THE LONG RYDERS

NAILS

RAMONES

ROBERT QUINE  
FRED MAHER

JOAN JETT AND  
THE BLACKHEARTS

**XTC The Big Express** (Geffen, c/o Warner Bros., 3300 Warner Blvd., Burbank, CA 91510)—Here we go again. . .Sigh. Andy Partridge has once again come forth with another mostly brilliant XTC album, as usual fully deserving of critical acceptance (certified herewith) and massive airplay (wishful thinking). This time around we're particularly intrigued by "This World Over" (a Police-ish ballad that could be a hit), "Wake Up" (wild production and sharp lyrics), "I Remember The Sun" (another almost-hit), "All You Pretty Girls" (best for AOR), and "Liarbird" (upbeat and cynical). The remainder, for those inclined, are more exploratory and wild. Let's hope for the best—maybe this time around justice will be served.

**REPLACEMENTS Let It Be** (Twin/Tone, 445 Oliver Ave., So., Minneapolis, MN 55405)—A great hard hitting power pop record that offers something for everyone. Yet as much of a team effort as this LP is, *Let It Be* is truly highlighted by Paul Westerberg's quirky but astute songwriting sensibilities. At times it's almost as if the Replacements don't pay much heed to their playing, but that's their goof on us and it's what makes this record loads of fun, especially on "Seen Your Video" and "Tommy Gets His Tonsils Out." All in all, there ain't no phoney rock 'n' roll on this gem of a record. Other standout tunes include: "Unsatisfied," "I Will Dare," "Favorite Thing."

**HEAVEN 17 How Men Are** (Arista, 6 W. 57th St., New York, NY 10019)—On *How Men Are*, Heaven 17 mines the past to push their synthesizer music one step further. The female backing on the wonderful single "Sunset Now," the keyboards and vocals on "The Fuse," and the horns and harmony on "This Is Mine" are lifts from '60s R&B, but help make those tracks among their most appealing ever. This LP represents Heaven 17's best chance of breaking open to a mass audience, in much the same way as labelmates the Thompson Twins did earlier this year. Fans of old style Heaven 17 should stick with "Five Minutes To Midnight," a traditional synth pop number with wild production.

**THE LONG RYDERS Native Sons** (Frontier, P.O. Box 22, Sun Valley, CA 91352)—On their first full length LP (they had an EP on PVC in '83) the Long Ryders recall the great country rock bands of the late '60s/early '70s—the Byrds, Flying Burrito Brothers, Poco and NRPS—keeping true to their roots (you'll even hear banjo, pedal steel and mandolin) with inspired authenticity. The vocal harmonies and textures lend added appeal and are best represented by the tracks "Still Get By," "Wreck Of The 809" and "Ivory Tower" (with harmonies courtesy of ex-Byrd Gene Clark). The picking and production are outstanding, led by teaming jangly acoustic guitars with the fuzz-twang of the electric guitar. Recommended: "Too Close To The Light," a ballad that takes off with a punch and lands light as a feather; The stompin' Amerockana of "Final Wild Son," "Ivory Tower," a richly layered lament, and the ranting "Run Dusty Run." Ryde on!

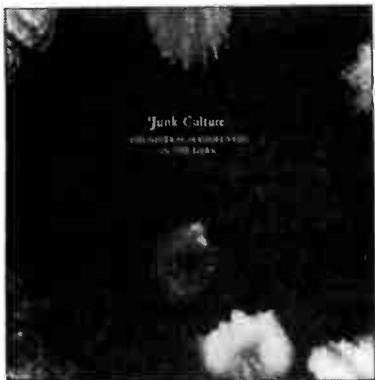

**NAILS Mood Swing** (RCA, 1133 Avenue Of The Americas, New York, NY 10036)—A potent New York street record that takes Jim Carroll-style beat poetry and sets it to a cross between AOR and modern rock. Fans of their *Jimbo* EP will be surprised at the clarity of the production and the accessibility of the music, but the edge that emerged through the EP's muddy sound is still sharp. Check out the new version of "88 Lines About 44 Women," which is even more startling now that the words are understandable. Also notable are "Every Time I Touch You," "Home Of The Brave," "She Is Everything To Me" and "Mood Swing."

**RAMONES Too Tough To Die** (Sire, c/o Warner Bros., 3300 Warner Blvd., Burbank, CA 91510)—Wherein the Ramones fight to regain their old turf on their own terms without losing too much of whatever commercial obstacles they've conquered. So we're given a few of the hardest rocking Ramones songs we've heard in years—with lyrics, even (pretty good ones at that)—plus a few party rockers to keep the promo department happy. In the latter category, try "Howling At The Moon (Sha-La-La)" and "No Go," two of the best '60s cum '80s rockers we've heard. But the Ramones are still at their best when loudest and fastest, so for some good headbanging crank up "Endless Vacation," "Durango 95," "Wart Hog" and "Mama's Boys."

**ROBERT QUINE/FRED MAHER Basic** (Editions EG, c/o JEM, P.O. Box 362, 3619 Kennedy Rd., South Plainfield, NJ 07080)—Quine was an original member of Richard Hell's Voidoids, a harsh NYC punk outfit which Fred Maher later joined. They both left to join Lou Reed's band (Quine is currently touring with him and was introduced at a recent show as "the best guitar player in the world" by a smiling Reed) and have since released this record of guitar, bass and drum instrumentals. Like other interpretive guitarists/avantists (Fripp, Belew, Summers, Manzanera), the jagged minimalist phrasing of the guitar has a resoundingly strong ring to it (akin to Frippertronics) that's splattered, improvised and woven around African and Latin polyrhythms (the drums are programmed). The best "passages" are those which highlight the distinctive resiliency of Quine's stylized guitar: "65," "Bandage Bait" and "Fala." "Despair" features a zinging wah-wah Zappa-like sound, "Pick-Up" displays bendings that are bound to intrigue, and "Bluffer" is an all out assault on the traditional guitar solo. When getting down to *Basics* with Quine and Maher you discover that much can happen with very little.

**JOAN JETT & THE BLACKHEARTS Glorious Results Of A Misspent Youth** (MCA, 70 Universal City Plaza, Universal City, CA 91608)—The queen of guilty pleasures gives us another—a slew of songs that don't go anywhere new, go a lot of places old yet stand for everything that made rock 'n' roll great in the first place—rebellion, sex, noise and good times. The guiltiest pleasures of all are the two covers, Gary Glitter's "I Love You Love Me Love" (a great single) and Gary U.S. Bonds' "New Orleans," plus "Cherry Bomb" (an adolescent rocker originally done by the Runaways), "Long Time" (her hardest rocker since "Bad Reputation") and "Frustrated." College radio gave Joan Jett her start—don't give up on her now.

**ORCHESTRAL MANOEUVRES IN THE DARK Junk Culture** (A&M, 1416 N. LaBrea, Hollywood, CA 90028)—After an embarrassing "art" album (*Architecture & Morality*) and a positively silly pop LP (*Dazzle Ships*), OMD has found their niche, mixing those two extremes with uncommon savvy on the aptly titled *Junk Culture*. "Locomotion" is the radio and club hit—it hits its stride within seconds and holds the groove throughout by punctuating its bass line with horns and snappy vocals. "Tesla Girls" is more upbeat and almost as catchy, and a good second choice. We also like "Talking Loud And Clear," "Love And Violence" and "Hard Day."

**ORCHESTRAL  
MANOEUVRES  
IN THE DARK**

**TEXTONES**

**TEXTONES Midnight Mission (Gold Mountain, c/o A&M, address above)**—The Textones make major strides for the pop marketplace. Parallels abound to a Linda Ronstadt or Christine McPerfect—strong female vocals with very capable accompaniment. The Textones are led by Carla Olson (whom you may know as the lovely blonde simulating a mean guitar lick in Bob Dylan's "Sweetheart Like You" video or posing as Tom Petty in the Dwight Twilley video of "Girls"), who lays down bluesy guitar leads on her composition "Number One Is To Survive," as well as on "No Love In You" (which is paced like a Warren Zevon tune). Although Olson fronts the band, George Callis shares the lead guitar duties (and lead vocals on "Upset Me") along with some smooth sax bursts from Tom "Junior" Morgan and rock steady rhythms from beat keepers Joe Read and Phil Seymour. The LP's best tracks are penned by Olson (most are poetic ballads which deal with accepting change)—except for Bob Dylan's "Clean Cut Kid" (slide guitar courtesy of Ry Cooder and piano by producer Barry Goldberg). Try "See The Light," a powerful R&B ballad with multi-format possibilities, "Number One Is To Survive," a C&W ballad which builds gradually and forcefully, and the title track, a graceful tune blending gospel and country with basic pop elements.

**HONEYDRIPPERS Volume One (Es Paranza, c/o Atlantic, 75 Rockefeller Plaza, New York, NY 10019)**—A welcome sidebar to the distinguished careers of Robert Plant, Jimmy Page, Paul Shaffer, Jeff Beck and Nile Rodgers. None are credited but all are involved with this EP of blues standards performed with verve, style and, er, a whole lotta love. Best of all, a few billion Zep fans will probably buy it, and finally get a chance to hear where it all came from. Thanks guys. Top cuts: "Rockin' At Midnight," "I Got A Woman," "Young Boy Blues."

**CAPTAIN SENSIBLE A Day In The Life. . . (A&M, address above)**—The man has fun, no doubt about it. And if fun was the only thing to look for on an LP, the Captain would surely be a star by now. But in reality he's just recently started to produce great pop songs, and we suspect one of these days one of his songs will click—and the rest will be history. When that happens, this collection will be an indispensable link to the past. Now, you can make it a link to the future. Top cuts: "Brenda," "It Would Be So Nice," "There Are More Snakes Than Ladders," "Wot," "Happy Talk."

**JACKPOT! SINGLES, TRACKS, ETC.**

**SOUNDTRACK The Wild Life (MCA, 70 Universal City Plaza, Universal City, CA 91608)**—One of the hippest soundtracks to emerge from the recent deluge (*Bachelor Party* is probably the only competition). Includes a fine new track from Bananarama; solo tracks by Peter Case (of the Plimsouls), Edward Van Halen (a solid instrumental) and Andy Summers; a re-recording of the Three O'Clock's "I Go Wild;" Louise Goffin's return to vinyl; and a track by 17 year old Texas guitarist Charlie Sexton, featuring Ron Wood and Keith Richards.

