Groups Go Singing On

One of the outstanding phenomenons in the music business today is the durability which groups have shown on records. When the trend towards groups started about a year ago, it was generally considered that they would last a few months and then we'd be back to where we were before, with vocals being done by female and male soloists.

However that hasn't happened.

In this week's *Cash Box* Top Ten, five out of the first six records are by groups. The Chordettes have the number one song in the country with "Mr. Sandman". And following close behind are the DeCastro Sisters. In addition, currently pushing for the top spots are such groups as the DeJohn Sisters, Bill Haley and His Comets, the McGuire Sisters, the Penguins and the Crewents.

Apparently harmony is here to stay—for some time at least.

Another interesting factor in this development of groups, is the preponderance of female combinations which have come into vogue. Not since the days when the Andrews Sisters reigned as queens of song, has there been a smash female group. Today we have the Chordettes, the Fontane Sisters, the DeCastro Sisters, the DeJohn Sisters and the McGuire Sisters—all with hot records.

There can be very little doubt that the popularity of the juke box has helped increase the chances of vocal groups. Almost everyone likes to join in a record that's being played. And if a vocal group is singing, it's much easier to sing along.

But as a result of this newfound interest in groups, there has been somewhat of a lag in the development of new singers this past year. We have had many, many new groups come along—and some have stayed to become top stars—but new soloists have lagged behind. Of course our established artists will always potentially have hits. It's not likely that a Como or a Fisher will fall too far behind—for even in this day of vocal combinations, their records still take off like a shot. But the thing that record companies should not neglect is the development of new female and male singers who will be the record sellers of tomorrow.

The wonderful thing about our record business is that there is so much room in it for all kinds of talent. Everyone can have a hit—and at the same time. So let's develop all the talent available, groups, singles, instrumentalists, everyone. Talent is the basis of our business. The more talent we find, the greater business we have.

THE CASH BOX
LONDON
LOW DOWN

The B. B. C. has several shocks coming its way in connection with the proposed Festival of Dance Music which it proposed to hold at the Royal Albert Hall during February and March. Reason for the crisis is the dissatisfaction of some of the stars including Ted Heath and his orchestra and singers who have been asked to take part in this Festival which is to be broadcast before a paying audience numbering 6,000 or more, and for which these stars have only been offered their normal (below average) broadcasting fee. I wonder if Mr. Jim Davidson, B. B. C. dance music chief, will replace the non-participants with what is believed to be his favorite stop gap CINEMA

ORGANS? . . . More stars have been scheduled for appearances in Britain this coming year, and we can now add the names of Kay Starr and Jerry Colonna to the already imposing list. . . The London Palladium kicks off its vaudeville season with a visit from the ever popular Eddie Fisher. . . A little bird tells me that a certain young lady from Ohio namely Louise Carlyle is more than just another singer, and judging from some of the private demmo discs I've heard in London I am more than surprised that she has not been signed by a major label. Maybe these few lines of praise to a girl I don't even know, will be a step in the right direction. Young David Platz who runs the Latin American publishing firm (a subsidiary of Peer International) has a winner in a song called "Could It Be" with a great waxing by up and coming Bobbie Britten. Could it be that David's New York office will show some action on their part? My first London Laurel for 1955 (which I give to American stars whose records make the number one spot on the chart) goes once again to my friend Rosemary Clooney. Her "Mambo Italiano" is the number one disk this week. I signed off last week's column telling you I was on my way to the preview of Irving Berlin's "There's No Business Like Show Business." All I can say is that its the tops, and should be a real money spinner. . . Johnny Dankworth cut his first sides with his orchestra for the Capitol label to which he is now contracted. . . Talking of new sounds is always an interesting subject. D. J.'s look out for the new Frank Weir release on the London label titled "Journey Into Space."

THE CASH BOX DISK OF THE WEEK

GLORIA MANN

(Sound 109; 45-109)

C+ "EARTH ANGEL" (2:40) [Dootsie Williams BMI—Williams] Gloria Mann does a good job with an r & b tune that's heading to the top in pop. Pretty arrangement. Gloria sounds much like Sunny Gale.

C+ "I LOVE YOU, YES I DO" (2:50) [Jay & Cee BMI—Nix, Glover] A good ballad is fashioned by the songstress on this side. Group assists. Ok deck.

HUGO WINTERHALTER ORCH.

(RCA Victor 20-6003; 47-6003)

B "UN GRAND AMOUR" (2:45) [Leeds ASCAP—Cahn, Monnot, Piaf] Hugo Winterhalter comes up with another of his beautiful instrumental arrangements. Lush and glowing melody. Great mood stuff.

B+ "SAY IT ISN'T NIGHT" (2:30) [Johnstone-Montei BMI—Tennyson, Blade] Another big instrumental is offered by the ork master. Chorus joins in at mid point with a shuffle beat vocal. Good song that could step out and click.

LEROY HOLMES ORCH.

(MGM 11914; K-11914)

B "THE BRIDGES OF TOKO-RI" (2:36) [Famous ASCAP—Murray] The title tune from the new flicker "Bridges Of Toko-Ri" is fashioned instrumentally by LeRoy Holmes and his men. Pretty job.

B "IT'S A BIG WIDE WONDERFUL WORLD!" (2:36) [Broadcast BMI—Rox] One of the great waltz tempo standards is given a production treatment by Holmes and the chorus. Very pretty number.

SIX FAT DUTCHMEN

(RCA Victor 20-5985; 47-5985)

C+ "DIG THAT CRAZY OOM-PAH MAN" (2:22) [Highland BMI—Zappone] The Six Fat Dutchmen bounce through a catchy polka ditty that cruises along at a smooth clip. Good dance stuff for the right locations. English vocal.

C+ "THERE IS A TAVERN IN THE TOWN" (2:40) [P. D.] Another lively polka ditty that should do nicely on the boxes.

ROY STEVENS ORCH.

(Original 514; 45-514)

C+ "BEAUTY AND THE BEAT" (2:40) [Kems BMI—Roy Stevens] leads his band through a rocking instrumentation of an original piece of material. Great dance item. Number really drives.

B "PARK AVENUE PATTERN" (2:28) [Gate ASCAP—Redman] Some fancy trumpet work takes the spotlight on this jump, big-band instrumentation of a solid song. More excellent material for dancing.

SARAH VAUGHAN

"HOW IMPORTANT CAN IT BE" (2:27)

[Aspen ASCAP—Benjamin, Weiss] "WALTZING DOWN THE AISLE" (2:13) [Golden Bell ASCAP—Hoffman, Gallop] SARAH VAUGHAN (Mercury 70534; 70534x45)

● Sarah Vaughan, who broke through in pop sales with her tremendous version of "Make Yourself Comfortable," sends across a fabulous follow-up that'll establish her as a top threat in the female singer field. Tune is a gorgeous ballad that'll probably be the first big love song of '55. It's tagged "How Important Can It Be." Sarah does a great job on the multiple voicing. The coupling "Waltzing Down The Aisle" is a cute novelty with varied tempos. A catchy, infectious ditty that should attract loads of spins.

KAY STARR

"TURN RIGHT" (2:23)

[Starstan BMI—Stanley, Roberts] "IF ANYONE FINDS THIS, I LOVE YOU" (3:09) [Ardmore ASCAP—Lippman, Dee] KAY STARR (RCA Victor 20-5999; 47-5999)

● Kay Starr debuts on the RCA Victor label with two new sides that should get her off to a good start. Assisted by Harold Mooney's ork and employing the multiple track technique, Kay lites through an exciting slow rhythm ballad dubbed "Turn Right." It's a driving number with a changing tempo. Thrush can really sing. The lower lid, "If Anyone Finds This, I Love You," is a slow story-song that's a real tear jerker. Emotional delivery of some touching material. Victor's big promotion on Kay's debut disk should help coupling click big.

CONNIE BOSWELL

"HOW IMPORTANT CAN IT BE" (2:50)

[Aspen ASCAP—Benjamin, Weiss] "FILL MY HEART WITH HAPPINESS" (2:45) [Leeds ASCAP—Marks, Fleisher, Hoffman] CONNIE BOSWELL (Decca 29412; 9-29412)

● Connee Boswell, who did very well with her waxing of "If I Give My Heart To You," comes up with a most sincere and experienced rendition of the big new ballad "How Important Can It Be." It's a most feelingful delivery that moves the listener. Jack Pleis' ork and a chorus hand in a top grade assist. The lower lid "Fill My Heart With Happiness" is another lilting love song with a melody reminiscent of "If I Give My Heart." Watch the top half. Song must be a hit.

NAT "KING" COLE

"THE SAND AND THE SEA" (2:30)

[Wimmeton BMI—Hester, Parker] "DARLING JE VOUS AIME BEAUCOUP" (2:48) [Chappell ASCAP—Sosenko] NAT "KING" COLE (Capitol 3027; F-3027)

● One of waxdom's most consistent hit makers, Nat "King" Cole, comes through with a great new ballad on his first release for 1955. It's a beautiful, stirring, dramatic ballad titled "The Sand And The Sea." Nat delivers the tune in his sparkling, inimitable manner. Should be a big side. The coupling is another potent platter. It's a money-earning version of "Darling Je Vous Aime Beaucoup." A great tune. A strong romantic coupling for maximum juke box and sales results.

DON, DICK & JIMMY

(Crown 138; 45-138)

C+ "MAKE YOURSELF COMFORTABLE" [—Bob Merrill] Don, Dick and Jimmy, who've been doing exceptionally well on Crown, offer a cover version of a current pop smash. Cute performance by the boys. Great sound.

C+ "SONG FROM DESIREE" [—Darby, Newman] The boys do well with their smooth version of the title song from a pic that's making the rounds of the local theatres.

MONTY KELLY ORCH.

(Essex 386; 45-386)

B "BLUE MIRAGE" [Mills ASCAP—Coslow, Ollias] Monty Kelly fashions a beautiful instrumental interpretation of a haunting melody. Lovely tune. Dr. Samuel Hoffman plays the theremin. Exciting.

C+ "THAT SWEETHEART OF MINE" [Eastwick BMI—Hope, Plumstead] Skeets Herfrod takes over on the alto sax as the Kelly ork wend their way through a romantic piece of mood music.

BILLY FARRELL

(Mercury 70539; 70539x45)

B+ "IT MAY SOUND SILLY" [Progressive BMI—Hunter] Bill Farrell has a strong contender in this great new ballad that stems from the r & b field. It's Farrell's best performance in years. Fabulous song that should have no trouble breaking through if it's given a push.

C+ "ROCK LOVE" [Jay & Cee BMI—Glover] Another r & b tune that looks like it'll be a smash in pop, is waxed by Farrell. Ok jumper.

DON CHERRY

(Columbia 40421; 4-40421)

B "TELL IT TO ME AGAIN" (2:23) [Weiss & Barry BMI—Mandel, Rotha] A pretty ballad is given a polished reading by the smooth and mellow voice of Don Cherry as Percy Faith and the ork assist.

C "CLEAN BREAK" [Essex ASCAP—Sigman, Faith] A cute bounce novelty is dished up on this end. Chorus assists.

VAUGHN MONROE

(RCA Victor 20-6002; 47-6002)

B+ "MAIN EVENT" (2:10) [Meridian BMI—Sawens, Leigh, Grant] Vaughn Monroe comes up with another rhumba tempo novelty that could be another "Mambo" hit. Clever lyric handled with finesse. Could click big. Catchy item.

B "WHAT A DIFFERENCE A DAY MAKES" (2:38) [E. B. Marks BMI—E. B. Marks BMI—Grever, Adams] A lovely hit of some years ago, is smoothly fashioned by the round Monroe voice. Song is done to an up-tempo.

FONTANE SISTERS

(Dot 15333; 45-15333)

FONTANE SISTERS

● Keep an eye on the Fontane Sisters. They're red hot, and from

the sound of their latest release, they're gonna be white hot in a few weeks. As "Hearts Of Stone" nears the number one spot, the diskery issues another beaty number by the trio, dubbed "Rocky Love". It's a wild and exciting hand-clapper that stems from the rhythm and blues field. It jumps from start to finish and there's no reason why it shouldn't be another "Hearts Of Stone". Coupling is another tremendous arrangement of a hot rhythm and blues item labeled "You're Mine". A real driving side that carries a load of punch. Wait till the kids get a hold of this platter. They're gonna burn up the record charts with it.

RAY ANTHONY

(Capitol 3029; F-3029)

B+ "HEAT WAVE" (2:45) [Berlin ASCAP—Berlin] Ray Anthony and his band send up an exciting and imaginative instrumental arrangement of the oldie "Heat Wave." Wild dance side that the kids'll love. Tune is currently being featured in Berlin's movie "No Biz Like Show Biz."

C+ "JUKE BOX SPECIAL" (2:30) [Moonlight BMI—Anthony] This side is a smooth and easy going jumper that has loads of commercial flavor.

DICK CAROZZA

(IntraState 18; 45-18)

C "I'D RATHER DREAM" (2:05) [Homestead BMI—Kester] Dick Carozza glides through a ballad as the Lee Shubert ork sets up the instrumental support. Slow moving item.

C "I'LL RIDE TO THE END OF THE RAINBOW" (2:04) [Homestead BMI—Schubert] Another slow romantic number. Songs, in combination with the backdrop music, take on a Hawaiian song flavor.

GERI GALIAN & ORCH.

(X-0083; 4X-0083)

C+ "AIRECU" (2:40) [Southern ASCAP—Galian] Geri Galian and his Caribbean Rhythm Boys come through with a smooth instrumentation of an original rhumba-mambo number. Pretty piano work by Geri.

C+ "SNOWFALL" (2:38) [Mutual Music Soc.-ASCAP—Thornhill] This side is a dreamy piano and rhythm arrangement of a lovely melody. Limited market for this great stuff.

ROBERTA LINN

(Ekko 111; 45-111)

B "HARD HEARTED HEART" (2:02) [Jari BMI—Mathews, Sloan] Pert Roberta Linn comes up with one of her best waxings to date as she rhythms through a good lilter. Has a bluesy flavor too. Mellomen offer good assist.

C+ "IT'S JUST A WEDDING RING" (2:20) [Jari BMI—Harmon, Jordan] This side features the songstress on a soft, sentimental tear jerker. Pretty number capably handled.

DEAN PARKER

(MGM 11916; K-11916)

C+ "GREEN FIRE" (2:47) [Robbins ASCAP—Rosza, Brooks] The voice of Dean Parker comes over smoothly as he performs the title tune from a coming pic. Big lush ork backing.

(Decca 29402; 9-29402)

B "SIX BRIDGES TO CROSS" (2:59) [Leeds ASCAP—Mancini, Chandler] A pretty ballad from a forthcoming motion picture is crooned with feeling by Sammy Davis. Romantic item.

B+ "ALL OF YOU" (2:38) [Chappell ASCAP—Porter] Sammy gets a beautiful backdrop for his mellow portrayal of one of the best songs from Cole Porter's new musical "Silk Stockings." Good job that could click.

F. SCOTT ELLIS & VARSITY DRAGGERS

(Epic 9088; 5-9088)

C+ "THE BOY FRIEND" [Chappell ASCAP—Wilson] Scott Ellis and the Varsity Draggars bounce through a knock-down-drag-out version of a Charleston novelty. Real good stuff.

C+ "I COULD BE HAPPY WITH YOU" [Chappell ASCAP—Wilson] Here's another waxing that sounds like it was made in 1920. It's an old fashioned orking of another Charleston tempo ditty.

THE LORELEIS

(Dot 15268; 45-15268)

B "RUNAROUND" [Regent BMI—Colacrai] The Lorelei's dish up an interesting blend of voices as they fashion a current pop hit. Girls have a great sound that could make it with some good new material.

C+ "NOW I'M BROKEN HEARTED" [Siran BMI—Relagle, Menasee] This side is a pretty waltz number warmly offered by the thrushes.

