FMQB ALBUM REPORT

July 17, 1981

BILL HARD, Editor

Easy Choices

THE BEATLES - REDUCED TO ZERO

THEY'RE NOT THE "HAPPY" BEATLES THIS WEEK, and it's not long before Mr. Insler has over-embroidered this one. Besides, the July 17ers do us the feature and show that they own the contract job of capturing the mood. The album is an instant masterpiece, as attested by comments this week from Paul Simon, Jay Walker, John Young, Andrew, Alan Van Dyke, Mike Wolf, John Simon, Robin Anderson, Babe Rubin, Russ Proctor, Peter Dinklage, Mike Johnson, Bob Najinski, Steve Gottlieb, Jim Reed, Gene Shyne, the Weinsteins, Ted Uzz, Tim Smith, Ed Levine, Guyon Mack, Tom Hunt, and Len, Mike Lundy, Mark Allen, Max Williams, Fred Hill, Les Spector, and Jerry Goldsmith. (I'd like that very much to name...) "Brighter" not at least for 2 lines under entitled all over it. When you get the LP this week, I recommend the staff with you enjoy "Letting Me Love", "Three Hours to Go". After the British fields a score of 77. If this one doesn't go at least gold, it's looking into the "Insulation" hole.

THE JIB - THE LOVER - WARREN HERRING

THIS WILL ALWAYS BE A VERY SPECIAL record to me, as it was on the line when I helped Mr. Brown hit first ever Intellivision record all tournament defeat, as the Energy will still surprise the Hercules 4's 2-0 in your eye of our anniversary last week. (I'm back the next two 1-2 and 1-2). In fact, the record sounds so much like an 18-month record, all of side 2, all of side 1 again, then side 2 again--and a record has to be tough to stand up to that punishment. With this release, there just are several minutes of humor in the lower half of the album. To my ear it was the most interesting outfit we've ever featured since Clavette Mendelsohn. In fact, calling these over the American Police wouldn't be out of line. It's one of my very favorites this year. I recommend "The Snake Handle", "I Wanna Drive You Home", "Don't Touch Me", "Fear! Fear! Fear! (Can I see a witness)", "It's So Good", "Sneaky Little Dirty Bad".

Hard Choice

THE FORTY-FIVE - THIS AND THAT - J. J. LOU

We returned again to get covered the our exclusive album release starting on the debut album and this week it's ready to kick it up with another hard choice. This young band is quite simply what's brightest hope—they've got the energy, the edge, and the bite but they do it with class. The awareness and love is absolutely non-existent when you consider producer Matt Turner's past recent accomplishments (the last 4000 and for some 147). It's time to put it on now and ask questions later. "Let us go" is the number with "Dance with a Band" and "Learn" on "The Heartbeat" also "Learn" best.

Chain Reaction

MICHAEL GRANIER - NORTH OCEAN - EMI

It's exciting that Michael should return first this week. He's said the music and producers know it and the loyalty factor is very high. With "Minnie Robinson" says, "Tom Simon and EMI are to be applauded for their strong support of this long overlooked band. Michael and Kevin Raleigh are a tremendous team of songwriters and singers" —Ray White, WED. "North Ocean" is a natural and no one receives it more...Bob Walker, WED. "Good to have you back on vinyl. This record is at least as strong as their previous records. We're already getting great response, male and female, to "Falling in Love" —Ted Uzz, WED. "North Ocean" is our album of the week, and very well could be the album of the year...It's incredible...Bob Roman, WED. "Real happy for Michael. In the heartland" says real nice, a very good natural sound...Art Phillips, WED. "Our most important and this week...Michael is a hell, and once again proves he is a master of rock and soul" —Peter Dale, WED. "They're a class act who have paid their dues over and over again. This is could be the key" —Finally, Susan Baker, WED. "This is extremely strong. We went with 'Somewhere in the Night' which has made that will not be denied...That's my lead track too. In 'The Heartland' leads, with 'Falling in Love Again' right behind.

THE SHINETS - DARK TALK - RIVASTRA

Two not own back to back like The Rockets--43 Most Funest last week with 23; 42 this week with 22 more, including 9 best 1-2 ratings. "Dark Talk" leads, "Satisfied" is next, then "Shattered"...with a Nick van Gieve offers. The Rockets was in the prior city work we've learned to know and love. THE HARD AND READY...Rock Williams, WED. A smoothly produced LP with lots of good tunes. "Dark Talk" should be the one that breaks this band.

CHAIN REACTION CONTINUED

THE GO GO'S, BEAUTY AND THE BEAT, IRS

To tell you the truth, I'm so crazed about "Our Lips Are Sealed" I haven't given the rest of the album a fair chance. On a few spins through I like "Lust To Love" and "This Town". As usual, the single will be the key to more than 5-6 weeks of play, and this one has got the goods with a Top 40 week that included KRLA and KRTH. Your basic no-stroke rave from Judy at KGB-FM, "Not brilliant musically, but simple enough that it sounds real good. Basic to everyone's nature to like this"...Larry Reisman, KEZY, "'Our Lips' has been one of the top selling singles for the past three weeks. Most of the stores have been selling out"...Other goners include Peyton Mays, Ron Sorenson and Ira Gordon who says, "Finally an all-girl band who make it on their music instead of a gimmick".

JON AND VANGELIS, "THE FRIENDS OF MR. CAIRO", POLYGRAM

WDVE, WKLS, and WYSP lead the way this week, along with 12 more for #5 Most Added. As stated in the Hard Choice last week, count me in on "Mr. Cairo". Dave at DVE sez, "The album is out there all right. It just has enough weird things to catch your ear on the radio"...From Ray White, WLIR, "I'm knocked out by the record to the point of saying it might be another Winwood. Like some of the traditionally esoteric artists, these guys, despite all the talk of tight, seem to be slipping us very airable goods. Jon's vocals never sounded better"...Art Phillips, KILO adds, "With old 'Yessongs' still requested, and synthesizer rock on the rise, Jon and Vangelis improved their second collaboration. The obvious track is "The Friends Of Mr. Cairo" edit. Not just a song, an adventure".

JOE JACKSON, "JUMPIN' JIVE", A&M

A pretty good week for this rather unusual offering from Joe--17 stations for #4 Most Added, heavy on the Indicators and secondaries...I must say I'm curious to see what a high rotation shot on a high wattage, big number station would do. As bizarre as the concept seems, I do like it much better than his last...Dan Brennan, WRKK, "If Joe has the courage to put out an album like 'Jumpin' Jive', some of us album rock broadcasters should have the nerve to program it"...Bob Gelms offers this, "This sort of music has been done much better by other people, and of late, folks like Ben Sidran and Tom Waits have tried to capitalize on this form. Neither has been entirely successful. Joe, however, will probably come closer to a commercial success"...Finally from Ira Gordon, KFML, "Marko locked himself in over the first record--we may never hear from him again after this one. Personally, I think you should play it and let your listeners decide if it fits your format"...Try "Tuxedo Junction" and "Jack, You're Dead".

"HEAVY METAL" SOUNDTRACK, FULL MOON/ASYLUM

Marty wanted some red ink on the Soundtrack, and here it is: Fill in the blanks...
What a _____ record. It's certain to be one of the summer's _____. I'm really impressed with _____ from _____, but I wish the material from _____ had a bit more _____. I saw the film clip and _____. Hopefully the audience will _____. What _____ can I say?

BUILDING:

- 1) FOREIGNER, "4", ATLANTIC Foreigner bangs in at #1--the first time that's happened this year with 70% of the stations on the record indicating max play one week out. That kind of chart strength is a natural. We're averaging 8.7 emphasis and 7 plays per day. We're already showing top 5 debut sales at a number of stations and very heavy request action, with the single and "Jukebox" leading the way. Song Index debuts for "Jukebox Hero" #32, "Night Life" #44, and "Break It Up" #81, while "Urgent" remains strong at #3.
- 2) PAT BENATAR, CHRYSALIS The Benatar debuts at #2 (The 2nd half of our first ever 1-2 Index debuts). SO close to Foreigner in total points (547 to 533 for Pat)...Here 63% report max play with 7 plays per day and 8 emphasis the average rotation...Ditto the request/retail positives of the above item...Songs: "Fire And Ice" #6, "Promises In The Dark" #30, "Helter Skelter" #65, and "Just Like Me" #74.
- 3) SQUEEZE, A&M One of the very strongest performers in our Music Checklist this week--only 2 stations told us the record was dipping--while 24 reported it maintaining, and an impressive 33 told us Squeeze was building...Steady at #15 on the Index, but another noteworthy week of play increases: WMJQ, KLOL, KQRS, WXRT, WIOQ, KZAP, KOME, DC101, WIMZ, KZOK, WMET, KROQ, KLBJ, and KNAC...Max reports from WCCC, WPDH, WMMR, WRKK, WQBK, WLIR, WLUP, and WHFS... "Tempted" goes to #5 on the Song Index. If you're not playing this one, you're missing a certified safe bet.
- 4) JOE PERRY PROJECT, COLUMBIA A double underline for Mr. Perry--up 26-20 on the Index, and 28-22 Metro. Our play increases for the week: WCCC, WBLM, WPDH, WFYV, WMMS, KQRS, KOME, WKLS, and KLBJ. Another stellar performer in the Checklist--with 23 maintaining reports, only 1 mention of dropping and a very convincing 27 stations listing it building.
- 5) IRON MAIDEN, CAPITOL Another prime mover--up 29-24 on the Index, 31-26 in the Top 30 markets... We show increases on WCCC, WILS-FM, WPLR, KQRS, and WKLS... "Wrathchild" is up 19-18. Also very healthy on the Checklist with 16 maintaining mentions, 6 dropping, and 17 increasing play. Strongest in Milwaukee, Philly, upstate New York, Cleveland, Dallas, Pittsburgh, and Alabama.
- 6) MICK FLEETWOOD, RCA Our biggest Back Page mover of the week with a 40-29 jump. Also moving nicely in the Top 30 market, 43-36. Early play increases showing up on WCCC, WILS-FM, KATT, WXRT, WOUR, KLBJ, and WHFS... "Rattlesnake Shake" owns it with 94% of the total play. Up on the Song Index 32-24.
- 7) BALANCE, PORTRAIT Three very good weeks for Balance. 11 adds two weeks ago, 26 last week, and 10 more in this report for #6 Most Added. Be aware it's the only other new entry on the Index besides Foreigner and Benatar...KGB-FM's Judy McNutt sez, "They sound like Kansas and will have a similar appeal. Don't think it will be huge, but it is valuable to exposure. The lyrics are silly, but the music is nice"...Bob Walton, WQDR, "It's building quite nicely, especially the single. The folks are eating this one up"...KAZY's Greg Gillispie is also having good luck with the record at a KAZY Night Out at an adult club. He says "People don't usually react to new records, but this is one that they have reacted to favorably".
- 8) ICEHOUSE, CHRYSALIS Up 24-22 on the Index, but posting big gains in the Top 30 markets --33-24 underlined on the Metro chart...Up in play on WILS-FM, KOME, WIMZ, KZOK, and WNOR-FM...Another one of the top performers in our Checklist this week with 28 maintaining, 25 building, and only 4 dropping. We're hearing about solid early phone activity in the Seattle, Portland/Eugene area... Also doing well on the phone in San Jose, Atlanta, Boston, Raleigh, Oklahoma City, Tucson, San Diego, and Washington, DC. Most active songs: "Icehouse" #53, "Sister" #71, and "We Can Get Together" #93.

- 9) DIESEL, REGENCY A near prime mover here, 48-44, and steady on the Metro list 45-44. On the Checklist we find 13 steady reports, 5 dropping, and 20 increasing...Most active in upstate New York/Long Island, Dallas and Austin, Lansing, Pacific Northwest, Sacramento, Atlanta and Richmond, and Chicago. KLBJ was the only play increase, but those programmer positives continue to roll in. Paul Heine, WGRQ, "'Sausalito Summernight' has more hooks than the entire Russian fishing fleet. This record generates immediate response"...Tom Starr, WOUR, "Monster phones, and the beginnings of a retail surge"...Bob Linder, WDHA, "'Sausalito' continues to grow. If you're not playing it, you're missing 1981's big summer hit"...And from Peter Cole, WCCC, "'Sausalito' continues to out-sprint just about everyone when based on requests alone".
- 10) THE A'S, ARISTA WXRT, WQXM, and WBCN increased play and we come up with a 34-25 Metro prime move. "Woman's Got The Power" continues on the Song Index at #25. Our survey shows 26 reporters holding steady, 3 dipping, and 15 building...Hottest markets: Philadelphia (naturally), Hartford, Cleveland, Atlanta, Raleigh, Austin, Orlando, San Diego, and Toledo.
- 11) TUBES, CAPITOL Tubes remain steady at #10 on the Index which really represents a two-position gain considering the Foreigner/Benatar debuts...Another Checklist star performer. We show 10 stations indicating it's dipping, but 33 are maintaining, and much better than average 25 say it's building...Best retail follow through developing in Boston, Phoenix, Syracuse, Cleveland, Buffalo, Toledo and Pittsburgh. Calls/some sales in St. Louis, Louisville, Seattle, Detroit, upstate New Jersey, Lansing, Hartford, San Jose, and Minneapolis.
- 12) GARY WRIGHT, WARNER BROTHERS As the single kicks in the radio play, confidence and retail is shifting into high gear. Gary remains stable on both charts, but the play increases are noteworthy: WCOZ, KYYS, WKLS, KBPI, WRNO, WQDR, WPDH, WFYV, KWFM, WLAV-FM, WYFE, WXRT, and WIOQ...From the Checklist 17 say maintaining, 8 dropping, but a whopping 30 report it's building.
- 13) POCO, "BLUE AND GRAY", MCA
Poco comes up one point shy of a prime move on the Index, 45-41, but turns it on in the top 30 markets with a 50-40 Metro prime move...KLBJ and KBPI increased play, and with new action on KSMB and WBCN, we're up to 52 adds in the last three week. "Widowmaker" leads, up 67-57.

HIGHLIGHTS FROM KAL'S FRONT-RED PAGE:

BLUE OYSTER CULT, "BURNIN' FOR YOU", COLUMBIA Top of the top page, and #1 on our Song Index. It don't get better than that.

THE ALLMAN BROTHERS BAND, "STRAIGHT FROM THE HEART", ARISTA This one's gonna get a hot ride on Top 40, and will be equally active on album stations until the album hits. As KAZY's Greg Gillispie says, "I like this new single. It's real commercial, but it may be the thing they need to put them in the forefront of American music once again...From Tim Smith, WLVO, "Sounds like the most accessible thing since 'Brothers And Sisters'."

JOURNEY, "WHO'S CRYING NOW", COLUMBIA Closed and one of the heaviest added singles of the week, new at #4 on our Song Index.

SILVER CONDOR, "YOU COULD TAKE MY HEART AWAY", COLUMBIA Coming on strong with an excellent week, including WIFI, KFI, WCFL, KNUS, KIQQ, LOVE94. If "Sake Of Survival" is still your lead track, I suggest you switch to the single.

ELO, "HOLD TIGHT TO YOUR DREAMS", JET/EPIC Kal says "looks like their biggest record album ever"... Album radio is excited, too: Belle, KTIM, "It's sensational. It's raw and punchy and brings to mind early Move. Rockabilly? You bet, they've returned to their musical roots"...Sky Daniels, WLUP, "The new ELO is just great. The production and arrangement are state of the art"...Joe Bonadonna, WMMR, "I think the single is gonna be a very big song for them"...Mike Lyons, WDIZ, "If you forget about the image for a second, it's good old summertime, roll down your window levitating gorilla record"...Frank Andrick, KSJO, "It harkens back to the solidarity of sound and vision that ELO used to have. Personally I love it when anyone speaks French"...And from Greg at KAZY, "Glad to see ELO back in a rock and roll vein instead of their slick boppy stuff they've been doing lately."

FRANKE AND THE KNOCKOUTS, "YOU'RE MY GIRL", MILLENIMUM/RCA When KRTH and CHUM come in, it's CLOSED. Great upper demo record, and Lieberman is looking at it for national racking.

ICEHOUSE, "WE CAN BE TOGETHER", CHRYSALIS #22 on our singles chart...Off to a nice start. Active in Fort Worth/Dallas, Cleveland, Louisville and Salt Lake City.

And the rest of the Checklist this week...

- 1) TOM PETTY, BACKSTREET/MCA Building-7, maintaining -52, dropping-10...Basically stable.
- 2) JOE WALSH, ELEKTRA Building-6, maintaining-29, dropping-33...Moving to recurrent.
- 3) PETER FRAMPTON, A&M Building-5, maintaining-20, dropping-35...In trouble; needs a single.
- 4) OZZY OSBOURNE, EPIC Building-11, maintaining-20, dropping-23...Now's the time to kick in with the new Tive Ep "Mr. Crowley" B/W "You Said It All"/"Suicide Solution".
- 5) DANNY JOE BROWN, EPIC Building-8, maintaining-37, dropping-12...I think we were all expecting stronger phone reaction on "Edge Of Sundown". That tune is still getting 86% of the play, but with Boston, Norfolk, Richmond, San Jose, Rochester, and Sacramento, the only big request markets. It's time to shift your emphasis to other cuts. I suggest "Sundance" and "Beggar Man".
- 6) JIM STEINMAN, CLEVELAND INTERNATIONAL/EPIC Building-11, maintaining-21, dropping-21. Chicago remains the hottest market as WLS moves the single 41-29-20...Also doing well in Raleigh, Houston, Knoxville, Lafayette, Richmond and Rockford, and Cleveland.
- 7) JOE VITALE, ELEKTRA Building-7, maintaining-19, dipping-12...Down 32-36 on the Back Page, but UP in play on WPDH, WILS-FM, WMMS, WCOZ, KOME, and WKLS..."Lady On The Rock" continues to perform well in call-out research.
- 8) UNION, PORTRAIT/EPIC Building-6, maintaining-9, dipping-8...Will be tough to keep this one around.

CAROLYNE MAS, "MODERN DREAMS", POLYGRAM

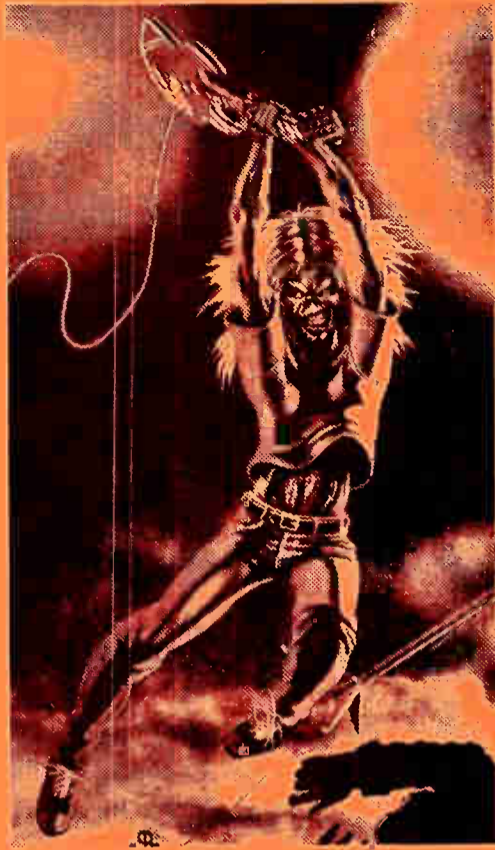

An itsy bitsy bottom of Chain Reaction mention for Carlyne. As usual, her album is hitting the street in the midst of a virtual siege of superstars, but I urge you to take time to listen to one track in particular, "It's Important"--a strong contender for the more adult-oriented rockers like KBPI, KGB-FM, WIOQ, KZOK, WQDR, etc.