**M+M "Cooling The Medium" (12") (RCA, 1133 Avenue Of The Americas, New York, NY 10036)**—A distinct improvement on the LP version, this Paul A. Rodriguez remix puts the percussion up front, giving it a rhythmic punch that should duplicate the success at clubs of "Black Stations/White Stations," and revive the band on the radio. Also included is "Come Out And Dance," one of our favorite tracks from the *Mystery Walk* LP.

**SEX EXECS "Sex Train" / "Strange Things" (12") (Sex Execs, Box 8394, JFK Station, Boston, MA 02114)**—A change of pace for the Sex Execs, "Sex Train" is a kinetic, upbeat dance rocker with an '80s take on "Love Train" for lyrics. "Strange Things" is less exciting if no less different—it chugs along, using layered vocals, horns and lots more to flesh it out. They're now showing an unusually strong mastery of the studio, a welcome step up.

**BEAT THE NAKED "Nobody I Know Likes This Government" (7") (Moo-Town Records, 929 Fahrenbrook Court, Madison, WI 53715)**—A rollicking chant most appropriate as we approach election day. This hard hitting single recalls a "Dance This Mess Around" / "Pump It Up" / "People Who Died" energy with some beat crazy sax work. A big hit at WORT in Madison. (Paid for by the committee to eject the President.)

**ALPHAVILLE "Big In Japan" (12") (Atlantic, 75 Rockefeller Plaza, New York, NY 10019)**—Cliched but catchy synth-pop circa 3-4 years ago, but so goddamned catchy that it's bound to be a hit here, as it is all over Europe. Good for new music radio, CHR and clubs.

**DAVID M "Cut The Rug" (12") (GZPZ, P.O. Box 40804, Washington, DC 20016/301-564-1295)**—Known for his ace sax playing with cronies Was (Not Was) and David Lasley, David M cuts a rigid, electronic dance / street groove dominated by a Gary Numan-inspired synth hook and various linn drum programs. His striking sax is almost absent from the tracks except on "Instrumental Dub Version." We wish he'd concentrate more on his snakey sax riffs instead of dabbling with obvious studio tricks. Try the "Vocal Dub Version."

## CMJ Music Marathon & The New Music Awards

November 8-10, 1984  
The Roosevelt Hotel  
Madison Avenue at 45th Street  
New York City

### The Convention

- Our fourth annual event is a three-day music industry convention consisting of panel discussions, seminars and workshops, exhibitions, showcases, entertainment and more.
- The event focuses on the cutting edge of today's industry—a frank discussion of the dilemmas of the present and the promise of the future—and is attended by the trendsetters—rock and college radio, dance/concert clubs, video and press—as well as the veterans—Top 40 radio, record company heads, retail record stores, film, TV, management, legal and more.
- Panels will cover a wide range of topics including future directions in rock radio; the state of AOR; college radio programming and promotion; indie label survival; tip sheets and trade magazines; the video controversy; urban radio; reggae; jazz/folk/non-rock musics; clubs and booking; critic's choice/press & public relations; alternative media networking; and, of course, the artist panel.
- Never before has a progressive music convention of this kind recognized the importance of Urban Contemporary, R&B and "Street" Music via specialized promotion, marketing and club support. Presented in association with New York-based PRO MOTION, this year's convention includes a comprehensive series of panels addressing these issues.
- Past participants have included Todd Rundgren, Howie Klein, Cyndi Lauper, Jay Boberg, Mike Harrison, Steve Smith, Norm Winer, Scott Shannon, Lee Abrams, Dave Marsh and many others. This year's event promises an even more diverse crew.
- The emphasis is on healthy and constructive confrontation. Panelists are involved to not only air their views, but to encourage audience interaction. There will be extended live Q & A sessions during each panel.

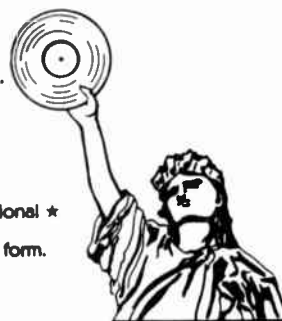

### The Awards

- Aside from being a forum for communication and dialogue, the convention is also designed to maximize fun and excitement in the Big Apple.
- In addition to hospitality suites and club passes, you are invited to attend our entertainment highlight, the 1984 New Music Awards. The New Music Awards continues to be the only national awards ceremony to recognize all musicians—from superstar to unknown—in the contemporary spectrum. Last year's event was hosted by James Brown and featured X and T-Bone Burnett in concert.
- This year's awards are in two parts: a banquet comprising an open bar cocktail hour and gourmet dinner; and subsequent awards presentation (with surprise guests) and live concert. Registration fee includes admission to the New Music Awards ceremony and concert. The dinner banquet is available at additional cost.
- Award presentations will be given in the following categories: Album, Song, Group, Best Female Solo Artist, Best Male Solo Artist, Video, Debut Artist/Group, Best Live Act, Reggae, Jazz, Folk, Soul, Soca/Calypto, Street Album Of The Year, Best Remix, Classical Album, Comedy Album, Favorite Commercial Radio Station, Favorite College Radio Station, Deejay, Record Label, Consumer Magazine, Trade Magazine, the 1984 Hall of Fame Award and more.
- Join us for an unforgettable music event. . . CMJ Music Marathon is simply a must for you to meet your industry colleagues, promote your artist/product, and discuss crucial issues of the day in an environment where diverse factions can face each other in an open forum. And have a dynamite weekend in the Big Apple.

Based on the radio students listen to and the records they buy, **NEW GROOVES** is television's first progressive music video series. It's hosted by Meg Griffin and seen only on Campus Network.

Campus Network is the only television network designed exclusively for the college market. It's seen each week in dorm rooms, lounges, unions and in off-campus housing.

On college campuses across the country, **NEW GROOVES** keeps their supporters right on top of today's new music scene.

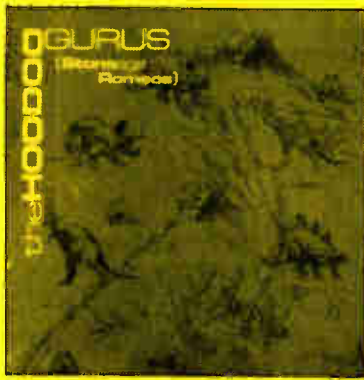

Produced by Black Tie Network Productions.

114 Fifth Avenue, 12th Floor, New York, NY 10011 (212) 206-1953

# Priority Emphasis

**HOODOO GURUS Stoneage Romeos (A&M)**

**Emphasis Tracks: Want You Back, Turn On, Kamikaze**

For the sixth straight week these phenoms from Down Under land the #1 College slot! This time, however, they dethrone Prince at the top of the combined chart—and Commercial radio may in fact be starting to respond to all this action as they cautiously step it up 25-23. The Hoodoo Gurus are the #1 band in every region except the west and boast a #3 Audience Response overall. "I Want You Back" is the stand out track moving 5-3 Top Cuts while the rave of "(Let's All) Turn On" is still happening at #37. On top of the music mountain at #1 on KCMU, KLPI, KNMS, WDGC, WIUS (IL), WMBR, WMLN, WNHU, WNYT, WORB, WPKN, WUOG, WWVU and WXGC.

**RED HOT CHILI PEPPERS Red Hot Chili Peppers (EMI-Enigma)**

**Emphasis Tracks: Coyotes, Jump, Mommy, Baby**

From #18 to #7 to #2 as the Red Hots burn into the core of college radio. They remain as the #12 Audience Response and pull three tracks into the Top 50—"True Men Don't Kill Coyotes" moves 11-9 while "Get Up And Jump" and the eerie, lowdown backbeat of "Mommy Where's Daddy" enter at #41 and #47 respectively. File this under F somewhere between "Firebreathing" and "Funkmonkey"—these progressive peppers are in the top 2 on KCSN, KJHK, KUCI, KWWC, WESU, WITR, WNYU, WRCT, WRKC, WTNV, WTSR, WWSU and WYBC.

**LET'S ACTIVE Cypress (I.R.S.)**

**Emphasis Tracks: Blue, Easy, Co-Star**

Progressive radio again shows its allegiance to the puppy dog enthusiasm and cleverly crafted pop style of Let's Active as Cypress moves 49-3 College, 52-29 Commercial and 53-3 combined. "Blue Line" leads the way and is the highest album cut debut, entering the Top Cuts chart at #12. Programmers call Let's Active the #7 Adventure Pick and the band garners #15 Audience Response (sure to climb next report). Cypress's early growth is a good sign for the weeks ahead. Top 2 radio action: KCMU, KUNI, WAKE, WBNY, WITR, WLFR, WLHD, WMSB, WSLN, WSOE, WTSR, WUSC, WVOF and WXDU.

**TALKING HEADS Stop Making Sense (Sire-WB)**

**Emphasis Tracks: All**

Progressive radio's quintessential band—undeniably brilliant and danceable. This impressive package makes us all the more anxious for the movie to appear. **Stop Making Sense** jumps 29-7 College, 24-8 Commercial and 27-8 combined. Audience Response moves 20-6 and two tracks hit the Top Cuts chart (although all tracks are receiving some airplay) with "Psycho Killer" at #21 and "Burning Down The House" at #49. Today's band for tomorrow's hopes. **Stop Making Sense** is currently top 2 on KAIR, KBSU, KBVR, KHSU, KTEC, KWMU, WBRS, WBWC, WCFM, WCVF, WFCS, WHCL, WMEB, WPLT, WRKC, WRSU, WSIA and WWVU.

**THE CHURCH Remote Luxury (Warner Bros.)**

**Emphasis Tracks: Constant, Shadow**

Yet another Australian band to successfully reach our shores, the Church advances 21-12 College and 25-12 combined as the response to the NMR cassette mailing has been extremely positive. Commercial radio slips off a bit—the hope for wider appeal lays on the single and #19 Top Cut "Constant In Opal." They remain high atop the Adventure Pick list at #6. Top 5 are KTEC, KUSF, KWMU, KWWC, WDOM, WESS, WFNM, WIDB, WKDI, WMUA, WRUR, WUAG and WZBT.

