# FMQB ALBUM REPORT

July 3, 1981

**BILL HARD, Editor**

### Hard Choice

#### THE ROCKETS, "BACK TALK", ELEKTRA

From the time Michael Dundas got me to a show about three years ago, I've been a believer in this act. When you play guitar as well as Jim McGarty, it's just a matter of time. Now they've got a new label affiliation, and the new record that will go a long way toward getting the recognition they deserve. Give a listen to "Back Talk", "Shanghaied", and "I Can't Get Satisfied".

### Easy Choices

#### FOREIGNER, "4", ATLANTIC

Even if the rest of the album were a stinker, the tremendous acceptance on the single would guarantee you 5 airplay. It has #1 written all over it. You just don't get more than a couple of songs a month this hot! We're also picking up very enthusiastic response to "Night Life", "Break It Up", "Waiting For A Girl" and others. These boys are back, and definitely stronger than ever...Comments: Buck McWilliams, "Thank you Foreigner for coming through with the new one. 'Night Life' could be the summertime anthem of anyone who feels like bustin' loose when the sun goes down. 'Lu Ann' is a solid track, too"...Jay Walker, KSMB, "Stronger than frog's breath, stronger than 4 rows of garlic, stronger than Peter Tosh's underarms. Cut for cut the best album of 1981 so far"...Judy McNitt, KGH-FM, "The single is incredible. It goes right into heavy play. Phones have gone crazy"...Greg Gillispie, KAZY, "I'm totally blown away. This could be their best yet"...And from John Duncan, KPFI, "This sounds very strong and should pull them out of their .200 batting average to at least a .500."

#### PAT BENATAR, "PRECIOUS TIME", CHRYSALIS

In our Question Of The Week we asked programmers for feedback on the amount and quality of female rock and roll on the air, and for the most played female rockers on their stations. Pat clearly stands in a class all her own, and that's on the strength of the previous tune. Once this magnificent new album hits, it may be time to start ABR (All Benatar Radio)...The vocals just get better, and one has to be especially impressed by Neil Geraldo's guitar work, writing, and production. He'll be a major star in his own right...Songs: "Helter Skelter" will get a ton of attention (extra points for a superb job on a most difficult song to cover). She does wonders with Paul Revere's "Just Like Me". "Promises In The Dark" and "Fire And Ice" will also be quite active.

### Chain Reaction

#### BLACKFOOT, "MARAUDER", ATCO

With 89 first week adds, it's safe to say they are the dominant Southern rockers on the block...The single sits at #2 with "Rattlesnake", "Searchin'", and "Working Man" destined for debuts next week...A number of mentions for "Good Morning", "Too Hard To Handle", and "Dry County"...Ed Levine, WAOZ, "Blackfoot's new one will do a lot as far as making them the Southern version of REO"...Stew Schantz, WPDH, "Better than expected. Besides 'Fly Away', every time I play 'Diary Of A Working Man', I get curiosity calls. This one has a good shot for heavy airplay soon"...Dick Bascom, WYTE, "Instant phones for just about anything on the record"...Paul Peyton, WCCC, "Nothing short of phenomenal. Every cut deserves play. They should all be this good"...Bill Simmons, WMYK, "Very good response here. We tested out both 'Searchin'' and 'Dry County' on my nightly Test Track, and got better than 90% positive reaction on both of them"...Bob Walton, WQDR, "It's very classy stuff. Sounds like 'Diary Of A Working Man' set them above your average Southern rock clone dance band"...And from Frank Andrick, KSIO, "Blackfoot's door smashing single has opened them up to some big airplay. Should be an across the board smash. The LP has guaranteed meat and bite to satisfy their most hard bitten fans."

#### FOGHAT, "GIRLS TO CHAT AND BOYS TO BOUNCE", BEARSVILLE

Our #2 Most Added, with 69 reports...Radio action agrees with us and the general consensus agrees with our pick last week. It is a much improved effort...Paul Heine, WGRQ, "This summertime cooker is smokin' its way out of the box and onto the radio. AIN'T SURE what the title means, but the music spells it out plain and simple--rock and roll"...Rob Roman, KLAD, "Foghat has done itself a real favor by adding Eric Cartwright who brings a new dimension to the group"...Mark Miller, WJCK, "Lots of renewed vitality on Foghat's latest. I'd given them up for dead, but 'Let Me Get Close To You' brings 'em back to the top"...Peyton Mays, KZEL, "It takes a detour from the rocky roads they were travelling. The first three on the first side bristle with a renewed vitality missing from their last few lp's"...Also heard nice things from Kid Leo, Charlie West, Jay Walker, Ray White, Lin Braher, Mary Ellinger, Roberta Haber, John Logan, Eddie Wazoo, Fich Hawk, Bob Linder... "Buy Now Pay Later" leads by a nose, but with repeated listens, I'm leaning toward "Let Me Get Next To You" to emerge as the workhorse track. Also consider "Wise Boy".

## CHAIN REACTION CONTINUED

### MICK FLEETWOOD, "THE VISITOR", RCA

#3 Most Added with 53 total stations, including WCOZ, WILS-FM, WMMS, WYSP, WIOT, WMMR, KLOL, KISS, KSHE, KAZY, WYNF, WBCN, WCMF, WLIR, and KSJO. "Rattlesnake Shake" is in at #54, and that track should go top 30 next week...From Kid Leo, WMMS, "The album somewhat took me by surprise. It is less self-indulgent than I thought it would be and with the track record of solos from supergroups a la Townshend and Phil Collins, we think this one may have a very nice built-in sales market"... Joe Bonadonna, WMMR says, "The album is a natural with 'Rattlesnake Shake'. A very different album. Nice to have that type of diversity on the radio"...WQBK's Lin Brehmer sez, "It is enormously reassuring for an established artist like Mick to experiment and bring such depth and variety to the radio"... From Eddie Wazoo, WPLR, "It's generating a healthy amount of curiosity. Overall a pretty good record. 'Rattlesnake Shake' is becoming a definite request item"...Dane Venable, WRAS adds, "I agree that the Fleetwood is an excellent follow-up to Phil Collins as far as originality and freshness go"...And from Ray White, "All the hot things about Mick and his playing over the years with Fleetwood Mac are on the record, but this time he is calling all the shots and doing it his way. It's about time."

### POCO, "BLUE AND GRAY", MCA

A solid show of first week support--36 stations, #4 Most Added. "Widowmaker" is the track to watch... As noted by WYNF's Nick Van Cleve, "That one should receive much album rock acceptance. 'Paradise' should follow"...Ric Maybee, WKWF, "Poco is back onto the sound that made them famous. Hats off to MCA"...John Logan, KLBJ, "'Blue And Gray' leaves no doubt about their producing power. Country roots and rock overtones, this Civil War concept is loosely tight and each track is complete instead of only connected"...Tom Starr, WOUR, "We like the new one. It's a record of real substance that will suck in the upper demos"...Peyton Mays, "An album of subtle distinction"...Karen Andersen, WGIR-FM, "Sounds a bit reminiscent of the Eagle 'Desparado' days".

### BALANCE, PORTRAIT

11 adds for Balance, but heavy on the majors with WOVE, WMMS, WMMR, KTXQ, and KDKB coming in. KATT's Clark Ryan sez, "Rarely am I impressed by a first listen to anything, but this is an exception"... Mary Pillinger, WYMX, "I was impressed although it's slanted toward the contemporary commercial spectrum. It's still good music and would help to balance out the swarm of heavy metal and southern rock that we've been getting lately"...Greg Gillispie, KAZY, "I'm impressed. Besides the single, 'No Getting Around My Love' is another real strong track. It reminds me somewhat of Franke And The Knockouts"...Ron Nenni, WPYX, "What a great sound!! Peppi Castro from the old Blues Magoos and Bob Kulick on guitar make for a cookin' album"...From Bob Walton, WQDR, "I echo the sentiments of wanting to know who these guys are. The record is great and the production is supremo!"...Start with "American Dream".

### BUILDING:

Major airplay gains this week for:

BLUE OYSTER CULT, COLUMBIA BOC is the week's highest debut--#6 Back Page/#8 Metro...That's the 6th highest debut this year. We're talkin' airplay muscle...Out of the box max play on WLPX, WLUP, WIOT, KWK, KZEL, WPYX, WMOQ, WPLR, KSJO, WLIR, and better than average spins on WILS-FM, WBLM, WQFM, WQBK, WBRU, WOUR, WHCN, WCCC, WOVE, WPDH, KATT, WAAF, WBCN, and WDIZ...Can't argue with the #22-4 Song Index move for "Burnin'", and "Joan" hits the list at #60.

JOE PERRY PROJECT, COLUMBIA With this week's 15, Joe is up to 69 stations in the last two weeks, including 5 Level I reporters...New on the Metro Chart at #34 and #36 Index...Comments: Dick Bascom WYFE, "From all indications, this one should do much better than his previous efforts"...Bob Majersky, WXUS, "'East Coast, West Coast' will perk up the ears of all Aerosmith fans, especially with the fine guitar work".

VOLUNTEER JAM, EPIC With "Mississippi Queen" now up to #20 on the Index, total points for the album continue to jump. Up 42-24 on the Back Page for biggest mover of the week. New at #39 Metro... Play increases on WAQX, KWFM, and WTUE...Heaviest on WHCN, WCCC, WPDH, WBRU, and WKQQ.

ICEHOUSE, CHRYSALIS The second strongest mover of the week, 35-25 Index and 38-37 Metro...A number of solid increases for only 3 weeks out: WCCC, WMMS, WPLR, WRKK, KLOL, KLJB, and KROQ with Silver Condor the only other debut band in the Top 25...The title track and "Sister" lead. We like "We Can Be Together".

UNION, EPIC WPLR, KATT, KWFM, KDKB, KLBJ, and WOUR increased play, and with debuts on WCCC, and WTUE, we came up with a 50-45 climb with "Mainstreet USA" out front at #58 on the Song Index...New on: WRNO, WBRU, WZIR-FM, KTCL, WAAL, WCCC, and WTUE...Ed Levine's one man crusade continues, "The Union album went from absolutely no sales last week to a very strong first week showing. I will not rest until that sucker breaks. 'Mainstreet' is a hit single."

NEW ENGLAND, ELEKTRA 26 adds in two weeks, including WMMR, WILS-FM, WLIR, KSJO, KZEW, WYSP, KZEL, and WCCC. This week a #48 Index debut... "DDT" leads, but the money track may well be the AC/DC flavored "Holdin' Out On Me".

DIESEL, REGENCY The best add week yet for Diesel to date with KGON, KSHE, KISS and four more...Play increases on KZEL, WCCC, WPDH, and WXRT...More good comments: Tom Starr, WOUR, "Let's hear it for Diesel powered radio. We're forcing all the rockers in central New York onto 'Sausalito Summernight' and the record is translating well from the phones to sales"...Bob Bittens, WHCN, "One more plus for Lenny's Diesel record. When we play it we get calls. If you've been avoiding it, you're missing out on a great tune"...KILQ's Rich Hawk reports, "It's outselling Van Halen" (Is Rich related to Lenny?)... "Sausalito Summernight" debuts at #4.

DANNY JOE BROWN, EPIC Also heading steady on both charts, but still racking up those play increases. Up on WHCN, WPYX, WILS-FM, WBLM, WRKK, WRXL, KWFM, KOME, and WTUE...Now max on WCCC, WPLR, WYFE, WLAV-FM, WLPX, and WIOT... "Edge Of Sundown" is now #8.

JOE VITALE, ELEKTRA More quality adds: WLUP, WQFM, KWFM, KKDJ, KTYD, and WIMZ...Up on WCOZ, down on KZEL, WCCC, WMMR, and WQXM...Steady on 25 more, including KZEW, WMMS, KISS, WLPX, WIYY, WSHE, KSJO, KOME, and KROQ... "Lady On The Rock" is steady at #45.

And...

### Y & T, "EARTHSHAKER", A&M

We're finding that only a handful of people have taken time to check out the Y&T album on A&M. Not to get on a soapbox, but when a dues-paying programmer like Bob Shulman leaves radio, joins an A&R department, and two years later comes back to us with his first production effort, the least we can do is listen. Give the guy a break for chrissake. I can get away with this crabby attitude because once you hear "Rescue Me" and "Dirty Girl" and "Hungry For Rock", I know you'll be impressed. They're as good as a number of tracks currently on the air. Just ask Buck McWilliams of WIOT, or WQFM's Mike Wolf.

**Ron Phillips, WMAD:** "We featured Iron Maiden one night and the next day at least 15 phone calls were for anything from the album. Immediate sales the following week."

**Mark Miller, WWCK:** "Looks like an instant phone-getter. We tested it a few times with 100% positives, although, admittedly, all of the respondents were typical young males."

**Ron Nenni, WPYX:** "Great phones on 'Wrathchild'."

**Ilyse Gottlieb, WRXL:** "Even though DC and Baltimore are so close, what happens there on the radio seldom effects what happens here. But Iron Maiden is an exception. We got lots of requests for an album we weren't even playing. Consider it on this week."

**Rob Barnett, WAAF:** "Iron Maiden is up to heavy and catching on in sales and phones."

## CHAIN REACTION CONTINUED

### SQUEEZE, "EAST SIDE STORY", A&M

A decent gain on the Back Page, 23-20, but a hot one on the Metro Chart, 19-15...Up on WMMS, WMMR, WMET, WYNF, WHCN, WBLM, WSYR, KTIM, WBCN, WHFS, and WBRU...Now max play on WCCC, WPDH, WPLR, WAAF, WLIR, WLUP, and WQBK...New on KTXQ, WDIZ, KSMB, and WRCN for a grand total of 85 FMQB reporters... "Tempted" continues to roll up the Song Index, 19-13-11.

### THE RODS, ARISTA

As expected, New York State is right there with the latest contribution to the Rivetheads--with WCMF, WOUR, WAAL, WSYR, WPYX, and WAQX jumping out. Nice quick Texas ak-shun, too, with KZEW and KLOL. "Power Lover" leads...Comments: Karen Andersen, WGIR-FM, "The sound is right for a hard-rocking town like Manchester. They pull out the stops from the very beginning and don't let go"...Rob Roman, KLAQ, "Don't ignore the Rods. With the success we've had with Krokus locally, we sure won't"...Roberta Haber, WAAL, "You might not want to meet them in a dark alley, but if you're into blown eardrums and heavy metal roar, then the New York State Rods are for you. They make Van Halen look like Barry Manilow". (Make that the Singing Nun, Roberta, and you've got it.)

IRON MAIDEN, CAPITOL "Wrathchild" moves 51-31-25 in the last three weeks, with a super solid add week bound to push it up the chart in our next report...WDVE, WAQX, WCOZ, WTUE, and WLUP...Up 34-32 on the Index.

SAVOY BROWN, TOWNHOUSE/ACCORD 9 more for Savoy including KSHE, KTXQ, and WRNO...Now up to 24 FMQB reporters in the last three weeks...From WLAV-FM's Dave Logan, "Sales and calls the first week are real strong. I think the name and the sound of the record says it all".

THE A'S, ARISTA The A's remain steady on both charts, but had a healthy week of play increases: KZEL, WCCC, WQXM, WXRT, KLBK, and WOUR..."Woman's Got The Power" is up 47-37-29.

### MAINTAINING:

ELTON JOHN, GEFREN To keep it alive, we need a dramatic pickup in retail or greatly renewed Top 40 activity...Up on WMMS, WBCN, and WIOT...Down on WCCC, WROQ, WBLM, KZOK, WRNO, KDKB, WABX, and KTIM... Steady on 28 more...26-29 on the Index, 26-33 Metro.

JOHNNY VAN ZANT, POLYDOR Johnny continues to hold very steady in the Southeast, eroding a bit elsewhere...Up on WCCC, WILS-FM, WRXL, WQXM, and KOME...Down on WDVE, WAAF, WKQQ, KWFM, KISS, WQFM, and WBQK...Steady on 40 more...20-21 on the Index, #28 Metro.

MARTY BALIN, EMI "Hearts" is getting stronger and stronger on Top 40, but most of our reporters who could get away with that one added it weeks ago, and we're getting to the limit of useful airplay life on "I Do Believe In You"...Still increasing on WCCC, WPDH, WMMS, and KWFM...Down on WDVE, WILS-FM, WBLM, WKQQ, KZAP, KISS...Steady on 30 more, with max play on WQDR, WRKK, KZOK, KTIM, and KLBK.

SPLIT ENZ, A&M A noble effort, but it's looking like we'll have to break these guys next time around. It just goes to show that you can be talented, creative, and come up with a well-promoted and extensively played album and still come up out of the money, unless you have that one big track radio is looking for...Do keep an eye on the new single "Iris"--that could save it.

SILVER CONDOR, COLUMBIA The album is at a critical stage. "Sake Of Survival" is sitting on about 80% of the play and if that's the track to truly detonate the disc (like that Fred?), then we should start hearing about it soon. As much as we all raved about Silver Condor upon release, it's going to take some solid calls to keep this one together in face of the just released superstars... Up on WQXM, down on WROQ, WCOZ, KDKB, WIOT, and WMET...Steady on 36 more...Again, if you're using a different track, and it's working on those phones, please make sure you let us know this week.

SPIDER, DREAMLAND As much as I'd like to see Dreamland have a hit, the vital signs here are not encouraging.

### CROSSEOVERS:

PABLO CRUISE, A&M KDKB, KBPI, KZOK lead the first week's adds for Pablo--overall #5 Most Added with 17. Early reports put the single and "This Time" out front.

GARY O, CAPITOL It's a strong remake, and if Top 40 and album rock kicks in, we could have a record here. The COZ add is a great shot in the arm, and we have new play this week on WQDR, KBLE, WWCT, KZEL, WDEK, and WGIR-FM.

STATES, BOARDWALK The add activity to date has been limited, but it sounds like "Picture Me With You" will be a hot summer single and a super car song with enough compression to punch through any 2" speaker.

THE GO-GO'S, IRS Not much going on here either, but I can't get enough of it. I love it that IRS has a single that's TOO commercial for a number of our programmers. Now that's a laugh. I say play it. Vejur quote number 102--"Play it. It's a good hooky song. Play it and don't worry."

Highlights from Kal's Front-Red Page:

- 1) Pat Benatar, "Fire And Ice". A sure homerun!
- 2) Franke & The Knockouts, "You're My Girl". New on: WPGC, KRBE, KZZP, WSGN, WAXY, WFBR.

- 4) Tubes, "Don't Want To Wait Anymore". New: KFI, KDWB, WQXI FM, KZZP.

- 10) Gino Vannelli, "Nightwalker". New: KDWB, WKOS, WCAO, WKY.
- 11) Santana, "Sensitive Kind".
- 12) Randy Vanwarmer, "Suzi". New: KDWB, WTYX.

**Kid Leo, WMMS:** "With the track record of solos from supergroups a la Townshend and Phil Collins, we think this one may have a very nice built-in sales market."

**Joe Bonadonna, WMMR:** "A natural with 'Rattlesnake Shake'. A very different album and it's nice to have that type of diversity on the radio."

**Paul Helne, WGRQ:** "It's loaded! A killer summer rocker 'Rattlesnake Shake'; a strong shot at adult contemporary 'You Weren't In Love'; a collaboration with Harrison 'Walk A Thin Line'; a Lindsey Buckingham song from 'Tusk'; and some of the most inspired, thoughtful and unique rock and roll I've heard in a good many months. It's also a lot of fun."

**Frank Andrick, KSJO:** "It's still shaking us around here. Phone and jock response have paralleled each other and the excitement is building with each play."

**Ray White, WLIR:** "All the hot things about Mick and his playing over the years with Fleetwood Mac are on the record, but this time he is calling all the shots and doing it his way. It's about time."

**Bill Simmons, WMYK:** "'Rattlesnake Shake' lights up the phones every time it's played."

**Bob Majersky, WXUS:** "Good reaction to the Mick Fleetwood album. Should be a contender simply by being unique."

**Peyton Mays, KZEL:** "High impact plastic from Fleetwood's Mick. A dharma drummer if ever there was one. 'Rattlesnake' will put the bite on the chart but we also like the African-ized 'Not Fade Away' (Bo Diddley with jungle fever) and 'Cassiopeia Surrender'."

