AMI

G R E E T I N G S

A N D

T H A N K S

We sincerely appreciate the great reception given our Model A phonograph and we thank you for your business and for your enthusiastic cooperation. In turn we wish everyone in the trade a very Merry Christmas and a highly prosperous New Year.

AMI *Incorporated*

It's a Merry Xmas for Coindom

By Bill Gersh

"COINTOONS"

Since the temporary settlement of the coal strike (at least until April 1, 1947) a great many of the nation's economists now predict that the loss of 17 days coal will affect all materials production for months to come.

They also explain that this is only a partial production loss. Further losses will occur as other major industries enter into strike action on termination of their present wage contracts.

They point out that steel alone will, if a strike is called, throw production back many more months. They also point to other industries, and use the same black paint to color their predictions.

But, to the entire coin machine industry, regardless of all this blackness — this is a really Merry Xmas. Why? Simply because the ingenuity, intelligence, foresight and fortitude of the manufacturers of this field have so set up the trade that, regardless of whatever strikes will come about, the industry will continue on ahead.

It may not see the tremendous profits of the wartime boom years — for a while anyway — but, it will be able to continue on earning more than it ever did pre-war. That's important! That makes for a really merry, Merry Xmas for this entire business.

Regardless of what can be said for other industries — the coin machine business goes right on ahead. Its members continue to see coin entering into the coin chutes of all its varied and divers equipment thruout the land. Everywhere there are people, someone, somewhere, is dropping a coin into a coin chute every second of the day. That makes for a good and prosperous industry.

(And that's why, perhaps, so many, many new people are today interested in entering into the coin machine business.)

It's also Merry Xmas for the members of this industry because they know in just a very few short weeks from now they will once again be able to get together in convention met in Chicago (Hotel Sherman, February 3, 4, 5, 6, 1947) and will see many new ideas, new machines and hear grand new plans which they have waited for since 1941. Six long years of not being able to meet and to talk things over.

It is therefore of great moment for each and every operator in the industry to most completely and merrily

celebrate this Merry Xmas. It is truly a real Merry Xmas for him.

Perhaps a great many of the nation's retailers will complain that they cannot get merchandise as more and more strikes come into being. Perhaps other business men, too, will complain. But, the operator has equipment — and while labor is lolling about in its favorite neighborhood meeting places and waiting for the strikes to be settled — there will be equipment there for him to play and to while away his lonely time, as well as to take his troubles off his mind.

It's a grand and a Merry Xmas. The trade is well prepared for all emergencies. It is ready to go on marching ahead — ever forward — ever onward — ever ready to courageously meet any situation — whether war — strike — flood — or other national problem — with equipment helps to maintain the nation's morale and to puncture any pessimism which might be brought to the surface by any economic expert or his cohorts.

Merry Xmas!

HAPPY

NEW YEAR

FROM THE CASH BOX

The Coin Machine Industry Since 1900

(EDITOR'S NOTE: Walter A. Tratsch is President of A.B.T. Manufacturing Company, makers of coin devices, slug rejectors, coin changers and coin-operated games. Mr. Tratsch, one of the veterans of the coin machine industry, in contemplating the grandeur and immensity of the coming Coin Machine Show, February 3, 4, 5, 6, Hotel Sherman, Chicago, takes pride in reviewing the past accomplishments of the industry.)

A question often asked is, "How does the coin machine business at the beginning of the century compare with our present day industry?" In an attempt to answer this question, "I shall give you my impressions of that era.

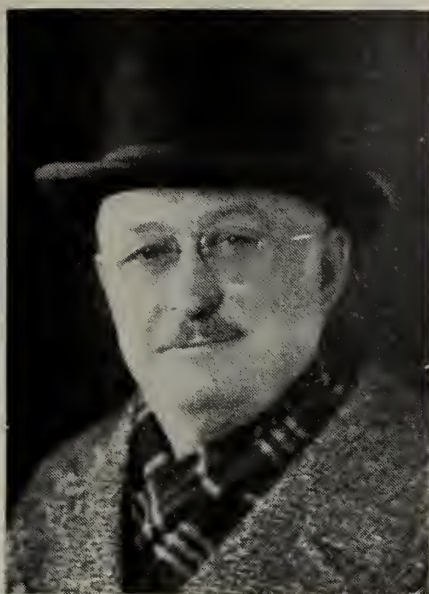

The Penny Arcade was one of the major enterprises and the forerunner of our present movies. At that time there were no movies, no radios and very few phonographs. For this reason the arcade became a meeting place for young and old, where amusement was sold through automatic coin operated machines. There were, however, phonographs in the arcades, which were of convenient height for a person to rest his elbows comfortably on them and use individual ear phones which shut out distracting noise. He might listen to renditions of beautiful music, poetry and speeches of the famous people of the day.

In addition, they had several types of view or picture machines, the hand operated movies — the Mutoscope. The Quatroscope had a revolving drum of sixty still pictures. For one cent the customer saw one set of fifteen views in colors. In this way the machine permitted the customer to have a sequence of pictures. Then, too, they had the intriguing peep shows costing one cent for every set of fifteen pictures. Concentrating on these cost many customers a pretty penny. In order to see the complete show of "Secrets of Harem Life", "Thousand and One Nights", "The Chorus Girl's Dressing Room", a dime was usually required. Indeed, they were a collection as alluring then as the "pin-up" girl is now.

There was a greater variety of attractions at that time than there are today. Many of these novelty machines were imported. Examples of these were the famous fortune telling type and palmistry machines. These were particularly popular because of their life-like appearance and performance. For instance, the grandmother of wax or papier maché, in an old fashioned black lace gown would move her head, roll her eyes and select a small card with a printed fortune on it and then deliver it to the customer. There were many more characters of this type. Swiss or French canary birds in cages had quite a play. There was the life-sized hen which cackled for every five cents deposited and laid a hard-boiled egg.

Metal type stamping machines sold an identification disc for five cents with the name and address printed. The well known "Roover Name Plate" vended a small aluminum tape with name and address for use on homes and mail boxes. They were very popular. Peanut, chocolate, chewing gum, post cards, pop corn machines were also attractive. Interesting exhibits of the day were miniature models under glass of cotton gins, harvesting machines, locomotives in detailed action — all operated by coins.

Novelty and skill machines, electric shock vibrators, bowling games, pin balls

By WALTER A. TRATSCH
President,
A.B.T. Mfg. Corp., Chicago

and scales were featured. There were strength testing apparatus of various manufacturers for lifting, pulling, punching and gripping. Electric guns and pistol practice targets were lucrative earners. One of the latter bears description. A penny was placed in the slot of the gun, which acted as a projectile and propelled by spring power in the direction of a target which held a dollar watch covered by an exceptionally heavy glass. The instructions on the machine read as follows: "If you can break the glass on this watch with a penny, the watch is yours." Inasmuch as I have never seen or heard of one being broken, this crystal must have been a forerunner of bullet-proof glass.

At the entrance of the average arcade the "come-on", or "bally-hoo" machines were given a conspicuous place. There were automatic banjos and harps. Then too, the Regina Music Boxes produced tinny but loud music by means of revolving steel discs which were set in motion by a large crank which the prospective customer had to wind up by a spring motor. He got plenty of exercise and had to pay for it. In addition there were Swiss music boxes, Sandell's famous "Violano Virtuoso", and last but not least, the exquisite European made "Orchestrian", which rendered music of a dozen or more instruments. A miniature leader, by a wave of his baton, would give the signal to his surrounding musicians in the pit, who, in turn, would play their tiny instruments. The actual music, of course, was produced by the large mechanical device. Most of the musical instruments were operated by electric motors.

Besides the popular shooting gallery there were other amusements such as a photograph gallery for tintypes and other skill game concessions which were not automatic. These are still used today.

I should like to emphasize the grandeur and luxury of some of these arcades, which would compare favorably with our first class movie houses of today. One of these, which was located on Fourteenth Street near Broadway in New York City, had a liveried doorman in front with uniformed attendants of both sexes who acted as guards, change-makers and explained how the various devices operated, even demonstrating them. It was not unusual to see the gentility in evening gowns and full dress amuse themselves after the theater in

such an arcade. This particular arcade made many individual machines for their own use among which was a small electric train with an open car attached to the engine which traveled under each machine, stopping long enough to collect the pennies. It then returned to the starting point and dropped the accumulated collection through a chute to the basement of the arcade where the cashier's office was located.

After the St. Louis World's Fair, a change took place. Kinetoscopes and the first practical short reel subjects in movies made their appearance. In those days anyone could buy or lease them and the most logical place to display them was the penny arcade. The development was brought about cautiously. A few machines were removed to make room for seats and a partition divided the new movie section from the arcade. Usually in the rear of the place an admission of five cents gave a short film — a comedy or a wild west show. Sterioptican slides were shown and there was the pianist and sometimes a singer who interpreted the slides. The show lasted about thirty minutes. These new performances proved so popular that the arcades, in a very short time, sold or stored their machines to make room for more seats and thus a new enterprise was born — the movie of today. The first reconverted arcades were named "Nickelodeons" or "Nickel Show", and many theaters of today are still in the original locations of the penny arcades of yesterday. Some of the owners of the larger arcades of that time became film producers and are the tycoons of the movie industry as we know it now, but they all had a start in the old coin machine industry.

In addition to arcade machines we had the mechanical "pay-off" devices. These were truly marvels of the age for beauty, performance, earnings and endurance. "The Owls", "The Deweys", "Centuries", various types of "Roulettes" and many more in double and triple sections in large, beautiful quarter sawed golden oak cabinets with artistic nickel and sometimes silver trimmings, were outstanding examples of craftsmanship and would give a good account of themselves today. With the progress and advanced knowledge in the application of electricity, new, modern, streamlined designs with effective light and color displays have replaced the "old-timers."

Enormous advances have been made in the musical field with the discovery of radio, television and other "mystic" powers with and without wires. The development in that direction has just begun.

Vending machines in former years were few in number. In the last decade, however, these have made tremendous strides. Best known are the cigarette, candy and drink vending machines (with controlled temperatures). Some of the major manufacturers are already making surveys as to the future of vending all kinds of merchandise such as groceries, frozen products, package goods, drugs, and any other commodity which will lend itself to vending.

So once more, as in the past, our industry will again be the cradle and the mainspring in the development of a future major industry — the Automatic Sales Store, operated with coins and automatic change makers.