**ANDY SUMMERS/ROBERT FRIPP Bewitched (A&M)**

**Emphasis Tracks: Title, Playboy, Train, Parade**

Guitarists extraordinaire Summers & Fripp bewitch their listeners with finesse and spare them the pyrotechnics associated with other guitar heroes. The title track and the opus "What Kind Of Man Reads Playboy" are the lead tracks with "Parade" and "Train" getting strong airplay as well. Although there are no solid "hits" on the record (hence the lack of any notable commercial play) it's reassuring to see College Radio continuing to recognize such talent. Top 3 on KHSU, KMSA, KRCC, KUNI, KWUR, WIUP, WMSC, WRCT, WRPI, WUSB, WUSC, WUSO, WWUH and WXPB.

**THE dB'S Like This (Warner Bros.)**

**Emphasis Tracks: Love, Amplifier**

Dig the new breed—the dB's are part of the influx of great American bands to be appreciated by progressive media. College radio, who supported their first two indie projects (see Peter Holsapple's Guest Dialogue), debuts the record at #32 and Commercial radio kicks in at a #54 debut. These progressive radio faves are a #2 Adventure Pick, and a #4 Radio Breakthrough with the single "Love Is For Lovers" and "Amplifier" (a gem from the previous LP) the lead cuts. Currently on tour with R.E.M., the dB's are sounding off on KRUI #10, KWWC #8, WCNI #2, WESS #6, WKWZ #13, WMUA #6, WNHU #11, WOBC #19, WPRB #20, WVIA #8, WXDU #1(I) and WZMB #9.

**DEL FUEGOS The Longest Day (Warner Bros.)**

**Emphasis Tracks: Nervous, Backseat, Call**

The newest members of the American Rock Renaissance to reach the major leagues—their record is the highest college radio entry and #2 Radio Breakthrough, with a College debut of #24 and Commercial debut of #71. Many have been waiting patiently for this record and we must agree that it's been a worthwhile wait. The Boston-based band is the #1 Adventure Pick—and they're guaranteed to shake some action on any rock 'n' roll radio show. Now at #1 on: KUPS, WFIT, WOBC, and WWSU and Top 10 on: KCMU, KSMC, KULV, WESS, WESU, WHSE, WMBR, WMWM, WORT, WROX, WUNH, WVOF and WXDU.

**WATERBOYS A Pagan Place (Island)**

**Emphasis Tracks: Church, Army, Music**

Mike Scott and Co. reek of greats Echo/Bono Vox/Roddy Frame and the music often pushes the songs to brilliance. Programmers concur here as the album debuts at #53 College and #66 Commercial while securing the #3 Adventure Pick. First reports don't exhibit any one prominent track, however there are many outstanding tunes. Hear for yourself! The Waterboys are featured on KCSB #13, KFMH #30, KQAK #15, KUNV #9, WEGL #14, WFCS #8, WFIT #6, WKWZ #6, WLFR #10, WNHU #13, WPEA #16, WTNV #7 and WWUH #13.

**AZTEC CAMERA Knife (Warner Bros.)**

**Emphasis Tracks: Everything, Fire, U.S.A.**

Roddy Frame's Knife himself carves a deeper niche as one of pop music's premier songwriters—and with Mark Knopfler's production nuances Aztec Camera's songs expand into enchanting tales. The LP debuts at #37 College, #82 Commercial and is the #6 Radio Breakthrough. It's also a programmers' choice as the #5 Adventure Pick—and initial sales reports wield the Knife as the #6 Retail Breakthrough. Once again the problem is with Commercial radio. "Still On Fire" is the closest thing to a "hit" yet not as catchy as last year's "Oblivious." Knife is cutting through on KBLE #35, KCFV #13, KCSB #8, WBNY #7, WFRC #7, WIUV #18, WJFR #7, WLHD #1(!), WRAS #6, WSUC #10, WWSU #15, WXPX #6 and WZBT #21.

**KURTIS BLOW Ego Trip (Mercury-PG)**

**Emphasis Tracks: 8 Million, A.J., Basketball**

Now that the LP is out Kurtis debuts at #60 College. The 12" "8 Million Stories" did well and remains on the Top Singles list at #11. Urban stations are already on "A.J. Scratch," and as the season nears "Basketball" seems to be a natural. One of the first and foremost rappers, Kurtis Blow is doin' it to it on KJHK #4, KRUI #9, KUOR #3, WBCR #15, WBOR #16, WFIT #7, WHUS #4, WKWZ #14, WMBR #25, WMFO #20, WMXM #18, WNYU #18, WRUV #8, WTNV #14, WUEV #7 and WVOF #4.

**DAVE EDMUNDS Riff Raff (Columbia)**

**Emphasis Track: Something**

The successful 12" "Something About You" paved the way for the LP as this roots rocker moves 17-11 Commercial, 73-35 College and 50-26 combined. He knew the bride when she did and he'll probably know the next generation when they rock and roll. Putting the Riff Raff in its place (top 10) are KBSU, KFMH, KKKX, KPCC, KRCL, KROQ, WBSD, WHSE, WKDI, WMSC, WONY, WRKC, WROX, WTOS, WUAG, WUNH, WVIA, WVUM, WXRT and WZMB.

**BLACK FLAG Slip It In (SST)**

**Emphasis Tracks: Title, Obliteration**

This blazing Southern California band drives another one right at us and charges the charts by debuting at #33 College, yet we can all but forget Commercial radio appeal. The follow up to My War is the #14 Adventure Pick and contains the gut-buster "Black Coffee" and the title track, which slips in as the #50 Top Cut. Black Flag's music is always a challenge to the listener and the creative programmer. Playing on KFJC #11, KSPC #4, KTEC #9, KUOI #13, KUSF #6, WAKE #13, WCVF #6, WDJM #16, WESU #4, WOBC #4, WRPI #1, WRST #5, WUSC #3, WXPX #19 and WYBC #26.

**ADDITIONAL EMPHASIS TRACKS:** Robert Wyatt "Biko," Rickie Lee Jones "The Real End," Birdsongs Of The Mesozoic "Shiny Golden Snakes," Tom Verlaine "Lindi-Lu," Front 242 "Take One," Cheepskates "Run Better Run," Jamaaladeen Tacuma "Dancing In Your Head," D.St. "Mega Mix II (Why Is It Fresh)," Billy Bragg "The Milkman Of Human Kindness," Neville Brothers "Fever," Jools Holland "Crazy Over You," Swimming Pool Q's "Pull Back My Spring," Prisoners "Melanie," Red Rockers "Blood From A Stone," U2 "A Sort Of Homecoming," Afrika Bambaataa/James Brown "Unity."

# FUTURES

It's encouraging to see a full 25% of the NMR college charts occupied by independents—and that thanks to College and progressive radio, independents can continue to release adventurous, innovative records and get some airplay. Are you contributing to the growth of the independent scene? Do you actively seek out independents? Do you read fanzines? Do you work closely with retailers and distributors in your area? Do you support and promote local bands? If you care about nurturing tomorrow's stars you should be doing all of the above. It's vital to establish and maintain open communication—everyone interested in today's music benefits from it. Active involvement is the key to survival.

To be considered for *Futures* send a recent cassette or record, lyrics, and any other info on your band to:  
CMJ New Music Report/Futures, c/o CMI Media, 834 Willis Ave., Albertson, NY 11507.

**BERU REVUE Be Careful Tonight (Straight Face, Box 324, Newark, DE 19715-0324)**—These Philadelphia Phunsters have nurtured an ever-growing audience for years. Now they offer a live record recorded at the Ripley in late 1983. Beru Revue, fronted by Bob Beru, plays theatrical guitar rock that brings to mind The Tubes, Be-Bop Deluxe's *Modern Music* and *The Rocky Horror Picture Show*. The album effectively captures the presence, humor and musical prowess of the band as well as the enthusiasm of their fans. And the sleeve is almost as worthwhile as the music—featuring numerous mock news articles by fictitious writers (i.e. Bo Linball and Jerry Atrick) in a tabloid style. Best cuts include their pseudo anthem "I Got A Job," "Hoods A Go-Go" and two fiesty numbers "Be Careful Tonight" and "Trouble."

**PRESSURE BOYS Rangledoon (EP) (A Root Da Doot, P.O. Box 305, Cary, NC 27511)**—A four song EP displaying several new approaches to pop exper-

imentation—and what more appropriate place than Mitch Easter's Drive-In with Don Dixon at the board. All tracks are playable with the two quirkiest numbers—"Policemen (In My Neighbor's Yard)" (I swear I've heard that "Sureshot" pistol sound somewhere before) and "Combination"—hedging toward XTC's leanings in vocal phrasing, slicing, static guitar and horn embellishments. "Fakin' Dub" is a playful attempt at the sounds of the Caribbean, with great depth in its vocal harmonies and full blown horn choruses. S'good listening.

**MIKE MOLEND A Passion Dance (Amorous Records, 837 25th Avenue, San Francisco, CA 94121/415-386-7998)**—Molenda, creator of the regionally successful modern rock opera *Streetbeat*, releases his first solo album and appears to be staying with his operatic leanings. Its jacket claims to offer six rock plays (three on Act I and three on Act II) with intermission being the time it takes to flip the album over. Molenda presents impassioned lyrical vignettes in a dramatic musical setting. Although there are no real "hooks," the songs stand well enough on their content and execution. "Under The Gun," a steady mid paced rocker, is the most accessible. Also try "Can't Stop My Love" with Molenda's piercing guitar leads and shrill female singers, or "Shoot On Sight," a slightly eerie tune with a loping backbeat. Send \$1.50 for a signed copy of the Passion Dance libretto.

## Jackpot

**VARIOUS ARTISTS Beat Street Vol. Two (Atlantic, 75 Rockefeller Plaza, New York, NY 10019)**—Okay, the movie was an atomic bomb, but it's provided the market with a wide variety of contemporary dance music styles. If the film had been as cohesive as the music, box office action would have been boffo. Volume Two includes "Santa's Rap" by the Treacherous Three, which, by popular opinion, soundtracked the standout scene of the movie. The rap, however, has been edited, and thus loses some of its spice. Jenny Burton demonstrates that she can sing more than just disco with "It's Alright By Me." Also recommended: "Into The Night" by La La; "Give Me All" by Juicy; and "Son Of Beat Street" by DJ Jazzy Jay.