**Stew Schantz, WPDH:** "Hooray for the new Mick Fleetwood. What could have been ten 'Tusks' has turned out to be very accessible."

**Belle, KTIM:** "For the more discerning, the more adventuresome elements of the Mick Fleetwood LP. Not unlike the Third World rhythms provided by the Heads, this music brings another dimension to the radio if you dare."

**Dane Venable, WRAS:** "I agree that the Mick Fleetwood is an excellent followup to Phil Collins as far as originality and freshness."

**Kid Leo, WMMS:** "Foghat should be applauded for being today's example of a people's band. They put out an album every year. They tour every year and they don't take these two year breaks. They pump it out and give their audience what they want. That has to be admired even if you don't particularly care for the band—and I do like this album."

**Paul Heine, WGRQ:** "Ain't sure what the title means, but the music spells it out plain and simple: rock and roll. New guitarist Eric Cartwright fits the band like a glove."

**Jay Walker, KSMB:** "Probably their best album since 'Fool For The City'. It ranks right up with the BOC for comeback album of the year."

**Ray White, WLIR:** "Foghat has finally come up with the right mixture. They seem to have finally incorporated a new power pop sound with the familiar Foghat boogie guitar jams."

**Charlie West, KMOD:** "This one is several cuts deep and is definitely one of the finest things they've ever done."

**Eddie Wazoo, WPLR:** "New Foghat album has been accepted and embraced vigorously. Getting good calls and heavy airplay throughout."

**Rich Hawk, KILO:** "This is a much improved Foghat. The sound is stronger and more diverse."

**Bob Linder, WDHA:** "This is an excellent release. Could do real well with a good dose of national airplay."

**Mark Miller, WWCK:** "Lots of renewed vitality of Foghat's latest. I'd given the band up for dead but the cut 'Let Me Get Close To You' brings 'em back to the top."

## Question Of The Week

How do you explain the relative lack of female rockers on most album rock stations? Who are the most played recurrent females at your station? And, in your opinion, who will be the next female stars to break big?

TOM TEUBER, WMET: "Off the top of my head, I know I have gotten calls from listeners in various markets over the years about artists like Linda Ronstadt not belonging on rock stations. I don't know if that's because she's a woman or because she has more of an MOR image...Rock and roll has always been real macho, and I guess to be honest, rock and roll has always been real sexist, so maybe that's the answer...We play some Linda Ronstadt, Janis Joplin, Pat Benatar, and Heart. Also, I don't know if this is appropos of anything, but I've noticed that most of the requests I've had for 'Under My Thumb' have been from women. You can draw your own conclusions, Bill."

MARK MILLER, WWCK: "Because there aren't that many good ones out there--simple as that. If they're good, they're gonna get on the radio...Most played: Heart, Pat Benatar, and Joplin--that would be it."

DAVE LANGE, WDVE: "Who in the hell is out there who deserves to be played? Sad. I look down the whole Back Page and there is only Kim Carnes...I don't think we're all gonna grab any female rock who comes along just cause she's female. We just need more of them...Pat Benatar, and a little bit of Heart and Grace Slick..My pick to click: Sue Saad."

JOE BONADONNA, WMMR: "I don't think that's necessarily the truth. I don't think there is an absence. Pat Benatar is cluttering up the airwaves everywhere I go. I also hear artists like Holly and the Italians, the Pretenders, Kim Carnes (even though she's not really a rocker). I think the female artists on the radio are very healthy at this time, even more so than male solo artists."

DAVE LOGAN, WLAV-FM: "I think just the sheer numbers of male versus female albums. I think quality albums get played whenever they surface, and certainly we don't make any distinction between male and female artists. If it's good, we play it. Take a moment and look at the releases--put the females in one category, and the male in the other, that should be answer enough...I don't see anybody with the vision of the future, not that there aren't solid female artists."

GLORIA JOHNSON, KGON: "Because in between people like Janis Joplin and Tina Turner, most female performers are doing much softer music, and it's only recently that people like Benatar have been getting back into rock. I think we will see a lot more...I think Lene Lovich will catch on someday, the English band Girl's School (if they ever go on the radio)."

MICHELE ROBINSON, KLOL: "The most obvious and most important reason is that there just aren't that many good female vocalists. I think sex is not the big issue--ability is...Dale Krantz of Rossington Collins."

NILS VON VEH, KZOK: "The ones with great production values get played--Rosanne Cash, Kim Carnes, Pat Benatar. I don't think Stevie Nicks is going to have any problem getting played. If it has the punch and the content, we'll play it...I don't see anyone on the horizon who comes to mind immediately."

DAVE BENSON, WMET: "In looking at a list of recently released Lp's, how many are female vocalists? Of all the major contenders out now--BOC, Joe Perry, Blackfoot, etc., none are strong female vocalists. If there were more, we'd probably play them. Why aren't there more good lady disc jockeys either? I just don't think it's a field that attracts as many women as men...Karen Lawrence has great vocal potential, but image-wise, RCA seems to have taken her down a dark alley."

QUESTION CONTINUED

STEVE KOSTAN, WABX: "Till recently, there has been a definite lack of female vocalists that fit into the rock and roll vein. I see that trend changing rapidly in the future."

PAL PAYTON, WCOG: "Because too many tend to substitute shrieking at high volume for true power singing. Also, hopefully not sounding too sexist, many female voices get lost in the texture of screaming guitars, the male voice seems to carry better in my opinion. Hot recurrences include local faves Joan Jett, based on charisma developed in strong local club appearances, Pat Benatar who's probably a classic, Janis Joplin, and family...Also, if Cyndi Lauper of Blue Angels gets the right band and/or producer behind her, she could be one of the most amazing artists yet heard. Finally, a special mention for Lene Lovich."

BOB WALTON, WQDR: "I don't think it's discrimination. I think it's the opposite. We expect them to be at least as good as the male rockers, and it's actually the same story you find with women judges--you have to have so much experience and you have to pay your dues, and women don't have that in rock. Also, there is a high attrition rate...I think Amanda Blue has a future if she continues with a good producer and good manager. I'm curious to see how the Go-Go's will do, too."

BILL SIMMONS, WMYK: "I would almost say it has to do with sound. It's hard for a female voice to carry a hard rocking tune. There aren't that many of them who can do it well...In terms of solely album rock, I'm not sure that there are any right this minute."

KID LEO, WMMS: "One is that there is less of them than there is of the guys--that alone accounts for some of it. Also, it goes back to last year or the year before when it became fashionable to have a female rocker on your label, and within the span of a few months, Rachel Sweet, Pat Benatar, Chrissy Hynde, Stevie Nicks, Ellen Foley, Ellen Shipley, Carolyn Mas, etc. were all coming out. A classic case of overkill. Now things are settling back, Benatar is doing quite well...I like Pearl Harbor, but don't know if I would say she will break through but she does have possibilities."

ROB BARNETT, WAAF: "The amount of female rock and roll product just isn't there right now...She'll kill me, but if Ellen Foley finds room for a few slightly more commercial tunes on her next effort, look out!! Robin Lane ain't through either."

JUDY MCNUTT, KGB-FM: "I have no idea. Women are smarter, healthier, more talented, more sane, more insane, sillier, straighter, easier to manage, and just all around nicer. So, I turn the question back to you. Why don't they? Why aren't they? And why not?"

DANA JANG, KOMA: "I don't think you can generalize about the number of female rockers on the air. I think on the whole there is a smaller amount of women playing rock and roll on a percentage basis. On the horizon I got pretty good reaction on Sue Saad, and not a bad following on Rachel Sweet."

DAN BRENNAN, WRKK: "I think the field of album rock radio has been dominated by male vocalists. Radio simply reflects the taste of the audience. I think this is changing somewhat...I suppose most everybody believes Kim Carnes will be around with us. She has voice quality and style that might lead me to believe she may be a big star."

LIN BREHMER, WQBK: "Because the arbitrary prejudicial disposition of radio programming in this country is appa ...Ellen McIlwaine, but only if a record company has the wisdom to buy her tape she recorded with Jack Bruce."

PAUL HEINE, WGRQ: "More females don't get played on the radio because not that many of them are making strong rock 'n' roll records."

BEULE, KTIM: "Because of preconceived false out-dated notions that someone out there in radioland won't like the sound of a lady rocker...A lady by the name of Sandy Welch. I think people will be hearing from her in the not to distant future. Also Holly Stanton out of the Bay Area here. This of course excluding bands fronted by ladies like Romeo Void which is another band to look out for."

JIMMY CHRISTOPHER, KNAC: "I don't know why female rockers don't get played on the radio. We sure play enough of them and I think they are viable...Holly And The Italians will make it, also Missing Persons."

MIKE WOLF, WQFM: "I don't see anybody breaking through in the same way Pat Benatar has in the near future. The reason there aren't more female rockers on the radio is there seems to be a lack of high quality releases from female rock artists."

JAY WALKER, KSMB: "It's real simple, there aren't that many good female rock 'n' rollers. And if there is going to be a good female rocker to break through like Pat Benatar, I ain't heard it yet."

RON REAGER, WNOR-FM: "Without question there is a definite genetic difference which prevents females from being adequate rock 'n' rollers. My suspicion is that some females with hormonal problems can put up a good front once and a while, but as you have noticed, never for a long enough period of time to make a career of rock 'n' roll. I'm sorry, but that's just the way it is, science will prove me right."

DICK BASCOM, WYFE: "I'd have to say that the reason for this is because there aren't that many good ones. We only come across a Pat Benatar once in a while. I don't mean to hurt any feelings but Ellen Foley and Ellen Shipley don't quite cut the mustard...To breakthrough: that new band on I.R.S.--the Go-Go's. Although they are more than one female, I think they are the next big female act on the horizon."

MOBY, WQXM: "Assuming you're ignoring Pat Benatar and Heart and Fleetwood Mac, Blondie and the Pretenders, I'd have to say I don't know...I can't think of any females who are just bubbling under right now, but we're always looking."

ILYSE GOTTLIEB, WRXL: "Who says they don't?"

BUCK MCWILLIAMS, WIOT: "I disagree. In fact, I feature a morning of rock 'n' roll women and usually have more than I can play...I'd say Dale Krantz of Rossington Collins 'cause she sounds like a guy. (Just kidding)."

RON RIZZI, WRNW: "First of all how many female rock and rollers are there? The first one who comes to mind is Pat Benatar. They all get played here. At least when there are female rock 'n' roll albums to play. Remember, if there weren't any women there wouldn't be any guys. It takes a woman rock and roller to make a male rock and roller."

CHARLIE WEST, KMOD: "To be honest I think it's a little bit of naivity on peoples part that don't play femal artists."

TOM NAST, WSYR: "So there's not that many female groups out there. It's as simple as that. If there were more female singers that really had it in the grooves you'd have a lot of airplay on them. I don't think radio audiences are against listening to them cause over the years there have been millions of successful female singers."

JOSE DIAZ, WBLM: "I would have to say that it comes down to quality. I'd like to think that if a female rocker comes out with quality music it will get on the air. I don't think there is any kind of quota we're working by, it's simply the cream of the crop rising up...I frankly have not heard too much rock 'n' roll by females lately."

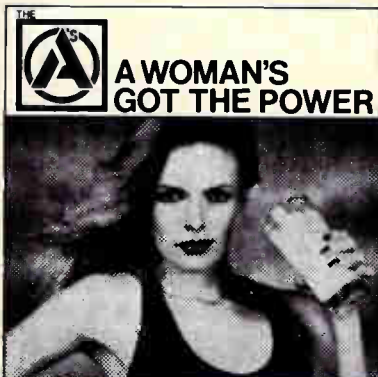

CLARK RYAN, KATT: "Because very few seem to have enough guts to carry an album rock image...I think the Pretenders will with Chrissy Hynde."

Time has proven The Alan Parsons Project to be AOR heavyweights. And now, following the hit "Games People Play," their giant **The Turn Of A Friendly Card** album has produced a second smash hit single: "Time."

"Time" is now a nationwide success. In fact, "Time" is the biggest-selling single by an AOR artist not being played on AOR radio. It's time AOR programmers got the message: Don't let "Time" pass you by.

## QUESTION CONTINUED

FRISCO BOB, KZAP: "There's not as many female rock and rollers to play on the radio...I haven't heard anything recently that strikes me other than possibly Chrissie Hynde of the Pretenders."

JACK SCHWARTZMAN, WBRU: "For the simple reason that there is a lot more male products released. We're looking to expose female products as much as possible...It's Kim Carnes all the way!"

RICK BALIS, KSHE: "First of all, the ratio between the number of male and female acts in existence is just phenomenal. That explains a lot of it. Besides that, I don't think there are a great number of female artists that have been surfacing...Maybe, maybe Suzi Quatro. That's just it, there aren't all that many of them."

GREG GILLISPIE, KAZY: "How come there aren't more high quality female rockers putting out records these days? Pat Benatar is far and away the leader...I haven't heard anyone who stands a chance of breaking through the tremendous success except for one local group called Stuart Wolf Band with a excellent female lead singer. But I'd say their break-through is at least a couple years down the road."

RAD MESSICK, WFYV: "Haven't seen that many female rock 'n' roll records come out and the ones that do just seem to lack what it takes to push through to the mass audience...Sleepers: Dale Krantz solo (of the Rossington Collins Band)."

JOHN LOGAN, KLBJ: "You're opening a can of worms. Percentage-wise, the percentage of female rockers is smaller. Personally, I don't buy the research that says female rock 'n' rollers are a negative factor. I just don't think there are that many good ones out there. Here at this station there is not a conscious effort to keep them off...I think Joe Ely--he's the best rock 'n' roll singer out there right now."

TOM STARR, WOUR: "The answer to the question is a question: Why aren't more women rockin' like Pat Benatar? I hate to think that her success is gonna lead to a lot of signings of women that try to rock just like Pat Benatar, but the general feel of what she's doing is what radio wants from women rock 'n' rollers. WOUR probably plays a higher percentage of women rockers than do most stations, but even that isn't as high as I'd like it to be. Give us the high-caliber stuff and we'll use it."

JOHN DUNCAN, KPRI: "Truth? I think that almost all the ones that are really good are getting played with a few exceptions. It's obviously harder on the performing end of both radio and records for a woman to break through and find the acknowledgement she deserves. But it is getting better."

BOB HATTRICK, KWK: "I don't think there is any real nonacceptance of female artists. The number of female artists that do receive significant audience attention is proportionate to the number of male artists, given the total amount of product released by both sexes. The question should be 'Why aren't more female artists signed and released?' And the answer maybe simply that girls and women are not involved with rock 'n' roll as performers in high schools and the developmental ages as are young guys. Therefore, the question is not answered either by the record or radio industry but by society in general."

ED LEVINE, WAQX: "Because the percentage of female rockers recording is a tremendous amount less than males. However, without having any statistic in front of me I would say the percentage of females that gets played as opposed to female releases is no different than males...Without doubt, the first lady of Syracuse rock is Miss Benatar. In fact, we had the pleasure of debuting the brand new album Tuesday night...Now we're having a good deal of success with Kim Carnes...The male vs female thing doesn't even enter into the picture when we add a record."

BOB BITTENS, WHCN: "I don't agree that there are not enough female rock 'n' rollers played on the radio. When a high quality album comes along by a female artist, it gets played. I think the thinking behind that premise is caused by the fact that there're larger amounts of female artists getting recorded these days. The good ones still get played."

PEYTON MAYS, KZEL: "They do here. I haven't a clue why they don't elsewhere."

WARD HOLMES, WDEK: "Because the good ones are far and few between."

BOB LINDER, WDHA: "We were just talking about that--funny you should ask. The answer may lie in the typically male album rock audience. Although if more women listened, that would probably generate more women rock rollers at the performing end in the future. It's almost the chicken and the egg situation. We predict more women listeners and performers as album rock grows."

EDDIE WAZOO, WPLR: "Because in a ratio of male to female artists released, there are many more male artists. Music, like most industries, is male dominated...If I really knew the answer to that part of the question, then I'd get out a contract and sign her. I would have to guess Chrissie Hynde and the Pretenders."

## Radio Action

KSJO, SAN JOSE, CA R.D.-FRANK ANDRICK: "Got a great case of the spins. P.D. Leeroy Hansen returned to the airwaves filling in for the vacationing Lisa Novak. In his first hour on the air, in walks the new Journey, followed by Benatar, tailed by Foreigner. Next week's adds couldn't be easier...Journey's new material is the best amalgamation of all things past for the band. The return of the frontal attack guitar sets the stage for an entire new life to this Journey...Pat Benatar is destined to set even new sales horizons with the new Lp. The last two albums are still selling better than 50% of the current releases...As to the Foreigner 4'Lp. Change that to 10+ on a 10 scale. Any doubts of credibility or lack of essence have been erased. This album took a lot of care and a lot of caring. The sincerity and enthusiasm captured in vinyl shows through, and everyone here at KSJO couldn't be more pleased. Any time a band effects a conscious turnaround and creates what they want, it's a prime moment in rock and roll. These albums just might bolster the excitement of the record buying public. Personal purchasing research has shown me that a lot of people in the 22-30 demo rarely think of buying Lp's, let alone put themselves through any hardships by going into a record store. We need some exciting must-buy product now, and these definitely deliver the goods...Upward Sales Movement: Billy Squier, Joe Walsh, Ozzy Osbourne, 38 Special, Johnny Van Zant, Danny Joe Brown, Joe Perry Project (doing very well first week out), and Blue Oyster Cult (dominating sales at the South Bay's largest record outlet, Tower Records--moving almost 300 copies this week)...While the consensus opinion of Bill Hard, Judy McNutt, and Jeb Brien convinced us to add 'Iris' on the Split Enz Lp, the response both sales and requests to 'Hard Act', 'History' and 'Dance' has already been great. Split Enz are a proven sales and draw around here. Still one of the best live shows in existence...Onto the Adds: Last week's singles become this week's albums: Blackfoot's door smashing single has opened them up to some big airplay--should be an across-the-board success. The Lp has guaranteed meat and bite to satisfy their most hard-bitten fans...Mick Fleetwood's 'Rattlesnake Shake' is still shaking us around here. Phone and jock response have paralled each other, and the excitement is building with each play...Echo And The Bunnymen 'Heaven Up Here' is worth the effort to sit at home with a few times. The revolutionary ring of 'Over The Wall' and the sneeringly sincere 'Pleased To Meet You' came off as my favorites. This is exciting stuff for these exciting and exacting times."

## Debut #48 Airplay Index

Jim Pemberton, WILS-FM: "'D.D.T.' is different for them. At first, I was a bit leary about putting it on the air because it didn't hit me right off but when I was in Detroit last weekend I heard it on the air and it sounded so good I came back and put it in immediately."

Jack Schwartzman, WBRU: "Solid effort".

Karen Andersen, WGIR-FM: "With Todd Rundgren's production, the band sounds crisper than ever."

Ron Nenni, WPYX: "'D.D.T.' is a great Summer song. 'Holding Out On Me' is a powerful rocker and 'Don't Ever Let Me Go' and 'Tear You Apart' are good as well."

Roberta Haber, WAAL: "The single from New England is 'D.D.T.' but if you look there are much stronger tunes on the album. Try 'Don't Ever Let Me Go'."

## RADIO ACTION CONTINUED

STEVE KELLER: "No doubt by now you've heard that WZZQ will cease to be in the very near future--Friday, July 3rd to be exact. We have new ownership and they've decided that they can become more successful with a country format. As Music Director for ZZQ, I know that I've learned and prospered in the last two years, not to mention the enjoyment involved. I was in Junior High here in Jackson in 1968 when this station came on the air with an underground format. I owe all of my musical knowledge and interest to those years when the format was regarded as outlaw. How differently it's regarded today, when we scored a 14.1 in the latest first..Thanks to everyone who ever helped us out, from the national people to the local reps, the trades, and others in radio, too. The entire staff is confident that we did a first class job here and we only regret that our audience will be left without an album rock station in the State. Several members of the staff are available, including myself. If you'd like to call, please do so. I can be reached at the station 601-982-1062 or at home 601-981-3460."