"Cinerama Holiday" To Get Major Music Promotion

Louis de Rochemont's "Cinerama Holiday," the second Cinerama feature (the first ran three years) will have excellent coverage of its music by several major labels.

Morton Gould, who composed six original instrumental themes for the picture, has just recorded for RCA-Victor his own compositions which will be released in a 45rpm album, with a possibility of a 33 1/3 album release in the future.

Morton Gould collaborated with Jack Lawrence in developing two of the picture themes into popular songs. "Cinerama Holiday," the main theme, carries a subtitle of "Souvenirs of Paris" and is a "Moulin Rouge" type of song. "Along a Lonesome Trail" is a pop development of the western theme music from the film and has a subtle, western flavor. Both "Cinerama Holiday" and "Along A Lonesome Trail" will have a major single vocal record release.

Jack Shaindlin, Musical Director for "Cinerama Holiday," will re-record music from the soundtrack of the film which, with actual portions of the soundtrack, will be released nationally in album form by Mercury Records. The score from this production is exciting since the music changes with the pattern of the picture from the Alps in Switzerland to the boulevards of Paris, the "Holiday In Rio" sequence on through our great Southwest in the United States. Chappell Music secured the music rights to the Jack Shaindlin original "Hail To Our Land," which they will publish as well as the Morton Gould songs.

Columbia Records will issue a memorial records of Oscar Celestin, the jazz "great" who passed away several weeks ago, Celestin had recorded two numbers for de Rochemont's use in "Cinerama Holiday." These two numbers, "Darktown Strutters Ball" and "Hold That Tiger" are believed to have been the last music recorded by Celestin.

A beautiful thirty-six page music folio devoted to the music from "Cinerama Holiday" interspersed with scenes from the production will be published by Chappell for national distribution.

The Woman's Home Companion has selected the Morton Gould album as its "Record of the Month" for the March issue on sale February 17th. The Companion will help to promote the album through its Disk Jockey Jury as well as arranging for one of its editors to present the award on a network show during February.

"Best of All," the NBC Radio Network Show, will devote a 45 minute salute to "Cinerama Holiday" Monday, February 7, 8:15-9:00.

A special preview of "Cinerama Holiday" was held at twelve o'clock "midnight" Wednesday, January 19, for more than four hundred invited guests associated with music in their daily chores.

"Cinerama Holiday" will open in New York, February 8th, at the Warner Theatre. Other openings are: Detroit, February 15; Pittsburgh, February 16; Philadelphia, February 17; and St. Paul, February 21st.

Lyle Engel, retained by Stanley Warner Cinerama Corporation to handle the music from the film, is overlooking no possibility in the promotion of the film through its music.

Peggy Lee To Guest On "Disneyland"

NEW YORK—Peggy Lee will be featured on the ABC-TV "Disneyland" show of February 16th in a special hour-long review of Walt Disney's famous song hits. Titled "Cavalcade Of Songs" the mid-February show will include musical sequences from past Disney films, as well as the behind-the-scenes workings of Peggy Lee, Sonny Burke and The Mello-Men during recording sessions of tunes to be featured in the upcoming Disney film, "Lady And The Tramp."

Miss Lee and Burke, who together wrote all but one of the numbers in Disney's forthcoming feature-length, all-cartoon, Cinemascope, Technicolor feature, "Lady And The Tramp", will be seen recording the "Siamese Cat Song" from that production. Peggy does the voices of Si and Am, a pair of mischievous Siamese cats, and will reveal on the telecast how she sings a duet with herself.

In another recording session sequence on the ABC-TV "Disneyland" show of February 16th, Peggy, joined by The Mello-Men, will be seen singing "He's A Tramp," a special number she and Burke were inspired to write as a climax to the dog-pound sequence in the picture.

The over-all TV-cast will also include film sequences from several past pictures, with Disney showing how his songs are made. These include "Who's Afraid Of The Big Bad Wolf?" from "Three Little Pigs", "I'm Wishing", "Hi Ho, Hi Ho" and "Someday My Prince Will Come" from "Snow White And The Seven Dwarfs" and "Zip-A-Dee-Doo-Da" from "Songs Of The South".

Peggy does four of the voices in the picture: Darling, Lady's mistress; Peg, a hearty old show dog and the above-mentioned Siamese cats.

"LISTENING TIME"—with Walter Scharf and Stephen Make and their Orchestras (10" LP) List: \$2.98

SCHARF: I LOVE YOU SO; TRAVELIN' LIGHT; SUSAN, ELIZABETH. MAKE: FIDDLIN' RAG; VERA CRUZ; ROWENA'S WALTZ; DANCE OF THE CASTENETS.

Some delightful mood music, original material for the romantic music lover, is presented by Walter Scharf, long an accomplished composer for film and Stephen Make a polished arranger and instrumentalist. Here the musicians offer their own compositions, and they're indeed inviting. A variety of themes from the novelty type of "Fiddlin' Rag" to the lush romantic type of "I Love You So". Delightful LP for a relaxing half hour at home.

"MAMBO MANIA"—PEREZ PRADO and his Orchestra—RCA Victor LPM 1075 (12" LP) List: \$3.98

CHERRY PINK AND APPLE BLOSSOM WHITE; A LA BILLY MAY; SKOKIAAN; APRIL IN PORTUGAL; MAMBO IN SAX; THE HIGH AND THE MIGHTY; MARILYN MONROE MAMBO; ST. LOUIS BLUES MAMBO; TOM CAT MAMBO; BALLIN' THE JACK; MAMBO DE CHATTANOOGA; MAMBO A LA KENTON.

Perez Prado, who is directly responsible for bringing the mambo to the United States and who since has been a sensation on the musical front, dishes up an LP that's just the "MOST". It's a big, fat, 12" waxing some of the best stuff the "Prez" has done in the past few years, plus a couple of new things. No one can match the sound, style and explosive excitement of the Prado band. He's still the tops. If anyone is gonna want to buy a 12" mambo LP, this "Mambo Mania" platter will be the one. Prado is about the biggest name in mambo, which should help this LP sell for a long, long time to come. "Crazy" cover photo of the "Prez" giving out with one of his grunts, should attract heaps of customers.

WAGNER: "Tristan And Isolde" Highlights — Kirsten Flagstad, Blanche Thebom, Ludwig Suthaus, Wilhelm Furtwangler. RCA Victor LM 1829 (12" LP) List: \$3.98

Last week, as part of RCA Victor's January "Operatic Highlights Month", the diskery released a new recording of the "Highlights From 'Samson and Delilah'". This week, Victor issues five other LP's containing the highlights of six operas which previously were available only in their full-length versions. The six highlights, listed above are from operas most frequently performed at the Met here in New York. They are also six of the most loved operas containing many of the most beautiful of all arias. Each LP is treated by an all star cast. And most of the performers are today's top stars at the Met although many of the LP's were recorded in Europe. Victor's release of seven operas so far this month, is probably the epitome of treats for opera enthusiasts. And at the new prices, they'll probably go like hot cakes. This is stock that'll sell ten years from today.

THE CASH BOX

RACHMANINOFF—"Symphony No. 2" Capitol Records P8293 (1-12" LP) List: \$4.98

William Steinberg conducting The Pittsburgh Symphony Orchestra.

William Steinberg's offering of the popular Rachmaninoff Symphony #2 is beautifully done. Steinberg captures the composer's emotional conflicts, the colorations of his moods and the beauty of its melodies. From the opening note, the conductor leads his orchestra through haunting passages that stir the listener. Striking color portrait of Steinberg with baton in hand makes the sleeve an attention catcher.

STRAUSS: "Till Eulenspiegel's Merry Pranks". "Death and Transfiguration"—Capitol P8291 (1-12" LP) List: \$4.98

William Steinberg conducting The Pittsburgh Symphony Orchestra.

Two works of contrasting moods, both from the pen of Richard Strauss, are the subjects offered by William Steinberg and the Pittsburgh Symphony Orchestra. The gay, impish and bustling "Till Eulenspiegel's Merry Pranks" and the moody, stirring and dramatic "Death and Transfiguration" are thrillingly performed. As ever Richard Strauss seems to have written with High Fidelity in mind. The sound on this release will excite the music lover and the hi-fi fan. Anyone not owning these works will find this an excellent version.

JAZZ

DINAH WASHINGTON—"DINAH JAMS"—EmArcy MG 36000 (12" LP) List: \$3.98

LOVER COME BACK TO ME; SUMMERTIME; ALONE TOGETHER; COME RAIN OR COME SHINE; NO MORE; I'VE GOT YOU UNDER MY SKIN; THERE IS NO GREATER LOVE; YOU GO TO MY HEAD.

You just can't beat Dinah Washington. She's definitely one of jazzdom's top songstresses and the queen of blues. When Dinah sings, she sings from the toes. And you can feel it on this LP. Capably assisted by such top jazz names as Clifford Brown, Maynard Ferguson, Clark Terry, Max Roach, Keter Betts, George Morrow and others, Dinah leans into her inimitable renditions of eight of the greatest of all the standards. Audience can be heard applauding. Session was waxed in the Summer of '54 in Hollywood. A real thrill. Should do big things over the counter.

MAMBO MOVES GARNER—Erroll Garner—Mercury Records MG-20055 (1-12" LP) List: \$3.98

MAMBO GARNER; NIGHT AND DAY; MAMBO BLUES; OLD BLACK MAGIC; CHEROKEE; RUSSIAN LULLABY; BEGIN THE BEGUINE; MAMBO NIGHTS; SWEET SUE.

If the only item recorded here was Mambo Garner it would still be worth the price of admission. It is a most exciting recording with the scintillating Garner and the bongo star, Candido, passing the ball back and forth for an exhausting entry. The salesman won't have to go beyond this part of the LP to sell it. However, it is not the only item. Standards such as "Night and Day", "Old Black Magic", "Begin the Beguine", etc., are wonderful bonus values. And there's "Mambo Nights", another Garner original. One offering more delightful than the other. This should be a very strong seller.

THE ARTISTRY OF BUDDY DeFRANCO—Norgran Records MGN-1012 (1-12" LP) List: \$5.98

TITORO; YOU GO TO MY HEAD; MINE; GERRY'S TUNE; AUTUMN LEAVES; NOW'S THE TIME.

The fluid clarinet work of Buddy DeFranco provides a variety of moods as Buddy drives and glides. Buddy's wonderful tones and improvisations make this a grand piece of wax. His particular fans and jazz fans in general will go for it.

THE BERYL BOOKER TRIO—Cadence CLP 1000 (10" LP) List: \$3.00

TENDERLY; BODY AND SOUL; NIGHT AND DAY; MY FUNNY VALENTINE; MY IDEAL; I DON'T KNOW WHY.

A collection of unbeatable standards performed in delightful manner by the Beryl Booker Trio makes for a delectable package. Miss Booker's nimble fingering and jazz phrasing paint gay or mellow moods with equal clarity and feeling. Strong package for the jazz fan who likes to follow the melody line.

"THE SWING ERA" Vol. 1. "X" Vault Originals LVA-3030 (1-10" LP) List: \$2.98

KING PORTER STOMP; BLUE RHYTHM FANTASY; BIG BOY BLUE; MY MARIE; THE HARLEM TWISTER; CHINA BOY; TWILIGHT IN TURKEY; A STUDY IN BROWN.

Latest in the series of "X" Vault Originals offers Teddy Hill, whose reputation in the swing days never equaled that of the Goodman's and Miller's. The Hill etchings represents a period in the late 30's. Deck includes some interesting and enjoyable items.

"HOT HORN" Muggsy Spanier—Decca Records DL5552 (1-10" LP) List: \$2.98

WHEN MY DREAM BOAT COMES HOME; MY WILD IRISH ROSE; JUDY; OH, DOCTOR OCHSNERI; CARELESS LOVE; WASHINGTON AND LEE SWING.

Muggsy Spanier, an integral part of the history of jazz from Chicago to the present, is offered here on an LP that features the Spanier "hot" trumpet and fine support by a wonderful group of sidemen. Deck swings and offers solid fuel for the adherents of "hot" jazz.

CHILDREN

"SPARKY'S MAGIC PIANO"—Capitol H 3003 (10" LP) List: \$2.98

"RUSTY IN ORCHESTRVILLE"—Capitol H 3007 (10" LP) List: \$2.98

"FOUR CLASSICS FOR CHILDREN"—Capitol H 3223 (10" LP) List: \$2.98

Capitol issues three LP's for children this week. The Sparky LP is a clever story designed to encourage the child pianist when he reaches a discouraging point in his studies. It shows the youthful pianist the results of his efforts years hence. The "Rusty In Orchestrville" album serves to introduce the youngster to all the musical instruments and at the same time to some of the familiar classics too. The "Four Classics" LP is designed to familiarize children with four of the great classics. This is done interestingly by a narrator who tells a story behind each classic. Parents will go for these in a big way. Three good LP selections that have already been issued in 78 form.

plain talk from rocky

My pop, Lou Monte, just cut a new record and, believe me, it's a smash! It's a great big ballad and we were out first with it—and I don't just mean lacquers. Competish? There ain't no competish on this one because nobody, but nobody cuts my old man when it comes to a ballad. All right, let's go. Let's make this the big one for Louie.

THE CASH BOX RHYTHM N' BLUES *Ramblings*

NEW YORK:

The Alan Freed "Rock-n-Roll" Ball held at the St. Nicholas Arena, New York, on Friday and Saturday nights, January 14 and 15, had to be seen to be believed. A total of about 12,000 people jammed the hall on both nights. When we say jammed we must add that the word hardly describes the solid mass that stood for five hours to see the wonderful r & b show that Freed had arranged. Seen from above, the enthusiastic teenagers seemed to be jelled into one swaying body with thousands of heads. That they adored Freed was evident from the uproarious welcome with which they greeted his appearance. The enthusiasm of the audience was transferred to the performers. The latter loved the kids and reacted to the frenzy with tremendous performances. A finale that lasted about half an hour was rocked in the atmosphere of a revival meeting. With Joe Turner at the mike and Fats Domino at the piano the entire troupe returned to the stage for a closing that was without parallel. Singers and instrumentalists danced, dancers and singers grabbed instruments and instrumentalists and dancers sang. Alan Freed and his lovely wife, Jackie, jitterbugged and the kids went wild. An exhausting but thrilling experience. Joe Turner was awarded The Cash Box Juke Box operators poll trophy as number one rhythm and blues male performer of 1954 about midway through the evening. . . . Bess Berman, Apollo Records, in Florida. Bess is trying to build up her strength which was hard hit during her recent illness. . . . Jack Angel reports things just about normal now at the new Herald offices. Angel tells us that a new batch of releases scheduled to be out very soon. . . . Joel "Home-Boy" Turnero had the trade present at his initial broadcast over WOV-New York on January 20, 8 until 9 p. m. Joel's show emanates directly from the After Hour Record Bar. . . . 'Ja ever see a man get around without touching the ground. That's Irv Marcus these days. Johnny Ace's "Pledging My Love" on Duke the latest r & b to break out in the pop market and as a result Marcus is as buoyant as a helium filled balloon. One of the first indications of its breaking the barrier was when Marcus recently walked into the Loop Record Shop, Cleveland, and was gladhanded by a happy George Freedman, owner, who told him of the records trend popwise. . . . Jubilee Records out with a new Orioles "I Love You Mostly" and "Fair Exchange," and a Cadillacs "No Chance" and "Sym-pathy," both of which look like strong contenders. . . . After knocking at the winners' door for the last few releases, Kid King's Combo with "Now Listen Baby" on Excello look like they might make it with this one. Their biggest to date was last year's "Banana Split." . . . Bristoe really building a great audience in Detroit. We hear he was recently invited to emcee the graduation proms of no less than four schools. Bristoe also has an afternoon show called "Altar Spiritual Time." . . . The Five Keys, currently high in both pop and r & b charts with "Ling Ting Tong" on Capitol, will headline the "Big Ten Rhythm and Blues Show" scheduled to kick off on January 28. Package will visit Norfolk, Richmond, Baltimore, Washington and other east coast cities. . . . Winners of the Alan Freed "Rock 'N Roll" poll were Roy Hamilton, Ruth Brown, The Drifters and Buddy Johnson. . . . Bobby Shad busy cutting practically day and night last week cutting an unusual 12 sides for a 12-inch L. P. to be released on EmArcy. Bobby paired the great Clifford Brown trumpet with Neil Hefti and string backing. . . . Atlantic Records completed a deal with EMI through Walter Moody for release in England and the Continent of Lavern Baker's "Tweedle Dee." The diskery also announced that they had cut the first session in two years with The Cardinals. Reason being—Ernest Warren had been in the armed service for the past couple of years. The trade will remember The Cardinals for their "Kiss Me Baby" and "Wheel Of Fortune." Atlantic will make a special release next week. Contrary to their usual policy of releasing in packages, the next issue will be a single by The Clovers, "If You Love Me (Why Don't You Tell Me So)" and "Blue Velvet." . . . Dave Brubeck, Gerry Mulligan and Chet Baker, along with singer Carmen McRea, will appear in a two-performance jazz concert at Carnegie Hall on Saturday night, March 12. This will be the first time that the three great modernists have appeared in a concert together.