For next week's Checklist records, look on page 12....

The devastation continues ...

#3 Most Added last week
#2 Most Added this issue!

Already blasting off on:

WDVE, WBAB, WYSP, KGB-FM, WKLS, KTXQ, KOME, KYYS, WLIR, WRCN, KSMB, WGIR-FM, WPLR, KILO, KKRQ, WIOT, KWFM, WRKK, WBRU, KLB, WYNF, WYFE, WLAV-FM, KDWB, WABX, KROQ, WAQX, WRNW, WPDH, WZZO, WHCN, KZEL, WCCC, KNCN, WAAL, WDEK, WILS-FM, WWCK, WDHA, WQBK, WQFM, WMAD, WOUR, WHFS

WLAV-FM, Dave Logan: "For those of us who have grown up with these guys since the days of the Detroit Wheels, this one is culmination of all the promise we've felt since Day One. What strikes me most about the new album is the amount of growth evident in this effort. Quite frankly, we find the entire Lp marvelous. Congrats to a band that carries on the tradition of righteous rock 'n' roll the Detroit way."

KQRS, Doug Podell: "Being from Detroit, I naturally went crazy for the new Lp. The cut that really stands out is 'I Can't Get Satisfied'. True rock and roll at its finest."

WYSP, Lisa Richards: "The Rockets are energetic, hooky and rock and roll with very definite strong songs. I like 'Satisfied' and 'Shanghaied' the best."

WWCK, Mark Miller: "The airwaves are filled with Rocket-roll. Michigan's ace boogiers are blasting off with a record that should put them into orbit nationwide. 'Back Talk' is by far their best."

WKQQ, Dave Krusenklous: "Based on the cuts I've played in the past, I've taken a liking to the Rockets as a J. Geils-type boogie band. For that reason 'I Can't Be Satisfied' is the tune on the new record that I favor and the lyrics to 'Back Talk' are a scream. Cover is good, too."

WYFE, Dick Bascom: "From the cover to the musical content, it's a tasty package indeed. I like 'Back Talk' a lot."

WOUR, Tom Starr: "We're behind the Rockets' new one. No pretensions; just good rock and roll."

WZZO, Lyn Corey: "Good choice with the Rockets. They should have come out with an Lp like this one two records back."

KZEL, Peyton Mays: "Back Talk' is the best Lp the Rockets have launched to date. Mission Control picks up 'Shanghaied' and 'I Can't Get Satisfied'."

WIOT, Buck McWilliams: "It's a smoothly produced Lp with lots of good tunes. 'Back Talk' should be the tune that breaks this band."

WYNF, Nick Van Cleve: "The Rockets give us the Motor City rock that we've learned to know and love—hot, hard, and heavy."

KLB, John Logan: "The Rockets produce burner rock and roll. 'Back Talk' should thrust them into the upper stratosphere."

KILO, Art Phillips: "The Rockets have blasted back onto the airwaves. We're on the title cut and the infectious 'Lift You Up'."

Key on:

"Back Talk", "Shanghaied", "I Can't Get Satisfied"

This week's Checklist records:

On the first group of 10, we are looking for our standard Building, Maintaining, Dropping ratings--and please remember that "dropping" does not necessarily mean that you've dropped the record from your playlist, just that it is losing momentum in sales, calls, or confidence.

On the second group of 14, we'd like you to approximate how many weeks before the following records go to recurrent. This is not to imply that they should be moved off but just to help us get a feel for how long this product will remain on the chart.

Question Of The Week

Beth Rosengard suggested this one. If you were 18 and had money for three albums, what would they be and why? What records would you buy if you were 35 and why?

MICHAEL KNIGHT, KZOK: "I would buy the Tubes, as it's a group that is reckless and I like their image of putting on the establishment. I would buy the first XTC record because drums mean more than guitars. I love the drums on that record! I would also buy the new Rolling Stones album, because my Mom won't let me wear pink pants—but Mick gets away with it...At 35 I'd buy the Springsteen because for someone 35, Springsteen gets his energy from unknown sources. The first Peter Green album because it's a throw-back to the music of the 60's & is very soothing, making me think that nothing has changed. The last one would be Kitaro. A Japanese import of very soothing and beautiful music. Old farts of 35 need to be soothed by something better than Neil Diamond...All this record buying is cutting into my drug budget. Someone better lower the prices--I haven't bought this many records in weeks."

TIM SMITH, WLWQ: "Billy Squier, Foghat, and Phil Collins...At 35: Joe Walsh, Phil Collins, and Icehouse."

GREG GILLESPIE, KAZY: "At 18: Foreigner, Blue Oyster Cult, and Billy Squier...At 35: Foreigner, Phil Collins, and Santana."

JOE BONADONNA, WMMR: "If 18: Foreigner (without question--good rock and roll record); Tom Petty (maybe). I definitely would not pick up on Journey--I would not buy Van Halen...At 35: Moody Blues, Kim Carnes, and Steve Winwood (still #5 in the City)."

MIKE LYONS, WDIZ: "At 18--The Tubes (I like this kind of showbiz twist), Greg Kihn (basic good-time rock and roll in 2½ minutes), Peter Frampton (based solely on the title cut's fuzz guitar)...If 35: Tom Petty (have a flashback), and the Moodies and probably Squeeze (out of curiosity--seeing upward demo interest there)."

JUDY MCNUTT, KGB-FM: "I would buy Billy Squier (that's easy). I'd also purchase Pat Benatar because she has an image that a lot of young people admire, and Stevie Nicks for the same reason...If 35: Probably Moody Blues, REO Speedwagon (if it has 3 singles I might like it), and Phil Collins."

BOBBIN BEAM, WLPX: "At 18--Pat Benatar, Foreigner, and Phil Collins...At 35--Mick Fleetwood, Moody Blues, and Marty Balin."

ED LEVINE, WAZQ: "If I had the money and was 18--two Pat Benatar albums. And with the remaining money, I'd go out and buy a few of her posters. I would probably buy Journey and Foreigner...At 35: Kim Carnes, Stevie Nicks when out, and Marty Balin."

DAVE BENSON, WMET: "If I were 18 in Chicago, today's statistics would show that I already would have the Ozzy Osbourne, and it would probably be worn out by now. So I would be saving up to buy two more. That's my three records...At 35: If I get to be 35, I hope I'd buy Miles Davis, Pat Metheny, and probably the Kim Carnes."

DAVE KANE, WCMF: "At 18, I'd buy AC/DC, Ozzy, and Van Halen. Van Halen because I love Eddie Van Halen's guitar work; AC/DC because although I can't really stand what they do, they do it well; and Ozzy because Ozzy rules...Anything that is unlike the three I mentioned before is what I'd buy if I were 35, including Root Boy Slim And The Sex Change Band. That's all I can think of."

LIN BREHMER, WQBK: "If I were 18? The Dregs (its electric guitar solos are irresistible to 18 year olds with hopped up libidos); Miles Davis (his musical reputation is above reproach and I would want to keep my finger on the pulse of major musical innovators and what they are doing); and the Mick Fleetwood record (because 'Rattlesnake Shake' is the sort of song I would play over and over on a cheap stereo at home)...The records would be precisely the same if I were 35. The reasons are that all three of those albums have something to offer of enduring value."

MOBY, WQXM: "Volunteer Jam VII (for variety of artists and because everybody loved Charlie Daniels); Pat Benatar (she's so sweet), and the Moody Blues (for when I have women over)...At 35 it would buy Slim Whitman (why not?), Benny Goodman's Greatest Hits (because I always did like older women); and Led Zeppelin's first album to remind me of when I was 18."

QUESTION CONTINUED

STEVE KOSTAN, WABX: "I would buy the Billy Squier album, The Joe Perry Project, and AC/DC 'Dirty Deeds'. These three albums, which would most satisfy that wild-eyed adrenalin of being 18, high school diploma in hand, and ready to conquer the world...Me personally: I would buy Billy Squier, Joe Perry and AC/DC-because it keeps you young. If I weren't in rock and roll, if I had been in a regular office job for the past 15 years, I would probably buy Marty Balin, Phil Collins, Moody Blues, and Steve Winwood, because being isolated from the rock and roll excitement for so long, my nervous system and metabolism would not be as tested-tough as that of that wild rock dog Steve Kostan."

KERRY LAMBERT, WIMZ: "If I were 18 years old, I would probably go out and buy greatest hits albums for the reason it's more of what I want with fewer bucks...The answer would be the same, I think. Because time becomes valuable at that age."

RON REGER, WNOR-FM: "I would probably rush out and buy Foreigner because of the sax solo; Pat Benatar to prove to myself that women are genetically different; and Robert Ellis Orrall, because I heard several cuts on a new music show and they all sounded good...I'd probably buy tapes instead of albums if I were 35 so I could record something off of my old albums."

DANA JANG, KOME: "If I were 18, I would buy Billy Squier, BOC, and REO Speedwagon. I just think that the number of good songs on each of those albums and the energy level would pertain to my lifestyle at that age...I'd buy REO Speedwagon, Jefferson Starship, and the Greg Kihn Band. I think with Greg Kihn I would probably have had seen a lot of him in nightclubs and he would be one of my favorite club bands. The Starship is a group I have grown up with. REO Speedwagon is one I hear everywhere. Once again, all three contain a lot of good music and songs."

BUCK MCWILLIAMS, WIOT: "Icehouse, Moody Blues, and Billy Squier. Icehouse because they are different; Moodies because the album is so perfect, and Billy Squier because it's so consistently kick-ass... Moody Blues, The A's, and Phil Collins. Because I did drugs to the Moody Blues when younger. The A's because my wife or girlfriend would like it. Phil Collins because, in the progressive days of radio, I was a big Genesis freak."

MICHELE ROBINSON, KLOL: "I'd buy Foreigner, Billy Squier, and The Commodores. The first two because every cut is strong, and the last because it's one of the best R&B albums out for the summer...If I were 35, I'd probably buy the same three albums, because they are all pretty mass appeal and are consistent. I hope when I'm 35, my taste won't have changed that much."

JAY WALKER, KSMB: "If I were 18, I'd buy Billy Squier, Foreigner and Pat Benatar. Because they are the 3 best rock and roll records out right now...If I were 35, I'd buy Billy Squier, Foreigner, and Pat Benatar because they are the 3 best rock and roll records out now."

JIM RAY, KWFM: "Allman Brothers Live at the Fillmore; probably a Pink Floyd album; and the first Bonnie Raitt album. Those are the albums I like for all time...Same as above."

JACK SCHWARTZMAN, WBRU: "I'd buy the dB's because WBRU is playing it and no one else has it. Rick James and the Psychedelic Furs...I'd probably buy 'Meet The Beatles', the best of the Doors, and Hot Rocks. The good old days were indeed the good old days."

TOM STARR, WOUR: "If I could put myself back into a time machine, what I'd buy would be Cold Chisel, Tom Petty, and Billy & The Beaters. They're the ones I think I would give me the greatest amount of enjoyment."

JERRY OSTERTAG, KGO: "I would buy Tom Petty, Billy Squier, and Van Halen. I think the TP album is good rock and roll. The Billy Squier reminds me of some of my favorite rock and roll bands. Van Halen absolutely is a screaming release and I would need that at 18...Tom Petty, because I loved it at 18 and still do. Pat Benatar, because I was raised on rock and roll, and will still want it at 35. Miles Davis because I wonder what the hell he's doing these days."

BELLE, KTIM: "I'm an 18 year old with really good taste. I'd buy Pat Metheny, Pointer Sisters, and the Tom Petty...This is a terrible question. The Neville Bros. cause I would remember them from my youth. Joe Jackson cause I would remember the songs from earlier youth. And Echo and the Bunnymen for the youth that is slipping me by. Now, can I be 28 again please. It's a good age and I like it."

NICK VAN CLEVE, WYNF: "18--I would buy Foreigner, Benatar, and Ozzy Osbourne. Energy and status of a band is the reasons why I would buy these...Pat Metheny, Moody Blues, and the new Stevie Nicks album. Because of involved taste, reasonable tempo, no screaming high ends, and I love jazz."

MIKE WOLF, WQFM: "I'd buy Pat Benatar, Syl Sylvain, and the Moody Blues. I would buy Pat because it is the most solid album out this year. Syl because it's good drinking music. The Moodies for those nights when mystical music fits in well...Kim Carnes, Elton John, Gary U.S. Bonds, if I was 35. Kim Carnes because she proves that no matter how old you are, you can still rock and roll. Elton mainly because his latest is a return to those days when he was on top, and his music made you feel good. And Gary Bonds for his feel good rock and roll."

TIM BEDORE, KZAP: "I would buy the Tubes, Greg Kihn, and I would buy either Tom Petty or the Squeeze. Between these 3 or 4 records, my needs for rock and roll are pretty well covered. Great basic rock and roll...I don't think it would be any different."

LISA RICHARDS, WYSP: "At 18--'Dirty Deeds Done Dirt Cheap'--I love AC/DC with a passion; anything by the Stones, and the new Foreigner...I would stick with the same three. I'll still be rockin' when I'm 35."

ILYSE GOTTLIEB, WRXL: "If I were 18 all over again, I would buy Foreigner (it's the perfect record), the new Stevie Nicks album (I love Stevie Nicks and Fleetwood Mac), and I'd buy Michael Stanley (what I've heard on the radio makes it sound great)...I would probably buy the same three for the same reasons if I were 35."

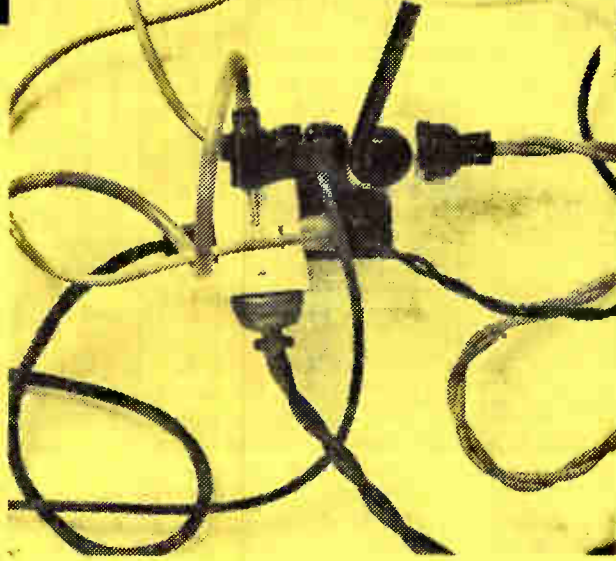

DAN BRENNAN, WRKK: "Van Halen, Rush, and Ozzy Osbourne would be my purchases if I were 18. Hard rock appeals to young adult male. I believe if I were 35, probably Joe Walsh, Phil Collins, and Moody Blues would be the albums I would purchase. I think the albums all reflect the kind of substance, and musical and lyrical content that the older young adult gets the most from in his album purchase."

BOB GELMS, WXRT: "'King Bee' by Muddy Waters because he's the main man, the whole ball of wax, and the end of the world. The Michael Stanley Band because I, frankly, can't think of a better rock and roll record out and about at this moment. And Robert Ellis Orrall because I'm trying to impress Susan Costello. Seriously, folks, that's the second best rock and roll record out at the moment... If I were 35, 'King Bee' by Muddy Waters, Michael Stanley Band, and Robert Ellis Orrall all for the same reasons. Music is ageless; it doesn't matter how old you are. It matters how you feel."

LES COOK, WYFE: "If I were 18, I would buy Moody Blues, Foreigner, and Benatar. I like the sound of the groups, and after hearing the lead tracks on the radio, it would inspire me to buy them...If I were 35, I would go for the Moody Blues, Phil Collins, and either Icehouse or Steinman. Again, because of the sound of the records."

WNOR-FM, NORFOLK, VA M.D.-RON REGER: "I did some traveling during the first two weeks of July and had to change planes a lot. Finding myself in airports with nothing to do, I started a little project. I tried calling the telephone lines album rock stations have listed in the phone book, specifying requests or contests, just to see how long other stations' jocks take to answer the phones and what kind of attitude they have toward the people calling the stations. I wanted to compare it with an ideal and also with how people at our station react on the phones. Generally, people were very courteous and helpful. My prize for irritation goes to: WMMR where the phone rang for 27 minutes before I gave up. WYSP answered on the third ring...It appears to me that the States album is not being worked, and that's unfortunate because it's an excellent album. You probably do not have a copy, but if you can find it, listen 17 seconds into the song 'Tell Me It's Love' for the beginning of a powerful guitar solo that will give you goose pimples...All of us at WNOR are saddened by the departure of P.D. Bruce Garraway. I, personally, haven't had time to cope with the change, and I'm sure all the people in the business wish him well. As all good people in this business, he will turn up somewhere else."

KLOL, HOUSTON, TX P.D.-MICHELE ROBINSON: "My favorite is back with another fine album. The Michael Stanley Band is back and in fine form. Michael Stanley and Kevin Raleigh are a tremendous team of songwriters and singers. Ken Benson and EMI are to be applauded for their strong support of this long overlooked band...We're seeing some good early reaction to the Rods. The cut 'Power Lover' is great. Short--power chords--and a great hook! We're already seeing some sales...A few others showing good early sales: Blackfoot; Blue Oyster Cult; and of course, Foreigner and Pat Benatar...I like the Benatar; and, the Journey single is a killer for female demo phones...But my absolute favorite is the Foreigner '4'. I'm just wild about it--every cut is great...Right now we're getting ready for the Texas Jam this Saturday in the Astrodome with: Rockets, Foghat, Blue Oyster Cult, Heart, and REO Speedwagon. Should be hot! Thanks to all you promo folks for the calls and kind words--see you in October...To Mike Bone: Your Question Of The Week response was priceless and so true!"

Editor's Note: Also a good book for Chris and Michele at KLOL. 5.7-6.2 tied for third overall.

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "I'd like to add my personal congratulations to everyone at the FMOB Album Report who continue to produce what I feel is the most valuable and respected trade sheet in the business. I think the recent additions and adjustments to the Sheet are very valuable and exactly what I've been looking for--no bullshit, just the straight-ahead approach to this business of rock and roll. Things like the building/maintaining/dropping sheet are very important to the awareness of the competitive programmer. I end up finding so many albums on the chart that rank high, but no one seems to be behind. Too much of that kind of action tends to tarnish the credibility of any publication. I realize in some areas that may be a hard pill to swallow, but I know everyone there at FMOB can get it down. I just would like to say I would truly enjoy sitting down on Monday morning and reading the comments of everyone around the country. And I tip my hat to Bill and Susan for making some aggressive hard-nosed changes in order to stay on top a very volatile industry. Thank you and over and out...P.S. Jack Ashton: Your wife's on the phone--for the sixth time."