KGON, PORTLAND, OR M.D.-GLORIA JOHNSON: "Requests: #1 Billy Squier 'The Stroke', 2) Ozzy Osbourne, 3) Van Halen, 4) Moody Blues, 5) Icehouse...Sales: Kim Carnes #1, then Loverboy, Moody Blues, Tom Petty, REO Speedwagon, Blue Oyster Cult #10 first week out, Billy Squier still very strong sales, now 3 cuts deep...Tubes looks like it's ready to break wide open...Added the Diesel. OK Lenny, I'm convinced. Looks like you're on a winning streak. You certainly deserve the perseverance award in my book...Have to cut it short cause the Pat Benatar album just arrived and my ears are beginning to twitch...Getting some pretty good calls on Gary Wright's 'Love Is A Rose', not crazy about the single for us...Silver Condor surprised me this week with a pickup in sales. Retailers are selling it with in store play."

WCOZ, BOSTON, MA CAROLYN BERMAN: "It's already July again and the Summer fun continues with the COZ rock and roll challenge. Tonight is the final phase of the competition for the \$10,000 reward. The semi-finalists that will be fighting it out are: The Sonics, American Teen, and the Stompers. Good luck to all...In the world of wild promotion, thanks Tom Jodka for the Joe Walsh tickets to the show in Maine...Welcome aboard Ted Edwards, the fun has only begun...Tonight is the Squeeze show in Boston. I can't wait...In music, Foghat's 'Live Now Pay Later' is mighty tasty...Foreigner '4' sounds like a goody. Squeeze still hangs in there as one of my faves."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "A vacation two weeks ago and last week the clean-up the request line crusade torches the studio. Good thing I was at the tailor getting my spats refurbished...After that I got my nails done and arrived just in time to save my scrapbook of all my Hard comments. And by the way, how does Mike Bone know so much about my unit? And how did you get that name, sucker?...On to music: re the Savoy Brown poster. Who needs this broad's sagging breasts on a poster. True, it is remarkable that they managed to transplant a 13 year-old's head on a 45 year old bodmola, but let's leave that to Rick Springfield on 'General Hospital'. Actually, the album is good, and I hope it does real well. These guys have been around so long that they deserve what they can get. Before arthritis closes Kim Simmonds down for good, I hope this is a big record for him...Along those lines, let's all play the Joe Perry Project, so Joe can get that lip reduction he's been saving for. Walk this way, Joe. Keep a stiff upper face...The Foghat is probably the surprise of the week. Their best in 3 or 4 records. I really do like 'Live Now Pay Later'--it's real catchy...The Balance is also a real nice surprise this week. The album is chock full of nifty little hook burgers, and I think it will be a strong contender for new band to watch for this 15 minute period--but they are good... 'Urgent' is the best single I've heard this year. Mr. Walker is my main bleed, and the album is real good. Sounds an awful lot like Foreigner, though...Ms. Benatar has done it again--real strong through and through. I like the 'Paul Revere' song...The Icehouse is a real strong record too. I hope the retail on that kicks in shortly. We'll look for increased play on that soon here...Silver Condor--please take off more. I love this record...To Jon Scott: Is there such a thing as quadruple critical?"

KAZY, DENVER, CO M.D.-GREG GILLISPIE: "Summer is here. The new releases are as hot as the weather in Colorado. Maybe Foreigner and Pat Benatar can get Top 40 radio rockin' again. I'm totally blown away by the new Foreigner. Even the single is starting to hit home now. Songs that stand out in particular are: 'Night Life', 'Jukebox Hero', 'Break It Up', 'Don't Let Go', and 'Woman In Black'. This could be their best yet...As far as the Benatar goes, I think musically and vocally it's superb. But I have some reservations about the songwriting and the material she chose to do. Maybe next week I'll have more insight...Also cannot neglect the new Blackfoot album. This one will go far for them for sure...I'm impressed by this new Balance record. Besides the single, 'No Getting Around My Love' is another real strong track. The band reminds me somewhat of Franke & The Knockouts. Just think if they would have done a remake of 'We Ain't Got Nothing Yet'...The Pablo Cruise album seems to be back in stride for them. The way radio is today, 'Cool Love' could be a prime Summer hit...We'll be using the Volunteer Jam lightly at night. High curiosity already on: 'Mississippi Queen' and 'Sweet Home Alabama'...I did an interview with Cold Chisel today. They seem to be quite pleasant, and we're looking forward to their appearance with Joe Walsh next week. By the way, their album is up to #12 in sales...We featured extra Styx music all weekend long in celebration of their concert appearance tonight. People who were able to keep track of how many Styx songs we played over the weekend won tickets to see the show this evening...The Moody Blues are in town for three nights this week. We had some souvenir tour patches made up that are good for a dollar off a record at a local record outlet."

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET Adds For the Week: Journey Ep; and, 'unofficial' adds for: Pat Benatar and Foreigner. The Flashmaker farce continues...Journey's two tunes are indicators of another major airplay item...Benatar's 'Precious Time' is already three deep on the air, with several singles in the waiting...Congratulations to the people promoting Savoy Brown's Lp. They managed to come up with the most tasteless and vulgar promotional poster I've ever seen. What a piece of shit!! Please take me off your mailing list...Also added was the Steve Goodman single 'A Dying Cub Fan's Last Request'... We've re-added Greg Kihn's 'Breakup Song'...Sales Story: Ozzy climbs into the #1 slot; with Santana still gaining; Billy Squier Top 5 (hope to see Billy back in Chicago soon--on the Big stage, Billy, where you belong)...Also, the Foghat album is waiting in the wings. It's very strong."

WMMS, CLEVELAND, OH M.D.-KID LEO: "A tip of the hat to old Rickie Medlocke. The boy has always got a home here at the home of the buzzard because within the song 'Dry County', as he runs down the cities names, he refers to Cleveland as 'bizzard country'. That boy knows how to write songs, I tell you... Foghat should be applauded for being today's example of a people's band. They put out an album every year, they tour every year, and they don't take these two-year breaks. They pump it out and give their audience what they want--that has to be admired even if you don't particularly care for the band--and I do like this album...I agree with the comments coming in from almost everybody that the Balance album is the one that Toto should have done. It is formula, but it is done to the T...Mick Fleetwood's album somewhat took me by surprise. It's less self-indulgent than I thought it would be. And with the track record of solos from supergroups, a la Townshend and Phil Collins, this one may have a very nice built-in sales market...I've become very enthralled with the new musical fad and fashion out of England, Romantic rock, which involves the total opposite of punk and New Wave. The groups play sleek, slick, danceable music and dress very elegantly. The forerunner of the style was Roxy Music. Now we have groups like Spandau Ballet, Duran Duran, and Classix Nouveaux. I think this will find a market here in America as the Punk/New Wave thing never got above cult status. This style is much more listenable to the average ear."

**KAZY, Greg Gillispie:** "This seems to be back in stride for them. The way radio is today 'Cool Love' could be a prime Summer hit."

**KZEL, Peyton Mays:** "'Reflector' mirrors the 'Worlds Away' sound with a little something for everybody. Could be this Summer's big one on the beach. 'Drums In The Night', 'This Time' and 'Jenny' are the focal points."

**WRNW, Ron Rizzi:** "The Pablo Cruise Lp is a cool winner. 'This Time', 'That's When' and 'Paradise' are great air-conditioned tunes and they look good in ice blue."

**WAAL, Roberta Haber:** "Pablo Cruise has given us another album of finely crafted pop songs. They may not be all that exciting, but they sure are tasteful and consistent."

**WGVL, Gary Sherman:** "Another priority this week is the long awaited Pablo Cruise album. 'Cool Love' definitely destined to be a big Summer hit."

**Suggested: "This Time", "Cool Love"**

## RADIO ACTION CONTINUED

WMMR, PHILADELPHIA, PA M.D.-JOE BONADONNA: "The track that surfaces on the Foghat record is 'Live Now Pay Later'. We put it on and have already gotten telephone reaction...We've finally decided to go with Danny Joe Brown. I know it took a while, but after repeated listenings, we've decided it will fit... The Mick Fleetwood album is a natural with 'Rattlesnake Shake'. A very different album. Nice to have that type of diversity on the radio...I've been following members of the band Balance for quite some time now, particularly Peppi Castro and his Long Island groups that I used to play when I was on WLIR from Barnaby Bye to Wiggy Bits and finally to Balance. Of course, his background with the Blues Magoos adds more credibility. It's a very good rock and roll record with a number of things surfacing...I like the single 'Breaking Away', but 'It's So Strange' is my favorite, followed by 'American Dream'... We added the Blue Oyster Cult record. 'Burnin' For You' is our leader...I had a chance to see Squeeze at Emerald City this past weekend. Spectacular performance. We're getting a lot of requests on 'Tempted' and 'Messed Around'. The entire band stopped by WMMR for an interview last Saturday...Aynsley Dunbar of the Starship stopped in just before their Mann Music Center show. A very, very good show, with Grace in rare form...Getting good reaction to: Billy Glenn and the South Street Band after 5 or 6 weeks...The A's is #8 retail in Philadelphia and the single is a major request item...Considering: the new Pat Benatar--a smash record due next week; and, the new Foreigner--another smash...Also Considering: the new Poco record."

KSMB, LAFAYETTE, LA P.D.-JAY WALKER: "My God, Foreigner and Pat Benatar on the same day! The audience is nuts...Lady's first. Pat has a killer album. All of side one needs to be on the radio and she also does a great cover on 'Helter Skelter'. Those are the five cuts we're starting with...Foreigner, meanwhile has the best album ever. Now I realize that's a strong statement, but the damn thing is 7 cuts deep. It's stronger than frogs' breath. It's stronger than four rows of garlic. It's stronger than Peter Tosh's underarms. Cut for cut, it's the best album of 1981 so far...Those two kind of overshadow some other real good albums like the Foghat. Probably their best album since 'Fool For The City'. It ranks right up with the Blue Oyster Cult for comeback album of the year...Blackfoot's new album is much stronger than their last. 'Fly Away', 'Working Man', and 'Searchin'' are hit material...Bill Wray and Danny Joe Brown are the new albums that are really starting to happen. Both are showing good sell...I knew it would happen. Billy Squier is #1 this week. The stores are having trouble keeping it in stock and the phones are ringing off the wall...I realize that this is beginning to sound like a broken record, but 'Nicole' is a smash. play it."

WYNF, TAMPA, FL M.D.-NICK VAN CLEVE: "Blackfoot definitely has found the formula that made 'Strikes' a success. Rickie Medlocke has not painted the band into a Southern rock corner. Perhaps it's because they recorded up in the Midwest. They have given themselves new dimensions on 'Maurader'. Initial standouts: 'Diary Of A Working Man', which I contend will be one of the longer lasting tracks on the album. 'Paying For It' also seems to work well. Much like 38 Special, they go beyond the Southern rock sound and that should give this album much more life than the previous. Far and away the best Lp from a Jacksonville band since the successful 'Wild Eyed Southern Boys'...The Foghat is enjoyable, but nothing real new. We'll support the band as they have an upcoming concert in the area...I think that 'Widowmaker' from the new Poco album should receive much album rock acceptance. 'Paradise' could follow...Must run to listen to the new Foreigner. Although the first bounce through the album tells me 'Girl On The Moon' and 'Jukebox Hero' are real nice...Happy holiday!"

WBCN, BOSTON, MA M.D.-MARC MILLER: "Well, the WBCN Rock and Roll Rumble is over finally, and the winner is Someone And The Somebodies (I swear). Thanks to all who made this event possible...In vinyl news, the Tubes are #1 in airplay here. Hopefully, this will be the one to put them over the top...Mick Fleetwood's Lp has great percussion exercises and a new version of 'Rattlesnake Shake' with Fleetwood Mac founder, Peter Green. Check this one out...Try and find the new Kinks import single 'Better Things'. It's wonderful...Also listen to the Classix Nouveaux album and the Go-Go's single. Both are real popular in dance clubs and, hopefully, will be radio hits. Or, if you really want to get crazed, check out the new Sparks Lp. I love these guys...Gotta run, just got Foreigner, Pat Benatar, and Journey in. Another nice quiet afternoon."

KGB-FM, SAN DIEGO, CA M.D.-JUDY MCNUTT: "Cold Chisel is a San Diego hit...Out of nowhere (except extensive KGB airplay) comes the long-awaited Billy Squier album. It's finally selling. This reminds me of the first Pat Benatar album. Only programmers dedicated to excellence need apply...The Joe Walsh single is testing very well here. Sales on the record are slow, though...I guess with the release of the new Dave Edmunds single, we can assume 'Almost Saturday Night' was last week. That's okay--'Saturday' still sounds good on the radio in Southern California...Having good luck with Point Blank's 'Nicole'...The new Foreigner single is incredible. It goes right into heavy airplay--phones have gone crazy...This week a strong contender for an album add is the beautiful new Jimmy Messina album...The Foghat is a natural...Blackfoot? Yes, yes. 'Fly Away' and 'Searchin'...Ozzy Osbourne's concert here sold out. It was loud and obnoxious, but the kids loved it. The record is selling in the Top 10. Rockline with Wendy O and Ozzy O was outrageous.. Wendy is an interesting articulate weirdo...Next week Blue Oyster Cult and Marty Balin. The vocals should be interesting."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "Excellent albums from: Blackfoot and Foghat this week. 'Fly Away' has been doing great for weeks. Now we can add 'Rattlesnake Rock And Roller' to it...The Foghat--This band never ever limped in Pittsburgh for the past three albums. They've always been strong. 'Live Now Pay Later' should even bring them to an even higher plateau. All they need to do is tour behind this one...Good new music from Balance. We'll be using: 'American Dream' like everyone else, although I think the 'Magic' song will come into play shortly...Iron Maiden--These boys mean business!! And, they're coming to town with Judas Priest. I'm afraid if I don't play it, I may have to take an awfully long ride on one of those used motorcycles from last year's tour being chased by 5,000 rivetheads... The Foreigner single is getting great reaction. Turned out to be a smash by 300 points on 'Smash Or Trash' Monday (three hundred points!)...Blue Oyster Cult phones continue to be real, real good. It looks like there are some interesting phones on the 'Buzz' song and 'East Coast, West Coast'...Active Singles Crossing To Top 40: Greg Kinn, Blackfoot, Tubes (too bad they don't have the right single out); and, I think we'll soon see the A's here also...Considering: Poco and New England."

WYSP, PHILADELPHIA, PA P.D.-DICK HUNGATE: "We're doing a major tribute to Jim Morrison this Friday. There's a two-hour special produced by Denny Somach that we're running Friday, Noon til 2PM. We have the entire catalogue on sale. A local cover band that does an incredible job with Doors stuff is playing at Great Adventure Friday night. Of course, we're giving away lots of Doors records. Response to this so far has been fantastic...I've been doing a thing at lunchtime that was tried at the LOOP for a while and really knocks 'em dead. It's called the 'electric lunch'. It's basically an hour of rock 'n' roll from 1965 through 1972. Calls for suggestions begin at 10AM. I've never seen anything like it...Just to clear up all the rumors. We are still consulted by Lee Abrams. The sale to Infinity is happening in about three months. And, no, we're not changing formats...The new Foreigner album sure seems solid... Pat Benatar's new one is really good, too, but didn't knock me dead on the first listen the way 'Crimes Of Passion' did to be honest. It's probably one of those that'll really grow on you...We're on the Balance record. It seems like an evenly good record from start to finish...The softer of the new Journey release is the one to go with...I don't hear the Robert Ellis Orrall...Silver Condor is dying."

**RADIO ACTION CONTINUED**

**KYYS (KY102), KANSAS CITY, MO M.D.-JOE MCCABE:** "A couple of strong comebacks in this week: Foghat and Blackfoot. These bands needed to fortify their images, and it seems like they have rediscovered the right direction...Other than those adds, space is being reserved for: Journitar, Foreiney, and Beniteigner...I've heard 'em all and we'll be living with them for the entire Summer...If Journey doesn't have a #1 single, I'll eat this Sheet. Thanks, B.R. for giving me the entire album to play two weeks early. Cease and desist this...Sales are there on the Elton, but calls are extremely light...We're holding the Silver Condor for the show...Jim Steinman seems to be slow...Peter Frampton is interesting. Selling very well at several key outlets. However, it just isn't generating those requests...Danny Joe Brown is very strong...Considering: The A's (But we don't add Philly bands after the last World Series. Dump Pete Rose and we'll play it.)...Also Considering: Icehouse and Balance."

**KOME, SAN JOSE, CA M.D.-DANA JANG:** "Increased play this week on: Ozzy Osbourne (upcoming Day On The Green appearance coupled with the very strong Black Sabbath following has made this album resurge both in sales and Top 5 phones); Greg Kihn (still continuing strong on sales and calls on the 'Breakup Song'); Billy Squier (starting to kick in sales wise--phones primarily on 'Stroke' and 'In The Dark'); Johnny Van Zant (some sales starting--light phones)...Sales: REO Speedwagon, Tom Petty, Van Halen, Styx, Jefferson Starship, Santana, Moody Blues, Marty Balin (made a tremendous jump), Rick Springfield (also moving up), Rush, Steve Winwood, Greg Kihn Band...Pretty Steady Action On: Who, George Harrison, Ozzy Osbourne, and Elton John...Squeeze seems to be on the increase. Getting phones for 'Tempted'...Light to steady sales activity--some phones for 'Plantation Harbor' for Joe Vitale...Calls for the Spider record...Requests: Top 5 phones for 'The Stroke'; Van Halen; Phil Collins, 'In The Air Tonight'; Ozzy Osbourne; Jefferson Starship; Greg Kihn, 'The Breakup Song'; Rush, 'Tom Sawyer'; 38 Special, 'Hold On Loosely'; Rick Springfield, 'Jessie's Girl'; REO Speedwagon; Styx; Loverboy, 'Turn Me Loose' and 'Kid Is Hot'; April Wine, 'Just Between You And Me'; Tom Petty, 'Woman In Love'; Moody Blues, 'Voice'; and, AC/DC, 'Dirty Deeds Done Dirt Cheap'...Considering: Foreigner and Pat Benatar."

**KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON:** "Hot new Pat Benatar and Foreigner--what fun! 'Fire And Ice' is a great choice for a single, but my favorite cut is 'It's A Tough Life'. I also like her version of 'Helter Skelter'...And Foreigner 'Jukebox Hero' and 'Break It Up' are excellent, although for me nothing compares to 'Waiting For A Girl Like You'--a Foreigner ballad, I just love it...Continued weekly sales increase on Jim Steinman along with top 3 requests. I hope that other markets that go with 'Love And Death' get similar response. We're certainly pleased with Steinman's success story so far... Sorry to hear about Bob Osborn out at MCA. You can always come back to Texas! Lots of thanks go to him and all the Lone Wolf folks who've worked so closely with us on Point Blank as well as our homegrown album project...Can't wait to hear new ZZ Top on KLOL. Thanks, George, for the sneak preview...Finally, to Robin Wren: Sorry dear, you're too late!"

**KDWB, MINNEAPOLIS, MN M.D.-PAM ABRESCH:** "It has been a great new album day!! Journey, Benatar, Foreigner and the Rockets...Foreigner 'Waiting For A Girl Like You' is an absolute homerun. Falls into the heavy mellow category and its gonna be a Top 5 tune, Top 40--we're going with 'Break It Up'... Journey does it again (Buddy Bangert imitation 'Come on, was there ever any doubt'), the single should do very well but at this time we're concentrating on 'Stone In Love'...Uh Oh, time to whip out your air guitar and 'soap-on-a-rope' microphone. The inspiration this week and for weeks to come is the raunchy rocker 'I Can't Get Satisfied' by the Rockets. If you like Geils you'll love this cut. It will become the national anthem of all 18-24's this Summer. They'll be wrapped in hooks after listening once. Bet you can't say the title without singing it. Days like these are really a turn on!"

**WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB:** "Record of the week: Blue Oyster Cult. 'Burnin' For You' is getting good early phones and retail...Also hot to trot on Foghat, Messina, and Foreigner...'Searchin'' by Blackfoot puts 'Fly Away' to shame...The Steinman is picking up as is Gary Wright and Marty Balin... As everyone prepares to party on the Fourth, I'm at home writing my Hard Comments and nursing two pulled wisdom teeth. Ouch! Before I sign off and take another pain pill, have to wish Eric Heckman the very best and warmest congratulations on his acceptance of Epic's Midwest Regional job.. Leave it to the Herk to keep Brent, Tommo, and Sky all in line."