LEADERS WILL URGE DISTRIBS CREATE NAT'L ASSN AT CHI CONVENTION

**Want to Eliminate Price Cutting, Direct Sales and Territory Jumping, Urge Establishing a "Code of Ethics" and "Nat'l Credit Bureau".
Want to Open Closed Territory. Claim Distribs Now Require Big Capital Investment and are No Longer Business Infants. No Jobbers. Only Direct Factory Distribs Will Be Invited.**

NEW YORK — The forthcoming convention of Coin Machine Industries, Inc. at the Hotel Sherman in Chicago, February 3, 4, 5, 6, 1947, will see a very earnest effort made by certain of the nation's leading distributors to join together all their fellow distribs in one national organization.

These men have already met and have come to the decision that this is the time for every direct factory distributor to enter into a national organization with them.

One of the statements made by one of these leaders was, "The distributor today has a gigantic capital investment in his business. He is no longer an infant. He must have complete cooperation from

all other distributors everywhere in the country so that he can feel assured his capital investment is protected and so that he can safely proceed with his sales plans without fear or suspicion that some outside distributor, many miles from his territory, will be cutting the prices of the equipment he sells or will be jumping into his territory with sneak sales."

He also stated, "At the same time we are all in agreement with The Cash Box that a 'Code of Ethics' and a 'National Credit Bureau' must be established. The distributor makes the smallest profit on new equipment. He extends credit to all the jobbers in his area. He gives them all the games first, even before he sells one to an operator. He must, therefore, be

fully protected and, thru a 'National Credit Bureau', he will know just how far he can go with each of his customers.

"Furthermore", he claims, "it is up to the distributor to help open closed territories. It is also up to him to see to it that everyone of the operators in his territory is making money. The distributor's job is a big one today and to help assure him continued business success he must be sure that every other distributor in the nation is cooperating with him 100 per cent in every regard. We must establish a national distributor's association at the forthcoming convention. Only direct factory distributors will be invited to attend the meetings."

OPS ASSNS WILL TRY TO FORM NAT'L GROUP AT CMI MEET

Local Assn Mgrs Have Been Corresponding. Plan Nat'l Group Move at February Show. Claim Nat'l Assn Will Be "Advisory Board". Local Groups to Continue to Wield Power in Own Districts. Seek Nationally Prominent Business Man to Head Group.

NEW YORK—For sometime now the managing directors of some of the leading operators' associations throughout the country have been corresponding with each other in regards to the formation of a national organization.

This past week, it was reliably reported, an attempt to form such a national group would be made at CMI's convention in the Hotel Sherman during the four days of the exhibition.

One of the major problems which confronts these local operators' groups is to present, as the head of such an organization a nationally prominent business man who will instantly gain the respect and confidence of all the country's operators and who will be able to weld together all local groups.

As one noted association manager expressed himself, "For many years there have been attempts made by local associations to come together into a national organization. We feel that this is the time. It's either now or never. With conditions what they

are the operators themselves feel that the time has arrived when they need national representation and that thru the offices of a national association they will be able to better their status in the industry."

He also stated, "We believe that at first the national organization should be more or less an 'advisory board' for all the organizations and operators who will join up. Local groups should continue to wield power in their own areas and throw their entire support to the national organization when needed. Then, as the national association grows more complete, we should invest more power in it, until it dominates the entire operating scene clear across the nation.

"In this way", he continued, "we feel sure that everyone of the local groups will enter into the national body and, in time, we shall have what the trade always needed — a single, powerful source which will be able to protect the operators nationally and will be able to cure many of the problems which now confront us individually."

According to these managing directors a national organization would act as a meeting room for them. They do not seem to be able to get together, they claim, when there are problems which would be better cured, they report, by complete cooperation of all the present operators' groups.

"With a national organization functioning", one noted manager stated, "there is no doubt that we shall be able to bring better attention to the needs of the operators especially at a time when these needs are now wide open for all the trade to note and when everyone agrees that the operator is up against the worst problem in his life — to try to earn profits with the equipment which he has to buy these days."

One of the big problems, according to this same managing director is, "The fact that few in the industry goes out of their way to consider the problem of the established operator. We need a national association for then, and then only, will we be able to halt a lot of the practices which have hurt some of the best operators in the business."

It is with
great pride and pleasure
that we announce
the appointment of

R. E. "Bob" Austin

as

Advertising Manager

Music Division

of

The Cash Box

Bob Austin was with "The Billboard" for eleven years and for the past year has been Advertising Manager of "Music Business." He will be located at the New York offices of The Cash Box on and after December 23, 1946.

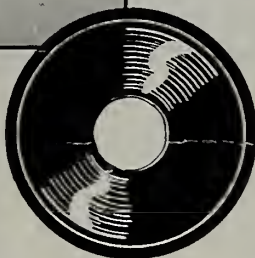

381 Fourth Avenue, New York (16)

THE CASH BOX*Record Reviews***"Save Your Sorrow"****"Among My Souvenirs"**

ALVINO REY ORCH.
(Capitol 338)

● Always a favorite in so many juke spots, Alvino Rey comes up here with "Save Your Sorrow", a pleasant novelty ditty, that has possibilities. Jo Anne Ryan does the vocal on the side, with a chorus coming in the middle. She handles the thing nicely, and it's cute stuff. On the backing with "Among My Souvenirs", a ditty that ops already know of, the Rey crew won't lose any coin with this version. Ops should grab a listen to the top-side platter.

"A Serenade To An Old Fashioned Girl"**"I Wonder Who's Kissing Her Now"**

BOBBY DOYLE
(Signature 15057)

● Something sweet and old that ops with tavern locations can go for is Bobby Doyle's latest offering headed "A Serenade To An Old Fashioned Girl". Bobby's voice is pleasant and will appeal to the somber, quiet spots. The tune itself, is nothing to shout about, but with the Ray Bloch ork giving Doyle some wonderful accompaniment, it can go. The backing, "I Wonder Who's Kissing Her Now" is a ditty we all know, and it's done up in that same light manner. If you need fillers, this pair will do.

"Wrap Your Troubles In Dreams"**"So Would I"**

GEORGIA GIBBS
(Majestic 12008)

● "Wrap Your Troubles In Dreams", a sustaining ballad on the jukes for some time now, as done here by Georgia Gibbs is another note that will ride the bandwagon. Georgia's voice is pleasant, but doesn't quite come up to par for a sultry ballad of this type. If the ditty is still catching coin on your jukes, you might be able to use the chirp's version. Flipped, Georgia comes up with "So Would I", from the forthcoming flicker "My Heart Goes Crazy". With all the plugging the pic and the ditty is getting, it might click; we rate the ballads as dependable.

DISK O'THE WEEK**"Ain't Nobody Here But Us Chickens"**

LOUIS JORDAN
TYMPANY FIVE
(Decca 23741)

LOUIS JORDAN

● Louis does it again! Here's, "Ain't Nobody Here But Us Chickens," another hit that's bound to catch loads of coin, by the Louis Jordan crew. Jordan takes the vocal again, and the way it comes out is really nice. He weaves his tale about his chicks in this one, and his boys chime in with that same wonderful accompaniment his five is noted for. It's a tune they'll sing and hum, and the bobby-sox spots especially should go for this. On the backing with "Let The Good Times Roll," a number that is currently enjoying top play in most race spots, Louis once again comes through for the ops. Both sides of the platter are really something, and should net heavy action on the phonos. Louis displays his talents on this pair to very good advantage, and by all means, ops should latch on!

"Years And Years Ago"**"This Is Always"**

DICK HAYMES
(Decca 23755)

● A pair of tunes that most ops should be familiar with are done here by Dick Haymes in the lad's usual resplendent manner. Titled, "This Is Always", and "Years and Years Ago", these waxings should net coin play in spots where they like 'em nice and quiet. Of course it's low, romantic stuff, and, add the Gordon Jenkins ork for the accompaniment, the pair come up nice.

"There's No Business Like Show Business"**"Dream Awhile"**

MEL TORME
AND HIS MEL TONES
(Musicraft 15099)

● Here's a lad that can do it. Mel Torme comes up with "There's No Business Like Show Business", a number that clicked in the musical revue "Annie Get Your Gun", and will definitely hit with the juke trade. It's fast, it's light and it's good. The Mel Tones definitely add to the quality of the tune, and it's sure-fire to catch on. On the backing, with "Dream Awhile", Torme and the Tones combine again to come up with another ditty that sounds good. The tune has possibilities and ops should grab a listen.

"Through A Thousand Dreams"**"Sonata"**

JO STAFFORD
(Capitol 337)

● Jo Stafford rates an orchid for this one. "Through A Thousand Dreams", her latest waxing, comes through for ops who have spots where they like the lass (and they number many). The ork, headed by Carlyle Hall, definitely adds to the number's quality. Flipped, "Sonata" comes to the fore. The side has that classic touch to it, with a million flutes and violins popping in. Jo works wonders with the tune — and ops definitely should give her some listening time.

"If You're Somebody Else's Sweetheart"**"Bless You"**

PHIL BRITO
(Musicraft 15098)

● Something new, cute and mellow headed your way is Phil Brito's latest waxing titled, "If You're Somebody Else's Sweetheart". It's done up in a light mood, with the Walter Gross Ork backing the lad up. Phil's chirping is in there, and the number definitely has possibilities. On the backside, with the now familiar "Bless You", Brito once again comes through for the trade. The song is headed high, so watch for it. Ops that need dependable platters will go for this pair.

THE CASH BOX*Record Reviews***"There Is No Breeze"****"Don't Tell Me That Story"****JUDY GARLAND**
(Decca 23746)

• A pair of useful sides for the romance trade makes up this latest platter offering by Judy Garland. Featuring "There Is No Breeze" and "Don't Tell Me That Story," Judy, supported instrumentally by the Gordon Jenkins Orchestra, serves 'em up right to produce a hunk of wax that can spin for dancers and listeners alike. If you have a demand for Judy, and it should start to grow again very soon, don't pass these sides by.

"Temptation"**"September Song"****BING CROSBY**
(Decca 23754)

• Bing (the champ) Crosby's latest pair of sides makes a platter worthy of close attention by the trade. Featuring a pair of songs that are established hits in "Temptation" and "September Song," the trade can't go wrong with grabbing up this hunk of wax. As for Bing's performance, the old familiar easy vocal style is present thruout the playing on both sides, while the John Scott Trotter Orchestra, offering the instrumental support, make beautiful music in their own right. Ops can shuttle the disk to either dancing or listening locations and can expect very heavy play.

