SUCCESSFUL CONVENTION

The First Annual Disk Jockey Convention has turned out to be a surprising success. Attendance was far beyond all expectations and the obvious careful planning was apparent to all. Everything possible was done to see that the proceedings went along on schedule and they were carried out with a serious and sincere approach. For these results, the nation's disk jockeys and the recording industry owe their thanks to Bill Stewart, who was in charge of the entire project and who carried it off in the best possible way.

Although most of the record officials present were not prepared for the great success that the convention turned out to be, they nevertheless were able to adjust their programs to include the large numbers of disk jockeys who showed up. What's more, everyone can be certain that next year, when the number of disk jockeys in attendance will be even greater, there will be a multitude of plans and gimmicks by every record company to attract the disk jockeys' attention. In fact we can be certain that this meeting will henceforth be one of the most important in the entire music business.

If future conventions are carried out in the same manner as the first

one was, it is obvious that a great amount of good can result for everyone. At this first meeting, the big question turned out to be Top 40 programming. Most jockeys opposed it as well as most record company officials. And while the results of this united feeling may not be felt for some time, it must at least now be uppermost in the minds of station managers who have gone along with it in increasing numbers.

In future years, as the convention becomes more and more organized to deal with other problems, we are going to witness the formation of a truly professional approach to disk jockeying in place of a hit or miss one. Disk jockey problems are going to be able to be aired from a trade point of view rather than a personal point of view. The impact is going to be much stronger.

Jockeys now have an opportunity to develop their future conventions along strong, effective lines. The first meeting led the way to such an approach. We hope disk jockeys all over the nation will now support this convention and direct it into every constructive area that will be of benefit both to themselves and to the recording industry.

"Only those records best suited for commercial use are reviewed by THE CASH BOX"

FRANKIE LAINE
(Columbia 41139)

B+ "MY GAL AND A PRAYER" (2:33) [E. H. Morris ASCAP—Kent, Farrar] Frankie Laine goes rock and roll on his latest release as he and a chorus emotionally belt across a dramatic rock-a-ballad. Pretty story, arrangement and delivery. Should be a good money-maker.

B+ "THE LONESOME ROAD" (2:14) [Paramount ASCAP—Austin, Shilkret] Laine revives an oft recorded oldie with an exciting new rhythm reading that should win him many spins. Good finger-snappin' job jockeys will be playing. Wild arrangement that makes you move. The deck gets stronger as it progresses.

MARY KAYE TRIO
(Decca 30596)

B "ANOTHER TIME, ANOTHER PLACE" (2:58) [Famous ASCAP—Livingston, Evans] The Mary Kaye Trio cruises warmly thru a pretty title tune of an up-coming Paramount flicker. Class romancer. Mary handles the vocal.

C+ "WITH LOVE THAT'S TRUE" (2:34) [Gilbert ASCAP—Gilbert, Rasch] A pretty rhythm romancer is smartly fashioned on this end by the trio.

TIMMIE ROGERS
(Cameo 131)

B+ "TAKE ME TO YOUR LEADER" (2:08) [Lowe ASCAP—Mann, Lowe] The song's title, which has become a famous expression, is set to a rock and roll beat by Timmie Rogers, a lad who made a strong showing with his "Back To School Again" hit. Cute novelty rocker about a space-man who arrives on earth and discovers hop, a record hop, etc. Cute novelty to watch.

B "FLA-GA-LA-PA" (2:37) [Berlin ASCAP—Roberts, Fisher, Alfred] The lyrics of this shuffling rhythm item should get a chuckle from the teeners. Humorous item about a girl whose name is made up of the abbreviations of various states in the U.S.

CAROL JARVIS
(Dot 15713)

B+ "WAYFARERS' CHAPEL" (2:09) [Falstaff BMI—Chorney, Habash] Carol Jarvis, one of Dot's most promising femme talents, does a beautiful job with this stirring, emotional ballad that reminds the listener of "The Bells Of St. Mary". Strong sleeper that could develop into a smash.

B "DEE JAY WITH A BROKEN HEART" (2:59) [Falstaff BMI—Shrager, Chorney, Shrager] An R & R waltz number about a broken hearted gal listening to her dee jay is emotionally rendered by the lark on this end. Jockeys will probably give this side numerous spins.

THE SAINTS
(Prescott 1570)

B+ "DOIN' THE STROLL" (2:48) [Jeff BMI—Duncan] One of the prettiest Stroll beat disks to hit the market to date is this smooth number by the Saints. Side has a clean sound and a pretty melody set to a good beat. Boys have an excellent blend that the kids'll be wild about.

C+ "SNAP DRAGON" (2:20) [Jeff BMI—Duncan] A comedy intro leads into a good up-beat jumper. Driving rocker.

The Cash Box Disk of the Week

"BELIEVE WHAT YOU SAY" (2:02) [Reeve BMI—Burnette, Burnette]

"MY BUCKET'S GOT A HOLE IN IT" (2:00)
[Pickwick ASCAP—Williams]

RICKY NELSON (Imperial 5503)

RICKY NELSON

● Ricky Nelson, one of the nation's hottest record personalities with a chain of tremendous hits to his credit ("Teenager's Romance", "Be-Bop Baby" and "Stood

Up") should add another with his latest release "Believe What You Say". The deck opens with an exciting instrumental backdrop and follows thru with a socko teen reading by Nelson that should have the younger set running to the record shops. Powerful rockin' merchandise we'll be hearing often in coming months. The companion piece "My Bucket's Got A Hole In It" is a traditional opus also belted with gusto by the popular songster. Nelson always does well with both sides of each release. This record should follow suit. But it's the top half for the big money.

"MISS THING" (1:57) [Angel BMI—Jones, Jones]

"HEADIN' FOR THE POORHOUSE" (2:25)
[Ulyses & Bagby-Wildcat BMI—Silhouettes]

SILHOUETTES (Ember 1032)

SILHOUETTES

● The Silhouettes, the lads who set their job-getting problems to music and clicked to the tune of a million seller, now do the same

with their girl-getting problems and come up with another sensational side dubbed "Miss Thing". The deck features the dyip-dyip opening plus a good beat—and once again the lyrics are almost impossible to understand. But who cares! The record buyers certainly don't. The sound is there and that's all the kids want. Strong follow-up that'll earn a heap of loot and make a big showing on the charts. Flip is another song about financial difficulties tagged "Headin' For The Poorhouse". More finger-snappin' merchandise that'll have the younger set hoppin'.

"DOUBLE DATE" (2:26) [Vivid ASCAP—Kessel]

"KINDA CUTE" (2:30)

[Wedgewood ASCAP—Botkin, Murtagh, Garfield]

RONNIE BURNS (Verve 10125)

● The Verve label, which started Ricky Nelson, the son of TV's popular Ozzie and Harriet Nelson on the road to record fame, do the same with Ronnie Burns, the son of another famous television team, George Burns and Gracie Allen. And from the sound of Ronnie's first release this lad is headed for the big-time in the record world. The youngster, who has become a teenage favorite as a result of his many TV appearances on the "Burns & Allen" show, offers two clean-cut romantic shufflers with a pleasant "Young Love" flavor. They're warm, inviting teenage ballads which display the vocalist's wistful, easy-going, George Hamilton type voice. "Double Date" is the more commercial side of the two, but both ends should get heavy play. Keep a tab on the name Ronnie Burns. It'll be big.

SERENADERS
(MGM 12623)

B+ "NEVER LET ME GO" (2:19) [Lion BMI—Scott] A Johnny Ace click of a few years ago is excellently fashioned by a new group called the Serenaders. Lead has an excellent voice and gets strong support from his group thruout this fish-beat ballad. Strong side that could make big noise.

B "I WROTE A LETTER" (2:21) [Russ-Dale BMI—Kerr, Harris] The boys pick up the tempo and swing thru a rhythmic finger-snapper that has the whole group working. Good full sound.

KELLY OWENS & HIS COMBO
(Arrow 725)

B+ "TWEETY" (2:51) [Graphic BMI—Mendelssohn] Arrow could have its first big money-maker in this swinging rock and roll instrumental item by Kelly Owens' combo. Side has a strong "Swinging Shepherd" sound with Big Bill Ramal's flute in the spotlight. Good R & R fare to watch. It could break open.

C+ "WING DING" (2:25) [Graphic BMI—Owens] Owens and his boys drive thru a good hip swinging rocker on this end. Cute vocal gimmick at mid-point should win chuckles. Voices wail in the distance thruout the deck.

JONI JAMES
(MGM 12627)

B+ "NOTHING WILL EVER CHANGE" (2:11) [Roosevelt BMI—Burkes, Blackwell] David Terry supplies a subtle R & R backdrop for Joni's delivery of a pretty romantic ballad. Good song handled in sincere, tender fashion by the talented lark.

B+ "DOES IT SHOW" (2:32) [Ross Jungnickel ASCAP—Seilbert, Freed] The songstress hands in another wistful romancer on this end. Well written song of romance that grows prettier with each listen. Concentrated play could make both ends money-makers.

THE FIVE FLEETS
(Felsted 8513)

B+ "OH WHAT A FEELING" (1:57) [Lowery BMI—Alex, Jackson] The Felsted label, making its mark as a disk firm to be reckoned with—via the Kathy Linden "Billy" waxing, could have another solid money-maker in this latin-beat rocker by the Five Fleets. Side has a terrific R & R sound the kids should love. Watch this sleeper. A fair share of spins could start it rolling.

B "I BEEN CRYIN'" (1:56) [Lowery BMI—Alex, Jackson] The boys have a strong Rhythm & Blues sound on this end as they wail an emotion-packed romantic rock-a-ballad. Lead voice is thrilling. Strong coupling.

THE STYLEMASTERS
(Capitol 3936)

B "DID YOU EVER SEE A DREAM WALKING" (2:17) [DeSylva, Brown & Henderson ASCAP—Gordon, Revel] The Stylemasters, a polished group of newcomers with a pretty vocal blend, shuffle thru a smooth new rhythm version of a great oldie. Group has a clean pop sound.

B "THE CHAPEL" (2:24) [Central Songs BMI—Carroll, Keese] With girls' voices in the backdrop, the group offers another pretty shuffle ballad sporting a good dance tempo. Two attractive sides sure to get heavy air play.

LES PAUL & MARY FORD
(Capitol 3934)

B+ "SMALL ISLAND" (2:17) [E. H. Morris ASCAP—Leigh, Coleman] The veteran hubby-wife team drift thru a warm, soothing romantic ballad flavored with a tropical islands seasoning. Pretty song with a wistful feeling. Grows prettier with each listen.

B "MORE AND MORE EACH DAY" (2:01) [Iris-Trojan BMI—Shayne, Paris] Mary gets some interesting guitar and vocal accompaniment on this end as she shuffles thru a blues item with a good beat. Side has a rock and roll dance tempo.

VAUGHN MONROE
(RCA Victor 7193)

B+ "THERE'S NO PIANO IN THIS HOUSE" (2:46) [World ASCAP—Colby, Jonas] Vaughn Monroe gets on the spook kick with a humorous "Green Door" type novelty about a house where one hears piano music—but there's no piano. Inviting novelty that should get heavy air play. It's got a good rockin' rhythm too.

B "SOMEBODY ELSE IS TAKING MY PLACE" (2:32) [Shapiro, Bernstein ASCAP—Howard, Ellsworth, Morgan] A shuffle rhythm accompanies the deep voiced vocalist as he fashions an up to date rhythm version of a great oldie. Smooth dance item that could make noise.

ARTIE SINGER
(Checker 888)

B "POINT OF NO RETURN" (2:15) [Singular BMI—Singer] A chorus showcases Artie Singer as he drifts thru a warm, romantic ballad. Lovely tune out of the "Class material" category. Jockeys will want to spin this delightful romancer frequently.

B "CAFE CONCERTINA" (2:11) [Singular BMI—Singer] An accordion sets the Continental mood for this charming instrumental waltzer. Lovely mood material with the chorus humming. Warm deck. Two pretty romantic sides excellent for changing the pace in this R & R dominated market.

BOBBY CARLE & BLENDAIRES
(Decca 30605)

B+ "WALK WITH ME" (2:45) [Roger ASCAP—Hyman] New-comer Bobby Carle and the Blendaires blend attractively as they fashion a commercial rock and roll ballad with a defined beat. Side has an interesting sound that should meet with teenage approval.

B "ANYTIME, ANYPLACE, ANYWHERE" (2:15) [Skidmore, Glazer, Carroll] Another rock-a-ballad chanted with gusto by the lead voice and his group. Side also has a good dance tempo.

TOMMY PALM & ROCKERS
(Bop 101)

B "BLACK KNEE SOCKS" (2:05) [Palm BMI—Palm] Tommy Palm is the composer, publisher, arranger, etc., of this hard hitting rocker about a current craze in the clothing femme teens wear. Deck's got a good sound and lyrics that hit home. Watch this long shot.

B "STROLL WITH ME" (2:20) [Palm BMI—Palm] The Rockers supply a good backdrop for the songster's slow, stroll-beat delivery of another socko dance item. Palm has a teenage feel for the music. Potent two-sider for an initial release.

Sleeper of the Week

"STEPPIN' OUT TONIGHT"
(2:14)

[Lowell BMI—Smalls, Williams]

"THERE I'VE SAID IT AGAIN"
(2:25)

[Valiant BMI—Evans, Mann]

BILLY WILLIAMS (Coral 61961)

BILLY WILLIAMS

● The talented Billy Williams is back on the disk scene with an important new coupling that should be his biggest money-maker since his smash "I'm Gonna Sit Right

Down". The disk features something old and something new designed to please the teenage buyer. The new side bears the title "Steppin' Out Tonight" and is a potent rock and roll swinger with a terrific dance beat. The opening doo-doo gimmicks and the quang-quang lyrics could be as sensational with the teeners as the Oh Yeah phrase was a year ago. Side's got what the kids want. Companion piece is Williams' commercial R & R beat reading of the favorite "There I've Said It Again". The song loses none of its emotional feeling in the rock and roll transition, but comes off as an exciting number. Two-sided threat.

"BONNIE ELOISE" (2:56) [Ludlow BMI—Harris]

"GINNY, MY JOY" (2:57) [Valiant BMI—Long, Barron]

MITCH MILLER ORCH. & CHORUS (Columbia 41128)

MITCH MILLER

● Versatile maestro Mitch Miller, completing a long and successful run with his "River Kwai March-Colonel Bogey" hit, features a

large mixed chorus on his latest release and comes up with a charming item in "Bonnie Eloise" that could develop into another long running hit. "Bonnie Eloise" has almost a folk flavor which the chorus feelingfully renders. The warm ballad also lends itself perfectly for St. Patrick's Day programming and should go on to hit-dom following the intensive holiday play it is sure to get. Flip, "Ginny, My Joy" is another tender romancer also fashioned with a folk feeling by the large chorus. Wonderful coupling jockeys should greatly enjoy. Top-side is a refreshing change-of-pace for today's R & R conscious market.

"SNAG IT" (1:55) [Melrose ASCAP—Oliver]

"SASSY GAL" (1:55) [Jendor BMI—Darensbourg, Nichols]

JOE DARENSBOURG & DIXIE FLYERS (Lark 455)

JOE DARENSBOURG

● Joe Darensbourg, who accomplished the near impossible when he sent a Dixieland single onto

the best seller charts, ("Yellow Dog Blues") follows-up with another side in the same musical category and should have another winner with "Snag It". The disk has an exciting sound all its own that sets it apart from the usual Dixieland items we hear from time to time. You can almost feel a rock and roll undertone on this side. Potent King Oliver oldie that'll appeal to all age groups. Flip, "Sassy Gal" is the more typical up-beat Dixieland merchandise. Watch the top half. That staccato beat Darensbourg sound is a winner.

"REMEMBER" (2:25) [Malver BMI—Robert Spencer]

THE VELOURS (Onyx 520)

● "Remember" already making it in the New York area. MGM has taken it over for its initial release on its new subsid "Orbit". Looks like a hit for the new Orbit label. (See R & B reviews.)

BOB RILEY
(MGM 12612)

B+ "WANDA JEAN" (2:20) [Rush BMI—Ippolito, Gold] MGM has picked up a strong "name tune" master that could develop into a big money-maker. It's a pretty fish-beat romancer with an excellent vocal by Bob Riley. Right up the teeners' alley. Watch this sleeper.

B "THE MIDNIGHT LINE" (2:05) [Rush BMI—Gold, Riley] This end is a fast moving skiffle-disk reminiscent of Lonnie Donegan's technique. Exciting novelty with loads of color. Two strong decks back-to-back.

THE HORNETS
(Rev 3515)

B+ "STROLLIN'" (2:21) [Desert Palms-Trinity BMI—Davie, Moore] The Hornets come up with a potent stroll-beat disk that should have the teeners dancin'. Exciting sound and arrangement that should result in heavy sales.

B "SLOW DANCE" (1:54) [Desert Palms-Trinity BMI—Davie, Moore] Another slow, drag, rock and roll is attractively handled on this end. The crew has a smooth vocal blend the kids should enjoy. Good coupling.

JOE PENNY
(Federal 12322)

B "BIP A LITTLE, BOP A LOT" (1:57) [Armo BMI—Penny] Joe Penny tears thru a torrid rocker with a catchy lyric tailor-made for today's teenage taste. Terrific beat that drives from the opening groove right thru to the end. Hot side.

C+ "MERCY, MERCY, PERCY" (2:25) [Armo BMI—Penny] This deck has a terrific driving tempo too. Good rock-a-ballad that hits hard. Penny does an exciting job on the vocal.

DANNY WINCHELL
(Golden Crest 1302)

B+ "DON'T MAKE SMALL TALK BABY" (1:54) [Coliseum BMI—Ballard, Tye] The tunesmiths have composed an attractive novelty for Danny Winchell, which the versatile songster handles in a light, attractive fashion. Happy jump ditty that could step out. Watch this novelty. It's got a good tom-tom effect that could catch fans.

C+ "SUGAR BABY" (2:03) [Porgie BMI—Shanky, Goldman, Winchell] The vocalist had a hand in writing this up-beat rock and roll ditty that should please the kids. Happy item with a fine dance tempo.

CARL "ACE" CARTER
(Dot 15725)

B "MEXICAN ROCK" (2:20) [Emperor-Stella Lane BMI—Cole] With "Corrido Rock" hitting for Dot, the diskery issues another R & R item with a Mexican flavor. Inviting change of pace material that could make noise. It's certainly different.

B "BLUES STAY AWAY FROM ME" (2:40) [Lois BMI—Delmore, Raney, Glover, Delmore] A vocal group accompanies the Carter instrumental combo thru a rhythmic rocker with a solid dance tempo. Fine coupling.

B "SKINNY MINNIE" (2:18) [Aladdin BMI—Allen] Another self-composed rocker is this descriptive hip swinger about a gal shaped like a rollin' pin. Deck should appeal to both the pop and R & B market.

● Tom and Jerry, the two young rock-a-billy performers who established themselves in the recording field with a solid territorial money-maker "Hey School Girl (In The Second Row)", are back on the scene again with a powerful coupling that could give them their first national hit. "Our Song" is a good rocker with an excellent storyline about a broken love affair that keeps coming to mind because of the repeated playing of 'our song'. The lyrics will hit home. And the beat is just what the kids want. Also strong is the companion piece "Two Teen-agers"—a rhythmic latin-beat rock 'n roller smoothly fashioned by the duo.

Round The Wax Circle

NEW YORK:

Talk of the town is the success of the disk jockey convention held in Kansas City last week. Looks like this may develop into the big music meet of the year. . . . A 13 year old English boy, Laurie London, has a smash hit on Capitol with the spiritual, "He's Got The Whole World In His Hands."

. . . Pete Wambach of Harrisburg, Pa. became the father of twins last Friday, March 7. This makes it the 12th and 13th child in the family. . . . Jack Mills back from a month's business and pleasure trip thru Mexico and Havana. Brought back manuscripts from possible pop tune extraction. . . . Jimmy Carroll set for an April 10th Town Hall date as arranger and conductor for international comedienne Anna Russell. . . . Ziggy Lane into the Casa Seville on March 21 for 2 weeks, followed by 2 weeks at the Golden Slipper starting April 8. . . . Jerry Simon has become the father of a baby girl named Julie. . . . Augie De Palma, formerly of Cosnat, has announced the establishment of Variety Record Distributors, an organization devoted exclusively to the distribution of LP and Pop records. . . . Jose Melis' new Seeco album is a smash in Pittsburgh even though the Jack Paar Show doesn't reach that city. . . . Guy Lombardo is celebrating his 20th anniversary as a citizen of the United States this month. He was born in London, Ontario, Canada. . . . Ginny Simms has returned to New York with a completely new supper club act at the St. Regis Hotel.

CHICAGO:

Jerry Allan former MGM and Stepheny Record major promo here, tells us of a new record company being formed, "Heartbeat Records"—music with a "heart and a beat." Associated with Jerry in the new label is well-known retailer Seymour Schwartz. Their first session and future release is a beautiful cut of "Peg O' My Heart" b/w "Tea For Two." More on their debut later. . . . Seen at the Pump Room, Larry Newton, Irvin Garr and Sam Clark of ABC-Par, Lenny and Sylvia Garmisa, Garmisa Distribs and Cissie and Bill Gersh. Lenny is riding high with the smash "Tequila". . . . Lillian Brooks the "Peyton Place" vocalovely guested with Jim Conway on "In Town Tonight" via WBBM-TV. . . . Tony Galgano, Record Distribs, doing flips over the new "Jo Anne Miller" Audio-Fidelity album. Tony says he thinks it's the greatest vocal-band combination since the '30's. . . . And over at King Distribs, Herb Kole, Bill Boland, Ralph Bass and Arnie Orleans say the hottest pop disk is "Talk To Me, Talk To Me" by Little Willie John. . . . DeeJay Jack Karey taking time out from a busy schedule to speak before a wonderful Jaycee group. This is Jack's second stint before the "younger set." . . . Stan Pat says "Let's Be Lovers" by the Playmates on Roulette looks like it will be bigger than "Jo-Ann". Also, "Soft Winds" by Foy Willing, a beautiful ballad is taking off nicely. . . . Nice to see Lee Rothman at the deejay convention. We sincerely congratulate Lee on being upped to program director at WRIT, Milwaukee. . . . Sammy Davis, Jr., currently wowing the Chez Paree patrons, filled in for deejay Stan Dale, WAIT, in the show window of Jack Howard's Music City. Sammy "interviewed" popular deejay Marty Faye. . . . Jerry Ferber reports from United Distribs that "All of Me" by Danny Boy on the new kent label is creating a lot of new sounds along with "Hey Little Mama" by the Barker Bros. Jerry adds the two will be a winning combination for the debut of Kent. . . . Genial Linn Burton returns to the airlines to man the Night Watch Show via WCFL. . . . Songthrush Lola Dee, formerly with Mercury and Bally labels, is infanticipating. We all wish you the best, Lola. . . . Ralph Cox, Coral's Midwest promo man reports that "Maybe Baby" by the Crickets is taking off great. Ditto the new Don Cornell disk "Bells on my Heart" and Barbara McNair's "He's Got the Whole World in His Hands". . . . The Phillip Morris Show took over the Civic Opera House with such stars as Carl Smith, Jerry Lee Lewis and Red Sovine plus other country stars.