**KPRI, SAN DIEGO, CA P.D.-JOHN DUNCAN:** "Top Five Retail: Kim Carnes, Moody Blues, Rush, Billy Squier, and Steve Winwood...Thanks to: Judy Libow and John Tope for the pleasant visit. It was great to hear the new Foreigner album, which sounds very strong. This should pull them out of their .200 batting average and up at least to a .500. Several cuts sounded initially stronger than the single...It was also interesting to hear the first ballad from Foreigner that I can remember. Sounded real good...In the better-late-than-never dept., you'll notice an add this week. Our initial perceptions were 'too pop' on Springfield, but the record is beginning to test very well."

**WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN:** "Foghat's new one is different in some places, which is all I think we can ask for from this band. Overall I like it a lot but I still think these guys are branded as a 'Boogie' band. They're the kings of the Summer circuit and I think it will be in that vein that they will draw their support. We like 'Live Now' and 'Let Me Get Close To You' for starters, the latter being very interesting...Joe Perry goes in this week, thanks to a Top 20 debut and one album feature. It still doesn't impress me like any of his Aerosmith work but a Top 20 album still has to be worth something these days. CBS owes a special thanks for making me go back and listen to it again... Sales and calls the first week out on Savoy Brown are real strong. I think the name and the sound of the record say it all...Next week please be aware that the new Rockets album will be on your desk. Don't expect typical Detroit boogie from these guys because I think they are making a serious effort to expand their horizons. The Jack Douglas production doesn't hurt either...The LAV-FM road rally drew over 200 participating autos this weekend, making it the largest road rally in Michigan history--the old record was 80 cars. We're throwing an encore in September or October when nature starts coloring the leaves. From all indications we should have well over 300 cars...Request action this week: AC/DC, Billy Squier and dial a curse--in that order. Funniest request of the week came from a 14 year old girl who wanted to hear 'The Stroke' or 'Big Balls' because 'that's the kind of mood I'm in!'"

**WFYV, JACKSONVILLE, FL P.D.-RAD MESSICK:** "Good initial response for Blackfoot here in the hometown--'Rattlesnake Rock And Roller' has all the makings of another 'Train Train' and 'Diary Of A Working Man' could easily be another 'Highway Song' with that slow build to a h-o-t climax...I've been watching Silver Condor for a while and if CBS can do a Loverboy number, count me in...Poco is not bad. Wonder if they're as old as they look in the picture, esp. Paul Cotton...Good calls on the Foghat, 'Live Now Pay Later' is my motto in the first place, and it's the one I'm playing...Real good response on the Joe Perry--as a matter of fact, stronger than the reaction on the first album, which was a big one... Blue Oyster Cult is getting stronger all the time. Calls are building...Real good calls on the Squeeze. Sounds to me like a real Top 40 hit--good pacing, great instrumental work and one of the catchiest hooks I've heard in years...Iron Maiden gets all the earthdogs out...Danny Joe Brown is a certified monster, three weeks in a row Top 3 sales. 'Edge Of Sundown' will be a Southern rock classic...Considering: Pat Benatar, Foreigner, and Journey. Boy, are they great!..To Jerry Jaffe: I'd like to meet you too--remember, we did--January 1979 in San Diego...To Mike Bone: Change the name of the Rods to Pump Down."

**RADIO ACTION CONTINUED**

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "I hate to disagree with you Mr. Bill, but I'd be willing to bet that the only serious number the new Foghat will do is a quick disappearing act. There's nothing the least bit new or refreshing about it. Just the same old second class boogie. Four weeks down the line we'll probably be embarrassed that we ever played it...I get the same feeling about Mick Fleetwood's solo effort. Moving all the equipment to Africa was a waste of time and money. These days it seems like people are making positive comments just to be quoted, whether they believe in a record or not. If the product isn't there, I'd just as soon see no Hard Choices rather than jump all over a mediocre record just because it's the only thing there...The only record I added this week, that gets me the least little bit excited, is the David Johansen. It's got some great hooks, punchy production, and it's a little bit different from all the rest...I am also excited about some of the new ones on the way. Our local CBS guy, Jay Miggins, played for me a cassette of the new Journey last week. I've never been a big fan of the band's, but I like what I heard on that tape. There's enough new material, in addition to the standard Journey sound, to make the album real interesting. The cover art will blow you away, too...I also got to hear a couple of the new Stevie Nicks tunes including the duet with Tom Petty. It's obvious to me that Stevie saved all her best material for her solo album. Maybe she can give Mick Fleetwood a hand on his next effort!...We expect the Benatar at any moment and, along with the other new releases, July should be quite a month...Updating a couple already getting play: The Foreigner single gets better every time I hear it. If the album is as high-quality as the single it will get tons of airplay here...Squeeze continues to attract new believers. 'Tempted' is a big favorite among the HCN staff and should turn out to be a big hit...The A's continue to get lots of positive reaction from even the most hard-core rockers in our audience...One more plug for Lenny's Diesel record. When we play it, we get calls. If you're avoiding 'Sausalito Summer Night' you're missing out on a great turn."

EDITOR'S NOTE: "Dear Bob: Re: Foghat. Please check the comments this week by Kid Leo, Ray White and others. I stand by my remarks that it's more than just 'a good Foghat album'. It's one of the better records out lately--PERIOD. Listen again...On the Mick Fleetwood--let's see how Mick sustains compared to 20/20, Billy & The Beaters, Spider, Cold Chisel, Plasmatics, Silverado and David Johansen, all recent adds at WHCN. I realize you add such product to help give the station more identity in an album rock heavy market and you can't be faulted because they didn't sell through. I contend with the Fleetwood you get that different and adventurous flavoring (as noted in many comments this week) but you also have a name act to sell with a somewhat familiar sound. And that's smart programming."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "Hectic, hectic--we're busy cranking up the Rods and are psyched for Squeeze in Boston tonight...Thanks much to: 38 Special, New England, Mother's Finest, and their respective companies for a wild weekend of WAAF concerts...Also, Cocaine Realty gratitude to Chalmers for his assistance on a great Beatles weekend. We've got nearly 107 identical WAAF Beatles on the streets of New England. Don Pardo was here to kick it all off...Crummey exits this week for the New England Power Building. His contribution has been great and his talent will be sorely missed. Eat shit if you think you're getting a gold watch...Gary Wright has a good shot here this week. I think we'll see big things with 'Love Is A Rose'...OOTB on Foghat with 'Live Now Pay Later'...Blackfoot is sure to deepen...No room this week, but Mick Fleetwood will be an add next Monday...Iron Maiden up to heavy and catching on in sales and phones...Also, an obvious increase on: Blue Oyster Cult...Foreigner and Pat Benatar arrived early this morning. I like 'Night Life' a lot right now...Thanks to: Danny Joe Brown for the phone call. Gentlemanship never hurts...Moodies are #3 sales; with Ozzy and Billy Squier right behind...Squier phones, especially 'The Stroke' are reaching insane proportions...We're readying an intensive tribute to Jim Morrison and the Doors this weekend honoring the 10th anniversary of the disappearance of the Lizard King...I'm looking forward to the Seminar in two weeks for serious insight, serious bullshit, and serious partying. See you there."

WPYX, ALBANY, NY M.D.-RON NENNI: "Loverboy gave everyone a fabulous sold-out performance at a great 1,500 seat club called Allen's last Thursday. Everyone was on their feet singing all the songs. Their show is outstanding. Thank you: Jack Bell and Chuck Chao...If your station rocks, you'd better be playing The Rods from Syracuse. 'Power Lover' and 'Crank It Up' are our hellraisers...What a great sound Balance has. Peppi Castro from the old Blues Magoos and Bob Kulick on guitar makes for a cooking album. We're going with 'American Dream'...Blackfoot's 'Searchin' is a natural. We also like 'Rattlesnake Rock And Roller'...I love the new Foghat. Good melodic rock and roll. 'Let Me Get Close To You' and of course 'Live Now Pay Later' stand out...Significant phones on: Blue Oyster Cult, 'Burnin For You'; Gary Wright, 'Love Is A Rose'; and, favorable initial response to Icehouse...In Sales: Kim Carnes ties REO Speedwagon for #1; Billy Squier is #10; Danny Joe Brown debuts at #20; and before the Loverboy show, the album went 27-16."

KEZY-FM, ANAHEIM, CA M.D.-LARRY REISMAN: "Adds: Blackfoot, Oingo Boingo, New England, Foghat, and Mick Fleetwood...Oingo Boingo is a Southern California band that has been around forever. We played the 10" Ep last year and got outrageous response on 'Only A Lad'. I expect the same from their first album. The title track is the one, if you have never played it. We have it in an oldies rotation, so the tune we'll be keying on now is 'Little Girl'...On the New England album, we're going with 'Holding Out On You'. If you're not into playing New England, just back announce it as AC/DC, nobody will know...A pretty nice album from Blackfoot. The single has been on since Day 1, and it looks like it'll be huge. Other cuts for us are: 'Rattlesnake Rock And Roll' and 'Too Hard To Handle'...I've got a treat for any Boston fan that may be left. We had a phone interview with them last week from their studio, and believe it or not, they're still together and plan on releasing a record in September. I wonder if there's still an audience for them...I saw a couple of fine concerts this weekend: The Moody Blues and Tom Petty. The Moodies seemed a little tired, but played everything we wanted to hear from them. Petty was outrageous, but unfortunately, Backstreet only came up with one pair of tickets, so none of my jocks were able to see the show. Seems to me that Backstreet could have done much better than that for their biggest act. There are a lot of disappointed DJ's...Really sorry to hear that Bubba Osborn is out at MCA. I'm sure that he will be back in the grooves real soon."

KZAP, SACRAMENTO, CA FRISCO BOB: "Tom Petty tore up the Bay Area this past weekend. The man played with a vengeance. Stevie Nicks made a surprise visit, and joined Tom for a couple of songs. It was a classy show, and a hot tour well worth the waiting...Danny Joe Brown, Greg Kihn, and Foreigner far and away are the phone-burners around here this week...It's good to have the real Moody Blues back, as well as Marty Balin. Both these Lp's sound so comfortable and yet so fresh at the same time...The Joe Perry Project has picked up a lot of steam and inspiration from its newest member. His songs are just more fuel to Joe Perry's fire...Hot At Home: David Lindley's new one is hot, as well as Billy And The Beaters."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "We're right in the throes of Summerfest '81, and I have to go."

WBRU, PROVIDENCE, RI M.D.-JACK SCHWARTZMAN: "My favorite groups right now are: 20/20 and Spider. Lots of depth on both records, they could last a while...Rick James continues to be hot here. How's about opening up a bit, album radio?...Chaka Kahn's album is also filled with gems...Good sounds from Janis Ian, now that she's gotten over 'Seventeen'."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "Adds: Joe Vitale, Blue Oyster Cult, Oingo Boingo, Young Marble Giants, Mick Fleetwood, 999, and Bad Manners...I'm really excited about the new Mick Fleetwood album. I like it a whole lot."

**KWFM, TUCSON, AZ P.D.-JIM RAY:** "We recently ran a KWFM theme song promotion. We had listeners submit music and lyrics for a theme song that described the station, its people, and the desert. We got about 100 entries. The idea was to bring out the closet musicians, the ones who are out there that you never hear from. The winner received a model of Greg Kihn's guitar, a Richenbacher. Thanks to Roger Smith at Elektra/Asylum for all his help...Distressing news to hear about Bubba Oz being shown the gate. MCA's loss will certainly be someone else's gain. There aren't many like Bob Osborn in this business, and that in itself is very unfortunate. Somebody fucked up."

**KZOK, SEATTLE, WA P.D.-NILS VON VEH:** "Foreigner--Pat Benatar--Journey--all in one week?!!!! Who said Summertime is an easy going lightweight time. It's great to have the heavyweights out; however, it's Rickie Lee Jones, John Entwistle and Stevie Nicks I can't wait to hear...Many thanks to and kudos are in order since I now appear in these pages so infrequently. First of all, major congratulations to: Kathy Monahan and Andy McQuade on tying the knot...Big congratulations to: Frank Cody on his move to the Source. It's great to have you on our team...Special thanks to: Michael Alhadeff and Debbie Lippitz for introducing me to the wonderful world of horse racing and definitely making themselves contenders for hosting the party of the year...Also great to see Judy Libow make her first visit to wonderful Seattle. Next time make us the start of a road trip, Judy. But it's great to see you no matter what condition you're in...The Northwest Convention was quite interesting. Everybody better be on their toes for Warner Amex Music Channel. Sounds like it could be a winner...The Plasmatics penetrated Seattle last week with a vengeance. Thanks to Wendy O. for expanding her drive to 1984...Hope everybody had a safe Fourth of July."

**WSYR, SYRACUSE, NY M.D.-TOM NAST:** "Over the weekend, 94Rock presented the most outrageous outdoor show in our history with 38 Special and the Winters Brothers. Over 7,000 people showed up in a sell-out performance. They were hysterical over the 38 Special show. This band is one of the hottest touring bands on the road today. It's an absolute pleasure working for them. Another interesting point is that we were the only radio station used whatsoever for advertising purposes by the promoters. Boy, did we look good...The Rods record is out. Did I tell you it was a kick-ass record or what? How can you go wrong with Mike Bone and Roger Lifeset working together on it? I predict gold for their first album... I'm really embarrassed that I didn't add the Diesel record earlier. I listened to it once again, and it really struck me. I know this is gonna be the Summertime record for 1981. Anybody who has not heard this record, get a hold of Heavy Lenny or Ron Farber. You got to hear it to believe it...To The Global Satellite Network: There are more stations than just KLOL and The LOOP...Congratulations to: Terry Van Dyne and Alex Maye for being able to party even when the electric's turned off."

**KMOD, TULSA, OK M.D.-CHARLIE WEST:** "Foghat. Just a killer album. I believe this one is several cuts deep and is definitely one of the finest things they've ever done...In the fine tradition of Blue Oyster Cult records, this one is no exception. 'Burnin' For You' and 'Joan Crawford' will send this album up and beyond the charts fast...Blackfoot. What a mass appeal single with 'Fly Away'. In addition to that, the album is loaded with killer rock and roll cuts...Silver Condor is beginning to take off here. We're getting phone action on 'Survival'...The record stores here are getting bombarded with people screaming for the new Foreigner album. That's really happening."

**WKQQ, LEXINGTON, KY ASST. P.D.-DAVE KRUSENKLAUS:** "Is it too redundant to say that Pat Benatar is the premier female rocker of the mid-80's? The new record 'Precious Time' is a killer. While so many acts, with record sales in mind of course, produce rock 'n' roll albums that include a ballad so it's a cross-over, Ms. Benatar is not compromising. A hot rock and roll first single and three other killer tunes. I like the Paul Revere And The Raiders remix 'Promises In The Dark' and 'Evil Genius'. Neil Geraldo's guitar work and production, along with Keith Olson, is superb...While we're talking about Chrysalis product, I have to mention we're getting good phones and some spotty sales on Icehouse. I'm becoming a believer in every way about this record. The tune we're on is 'Sister'...Real close to heavy rotation is Danny Joe Brown. 'Edge' is turning into a killer cut for us...Good first week on Blue Oyster Cult. Sales, inquiries and requests. 'Burnin' For You'--I still stand by my statement of last week on this tune. It's the strongest since 'Reaper' and will be a major Summer track...Love the cut-'Searchin'' from Blackfoot. Hats off, gentlemen, this record is much better than the last one and I expect the reaction from listeners to fall into line...The Mick Fleetwood record is a real pleasure. I love the ballads on this thing. Just think of the segue possibilities with 'Rattlesnake Shake' and the upcoming ZZ top single 'Tubesteak Boogie'...Glad to see that 'Tempted' from Squeeze was released as a single. How 'bout crossin' this record over to all formats? 'Tempted' is the most soulful cut I've heard all year...I've switched to radio's favorite cut off Frampton, the title tune. Now looking for reaction...I'm concerned about Silver Condor and Spider...Foghat is a possibility for next week...Also, I've had a tough time swallowing the Gary Wright record. Although it's close to an add due to nationwide action and positive response when tested...When you get the Dave Davies record, check out the first cut on the first side, 'Is This The Only Way'. Good track."

**WLOT, TOLEDO, OH M.D.-BUCK MCWILLIAMS:** "This week we tied in with the Toledo Zoo and had a benefit Zoo-Jam in which we held a bachelor party for two male monkeys who had no partners. The poor monkeys have been so lonely for the last year that it was embarrassing for parents to explain to their kids why they were constantly lying on top of each other. So we had a concert featuring three of the bands that appear on our homegrown album and we raised about \$600. You should have seen those monkeys hopping when we told them the news...You'd think this was the first week of the Arbitron Sweep the way the superstars have all released products. The Journey Ep sounds like it covers all bases; rock on one side and female appeal on the other. So we'll go with both...Pat Benatar should have no disbelievers after her third album. We're going with 'Promises', 'Evil', and 'Fire And Ice'...And thank you Foreigner for coming through with the new one. 'Night Life' could be the Summertime anthem of anyone who feels like bustin' loose when the sun goes down, and 'Lu Ann' is a solid track, too. We'll go with both as follow-ups to the single... In the 'pick the wrong time to release' category: Y&T have put out some earthshaking rock that will sound good on any turntable...For the record, Roy Rosenberg and I are friends and I enjoy listening to what the man has to say. Those of you who will not give him the time of day are neglecting professional responsibility."

**WQFM, MILWAUKEE, WI M.D.-MIKE WOLF:** "Blackfoot just keeps getting better and better with every release. 'Maurader' was instantly added into heavy rotation. 'Searchin'' is such an incredibly well put together piece of music that it should soon become the band's new signature song...It's amazing what Nick Jameson's production has done for Foghat. He's given the group a much needed breath of fresh air. 'Let Me Get Close To You' and 'Live Now Pay Later' stick out as the best album rock tracks on the album...Thanks, Bill, for the advance cassette on Y&T. After listening to the tape for weeks while cruising around town, there's no doubt in my mind that 'Hungry For Rock' will be THE anthem of the nation's youth for the rest of this long hot Summer...Increased airplay this week for: Blue Oyster Cult and Joe Perry Project...Record sales this week were low again. Blue Oyster Cult jumps from 12 to 2! Billy Squier goes from 10-6-4 the last 3 weeks. Local favorites Arroyo debut at #12. Foghat debuts #17. Blackfoot places at #19 its first week out. Joe Perry Project advances from 18 to 13...After not seeing him for three years, it was nice to run into Bruce Ravid of Capitol Records A&R Division at Summerfest with Iron Maiden. Bruce is still looking great. Keep up the good work."