"A Rainy Night In Rio"**"Uncle Remus Said"****MONICA LEWIS**
(Signature 15060)

• Up-and-coming Monica Lewis does a pair of sides with which the trade is bound to make good use. "Uncle Remus Said" is from the Walt Disney flicker "Song Of The South", while "A Rainy Night In Rio" is being featured in "The Time, The Place, And The Girl." With this taken into consideration, you have here a platter featuring two numbers for which heavy nation-wide plugging is assured. Add to that Monica's vocal styling and the instrumental and choral support she gets from Ray Bloch's Swing Eight, and you have a disk worthy of your ear and attention.

"So They Tell Me"**"Linda"****CHARLIE SPIVAK ORCHESTRA**
(RCA-Victor 20-2047)

• A pair of worthy romantic ballads appear on both sides of this latest disk by the capable Charlie Spivak Orchestra. Picked for the top deck is "So They Tell Me," to which Jimmy Saunders handles the vocal chores, while on the flipover it's Tommy Mercer who fills the bill for "Linda." Ops can use the platter profitably for any spot where romancers gather. In addition, both sides provide fairly danceable rhythm.

**SLEEPER
OF THE WEEK****"The More I Go Out With
Somebody Else"****"I'll Close My Eyes"****TEDDY WALTERS**
(Musicraft 15097)

TEDDY WALTERS

• "The More I Go Out With Somebody Else" is one of the nation's favorite standards, and the way it's done here by Teddy Walters gives rise to speculation that this side might well be the one to bring it back to peak demand. By all means give it a hearing. We've said before of Teddy that his is a voice that deserves a break on the phonos. The way he does this number more than justifies that belief. Flipped, "I'll Close My Eyes" is offered, and it's adequate romantic fare. Worthy of mention is Teddy's guitar; he uses it to top advantage between the lyrics. Peg this as a platter that belongs on your route.

**"You Broke The Only Heart
That Ever Loved You"****"I Used To Be Her One
And Only"****SAMMY KAYE ORCHESTRA**
(RCA-Victor 20-2048)

• Two newly released songs done in the now popular old fashioned manner are offered here by the Sammy (Swing And Sway) Kaye Orchestra. Tabbed "You Broke The Only Heart That Ever Loved You" and "I Used To Be Her One And Only." Tavern locations should find good use for them. Already out among the trade is the Elliot Lawrence version of "You Broke The Only Heart," and, according to reports received, the side has proven a money-maker when correctly placed. On this disk the vocal chores on both sides are handled better than adequately by Don Cornell, with the Three Kaydets backing him up as a chorus.

"Sonata"**"Through A Thousand
Dreams"****CARMEN CAVALLARO ORCH.**
(Decca 23747)

• Currently getting heavy nation-wide plugging is "Sonata," and as it's offered here by the Carmen Cavallaro Orchestra it emerges as something the trade might do well by. Carmen on the 88 sets the stage for both the "A" deck and its mate, "Through A Thousand Dreams." It can be said that his piano is one of the better to be heard around. Frank Gallagher, who handles the vocal chores on both decks, does an adequate job with the lyrics, and with that in mind the trade can consider the platter for locations where the customers make eyes at each other.

"My Old Flame"**"To A Wild Rose"****JOHNNY BOTHWELL ORCH.**
(Signature 15059)

• Where they go for stuff that can be appreciated in somber tones, Johnny Bothwell's sax should click with his latest offering in "My Old Flame". Don Darcy takes the vocal here, and his voice is pleasant and has enough quality to match Johnny's tender sax. The backing which features Johnny is something that only folks who really go for good instrumental work will understand. Titled, "To A Wild Rose", the tune should be familiar to ops. If you have the spots where they go for Johnny Bothwell, they'll like this pair.

"Heartbreak Trail"**"Ding Dong Polka"****CURLY GRIBBS**
(Signature 1003)

• A pair of stock westerns are here for the trade by Curly Gribbs, titled "Heartbreak Trail" and "Ding Dong Polka". Topside tune is, as the title implies, a weeper from way back. As for the backside, it's chopped up to meet the polka trade. If you have spots where they go for Curly, they might like this pair.

"The Language of Love"**"Make Me Know It"****JIMMY DORSEY ORCH.**
(Decca 18923)

• More romantic moon-in-June stuff headed ops way is this latest Jimmy Dorsey offering, "The Language of Love". Bob Carrol handles the vocal chores, and does it up brown. It's got a blue theme, and where they hold hands, they should hold still for this. Flipped we find, "Make Me Know It", a sultry, torchy ballad which Dee Parker handles very nicely. The Dorsey crew blend into the ditty and give it a bit of something. If you have spots where they like them low, by all means listen to this pair.

The bells were jingling all thru this past week as the diskeries handled one of the greatest trade volumes they have ever enjoyed in any Christmastime since the phonos helped rekindle the flame that brought back life and action to a gasping, dying record industry. And as this greatest year for that industry since the heyday of Caruso draws to a close, the recordmen and all others who profit from their resurgence send out their greetings to the nation's music operators everywhere. Many of these greetings are spread across our desk right now. You'll find a few more, addressed to you more personally, among the succeeding pages of this issue. Take note of them. They're an indication that there are more people with an interest in you than you know.

* * *

Apollo Records held its Christmas party on Friday, December 20th, and all the folks there had great cause to celebrate. One of their new releases "How Ashamed I Was," got a terrific plug via Walter Winchell when it was mentioned as the kind of disk radio execs take home to their girl friends rather than risk censure from the powers that be by playing it over the air. The mention caused a flood of inquiries to descend upon Apollo's headquarters here from all parts of the countrs. Meanwhile, it seems as tho the label has something in a new Latin group they've recorded for the rhumbo trade; the combo is headed by the famed Pancho.

* * *

Brooklyn, which owns its own ball club in the Dodgers (ever hear of 'em?), will soon boast its own Capitol Records distributing branch, according to word released this past week by John Scalise, regional manager for the label in this territory. And that'll save our Brooklyn and Long Island ops much time and parking headaches. The boys at Capitol have been planning the move a long time, what with the tremendous territory and the tremendous demand which was being serviced by the New York distributing point.

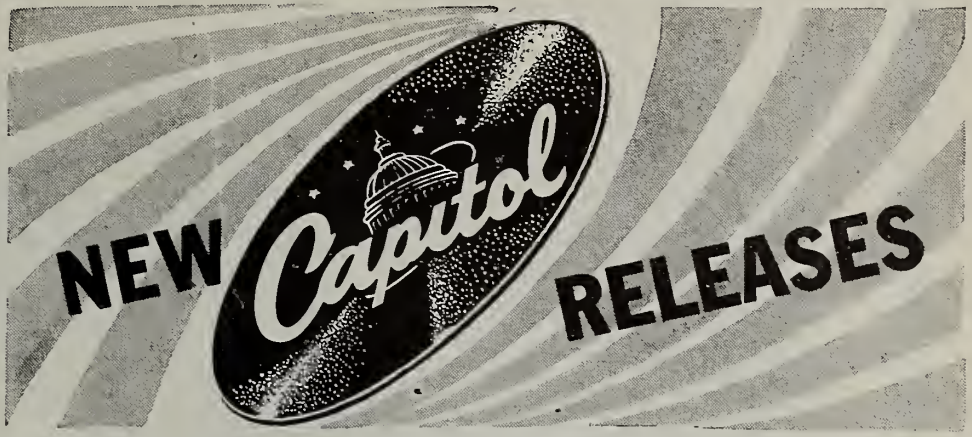

* * *

Up to his ears in heavy action, holiday time or not, is Al Middleman, who heads the Sterling and Juke Box labels. If that man is not in a conference he's on the telephone, and, if he's not on the telephone, he's inking a deal. But busy as he is, he's still always there for a good word and a friendly gesture . . . This Friday past was also the date for big merry-making at Decca's headquarters. And they, too, have reason for rejoicing. One quick glance at what Al Jolson's disks are doing to the sales charts and you know why . . . Over at Majestic Records the folks are expecting big things from Jimmy Lunceford's latest recording. Supported by top sidemen, his soon to be released platter is expected to lift the lad right up among the most demanded orks in the country.

* * *

Well, that's about all for now. It's Christmastime and I'm in that holiday mood. Next week the New Year comes in, and I'll have a lot to say about that coming year in next week's column. It'll be strictly business. Maybe it won't be pretty, but it'll tell a number of things that have needed telling for a long time. In the meanwhile "A VERY MERRY CHRISTMAS AND A VERY HAPPY AND PROSPEROUS NEW YEAR!"

Byrde.

Capitol To Launch Bigger Exploitation Program In 1947

George W. Oliver Named To Head Enlarged Dep't

GEORGE W. OLIVER

HOLLYWOOD, CAL.—A "greatly increased" advertising budget and extensive plans for larging the scope and activities of the advertising and propmation department of Capitol Records, Inc. were announced this week by Capitol's National Sales Mtn week by Capitol's National Sales Manager, Floyd A. Bittaker, head-quartered here.

Mr. Bittaker revealed that George W. Oliver has been appointed head of Capitol's revised and enlarged advertising and promotion division. Mr. Oliver, a Floridian, is a noted sales promotion and market research specialist and has been affiliated with Capitol since August, 1946. We will work in cooperation with the Dunn-Fenwick & Co. agency of Los Angeles.

"To further the 1947 Capitol exploitation program," Mr. Oliver said, "the appropriation has been increased and will provide for many peak promotions. There will be designed so that all phases of Capitol's advertising-promotion operations, together with those of Capitol's dealers, will be based upon a central theme. Dealers will be supplied with a complete set of merchandising 'tools' so that they can effectively participate in each program. It should prove the most efficient and beneficial program, from the dealer's standpoint, of any record company."

Mr. Oliver asserted that the first major promotion under the new plan would be in connection with the forthcoming "Song of the South" Capitol album which is being produced, on records, in cooperation with the Walt Disney Studios.

Mr. Oliver, who succeeds Mr. H. W. Woodmansee as Capitol's ad and promotion chief, is a member of Sigma Nu fraternity, the Hollywood Athletic Club, and before becoming affiliated with Capitol served as an executive with the music division of Montgomery, Ward & Co., Chicago.

Majestic Distrib Plans New Sales Policy For Coinmen

NEW YORK—An inkling of things to come in the record distribution picture in this territory was revealed this past week when Lou Suritz, formerly national sales manager of Majestic Records, and now head of Majestic Brands, Inc., the new distributors for the label here, announced he would soon release a statement of policy under which relations of his firm with the cointrade will be specified.

Temporarily headquartered at the label's executive offices in this city, with a warehouse and shipping point in the cointrade district, the firm is now said to be making rapid strides toward setting up their own quarters.