CHICAGO:

Lotsa news from Capitol diskery this week. . . . Dakota Staton's first record for label, "My Heart's Delight" getting lots of nice reaction, according to promotion man Don Hassler. Don also tells us that The 5 Keys have a new release, "Close Your Eyes" b/w "Doggone It, You Did It" which, it is believed, could be a follow-up hit to their current smash, "Ling Ting Tong." . . . And, finally, he told us about a newly signed group, the Al Belletto Quintette, which opens at the Blue Note February 2. Group records for the 'Kenton Presents Blues' label. Popular Chicago dee-jay Daddy-O Daylie currently running a contest among his listeners to name group's theme song. An album is also being readied for release for this quintette. . . . From Shaw Artists Corp. comes word of a big jazz show. With: Sarah Vaughan; Erroll Garner; George Shearing Quintette; Count Basie and a big band; Lester Young; and Stan Getz. Starts in Boston 2/11. Plays Chicago's Civic Opera House 2/20. Winds up in the East once again on 3/5. . . . "I Wanna Hug Ya, Kiss Ya, And Squeeze Ya" by Buddy & Claudia Griffin doing real well, so says Len Chess. . . . We've received word that the Vee-Jay diskery, definitely one of the most progressive labels to come out in a long time has signed Wardell Gray. . . . Roy Hamilton, who has really had a phenomenal rise, stars at the Chicago Thitter beginning 2/11. . . . Coupla changes at Radio Station WGES where Stan Riccardo is the new morning DJ. And Lucky Cordell is once again back, now broadcasting the "Wake 'Em Up" 6 A. M. show. . . . Jimmy Reed's "You Don't Have To Go" really starting to climb the charts. . . . The Penguins' version of "Earth Angels" has zoomed to top spot on the R&B charts and is steadily climbing popwise as well. . . . Johnny Hodges opening at the Crown Propeller 2/9 for a two-weeker.

LOS ANGELES:

THE FOUR TUNES

Irving Granz is kicking off the first big show of '55 with his "Rock And Roll Jamboree" at the Shrine Auditorium Jan. 28th. The long list of "name" attractions who will participate in the event include Chuck Higgins, Joe Houston, Oscar McLo'lie, Richard Berry and The Dreamers, Marvin and Johnny, Billy Ward and The Dominoes, Shirley Gunther and The Queens, The Medallions, The Jewels Gene & Eunice and T-Bone Walker. Highlight of the evening will be a duet by deejays Hunter Hancock, Dick "Huggie Boy" Hugg and Charles Trammell. . . . Art Rupe, prexy of Specialty Records, happily reported this week that altho just released Daddy Cleanhead's "Something's Going On In My Room" is already showing strong possibilities of becoming a National juke box hit. . . . The great jazz organist Wild Bill Davis is in town again. He and his trio appeared at the Savoy Ballroom Jan. 21st thru 23rd along with Charles Brown and Amos Milburn. . . . Ironically enough, Luis Rivera, another talented organist, is also appearing this same week-end at The Five Four Ballroom with The Four Tunes. Rivera just recently signed with Federal Records and his first release "Tangerine" is already showing strong signs of becoming a big hit. . . . Most everyone agrees that the man with the big black cigar—that dynamic, lovin' John Dolphin—will someday soon crash through with a big hit. The fabulous Mr. J. D. should cash in on plenty of loot with his latest release on the Money label. Tune is a catchy reading of "Treat Me Like I Treat You" by that old-timer Peppermint Harris. Flip side "I Want A Cadillac Funeral" sounds great too. . . . Gene and Eunice, who cut the original "Ko Ko Mo" on the Combo label, signed with Aladdin Records and have recut the same tune. Now we have exactly the same tune and same artists out on two different labels. . . . Watch for a new label called Cash Records which will soon hit the market. . . . Pee Wee Crayton left for New Orleans to record for Imperial Records. He will return to LA after the sessions to complete club dates along The West Coast. His latest "I Need Your Love" is clicking off big.

Tuning Up

CHICAGO—A "before-hour session" in the early afternoon at Paul Raffles' and Pat Fontecchio's Cloister Inn found record artist Georgie Shaw crooning to the keyboarding of another popular record voice, Tommy Leonetti. The Cloister piano is "open" to musicians for impromptu rehearsals.

RHYTHM 'N BLUES REVIEWS

ⓐ DISK & SLEEPER	ⓐ GOOD
ⓑ EXCELLENT	ⓑ FAIR
ⓒ VERY GOOD	ⓒ MEDIOCRE

CLARENCE "GATEMOUTH" BROWN
(Peack 1633)

B+ "FOR NOW, SO LONG" (2:40)
[Lion BMI-Brown] Gatemouth pours out a slow Southern blues in expert fashion. Gatemouth tells his gal "so long for now" and not to forget her vows. Solid offering.

B "MIDNIGHT HOUR" (2:40)
[Lion BMI-Brown] Brown shouts a driving bouncer with a potent beat. Two strong etchings.

THE "5" ROYALES
(Apollo 467)

B+ "WITH ALL YOUR HEART" (2:56)
[Bess BMI-Thompson] The "5" Royales are issued on one of their masters cut on Apollo before they moved over to King. Deck is a good release with the boys performing deftly on a middle beat ditty with melodic flavor and a good beat.

B "SIX O'CLOCK IN THE MORNING" (2:45)
[Bess BMI-Thompson] The "5" Royales bounce through and jump with zest that excites. However it seems to lack the extra appeal of the upper deck.

THE SPIDERS
(Imperial 5331)

B+ "THAT'S ENOUGH" (2:20)
[Commodore BMI-Bartholomew] The Spiders have a likely prospect in this melodic platter. Tune is intriguing and easy to remember while the treatment is top-drawer. Delectable wax.

B "LOST AND BEWILDERED" (2:25)
[Commodore BMI-A. Smith] An easy to take slow rhythmic wailing blues. Pretty ditty with pop flavor.

JOHN LEE HOOKER
(Modern 948)

C "SHAKE, HOLLER AND RUN" (2:49)
[Mod. Music BMI-Hooker, Ling] John Lee Hooker does a take off on the hit "Shake, Rattle and Roll". Ork is too strong for the singer and he can hardly be heard.

B+ "HALF A STRANGER" (2:49)
[Mod. Music BMI-Hooker, Ling] Hooker sings a soulful Southern blues with all the heart and expression he is so capable of. Strong deck that should more than please his army of followers.

JUAN TIRADO
(Prestige 909)

C+ "SHAKE IT EASY" (2:43)
[Prestige BMI-Tirado] One for the mambo clientele. A middle tempo, easy to dance to wax.

C+ "CHA CHEANDO" (2:49) A quick beat cha cha with a happy sound. A Hebrew holiday tune given a mambo beat. Ok platter.

"YOU STAY ON MY MIND" (2:40)

DINAH WASHINGTON

(Mercury 70537)

DINAH WASHINGTON

● Dinah Washington takes hold of the current pop hit and reads it like only Dinah can. This is a

natural follow up to "Teach Me Tonight" and it's dollars to doughnuts that it is a hit. The tune is so great and Dinah bends it with mannerisms that makes it distinctively "Miss D". The mystery of it all is that no one has covered it in r & b before. The flip, "You Stay On My Mind", is a middle tempo bouncer that Dinah sings in torrid fashion. A goodie that has lots of quality. This deck, lacking the familiarity of the top deck, might take a little longer to move out, however, in the long run it could turn out to be the stronger etching.

"I LOVE YOU MOSTLY" (2:11)

[Blackwood BMI—Adams, Frizzell]

"FAIR EXCHANGE" (2:38)

[Raleigh ASCAP—Lincoln Chase]

THE ORIOLES

(Jubilee 5177)

THE ORIOLES

● The Orioles borrow from the

country field for their latest and the results are likely to give them a hit. The smooth singing group comes up with "I Love You Mostly", a slow bounce ballad of romantic nature. It is also of the type that should follow the trend and pick up a good share of pop business. The flip, "Fair Exchange", is a complete change of pace. The group sings with energetic happiness and a distinct pop flavor. A calypsoish ditty that the kids will find to their liking. Two strong entries.

THE CASH BOX

Rhythm 'N Blues **BEST BETS**

In the opinion of The Cash Box music staff, records listed below, in addition to the "Disk" and "Sleeper" Of The Week, are those most likely to achieve popularity.

- ★ "FOR NOW, SO LONG" Gatemouth Brown Peacock 1633
- ★ "WITH ALL YOUR HEART" The "5" Royales Apollo 467
- ★ "THAT'S ENOUGH" The Spiders Imperial 5331
- ★ "RIB TIPS" Rufus Gore King 4768

BILLY (The Kid) EMERSON
(Sun 214)

C+ "WHEN IT RAINS IT POURS" (2:43)
[Hi-Lo Music BMI-Emerson] Billy (The Kid) Emerson wails his woes in a slow bouncing blues presentation. Ok Southern market fare.

B "MOVE BABY MOVE" (2:45)
[Hi-Lo Music BMI-Emerson] Another in the "Shake Rattle and Roll" kick. Deck has a good beat.

RUFUS GORE
(King 4768)

B+ "RIB TIPS" (2:35)
[Jay & Cee BMI-Clifford Bush] Rufus Gore and his orchestra dish up a rocking middle tempo southern blues with an appealing rendition that could get strong action.

C+ "BIG ENDS" (2:36)
[Jay & Cee BMI-Henry Glover] The flip is a beaty instrumental that makes an ideal coupler.

BILL ROBINSON and The Quails
(DeLuxe 6074)

B "OH SUGAR" (2:25)
[Lois BMI-Fritz Butler] Bill Robinson and The Quails perform effectively as they blend on a slow romantic blues. Robinson sings with much feeling.

B "LOVE OF MY LIFE" (2:11)
[Lois BMI-Margaret McLemore] Flip is an uptempo ditty that sails nicely. Robinson comes through with a side that should catch a good portion of the action.

THE HOLLYWOOD FLAMES
(Decca 48331)

B "LET'S TALK IT OVER" (2:25)
[Golden State BMI-Rudy Toombs] A slow flavorsome tidbit with a wailing chant. The Hollywood Flames impart a religious sound to the exotic tune. Good deck.

B "I KNOW" (2:23)
[Golden State BMI-Gaynel Hodge] Similar comments on a driving middle tempo blues. Two effective sides.

THE HAWKS
(Imperial 823)

B+ "IT'S TOO LATE NOW" (2:08)
[Commodore Music BMI-Matt-hews, Thrower, Bartholomew] The Hawks come up with a fast tempo racer that comes off in good style. The group maintains a beat throughout and the deck should come up with some strong sales figures.

B+ "CAN'T SEE FOR LOOKIN'" (2:20)
[Commodore BMI-Bartholomew] An unusual Southern blues that looks strong. Wailing chant could take it close to the top. Haunting melody.

[St. Louis BMI—Singleton, McCoy]

"WHAT DO YOU KNOW ABOUT LOVE" (2:16)

[Livingston, David]

DAKOTA STATON
(Capitol 3010)

● A new voice to watch. Dakota Staton is a fresh and capable wax entertainer that looks like she's headed for hitdom. Both sides presented here are excellent showcases for the gal's talent. "My Heart's Delight" is a fast beat bouncer that Miss Staton belts with enthusiasm

and vocal tricks. It's a goodie that drives. The underlid, "What Do You Know About Love" has the gal showing off her ballad voice. She handles the lyrics and tune with an emotional quality and deft vocalizing. It may not take off as quickly as the jump but it is nevertheless a strong etching. Watch this gal.

"NOW LISTEN BABY" (2:30)

[Excellorec BMI]

"THE SNEAK" (2:47)

[Excellorec BMI—Edwards]

KID KING'S COMBO WITH ROCKIN' SAM
(Excello 2051)

● Kid King's Combo has been threatening for the past several releases to break out with a real big one. Up to now the largest in the sales column has been "Banana Split". This is the one that could be it. In "Now Listen Baby", the combo with Rockin' Sam on the vo-

cal work together on a tune, beat and delivery. Result a grade-A wax for juke boxes and over the counter sales. The under lid, "The Sneak", is a weird sounding instrumental slightly below the top deck in quality. An excellent coupling that could also make noise.

Spiritual

DIXIE HUMMING BIRDS
(Peacock 1740)

B+ "I'M NOT UNEASY" (2:30) [Lion-Arr. Ira Tucker] The Dixie Humming Birds with Ira Tucker handling the lead, blend harmoniously on a bouncing religious tune. Solid gospel wax that should stir up a sluggish market.

B+ "SINNER, SIN NO MORE" (2:31) [Lion-Arr. Ira Tucker] Tucker and Walker share the lead spotlight on the flip, a quick up-tempo offering. Teamwork wonderful to listen to. Two exciting sides.

SPIRIT OF MEMPHIS
(Peacock 1734)

B "SWEET HOUR OF PRAYER" (2:44) P.D. A sweet and sentimental etching by the smooth working Spirit of Memphis. J. Bledsoe does the narrative.

B "WHAT COULD I DO" (2:29) P.D. A driving exciter with Bledsoe and Little Ax collaborating on the lead. There'll be no stoics in the audience when this is performed.

THE SKYLARKS
(Nashboro 548)

B+ "CALL YOU IN THE MORNING" (2:40) Here's one of the soft variety that should prove a strong religious item. The variety and excellence of the voices makes a very appealing and intriguing combination. Strong wax.

B "LETTER FROM JESUS" (2:46) The under lid is a stirring bouncer in which the Skylarks excite. Ok coupler.

MACEO WOODS
(Vee-Jay 122)

C+ "LEANING ON THE EVER-LASTING ARM" (2:00) [Conrad/BMI] An organ recitation by Maceo Woods of a fast tempo rhythmic religious tune with a jazz flavor.

C+ "AMAZING GRACE" (2:45) [Conrad BMI] Maceo Woods offers a slow, sentimental, religious item in tender and loving fashion. His handling of the Hammond is exceedingly moving.

Fabor Robison's Disk Firms Jumping In Pop And Country

HOLLYWOOD, CALIF. — Fabor Robison, prexy of the Abbott and Fabor labels is keeping things moving on his two independent diskeries.

The DeCastro Sisters are nearing the gold record mark with their hit version of "Teach Me Tonight," and at the same time, their latest coupling "To Say You're Mine" b/w "I'm Bewildered," is breaking for a follow-up hit.

