FMQB ALBUM REPORT

October 16, 1981

BILL HARD, Editor

Hard Choices

LINDSEY BUCKINGHAM, "LAW AND ORDER", ELECTRA

When you get down to it, very strong album airplay is guaranteed by the single "Trouble" which is already doing on like gangbusters. The top 40 action is ferocious. It's our #1 Most Added single with 31 with the balance due to FM in momentum...Rayco, WJVA's Tim Smith, "To me it sounds like his version of 'Lava'—immediate upper-deck shibes"...Carol Dillon, WJVA, "Some of our main jocks seem to think it's a little too pop sounding, but I disagree. If we can play 'Angel' from last, we can play this"...David Holmes, WJVA, "The new record sounds real good on advance cassette. We added the single from the album and are already getting positive reaction"... From Mary Peltinger, WMM, "There's no denying the song is a hit. It's mass appeal by Fleetwood Mac's prodigal son"...Frankly, I'm picking up mixed response on the rest of the album—but it's the most stimulating thing to come down my pipe lately, and I just can't get enough. Sure, it's bizarre at times, but Lindsey's got the blues and the funk and the songs to make it work. Please consider a test on "Bwana", "Mary Lee Jones", and "Johnny Stone", instead of simply grinding the single into the ground—the CD really has a lot more to offer.

GARY MORICE, "LEVIN IN A MOVIE", LIFE

I confess I had a tough time hearing the debut album, but did take note as consistent request activity and radio regard followed airplay on "She Talks In Screen", and ultimately ended up liking the record and respecting the artist. For my money, LIFE is a much improved follow-up with multiple killer tracks this time, studio work galore, and loads of interesting and different guitar/keyboard textures—all of which end up in a record that should jump out of the radio. Start with "No Drills", "You're Tattooed On My Forehead", "Levin In A Movie", and "Bronies".

Chain Reaction

GREG LAKE, CHRYSLIS

With 75 first week stations, including 17 Level 1's, we're talking instant monster with at least top 15 next week...Comments: Paul Heine, WOPR, "Rock and roll with great appeal. Very solid instrumentally, and with Lake's distinctive vocal chords, how can you resist? A musical diamond in a sea of cheap imitations"...Charlie Logan, WFTV, "Never having been a big ELP fan, I didn't anticipate much from the record. Happy to note, I was quite surprised. 'Nuclear Attack' is a catchy and powerful song"...Tom Nest, WSPB, "Our only add this week, and I was hooked out by it. ELP rocks AC/DC--it smokes"...Ellis Simmons, WMA, "Greg made a major trip to the air studio worthwhile as soon as it came in. Already getting great phone and 'Love Goodbye' got a 100% positive response upon testing"...Jack McWilliams, WFTV, "Out of a first week comes an LP that could be Most Added during any heavy week. The new album has surprised everyone here with its mixture of intelligent rock and smooth ballads. What a pleasure to hear killer funk followed by clean vocals"...Dave Knickerlugs, WQQ, "Best record of the week by far. This record has everything from ballads to some very powerful rockers—I can't find any flaws"...Rob Pounds, WJAC, "The comments from the audience have already started. This album is definitely his own style and effort. The voice comes straight on through"...Dave Hanson, WRET, "A very pleasant surprise. Strong songs in several different styles, all well done"...Rob Barnett, WOPR, "Automatic are very rare here, but the Lake album was an untimely surprise"...And from Doug Podell, WRR, "Hot guitars, surprisingly pleased on first play, totally knocked out on the record. Where's Greg been hiding this material?...Cuts: "Nuclear Attack", "It Hurts", "Love Goodbye", and "Love You Too Much".

QUARTERFLASH, GEFREN

The momentum continues for this ultra-hot debut—#2 Most Added again this week with 32 more to bring it to a three-week total of 62 stations and a #10 debut (140 debut Metro)...On the Top 100, we have "Harden My Heart" debut at 458 with "Find Another Fool" coming on...This week's review: Mike Wolf, WJHM, "It's hard to get phone reaction on next new product, but the first time we spun "Find Another Fool" we got positive unsolicited phone response despite the fact it was 1:30 am"... From Tim Leo, WMS, "Harden My Heart is out hell of a tune. No doubt in my mind that this is going to be a smash"...Barbara Heber, WMO, "What's this? A female lead who also wails a mean tenor sax? Lookout!!! This album reeks of class, hard rock, medium rock, funk rock, and mellow rock—all done with an ear for melody and a ton of heat"...Kerry Lambert, WJWZ, "Quarterflash is a smash, and we receive phones every time it is played"...Alan Speed, WJWZ, "Looks like a winner to us"...Joey Day, WJHM, "It has all the goods. Quarterflash is a tune for this area. These folks may be from the Northwest, but they're happening here as well. A nice fresh new sound"...And from Jeff Yuffman, WTPA, "The power of 'Harden My Heart' has the kind of subtlety that virtually eliminates burnout. The more often you hear it, the better it sounds".