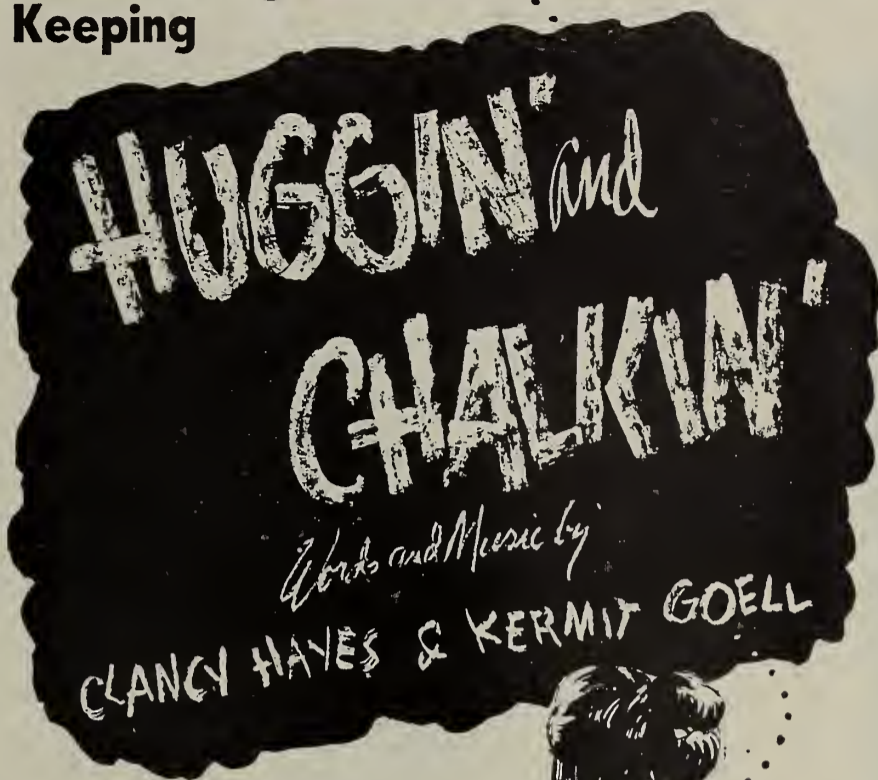

Many leading figures in the sporting and amusement world are said to be associated with the new firm.

Jeffries Listens In . . .

HOLLYWOOD, CALIF. — Herb Jeffries, well known to the trade for his song styling on Exclusive Records, "listens in" to an Automatic Hostess as it delivers a few disks from his recently released "Magenta Moods" album. The vocal star goes out on tour soon as a featured attraction with the Stan Kenton Orchestra.

C.M.I. BLUE BOOK

FOREWORD Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depends on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD The C.M.I. Blue Book should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.

IMPORTANT Machines underlined mean these were most active in trading the past week.

CODE Check this code carefully. Become acquainted with each one of the code numbers and what they signify. These code numbers appear in front of the name of each machine.

1

MEANS PRICE
WENT UP.

2

MEANS PRICE
WENT DOWN.

3

MEANS MACHINE JUST ADDED
TO LIST.

4

MEANS PRICES WENT UP AND DOWN
DURING THE PAST WEEK.

5

MEANS PRICES REMAINED SAME AS
IN LAST PRICE LISTS.

6

MEANS NO PRICES QUOTED FOR PAST
TWO WEEKS.

7

MEANS NO PRICES QUOTED FOR PAST
THREE WEEKS.

XX

MEANS NO PRICES QUOTED FOR
MANY WEEKS — PRICE SHOWN IS
LAST KNOWN QUOTATION.

IMPORTANT NOTICE

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange — posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration.

**THE C.M.I. BLUE BOOK REPORTS EACH
QUOTATION EXACTLY AS IT IS MADE
AND DEPENDS ON THE SUBSCRIBER
TO MAKE AVERAGE PRICE ADJUSTMENT
TO FIT THE CONDITIONS IN HIS OWN
TERRITORY.**

TELOMATIC PRODUCTS, INC.
NEW TYPE 110 VOLUME EQUALIZER

- Engineered by sound experts who have made a survey over a period of years studying all complaints about volume and sound difficulties that operators of automatic phonographs have had to put up with.
- TELOMATIC'S Volume Equalizer eliminates service calls.
- Type 110 VOLUME EQUALIZER is used primarily on all makes of phonographs to equalize the difference in volume of various manufactured records. With Type 110 VOLUME EQUALIZER — all records, regardless of make or volume level, will be reproduced on an even volume, balancing your high and low notes.
- TELOMATIC VOLUME EQUALIZER can be used for crystal or magnetic pickup.
- Very simple to install.

WARRANTY: TELOMATIC VOLUME EQUALIZER IS GUARANTEED FOR WORKMANSHIP OF MATERIALS FOR ONE YEAR.

CMI To Award New Cadillac For Best Public Relations Job

CHICAGO—Coin Machine Industries, Inc., through the CMI Public Relations Bureau, today announced an award to the man in the coin machine industry who has done the best job of public relations in the year, 1946. The award is a 1946 or 1947 brand new Cadillac car (Model 61). It is planned that this same award will be given annually.

James T. Mangan, Director of Coin Machine Industries Public Relations Bureau, invites every person in the industry to try for this award. All that is required is to write a simple letter stating in detail what you have done during 1946 in a public relations way. Namely: activities aimed at building good will for the industry in your own community or state or the nation; any new and effective ideas which you started and completed; any crusade which you headed, or any organization, fraternal, social, patriotic or charitable work in which you participated during the past year.

Your letter applying for the award should reach Coin Machine Industries Public Relations Bureau, Room 508, 134 North LaSalle Street, Chicago, Ill., before January 25, 1947.

United Mfg. Co. Steps Up Production

CHICAGO — United Manufacturing Company, this city, in announcing the progress of their first new five-ball novelty and replay game, "Sea Breeze," revealed that war-time conversion has materially aided today's production.

New equipment and systems, plus a concentration of all facilities under one roof, enables United to fabricate 90% of all parts used in manufacture.

Although over 125 screw machine parts are used in each game, they are all produced in a single shop. The press department issues all stampings used in step-up units, kicker units, relay bank, and switches. Coil parts and windings, even tool designs, are made right in the factory.

According to Lyn Durant, president of United, this "on-the-spot" manufacture assures smoothly run assembly lines and efficient full-time production of "Sea Breeze."

The entire Trimount staff wishes all manufacturers, operators, suppliers, and friends

Gilmore Gives Party for Orphans

CHICAGO—Fifty little orphans and underprivileged children will enjoy the double excitement of Christmas and the circus during holiday week as a special treat of CMI, Inc.

James A. Gilmore, Secretary-Manager, has arranged for the kids to see the thrilling Coliseum International Circus through special arrangements with the Sister Kenny Fund Committee. The Committee, devoted to establishing a local infantile paralysis clinic, has taken time to cheer young victims of loneliness throughout Chicago's institutions, by sponsoring six special Big Top performances.

Gilmore offered the association's assistance in entertaining the children and highly approves of the circus as a means. In fact, no one would be surprised to find showman Gilmore sitting with the kids and having just as much fun.

Comments On 10¢ Play

DE WITT (DOC) EATON

CHICAGO—DeWitt ("Doc") Eaton, Vice President and General Sales Manager of A.M.I. Incorporated, made the following statement on 10¢ play on phonographs.

"I feel personally responsible for a lot of controversy that has taken place among manufacturers, distributors and operators, since I opened up the crusade for 10¢ play several months ago.

"Many people in the trade are feeling a twinge of alarm over seeing what was apparently a mild controversy at the start, growing into a locked-horns contest by the advocates of the new 10¢ play idea and those

who want to stick to a nickel-a-tune. This so-called controversy does not alarm me at all. I think it is extremely healthy because it has got everybody in the music business thinking seriously on the subject.

"I just want to advise everybody in the trade that any crusade inevitably brings out many opposing points of view. Personally, I am amazed at the growth of the 10¢ play idea. When I first espoused this cause I frankly did not hope that the ensuing three months would bring about the tremendous progress that has been achieved in this period.

"But already many large territories

are operating on 10¢ and tho there may be a little trouble in getting the new basis established, these moves are tremendously beneficial to the business in general.

"No one will deny that if the 10¢ play could be universally installed overnight and be made acceptable instantly to the public that any manufacturer, distributor, or operator would object. Such objections as we have heard to 10¢ play have been strictly opposition based on the amount of work, salesmanship, public relations activity that will be necessary to make the 10¢ idea acceptable to all."

IT'S WHAT'S IN "THE CASH BOX" THAT COUNTS

LIKE A ROLLING SNOWBALL

... IT STARTED IN BIRMINGHAM ALABAMA

... A Coin Machine Experiment in a Single Store of a Large Chain

... SO SUCCESSFUL WAS THE EXPERIMENT THAT WITHIN A FEW WEEKS

- ... 20 Stores on the Pacific Coast said, "We want them, too!"
- ... All the stores in the Chicago district were next
- ... Then Ohio, Pennsylvania, Kentucky and West Virginia
- ... North and South Carolina followed
- ... And NOW New York
- ... The rest of the country shortly!

THIS EXPERIMENT IS HISTORY MAKING BECAUSE THE CHAIN STORE IS SEARS ROEBUCK & CO. AND THE COIN OPERATED MACHINE IS * VOICE-O-GRAPH

THE FULLY AUTOMATIC COIN-OPERATED RECORDING MACHINE

Operators who can appreciate the permanence, stability and dignity of operating VOICE-O-GRAPHS are invited to call on their newest VOICE-O-GRAPH Distributor for PROOF of VOICE-O-GRAPH'S remarkable earning power.

WURGLER SAYS TIME RIPE FOR 10¢ - 25¢ PLAY

ED. WURGLER

NO. TONAWANDA, N. Y. — "Some operators have sincerely suggested that the right time to have raised phonograph music prices to the public was during the war when operating costs rose sharply and spending was freer," reports E. R. Wurgler, General Sales Manager of the Rudolph Wurlitzer Company. "While it is true that certain general expenses, like salaries, records, taxes, car and truck maintenance, and other overhead costs increased, the point overlooked is that the accompanying higher take enabled the operator to conduct his business on a profitable basis. In other words, it was unnecessary to raise prices during the war and, therefore, any price increase would simply have been taking advantage of the public.