In addition to the firm's success in the popular field, Fabor and Abbott keep booming in the country department. Country warbler Jim Reeves, who appeared on Ed Sullivan's "Toast

of the Town" TVer on the 9th of this month, has what looks like a smash in his latest single, "Where Does A Broken Heart Go" coupled with "The Wilder Your Heart Beats, The Sweeter You Love." Two other hot items are Myra Lorrie and Buddy DeVal's recording of "Are You Mine?" on Abbott and Ginny Wright and Tom Tall's recording of the same song on Fabor.

Robison, who has just settled himself in his new abode in the California Canyons, is planning another cross-country trip, in the near future, to promote all of his pop and country platters.

Top Names Attend Opening Of RCA Victor's Nashville Studio

NASHVILLE, TENNESSEE — On Saturday, January 15, top names in the country music field, RCA Victor recording artists, along with a host of dealers, distributors, operators, music publishers and writers, welcomed the official opening of the new RCA Victor recording studios here.

Jeff Miller for many years an engineer at RCA Victor's New York studio will be the Chief recording engineer for the new and modern studios. Also housed in the new studio are offices of Steve Sholes, chief of RCA Victor's Country and Western A&R department, and G. B. Bennett, Manager of Custom Sales for the Nashville territory and eleven other states.

A contingent of dealers, and operators headed by Sam Wallace, manager of the record department of Yancey and Company, the RCA Victor Record Distributors of Atlanta, Georgia, along with Sal Peruggi, newly appointed Victor sales rep for the territories of Georgia, Alabama and Florida were present for the official opening of the studios!

Jim Denny, prexy of Cedarwood

Publishing Company, Nashville, hosted the group with a cocktail party in the Commodore Room of the Andrew Jackson Hotel immediately following Victor's 'open house' at the studios!

Dennis & Fontaine Contest

LEWISTON, MAINE—Lou Dennis and Herb Fontaine, two dee jays who keep things buzzin' up at WCOU in Lewiston, Maine, are being swamped by letters in response to a "Georgia" contest which they started recently. The basis for this contest was a statement made by Dolores Hawkins in reference to the "George" in her recorded version of the song with the same title. Miss Hawkins stated that George is "all things to all men—to some a memory, to others, lost youth." The listeners are being requested to offer their theory on "Who Is George?"

The Bert Cote Record Shop in this city is giving several LP's as the first and second prize for the most original letter in the contest. Winners will be announced January 21, 1955.

CINCINNATI CUT-UPS

Red Turner called this week to tell me that he had been advised by his doctor to rest for a while, so he was resigning from WLW permanently after being their featured country star for the past ten years. Red who is everybodys favorite around these parts, is a very religious person and will devote his future career to gospel singing. He was featured on the Mid-Western Jamboree both on TV and Radio. (Personally I believe Red will become a DJ on a KY. station)

There's a switch on at the WLW-TV stations. Seems that William P. Robinson will again be back with us here in Cincinnati at WLW-TV while Harry LeBrun will go to the Atlanta, Ga. station WLW-A. Both men are in the executive dept. . . . The Davis Sisters (Victor) are working on KNOX, Knoxville, Tenn. for the next two weeks and can be heard on their Country Mid-Day show. They will make a personal in Cleveland on the 5th of Feb. . . . "Mission Midnight" the owl show on WLW has a new pilot Ralph Haskins from down Memphis way. . . . Rusty Draper was the guest on "Flyin' W Ranch" the PEE-WEE-KING show. . . . Nelson King (DJ-WCKY) is now taping his shows from his home. He was off the air for a while because of illness. . . . Ray Baker has a new record out on the Excellent label that is kicking up a little fuss around the old Queen City called "Our Mighty Weapon Is The Lord." . . . Dave Upson (DJ-WKRC) conducts his program "Showroom" from his sponsors show window and waves to folks passing by.

Jimmie Williams cut his first four sides for MGM this week using members of the Redd Stewart band for sidemen and a fine new steel player Wendy Hargraves, with yours truly conducting the session. . . . Thanks to Frank Walker for this opportunity.

New tunes appearing this week on the Country Hit Parade: "Untied" by Fommie Collins. "Set A Spell" by Red Kirk and "Are You Mine" by Ginney Wright and Tom Tall.

Danny Dill Joins Cedarwood Publishing

NASHVILLE, TENNESSEE — It was announced here this week that Danny Dill will join the staff of Cedarwood Publishing Company, Nashville.

Jim Denny, head of the pubbery, in making the announcement of Dill's affiliation, said that Dill will be working as writer, plus caring for disk jockey promotion and record contact man.

Dill, long a musician with 'Opry' units is recognized for his song writing and is credited with several good country songs. Carl Smith's "If You Saw Her Through My Eyes" and Cowboy Copas and Cathy Copas' "Copy Cat" were penned by Dill. At the present, the newly acquired rep has several songs placed for release!

"IF LOVIN' YOU IS WRONG" (2:17)
[Texoma ASCAP—H. Thompson]
"ANNIE OVER" (2:35) [Brazos Valley BMI—Thompson, Gray, Clay]
HANK THOMPSON
(Capitol 3030; F3030)

● After another very successful year as a wax artist, Hank Thompson bids for hitdom in '55 with a potent new release that rates raves on both ends. "If Lovin' You Is Wrong" is a quick tempo, romantic piece with an inviting set of lyrics. "Annie Over" is a tender, up-beat ballad on which the artist attempts to reconcile his love. Two grade "A" sides by Hank and the Brazos Valley Boys.

BETTY CODY
(RCA Victor 20-5991; 47-5991)

B "TELL IT RIGHT" (2:35) [Trinity BMI-D. Doane] With a tear in her voice Betty Cody softly renders a middle tempo lover's lament. Perfect wedding of melody ad lyrics.

B "BUTTERFLY HEART" (2:05) [Hill & Range BMI-R. Couture, B. Cody] Flip portion is an infectious weeper that the thrush projects warmly. Real fine instrumental backdrop.

JIMMY NEWMAN
(Dot 1237; 45-1237)

B+ "DAYDREAMIN'" (2:58) [Meteor BMI-Candrell, Claunch, Deckleman] The polished voice of Jimmy Newman makes excellent use of top-grade material as he comes up with a strong contender for honors.

B+ "CRYING FOR A PASTIME" (2:20) [Acuff-Rose BMI-J. Newman] Lower lid is a slow beat heart-breaker that the chanter waxes in feelingful fashion. Two potent showings.

CURLY HOLIDAY
(King 1423; 45-1423)

B+ "I'M THE DEVIL WHO MADE HER THAT WAY" (2:56) [Shelter BMI-J. Morris] Mellow-toned Curley Holiday comes up with a stellar performance on his initial effort for the diskery. A middle beat, tearful tune that could happen.

B "BORN TO BE LONELY" (2:35) [Nashville BMI-Taylor, Bain] Under half is a moderate beat, sentimental piece that Holiday vocals in eloquent manner. An artist to watch.

EDDY DALE
(Imperial 8283; X8283)

C+ "HOW MUCH CAN A HEART TAKE" (2:22) [Commodore BMI-Fowler, S. Mobley, C. Collins] Eddy Dale turns in a distinctive vocal effort on a slow moving piece with touching lyrics.

C+ "OKEFENOKEE" (2:35) [Commodore BMI-L. F. Fowler, S. Mobley, C. Collins] Dale comes up with an unusual piece of material on this end. Enchanting instrumental backdrop.

JUSTIN TUBB
(Decca 29401; 9-29401)

B+ "I GOTTA GO GET MY BABY" (2:11) [Springfield-Four Star BMI-M. Rainwater] Justin Tubb comes up with a solid reading on an intriguing dilly that's gonna make the boxes jingle. Effective change of tempo on each chorus.

B "CHUGA - CHUGA, CHICA - MAUGA" (2:32) [Springfield BMI-W. Stone, W. Evans] The chanter tells about his dream of train moving along at a Mambo beat. A delightful etching.

SHEB WOOLEY
(MGM 11910; K11910)

C+ "I FLIPPED" (2:18) [Wooley Western BMI-Wooley] Sheb Wooley dishes up an enjoyable vocal effort on a light-hearted, toe-tapper with enticing lyrics. Fetching instrumental support.

C+ "38-24-35" (2:04) [Wooley Western BMI-Wooley] On the lower end Wooley happily brags about his gal's physical attributes. A delectable coupling.

GEORGE MORGAN
(Columbia 21344; 4-21344)

B+ "A CHEAP AFFAIR" (2:26) [Showcase BMI-McAlpin, K. Marlowe] George Morgan and Shirley Dale form a winning combination as they team up to deliver a middle tempo heartfelt piece.

B+ "SO LONESOME" (2:39) [Cedarwood BMI-Sovine, House] Morgan solos in real smooth fashion on this moderate beat weeper with a lovely melody. Both ends have the potential.

JIMMIE COLLIE
(Hickory 1019; 45-1019)

B "CRY LIKE A BABY" (2:28) [Acuff-Rose BMI-J. Collie] Jimmie takes hold of this quick beat, sentimental item and sends it across in most appealing manner.

B "CONSCIENCE" (2:33) [Acuff-Rose BMI-Collie, Williamson, Blasingame] Flip is a middle beat emotional piece that finds Collie unfortunately tied to one gal while loving another.

JACK TOOMBS & LUCINDA LEE
(Excello 2048; 45-2048)

C+ "STILL I'M YOURS" (2:25) [Excellorec BMI-Pearson, Gintrel] Jack Toombs and Lucinda Lee blend their voices in flavorful fashion as they wax a pretty sentimental, middle tempo lilter.

B "IF YOU WANT ME, CATCH ME" (2:29) [Excellorec BMI-J. Toombs] Flipside, the pair sock out a relaxing, quick beat romantic ditty with sprightly lyrics.

LLOYD ELLIS
(Mercury 70520; 70520-X45)

C+ "BOOGIE BLUES" (2:15) [Tree BMI-L. Ellis] Lloyd Ellis sparkles on the guitar as he skillfully glides through a quick beat rhythmic piece that should induce many sales and spins.

B "BLUE CHAMPAGNE" (2:32) [Encore BMI-Watts, Ryerson] Under deck is another top-flight Ellis instrumental that could catch a heap of pop action. Watch this one.

CALIFORNIA NOTES . . .

Fabor Robinson hopes to get away for another cross-country trip to promote some hot merchandise in both the Pop and country fields soon. He is now getting settled in his new home, studios and offices in the Malibu mountains. Ginny Wright has proved to be a valuable asset around the Abbott and Fabor offices. She not only sells a lot of records with her infectious singing style, but has an uncanny ability for picking new styles and trends for new record releases. She has proven a very valuable artist to "Fabor Robinson Productions". . . Jim Reeves' new Abbott Release "Where Does A Broken Heart Go" and "The Wilder Your Heart Beats The Sweeter You Love" kicked off with a fast start this past week and is already proving a strong seller in Houston, St. Louis, Minneapolis, Dallas and Detroit. . . Jim Edward and Maxine Brown are now back home in Pine Bluff, Arkansas, after spending several days in Hollywood for recording sessions. Their new Fabor waxing "Your Love Is Wild As The West Wind" and "Draggin' Main Street" is now in the hands of the deejays throughout the country. The tunes are the most commercial that the duo have done to date and it looks like this powerful coupling will be a smash hit. . . Clifflie Stone will take his entire "Hometown Jamboree" television show on a series of one-niters through the Southern California area during the month of February. Clifflie and the Jamboree band recently covered the current hit "Melody Of Love" on the Capitol label. The flip side features the old French standard "Darling Je Vous Aime Beaucoup" which has also been released in the Pop field with Nat "King" Cole. Full exploitation and promotion is being planned. . . Ray Price and His Cherokee Cowboys will kick off a series of 62 dates throughout the Western circuit on February 22nd. The tour was set by Steve Stebbins of Americana Corporation. . . Rex Allen was recently voted the number one cowboy recording artist for 1954 in a poll conducted by the Southwest Recording and Radio Editors. Allen also won top honors in another poll conducted by the Motion Picture Herald which named him third in the list of money making cowboy stars. Roy Rogers won first place and Gene

JIM EDWARD BROWN

Autry second. Allen's new Decca release "Tomorrow's Just Another Day To Cry" and "Lonesome Letter Blues" is showing every indication of becoming one of the most popular so far recorded by the western singing favorite. . . Town Hall Party has been attracting some of the biggest country stars in the nation with their network NBC and local radio and TV shows. Along with Town Hall regulars Gene Autry, Bob Wills and his brother Billy Jack Wills' Band were recent guests on the show. On January 29th Eddie Dean is slated for a guest appearance on the show. Eddie's "I Dreamed Of A Hillbilly Heaven" is fast becoming one of the country's all-time favorites and is establishing him as a top Western star.

Here and There

NEW YORK — While reading The New York Times one day this week, we were stopped cold by a headline "Museum Dedicates 10-Cent Nickelodeon". It seems that a duplicate of the old-fashioned nickelodeon, forerunner of the modern movie house, was dedicated at the Franklin Institute in Philadelphia, Pa. The Institute will show old time silent movies to the public. This is the sentence in the story all music operators should take to heart. . . . "Inflation being what it is today, the admission price was set at a dime."

TERRE HAUTE, IND.—The American Brass Company, wholly owned subsidiary of Anaconda Copper Mining Company, will soon construct an integrated aluminum mill on the outskirts of this city, which should cost in the neighborhood of \$295,000,000. As soon as the company's engineering department can complete the planning, ground will be broken for the new mill, which, together with a separate office building, will cover 500,000 square feet. It is expected that it will employ about 1,000 people, nearly all of whom will be recruited locally.

WASHINGTON, D.C. — Population growths are important to the coin machine industry. More people means more possible players. We therefore are interested in a report by the statisticians of the Metropolitan Life Insurance Company of New York, which states that the population of the United States, including members of the armed forces overseas, rose to 163,930,000 at the end of 1954, shattering all growth records for a year. This represents a gain of 2,830,000 during the year. Contributing to the 1954 gain were the new high number of births, an all-time low death rate, and a moderate addition thru immigration. Every State except West Virginia shared in the 1954 population increase. The rate of growth was highest along the Pacific Coast, 3.7 per cent. Since April of 1950 California has added more than 2.3 million inhabitants. Its population now numbers about 12.9 millions, and is exceeded only by that of New York State. The Rocky Mountain States also experienced a vigorous growth during the year. Arizona and Nevada have been the fastest growing States in the country, each having doubled its population since 1940. Florida's population increased by about 5.7 per cent in 1954. Increases well above the national average also occurred in the District of Columbia; New Mexico; Delaware; Maryland; Utah; Connecticut; Michigan; Louisiana and Texas.

JUKE BOX MANUFACTURERS TO DISPLAY AT MOA CONVENTION

AMI, Rock-Ola, Seeburg, Wurlitzer Have Taken 16 Booths Covering One Side of Exhibit Floor at MOA Convention, Morrison Hotel, March 28, 29, 30

CHICAGO—Sure to attract many additional hundreds of phonograph distributors and operators is the fact that the automatic phonograph manufacturers have decided to display their latest equipment at the forthcoming Music Operators of America Fifth Annual Convention at the Morrison Hotel in this city on March 28, 29 and 30.

The four manufacturers are: AMI, Inc., Rock-Ola Manufacturing Corporation, The Rudolph Wurlitzer Company, and J. P. Seeburg Corporation.

The four manufacturers will occupy one side of the display floor. They will show their latest products to those who will attend what MOA members believe will be:

"The biggest music convention in all history."

To this publication, this is a dream come true. *The Cash Box* created Music Operators of America in its own suite, prior to the opening of the 1947 CMI convention.

This publication hoped, when the first MOA convention came into being, that the phonograph manufacturers would also exhibit.

Tho the automatic phonograph manufacturers, thru their association, have supported MOA's conventions in the

past, financially and otherwise, they never did display their merchandise.

MOA was given five phonos by each manufacturer and scattered these thruout the floors at each previous convention.

This year the automatic phono manufacturers decided that, in addition to their financial support they, too, would display at the forthcoming Fifth Annual Convention of Music Operators of America, Inc.