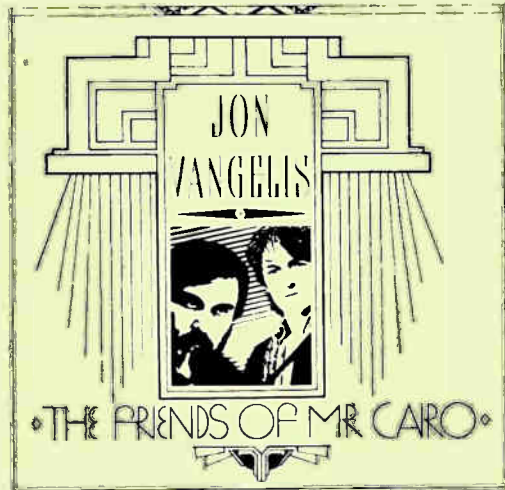

WXRT, CHICAGO, IL M.D.-BOB GELMS: "Anyone out there in recordland who has to dial a long distance number to talk to me at WXRT can now be totally assured of reaching me on Wednesday between the hours of 1 and 3:30PM. I will always be here during those hours to take phone calls from folks outside of Chicago. It really is amazing how many phone calls I get every week that I physically don't have the time to return. So, God willing and if the river don't rise, I will always be here on Wednesdays between 1 and 3:30PM to talk to anyone about music...If you call any other day of the week, you'll just have to take your chances...Michael Stanley, as many of you know, has been a local fave of Cleveland for a real long time. I say it's about time he broke out of the Cayuga Valley and spread his music across America. The last record almost did it. I'm absolutely positive this one will! If 'North Coast' does not make Michael Stanley a household name, I will personally go to Cleveland and swim in the Cayuga. That's how sure I am. If you don't believe me, ask Kid Leo about the beautiful and scenic Cayuga River...There has been quite a buzz about Joe Jackson for a while. Now that I have it in my grubby little mitts, I've been putting in my grubby little ears. Short and sweet--it's a dazzling record. This sort of music has been done much better by other people, and of late, folks like Ben Sidran and Tom Waits have tried to capitalize on this form of music. Neither has been entirely successful. Joe Jackson, however, will probably come closer to being a 'commercial success'. I'd recommend: 'Jack, You're Dead' or 'Is You Is Or Is You Ain't My Baby'...Honorable Mentions: Go-Go's, The Sinceros, Neville Brothers, Oingo Boingo, and Miles Davis...My vacuum cleaner is broken, but the dog has retrieved it. He's getting kinky."

KZAP, SACRAMENTO, CA M.D.-TIM BEDORE: "I just got back from a 2-week vacation, and during that time I was in Chicago, Milwaukee, and L.A. I was somewhat surprised at what I thought was a lack of balance in music. I heard a lot of Van Halen and Foreigner and that genre. When everybody's complaining about losing 25+ and there's a hole in the bucket, it's not too difficult to hear why. Where are the classics? I'm not talking about Van Halen, 'Don't Fear The Reaper' or Boston. I think rock and rollers will always appreciate a record like the Squeeze or Gary Wright, and certainly your female demographics will appreciate a break in the droning and something that's a little more tasty. It's a matter of balance. Some stations had it, some didn't...I'm pleased as punch to hear the great new Michael Stanley record. I love it, love it, love it a lot...The Kinks Import sounds tremendous, and I hope that it's a sign of things to come on the new album. I can't wait to get a hold of that one."

WYFE, ROCKFORD, IL P.D.-LES COOK: "After hearing the B Side of the Stevie Nicks single 'Kind Of Woman', I would have to say Mr. Bill is on the money again. I'm convinced, and I can hardly wait to get the album. Give me more Stevie!!!...Journey's new one is their best in two years. I'm a fan again...Considering: Don Felder's 'Heavy Metal'. I talked to Rick Neilson Monday a little bit about the 'Heavy Metal' movie and the soundtrack that should be out in about three weeks. Rick says he heard at least four smash tunes on a tape of the soundtrack he has, in addition to the two he wrote for the movie. Naturally, he considers his two smashes also...In the Benatar/Foreigner battle, Benatar gets a 5 and Foreigner 4, as Benatar contains better songs. It is the best Foreigner since the first...I like the idea of the Performance Rating System. Damn interesting information. Go, Bill, go...Live from modal central, Judas Priest's trouble shooter hot rocking Ep. It's great if you need it."

WBCN, BOSTON, MA M.D.-MARC MILLER: "Hope all of you are recovering from the New Music Seminar--a truly festive time was had by most. Thanks to all who provided the hospitality, you know who you are...Hot vinyl this week: The Stevie Nicks/Tom Petty single sounds tremendous. Hope the Lp is more of the same...The Gary O' remake of 'Pay You Back With Interest' sounds great on the air, and is the perfect Summer song...Dave Davies' new Lp really shows that he is as brilliant as his brothers. Don't miss this one...Joe Jackson's new one 'Jumpin Jive' is just that--Jive. It's well done but who cares...Just got the Journey Lp and it's a real smoker. This will make these guys megastars...My fave Lp of the year, though, is still Blue Oyster Cult. Thank God they're still here!...Also like Michael Stanley and the new Roy Wood import single...To Mike Bone: Your response to the Question Of The Week was right on the money. Now if only everybody believed it!!...Uh oh, Duane Glasscock has just taken over the station again, gotta run!"

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET adds for the week: Stevie Nicks and Don Felder, Nicks/Petty score with the single from 'Bella Donna'. I had to add it! Stevie once kissed me on the cheek (I don't think Petty ever will)...We agree with Bill's Easy Choice 'Felder's heavy metal--a happening little summer track'. I hope the movie is happening too...Distinct possibility department: Michael Stanley Band and Point Blank...Sales story: Ozzy continues at #1, Santana #2, Foreigner and Beatles scoring a Top 10 sales report first week...Dear Bill: Your Hard Choice comments concerning Jon And Vangelis are the most tepid and uneasy i.e. qualified recommendation of an album I've ever seen in your Sheet. Do you or do you not believe this record is a hit?..And, a note to Wolf And Company in Beertown--Sorry, guys--I threw the poster away. Try Hustler or Club Magazine."

Dave, you ignorant slut: I'd rather try to motivate your airplay with reasons--as well as hyperbole. So I lay out the relevant facts--in this case Jon's voice is very well known, and the last Lp sold over 100,000 copies and was well requested where played. My only reservation is that my pick cut, "Dr. Cairo" is very long, and album radio has mixed feelings about playing edits. Consequently, when something like that increases the degree of difficulty in spreading the record, I find a qualified pick is easier to live with down the line. Of course I believe the record has major potential for commercial success, or I wouldn't have put it on the Front-Page. With stations like WYSP, WDVE, and WKLS coming in the first week, we'll soon know if it is a hit. When that retail and request buzz gets real, then we'll haul out the alliteration. In the meantime, how about a shot in medium or better rotation? Yours Truly, Bill

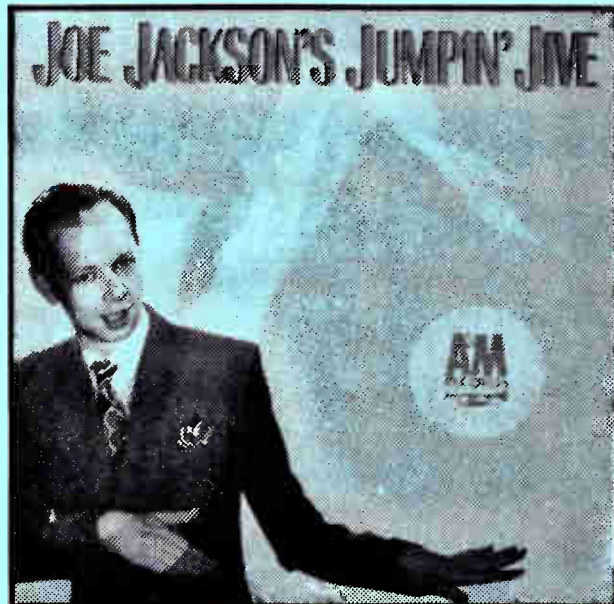

WKLS, ATLANTA, GA P.D.-ALAN SNEED: (Editor's Note: Congrats to Alan and company for their amazing #1 12+ Atlanta Metro ranking--10.7. 11.3 when combined with their AM daytime, with which they simulcast.) "Thanks to everyone in the industry for the good words and for the support that made us #1!! Arbitrons are up and down, and it's nice to know the station has friends either way...This Week's Adds: Michael Stanley Band, Rockets, Jon And Vangelis; and, the Stevie Nicks and Don Felder 45's...Tremendous Sales On: Moody Blues; local band, the Producers; Santana; 'Dirty Deeds'; and, Billy Squier...We hope this will be the breakthrough album for Michael Stanley, after his substantial success on the last release...We're betting on Bill Hard's choice 'Back Talk' on the Rockets album...We had good success with 'I Hear You Now' from the last Jon And Vangelis...And, the Stevie Nicks and Don Felder singles are obvious."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record of the week (s): 'Heavy Metal'. I figure this one is good for about 15 weeks in all. Talk about K-tel package in reverse. They keep this up and K-tel will go out of business--put the hits on one album before they become hits. I gotta agree with Marty Schwartz on this one. It is a gift from Elektra/Asylum, especially Journey's 'Open Arms', which I know will go to #1...The Go-Go's Lp, most notably 'Our Lips Are Sealed', is truly a vibrant record. I really don't care if it's 'right for radio', it's absolute Summer fun. When are we gonna start having fun again in radio? Probably long after our listeners have ceased to...Heard a lot of new stuff this week...The new ELO is just great. The production and arrangements are state-of-the-art...The new Def Leppard is scary. The growth and development they've made since the last record and the way Mutt Lange captured it has really put a fire under these metal kids...The new Bryan Adams has four hit singles on it at least...I love the way Glass Moon has updated 'On A Carousel'...The new Red Rider proves their dynamic first album was no fluke...The new Stevie Nicks/Tom Petty record is gaining tremendous phone response...I, myself, prefer 'Blue Lamp' from the 'Heavy Metal' Soundtrack and the Don Henley duet 'Leather And Lace'. No offense Tom, but we all have our druthers...This week I attended the New Music Seminar in NYC which, although it did not immediately solve the problems of the industry over night, was reassuring in light of the fact that thousands of committed, dedicated people attended, got involved, and truly paid attention to the various seminars, panels, and forums. It was interesting to see how much radio has lost the respect of new music fans and industry reps alike. I certainly hope that those of you in radio out there who still care have not given up the fight. I certainly know I haven't. Thanks to Joel Webber in particular for providing me a chance to speak there. It was truly an honor."

WLTX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "The Don Felder single has the Eagles trademark guitar, which should make it immediately accessible to the audience. You'll have to remind the audience that he is from the Eagles...Oh God, I can't rave enough about the Stevie Nicks single. Very reminiscent of 'Refugee'. Tom and Stevie's voices blend together so well. We even get people calling up suggesting that they should tour together. Can't wait for the album. Extremely positive audience response to the single...#1 first week sales for Pat Benatar. Foreigner was #2. Billy Squier #3. We're finding 'In The Dark' to be the big, emerging song...Also, our home town band Arroyo is taking its second week in the Top 5 here...We switched to 'Sister' from Icehouse this week...Joe Perry is building #24 in sales...Iron Maiden maintaining extremely well at #21 in sales. Phones with every play and requests mostly from males...Considering Allman Brothers single, Poco, and Michael Stanley...Also heard the Journey. It's extremely strong and I can't wait for the album to come out. Seems like they've not missed a beat with the departure of Greg Rollie - that's for sure. In fact, they sound even stronger...Also 'Lunatic Fringe' by Red Rider sounds real strong."

WMMS, CLEVELAND, OH M.D.-KID LEO: "Around 'buzzard land' it seems the most popular recurrent is Queen's 'Another One Bites The Dust'. Would that have anything to do with our beloved P.D. G-Man (aka John Gorman) making the announcement that he is getting married?..Other hottest news out of Buzzard Town is that Michael Stanley is released again on every coast in America, including those that are surrounded by land. He comes from the coast with the most, and that is the North Coast. Our editor hit it right on the nail, and it's great to see the interest picking up on Michael. I do believe Cleveland has its biggest platinum act ever. Michael is on the verge of selling out a record three nights at Blossom Music Center, total 54,000 people. He's more than just another local act...Also, in regards to my comments two weeks ago, I have become enamored with the 'romantic or blitz movement' as Rolling Stone tags it, and have found what I think is the best forum--that is, Classix Nouveaux. 'Guilty' should be an across-the-board smash. What are we, Top 40? Four singles added as opposed to two albums. I think we are seeing the advance of the 45" and 12" becoming an integral part of programming. No longer just spice--they have become meat and potatoes...As far as the Nicks/Petty duo, I think it is much, much better than 'Insider'. Stevie got the upper hand in this one, I'll tell you that. After an advance hearing of the upcoming Lp, it's much better than the last two Fleetwood Mac albums...Alice Cooper seems to be getting trendier. The beat is somewhat like romantic rock or euro-disco. I do like his choice of oldies covers. The man does have taste...Also, thanks to Bonnie Simmons for the advance listens to Rickie Lee and The Pretenders."

Dan Brennan, WRKK: "If Joe Jackson has the courage to put out an album like 'Jumpin' Jive', some of us album rock broadcasters should have the nerve to program it. We're using 'Tuxedo Junction' and looking for audience comments."

Bob Gelms, WXRT: "There has been quite a buzz about Joe Jackson for a while. Now that I have it in my grubby little mitts, I've been putting in my grubby little ears. Short and sweet—it's a dazzling record."

Ron Sorenson, KBLE: "We added Joe Jackson just for fun. The sidestream change of pace is still within the album rock river. If Joe cuts a sequel to 'Jumpin' Jive', I suggest Louis Jordan's 'Beware Brother Beware!'"

Ray White, WLIR: "Joe Jackson's record was DeBella's 'Screamer Of The Week', and debuted at the #1 airplay slot. This record is a real pleasure."

Belle, KTIM: "It is imperative that his music be exposed. It's our heritage and we thank Joe for his courageous offering."

Bob Walton, WQDR: "The Joe Jackson album is just plain fun. It'll go nicely with the Muppets for morning play."

Peter Cole, WCCC: "It may spark some musical sets that will add a special flavor to the listener's tastes."

Key cuts: "Jack, You're Dead", "Tuxedo Junction"

Peyton Mays, KZEL: "Add me to the ever-lengthening list of Go Go's maniacs. 'Lips' is starting to get phones and 'We Got The Beat' speaks for itself. Only problem is my mom won't let me invite them to my next slumber party."

Judy McNutt, KGB-FM: "The Go Go's hooray! Not brilliant musically but simple enough that it sounds real good. Basic to everyone's nature to like this."

Ira Gordon, KFML: "Finally an all girl band who will make it on their music instead of a gimmick."

Greg Lee, KKSJ: "The response by the staff and our audience to the new Go Go's is great. 'Our Lips' is lighting up the phones."

Larry Reisman, KEZY: "I'm happy to hear that there are some stations smart enough to add the Go Go's record. 'Our Lips Are Sealed' has been one of the top selling singles for the past three weeks. Most of the stores have been selling out."

Lin Brehmer, WQBK: "'Our Lips Are Sealed' won't remove itself from my turntable at home. Listeners are digging the five ladies a lot, too."

Recommended: "Our Lips Are Sealed", "Lust To Love", "This Town", "We Got The Beat"

Coming to play in San Francisco, San Jose, Los Angeles, Boulder, Cincinnati, Atlanta, Toronto, and more!

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "Michael Stanley has an album very, very consistent with his last effort, which is what he really needed. Two excellent albums in a row should put him right up there with the Segers and the REO's...The production on this Rockets album is far superior to their past efforts. We were especially satisfied with 'Can't Get Satisfied'...This Jon And Vangelis album is out there all right. Just has enough weird things to catch your ear on the radio. The title track stands out right away. We'll use the edited version...After hearing the Stevie Nicks single, if I were Tom Petty I'd put out another single 'cause this one is really good. The rest of the album is great, bar one country song and two really laid back songs--lots of other stuff really stands out...The 'Heavy Metal' single is probably as heavy as Don Felder will get...Iron Maiden blew the town down last week. They had to stand up to Whitesnake and Judas Priest and did a superb job with the audience on their feet the whole time. They didn't know any of the songs, but it didn't matter."

Editor's Note: Congrats to Dave for his reeelly big book. DVE goes up 6.4 to 7.9. Now a solid #2 in the market.

KSJO, SAN JOSE, CA R.D.-FRANK ANDRICK: "This week's top of the lot award goes to Foreigner, who seems to be convincing all skeptics and is real, real close to just about everybody's favorite major release. To put it in a capsule, this is the place where quality and quantity meet. If I started babbling about New York, New York, which is where these comments are coming from, I'd put Susan, Cindy, Judy, and Bill to sleep and/or be the cause of serious ear rot. The New Music Seminar (fueled by the hard work and set-up of Mark Josephson, Danny Heaps of Rockpool, and Joel Webber) was certainly an exciting forum; and provided ideas and questions concerning new music of all types for the next decade at least!!! As for the answers, real ones were few and far between due to the aggressive nature of the meetings. Frustrations at baffled results were all too common, but the one unifying idea was work, work, work and talk, talk, talk (to quote the Psychedelic Furs). I think well-planned efforts, backed by an almost missionary zeal (not one-sided delusionism), is what it's going to take. If we're talking lifestyle music versus programmed bland but inoffensive music, to me, we're talking passionate versus passives. I'm passionately active about the music I live and support; it's always been uphill. In short, no one can claim a lack of inspiration or motive after getting together with everyone at the New Music Seminar...
Top Airplay: With the top airplay list of Foreigner, Benatar, Journey, Tom Petty, Jefferson Starship, Blue Oyster Cult, Van Halen, Squeeze, Icehouse, Blackfoot, Tubes, Greg Kihn, and the A's, the sound that I cannot hear looks solid...On the up with: Danny Joe Brown, Joe Perry, Gary Wright (moves in sales also); and, the Y&T, Michael Stanley Band, and Pablo Cruise are in quite respectable play positions... In the singles club: The Nicks/Petty 'Heart' release is getting phones (yes, even from NYC I check on these things) already and seems to be easily identifiable. It could easily be bigger than 'Tusk'. (tsk, tsk, tsk)...The ELO was an actual treat to hear for the first time on WNEW. It harkens back to the solidity of sound and vision that ELO used to have. Personally, I love it when anyone speaks French!! Although my favorite practitioner of the French arts (conversationally that is) is the Old Waldorf's Queenie Taylor. However, we'll let Queenie do the booking and ELO do the singing and playing...Meanwhile, my only consistent thought of San Francisco is the Pyschedelic Furs at the Old Waldorf on the 26th...And yes, Virginia, 'Talk Talk' is selling much better than a lot of these past week's big hype projects...Jon Scott: Face to face at the Joe Jackson show on the 27th, right?!"

KDKB, PHOENIX, AZ P.D.-JEFF SATTLER: "I just want to rave about the ELO 12". I think Jet Records should be commended for the idea of having a pre-release montage on the flip side of the single. It's a great idea and I wish more labels would follow suit. I also want to say I think, judging from the montage, the album sounds killer. It sounds like the 1981 version of the Beatles."

KYYS (KY102), KANSAS CITY, MO M.D.-JOE McCABE: "Michael Stanley is on a roll. 'In The Heartland' sounds like it's in the groove to me...I've always done well with the Rockets. This album should be no exception. Gritty rock and roll...Calls on Foreigner are for the single and 'Jukebox Hero'...Billy Squier owns the request line, but we're getting some action on the Foreigner...Pat Benatar calls are building...We increased play on: Gary Wright--also based on pretty good sell-through...Blackfoot may be music for green teeth, but who cares. It's working for us...Very happy with the response on Squeeze...I don't understand. With such a great single from Stevie Nicks, how come Atlantic is beating me up on Glen Campbell's 'I Love My Truck' tune?...The Don Felder 'Heavy Metal' preview sounds good. It looks like Irv has found another winning soundtrack...Considering: Gosh, the Journey looks good; also, Shooting Star."