"However, since the war two things have happened. First, the take has fallen off from the wartime high in the face of continued high operating costs. Second, operators are no longer able to hold their best paying locations with the obsolete equipment and are forced to provide new phonographs costing far more than prewar.

"During the war the operator was not able to buy new phonographs because no new models were made," Wurgler continues. "However, with the end of the war and the resumption of phonograph production, the operator has bought new machines to hold his best locations. Ordinarily, he would have replaced a smaller percentage of his old equipment but much of that equipment, which performed yeoman service during the war, was so worn and obsolete that it could no longer be operated profitably and had to be replaced.

"The cost of buying new equipment, the carrying charges and depreciation are the heavy end of the phonograph operating business — and have added an extreme financial burden to the already heavy load of overhead expenses.

"To meet these rising costs, of which the cost of new phonographs is a major item and over which the manufacturer has little control due to his greatly increased cost of production, it is necessary for the operator to convert his route to quarter-dime play if he hopes to stay in business.

"While our price conversion program has been in operation for only a short time, reports from all over the country indicate a lessening of resistance from many operators who felt that they could survive with 5¢ play. According to the present trend, it is only a matter of time before all far-sighted operators see the unchallengeable arithmetic of this forward stride which some originally considered a bold and impracticable move."

Alabama Music Ops Assn Change To 60-40 Hold 5¢

COL. R. E. L. CHOATE

MONTGOMERY, ALA.—Col. R. E. L. Choate, business manager for the state of Alabama music ops association advises in a letter to *The Cash Box*, "Our governor-elect, James Folsom, has promised publicly that he would give us music in establishments that sell intoxicating beverages and we feel sure that he will keep this promise."

He also reports that this association now has 50% of all music ops as members thruout the state. These ops, he states, "Represent approximately 75% of the total music machines in the state."

He also hopes that very soon there will be 100% membership in the organization because of the great work which has already been accomplished by the association to benefit all of Alabama's music ops.

The operators in Tuscaloosa and Epes, Alabama and Columbus, Miss., he reports, have decided to remain on 5¢ play but have sent letters to every location in the state advising that the commission percentage will be changed from 50-50 to 60-40 as of January 1, 1947 so that 5¢ play can continue.

The reasons for the change is outlined in this letter sent to the locations as follows: "Increased cost in maintenance and operation of music machines has more than doubled itself in the past 10 months, i.e.—salaries to service men have jumped 75% to 100%; cost of records has increased from 22¢ to 65¢ to \$1.00, an increase of more than 300%; cost of new machines has increased more than 125%; repair parts have increased as much as 400%; and the cost of maintaining trucks and other equipment has also increased considerably."

The letter advises the locations that the operators have been deliberating for sometime now on how to absorb this increased cost, "but find that it is impossible to do so without operating our business at a loss."

They also state that, "Similar plans have been adopted in other sections of the State of Alabama and, in each case, have met with the approval of the location managers concerned."

Michigan Ops Vote To Continue 5¢ Play

JOE BRILLIANT

DETROIT, MICH. — Joe Brilliant, president of the Michigan Automatic Phonograph Owners Assn., Inc., this city, advised *The Cash Box* this past week that at a meeting Thursday, December 12, the 160 members of this organization has decided "to continue 5¢ play indefinitely."

He reports, "The 160 members of this organization represent 95 per cent of all the juke boxes in Wayne, Oakland, Macomb and St. Clair Counties."

In commenting on the retention of 5¢ play he says, "This business has been built solidly on 5¢ play from the beginning and we as an association are determined not to make any change, regardless of the fact that our overhead has practically doubled."

Venders To Play Heavy Role At CMI Show In Feb.

CHICAGO—James A. Gilmore, Secretary-Manager, Coin Machine Industries, Inc., announces that the annual exhibition of the general coin machine industry in the Hotel Sherman, Chicago, Illinois, February 3, 4, 5, 6, besides displaying all the newest products of the industry will also place heavy emphasis on coin operated vending equipment of all kinds.

On display will be venders of books, cigars, cigarettes, candy, chewing gum, ice cream, nuts, popcorn, postage stamps, sanitary napkins, soft drinks, scales and service machines of all kinds. Many of these machines will be exhibited for the first time at the Chicago show. Other machines which have received national publicity will be on display, among them an automatic hot coffee vender, insurance and railway ticket vender, an automatic shoe shining machine and many others.

Gilmore also reminds the whole coin machine fraternity that every vending machine operator who has carried on a public relations campaign in his own community is eligible for the grand prize of the brand new Cadillac car to be awarded to the one person in the industry who has done the best job of public relations during the year of 1946.

Over 12,000 operators are expected to register for the show and Gilmore predicts that from 70% to 90% of all members of the vending machine industry will attend.

In addition to exhibitors who will display vending equipment solely, Gilmore also informs us that several of the largest coin machine companies have special new venders which they will show for the first time at this Convention.

625 TENTH AVENUE NEW YORK 19, N. Y.

MURAL ADORNS MUNVES' OFFICE

NEW YORK — Pictured above is a reproduction of the beautiful multi-colored mural inserted in the wall of the private office of Mike Munves. Hanging of the mural was the final touch to his newly renovated building on West 34th Street.

Warren Soned, well known artist,

who also has earned a national reputation as a designer of many of the country's foremost night clubs, children's play and bedrooms, etc., received a great deal of praise from the trade for catching the "carnival spirit" of the amusement machine market.

Word is rapidly passing thruout the

+
Merry Xmas
and
Happy New Year
TO ALL
+
MARCUS KLEIN
577 - 10th AVE., NEW YORK CITY

trade that the mural must be seen, and Munves is kept busy acting as host to all coinmen. Out-of-town visitors make his offices their first stop, and if it keeps up, it appears there will be little time left for business. However, Mike is happy over it all, claiming "there's always a little time to talk business".

Nat'l Slug Appoints Manning And Cleary

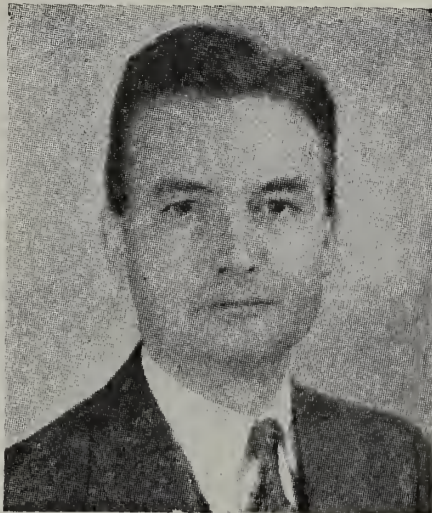

JERRE V. MANNING

ST. LOUIS — Due to increasing demand for its coin handling devices, and expansion of its manufacturing activities, National Slug Rejectors, Inc., headquartered here, has announced changes and additions to its personnel.

Mr. Jerre V. Manning, formerly of Micro Switch, Freeport, Illinois, has been appointed sales manager, succeeding Mr. J. I. Cleary, who has been appointed assistant to Vice President and General Manager—F. C. Steffens.

Mr. Manning, electrical and industrial engineering graduate of Washington University, St. Louis, is widely known for his sales and field engineering experience and his activity in many of the problems that confront the vend machine industry. He will specialize in sales and engineering assistance to vend machine manufacturers, a policy that is strongly stressed by National, world's largest manufacturer devoted exclusively to making coin-handling and detecting devices.

National Slug Rejectors, internationally known for developments that have simplified coin handling equipment, recently announced a change-maker series for both electrical and manual use; also a new series of slug rejectors and electrical accessory assemblies. Other recent develop-

JOHN I. CLEARY

ments are a hotel-and-motel radio-timer with slug rejector protection, and credit storing devices.

Curfew On Phonos Upheld By W. Va. Court

CHARLESTON, W. VA.—A decision was recently handed down by the Supreme Court of this state upholding the constitutionality of the 1945 "beer law" providing that juke boxes may not be played after 11 p.m. on week-days, or on Sundays in locations dispensing beer.

The court, in an opinion prepared by Judge Fred L. Fox, declared that the lawmakers had not intended to enact the law as a curb to the "usual and proper use of musical instruments." Instead, he declared, it was the purpose of the law to "regulate the business of the sale of non-intoxicating beer, and to guard against abuses which sometimes arise therefrom."

ALWAYS SAY "I SAW IT IN 'THE CASH BOX!'"

1¢ A RECORD ...in Ireland

DUBLIN, EIRE — A well known American correspondent writing from this "land of food" reports that everything seems plentiful here and that the ice cream is very creamy and very delicious and the places where such sundaes as the "Melancholy Baby Sundae" are purchased reminded him of the old "sugar bowls" in the United States. In addition he writes, "listened to a juke box which, incidentally, required only one penny a record or three for the equivalent of a buffalo nickel".

MGA Sets Up Vets School for Mechanics

NEWARK, N. J.—Group of ex-G.I.'s attending the school for mechanics under the auspices of the Music Guild of America, this city. This class was conducted by Charley Reissner of Seacoast Distributors, and was devoted to the Rock-Ola phono.

Music Guild of America conducts weekly classes for vets. Each week is devoted to the mechanism of a different automatic phono. After the course is over, the ex-G.I.'s are absorbed by the industry.

Inventor of Volume Equalizer Praised

WILLARD WAYNE

SAN FRANCISCO, CAL. — According to E. George Bennett of the George B. Murdock & Associates firm, this city, Willard Wayne the inventor of the "Wayne Volume Equalizer" is receiving the plaudits of music machine operators from all over the country.

Wayne has helped a great many operators to greater profits, Bennett advises, thru use of his "phenomena" the "Wayne Volume Equalizer."

"In locations everywhere", Bennett stated, "the 'Wayne Volume Equalizer' has proved to the music operators that it can help bring them greater profits and, for the first time, really fine music that everyone in the spot can hear without strain."

**Deaton Brings It
Back Alive**

GALION, O. — "Since you're talking about old timers", Warren C. Deaton, Rock-Ola representative of this city writes, "here's a bit of an old time game, 'Kue Golf', patented, manufactured and shipped all over the world. We had orders from Belgium, France, England and many other countries."

He reports, "The machine was patented in 1929 but was shown at the coin machine show for the first time in 1927. Note the dress worn by Miss Mac Reed who, at that time, was publicity director for the Hotel Sherman."

Deaton also states, "We maintained offices in Chicago, Philadelphia, Boston, Dallas, New York, San Francisco with general headquarters and manufacturing in Greensboro, N. C."

Deaton is the young man on the far right of the above picture and the other two men were salesmen for him at that time.