WCCC-AM/FM, HARTFORD, CT P.D./M.D.-"COUNTRY" PAUL PAYTON: "NEW ADDRESS: 243 South Whitney Street, Hartford, CT 06105. NEW PHONE: 203-233-4426. Both should be operative as of July 10th. Try the old numbers first...Forgive last week's typo--the Sinceros 'Disappearing' will NOT disappear but should lead an excellent album up the charts. I love all of Side 1. Thanks, Peyton Mays, for turning me on to it...The new Blackfoot album is nothing short of phenomenal. 'Searchin', 'Diary Of A Workingman', 'Dry County', and the single will lead for now, but every cut deserves play. They all should be this good...O.K. Roy Rosenberg, your sheet made this Sheet. By the way, the Plasmatics, although in Recurrent, is getting medium airplay and still solid phones...Phones starting on: Jim Steinman, New England, Sinceros, and Diesel (this will go all the way)...Foreigner 45 has gotten, in Kal's words, 'gorilla airplay'...Along with FYI, we co-promoted a Jr. Walker show with his band. They were as fine as you'd imagine...Sad to report, Robert Ellis Orrall's 'Oh Oh' got the lowest Rate-A-Record ever--less than 3 of a possible 10...Personals: To Al Twanmo: Thank you for getting the job done right. You're a true pro...To Kate Ingram: The Swimming Pool Q's are in the pocket. We'll go with the first two tracks...To Randy Vanwarmer: Thanks for the good record and the good phone...To Ray White: Amen on your reflections on the future of rock...To my old friend, Barry Grant: I second your turntable hits; there is no shame in playing music people like to hear (even if they didn't know they did) but can't afford to buy...To Sky: Yes, Gary O' has it, and let's be sure we meet at the New Music Seminar...The Go-Go's continue as personal fave and will grow on the rest of the world. So far, this is my favorite single of 1981...If you like the Neville Brothers (as I do), check out the Wild Tchoupitoulas who came out in '77 on Island. It's even more raw and equally as much fun...While on the percussion line, the Mick Fleetwood is a very pleasant surprise. Our faves are the first two tracks and not 'Fade Away'...Albums In Trouble: Silver Condor (just won't kick in), George Harrison, Split Enz (why won't quality sell?)...Dee Dee Brown. Can we drop the album and add the poster?...And finally, congratulations to former station mates, Jim Cameron, George Taylor Morris, and Frank Cody on their upward moves at the Source, which is itself a fine upward move...P.S. Based on last week's answers to the Question: Dave Larussa, Mike Wolf, Janel Dolan, Craig Lambert, Dick Bascom, and Sky Daniels look like my kind of people."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "I saw a great live show last Saturday night. If Spider comes to your town, please go see them. I'm still dreaming about Amanda Blue...Now to records. I don't know where to begin, there's so much very good music out...First, the Balance record. I echo the sentiments of wanting to know who these guys are. The record is great!! The production is superior...We breathed new life into the Jim Steinman album. Sales and interest are picking up after the addition of 'Dance In My Pants'. We probably should have hit that one earlier...Poco and the Pablo Cruise go without saying. Your average WQDR records...The Janis Ian took a few listens. We like the single, but the rest, unfortunately, I think is a digression from her last album...The Blackfoot is very classy stuff. Songs like 'Diary Of A Workingman' set them above your average Southern rock clone band...Increased Play On: Gary Wright (added the single since 'Heartbeat' was getting such good response--I think people are now remembering that he did 'Dream Weaver')."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Squeeze has done it one more time. Don't miss them when they play your town. With the success of 'Tempted', the band is on a roll that has left New York buzzing. WLIR and A&M sponsored an instore yesterday that had over 1,200 Squeeze fans show up climbing three days of sold-out shows...Thanks to: Willis and Ralph of Elektra/Asylum for bringing David Lindley by after a hot show last week. Not only can the guy play a mean slide guitar, but he's not too shabby a DJ either...Other visitors included: Joe Vitale and local boy Peppi Castro of Balance...Mick Fleetwood's record was a nice surprise. All the hot things about Mick and his playing over the years with Fleetwood Mac are on the record, but this time he's calling all the shots and doing it his way. It's about time...Jaco Pastorius has delivered a wild piece of music that exposes some of the great talent that he has, and I'm glad they finally put edits out...Is Joe Jackson full of it or what? He used the right word when he called it 'Jive'. Three strikes and you're out...If you're playing imports, get your hands on the new Passport and Bill Nelson records. Klaus and Passport's 'Blue Tattoo' is top notch...Foghat has finally come up with the right mixture. After a couple of not so successful attempts at changing direction, they seem to have finally incorporated a new power pop sound with the old familiar Foghat boogie guitar jams...The Mael brothers have re-emerged with their finest ever, and RCA seems excited about breaking Sparks. With a blend of Queen and the Cheap Trick sounds, they've shown some growth, and at the same time, maybe the world is ready for them...Yes, we added Miles Davis. We found a couple of cuts on the sampler that will sound great on the air this Summer...De Bella's Scream Of The Week is: 'Guilty' from Classix Nouveaux, and it's very hot."

KATT, OKLAHOMA CITY, OK M.D.-CLARK RYAN: "Another super effort from Poco on their new album 'Blue And Gray'. This album is already a turntable favorite at my house and starts in medium rotation at the KATT. Album rock radio can easily deal with 'Widowmaker', 'Streets Of Paradise', and 'Glory Bound'...We also added the Balance Ep this week. Rarely am I impressed by a first listen to anything, but this is an exception. I like: 'No Getting Around My Love' and 'American Dream'...Increased Airplay This Week On: Foreigner and Union...Still looking for good things from: Blue Oyster Cult, Foghat, and Icehouse...Strong sales this week for: Moody Blues and Danny Joe Brown."

WRKK, BIRMINGHAM, AL P.D.-DAN BRENNAN: "Best sellers locally in album rock include: Billy Squier, Rush, Marty Balin, Moody Blues, Van Halen, and Tom Petty...Good Phone Response On: 'Behind The Lines', Phil Collins; 'Stroke' and 'In The Dark', Billy Squier; 'Cruise Control', Dregs; and, 'Dreams', Hall & Oates."

WOBK, ALBANY, NY M.D.-LIN BREHMER: "Our most played record this week is the new Blotto 45. As the local legend once again captures the spiritual essence of Summer with 'When The Second Feature Starts'...Buddy Guy's 'Stone Crazy' has captured our hearts and our souls...Top Ten Airplay This Week: Mick Fleetwood, also debuted Top 10 this week. It's enormously reassuring for an established artist like Mick to experiment and bring such depth and variety to the radio. Thanks, Mick...If you're not too timid to play a hot instrumental, try: 'Red Alert' or 'Planet Earth Calling' from the new Brian Auger record. The playing is magnificent and the record has the sort of hard edge that makes it great for album rock...The most excitement surrounding a release this week was generated by the funky New Orleans soul of the Neville Brothers. If you can play 'Spanish Moon' by Little Feat, you can play 'Sweet Honey Dripper' or 'Hey Pocky Way'...Foghat doesn't seem to suffer the loss of Rod Price. Their new record could be huge...The new Chick Corea record is breathtaking. It's the best thing he's released in years. We're starting with four cuts...With the wealth of excellent new releases, the notion of being musically jaded is as foreign to me as say, Lee Abrams."

WMYK, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "I'm very pleased with the new Foreigner Lp--a good five or six cuts on this album that warrant airplay. In addition to 'Urgent', they seem to be: 'Night Life', 'Jukebox Hero', 'Break It Up', and possibly 'Waiting For A Girl Like You'...Blackfoot is getting very good response. I tested out both 'Searchin' and 'Dry County' on my nightly test track and got better than 90% positive reaction on both of them. I look for big things for this Lp...The Mick Fleetwood 'Rattlesnake Shake' lights up the phones every time it's played...One other tune that's getting excellent reaction is 'Loaded' by Wishbone Ash...Significant Retail This Week: Good debut for Volunteer Jam--Top 30 sales; Rick Springfield has gone Top 10; and, Iron Maiden is continuing to build."

## RADIO ACTION CONTINUED

WTUE, DAYTON, OH M.D.-JIM KINNEY: "First of all, a better late than never thank you to Al Stann of Columbia for his help with our Loverboy party. Yes, Al, we finally added Silver Condor this week. Also Blackfoot and Iron Maiden...Blackfoot is a real killer, but they still need a little trimming around the edges to become a bonafide super group. And this album is another step forward. 'Rattlesnake' and 'Too Hard To Handle' are our favorites along with the single...Billy Squier takes over the undisputed #1 spot in this town--#1 requests and sales. We added another cut, 'Whadda Ya Want From Me'. We're now four deep on this sucker...Ozzy moves back up to #2; Kim is #3; The Homegrown is #4; the Moodies are up to #6; Danny Joe is #17; Blue Oyster Cult is #20; and the Tubes are #25...I will be on vacation next week (July 11th to the 18th) so direct all calls to Michael McConnell...Please note that my shift and Michael's shift have been changed: Mike is now on 10-Noon and I'm on from Noon to 4 PM...Even though we're not reporting as adds, my personal pick on Benatar is 'Helter Skelter'; and on Foreigner 'I'm Gonna Win' and 'Waiting For A Girl Like You'."

WILS-FM, LANSING, MI M.D.-JIM PEMBERTON: "Top Five Sales: Billy Squier, REO Speedwagon, Phil Collins, Moody Blues, and Van Halen...If you aren't playing the new Balance record 'American Dream', you owe it to your listeners to at least put it in for a while. The phone response to this record is phenomenal...I really like the Foghat album. There are a number of playable cuts. We're starting with: 'Thing About Love'...We're changing tracks on the Icehouse to the title cut because I think it's a stronger song than 'Walls'. Once again, spend some time with this album. It's definitely worth it...By the time this comes out, the new Lp's from the Rockets, Foreigner, Pat Benatar, and the Journey Ep will be out, and I definitely look forward to all of those...We started play with only one tune from the new Blue Oyster Cult Lp, but--we're adding two more this week: 'Burnin For You' and 'Joan Crawford'. What a great album!!...Good phones on Jim Steinman...Moved to heavy this week: Billy Squier, Moody Blues, Tubes, and Joe Walsh...Question to MCA Records: How come you don't release 'The Rapper' (Donnie Iris) live as the single? It was a hit before and it could be again...Increased Play On: Gary Wright, Jim Steinman, Foreigner single, Danny Joe Brown, Johnny Van Zant, Joe Perry Project, Blackfoot, Blue Oyster Cult, Balance, New England, Foghat...Here's something to try: On the Blackfoot Ep, take the spoken intro to 'Good Morning' and seg it together on tape with the album version of 'Good Morning' that continues the vocals--it sounds great...Personal to Jack Ashton: Good luck with being married. You sure are a lucky guy!!...There are so many heavies coming out, there really aren't too many records to consider, because there really isn't room...Sorry, Charlie, as someone says, talk to ya later."

KTIM, SAN RAFAEL, CA M.D.-BELLE: "There are several records that I'm excited about right now that I'd like to touch on (before the P&J). The Pointer Sisters have a guaranteed smash on their hands. It does my heart, and others no doubt, such good to keep pace with these ladies who have yet to pause in their climb to the top. Take my heart, take my soul, take it all...The Peter Tosh Lp was an instant heavy airplay item here and for good reasons. The variation of intensity of the pretty, melodic 'Fools Die' to the easy-to-groove-to 'Coming In Hot', it's reggae even the novice can get into. Ray, listen again, it got by you...Also for the discerning, the more adventurous elements of the Mick Fleetwood Lp. Not unlike the Third World rhythms provided by the Heads, this music brings another dimension to the radio if you dare. If not, hell, go ahead play 'Rattlesnake Shake'...And while you're at it, give another old classic a twirl 'Brother John--Iko Iko'. The Neville Bros. should get substantial airplay, but probably won't. Was Gary U.S. Bonds the exception to the rule, or did he not make inroads as far as R&B on album rock is concerned?...On the rock and roll front, the second Echo Lp is exceptionally strong. It's called 'Watch This Band Grow'. I wasn't taken by the first effort and certainly did not have the patience to sit through it all. No so on this one. Front to back, it's a cinch, I especially love the haunting instrumentations...A word to the wise. Don't dip into the Swimming Pool Q's, listen to the entire Lp. Surfacing at the TIM, the A Bomb woke me up and overheated...A couple of other standout tracks worth mentioning: Oingo Boingo, 'You Really Got Me'--a riot; and, the Foghat's 'Live Now Pay Later', a testimony to my life."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "Adds for this week were a bunch of imports: Iggy Pop is a nice sounding record called 'Party'...We also went on Tenpole Tudor...The Wanderers sounds really good. That's Stiv Bators, the ex-Dead Boy, and members of Sham 69...Siouxsie And The Banshees. We think they'll do well for us...Hots Continue To Be: Romeo Void, Psychedelic Furs, Magazine, 999, Stiff Little Fingers, X, Squeeze, and the English Beat...Duran-Duran and the new Kraftwerk are really good...The Undertones and Icehouse we think will do well for us...We're presenting Stiff Little Fingers at the new Florentine Gardens in Hollywood on Monday, July 6th...New music lives and rolls at Long Beach."

KLBJ, AUSTIN, TX M.D.-JOHN LOGAN: "The Joe Ely South Texas Tornado Jam is about to hit Austin and with Joe, Delbert McClinton, Al Cooper, Steve Raveon, The Thunderbirds, Cold Chisel, and who knows what or who else, it should be a hot night in Texas. It'll be a benefit for flood victims, and if advance interest is any indication, it'll be a sell-out. It will also be filmed for international television broadcast. Hot Texas July 9th, hotter music and cold beer. July 11th is the date, and I'll keep you posted...The longevity of Foghat is incredible, particularly when you note their lack of really large selling records. A steady, solid, and proven sound which expands in this album to include the sound of 'Wide Boy'. Very different for the group. With the REO Speedwagon success, that cut as a single should do well. We'll hit that first. 'Close To You' and 'Pay Later' pack a punch too...We'll try Diesel this week and watch for those phones to light up. I don't know about the Steve Miller comparisons so much as just good kick-back, Summertime, top-down music...Poco's 'Blue And Gray' leaves no doubt about their producing power. Country roots and rock overtones, this Civil War concept is loosely tight and each track is complete instead of only connected. 'Widowmaker' is sneaky and lowdown, but 'Writing On The Wall' is a 'pick to click'. We'll use both...Randy Vanwarmer is interesting with Zevon undertones...I just heard the A's 'Woman's Got The Power' on the radio and was struck by how different it sounds--hooky but not cliched...Icehouse continues to garner great response both from the staff and listeners. We're adding 'Sister' this week to highlight the record...New England went in last week. Sounds good, too. The production is great; and, it's a thick, wide sound...Squeeze hits Top 10 sales this week. 'Tempted' gets under your skin and into your ears."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Nothing foreign about the sound of the new one from Lou Gramm and the boys. Side 1 really smokes. 'Night Life' should come on strong for the 'Double Vision' fans. We also like: 'Break It Up', 'Jukebox Boy', and 'Woman In Black' in addition to the single...Let's hear it for Diesel powered radio. We're forcing all the rockers in Central NY onto 'Sausalito Summer Night', and the record is translating well from the phones to sales. The only problem is places with light stock are totally cleaned out and getting lots of requests. So crank up those presses...The new Tubes could also use more stock. Most retailers tell us they could sell far more than they're able to get their hands on...Blue Oyster Cult appeal becomes BOC mass appeal with the new record. 'Fire Of Unknown Origin' will blow this band sky high. Quote of the week comes from one 33 year old who called me to say, 'I'm almost embarrassed to admit it, but 'Joan Crawford Has Risen From The Grave' is the best rock song I've heard in the last five years'...We like the new one from Poco. It's a record of real substance that will suck in the upper demos...Randy Vanwarmer is doing a good job in that department also...We've worked with the Rods since their inception, and when it comes to balls-to-the-walls rock, make no Bones about it, no one does it better. When we did a broadcast with them several months ago, there were stereo system meltdowns all the way from Syracuse to Schenectady."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "I'm back from vacation and as usual I'm trying to clear the haze, but there are some things that definitely stand out. I can't stop humming the melody to 'Burnin' For You' by Blue Oyster Cult. I would say that this is a good sign that the Cult are back with a strong piece of music...The new Joe Perry Project album is incredibly good. It's a marked improvement over his first Lp, and the guitar playing is the closest thing I've heard to the classic blues that Jeff Beck used to play. Besides 'Listen To The Rock', 'East Coast West Coast' and 'South Station Blues' are standouts...It's good to see that Peter Frampton is hanging in there real strong, since the release of his new album was critical for him to retain lost credibility...I'm looking forward to seeing Mother's Finest this evening in Portland. I hear they have one incredible show...Also in town shortly is Santana--a band that after many years is finally making a strong comeback...The Moody Blues are hanging steady at #11 sales...Ozzy Osbourne at #17 has gone beyond everybody's wildest expectations...The Billy Squier proves that good rock and roll won't go away. That's steady at #14 sales...Joe Walsh was just in town and gave a perfectly wonderful show. It's doing very well at #9 sales...Probably, my tastemaker song of the week has got to be: 'Tempted' by Squeeze."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Hooray for the new Mick Fleetwood. What could have been 10 'tusks' has turned out to be a very accessible album. Don't miss the remake of 'Rattlesnake Shake'... Also better than expected is the new Blackfoot. Besides 'Fly Away', every time I play 'Diary Of A Working Man' I get phone calls asking who's that. That one has a good shot for heavy airplay soon... The new Foghat is well produced with lots of tasty tracks. I like 'Weekend Driver'...The Pablo Cruise is so-so. 'Paradise' is the cut here...Just got the new Poco. Not bad...'Guilty' is what we are for adding the new Classix Nouveaux. Great track...Another new good one is the debut album from the States... The Joan Jett cover of 'Summertime Blues' is just what we needed this time of year. Lots of phones. Does anyone know if it will be commercially available?...Just got the Blotto 45. Another good one for the Summer...If you play jazz, don't miss the fusion from the Yellow Jackets...Hot tracks this week include: 'Really Wanna Know You'-Gary Wright; 'Sausalito' from Diesel; and 'Suzi' from Randy Vanwarmer... Tom Petty is still #1, with Van Halen and a resurged Santana not far behind...Good progress made by the Moody Blues, Split Enz, Blue Oyster Cult, Marty Balin, and David Johansen...Till next time...P.S. Mike Harris thanks Marty for a great show. He says it was really 'funky'. Wow, man."

WYFE, ROCKFORD, IL M.D.-DICK BASCOM: "The new Blackfoot album is everything I hoped for and more. Instant phones for just about everything from the record...Pablo Cruise has a record album rock should play. 'This Time' rocks enough even for Y95. If we can play it, so can you...Foghat sounds much stronger than their last album, although I'm not quite convinced. We'll have to wait and see what happens...Joe Perry goes in this week with 'East Coast, West Coast'. I think from all indications this one should do much better than his previous effort...Also in this week is a band that I got to know while I was in New York. They call themselves The Rods. While they do have a lot of room for improvement, it rocks hard enough to keep our moodies happy...Very good reaction to the Foreigner single. No real negative feedback as we did have with the last Foreigner. The kids seem to like it too...Considering: Journey, Pat Benatar."

WGRQ, BUFFALO, NY M.D.-PAUL HEINE: "Thank God. Just when I thought album radio was ignoring any record sounding slightly funky, along comes Steve Winwood, Phil Collins, Santana, and Gary U.S. Bonds with flawless albums in a funky vein. Album radio response was thumbs up and, voila--today's hits. If you're wondering about tomorrow's music, you can count on a good measure of Black influenced sound...Records like Squeeze and the A's are another couple of good examples...And so is Mick Fleetwood's innovative solo album, 'The Visitor'. It's loaded! A killer Summer rocker ('Rattlesnake Shake'); a strong shot at adult contemporary crossover ('You Weren't In Love'); a collaboration with George Harrison ('Walk A Thin Line', a Lindsey Buckingham song from 'Tusk'); and, some of the most inspired, thoughtful, and unique rock and roll I've heard in a good many months. It's also a lot of fun...Foghat. This Summertime cooker is smoking its way out-of-the-box and onto the radio. Ain't sure what the title means, but the music spells it out plain and simple--rock and roll. New guitarist Eric Cartwright fits the band like a glove...A very classy album from Poco that should burn up the album and adult contemp charts...Good calls and #1 sales on Moody Blues...Heavy Phones On: Billy Squier, Greg Kihn, Foreigner, AC/DC, Rick Springfield, and Volunteer Jam...Hats off to MCA for picking 'Woman In Love' as the Petty single. It IS the strongest track on the album...Just heard the new Foreigner. The band has evolved on their fourth album, and they're not afraid to take a few chances. It's exciting, innovative, different and S-M-O-O-T-H!! A monster Summer smash...Here's a suggestion for the Question Of The Week: Does it bother you when tip sheets stuff 45's in their publications?" NOTE FROM KAL: How soon you forget, Buffalo Paul! Do you realize how important that April Wine single we mailed was to a small market station?