CHAIN REACTION CONTINUED

THE ROMANTICS, "STRICTLY PERSONAL", NEMPEPOR

As expected, we're looking at heavy Detroit area ak-shun (WRIF, WABX, WLLZ, WILS-FM, WLAV-FM, WWCK) as well as strong support through the midwest (WWCT, KQDS, WIOT, WFBQ, KQRS, and WYFE)...Early leaders: "In The Nighttime", and "No One Like Her"...An unqualified endorsement from WABX's Greg St. James, "'No One Like You' will make you remember all those blonde haired girls who used to blow bubbles in your ears after those high school dances. This record is what a rock and roll album should sound like"...And from Dave at WLAV-FM, "Brilliant production pulls the Romantics through with 'Gotta Get Over You' and 'No One Like You'"...#3 Most Added this week with 24.

GARLAND JEFFREYS, "ROCK AND ROLL ADULT", EPIC

Two good weeks for Garland--6 last week, and 17 more in this report for #4 Most Added, and #2 Most Added with Indicators...Radio action: Steve Feinstein, WYSP, "It's a knockout. The Rumor have never sounded better, particularly on 'R.O.C.K.'...Ilyse Gottlieb, WRXL, "The album makes me really regret I missed his date at the Bayou a few months back. If anybody can be titled a rock and roll adult, it's Garland. 'Wild In The Streets' has always been one of my favorites and 'R.O.C.K.' is an anthem"...And from Art Phillips, KILQ, "It's time to get 'Wild In The Streets' back to its classic status. With Belmont and Schwartz backing, this album represents one of the best road bands going."