MGA Attorney Gets Juke Box Tax Reduced

SOL KESSELMAN

CALDWELL, N. J.—Sol Kesselman, attorney for the Music Guild of America, succeeded this past week in convincing the city council here that a \$25 per year license fee for the 8 phonos that are running in this town would absolutely cause the operator to lose money from the operation of the machines here.

His arguments were hotly contested by attorneys for the city but, after showing the entire license tax structure for coin operated music equipment throught the state, Kesselman succeeded in getting even the opposing attorneys to agree that they would be working a hardship on the operator.

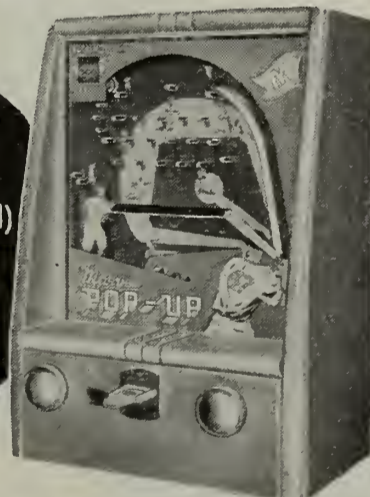

It was decided, after Kesselman's brilliant arguments, that the license ordinance would be amended and that the fee, would, instead of \$25 per machine, be cut down to \$15 per year per machine.

Lee Jones Points The Way For All Ops

LEE S. JONES

CHICAGO — Lee S. Jones of the First American Sales Co., Inc., this city, took time out this past week to write the following letter to *The Cash Box*.

(Lee is one of the old timers in the coinbiz and recalls away back when most of the people in the industry today knew very little about coin operated machines of any kind.)

"I want to compliment you on your 'GET MAD' editorial. I find a belief among the operators that prices are due to take a tumble. On the other hand no such feeling exists with the manufacturer. The operator who holds back today in the belief that machines are going to come back to something like pre-war level, just does not study economics. It is questionable in my mind if it is good business for the industry as a whole, when prices are low. Moreover even a period of depression does not hurt the operating business.

"I remember when I resigned from Seeburg in May 1932 and organized a distributing business, then we were in the midst of a terrible depression. Banks were popping every day. We had just started and put a little money to organize in one of the Chicago banks, and I used to go up there every day and stand around and see people withdrawing money and daily I had a scare for our bank roll, as small as it was, but when I came back to the office, here were guys standing in line to buy machines.

"People who had never been in the operating business, and some of them never even put a coin in a machine. I recall one customer who became a successful Chicago operator yet he had been educated in America and in Italy, and was a fine sculptor. He could not make any money with his art, therefore became an operator and is one today.

"You and I know that the pin machine business had its birth and prosperity in depression years. Just let time get tough and every store keeper will lose his independence and beg operators for machines. The revenue kept many of them alive 15 years ago."

Allied Electronics Have New Wired Reproducer

BROOKLYN, N. Y.—Ed Hartman and Joe Henkle of Allied Electronics, Inc., this city, are now manufacturing the "Ultravox Wired Program Reproducer". This is complete wired music location equipment for doctor's and dentist's offices as well as for beauty parlors, reception rooms and many types of retail locations.

Ed Hartman, in discussing this new unit, stated, "It gives very fine reception on wired music allowing operators to set up immediately in small locations. It is only necessary to bring the telephone wire to the unit", he explained, "and then plug it into an

AC receptacle.

"The amplifier in the wall cabinet", he continued, "is the bridging type. Two or more installations can be made on the very same wire without overload the telephone line."

Interest in selling professional and retail music has already brought a tremendous response to the firm, Hartman said, and he believes that they will be filling all orders very speedily.

Production is now well under way and the firm plan to increase their production line up as they go along.

TELOMATIC, Inc.

PASSAIC, NEW JERSEY

FOR A PROSPEROUS 1947 — GO TELOMATIC

Pa. Town Passes First License Bill

Covers Pins and Venders Jukes to Come Next

BETHLEHEM, PA.—The first two of a series of revenue producing ordinances were passed by the City Council here this past week. These were directed against pinball machines and venders.

Pinballs are to pay the city \$25 per yearly license fee from now on and all types of vending machines will be required to pay a \$10 yearly license fee.

As passed the ordinance allows for increases in the fees at later dates if so decided upon by the City Council.

The third of the new series of ordinances will be directed against juke boxes, according to reports. This is now being prepared and it is expected it will be presented very soon.

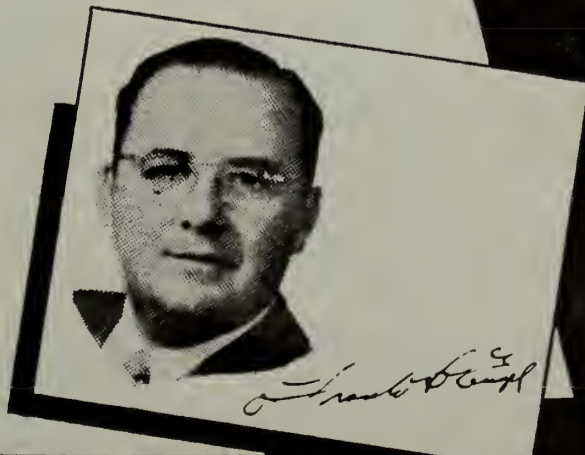

(Like many other cities, Bethlehem has directed its first new revenue producing ordinances against coin operated equipment. *The Cash Box* has urged the trade for almost five years now to create a "National Tax Council". There is no doubt that license ordinances will now start with great frequency in towns and cities all over the nation and many coinmen may find operation of certain equipment unprofitable because of inequitable and excessive fees.)

Season's Greetings

Another Christmas is here . . . a season to be gay — to be thankful for the good things that are ours — to look only on the brighter side — to pray for faith, peace and health for the year ahead.

The best of everything to you all for 1947.

Bendix Hit As "Trust" On Coin Operated Laundries

NEW YORK — A civil action has been filed charging Bendix Home Appliances, Inc. of Indiana and Telecoin Corp., of this city, with violating the anti-trust law in connection with the distribution, sale and rental of Bendix automatic washing machines.

Bendix is charged with having made an arrangement with Telecoin by which the latter has been made the sole distributor of Bendix machines.

Under this arrangement, it is charged, Telecoin, with the alleged connivance of Bendix, purports to grant franchises which exclude other automatic washing machines from commercially desirable locations, fix rental charges, require payment of monthly tribute to Telecoin, and unreasonably restrict the rights of owners and operators of the rental machines.

Canton Music Ops Take License Bill to Court

CANTON, O.—Almost forgotten since its passage by the city council in June, 1945, an ordinance which imposed a \$15 per year license tax fee on all juke boxes in this city finally came up for court decision here this past week.

Operators of the 400 juke boxes here won a temporary restraining order which prevents city officials from enforcing this law.

Common Pleas Judge George N. Graham must now decide whether the temporary order should be made permanent.

Ops thruout this entire area are carefully watching this case and hope to win a permanent restraining order from officials enforcing the law whereby \$15 per year license fee would have to be paid for each juke box in operation since June of 1945.

Production Unlimited

LOS ANGELES, CAL.—Sol Schwartz of Pico Sales Co., this city, manufacturers of the new roll down game which is clicking with the trade, "Pinch Hitter", reported that the firm's factory is now so geared that, "Production is unlimited".

He also stated, "Operators, jobbers and distributors everywhere in the country who have already purchased our 'Pinch Hitter' report that it is the most outstanding of all the roll down games yet built. Everyone of these men has praised it to the skies. We are simply thrilled by the swell letters we have received and by the fact that everyone of the operators is making money with 'Pinch Hitter'."

"You Can Always Depend On Active—All Ways"

THRU THE COIN CHUTE

CHICAGO CHATTER

It's cold—here in Chi. There's a feeling of snow in the air. Bells are jingling. Stores are crowded. There are all sorts of gaily wrapped packages, in all shapes and sizes, on the desks of almost every coinman in town. People seem to be smiling more cheerily. Coin machine business seems to be more or less pushed into the background. Those ultra gaily colored ties glare blindingly from every haberdasher's window in town. There's a tingle and snap and a cheery "hello" all around the trade. And kids are getting up bright and early each morning, to quickly dash to the windows and whether there's snow on the ground. Everyone seems to be planning a party. There's holly and mistletoe, and poinsettias and pine trees all over. It's Christmas!! And the boys and girls in the coinbiz are just as happy as a bunch of little kids over it. So, before we go any further, we wish all of you, from all of us—the merriest of Merry Xmas's and the very happiest of Happy New Years.

—Outstanding event of this past week was the presentation of *The Cash Box* "Oscar" to Eddy Howard at the Aragon Ballroom here (where Eddy has become more or less an institution) for "The Best Orchestra of 1946", as unanimously voted to him by all you guys and gals. Bill Gersh flew in from N. Y. to make the presentation, and did a grand job of it up there in front the "mike" at the Aragon as the newspaper photogs snapped pics, the newsreel cameras clicked and the news went over the air waves. The gals and guys in this gorgeous ballroom screeched and whistled and applauded, as Eddy Howard sincerely thanked the automatic music industry for the "Oscar". And you can believe me Eddy was thrilled right down to the marrow as were all the guys in his orchestra, his publicity men, his manager, his secretary, et al. He's a grand guy, Eddy Howard, and his big hit record, "To Each His Own", deserved the juke box votes for the way it brought those coins into the boxes.

Someone phoned to wake me up at midnight (this past Tuesday) to tell me that Mrs. Ray Moloney (wife of the beloved prexy of Bally Mfg. Co.) had just given birth to a gorgeous little girl. That's No. 2 girl baby for the Moloneys. (Here's hoping that Ray isn't trying to emulate Eddie Cantor—and that the next one will be a boy) . . . Harry Williams of Williams Mfg. Co. took me back stage of his big factory and told me about something which is "the answer" to the pin game profit making problem. Brother, I just gasped. Harry told me, tho, that he won't publicly announce it until showtime. It's a lulu . . . Our good friend (that Chi cowboy from San Antonio) was also in town this past week. None other than Jimmy Johnson. Jimmy's doing a very, very, very grand job with Boy's Town down in San Antonio and deserves the compliments of all the industry. By the way, Jimmy also told me that his Jack and Jill are the very greatest horseback riders on the Texas ranges—to hear him tell it.