JERRY LEE LEWIS

HOLLYWOOD:

Challenge Records has acquired the master of "Seal Rock" from Fabor Robison. Disk features vocalist Don Durant and is creating excitement on the West Coast. . . . Tommy Leonetti should have that big record in his new waxing of "In My Life" getting top airplay in Los Angeles. . . . Robin Records has signed a new combo, Joe Bruce and His Steppers currently appearing at the Hotel Fremont in Las Vegas. First release by the new group, "O.K! I'm On My Way" and "Quick Like A Bunny" will be out this week. . . . Lee Willis has joined the West Coast office of Roulette Records in a promotional capacity. . . . The new Del-Fi label has signed Los Angeles teen-age vocalist Barry Martin with first sides set for an early release. . . . Carl Ravazza in town and making the rounds of the disk jockeys with Bob Stern promoting his Jubilee album, "Hold Hands". . . . The new West Coast label, Kent Records bowed this week with three releases. Getting the best reception in the southland is "Hey Little Mama" by a local group called The Barker Brothers. . . . Record Merchandising passing out lollipops for dealers to give away plugging The Chordettes' Cadence recording of "Lollipop". Peter Potter hosted a cocktail party for Jaye P. Morgan at the Brown Derby. . . . Ann Hathaway currently starring in the new show at the Slate Brothers club in Los Angeles. . . . Billy Vaughn's new Dot single of "Trying" is an instrumental version of the tune that was the first big hit for The Hilltoppers back in 1952 when Billy was a member of the vocal quartet. . . . Jerry Madison, a regular on the Dinah Shore Show, touring the San Francisco area with his first record of "Afraid To Love You" on the RRE label.

ALL ABOUT DISK JOCKEYS

Bob Fowler (WBLA-Elizabethtown, N.C.) program director, sends a short note to say that Sandy Scott's latest waxing, "Til Death Do Us Part", is getting very strong in the pop field. Fowler says it's his most requested disk . . . Keith Sandy (CKEY-Toronto, Can.) is one of the many local jockeys that received doves during a promotion gimmik cooked up by Quality records. The label gave the doves while promoting the Couplings new disk "Young Doves Calling". . . . Buddy Basch tells us that Bill Hayes is visiting deejays around the country during his engagements plugging his "Bop Boy", backed with "Uh Huh, Oh Yeah". . . . Bob Furry (KTAR-Phoenix, Ariz.) has started, in addition to his early morning show, the lucky Lagar Dance-time show heard from 9:30 to midnight. . . . Barry Kaye (WAMP-Pittsburg, Pa.) personality, has been named one of the city's best dressed men for 1958. The golden Triangle Association of Pittsburg bestowed the honor on Kaye for his immaculate dress and superb taste in men's clothing. . . . Arnie Kuvent (WGAN-Portland, Maine) is joining the ranks of the many deejays-turned reporters for their local newspapers. The jockey is now writing a record and music column for the evening daily "The Portland Evening Express". . . . Tom Adams (KEEL-Shreveport, La.) music director, reports that his wife has just presented him with a bouncing baby girl named Stephanie Lorraine Adams. . . . Jim Holt (WICE-Providence, R.I.) program director states that his Dance Party show in Springfield continues to gain in popularity, two of the recent groups featured on the show have gone on to record, namely the Imperials with "The Glory Of Love" and the Casteliers with "Come Back".

KEITH SANDY
(CKEY—Toronto, Can.)

Larry Gar (WKBC-No. Wilkesboro, N.C.) tells us that one of the best and cleanest of the new horror sides is "Screaming Ball" by the Duponts. Gar says the side is a "real gasser". . . . Bob Holmes (KSJO-San Jose, Calif.) reports that Johnny Mathis, The Lancers, June Christy, and Cal Tjader took San Jose by storm last week. The performers did two shows at the Civic Auditorium. . . . In listing Larry Gar's top ten last week, we gave his address as WKBC, No. Wilkesboro, South Carolina, the correct address should read, North Carolina. . . . Alan Field (WTOR-Torrington, Conn.) tells us how fortunate the staff was in seeing "The Music Man" some weeks ago. It gave them the idea for the following gimmik. The deejays relay the story of the show in conjunction with the original cast LP. Field says that they play a band a day and relate the story up to that band. . . . Jimmy Case (WKRS-Waukegan, Ill.) is in very bad need of country records. The station just started airing the country stuff and Case has only a few disks to spin. . . . Vic Aime (WNNJ-Newton, N.J.) reports that requests are pouring in for Robert Clary's "She's Not Thinking Of Me". Aime also brings attention to the fact that fellow jockey Ron Hickman is taking the marriage vows with Miss Barbara Sanders on April 16th. . . . Gene Winters (WPGC-Washington, D.C.) will do a twelve hour stint, 6:15 AM. to 6:15 PM. in which every fourth record will be Billy Stewart's waxing for Okeh, "Billy Heartache". Stewart will be on hand to issue pictures and disks, and every fifteenth request will receive a free copy of the record. The same gimmik was tried with Roy Hamilton's "Don't Let Go", but fell short because the unprepared telephone company was flooded with too many phone calls to handle. This time, however, the telephone company will be prepared to handle the expected flood of calls. The idea is to promote attention to the fact that the station will change from 1,000 to 10,000 watts.

ALAN FIELD
(WTOR—Torrington, Conn.)

ERNIE SIMON
(WERE—Cleve., Ohio)

VITAL STATISTICS:
Ernie Simon, former "curbstone comic" of WBKB, is now on the WERE staff. Simon's show, heard daily from 7 to 10 AM, is called "Simply Simon". . . . Bill Curtis is now spinning the wax for WHAT in Philadelphia. The jockey is a former member of the WRAP staff in Norfolk, Va. . . . Station WAMP, in Pittsburg has signed Rex Dale as its new night time personality, it was announced by H. W. Shepherd, General Manager. Dale, who is winding up a ten year stint as one of Cincinnati's leading radio personalities, will host the new "Night Line In Pittsburg" program. . . . Bob Johnson, formerly of KRIZ and KHEP in Phoenix; Russ Cole formerly with KPHO and KIEM; and Cliff Pike who was with KRVN and KCSR, Nebraska, have all joined the staff of KGOL in Golden, Col.

Huge Turnout At DeeJay Convention

KANSAS CITY—A huge and unprecedented turnout at the First Annual Industry-Wide Disk Jockey Convention brought together the nation's deejays and record producers March 7, 8 and 9 at the Muehlebach Hotel, this city.

The major session was so well received that plans are being formulated to repeat the conclave annually by the host, Todd Storz, President of the Storz System of Radio Stations.

Friday March 7 was a day set aside for one and all to greet each other. However, the business of the convention commenced promptly Saturday morning, with a breakfast hosted by Ahmet Ertegun, President of Atlantic Records, and his staff. Bill Stewart, an official of Storz Radio Stations introduced Todd Storz, Al (double talk) Kelly and the grand daddy of all disk jockeys, WABC's Martin Block, who described the first twenty-five years in the era of the radio disk jockey. Block stressed the responsibility that will be thrust into the youthful, eager hands of the novice deejays.

Todd Storz and Bill Stewart presided as co-moderators at numerous panel discussions which were arranged to clarify many problems disk jockeys are concerned about. The first panel discussion was "Are Today's Rating Services Obsolete?" handled by three leading researchers, Frank Stisser, President C. E. Hooper Company; Dr. Sydney Roslow, President Pulse, Incorporated; and Robert B. Rogers, Executive Vice President Trendex, Incorporated. The three panelists discussed methods utilized by their individual firms to acquire accurate surveys.

The radio Program Directors assumed the role as panelists when they mulled over the topic "The Program Director—Friend or Foe". Eddie Clarke of WHB, Kansas City; Don Keyes, McLendon Stations and Ray Katz of WMGM in New York City strived for a closer friendly relationship between program director and deejay.

The concluding panel discussion Saturday morning hashed over the query "Is Rock and Roll a Bad Influence on Today's Teen-Agers" and resolved around the belief that the teen-ager's prime influencing factors are planned in the home and at school. The panelists were disk jockeys Reed Farrell, KWK, St. Louis; Robin Seymour, WKMH, Detroit; and Bob E. Lloyd, WHEC, Rochester.

Columbia's Mitch Miller hosted a luncheon and offered a dissertative oration praising pop music. During his talk Mitch emphasized the rise during the past ten years of the LP market. At the conclusion of Mitch's welcoming speech George W. Armstrong, Vice President and General Manager of WHB in Kansas City discussed the qualifications he seeks in employing disk jockeys at WHB.

The afternoon panel discussions commenced with the subject "The Ingredients in Today's 'Formula' Radio"; which was defended by three popular officials in the field of radio; Harold Krelstein, President of the Plough Stations; John Box, Vice President and General Manager of WIL, St. Louis and John Fernhead, Executive Vice President WINS, New York. The second panel meeting in the afternoon brought together deejays Tom Edwards, WERE, Cleveland; Bill Bennett, WDG, Minneapolis; and Paul Berlin, KNUZ, Houston. The vital subject, "Increasing Income and Prestige Through Outside Activities", was thoroughly discussed to open wider horizons for young deejays.

The next panel concerned "Interviews On the Air—Good or Bad"; and the experienced panelists unani-

mously concluded that the average interview is at best a poor subject to handle. The panelists were Varner Paulsen, Program Director, WIP, Philadelphia; Bob DeBardelaben, P.D., WLEE, Richmond; and Jack Rowie, WWDC, Washington, D.C. This was followed by a panel which considered the topic "Is the Main Requisite of a DeeJay Today the Ability to Count up to 40". The panelists were Jack Lacy, WINS, New York; Stan Dale, WAIT, Chicago; and Bob Cooper, KGO, San Francisco.

Due to the importance of album music in today's markets much consideration was given to a discussion of "Can Album Music Bring the DeeJay Listeners." The entire panel unanimously agreed that if the deejay is slotted in the proper time set he can add listenership to his audience. The panelists were Norman Wain, WDOK, Cleveland; Ira Cook KMPC, Hollywood; and Phil Ladd, CHUM, Toronto.

The trade paper charts were analyzed by officials of the various trade papers in a discussion by Bob Austin of The Cash Box, Herm Schoenfeld Variety and Bud Fosket of Billboard. The main consideration was centered around accuracy and currency in charting records. Bob Austin stressed the extreme care and analysis at The Cash Box in preparation of the charts, as well as diversification, i.e., separate charts for juke box exposure, deejay lists, retail outlets and territorial charting. Fosket spoke at length about Billboard's intensive surveys, and Schoenfeld mentioned Variety's charting system. Meetings were adjourned for the day as Roulette Records hosted a cocktail party on the mezzanine of the Muehlebach Hotel.

Randy Wood, Dot Records, was host at a banquet in the Grand Ballroom. The highlight of the affair was the introduction of Hon. H. Roe Battle, Mayor, Kansas City, who greeted the entire delegation, awarded keys to the city to a representative group and expressed his delight at the fact that next year's convention will also be held in Kansas City.

The record manufacturers presented "The Dream Show" for the pleasure of the deejays, emceed by Martin Block, WABC, New York. Music was by Fraternity's Danny Bell and his Bell Boys (Courtesy of Harry Carlson of Fraternity Records). A star studded array of talent performed until the wee hours of the morning, which included Eddy Arnold, RCA Victor; Lavern Baker, Atlantic Records; Tony Bennett, Columbia; Charley Applewhite, for the next few days a member of the U.S. Army; The Cheerful Earfuls, Stepheny; Ken Copeland, Lin Records; Crew Cuts, Mercury; The Diamonds, Mercury; Jim Eddy, Mercury; The Four Lads, Columbia; Don Gibson, RCA-Victor; and George Hamilton IV of ABC-Paramount.

Also, Hilltoppers, Dot; Hollywood Flames, Ebb Records; The Kendall Sisters, Argo Records; Johnny Maddox, Dot's "Crazy Otto"; Lou Monte, RCA-Victor; The Playmates, Roulette; Eileen Rodgers, Columbia; Nick Todd, Dot; England's Frankie Vaughn, Epic; Andy Williams, Cadence; Piano wizard Roger Williams, Kapp Records; Dale Wright, Fraternity; Pat Suzuki, Vik Records; Jackie Burns, Del-Fi; Ed Townsend, Capitol and Bob Gibson, Decca.

Sunday's round of events and activities commenced bright and early with a breakfast hosted by Kenny Myers for Mercury Records; followed by a speech based on "The Revolution in Radio" by Gordon McLendon, President, the McLendon Stations; who discussed radio's change from national programming to a localized

operation. DeeJay Murray Kaufman, WAAT, Newark, followed McLendon and explained "The Objectives of the National Council of Disk Jockeys" and what it stands for.

The remainder of Sunday morning was spent in a series of panels for the attention of disk jockeys. The first one was concerned with "What the deejay Can Do for the National Advertiser at the Local Level," a talk delivered by Adam Young, President of Adam Young, Incorporated; and "What the Timebuyer Looks for in Buying a Market" by Wells Barnett, Station Operations Manager John Blair Company.

The next subject on the agenda was a panel summation of the query "Has the TV Jockey Hurt or Helped the Radio Jockey". Both panelists, Bob "Coffeehead" Larsen, WEMP, Milwaukee and Paul Flanagan, WPTR, Albany agreed that the local radio jockey in most cases has a loyal audience, and will not lose out appreciably by his national TV counterpart.

A vital problem was ably explained when this subject was placed before the panel, "How Can the DeeJay Maintain His Individuality Within the Framework of Conformity Required by Management?" Don Bell, KIOA, Des Moines was the representative of the deejays; Gene Plumstead, National Program Director, The Plough Stations and Chuck Blore, KFVB, Hollywood, represented management. The entire panel agreed that an intelligent attitude by both management and the disk jockey will present no problems. The next panel asked "Where Is the Dividing Line Between Country Music, Rock and Roll, and Pop?" Answering this query were Bill Gavin, McCann Erickson Agency; Bob Sadoff, NBC's Music Coordinator; and Connie Gay, President, Town and Country Network.

The problem of "New Programming Ideas" was discussed by Barry Kaye, WAMP, Pittsburgh; Martin Block; and Don McLeod, WJBK, Detroit. The panelists presented the wide idea planning open to enterprising deejays despite the current formula system. Block told how his stations "Operation 60,000" helped to put new vitality into his "Make Believe Ballroom" format.

The concluding panel discussion concerned itself with "The Future of Radio" and was optimistically dealt with by Norman Glenn, Editor and President Sponsor Magazine; and John Meagher, Vice President, National Association of Broadcasters.

The entire convention was hosted to a cocktail party and luncheon by John Y. Burgess, Jr. of RCA-Victor Records. In conclusion, a drawing was held for the following prizes; a one week all-expense paid trip to Mexico for two, donated by Lee Rupe and Ebb Records; a one week all expense paid trip to Bermuda, courtesy of Lennie Chess and Chess Records; a one week all expense paid trip to Las Vegas for two, courtesy of Ewart Abner and Vee-Jay Records. The following prizes were awarded, 1 RCA Color TV set, 5 RCA Portable TV sets, 3 Mark IV Hi Fi sets, 1 RCA Portable Tape Machine and 5 RCA Transistor Radios, through the courtesy of Jack Dunn and RCA-Victor Records. Foster Johnson and Dub Records donated 3 Magnavox Transistor Radios and 2 Electric Shavers.

Set Second DeeJay Convention Dates

KANSAS CITY—George W. Armstrong, Vice President and General Manager, WHB, Kansas City, announced the dates of the 2nd Annual Pop Disk Jockey Convention to be held at the Muehlebach Hotel in Kansas City. They are March 6, 7, and 8, 1959.

Armstrong cited the fact that the tremendous showing by disk jockeys and record people throughout the nation was beyond the planning committee's wildest expectations.

He assured one and all that lessons learned at this one will assure even more precision and control next year.

Mitch Miller Speech At DJ Convention

Thank you, and good afternoon: It occurred to me today that this meeting may be popular music's answer to the Casals Festival. While the longhairs gather once a year in Porto Rico to honor the great cellist, the disk jockeys meet in Kansas City out of respect for the country's best-known piano player.

I don't, of course, mean Liberace, although Lee has made his way at the piano with a maxim adapted from another President, Teddy Roosevelt:—"Speak softly, and carry a candlestick."

The piano player I'm speaking of is the man who said out loud recently that he didn't like the Missouri Waltz—the only case I know in which a musician gave up a hit tune he made the whole country dance to.

There must be something special in the air this close to Independence. Little voices whisper to me everywhere—"Give 'em hell, Mitch." And that's what I intend to do, if you'll bear with me for a few minutes—give a little hell to a lot of you jockeys, and station owners, and the men who buy time on radio.

Gathered under this roof are a great many men of fantastic skill, taste, and imagination. You caused radio to jump out of bed and click its heels a few years back, while the public was dressing for the funeral. You made radio once again a vital force on the American scene, a source of first-rate entertainment, and—best of all—you made it pay.

But what's been happening in the last year or two? To say that many of you have grossly mishandled this great, fat money-maker—radio—would be understating the case. Some of you have made the man who killed the goose that laid golden eggs look like Bernard Baruch.

You carefully built yourselves into the monarchs of radio and then you went and abdicated—abdicated your programming to the corner record shop; to the eight to fourteen-year-olds; to the pre-shave crowd that makes up twelve per cent of the country's population and zero per cent of its buying power, once you eliminate pony tail ribbons, popsicles, and peanut brittle.

Back in Longfellow's day—happy man—there came "a pause in the day's occupation that was known as the Children's Hour." On much of today's radio we're lucky to get a Grown-up Hour any time before midnight. Adults all over the land are yearning for a pause in the day's cacophony. I, too, believe that youth must be served—but how about some music for the rest of us?

I know that most of you agree with me that much of the juvenile stuff pumped over the air waves these days hardly qualifies as music. But your standard answer is—"We're not here to educate. We're here to give them what they want."

What who wants?

Certainly not the seventy-five per cent of the nation over fourteen years old! If they did, they wouldn't be buying hi-fi record players in unprecedented numbers, setting them up in the living room, shutting off the

radio—and creating their own home-made programming departments!

Certainly not those who want variety, musicianship, a little bit of literacy, and a bit more sophistication in their music. And, gentlemen, that's the majority—the majority who've turned the record business upside down in recent years. Four years ago seven out of ten dollars spent buying records were spent buying singles. Since then that figure's been cut exactly in half, while the "Lp" share of the record buyer's dollar has doubled! At a time when the dollar volume in record buying has risen mightily, the singles market has actually declined! As the bulk of the public finds it can't hear the music it's hungry for on single records on the radio, it turns more and more to buying "Lp's" to satisfy a grown-up musical appetite on hi-fi sets at home. It must be more than a coincidence that single record buying went into a decline at the very time the number of stations that program the Top Forty and other lists climbed to a new high.

"Well," you reply, "that may be, but we radio stations are doing O. K. in the rating department." Yes, but we both know that ratings are comparative. Each of you is fighting for your share of the milk—after the cream's been skimmed off. The current phenomenal grosses of the recording companies show that the country is hungry for music. Television has failed over and over again to satisfy that hunger. It lies in your power to bring the grown-ups back to radio music; you have the resources and many responsible companies are giving you the records to program the kind of balanced music that will switch on many of the hundred and thirty-seven million home radios that now stand silent most of the time.

And what about those thirty-six million car radios? In my state, if you're old enough to drive, you're too old to drive to the tender reminiscences of the Junior High School set.

O.K., so who's the "they" in radio's standard defense—"We're here to give them what they want." It is usually the mythical "they" who make up the Top Forty song lists. At its best, the Top Forty presents only a philosophical problem on a par with "Which came first, the chicken or the egg." Does the demand for a record come because you play it first, or do the kids demand it because they find it in the Top Forty?

Does a song get elected to the Top Forty or is it appointed to the list? We could go on like this for weeks—but if the Top Forty is an election, will somebody please blow the whistle for the Honest Ballot Association?

You jockeys have accepted with saintly forbearance your role of spreading the gospel according to the Top Forty. Every one of you has a feel for music and a sense of programming way beyond what many of you have been dispensing. In prior years you would recommend a record to your listeners for its vocal quality, its style, its unique arrangement, its balance, or its emotional impact. Now what can you say? "Here's number Seventeen at Marty's Music Shop." You used to play a record because you liked it; it was part of the personality of your show—and it made good programming. Now you play it for "Sam, Joe, Flo, Sal, Mickey, and Joyce loves Shorty and will he please meet her after three at the sweet shop, second booth from the rear."

The kids write the records, perform them, and pick the ones you play. I've got an idea—How about sub-teen-

age disk jockeys, salesmen, and station managers? Then you can all take off for a well-deserved rest.

If you media buyers think none of this applies to you, you're very much mistaken. It all translates quickly and painfully into advertising dollars and cents. Most of you buy radio listeners for your clients at so much per pound, like meat. But how much of what you pay for is U. S. Prime and how much is fat, gristle, and bone? How many listeners to sub-teen music are going to buy a car, an airline ticket, a pair of shoes, a can of soup, or—God help us—a bar of soap? How many can tell a floor mop from a pogo stick?

I know, you're prepared to bombard me with statistics about subliminal listening. Junior's got the radio on so loud in the bedroom that some of it's bound to filter through to Mom in the kitchen. But what's the theory of subliminal advertising? That the listener gets an unconscious sales message while he's seeing or hearing something he enjoys. Then when he meets up with the product, he associates it with a pleasant experience and buys it. But what happens when you come up against a product you associate with the sub-teen records that ricochet through your head all week? Ten to one you tear hell-for-leather for the other end of the store and reach for the competitor's product.

The truth is, if advertising were a matter of counting heads, your products would be not in *Life*, *Time* Magazine, *Saturday Evening Post* but in scandal magazines with much larger circulations, not in *The New Yorker* but in comic books. You'd be cheek-by-jowl with the pimple ads, and the You-Too-Can-Be-A-Ninety-Seven-Pound-Weakling ads. The magazines and newspapers are constantly paying for studies to show how many doctors and lawyers and businessmen they have among their readers; and how many housewives, how many heads of family earning five thousand dollars and up. They're proud to show advertisers the adult audience they've worked to build, an audience with buying power, an audience to a great extent of refugees from radio.

In printed media, you advertising buyers are careful to surround your products with an aura of dignity that will generate respect for them. You buy the venerable newsmagazines, the long-established women's magazines, the picture magazines only if they're not too cheesecakey. The settings in which the ads appear help paint a picture of your product—sound, reliable, trustworthy. Then, when you turn around and buy a radio spot, you don't care if it comes before a record made by the apprentices during lunch hour in the boiler works, or after what sounds like the death rattle of a laughing hyena.

I'm pleased to find my views coinciding with those of the advertising director for Armstrong Cork, who has seen them work out in dollars and cents over the years. He had this to say to *Variety* a few weeks back, talking about TV. His remarks go double for radio. I quote:

"I think we must have some sense of responsibility to the public in our programming. We'd rather please ten people than displease a hundred. There's a close public identification between the advertiser and what he presents. Dealing as we are in impressions on the public, the right impression is as important as the right commercial." End of quote.

You media buyers have the duty to find ways of surrounding your ads with music that matches the quality of your message and attracts the listeners you want. The alternative is what the J. Walter Thompson Agency has done for the Ford Motor Company—surrounded many of its ads with an island of dignity by buying five-minute music shows starring Bing Crosby and Rosemary Clooney.