WAQX, SYRACUSE, NY P.D.-ED LEVINE: "The Pat Benatar album is a masterpiece. We had the pleasure of debuting it Tuesday night and the phones simply have not stopped. The record of the Summer for Syracuse... The Rods from Central NY are going to do very well nationally now. A little background: Dave 'Rock' Feinstein used to be in a band called Elf which used to feature Ronnie Dio among others. I would suggest 'Music Man' as the lead cut for those of you not familiar with the band...Iron Maiden is opening for Judas Priest in town in a few weeks. 'Wrathchild' makes a lot of sense at night for us. It'll get the dirtball howling...The Blackfoot is a very strong record. Somebody do me a favor and tell Yeskel that they're not REO yet. This album will do a lot as far as making them the Southern version of REO. No offense, Yeskel...Some very interesting developments this week. 38 Special is now the #1 album in Syracuse...The Moody Blues are doing very well at #4 retail. By the way, in all the time we played 'Gemini Dream' I have had one negative...Kim Carnes is blowing out the doors and is now #5...Rick Springfield is now up to #9 retail...The Van Halen album is stagnating. It needs something and fast...Billy Squier's album finally took off in retail and is now #17 with 'The Stroke' #1 on the requests lines...Johnny Van Zant is also stagnating and Peter Frampton is dying...A quick word about the Jim Steinman record. I thought the record was over as most of you thought. However, by playing the single during the day and 'Love And Death' and 'Stark Raving' at night, we are starting to see serious phone reaction. You know what they say, 'Where there's phones, quite often there's retail.'...To continue my crusade, the Union album went from absolutely no sale last week to a very strong first week showing. I will not rest until that sucker breaks. 'Mainstreet' is a hit single."

KZEL, EUGENE, OR M.D.-PEYTON MAYS: "When Pablo Cruise no one lose. 'Reflector' mirrors the 'Worlds Away' sound with a little something for everybody. Could be this Summer's big one on the beach. 'Drums In The Night', 'This Time' and 'Jenny' are the focal points...Foghat's got a new coat of paint. 'Girls To Chat' takes a detour from the rocky roads they were traveling. The first three on the first side bristle with a renewed vitality missing from their last few Lps...It's been a good week for the new Blackfoot album--'Fly Away' already well established, and we're getting good phones on 'Searchin'' and 'Workin' Man'...Poco's latest harkens back to their mid-70's sound. An Lp of subtle distinction...High impact plastic from Fleetwood's Mick. A dharmic drummer if ever there was one. The album might have been called 'Rich White Gentleman Grooving Ghana' but I suppose 'The Visitor' will do... 'Rattlesnake' will put the bite on the chart, but we also like the African-ized 'Not Fade Away' (Bo Diddley with jungle fever) and 'Cassiopeia Surrender'...On the Plasmatics Seattle show: Conspicuous consumption and decadent music for deviates."

## RADIO ACTION CONTINUED

**WDEK, DEKALB, IL P.D.-WARD HOLMES:** "Adds: Volunteer Jam VII, Peter Tosh, Tom Scott, Frank Zappa, Bert Ligon, Blackfoot, Third World, Jaco Pastorius, Mick Fleetwood, Gary O', Pablo Cruise, and Yellow Jackets...Hots: Joe Walsh, Moody Blues, Greg Kihn, Tom Petty, Elton John, Gary Wright, Peter Frampton, Phil Collins, David Lindley, Pat Metheny, Joe Vitale, Jim Messina, George Harrison, Icehouse, Split Enz, and Diesel...I had a chance to hear the new Any Trouble single called 'Trouble In Love'. It's a very exciting track, and I'm looking forward to it...The Tom Scott, Jaco Pastorius, and Yellow Jackets are three exciting albums this week. Maybe some people ought to go back and listen to some things in fusion that they have let fly past."

**WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER/P.D.-MARK CHERNOFF:** "Dynamite live broadcasts last weekend with David Johansen and an interview with Rick Ceron of the Yankees...Thanks to: Danny Joe Brown for talking with us on the air...Everyone at DHA is getting real excited about this Thursday's opening of the new New Jersey Meadowland Arena with Bruce...One of the funniest answers to last week's Question was from Tim Bedore of KZAP, 'Brownie troops dancin' on my chest'. But Greg Gillispie's 'good joints, great women, and fast cars' typified the responses. Definitely an enjoyable change of pace to read...At the Rock of North Jersey, this week's adds include: Blackfoot, Mick Fleetwood, Poco, Jim Messina, Psychedelic Furs, Iron Maiden, Foghat, and the Robbie Patton single. WOW! What a spread of great new music...The Foreigner is their best to date--classic hooks and great rock 'n' roll. Besides 'Urgent', our favorite cut is 'Break It Up'...Mick Fleetwood's 'Visitor' is a very ambitious project which doesn't always come off well. But with great cuts like 'Walk A Thin Line' and 'Rattlesnake Shake', it deserves real close attention...We can't hold off any longer on Jim Messina. It's too important for upper demos...Foghat is an excellent release. It could do real well with a good dose of national airplay...Robbie Patton sounds like a cross between Michael McDonald and Phil Collins. Definitely could be a Summer winner...Speaking of winners, everyone at WDHA is predicting the best for this Summer's switch into glide is: Diesel's 'Sausalito Summer Nights'...Considering: Balance (hot, hot); and personal favorite, Jean Michel Jarre...Diesel, Blackfoot, REO Speedwagon, and George Harrison...Sales: Moody Blues, REO Speedwagon, Tom Petty, Kim Carnes, and Styx (back in the top sales again)...Motto For The Week: Good taste is timeless and good times are tasteless."

**WKWF, KEY WEST, FL M.D.-RIC MAYBEE:** "Sparks are back and boy are we glad. They're sounding as young and fresh as ever. 'Whomp' is a delight...Mick Fleetwood went out on a limb and came back with an African beauty. We're four cuts deep on this one out-of-the-box...Poco is back to the sound that made them famous. Hats off to MCA...Adds This Week: Sparks, Mick Fleetwood, Poco, Yellow Jackets, Oingo Boingo, Foghat, Echo And The Bunnymen, Classix Nouveaux, Savoy Brown, Undertones, John Klemmer, and Tom Scott...Progress This Week: Donnie Iris and Icehouse."

**WTPA, HARRISBURG, PA P.D./M.D.-DOUG SORENSON:** "Adds: Foghat, Savoy Brown, Wishbone Ash, Blackfoot, Joe Perry Project, Plasmatics, and the Rods...I had the pleasure of going to Mann Music Center to see the Starship. Many thanks to: Bob Catania of RCA for the tickets. I was devastated with live versions of 'Stairway To Cleveland' and 'White Rabbit' from Grace. Also, it was just about as devastating meeting the infamous Kal Rudman. After reporting to the Quarterback for many years, it was truly an experience. Kal, you're the best. (Hey Bill, you and Kal are getting one of our infamous rock watches with our compliments. Thanks)...Also, hello to: Linda Feder of MCA, whom I saw, which accounts for the Wishbone Ash. We all got 'loaded'...Also hi to: Anita...A big congratulations to a very good friend of mine who has taught me an awful lot about this business: Joe McCoy on becoming the P.D. of WCBS-FM, NY. All the best...Squeeze is up to medium. Word on the phones is 'this is different and we like it'...Top Five Sales: Tom Petty, Billy Squier, Jefferson Starship, Moody Blues, and Van Halen...Hey Herb, sorry we waited a week on the Joe Perry Project. It's gonna work out real well for us...And to 'the triangle' at Atco, meaning Scott Reagon, Pat Milanese, and Jayne Lippman: The Blackfoot album is merciless rock and roll. 'Rattlesnake' lives up to its title...Blue Oyster Cult is into hot rotation. 'Burnin' For You' is burning the phones...It's been a very unique week, so-long!"

**WAAL, BINGHAMTON, NY M.D.-ROBERTA HABER:** "Adds: Blackfoot, Pablo Cruise, Foghat, Mick Fleetwood, Rods, Poco, Janis Ian, Franke & The Knockouts 45, Gino Vannelli 45...Hots: Tom Petty, Tubes, Jim Steinman, Moody Blues, Blue Oyster Cult, Kim Carnes, Elton John, Greg Kihn, live 12", Van-Halen, Marty Balin, George Harrison, Squeeze, Phil Collins, and Foreigner 45...Through the magic of dayparting, we managed to get a lot of new music in...There's some good rock and roll on the new Foghat. It's good to hear them stepping out from their 'Slow Ride' formula. 'Wide Boys' and 'Delayed Reaction' have a different sound...You might not want to meet them in a dark alley, but if you're into blown eardrums and heavy metal roar, then NY State's The Rods are the boys for you. They make Van Halen look like Barry Manilow...Pablo Cruise has given us another album of finely crafted pop songs. They may not be all that exciting, but they sure are tasteful and consistent...Mick Fleetwood has to be admired for his musical daring even though radio (including us) will go with the safe 'Rattlesnake Shake'. It's always encouraging to see a star willing to experiment...The new Blackfoot has a couple of good songs besides the single. 'Searchin', this album's 'Highway Song', should be a big request item...I can't say that the new Poco bowled me over. I think it needed a bit more rock and roll kick from Paul Cotton. However, it's an interesting concept and deserves airplay...Janis Ian has a great song in 'Under The Covers'. The ladies (including me) should love it...Sales: AC/DC, 'Dirty'; Moody Blues; and Joe Perry Project debuting at #3...Requests: 'Tempted' from Squeeze...Consistent Requests For: 'Rock And Roll Dreams' from Jim Steinman and Phil Collins with 'In The Air Tonight'...Last Saturday night, 40,000 Southern NY residents lined the banks of the Chenango River to watch the Broome County Pops Orchestra play from a floating raft put together by WAAL in conjunction with a local bank. The concert features some amazing special effects and a spectacular fireworks display. Living by a river is indeed a wonderful thing."

**KKSN, PORTLAND, OR M.D.-GREG LEE:** "Adds: Poco, Mick Fleetwood, Metheny/Mays, and Pablo Cruise...Also Singles By: Ronnie Milsap and Sad Cafe...The Foreigner Lp is tremendous. 'Waiting For A Girl Like You' is incredible! I can't get the song out of my head. We'll premiere it tonight, and I know the phones will light up. Our cuts, besides 'Urgent', are: 'Luanne', 'Girl On The Move', and 'Don't Let Go'...The new Little Feat Lp is HOT! I think it should be out soon. The alternate version of 'Rock And Roll Doctor' is our fave...Don't be afraid of the Mick Fleetwood Lp, it's a killer. 'Rattlesnake Shake' is a real rock staple. Don't overlook 'Walk A Thin Line' for all your Fleetwood Mac fans. 'Cassiopeia Surrender' is infectious...Personal To Mark Gorlick: Thank you--you're still a heavy...To everyone in Seattle last week: Thank you for a great weekend."

**WZZO, ALLENTOWN, PA P.D.-LYN COREY:** "Mick Fleetwood, Foghat, Blackfoot, and Balance are the adds...I had a chance to catch the Foreigner Lp. It's a far cry from 'Headgames'. Pardon my saying so, thank God. '4' has got to be one of the slickest, cleanest Lp's to come down the pike in a long time. Maybe we're truly on a musical upswing. Thanks to: Frank Sciarra. I look forward to getting '4' on the airwaves tomorrow...The new Pat Benatar is also coming out tomorrow--another Lp I hear will perk up my ears. Looks like it's gonna be a great day tomorrow musically. (Wow, man) Why can't the music be evenly dispersed throughout the year. Oh well, so much for idealism...Blue Oyster Cult and Humble Pie were just in the Valley. I want to thank them for the quick return engagement because of the tornado... This week, another hot show: Jefferson Starship (with Slick) and 38 Special...Check out: 'Weekend Driver' on Foghat. Now that's a true Summer kickass tune that's being overlooked."

**KKDJ, FRESNO, CA M.D.-JEFF RIEDEL:** "Adds: Gary Wright, Joe Perry Project, Mick Fleetwood, Joe Vitale... Ozzy Osbourne will be in town a week from today and we'll have him in for an interview. He'll also do an instore at Tower Records. I wonder if I should ask him about dove sushi?"

WWCK, FLINT, MI M.D.-MARK MILLER: "We've got a couple of crunchers for adds this week: the new Blackfoot and the new Foghat...Blackfoot has always had that rough and ready sound, but they certainly have taken it to new heights on this one. 'Rattlesnake Rock And Roller' virtually snaps out at you... Lots of renewed vitality on Foghat's latest. I'd given up the band for dead, but the cut 'Let Me Get Close To You' brings 'em back to the top...P.S. If you haven't considered Diesel's 'Sausalito Summer Night', you may be missing one of this year's best songs...I know there's not a lot of promotion on it, but give it a listen--it will promote itself...One Other Quick Note: I can't understand why everyone is ignoring 'How Do You Live' on the A's album. The energy and hooks surpass 'Woman' by a pretty large margin. Could it be the Side 1, Cut 1 syndrome has struck again?"

WWV (3WV), CHARLOTTESVILLE, VA M.D.-PHIL KIRZIC: "The Foreigner 45, Blue Oyster Cult, Mick Fleetwood, Blackfoot, and Foghat all received the thumbs up for Adds...While the Tubes moved up to hot rotation... Getting good phones on: Gary Wright, 'Really Want To Know You'; 'Edge Of Sundown', Danny Joe Brown; and, Peter Frampton, 'Breaking All The Rules'...We added a band called The States which should do very well around here, even if they weren't from Norfolk. This album has the potential to break nationwide. Don't pass it up. Sample: 'Tell Me It's Love' and 'Saturday Night'. It's their second effort and nothing short of improved...Poco's 'Blue And Gray' should do especially well since we're smack dab in the Confederacy. Like Charlie Daniels prophesized, the South's gonna do it again. The momentum just keeps growing...Take Blackfoot for instance, Jay's comments were outstanding as his jaw hit the floor during 'Diary of A Workingman', and it's good to hear Shorty back again on 'Rattlesnake Rock And Roller'. All in all, an excellent effort from those Jacksonville rockers."

WRNW, BRIARCLIFF MANOR, NY P.D.-RON RIZZI: "It's been a great week musically, lots of things to wear out my poor stylus on my new turntable... 'Urgent' is the #1 tune over any Lp this week, making the new Foreigner incredible. Listening to the album I find there's lots more to use. 'Break It Up' is a smash. 'Waiting For A Girl' and 'Woman In Black' are both gems...The Pablo Cruise Lp is a cool winner. 'This Time', 'That's When', and 'Paradise' are great air conditioner tunes, and they look good in ice blue...Poco has bellowed much it seems. 'Streets Of Paradise' is the hottest hitting on 'Blue And Gray'... Top Sales Makers This Week: Blue Oyster Cult, Tubes, and the Moody Blues...Here's a flash: The Psychedelic Furs have made significant airplay jumps this week; along with David Johansen's 'Bohemian Love Pad'. I guess WRNW looks good in pink...This Week's Adds Include: Foreigner, Foghat, Rockats, Echo & The Bunnymen, Third World, Equators, Jean Michel Jarre, Holly & The Italians, Pablo Cruise, Max Werner, the Blackfoot Lp, Poco, Mick Fleetwood, Sparks, Gary Numan, and the Go-Go's 45...We're Using In Sunday Jazz: Yellow Jackets, Jaco Pastorius, Chick Corea, Tom Scott, and Miles Davis (which is also in regular rotation). ..We've had lots of help this week from Erma and Aaron. Without them, Danny Buch of Atlantic would never have been able to rush order reservice for us. Bravo, Erma and Aaron. You really turned out good... Wolmark: Nova Scotia is really 2,200 miles round trip. I guess it will be Negshead, NC 'cause it's vacation time next week. Bev, Wendy, and I will be motorcycling for the week (maybe Wolmark too)... Roy Rosenberg: I wish we had a side car, 'cause you know you'd love the trip. You could wear goggles, a leather helmet, a gray scarf and--."

WRCN, LONG ISLAND, NY P.D.-BARRY GRANT: "The baseball strike offers album rock a tremendous opportunity to build and maintain audience. It has always driven me crazy to be painfully aware that many of my listeners were tuned to TV and other radio stations during the very long (most years) baseball season. At first I went through a terrible period of physical & mental withdrawal when the strike began. But, it gradually eased up. Now there is more time to do other things, like listen to radio and music and take care of lots of other activities. I'm sure many others have adjusted. It's tough when you're a fanatic sports fan. I've covered major league sports as a reporter for 10 years, getting quite involved. It would be good strategy for a foreign government to cause all major sports to strike. They could rock right in and take over a confused and weakened nation! Right now you've got a great chance to win audiences. They can be listening to your station on a nice sunny afternoon instead of baseball...Sales: AC/DC, 'Back In Black' #1; Van Halen; AC/DC, 'Dirty Deeds'; Moody Blues; Joe Walsh; and, REO Speedwagon... Adds: Mick Fleetwood, Squeeze, Icehouse, and the Blackfoot Lp."

WMJQ, ROCHESTER, NY M.D.-OREST: "I heard the new Foreigner album today. Check out the cuts: 'Waiting For A Girl Like You', 'Jukebox Hero', and 'Woman In Black'. These guys will never stop giving us the best. Instant response to the single. We're already getting calls as to when the album will be in the stores...I want to thank the guys from Loverboy for stopping up to the station last week and giving us one helluva performance...Getting Good Calls On: Blackfoot; Blue Oyster Cult; and still, still, still-- Ozzy...Also getting good response on: Danny Joe Brown, Spider, and Squeeze."

WCMF, ROCHESTER, NY M.D.-TED EDWARDS: "I feel like I am one of the luckiest human beings in the world right now. Not only have I been afforded a tremendous opportunity at WCOZ radio, but over the last five years, I've been able to develop some wonderful relationships here in western New York. There are too many people that I'd like to mention for the help they've given me here, but I feel like there are some people who I definitely should get to: First off, Dick Borell and Andy Beaubien for the opportunity at WCOZ; and, then these folks for their time and effort at WCMF: Jeff Pollack, Trip Reeb, Ted Nixon, Arlene and Steve Slick, Fred Cimatto, Steve Knill, Cedrick Cushner, Barry Lyons, Louise Patrick, Neil Lasher, Jim Trayhern, Ted Mussarro (the best promo man in Western New York), Alex Maye, Tom O'Connor, Phil Page, Michael Plen, Mike Rose, Roy Rosenberg, Joel Webber, Jim Sotet, Kevin Sutter, Terry Van Dyne, Paul Yeskel... And anybody I forgot, I'm sorry."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Foreigner, Journey Ep, Diesel, and Foghat...Hot: Joe Walsh, Foreigner, Moody Blues, Billy Squier, Phil Collins, Greg Kihn, Gary Wright, Tom Petty, Elton John, Peter Frampton, 38 Special, Blackfoot, Danny Joe Brown, Johnny Van Zant, Van Halen, and Squeeze...When it rains, it pours new music.. Foreigner, Foghat, Benatar, and Journey all in one week? It's a new disease--record rep revenge. The remedy is plenty of time off to listen to new releases with no phones in sight...Thanks to: Rick and Phil at A&M for a great show at the Ritz last Monday. If you ever get a chance to see Squeeze, you must. After seeing the crowd at the show, we've moved 'Tempted' into hot rotation...All right, Lenny. You win. But if 'Sausalito Summer Night' isn't the biggest record since 'My Sharona', I'm personally coming to Santa Monica in my Mercedes and even you won't stand a chance... The new New Haven Agora opened this past week. I'm looking forward to a great Southside show there, as well as getting involved in some promotions throughout the Summer. Thanks to: Marty at Elektra/Asylum and Jim Koplik for the Walsh show. Joe rocked New Haven all night long, and the neighborhood will never be the same."

WQMF, LOUISVILLE, KY M.D.-RUSS BRADLEY: "Adds for the week: Blackfoot and Icehouse...Cut we're on on Icehouse is 'Sister'. Sounded a little New Wave-ish at first, but what the heck!...Also considering: Silver Condor, Iron Maiden, and, of course, Foreigner, Pat Benatar, and Journey as soon as they come in."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "Adds: Blackfoot. This record should break the band into the mainstream of the music scene. Judging by early phone response, this will also be a strong album in retail areas...Also went with Poco. Very tasty, and with the momentum of their last album, this one should take them to the top...Good reaction to the Mick Fleetwood. Should be a very heavy contender simply by being unique...The Joe Perry Project and 'East Coast, West Coast' will perk up the ears of all Aerosmith fans, especially with the fine guitar work it demonstrates...Foghat. Feel the whole album is very accessible, especially 'Wide Boy'. I expect it to open up and move into heavy rotation very soon...Increased play for: Tubes and Randy Vanwarmer."

WWCT, PEORIA, IL P.D.-RICK PETERSON: "Adds: Foghat, Mick Fleetwood, and Gary O'...Significant Gains In Airplay: Blue Oyster Cult, David Lindley, Foreigner, Joe Perry Project, and the A's...Getting Good Phones On: Foreigner; Phil Collins; and, 'Mercury Blues' from David Lindley...Seeing Sales Action On: Billy Squier, Danny Joe Brown, and Volunteer Jam VII...The talk in Peoria this last week is a tune we're playing called 'Surfs Up On The Illinois' by Mackinaw (a local band). It's a great summertime tune complete with Beach Boy harmonies all about surfing on the Illinois River...Considering For Next Week: Diesel and Union."