WABX, DETROIT, MI M.D.-STEVE KOSTAN: "First of all, let me say it can even happen in Bill Hard, just like the Detroit Free Press. Concerning David Johansen last week, 'he's really an exciting artist'... If you're like me, you freaked as badly as I did when I read in a previous Question that someone said their fave concert was the Stones and Stevie Wonder in 1968--no way, buddy, 1972...Moving forward, great live performance by Billy Squier--a sold out show...Also over the weekend, the Joe Perry Project played second in a triple bill headlined by Alice Cooper at the cavernous Joe Lewis Arena Friday and Saturday nights. The move to replace Ralph Morman with singer/guitarist Charlie Farren was perfect. Charlie's voice doesn't hoarse out and his rhythm playing frees Perry to reproduce the Aero-antics we've all come to expect. NOW THESE GUYS ARE DOIN' IT!! Also, don't ever blink while Alice is on stage...The Pat Benatar is everything we expected and more...The Moody Blues gets even bigger as I write...And speaking of Wright, I guess Gary was in the wrong place for us--we dropped the record... We're gonna have to wait a bit on the Allman (Doobie?) Brothers. It sounds a tad too slick...Finally, au revoir and good luck to Production Director, Mike Koste--off to KPRI in sunny San Diego."

KOME, SAN JOSE, CA M.D.-DANA JANG: "Noticing some early sales on the Mick Fleetwood, and some curiosity calls on 'Rattlesnake Shake' and 'Not Fade Away'...Light sales and calls on: the Charlie Daniels cut on Volunteer Jam...Y&T showing great first week sales. They definitely have a fairly sizeable cult (especially in the East Bay). Top 30 sales and a lot of phones from the fans that have seen them play live and are aware of the new material...Sales Info: Blue Oyster Cult had a great week; Marty Balin is maintaining; so is Phil Collins; Jefferson Starship is stable, along with: Greg Kihn, Moody Blues, Tom Petty, Ozzy Osbourne, REO Speedwagon, Rush, Santana, Rick Springfield, Billy Squier, Styx, Van Halen... Pat Benatar and Foreigner out-of-the-box jumped into Top 10...Noticing some increases for Tubes and Squeeze...Pablo Cruise has some pockets of pretty steady sales...Joe Perry Project showing some sales; as is Johnny Van Zant and Split Enz...Best Calls For: Blue Oyster Cult 'Joan Crawford' and some spread on other tracks on the album; Phil Collins, 'In The Air'; Jefferson Starship; Greg Kihn single; Moody Blues, 'The Voice'; Tom Petty, 'Woman In Love'; Ozzy Osbourne, especially for 'Crazy Train' and 'Mr. Crowley'; Pretenders; REO Speedwagon; Rush, 'Tom Sawyer'; Rick Springfield single; Billy Squier, 'Stroke' and 'In The Dark'; Van Halen, 'Unchained'; Pat Benatar; Foreigner, 'Jukebox' and 'Urgent'...Some phones on: Danny Joe Brown, 'Edge Of Sundown'; Adam & The Ants; Joe Perry Project, 'East Coast West Coast'; and, Squeeze, 'Tempted'...Top 10 phones on Journey, 'Who's Crying' and 'Stone In Love'...Top 5 calls for Stevie Nick's 'Stop Draggin'...Noticing a few calls for: Pablo Cruise, Y&T, and Icehouse...Love the Red Rider. 'Lunatic Fringe' sounds just like Petty and also enjoyed 'What Have You Got To Do To Get Off Tonight'."

KAZY, DENVER, CO M.D.-GREG GILLISPIE: "On Monday nights I do a KAZY Night Out at an adult club, catering to the 25-34 crowd. Some observations from the last couple of weeks music wise: The new Franke & The Knockouts single 'You're My Girl' has great appeal for people in this age group, and always fills the dance floor...The new one from Balance is in the same ball park. People usually don't react to new records, but this is one that they have reacted to favorably...Also, Rick Springfield's 'Jessie's Girl' and a couple of other tracks on the album seem to spark interest. Rick stopped by the station last week on a promotion tour, and the women here went absolutely nuts! He went to an in-store after stopping by, and 3,000 people showed up! I understand they sold close to a thousand records, too...The new Journey single will be their first #1 hit and deservedly so. These guys have been working long and hard and their time has come...I like the new Allman Bros. single. It's real commercial, but it may be the thing they need to put them in the forefront of American music once again...I also like the sound of the new Michael Stanley record, although I don't seem to be as hooked as I was by 'He Can't Love You'. I do like the heavier R&B influence...The Don Felder single should be an Eagles record and will probably be a real strong summer track...Glad to see ELO back in a rock and roll vein, instead of the slick boppy stuff they've been doing lately."

WMMR, PHILADELPHIA, PA M.D.-JOE BONADONNA: "Stevie Nicks is fantastic. Actually, this is the record that Tom Petty should have put out. Already getting tremendous phone reaction...Felder's single is more Eagles than the Eagles. (Boy, am I cliched today).....I think the ELO single is gonna be a very big song for them... 'Burnin' For You' is building very nicely. Getting good reaction...Increased play on BOC and Foghat. 'Live Now Pay Later' is getting phone reaction, and they will headline Atco '81 in August... The hottest record on the air right now is the Foreigner. 'Urgent' was the #1 played song last week... Pat Benatar is doing extremely well. 'Just Like Me' and 'Fire And Ice' lead... 'Woman's Got The Power' from the A's still red hot...Moody Blues the #1 album in the city. 'Gemini', 'Voice' and '22,000' are the songs getting reaction... 'Stone In Love' from Journey is a screamer. I like it much better than the single and it is getting reaction...Blackfoot also up in play."

KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT: "Let's discuss credibility for a moment. The dictionary defines 'credence' as 'belief, especially in a report or testimony of another'. A simple and direct definition, and a way of life for some of us. Yet, how can so basic an idea mutate into such diverse attitudes? I must add this record so my friend will: 1) get paid, 2) look like a hero, 3) keep the job, 4) not get angry with me, or 5) send me a check.' Then there's, 'Oh no, I couldn't possibly pan this record, even though the production is terrible, the lyric is silly, the music is wimpy, and the overall image is disgusting. If I say what I think, by Monday afternoon my desk will be cluttered with cryptic messages from irate record promotion persons.' Recently Bob Bittens dealt a low blow to an unsuspecting Bill Hard by saying he'd, 'just as soon see no Hard Choices rather than jump all over a mediocre record just because it's the only thing out there'. Bob, I suppose you were maintaining your credibility, but you sounded like a jerk. I was happy to see Mr. Bill get his word in in that same issue. Is cruelty credible? As a lady who speaks her mind often and loudly, I'm the first to respect the thoughts and creative endeavors of others. But, honey, you should really think over what you say before you say it, not after. Take this in the spirit with which it is offered. Don't be afraid to say what you think. Candor is incredibly important in our business, but won't you join me in a mid-year resolution -- To keep my feet firmly on the ground and away from my mouth!...We added the Tim Goodman because it's fresh sounding. It still fills what I feel is a gap musically right now, sort of an up-tempo Van Morrison/Boz Scaggs sort of effect without being disco...Good, straight-ahead rocket roll from The Rockets...Balance sounds like Kansas, and I think it'll have a similar appeal. Don't think it will be huge, but valuable to expose. The lyrics are silly but the music is nice...The Go Go's. Hooray!! Not brilliant musically, but simple enough that it sounds real good. Basic to everyone's nature to like this sort of toe-tapping music. The single is already Top 10 in LA record sales...Real decent early response on the Joe Perry and the phones are very good. (My babysitter personally loves the record I gave her, and she hasn't been wrong on a teen record yet. If she'll be quiet I'll get her a job.)"

Judy--I really didn't perceive Bob's comments as a low blow. He just took a big chance by unloading on the Foghat and Fleetwood out of the box. With our fairly exhaustive airplay research, we'd like to think we can wean out the stiffies after 5 or 6 weeks, but to get down on albums in print upon release is risky. The albums in question go through the roof, there goes your credibility. And, just for the record, when nothing particularly excites me in a given week, I forego the pick-- in fact, I've gone up to three weeks in a row with no Hard Choices. Also remember, lately the heavy flow of automatics kept the front page loaded up with Easy Choices, but if it's all drek, I'm happy to walk on by. BH

WMJQ, ROCHESTER, NY M.D.-OREST: "Best of luck to: Bernie Kimble, who has left us to work for WCMF. Personally, I learned a lot from Bernie, and without him I probably would not be here (even though we're gonna crucify him in the Book)...Also, congratulations to: Dave Kane for getting the job at WCMF. He's also an ex-WMJQ'er that I worked with...The Stevie Nicks is great--our only add this week."

KTYD, SANTA BARBARA, CA ZEB NORRIS: "Our Adds Are: UB40; Foghat; Pablo Cruise; Go-Go's; Dave Davies; Sounds Of San Francisco Compilation; 'State Of Independence' single by Jon And Vangelis; Journey single; Blackfoot; Ramones; Stevie Nicks single (everybody is jumping up and down about that one)...We've also added: Kraftwerk."

WMYK/WZAM-AM, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "It was a short trip from the mailing sleeve to the turntable for the Michael Stanley Band. He's created a rock 'n' roll masterpiece. Favored cuts are: 'In The Heartland' and 'Heaven And Hell'; with some staff raves on: 'Don't You Do That To Me'. We should be playing this for quite a while...Thanks to Lenny for being persistent on the Diesel record. 'Sausalito Summertime' is definitely a phone-getter...Saleswise, Foreigner does indeed debut with Top 5 retail; likewise for Pat Benatar...Other Sales: Iron Maiden continues to sell consistently. I don't understand it, but it seems to work...Also Doing Well: Journey (first week out), States (Top 10 retail in this area), and Blue Oyster Cult...Finally, a note of sympathy for Bruce Garraway who was booted out of the P.D. slot at WNOR."

RADIO ACTION CONTINUED

WQDR, RALEIGH, NC M.D.-BOB WALTON: "First item of business, records. With each listen, the Poco album sounds better and better. I'm totally dumbfounded as to why the response from the rest of the radio community has not been stronger. They are superstars...The Balance record is building quite nicely, especially from the single. The folks are eating this up...It's good to hear the Michael Stanley Band back on vinyl. This record is at least as strong as their previous records. We're already getting great response, male and female, from 'Falling In Love'. I would give my first born male child for a live tape of the Michael Stanley Band...The Joe Jackson album is just plain fun. It'll go nicely with the Muppets for morning play. We'll throw it in elsewhere, too...On first listen, the Eric Andersen album is quite nice, too. Unfortunately, from now till Christmas we're going to be inundated with 'superstar records'. It's going to be real difficult to get the rest of the records on. But, we'll do our best... My commendations to the people responsible for the Abba video of 'Winner Takes All'. It's superbly stunning. One of the best videos I've ever seen. Again, I'd give up my second born child for a copy of this video. Why does it seem that the quality of videos are directly proportional to the quality of the music?...And one final item. This will be my smart-ass proposal for Question Of The Week: Why does it seem that the heavy criticism of today's radio comes from people who are not behind the P.D.'s desk? I tend to think it's easier to like a record if you're paid to."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "The Michael Stanley Band album is so hot that the sleeve sweats. No problem for us punching in four tunes from 'North Coast' right off the bat. We'll go with: 'Heartland', 'Somewhere In The Night', 'Heaven And Hell', and 'Let's Hear It'...The Foreigner and Pat Benatar are going out of the stores like the power escaping from the Arc at the end of the 'Raiders' movie...Monster phones and the beginnings of a retail surge on Diesel. Our six week head-start on this record has left one Upstate rocker eating dust and the other one still stuck at the starting line trying to hot wire his playlist...Here it is mid-July, and as I predicted two months ago, A&M had better get a respirator on the Frampton album. It's showing virtually no retail in CNY...Tom Petty, on the other hand, is beginning to show a second wind...Congratulations to: Bill for the mention the Sheet picked up in Rolling Stone. My favorite artist quote goes to Pat Benatar for her R.S. comment a couple of issues ago saying that she was hurrying her new album because if she heard 'Hit Me With Your Best Shot' one more time on the radio, she would slit her wrists...Some tasty stuff on the new Camel record. We'll use a couple of tunes for the nighttime to see how it goes...Sorry I missed the New Music gathering in NYC, but the thought of sweltering in Manhattan versus lounging around the pool up here made it an easy choice...Joel: Next time, do it in the Spring or Fall. I thought of you every time the ice-bucket floated by. I guess I'm just becoming a decadent S.O.B. I'm looking forward to first-hand accounts of the goings-on. Some of the panels I saw listed should have made for exchanges to rival the more traditional July fireworks...The WOUR Cellar Dweller softball team refuses to live down to its name. We're now 32 and 7 on the season and ready to take on anyone."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "A much more refined new album from Michael Stanley than the 'Heartland' album--Hits that this band will have are going to be sung by Kevin Raleigh. I predict that 'We Can Make It' will be a big single from this album...The Allman Bros. sounds like the most accessible thing since the 'Brothers And Sisters' album...Don Felder is a good record--stronger rock than any recent Eagle's release... The 'Heavy Metal' album will have lots of excitement for radio with the new Sabbath, Cheap Trick, Stevie Nicks, and Grand Funk Railroad...Whitesnake is selling in the market, so even though the music might be debatable we'll put it in light rotation...Stevie Nicks sounds like she got some voice lessons (Better than the last two Fleetwood Mac albums), The song is showing very h-o-t phones...Tom Petty has peaked and is back into recurrent. MCA needs to put 'Letting You Go' out as the single to bring it back...Van Halen is not living up to expectations, so that's back into recurrent along with Osbourne and Walsh--they've accomplished what they're going to do...Light phones, no sales on Union so that's dropped...And, even though radio is supporting it, Point Blank never happened either, so we dropped that...For next week we like ZZ Top and Journey... Sales for: Iron Maiden (showing medium sales) right along with Volunteer Jam, Greg Kihn and Gary Wright...Also, not seeing that much on Blackfoot (expected more!), Squier finally Top 10, Foreigner and Pat Benatar debut at 2 and 3--only surpassed by the Moody Blues."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "First of all we added Joe Jackson. All of us at the station really like it because we're hep jive cats...Also went with the Go Go's and that looks like it's gonna do real well here. The remix on the Visage Ep sounds pretty interesting...I really like the Ramones. Waiting for the album due this week...The Equators, a ska band, have a neat sound for Summer-time...Also, the Wanderers, Stiv Bators and Sham 69 have a real strong album...And, as far as sales go: The Oingo Boingo is real h-o-t, Magazine increased this week, as did the Psychedelic Furs, English Beat hanging in, Undertones showed some action in sales this week, and 999 is still retailing heavy, and Duran Duran picked up a bit too...Also, did a promotion for the Magazine album in conjunction with IRS. We had listeners fill out applications at various local record stores and then out of those applications we drew one winner per title on the album and 'Magic' winner won a night on the town and dinner at the Magic Castle, the 'Murder' winner gets to destroy the Top 10 heavy metal albums in front of KNAC, and the 'Weather' winner won a day off from work with pay--and they get to come down on their day off and read the weather in the afternoon. Each winner gets the Magazine album."

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "I am still recovering from the New Music Seminar this past week. Without naming names, it was a great experience esp. meeting a lot of the radio people and old Bill, of course...The ELO single is probably the most surprising thing this week. I had given them up for dead but this record may represent at least somewhat of a comeback...The Felder single--Bill hit it on the head. He may not be metal, but a strong Summer single it is...Stevie Nicks' tune is much stronger than the duet on Petty's album. It will be a big record...Michael Plen has been trying to bribe me for weeks into adding the Go-Go's and this week he succeeded. Does anybody know what a 1963 Corvette split window costs these days? On top of that, the record ain't too bad! 'This Town' is our official add...A bit of a buzz on the Joe Perry (maybe I should say 'buzz buzz')...I cannot see the Mick Fleetwood album happening commercially. An interesting concept though...I don't understand the reason why 'Tempted' seems to have stalled out, at least on AM radio. It's an adult contemp natural and could be a s-m-a-s-h...Iron Maiden is playing in town this week with Judas Priest I'm starting to get requests on 'Wrathchild'...Considering: Balance, Jon And Vangelis."

WKWF, KEY WEST, FL P.D.-RIK MAYBEE: "It's a great treat to receive two Lps, one from Joe Jackson and the other from Geoff Muldaur, in one week. Joe Jackson takes us back to what we have always maintained were rock and roll's real roots. Geoff Muldaur simply has a tremendous R&B record...Anyone who has heard Sara Vaughn's album is already a believer. Nuff said...Calling any and all record people. Help! We need greatest hits, best of, and anthology collections. Contact me by phone about this at 305-296-2222, 11:00 AM to 1:00 PM...Adds this week: Thunder, Joe Jackson, Geoff Muldaur, Sara Vaughn, and Balance...Singles by: Stevie Nicks, Sad Cafe, Ramones, Gary O', and a re-add on Hall & Oates for 'Heart'."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Good seeing Mr. Bill and Susan at the New Music Seminar. At times I really wonder how much was accomplished. It's obvious there are some deep divisions amongst us in the music world. Yet, at the same time, the coming together of so many interested parties does reflect real concern. It would be rather ridiculous to try and say hello to all the fantastic new and old friends I ran into over the last couple of days. I will say that I'm still buzzing and that's a good sign...On top of all the craziness in the city, we threw our first party in the park for the Summer of 1981 last night. The Good Rats provided some of the hottest music I've ever heard them deliver. 8,000 people showed up on a Tuesday evening for the show. This year, with the economy being what it is, we've insisted that all four of the shows this Summer will be free. If last night is any indication of things to come, the series should be a success. A special thanks to: the Hempstead Volunteer Fire Department. You guys are too much and you definitely know how to party...Speaking of too much, the new Michael Stanley Band album is too much. Your time is real close, Michael. From the 'Rosewood Bitters' days right up to the present, I've played every one of your Lp's. I have to say this one is on the money. It rolled out of the jacket sleeve and cued itself up on the turntable. 'North Coast' is that natural, and nobody deserves it more...Couldn't agree with you more Bill about Jon And Vangelis. Good choice. I'm knocked out by the record to the point of saying it just might be another Winwood. Like some of the traditionally esoteric artists, these guys despite all the talk of tight-tight-tight seem to be slipping us very airable goods. Jon's vocals have never sounded better. On a negative note, who the hell was responsible for the terrible Lp jacket? Thank goodness this is radio and we don't have to deal with that side...Balance is happening at WLIR. More next week...DeBella's Screamer Of The Week: Joe Jackson's 'Jumpin Jive'. Joe's record debuted in the #1 airplay slot. This record is a real pleasure. I know I've been hard on him lately. His last album was crap, but now there's no doubt in my mind that he has come out of that temporary tailspin."

KTIM, SAN RAFAEL, CA M.D.-BELLE: "P.D. David 'T'. is vacationing in the Yukon. So in the same tradition as Acting P.D., I have decided to freeze the adds. It's been too damn hot anyway lately...Into the current bin: 12 big ones and 7 singles. We'll keep it at that for at least a week...The ELO is sensational. It's raw and punchy and brings to mind early 'Move' movements. Rockabilly? You bet. They've returned to their musical roots. Love the pre-released montage. I think it's a great idea, but where is the discovery? And where's the information sleeve?...As long as we're on the ethnic stuff, David Lindley has experienced a resurgence both in airplay and sales. (Just heard a slick one, Lindley. 'She Took Off My Romeos' into the band's 'Up On Cripple Creek'.)...Another cultural shocker comes from Joe Jackson. I'm hoping his inspiration for this record was two-fold. Not only to pursue a dream he has had, but also to somehow inter-relate the music of yesterday with today's sounds. It's imperative that this music be exposed. It's our heritage, and we thank Joe for his courageous offerings...Enough with Stevie Nicks. In between every record audition I could not get satisfied. It was the relief I needed. I'm sure the audience feels the same...The Neville Brothers was the most played Lp here at KTIM last week. Can't wait for the show in early August...Howie: Friday I couldn't get my motor started, but it didn't stop me from getting Nick Mason on the airwaves. Great novelty track...Also, Jon And Vangelis are quite the combo. 'Mr. Cairo' could be a biggie. It has the elements...I've been singing Michael Stanley Band's 'Don't You Do That To Me' for days now. It's serious stuff and should be dealt with and added immediately. It's wonderful...KTIM live at Hun Sound this week: Tony Rice, formerly with the Dave Grisman Quartet...They're spraying the South Bay with Malathion for the Medflies. Said one news person, 'Don't worry about covering your pools. Malathion is not near as toxic as the chemicals in your pool...Jon: A request for the bowling party to happen the week of August 15th."