I can see you station owners objecting, "Why should we change our programming at a time when business is going great?" But just because you're making a profit and this is a seller's market, it doesn't follow that you're making the profit you should. And if the economy slumps further, which stations will best weather the storms ahead? I believe it will be the ones with distinct personalities, the ones that jump out at you as you're twirling the dial because they're not programming with the herd. A policy of music and news is great. But it can only work in the long run if it doesn't rest on fresh news and stale music.

You stations aren't thinking clearly into the future when you gear yourself to the eight to fourteen-year-old mentality. Every year, a large chunk of the audience, at the top end of your age span, gets over its musical growing pains and gives up the game of rebelling against parents, teachers, and the world at large. That means that every five years the stations that program for sub-teens turn over almost their entire audience. The smart station is the one that recognizes that you're a grown-up a lot longer than you're a sub-teen, and works to build a permanent audience. If I read the signs right, the trend is starting in that direction, and some very important stations are changing their policies towards this goal.

One other word to station owners. You pay for the best equipment, you seek out golden-voiced announcers, your engineers work to get the best signal possible, and then what—you play records so badly produced the listener thinks he can't tune you in properly. If your announcers and jockeys talked with the quality of most of these juvenile records, you'd fire him on the spot.

Some of you may say—Mitch is getting old, his beard is flecked with grey. You may say that twenty years ago adults howled about Benny Goodman and Swing this very way, and said the kids had no taste. I flatly reject the parallel. Swing was the creation of skilled musicians. The objection of the old fogeys was that they couldn't follow the melody for the variations. Today's kid stuff offers no variations; the only variation is a paralyzing monotony. It is not the creation of real musicians and—most damning of all—it has no entertainment value for anyone over fourteen. You've seen the travelling shows the new juvenile record stars put on. Each of them does three minutes and has to be whisked off before the natives grow restless. Most of them seem to be aware of the temporary nature of their success and they remain faceless performers, without even the dignity of last names. What's happened to the grown-up criterion for measuring a star—his unique ability to hold and entertain an audience for half an hour? With perhaps two exceptions, any of the new juvenile stars would empty this room in five minutes.

I'm not asking you to snuff out the musical life of these kids or their followers. But I am asking you to put new life in radio; I'm asking you to take radio away from the lists and give it back to all the people; I'm asking you to give up lazy programming—to play music for every age group and every taste. The by-product of such a move will be aesthetic, and you can take pride in the public service. But principally you'll be doing it for your pocketbook by insuring a broader, healthier audience, and guaranteeing advertisers who are seeking that audience a fair shake for their money. Abdication to the kids can only end in your exile beyond the border, to the land of fifth-rate entertainment. And the future must show that this border separates the big money-makers from the lightweights in radio.

"Only those records best suited for commercial use are reviewed by THE CASH BOX"

Answers To Mitch Miller Speech

by **CHUCK BLORE**

KFWB, Los Angeles, Cal.

There were a lot of things said yesterday damning the entire concept of what was called formula or format radio. These things were said by people who had little, no, or bitter experience with this concept of broadcasting. A concept which I would call in place of "formula" or "format" radio, successful radio—good radio, bright, alive, invigorating, exciting radio—a type of radio that injected new life into a dying giant.

It was not a simple music and news format that re-awakened this sick Goliath. Music and news stations had been there all the while. It was an alert, highly polished, completely professional approach. It was radio that pulsated with showmanship, dynamic, streamlined, geared to the terrific pace of today's living—showmanship—not every Sunday afternoon at 4:30, but 24 hours of every day, of every week of every year. Showmanship and consistency. Consistent showmanship.

The lethargic drone who once every three or four hours, crept to a news machine, removed a 15-minute summary, and droned his dulcet sleepiness into a few hundred jaded ears, was replaced by a 6 or 8 man crew, who combed the back alleys of skid row for local, fast-breaking news, who manned the long distance telephones for an exclusive report from the latest Premier of France. Who ripped the stories off the newswire, rewrote them, injecting urgency, drama and color into every sentence. When the news hit the air, it was news, alive, breathing, crackling news.

Colorful intros, produced with great care, called attention to station features, the news, the DJ, the pick of the week, the Top Tune, an exclusive. Management began to dictate music policies, to choose with meticulous attention to public tastes the records which would be played . . . to play for the vast majority. The way we did this was to measure popularity on a local level. Immediacy was the question. Personal day to day contact with the local music merchant was the answer.

Do we play Rock and Roll? We play today's popular music. If rock and roll happens to be 50 to 75 per cent of what people want, then 50 to 75 per cent of our music is rock and roll. When the listeners' taste changes our music policy will reflect this change. When the people tell us they want "long beard" music we will give them "long beard" music. And because we watch it so closely, we will give them what they have asked for long before the vast majority of them realize they have asked.

No longer is the old established DJ the only personality. He is surrounded by personalities spinning the records, delivering the news, creating fresh programming. The entire station is an alive, vibrant personality. The station doesn't begin and end with your show. The station is the great attraction—the 24-hour attraction. 6 or 7 sensational DJs keep the attraction constant. In a DJ management seeks quality, not quantity. The

DJ is told to be brief, brisk and bright. He is told to prepare his show, a radical departure from old time music and news station.

President Wilson was once asked, "How long do you take to prepare a speech?" Answer: "If I may talk interminably, I'm ready now . . . If I may talk for an hour, it will take me a day to prepare. If I may have only five minutes, then my preparation must be careful and it will take me two weeks." Moral: Long so-called "personality" talking is a sign of mental laziness. To keep it short and bright requires brilliance and work. The DJ is told to say what he has to say in a brief, bright, entertaining manner. To know what he is going to say before he activates his golden tongue. He is told to make the most of his time on the air—to inform and entertain the listeners.

Instead of a deadly diatribe about what label it's on, what color it is, who plays Bongos on the 3rd chorus, and what the artist's wife did to the A & R man, the DJ informs his listeners with the time, the temperature and weather conditions. He entertains them with germane entertaining, informative and sometimes humorous remarks. I have never told a DJ not to talk, and I certainly hope I will never have to tell a personality who is being paid \$10 to \$50 thousand a year what to say. Talk if you like, talk as long as you like, but say what you have to say in as brief and as entertaining a manner as you know how. And this is it; the know-how. The manner of presentation that establishes the DJ's personality, that makes him a distinguished individual. None of my boys sounds like the next one and the jox at KFWB are seven swingin' cats. It makes no difference to me whether a man says "Nelson Riddle's orchestra" or "Nelson Riddle's Swingin' fiddles." Each helps establish a DJ's personality. The way a man interprets a commercial establishes him as an individual. Even the interpretation of that beautiful line: "This is KFWB, No. 1 in Los Angeles" helps to establish his personality. A DJ who is not an individual is a DJ who will not work at KFWB. Conformity forms an over-all station sound. Within this conformity individuality forms a DJ sound. Successful radio will not hinder the personality of a good DJ. Conformative requirements can very easily make him a great DJ. What management wants is quantity of music and quality of DJ.

One further thought. Yesterday, a constant source of irritation to me was the backward thinking, the misconceptions, the ridiculous rationalizations that burst forth in this room. The many cries of "I don't like the top 40"; not necessarily referring to music, but referring to formula radio. Music is just one facet of this brilliant juggernaut. Its intricacies are manifold and believe me it works. It's successful. It's been good to me. It has fed my little girl—and damn it! I love it!

I ask one thing: Before you judge and damn, listen to Storz, McClendon and my baby out on the Coast. Listen with more than a casual ear; listen to the excitement, the brilliance, the showmanship before you condemn the very thing that brought us together for this tremendous convention.

Successful radio: The love child of perceptive management.

by **PAUL COWLEY**

WKLO, Louisville, Ky.

I was in Kansas City for the convention, and I was one of the disk jockeys to whom Mitch gave "a little hell."

As I sat there, listening to this fine mind of the music business, I realized I was also listening to an oboe player, a musician of international fame, and a man interested in selling albums as well as singles.

I've spent 11 years spinning records, the last few of which have been the most successful. Top 40 has been good to me, and I rise to defend it!

My main appeal it's true has been to the younger set. To say these are the minority is a gross mistake. We're all aware of the overcrowding of our schools. We've read articles stating the huge increase in teenage population and spending, a cycle so statistics tell us will continue to 1965. These are our war babies growing into mature people. They cannot be overlooked!

Just as music and the record business has created new fans and potential customers, so must radio reach out and capture new business.

May I use my show as an example? Louisville is a growing midwestern market, over a half a million. Reading the signs of progress, shows it will increase. How do we combat the Jr. High set, Mitch is so worried about? By going after business heretofore never considered! I spend 26 hours a week broadcasting from a drive-in restaurant which specializes in double deck sandwiches. In the past five years six new locations have been added in this area, and today a happy sponsor, who last year built for me an \$1800 private studio on the roof, complete with record library, private phone and a huge neon sign, identifying me, my station, and the spot on the dial. Certainly not the picture of a man about ready to cancel his advertising! Add to this a growing list of shoe stores, a huge appliance dealer selling new teevee sets, the nation's leading soft drink firm, the city's largest bicycle shop, a leading dairy, a golf driving range, swimming pools (in season of course) nationally known gasoline, the largest children's clothing store, jewelry store, theatres, an automobile dealer, and the oldest dept. store in Louisville, for the first time in its 98-year history buying radio exclusively on a "formula"

show.

How was this obtained? Thru ratings! There'll always be arguments against and for them. I've been fortunate to capture the top rating over a four hour period nightly in a seven station market. In this 8 to midnight slot, I move to second place for two quarter hours giving way to established local news. But regardless of how many contentions you bring up, the greater majority of spot sales and programs are still bought by the "numbers", both on Madison Ave. and at local levels. I have but one aim, to give the man who signs my paycheck, the highest ratings possible. If spinning the trend gets that rating for me, then spin it I will!

I will never be convinced that this "trend" is strictly for the kids. The grandmother who writes me daily for the latest hit, the secretary who attends all the rock n' roll shows, explain these for me. According to Pulse, the breakdown of ratings on my show, shows Listeners per 100 Homes-Total 164, Men-69, Women-72, Teenage-19, Children-4. Exceptions? I doubt it, rather—an indication.

I'm sure I speak for the majority of jockeys who would gladly return to the disks of a few years ago, if the public demanded it! You cannot go against the public, no matter how much you feel it's right!

Basically we're back to the age old question, commercialism versus artistry. Has it ever been solved?

So who's to blame, the deejay? I've always felt music originally is for one purpose. To entertain. Whether it's the raunchiest rhythm n' blues, the corniest hillbilly, the most progressive of jazz, if it's giving its recipient, pleasure—it's good!

This is a swingin' business. It's healthier, larger business than at any time in its history, both records and radio. There's more people working in it than at any other time. We're here for such a short time, let's enjoy it!!!

I have long been a fan of Mitch's, as a musician, a record artist, and a radio emcee and I will continue to be, however I cannot, as a disk jockey accept his views.

I am reminded of the famous quote by Eddie Cantor—"There's an awfully big America between Lindy's on Broadway, and the Brown Derby in Hollywood!"

Maxin Announces Ambitious "Gigi" LP Campaign

Jerome and Handwerger Set Distrib Meet's Across C'try

NEW YORK—At a special luncheon for members of both the trade and general press held at New York City's Park-Sheraton Hotel on March 10, Arnold Maxin, President of MGM Records, announced details of an ambitious publicity, promotional and advertising campaign to exploit the label's three albums of music from the new MGM film musical, "Gigi," which stars Leslie Caron, Maurice Chevalier, Hermione Gingold and Louis Jourdan. The score for the picture, the first effort of the team of Alan Jay Lerner and Frederick Loewe since their history-making "My Fair Lady," is surveyed in an original cast album, as well as in an album of instrumental renditions by the David Rose Orchestra, and an album of jazz interpretations by the Dick Hyman Trio. While major attention will be focused on all three sets mutually, the sound track set will receive prime attention.

The scope of the proposed campaign is certainly the greatest in the history of MGM records. Some of the promotional activities already in motion include a sales incentive contest for MGM Records distributors and their salesmen, a dealer-theatre exhibitor tie-in window display contest with cash prizes shared by both, shipment of over 2,000 long-playing records which "sample" all three albums for radio stations, sound track album previews for record and theatre critics at cock-

tail parties in major cities throughout the country, invitational theatre previews of the film for dealers and disk jockeys and radio personnel, concentrated music trade paper and magazine advertising as well as an ambitious consumer advertising campaign, animated window displays promoting the three albums, a record "trailer" for dealers featuring spot selections from the albums interspersed with commentary by a well-known disk jockey, "dummy" replicas of album covers for dealer window display and theatre lobby use, and delivery of albums in major cities to disk jockeys by girls resembling Leslie Caron, the title star of the film.

A series of regional distributor meetings is also planned to take place in various sections of the country under the direction of Irving Jerome, MGM Records executive vice-president, sales and promotion, and Sol Handwerger, exploitation director for MGM Records. Focal points of the meetings are New York City, Atlanta, Chicago, Los Angeles, and Dallas.

In attendance at the New York City press luncheon were several executives of MGM Records, in addition to those named before, as well as top-echelon personnel of MGM Pictures, and Lerner-Loewe Enterprises.

"Gigi" Meet In Chi

CHICAGO—The MGM Record Company conducted its first annual regional sales meeting for distributors in the entire Midwest area, March 11, at the Sheraton Hotel, this city.

Sol Handwerger, exploitation director of MGM, opened the meeting by introducing Irving Jerome, executive vice-president, sales promotion, who announced details of an ambitious publicity, promotional and advertising campaign to exploit the label's three albums of music from the new MGM film musical "Gigi."

Norman Pyle, regional sales director, MGM Pictures, was introduced to the assemblage.

Basically, the meeting was held for the purpose of presenting the wide scope of promotional activities before the MGM distributors, as well as incentive programs to facilitate exposure and sales of the albums.

Jerome and Handwerger presented the plans in informal discussion.

Arnold Maxin, president, MGM Records, was not present at the meeting due to urgent business which had called him back to New York.

Jerome assured the assemblage that the indication of the firm's realistic and ambitious planning is an assurance to them that MGM Records' "hard-working team of executives will leave no stone unturned to accomplish peak sales." He stated, "Sol and I are covering thousands of miles to present our big 'Gigi' story to distributors, disk jockeys, chain-store operators and dealers. We welcome everyone's comments and suggestions."

Interesting call from Dublin, Ireland, where some exciting headlines have been appearing in local newspapers concerning Hugh Charlton of Connoisseur Records Limited, a company importing American records direct from the U.S. And the cause of the excitement is that this company claims that the Publishing house of Chappell, one of the biggest in the world, cannot restrict them from selling the "My Fair Lady" LP before the show opens in this country. Furthermore, it claims that according to Connoisseur, Chappell does not own the copyright of the "My Fair Lady" score and the former is prepared to debate the matter in court. After talking to E. C. Holmes of the Chappell group in London, which controls this fabulous score, his remarks were, "We are publishers and where we control works under our jurisdiction we will enforce our rights regarding these works", but concerning the Court case Holmes said "No comment for the moment".

Ray Bolger who made his first appearance on British TV in Val Parnell's "Sunday Night Show," scored a tremendous success and will make a quick return on Saturday in a show built around him.

Palladium dates are settled now for Liberace and Jerry Lewis. Liberace to star for a fortnight from April 7th and Jerry Lewis for same period from April 21st.

Harry Belafonte due to appear at the Brussels Fair. It is hoped that he will come to Britain at the same time.

Charlie Gracie scheduled to return to these islands on April 7th for a five week tour to include variety and TV dates.

Frankie Vaughan landed another disk in the Top Twenty . . . titles, "Can't Get Along Without You" c/w "We're Not Alone".

American musical entertainer Mickey Katz is to return to Britain in May for a variety tour.

Johnnie Ray is to make an LP in this country while over here on tour. Palladium dates not been set yet, but the fortnight starting May 5th seems very likely.

Ella Fitzgerald will open her tour of Britain in London on May 2nd.

Several recording stars attended the opening ceremony of the new Feldmans office in Dean Street, London last Friday. Now called one of the most modern music-publishing houses in Europe, they also have their own record sales department.

It is expected that Duke Ellington and his orchestra will form an exchange unit with Ted Heath for a tour of this country in Autumn. This will be Ted Heath's fourth tour of America.

Staggering blow to record companies this week as a result of the announcement from the vast cinema-owning Rank Organization that the film company will start its own recording company.

Sarah Vaughan starts her visit to Britain on April 13th by appearing on Val Parnell's London Palladium Show.

Latest news about Frank Sinatra's coming over here is that he is to co-star with French film star, Brigitte Bardot in a musical drama called "Paris By Night" with a score penned by Cole Porter.

Off to Germany and Holland on a quick trip. Will give news from there next week.

George Avakian Joins World-Pacific As VP and Eastern A&R

NEW YORK—George Avakian has joined the World-Pacific Record Company as the firm's vice-president and director of Eastern A & R, according to an announcement by Richard Bock, president of the label. To assume his new post, Avakian leaves Columbia Records as the label's head of the popular album department.

When asked why he joined World-Pacific, Avakian replied:

"It is a unique company in many respects. Under Dick Bock's leadership a highly saleable product has been built with complete integrity. Dick has never compromised the high ideals with which he began the company. He works the way I do—quality first. To indicate the company's stability—and this has not been generally known—the company was started with only \$350.00, it has never lost a cent, and not another cent has ever been invested. World-Pacific has been built solely out of profits. In investigating the company's worth and its operation, I found that World-Pacific is the leading independent label in terms of average sale per item in the catalogue. Everyone, from the pressing plant, suppliers, and distributors right down to the dealer level, knows they handle the World-Pacific product with confidence in both quality and saleability.

"With a solid organization already in Hollywood, both Dick and I realized that the company could be expanded considerably if I came in to open a New York office. With fully staffed production units in both Hollywood and New York and another office in Dusseldorf, Germany (to open in May), World-Pacific is placed in a position of strength unlike that of any other independent in the business."

George Avakian started in the record business in 1939 by suggesting to Decca Records, that a "Chicago Style Jazz" album be made. So detailed were his plans that Vice-President Dave Kapp asked him to produce it. It was the first jazz album ever to be recorded as such; there had been reissues of collectors' items, but no one had ever planned and executed a jazz album before.

A year later, still a junior at Yale University, Avakian was asked by John Hammond, then of Columbia Records, to take a part-time job identifying and assessing its huge stock of old matrices at Columbia's Bridgeport plant, 18 miles from the Yale campus. The company had no way of knowing what it owned, but Avakian, as a record collector and avid collector of discographical information, was able to use the research information and techniques of his hobby to put together a series of single-record and album reissues for collectors, known as the Hot Jazz Classics.

Throughout his undergraduate career at Yale, Avakian wrote for jazz magazines all over the world.

Drafted by the army on his graduation in 1941, Avakian returned from the Pacific in 1946 and pursued a free-lance writing career while still working part-time for Columbia.

He gave up his jazz writing (which by then included columns in *Pic* and *Mademoiselle*) in 1948 when he became an assistant to the late Mannie Sacks, then Vice-President of Popular Artists and Repertoire at Columbia. He left the jazz field for three years, as head of the International Department.

Foreseeing the need of a separate department for popular albums, Columbia appointed Avakian to head that operation in January, 1952. Under Avakian's leadership, the department flourished. The annual retail

dollar volume of the department when he began was about a million and a half dollars; for 1957 alone, this had jumped to over \$35,000,000, with foreign sales not included.

In 1953, Avakian conceived and produced a Christmas album with Arthur Godfrey and his Gang, then at the height of their popularity, which not only was the first record album to be turned into a full-hour television show (thus reversing a common situation), but was also the fastest-selling album released up to that time. The key point about it was that it came out in Columbia's slow-moving 12-inch, \$4.63 pop specialty series. Reasoning that if this kind of 12-inch album sale were possible at such a price, Avakian felt that 12-inch pop LP's would be enormously successful at a price under \$4.00. For months he carried on a lone campaign for a full-scale experiment; a greatly-narrowed profit margin and fear of killing the profitable 10-inch \$2.98 series blocked the idea. Finally Jim Conkling, the President of Columbia, obtained a blanket reduction of copyright royalties from the publishing industry, which made the profit margin just enough to risk the idea—provided average unit sales doubled.

Having seen the extraordinary success of the Benny Goodman Carnegie Hall album in the 12-inch size (2 records at the Masterworks price of about \$12), Avakian reasoned that jazz fans would buy the larger LP at the lower price, particularly as jazz lent itself so well to the longer playing time. A full-scale jazz program was established, catapulting Dave Brubeck to stardom, who was just beginning to attract attention at that time. By matching talent to repertoire ideas, Avakian developed jazz artists who sold to an audience far beyond the so-called "jazz public."

Erroll Garner reached stardom under the Columbia banner; his "Concert By the Sea" album is the first album by a jazz soloist to amass more than a million dollars at retail.

But commercial popular music was the principal area of Avakian's operation as head of the Popular Album Department at Columbia. Mass packaging of "mood music" was one of his first accomplishments; the early "Quiet Music" series showed that packaging was more important (at that time, at least) than content, for the music consisted of pre-war masters reconditioned via modern tape techniques. Seeking a fresh name and fresh sound to supplement the mood music giants of the label (Kostelanetz, Percy Faith, and Paul Weston), Avakian took a chance on Michel Legrand an unknown 22-year-old French arranger-conductor by assigning him the "I Love Paris" album, which overnight made Michel Legrand a major name in the record business.

But Avakian's most astute coup in the commercial side of the record business took place in 1955, although its effect has come about only recently. While vacationing in San Francisco, he was persuaded to listen to a 19-year-old singer who had just begun his first professional engagement. Within minutes of hearing him sing, Avakian offered him a contract, and Johnny Mathis began his phenomenal career.

Robin Seymour MC's Youth Rally

DEARBORN, MICH.—The first annual Youth Rally, sponsored by Robin Seymour, personality of Radio Station WKMh, Detroit and Dearborn, and Teen Life Newspaper, was held Sunday, the 23rd of February, at the Michigan State Fair Coliseum in Detroit.

The rally—a family affair—started at 2:30 P.M., although the crowds started to gather as much as an hour and a half early. The Detroit Fire Marshal was on hand and stated the seating capacity was 15,000 persons, but he would allow an additional fifteen hundred for standing room. It was necessary to turn hundreds away from the gates when the total capacity of 16,500 was reached. This is the first time in Detroit anything like this has ever been done with such an outstanding response.

There was no charge made for ad-

mission, and the entertainment, made up of television and recording stars, donated their time and service for the cause of the Youth Rally.

The program was billed as an "appreciation day" from Robin and Radio Station WKMh for the cooperation and backing they have received for the last ten years from the people in this area.

It also gave Robin a chance to show the youth of this area that they are indeed an important part of America today and to impress upon them the position they will play in their country's future.

Entertainment for the program included Jimmy Dean, Nick Todd, Bobby Laurel, Shaye Cogan, Jackie Scott, Paul Anka and The Echoes.

Others on the program were Nick Forrest, The Loradoes, Roy Moss, Jack Costello, Brook Benton, Ronnie

Capitol Records Distrib. Corp. To Spend \$1,500,000 On Expansion

HOLLYWOOD — Capitol Records Distributing Corp., last week, announced an 18-month construction and expansion program of company branches in 16 key population centers which, when completed by May of this year, will amount to \$1,500,000.