Tho this was discussed when the Executive Committee of MOA was in session at the Morrison Hotel here on January 10, 11 and 12 the news could not be 'officially' released because the manufacturers were, at the time, arranging for a final meeting regarding displays of their latest products.

Now that the news is official, manufacturers are planning ahead and, it is believed, will present extremely attractive booths.

As George A. Miller, president and business manager of MOA stated:

"This is one of the greatest things that has ever happened to Music Operators of America, Inc.

"We happily welcome the exhibits of the phonograph manufacturers most wholeheartedly and with great sincerity," he concluded.

Chi Coin Puts Thru New Production Run On "Thunderbolt Bowler"

CHICAGO—Ed Levin, sales director of Chicago Coin Machine Company, this city, reported this past week that, even tho there were no "Thunderbolt Bowlers" on hand at the time, a new production run, because of great demand from all over the trade, was being put thru and that the coming week would find "Thunderbolt Bowlers" available again.

As Levin said, "We had hoped that we could hold off for a while from re-running our 'Thunderbolt Bowler' thru our production lines which are, at this time, extremely busy with orders from all over the nation.

"But the demand continued to grow

so great," he continued, "that we have been forced to put thru another production run for our 'Thunderbolt Bowler'."

"Those who were not able to obtain the 'Thunderbolt Bowler' this past week can get in touch with our distributors anywhere in the country this week as production starts coming thru and obtain the quantity they seek."

Levin said that this month of January, 1955, gave every indication of setting a production record for Chicago Coin Machine Company.

"Business has simply been terrific," he said, "and orders continue to flood in from all over the country calling for more and more of our machines."

Wurlitzer Distributors Show New "Model 1800" Phono National Wurlitzer Days Thruout Nation Sun. and Mon., Jan. 23 & 24

ROBERT H. BEAR

NORTH TONAWANDA, N. Y.—The Wurlitzer phonograph line was introduced to operators across the country on Sunday, January 23 and Monday, January 24.

Center of attraction was the "Model 1800," 104-selection, straight 45 RPM phonograph featuring Wurlitzer's "Dynatone Sound System" in full high fidelity. To create the widest tonal range possible, Wurlitzer equipped the "1800" with combination speakers which are a complete departure from earlier practice. Three 12-inch wide range speakers are mounted in a triangle in the baffle board. They are augmented by a high fidelity treble tweeter which enters the high ranges beyond reach of the human ear. All speakers face forward from the phonograph and are mounted directly behind the newly styled rigidized metal grille. When the phonograph is placed with its back against a wall, the sound projects from it in a 180° spectrum reaching all portions of the room evenly.

In announcing the new phonograph line, Bob Bear, Wurlitzer sales manager said, "The 'Model 1800' offers more unique and forward looking features than any phonograph which Wurlitzer has yet produced. It is alive with eye-appeal and its strikingly attractive colors will draw attention to the phonograph and still lend a decorative note to the location in which it is installed. More emphasis is being put on color and the '1800' uses projected light, both in the record compartment and in the grille, to enhance its appearance. Cabinets this year are offered in a gorgeous array of fresh new 'sky colors'. We call them 'Dawn Mist', 'Horizon Blue', 'Sunset Red' and 'Midnight Black'."

"The 'Model 1800' was a sensation when we showed it to our distributor organization in December in Miami Beach. We are enjoying the same reaction from operators across the country as they express surprise and admiration upon seeing this striking

new design. We are confident that the acceptance of the '1800' points to another banner year for Wurlitzer phonographs."

Many new features set the "Model 1800" apart from phonographs previously produced by Wurlitzer. Each of these improvements merits attention and the most important of them are described by Bob Bear as follows:

NEW DOME DESIGN

A unique and strikingly different dome creates a graceful compact appearance. It is all glass and gives a completely unobstructed view of the "Carousel Record Changer" from front or sides. The top is crowned with a large zinc die-casting into which has been built a fluorescent tube giving a front lighting effect to the changer compartment. This top casting blends smoothly into an extruded aluminum structure that frames the rear of the dome. Together they comprise an extremely rigid assembly. The front of the dome features Wurlitzer's new clear-vision window. This is slanted to eliminate reflection and creates an impression of complete openness. This window, a single piece of glass, is framed with a chrome metal molding. The entire unit, hinged at the top, is recessed into a chrome die-casting at the top and sides. The window is spring loaded to open easily when the locks are released.

NEW COLORFUL RECORD COMPARTMENT

The attention getting back-drop to Wurlitzer's scintillating record compartment is a bright red sunburst accented by stainless steel bars. The metal is a damage resistant quilted plastic which has an iridescent appearance under the fluorescent lighting. The record changer arch, which supports the turntable, and the tone are finished in a contrasting "Pearlescent" bone white. The full depth top light gives a brilliant richness to the dramatic color combination. The chassis shelf is distinctively finished in white simulated grained leather trimmed in gold. It is constructed of smooth warp-proof masonite. Embazoned on the shelf is the Wurlitzer Crest in gleaming gold, red and black. This hallmark has for years indicated the finest Wurlitzer pianos and organs. For the first time this crest has been applied to a Wurlitzer phonograph in recognition of the excellence of design, engineering and the quality which the "Model 1800" represents.

IMPROVED SELECTOR PANEL

The chrome plated selector panel is divided into four sections labeled A, B, C and D, each containing twenty-six selections. Strips are provided for suitable programming which may be done in units of four or eight columns. Popular and old favorites, folk and western and rhythm and blues classification are supplemented

Tenn. Restaurant Assn. to Hear Talk On Dime Play

Rest. Assn. President to Ask Owners to Have Their Individual Juke Box Ops Switch to Dime Play

MEMPHIS, TENN.—Thru the efforts of Robert E. (Buster) Williams, well known thruout the industry, Harris Scheuner, president of the State of Tennessee Restaurant Owners Association, has asked The Cash Box to mail him all possible data in reference to 10c music play all over the country.

Scheuner will discuss dime play at the forthcoming meeting of the Tennessee Restaurant Association and will attempt to have every single restaurant owner ask his juke box operator to change his phono from 5c to 10c play.

This is the first time that such an

approach on adoption of dime play has been attempted.

Instead of the operators in this city, and thruout the state, getting together to arrange for 10c play, this time the location owners themselves will vote on whether they do, or do not, want dime play.

Harris Scheuner believes that 10c play should have been placed into effect by the operators thruout Tennessee a long time ago.

He is of the opinion that this will prove very helpful to the restaurant owners who seek more income wherever they can obtain it and that, at the same time, it will also help the juke box operators thruout the state.

Editor's Note: We believe that the letter Bill Gersh, publisher of "The Cash Box", sent to Harris Scheuner can benefit all music operators, and we therefore reproduce it in full, in the event operators should have need of the information detailed in it to present to a restaurant owners association in their territory.

Chicago, Ill.
January 17th, 1955

Mr. Harris Scheuner
711 South Dudley Street
Memphis, Tennessee

Dear Mr. Scheuner:

Almost twelve years ago, during World War II, and as inflation began to rear itself all over the nation, this publication urged the nation's juke box operators to change from 5c to 10c per play, three plays for 25c.

As this publication pointed out then, and points out now, overhead expense to do business has increased over 400% since 1939. As you know 1939 is the year the nation's economists use as their basic valuations year. In short, the nickel of 1939 is considered, by the nation's economists, to have been a full, honest-to-God nickel, actually worth five complete American pennies.

But, in 1939, even tho the American nickel was actually and truly worth five full American cents and the nation's juke box owners were charging 5c per pay, they were also paying over 400% less overhead costs and expenses to do business.

In 1955, sixteen years later, those same juke box owners who are still charging 5c per play are enduring over 400% increased overhead costs and expenses. But, what is even more tragically and factually important, with the continued rise of inflation thruout the nation the American dollar continued to drop in purchasing power, and is now valued by the nation's economists at but 50c compared to 1939.

This, therefore, means that the nickel of 1955 is worth but 2½c. In short, any juke box owner who continues to charge 5c per play (as he did in 1939) is not only enduring an increase in his overhead expenses of over 400% to do business, but, is only charging half as much as he did when he didn't have to endure this 400% increase in his overhead costs and expenses to do business.

In regard to restaurant owners the simile would be for the restaurant man, who is also enduring about 400% increased costs and expenses as compared to 1939 when he charged 5c for a cup of coffee, to charge but 2½c for that same cup of coffee in 1955, regardless of this 400% increase in his cost of doing business.

This is a prelude as to why this publication crusaded for these past 12 years to urge the nation's juke box owners to change to 10c play. Simply because the dime of 1955 is worth only as much as the nickel of 1939. Therefore, this publication today urges the nation's juke box owners: "Let's Get A Nickel A Play AGAIN". (1955's nickel is what we term the "dime". The 1955 dime is worth only 5c.)

Gradually the reasoning and arguments as presented by this publication began to take hold after World War II. With the free spending that was the practice during the war because the nation's earnings and economy, regardless of inflation, was at such a high peak, few felt they required a change over from nickel to dime play during the war period.

When the war ended and the first slideoff business years began to make themselves felt, the nation's juke box owners suddenly discovered the truth of the arguments as presented by this publication. They then discovered that they were paying over 400% more for all the necessities required for them to continue in business and were, at the same time, selling their entertainment for only half as much as they formerly sold it.

It took a little time and the nation's juke box owners began to run more and more deeply into the red. They found that red ink in their ledgers was becoming ever more common. There was simply no manner in which they could equalize an increased overhead expense of over 400% and sell for half the price of what they used to sell for in 1939—sixteen years ago.

Even the little shoe shine boy was proving himself a better business man. He had erased the crude sign on the side of his little shoe shine box. It no longer read: "Shine 5c". It now read "Shine 15c and Up".

All over the nation business men were raising their selling prices to equal the increased costs they were enduring. Coffee jumped to 10c and 15c per cup and even more. Even Uncle Sam jumped the price of his 1c First Class Mail Postcard 100%—to 2c. The 10c and 15c bottle of beer was now 25c and 35c and even more. The nickel cigar was now 10c and 15c. In fact, every necessity of life, not to speak of labor's wages or the cost of transportation needed to do business, was up over 400%.

Here and there in small towns thruout the country, where just a few juke box owners existed, these men came together and decided to "test" 10c play. These small communities are still featuring: 1 Play 10c—3 Plays 25c. Such a community was Rockford, Illinois. Just this past year, as a sidelight of what these juke box owners think of 10c play, Louis Casola, leading and largest juke

Baltimore Ops Re-Elect Goldner Pres. of Association

Annual Banquet Feb. 6, Complete Sellout. Ops to Donate Day's Receipts to "March of Dimes". Changeover to Dime Play Proceeding Rapidly

BALTIMORE, MD.—The operators in this area are busy "little bees" this month.

They all attended a general meeting last week at the Mandel-Ballow Restaurant and elected their officers for the coming year. They are busily engaged in arranging January 27 for the drive for "A Day of Dimes for the 'March of Dimes'." They are changing over to 10c play, 3 for 25c. And they are preparing for their 7th Annual Banquet and Dance.

The members of the Amusement Machine Operators Association of Greater Baltimore re-elected the popular Irv Goldner as their president. Other officers chosen were: Sam Gensler, vice president; Harry Morganstein, secretary; and Moe Kaminsky, treasurer. The Board of Governors (including the above officers) is composed of: Louis Wilner, Judson Galahan, Jr., David Konigsberg, Gabe

Camhy, Ben Fine, Guy Lanzillotti—plus Irvin Rosenthal and Bernard Rose, past presidents.

Under the able direction of Gabe Camhy, banquet chairman, all arrangements for the association's banquet are proceeding smoothly. The gala affair takes place on Sunday night, February 6, at the Lord Baltimore Hotel. As usual, many of the leading officials of the city and state will be on hand, headed this year by the popular Mayor of Baltimore, Thomas D'Alesandro. Ticket sales have been limited to 500—400 on the ballroom floor, and 100 on the balcony. More room has been set aside for dancing, and tables and chairs will not have to be moved to provide space. Cocktails will be served from 5:30 PM to 7 PM. Dinner will start promptly at 7 PM. The association will provide a regular show, and as in the past, numerous recording artists will entertain the guests.

Music Operators Face Two New Copyright Bills

Reports Indicate New Bill to be Sponsored in Both House and Senate During 84th Congress

WASHINGTON, D. C.—News from here is that the nation's automatic music operators will, this year, face two new bills.

One will be presented in the House of Representatives and the other in the Senate.

Both bills are reported to once again be sponsored by ASCAP (American Society of Composers, Authors and Publishers) and similar organizations will probably join in with ASCAP as they did in 1954.

Music leaders have been advised that ASCAP contact men have already laid the groundwork for the presentation of both of these bills during the 84th Congressional session, it is stated.

It is further stated that there will probably be no change in the text of these bills. They are expected to be similar to bills presented by former

Congressmen and Senators over the past years.

Once again the automatic music industry will have to wait until the bills are presented, until committees are appointed, and until open public hearings are called.

This year the automatic music leaders hope that they will be able to convince both Congressmen and Senators that, presentation of such similar bills year after year, is anything but complimentary to the members of the U.S. Congress and their former decisions.

This will be the fifth time since the end of War II that ASCAP-sponsored bills have been introduced in an effort to have the Copyright Act of 1909 amended so as to force music machine operators to pay double royalty to the publisher members of this collection agency.

Williams Mfg. Co. Steps Up Production

Institute 9½ Hour Work Day, 5½
Days Per Week.

SAM STERN

CHICAGO—Sam Stern, executive vice-president and general manager of Williams Manufacturing Company reported this past week:

"We have stepped up our working day to nine and a half hours for a five and a half day working week.

"This," he continued, "in an effort to meet increasing demand for our new 'Safari' gun, and all of our other products.

"We sincerely believe," he reported, "that all the new Williams' products are going to capture the support of the entire industry.

"For example," he pointed out, "we have added six more engineers to our staff who are, at this time, working in rather cramped quarters.

"But," he stated, "as our new engineering building is completed, we move our engineers over and sometime about the middle of February we feel certain that all our engineers will be working in the new engineering building which should be completed by that time.

"It's not at all surprising then," he said, "that the demand for our new products has forced us into a nine and a half hour working day and a five and a half day week with the possibility that, very soon, we may have to step this up to a six-day week.

"The new engineering staff in charge of Harry Williams is producing some truly original and marvelously new ideas which are sure to click everywhere throught the industry."

by strips reading "Extended Play Records." Wurlitzer's double title strips allow faster, easier programming and also permit the use of extended play records which offer two selections by the same artist for the price of one. New title strip holders are made from thick durable plastic with a molded pull-out knob on the back. In position they are covered with glass and framed by the metal die-casting which prevents warpage. A new quick-release latch holds them firmly in position yet releases instantaneously. Letters A, B, C and D and twenty-six numerals are clearly indicated on the face of white lucite-capped selector buttons. These are clearly visible to the patron even in a darkened room. The selector buttons are flanked on the left by a large metal re-set button, and on the right by a coin reject button. A lighted center panel indicates method of making selection.

NEW GRILLE DESIGN

The ultra-modern grille on the "Model 1800" is accented by projected light from two up-right pilasters. In a departure from previous designs, these are set well in from the sides of the phonograph. This gives smooth, even lighting over the entire rigidized metal surface of the grille. The pilasters were inspired by the airfoil design used in airplane wings. They are formed from tough transparent plastic and brilliantly illuminated with 20-watt fluorescent tubes. The front decoration features an attractive "bomburst". The narrow ends of the "foil" are fastened firmly into the grille and trimmed with chromed metal strips. The wide base plate at the bottom of the grille into which the pilasters are set is satin-finish stainless steel. It is scuff-proof and will remain bright indefinitely. The grille section is trimmed at the sides and along the base by extruded aluminum moldings.

The base itself curves gently inward at the bottom, giving a sculptured appearance. Its ebony finish is scuff-proof, making it impervious to marring or damage during cleaning operations.