WILS-FM, LANSING, MI M.D.-JIM PEMBERTON: "Top Five Sales: Billy Squier, Moody Blues, Van Halen, REO Speedwagon, and Santana...Michael Stanley has really gotten it together for this album. 'North Coast' is an excellent followup to 'Heartland'. There are several tracks that can and probably will be played nationwide. We're starting with the title track. 'Somewhere In The Night' will also get a lot of play... As mentioned in the last report, the Journey will be their biggest yet. They move to heavy this week... The new Stevie Nicks goes in out-of-the-box. I can hardly wait for the album...Also something that I think will happen extremely big this Summer is the 'Heavy Metal' Soundtrack. We're in the process of trying to get a movie premiere here with giveaways and stuff...I think the Don Felder single is an excellent choice for the Lp pre-release...A big thank you to everyone involved in our free concert this past weekend. John Brodey, Rich Apravaya, and Paul Witcoff did an excellent job in getting Joe Perry to come and play a couple of numbers with our local band that we had performing as a warm up for the Alice Cooper/Joe Perry/Spider show. By the way, if you get a chance to see this Bill, do so at all costs. Alice Cooper still has it together these days. If you want to know what he sounds like live, just go back into the library, pull out the live album, and give it a listen. It sounds just as good now as it did when recorded--if not better...Joe Perry put on a fine show, opening with an old Aerosmith tune and doing several numbers from their latest and first Lp. Spider also got the crowd going with great renditions of 'Shady Lady' and 'It's A Mystery'...Also thanks to: Jack Ashton. The Moody Blues were primo. I've never had a chance to see them before, and I left far from disappointed. They received at least four standing ovations after individual songs...After this last weekend, I think I need at least a week to recuperate!!"

WIOT, TOLEDO, OH M.D.-BUCK MCWILLIAMS: "Superstar bands aren't the only ones who can put out good product. We hear great efforts from the Rockets and the Michael Stanley Band...Looking for a lead track with the Rockets, but it's a smoothly produced Lp with lots of good tunes. 'Back Talk' should be the one that breaks this band...On the other side of Lake Erie comes an album from the Michael Stanley Band that song for song matches any great album. There just isn't a bad song on the whole album! 'In The Heartland' should be a single...My personal thanks to: Rickie Medlocke and Blackfoot for putting on one of the hottest shows I've ever seen. It is with great pleasure that I report 'Maurader' jumps to #6 in sales this week. And in this day of bands who think they're too cool to talk to radio, what a refreshing change it is to talk to Rick Medlocke...To Mike Bone: Give the A's all you've got. We're taking a big chance on this band because we really believe in them. It's starting to happen here."

WIMZ, KNOXVILLE, TN M.D.-KERRY LAMBERT: "Belated birthday wishes to Eric McDonald of Atlantic Records... Also congrats to: Alan Sneed and the crew at 96ROCK for their #1 Book in Atlanta...Two smash singles out now with Stevie Nicks and Journey--both are killers...This week we increased play on: Icehouse and Squeeze...Also heard the new ZZ Top and can't wait to get it...We're also looking at: the Kinks Import, Allman Brothers 12", and am impressed with the Red Rider 12"...Hope we can find the space for all the forthcoming good music...Just completed our 1981 Roaring Raft Bash which drew over 5,000 people. Thanks to: Lee Durham of A&M and Jeff Cook of Arista for coming up...Now that that's out of the way, it's back to business as usual."

KSMB, LAFAYETTE, LA P.D.-JAY WALKER: "Well, another week without baseball. For some reason, the Richmond Braves versus the Charleston Charlies just doesn't cut it. It's a good thing the music is flowing... Stevie Nicks has made a fan out of me. 'Blown Away' doesn't come close... Don Felder, New England, and the Rockets give Elektra/Asylum a triple knockout punch... Poco is proof that the South will rise again. (My God, did a guy from New England say that?)... We were busy Friday night sending a whole busload to see Jefferson Starship in Baton Rouge. Some of our folks got to meet the group backstage. Without question, they were one of the most cooperative bands I've worked with... Real nice of Buddy Miles to stop by last week. When you get his new album, give 'Sunshine Of Your Love' a serious listen... Bill Wray's 'Louisiana Rain' could be a monster Top 40 track. But if you think it's too mellow, try 'Raised On Radio'. And, for God's sake, if he's ever playing near your town or if you get a chance to see the video, do it... Robert Ellis Orrall is starting to sell through. There's no way that this album is just for the Northeast. Like I said earlier, the South will rise again."

KZEL, EUGENE, OR M.D.-PEYTON MAYS: "It's an open heartland message from the Michael Stanley Band. It's a mystery to me why MSB has never achieved star status. Their music has been right there from the earliest recordings--stuff so obvious you couldn't trip over it in the dark. Their new Lp is no exception. Take your pick from the first three on Side 1 and the first two on Side 2... The Nicks/Petty conspiracy will pull the rug out from under your hot rotation list. Phone response here has approached religious fervor... The Ramones 'Airwaves' could be Blue Oyster Cult, were it not for the distinctly adenoidal vocal stuff--beyond a shadow of a doubt one of their most universally acceptable tracks... Add me to the ever lengthening list of Go-Go's maniacs. 'Lips' is starting to get phones, and 'We Got The Beat' speaks for itself. Only problem is, my mom won't let me invite them to my next slumber party... 'Nina' and 'Shades Of Blue' are the two to trot with on Riff Raff's vinyl futures. A metallic pop opus from the guys who penned 'Treat Me Right'... Any Trouble's new single is no trouble at all and is warming up our turntables for the new Lp... ELO has always defined the word trendy. They've surfed whatever wave is breaking, and 'Hold On Tight' is true to form. 50's rock is Lynn's new whim and it works. Shades of 'California Man' by the Move... Chart Stormers This Week: Pat Benatar, Foreigner, Blackfoot, Foghat, Pablo Cruise, Rockets, and Gary O'."

WSYR, SYRACUSE, NY M.D.-TOM NAST: "It was a pleasure to meet Mike Lembo the other night. We went out to the Rods hometown of Cortland to see their show, and we were all totally blown away. There is no trio out there today that puts out the energy the Rods do. If you're not playing them, you're doing your rock and roll listeners a disservice. The Rods are indeed the heavy metal band of the Summer of '81. Congrats to: Pete Morticelli for the job he's doing... To Mike Bone: Keep those pictures coming... Top Sellers In Town This Week: Moody Blues, Pat Benatar, and Foreigner... Diesel is Top 20 sales with first week of stock in the stores. It has blown the phones wide open... About 2½ months ago when our competition dropped Point Blank, I knew we would force them back on it again; and of course, we did. I told some record folks this would happen, and once again my words ring true... Michael Stanley is a record that touches your soul. Finally, I believe he'll get the recognition he deserves... Stevie Nicks and Tom Petty are pulling good phones, and we're still getting great phones on the exclusive cut 'Leather And Lace'... The new Kinks should be a killer. The import is real hot... Congratulations to: Bernie Kimble on his new move across the street... Best of luck to: Ted Edwards. All you Boston ladies better watch out. Ted's even more of a lady killer than me."

WFYV, JACKSONVILLE, FL P.D.-RAD MESSICK: "Michael Stanley, my hero, comes out and does it again. Strongest piece of MSB product I've seen since the original Rosewood Bitters with Joe Walsh and Todd Rundgren. Cleveland Rocks--'In The Heartland' will be a Summer smash. Wish I had records like this to add more often... The Nicks/Petty single is as strong as anything I've heard on the Petty album. If the rest of her album is anywhere similar, she'll outdo the last Fleetwood Mac by miles. Very impressive... Don Felder. I hope the rest of 'Heavy Metal' is as good as this. At first I thought the Eagles and the theme of the movie didn't go together, but after a couple of listens, it sounds great... The Kinks 45 is a nice tease for the album. Good calls already... Foreigner debuts #15 sales; Pat Benatar #12. Strong first weeks for both in a heavily cluttered market... Gary Wright goes to heavy. Rad's pick hit will happen... Good calls on Foghat. One of the only new albums we got calls for on our all-request weekend... Other new albums happening on the all-request weekend: Foreigner, 'Jukebox Hero' and 'Urgent'; anything from Pat Benatar; Journey, 'Who's Crying Now'; Blue Oyster Cult, 'Burnin For You'; and, Billy Squier... Considering: ZZ Top and Journey."

KGON, PORTLAND, OR P.D.-JERRY OSTERTAG: "Top Five Requests this week include two Billy Squier cuts. This album is really coming on, and I bet he blows Pat Benatar off the stage next week in Portland... I'm amazed to see the Moody Blues and REO Speedwagon and Phil Collins holding on so strongly for so long. The Moodies and REO are still selling Top 3... Stevie Nicks' new single sounds great. She should change bands... Ozzy Osbourne really surprised us this weekend. He sold out 3,000 seats. Thanks to: Debi Lipetz at Epic Records for help on the promotion!... Records To Watch: Diesel and Icehouse... Michael Stanley's album has a tremendous amount of promise. One cut in particular I've got to rave about. It's called 'Let's Hear It'. I can. Unfortunately, the listeners can't. The lyrics are great, but they're buried in the mix. How about a remix? Read the lyrics!!!"

KLBJ, AUSTIN, TX M.D.-JOHN LOGAN: "Well, the Tornado Jam twisted through Southern Texas this past weekend leaving a 6,000 head crowd devastated. From Delbert to Cold Chisel, the performances were stellar. Nobody pulled any punches for the benefit. If you have not seen Ely's show--run, I repeat, run don't walk to the next one you can get to. No dry ice, no makeup, no costumes--just soulful, dynamic, sweat-slinging rock and roll. One KLBJ jock seeing Ely for the first time said, 'That guy's possessed.' If that's possessed, we should all convert. Straight ahead, no fucking around rock and roll. Final moneys not counted yet, but they will be substantial. I'm ready for another one next week... As far as music, by far the most riveting comes from Stevie Nicks. The combination of Nicks and the Heartbreakers, not to mention Petty, is as potent as could be hoped for and is smooth as a good bottle of sour mash whiskey... 'North Coast' from Michael Stanley has the Stanley signature. Good to see this band finally develop a strong distinctive and consistent sound. They've been at it a long time, and they must feel good... The Rockets produced burner rock and roll. 'Back Talk' should thrust them into the upper stratosphere... 'Reflector' from Pablo Cruise is real strong, too. Finally someone has let them rock, and this one is anything but wishy-washy. Hot guitar, great vocals, fine material... Foreigner's 'Urgent' is addictive... Pat Benatar's 'Precious Time' is garnering lots of precious airtime... Journey's new 45 proves why they are a super group. M-O-N-S-T-E-R!"

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-NICK VAN CLEVE: "The Rockets give us the Motor City rocks that we've learned to know and love. Hot, hard and heavy. 'Satisfied' is the track... I hate to list promotional slug lines from movies; however, quite simply on the new Nicks/Petty single you can feel the heat... #1 Phones: Journey, 'Who's Crying Now'... The Felder record sounds like the Eagles minus Joe and Glenn. It's awfully hard to detect their absence. Can't wait for the rest of the Lp... I like 'Massive Reduction' from the Kinks as opposed to the A Side... Looking forward to doing the Tubesteak Boogie and receiving the rest of the Journey Lp."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "The Stevie Nicks sound is excellent. The guitar signature in it reminds me of Ronstadt's 'You're No Good'...Records that are taking off quickly: Foreigner, Journey...We're giving Benatar lots of support. It's early, but 'Fire And Ice' is definitely the hot track from it...ELO is kind of surprising. If you forget about the image for a second, it's a good, summertime, roll-down your window, Leviathan-gorilla record...Considering if there is some way to find the room with all these heavyweights: Gonna see if we can do something with the Sinceros 'Disappearing'...We just got our Birch in this morning and we got a 19 share 12+ now. We're tickled pink over that...Congrats to Mike Bone for getting Sandy O'Connor nominated for the Supreme Court. That should help bring home 'Woman's Got The Power'...To recurrent: Ozzy Osbourne, Jim Steinman...Drops: Johnny Van Zant (not making it), Volunteer Jam, Silver Condor and David Lindley."

WGRQ, BUFFALO, NY M.D.-PAUL HEINE: "Diesel's 'Sausalito Summertime' has more hooks than the entire Russian fishing fleet. This record generates immediate response, as both Tommy Nast and Heavy Lenny will tell you...Stevie Nicks and Tom Petty have delivered a huge multi-format hit and is it smooth! The music is pure Petty power and with Stevie's shimmering vocals, this one's gotta go all the way...Good phones and heavy retail action on: Foreigner, Pat Benatar, Moody Blues, Van Halen, Billy Squier, and Greg Kihn...Also Selling Well Is: Blue Oyster Cult, Joe Walsh, Tom Petty, Blackfoot, and the Tubes...Speaking of the Tubes, they're opening their world tour in Buffalo tonight. Tell you all about it next week."

WRKK, BIRMINGHAM, AL P.D.-DAN BRENNAN: "If Joe Jackson has the courage to put out an album like 'Jumpin Jive', some of us album rock broadcasters should have the nerve to program it. We're using 'Tuxedo Junction' and looking for audience comments...Foreigner, Pat Benatar, Gary U.S. Bonds, Elton John, Johnny Van Zant, and Poco all selling locally...The Jon And Vangelis 'Mr. Cairo' knocks me out. We'll be looking at it next week...Getting excellent response on K99's forthcoming album project entitled 'Alternative Sessions'. The album will include selected groups from an area within 100 miles of Birmingham. All profits will go to the March Of Dimes."

WPYX, ALBANY, NY P.D.-TED UTZ: "Michael Stanley's 'North Coast' is our album of the week and very well could be the album of the year. It's incredible. There's not a weak song on it. It took me two hours to narrow it down to 'Somewhere In The Night' and 'In The Heartland', although there are at least four more. Move over!!...I had a chance to hear the new Journey. It, too, seems to have every ingredient necessary, including heavy phones for the sampler songs...We like the new ELO. Recently their image has been hard to program around, but 'Hold On Tight' seems perfectly safe...The Nicks/Petty single went immediately into heavy rotation. Could Tom Petty be the next Michael McDonald?...Enjoyed seeing everyone at the New Music Seminar. It turned out a lot of faces. Unfortunately, the seminars weren't as productive as the parties. I never knew Lee Abrams single-handedly destroyed radio. (BBC included) We learned a lot."

KMOD, TULSA, OK M.D.-CHARLIE WEST: "Joe Perry. If you want some get-down rock, the Joe Perry Project is the prescription for you...New England. Great harmonies and great production. This album definitely has good possibilities...Savoy Brown. They were a legend before and now the legend comes back alive. A very good album...Getting good phones on Mick Fleetwood and starting to show some sales...On the last day of rock on KWEN, Tulsa (July 3, 1981), Album Rock competitor KMOD jocks 'took over' the controls at KWEN to inform listeners of the format change (country) on Saturday, July 4, 1981, and to remind them that the rock continues on KMOD. KMOD personnel handled all segments of 'the last day of rock on KWEN' from 6:00 AM to Midnight, inviting listeners who want to continue to rock to move the dial tomorrow to KMOD. That was the message all day long. The agreement was reached earlier in the week by KATZ Broadcasting President, Richard Ferguson, and KMOD V.P. and G.M., Stan Webb."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Last night we tested 'Five O'Clock In The Morning', which is a new cut by the Village People, and got the most positive response to anything we've ever tested...For great gossip, call S.L.I.C. Arleen...Saturday Rock', from XL102, is #1 in sales this week. Our album even looks good in the stores...Also seeing strong sales with Billy Squier, Pat Benatar, and BOC...Foreigner is Top 5; no surprise there. Strongest calls for the single, 'Girl On The Moon' and 'Woman In Black'...Michael Stanley's new album will be up there too. 'In The Heartland' captures the energy MSB puts out in a live show, and could bring him the notoriety he deserves nationwide. A great follow-up to 'He Can't Love You'...Lots happening with Journey, too. The single couldn't be a better fit for any album rocker or Top 40...Also can't wait for the Stevie Nicks LP. Based on the single, it's gotta be a killer. It's nice to hear new music from Stevie with that same familiar beauty...Our phones are smokin' for BOC's 'Burnin' For You, Jim Messina's 'Stay The Night', and most of the songs in 'Statutory Rock'...So far, Mr. Bill's system of M., B., or D. seems hot. Is there some way to figure-in how long a station played a record before it started happening or before it started to lose ground? How do you determine a record's peak? And the question I don't think anyone can answer is: Why are people hesitant to admit a record is a stiff?...A few changes here at the radio ranch. Steve Forrest has left the station. Our new line-up is: Max in the mornings, Jon Seid mid-days, Ilyse afternoons, and former part-timer, Paul Shugru, joins full-time at night. Weekends are covered by Stacey Isaacs, Damon Meharg, and Scott Witthouse Wittaus. Still looking for one more part-timer...Personal to Mike Bone: You give great Hard Comments...Lastly, many thanks to Ron Hall and Randy Allen for the 'Bad For Good' promotion!"

WCCC, HARTFORD, CT. ASST.P.D. & M.D.-PETER COLE: "Just what the doctor ordered; Foreigner, Pat Benatar, Stevie Nicks, Blackfoot, Journey, and ELO were the shot of adrenalin needed to maintain the momentum through the Summer when the heavies are beginning to show signs of fatigue from their over-burdening responsibilities of sustaining the excitement and freshness on the airwaves...Diesel's 'Sausalito's Summer Night' continues to out-sprint just about everyone when based on phone requests alone...Stevie Nicks' new single with Tom Petty is simply amazing. The team of Nicks and Petty is a natural... Good response after initial airplay for ELO 45 'Hold On Tight'; and we anxiously await their album... Good response also for Don Felder's 'Heavy Metal'. I've always admired Felder's work with the Eagles and, to the casual observer, it has seemed as if he's the invisible guitarist and, of late, second fiddle to Joe Walsh. I hope this is the first step for Felder in revealing his true talent and depth...I love the new Joe Jackson album. True, it doesn't segue well into Van Halen or AC/DC, but what the heck. It may spark some musical sets that will add a special flavor to the listeners' tastes. I think Joe Jackson chews 100 times before swallowing every mouthful. He's thorough in his preparation, devouring everything, savoring every aspect, benefiting from all elements involved, and delivers everytime, whether mainstream or not, he delivers...It's always nice to see a new Michael Stanley album. 'You Break It, You Bought It' is still one of my favorite albums of all-time. The new 'North Coast' album has the energy. They're a class act who have paid their dues over and over again. This could be their key. 'In The Heartland' and 'Let's Hear It' lead off for us. The sax on this album is an added bonus...Good phones already for Jon Anderson and Vangelis 'State Of Independence'...Also good response for the Ramones Ep. Grahm Gouldman, as their producer, boggles my mind, but there have been stranger marriages. So, far, the response has been positive... 'Glamour' by Dave Davies is a great effort...The new Sad Cafe single (Mick Jagger meeting Danny O'Keefe) is doing well also."