Billy DeSelm over at United Mfg. Co. all excited over the big Xmas party the firm is making for their employees and even more excited over the fact that his Graflex camera has at long last arrived. You'll be seeing some nice pictures from United soon, he tells me . . . Jack Breidt of New York's Bully distribution and U-Need-A Vendors was over at the Stevens with our good friend Jack Feinberg, ciggy machine salesman deluxe . . . Dan Cohen of Noo Orleans was also in town but we just couldn't catch up with him this trip . . . Jackie Rosenberg of St. Louis was also around—flittering here and there . . . Saw Al Stern of World Wide Distribs in the lobby of the Bismarck the other evening talking things over with two prominent Duluth ops . . . Walter Tratsch, of ABT is getting ready to take a Caribbean cruise. Walter loves the smell of that salty air—especially where it's nice and warm . . . De Witt (Doc) Eaton out of town but expected back at his

AMI desk before the week runs out . . . Harry Brown of American Amuse. Co. busier than ever with his new counter game and fighting hard to get shipping firms to help him get customers speedier delier deliveries even with the strain of Xmas packages. Harry looks forward to the opening of one big eastern town on his game.

I've received lots and lots of "Season's Greetings" from coinmen all over the nation for which I want to most sincerely thank them and wish them just as many pleasant holidays all bunched up the way they want them . . . George Prock of Dallas and Ken Wilkinson of San Antonio were in town for a few days . . . J. R. Bacon of O. D. Jennings & Co. sure does travel fast—was at three parties all in one day . . . Al Sebring, of Bell Products will pop with an important announcement right after the first of the New Year . . . Lou Gensburg is all alone at the big Genco plant and doing a Herculean job rushing out those "Step Up" games . . . Dick Hood, of H. C. Evans will have some very good news for the boys at the convention . . . We expected Sam Mannarino, of Pittsburgh to pop into town but hear that he went down to Florida instead . . . John Chrest sure does look hale and hearty these days . . . Herb Jones of Bally is doing a really terrific job for the show and the trade should get together at the convention to thank him—I believe . . . Vince Shay took Oscar Schultz's "oscar" away from him in gin . . . Mr. and Mrs. Leo Lewis keeping themselves plenty busy over at their Lewis Coin Mach. Service and doing a bangup job of it, too.

Gordon Sutton over at Illinois Simplex (Wurlitzer's distrib) doing a grand, grand job and winning a tremendous number of friends from all over the state. Gordon is one of the best liked guys in the coinbiz . . . Charley Katz and Leon Berman of N.Y.C., who have that upright game, in town this past week and in omportant conferences . . . J. R. (Pete) Pieters of Kalamazoo, and Detroit getting ready to fly his own plane all the way down to Biloxi, Miss. . . . Gil Kit of Empire Coin continues to be the busiest coinman in town—come slow—come fast—this boy's always going . . . Mike Hammergren of Wurlitzer passed thru town—just like a flash. Mike's the travelingest man . . . Understand that big eastern distrib has decided to withhold opening offices here until after the coinshow . . . Just thought of something—I.T.&T. (which isn't a 'bad' stock) should make it their business to pay Georgie Jenkins of Bally a bonus every Xmas. Georgie is the biggest long distance telephoner we know of . . . Harry Jacobs, Jr. of Milwaukee on his way into the cold and Windy City to "see a new game".

There still talking about that swell press party arranged by Jimmy Mangan . . . Saw two Canteen machines at the Airport the other day. One vending "Super Cola", "Canada Dry Cherry" and "Root Beer" was a mixer type drink vender and was getting plenty of action from waiting passengers, but, the other which was selling hot dogs, spiced ham and barbecued beef hand an "out of order" sign blocking the coin chute . . . Sherman Pate is back in speedy action over at Permo Products once again. And Sherm is eagerly awaiting the forthcoming convention so that he can meet all his many friends in the coinbiz. At present he's busy with a great many executive and sales duties for Permo . . . Flying weather was very bad this past week with TWA's Constellation flying our copies of *The Cash Box* over the top of Chgo., into Kansas City and then having to fly them back the next day before we could individually mail them. Excuse the delay, please—but, let's give Santa Claus first consideration at this time of the year . . . Dave and Nate Gottlieb in plenty of conferences these days and so we expect some great news to pop over at this gorgeous factory any minute.

THRU THE COIN CHUTE

EASTERN FLASHES

Altho the holidays are a few days off as we go to press, the trade has already started to get into the mood . . . Coinmen are sending and receiving bales of cards . . . A great many coinmen are planning on leaving the city for a week or so, claiming they plan on building up their health for the forthcoming CMI show . . . Which reminds us, special trains for the coin machine boys are in the making. You'll be hearing further details very shortly.

That mural in the private office of Mike Munves, created by Warren Soned, is causing quite some excitement along coin row . . . A new book vending machine is now in operation in the Lincoln Building . . . Iz Edelman, Edelman Devices, Detroit, still in the city, but heading home for the holidays . . . Charley Herman, formerly with his brother Lou, in County Amusements, Westchester county operators, now vacationing in Florida . . . Jack Mitnick, Runyon Sales Company of New York, starts out to eat his lunch around 1 o'clock every day, and winds up with a sandwich at about 4. Now that the Telomatic, Inc. Volume Equalizer is moving so fast, Jack will probably have to curtail his lunch altogether.

Dave Stern, Seacoast Distributors (Rock-Ola distribuotors) rambles around coin row one day this past week visiting all the jobbers, playing their machines, and in general having himself a good time. However, we did catch him one time in very serious conversation with Mav Weiss, the Brooklyn operator . . . Earl Winters, Modern Music Sales Corp., completely knocked out by the tremendous pressure getting his Vogue records to the trade before Christmas. Nat Cohn wants Earl to take himself a short vacation sometime before the Show, as from then on Nat claims "we'll both be working at top speed" . . . Max Schwartz, Manhattan Sales Co., returns from a three week vacation in Miami Beach and is he moaning. "It rained every day for the three weeks" relates Max, with tears running down his face.

J. Breidt, Tri-State Sales Co., Pioneer Distributing Co., and U-Need-A Vendors, visiting in Chicago . . . Al Douglas, Douglas Music Co., large Harlem operator, moves to his new home in Tuckahoe, N. Y. . . . Barney (Shugy) Sugerman, Abe Green and Mike Munves, Runyon Sales, all excited about the Christmas party they are throwing for all their employees in their various offices . . . Harry Berger, West Side Distributing Co., moves this week into his new quarters, two blocks further along Tenth Avenue. Harry claims he'll soon have his new coin changer ready for the trade . . . Gloria Friedman and Johnny Holenka, Runyon record department, listen to more off-color records than anyone in the

country, as record salesmen try to sell them. But it's no go.

Dave Lowy looking toward the New Year with great optimism. Since returning from the service, Dave has gradually improved and strengthened his organization and now feels that he is really beginning to roll . . . Bob Jacobson, who has been operating in Florida for the past year, and also distributing the "Electro" electric cigarette machine, returns with his wife and family to New York City for the holidays . . . Mario Caruso, president of C-Eight Laboratories, manufacturers of the "Electro" cigarette machine displayed the machine to the trade at a showing in his Newark offices last week . . . Murray Goldberg and Jack Firestone, Firestone Enterprises, Inc., Brooklyn, N. Y. preparing four new games to be displayed at the CMI Show. Altho Goldberg loves to drive, he informs us that he'll either take a train or a plane to Chicago in February.

George Ponser and Irving Kaye, Amusement Enterprises, Inc., shipping their new roll down game "Tri-Score" to their distributors thruout the nation, so that they can have them displayed on their show-room floors when the official announcement breaks. In addition, Amusement shipping quantity orders for their "Whirl-A-Ball" counter game. Ponser and Kay are running a Christmas party for their employees at their factory over in Brooklyn, N. Y. (Tuesday, December 24) . . . Jack Fitzgibbons, Musical Minutes, Inc., and Jafco, Inc., relaxing during the holidays, but hopes to make his announcement the first of the year . . . Al Schlesinger, Poughkeepsie, N. Y., should be ready with his new alley shortly.

Leo Knebel, Manhattan Phonograph Co., (Aireon Distributors) and his staff relax for a week during the holidays, after having many months of hard work catering to the demands of the music ops . . . Eddie Lane, brother of Bert Lane of Seaboard Sales (Seeburg distributors) watches his song "Bless You For Being An Angel" gradually creep into prominence among the best sellers . . . Buddy Eisen, Sid Mittleman, and Phil Mason of Joe Eisen & Sons, (Packard distributors) report a sudden demand for their "Out Of The World" speaker from metropolitan operators. Joe Eisen, by the way, traveling thru South America, and should be back by show time . . . R. M. Blair, who has distributed machines in Panama and Canada, leaves this week for Cape-town, So. Africa, where he will open a distributing business for coin machines.

We want to take this opportunity to thank all our friends for the many fine favors extended to us this past year, and wish them the best of everything for the coming year.

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Had a lot of fun presenting *The Cash Box* oscar to the Dinning Sisters this past week. The award was made over station K.F.A.C. The girls were very elated over their winning the trophy and cavorted about like a group of happy kids . . . Many record firms have heaped lots of praise upon the recently closed contest to select the most outstanding artists and records for the year of 1946 and look forward to the one to be held next year . . . Interest and excitement over the forthcoming coin show next February is increasing daily with more ops and practically all local distribs planning to attend. It looks as though the West Coast will be very well represented in the Windy City. A tip to those planning on making the trip who have as yet not made train reservations: We learn from a very dependable source that is getting tougher to get reservations with the passing of each day. Do your convention shopping early, and get your reservations both ways now.

The usual seasonal lull is upon us in the coin biz with many of the coin ops and distribs finding other things to do to keep themselves busy. Among the ops looking in along the shops on coin row were: Thomas Steinhelper, Vasalia; Art B. Johnson, L.A.; Roy B. Jones, Inglewood; Anton Jeppesen, Maywood; E. L. Willard, Pasa Robles; George Langford, Tulare; Leo Kliza, L.A.; L. Worley, South Gate; S. H. Kingery, Van Nuys; Jack Arnold, Barstow; Raymond Stewart, Tipton; O. A. Kampmann, Santa Monica; Albert Amidon, Los Angeles; D. L. Balch, Gardena; H. R. Rice, Los Angeles . . . Attended a very interesting meeting of the Southern California Automatic Music Ops Assn at the Teamster's Hall this past week. The gathering was well attended with approximately 100 members attending. Short talks were made by Frank J. Matula, Jr., of the Teamsters Union and Mr. Worley De Montreville, business agent of the Intl. Brotherhood of Electrical

Dropped around to look over the new Badger Sales offices and showrooms and was amazed with the large spacious offices. The display and storerooms cover almost a half city block and the shop and service quarters are amongst the most completely equipped ever seen. All in all it is the answer to the most perfect working arrangement in combining all the necessary elements to the ideal distributor set-up. Bill plans on holding his grand opening and open house to celebrate the completion of his new building on January 15th, 1947. Jack Leonard of the parts department is holding the fort at the old place and expects to move into the new building within the next week . . . Paul and Lucille Laymon are planning to spend a quiet Christmas at home this year, as they plan to attend the big show in Chicago in February. Paul and Lucille aren't saying anything about it, but we learned that they are giving their employees a very handsome bonus for Christmas, as they have each year in the past. Paul received a large shipment of Bally consoles and "Midget Racers" and is making rapid deliveries to the ops in time to sweeten their locations for the holidays. Paul tells us that business is good and will get even better right after the first of the year.