NEW WOOD FINISH CABINET

All Wurlitzer cabinets are manufactured with beautifully grained wood sides. A new patented process allows the finish to be impregnated into the wood, achieving a grained pattern which, in the "Dawn Mist" color, assures no fading and no color variation. The darker colors of black, blue and red are not subject to discoloration.

The cabinet trim includes more chrome die-castings than ever before used in a coin operated phonograph. Not only does the dome gleam with bright chrome, but the cabinet corners are protected by heavy castings into which is engraved a scrolled Wurlitzer "W". Chrome also enhances the appearance of the title strip holders and the selector buttons.

CASH BOX DESIGN

The door to the money compartment is located in the lower right-hand side of the phonograph. It is surrounded by an anodized aluminum frame which protects the cabinet sides, and is equipped with an Ace lock. The interior is a metal casing

which makes the coin department tamper-proof even when the rear door is removed. This year Wurlitzer has included a large coin bag in place of the former coin box. The bag is firmly supported on rails inside the door and is easily removed by the collector for replacement with another bag. This makes it possible to close up the cash box door before the money is collected.

NEW RANGE IN HIGH FIDELITY SOUND

Wurlitzer's four matched speakers offer a new range in high fidelity tone and more cone area than that of any other phonograph. The three big 12-inch speakers cover the middle and low tones, and the high frequency tweeter delivers sharp, clear highs. The speakers are mounted in a heavy baffle board which extends the full width of the phonograph. They are matched to give exact tonal response over the entire music range. To achieve full 180° sound distribution, two of the 12-inch speakers extend well outward from the sides of the airfoil pilasters which act as a baffle directing the sound throughout the room. Wurlitzer has achieved a perfect balance between pick-up, amplifier and speakers, accomplishing the high fidelity standards usually found only in custom-built sound systems. The "Model 1800" is equipped with a high fidelity Off-On switch located in the center of the baffle board. When in the "Off" position, the cross-over network is affected and the tonal range reduced, giving more emphasis to the bass notes.

NEW SIMPLIFIED OPERATION AND EASY SERVICE

The "Carousel Record Changer" introduced last year has been retained in the "Model 1800." It includes improvements in its design which are the result of operators' recommendations following millions of "on location" plays. A new improved coin mechanism permits instantaneous selection after the coin is inserted and speeds up play. A service switch, located conveniently on the rear of the selector drum, allows the serviceman to stop the mechanism in any phase of its cycle. Deeper slots have been formed into the carrier ring to permit the use of slightly over-size 7-inch records. Two rear doors with a lock at the top give complete access to record changer and amplifier compartments. Improved cabinet ventilation permits warm air to escape from the phonograph assuring a reasonable operating temperature at all times. Slide rails on the rear of the "Model 1800" are a part of the hard birch wood core used in the phonograph sides.

"It is evident that the experience gained in the production of hundreds of thousands of Wurlitzer phonographs has been put to good use in the design of the 'Model 1800,'" said Bear. "Its clean design, colorful appearance and outstanding tone assures its acceptance in top locations. Improved engineering features and service accessibility are welcomed by music operators."

The phonograph is supplemented by a new line of remote equipment which includes the Model 5207 104-selection, three-wire wall box, and three new high fidelity speakers. All previous remote equipment can be used with the "Model 1800."

ATLANTA ACTION

All the distributors and operators were very happy about the business they did in '54, and are even happier the way '55 is starting out. The chief topic of conversation was how the factories had come through with the machines in '54. C. O. Moon of Variety Distributing Company said that his floor was empty by the end of '54. C. O. Moon reports some of the operators who attended the J. H. Keeney "Deluxe Gun" were: J. A. Brigman of Norcross, Ga., Hugh Johnson of Carrollton, Ga., R. H. Bankson, Thomaston, Ga., Bill Hames, East Point, Ga., H. T. Rowell, Taladega, Ala., A. R. Dobson, Cartersville, Ga., Jim To'bert, Rome, Ga. While at Variety Distributing Company ran into one of the Twenty Year Boys, W. L. Groover. In our conversation with Robert McCune of Variety Distributing Company we found Robert will be just right for tapping in three more months. Robert started in the business with the late Sidney Johnson, one of the first operators in Atlanta. Bob began in March of 1935. Come March, this year, we are waiting for you Bob. . . . Jack Harris, Sparks Specialty, reports sales on the Seeburg in big figures for the year of '54, also reports the Sparks Pool table moved well in '54. . . . Totsy Johnson, of Rainbow Music, reports business good in '54 and says he is betting on a bigger year in '55 as his routes are in A1 condition. He has all new machines in his spots. . . . Ran into Ted Barnes of Columbus, Ga. He reports his routes in good condition and making money. . . . It was reported in Atlanta this week that Jack Lovelady of Merritta, Ga., had bought Burt Alfred's route in Newman, Ga. . . . Yank Venable, Venable Music Co., one boy you can't catch. He is on the run all the time. . . . Howard Robinson, Robinson Dist. Co., reports his sales on Rock-Ola phonos in '54 was tops and is expecting to do better in '55. . . . Jack Friedman of Star Music was out of the city. Hear Jake was in Chicago. . . . While over at Sparks Specialty Company where they were showing a display of Seeburg phonographs, noticed operators coming in and out—looks like a good start for '55. . . . C. P. Dinwiddle and Jimmie Simpson talking of their Christmas holidays in old Kentucky. Dinwiddle and his family spent their Christmas visiting relatives and friends in and around Bowling Green, Ky., while nickle happy Jimmie Simpson spent his time with his family and friends down in Nicklesville, Ky. Jack Harris played it smart and got in some sack time at home. Sam Cohen of Cohen Amusement, and Mrs. Cohn were two very busy people at the Record Bar. Enjoy talking with the Cohens as they go way back in the past. Could not catch Sonny Lumberg at Taran's. Hugh Bentley said he was out beating the bushes.

box owner of Rockford, placed this advertisement in the 12th Anniversary Issue of The Cash Box: "THANK GOD FOR DIME PLAY".

The operators of Rockford encountered some opposition from some of the storekeepers who were of the belief that their patrons would not insert a dime into a juke box to hear the latest recording. They pointed to the fact that the public had become "accustomed" to inserting nickels into that very same juke box. What these storekeepers forgot was the fact that these very same people used to pay them 5c for a glass of beer and the people were not challenging the fact that they now paid 15c and more for that very same glass of beer—and in many cases it was a smaller glass at 15c than what it had been at 5c.

The operators of Rockford persisted. Here and there a few storekeepers refused to allow their machines to be changed and turned them to the wall so that they could not be played. But the very greater majority of the storekeepers were good business men. They realized that, just as they were forced to raise prices so as to be able to continue in business, the juke box owners, too, were in the very same financial predicament.

It took about ninety days and the entire city of Rockford, Illinois was changed over to 10c juke box play. In some locations the intake at first dropped. In others it immediately zoomed. The fact remained, as this publication has pointed out in the past, that even if only half of the people played the juke box at 10c—the cash intake would be the same as 100% playing the juke box at 5c.

But, as this publication also advised, the juke box owners would still be enjoying a 50% profit savings should this happen. In short, by only half the number of peoples playing the juke box at 10c in any location, the juke box owner would still be taking in just as much monies as he did at 5c but, what was more important, he would only be enduring half the wear and tear on his equipment and would be able to save half the overhead costs to service this same equipment. This 50% savings, as many juke box owners have since pointed out, was what first attracted them to dime play.

Even where the intake did drop for a period of time, it eventually returned and, now with all the patrons playing the juke box, or almost all of them, the intake zoomed to new high marks. The result has been that, in every area where 10c play has come into being, juke box intake is up.

Probably the most important factor to help the nation's juke box owners to change to 10c play was the local telephone company. As the telephone companies changed, city by city and town by town, from 5c to 10c pay station telephone costs, the juke box owners found more dimes than nickels in circulation. This brought about a demand from leading juke box owners for all to change over.

The telephone companies did not lose any "weather" and/or "time" calls from pay stations. In fact, the Illinois Bell Telephone Company reports a continued increase in the "number" of such calls from dime pay stations, over the number they used to get on 5c per phone call. This, in itself, is indicative of the fact that the public has come to accept the 1955 dime like the old 1939 nickel.

The switch to 10c juke box play started very slowly. About five years ago, the juke box owners of the City of Chicago decided that they could no longer continue on 5c play and, after a mass meeting, each operator set a date to change over from 5c to 10c play.

This was the first large city (Population over 4,000,000) to change from 5c to 10c play. There isn't a juke box owner, or a retailer who has a juke box in his place of business in the City of Chicago, who would ever again return to 5c play. In fact, the statement has been openly made by leading juke box owners in the City of Chicago and its environs that, "If we ever had to return to 5c play we'd quit this business."

The juke box owners of the City of Chicago did not encounter as much trouble as did the juke box owners of the smaller city of Rockford, Ill. The change was effected quickly and efficiently. Some storekeepers grumbled. But this was expected. Today, it is said in Chicago, that those who grumbled the most about the change from 5c to 10c play are the biggest boosters of dime play. This same was found to be the case in Jacksonville, Fla.

The increase average intake in the City of Chicago must be tempered with the fact that this is a very progressive, heavy industry city, where workers have been in demand for years and where work has not slackened in any degree as compared to other large cities. The average working man finds himself in a better position financially in Chicago than in many other large cities.

It should also be remembered that Chicago was one of the very first cities where the telephone company changed over from 5c to 10c pay telephone stations. This was also of very great help to the juke box owners for the public had become accustomed to handling more dimes than nickels because of this fact.

Where for some years, ever since the original suggestion of this publication twelve years ago, that the juke box owners change from nickel to dime per play, the changes came about very, very slowly, mostly in smaller communities about the country, these past three years have seen much changes come about with increased rapidity.

In the past 24 months city after city, town after town, village after village, has found its juke box play changed from 5c to 10c. Reports continue to flow in to this publication each day advising of juke box owners, storekeepers and the general public completely accepting the change.

As one very well known juke box owner stated, when speaking before a group of other juke box owners in another city, (these latter had asked him to come there to speak to them because they, too, were planning to change over to dime play and some were skeptical whether the people in the community would accept dime play, "Because," as they said, "the people here are different than the people in your city"). "The only difference between the people in your city and the people in my city is exactly 250 miles as the plane flies."

This has been found to be completely true in every regard. There is little difference essentially between the people of the nation with the possible exception of their traditional local habits which are climate-wise the essential of their communities. But, as far as financial habits are concerned, and this includes the spending habits of all the nation's peoples they are, more or less, the same, depending on good or bad times for heavier or lesser spending.

In the main, the people realize, just as do all retailers, that costs have zoomed to inflationary levels and that they must pay more for entertainment, luxuries, and all necessities.

This writer could continue on for a long, long time, pointing out a great many other essential facts which have proved dime play successful everywhere it has already been put into practice.

The fact of the matter remains that, as long as the 1955 dime is worth only the same amount of purchasing value as the 1939 nickel then: "Let's Get A Nickel A Play AGAIN"—becomes the outstanding requirement of the nation's juke box business men.

Also enclosed herewith are many reprints from this publication. It would be impossible to enclose all the editorials and news items which have been written over the past 12 years, but, the few that are enclosed should tremendously help you in having the restaurant men of your state demand that the juke boxes located in their eateries be changed over from 5c per play to: 1 Play 10c—3 plays 25c.

BILL GERSH,
Publisher of The Cash Box.

"20 Year Club" Votes Put Chicago Ahead

"20 YEAR CLUB" BOX SCORE

VOTES ALREADY CAST FOR 2-DAY MEET TO BE HELD IN

CHICAGO	MIAMI	LAS VEGAS
94	48	62

CHICAGO—Members of the "20 Year Club" voting for the city where their First Annual Meeting should be held have pushed Chicago ahead of both Miami, Florida and La Vegas, Nevada.

Furthermore, more and more members are urging that the First Annual Meeting of The Cash Box' "20 Year Club", be held during the forthcoming MOA (Music Operators of America, Inc.) Convention.

The Fifth Annual Convention of MOA will be held at the Morrison Hotel here on Monday, Tuesday and Wednesday, March 28, 29 and 30, 1955.

The voting still continues but, it seems, the commanding lead which the City of Chicago took this past week, may prove very decisive.

Miska Donates Phono to Chi Public School

CHICAGO — Leonard Miska of Southtown Phonograph Corporation, this city, was in receipt of a very complimentary letter from Bernard A. Quish, principal of the Hearst Elementary School, City of Chicago Board of Education.

Miska had taken one of his older phonos, completely revamped and re-conditioned it, removed the coin chute and filled it with records, as well as sending along additional boxes of records, and donated the phono to the school.

Principal Quish wrote in part: "Our children are very enthusiastic over it and the juke box has been put to good use.

"We deeply appreciate the Southtown's contribution to this school's equipment."

Gottlieb's First New '55 Pinball Wins Acclaim

DAVID GOTTLIEB

CHICAGO—"To report that our telephone lines between here and Miami were tied up, would be putting it very mildly," reported Nate Gottlieb as D. Gottlieb & Company introduced their first new pinball of 1955, "Twin Bill."

The result of the phone conversations, according to Gottlieb executives, was for David Gottlieb, now enjoying Miami's pleasant sunshine, to relax and go back to enjoying his vacation even more than ever before.

The moment the factory advised David Gottlieb that they were plan-

ning to present their first new pinball game of the year, Dave got on the long distance phone in an effort to make certain that the first game of the new year would be one of the finest the firm had ever produced in its more than 25 years in this industry.

Said David Gottlieb, speaking from Miami, "It was one of the biggest thrills I've ever had to hear the results of the first orders we received from all our distributors after our distributors received their first sample shipments of our new game, 'Twin Bill'."

Nate Gottlieb took over from here stating, "I don't believe that we have ever before received such tremendous acclaim for any new five-ball game we have yet introduced as we have for our new 'Twin Bill'."

"From the very day our distributors received their first samples they went wild over 'Twin Bill'. One distributor after another, after showing the game to his operators, phoned to advise us that we had best step up our production schedule to a new high mark."

As Alvin Gottlieb of the firm now says, "Well, dad can take it easy and relax, he knows that our first new game of 1955 'Twin Bill' is one of the greatest we have ever introduced. It will probably set a new high production mark for us to shoot at the balance of this year."

Exhibit Brings Out Card Ven- dor Catalog 3 Months Ahead of Schedule

J. A. (ART) WEINAND

CHICAGO—J. A. (Art) Weinand, general sales manager of Exhibit Supply, this city, reported this past week:

"In view of the growing demand for our 'Vacumatic Card Vendor' we have produced our 'Card Catalog' three months earlier than we usually do this year."

The Exhibit "Card Catalog" is now available for all who want the latest series cards. Usually this catalog is presented about the end of April of each year.

"But," as Weinand stated, "with the

demand for our 'Vacumatic Card Vendor' growing constantly all over the world, we have had to arrange for production of our well known 'Card Catalog' three months earlier than usual so that all the users of the 'Vacumatic Card Vendor' could set themselves for the season with the cards they expect to feature."

In fact, as Weinand also pointed out, orders have been coming in for their "Vacumatic Card Vendor" from all over Europe.

"These past few weeks," he stated, "have been a real surprise to us. We haven't made any special effort to obtain foreign business and yet, as the weeks roll by, we get more and more inquiries from all over the world."

He pointed to two inquiries just received from Nice, France, wherein both buyers enclosed the coins they wanted to use for the card vendors.

He also pointed to inquiries on his desks with orders and coinage attached from Latin American countries.

There were inquiries from almost all over the known world for Exhibit's "Vacumatic Card Vendor."

Weinand is of the belief that these will bring repeat orders which will make this machine their leading export item.

Keeney "Sportsman" Gun In 7th Production Run

PAUL HUEBSCH

1954," said Paul Huebsch, general sales manager of J. H. Keeney & Company, Inc., this city.