JACK GREEN, RCA

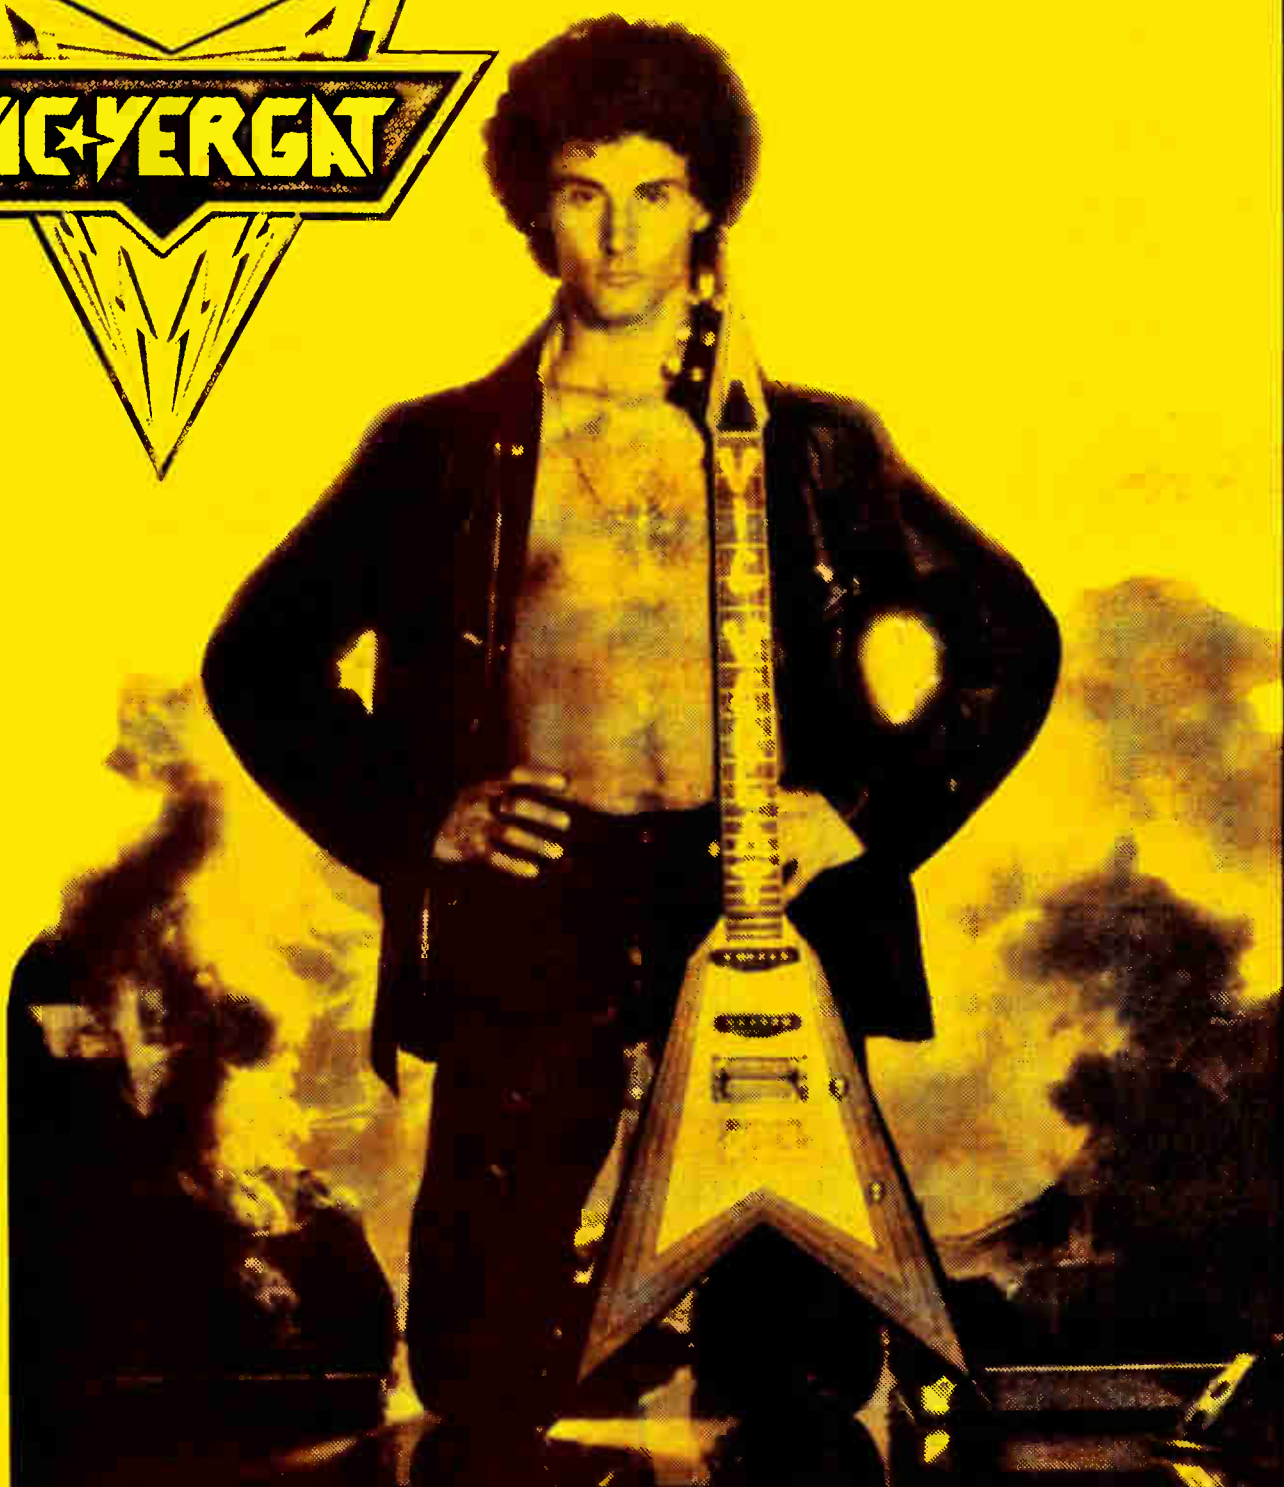

With 10 new believers on the Green, we're up to 23 stations in the past two weeks. "One By One" is the clear favorite, with a few mentions for "Let It Rock"...WKQQ's Dave Krusenkaus sez, "Can't let this week slip away without saying something about Jack Green. Tasty stuff. Great 'Petty' feel to the record and the guitar work is a joy to listen to"...Phil Kirzyc, WWVW feels, "Reverse logic shouldn't get lost in the crowd. 'One By One' is very catchy"...And from Ron Sorenson, KBLE, "Jack keeps up the pace he set on his first solo album".