WRAS, ATLANTA, GA M.D.-DANE VENABLE: "Adds: Mick Fleetwood, Classix Nouveaux, Oingo Boingo, Robert Ellis Orrall, Foghat, and Blackfoot...Increases In Rotation: New Musik, Psychedelic Furs, and the A's...Drops: Dregs, Joe Walsh, and George Harrison...Five Most Played Songs: 'Tempted', 'Dancing With Myself', 'Talk To Ya Later', 'The Voice', and 'Sister'...How come that even though I'm supposed to be a progressive college M.D., I still turn into an earthdog every time a Blackfoot album comes in? I love this album. Rickie, you have done yourself proud this time. This has the melodic finesse of the 'Strikes' album and the Jack Daniels boogie of 'Tom Cattin'. We're four cuts deep easily...I agree that the Mick Fleetwood is an excellent followup to Phil Collins as far as originality and freshness...With all the success we had with 'Only A Lad', we added Oingo Boingo out-of-the-box. Try out: 'Little Girls' and 'Only A Lass'... Billy Squier, Squeeze, Judas Priest, and the Starship are all in town in the next few weeks...Finally, I just firmed up plans to be in NYC from July 12th through the 16th for the New Music Seminar. I'm really looking forward to it."

WPLR, NEW HAVEN, CT M.D.-EDDIE WAZOO: "The audience in this area is very sophisticated due to a heavy saturation of radio and other musical inputs; therefore, they will not accept a record unless it's in the proverbial grooves. Unlike 'Tight Shoes', which did not garner a lot of reaction, the new Foghat album has been accepted and embraced vigorously. Getting good calls and heavy airplay throughout. As well as the tracks listed in the chart, we like 'Thing About Love' and 'Delayed Reaction'...The Mick Fleetwood album is generating a healthy amount of curiosity. Overall, a pretty good record. 'Rattlesnake Shake' is becoming a definite request item...The Poco package is very well thought out and executed from the Look Magazine style graphics to the concept within. After one day's play, reaction is evident and perhaps this album will do as well as 'Legend'...Imagine my surprise when I opened the latest package from Rhino; Arthur Lee and Malibooz. We really like the remake of '7+7 Is' from Arthur Lee and Malibooz is pure surf music...On Blackfoot we're leading with 'Diary Of A Working Man' and the single...The lead track from Balance is 'American Dream'...and on with the 4th of July."

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "I want to first thank everybody who called with kind words in the last two weeks. Your thoughts will be appreciated...After a week away, it's amazing how the new releases mount up. I had more than 50 albums to audition when I waded in on Sunday...Brian Auger's 'Search Party' was one of the standouts. It's the ultimate in crossover fusion. We're on all six tracks, with emphasis on 'Sea Of Tranquility' and the vocal track 'I'm Gone'...Mick Fleetwood's 'Visitor' has checked in for an extended stay on KBLE turntables led by 'Rattlesnake Shake, then 'Walk A Thin Line', 'Cassiopeia Surrender'--this one's due to be an honored guest for some time...If you've got those stay at home summertime blues, perhaps Pablo Cruise might be in order. Summertime is Pablo Cruise time and this is consistently pleasing throughout...Thanks to Bruce Moser for the Eric Andersen album. As the only station in the world still playing 'Dusty Boxcar Walls', you know how much we were looking forward to this record. It's much better than any of the Arista albums--maybe his best since the vanguard days...Also pleased with the New England. Todd's influence puts it all together... Adds: Gary O', Blue Oyster Cult, Pablo Cruise, Yellow Jackets, Eric Andersen, Foghat, Brian Auger, Mick Fleetwood, Neville Bros., Sad Cafe 45, Silver Condor, Blackfoot, New England and Poco."

KILO, COLORADO SPRINGS, CO P.D.-RICH HAWK: "Blackfoot is airway mauling material. The band has put it all together on 'Marauder'. The heavy metal acoustic mix makes this one of my favorite albums from an American band this year. Besides the smash 'Fly Away', 'Diary Of A Working Man', 'Searchin'', 'Payin' For It' all stand out...We found the Balance, or have we; or is there a Blue Magoo hiding in this very polished rock? It's a fresh punch. The Balance is a welcome summer addition with 'No Getting Around My Love' and 'American Dream'...As for Foghat, 'Wide Boy' and 'Live Now Pay Later' took a few listens. But now I'm convinced this is a much improved Foghat. The sound is stronger and more diverse...Poco goes on, despite the Civil War concept. It's an excellent recording with the familiar sound and at least two tracks, 'Glory Bound' and 'Street Of Paradise' are worthy of rock radio...Other adds this week: States for 'Tell Me It's Love'. It's too good not to try; also, Robert Ellis Orrall for 'Actually'...Moodies still maintain #1 retail...Request leaders: Squier, Ozzy, and Diesel which, by the way, is outselling Van Halen this week...Savoy Brown Kim Simmonds dropped by to talk about the band's new album, after two nights of intense live recordings at the Rainbow Music Hall for a forthcoming best-of-live album...Over the weekend we had a great turnout for KIL094's Third Annual U.S. Frisbee Championships. Over 8,000 showed up for the first day alone."

WGVL, GAINESVILLE, FL M.D.-GARY SHERMAN: "Plenty of automatic adds this week starting with Blackfoot. We've had tremendous response on the advance single and we're already four cuts deep into the album... The new Poco album is also already lighting the phones. We're also four cuts deep, the lead being 'Streets Of Paradise'...Foghat's new album arrives just in time for their concert in Orlando which is two hours south of Gainesville. Of course we are giving it wide exposure...Another priority this week is the long awaited Pablo Cruise album. 'Cool Love' definitely destined to be a big Summer hit... Finally we added the Mick Fleetwood solo album, which is a bit strange in some parts but we couldn't resist the 'Rattlesnake Shake'...Our jazz feature this week is Tom Scott's 'Apple Juice'...Moving to heavy airplay: Foreigner single, Blue Oyster Cult, and the Tubes...To medium: Ghost Riders, Union, and Joe Perry...Finally, Roy Rosenberg promised an Elvis import single to anyone who mentions his weekly mailer Hard Sheet. Here's your mention, Roy, where's my record?"

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Adds: Blackfoot...Icehouse is no fluke. I've been talking about this album for three weeks now, and most of you have agreed with adds. The album has had a great week here with strong phones and great sales for a new artist. It's #9 and that's just the first week...Blackfoot's 'Marauder' has lived up to my initial interest in 'Fly Away'. 'Searchin' stands out to us...Foghat has done itself a real favor by adding Eric Cartwright, who brings a new dimension to the group, not to mention the fine production by Nick Jamison. This album should do lots better than 'Boogie Motel'...Don't ignore the Rods. With the success we've had with Krokus locally, we sure won't...Top Five Sales: Santana, Krokus, Phil Collins, Tom Petty, and Ozzy Osbourne...Top Five Requests: Adam & The Ants, Phil Collins, Ozzy Osbourne, Krokus, and Billy Squier."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "No doubt about it, Blue Oyster Cult wins the blue ribbon in rock this week... 'Live Now Pay Later' will score big time on the album rock charts...The new Blackfoot album will go to the top on the Southern rock scene. We're playing the single 'Searchin', which is 'Highway Song' Take 2, and the Shorty Medlocke staple--'Rattlesnake Rock And Roller'...Icehouse was also added this week...Right now we're eagerly awaiting the new Foreigner, Benatar and Journey. All should be instant adds...Looking Good For Future Adds: Poco, 'Widowmaker'; Mick Fleetwood; and, Iron Maiden...I was also impressed with Balance. Although it's slanted towards the contemporary commercial spectrum, it's still good music and would help to balance out the swarm of heavy metal and Southern rock that we've been getting lately. Weigh the first two cuts on the Ep, especially if you're a crossover consumer."

**KKRQ, IOWA CITY, IA M.D.-TED BURTON JACOBSEN:** "Nothing qualifies this week for the Mark Vos Silver Award. Getting lots of requests for 'Burin' For You', 'In The Dark', and Donnie Iris' 'The Rapper'... Our adds this week: Foghat, Mick Fleetwood, Savoy Brown, Blackfoot...We're seeing continued sales on Moody Blues, Phil Collins, Billy Squier, Blue Oyster Cult, and the Greg Kihn Band ...Increased play on Joe Perry Project."

**WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN/P.D.-JOE B.:** "Since I was on vacation sunning myself and exploring the Blue Ridge Mountains last week, I have a lot of music to catch up on. I liked the Gary Wright Lp when I first heard it, but the single has really got me hook, line and sinker...Speaking of singles, Gary O's remake of 'Pay You Back With Interest' is one of the best production jobs around now. Usually I'm skeptical of remakes, but not this time. It's a pleasure to listen to...The new Poco Lp sounds a bit reminiscent of the Eagles 'Desparado' days. The cuts we'll go with are: 'Glory Bound', 'Streets Of Paradise', and 'Widowmaker'...There are several on our future consideration list. One is the hot one from NY state, The Rods. They pull out the stops from the very beginning of the record, and don't let up. The sound is right for a hard-rocking town like Manchester...For difference sake, the Mick Fleetwood Lp is interesting. 'Rattlesnake Shake' almost has a 'Tusk' like feel to it. Favorites are 'Shake', 'Cassiopeia', 'Walk A Thin Line', and 'Not Fade Away'...One phone observation: The phones are lighting up for Squeeze's 'Tempted'. This one has to be a #1 record...Conversions: Marty Balin and Danny Joe Brown to hot; Johnny Van Zant, Blue Oyster Cult, Joe Perry, and New England to medium...Adds: Foghat, Blackfoot, Silver Condor, Gary Wright, Charlie Daniels, Poco, Gary O' single, and the A's single."

# THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 167 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; (215) 667-5118. The following are excerpts from this week's report...The "New Release" schedule is on the following page. Companies are invited to help keep the list current by calling Susan Costello any Monday, Tuesday, or Thursday between noon or 5PM at (609) 428-8648.

Sax man CLARENCE CLEMMONS will have a life-long dream come true next week when he opens the doors to his very own 400 seat club called Big Man's West in Red Bank, New Jersey.

JACKSON BROWNE joined guitarist DAVID LINDLEY and his band EL RAYO X on stage at the Bottom Line during the encore of his late show this past Thursday. LINDLEY and company right now are in the middle of a U.S. tour with JOE WALSH.

MOLLY HATCHET guitarist DAVE HUBLECK has told the Rock Report that he and the rest of his band are hard at work on their fourth album for EPIC at Compass Point Studios in the Bahamas. "We're trying for the large, rounded sound" says HUBLECK "like AC/DC's 'Back In Black' album. That's the studio they recorded several albums in and hey, if it's good enough for ANGUS and the boys, it's good enough for us." Expect the Lp in October with a 10-month tour to follow. During which HATCHET will record their double live Lp tentatively titled "Take No Prisoners".

The next ALLMAN BROTHERS album to be released July 29th is called "Brothers Of The World". The band will start touring July 31st in Ocean City, Maryland. Guitarist DICKEY BETTS also told the Rock Report that he's got a solo album recorded right now called "Moonlight Magic" but is holding it until after the Brothers Lp is released. BETTS says his album is, "Sort of like the 'Highway Call' thing I did back in '74 but it's real up-dated and real country--my kind of country."

The second JON ANDERSON AND VANGELIS Lp coming July 13th is called "The Friends Of Mr. Cairo". No touring is planned at the moment but they have done a video of the title track which will be released this summer.

BOSTON's next one is called "The Third Stage" and will be on the streets the end of August.

BILLY THORPE's new album "Stimulation" coming in August 10th and produced by SPENCER PROFFER will be on the newly created Pasha label. The Lp includes the songs "Syndrome DOA", "You Touched Me", "Just The Way I Like It", and "Rock Until You Drop" among others. It is a straight ahead rock album, a musical departure from his space trilogy theme.

We are told that GRAHAM PARKER is ready to start recording at the end of June. His next Lp for Arista with noted producer JACK DOUGLAS.

TODD RUNDGREN has finished producing the MOONDOGS album and will be out August 26th. Of course, TODD's next UTOPIA album is called "A Swing To The Right" and is now set for September release. The UTOPIA tour kicks off July 5th.

THE OUTLAWS HUGHIE THOMMASON told us that the band is preparing to go into the studio with GARY LYONS for their next record. LYONS is best known for his work with FOREIGNER and THE GRATEFUL DEAD.

**BIRTHDAYS THIS WEEK:** Christine McVie 38; Ex-Allman Brother Jamo Johnson 37; Ringo Starr 41; Jim Rodford of Argent 36; Larry Reinhardt of Iron Butterfly 33; Arlo Guthrie 34; and Bill Haley would have been 57.

## TUESDAY - JULY 7

## TODAY IS AN 8

The Moon in Virgo is Void-of-Course from 7:54 A.M.-E.D.T. until entering Libra at 1:43 P.M.-E.D.T. Obviously the West Coast crew will have more hours to FORGE AHEAD than the Midwest and East. But I cannot emphasize how crucial it is to use this Void-of-Course Moon time to break bad habits! With Mercury now direct in its own sign Gemini, those faults will not be difficult to find! A great business day -- and at 5:49 P.M.-E.D.T.-physical Mars at 23 degrees of Gemini opposes surrealistic Neptune, Retrograde at 23 degrees of Sagittarius. This can be used to creatively approach situations or for escapism. It's your choice!

## WEDNESDAY - JULY 8

## TODAY IS A 7

It should be remembered that the Moon in Libra is NOT undecided just because the sign is symbolized by "the Scales." Libra is an action starting, mental sign -- so this is one of those days that can use your best efforts for necessary reorganization. 10:30 A.M.-E.D.T.-the Moon at 11 degrees of Libra is at a pleasant 60 degree sextile angle to sociable Venus. This is a SUPER day for meetings and luncheons. The energy continues to build as the 1st Quarter Moon hits at 10:40 P.M.-E.D.T. Not only is the energy level high, but what a night for music and socializing! Get off thy butt -- and let's get the show on the road!

## THURSDAY - JULY 9

## TODAY IS A 7

I refuse to entertain any complaints about the high number ratings for this week! Sure we all are busy, but we have a lot to decide and many things to catch up on. The morning may seem a bit slow at the start for at 10:41 A.M.-E.D.T.-the Moon at 23 degrees of Libra is at a 60 degree sextile to mystical Neptune, Retrograde at 23 degrees of Sagittarius. This is a little day-dreamy, but by 1:15 P.M.-E.D.T. the Moon at 24 degrees of Libra is at a 120 degree trine to physical Mars at 24 degrees of Gemini. That gets the old adrenalin flowing, so use the afternoon to your advantage. Moon Void-of-Course from 9:14 P.M.-E.D.T. until entering Scorpio at 1:02 A.M.-E.D.T.-Friday morning.

## FRIDAY - JULY 10

## TODAY IS A 7

The Moon in Scorpio is often a time when internal, personal reflection is beneficial. This is certainly the case today. Most people have had many external things to deal with now that we have had a week with Mercury direct. Just as is the case with business details, you need some "Emotional Re-evaluation" time, and this can run the gamut from personal life to how you feel about the job. With the Moon the farthest from Earth it gets in its orbit, we are at emotional low-tide, which sounds like a contradiction -- but the Moon at Apogee simply reflects our ability to reassess ourselves rationally.

## SATURDAY & SUNDAY - JULY 11 & JULY 12

## SATURDAY IS A 7 & SUNDAY IS A 6

A pleasant, quiet Saturday with no Void-of-Course Moon in Scorpio. The afternoon is especially pleasant for at 4:13 P.M.-E.D.T. the Emotion ruling Moon at 19 degrees of Scorpio is at a 120 degree trine to the Sun at 19 degrees of Cancer. It is a time of feeling better about oneself. Good social night. Sleep in on Sunday, especially in the East and Midwest. The Moon is Void-of-Course from 6:05 A.M.-E.D.T.-Sunday-until 1:36 P.M.-E.D.T. when the Moon enters fun-loving Sagittarius. IF communications seem snarled, Mercury leaves Gemini and enters Cancer at 5:09 P.M.-E.D.T. until August 1. Just have fun and we'll worry about Monday on the morrow.

## MONDAY - JULY 13

## TODAY IS A 7

This is your classic "Don't Fence Me In" day. The Emotion ruling Moon in Sagittarius likes to have a good time, and who ever said a little levity would hurt you? The only problem could come from an angle affecting us throughout the day. 10:49 P.M.-E.D.T. the ego-oriented Sun hits the exact, rough 90 degree square to disruptive Pluto a 22 degrees of Libra. To the degree that you can channel your personal discontent into fun channels, you will be in good shape. But should you just throw your hands up and surrender -- you will later regret the frivolity of the moment. Be Fun -- Not Stupid!

## Lieberman Call

PORTLAND/SEATTLE-Joe Maita

	SALES	POTENTIAL	
Greg Kihn	7	10	Great Secondary sales due to top 40 play.
Squeeze	4	8	With good top 40 air, this record could happen big.
Split Enz	2	6	Not much to report.
Gary Wright	4	9	Good initials. We have high hopes for this one.
Point Blank	4	7	There seems to be renewed interest in "Nicole".
	% OF KEY ACCOUNTS	COVERAGE	
Icehouse	75	M	Nothing but raves from our customers. This record may have the same impact on the music world as the first Cars Lp.
BOC	100	M	Looks good.
Joe Perry	80	L-M	Good interest due to relative strength in his first record.
New England	-	-	
Volunteer Jam	60	L-M	One disc this time around is a step in the right direction.

"The recent sales of the Greg Kihn record should be a lesson to all of us. That record has been on the Airplay Index for fifteen weeks. It has taken that long to develop healthy sales. Records do not break over-night anymore. We're not going to see immediate sales on any new album, particularly with new cuts when new cuts are buried between the same tired tunes we've heard for years. If you really believe in a record, let's see the airplay support to back it up and not just 2 or 3 weeks of light rotation. As great as the Icehouse Lp may be, we'll need at least a solid 8-10 week before significant sales develop. How about translating all the raves about this record into a true commitment?"

**LIEBERMAN CALL CONTINUED**

	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Icehouse	40	L	An excellent record with a lot of potential but this is a new band and it will take time and lots of airplay to realize decent sales.
BOC	90	L	Real good record from these guys and they seem to sell better with each release.
Joe Perry	90	L	Good retail awareness and we're still seeing good sales with music in this vein. So we expect this one to follow the same pattern.
New England	-	-	
Volunteer Jam	90	L	Sold through our initial shipment and had to reorder much sooner than we anticipated. Programmers, please take another listen and you may discover more than just "Mississippi Queen" worthy of airplay.

"Although it's difficult to keep from choking on these words, the new Village People record has some good material on it. They have a tough row to hoe with their image but I must admit the music warrants airplay...Once again Poco has put out a fine record. I hope you guys will do this album justice rotation-wise. Check out 'Widowmaker' and see if the phones don't light up...Can't wait to hear the entire Balance Lp and if it's as good as the Ep, this should be Portrait's success story of '81."

DALLAS-David Nichols

	<u>SALES</u>	<u>POTENTIAL</u>	
Greg Kihn	4	6	Greg's cult is growing in this area.
Squeeze	2	6	Light activity right now.
Split Enz	2	6	Consistent action in areas but still a little light.

BOC	95	L-M	Expecting big sales on this record.
Joe Perry	75	L-M	Ozzy may be the king of crunch but Joe could be the successor if he keeps this up.
New England	30	L	Their following in this area is somewhat slow.
Volunteer Jam	80	L	Interest is largely due to "Mississippi Queen".

"Thanks to Murray Magel for the advance listen to the new ZZ Top. These boys been happenin'...Saleswise: Johnny Van Zant is picking up thanks to the play on 'Right Or Wrong'...The Tubes are increasing steadily and Blackfoot is strong on initial orders...Hot at Home: Tubes, Icehouse, Buddy Guy, Ray Sharp, Randy Vanwarmer, Third World, and Mick Fleetwood."