## SINGLES

**DIVINE SOUNDS "Changes"/"Do Or Die Bed Sty" (12") (Specific, 209 W. Palisades Ave., Englewood, NJ 07631)**—"Changes" is a weak pop attempt for this Brooklyn duo. The killer here is "Do Or Die Bed Sty," a freestyle rap in the "Sucker M.C.'s" tradition. Unlike their hit "What People Do For Money," "Do Or Die" is a perfect marriage of rap cadence to beat.

**FATBOYS "Jailhouse Rap" (12") (Sutra, 1790 Broadway, New York, NY 10019)**—Markie D, Rock-Ski, and everyone's favorite human percussion machine, Doc Nice, score a nifty follow-up to "Fatboys." "Jailhouse Rap" will be part of the soundtrack to the upcoming movie, "Cries Of The City." Writing team includes: Kurtis Blow (also the producer), Larry Smith, and Davy "DMX" Reeves.

## Word Up

**J.B. Stone** relinquishes his position as general manager at KJLH in Los Angeles. The urban outlet is owned by **Stevie Wonder**. . . WUSL in Philadelphia brings on **Lady B** (a.k.a. **Wendy Clark**) to do a Sunday morning rap show. Lady B comes to Power 99 from WHAT, where she was an air personality. . . **Chuck Broadus** is the new GM at WPDQ. . . **Sheila E's** recent concert at the Ritz in Manhattan was to also have included **Newcleus** on the bill. They didn't show, but a friend of Sheila's did: **Prince**. His majesty joined the group onstage for a whole set (including a rousing rendition of "When Doves Cry"), much to the delight of the overflow crowd. It had been rumored from coast to coast that he would show up, and he did, but something was missing: Prince Rogers Nelson came sans his trademark moustache. Getting back to the show, Sheila E. (amazingly, she's better looking in person) proved to be every bit as exciting in concert as she is in her video "The Glamorous Life." . . . The **Commodores** are in Los Angeles' Sound Castle Studios working on a new album for Motown. They're still trying to regain the form that made them contenders for top soul act of the '70s. Their decline evidenced how much they were dependent upon the creativity of **Lionel Richie**. Another major blow to the band was the untimely death of their manager **Benny Ashburn**. . . The Young Black Programmers Coalition will be holding a conference in Houston on November 16-18. . . **T La Rock** ("It's Yours") joins rap's A-1 management and production company, Rush Productions. . . New **Malcolm McLaren** available as an import. It's called "Madame Butterfly," (yes, the opera) and is on Charisma Records. The cut is in the usual McLaren "hip hop/art deco" vein. Max out.

### CRUCIAL!

**MUTABARUKA** *Outcry* (Shanachie Records, Dalebrook Park, Dept. R, Ho-Ho-Kus, NJ 07423)—Mutabaruka, poet and revolutionary a la reggae, was the first *crucial!* pick this section ever had with his debut album of 1983, **Check It!** Almost two years later, he once again brings us an exciting, innovative, provocative, screaming album combining reggae music and poetry. Backed by the **High Times Players**, the music and lyrics form a union which makes you dance while assaulting you with their messages. Muta's dynamic chants and explosive rhythms break down barriers of apathy and ignorance to challenge all within earshot. Since Muta deliberately employs Jamaican patois as a medium of expression, a lyric sheet is enclosed for those with an untrained ear. Some of the included works were originally published in Muta's book *The First Poems*. Cuts to check-out: "Prisoner," "Remembrance," "Any Means Necessary," "Free Up De Lan" and "Blacks In Amerika."

### Ah-So-Me Chat

The *Reggae Route* went West recently—I spent a short time in the L.A. area. Seems to be a healthy reggae scene out there; The KCRW Annual Fund Drive raised \$35,000 alone during 10 hours of reggae programming with the Roger Steffens and Hank Holmes "Reggae Beat" show. . . The National Video Show was held at the American Film Institute September 21-23. Roger Steffens hosted a two-hour **Bob Marley** video show during which he aired some rare Marley footage to a full house. The videos, coupled with Roger's knowledge, passion for reggae and knack for public speaking cast reggae into a professional light. The actual event was captured on video tape, as well. Thanks to Roger for inviting me to guest on his radio show and tell the people of L.A. about *CMJ New Music Report*, the *Reggae Route* and the CMJ convention. . . Also caught **Barbara Paige** playing at a small club in Laguna Beach. . . The L.A.-based magazine *The Reggae & African Beat* needs some assistance in their concluding chapter of the three-part series "Reggae On The Radio." In order to present an up-to-date list of stations programming reggae, the authors, along the *The Beat*, request that everyone who has a reggae program send in this information: station, day/time of show, and the number of years it has been on the air. Write to *The Beat*, c/o Bongo Productions, P.O. Box 29820, Los Angeles, CA 90029. . . There's a new record label to welcome to the rockers arena: **Sonic Boom Records**, based in L.A., debuts with an LP from **Congo Ashanti Roy** called *Level Vibes*. Congo Ashanti Roy formed the harmony duo called the **Congos** along with **Cedric Myton** in the late '70s. Contact Sonic Boom at 2012 Graham Ave., Redondo Beach, CA 90278 or call 213-376-1227. . . **Yellowman**

was in New York working on a single with **Run-D.M.C.** Pretty hip, huh? . . . **Mutabaruka** backed by the **High Times Players** is currently on a US tour in support of his latest album *Outcry*. . . **RAS Records** has a new address, so please take note: P.O. Box 42517, Washington, D.C. 20015. . . There seems to be a sudden slew of new reggae releases: The new **Denroy Morgan** LP *Make My Day* (RCA) with its state-of-the-art production should find its way not only to reggae programs, but to Urban Contemporary and CHR radio as well. In addition to original material, Denroy does a nice cover of **Al Green's** "Tired Of Being Alone." . . Hopeton Brown, host of a reggae show in Philadelphia, is now heading up **Spar Music, Inc.** which specializes in (what else?!) reggae music. He's released two 12" singles by **Roy Smith**, an original member of the **Itals**, one being "Bondage" and the other "Reaping Time"/"Confusion." Reporting stations can obtain promotional copies by contacting Hopeton at P.O. Box 59144, Philadelphia, PA 19102 or call 215-476-9174. . . **RAS** has just released **Freddie McGregor's** *Across The Border* album and it's a knock-out! Having one of the sweetest voices around (one that usually makes me weak in the knees), this LP reinforces the abundance of Freddie's talent as a singer—what an MOR smash he could be if certain people would only take notice! . . . As mentioned a couple of issues ago, don't miss out on **Mikey Dread's** latest release on Heartbeat, *Pave The Way*. Mikey maintains his reputation as an innovator extraordinaire. He's even joined by **Paul Simonen** of the **Clash**, making this LP a "reggae hit shot" for sure. . . And that's the story. . .

—Amy Wachtel

# FOLK REPORT

## Jackpot

**ALAN STIVELL Celtic Symphony (Rounder Records, 1 Camp Street, Cambridge, MA 02140)**—Originally released in France in 1978, this marks the long awaited appearance of Stivell's masterwork here. It was an ambitious project, involving Stivell himself along with seventy-five other musicians and singers. Drawing on his Breton roots, Stivell has created a fascinating piece of work incorporating diverse influences, at times sounding almost classical, and at others more traditional.

Singer-songwriter **Steve Goodman** ("City Of New Orleans") died September 20 in Seattle, Washington. The official cause of death was liver and kidney failure brought on by leukemia. . . According to reliable reports **Richard Thompson** is recording a new "band" LP for Polydor. According to *Fairport Fanatics*, the fanzine put out by the American branch of "Friends Of Fairport" (T.J. McGrath, 124 Quaker Lane, Fairfield, CT 06430), Hannibal Records has an acoustic Thompson LP ready—it was recorded live in New York at the Bottom Line and Folk City in 1982. . . Redwood Records will be issuing albums by two Australian artists: **Judy Small** and **Margaret Roadknight**. Small, a singer-songwriter with an excellent reputation in Oz, plans a U.S. tour for summer '85. . . There's a tribute to the late **Stan Rogers** called "Safe In The Harbour" on **Eric Bogle's** new LP **When The Wind Blows**, just released by Larrikin in Australia. . . Washington D.C.'s bluegrass/swing fusion band **Grand Matazz's** debut waxing will be out at the end of October. Called **Delinquent Miner**, it'll be available from Matrix Records, P.O. Box 301, Brentwood, MD 20722. . . **On The Boulevard**, the first LP by **New Grass Revival's** current line-up (**Sam Bush, John Cowan, Bela Fleck, Pat Flynn**), will be out on Sugar Hill later this year. . . Rounder Records has taken over administration of Philo Records. This means that popular Philo product will be much easier to get. There will also be new releases under the Philo label, the first of which are **Best Of Mary McCaslin** and **Utah Phillip's We Have Fed You All For 1000 Years**. . . Product from the English label Spindrift is now available from Important (212-995-9200) here. That includes the excellent new **Albion Band** set, **Under The Rose**, a **Dr. John** LP recorded live in London, as well as **Maddy Prior's Going For Glory** and **Dave Swarbrick's Flittin'**. . . Arlington, VA's **Smith Sisters**, whose debut LP on Flying Fish **Bluebird** is one of the year's best, embark on a national tour this month. Dates include venues in Pennsylvania, Wyoming, Michigan, Colorado, Tennessee, Kansas and Missouri. Don't miss these talented ladies if they're anywhere near you. . . The next issue of *The Southern Rag*, England's leading folk magazine, features interviews with the **Boot Hill Foot Tappers, Al Stewart** and **Peta Webb**. Contact them at: 2 Eastdale, East Street, Farnham, Surrey, GU9 7TB, England. . . LIVE! . . . Included in the **Neville Brothers'** fabulous September 11 show at D.C.'s Wax Museum was a great set of traditional gospel tunes. The audience sang along reverently to the stunning harmonies as the club was transformed into a rural Louisiana church. . . **Rubber Rodeo** put on a polished show at the Nightclub 9:30 recently. They've become a lot tighter over the years and their vision of country music is unique. **Mark Tomeo's** pedal steel licks were hot! . . . **De Danann's** snazzy jigs 'n' reels had the crowd stomping and cheering at the Birchmere, as did the **Whites'** sweet country ballads. . . NOTE: Remember to send those charts in if your station plays folk and related music.