There is much elation thruout the plant here as the "Sportsman" enters into its seventh production run.

The engineers are thrilled because of the fact that they claimed, from the very beginning, that the "Sportsman" would stand up better than any product produced, and that it was a captivating and thrilling gun for any player to enjoy.

Huebsch says, "Some of the boys in the plant had small bets among themselves regarding the length and time of the production run, or runs, on our 'Sportsman' gun.

"The losers," he continued, "are the happiest guys in our factory because, as some of them have stated, it proves that our engineers are producing the finest quality merchandise obtainable."

Huebsch also said, "We are very proud of this seventh production run for we realize that here is a gun that the operators are making money with everywhere in the country.

"And that means to us," he concluded, "that, once again, Keeney products have proved themselves best."

CHICAGO—"We are now in our seventh production run on our sensational 'Sportsman' gun since its introduction to the field about three months ago, to be exact on November 12,

Empire Opens '55 With Special Sales Program

CHICAGO—Gil Kitt of Empire Coin Machine Exchange, this city, has arranged a very special sales program for the firm for 1955.

Not only will there be attractive sales of new machines, but, a special campaign is being put forth on new machine closeouts, as well as on reconditioned equipment and special type products.

Howard Freer of the firm explained it this way, "We are going all out this year to give every one of our customers the finest buys they've ever enjoyed.

"We feel," he continued, "that this will act in lieu of a bonus to them for their patronage."

The firm has, for sometime, been well known for the many new machine closeouts which it featured. This year it has made arrangements with all of the factories it represents to be able to present these to its customers just as soon as they become available.

"As far as reconditioned equipment is concerned," Howard Freer said this past week, "we believe that we enjoy one of the most enviable and outstanding reputations in the world for the type of equipment which we ship to all buyers of our merchandise everywhere."

Kitt has always been among the most progressive of the nation's dis-

Pfanstiehl now has available to the coin machine operator 13 styles of coin machine replacement needles.

One Stop Record Shop On Coinrow

NEW YORK—Lou and Bernie Boorstein, Leslie Distributors, one-stop record service, report that since moving to its new quarters on Tenth Avenue, near 45th Street, in the midst of coinrow, music operators have dropped in in larger numbers than at any time in its history.

"We are very happy over our move" stated Bernie, "as it not only permits us to service our operator friends better, but we are now selling operators whom we never have before."

Operating In Cuba

'Fonograf' Business:

HAVANA, CUBA—About 6,000 of the loudest, blaringest phonographs with volume keys turned up to the limit, are found thruout the island of Cuba.

About 2,500 of the 6,000 are located in Havana where this city's 1,500,000 peoples enjoy them to the fullest extent.

The business is growing and prospering. The leaders of the Cuban 'fonograf' business believe that, within a few short years, approximately 10,000 phonos will be on location in Cuba.

Away back in the days of 16 selections one operator began to import automatic phonographs. Very gingerly and carefully at first. Wondering whether or not the Cubans would take to them.

They did. And with such heartiness that, eventually, he was operating over 200 of the phonos in Havana and surrounding areas. They loved the juke boxes so much that he didn't have to pay any commission at all to the locations. In fact, in some spots, he even made an extra charge because he didn't find enough intake in his phonos.

This man has long ago left the automatic music scene. He now owns a sugar mill and other properties and is also a Cuban Senator.

Today the 2,500 phonos located in Havana cost operators approximately 50% over their original American price because of duties and other customs costs.

Havana's music ops pay \$28 per year license fee to the municipality of Habana for anywhere from 40 to 48 selection phonos. They pay half this license fee every six months. They pay \$56 per year for phonos with 50 selections or more.

There is also a National license (similar to the U.S. Federal license) of \$10 per year. Each municipality in Cuba sets up its own license fees.

Music operators in Havana can save about 10% of the license fees if they will feature anywhere from 80% to 90% recordings of music by Cuban composers. Records cost from 75c to \$1.05.

The average Cuban music operator works on 75%-25% of 70%-30% commission basis. But with competition becoming keener some are already offering 40% commission in an effort to obtain locations.

This has brought about much argument regarding 10c play thruout the island. Some are already testing dime play. Others are still arguing. Some are trying to get operators together in an effort to start dime play on a city-wide basis.

There are said to be about 100 operators thruout Cuba. It is estimated that there are only about 11 large operators. These are operators who have 30 or more phonographs.

The reason for this is that so many

sales are still direct to locations. It is now believed that eventually direct sales will come to an end, as the phonos now being shipped into Cuba are much more intricate from an electro-mechanical standpoint, and also much too expensive for the average location owner to purchase.

There are many interesting and some humorous sidelights to operating here in Havana and, especially, thruout the Cuban countryside. For example, in about 15% of the locations where phonos are located, it is believed that the phono is worth more than the entire location.

Some location owners are still of the belief that fonografers burn up too much electricity. Electricity being an expensive item in Cuba compared to kilowatt hour costs in the U.S. And, instead, of leaving a phono that is not playing alone, the plug is pulled out, necessitating a quick dash to the phono when someone walks up to again play the machine.

Many of these same locations call operators far in advance of collection time to please come and collect from the phono so that these location owners will have some money with which to pay their most pressing bills.

In some cases such locations have called on music ops to collect two and even three times per week in an effort to raise a few more bucks to be able to remain in business. Their biggest income producer is the automatic phonograph.

One reason why many believe that the phono business will expand tremendously thruout Cuba is because of the fact that the bankers have loosened up on long-term notes. The average bank holds back 50% of the original note and charges 1% per month on the unpaid balance, but, is today willing to grant anywhere from 12 to 24 months for payment, which was never before obtainable.

The Cuban operators are also having their troubles with authors and composers. There are about four different authors' unions here. At one time each of these 'unions' wanted 50c per month from each phonograph playing the music of their composers.

They harried the music operators to the point where one of the ops walked into court and legally won his argument that the authors and composers were already being paid royalties by the record manufacturers.

But, it seems, the composers haven't yet given up. They are attempting to join themselves into one union in an effort to try once again, in this concerted fashion, to force the operators to pay them.

Yet, regardless, the automatic phonograph continues to gain ever greater attention and favor from the Cuban peoples to the point where the business of automatic music is growing thruout Cuba.

Games Business:

HAVANA, CUBA—Of one thing the Cuban island can definitely boast, the most intense, most dramatic, most excitable, and most skillful pinball players ever seen anywhere in the world.

Every new pinball is a challenge to them. But, at the same time, they will quickly acclaim or condemn a game after a few plays.

There are those skillful players who strut into the pinball spots and instantly get complete attention. The game they start to play is immediately surrounded by other players who root for them with moans, and howls and body twists—just as they do at cock fights or ball games.

Any American coinman can spend one of the most fascinating hours of his life just watching these Cuban star pinball players in action. And if he understands Spanish to some extent, he will talk about what he has seen for months and even years to come.

There are no pays on free plays. All games are strictly amusement only. No minors can play. One of the idiosyncrasies of certain players is to never let their favorite game be cleaned. They claim that cleaning the playing board makes the balls roll down faster and, therefore, they have to redevelop their sensitive touch all over again.

Players shoot a ball and after all of its hits and gyrations, when it comes to rest at the bottom of the game, they'll hold it with the flippers and shoot the next ball. Should the second ball also wind up at the bottom, they'll hold it, and go on to the third ball.

Even if there's a drop in the game, they must be given some score. They don't like to see balls remaining on top of the game. They then feel that the game is cheating them by not letting them finish their shooting and, thereby, show off their true skill.

Red painted nickels are used for 'tilts' and 'trouble' plays. This is left to the judgment of the location owner. And how Cubanos love to argue to get some such free plays with any sort of complaint, ridiculous as it may sometimes sound.

Pinball games in Cuba are operated in groups of five or more to each location. If an operator places three games in a location he must still purchase five licenses. The cost of the license is \$2 per week. The same \$2 per game applies each week to spots where more than five games are being operated.

The play is usually five centavos (equal to the American nickel) and many, many an American nickel is used. In fact, some operators claim they take in more Americano Cinq Centavos than they take in Cuban five centavo coins.

American coinage is so closely related to the Cubans that it is never surprising to see a Cuban walk up to the change boys and hand them an American dollar or half-dollar and ask

for change and, in most cases, get a mixture of American and Cuban five cent coins.

The new gun games are now appearing in Havana. These are being operated on dime play. At first Cuban operators were very skeptical as to whether or not the Cuban players would spend dimes. They've changed their minds as far as the guns are concerned.

What's more some of the Cuban operators are also testing 10c pinball play. And success is beginning to make itself apparent so that more and more of the Cuban operators are beginning to plan on certain games to be featured at dime play in their places.

Cuban operators believe that there are about 800 licenses all told thruout the Island. About 700 of these are reported to be in Havana. Havana's population is 1,500,000. Multiplied by five, this would mean about 4,000 games more or less thruout the Island.

Originally the first pinball operators started out paying but 40% commission to the locations. But as the business continued to grow new operators, to obtain locations, boosted this to 50% commission. And tho many spots still remain on the 40% commission basis, the greater number of location owners now receive 50% from the gross intake of their machines.

Business continues good, but, the increased commission basis, the faster changes of games, the cost of the licenses, and many other expense factors have cut very deeply into the net income.

Operators here figure operating expenses at 60% of their gross income. And many claim that this is a conservative figure.

The result is that some of the operators are now asking that the location owners help pay for the licenses off the top.

Some operators are now also limiting players to 15 and 20 free plays, because the skillful players will tie up a pinball for hours on end and usually sell the remaining free plays, after they tire of playing the game, at 2 or more free plays for Cinq Centavos.

In short, then, a player still holding 20 free plays will make a deal in the location with some waiting player and sell him the 20 free plays for 50c or even less, depending on the result of this financial argument.

Regardless of everything, Havana continues to love its pinball games, and Cubano players continue to eagerly look forward to new games challenging their skill.

The fuss made over a greatly skilled player, when he enters his favorite location, and the cries and "ahs" and "ohs" of the other players, many of whom leave their games to watch him in action, causes the average American visiting fascinating Habana for the first time, to think that some great world champion, state official, or even El Presidente Batista, himself, just entered the place.

graph division, of the Rock-Ola Mfg. Corporation, effective January 24.

Les comes to Rock-Ola with a lifetime of experience in the coin-operated phonograph field. He went to work for Mills Industries in 1931 and rose to the position of sales manager, phonograph division. When H. C. Evans & Company bought out this division of Mills Industries in 1948, Les stayed on with them as sales manager, in which capacity he remained until assuming his new duties with Rock-Ola.

Having a very wide acquaintance-ship in all segments of the coin-operated phonograph industry, Les frankly states that, although he was quickly sold on the Rock-Ola sales and merchandising program, it was the endorsement of the dependable Rock-Ola product by his operator-friends that was the deciding factor.

He would like his friends to know that he is enthusiastic in his new position with Rock-Ola and will look forward to contacting them personally in the near future.

**Export Market Grows
Manufacturers and Distributors
Elated Over Growing Demand from
Foreign Markets for More Equipment.
Believe '55 May See Complete Rebirth
of Export Business.**

CHICAGO—Manufacturers as well as distributors are elated with the growing demand for more equipment of all kinds from foreign markets almost everywhere in the world, this side of the iron curtain countries.

As one well known manufacturer said this past week:

"This year of 1955 may see a rebirth of the foreign business we used to enjoy prior to War II."

Of course, he didn't mean anything like the quantity which used to be shipped out of the country, but, what he did believe, was that the foreign markets of the world may, in dollar-wise volume, total as much as was sold previously.

Distributors, too, are jumping into the export business and are finding that: 1) the average importer of machines in any foreign country is well acquainted with American equipment and, 2) that he knows the prices as well as does the American distributor and, 3) that he seeks the kind of late model machines which are becoming ever more difficult to obtain in this country.

Those distributors who continued to cultivate the export markets, especially the Latin American countries, are enjoying boom business, they claim.

They withstood the test of time, they report, when sales were difficult to obtain, "and", as one of these distributors now states, "we are enjoying the results of the reputation which we built up in foreign countries for the kind of quality merchandise we have been shipping and also

the way we understand what these people want and require."

Back in '53 The Cash Box predicted that manufacturers would begin to enjoy the fruits of the foreign markets as used machines of every type and make were being exported by jobbers and distributors during that year from the U.S.A.

This publication pointed out at that time that, eventually, the foreign markets would tire of used machines. The repairs required to keep used machines in operating condition would, instead, cause many to turn to new machines, regardless of the price, so as to be assured more constant operating.

New and sensational guns and shuffles have taken the city by storm — and music machine sales keep at high pitch. The new Wurlitzer model "1800" will make its appearance this weekend, when Young Distributing holds its two day showing Sunday and Monday, January 23 and 24.

Paul Calamari, Bally field engineer, who conducted a Bally Service School at Runyon Distributing's Hartford, Conn. offices January 13 and 14, will demonstrate Bally games to ops in Runyon's New York showrooms on Monday and Tuesday, January 31 and February 1; and at the Newark, N. J. offices on Wednesday and Thursday, February 2 and 3. Irv Kempner and Nat Gutkin, who were on hand for the Hartford sessions report a wonderful attendance. Barney (Shugy) Sugarman and Abe Green, heads of Runyon, play host to Lou Dunis and Johnny Michaels of Dunis Distributing, Seattle, Wash. Dunis left the early part of the week to fly back home. . . . Dropped into new offices of Leslie Distributors, one-stop record service, now located on 10th Ave., one store off 45th St. Bernie Boorstein tells us he's noticed more music ops now dropping in due to closeness to coinrow. . . . Willie Levey, his missus, and daughter in from Miami to complete arrangements for the girl's nuptials. Joyce will marry Larry Finn, a classmate at the University of Miami, at the Waldorf on June 11. Willie heading back for the warm climes on Monday. . . . Another June wedding scheduled is that of Harry Koepfel's daughter, Gilda, who will take the oath with Marvin Forman on June 25. . . . Meyer Parkoff, Atlantic-New York Corp., Seeburg distrib, becoming quite a traveler. Attended the meeting of the N. Y. State Operators Guild at Kingston on Wed., then to Hartford, Conn., on Thurs. This week was at the meeting of the Long Island music ops group. . . . Moe Luber, our old time coinman friend, now operating juke boxes, and doing nicely, thank you. . . . Mike Munves is one coinrow tenant not troubled by the parking problem. He has his own private parking facilities, which he estimates costs him about \$100 per year. . . . Joe Silverman, business manager of the Philadelphia Coin Machine Association, phones to tell us that juke box ops are converting their routes to dime play at about 10 per cent a week. Some resistance, he states, but it's only by the operators themselves. Those who have made collections on dime equipment, he reports, are all enthused over the increases. . . . Bob Jacobs, National Amusement, received a shipment of the Williams' "Safari" gun, and ops cleaned them off his floor before he could count them. Didn't even leave him with a sample. . . . We make this final plea to our juke box operator friends: Please get your machines set for "A DAY OF DIMES FOR 'THE MARCH OF DIMES'" one day this month. It's the greatest public relations program ever conducted in the coin machine business, and will bring the entire industry untold benefits.