Because of Capitol's constant growth in the 16 years since its founding, President Glenn E. Wallichs disclosed the extensive construction program it is providing by establishing greatly enlarged quarters in new locations for CRDC branches in New York, Chicago, Los Angeles, Charlotte, Cincinnati, Dallas, Detroit, Hartford, Minneapolis, Kansas City, and St. Louis. In addition, branches which have at least doubled in size over their old locations include Boston, Buffalo, Newark, Oklahoma City, and Pittsburgh. A brand new branch also was established in January this year in Baltimore, bringing the total to 26 branches.

In the three major moves in New York, Chicago and Los Angeles, CRDC has acquired prime locations that will enable better service to the record dealers in these metropolitan areas.

In New York, the branch will occupy the entire ground floor of the Warner Bros. building at 315 W. 44th Street, one and one-half blocks off Times Square, which will give the branch three times the floor space available at its present location. Alterations are expected to be completed and the branch re-located at the new address in May, this year.

In Chicago, a long-term lease has been secured on the entire two-story building at 1326 S. Michigan Avenue, two blocks north of the present site of the Chicago branch. Here, also, the branch will have floor space approximately three times greater than at the former location. Remodeling of the structure and occupancy by the branch is expected to be completed in April.

Also providing useable floor space three times larger than its former quarters will be the new Los Angeles branch, to be located at 3117 San Fernando Road, a key central location five minutes from downtown Los Angeles. Completion of the new Los Angeles branch offices is expected by May 1.

The added convenience of ample parking facilities will be provided at all three of the metropolitan city branches. The new location of the New York branch is opposite one of the largest parking lots in the commercial section of Manhattan.

Thiele Named A & R Head of Dot

BOB THIELE

Records and general manager of Dot's eastern offices, according to an announcement by Randy Wood, president of the Dot label. Thiele's new "long-term" contract with Dot becomes effective immediately.

A veteran of the music business, Thiele first entered the field at the age of 16. He formed one of the record industry's first independent labels, Signature Records, of which he was president.

About five years ago, Thiele became A & R head of Coral Records and helped develop the company to the current important stature which it has in the industry today. Among the many hits which he A & R'd are "Sugartime", the current McGuire Sisters' smash; "Richochet", the Teresa Brewer gold disk; "Sincerely", which started the McGuire Sisters on the road to their current position as one of the top female groups in the business; the Don Cornell money-makers, "Hold My Hand", etc., and many others.

Under Thiele's supervision, Lawrence Welk became one of the nation's leading album salesmen. Thiele handled the re-activation of the Brunswick label which last year produced the very successful Crickets releases including: "That'll Be The Day", "Oh Boy", and their current chart rider, "Maybe Baby". Thiele saw the potential of Buddy Holly, lead of the Crickets, as a soloist and recorded him as solo performer with a song called "Peggy Sue" for which Holly received a gold record.

Hi Fi Records Ups Album Prices To \$5.95

LOS ANGELES—High Fidelity Recordings will raise its retail album prices from \$4.95 to \$5.95 beginning April 1, label prexy Richard Vaughn announced last week.

Commensurate with the price increase, Vaughn announced that he is reorganizing many of label's operations in hopes of grabbing a bigger percentage of the record and tape market this year. Seventy-five thousand dollars has been allocated for advertising this year with ads scheduled on a regular basis in national magazines. A portion of money will also be spent on in-store display pieces. Last year the company spent a total of \$10,000 on ads.

Heavy polyethylene bags will be used to seal the record in the sleeve from now on, Vaughn added, and the label has been redesigned, utilizing two colors on silver paper. All album jackets from now on will be laminated, instead of varnished, for greater protection and attractiveness.

Vaughn has also signed Pete Stapleton as national sales manager and has moved the entire operation to new quarters at 7803 Sunset Boulevard, in Hollywood.

Though label has grown steadily since its beginning in 1955, and last year grossed \$2,000,000, Vaughn feels a stepped-up operation is needed to compete with great amount of material being released today by every company.

Vaughn's subsidiary label, announced recently and one which will release pop and rock 'n roll singles, has officially been named Orbit Records. The initial release by fifteen-year-old singer Scott Engel will be out this month.

George Feyer puts his signature to a long-term RCA Victor contract as company executives look on. (Left to right) W. W. Bullock, Vice-President in charge of the Albums Department, E. O. Welker, Manager, Artists and Repertoire for Pop Albums, and George R. Marek, Vice-President and General Manager.

NEW YORK—George Feyer, internationally popular piano stylist, has been signed to an exclusive recording contract by RCA Victor.

W. W. Bullock, Vice-President and Manager of the Album Department indicated that Feyer will be represented on the Victor label at an early date. He will record both albums and singles. His first album is scheduled to be cut in a few days and will be released this spring.

Born in Budapest and trained under the modern masters Dohananyi and Kodaly, Feyer shifted to the popular field after an impressive concert career. Almost overnight he became one of the best-known and highest paid entertainers in Europe, playing in some of the smartest nightclubs on the continent.

In 1945 Mr. Feyer was hired to play at an American officers' club in Budapest. The enthusiasm of the audience for his Continental interpretations of American pop tunes led him to apply for a visa to the United States.

He arrived here in 1951 and after getting his 802 card was booked at Gogi's Larue. He has been enormously successful since then—in person and on records.

Feyer is currently appearing at the Hotel Carlyle on Manhattan's fashionable East Side where he has been the star attraction for the last three years. Each year he tours the nation's leading universities, such as Yale, Princeton, Vassar and M. I. T., supplementing his performances with concerts in major cities across the country.

"ELLA FITZGERALD SINGS THE DUKE ELLINGTON SONG BOOK"—With Duke Ellington and his Orchestra—Verve MGV-4010-4 (4-12" LP)

The deluxe four LP package has the great jazz inspired songstress tagging a collection of goodies closely associated with Duke Ellington. The issue will also be sold as two separate two page albums. The Ellington aggregation goes full brass ahead behind the songstress as she offers the familiar items. Included in the liberal sampling of tunes are "Caravan", "Take The 'A' Train", "Prelude To A Kiss", and "In A Sentimental Mood". Ella, one of the all-time great sellers of a tune, is at her outstanding best on these four albums, and the sales should equal those of her previous two successful entries, "Ella Fitzgerald Sings Rodgers and Hart" and "Ella Fitzgerald Sings Cole Porter". We can't get too enthusiastic about this offering. Could be one of the year's big sellers. Chart Stock.

"THE TOUCH WITH THE BLUE FLAME"—Jackie Gleason—Capitol W-961 (1-12" LP)

The platter is a follow-up to the maestro's "Oooo!" issue. Gleason, the master mood interpreter, presents an orchestral setting featuring eight marimbas and the soothing trombone sounds of Lawrence Brown. One of the really moving selections on the disk is one penned by Gleason called "Alone In The Crowd". Another beautifully done mood set that dealers should capitalize on. Issue will fare very well in sales.

"EYDIE GORME VAMPS THE ROARING 20's"—with Orchestra conducting by Don Costa ABC Paramount ABC-218 (1-12" LP)

Eydie Gorme treats the listener to a liberal sampling of familiar oldies. The pert thrush offers top vocals along with the highly complimenting background supplied by the Costa crew. An example of the high calibre of offering is "Toot Toot Tootsie, Goodby". Miss Gorme gives a tasty treat of her vocal talents. Colorful vocals will receive a hearty welcome from the songstress' many fans. Will get its share of sales.

"ALL THE WAY"—Jane Morgan and the Troubadors—Kapp KL-1080 (1-12" LP)

Jane ("Fascination") Morgan is joined by the Troubadors as she showcases twelve tunes among them a number of items that were recent hit singles. The Troubadors go it alone on two of the sides, "Because" and "Sunrise". Together the artists render "All The Way", "April Love", etc. Collective talents should give the waxing an additional sales push. Good sounding record.

"IN THE MYSTIC EAST"—Frank Chacksfield and his Orchestra—London LL-1780 (1-12" LP)

The Chacksfield musicians take the listener on a trip via music of the Far East. Going full brass ahead the crew creates a vivid picture of the oriental life. Tunes include "Rickshaw Ride", "Moon Above Mayala", "March Of The Siamese Children", and "On A Little Street In Singapore". Top readings by the accomplished artists. Chacksfield means money in the till. Stock up.

"THE MASCULINE TOUCH"—Billy Daniels—Verve MGV-2085 (1-12" LP)

The pressing was recorded during actual performance at the Macombo in Hollywood. The famous personality receives the attractive backdrop of an accomplished rhythm section as he offers his lyrical interpretations of fifteen items. Daniels is featured in jumps, ("On The Sunny Side Of The Street"), and ballads ("On The Street Where You Live"). The waxing is a definite sales getter.

"UNRESTRAINED"—Jo Ann Miller with Benn Arden and his Palmer House Orchestra—Audio Fidelity AFLP-1864 (1-12" LP)

The artist on her first LP effort for the diskery, displays a smooth, attractive delivery. Miss Miller has a versatile approach and on this set sings sophisticated night club tunes ("Good Little Girls", "Married I Can Always Get") as well as some slow beat items ("Baubles, Bangles, Beads", "Am I Blue"). Attractive backing from the Arden musicians. Platter should get its strong share of the sales.

"GIGI"—Gogi Grant and Tony Martin with Dennis Farnon's Orchestra—RCA Victor LPM-1716 (1-12" LP)

The two top vocalists tastefully render a number of tunes from the new M-G-M release. The new flick boasts some enjoyable goodies. Martin and Grant form a combination that makes for some amiable listening. Supplying the vital backings are the easy strings of the Dennis Farnon crew. Two appealing goodies featured are "I Remember It Well", and the much recorded "Gigi". Attractive entry in the "Gigi" sweepstakes.

"MARY MARTIN SINGS—RICHARD RODGERS PLAYS"—RCA Victor LPM-1539 (1-12" LP)

The accomplished actress and the great songwriter combine their talents to form a well sounding duet. Martin's vocal efforts along with Rodgers' piano skill are competently assisted by the ork under the direction of John Lesko. Tunes included: "I Could Write A Book", "My Funny Valentine", "Getting To Know You", etc. Beautiful showcases for the Rodgers and Hart or Hammerstein tunes. Martin and Rodgers provide excellent name value and delightful entertainment.

"JUST FOR LAUGHS"—Andy Griffith—Capitol T-962 (1-12" LP)

The popular humorist offers the listener a number of very amusing story routines. Griffith, with his well known "What It Was, Was Football" has been on TV, the movies and the Broadway stage ("No Time For Sergeants"). In addition to the "Football" routine, the artist renders laugh prompting versions of "Carmen", "Swan Lake", and others. The album has the potential to become a solid seller.

"DICK HYMAN AT THE HARPSICHOARD IN HI-FI"—with trio and orchestra—M-G-M E-3606 (1-12" LP)

Hyman becomes a very colorful performer when sitting at his harpsichord-piano. With his trio and orchestra in the background supplying the more than attractive accompaniment, Dick Hyman renders a few oldies ("When Your Smiling", "Gimmie A Little Kiss Will Ya, Huh?") as well as some self penned items ("The Red Cat", "The Blue Whistler") in great style. Should fare well with the artist's followers.

"JUMPIN' TRUMPET"—Ralph Marterie and his Orchestra—Mercury MG-20294 (1-12" LP)

Ralph Marterie and company run through some easy to take dance sessions. The musicians give the full brass treatment to a host of tunes with titles suggestive of an automobile ride. The items include "Dangerous Curve", "Slippery When Wet", "Green Light Go", "Travel At Your Own Risk" etc. Marterie's offerings are top-flight entertainment and disk should do well sales-wise.

"CONLEY AT THE KEYS"—Conley Graves Trio—Decca DL-8625 (1-12" LP)

Conley Graves tackles a mostly show tune bill. The artist's jazz inspired ivory work is backed by the other two members of the trio Jerry Williams and John Semple on drums and bass respectively. Selections: "Too Close For Comfort", "Bess, You Is My Woman", "You Make Me Feel So Young", "I Got Rhythm", and seven others. The pressing will appeal to the jazz buffs as well as the pop buyers. Will sell if exposed.

Album Reviews

Mood Italiano
Tommy Gumina

"MOOD ITALIANO"—Tommy Gumina accordion with rhythm accompaniment—Decca DL-8630 (1-12" LP)

While working with such tuneful items as "Non Dimenticar", "Autumn In Rome", and "I Only Know I Love You", Tommy Gumina can really showcase his distinctive accordion talents. The accordionist is aided by an impressive rhythm section. Using an accordion with reeds built into a chamber, Gumina is able to achieve tremendous range. Great mood issue.

"A WORLD OF MUSIC"—Carmen Dragon conducting the Capitol Symphony Orchestra—Capitol PAO-8412 (1-12" LP)

"SERENADE"—Carmen Dragon conducting the Capitol Symphony Orchestra—Capitol PAO-8413 (1-12" LP)

Capitol releases two sets spotlighting the distinguished talents of Dragon and the Capitol ork. The disks program an enjoyable array of light classical ventures. Dragon conducts the crew through top versions of Brahms' "Waltz In A Flat" (A World Of Music), Mendelssohn's "On Wings Of Song" (Serenade), and many more. Make room on the classical shelf. A most enjoyable duo.

"EL RODEO" Los Chilenos-Arturo Gatica and Hi'da Sour—Columbia WL-104 (1-12" LP)

The pressings, issued in the label's "Adventures In Sound" series, offers music heard in the rodeos in Chile. The striking Latin-American music is authentically reproduced by Los Chilenos and the two soloists, Gatica and Sour. Together the artists expertly bring to the listener the infectiously happy songs familiar to the colorful country. Good and exciting package.

"A FRENCHMAN IN NEW YORK"—Luc Poret—Riverside RLP-12-818 (1-12" LP)

The French entertainer makes his debut on records with this waxing. Poret proves himself an accomplished vocalist, as well as accompanist on guitar. Offering additional assistance is the Jimmy Lyon Trio. After a short introduction describing origin of many of the tunes, the artist goes into extremely tasteful treatments. One of the more striking tunes rendered is the popular "La Vie en Rose". Fine disk with strong sales potential.

"SOCIETY DANCES"—Milt Shaw and his Orchestra at the St. Regis—Urania UR-9010 (1-12" LP)

The disk features the bouncy society ork delivery of the Milt Shaw orchestra. The happy treatment is given in a medley of fox trots and waltzes. Shaw and his ork run through the goodies with a smooth delivery that appeals. Items include: "I Won't Dance", "Almost Like Being In Love" and "On The Street Where You Live". Should find its niche in the growing popularity of the society ork.

"URBANE JAZZ"—Roy Eldridge and Benny Carter—Verve MGV-8202 (1-12" LP)

Eldridge and Carter have been on the jazz scene a long time and they know their way around. Eldridge on trumpet and Carter's alto are ably assisted by Bruce MacDonald, John Simmons, and Alvin Stoller on piano, bass, and drums respectively. One of the highlights of the set is a ballad medley the musicians offer in which they render "I Remember You", "Chelsea Bridge", and "I've Got The World On A String". Real swinger. Desirable stock.

"A NIGHT IN TUNISIA"—Art Blakey's Jazz Messengers—Vik LX-1115 (1-12" LP)

The Messengers run through their hard bop versions of five selections on the set. Blakey is one of the most colorful percussionists on the scene, and he has an equally colorful group. The hard driving musicians offer the afro-cuban opus "A Night In Tunisia" with the swinging vitality they're noted for. Rounding things out are Sam Dockery on Piano, John Griffith on tenor, trumpeter Bill Hardman, Ferris Benda on alto, and Jimmy De Brest on bass. Stock well.

"ELLINGTON INDIGOS"—Duke Ellington and his Orchestra—Columbia CL-1085 (1-12" LP)

The Duke and company once again go over a collection of tunes in their distinctive fashion. While featuring such jazz masters as "Shorty" Baker (trumpet), and Johnny Hodges (sax), the Ellington crew warmly renders "Prelude To A Kiss" and "Autumn Leaves". Also assisting vocally is Ozzie Baily. Another standout item is "Tenderly", which features the clarinet of Jimmy Hamilton. A sales getter for the maestro.

"BLUES FOR TOMORROW"—Various Artists—Riverside RLP-12-243 (1-12" LP)

Riverside is offering a collection of unreleased versions of the blues by some of the big jazz names (Sonny Rollins, Billy Taylor, Gigi Gryce, Art Blakey, etc.). The tunes are sessions cut from some of the past LP's the musicians have offered, and they present some really sound listening. Tunes include "Funky Hotel Blues" (Sonny Rollins Quartet), "Let's Blow Some Blues" (Mundell Lowe Quartet), and three more. Great pressing.

"PORTRAIT OF SHORTY"—Shorty Rogers and his Giants—RCA Victor LPM-1561 (1-12" LP)

The big band sails through eight selections penned by Rogers. Shorty Rogers, one of the most prominent arrangers on the jazz scene, is working with a group of top calibre musicians (Pepper Adams on sax and Lou Levy on piano). Some of the swingers are "Red Dog Play", "The Line Backer", and "Saturnian Sleigh Ride". The platter is a well done showcase for the positive composing talents of the leader. Well done and choice stock.

CLASSICAL

"THE BEST OF CARUSO"—Enrico Caruso, tenor—RCA Victor LM-6056 (2-12" LP)

The selections presented on the issue were taken from a deluxe four waxing set previously released by the label. The two records offer the dynamic tenor in some of his most remembered performances. Among the famous vocals are "Noche Feliz", "O Sole Mio", and "Questa La Quella", from Rigoletto. The issue is a must for all classical collections. Colorful cover will make a nice display. Should be a heavy seller.

BEETHOVEN: Moonlight Sonata—Sonata No. 26 Sonata No. 24—Sonata No. 23—Robert Casadeus, piano—Columbia ML-5233 (1-12" LP)

The well known classical interpreter plays four Beethoven sonatas. The famous "Moonlight Sonata" is handled beautifully as the pianist lends his vastly creative keyboard approach to the classic. Beethoven's three other musical triumphs are handled with equal care and feeling. A worthy addition to any classical shelf. Must stock.

"POPS CAVIAR"—Arthur Fiedler conducting the Boston Pops Orchestra—RCA Victor LM-2202 (1-12" LP)

Arthur Fiedler takes his world renowned Boston Pops Orchestra through a light and tasty journey which he titles "Pops Caviar". Fiedler handles the musical treats taken from the tuneful works of Rimsky-Korsakoff and Borodin with a light and fanciful approach—and as a result he is offering an album with great appeal to the vast market that embodies lovers of light classics and newcomers to classical music. A solid package that should find a good sized market.

PUCCHINI: Turandot—Maria Meneghini Callas, soprano—Giuseppe Nessi, tenor—Orchestra and chorus of La Scalla under the direction of Tullio Serafin—Angel 3571 (1-12" LP)

The famous opera, presented at the La Scalla playhouse is captured brilliantly here. Miss Callas, in an outstanding performance, does a magnificent job of portraying Princess Turandot, as does Nessi in his portrayal of the Emperor Altoum. The deluxe three-disk package should get an overwhelming acceptance. A brilliant production. The orchestra and chorus under the masterful conducting of Tullio Serafin. Truly a great reading of the opera.

Smathers Bill Testimony Starts

WASHINGTON, D.C.—A number of prominent songwriters and political figures sounded-off last week at the Smathers' Bill hearings in Washington.

[Ed. Note: The Smathers' Bill hearings are being staged by a Senate subcommittee of the Interstate and Foreign Commerce Committee which is hearing witnesses on a bill that would prevent radio and television station licensees from holding interests in music publishing firms and/or companies that manufacture or sell recordings.

At last Tuesday's hearings Arthur Schwartz, ASCAP exec and prominent composer for the B'way stage and films charged that the broadcasting industry had "deprived" Americans of "a free choice of music". Another prominent ASCAP'er, Oscar Hammerstein, 2nd, called the situation "an unhealthy one" for American listeners and songwriters. Hammerstein said:

"Since the broadcasting interests own the radio stations and the television stations, and since the two biggest networks also own the two biggest recording companies, their interlocking strength is obvious. Add to this the fact that they are stockholders in a pool of musical copyrights called Broadcast Music, Inc., and bear in mind also that the broadcasters are the employers of the disk jockeys in whom lies the power to choose which records are to be played. You may then have an idea of how insecure it must feel to be an outsider—a writer whose work is not published by a BMI publisher."

In 1953, the Songwriters of America, of which Hammerstein and Schwartz are members, filed an anti-trust suit of \$150 million against BMI. The suit, in which all 33 plaintiffs are ASCAP writers, is still pending in Federal District Court.

Schwartz' testimony included the following statement:

"If record companies such as Capitol, Mercury and Decca want to get the kind of exposure for their recordings that RCA and Columbia records get, how could they do it? They don't have a license to broadcast. The networks give preferential treatment to their own records."

Wednesday's hearings resulted in an attack against country music by Vance Packard, author of "The Hidden Persuader", a book that claims to show how the tastes of Americans

are manipulated. Packard categorized "hillbilly" music as one of the "cheapest types of music" available to the broadcasters from BMI. He said there has been "a gross degradation in the quality of music supplied to the public over the airwaves." In another statement he referred to country music as a "neglected lode of cheaply-mined music".

Following Packard's statements, Senator Albert Gore of Tennessee, the heart of country music, read a telegram from Tennessee's Governor Clement defending the music. Clement's telegram called Packard's statements "a gratuitous insult to thousands of our fellow Tennesseans both in and out of the field of country music".

Although Packard knocked country music, one sentence in his testimony said: "... I would be the first to agree that some hillbilly—the true folk songs—and rock 'n roll music and much of the Latin American music is of good quality."

Packard revealed that for the last month he had been working with the Songwriters Protective Association to prepare a statement for the House subcommittee. Under questioning by Senator Pastore, Packard conceded he had worked with the SPA and prepared his statement "for pay."

Thursday's testimony included additional views on the country music issue. This time it was from composer, conductor and educator in the serious music field, Howard Hanson, who said that "The hillbilly music we hear on the radio is not really hillbilly music. It's a Madison Avenue version of hillbilly music. It's pretty doctored and a long way from the hills of Tennessee." Although Hanson "questioned whether broadcasters have matured enough to realize their responsibilities to the public," he said that "the networks have done magnificent things in developing cultural music."

On Thursday, Arthur Schwartz returned to the stand for the third day in a row. He charged that "the two leading networks have used their recording companies as collaborators in promoting the artists, recordings and music under their joint control." Record labels that have no license to broadcast, "have been discriminated against by this combination," Schwartz said.

Hearings will continue next week.

Coral Records Releases 9 LPs

NEW YORK — Coral Records has announced the simultaneous release of nine new long-play albums. These albums include recordings in a wide variety of styles, and are being supported with strong promotion and advertising.

Spearheading the release is a deluxe package, the Original Sound Track of "The True Story of the Civil War." This album marks Coral's first venture into the \$4.98 field, and is expected, by the label's brass, to reap strong reaction, both initially and as a steady catalog seller.