★ **KILLER PICK** ★

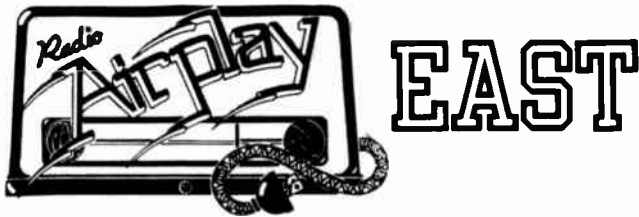

**STONE FURY Burns Like A Star (MCA, 70 Universal City Plaza, Universal City, CA 91608)**—Stone Fury rocks out sure 'nuff but their real strength is in their fine melodies and musicianship. If you like the vocals of Geddy Lee or Klaus Meine, you'll love lead singer Lenny Wolf's distinctive yet accessible style. Overall, a top notch effort. Great tracks include: "I Hate To Sleep Alone," "Life Is Too Lonely," "Burns Like A Star" and "Hold It." Quite a feat for a debut LP.

**ROCK TALK**

Please give a warm welcome to Gail Flug, who will be taking over for me as the new *Hard Rock* Coordinator. This dedicated metal gal comes to us from WBAB, Long Island and Dutch East India Distribution—all who have been talking to me, your new contact is Gail. Personal to Duane Dinman at KJHK: Sweetheart, don't you think you were being a bit too harsh about my *Minutemen* goof? Oh, abuse me. Rock 'N' Roll Casualty dept.: I will be leaving N.Y. and the music biz to pursue other career aspirations. I bid farewell to all the great radio people I have spoken with during the "dreaded" CMJ phone-ins and to all my retailers. Special good wishes and goodbyes to the ever lovin' CMJ family, Steve Singerman, Scott Anderson, Mike Meyers, Binky!, Kate, Micky, Beth Kittrell, Michele Block, Josh Brickman, David Brown, Shirley Carlson, Diana Mercer and "priority emphasis" to Dave Ramirez. It's *only* rock 'n' roll. . .

### GUEST DIALOGUE

**PETER HOLSAPPLE, The dB's,  
Bearsville Records Recording Artist**

College radio, as the last bastion of format-free programming, has always been of utmost concern to the dB's. We owe so much to college deejays who purchased our first two LPs and then brought them to their stations and wore them out. (When your records are imports in your own country, the ever-popular promo copies are scarce as dogs with wings.) Now that we have an American album, we will still be relying on college stations for attention. For any band that has not gotten signed to a major label, college stations are the only outlet available for airplay. We know from first-hand experience, so consider this a thank you note to all the stations who've kept the faith. Meanwhile, Mom, if you're reading this, could you wire a few \$\$\$'s my way? I saw some great souvenirs in Florida and my per diems barely cover a visit to a pay toilet.

● Gerard Cosloy, Dutch Last/Homestead Records, Island Park, NY (516) 432-3500

First, a brief introduction--my name is Gerard Cosloy and I'm the new guy at Homestead Records. My predecessor, Sam Berger, is now tearing things up at Midnight Records in NYC. If you need more details, call or write, 'cause this "who's working where" stuff gets pretty dull...The Important Stuff: SALLM 66's debut LP continues to garner critical raves and massive airplay across the U.S.--and if you still haven't heard of Salem 66, you're running out of excuses. They're planning a Southern tour for later this fall, and I'll keep everyone posted on where and when they'll be in your area. Homestead's debut release shouldn't be forgotten, but somehow it has. The BLACKJACKS' Basic Blackjacks is a spirited Dolls/Groovies-ish BLAST that doesn't deserve to be ignored--listen to the SONGS first!...Upcoming Homestead releases: the DOGMATICS' Thayer St., and GREAT PLAINS' Born In A Barn, the rawest residents of Boston and Columbus, OH go into the haircut war with plenty of guitar ammo. And coming at the end of October, Throb, Throb, the debut LP from Chicago's NAKED RAYGUN...Home taping: the new dB's, LET'S ACT!V! and HOODOO GURUS are all OK, but what about SORRY's Imaginary Friend, DEL FUEGOS LP, the REPLACEMENTS' Let It Be, the MINUTEMEN's Double Nickels, the FOLK DEVILS' "Beautiful Monster," the FUZZTONES' "Bad News Travels Fast," the RAUNCH HANDS "Stomp It," or CHRIS STAMEY's "Excitement"? And why isn't anyone playing the DIL KRUZEN LP? Killers of the month: BLACK FLAG's Slip It In, the SAINTS' A Little Madness To Be Free and CHRISTIMAS' "Wilhelm Reich." The Scrap Heap: massive thumbs down to the pretense of the WATERBOYS, the boredom of LOVI TRACTOR and the clumsy melodrama of the new U2 single. But none of them are as wretched as the RED HOT CHILI PEPPERS 12"...Hot reading: Richard Meltzer's Post-Natal Trash and Duplex Planet #5B...Reasons To Spend Yer Dough: upcoming rec's from BLACK FLAG (Family Man), the GO-BETWEENS, the F.U.'s and RED KROSS...Call or something.

● Danny Buch, Present Product, Atlantic Records, New York, NY (212) 484-7631

When your Atlantic rep calls and tells you to devote half your playlist to Atlantic product please don't hang up. Please be understanding. Please know in your heart that he speaks the truth, and hits, and sales, and requests, and all that other good stuff equate to MLGA-RATINGS (\$\$\$) for your station. So here's a brief outline of the fantasmagorical slew of vinyl begging to be ploped onto your turntable--yearning for your listeners' ears: ZEBRA--the second LP from the fastest selling new band in the history of Atlantic records is already reacting ("The Bears" is already the #1 MOST REQUESTED track at many AORs including WNEW-FM). RATT--LP rapidly approaching double platinum, with the brand new "Wanted Man" 12" already flying on radio throughout the country. TWISTED SISTER's "I Wanna Rock" hits with a massive campaign, hi-lighted by a killer video featuring the return of Neidermeyer as a social studies teacher (debuted and pounding on MTV). STEVEN STILL'S (featuring the virtuoso guitar work of Jimmy Page) is already 3 CUTS DEEP at album radio with the NEW 45 "Can't Let Go" just hitting all formats now. MICHAEL FURLONG's "Use It Or Lose It" is being used at major AOR's in NYC, Pitts, Seattle, Ft. Lauderdale, Dallas, Cincinnati, Cleveland, Denver... JIM CAPALDI's "I'll Keep Holding On" is proving itself to be a strong multi-demographic deliverer with SATURATED airplay in virtually every major market in America...RAG--Have you heard this great record? Just ask Joe McCabe, Erin Riley, Andy Lockridge, Steve Driscoll to name a few...and now a few words from the infamous "Chef Of The Future" (inside Honeymooners joke), David Fleishman.

● David Fleischman, Future Product, Atlantic Records, New York, NY (212) 484-6017

Coming soon on Atlantic Records and Tapes are more incredible records to go along with the excellent products we already have on the street...Leading off will be an album by a new Atlantic artist named JOHN PARR. The first music from John's self-titled album is a track called "Naughty Naughty." This is a powerful track and, as the other strong songs on the LP, features a stellar production effort. JOHN PARR IS and WILL BE A WINNER...Next will see the release of the much talked about HONEYDRIPPERS LP. The names of Plant, Page, Beck, Rodgers, and more keep popping up when this album is discussed. Wait till you hear the music!!! You'll be rockin', hoppin', swingin' and singin...A very special album will be coming from Atlantic called Valotte by JULIAN LENNON. The music will speak for itself...Also coming will be music by ALPHAVILLE. "Big In Japan," the lead track, has been a monster in Europe, and we feel this will also be big in America...FIONA should soon be a household name when her record called Love Makes You Blind hits the airwaves. This track is the theme song from her soon to be released movie, "No Small Affair." This little lady has a big, big voice. Remember FIONA. Previously unreleased in America, AC/DC music featuring BONN SCOTT is coming soon. Titled Jailbreak '74--LOOK OUT!!

● Rob Burr, Radio-Trax, QL Records, Coral Gables, FL (305) 446-2477

Greetings from the tropics! Some of you may remember our first record featuring solo steel drums recorded digitally entitled Digital Steel by MICHAEL ROGERS which was released in the fall of '82. It will finally be released as a compact disc just before Christmas. If you've got a compact disc player at your station, be sure to give me a ring about a promo. This really shows off the dynamic range of the CD medium...You should have received the SEX EXEC'S smash "Sex Train." If you haven't got a copy, call me. Besides being a bitchin' good dance tune and a powerful performance, here is my clear choice of "cover of the year." Check it out!...I've had a lot of inquiries about the P.A.N. music biz database that I mentioned in the last issue. Walter O'Brien is on the road with GRIM REAPER, and he will be reporting in regularly with his little Radio Shack portable computer. Mad Dog has probably been online the longest, and I think Bill Asp is coming on. By the middle of next year, reporting by computer modem should be a very common occurrence. That kid in "War Games" could do it, so could you. You can simultaneously send your playlist to all of your accounts through the post office at ECOM, and save money if you're spending 20 cents on postage now. So get online now, and learn how to get around. You can contact QL on the Source (BCB760), or Telex 9107799846 (QLRECORDSFL), and Delphi (QLRECORDS) or (RADIOTRAX)...We sent out questionnaires to about 425 stations last week. I'm trying to keep our files as up-to-date as possible, so help me out with this by filling out and returning the questionnaire. If you did not get one, call me at the number above...Let's all be had, and stay up real late!