WTPA, HARRISBURG, PA P.D.-DOUG SORENSON: "Adds: Journey, Stevie Nicks 45...Journey is the best thing I've heard lately. 'Who's Crying Now' has one of the strongest guitar outros that I have ever heard. Too bad the riff doesn't lead the song off--I could have heard it over and over again. 'Don't Stop Believing' is also an interesting record...It's a shame that Stevie Nicks came out with the Petty already out. But then again, Stevie shows her ability to shine through the Tom Petty sound on the single. It's certainly her record. She makes it very apparent...Being from El Paso, I made the ZZ Top an automatic add...Top Five Sales: Moody Blues, Blue Oyster Cult, Foreigner, Tom Petty, Billy Squier...Phones: 'Unchained', Van Halen (it's not the single, but it should be)...Nice phones developing on: 'Tubes' 'Talk' and 'Sushi'...Now after seven weeks, the rockers are beginning to accept 'Woman's Got The Power'. So if you're not playing it, what are you waiting for??...'Joan Crawford' will be another 'Bette Davis Eyes'...On the Foreigner, 'Jukebox Hero' sounds like it's gonna be the followup."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "The Michael Stanley Band have returned with another album that is sure to get a huge amount of airplay. Regardless of whether or not this is the big seller, the man has developed a very exciting sound over the years. The lead cuts around here are going to be: 'When Your Heart Says It's Right' and 'Somewhere In The Night'...The Stevie Nicks 45 is obviously a hit. Not only is it good music, but it sounds like it could be played on a variety of formats. Looking forward to the album to see how much she rocks on it...The Don Felder tune took me a few listens. To me, it basically sounds like another Eagles record. Frankly, I'm looking forward to the other music on the soundtrack more. We really haven't had too many rock and roll soundtracks yet this Summer...The Johnny Van Zant is doing very well for us. 'Right Or Wrong' is a strong cut that's getting a huge amount of reaction...It's incredible to see how the Squeeze has catapulted itself onto the airwaves. This is probably their biggest Lp to date. The album that we all knew they had in them...We're starting to get audience reaction to 'Jukebox Hero' by Foreigner. If you listen to the lyrics, you'll understand why the kids like this one...The Pat Benatar album, even though it got beat out by Foreigner in last week's FMOB poll in terms of programmers' reaction, is chock full of good music. The single is obviously a hit. 'Take It' and 'Just Like Me' should follow right behind...The more we hear Joe Vitale 'Lady On The Rocks', the more I believe that this guy has come up with a refreshing piece of Summer music...Also, the Gary Wright album took me a while to get into, but 'Love Is A Rose' is a cut that's worth taking seriously."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Hello. Dave Kane here. I have taken over music duties here and will step into my predecessor's shoes, which isn't that hard since we both wear a size 12. Returning to the air over here after a four-year sentence at the competition is Bernie Kimble, who will be doing middays, which moves me back to evenings. I'll be taking calls, abuse, drugs, and gifts between 3 and 5PM at 716-288-3200...Also, our full-time part-timer Geoff Proud has been named Research Director... Now onto business. We added the Stevie Nicks single and await the rest of the record with sweaty palms... Likewise the Don Felder single 'Heavy Metal', which from the lineup of people involved looks like a great variety pack...The Kinks import single went on as soon as we got it and it sounds really fresh on the air...Also Added: Michael Stanley Band. We're going with 'In The Heartland' to start... Considering: Balance, Union, and Icehouse...That's all for now. See ya next week or as we say in Rochester, see you next week."

WOBK, ALBANY, NY M.D.-LIN BREHMER: LIN: "Having just returned from the New Music Seminar, I find that both Miles Davis and the Ramones are hot this week...The music industry is fortunate that Miles Copeland is alive. Although I didn't always agree with his comments, his vision and his devotion to new music is an inspiration. I enjoyed Joel Webber's final questions concerning whether or not radio would ever again embrace all the diverse musical idioms that inform and influence the broad term 'rock and roll'. I'm happy to say it's happening here...and now from Ellen..."...ELLEN McKINNON: "Cheers to Joe Jackson. Joe has been a Q104 favorite since the very beginning and 'Jumpin Jive' will continue this streak for him. I truly hope Joe's new Lp will sell more than five copies, too. Executed with love, all the tunes on 'Jumpin Jive' are instantly familiar and danceable. A standout album from Joe and his hepats... The Go-Go's 'Our Lips Are Sealed' won't remove itself from my turntable at home. Listeners are digging the five ladies a lot, too. Word is they'll be in the Capitol area in mid-August...You're missing a bet if you don't get in the very funky dance groove that start's midday through 'No My Kind' by Icehouse...Friday, July 10th, under the lights, the Q104 Pink Flamingos performed almost flawlessly as a very oiled machine to trounce PYX106 11-4. Our record is now 22-9, and we're just getting started."

KBLE, DES MOINES, IA P.D./M.D.-RON SORENSON: "This week's Golden Gilt Award goes to: the Michael Stanley Band for 'North Coast'. This one takes them from 'Heartland' to hifland. Nearly the whole album is open for us--10 out of 12 tracks--with emphasis on: 'Heaven And Hell', 'Victim Of Circumstance' and 'We Can Make It'...The Camel album is always gorgeous. Andy Latimer's guitar playing is so warm and melodic. I just wish there were more mainstream rock tracks on the Lp. We're using: 'City Lights', 'Nude', and 'Lies'...We added Joe Jackson and the Go-Go's just for fun. The sidestream change of pace but still within the album rock river. If Joe cuts a sequel to 'Jumpin Jive', I suggest Louis Jordon's 'Beware Brother Beware'...Adds: Camel, Jon And Vangelis, Michael Stanley Band, Riff Raff, Go-Go's, Joe Jackson, Robbin Patton, ELO, Stevie Nicks, Don Felder."

KWFM, TUCSON, AZ P.D.-JIM RAY: "KWFM is looking for a morning person with album rock background. Send tapes, resumes, and salary requirements to: Jim Ray, P.O. Box 13, Tucson, AZ 85702."

WRNW, BRIARCLIFF MANOR, NY P.D.-RON RIZZI: "Adds: Stevie Nicks, James Taylor, Camel, Rachel Sweet, Jon And Vangelis, Joe Jackson, Judas Priest Ep, Sad Cafe, Michael Stanley Band, ELO, Riff Raff, and the Allman Brothers 12"...The New Music Seminar was a disappointment. I cannot believe that with all the intelligence that was gathered in the same room at the same time, there was more yelling and screaming than can be heard in a traffic jam on any major expressway on a hot Summer day. Maybe the next one will be more fruitful in attacking and solving problems."

WBRU, PROVIDENCE, RI M.D.-JACK SCHWARTZMAN: "I still can't get over the Foreigner's Jr. Walker combo. It's a refreshing sound that hasn't worn on me even though we've been heavy on it for weeks...Pat Benatar has another blockbuster Lp. The phones are ringing...Let's hear it for David Johansen, who packed Center Stage here last week...I'm anxiously awaiting further material from the Ramones. They appear to be back in the groove."

WQFM, LOUISVILLE, KY M.D.-RUSS BRADLEY: "Added This Week: Stevie Nicks single and Iron Maiden... Stevie and Tom Petty sound so good together on this one that it can't miss...Iron Maiden? What can I say? Deep it ain't, rock and roll it is. That goes in medium rotation with 'Wrathchild'...Into Hotsy Totsy Goes: Benatar's bouncers, Foreigner's fire, and Blackfeet (more than one!)...Finding some negatives on the Icehouse after three weeks. I wonder why?...Van Zant and Company went hot, too. 'Who's Right Or Wrong' jams great...In the see-ya-later dept.: WQFM's own big blond in the morning, Liz Curtis crosses the street to pop/adult WAKY. I hope you have fun, honey!...Also, midday throat Dan Deely is off to Cleveland, Ohio. It seems that Mrs. Deely has a new gig at WWWE. Anyone near the mistake on the lake, check Dan out. He's a great talent...In the new and improved dept.: Due to recent staff changes, I'll be on the air from 10AM to 2PM. So new hours for calls are now 2-5PM Monday-Friday."

KFML, DENVER, CO P.D.-IRA GORDON: "16 new adds this week, so that makes 35 in the past 2 weeks. I guess not everybody is tight-listed. Running down most of them quickly our adds are: Foreigner; Pablo Cruise; Michael Stanley Band; Velons and San Francisco's Blues Festival I (both on Solid Smoke Records); George Winston; Herbie Mann; Lee Oskar; Paquito D'Rivera; John Neptune; and local jazz musician Rob Mullins; Rick James (We added a different song than KROQ. Check out 'Pass The J' if 'Superfreak' is too disco for you. It's equal to Stevie Wonder.); Camel, our album of the week; Go-Go's (Finally an all-girl band who will make it on their music instead of a gimmick. We're proud to present their local appearance in town.); Joe Jackson (As far as Joe goes, Marko Babineau locked himself up over the last record. We may never hear from him again after this one. It's a shame not too many stations are adventurous enough to play this album. We're 8 cuts deep. Personally, I think you should play it, and let your listeners decide if it fits your format or not.); Shakin' Stevens (Thank goodness someone still plays true-to-the-roots rock and roll. Another album we're deep into; and, my favorite of the week along with Joe Jackson.)...New 45's also added: Stevie Nicks (a certified double-sided killer); James Taylor; and, local boys, the Rock Advocates...Get well soon, Jerry Lee Lewis. You're not finished yet."

KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "It's definitely the week of the single around here: Stevie Nicks, Don Felder, Kinks Import, Alice Cooper, and the ELO singles were all adds...Also: Go-Go's and Michael Stanley Band albums...The word for the Stevie Nicks single is intense. This may be the best duet I've ever heard. Heavy-duty phones on this record even before its release...The Don Felder single is a natural here because the Eagles are the ultimate Southern California band. This one's gonna be big...I got my hands on a Kinks Import single and it sounds pretty good. The title is 'Better Things' and it sounds like something from the 'Sleepwalker' album...I'm happy to hear that there are some stations smart enough to add the Go-Go's record. 'Our Lips Are Sealed' has been one of the top selling singles for the past three weeks. Most of the stores have been selling out...ELO sounds like they've been hanging out with Rockpile. I like this record but I hope their image wasn't shot because of the 'Xanadu' Soundtrack...I mentioned the Oingo Boingo record a couple of weeks ago, and sure enough it debuted at #13 in local sales. Play this record...Finally, if Johnny Van Zant comes to your town, do yourself a favor and see a show. Some of the best duel lead guitar I've ever heard. This band really kicks ass."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Get ready for another movie madness, 'Heavy Metal' is on the way. Once again Elektra has come up with a great movie soundtrack. Don Felder sounds delicious, and the advance cassette I heard this past weekend shows promise for airplay from now right into the Fall...Thanks from Arin and myself to: Denny Mo for another wacko weekend in Big 'D'...And speaking of heavy metal, hey Bone, we expected you in the post card. It's too bad some people don't know the difference between Rods and bods...Pat Benatar is bubbling under Top 5 requests with the new one. We added the additional cut 'Helter Skelter' which is a fine cover. Applause to Pat for the diversity on this album...Real happy for the Michael Stanley. 'In The Heartland' cooks real nice, a very full-bodied sound...We also went on the new ELO 'Hold On Tight'. But, Bravo, we really want a special edit for our south of the border friends. As it stands, French is nice, but Spanish would be supremo...Top Five Sales: Billy Squier, Santana, Pat Benatar, Foreigner, and Tom Petty...Top Five Requests: Phil Collins, Van Halen, Foreigner, Tubes, and Billy Squier...Adds: Michael Stanley Band, ELO, Stevie Nicks, and Don Felder."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "The only album add at WCN this week is: 'North Coast' from Michael Stanley Band. I thought last year's 'Heartland' would catapult him to superstardom, perhaps this will be the album to do it. In any event, the man deserves to be played and heard. Surprise!! I agree with you Mr. Bill on 'Somewhere In The Night'. A definite killer cut...Singles from: Stevie Nicks and Don Felder were also added this week...Note to Roger, Roy, Drake, and Paul: A little controversy makes for more interesting reading. If this is the beginning of a trend toward more wide open dialogue and exchange of ideas and opinions, I'm all for it. We might even learn from each other. Who knows?"

WWCT, PEORIA, IL M.D.-WENDY RICE: "Adds: Michael Stanley Band, Stevie Nicks 45, Riff Raff, and Balance... Top Rotation This Week For: Tom Petty, Pat Benatar, Greg Kihn, Joe Walsh, Moody Blues, Foreigner, Phil Collins, Who, and Jefferson Starship...Increases: Poco, A's, and Diesel...Diesel is starting to show some sales action...The local charts are mauled by Pat Benatar and Foreigner."

WGVL, GAINESVILLE, FL M.D.-GARY SHERMAN: "Topping off our add list this week with instant medium rotation is the new Michael Stanley Band album. 'In The Heartland' and 'Falling In Love Again' are our starting picks...Our other two album adds, Balance and the Rockets, were really deserving of spaces last week, but due to the number of other releases we had to hold them off till now...Lots of single adds this week: Don Felder, 'Heavy Metal'; Rick Springfield; Kinks Import; Styx; and, Stevie Nicks...If Stevie's album is anything like the single, it might outsell 'Rumours'...Our jazz Lp this week is the new Miles Davis... Pat Benatar moves to Heavy; Janis Ian to Medium."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Stevie Nicks 45; Don Felder, 'Heavy Metal' single; and, Michael Stanley Band...Going Into Heavy: Foreigner, Moody Blues, Pat Benatar, Phil Collins, Greg Kihn, Gary Wright, Blue Oyster Cult, Tom Petty, Billy Squier, 38 Special, Van Halen, Blackfoot, Squeeze, Johnny Van Zant, Journey Ep, Danny Joe Brown, and Joe Walsh...Thanks to: Terry Coen for the Doobies show-- a pleasant enough blend of the old rock and new pop...Speaking of new this week, Buzz and I are attending the New Music Seminar in the Big Apple. Looking forward to talking with the clairvoyants of the industry as well as attending the Moody Blues show, with help from Jim Sotet not going unappreciated...Don Felder's song is great. I'm now eagerly awaiting the rest of the album...Likewise for the Stevie Nicks. I'd be satisfied with just the cover...The next couple of weeks find us with listening parties for the new Foreigner and Benatar albums. We conduct the sessions at Connecticut's largest recording studio. If you've got a record you'd like to have featured, please let me know...Last but not least, preliminary numbers have been flooding from the three different books in this area and they all look very hot. Details at 11."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Blackfoot skyrocketed to the top in sales and on our Southeast album countdown. This is the second time ever an album has debuted on our chart at #1 (Rossington Collins Band was the first). Need I say more about this 'Rattlesnake Rock and Roller'?...After three weeks, the female response to Squeeze has begun to snowball. The phones are on the 'fruit of another' at Rock 106. ...As for Journey, it may be mellow but 'Who's Crying Now' is an across-the-board killer. Both it and Benatar's 'Fire And Ice' have moved into the hot singles rotation...Speaking of female rockers, let's not forget Miss Stevie Nicks. The vocal mix of Nicks and Petty really caught me by surprise. I thought I would burn out after all the Petty but, after a couple of listens, I became a firm believer in this straight-from-the-gut single. Anxiously awaiting the album release. Perhaps Nicks will give Benatar a run for the money as far as top female rockers are concerned...Other adds, along with the Nicks, include Iron Maiden, Michael Stanley Band, and 'heavy metal' Eagle Don Felder...Considering: ZZ Top, Allman Brothers, the Journey album, Mick Fleetwood, and Jon and Vangelis (P.D. Glenn Stewart and I agree on this one. 'Mr. Cairo' will soon be making lots of friends in Augusta)...A belated salutation to Steve Leeds, from Buddy Bawls, the Lee Abrams of college radio...Buddy's bullet is 'Sammy Davis Eyes' which makes Barry Mitchell the next Al Yankovich, so don't miss it."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "This week's New Music Seminar in NYC was an amazing event. Not only are we learning a lot, but everyone who was anyone was here. Considering the low cost to participate, it's gotta be the best buy of 1981. The Seminar session got a little unwieldy with too many panelists, too large topics, and too much audience--even rude at times. Yet the basic goal of getting people to open up their minds to new music was achieved. Even Lee Abrams, when faced with an overwhelming negative toward Superstars format, might be a little more open in the future. The Elektra party debuting the 'Heavy Metal' Soundtrack was great...With our emphasis on North Jersey and one-third of our signal outside of the NY Arbitron measurement area, WDHA is proud to report our debut in the NY Spring Book. Our sincere appreciation goes out to all who helped and those who believed in us from the beginning. We'll never forget the day it came over the teletype, with Dave Morrell, Paul Yeskel, and Blackfoot celebrating with us...Rickie Medlocke and gang were talking about Friday's metal extravaganza featuring Blackfoot at the new Meadowlands Arena. North Jersey is definitely Blackfoot country, and we're true believers. These guys are superstars. Rick didn't need a microphone. He reached North Jersey with just his voice!...Not only is the new Meadowlands Arena off to a flying start with the recent Springsteen, Blackfoot/Ted Nugent and just announced Tom Petty and Styx concerts, but John Scher is also promoting the very successful South Mountain Reservation concerts. Last week's Santana was most enjoyable. There's something very special about good weather concerts in parks for all people. Let's hope, unlike our Morris County Park System, the Essex County Parks realize the tremendous value of these concerts at South Mountain and do it next year...Also last week, I had the dubious pleasure of taking a crash computer course and a visit to a North Jersey nudist colony. How about an outdoor rock concert here? It's quite natural when a pretty lady walks by for a few guys to very obviously show their interest! The lady just smiles in appreciation. Unfortunately, there isn't anything as obvious in reverse...Adds: Michael Stanley Band, Robbie Patton, Styx (re-add); and singles by: Stevie Nicks, ELO, Don Felder, Ramones, and the Kinks Import...Sales: Moody Blues, REO Speedwagon, Styx, Blackfoot, and Foreigner...Requests: David Johansen, Foreigner, Blackfoot, and Diesel...Rotation Increases: Billy Squier and Blue Oyster Cult to Hot; Journey and Jim Messina to Medium...Considering: Jon & Vangelis...Diesel's 'Sausalito Summernight' continues to grow. If you're not playing it, you're missing 1981's big Summer hit. MCA's got to get more stock in the store to keep up with it. We need more copies, too...A lot of pre-album teasers this week. I love the ELO 45--the beginning sounds like Jerry Lee Lewis; Kinks Import sounds great; Stevie Nicks is terrific...As the Tubes would say, 'talk to ya later'."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "I love the new Stevie Nicks single. It is a hit! When I first heard it, I started dancing around the record library. People thought I was nuts. (The only problem with the 12" picture jacket is where do you put the cut sheet without covering the photo?) This tune will grace radio airwaves for a long time to come...We've been testing the Rods Lp and have gotten some positive response on 'Crank It Up'. The sound is right for us, so that will go in this week...The Michael Stanley Band is a strong effort. 'Falling In Love Again' sounds like it has single hit potential to me. Other cuts are: 'In The Heartland' and 'Don't You Do That To Me'...There are a few records on the interesting Lp front. One of them is Joe Jackson. 'Swing' is the greatest music to get one motivated. It's guaranteed to get your feet moving. You have to admit that the guy has guts to make a record like this one. Even though I like it, I don't know how much radio acceptance this one will get...I also like the Camel Lp. They have a finely crafted sound reminiscent of the Alan Parsons Project...Another strong record that was a pleasure to listen to is the new Red Rider. This time out, they sound stronger and more assured...On the station news front: This past week, GIR-FM had its fourth annual Red Cross Blood Drive. Between GIR-FM and our sister AM, we gathered 360 pints in two days. This, despite brutal heat...We also did a remote at a video/pinball emporium, the Electric Dream Factory. The place had to stay open later than usual just to accommodate all the extra patrons...Conversions: Medium: Poco, Icehouse, and Mick Fleetwood; Hot: Squeeze and Blue Oyster Cult...Adds: Stevie Nicks 45, Don Felder 45, Rockets, Rods, Joe Vitale, and Michael Stanley Band...Sales: REO Speedwagon, Rush, Moody Blues, Rick Springfield (could it be the cover that's grabbing the girls), and Tom Petty...To Mike Bone: Not if I see you first."