"The True Story of the Civil War" is narrated by Raymond Massey, with music composed and conducted by Ernest Gold, and music supervision by Elmer Bernstein. As a short subject, the Camera Eye Pictures Production won the Academy of Motion Picture Arts and Sciences "Oscar" as the Best Documentary Short Subject, as well as several other film awards from international organizations. The picture featured no actors, sets or props. Instead, the visual end of the film was comprised of actual photos taken during the Civil War, which were secured from the National Archives of the Library of Congress.

Coral's "Civil War" album package includes an eight-page booklet, with photographs from the film, maps of battles, campaigns, famous speeches of the era, and poems and songs of and about the War Between the States.

The new Coral album release also includes three instrumental sets by Roberto and His Orchestra. These recordings, titled, "I Love Gina," "My Love for Jane" and "Anita My Love," feature cover shots, respectively, of Gina Lollobrigida, Jane Russell and Anita Eckberg. The three are being given visual promotion with a special dealer display unit, adaptable for either window or counter use. Another instrumental set to be released at this time is "Paris After Dark," by Pierre Dorsey, French pianist and conductor.

On the vocal side, Coral is issuing the first LP by Betty Madigan, titled "The Jerome Kern Songbook." The jazz idiom is represented by Deno Kannes, young vocalist in an album called "Salt Lake City," "The Fabulous Bill Holman," well-known tenor saxophonist, and "Jazz Cornucopia," featuring several top name groups.

Also at this time, Brunswick Records, a division of Coral Records, is releasing three new albums. These are "Terry Noland," "He's So Fine," by Jackie Wilson, and "Sidney Bechet in Paris."

Chudd Signs Ozzie and Harriet Nelson, Alfred Hitchcock and Ralph Edwards To Imperial

LOS ANGELES—Four major television personalities: Ozzie and Harriet Nelson, Alfred Hitchcock, and Ralph Edwards, have been signed by Imperial Records to record albums, it was announced last week by label president Lew Chudd.

Ozzie and Harriet, parents of Imperial's selling artist, Rickey Nelson, and whose TV show has been among the top rated for the past five years, have not been heard on record together since Ozzie disbanded his orchestra in favor of acting. They will each sing individual numbers, though most of the tunes will be duets. Recording begins immediately with the Nelsons chirping on standards and contemporary pop tunes as well. The album, which will be titled "Ozzie and Harriet," will be ready for release in thirty days, Chudd stated.

The Alfred Hitchcock album will be one of the most off-beat instrumental packages ever presented. Titled "Music to Murder By," the album will consist of original murder and horror themes, played by a big orchestra and narrated by Hitchcock. The only known theme which may be included is the theme from the "Alfred Hitchcock Presents" TV series. Chudd and Hitchcock have also mapped out an intensive and different promotion slant to launch the album, which will be announced at a later date.

The third album takes its title from the popular TV show, "This Is Your Life," owned and emceed by Ralph Edwards. Songs in the album will be ones that are identified with celebri-

ties that have appeared on the show. There will be twelve songs in all. Like the Hitchcock album, Edwards will narrate a portion of the disk, and it will be entirely instrumental.

In all three cases, Chudd is negotiating for extended TV album plugs that will carry over a long period of time. In turn, each artist and show will get direct advertising and promotion over a one-year period through Imperial's regular music outlets. The biggest in-store dealer display program in Imperial's history will kick off the three packages, and Chudd plans periodic display changes for the whole year to sustain an active sale.

All fan mail received by the three shows will be sent advertising on the albums. Normally, fan mail for these shows runs into the hundreds of thousands a year. This will be handled by each show individually.

Chudd also plans a heavy push on the two instrumental albums with FM radio stations, since many of the tracks will be longer than those that AM deejays normally want. He expects to cull a single from the Ozzie and Harriet LP, after it is out, and will base his decision on reports from deejays throughout the country.

Though none of the four names will be able to do active promotion, due to full-time TV commitments, Chudd plans special taped interviews which will be sent to radio stations, record reviewers, and columnists.

All three albums will be out next month.

Trade Party

SAN FRANCISCO—The Gateway Singers opened an eight week engagement at the Hungry I in San Francisco, on Monday, February 24th, and on Wednesday evening the 26th, the Hungry I and DECCA Records held a cocktail party for the trade in San Francisco, made up of radio station personnel and retail shop owners and clerks. The turnout was excellent, and after the party, which lasted from about 5:00 PM to 7:00 PM, the Gateway Singers put on about a 30 minute show for all those present. The Gateway Singers got their start at the Hungry I, and have a very large and very loyal following primarily in the San Francisco area.

Pictured here, top left, are The Gateway Singers—Ernie Sheldon, Elmerlee Thomas, Travis Edmonson, Jerry Walter.

A supplier's advertising states that their diamond styli are "perfect for your phonographs."

THIS IS NOT TRUE!

The supplier's styli are generally badly formed and roughly chiselled, as the above unretouched photo proves.

RECOTON diamond styli are hand-polished, mirror-smooth to assure customer satisfaction, good will and higher profit. And—remember that **NOBODY SELLS FOR LESS!**

RCA Victor "Bluebird Line" Announces Spring Program

NEW YORK—A strong package of kiddie merchandise will be released on RCA Victor's Bluebird Series this month, it was announced by Harry Jenkins, Manager of Single Records. The program will consist of five 12-inch LP's and three singles. All 12-inch albums will continue to retail for \$1.98, the new low price set last Fall by Jenkins for Children's records. Singles will sell for 49¢. The LP's will be housed in four-color process covers and wrapped in polyethylene, and the entire line of singles will also have attractive color sleeves on both speeds. Heading the release is an album called "Fun In Shariland" (shown above), recorded by Shari Lewis. Miss Lewis, known as the "toddler's pin-up girl," has recently become a popular TV personality, with her "Hi Mom" show (9 to 10 A.M., Monday through Friday on WRCA-TV), and her own one-hour show, "Shariland" (8 to 9 A.M., Saturdays, on WRCA-TV). This album marks her debut on rec-

ords, and she introduces her TV puppets, Lamb Chop and Charlie Horse. The disk is a "participation" record in which Shari leads the youngsters in "something to do." It is designed primarily for pre-school ages.

A listing of the complete Bluebird Spring program follows:

Other albums in the release include: "Fun For Everyday With Little Johnny Everything and His Sister Judy"—Little Johnny Everything with the Norman Leyden Orch.; "Black Beauty and Other Great Stories"—Marla Ray; "The Little Engine That Could" and "Four Wonderful Winnie The Pooh Stories" with Paul Wing, James Stewart, narrator; "Walt Disney's Peter Pan & Alice In Wonderland"—Original Cast plus Joe Reisman Orch. and Chorus.

The singles are: "I'll Be A Sunbeam" b/w "Child's Morning Hymn"—George Beverly Shea; "Tales of Wells Fargo" b/w "Come All You Texas Rangers"—by the Prairie Chiefs; and "Peter Cottontail" b/w "Katy, The Hoppingest Kangaroo"—by Roy Rogers.

In addition to the new release, Jenkins stated that a conversion program is also under way for a number of the best-selling Bluebird records. These disks will now be available in new four-color sleeves. Some of the top items included in the conversion are: "Cinderella," "Snow White and the Seven Dwarfs," "Mother Goose Play Songs," "Mother Goose Birthday Party" and "Fun on a Rainy Day with Little Johnny Everything."

Jenkins also announced that an attractive merchandising plan is being offered to distributors and rack jobbers handling the Bluebird Spring release.

Siegel To Europe To Wax For Seeco

NEW YORK—Sidney Siegel, president of Seeco Records, left Wednesday, March 12, for a two-week (to March 27) trip to Madrid, Paris and London, to record material for the Seeco label.

Siegel announced that, while in Madrid, he will arrange recording sessions for ten Zarasuelas (authentic, light Spanish operettas), ten Flamenco LP's and two albums with Lola Flores, exclusive Seeco recording artist and a leading Spanish motion picture and singing star.

In Paris, Siegel will set recording dates for leading musical comedies now playing in Paris theaters. These will be recorded with the original casts and will be released here as part of Seeco's "Celebrity Series."

In London, Siegel will pick English musical comedies to be recorded for release in this country and will also scout leading supper club acts for special material that would have a sales appeal in the American market.

Siegel will not actually record but will choose the material that he wants and appoint local A & R men to follow through on the sessions and ship him the tapes.

Siegel stressed that this is part of the campaign to establish Seeco Records as a leader in the field of "international" recording.

The Seeco "Celebrity Series" is currently being sparked by strong sales on the Elsa Maxwell, Jose Melis and Milton Saunders' LP's.

Sales Manager Abbott Lutz stated, "Now that we have won acceptance, national distribution, and have our packages in every important retail outlet in the United States, we are able to follow through with our plans to introduce in the American market authentic, international music recorded with talent native to the country of origin. We have found that there is a large, untapped market for this type of record and we know that we are probably the only recording firm in the United States in a position to really follow through with this plan."

New Victor Flier Aids Deejays In Programming

NEW YORK—To promote the spins of RCA Victor singles and selections from Victor LP's, the diskery has devised a clever flier called the "Visual Program-Timing Chart" which will be sent out on a monthly basis to deejays across the country.

The chart lists selections under time categories, e.g., 1:15-1:50, 1:51-2:15, etc. Through a clever and attractively formulated pictorial code, the jockey, at a glance, is informed whether the number is an instrumental, a male vocal, a female vocal or a group vocal effort.

Other information on the chart is the song's title, the name of the artist, the record number, the title of the album from which the band stems, should it be a selection from an LP, the running time, the clearance agency and the publisher.

The chart also leaves space available for the deejay's file number of the recordings referred to.

Sands Storm Hits Cleveland

CLEVELAND—Sands fans came alive when Tommy made a personal appearance at the opening of his 20th Century Fox picture "Sing, Boy, Sing". Tommy also met with the press and deejays to thank them for their interest. Pictured top left Capitol Records Cleveland representative, Marvin Beisel greets Tommy at the airport. Right, Tommy answers the questions asked by local high school editors. Middle left, Scott Muni, WAKR-Akron, and Bob January, WSRB, Cleveland, have albums autographed for fans. Middle right, WERE's Phil McLean gassed Tommy. Bottom left, Bill Randle, WERE, (also seen in "Sing, Boy, Sing") appears with Tommy at the Hipp Theater. Right, Tommy talks with Mr. Sic of the London Daily Mirror (the picture opened in London on the same day).

R & B Ramblings

NEW YORK:

Another new r & r label makes its debut this week as the trend for majors to launch subsidiaries continues. Arnold Maxin, president of MGM Records announces the formation of Orbit Records exclusively for rock and roll records. Maxin has signed Jerry Winston to produce a minimum of fifteen releases for him in the next year. Winston has had a good degree of success with his Onyx and Mardi Gras labels here in the New York area. He has developed three solid selling groups in The Wanderers and The Velours and The Pearls and with the promotional thrust of the new swinging crew at the MGM helm, Maxin, Irv Jerome, Morty Craft and Sol Handwerker, Winston is in a great position to break them nationally. Orbit's first release will consist of "Remember" by The Velours, "A Teenage Quarrel" by The Wanderers, (both Jerry Winston produc-

DUPONTS

tions), and "You're The One" by Jimmie Williams, cut by Arnold Maxin for MGM. . . . Old Town fellas wallowing in that wonderful "hit" feeling as they watch "We Belong Together" breaking out all over the country. The Robert and Johnny etching breaks into The Cash Box Top Sixty this week and looks well on its way. Robert and Johnny will appear on the Dick Clark show on March 25, which should give it an extra shot in the arm. . . . Don Robey, Peacock-Duke-Backbeat, gives his special promotion man, Sgt. Bill Smith, a great big pat on the back as he reveals it was Bill who really spotlighted "So Tough" by The Casuals and helped make it a national hit. Robey is also very excited about the all around reaction to his new entry, Tony Spade. Spade's "Life Is A Mystery" and "What's Gwynne On" is showing definite signs of happening. Newest additions to Robey's artist roster are The 5 Jades and The Lasalles. Both are skedded for mid-west sessions about March 15. . . . Buddy Friedlander, Epic and Okeh, tells us to watch out for Little Joe's "What Happened To Your Halo?" Says it has been getting a terrific reaction all around and it could be another "Peanuts". . . . Another new label bows in the local area. Ed Portnoy and Stan Feldman, who launched Ivy Records about half a dozen months ago, now offer a sister label, "Willow". The first release on Willow Records is The Cozytones' "I'm Alone". Portnoy and Feldman just put out a beauty on Ivy, "I Might Like It" by The Deltairs. This looks like an all market goodie. . . . Charles Merenstein, Apollo Records, offers a new Solomon Burke this week. "Don't Cry" and "They Always Say". . . . Eddie Mesner, Aladdin Records, calls in from L.A. to make sure we don't miss a new master he picked up. Outbid two majors to get it he tells us. The plate, "One, Two, Let's Rock",

LITTLE JOE

is chanted by Sugar and Pee Wee, and Mesner says, "We've got a hit if we heard one." Another Mesner is pretty high on is, "Swinging Yellow Rose of Texas" by The Strollers. Advises he is getting a great deejay reaction in L.A. . . . Over at Roulette Records the shipping department continues to work hard with half a dozen numbers filling the order sheets. The Playmates' "Let's Be Lovers"; "Marindy" by The Techniques; "Down On My Knees" and "I Found a Job" by The Heartbeats; "Screamin' Ball" (At Dracula Hall) by The Duponts; Foy Willing and the Riders of The Purple Sage "Soft winds"; and "How Can You Lose Whatcha Never Had" by Count Basie and Joe Williams are the magic six. . . . Bill Doggett out with a new pairing on King this week. "Pimento" and "Boo-Da-Ba" are the two new entries by the Doggett combo. . . . George Goldner grabbed another master this week when he closed a deal with Larry Uttal of Monument Music. Uttal, who made a real fast deal a couple of weeks ago when he sold "Screamin' Ball" by The Duponts to Roulette, made another with Goldner which was even faster.

HEARTBEATS

Uttal cut "Please Buy My Record" by Addie Lee on Friday, March 7, edited it over the weekend, and made his deal on Monday, March 10. On Wednesday, March 12, Goldner had strike-offs in the hands of local deejays. Goldner also out this week with Scotty Carroll's "Two Young Lovers" and "Heartstrings" on Gone; Eddie Bartel's "Cha-Lypso Bounce" and "Steady Eddie" on Modern Sound; "Baby, Baby, Baby" and "I Cried Enough" by Joe Allen on Jalo; and "Baby, Come Back" and "Long, Long Walk" by Johnny Rivers on Gone. . . . Notice the indies cracking into the bottom of the Top Sixty this week. "Been So Long" by The Pastels, taken over by Argo from Bea Kaslin several weeks ago; "I Met Him On Sunday" by The Shirrelles, taken over by Decca from Tiara; "We Belong Together" by Robert and Johnny on Old Town; and "Book of Love" by The Monotones on Argo, also purchased from Bea Kaslin, who had issued it on Mascot. The latter highlights the difficulties of the small label. Bea has had a fair degree of success on her Hull Records and Mascot Records, but has never really been

able to break out. She started The Heartbeats (now on Roulette) and had several good selling disks in this area. However, her first national success came when she turned over the Pastel's and Monotones' decks to the Chess brothers. This business gets more and more difficult for the small indie, despite the breakthrough occasionally of unknown labels. National promotion is a must and only the established labels seem able to cope with this situation. . . . Bill Spitalsky, Atco Records, making the deejay and trade rounds with the new quartet of releases. The four new entries are King Curtis' "Just Smoochin'" and "The Birth of The Blues"; Jimmy Simmons' "I'll Never Find Love Again" and "Too Hot To Handle"; "Rock 'em Back" by Walter Spriggs; and "Hutch" Davis' "Woodchoppers' Ball" and "Honkey Tonk Train". . . . Gone Records has been set as national distributors for Jalo Records. . . . Don Carter leaving Roulette to produce masters independently. . . . The Silhouettes, who were to introduce their new Ember release last week on Dick Clark's national teevee'er from New York, arrived late because of bad transportation connections and were only able to do their number one hit, "Get A Job". Dick Clark presented them with a gold record. The new Silhouette etching is turning out to be "Miss Thing", although "Headin' For The Poorhouse" is also getting a strong reaction. Ronnie Pearson is on a cross-country trip exploiting his new "I Dig That Gal The Most". After his trip Ronnie appears on Clark's TV Bandstand on March 27. Lee Allen, now travelling with the Irving Feld tour, is beginning to get good action on his "Boppin' At The Hop".

CHICAGO:

A very encouraging note anent the big Deejay Convention in Kansas City, a tremendous crowd was in attendance; and everyone enjoyed it immensely.

BILL DOGGETT

THE SPANIELS

Next year's should be even bigger. . . . Vee Jay-Falcon's busy Abner and Jimmy Bracken just returned from the Deejay Convention and rarin' to get back into the swing of things. Abner took time out from his schedule to tell us that the Spaniels moved into the Howard Theater 3/14 through 3/20. Jimmy Reed and the El Dorados start a series of one-nighters in St. Louey 3/15. Ab says that Vee-Jay will release a new Jimmy Reed disk 3/18. Vee-Jay is prepping an upcoming recording session with a recently pacted group, the Twinettes with an early release date. Abner is enroute to Philly for the Spaniels' stint on Dick Clark's "American Bandstand". . . . Roulette's Stan Pat tells us that the diskery is really doing big biz with a great new deck by Joe Williams with Count Basie "How Can You Lose What You Never Had". "Marindy" by The Techniques and "I Found A Job" by the Heartbeats are seeing great action, according to Stan. . . . "Doc" Berger stopped off in Chi enroute to New York from the Deejay conclave reports that he has a new deck with a sensational sound on President label titled "Shoo-Sue" (Get Away From Me) b/w "Story Telling Baby" by the Jodimars. . . . Jerry Ferber, United Distributions, says that the new B. B. King "Why Does Everything Happen To Me" is happening, happening. . . . It's hard to keep up with King Distrib's busy entourage. Herb Kole, Bill Bolden, Ralph Bass and Arnie Orleans are very enthused about Bill Doggett's "Hippy Dippy" and the 5 Royales' "Dedicated To The One I Love". . . . Lenny Garmisa of Garmisa Distributions tells us that although he doesn't usually flip over new disks, he just had to break down and sing the praises of a new United Artists' release of "Paris Holiday" by Bing Crosby and Bob Hope. The accompaniment is by Joe Lilley, his orch. and chorus. . . . Tommy Sands' wonderful dad, Ben Sands, dropped in to tell us that teen-rage Tommy is east. Tommy's current release is "Sing Boy Sing" on Capitol.

LOS ANGELES:

Phil Rose of Glory Records in town, and happy with the big Coast airplay on "Honey Stroller" by The Honey Strollers. . . . Lash Lazar, heard over station KXLA, nightly, running a contest for his listeners in which they vote for their favorite Los Angeles disk jockey, excluding Lazar, who will judge the contest. . . . Mike Apako at Central Record Sales getting big calls for the new Larry Williams' Specialty recording of "Dizzy Miss Lizzy". . . . Ebb Records has signed singer Johnny Mathis' brother, Ralph Mathis to an exclusive recording contract. The sixteen year old vocalist is featured with a vocal group, The Ambers on his first release, "Never Let You Go". Station 690 has picked the record as its "Hit of The Future". . . . Bob Keene of Del-Fi Records has signed rock and roll singer Dick Dale to a recording contract. The 20-year old vocalist is also negotiating for a picture contract. . . . Cindy and Lindy have a follow-up to their ABC-Paramount "Language of Love". It is "Sittin' It Out," which is getting good reaction according to Abe Diamond of Diamond Distributing. . . . Daddy O Dan heard from 9 to 12 P.M. nightly over KGFJ giving a big play to "Six Months, Three Weeks" by The Sharps on the new Tag label. . . . T-Bone Walker Senior and Junior featured at the 54 Ballroom this weekend with Jim Winn and his orchestra. . . . The Del-Vikings, always big sellers here, have their best in several releases with the new recording of "Voodoo Man". . . . Prep Records has signed a new group, The Holidays. The first release, "The Wonder of Love" and "I'm Not Ashamed", picked as a hit of the future by station KDAY. . . . Red Blanchard, KPOP picking "Run, Run, Run", by Sammy Vance on the Ebb label for future popularity.

MGM Forms Orbit

Winston Signed As Independent Producer

NEW YORK—Arnold Maxin, president of MGM Records, this week announced the formation of a new label, Orbit Records, exclusively for rock and roll releases.

Maxin also announced the pacting of Jerry Winston to produce fifteen releases per year, using the artists and material that he now controls on Onyx Records. Two masters, already produced by Winston, will be among the first Orbit releases. "Remember" by The Velours and "A Teenage Quarrel" by The Wanderers are set for March 31 release. A third, "You're The One", by Jimmie Williams was cut by MGM.

In addition to the releases that Winston will provide Morty Craft with, MGM also plans its own contributions to the label.

Irv Jerome, vice-president in charge of sales, is now setting the distribution network for Orbit, utilizing current MGM Records distributors as well as appointing additional new distributors.

Maxin feels that there is an immediate need for the new Orbit label, due to the tremendous sales activity on single records witnessed in the three months that he has headed MGM Records. He believes that with the new Orbit label and distribution setup he will get increased sales, disk jockey attention, promotion and coverage which could not be realized under one label for the amount of material he has ready for release.

Another Fast Master Sale

NEW YORK — Larry Uttal, Monument Music, who sold "Screamin' Ball" by The Duponts to Roulette Records only a couple of weeks ago, completed another rapid-fire deal this week with George Goldner, End Records.

Uttal cut "Please Buy My Record" by Addie Lee on Friday, March 7, edited it over the weekend, and concluded a deal with Goldner on Monday, March 10.

Goldner plans to release the record immediately on the End label.

Yates Back At U.A.

NEW YORK — Ben Bart, prexy at Universal Attractions announced last week that Ted Yates, publicist, is back at U.A.

This set-up calls for extensive promotion 'tie-ins' on the road in addition to handling p.a. accounts at that artists' bureau.

Yates teams up with Jack Bart.

Girl To Stollers

NEW YORK — Mike Stoller, RCA Victor A & R exec, and one half of the hot song-writing team of Lieber and Stoller, became the father of a 7 lb. 8 oz. girl born to his wife last week. The baby's name is Amy.

Prisco On Allen TV'er

NEW YORK—Tommy Prisco, Epic recording star, gets a big break via two appearances on the Steve Allen Sunday Night TV'er. His first stint, set for March 23rd, will permit Prisco to introduce his new Epic release which was recorded last weekend. A subsequent appearance is set for sometime in May.

The titles of Prisco's new release have not yet been announced.

D MEDIOCRE

"Only those records best suited for commercial use are reviewed by THE CASH BOX"

LITTLE JOE THE THRILLER (Okeh 7099)

B+ "WHAT'S HAPPENED TO YOUR HALO?" (2:19) [Torpedo BMI—L. Chase] Little Joe The Thriller shouts out a quick beat racer with a number of cute gimmicks that could kick the deck right into the best sellers. Gimmicks abound both in the instrumental support as well as Little Joe's vocaling. Loaded deck that could explode. Watch it.

B "DON'T LEAVE ME ALONE" (2:11) [Carney BMI—J. Cook] Little Joe turns tender on this half, singing a slow beat romancer in good style. Joe is a little like Sam Cooke on this offering. Pleasing wax.