Split Enz	6	9	Lazer etched single is leading the way, retail seems hooked by this infectious pop.
Gary Wright	5	10	Instore play has generated sales.
Point Blank	5	10	"Nicole" seems to be sparking some new interest.
	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Icehouse	90	M	Starts with !!! Terrific stuff and the street buzz on the import has been very strong for months.
BOC	100	M-H	Good effort from the Cult-kids, "Burnin'" and "Joan Crawford" look like sure sum hits.
Joe Perry	100	L-M	Good recognizability on his name and house sound.
New England	70	L	With boy wizard Todd on production, it would do something.
Volunteer Jam	100	M-H	The price is right this time 'round and killer cuts abound.

"To Dennis: Best wishes and good luck...Heavy rotation in office: Taxxi, Sly and Robbie, Icehouse, Carla Bley, Massabum Kakoochi, Squeeze, Greg Kihn, and...We must thank scoops for a listen to the Miles!"

## Record Action

**BRUCE MOSER, COULD-BE-WILD (716-885-5200):** "I know the answer to what does Susan Costello, Michele Robinson and October 10th have in common? Congratulations! Could be married (not to each other)... The good news/bad news award goes to the Friar. Congratulations on your new job with MCA in Cleveland. The bad news is less than one hour at his new job he had his car s-t-o-l-e-n! Friar was last seen walking home humming the song 'Another One Rides The Bus'. Could be bunyons...Thanks to everyone for their support on Blue Oyster Cult. All signs seem to indicate this could be their biggest album ever. It's showing immediate heavy retail action and heavy requests. Watch for Blue Oyster Cult to make their first live television appearance sometime this month on Merv Griffin with Kal. Can the 'Tonight Show' be far behind?...BOC are playing some major outdoor concerts this weekend: A Day On The Green in San Francisco and the Thousand Island Music Festival in upstate NY...The band Visitor was added to the date in NY by special request of Blue Oyster Cult. Also appearing on the show are the Rods. Heavy metal music is taking the country by storm. The Rods locked up most of the Northeast, not to mention a few heavies like KLOL. 'Power Lover' and 'Crank It Up' are good tunes to start with...Last but not least singer/songwriter Eric Anderson has returned from a successful tour of Europe and is ready to start touring the States in support of his import album 'Midnight Son'. Anyone interested in receiving a copy of this album (we're doing an interview with Eric) should call me. Eric even recorded some new songs while in Europe, including the smash called 'Tight In The Night'. Could be dance folk music. (Could be the next big thing)--Any interested companies should contact me for a copy."

**MIKE BONE, ARISTA (212-489-7400):** "A prime move on the A's and now the Top 40 action is beginning to come in strong. WIFI supports local talent and a large number of other Top 40 program directors have ears and guts enough to play 'Woman's Got The Power' based on the sound of the record. (Something some album rock program directors could use a dose of). The A's have it all this week with another great add week, the single exploding on Top 40, and upward movement on all the album rock charts. Happening big, the boys from Philadelphia are going all the way...And, on the subject of going all the way (don't get excited Susan), the Alan Parsons single 'Time' is now a solid Top 20 triple bulleted item and will be the single smash for the Summer of 1981. This song has no burn-out factor at all. Play it mid-day. Play it mornings. Play it late nights. Just play it...The Rods album is finally out (lovely cover). This album is the real sex music for sex people album so if it still gets hard, you aren't too old to play 'Power Lover'. To follow up on last week's Rods segue, this week we have the Drake Hall/Rods dream tour slated to play Climax MI, Intercourse PA and Jacksonhole WY. The tour will be the ultimate sex rock extravaganza including such acts as the Buzzcocks, Slits, Joe Cocker, the Vibrators (especially added for you-know-who), Steely Dan, Tom Dickie, and special guest star Root Boy Slim. That ought to make you sickies pick up the Rods and listen to the first two songs on either side...WORDS TO THE WISE: I just heard the new Allman Brothers Band album and it's a killer. July will be ten degrees hotter the day the Allman Brothers album ships...Personals: Pam: My 'device' isn't that long and it doesn't vibrate (it sort of throbs). Call if you are interested in a free sample...Sean Scott just got blown out at WMAD. Sean is a winner and I would highly recommend him to anyone looking for a jock, M.D. or P.D. He is a 100% pro and will land on his feet within two weeks...Alex Demers: WIFI added the A's. That is how much you know about Top 40. And I wouldn't say I love you. Like you, yes--Love you, no!...Joe Bonadonna: Please be sure you read the comments from both Syracuse stations last week. There's a message in there for you...To my main Bubba, Oz: Keep your chin up fat boy. Anyone that can cook chili that good will have a job shortly...To my second main bubba, Steve Keller: Call on the hotline because I just got the new album by Merle Haggard. It could be somethin' you'd be interested in now. Just kidding--go North young man."

**JOHN COSTA, JEM (201-753-6100):** "By now you should all have copies of the Camel album 'Nude'. This record is just great--no shit! An incredibly easy album to play. With the recent outbreak of bands like Icehouse, Camel is a natural. Once again, the cuts are side one 'City Life', 'Nude/Drafted'; side two 'Lies'...Chris Spedding coming very soon on a live Lp titled 'Friday The 13th'. Lots of energy with Busta Jones on bass and includes 'Guitar Jamboree'. I find out more about Chris' history every day. I think the guy has played with every musician there is at some point. Two imports to check out are the Expressos and Original Mirrors."

**BETH ROSENGARD, INDEPENDENT (213-508-4550):** "There's no way to lose your balance with Balance! The initial reaction to last week's Hard Choice has just been excellent. So far, the airplay leader is 'American Dream' but all three cuts on the 12" are being played along with the single, while the album is just getting out. The only problem you're likely to have here is in deciding which of the several super strong tracks to add. It's a pleasure once again to be working the music of my old friends, Point Blank. The re-adds on 'Nicole' at album radio keep pouring in while the Top 40 action (i.e. 22-11 at CKLW and 21-16 at KRBE last week is outstanding). If you haven't done so already, pull out 'American Excess' and relisten to 'Nicole', then get it on-the-air and watch what happens...Look for 20/20 on tour in the Midwest and then with Joe Jackson in the Northeast. Should be a good one...Speaking of good ones, I recently had the pleasure of seeing a special performance by the Knack and Moon Martin at the Roxy and it was a first rate evening of music. Both were outstanding and it was a treat to hear new tunes by the Knack and see them so obviously loving every moment of the performance...Congratulations to Bob Shulman on a fine debut as producer of the Y&T album...Would someone clarify a point for me please? I can't figure out which fan club is meeting the hall."

**JOHN SCHOENBERGER, RADIO RECORDS (305-462-7407):** "I am very heartened by the positive reaction in the last couple weeks to Icehouse. Even though they are not on my label, I love seeing any new group who deserves it getting such an overwhelming reaction. Congratulations to Chrysalis on a great job and congrats to radio for having good ears...Max Werner's 'Seasons' Lp should be in your hands now. This progressively unique album is certainly different from what you are usually previewing these days. Check out Max's soon-to-be released 'Summer In The City' and see if the freshness of this, Max's first solo project, doesn't catch you too."

**JIM SOTET, POLYGRAM (212-399-7075):** "If you've overlooked the Visage album maybe the six-page Rolling Stone article, a special remixed version of 'Fade To Gray' plus unavailable tunes available for your eyes and ears on a specially priced \$5.98 disc will get you interested. See your Polygram promotion person...I've been listening to the new Def Leppard 'High And Dry' for 48 hours now at maximum level and it's h-o-t! Two tracks stand out right off: 'Let It Go' and 'Bring On The Heartbreak'. We'll be talking a lot about Def Leppard in the next few months...Please see 999 live if they come to your town. This is a great live band and thank you to the adventuresome radio stations giving 999 a shot. Remember, it's only \$5.98. Records are your best entertainment value...Faves at home: Eric Anderson (I'm originally from Buffalo. C'mon the guy's a great writer--give him a break!), David Johansen, Mutant Disco on Ze, and Shy and Robbi doing 'Can't Stop The Music'. Bring back baseball!"

**ALAN WOLMARK, ATLANTIC (212-484-6017):** "The silence is broken--Foreigner is back and in full strength. 'Urgent' just scratches the surface. Dig deep the vinyl!...And check out Blackfoot. The album that will establish them as the classic American rock band...Acts on tour: Mother's Finest, Whitesnake, G. E. Smith...Activity around these shows is heavy. So keep watch for these dates...Got to go now--This week it's Atlantic versus WPLJ in softball...Heavy rotation at home: Foreigner, Squeeze (great show last night with G. E. Smith at the Ritz in NY), Blue Oyster Cult, Iron Maiden, Psychedelic Furs and Frampton."

**RECORD ACTION CONTINUED**

**MARTY SCHWARTZ, ELEKTRA (213-655-8280):** "On July 17th 'Heavy Metal' will be released. After a few listens it's safe to say this will be a MAJOR airplay item for the Summer of '81. Here's why, with songs from Blue Oyster Cult, Cheap Trick, Black Sabbath, Journey, Don Felder's title track, Sammy Hagar, Devo, Stevie Nicks, and honorable mention awards to Donald Fagen's first and fabulous solo effort and the regrouping of the year to Grand Funk Railroad. Talk about timing! The movie is taken from the animated comic strip of the same name. I saw clips and it's h-o-t... On July 3rd, the Rockets debut on E/A arrives. It's produced by Jack Douglas and is called 'Backtalk'. The Rockets just missed last time and we're going to try to put them over the top this time. Combine a strong record with a super strong tour (opening for REO Speedwagon) and our chances have increased considerably... New England's 'Walking Wild' continues to prove itself weekly. This band has the goods. They're great live, and with four or five kick-ass songs they've got to hit. I strongly encourage everyone to listen to 'Holding Out On Me' segued into 'Back In Black' by AC/DC and you have the current state of album rock-radio... As Joe Walsh's Lp goes #1 for the second week in a row, we begin to see sales catch up to airplay. If this is the case with a major artist like Walsh, it's not hard to understand the dilemma for new artists. The same holds true for Greg Kihn as he continues his upward grind into the Top 10, and sales kick in nationwide. Greg's Lp and tour are looking better and better. In the next week you'll see his smiling face on the tube. Yes, folks, out of the bars and clubs and onto the tube as all the rock television shows are pounding on his door! Another good sign, to say the least... Vitale's 'Lady On The Rock's' success has a lot to do with the songs lyrical content. America is in (if a little corny chalk it up to artist license) but the song is sure working... Thanks again, radio, for Walsh and Kihn successes-- there's more on the way from E/A."

**SEAN COAKLEY, ATCO (212-484-6400):** "We're all very proud and delighted with the response to Blackfoot's 'Marauder'. Certainly one of the most satisfying aspects of promotion is helping to build an artist or band with each successive release. All of us at Atco are very thankful to album radio for their continued support of this great band... This week we offer something for everyone. RIFF RAFF is led by songwriter Doug Lubahn ('Treat Me Right' and 'Give It Up') and is best described as heavy pop... THUNDER comes back with some great tunes on this second album. Try out 'Midnight Heartache' and 'Tupelo'... Please give a listen to 'La Ti Da', the advance single from Sad Cafe... Stevie Nick's duet with Tom Petty entitled 'Stop Draggin My Heart Around' debuts on radio July 9th."

**MARKO BABINEAU, A&M (213-469-2411):** "I don't believe it! I mean I just don't understand it. We can't let people like Bubba Osborn get away that easy. I must admit that this is one killer that won't be unemployed for long. Good luck, Bubba... If you haven't picked up on the cassette we mailed in the Sheet last week by Y&T then it's truly your loss. This band will not only curl your hair but will scorch your socks off. 'Hungry For Rock', 'Dirty Girl' (my favorite) and 'Rescue Me' is the music A&M has been missing for a while. I hate to compare this band, but simply say it's Sammy Hagar meets Van Halen! If you can't dig that I'll call the cab. If you'd like any inside info on Y&T, call Sky Daniels for he goes back as far as Akron with the band and the history will blow you away. His story will make you drop your drawers, if you catch my drift!.. Pablo Cruise has outdone themselves this time with their new Lp 'Reflector'. 'This Time' is a great opener right into 'Cool Love' which is the Summer song of '81. With albums like this we can't go wrong... Okay, it's time we get down to the nitty gritty: Joe Jackson's latest masterpiece will hit radio around the 7th. It's called 'Jumpin Jive' which is a collection of classical jump/swing songs by the likes of Cab Calloway, Symphony Syd and Lester Young. These songs all generated out of the 1940's. Way to go Joe! If 'Jumpin Jive' or 'Jack You Dead' doesn't put a smile on your face, then you better head on down to 'Tuxedo Junction' to check in before you check out. This album is the ultimate toe-tapper of the decade. And, as Joe says, 'I like my eggs on the Jersey side'... Meanwhile, Split Enz is still blowing crowds away along with Squeeze just hitting the road, while Frampton is in the studio with his new band preparing to tour. A&M as you can see is taking it to the streets... By the way, Europe was a gas and I mean it. Now get outa here you knuckleheads!"

**JON SCOTT, MUSIC VISION/BACKSTREET (213-344-5599):** "My only comment this week is in regard to Tonio K. The label that signs this free-agent gets an artist who has just put out an Ep that radio stations all over America are honestly talking about. The man has a solid base and the capability to go all the way with 'School's Out' and 'I Handle Snakes'. A&R people of all record companies can you hear me? Call me collect if necessary for a copy."

**JOHN BRODEY, BRODEY AND PERRY/BAP (617-944-0423):** "How many drops does it take to make an add? Punchline next week; however, I definitely am open to suggestions... Another onslaught is about to hit, but certain recent arrivals have really begun to establish themselves. Joe Perry is giving the rocks and rolls new symptoms and 'East Coast West Coast' is achieving the greatest affect. The album does go deeper with nice slashes from here and there... Boston's most recent contribution to the National pastime is a refreshing record from Robert Ellis Orrall. Give 'White Noise' a try at the very least... And the latest example of rock and roll history repeating itself is the new Savoy Brown Lp. Whip out 'Cold Hearted Woman'... A couple of personal faves are the Gary O' 'Pay You Back With Interest' and Classix Nouveaux 'Guilty' which more people should check out... There's an interesting article or two about the new Mick Fleetwood album and what went into it. Give Bill McGathy a call and he'll send out a couple of hundred reprints... Finally, congratulations to an old amigo Don Wasley who is now the new album chief at MCA. Danger is definitely his business."

**JIM DEL BALZO, POLYGRAM (213-203-8257):** "This has been a very busy couple of weeks for me personally. On June 20th I became a married man. Marybeth and I would like to thank everyone on both Coasts who have treated us so warmly and particularly the folks in Los Angeles who have made us feel very welcome! Thankfully, I no longer have to eat Chef Boyardee ravioli for dinner. At least I think not!... I'm also very proud of a record we have coming in six weeks. The band is called Novo Combo, and they make intelligent music for the masses. The rhythmic backbone of this group is one of the world's truly great drummers, Michael Shrieve. Joining Shrieve is Steven Dees and (ex RCA solo artist) Peter Huwilt who possess an incredibly distinctive voice and a hot inventive guitar player from Charleston, WVA named Jack Griffith. Together they make Novo Combo one of the most exciting new groups I've heard in a long while. They are great players and have great songs to boot. I hope you'll be excited about them as we are. There will be an advance cassette on your desk in a few weeks... Another project which is near and dear to my heart is the Johnny Van Zant band. They begin their first tour of the West Coast next week and 'Round Two' continues to move across the country. I can't wait for the folks on the West Coast to discover what people in the rest of the country already have. That JVZ will be a force for the 80's."

**KATE INGRAM, DB RECS (212-245-2212):** "Things are taking off with the proverbial big splash this summer. The Swimming Pool Q's record is doing better than we expected... First of all, college radio jumped in and now big stations like WNEW-FM are jumping in. We are just getting the second pressing for those of you who haven't received it, you will be, directly... My big treat this week was getting to meet Kal Rudman yesterday. He looks just like he does on Merv Griffin... Next week's big treat will be Pylon in NY with a new band from Athens called Oh-Ok and that will be billed with the release of Kevin Dunn's album 'The Judgement Of Paris'. Kevin produced 'Rock Lobster' on DB and Pylon as well. He is a true artist in his own right. Although he played all the instruments on his Lp, he has formed a group of three 'women' called 'The Regiment Of Women' who play live... The week after that I'm looking forward to all the action at the New Music Seminar. I think it'll really be good for music to get all of these people who are coming together."

**ROBIN WREN, EPIC (213-556-4910):** "To Judy McNutt: What's goin' on?"

RECORD ACTION CONTINUED

MICHAEL PLEN, IRS (212-980-6874): "The Go Go's single is exploding and making lots of noise at album radio. From L.A. to Hartford, CT and all points in between, I've been getting calls back with nothing but raves about 'Our Lips Are Sealed'. The fact of the matter is this blatant pop song can be one of the most successful and programming songs this summer. Don't overlook it and please don't overlook the fact that the LP 'Beauty And The Beat' ships to radio tomorrow, July 7th. Watch for it in the mail! The songs you're gonna want to familiarize yourselves with are: 'This Town', 'Lust To Love', 'We Got The Beat' and 'Skid Marks'. The album is full of hardrocking pop hits--don't miss it!...The Magazine record has still got some programmers' interest up. 'About The Weather' seems to be the consensus cut of most people. Listen to it--spark some interest and kill that stagnation!...Also out this week, the Fleshtones single 'World Has Changes' backed with 'All Around The World', most notably performed by James Brown...To sum it up, play and listen to the Go Go's and in finale, play the Go Go's...P.S.: Are you sick of it yet?"

JOEL WEBBER, INDEPENDENT (212-255-7408): "By now I hope that everyone has heard about the New Music Seminar which will be held Monday and Tuesday, July 13th and 14th at Privates in NYC. There really seems to be a lot of excitement about the Seminar and we'll do our best to make sure it will all be as productive and as much fun as possible. It will not be 'R&R' type of convention--we really expect people from all areas of the music business to get something useful out of the Seminar...Sometimes reading comments from this Sheet can be a very frustrating experience, what with so many people raving about so many priority albums. However, every once in a while I see a real honest comment from a radio person. I can't tell you what a kick I get out of seeing the occasional honest comment, even if it is a negative. It tends to break up the monotony of seeing page after page of raves on records most of us honestly probably aren't that wacked out about. If we were more sparing with our superlatives, more notice would be taken when we really want to make noise about something truly great. Please don't hesitate to make negative comments about records. They're usually a hell of a lot more interesting to read...And now, to cut one's nose to spite one's face, there are some interesting independent records around that you should be aware of. Blotto is back with another snazzy summertime gem titled 'When The Second Feature Starts' b/w title 'B Side'; Wazmo Nariz's new album featuring the soon to be talked about 'Sister Teresa'; and finally, the new single from the Speedies, a band I produced back in '79 when they were all 17 years old. Their new one was produced by Clem Burke of Blondie. It is absolutely top notch, modern rock and roll. Look for it!"

STEVE LEEDS, SLIC (212-888-6660): "What happened to the creativity in radio? Recently I've noticed several PD's commenting on the lack of creative talent available. The bulk of the audition tapes are basically line of card copy and back announce. What happened to DJ's with personality? One PD proclaims there is more personality in the promotion people than in the radio announcers. So where is the future of radio?...For your information recently you received several Frank Zappa guitar albums. These albums will not be sold in any retail outlets and are available via mail-order from the coupon on the inner sleeve of the 'Tinsel Town Rebellion' album. There are not mainstream Zappa albums but are destined for the diehard cult. Stick with 'Tinsel Town' and you won't go wrong...Tommy Nast can do Bruce Moser better than the original--could be an imitator...Does Barry Grant have terminal Xenophobia, better ask Dr. Tannenbaum. Stay tuned for the North Coast invasion...If you're still not programming Marty Balin, you're definitely heartless...Thanks to Mark, Odeipus and Carla for their Beantown hospitality. I understand Someone And The Somebodies won the final in the 3rd annual rumble...Congrats to Tony Beradini on his third anniversary of the Friday night shift."

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 10. If the highest rotation album gets 8 spins per day, it receives 10 points. If another album gets 4 spins, it merits 5 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the LP is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