WAAL, BINGHAMTON, NY M.D.-ROBERTA HABER: "Adds: Stevie Nicks 45, Don Felder 45, ELO 45, Michael Stanley Band, Go-Go's, and Thunder...Hots: Moody Blues, Tubes, Blue Oyster Cult, Pat Benatar, Foreigner, Jim Steinman, Van Halen, Marty Balin, Phil Collins, Billy Squier, Diesel, Blackfoot, and Pablo Cruise...Some hot 45's were released this week. Stevie Nicks, even though she dresses funny, does a fine job with her Tom Petty duet. I'm anxious to hear the rest of the album...Don Felder has never been the most visible member of the Eagles, despite being responsible for some of their tastiest guitar work. The new 'Heavy Metal' single might lead to some well deserved recognition...The ELO single did not knock me over, but then I'm not much of an ELO fan. The people will want to hear this one...By the way, is there some contest going on to see how many songs can be called a variation of 'Hold On'? Should we 'Hold On Loosely', 'Hold On Tight' or just 'Hold On Hold Out'...Side One of the Michael Stanley is extremely strong. We went with 'Somewhere In The Night' which has hooks that will not be denied...Likewise with the new Thunder album. Despite the rather bizarre title, there's some rather fine music within...I just love the Go-Go's. If there is any justice in the world, 'Our Lips Are Sealed' will be a big hit. We'll do our part here in Binghamton...Bitch And Moan Dept.: Following on the heels of the notorious Savoy Brown poster and some of those outrageous answers to the female rocker question comes the album cover from Michael Quatro. Do we really need to see this lady's tush? and Michael's bulges? I, for one, will not touch this Lp with a 10-foot pole, so to speak."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "I can't rave enough about the new album from the Go Go's. I don't know what it is about it, but I can't get it off my turntable at home or at work. It's one of the best sounding Summer albums to come along in quite some time...I heartily suggest that any radio programmers jump right in the water with the new Joe Jackson album. 'Jumpin' Jive' is fresh and new and sounds good...Don't miss 'Back To School' from Jon & Vangelis. It's got to get your audience moving...The Stevie Nicks sounds like Stevie Nicks singing lead vocals on a Tom Petty song -- which is what it is...The new MSB album will, I think, move them even closer to the limelight. Hard to pick tracks on this one...For the epic story-telling album of the month check out Camel. The lead cut goes well with Pink Floyd and such...The Sinceros and the new Any Trouble 45 offer some good sounding pop rock...The Moodies and BOC still hold it down on the top, with Pat Benatar, Foreigner, Foghat, Joe Perry, and New England making good progress. Otherwise, all is well...Til next time."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "Adds this week: Pat Benatar, Stevie Nicks, Balance, Michael Stanley, and the Rods...A bonafied superstar of the 80's, Pat Benatar, graces our turntables with her remarkable style. Her songs have already propelled her to an immediate heavy rotation. We're playing 'Fire And Ice', 'Helter Skelter', 'Precious Time', and 'Evil Genius'...The Stevie Nicks/Tom Petty 45 is a great appetizer. I can't wait to hear the rest of the album...The Michael Stanley Band album takes off without hesitation from the 'Heartland' album, which was a huge success. In the early running we're playing 'In The Heartland'...Also playing 'American Dream' off the Balance album; and 'Power Lover' from the Rods...Increased rotation this week; Joe Perry Project."

WRCN, LONG ISLAND, NY P.D.-BARRY GRANT: "Where has all the talent gone? Steve Leeds made reference to a conversation in which I mentioned that promotion people have more personality than most jocks. Aspiring job applicants, for the most part, have no obvious talent other than running a board. When I started on-the-air there were lots of characters and interesting people around. I'd be overwhelmed if a job-seeker would get excited about something, anything, and sell me on hiring him or her. The lack of aggressiveness and enthusiasm is unbelievable. I've long had a theory that bright, talented people quickly learn that they can make much more money in other fields. We end up with folks who are unable to develop new talent and stations that produce living robots...Pat Benatar debuts at #8, outselling Foreigner two to one. Both doing well for new products...AC/DC 'Back In Black' is #1, REO #2, Van Halen #3, 'Dirty Deeds' #4, and Moody Blues #5...Adds: Journey Ep, ELO 45, Blotto 45, Rockets, Don Felder 45, and Stevie Nicks 45...Truman Capote calls every night for Iron Maiden."

WWV, CHARLOTTESVILLE, VA M.D.-PHIL KIRZYC: "It was 1:30 on a Tuesday afternoon and I was in a music meeting reviewing the prospects for this week with several station staffers. Everyone was making fun of the weekender and the AM operation in town, when the stylus tracked 'Into The Heartland'. It was a simultaneous whiplash as heads turned and mouths opened toward the new Michael Stanley album. Cleveland's second son comes through again with 'North Coast', a unanimous thumbs-up for the Midwest rocker... Joe Perry got the green light this week, as did the Atlanta based Michael Guthrie Band, who has been kicking around since 1964. Nice to have someone pick up these boys on a national scale. They can give Tom Petty a run with a track called 'Sorry About That'...I hope ELO is out of their 'Xanadu' phase. If 'Hold On Right' is any indication of what album 'Time' is to be like, then it's welcome Geoff and the Boys...Don Felder's 'Heavy Metal' 45 goes in, as does Stevie Nicks and Tom Petty's collaboration."

KKSN, PORTLAND, OR M.D.-GREG LEE: "Our adds this week: Foghat, Thunder, Go Go's, and five singles by Stevie Nicks, Journey, Al Jarreau, 'Heavy Metal', and ELO...The saga continues. KKSN and Warner Brothers present 'A Little Feat Listening Party' for our listeners on Sunday, July 26th. Listeners get to hear the new double Lp 'Hoy Hoy', and will get free beer and a button that says 'I heard the Feat first with KKSN and Warner Brothers'. The button is worth a buck off the Lp. Thank you, and welcome back to Warner Brothers, Sue Brett...Mark my words, 'Hoy Hoy' and Rickie Lee's 'Pirates' are Easy Choices... The response by the staff and our audience to the new Go Go's is great. 'Our Lips' is lighting up the phones...Sean Coakley says Thunder. We say, 'No problem'. I've always had a soft spot in my heart for these guys, and this Lp is part two of the Little Feat meets the ARS syndrome. 'Midnight Heartache' and 'Tupelo' are the contenders...Stevie Nicks (also one of Sean's) is great. I won't dazzle you with a lot of rhetoric and big words about this 45, other than to say it's got to be the best thing so far this year...The Blue Lamp cuts on 'Heavy Metal' are also primo Stevie. Heavy rotation here...Sorry the comments are so long, but lots to say this week...Epic/Jet should be commended for the ELO collage on the B side of the 12". It gives the whole Lp in a nutshell and is a great way to preview it...Personals: Lipetz and Gorlick: Thank you for the beefstick, kryptonite, and Mr. Microphone. I've already been using the Mr. Microphone. The rest of the staff loves it. You're the best and thank you."

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Michael Stanley's on a roll. Our most important add this week. Stanley proves once again that he's a master of rock and soul...With old 'Yessongs' still requested and synthesizer rock on the rise, Jon And Vangelis improve on their second collaboration. The obvious track is 'The Friends Of Mr. Cairo' edit. Not just a song, an adventure...It took a few listens, but the Rockets have blasted back onto the airwaves. We're on the title cut and the infectious 'Life You Up'...You can't deny Pablo Cruise's following, and after much deliberation, the initial response to 'Reflector' has been favorable...Hot week for singles: Nicks/Petty is in maximum rotation...Don 'what kind of metal' Felder is generating interest...Also ELO with credible polished power pop...When the albums hit from these three singles combined with Foreigner, Benatar, and Journey, July and August should be powerful months...Strange combination of Top Five Requests: Rush, Billy Squier, Diesel, Ozzy Osbourne, and Adam & The Ants...KILO will be river rafting with the Tubes. Listeners that can identify songs from the new Tubes Lp on the air pick up the album and a chance to ride the rapids on the Arkansas River...Home Turntable Play: Echo & The Bunnymen, Go-Go's, James Brown, and Department S."

WDEK, DEKALB, IL P.D.-WARD HOLMES: "Adds: Bobby Broom, Spaces, Brian Auger, Stevie Nicks 45, Miles Davis, 'Fuse One', Robbie Patton, Jon and Vangelis, Go Go's, Joe Jackson, Michael Stanley Band...Michael Stanley Band is a very exciting album. It was only surpassed this week in airplay by the new Miles Davis, which should not be ignored just because it's jazz...Hot tracks: Moody Blues, Joe Walsh, Elton John, Tom Petty, Pat Metheny, Lyle Mays, Greg Kihn, Peter Frampton, Jim Messina, George Harrison, Mick Fleetwood, David Lindley, Balance, Tom Scott, Phil Collins, Diesel, Gary Wright."

KKRO, IOWA CITY, IA M.D.-TED BURTON JACOBSEN: "Silver Sow Award goes to Stevie Nicks and Tom Petty this week...Adds: Rick Springfield, Stevie Nicks, Point Blank, Rockets, Don Felder, and the Michael Stanley Band...Diesel moves to medium...Frampton moves down to medium from heavy."

WQFM, MILWAUKEE, WI M.D.-MIKE WOLF: "The last time I saw Fleetwood Mac on tour, there was some doubt in my mind as to how long Stevie Nicks could maintain her incredible voice. She was having trouble with the high notes and her voice cracked a lot. It sounds like she's gotten it all back together again, though. Her new single with Tom Petty has garnered immediate phones. I've got a feeling it's gonna hang around for a long time...The new Don Felder 45 is a pleasant surprise. It goes to prove that his songwriting abilities are just as good as any other member of the Eagles...The Allman Brothers 45 has the potential to be their biggest mass appeal song since 'Ramblin Man'. The band's definitely got a huge base in Milwaukee--they attracted over 30,000 people a couple of weeks ago during Summerfest. I'm looking forward to the complete album...Taxxi is a good example of a fine solid debut album very much like Loverboy's. 'Walking Wounded' is tailor-made for Midwest rock and rollers, and the hypnotic 'Stranger' has a lot of potential too...Thanks to: Mark Benesch of CBS and Journey for helping make this week the largest turnout ever for album premiere night...Thank you, Abby of Midwest Music Marketing for making it possible for Dave Benson and I to communicate directly on the cultural value of the Savoy Brown poster."

WZZO, BETHLEHEM, PA P.D.-LYN COREY: "It was great to see so many people at the Music Seminar. I could start naming, but I'm sure it would fill up the page. Just to name a few special glad to see or meet and thank you to: Bill, Susan, Paul Payton, Marty Schwartz, Lee Abrams, Denny Somach, Bruce Tannenbaum, Alan Wolmark (love that cycle), Jayne Lipman, Mike Bone, Lisa Richards, Roxy Myzal, Kenny Puvogel, Steve Smith, Marko, Sky, of course John and Mavis, Ken Benson, Michael Tearson, John Montgomery, T.J., Harvey Leeds; and, a special thanks to: Steve Leeds. I guess that's good for starters and sorry if I missed some. Just too many great people. The Radio Record Panel was something else. It was great to see Ken Benson and Steve Leeds stand up and be honest. One thing I'd like to see people strive for in future Seminars is more facts-less generalizations. Can't we get to the real issues instead of blowing off steam? All in all, it was great seeing the support of commercial radio and records. I guess this really is a business, isn't it?...Back at the radio station, saleswise I'm happy to see sales have gone up this week. Strong Moves For: Rick Springfield, Jefferson Starship (a recent concert I'm sure helped), Blue Oyster Cult, Billy Squier, Greg Kihn, and Squeeze...Moody Blues holding tight #2 position behind AC/DC."

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 167 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; (215) 667-5118. The following are excerpts from this week's report.

The Rock Report has been informed that the multi-talented DAVID BOWIE has been sought after for a number of play and movie roles. Nine Bowie tunes make up the soundtrack of a German-released film titled "Children Of The Bahnnoff Zoo", a true life story of a teenage junkie runaway who overcomes her addiction and turns her life around. David is also featured in a New York City concert segment doing "Station To Station" in the film. The movie will hit the U.S. sometime in August. Among other Bowie projects are an involvement in an upcoming Robert Altman film as well as playing in the Bertolt Brecht play "Baal" to be filmed for the BBC.

DAVID JOHANSEN has been added to the Pat Benatar tour for about 50 dates.

BILLY SQUIER says he will go into the studio next month to record a Christmas song that will be released on an Ep.

BUTCH TRUCKS of the ALLMAN BROTHERS has told us that the next Allman Brothers album after "Brothers Of The Road" will be a live two-record set and will be out late in the Fall.

HUMBLE PIE's next record will also be a two-record set featuring some of their "friends".

ELO's new album "Time" has been described by JEFF LYNNE as one of their best. He says it provided some real diversity and music. The group is currently rehearsing and getting together their light show for the upcoming Fall tour.

BARRY GOUDREAU told us that the BOSTON album has been delayed til September.

The KNACK album with producer JACK DOUGLAS has been moved to an early Fall release.

BONNIE BRAMLETT is working on a new album at the Muscle Shoals Sound Studios.

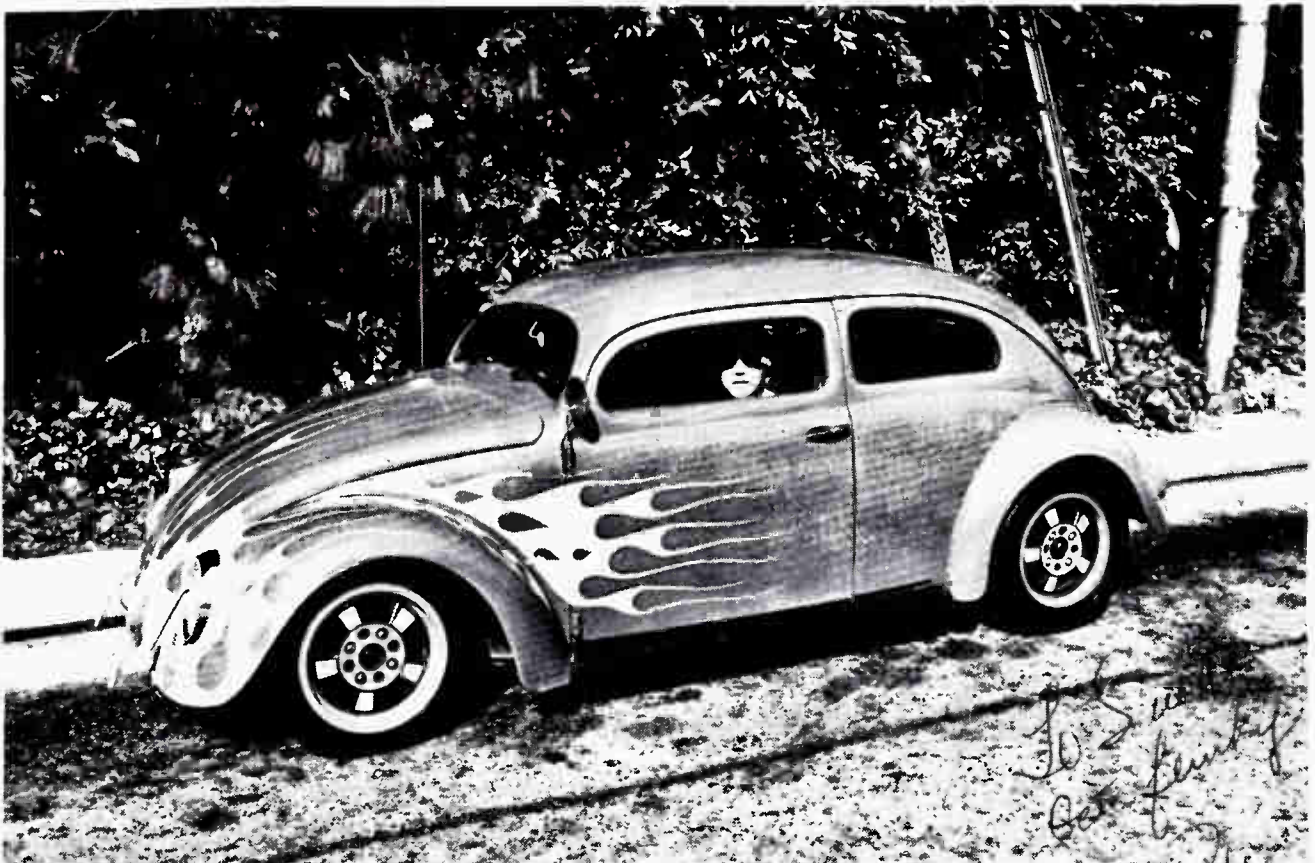

DAVE EDMUNDS called to tell us that he's taking a break from supporting his latest effort "Twangin'" to vacation with his wife, Leslie, who is expecting a little Edmunds any day now. Dave told the Rock Report exclusively that there is no truth to the rumour that ex-Leppelin ROBERT PLANT will be joining Edmunds on any other musical ventures. Dave is starting on his next solo album on August 3rd and plans to finish it by early October for a January 1982 release.

RUSH says their next record is a two-record live album and will be out in November or December. The Lp is a compilation of the "Permanent Waves" and "Moving Pictures" tours. Most of the dates were recorded in London, Toronto, Montreal, Vancouver, and Calgary.

SPENCER PROFFER, who is releasing the new Billy Thorpe on his Pasha label, has told us he is trying to get IAN HUNTER to write and produce the next solo album from ex-Hollies vocalist ALLAN CLARKE. He also expects to sign RODERICK FALCONER and TRAPEZE.

BIRTHDAYS THIS WEEK: Mick Jagger 38; Roger Taylor 32; David Essex 34; John Hall 33; Andy McKay 35; Cat Stevens 33; and Don Henley 34.

Epic's Robin Wren has been bugging us to drop his name in the sheet--so we'll go him one better. We'll drop his Bug in. Is this a bitchin' set of wheels, or what? The chop job on this 56 (complete with Recaros) makes it the coolest car shot we've received since Alan Sned's super clean 65 Mustang (and being a Motorhead from way back, I can't resist printing it). The paint job is so subtle!!!

TUESDAY - JULY 21

This is our last day of the Sun in Cancer, the sign that begins Summer. Minor disorientation occurs when the Sun changes signs. But the real motivator is an early morning angle. At 5:18 A.M.-E.D.T. the planet of relationships, Venus at 26 degrees of Leo is at a hard 90 degree square to Erratic Uranus Retrograde at 26 degrees of Scorpio. This is a love of rebellion and independence. Used constructively this can be creative. In its negative form--well! Moon in adaptable, Emotional Pisces and Void-of-Course from 10:20 P.M.-E.D.T. until entering Aries at 11:44 P.M.-E.D.T. Plan a wild, fiery evening. You deserve it.

WEDNESDAY - JULY 22

A grouchy start in the East as the Moon at 5 degrees of fiery Aries opposes optimistic Jupiter at 5 degrees of Libra. This is exact at 7:55 A.M.-E.D.T., and then at 8:07 A.M.-E.D.T. the Moon is opposite restrictive Saturn at 5 degrees of Libra. Fortunate are those in the West who will still be snoring! Take it easy commuting in the east and midwest! At 6:41 P.M.-E.D.T.-the Sun enters Leo and we begin the height of the summer season. The ancients called Leo a fixed sign to denote that this was the height of the season. Leo was said to be ruled by the Sun for the ancients worshipped the Sun and it was the closest to Earth! Leo is not a stubborn, regal sign.