BUDDY LUCAS (Gone 5025)

B+ "THE GEE GEE WALK" (2:20) [Gone BMI—Westbrook, Goldner] Buddy Lucas swings out with an infectious excitement as he rocks with a quick beat instrumental. Deck moves all the way and could grab up a big piece of action. Watch it carefully—it deserves a good long look.

B "BOPPIN' HOP" (2:08) [Gone BMI—George Goldner] Lucas backs with a gay quick beat that the kids should cotton to. Good coupler, but not as attractive as "The Gee Gee Walk".

TAL MILLER (Hollywood 1086)

B+ "YOU MOVE ME" (2:04) [Golden State BMI—Shuler, Sheffield] Tal Miller recites his story against a busy instrumental background and comes off with an ok wax. Miller finds love at first sight as he catches a sight of a "chick" one day. Tricky drum beats that simulate his heartbeats. A good gimmick.

C+ "ONLY SIXTEEN" (2:08) [Golden State BMI—Shuler, Miller] Miller sings a slow beat blues about a sixteen year old girl. Ok deck that moves.

THE ELCHORDS with Butchy Saunders (Good 544)

B+ "PEPPERMINT STICK" (2:23) [Dan Publ. BMI—Moore, Jones] The Elchords, with young Butchy Saunders swinging out in Frankie Lymon style, dish up a quick beat jumper with an exciting treatment. Saunders is assisted by a good group and tricky arrangement. Strong deck.

B "GEE I'M IN LOVE" (2:22) [Ban BMI—Moore, Jones] Saunders and the Elchords again team on another quick beat bouncer, but with a more subdued treatment. Rhythm ballad that comes off in good style.

GUS JENKINS (Flash 128)

B+ "HIT THE ROAD" (2:32) [Reynolds BMI—Gus Jenkins] Gus Jenkins offers a slow, rhythmic instrumental waxing that captivates with a blues mood. Syncopated beat that penetrates. Deck is good and could capture a good piece of the market.

C+ "ROAD RUNNER" (2:52) [Reynolds Andrews BMI—Reynolds, Jenkins] Jenkins backs with a similar mood piece. Another slow beat offering that comes off well, but slightly under the excitement conveyed by "Hit The Road".

The Cash Box Award o' the Week

"REMEMBER" (2:25) [Malver BMI—Robert Spencer]

"CAN I WALK YOU HOME" (2:40) [Malver BMI—Haywoode, Winston]
THE VELOURS (Onyx 520)

● The Velours turn out a melodic rock-cha cha of medium beat with an infectious quality that could kick it up into the big sellers. "Remember", out several weeks in the New York territory on the Onyx label, has already worked its into a solid sized hunk of action. Now MGM has taken it over for its initial release on the new Orbit label and with heavy promotion should stir it up into a national hit. A tune that grows with each listen. Don't overlook this side. The flip, "Can I Walk You Home", is a slow beat rhythm ballad that makes pleasant listening. However, all the weight is on "Remember".

"I MIGHT LIKE IT" (2:12) [Valando ASCAP—George Weiss]

"STANDING AT THE ALTAR" (2:05) [Walnut BMI—Stansbury, Martin]
THE DELTAIRS (Ivy 107)

● The Deltairs have a real intriguing piece of material in "I Might Like It". It is a minor key novelty with a romantic lyric. The changing tempo gives it added attractiveness. It will certainly attract attention and sufficient exposure could make it happen big. It is the kind of material that should appeal to all age buyers. Sounds like Weiss's strongest piece of material since "Wheel of Fortune". The flip, "Standing At The Altar", is a middle beat r & r item done very well by the talented group. Take a good, long look at "I Might Like It".

"MISS THING" (1:57) [Angel BMI—Jones, Jones]

THE SILHOUETTES (Ember 1032)

● The Silhouettes follow up "Get A Job" with one that looks very strong. See pop reviews.

THE O. C. ALL STARS (Savoy 1533)

B "EVERYBODY STROLL" (2:40) [Planemar BMI—Cadena, Cadena] The O. C. All Stars come up with a slow instrumental stroll beat and send it off with a "sound" that captures the ear. Stirring treatment that bears close watching. Sax, strings and mood.

C+ "STONE DOWN" (2:35) [Planemar BMI—Cadena, Cadena] The group dishes up a swinging quick beat instrumental on the flipside. Good, earnest bouncer with a danceable beat.

THE CUFFLIX (Dooto 434)

B "A FOOL'S FORTUNE" (2:52) [Nathaniel McCoy] The Cufflix proffer a slow, driftly ballad with a tender delivery that places the proper feeling into the grooves. Easy, soft waxing for the dim hours.

B "TRICK KNEES" (2:40) [Dootsie Williams BMI—Nathaniel McCoy] The Cufflix rock on the flip with a gimmick that could catch on. A middle beat jump wailed with a hearty reading. Deck moves and has the right mood for the happy teen.

WILLIE EGAN (Dash 55001)

B "ROCK & ROLL FEVER" (2:05) [Glynmar BMI—Turner, Egan] Willie Egan shouts out a quick beat jump with a belty type reading that stirs up the crowd. Good, solid dance wax that the kids can rock to.

B "CHITTLIN'S" (1:40) [Glynmar BMI—Egan] Egan turns in an instrumental quick beat that comes off an intriguing side. Deck has a moving beat and stirring sound that interests the listener. Good instrumental waxing.

E. TINY WATKINS (Sandy 1009)

B "LOVE LIKE A RIVER" (2:30) [Burnt Oak BMI—Watkins, Lawrence] Watkins sings a slow beat folk blues with great dramatic effect. Followers of folk should find it very attractive. It is sufficiently different to stir up interest.

C+ "ROCKIN' SATELLITE" (2:15) [Burnt Oak BMI—Eugene Watkins] Watkins gets timely with a quick beat jumper all about rockets and a trip to the moon. Deck fails to arouse excitement.

SOLOMON BURKE (Apollo 522)

B+ "DON'T CRY" (2:12) [Bess BMI—Howard Biggs] Burke turns in a moving vocal of a slow beat ballad. Soft, tender and effective. Burke sells well here. The better side.

B "THEY ALWAYS SAY" (2:12) [Bess BMI—Charles Merenstein] Solomon Burke handles a middle beat pretty in capable fashion, but the deck is lacking in excitement. Pretty tune and good vocal reading.

SONNY DAY (Checker 886)

B+ "HALF MOON" (2:41) [Arc & Fee Bee BMI—Fatawlsky] Sonny Day offers a slow beat, rhythmic ditty with an appealing lyric. Day lends it a relaxed vocal against a steady beat background. Ok deck that should appeal to all markets.

B "SPEEDILLAC" (2:43) [Arc & Fee Bee BMI—Fatawlsky] Day offers a quick beat in the current trend that fascinates the teeners. Deck moves well and should please the record buyer.

JESSE POWELL with The Caddys (Josie 834)

B+ "AIN'T YOU GONNA" (2:03) [Benell BMI—Powell, Navarro] Jesse Powell jumps a quick beat cutie with an infectious vocal and arrangement. Deck is sprightly and tricky. Captures the attention and could attract enough spotlight to build in the sales department.

C+ "TURNPIKE" (3:02) [Benell BMI—Powell, Outcalt] Powell and his orchestra turn in a swinging and hard hitting instrumental jump with a straight out pop flavor.

JOHN LITTLETON and THE CAPISTRANOS (Duke 179)

B "PO' MARY" (2:30) [Lion BMI—Brown] Littleton and The Capistranos team on a quick beat rock with ok results. Deck hits hard with swinging results. Side comes off well.

B "NOW DARLING" (2:10) [Lion BMI—Littleton] Littleton wails a slow beat shuffle on the flip and turns in the stronger performance. Deck has a more potent appeal here and could capture a good reaction.

DONALD WOODS (Aladdin 3412)

B "MEMORIES OF AN ANGEL" (2:24) [Aladdin BMI—Donald Woods] Donald Woods gives a dramatic performance of a stirring slow beat tune. Woods wails his troubles with deep feeling. Pretty item done effectively.

B "THAT MUCH OF YOUR LOVE" (2:20) [Aladdin BMI—Woods, Specht] Woods proclaims his love in this middle beat bouncer. He comes through in moving fashion in a different kind of etching.

THE GUYTONES (DeLuxe 6159)

B+ "HUNKY DORY" (2:25) [Menlo BMI—Perper, Izzo] The Guytones dish up a middle beat bouncer with the flavor of "Come Go With Me". Deck is a joyous jump effectively treated. The Guytones lend it a vivacious quality.

B+ "THIS IS LOVE" (1:57) [Wemar BMI—Beaslerf, Richards] The Guytones swing out with a middle beat jumper giving it that exciting quality that breaks a deck out. The group may have a winner here if it gets sufficient exposure.

First 'Capitol Of The World' Singles

HOLLYWOOD—The first 'Capitol' of the World single records in Greek were made available from Capitol Records last week.

Two records are on the release, one by Mariana Hatzopoulou with orchestra conducted by Akis Smyrneau, singing in Greek, "There's No Other Love Like This" and "Long Live the Poor". The second pair of sides features the voice of Zozo Sapountzakis singing in Greek, "Love is a Two-edged Knife" and, on the flip side, is joined by Ioannis Kyriozis in lyrics to "Today is the Thirteenth". The orchestra conducted by Manou Hatzidakis is also heard on both sides.

Form Goode Records

SAN FRANCISCO—Goode Records of San Francisco with executive offices in Mill Valley California, a newly-organized wax works, issued its first releases last week. Both tunes are done by the Merry Mountain Men, midwestern TV warblers.

Liberty Records In Stereo Tape Field

LOS ANGELES — Liberty Records is entering the stereo tape and disk sales field immediately on an all-out basis utilizing the firm's transistorized sound system according to an announcement made last week by president, Si Waronker.

The company is readying 140 released and unreleased LP albums on stereo tape to be put on the market in the near future and is coming out with a full line of stereo tapes before the end of the year. Liberty will also release all products on stereo disks.

Waronker foresaw the current demand for stereo tapes and disks two years ago and has been preparing Liberty's program accordingly in the interim.

"Simply Heavenly" To Open In London

NEW YORK—"Simply Heavenly", the stage musical which had an off-Broadway run in New York recently, is scheduled for a major production in London at the Garrick Theatre, May 2nd.

David Martin, the composer of the score, left for London March 12th to help in supervising the musical portion of the production. The play "Simply Heavenly", was based on a famous collection of stories by the famous Negro poet and author Langston Hughes.

There was an original cast Columbia LP some time back. The score is published by Bourne, Inc., and will be handled in England by Bourne Music, Ltd.

Four new songs have been incorporated into the British production. They are: "Deep In Love With You," "He's A Great Big Bundle Of Joy," "I Want Somebody To Come Home To," and "The Hunter And The Hunted".

Abend Sends Copy Of New Rytvoc Tune To Most U.S. Schools

NEW YORK—In order to promote the latest composition published by the Rytvoc Music Publishing Company, Joe Abend, professional manager of Rytvoc sent the following letter to almost every High School, Junior High School and Parochial School in the United States:

DEAR SIR:

We should like to bring to your attention "Good Night, Dear Lord," a composition which we enclose herewith and which we are proud to publish. We confidently expect this composition will soon become part of our daily lives.

It was suggested to Fredric March, a noted actor, to Tex McCrary, to replace the children's prayer now used which contains the phrase, "If I Should Die Before I Wake," and which both Fredric March and Tex McCrary felt to be disturbing, particularly in these times.

"Good Night, Dear Lord," written by Paul Tripp, the author of "Tubby The Tuba," "Mr. I. Magination," and Ray Carter, a distinguished composer, attempts to brighten our lives with a more reassuring and hopeful note for tomorrow.

The composition was immediately accepted, upon submission, by Mitch Miller, the head of Columbia Records, who gave it to his brightest star, Johnny Mathis, as a title composition for an album containing a collection of religious songs, embracing music of all faiths. The album "Good Night, Dear Lord," is being released immediately and is the subject of a tremendous exploitation campaign on the part of Columbia Records.

Duncan Exits WRR To Work Full Time With White Rock

DALLAS—Chuck Duncan, WRR disk jockey, a partner in the new White Rock Record Company of Dallas, has resigned his dj job to work full time with the record company.

Additional work brought on by the initial success of White Rock Records necessitated Duncan's departing from the disk spinning duties to make the record company his full-time job.

White Rock's first record is "Rock-It" b/w "Walkin' The Stroll," by Tommy Hudson and the Savoyes. White Rock is currently seeking distributors in some areas including most of the Eastern section.

White Rock's second record, "Down On The Farm," b/w "Oh Babe," by Al Downing with Bobby Poe and the Poe Kats, has just been released.

Duncan's first task as he goes full time with White Rock Records will be to promote exposure of the company's two releases to date, clear the way for future releases, and acquire additional distributors.

Duncan's partners in White Rock Records are Jim Lowe, Eddie Hill, and Carl Reeves, all WRR disk jockeys.

We would be obliged if you would give this composition your careful consideration. We would also be obliged if you would care to make any suggestions to us about the development of this composition.

Bacon-Johnson Associates Formed

LOS ANGELES — G. H. "Jerry" Johnson, for the past two years Western division promotion director for Dot Records, left the diskery March 15, to join Robert Bacon in his independent operation to be known as Bacon-Johnson and Associates.

Bacon-Johnson and Associates will specialize in record promotion, sales promotion, and distribution liaison for independent labels in the Western states. The firm will retain Dot as an independent account.

During the two-year tenure for Dot, Johnson pushed singles and albums, coordinated label promotion with individual distributors in Western area, and created over-all sales and promotion plans.

Johnson established his own office in 1946, which he closed in 1955 to join the Dot label. During the ten-year span he repped such attractions as: Pat Boone, Gale Storm, the Modernaires, Tony Martin, Gisele MacKenzie, Sammy Kaye, Peggy King, Champ Butler, Johnny Desmond, the McGuire Sisters and Peggy Lee.

Bacon-Johnson and Associates will be located at 6269 Selma Avenue, in Hollywood.

RCA Victor Pacts Keel For 2 Years

LOS ANGELES—Howard Keel, one of Hollywood's leading musical comedy stars, has signed an exclusive two-year recording contract with RCA Victor, calling for a minimum of two albums a year.

First session will not be done until this summer, since Keel leaves this month for England to begin his starring role in J. Arthur Rank's film, "Floods of Fear."

Keel, who starred in sixteen motion pictures while at MGM, first shot into national prominence when he played the part of Curley in the original Broadway version of "Oklahoma!" His films include "Kismet," "Seven Brides for Seven Brothers," "Kiss Me, Kate," "Calamity Jane," and "Ann.e, Get Your Gun."

Pounds Named To Manage Sparton's Record Division

TORONTO, CAN.—Harold Pounds a veteran of 15 years in all phases of Sparton of Canada's record operation, has been appointed manager of Sparton's Record Division.

Ed Manning of Sparton's Toronto branch, has been appointed Sales Promotion Manager and has moved to London, Ontario, to assume his new duties.

Wray Rutledge of Windsor has moved to Toronto to take charge of sales and promotional activities for that area. Jim Corbett will perform similar duties in Montreal and Ottawa.

In Western Canada, Miss Edna Calmain, former librarian at radio CFCN in Calgary, has joined Sparton's distributor Wilson Electric, Ltd., as manager of the firm's record operation.

In line with these personnel additions, Pounds announced that eight new automatic presses are being installed at the London plant to look after continually increasing record sales.

Randall To Tour

HOLLYWOOD—Tony Randall, who made his recording debut on Columbia's just released original cast album of the Broadway musical hit, "Oh, Captain," will make a sixteen-city disk jockey tour this summer during his six weeks off from the show.

Randall, who has had phenomenal success this past year in motion pictures, television, and now stage, will not only plug the "Oh, Captain" album, but will pave the way for future singles which Columbia expects to issue by him. First singles session, scheduled for next month, will include a new tune by Evans and Livingston, who also penned the "Oh, Captain" score.

Robbins Returns

NASHVILLE — During a meeting last week of WSM executives, agreement was reached by which the name of Marty Robbins will be returned to the roster of music artists on the "Grand Ole Opry."

There was mutual agreement that the conversations which originally led to the flare-up between the artist and the station's execs "were a result of misunderstandings such as often occur in show business."

"WSM executives, with Marty Robbins, came to an understanding and it was clearly conceded that Marty Robbins had not at anytime said or indicated that he did not need the Grand Ole Opry. This misunderstanding made clear that Robbins' association with WSM and the 'Opry' had not been impaired and his connection with the 'Opry' would continue as heretofore," a WSM spokesman said.

WSM officials expressed themselves as being delighted that the misunderstanding had been dissolved and Robbins would return to the 'Grand Ole Opry'.

Robbins stated that he feels that WSM and the "Grand Ole Opry" have made the city of Nashville known all over the world and realizes the importance and prestige the Opry carries, not only for Nashville and the music world but also for the individual artist associated with it.

Contest To Spotlight NAMM Trade Show

CHICAGO—"Our 'Miss Music Contest' this year will be an all-out promotion that will spotlight our trade show nationally," declared William R. Gard, executive secretary of the National Association of Music Merchants.

"The calibre of the judges indicates the far-flung scope of the competition this year. Our queen will be the choice of some of the most prominent notables in the music world. These big-name judges will help to dramatize the convention as well as the 'Miss Music Contest'. Our list of prizes, to be announced shortly, will represent a rich purse for the winner and we expect a record number of contestants accordingly."

Miss Music, to be selected from among employees of NAMM active member firms, will get an all-expense trip to Chicago including four days at the Palmer House plus a long list of valuable prizes to be posted by music firms. Convention plans this year include tying in Miss Music with specific product promotions for national publicity in newspapers and on television.

"PINK PEDAL PUSHERS" (2:32)
[Hill & Range BMI—Perkins]

"JIVE AFTER FIVE" (2:18)
[Hill & Range BMI—Perkins]

CARL PERKINS
(Columbia 41131)

● Carl Perkins, the man who climbed to the top of almost every chart with his "Blue Suede Shoes", makes his debut under the Columbia banner with two potent all-market rafter-shakers that have smash potential notched into every groove of the record. On the upper end he tells about a swingin' chick who wears "Pink Pedal Pushers". Flipside he sez he's a hard working soda-jerk who's gonna "Jive After Five". Tremendous instrumental support on two solid, self-penned coin-catchers that Carl belts out in exciting style.

"WALK SOFTLY DARLING" (2:11)
[Acuff-Rose BMI—H. Carter]

"I NEED YOU ALL THE TIME" (2:01)
[Glendell BMI—H. Hall]

SKEETER DAVIS
(RCA Victor 7189)

● Skeeter Davis, whose "Lost To A Geisha Girl" showed up nicely on the popularity charts, makes a powerful bid for hidom with both sides of her latest Victor release. One half, tagged "Walk Softly Darling", is a lilting moderate-paced weeper that the chirp vocals with heartfelt emotion. On the other half Skeeter pleasantly double-tracks a change-of-pace, up-tempo romantic toe-tapper labeled "I Need You All The Time". Lyrics, delivery and instrumentation spell hit from start to finish on both lids. It's a toss-up.

"MY FEET 'ER DIRTY" (2:27)
[Voca BMI—J. Fullen]

"TROUBLE ON THE PARTY LINE" (2:05)
[Voca BMI—F. Fullen]

JIMMIE JOHN
(Dot 15717)

● The long-awaited follow-up to Jimmie John's delighter "Rosie's Gone Again" appears on the wax scene, this week, and chances are the artist'll have another chart item in either end of the pairing. Both tunes, "My Feet 'Er Dirty" and "Trouble On The Party Line" are real amusing novelty biscuits that Jimmie delivers with the same light-hearted appeal that made his initial Dot pressing an attention-getter. Dandy backdrops are supplied, on the topside, by the Pleasant Valley Boys and by the Rockin' Rangers on the flip. Two goodies—get with 'em!

WAYNE WALKER
(Columbia 41130)

B+ "I'M FINALLY FREE" (2:18)
[Cedarwood BMI—Walker, Pierce] Wayne Walker claims that his romantic heartaches are over as he effectively drives out this engaging, up tempo affair.

B+ "IT'S WRITTEN IN THE STARS" (2:18) [Southern ASCAP—V. Horton] This end Walker beautifully caresses a very pretty, moderate paced romantic shuffler. Stellar pop-oriented vocal and musical backdrop on both lids. Looks like a double-barreled money-maker.

MAC CURTIS
(King 5121)

B+ "MISSY ANN" (2:23) [Mellin-Armo BMI—Shell, Johnston] Mac Curtis is gonna hop on the winning track any day now and it's more than likely he'll turn the trick with either side of this new King pairing that he delivers in sparkling style. This half features a catchy bell effect.

B+ "LITTLE MISS LINDA" (2:35)
[Armo BMI—Curtis, Shell, Bass] Under portion features a contagious beat. Flavorful musical backdrop on two decks with that all-market appeal.

RANDY STEVENS
(Porter 5011)

B+ "THERE GOES MY HEART" [Stella Lane BMI—R. Stevens] An intriguing, quick beat ditty with a fetching, gimmicked-up set of lyrics gets treated to an easy-on-the-ears reading by Randy Stevens. Tantalizing affair that the teensters in all markets should take a liking to. Could happen.

B "HEY LITTLE BROWN EYES" [Stella Lane BMI—R. Stevens] Reverse etching is a lovely, r&r-flavored romantic ballad that Stevens wraps up in attractive fashion. Two sleepers to watch.

AL SIMS
(Listen 691)

C+ "ESKIMO SWEETHEART" [Starrite BMI—Sims] Al Sims makes his pitch for 'foreign gal' honors as he invitingly describes the qualities of his Alaskan love. Delectable, quick beat cutie that could grab off a heap of airplay.

C "PARTY" [Starrite BMI—Sims] A house-rockin', all-nite party is Sims' subject on the lower half. The Alpine Two back up on both decks.

DUBB PRITCHETT
(Peaceful Valley 402)

B "FIVE O'CLOCK HOP" (1:55)
[Oakwood BMI—D. Pritchett] Dubb Pritchett, colorfully assisted by the Rock-A-Taires, featuring Joe Coker's lead guitar, comes up with an enticing 'rock-a-billy' ditty that oughta make the jocks sit up and take notice. Good teen-age fare.

C+ "BE GONE WHEN I COME HOME TONIGHT" (2:35)
[Oakwood BMI—D. Pritchett] Flipside, Pritchett, along with the crew, goes 'straight country' as he feelingfully warbles a tearful, moderate paced romantic opus.

RUDY HANSEN
(Decca 30594)

B+ "JUST AS LONG" (2:20) [Coaxial BMI—W. Phelps] Rudy Hansen could have an all-market hit on his hands as he zestfully socks out a captivating romantic rocker. Socko vocal and instrumental support.

B+ "SADDLE SHOE POLKA" (2:30) [Massey ASCAP—K. Twomey, F. Wise, B. Walker] Here Hansen and the chorus turn in a most appealing reading on a happy-go-lucky ear-pleaser that leans more towards the pop mart. However, polka fans in all fields are gonna enjoy this one.

GENE BROWN
(Dot 15709)

B+ "BIG DOOR" (2:27) [Four Star BMI—G. Brown, W. S. Stevenson] Gene Brown comes up with a winning effort on his Dot debut. It's a sensational, steady-driving blues opus that Brown puts across with telling effect. Keep close tabs on it.