● Jack Isquith, National Manager of Alternative Music Promotion, PolyGram Records, New York, NY (212) 399-7375

I woke up yesterday morning and there were only two things I couldn't understand: 1) a man walks into a bar, asks for a glass of water, the bartender pulls out a gun, the man says thank you and leaves. What happened?? And 2) how anyone at College Radio could miss hearing the debut LP from THE VEL'S--Velocity?? You know, the best way to solve a riddle is to attribute every action to a cause; and as the day progressed I, with the help of my trusty legion of Music Directors, went to work. It became evident, the man had hiccups--why ask for a glass of water in a bar? (remember these were music directors I was talking to), and those programmers (aside from those with TEST DEPARTMENT topping their playlists--Velocity is a "pop" record after all) not playing THE VEL'S simply haven't listened with their full attention. Both these answers seemed likely--the first because of the neatness of the equation, the second because Velocity is such an undeniably good record. Come on, it's got soul, it's fun, and it's got a great sound (produced by Steve Stanley who produced the TOM TOM CLUB and engineered for THE TALKING HEADS.) Well, that solved, I went home, put on Velocity and cleaned my apartment.

● Jan Seedman, Ear Movie Records, Santa Monica, CA (213) 399-0317

Hi everyone. I just wanted to take this time to inform you that I have expanded my promotion horizons. I've started my own company--TITLE TRACK PROMOTIONS, and this includes EAR MOVIE RECORDS of course. For now, you can continue to send all playlists etc to the old address and I will inform you of my new P.O. Box at a future time in these pages. Now...On the way are two releases: POP ART, an all-acoustic band that you can dance to! And THE SILVER TEARS, which includes former members of THE POP--remember them? I appreciate your support of the new CHOR INVISIBLE and SCOTT GODDARD records as well as the past artists that I've been pushing--it's been great. Also, keep spinning the four-sider from the MINUTEMEN. Double Nickels On The Dime is their best work yet! Keep in touch, I'll catch you on the flipside.

Colleen Carden, Radio Promotion, Ace of Hearts Records, Boston, MA (617) 536-1770

I'm glad to see the new BIRDSONGS OF THE MESOZOIC LP, Magnetic Flip, being received as well as it should--that jackpot review in the 9/17 issue really summed it up--A record that deserves your attention!!...Meanwhile, the LYRES are taking Northern Europe by storm. From September 19th they will be playing several dates in Amsterdam, Oslo, Trondheim, Karlstaad, Stockholm, and London, coming back to Boston on October 5th. Why I'm sitting here, typing this, I'll never figure out!!...On a closing note I just heard some of the material from an upcoming release--The Horrible Truth About Burma, which includes a lot of their earlier material taken from their last dates ever (sob sob). This is a release that should prove to excite, as well as exasperate, the multitudes. Beware.

Kelly Salloum/Josh Zicman, Side One Marketing & Management, Hollywood, CA (213) 462-1530 and New York, NY (212) 307-1015

Did you catch ELVIS COSTELLO on the tube--it was too cool. And his show at the Ampitheatre was great!--Elvis, NICK LOWE, SAM (of Sam & Dave) and one of my faves, PAUL CARRACK!...Dolphinmania continues--X-TELENS video is now in rotation on MTV and a release by GRAPHIC should be on your turntables very shortly...A strong debut for N.Y.'s Powerplay Records with METRO LOGIC should also be arriving soon. MEN WITHOUT HATS put on a good show in NYC last week...The AFRIKA BAMBATAA/JAMES BROWN release is picking up on college radio--awwllright! And those semi-legends, THE RUBINOOS have a hot new release on Epic. It's a remake of an old Motown turn, "Stop The Love You Save"...Great vocals and a too-hip-for-words dance mix by ARTHUR BAKER! Well, it's time for me to join all my rush hour friends on the freeway. Ciao...Stop The Presses: Joshie say, Unity goes to college. Unity isn't only about the man who invented the groove teaching his course at college radio. Some of you in higher education radio learn quicker than others. Like WNYU, WONY, WSIA, WUSB, WERS, WJUL, WMFO and WRKC. Kelly say, WVCW, KUPS, KALX, KSPC. But hey, the course is far from over. Give this one some heavy spins.

Mad Dog, Brat Records, Richmond, VA (804) 359-0001

IT MIGHT BE ON YOUR DESK! Then again it might not. Maybe you don't have a desk. If not get one. Hopefully everyone, whether they have a desk or not, should have their copy of SUZY SAXON & THE ANGLOS album, Guilt By Association, by now. Why hopefully? Well, among other things I'm writing this in mid-September, and somehow I've lost track of the reporting dates, even though they're nailed to the wall. (If you missed me, that's why. If you haven't, well I'd rather not talk about it.) Add to that, pressing plants, trucking companies, the notorious U.S. Postal Service and karma and you'll see what I mean. Forget the album--no, I didn't mean that--what I meant to say is let's move on to other things for a second. Thanks to Ann Kim at WXDU for setting up the interview with Suzy, Bob and Ray when the Anglos were in Chapel Hill, NC. If anyone wants a phone interview or IDs from the band, give me a call and I'll set it up. CHECK THIS OUT! Groovy Erin Williams, formerly of WVBC (Bethany, WV), just called to say that the station is now Top 40 so she and most of the airstaff walked out. With all the talk lately about what "progressive" means, here's an example of a REGRESSIVE college station. I firmly believe that college radio should play good music regardless of who recorded it or who released it, and a Top-40 format is just as bad as an alternative one that excludes good music because it's a major artist or major label. DON'T BE EXCLUSIONARY! By the way, Erin's now working for the college TV station and is looking for 3/4" videos. She's at Box 1021, Bethany, WV 26032. I'd better go before they refuse to print all of this. Just remember that old queens never die, they just drag on. Bye.

Nan Fisher, National College Coordinator, MCA Records, Atlanta, GA (404) 447-6405

It's casual guys, it's casual. Here I sit, drinking my nutrasweetless RC Cola (this is the south), waiting for my Moonpie, wearing my Stevie Ray Bans. It's definitely casual. So, the CMJ Convention is about a month away. Hopefully, the Roosevelt Hotel, Mayor Koch and the crew of "Entertainment Tonight" are getting ready for all of us to converge on NYC. I'm looking forward to it. Hopefully we'll be able to air our views and get something accomplished. Hopefully, I'm not being naive. Anyway--by now all of you are probably used to (or sick of) me talking about the new JOAN JETT & THE BLACKHEARTS album, but I told you I would. So here we go. These guys started out with the support of college radio--and they've still got the emotion, intensity, and sheer talent that got them there in the first place. It's all on Glorious Results Of A Misspent Youth. All you have to do is listen, pay attention to this album, and there you have it. Each cut is a different story, a different experience, so I'll get into those with you individually on the phones. All I'm asking is that everyone give this LP a fair shot with yourselves and your listeners. For those of you who have seen this band live, you know how much raw energy they give. The energy on this record is equal to the live shows. I'll be calling everyone to see what you think--if I haven't already. As always, call me if you need anything.

David Scharff, Director of National College Promotion, Atco Records, New York, NY (212) 484-6400

INXS? Let your own ears "Burn For You." AIRRACE? Call me if you want to know. "Nutrasweet"? Don't ask.

Radio...

Duane Dinham, KJHK, Thee Music Director, Lawrence, KS (913) 864-3283

First appearance by me on these "hallowed" pages--guess I finally gave in to the urge to speak my mind. KJHK is a college station, which means (at this college anyway) that every member of our staff is a student here at the University of Kansas. Many students, myself included, have to work also so we can eat as well as go to school. What this means is that I can't be sitting by the phone here at the station 24 hours a day eagerly awaiting each and every single record rep's call. If I'm not here, please leave a message, and I'll get back to you as soon as I can. If I don't call back in 5 minutes, please don't call threatening to drop us from your mailing list. That doesn't sound fair to me. Sure, you're there at your office 5 days a week, but (I can't speak for other music directors) I can't be here 5 days a week. I have to go to class and work all day Mondays and Thursdays, so don't call me then. I am here from about 2 till 6 Wednesdays, Thursdays and Friday afternoons. Why not call then? I'll be glad to clue you in on what you need to know from me...Moving on, Camille Bonnell, just where do you get your information anyway? I've always thought the MINUTEMEN were from San Pedro, California, and I never thought they were a hardcore band...And who writes all those reviews? HUSKER DU "can't sing"? Take another listen to "Never Talking To You Again" and "Pink Turns To Blue"...Cream of the latest crop: The RED HOT CHILI PEPPERS, HUSKER DU, MINUTEMEN, THE REPLACEMENTS, N.O.T.A., YOUTH BRIGADE, THE GUN CLUB, MIA, and DIE KREUZEN...I've stuck it out; go after it, wolves.

David Greene, WMBR, Music Director, Cambridge, MA (617) 253-4000

After three years as MD, Tami Heide has gotten smart and moved on to more lucrative endeavors, leaving the Music Department in my sweaty palms. In case you don't know, we are a 200 watt community and student staffed station serving the greater Boston area with rock, jazz, soul, folk, reggae and oldies. Indie records and tapes are welcomed and should be sent to WMBR, 3 Ames St., Cambridge, MA, 02142. Be one of the many who've discovered the "first punk on the left." The best times to reach me are Monday and Tuesday afternoons. HUSKER DU is still cool, as are KURTIS BLOW, ANIMATION, YOUTH BRIGADE, and LES BLACK'S AMAZING PINK HOLES...Here we are, waiting for the new REPLACEMENTS record, when along comes SOUL ASYLUM. Say What You Will is a very cool record and a swell surprise. The Fast 'N' Loud Middle of America compilation is also swell--check out the NAKED RAYGUN cuts...Mark Flynn is assisting me in the music department. If you can't call while I'm around on Monday and Tuesday, you can reach him on Fridays. That's all...Prepare for the on-going Boston invasion: Debut LPs by the DEL FUEGOS, DOGMATICS, and the second THROBBING LOBSTER compilation.

Gail Henning, WMUR, Music Director, Milwaukee, WI (414) 224-6748

We're the new kid on the block (or at least on these pages). After bulldozing through piles of university red tape, WMUR, Marquette University's new music source, is proud to appear in CMJ. Since taking over as music director, I've been building a correspondence system with all you record reps from the ground up. Progress is slow but sure. Thanks to our friends at AGM (HOODOO GURUS) are great!), I.R.S. (REM is a Marquette fave), Warners (thanks for the Purple Vinyl) and MCA (PASSION PUPPETS please preppie populace). Also thanks to Ace of Hearts for all the new releases!! As for the rest of you out there (ie: Chrysalis, Arista, Elektra)--NOW will you return my calls?