THURSDAY - JULY 23

On this first full day of the Sun in Leo, the height of summer gets off to a royal start. The emotion-ruling Moon in Aries puts us in an aggressive, impulsive, fiery mood. Take action and use this energy in a positive way, for in its negative form this Aries Moon can be temperamental. Today is significant for Saturn and Jupiter join at 5 degrees of Libra. This happens every 20 years and since 1832 the President in office during this conjunction has died or been assassinated. This is the FIRST TIME since the 1800's that Saturn and Jupiter have joined in an air sign. Before they joined in Earth signs--breaking this pattern! Enough said.

FRIDAY - JULY 24

Moon void of course for a very short time starting at 2:41 A.M.-E.D.T. and ending at 3:19 A.M.-E.D.T. when the Moon enters Taurus. Two significant events happen today. (1) energy abounds from the 3rd Quarter Moon exact at 5:41 A.M.-E.D.T., the Moon at 1 degree of Taurus and the Sun at 1 degree of Leo. (2) Venus enters Virgo at 10:05 A.M.-E.D.T. for a stay until August 18. Venus governs relationships--from friends to love affairs. Also Venus has to do with "things we cherish." In Virgo--Venus is more refined, neat, and brings out the drive for perfectionism. So dust yourself off and get to work.

SATURDAY & SUNDAY - JULY 25 & 26

The weekend is anything but quiet! On Saturday the Moon is in Taurus and not Void-of-Course until 11:11 P.M.-E.D.T., but that ends at 5:42 A.M.-E.D.T. Sunday when the Moon enters Gemini. But is the warlike, physical planet Mars ever acting up! On Saturday at 5:33 P.M.-E.D.T. Mars at 5 degrees of Cancer is at a 90 degree square to restrictive Saturn at 5 degrees of Libra. Watch how rebellious people are! And to aggravate the whole situation, Mars hits the 90 degree square to expansive Jupiter at 11:03 P.M.-E.D.T. Raise hell and talk about it on Sunday when the Moon is communicative Gemini.

MONDAY - JULY 27

A lot of people are going to have days that will exceed a "5" rating, but the clue is to really use this day for routine work and communication. With the Moon the closest to Earth you will find people more high-strung and potentially volatile. Better to set a busy, heavy schedule for thyself. At 7:05 P.M.-E.D.T. the Moon in Gemini is Void-of-Course until 7:42 A.M.-E.D.T., Tuesday. We are now feeling the warm-up for an eclipse of the Sun. Start paying attention to local, national, and international news events. More on the eclipse in the next FMQB, but hold on--changes are imminent.

Rockets	80	L	Everyone likes this band. Let's hope it gets the play it deserves.
New England	-	-	No interest at present.

"After visiting Seattle last week, I must compliment both KZOK and KISW on their sound. Okay, radio ain't what it once was musically, but let's face it probably never will be. I found both stations for the most part entertaining. A little competition never hurt anyone, right? Good luck to both...First week sales on the Benatar album broke all sales records for initial orders in the 2½ years the one-stop has been open...Current favorites: Miles Davis, Icehouse, Max Roach, Styx, Koko Taylor, Gary Boyle import, Duncan Mackey import and Mick Fleetwood."

Record Action

MICHAEL PLEN, IRS (212-980-6874): "The Go-Go's broke Top 40 today. First hitting the L.A. market. If you haven't taken the time to listen to this album, you possibly passed over one of the best rock albums that will come out this summer. Go back and listen to 'Lust To Love', 'This Town', and 'We Got The Beat'. And don't forget the single 'Our Lips Are Sealed'. We presently have over 40 stations playing this record and you must reckon with it...The Fleshtone's new single 'All Around The World' should also be listened to. Expect an album from them in early September...Also coming from Vancouver, the Payola\$. They are hard rocking, ala Mott The Hoople...Vejur quote: Ogay-Ogay."

SEAN COAKLEY, ATCO (212-484-6400): "You'll be receiving 'Bella Donna' from Stevie Nicks this Thursday. After spending time with this album, it becomes increasingly difficult to pick cuts--because they're all that good. For starters try 'Edge Of 17', and after, 'The Glitter Fades'...It's great to see more and more people get into RIFF RAFF. Principle song writer Doug Lubahn wrote 'Treat Me Right'--best reaction thus far has been to 'Nina' and 'I Ain't Gonna Run Anymore'. Please give this an earfull!... THUNDER continues to expand upon the base laid by their first album...You should have the new SAD CAFE album by now...BLACKFOOT's 'Marauder' is showing terrific sales action coast-to-coast. Once again album radio launches another one into the stratosphere...Robin and Judy: What is going on anyway?"

KATE INGRAM, DB RECORDS (212-245-2212): "Bastille Day took place on the same day as the New Music Seminar which was insightful (I'll let Susan decide which way to spell it), as well as enlightening. It's getting to be a real global village out there and in my opinion the Summer of 1981 will be comparable to the one in 1967. That was called 'The Summer Of Love', and marked the mass acceptance of the psychedelic era. I always wondered why the Nuggets album referred to that period as the first psychedelic era but now it seems clear when embarking on this second one. The headline of the New York Daily News Monday afternoon read 'Carey Predicts: Will Have Riots Here'. Also, a journalist friend of mine noticed that trends in England seem to occur in the U.S. a few months later...A real mood of the times is swelling in major cities where people are being repressed. The cry of outrage is spreading to the subways during the hot, sultry days...I just saw 'The Decline Of Western Civilization' movie, featuring notable punk bands out of L.A. (Black Flag, X, etc.). That movement seems to be catching on in the suburbs with groups like the Dead Kennedys appealing to the teenage suburban male. All I can say is that hopefully, programmers will listen to the words of songs when programming them on the radio...Onto a lighter ending--Just want to be sure everyone knows that our third Lp is out--called 'The Judgement Of Paris', it's by Kevin Dunn and the Regiment Of Women. Kevin was with The Fans (the premier new music band out of Atlanta, along with Tom Gray, the keyboard player of the Brains). Kevin is more than a guitar player/lyricist/or producer. He's a philosopher. People should listen to him, because the world needs a hero. Contact me for copies of the new Lp as well as the Swimming Pool Q's album which is gaining momentum. I'll keep you posted...Meanwhile, Frank Andrick (KSJO) is in New York and we're definitely into the scene. He'll be doing comments while on vacation."

JIMMY DEL BALZO, POLYGRAM (213-277-1367): "The Johnny Van Zant Band has given the sagging club scene in this country a shot in the arm, at least on the West Coast with six consecutive sell-out and multi-encore performances including 1,000 seats at the Country Club. Special thanks to Larry Reisman, Tom Mix, Tommy Hedges, and Dana Jang for their support. This band is one of the h-o-t-t-e-s-t young bands around. Just go see them and you'll see what we mean...Jon and Vangelis 'Friends Of Mr. Cairo' has just hit the streets and it's guaranteed to prove that being unorthodox has its rewards. (Just ask Linda Lovelace). Your audience will love the 5½ minute edit of the title track...Def Leppard's second album 'High 'N' Dry' should be in your hands any minute. The title track and 'Let It Go' have rock anthem potential...I was interested to read Kid Leo's comment on the new romantic movement; however, he neglected the most influential act of this genre Visage. If you have any questions, please refer to the latest issue of Rolling Stone...Also coming Carolyne Mas' 'Modern Dream's' and in August 'Novo Combo'."

BONNIE SIMMONS, WARNER BROTHERS (213-841-2400): "Home again, home again! So, how come everytime I take the red-eye flight, everybody else gets an empty seat next to them, and I get the salesman who wants to talk about the entertainment business when all I want to do is sleep?...It was great seeing everybody on the road...Let's see, where did we leave off? Our roving correspondent was on her way from the Midwest to Philadelphia, New Jersey and New York. It was great to see everybody on the East Coast; however, I really thought that Ray's Pizza was highly over-rated (the one on 11th & 7th)...We certainly have some records to talk about this week. By this time you should have the ZZ Top record 'El Loco' and I can't even begin to give you cuts because we all like everything on the record...Rickie Lee Jones will also now be in your paws (I'd say mitts but it reminds me of baseball)! I think it's spectacular. We'd recommend 'Pirates', 'Woody And Dutch', 'We Belong Together' and 'Lucky Guy' for your initial listen...Along with that, the Ramones album is out. (Thanks to those who have already added the pro). It looks like 'We Want The Airwaves' and 'She's A Sensation' are the two cuts people like the best...Also check out the Was Not Was album. There's some interesting things on here... There are times when I wonder how I get to do this and get paid at the same time, and this is one of them. Along with the Rickie Lee, ZZ Top and the Ramones, in two weeks you'll have the new Pretenders (just an advance tip, wait till you hear 'Louie, Louie Had His Day'); a double Little Feat compilation with versions of songs never released before; a new Alice Cooper album; a beautiful Al Jarreau record; and a new one from Force Ten...Speaking of Alice Cooper, you may have missed the single 'You Want It You Got It'. It's worth checking out...I'm absolutely in love with the new Joe Jackson record. I think the Holly Stanton album with her version of Beau Brummel's 'Just A Little' is really interesting...And once again, we've burned up our space. So, let me just say 'when the going gets tough, the tough go shopping!'"

RECORD ACTION CONTINUED

BRUCE MOSER, COULD-BE-WILD (716-885-5200): "The 'It's Almost Like You Never Left' award goes to Bernie Kimbel who departs WMJQ to return to WCMF to do 10-2. Congratulations and best wishes in your new, or is that your old home...The Blue Oyster Cult album has exploded with heavy sales and reorders. This looks like a Top 10 album, especially with all the excitement on the single 'Burnin' For You' which ships this week. 'Burnin' For You' will soon become an anthem, just like the 'Reaper' (could be the son of the 'Reaper')...Rumor of the week: Could John Gorman be getting married. (Not to Stevie Nicks-- however, the date might be planned for the same day her solo tour comes to town. So, she can sing at the wedding)...Speaking of weddings, Eric Andersen married his lady friend, Zona, Saturday in Woodstock. Anybody that would like to give Eric a wedding present could play his fine import album 'Midnight Son'. Call me if you need a copy...The Rods continue to rack up some heavy call letters. Their debut album contains some of the most explosive heavy metal music in quite some time...P.S.: The Rods were voted the ugliest new band of the year. (It worked for the Stones). Rumor has it that all three are related to Mike Bone. I thought I noticed some resemblance. (Could be family)...Another heavy metal band that record companies should sign is a band from Albany called Visitor. They played to some 30,000 enthusiastic fans on July 4th weekend...P.S.: Susan and Michele only have 11 more weeks of freedom!"

BETH ROSENGARD, INDEPENDENT (213-508-4550): "Point Blank is definitely pointed in the right direction- UP! New Top 40 action and album re-adds build every week. 'Nicole' is, without a doubt, a h-i-t, and if you're not aware of it yet, so is 'The Way You Broke My Heart'. There's depth on this album that's barely been explored...The Rods are crankomatic (I warned Michael Mayer I'd steal that word)! There are now 4 tracks getting attention. 'Power Lover' still leads the way, but 'Crank It Up', 'Music Man' and 'Nothing Going On In The City' are gaining every week. This is hot, driving, summertime rock and roll and the Rods will stand up to the current metal competition...Balance continues to grow at an incredible rate, and I'm hearing about immediate phone action in many markets. If you're letting the production of this record bother you, I think you're making a mistake. It's just too bright and energetic to be denied...You should have the new Carolyne Mas album 'Modern Dreams' in your hands as you read these comments. I think it's an excellent record, and I'll be especially interested in everyone's reaction in light of the recent Question-Of-The-Week concerning female artists. Carolyne's tune 'It's Important' along with the cover of Moon Martin's 'Signal For Help' are the standouts...Also check out the Martin Briley-penned song 'Take It Anyway You Want' on the new Pat Benatar Lp. Martin has an album coming this fall and I'm finding it hard to get his demo-tunes off my cassette machine...Personal To Buck: Mention your name in my Hard comments? Absolutely not!... 'Tempted' is a smash and so is 'Sausalito Summernight' by Diesel. I crank the volume up everytime I hear them. I also think the new Journey single is just wonderful...20/20's first single 'Strange Side Of Love' has just been released, and there are two new songs on the flip side. If you're a 20/20 fan, be sure to check them out...The WCCC fan club would be meeting down the hall, except that no one can figure out what building the hall is in!"

EDDIE HUMBER, MAKING TRACKS (707-585-2105): "After a few days in L.A. (city of Lost Angeles), it's good to be back in God's country to the North...As always, thanks to Jon Scott for the hospitality. It was a real pleasure to see everyone on this trip...Special thanks to Tom Atensio for the taste of the Nils Lp... Does it seem strange to anyone, other than me, that the Tonio K. Ep can consistently pick up major call letters and just as consistently pick up no calls from A&R departments? I hope so. Otherwise, I must be deaf, crazy, or both. Somebody please tell me what it all means. It's easy to see that Michael Stanley's 'North Coast' is destined for heavy airplay...You should also check out Robbie Patton before Top 40 beats you to the punch...Savoy Brown's 'Rock And Roll Warriors' continue the campaign with more cities following in their wake...Take Jon's advice and check out Tim Goodman's 'New Romeo' and then tell your Mama...Cookin' at the coop: Joe 'Jumpin Jive' Jackson, Tonio K., Michael Stanley Band and Savoy!"

CHRIS HENSLEY, EMI (404-321-5441): "Since I've been on vacation, going after the 'big ones' off the Coast of St. Simon, I'm a week behind in repeating what others have already said. It's a shame with five other C&W stations in the market, that new management should make the decision to change format from album rock to C&W as they have in Jackson, MS at WZZQ. The station will be sorely missed among Southern album rockers. Steve Keller is an excellent Music Director, so keep him in mind...Congrats to Barry Bergman and his record label...By now you all know that the Michael Stanley Band is only getting finer with age. This is exactly what we are looking for and we've all proven that by adding 'North Coast'. 'Heartland' was on the charts forever and with luck, 'North Coast' will be on even longer... Also, for the stations playing softer stuff, check out 'Heartache' on Robbie Patton's album. This album is produced by Christine McVie and features members of the Mac playing backup...Just heard a tape of the new Dirt Band album called 'Jealousy' and it's a bitch! Watch for some great rock 'n' roll with a title cut featuring some killer vocals from Rosemary Butler, and a single featuring none other than Kenny Loggins. This one will knock your socks off!...Oh, and Bill, please remember to keep your Dolby switch off."

MARK COOPER, ROBOX (404-451-5997): "On your desk this week, the latest and greatest from Grinder Switch, 'Have Band Will Travel'. This album is absolute k-i-l-l-e-r. If you haven't heard from me or Taska, you most likely will, or from Bob Osborn, James Lewis, or John Kostick. It's the one the world has been waiting for!"

ROY ROSENBERG, STIFF (212-765-3977): "Oh, my aching head from too much partying at the New Music Seminar! It was great to see a lot of voices. But now, it's back to biz!..The Any Trouble advance cassettes, as most of you know, were scrapped due to technical difficulties-but all of you should have by now a copy of the import 45 'Trouble With Love'. This should be one of the lead airplay tracks from the forthcoming album 'Wheels In Motion' that should be in your hands Monday, July 27th. (Oh, how this modern science age screws things up!). Here's an interesting side note on Any Trouble: Before lead singer/songwriter Clive Gregson became a rock and roller, he was a teacher in England. Now, pull out a copy of the last Lp and tell me if Clive doesn't look like your eighth grade chemistry teacher. I guess if Elvis could be a computer operator, Clive could be a teacher...Dr. Feelgood's Lp, produced by Nick Lowe, should be in your hands this week. Check out the two Nick Lowe tunes 'Best In The World' and 'Who's Winning'. Both are very Rockpile-ish by no surprise!...Tenpole Tudor's debut Lp should get to you this week also. It falls into the Adam & The Ants mold and contains the recent U.K. Top five 45 'Swords Of A Thousand Men'. This is the track to check out...Of personal note: Rizzi your beard still needs a trim...To Frank Andrick: You almost looked like a Dave Robinson clone dressed in black. Please, this world couldn't take another Robo...Don't forget to wish the lovely Susan Costello a Happy Birthday this Friday. The 24th is number 24 for the lovely lady...Say your prayers, folks, because there are two that I definitely don't want to add to the Stiff List: Jerry Lee Lewis and Captain Kangaroo. Our prayers are with you guys!"

RECORD ACTION CONTINUED

MIKE BONE, ARISTA (212-489-7400): "Nils Von Veh and KZOK finally add the A's as Seattle goes through its biggest trauma since Mt. St. Helens. Last week's A's prime move is followed this week by more solid adds and increased rotation. 'Woman's Definitely Got The Power'...Speaking of power, the Rods. Holy shit!! You know the Rods are happening when Bill Elson at ATI calls up and asks 'Say, who represents the Rods?' (Bill, they signed to ATI last month). With Texas secure, the Rods ram it to (you love it, Susan) -- I said pound it into the ground in Columbus, Ohio (Tim Smith, watch your mail very closely), Ft. Wayne, Indiana (the new Detroit) and many more. New tour dates on the Rods dream tour includes more fizz than soda. The Rods pick up the slack in the baseball strike by starting their own softball team featuring the first two players Rusty Kuntz and Peter LaCock. (Are you listening Joe McCabe?)--'Power Love' is definitely the song...Your Alan Parsons 'No Gamble' sampler is on its way to you. Now that 'Time' is solidly Top 10, you can and will have to reconsider this classic from Alan Parsons...I am writing this before the official release of the Allman Brothers Band 12" of 'Straight From The Heart', so there are no adds yet (except for one station unofficially). This song is without a doubt a smash...The Kinks import single is officially on a lot of radio, so why should I ignore it? You have a three week lead on us, 'Better Thing' is killer Kinks material...Personals: I just finished up the New Music Seminar. The highpoint of the two day meeting was Bruce Harris of EPIC's East Coast A&R department calling Lee Abrams a mother-fucker in front of about 300 people. Way to go Bruce, really smart. Bruce went on to say he signed 'Adam & The Fucking Ants'. Say, Bruce, didn't Howard Thompson in London have something to do with that signing also?...Joe McCabe: Your hoagie is on the way...Bob Anchetta: Welcome home...Moby: To show you how tuned in the Rods are, they have a song on the next album called 'Kick Ass Rock And Roll'...Tom Starr: Concerning songs that have personalities names in them, who do you think 'Burning Bones' on the last Krokus album was written about--Jerry Jaffe?...Doug Podell: Listen, then add...Ron Reger: I guess you can take Roberta Haber's and Ilyse Gottlieb's names off your dance card."

ALAN WOLMARK, ATLANTIC (212-484-6017): "Just a quick scream from here in the midst of the New Music Seminar. Thus far it's a great turn out for a new Convention with a new twist. Unfortunately, it's revealing a polarity and antagonism between album radio, college radio, clubs and A&R departments that hadn't been so obvious on the surface before. I don't know if any constructive new approaches to new music are being seriously dealt with but this is definitely the best way to get a lot of people to start thinking...Covering the gap--we've heard the new Stones album and it's a great surprise. Stay tuned...And coming very soon is a very refreshing album from the realigned Buddy Miles Regiment... Meanwhile: Whitesnake, G. E. Smith and Mother's Finest continue their tours to many accolades...Watch for Foreigner to grow to monolithic proportions. And now with a tour in the works...Heavy Rotation at home: Most of this wonderfully weird stuff at the New Music Seminar."

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. PLAYS PER DAY - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. PLAYS PER WEEK - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. AIRPLAY EMPHASIS - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 10. If the highest rotation album gets 8 spins per day, it receives 10 points. If another album gets 4 spins, it merits 5 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