Elky Ray of Gold Coast Coin Machine Exchange and Sol Gottlieb of the Gottlieb factory, Chicago,

traveling around calling on the distribs and taking many orders for the new Gottlieb games now rolling into town in larger numbers. Elky expects to occupy his new store within the next week. Sol Gottlieb leaves for Chicago after automobile trouble delayed him a week . . . A lot of things are happening in this county, and an important meeting has been called by Samuel (Curley) Robinson managing director of the A.O.L.A.C. which should give the boys the low down on what may be going on . . . Amongst the most ardent gin rummy players we have ever run into, Irv Bromberg and Hermie Cohen take the cake; they play every day from two to five in the afternoon without fail.

Bill Wolf is feeling more like himself again; he has been receiving some nice shipments from Genco and Williams Manufacturing Co. plants and is shipping to all his offices to supply the ever growing demand. For a while, Bill, who is an ardent golf fan, wasn't able to devote much time to the game, but is starting to talk it up again and plans on resuming his golfing soon. Bill believes business will really start to pick up very shortly, and feels very optimistic about the future . . . Al Silberman has just returned from a short trip to San Francisco and reports that business is good in the Bay City area . . . Jack Gutshall is delivering many of the new Packard Hideaways he recently received and expects to have all of the new machines delivered before he departs for the East to attend the show. Jack has been increasing his sales of independent records by leaps and bounds and is currently distributing the very latest T. Texas Tyler Western recordings. Tyler has always been a great favorite with folks who like good westerns.

Jay Bullock has made some changes in the distributorship of the new coin operated radio he is handling. He plans on distributing direct from the factory and has enough orders on hand to take all the factory can produce for the next few weeks . . . Otis Rene of Excelsior Records has made some changes in his organization and has just recorded several new race records, and plans on releasing them shortly . . . Leo and Eddie Mesner of Aladdin Records are very happy and proud to be the winners of *The Cash Box* trophy for their recording of "Drifting Blues" with Johnny Moore's 3 Blazers and are planning an elaborate program for the forthcoming presentation of their award . . . Morrie Wiczer of Wico Corp., distributors of coin parts for every type and kind of coin machine, is checking on all distribs to keep their parts department adequately stocked with the hard to get items.

Now that the coal strike is over, Bud Parr should be about ready to announce his long awaited and newest music equipment. According to all reports, it will be in great demand . . . Fred Gaunt of General Music is busily passing out good cheer and some very swell calendars . . . George Ehrigott is off on a trip to the home office in Oakland for a week. He's managing the local Mills Sales offices and reports a nice demand for their products. George hears that new Mills phono is a honey and will have some very interesting and surprising features which will interest all music ops everywhere.

THRU THE COIN CHUTE

ST. LOUIS

Cold weather iced up old St. Louie last week, but didn't put a stop to coin machine play. Most ops reported more service calls already on hand during December than in many years. "Must be the old equipment we're trying to get by with" Frank Murphy, AMI distributor, opined . . . This is a period of change for phonograph operation all over Missouri. Half a dozen big routes are for sale from St. Louis down to Mansfield, Mo. One of central Missouri's top veteran operators, E. E. Stepp & Son Music Company, Willow Springs, was visiting St. Louis distributors this week, picking up five new phonographs in the process. He reports two routes for sale in the area, and others building up. "More new juke boxes in the county seats than there are in the whole city of St. Louis" he told *Cash Box*, "I think that situation will keep up, too."

Up from Poplar Bluff came the news that a group of operators who run pingames and phonographs in the southeast section of the state have clubbed together for the Southern Missouri Coin Machine Operator's Association, with 16 members. Ops who hitherto have been cutting each other's throats and generally competitive have found a lot of real advantages in working together—more play, better returns, and better service. In fact, all of the 16 firms are lending each other phonographs, mechanics, and answering each other's service calls. First meeting of the group was held in Poplar Bluff, December 6th, and resulted in a new trend of thinking among a few midwestern operators.

Acme Novelty Company has latched on to a few new phonographs, reports owner Harry Siegel. Don't see much of Harry these days — since he learned to wield a voltmeter and tools. Andy McCall likewise acquired four Rockolas, part of a long string of new machines. Andy's route is getting to be one of the biggest in the country, and we ain't kidding! . . . Jimmy Houser has officially taken over as head of Hudson-Houser Music Company in Centralia, Mo. — name on the letterhead and all.

Visitors around the circuit of St. Louis showrooms this week included Harold Brown, up from Mattoon, Ill., E. E. Stepp of Willow Springs, Jimmy Houser, John Gazzolo and Bill Williams of local firms. One of St. Louis' unusual locations turned up last week — when an enterprising op, Tom Rigney, put a new Wurlitzer into a nursery school! Teachers shut the kids up with a play every few minutes.

MINNEAPOLIS

Christmas is just around the corner and there is plenty of the Christmas spirit in Minneapolis. The old thermometer has dropped way down to zero, and with snow all around, it certainly adds to the Christmas holiday spirit.

The South Dakota Operators Convention went

off with a bang last Monday and Tuesday. The convention was held at the Brown Hotel, Mobridge, South Dakota. Although we haven't received a complete report, we understand that there was a very fine turnout. Harold Scott, secretary, once again did a splendid job in planning the program. LaBeau Novelty Company was represented by Eli Bush Distributing Company had Harold Harder. Dave Ziskin was there from Silent Sales Company. Alien Greenstein, Al Lieberman and the Seeburg factory representative, Mr. Jim Schock, represented the Hy-G Music Company. We understand that the subject of operators and jobbers selling locations direct, really got a raking over the coals during the meeting. Percentages were once again brought up and after a stormy session, laid aside. Further news will be forthcoming as soon as we receive it.

Leonard Zalinko of Lakefield, Minnesota in town for a couple of days mostly Christmas shopping. . . . Mr. and Mrs. F. E. Donaldson of Taunton, Minnesota were in Minneapolis for a couple of days. Mrs. Donaldson enjoying herself with a few days of department store shopping . . . Mr. and Mrs. J. E. Lowrie, Lake City, Minnesota, also in town and Mrs. Lowrie doing a splendid job of spending Jack's money for Christmas presents . . . Music operators in Minot, North Dakota received a bad blow when all music was ordered down. Of course the music operators in Minot are not taking this lying down and are fighting it with all they've got. The North Dakota state Supreme Court will hold court on January 6th and will vote then, whether music will stay in Minot or be banished.

Mr. I. F. LaFleur of Devils Lake, North Dakota spent a very fine weekend with their relatives in Minneapolis . . . Walter Fischer of Pipestone, Minnesota came in to town last Thursday and spent a few days visiting some of the distributors . . . Mr. and Mrs. G. C. Johnson of Menomonie, Wisconsin drove in to Minneapolis, Minnesota half frozen . . . Mr. Fred Norberg and his son Clayton, of the C. & N. Sales Company, Mankato, Minnesota dared the icy roads by driving up to Minneapolis on some important business matters, also to visit a few of the distributors . . . Izzie Alpert of Twin Ports Sales Company, Duluth, Minnesota in Minneapolis checking over the Minneapolis branch office and seeing how things are getting along . . . Walter Thorne of Staples Novelty Company, Staples, Minnesota is so busy he hasn't got time to come into the Twin Cities, and does most of his ordering over the telephone . . . Bill Powers hasn't been in Minneapolis for the past six months. Fran Befera of the Delmo Novelty Co. Hibbing, Minnesota drove into Minneapolis for a couple of days. His first visit in many, many months. Claims business is so good he doesn't get much of a chance to get into town . . . Frank and Mrs. Davidson of Spooner, Wisconsin were in town this week braving the cold winds and icy roads. Mrs. Davidson doing a lot of Christmas shopping. Merry Christmas, and a Happy Prosperous New Year to all. . . .

Season's Greetings

FROM

Bally

DRAW BELL

Fast action of three spinning reels with flashy bell-fruit symbols, plus new second-coin feature which permits player to hold desired reels and second-spin remaining reels! Each non-winning combination on the first spin "comes so close" that players can't resist a quick second coin to hold and draw for a winner resulting in record-smashing profits. Get your share. Order your DRAW BELL now. Specify Nickel or Quarter play. Game is convertible to automatic award or replay.

CONVERTIBLE
AUTOMATIC OR REPLAY

TRIPLE BELL

Triple Coin Chutes permit three players—or three coins—every spin. 1000 Super Special Awards, plus plenty of other big awards and single-cherry awards that insure continuous repeat play. Deluxe cabinet in rich wood-grain finish. Trouble-proof mechanism. Any coin-combination—Nickel, Dime, Quarter.

CONVERTIBLE
AUTOMATIC OR REPLAY

midget racer

A fascinating skill-game—yet ideal for competitive play—Bally's MIDGET RACER will increase profits in your 5-ball spots. Play Bally's MIDGET RACER, feel the fun of the exciting 3-WAY SCORE SYSTEM . . . watch the cars flash around the track on the big, brilliant back-box . . . note the tantalizing, tricky action of the playfield. You'll want MIDGET RACER on all your locations as fast as you can get delivery.

INNER-LOCK CASH-BOX
Cash-box may be locked with a separate lock in addition to cabinet-door lock, or the inner-lock may be omitted, if not desired.

VICTORY DERBY

Packed with all the profit-proved features of Bally's famous pre-war multiples . . . plus new play-provoking ideas that are pushing profits to a new all-time high! VICTORY DERBY games on location are consistently topping all previous collection records of pre-war and war-time operations. See your Distributor today for early delivery of VICTORY DERBY.

VICTORY SPECIAL

Profit insurance in multiple replay territory. Convertible to one or five ball play.