B "PLAYING WITH MY HEART AGAIN" (2:15) [Four Star BMI G. Brown, W. S. Stevenson] This half Brown smoothly polishes off an infectious, up tempo romantic weeper. Top notch musical assist on both halves.

TOM TALL
(Crest 1038)

B "STACK-A-RECORDS" (2:21) [American BMI—T. Tall] Tom Tall chooses a strong piece of country-rock 'n roll material to introduce himself on the Crest label. His Tom Kats ably assist on the instrumental end of a swinging side that oughta sell a stack-a-records.

B "MARY JO" (1:59) [American BMI—T. Tall] Tall also impresses on the flip half as he, and a chorus, dishes up a subdued rocker in delectable style. Potent two-sider.

COY BAKER
(Bakersfield 117)

C+ "I'M SORRY TOO" (2:18) [Cris BMI—R. Chapman] Reuben Chapman puts his heart into his delivery of this poignant, middle tempo lover's ballad. Subdued string support effectively supplied by Coy Baker's band.

C+ "DOES YOUR PROMISE HOLD TRUE?" (2:45) [Cris BMI—C. Baker] This end Baker's crew warmly backs up Reuben's tender portrayal of another echo-filled, moderate paced romantic pleader.

Country Sound Up

Seems as though the teen-agers really go for the "Grand Ole Opry's" younger generation of stars in a big way. During a recent personal appearance show in Pennsylvania, Rusty & Doug lost the fringe from their western outfits when teen-agers in the audience decided they wanted a souvenir to take home. And when the Wilburn Brothers gave an appearance recently in Ottawa, Teddy was pulled from the stage and carried through the audience on the shoulders of the feminine members of the audience.

RUSTY & DOUG

Unalterable Fact:

NEW YORK—Altho it would be foolish to disclaim any recessive condition in today's economy, with the most pronounced business slump-off in the early months of 1958, it is interesting to note that most firms did exceptionally well for 1957. The First National City Bank of New York published a report consolidating the findings from a survey made of 2,474 corporate firms, stating that net income of \$15.4 billion for 1957 meant an increase over 1956 of 1 per cent. With the government and private firms advising many programs being considered to step up activity, it's highly possible that those predictions for a noticeable pickup the latter half of this year might well be born out.

DENVER, COLO.—Some areas are affected more than others because of present business conditions. Some are hardly hit at all. One of the cities that's aware of any slide-off in business thruout the nation, only by what it hears and sees, is Denver. Actually its business volume is increasing. Celebrating its 100th anniversary this year, Denver finds its population now exceeds a half million. Its home ownership is now 55 per cent against 23 to 36 per cent in other industrial centers. Altho most other cities showed a business turndown in January, Denver business was better than ever. So, we say to operators in Denver—"Congratulations and best wishes".

NEW YORK—The plans of the Kroger Company, chain grocers, for 1958 is interesting to the industry for two reasons. One, it has a direct bearing on operations of equipment in these stores, and the other is that it points up the optimistic view of the firm. Joseph B. Hall, president of the Kroger Company, announced the firm would spend \$50,000,000 for the opening of new stores as well as re-modelling some present ones. The firm plans on opening 100 new stores. The fifty million dollar expenditure will set a record for any year in the company's 75-year history.

PITTSBURGH, PA.—One of the bright spots in last week's news is that executives of steel producing firms feel that the recession in this basic industry has reached bottom. To prove out this statement, a report by the American Iron and Steel Institute a few days later stated that steel production for the week was up from an average weekly capacity of 50.9 per cent to 54.6 per cent.

The Best Machines Are Born In Barns, Basements, Back Offices And Attic Work Shops.

It's an unalterable fact, and known to the industry for years, that a very large number of the best machines were born in barns, basements, back offices and attic work shops.

These were brought into being by operators who were forced to make an old machine continue on ahead, even tho they would have liked to replace with new equipment. They worked over the old machine. Revamped it. Put new, more appealing and more attractive ideas into it.

They usually did this in either their barn, basement, back office or attic work shop. And, in case after case, entire new ideas came into being from these worked-over old machines.

There is no doubt, as many realize, that somewhere in the nation today there may be a worked-over old machine in operation that can bring into being the new, big, different and revolutionary product of tomorrow.

This machine may be buried in some small town. Probably in an out of the way location. Or in some hidden roadside spot.

It will probably come into the open when some distributor's or manufacturer's salesman bumps right smack into it. And realizes that here is what all have been seeking.

Such crude, worked-over old machines, are then brought into factory experimental departments and, after engineers get thru refining them, result in the new idea for tomorrow.

All hope, of course, that the engineers won't overdo the refinements. At least not to the point where the machine becomes so

elaborate, so intricate and so expensive that it loses its value regardless of its appeal.

Now that a recessive period is under way, it is the belief of many that operators are, once again, working over old machines.

The work such operators are doing to modernize old machines, to make them more attractive to the public, to make them more appealing by adding new ideas, gadgets and units to them, can be just what the industry is seeking.

Any such operators, who may be reading this, should not bury whatever worked-over old machines they may have on locations provided, of course, that they have found, from location results, that the machines have the pulling power necessary for successful operation.

They should, instead, make it their business to contact one of the manufacturers. They can rest completely assured that every manufacturer and his engineers will treat them with the very greatest respect and highest esteem. That they will be very happy to look over the operator's creation, as well as arrange for an interesting financial deal, if the machine meets with approval.

Those men who are traveling as salesmen for distributors and manufacturers should keep their eyes open. This is the time when certain operators will be working over old machines to make them do a while longer. This is the time, then, when great ideas come out of barns, basements, back offices and attic work shops.

And from one of these barns, basements, back offices or attic work shops can come the machine that will not only stimulate this industry but will also assist in its great continuing growth.

U. S. Court of Appeals Rules "Circus" Not Gambling Device

Appeals Judges Reverse Ruling of Lower Court, Stating Trial Court Erred in its Decision

CHICAGO — In a momentous decision, the United States Court of Appeals for the Seventh Circuit ruled on "Circus", an electric amusement game, as follows: "... we must conclude that the evidence in this record is not sufficient to sustain the critical Findings of Facts Nos. 9 and 11, and that the trial court erred in holding that the five machines in question are gambling machines within the meaning of 15 U.S.C.A.-1171 (a) (1)."

Five "Circus" machines were confiscated by agents of the Federal Bureau of Investigation at Mattoon, Ill. United States District Judge Casper M. Platt at Danville had ruled that the disc-type switches of the "Circus" machines "are identical in operation and purpose to the reels and drums of mechanical slot machines".

In overruling this decision, the Court of Appeals held that the federal law, being penal in character, must be strictly construed. The one issue contested on this appeal was whether the five machines in controversy were gambling devices within the meaning of Section 1171 (a) (1) of the Johnson Act, Title 15 U.S.C.A. which reads as follows:

"(a) The term 'gambling device' means—

"(1) any so-called 'slot machine' or other machine or mechanical device an essential part of which is a drum or reel with insignia thereon, and (A) which when operated may deliver, as the result of the application of an element of chance, any money or property, or (B) by the operation of which a person may become entitled to receive, as the result of the application of an element of chance, any money or property . . ."

The Court of Appeals held "It is conceded by the government in oral argument that the question of whether or not the machines are coin operated is of no consequence in this appeal. Likewise, it is quite apparent that the person who operates the machine may become entitled to receive money or property as the result of the application of chance. Cf. *United States v. Korpan*, 354 U.S. 271 (1957). The issue under consideration here is, therefore, narrowly limited to whether or not we have a machine 'an essential part of which is a drum or reel with insignia thereon.'

"This device has no drums or reels and the only insignia are the animal characters on the glass front face. In this connection, the court below stated in its finding No. 9 'that the disc-type rotary switches propelled by a motor with the insignia on the glass panels of 'Circus' machines are identical in operation and purpose to the reels and drums of mechanical slot machines'. The court further stated in its finding No. 11 that 'in principle the operation of the 'Circus' machine and the slot machine and the so-called 'one-armed bandit' are identical; that the 'Circus' machines have discs which are mounted on a shaft; that the left disc stops first, then the middle disc, and then the disc on the right, like the reels on a slot machine; that instead of rotating drums on which appear the familiar fruit and bell insignia, the rotating discs in a 'Circus' machine make electrical contact as they revolve, illuminating the animals that are

printed on the glass panel; that both are entirely dependent on the element of chance.'

"Among the conclusions of law stated by the trial court are the following:

"3. That said gambling devices, alias 'Circus' machines, contain reels and a band or wiper which are similar in effect to the drums in a mechanical slot machine and which are a mere subterfuge to avoid the definitions contained in Section 1171, Title 15, United States Code.'

"4. That the five gambling devices, alias 'Circus' machines are gambling devices and are either so-called slot machines or mechanical devices, an essential part of which are drums or reels with insignia thereon, and by the operation of which a person may become entitled to receive money or property.'

"We have carefully examined the entire record in this cause and have witnessed a demonstration of one of the 'Circus' machines in oral argument. We regret we must conclude that the evidence in this record is not sufficient to sustain the critical Findings of Facts Nos. 9 and 11, and that the trial court erred in holding that the five machines in question are gambling devices within the meaning of 15 U.S.C.A. - 1171 (a) (1).

The government contends that the rotary metal discs are drums or reels. However, this does not conform to the definitions so clearly set out in *United States v. One Electronic Pointmaker*, 149 F. Supp. 427, 429 (1957), which we think are clear and choose to accept herein. As that opinion points out 'the Johnson Act being penal in character, must be strictly construed

"The legislative history of the Johnson Act clearly shows that the bill in its original form as introduced in the Senate would have covered these machines. The Senate Bill set forth the following definition of a gambling device:

"Any machine or mechanical device or parts thereof, designed or adapted for gambling or any use by which the user as a result of the application of any element of chance may become entitled to receive, directly or indirectly, anything of value.' See U.S. Code Congressional Service, 81st Congress, Second Session Legislative History, Page 4245.

"However, it was revised in the House and enacted in its present form.

"In a recent decision, the Court of Appeals for the Ninth Circuit, reviewed this section of the Johnson Act, along with its legislative history, and held that Congress had so particularized the definition of a forfeitable machine that it would not be proper to go outside that definition to declare a forfeiture. *Hannifin v. United States*, 9 Cir., 248 F. 2d 173, 175-177 (September 3, 1957). We feel compelled to agree. That court restated its holding that, 'A statute whereby a man may be deprived of his personal property by way of a punishment should be construed with strictness; hence those who assume authority to take possession of such property should have clear warrant for (this) action.' *United States v. Loomis*, 9 Cir., 297 Fed. 359, 360, 361; *Ghisolfo v. United States*, 9 Cir. 14 F. 2d, 389, 390.'

"It is not enough to say that the rotary disc switches 'are identical in

Al Silberman Named Sales Manager Of Associated Distributors

ALBERT A. SILBERMAN

LOS ANGELES, CAL. — Albert A. Silberman, well known to all in the industry here and also throughout the nation, resigned from Badger Sales Company, this city, to accept the position of Sales Manager for Associated Distributors, Inc., Wurlitzer distributors in this area.

Silberman has had a long and very successful career in the industry. With Rock-Ola Manufacturing Corp. of Chicago, he became known to a great many members of the industry nationwide.

Silberman's tenure with Rock-Ola was as secretary and general manager of Parkograph Corp., a wholly owned subsidiary of Rock-Ola Manufacturing Corporation, for nearly nine years.

He resigned to go with Williams Manufacturing Company as executive vice-president and then to Wolf Distributor, with sales offices in San

Diego, Los Angeles, San Francisco, Portland and Seattle where he held the post of general manager.

In his position with Badger Sales Company, where he took over complete management and directorship of automatic merchandising machines for this firm, he made a great many friends throughout the Pacific coast area.

His long experience and knowledge of the industry is expected to stand him in good stead in his new position as Sales Manager for Associated Distributors.

"I am very happy, indeed", Al Silberman advised, "to be able to announce my new position with Associated Distributors of this city.

"This is one firm that is planning far ahead and is making every possible effort to help the music operators in this territory to enjoy the greatest prosperity with the new Wurlitzer.

"There is no doubt in my mind", Silberman continued, "but that the future of the automatic music industry is assured because of the growing demand for more and still more recordings and", Silberman added, "because people everywhere have adopted the automatic phonograph as part of the American tradition, the American way of life.

"The future is very bright for automatic music", Silberman says, "and I am, therefore, extremely happy to be able to announce my position with a firm that plans far ahead to benefit the industry here with Wurlitzer music."

Hearings On Bill S.1870 Postponed Again

New Dates Apr. 23-25

OAKLAND CALIF. — George A. Miller, president and managing director of Music Operators of America (MOA) this city, received a wire on Friday, March 14, from Senator Joseph C. O'Mahoney, chairman of the Senate Judiciary Sub-committee, that the hearings on the ASCAP sponsored bill S.1870 have been postponed.

New dates set for the hearings in the Senate Office Building are Wednesday, April 23 to Friday, April 25. Hearings are scheduled to start at 10 A.M.

Miller advises he wired Senator O'Mahoney for a further postponement as the new dates set would be just before the MOA Convention gets under way in Chicago.

operation and purpose to the reels and drums of mechanical slot machines' or that 'in principle' the operation of the 'Circus' machine and a slot machine are 'identical'. To do so would be to write into the definition in the Johnson Act something that is not there and which Congress, after consideration, refused to do.

"The court below, in its memorandum opinion (153 F. Supp. 561) refers to and quotes from the U.S. Code Congressional Service in sustaining its position as to what the

Congress intended to do. The narrow definition as found in the final enactment contradicts this interpretation. We must take the statute as we find it. "We hold, therefore, that the district court erred in its decree of forfeiture for the reasons herein before set out, and the judgment below is REVERSED."

The opinion was written by Judge John S. Hastings and concurred in by Chief Judge F. Ryan Duffy and Judge W. Lynn Parkinson.

Chicago Phono Bowling League Sets Banquet Date

Bill Gersh of The Cash Box to Emcee Gala Affair for 6th Straight Year at Allgauer's Fireside Restaurant, Saturday Eve., May 24

Bill Gersh, publisher of *The Cash Box*, is shown here when as mc last year he presented Bob Gnarro an award in honor of his being selected president for the 5th straight year.

CHICAGO — Officers of the Chicago Automatic Phonograph Bowling League announced this past week that the date for their 1957-1958 bowling season banquet and dance has been set for Saturday evening, May 24.

This will be the sixth annual gala affair to climax the bowling season held by the members of the Chicago Automatic Phonograph Bowling League.

Like last year, it will again be held at Allgauer's Fireside Restaurant, Lincoln and Touhy Avenues, Chicago.

And for the sixth straight year, Bill Gersh of *The Cash Box* will be Master of Ceremonies, making the awards and announcing all the individual trophy as well as the team trophy winners.

Robert E. (Bob) Gnarro, president; Ray Gallet, vice-president, Peter Oomens, treasurer and John Oomens, secretary of the League advise that already over 200 tickets for this evening have been called for and they believe that more will be needed this year.

Entire tables are being taken by leading firms here and, at the same time, bowlers and their families as well as members of their teams will also be occupying complete tables.

It is believed that this sixth annual banquet and dance, after last year's great and outstanding affair, will have to actually outdo anything that has ever before been known to be better than any previous banquet.

"We believe", Bob Gnarro said, that this year's banquet and dance is going to be the very greatest and most outstanding we have yet held."

Predicts 1958 Will Be A Good Year

NEW ORLEANS, LA. — 1958 will be a good year. This is the prediction of one of the executives of FAB Distributing Co., Inc., this city.

"The prospect for the future in the phonograph business as well as other businesses is entirely based on what progress this government makes towards preventing a so-called depression.

"The many news magazines and newspapers are actually presenting a bad picture of our future, but you and I know that credit is going to loosen. This means more buying by the individual, so with this in mind things must get better.

"Credit payments may be a little slower but people will pay, tho late. "I look for 1958 to be a very good year if the government doesn't scare the public with too much adverse propaganda," concluded the spokesman for FAB.

"Nothing Wrong With Our Country"

SMYRNA, GA. — There's nothing wrong with our country, just with the net profit in our business is the way A. J. (Jack) Lovelady of Lovelady Music Machine Co., this city, sees it.

"Deep in his heart a coin operator cannot be a pessimist, and I don't believe he is," says Lovelady.

"There is nothing wrong with our country, with our state, with our own back yard. However, there is something critically wrong with the relation of net profit to gross. Unless the formula can be found to put our cost of merchandise and operating costs in line with the decreasing dollar we are licked.

"Nothing Stops This Country"

UNION, N. J.—"Nothing. Absolutely nothing stops this country from progressing." That's the unequivocal statement of Orville L. "Bob" Slifer, now unemployed, but one of the coin machine industry's vets.

"Our country has vision and brains. It is awakening to higher goals. We sleep a little. Sometimes too long. But, once the slumbering giant is awakened, we move.

"Machines, as we know them today, will be passé. Obsolete. They will be replaced with electronic devices. Smaller and more compact. They will do the job much better. With finer quality.

"Amusement games will be fascinating. New gimmicks will have to be devised to stimulate the keener scientific minds that are studying hard to keep up with the atomic age.

"Music will be at its finest with sound we can't even approach today.

"Food and thousands of other important 'spur of the moment' articles will be vended cleanly, quickly and efficiently.

"Automatic stores will be the accepted thing.

"Specialists will be schooled in vending in our universities. Mechanics will really be engineers.

"Organization and control with sound sales training and techniques will be the rule.

"Personnel will be more selective and highly trained.

"Health rules will be rigid. Many more services will be reached through vending."

ED LEVIN

CHICAGO—Ed Levin, sales director of Chicago Coin Machine, this city, advised this past week that the firm had appointed Roanoke Vending Exchange, Inc., exclusive distributors for the State of Virginia.

"We believe", stated Ed Levin, "that Jack G. Bess and his entire Roanoke organization are going to prove themselves one of the most outstanding of all of our distributors.

"Jack Bess", continued Levin, "has already started off just like a house afire with our newest sensation, 'Rocket Shuffle', and from the reports we have received he is of the belief that this great game is going to prove itself one of the top sellers for his firm.

"I can only urge the operators in Virginia to call around at Roanoke's offices in Richmond", says Levin, "to see our 'Rocket Shuffle' and all other Chicago Coin products on display.

"They will get the most courteous service as well as the closest and finest cooperation and will be completely supplied with our products as well as parts.

"We are very pleased to be able to announce that Jack Bess and his Roanoke Vending Exchange are now our exclusive distributors for the State of Virginia.

"We know that this is one firm that will work with the greatest sincerity for the operators' benefit."

W. Mass Guild Elects Ridgeway

HOLYOKE, MASS.—The Western Massachusetts Guild, with headquarters in Springfield, held its annual membership meeting at the Log Cabin Restaurant, this city, on February 25.

Officers were elected to serve for 1958. Ralph Ridgeway was voted president; Peter Slepchuck, vice president; Fred Mielnikowski, treasurer; and Russell Mawdsley, secretary. Named to the Board of Directors were Rhea LaRocque, Charles Pomietlarz, Arthur Strahan, George Hatzeperro and Roland Hebert.

Among the guests at the meeting were James Tolisano, president of the Music Operators of Connecticut; and

Dan Brown of Trimount Automatic Sales, Boston.

Tolisano was elected an Honorary Member of the Western Massachusetts Guild, the first such membership ever voted. "It certainly was given to one of the most deserving men in our industry", stated Ridgeway. "We consider it an honor to have Jim as a member of our Guild."

Other business matters were discussed, and the consensus voiced was that this meeting was the best ever held by the Guild.

The organization decided to hold one meeting a month—the second Wednesday of each month. Meetings will take place at the Chalet Restaurant in West Spring, starting at 8 P.M.

NEW ENGLAND NIBBLES

Despite situation in other fields, coin machine biz is on the upswing and hitting new highs. Never has the demand been more terrific, and distributors point out that new and novel merchandise is getting the play. So marked was the pickup in biz in the last week that younger members of the coin fraternity are saying, "this must be like the 'good old days' that we have heard so much about". The jumpup in biz in all lines, music, games, pins, arcade pieces has surprised all and has brought great optimism to the whole coin field, distributors, ops, record distributors, etc.

At Redd Distributors (Rock-Ola), Bob Jones, sales mgr., says Chicago Coin's "Rocket Shuffle" is fabulous and bringing terrific orders. Commenting on the upswing in biz, Bob stated: "If you have the mdse. you can sell it—good used mdse. will always sell because it gives a shot in the arm to everyone involved". He said his staff is so busy that they have to visit customers in the evening, can't get to enough of them during the day. . . . At Trimount Automatic Sales Corp. (Seeburg), Irwin Margold said deliveries of Gottlieb's "Criss Cross" are underway and also Williams' "Soccer." Marshall Caras, sales, reports Williams' new baseball game has all the ops excited. Dan Brown and Dave Riskin of the sales force have been swinging around the territory visiting ops. . . . At Atlas Distributors (AMI), Louis Blatt says ops have been crowding in to look at the new AMI models, which are going over fine in the region. Louis is readying for field trips around the territory. . . . At Associated Amusements (Rock-Ola), Ed Ravreby and Dick Mandell, gen. mgr., have been criss crossing the New England states on sales trips and visiting with ops. They report outlook for biz is good and all indications point to a great outdoor season upcoming. Good weather has brought out a large number of Yankeeeland ops from the distant points, who were bogged down for a while by the snow storms.

Ops in visiting distributors this week included: Tony Casale, Portland, Me.; Matty Caruso, Fitchburg; Ken Ghorse, Brockton; George Briggs, North Adams; Russ Mawsley, Holyoke; George Couture, Danielson, Conn.; Ray Faini, Framingham; Sam D'Angelo, Providence, R. I.; Ray Shea, Worcester; Sol Taube, Manchester, N. H.; Harold Harwich, Brighton; Hal March, Brattleboro, Vt.; George Pappas, Lowell; Joe Assad, York Beach, Me.; Vin Pitts, Winthrop; Mike Williams, Nashua; George Campbell, Medford; Romeo Rivard, Lewiston, Me.; Tony Piccinto, Quincy; Harry Grazzo, Quincy; Leon Sherter, Boston; James Geracos, Boston; Joe Ferris, Madison, Me.; Joe Glazer, Bangor, Me.; Leonard Appel, Allston; Larry Bettencourt, Danvers; Leo Glosband, Lynn; Ed Ross, Dorchester; Connie Pocius, South Boston; Dave Baker, Arlington; Henry Levine, Milton; Phil Swartz, Brookline; Win Gaffney, Norwich, Conn.; Romeo Rivard, Lewiston, Me.; Gerry Waterhouse, North Dartmouth; Eddie Dicey, Caribou, Me.; Mario Lucchessi, Lawrence. . . . Frankie Laine drew big crowd among which were many coin music men at Blinstrub's Thursday night, Mar. 13. . . . A further impetus to disk plays on coin machines is seen in the upcoming live bandstand type disk show being planned by WBZ-TV to start in April on Saturday afternoons.

Genco Mfg. Delivering New "Fun Fair"

First Genco Single-Player 5 Ball of 1958 Produced To Meet Distributors Demand

AVRON GENSBURG

"The result was", he reported, "that regardless of the increasing pressure on us to produce another pinball, we simply had to wait until we were able to open our production lines to another five-ball game."