Barb Schwartz, WLVR, Music Director, Bethlehem, PA (215) 861-3913

All is well at LVR, but so BUSY!! We're just making improvement after improvement! This Friday (9/21) MONYAKA will play at Lehigh's Grace Hall--we expect a great turnout! Speaking of reggae, my weekly Reggae Show is getting amazing audience response. Thanks to Rounder Records for the new releases on Heartbeat. I especially like MIKEY DREAD's new LP. If you like Soca music, or don't know if you like soca music and you missed his performance at NMS 5 (how's this for a run-on sentence!) then you have to hear THE EXPLAINERS' LP on B's Records!! As for other new releases, the RED ROCKERS 12" surprised me--I really like it! Ditto for the CHURCH LP! I also enjoyed ANIMATION's release on Vital Records. LET'S ACTIVE 12" was the only real disappointment--I hope the LP has more to offer. About that FAST FORWARD LP (Island)...Is that IAN LLOYD as in "Slip Slip Away Now" Ian Lloyd?? What happened? As for the LVR staff--WE'RE NOT BORED! THERE'S A SEX TRAIN LEAVING THIS EVENING AND WE'RE ALL GONNA BE ON IT...

Diana Mercer, WIUS, Bloomington, IN (812) 335-3269

Hey! Whazis I hear 'bout Record Busters? Shucks, I ain't lettin' them near my copy of the CHEE:PSKATES or LOVE TRACTOR--don't want nobody a-bustin' my records! Whaddo they think they're up to, anyhow? I bet you's all a-wonderin' what the Queen o' the Hop is up to, on accounta lolsa yous have left messages on my new answering machine what's locked in my office...thanks! Also, you can git ahold of me at "home" at (812) 337-9225 lolsa the time, especially in the evenings. The Home O' the Hits be bringin' lolsa smiley faces to Bloomington with trivia winners--an speaking of trivia winners, Blake Gumprecht be the only one to return a completed quiz an' it was WRONG--so far we don't have no winners for the Osmonds' Lunch Pail. C'mon, don't tell me you don't know nothin' 'bout music, folks. Cryin' shame! We also just went back to full hours with specialty jazz, reggae, hardcore, women's music, and folk programs, in addition to our "lively mix of tomorrow's hits today." The RED ROCKERS came by my cassette/new releases shift an' were guest DJs for awhile--they's darn nice fer bein' associated with Joe "CBS New Product" Lilley! Looks like GAME THEORY's won a weekend in the scenic WIUS treehouse--our guests in the poshest resort west of Peoria an' east of the rest of the World. We's also going to git to meet JASON AN' THE SCORCHERS--that drummer is mine all mine. Oh goody. I gots me a new assistant. His name is Jim an' he knows more about music than Karen G., even. He's a real trophy catch, yessir. Me an' Mike are still soliciting donations for our big trip to the New Music Awards--we ain't too proud. Paul N., ain't you never at yer station? Big, Big Chunks O' Chicken Hello to Nick Cucci an' the eclectic John Hammond...Ooops, gotta go. Mike's playin' twister an' all the blood is rushing to his face. I think mah johng is more his speed. xxxoxo, DM.

Dialogue Continued

Mark Iskowitz, WRCT, Music Director, Pittsburgh, PA (412) 621-9728

With most college semesters in full swing, it is time for radio stations to examine their programming philosophies or develop a philosophy if one is lacking. Is your station "alternative," "CHR," "AOR," "OR..?" Speaking from one and a half years of directorial experience, may I unequivocally state that every station should define itself based on its place in its local market. Moreover, what can you offer to the community that virtually no other station can? This is the main question to answer definitively. Each market is distinctive. What is needed in Springfield is not the same as what is needed in Pittsburgh. In the latter city, WRCT views itself as the only consistent alternative, driven to turning people on to approximately 14 categories of vital music, from "folk" to "funk" and beyond. Variety presented well is the key to success for us. In fact, in mid-September, we produced a special "Massive Music Weekend" extravaganza with 60 hours of 110 continuous artist features by expert DJs. Enlightened listeners snatched up schedules and shared the excitement of enjoying half-hour and hour music profiles on significant artists ranging from JOHN McCUTCHEON to JOHN CAGE. With an abundance of crucial sounds being released daily, it's college radio's responsibility to meet the challenge and fill the necessary void as determined by each market. Try not to view this task as a heavy burden, but instead as an everchanging educational experience for all concerned.

Chuck Miller, WHCL, Music Director, Clinton, NY (315) 859-7200

Before I begin this Dialogue, I would like to have everybody take a moment and remember a record company--Rocshire. The first time I heard about it was when I was scanning Billboard one day and found their advertisement for TONY CAREY'S first album (the one with the hits "I Won't Be Home Tonight" and "West Coast Summer Nights"). I just thought it was another independent record company that would vanish in a moment, but it surprised me landing in the Hot 100 with both those singles. Then, it followed that up with hits by CEE FARROW, EIDIE & THE MONSTERS, and their biggest (college) sensation, DIN. Alcatrazz, their biggest commercial sensation, scraped the bottom of Billboard's 100 album chart. The Rocshire videos, while not as cheap as some videos by certain major companies (there's just no excuse for some of them), were quite visual and stellar, with stars such as LAUREN HUTTON and BILLY BARTY making cameo appearances. Remember the SUTTONS? CHAD AND JEREMY? ADRENALIN, their final release? And as for the records, I must congratulate them for being the only company besides Windham Hill to use high-grade vinyl and chromium-dioxide tapes for all of their releases. And the people there were truly spectacular in their own right: Stu Sobel, the friendly college/AOR promoter who practically bent over backwards to do things, and the late Stacy Davis, who was probably the friendliest college rep I ever encountered. And I'm quite sure some of you others will agree. I wonder what's going to happen to some of the artists--DIN, the SUTTONS, CEE FARROW--maybe some kindly record company will snatch them up, just like what happened to all those Boardwalk people. Rocshire Records--1981-1984. God Bless You.

Steven L. Anderson, WKDI, Music Director, DeKalb, IL (815) 753-1278

KABOOM!! The Throbbing Rock Commandos make their debut in these fine pages! I should say finally make their debut because it all summer to get something in by the deadline! We've been busy folks! The commercial station in town has changed its format to some type of AOR/CHR mess. That means the TRC's (Throbbing Rock Commandos) have the huge task of bringing new, progressive music to the children of the corn. But we can do it; that is what we went to boot camp for. PASSION PUPPETS are still hot around here, along with the RED HOT CHILI PEPPERS and X-TEENS. We have dubbed next month "Rocktober" due to the great concerts coming. REM is slated for October 7th, PAT METHENY on October 18th (one of his few midwest appearances), and a secret possibility for the end of the month (I love working intelligence). Well, I have to sign this off before the mailman comes and I miss another deadline. P.S.--If you haven't heard of us, or would like a playlist, give me a call. We are in the midst of updating our mailing list. Be talking to ya, and remember "Love Is The Crunch."

Andy Hall, KXCV/KDLX, Music Director, Maryville, MI (816) 562-1163

Hello, here at Northwest Missouri State we have a unique situation--two stations--KDLX, a commercial campus carrier station that plays CHR and is doing really well. Last years KDLX sales were approximately \$10,000, not bad for a station you can't hear except in the dorms. We also have KXCV, which is a 100,000 watt public station. Since KXCV-FM is public, we offer Alternative programming: jazz in the mornings, classical in the afternoons, and "Static In Stereo" our late night "alternative" rock show. Static's purpose was as an Alternative rock show--however, until recently we have been receiving very little new music, so we have been playing mostly "commercial" music. Our KXCV playlist looks extremely "commercial" except for the great alternative service from MCA, RCA and ATCO. Thanks Nan, John and David respectively. My plea is for New Music, not just for KXCV, but for KDLX also!! I'm confident that the college crowd will accept Static making a gradual change to a more Alternative format and with the help of the record companies I intend to do just that...My GM has a gleam in his eye since he just got a Compact Disc player for KXCV. We are looking for CDs for jazz, classical, and of course "Static In Stereo"...Call me!!! I love new music, and I'd love to talk to you. By the way, I'm only here on weekdays. I'm known as Andy Summers at KMGK Des Moines, Iowa, where I work weekends. My real name is Andy Hall and I'm available Tuesday, Wednesday and Thursday afternoons from 1-4 PM. Call me at (816) 562-1163

John Cloud, KUOR, Music Director, Redlands, CA (714) 792-0951

Heh! Heh! "The Beat of the Island Empire" goes on! First of all, thanks to John Sigler at RCA for the prompt and courteous service. The LOU REED album is fantastic! Thanks again John! Speaking of good service, thanks to Jack Isquith at PolyGram for the albums. Thanks to Nancy Kramer at Warner Bros. for the badly needed LPs. Anxiously awaiting your reply Motown. Enigma, thanks for the albums they will definitely fit into our progressive showcase, "Club B9," with KUOR's very own Gregor & Null-boy. A final thanks to David Millman at CBS for invitation to the RICHARD BUTLER press conference, and for the free passes to the PSYCHEDELIC FURS concert at Raincross Square in Riverside...Artists that have my vote to have their music grace the airwaves are: SCRITTI POLLITI, RUBBER RODEO, TONY RICE, ROGER TAYLOR, RED HOT CHILI PEPPERS, KURTIS BLOW and the STAPLE SINGERS...Before saying goodbye, I've got to know one thing before I go into a maddening exile. Is anyone out there in Radio-land a MICHAEL SMOTHERMAN fan? I've got to know. You may have heard his single "Crazy In Love" or seen the video--it's on Epic records and it's great. The lyrics to "Crazy In Love" even have the word "jacuranda" (as in tree) in it. C'mon, how many artists can use the word "jacuranda" in a song? What a guy. I even named my cat Jacuranda in honor of that achievement. But she unfortunately died of leukemia last month (God rest her soul). Okay back to Michael Smotherman, I mean who gives a shit about my dead cat. Is there anyone else who likes Michael Smotherman's music like I do? If so call me at the number above or write me at KUOR, 1200 E. Colton Ave., Redlands, CA 92374. Awaiting your reply...