At Redd Distributing Co. (Wurlitzer), everybody holding their breath awaiting unveiling of the new Wurlitzer, said to be a sooper dooper. Bob Jones, genial sales mgr., back from meetings of Springfield and Hartford op associations. Reported Connecticut converting throughout to 10c, three for 25c play. Western Mass. ops planning on it now. Boston next? and then Maine! . . . James Tolisano elected prexy of Conn. Music Ops succeeding Abe Fish. . . . Ops seen at Si Redd's this week included Bee Broders, Springfield, Vt.; Oscar Pratt, Joybar Amusement, Manchester, N. H., recently out of the hospital; Malcolm Wallace, Newport, Vt.; and Bill Hamel, Concord, N. H. Ops here all asking about the new Wurlitzer. . . . At World Fair and Associated Amusements, Ed Ravreby off for Maine and Vermont trip. Daughter Ruth Mae, back from Manhattan where she visited Leo Willens, prexy of Capitol, took in Broadway shows, and visited ops along route, getting in some skiing at North Conway, N. H. Richard Mandell, World Fair sales mgr., returns from California Jan. 30. Org. has been having great success in placing Keeney gun in small department stores along with rides. Ops visiting with Ed Ravreby this week included Louis and Irving Taube, Manchester Music, Manchester, N. H.; Dave Baker, Arlington; and George Mitchell, Boston. . . . Business holding up well at Atlas Distributors where Barney and Louis Blatt are receiving great op interest for the new color designed AMI phonographs. . . . Jerry Golumbo, Music and Television Corp. (Rock-Ola) busy with the forthcoming plans. . . . Ops, everywhere in New England, tying up with March of Dimes thru their local chapters. . . . Irwin Margold, Trimount Automatic Sales (Seeburg) states New England music ops plan on 15 to 20 percent replacements with new phonos. . . . Guns really booming. . . . Biz going along at surprisingly good clip for January.

CHICAGO CHATTER

Now that the phono mfrs have joined in and taken 16 booths at the forthcoming MOA Convention (Morrison Hotel, March 28, 29 and 30) there is no doubt that many additional hundreds of music distribs and ops will attend to see the equipment and accessories of all the mfrs displayed in one spot. Mfrs will also have engineers on hand to answer any and all mechanical questions for music operators. George A. Miller confirmed exhibiting contract to Phono Mfrs Assn. (Wed., Jan. 19) before leaving for Oakland, Cal. . . . Looks like nation's music ops will face a double battle this year in the 84th Congress. Report is that two bills to be presented, sponsored by ASCAP. One in House, other in Senate. Rumor has it that ASCAP had man in Washington laying ground work.

Jack Nelson of Bally one of the busiest of all the busy sales managers around town. In addition to his own work, Jack enjoyed visits from Joe Mangone of Miami, Phil Weinberg of Dallas, R. F. Jones of San Francisco and Harold Lieberman of Minneapolis. Jack advised, "Business is getting better and better". . . . Bill DeSelm of United became a grandpa for the first time this past Monday morning at 7:35 A.M. (Jan. 17) when his daughter Chloie gave birth to a little baby girl, immediately named: Cheryl Ann Brown. . . . Tony Koupal of St. Louis, fight enthusiast, popped into town this past Wednesday to see how "Sugar" Ray Robinson would fare with "Tiger" Jones and dragged Bill DeSelm to the fights with him. . . . Rumor has it that Phil Levin still smarting over losses to George A. Miller in "gin". . . . One very tragic result of poor understanding is the fact that Highwood city council passed ordinance barring juke boxes. This sort of things should always be quickly settled by good judgment as well as clear and honest discussion. . . . Never saw a busier man than Bill O'Donnell. On phones all day long. In sales discussions. Then entertaining into the wee hours. No moss grows under Bill's feet, believe you us. . . . Gil Kitt arranging some great special sales for 1955 and Howie Freer reports that savings for their customers will prove grand.

Les Rieck becomes sales manager, phono division, for Rock-Ola (1/24). Les has years of music sales experience with Mills and Evans behind him. He received many congratulations from friends on announcement. . . . Suburban TV mfr producing combo TV and phono set. Will produce TV and leave space for ops to insert own mechanisms if phono music desired. . . . A.T.&T. certainly enjoyed presentation of Gottlieb's first new five-ball of '55, "Twin Bill". Phones buzzed and buzzed between Dave Gottlieb in Miami and Nate Gottlieb in Chicago. And after Dave heard how initial orders were doubled and even tripled by firm's distribs, he just sat back in that nice soft easy chair and let the Florida sun shine on. . . . Art Weinand a very busy guy these days, not only with Exhibit's gun and 'Vacumatic Card Vendor', "But", reports Art, "the great pickup of kiddie ride business we are enjoying". . . . No longer news, the statements being made by so many here: "Business is great".

Some idea why it was practically impossible to get a phone call thru to Ed Levin at ChiCoin one day last week. Ed advised the following long distance calls came into his office that one day to tie him up, Al Simon of New York, Arthur H. Hughes of Dallas; Lou Rubin of Minneapolis, Phil Moss of Des Moines, Dave Franco of Montgomery, Max Hurvich of Birmingham, Ted Bush of Miami, J. D. Lazar of Pittsburgh. . . . Both Sam Stern and Harry Williams devoting much of their time to getting their Engineering Building (which is right next door to their factory) completed so that the engineers won't have to work in cramped quarters. This past week Williams hired six more engineers, filling out the experimental staff for the firm. "And", said Sam Stern, "just wait'll you see what's coming from Williams". . . . Orchids to Martha Raye and Caesar Romero for their grand pinball pantomime act during the Martha Raye TV Show (Tuesday, Jan. 18). When Martha asked, "How many shots do I get for my dime?", Caesar answered, "Five, of course". . . . "Busy" is the correct word for the trio over at Genco—Sam Lewis, Avron Gensburg and Ralph Sheffield. Almost impossible to get any of these boys alone for even a minute. Production continues at top speed at the Genco plant.

Paul Huebsch advises that those postcards they're enclosing with every machine they ship from Keeney plant are bringing in some very grand and constructive ideas. Paul also reports that Bill Bolles has been hounding the factory for Keeney Coffee Vendors, especially for the New England territory, where he's traveling right now. . . . Vince Shay advises All-State preparing new sales program which should prove very effective. . . . Those music ops who haven't as yet joined into "A Day Of Dimes For The 'March Of Dimes'" should do so immediately. For example, in Shepherdstown, W. Va., the town council has just okayed a proposal to use parking meters during the month of January for contributions to the "March Of Dimes". . . . Members of the "20 Year Club" sending in their votes for a two-day meet seem to be swaying westward.

Letter to Tennessee Restaurant Assn., which is being reproduced by this publication, can prove valuable to other music men 'round the nation. . . . Wally Finke and Joe Kline are busier than ever—just trying to get themselves settled down—from the biggest Holiday Season's business First ever enjoyed. . . . The records on that 200 selection Seeburg in Jack Fagman's well known Hotel Sherman haberdashery were changed this past week. And Jack's employees claim, "Music's just wonderful". . . . Ed Ratajack and George A. Miller having dinner while discussing music biz generally. Ed one of the best liked district men in the business. . . . Eddie Ginsburg never sits still for even

We here at Dan the Music Man's are really happy with our Rock-Olas, as they are the most trouble-free phonographs we operate. They are especially accessible for record changing and collecting and are therefore more profitable to the Boss.

a moment. Up and out of his office into the sales rooms. Into the repair department. Into the shops. Everywhere—but in his office chair. Could this be the reason why this firm always so much on its toes—and business so good? To which Harold Schwartz and Nate Feinstein and some of the other guys at Atlas Music chorus: "You bet". . . . Hear that Permo has sold its phono mechanism to some eastern organization. . . . No sale yet of Evans Constellation phono from all reports to date.

Happy Birthday This Week To: Wm. J. Alberg, Brooklyn, N. Y.; Ben L. Kulick of Buffalo, N. Y.; Joseph J. Naclerio of Waterbury, Conn.; Arthur Flake of Dallas, Tex.; Francis G. Harris of Virginia Beach, Va.; Bernard W. Jacobs of Louisville, Ky. and Phil Swartz of Brookline, Mass.

Best thing operators of all types of equipment can do, and do now, is to get into public relations work. Individual efforts by advertising in local press, by charitable donations, by loan of trucks, cars, etc., to help community campaigns. By a dozen different ideas that are peculiar to each local area will not only help each individual operator, but will help all operators in that specific area and, especially, help the entire industry—when such help is needed—as will be needed when Bills to be presented in Congress vs Nation's Music Operators are fought. . . . After tho't: If some of us practised all we preached we'd work our fool selves to death.

THIS WEEK'S USED MACHINE QUOTATIONS

16th Year of Publication
799th Consecutive Week's Issue.

How To Use "THE CASH BOX PRICE LISTS"

[Also known as the "C. M. I. (Coin Machine Industry) BLUE BOOK" and "The Confidential Price Lists"]

FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest price quoted.

FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games—and \$25 to \$30 on Phonographs.

REGARDING SELLING PRICES

IMPORTANT!

Reports received indicate that, in some cases, purchasers become upset due to the fact that they cannot, many times, buy equipment listed in the lower price brackets. Sometimes sellers of machines listed at from \$10.00 to \$25.00 ask from \$50.00 up to \$75.00 and even more for these very same machines. Purchasers of such equipment must realize that machines in the very low priced categories are buying equipment which is much worn to be priced at these low figures. To completely recondition such machines, the reconditioner must add onto his price the cost of transportation to obtain these machines, the labor, parts and supplies needed to recondition the machines, plus the cost of cartons, crates and labor for packing and shipping of the machines, in addition to a decent profit which will, in most cases, raise the price of a \$10.00 to \$20.00 machine to anywhere from \$50.00 to \$75.00 and up. In the case of arcade and kiddie ride machines these may even be higher due to the fact that many of the parts have to be made by hand or contracted for at some machinist shop, since manufacturers of many of the old arcade machines and kiddie rides are no longer in business, and it is impossible to obtain parts for reconditioning. Purchasers of such equipment should take these facts into consideration and, at the same time, should also realize that many buyers today have their own repair and reconditioning departments as well as experienced mechanics. These buyers will purchase machines "as is" at prices quoted by the trade at large and recondition the machines themselves to meet their own operating standards.

THE WURLITZER 1800

Ultimate Achievement in Coin-Operated Phonographs

Here is front page news for every phonograph operator and location owner the world over. It's the distinguished, new, 104-selection, all 45 RPM Wurlitzer Model 1800. Alive with eye appeal from its gracefully formed glass dome trimmed with bright chromed metal to its sculptured ebonized base — this tuneful beauty literally sparkles with what it takes to turn music into money. Cabinets are available in a gorgeous array of fresh, new, sky colors for 1955 — Dawn Mist, Horizon Blue, Sunset Red and Midnight Black.

The Carousel Record Changer is completely visible through a full width clear view window, slanted to eliminate reflections and attractively framed with chrome plated steel

molding. The changer compartment itself is a gorgeous blaze of color and light. Background is quilted red plastic with a sunburst of stainless steel moldings. The changer cover is in matching red. The Carousel arch and tone arm are in Pearlescent bone white. The chassis shelf of simulated white leather with tooled gold trim features the Wurlitzer crest emblazoned in full color.

Selector panel is flanked by decorative and protective die-cast chromed corners — each engraved with the Wurlitzer "W".

The rigidized curved metal grille with sparkling twin pilasters of air-foil design completes a cabinet ensemble so different, so newsworthy, that it will be the talk of the industry for years to come.

MODEL 1800

*Welcome Wurlitzer News
is a Smartly Styled
Selector Panel Featuring
Simple, Error-Proof
Tune Picking*

Wurlitzer's new, chrome finished Program Selector is smartly styled for easy vision and quick, error-proof selection. It consists of eight panels in four luminously transparent sections, easily removed for quick title strip changing. Each panel offers 26 tunes on 13 *double* title strips. This permits eight tune classifications to please every musical taste. Entire selector panel lifts out, providing fast access to all four program holders. Make-Selection letter and numeral buttons are located in a chrome plated panel at the base of the program selector.

Left side of panel contains large, concave reset program button, so indicated by a panel above it. Attractive white buttons edge-lighted for easy identification.

Illuminated "how to select" panel is located above four easily read letter buttons.

Right side of panel features plainly indicated, large, concave metal coin reject button and coin insert. Lighted panel indicates coin denominations for play.

MORE THAN EVER BEFORE THE WURLITZER 1800 TAKES THE MASK OFF THE MUSIC WITH ITS IMPROVED DYNATONE SOUND SYSTEM

MORE SPEAKER CONE AREA
THAN ANY OTHER JUKE BOX

The Wurlitzer Model 1800 brings you true fidelity sound — the finest High Fidelity music ever offered on any coin-operated phonograph. Although it has three 12-inch bass woofers and a treble tweeter to hit those high notes, the Model 1800 proves that true Hi-Fi is more than the *number* of speakers. It is the perfect balance between pickup, amplifier, baffle and speaker capacity. The 1800 *has* this balance plus more speaker cone area than any other juke box.

Moreover, the music emanating from two of the 12-inch speakers is purposely diffused by their placement behind the pilasters. For the first time, the sound is distributed over a full 180° arc rather than limited to a series of speaker beams.

More than ever, the improved Wurlitzer Dynatone Sound System takes the mask off the music — takes the music-loving public by storm.

THE TRUEST HIGH FIDELITY
EVER ACHIEVED ON ANY
AUTOMATIC PHONOGRAPH

DYNATONE AMPLIFIER FEATURES
GREATER OUTPUT TRANSFORMER

Wurlitzer's great Dynatone Amplifier now not only incorporates the highest fidelity output and built-in volume level control, but a new transformer with higher than ever output — more power for auxiliary speakers.

SINGLE LOW
INERTIA TONE ARM
WITH ZENITH
COBRA STYLUS

Long a Wurlitzer exclusive in the juke box field! Contributes immensely to minimum surface noise and maximum tonal brilliance. Gives you at least 1,000 more plays per record without impaired fidelity, plus many thousand more plays per stylus.

**SIMPLEST CHANGER EVER
OFFERED ON A MULTI-
SELECTION PHONOGRAPH**

Each record has its own Playmeter registering up to 60 plays.

Semi-circular arch casting houses turntable motor, serves as a mount for tone arm and actuating mechanism. Turntable is flywheel balanced to assure accurate revolutions per minute.

Carousel record carrier always revolves clockwise. Each of 52 sections holds a record and has its own Playmeter. Entire carrier mounts on the largest star wheel ever used on a juke box assuring accurate selection. The record carrier has a release lever that enables the Carousel to free wheel for loading or record changing.

The record lift mechanism is located directly below the record carrier. Consisting of a single cam and two clutches, which operate the record lift arms and the tone arm position, this mechanism is actuated by a single reverse rotation direct current motor.

Suspended horizontally below the record lift mechanism is the selector drum and junction box. This selector unit completes the simplest mechanism ever offered on a multi-selection phonograph.

**THE MODEL 1800 FEATURES
the FAMOUS and PROVEN**

Wurlitzer

CAROUSEL RECORD CHANGER

This fine Wurlitzer Phonograph features the interesting, play-promoting Carousel Record Changer. Utilizing one tone arm, one Cobra Stylus and one turntable direction, it plays vertically both sides of 52 seven-inch records.

It's a super-simple changer, easily removed and able to stand unsupported on its base for service. Its colorful appearance and amazing action proved the greatest play stimulators ever introduced on an automatic phonograph. Proved on thousands of high-earning Wurlitzers last year, you can depend on the Carousel Record Changer for trouble-free operation, more play appeal — which means increased take.

GREAT WURLITZER NEWS in Service Accessibility

The Wurlitzer 1800 hits an all-time high in operator service accessibility. Record Changer clear view window lifts up on single, continuous flush hinge and is secured by automatically latched fall support. Cabinet is accessible through two removable rear panels. Cabinet also accessible through removable front section of title strip holder. Entire top casting lifts out by removing four screws and loosening two flexible cables. Junction box and selector drum assembly can be removed by loosening four screws. Remove one "C" washer and entire record carrier lifts out for service. Wurlitzer's famed "Quick-As-A-Flash" replacement units save time — and time is money.

Coin equipment combines slug rejector with coin register. Customer inserts coin of any denomination and makes selection *after* coin is inserted. Eliminates refund requests.

Cash box door, located on right side of phonograph, opens into metal lined compartment holding fabric coin bag. Compartment is tamper-proof from inside of phonograph. Door has its own lock and key. Collector removes full coin bag and replaces it with an empty one.