"Now", he said, "we are in the very midst of delivering 'Fun-Fair,' and" he added, "from what we can gather, our distributors are highly pleased with this single player, five-ball."

"In the estimation of those who have already seen and played 'Fun-Fair' at our factory, even before we swung into full production, this is, 'A definite hit game in every regard'."

"The orders which we have already received are convincing. It seems to us that there was a great need for our single player five-ball game. We are, therefore, delivering as fast as we possibly can and will continue to speed production as the lines get rolling on this game."

Being the very first five-ball game the firm introduced in 1958, executives of the Genco firm are very enthusiastic over this marvelous reaction which it has already obtained from its distributors.

The features of the game are very outstanding. The use of mirrored, three-dimensional backboard scoring effect is intriguing. The play action is very good. In fact, from every standpoint, this is a highly advanced type of five-ball with the latest and most modern pinball play action.

"In keeping with our scheduled production method", Avron Gensburg concluded, "we are going to cut production at the usual point so that all can enjoy long-life operation and outstanding trade-in valuation."

"We urge everyone to get their orders in just as quickly as they possibly can so that no one will be caught short when the time for change of our production schedule comes about."

CHICAGO — "Because of the demand from our distributors", reported Avron Gensburg of Genco Manufacturing, this city, "we went into immediate production of our first new single player pinball game for 1958, 'Fun-Fair'."

Genco last produced a five-ball game in December of 1957. This was "Show Boat". The game clicked with its distributors.

In fact, as Ralph Sheffield and Al Warren of the Genco firm stated:

"We continue to receive requests for shipment of 'Show Boat' long after we had halted production."

Avron Gensburg reports:

"We schedule ourselves on the production of various items. We could not meet the demands of our distributing organization for another pinball. Not until we had cleared the decks of the machines which we were already manufacturing.

"We just can't throw cabinets and components aside", he commented, "and start on an entirely different game from what our engineers had already planned and scheduled for our production lines."

PHILA. FILBERTS

Ran into Primo Cavallini, from Nanticoke, at David Rosen's. Also Irving Fox who, in addition to being an operator, is also a band leader. Irv Defler, who was away all of last week said, "No news except that things are very good upstate." Last week's showing of the AMI model "I" in Scranton was quite successful. Among the many who attended were Vince Caljane, Ed Gutowski, Primo Cavallini, Ronald Barry, Ed Gallagher, Frank Bachman, Joe Gustin, John Kirshner and many others. . . . Abe Witsen, International Scott Crosse, will be back at work again next week—and this pleases Harry Witsen very much. Mick Chanick is out on the road this week, but the office reports he is turning in good sized orders. Over seventy five operators attended the Bally School and all exclaimed about the information they were able to pick up. Everybody working overtime getting shipments out for the Brussels Fair. . . . Over two hundred attended the Bally School held for two days in Scranton. . . . Marty Brownstein and Larry Ash, Active Amusement, out sick last week, but both have recovered and are back on the job. Joe Ash contemplating a trip to Chicago in the very near future. . . . Marvin Stein, Eastern Music out of town this week, and Bill Adair is busy taking care of the customers. Nat Solow busily engaged in signing check for tenth of the month payments. Solow advises that a large number of locations have been calling complimenting them on the new Seeburgs. . . .

Moe Bayer, Banner Specialty, says activity is good. Al Rodstein is anxiously awaiting United's new game, "Midget Bowling Alley". . . . Max Brown, Philadelphia Coin Machine Exch., had to hire two new mechanics because of a healthy upturn in business. . . . Arnold Silverman informs us that Gene Harris is in town plugging his new release, "Bye Bye Elvis". Dan Weisfield is in from Dallas, Texas, plugging his new "Straight Skirts" on Jan. . . . Harry Fink, Roulette publicity man, claims the Kansas City deejay convention was one of the finest he ever attended. Says everybody flocked to the Roulette suite, which was Harry Truman's suite. Even the piano he played on was there. . . . Mario D'Aulerio, King Records, getting a good reaction on both sides of Donnie Elbert's "Confession Of Love" and "Peek-A-Boo". Little Willie John will appear on American Band Stand on Wednesday, March 12 to do "Talk To Me, Talk To Me". . . . Harry Ascola, Columbia Records, informs us that The Four Lads will be in town to make a couple of radio and Dick Clark appearances. Ascola talks up Xavier Cugat's "Cavalcade", Johnny Mathis' album "Warm", and Johnnie Ray and Eileen Rogers LPs. . . . At Mercury Records we learn that the reaction on the Vox Poppers' "Wishing For Your Love" is excellent. The Platters were also in town and made the Dick Clark show. . . . Louis Grubow, David Rosen, getting ready to celebrate his birthday, March 17, St. Patrick's Day.

Must Be Aggressive

PHILADELPHIA, PA.—"You have to be aggressive, wide awake, and a few steps ahead of your competitors." So says Samuel Klein of Philadelphia who has been in the vending and amusement game business since 1924.

Klein's formula for success is to work several territories, and continue to look for new business. "An operator must have various territories," says Klein, "because then something will always be going for him since there is always some section that shows a little life. He must always be on the lookout for new business because that is where the extra dollars are. You have to be aggressive, wide awake, and a few steps ahead of your competitors," he concluded.

Westchester Ops To Hold Seventh Annual Dinner On May 20

PORT CHESTER, N.Y.—The Westchester Operators Guild will hold its 7th Annual Dinner on Tuesday evening, May 20, at the Holiday Inn, Scarsdale, N.Y., according to an announcement by Seymour Pollak, secretary.

Pollak will once again act as general chairman, and will advise make-up of other committees in the near future.

The operators of this organization always have had one of the most outstanding annual banquets in the industry, and Carl Pavesi, president, stated that every effort will be made to surpass their previous parties.

San Fran Operators Service Develops
Automatic Remote Recorder To
Take Service Calls

SAN FRANCISCO, CALIF.—Leslie J. McCleary, owner of the San Francisco Operators Service, has designed and built an automatic remote monitor recorder. The recorder was developed with the full cooperation of the Pacific Telephone Company and has become a contributing factor to the efficient service given to the coin machine operators.

The recorder's amplifier comes on automatically when the phone is answered in any one of three areas—the answering service, the office, or in McCleary's residence.

All calls come in on one phone number which is used exclusively by the operators and their locations. The office secretary, when on the premises, dispatches a man over their 3-way radio system as she hears the call come in. Each time a call comes in the message is timed and a signal goes out over the air. If the office is closed any time between 10 a. m. and

midnight, the men are alerted by the signal to call in at once for the address of the location. Calls have been known to be answered in less than 15 minutes after being placed.

During the time the office is closed the message indicator records the number of calls that have come in and the time of each call can be checked by replaying the tape to the previous reading on the cueing meter. Tapes are changed daily and filed for a thirty-day period for any necessary verifications.

McCleary is a graduate engineer who entered the firm as an employee and stayed to become a partner until four years ago when he bought the company. He runs his maintenance service for coin machine operators with engineering precision. His fleet of four Volkswagon trucks are staffed with electronics men and are outfitted with complete repairing equipment and parts for all coin machines.

"Tighten Belt, Cut Corners, and Plenty Of
Elbow Grease To Survive"

MIAMI, FLA.—Willie Blatt, Miami coinman who is one of the most experienced vets in our field, and one of the most progressive operators, foresees a tightening of the belt and a careful cutting of corners if the operator is to survive, but in the long run expects nothing but progress in "this wonderful country we are living in."

"However," states Blatt, "while we are making all that progress quite a few existing coin machine operators will never live to see all the progress that is in store for them."

"This recession applies not only to the coin machine business, but to all businesses. You can buy any make of car at cost or \$50 above. Look at all the cut prices on all electrical household appliances. And note the thousands of people who are being laid off in all heavy industries."

"The average person, if he has any money in his pocket, must first take care of his every-day needs such as rent, food, and transportation. Entertainment is way down on the bottom of the list."

"Today's coin machine operator must face lower income, higher prices for equipment and replacement of parts, higher prices for records, continuous threats from the local and state government bodies for higher license fees, taxation, high priced help and transportation, and last, but not least, ASCAP."

"Of course, most of us are going to survive, but it will take plenty of elbow grease and planning. The average operator, in order to survive, will have to cut corners and save every dollar. He must cut out all the things he can do without and weed out all unprofitable locations."

"Every operator who intends to stay in the coin machine industry owes it to his business to subscribe

to The Cash Box so that he can keep informed and up to the minute on any changes that might take place, as well as learning of new equipment when it is being introduced.

"In fact", concludes Blatt, "he ought to help support the MOA and help in the struggle with ASCAP, and or any other difficulties that arise from time to time. He should not sit back and think 'let John do it'."

EASTERN FLASHES

We had a real run of Spring weather here this week resulting in an influx of visitors to coinrow—and everyone seemed to be pepped up. Most of the visiting operators reported increases in collections, and were in a buying mood. Which, of course, made all the wholesalers happy, as orders for both new and reconditioned equipment piled up.

Carl Pavesi and Seymour Pollak advise that the Westchester Operators Guild has set the date for its seventh annual dinner for Tuesday evening, May 20. Event will take place at the Holiday Inn, Scarsdale. Pollak, once again, is general chairman. Personnel of various committees will be organized and soon announced. This is always quite a party, and draws many coinmen from outlying areas. Abe Lipsky, Sandy Moore Dist., reports firm's Wurlitzer "Service School" held on Thurs., Mar. 6, drew quite a large number of ops and their servicemen. Hank Petet, Wurlitzer field engineer, conducted the session. The Moore firm holds these schools every Thurs. eve, refreshments at 6 P.M., school starts at 7 P.M. When Petet is on the road, the distributor's Henry Slavis conducts the classes. Petet and Lipsky made a trip to No. Westchester this week to see some ops. . . . Lou Boorstein, Leslie Distributing, record one-stop, back on the job after a three week combination business-vacation trip to the West coast. . . . Jack Semel, looking fit, visits the wholesalers. . . . Sam Engelman, who celebrates a birthday this week, becoming quite a camera expert. . . . Mike Munves starting to get real busy as is usually the case at this time of the year. Not only orders flocking in by mail and phone, but arcade owners dropping in to "see what's new". . . . Meyer Wolf, Atlantic City arcade man for the past 35 years, in visiting Munves. Meyer open for past few week-ends, reports exceptional biz. While his once string of 11 arcades now down to just 2, Meyer has less time for himself than previously. Says he'd like to dispose of one of the two left. Your correspondent and Meyer had quite a gabfest, recounting experiences and personalities of years gone by.

Barney (Shugy) Sugerman, Runyon Sales, counting the days now until his son, Nate, returns home from the service. Nate should be released on April 5, but Shugy says he'll take a two week vacation before reporting to the firm. Meanwhile business here keeps moving at a fine pace, with AMI model "I" phonos and Bally games going out to ops in a steady stream. . . . "Doc" Shapiro, accompanied by his wife, Sylvia, makes the rounds of wholesalers. Mrs. Shapiro's car at the service station, so she rides along with "Doc" in the station wagon, sitting in the car while "Doc" makes his calls, fending off parking tickets. . . . Meyer Parkoff, Atlantic New York Corp., out calling on ops when we visited here. Murray Kaye uses our visit as an excuse to sit down. "First chance I've had all day", sighs Murray, "and my feet hurt." Tells us that new Seeburg phonos now arriving in larger quantities, and altho he's now able to send out more machines to fill orders, he's still pressed to satisfy all his customers. Gene Brody, formerly with Atlantic, now with the investment firm of Eastman Dillion, Union Securities & Co., located on Broad St. Gene in sales of stock and bonds. . . . Harry Koepfel, Koepfel Distributing, out of the office for most of the day, leaving Hymie to handle shipments, sales and service—quite a job, even for Hymie. . . . "Senator" Al Bodkin visiting the wholesalers. Not only is the "Sen" one of the city's best and most progressive operators and its best story teller, but is probably the best dressed. This week's outfit was really outstanding—a new light-weight suit of light blue, with all the accompanying articles in complimenting shades of the same color. A real asset to the business, both mentally and physically. . . . The Music Guild of New Jersey is holding its 21st Anniversary dinner on Saturday night, Mar. 29, in the Elizabethan Room of the Hotel Essex House, Newark, N.J.

UPPER MID-WEST MUSINGS

Frank Grant, St. Cloud, Minn., taking time off to drive to Minneapolis for the day to look for some good used games. Also buying his supply of records and parts. . . . Andy Theisen, Brainerd, Minn., in town for the day also looking for some good used games. Andy is quite a bowler, has a 181 average and getting stronger. . . . Joe Weber, Blue Earth, Minn., spent the day in town making the rounds. . . . Ben Jahnke, Hutchinson, Minn., in town for the day picking up his record supply and parts. . . . Stan Woznak, Little Falls, Minn., really has a problem. Having made his quota in his store selling Motorola T.V. sets he and his wife have a four day expenses paid trip to Las Vegas coming. The fly in the ointment is that the M.O.A. show is also on the same date and he is trying to make up his mind which it will be. . . . Operators in the range area such as Bemidji, Hibbing, Grand Rapids, and Crosby are real rabid basketball fans. Their high school teams are in the regional tournament and all they can talk about is basketball. Gabby Clusieu, and Ray Schultz, of Grand Rapids, Tuesday night filled their cars with youngsters and drove them to Hibbing for one of the games. . . . Fran Befara, Hibbing, Minn., out of the hospital and taking it very easy. . . . Frank Mager, Grand Rapids, Minn., in town for the day making the rounds. . . . Bill Hanf, Austin, Minn., in town this week for a few hours and then on his way home. . . . This is the time of the year when the operators in the resort areas are getting equipment ready to move into the resorts. There seems to be a flurry of buying in good used music and games. . . . Distributors in the twin cities report that sales in new equipment has been very strong the past two weeks. . . . Doc Keintz, Tomahawk, Wis., in town for the day making the rounds. . . . Stub Schoefer, Valley City, N. D., in town for a few days vacation, and visiting some of the distributors. Stub reports that his business has been very good. . . . Gabby Clusieu, Grand Rapids, Minn., is getting in the cigarette vending business in a big way. In a short time he has 50 machines on location and expects to have about 80 machines out by this summer.

CHICAGO CHATTER

How to correctly program a new phonograph? This is one of the most frequently asked questions. Why not a "Phonograph Programming School For Operators"? Such a school could be conducted by experienced, music-wise ops, along with noted members of the music biz. . . . Mr. and Mrs. Hugo Pfohe of Hamburg, Germany, in town this past week. They're on a trip covering all the U.S. Hugo Pfohe is associate of A. W. Adickes of Nova Apparate Gesellschaft. . . . There's been a very nice uplift in business all over. . . . Mickey Anderson phones from Erie, Pa. to advise, "On my return to Erie from Chicago learned that one of our best operators here just died". . . . Keeney's Paul Huebsch advises, "We are going to build something new and different that'll make plenty of moolah for operators everywhere. In the meantime", he adds, "we're busier than ever with our 'DeLuxe Big Tent'". . . . Al Silberman has just taken over position of General Sales Manager with Associated Distributors of Los Angeles. This firm is Wurlitzer distrib in that area.

GEORGE JENKINS

Harry Glick busy with many foreign calls for the firm's outstanding "Commando Machine Gun". "Seems", Harry advises, "importers are very, very excited over our 'Commando Machine Guns' all over Europe and in other areas". . . . Most surprising. How some of the smartest men in the industry worry over the silliest rumors. The sort of gossip and hearsay they definitely know has no basis in fact. And yet they'll worry themselves to the point where they actually make themselves physically as well as mentally ill. . . . Since the U.S. Circuit Court of Appeals for the 7th Circuit ruled that "Circus" does not qualify as a gambling device, there's been much activity and just as much excitement. Also many questions being asked of Zeke Wolf at Auto-Bell. . . . We gave up, after a bit, trying to tell a story about the olden days in Bill O'Donnell's office at Bally with George Jenkins, Art Garvey, Joe Flesch and some others listening. That longdistance telephone in Bill's office kept interrupting every third word. . . . Genco's Al Warren passing up lunch so as not to pass up a sale. . . . Wonder if Clarence Schuyler knows that Bally's Joe Flesch originally built the factory he's now in?

Most avid player of Genco's new 'Fun Fair' pinball is no other than Avron Gensburg. Says Avron, "Guess I was just born into this business". . . . Detroit's Roy and Mrs. Small along with songstar, Vicki Adams, in town this past week. Having pictures taken and also meeting with many friends. . . . "Business is okay with us", reports Don Moloney. And adds, "But, you've got to go on out and get it. You can't get it sitting still". . . . It was 9 A.M. Monday morning. There were Gil Kitt, Joe Robbins, Fred Minter and Ray Henderson all hustling about at Empire. Just like the day was hours old. . . . Phil Levin calls to tell us how pleased he is with The Cash Box. . . . Meeting with Pat Buckley, Jerry Haley, Pete Schenone and Carl Huppert over at Buckley factory recalled the old, old days when this plant just hummed away both day and night and Pat between here and Paris like commuting from Chicago to Oak Park. . . . Ed Levin mighty pleased with the appointment of Jack G. Bess and Roanoke Vending as distrib for Virginia. "One very swell firm and one very swell guy to represent us in Virginia", Ed remarked.

Wally Finke and Joe Kline just thrilled right down to their toes with the sales they're enjoying for ChiCoin's "Rocket Shuffle". . . . He may not be a diploma-covered graduate engineer, but, Ralph Sheffield one helluva man with a screw driver. . . . Like the way Vince Shay points up certain very definite and proved facts with a salty, but sage, philosophy. . . . With Sam Gensburg in Miami, Sam Wolberg comes in to take over at one of the busiest periods in ChiCoin's production. Not only 'Rocket Shuffle' but also 'Commando Machine Gun' demand keeps right on going ahead. . . . With Sam Lewis trekking thru Canada's snowy terrain; with Sam Stern over in Europe; Art Weinand busier than ever. "And I'm leaving for the road this week", he adds, "returning on the first day of Spring, March 21". . . . United Music's Jack Mitnick can catch an error quicker than any one we know. This man just takes one glance. Lets out one yell. And action starts but faster than fast. Should be a lulu of a honey of a phono with Jack on his toes this way to watch for even the slightest of the slightest errors.

What's this? Hank Dabek actually gave up bumming cigars? . . . That Johnny Casola knows when to go where. He's still on the west coast. This time in Portland and Seattle. . . . Joe Filitti feeling much, much better now that he's out of the hospital. . . . Johnny Oomens continues as the sparkplug of the phono ops bowling league. Johnny should be brought back into the coinbiz. Guys with his experience and knowledge very hard to find. . . . Talk about a guy getting all worked up over a new game. That's Bill DeSelm at United. And the game, the 6 foot, 2-player, 'Midget Bowling Alley'. . . . Sincerest condolences to the

family of Levitt D. Chambers, president of Peerless Weighing & Vending Machine, Long Island City, N. Y. One of the swellest guys. Levitt died on Saturday, March 8. . . . Chi Automatic Phono Bowling League set Saturday, May 24, for their sixth annual banquet and dance celebrating the trophy winners of the '57-'58 season at Allgauer's Fireside Restaurant, Lincoln and Touhy Avenues. Bob Gnarro, Ray Gallet, Peter and Johnny Oomens advise over 200 tickets already sold. Bill Gersh of The Cash Box will act as M.C. for the 6th straight year.

DON MOLONEY

Tho it did not kick into the coinbiz, and now never will, Illinois' revenue dept was curbed from collecting the 3% use tax on trade-ins by a circuit court ruling. . . . As a test for Chet Gore, decided to check on Exhibit's new cards featuring top recording stars. So sent a couple of sets to our two nephews, Lee and Clifford Abrams. Result? The very beautiful and charming Mrs. Abrams frantically phoned the next day to advise that in the altercation which resulted, little Lee Abrams came out with a split lip. "And", yelled Clifford over the phone, "know what? I gave the picture of Elvis Presley to a girl who's gonna do my home work for me for a month." So, if any op has a location for an Exhibit Card Vendor with these new recording stars cards, he's got himself one heck of a moneymaker, especially the way the younger generation battle over them. . . . Nate Feinstein, Harold Schwartz, Eddie Ginsburg, and all the other Atlas boys simply thrilled with the compliments they're getting for the new Seeburg phonos. Atlas doing a whiz of a biz.

Dave, Nate and Alvin Gottlieb all smiles as orders grow bigger and bigger for the firm's new "Criss Cross". One five-ball that has taken hold but big almost everywhere in this country and, especially, abroad. . . . Johnny Frantz one guy who minds his own business. And what a business. Johnny just can't get enough equipment out to meet demand. "Could use a factory twice as big", is the way John put it. . . . All pep, energy and work—that's Joel Stern over at World Wide. "Business", say Joel, "is just great. Only wish we had all the equipment we need to fill the orders we already have", he adds. . . . Ted Rubenstein had himself a lucky day when he ran across the idea for "Lucky Horoscope". This counter game has taken strong hold. Demand continues to grow week after week. . . . United Delivering New "Midget Bowling Alley"

New 6Ft Bowler Clix With Distribs

BILL DeSELM

CHICAGO — "We waited to hear from our distributors", Bill DeSelm, sales manager of United Manufacturing Corporation, this city announced this past week. "before we went all out with our new two-player 'Midget Bowling Alley'."

"All I can tell you now", he continued, pointing to a fistful of wires and telephoned orders, "is that we believe we have the very finest six foot bowling game ever produced."

"Here's the small size bowling game the operators wanted", Bill DeSelm claims, "because it will fit into the smallest space locations and is going to get the kind of play that means real profits day after day for a long, long time to come."

DeSelm reported that regardless of the fact this is a six foot game, it still features the firm's outstanding fly-away pins. It has a most unique 'spinner shooter'. The shooter must be redirected for each frame.

"It's one of the most tantalizing skill games we have ever built", Bill DeSelm says, "because the action is so unique it requires the complete skill of the player."

"For example", Bill explains, "the player just can't mark out a spot for the shooter. The 'spinner shooter' on this new 'Midget Bowling Alley' must be redirected each frame. That means real skill action for each of the two players."

"What's more", Bill added, "the mechanism is contained in the back-board and this makes servicing easier and simpler than ever. Just like in every United game the operator and his servicemen are taken into complete consideration and everything is made easily accessible so that they don't waste time servicing any of our games."

"The really big story", Bill DeSelm claims, "just can't be told here. It

963rd CONSECUTIVE WEEK'S ISSUE

How To Use "THE CASH BOX PRICE LISTS"

[Also known as the "C. M. I. (Coin Machine Industry) BLUE BOOK"]

FOREWORD: Many times, wide differences appear in the quotation of high and low prices of certain equipment. Like any true reporter "The Cash Box Price Lists" can only feature the market prices as they are quoted. "The Cash Box Price Lists" act exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Cash Box Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices may be very widely divergent. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, serial, appearance, demand, territory, quantity, and condition of equipment must be taken into consideration. (Some equipment offered by outstanding firms, having a reputation for shipping completely reconditioned machines, will be offered at higher prices than others, due to the added cost of reconditioning.) "The Cash Box Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Cash Box Price Lists" should be read as follows: First price listed is lowest price quoted for the week; Second price listed is highest price quoted.

FOREIGN BUYERS: To cover cost of packing, crating, shipping, etc., figure an additional \$20 to \$25 on Pin Games—and \$25 to \$30 on Phonographs.