Keith Strausbaugh, WVYC, Music Director, York, PA (717) 845-7131

Well, its back to classes again: books, hangovers, teachers with monotone voices, and the best part, alternative radio in York--back in full force. WVYC is back on the air after a four week mini-vacation. This SEMESTER we have specialty shows for three hours every night consisting of hardcore, metal, country, industrial music, and jazz. That means for our listeners three solid hours of the music they like and for YOU, the record companies, a chance to have your hands aired during a show especially designed for the type of music they play. OTHERWISE, we play ALL MUSIC the rest of our air hours. Our first playlist should be in your hands soon. If your artists are not on it, don't gripe, service us and if people like it maybe you'll have a chance on the next playlist. PRESTO! It's that easy!!... Thanks go out this time TO EVERYBODY who deserves it. You know who you are! Take Care!

Robert Schwartz, KWUR, Music Director, St. Louis, MO (314) 889-5952

Well, if you're ever in St. Louis you can wake up to KWUR! That's right, expanded programming to 7AM, so tune in you sleepy heads. And speaking of early, I'm sure REM has put on a great show at our campus. Really it will be, was (whatever) wonderful! I can sincerely say we're looking forward to KATRINA AND THE WAVES on 10/27. The new album is fantastic and the old one is a classic. Once again, that's Attic Records in Ontario. And Keith, you're right, it doesn't get any easier. Especially with all the great music we've been getting. LET'S ACTIVE is quite a memorable experience. The new VELS album is also receiving some serious rotation. There's also EINSPATIN NEUBAUTIN and Slip It In by BLACK FLAG, even if it is the slightest bit crude. We're also getting mileage out of the HOODOO GURUS. But I have had time for some exciting projects. I'm sure some of you have seen our new computerized playlist. Don't fret, those of you who haven't yet received this masterpiece of modern technology, you've recently been added to our computerized mailing list--we're shooting for that magic one million mark for bulk mailing! Speaking of GOOD TECHNOLOGY, how about the RED GUITARS?! And as for my state of the music address--I haven't moved yet. You can reach me at 314-889-5952, or call the air line and request a song, that's 5987. But does anyone know where I can unload some great heavy metal albums??

Shari Wilkins, WKSR, Music Director, Kent, OH (216) 672-2131

Hello. My first week as Music Director is finally over! I'd like to thank David Scharff at Atco and Jack Isquith at PolyGram for their help in getting me through this experience. WKSR has just changed its format from AOR to progressive. As an alternative music lover in the midst of the Midwest rock and roll capitol of the world, I find college radio a delicacy in the VAST wasteland. Kent has been getting some good bands in the last month: BAND OF OUTSIDERS, CERTAIN GENERAL, BLOOD ON THE SADDLE, the GUN CLUB, PLAN 9 and the REPLACEMENTS. WKSR is co-sponsoring the appearance of the PSYCHEDELIC FURS in Kent at the end of the month. Any other bands looking to visit this booming metropolis, we'd love to see you. Since this is my first Dialogue, I thought I'd act like a ROOKIE and tell all of you my favorite records: Radio Tokyo Tapes II, ANIMATION, LOU REED and LITTLE STEVEN. And no list would be complete without listing the number one album of the year by ECHO & THE BUNNYMEN. Will Ohio ever get a chance to see ECHO? Give me a call at (216) 672-2131 and tell me what your favorite records are, or tell me what you think of Kent. Hope to talk with you hipsters soon!

Kurt Richter, WVOU, General Manager/Music Director/Dictator, Collegeville, PA (215) 489-7755

Yo there, as we say in Philly! Hey--a big thank you to Karen at AGM, NY for some interesting information about one of my favorite old men of rock 'n' roll, John (CREEDENCE CLEARWATER REVIVAL) Fogerty. It seems he makes an album every year and then Elektra turns it down. Is that true folks? Well, I'm sure that John's New Music would be excellent, so let's hear it, eh? Speaking of New Music from the old men of rock 'n' roll, please check out EB84 by the EVERLY BROTHERS--it is BEAUTIFUL. A classic already--and we just got it! Also wonderful, please listen to "James" by the BANGLES; however, by the time this is printed you'll have already been playing it for years, right? OK, sorry--jet lag--give me drugs, I'm getting toasted. See you later, God Bless, and keep smiling no matter what it tastes like. Oh, yeah, one last thing: Dear Steve and HOOTERS crew--you should give Edith and Woody and all the folks at WRFT, Ambler, PA a big hand for helping you by pushing (and I'm talking elephant!) your LP at last year's IBS.

● Jon Klotz, WUEV, Music Director, Evansville, IN (812) 179-2022

"WE DON'T NEED NO RI-RON!" A local mall was the site for UEV-FM's first BREAKDANCE CONTEST. 20 teams entered, with the "E-town Breakers" ticking their way to the top. Over 500 spectators of various sanity levels, TV coverage and some good giveaways! (Not to mention our 800 watt monster jam system)...STUDENTS ASSAULTED AS THEY TRY TO ATTEND CLASS!! Well sort of, you see we set up a booth on our campus, complete with music, live remotes, interviews and more giveaways. We pulled off our "ASSAULT" of the students with no bloodshed--(try that Ronnie)--we did open a few minds--and a lot of ears! \*Campus and \*City were both invited to a back-to-school "MEGA-MIX" dance which involved more loud music, more giveaways, and a hell of a party for some 1000 jammers which came to hang. "Black Stations, White Stations/Break Down The Doors." And now to thank, in small black and white print, some of our friends who are helping us sell good vinyl to the masses: Steve Tipp at Warner, Joe Grant with CBS, Jack Esquith at PolyGram, Jammin' John Hammond who raps for Vanguard, Mark Williams at AGM for the loads of posters AND the SIMPLE MINDS interview/party, the good people at Sire for the PRETENDERS LPs, Joe Grant and the Atlantic staff (R&B Lives!), Atco, I.R.S., Ron Hatcher at MPMP (Ron loves to distribute records and posters--205-859-2074). Enigma is happening, Nan Fisher at MCA for the help. Who is Timothy Smith?? Don't ask. We here at UEV-FM like good rhythm music, and have 6100 watts at our fingertips. We got a special look into our last round figures from Arbitron and Birch, and you know what?--there are more people in this area who appreciate real music than we thought, or any of our commercial competitors ever imagined. Our playlist and blocked/dayparted format is hitting heads and generating sales. PD and hardcore man Chris Allman is unable to write or type due to injuries received in a "scratch-off." Don't worry, he'll return to our "info" section soon to let you know that Sanfran is happening, AND that he is the best format mixer in the country. Now I know that the WUEV Scratch Unlimited Orchestra won the DII DWLL Live Mix contest. Who else used 2 reels, 2 turntables, a synthesizer, a prerecorded cart mix, and the talents of 3 of the nation's hottest scratch-masters?!? (We still can't get the new McClaren through the mail.) In closing (ah), I hope the Marathon is happening again this year. I'm looking forward to meeting someone from somewhere. So, fellow music interns, doctors of JAM, hardcoreheads, get to NYC and "wake up." We'll rap soon.

● John Bigus, WWSP, Music Director, Stevens Point, WI (715) 346-3755

Hello from Central Wisconsin. This is my first time writing in the Dialogue section and you can bet it won't be the last. Starting my third year as Music Director at WWSP, this is long overdue. Although we are a relative newcomer to CMJ reporting, I am constantly amazed at the dedication that the music industry has given to college radio, and specifically little guys like us. Keith Altomare's assessment of promoting college radio, particularly our own station, is so true. WWSP has been struggling to gain respect with our progressive format and our loyalty to this format is finally paying dividends. One major change that will be taking place in the next couple of months is a power increase from 300 to 3610 watts. The power of college radio continues to grow; for us literally. Thanks for all your support. Here's to the future!

Hard Rock

● Don F. Kaye, WBCR, Brooklyn, NY 718-859-6258

In my opinion, the only real metal to be found is either on independent labels or demo tapes. There's no real metal on major labels. All the major label stuff is commercial garbage geared towards posers.

● Robert Scott, WUNH, Durham, NH 603-862-2541

Just got the new Metalblade shipment, haven't had a chance to listen to it but it looks good. Frothing at the mouth at the idea of a new MOTORHEAD album, it's been too quiet lately.

Reggae...

Dennis Bishop, KFJC, Los Altos Hills, CA 415-948-8819

KFJC plans interviews with AUGUSTUS PABLO, MUTABARUKA and EEK-A-MOUSE live on the air prior to their performances at Reggae Fest '84 October 6 at U.C. Berkley's Greek Theatre.

David Alert, WVPE, Elkhart, IN 219-295-4810

In America the "soon come" attitude of reggae artists needs to be shelved as late performances are unprofessional and only serve to hurt reggae music.

Shepard Samuels, WTUL, New Orleans, LA 504-865-5887

Looking forward to the return of SONNY OKUSON. No reggae concerts, however, which is a shame because my radio show is gaining more and more popularity.

Papa Peter, WPBX, Southampton, NY 516-283-4000 x290

Special thanks to Ralph Vazquez at Garand Ltd. for putting "Week End Reggae Connection" back on the road to posterity.

"Kid" Kyle Schwarm, WUEC, Eau Claire, WI 715-836-4170

Wisconsin's most powerful college rock station has been hot on the reggae rhythm STEPL PULSE Earth Crisis, BLACK UHURU Anthem and BOB MARLEY AND THE WAILERS Legend are three of the hottest albums to hit Western Wisconsin since our reggae programming began. We're jammin' in Wisconsin!

Peter Gladue/Elena Brino, WPSC, Wayne, NJ 201-595-5900

Ms. Brino and I will be doing a show called "World Beat" Tuesdays 5-8PM, which will include African/Soca/Reggae/Latin and various other ethnic forms of music. We need music service in these areas -- please send albums. DANNY DEL SANTO's "World Beat" is our theme song. (A great album, too). He can also be found on Elektra's Ten From Texas - Herd It From The Grapevine...KING SUNNY ADE's show at the Pier was hot...Attention record companies: please send the following albums when they are released because "World Beat" will play them: MALCOLM McLAREN (Island), FEELA KUTI (Capitol), LOS LOBOS (Slash), SAK-HILE (Jive/Arista), SONNY OKUSON (Jive/Arista) and MUTABARUKA (Shanachie)...Special Jah thanks goes to RAS Records and also to Island for the MARLEY/ADE/BLACK UHURU package.
