley Murphy, executive secretary of the Alliance of Theatrical Stage Employees; and Hugh Ferguson, business manager of the American Federation of Labor, by letter, and a committee consisting of the Producing Managers' Association composed of Sam D. Har-

ris, president of the P. M. A.; George Dixon, secretary of the P. M. A.; and Arthur Hopkins by appointment of the P. M. A., headquarters 211 West Forty-fifth street, at 3 p. m. today and delivered a letter demanding the expulsion of the Shuberts from the P. M. A. and a list of particulars giving certain cases which had concerned the Equity show. The Shuberts were principally discriminated against Equity members, but accordingly, but according to a fixed policy.

At that point this afternoon Frank Gilman acted in the representative of all the New York papers and together with John Hennessy delivered a statement of Equity's action and requested Equity to rescind the ultimatum.

The letter demanding the Shuberts' expulsion from the managers' association is as follows:

January 15, 1931.

Producing Managers' Association: Gentlemen—With regret we admit herewith definite charges of fraud and continued violation of the basic agreement between us of September 8, 1919, by the Messrs. Lee and J. J. Shubert. These reveal, among other things, subtle discrimination, failure to give contracts, failure to pay according to contract, and dismissal of actors who accept of such failure.

The implied policy of the Messrs. Shubert clearly evidenced by these violations is opposed to the spirit and letter of your members, who live up to this agreement and with whom we have worked in harmony, and for this reason, and also because you are the guarantor of performance in good faith of such producing members and therefore cannot coexist with a policy, we request your readmission of these charges, that all relations between you and the Messrs. Shubert be severed.

THOMAS DEY TRUST,

ACTING EQUITY AGENT,

FRANK GILMAN, Exec. Sec.

DERICK BRYANT, Exec. Sec.

Another letter accompanied this which notified the managers that Equity was going to give the matter the strictest publicity. This was an ultimatum.

January 15, 1931.

Producing Managers' Association: Gentlemen—In view of the fact that publicity is required in the matter re-

ferred to in our communications of reference cannot be avoided, and we wish it to be made clear that our aim consisted in this time to expel the Shuberts and their associates, we are this day giving these communications to the press.

THOMAS DEY TRUST,

ACTING EQUITY AGENT,

FRANK GILMAN, Exec. Sec.

DERICK BRYANT, Exec. Sec.

The statement for Equity following the Shuberts were disseminated against your members was mailed to the P. M. A. it is to be desired.

January 15, 1931.

Producing Managers' Association: Gentlemen—We charge Messrs. Lee and J. J. Shubert with intentional and continued violation of the basic agreement between us of September 8, 1919, and of the individual contracts made thereunder. These violations, in the main, consist of subtle discrimination, failure to give contracts, failure to pay according to contract, and dismissal of actors who accept of such failure.

It seems almost unnecessary to formally state facts appearing the charges first made, which are common knowledge in the theatrical profession and we therefore will your attention to the most vital to each, accurate and easily ascertainable facts affecting while completed.

We wish you to know, however, that we have at hand a large volume of contracts, their compliance and adherence to give complete, accurate and easily ascertainable facts affecting while completed.

As you know, for some time after the making of the basic agreement, certain studies to those which we have said were made the basis of technical complaints and objections.

The breach of the basic agreement is that each of our members who have an Equity contract, that the conditions of this contract shall be observed by our members will be discriminated against.

Our investigation shows that in violation of these basic agreements that

in the following productions controlled by the Messrs. Shubert, the following casts appear:

In the "Martina," "Fanning Show of 1929" and "Cinderella an Broadway" we have seen if contracts are given to all members are required to give other independent contracts, which call for at least some performance with Equity performance in addition) without extra compensation, or standard conditions with a rider requiring the actor to give also performance and Sunday performances, if any, without extra compensation.

In the case of "The Fanning Show of 1919" the same conditions obtain, and in addition members are required to agree to give unlimited releases without extra compensation.

In the "Hudson" Company the standard conditions obtain, but members are required in consideration of an additional period of 30 to give extra performance.

In this company members was advised or being employed that the salary was not weekly (this being the average wage of that time), but in signing the members were advised only that weekly statement that they agree to the other above mentioned. In every case we have investigated we find that the standard amount was refused when member agreed to sign the rider.

In the "Hudson" Company initially members agreed to go on the road were refused contracts and payment has not been offered for extra performance, and in cases where it has been asked for the demanding member has received his or her salary. In this company we are advised that other members were promised \$40 weekly on the road and not received. It made objection, and thereafter the Messrs. Shubert agreed to make the payment as promised, but in other cases members were refused contracts and a manager asked to sign when it was demanded by such other members.

In "The Fanning show of 1929" the above members were requested to rehearse more than four weeks without compensation for extra performance and have received no written contract.

In "The Chateau of 1929" members engaged after the making of the basic agreement were with it occasionally refused any contract and were not paid for extra performance and in the case of such members of the show they were not paid the minimum salary of \$10 weekly, but only \$15. In the last year of "The Fanning Show" we are advised that several of the performers a work were performed. That such members who were engaged after the making of the basic agreement were not paid for extra performance.

GET WHAT YOU PAY FOR

Advertising space in The Billboard is sold to advertisers only on the following guarantees:

- 1. That The Billboard has the largest net paid circulation of any weekly theatrical newspaper in the U.S.
2. That the circulation of The Billboard is nearly twice the circulation of all the other theatrical newspapers combined in the United States and Canada.
3. That the net paid circulation of The Billboard is four times larger than that of its nearest competitor, fifteen times that of its second nearest competitor, and twenty times that of its third nearest competitor.
4. That the number of paid-up subscriptions to The Billboard is greater than the total sales—both subscriptions and advertisements—of any of its competitors.

Don't accept The Billboard's or anybody else's claims. It is the duty of those who spend money for ADVERTISING (or anything else) to secure the EXACT FACTS. Our subscription lists and circulation books are open to anyone in search of Advertising Truth. Or, if you prefer, we will mail you our Circulation Manager's sworn statement of circulation for the past year, by weeks, months, dimes and districts. And The Billboard's circulation is 100% show world circulation.

Merely a performance of the lower strata showing dramatic observation of the scene—second battle for the South of the American continent occurred, the scene took its way like a human, perhaps, the scene took its way like a human, perhaps, the scene took its way like a human, perhaps,

Which the war is not shown in the same atmosphere as previous stage a potentiated performance of the humanity may show as the next installment.

We expected a lot of comedy and an amusing plot in the first half of the play, which through the use of a comedy troupe we see through the eyes of the audience on the first day, but we saw a low level in an evening scene.

There are many other characters, but some are not so well defined. The plot is very good, and the comedy is very good. The plot is very good, and the comedy is very good.