VIC VERGAT, "DOWN TO THE BONE", CAPITOL

Mr. V's new air this week includes WYSP, WMMR, WPYX, WLIR, WYNF, and we hit the 34 station mark after three weeks...With adds the likes of WMMS, KZEW, KTXQ, WQXM, WLVQ, and KISW, we're expecting a Metro debut next week. "Walk" and "Down To The Bone" lead.

- 2) GENESIS, ATLANTIC Up 7-5 Index, 6-5 Metro...Average play is 7.9 emphasis, 5.3 daily plays with 36% of all regular play reports showing max play. It's killing on the Checklist--13 not playing (huh?), 4 dropping, 11 maintaining, and 41 building...Earliest sales response on WGIR-FM, WDIZ, KTXQ, KBPI, WMYK, KDKB, WQFM, WMET, WYV, WLAV-FM, WOUR, WSYR, WHCN, WBRU, KLB, KQRS, WGRQ, WMAD, WAVA, WIOT, WPLR, WXRT, KPRI, WILS-FM, WAAF, KZOK, KDWB, and KYYS.
- 3) JOHN ENTWISTLE, ATCO Another Checklist crusher--not playing 9, 2 considering, 2 dropping, 24 maintaining, and 33 building...Sales: WLAV-FM, WPYX, and WDEK...Phones: WKQQ, KLB, KATT, WRXL, WXRT, KPRI, WDIZ, WFBQ, WIMZ, KBPI, KZOK, KDKB, WQFM, and WTUE...Phones and sales: WYV, WOUR, WPLR, WMMS, WMYK...Another prime move on the Index, 23-19 (after last week's 32-23 jump)...Play increases on KZEL, WYNF, WDIZ, WYFE, WOUR, and WLVQ...Now in regular rotation at just over 80% of our reporters...On the Top 100, "Talk Dirty" goes 29-17.

'Poor Man's Son' is what Kansas should be doing"...Kid Leo, WMMS, "Starting to gain audience and jock interest. I know they are trying hard to bring the single home, and I think they will have a good chance. Coulda, woulda, shoulda been a Foreigner song".
- 5) HALL AND OATES, RCA After 6 weeks on the chart, a prime move for H80--up 34-29 Index, steady at 32 Metro...Checklist shows 41 not playing, 1 considering, 2 dropping, 19 maintaining, and 8 building--KSHE, WQDR, WLAV-FM, WLIR, WQBK, WMYK, WRNO, and WLUP..."Private Eyes" is up 48-43.

How can you deny the class of the band or the classic 'We Got To Get Outta This Place'? Now that Terry Knight is out, I wonder if they need another former Detroit DJ as their manager?"
- 9) JOHN HALL BAND, EMI John rounds out the debuts at #46 on the Back Page and new play on WCOZ, WAVA, KSRR should make for a Metro showing next week...On the Checklist we've got 39 not playing a strong 10 considering, 3 dropping, 17 maintaining, and 11 building--WLAV-FM, WOUR, WAVA, KBLE, WFBQ, WRXL, WCOZ, WPYX, WDHA, KSRR, and WAAF...WAAF's Rob Barnett testifies, "I believe very strongly in the John Hall. MISCELLANEOUS:

NOVO COMBO, POLYGRAM KSHE, WILS-FM, and WAQX added with play increases on KROQ, and WXRT. 38 hold-outs on the Checklist--10 considering, 2 dropping, 19 maintaining, and 11 building--WLUP, WILS-FM, WMMS, WPLR, WDEK, WXRT, WDHA, WPYX, WDVE, WCCC, and WFYV...I had a chance to catch the band in Philadelphia, and as I've heard from programmers all along the tour, the band is exceptionally hot live. The commitment from the Rock Department is equally hot. As Ed Levine says, "Speaking of 'can't be ignored any longer', Jimmy Del Balzo has called me every week for 9 weeks on this one, so 'Up Periscope' goes in this week. I can't take any more phone pressure!!!"...On the Top 100, "Up Periscope" is up 60-46.

BRUCE COCKBURN, MILLENNIUM "Wanna Go Walking" is the leader here, and as expected there is a quick fill in with the Indicators...New this week on WXRT, WLIR, KBLE, WMMS, KTYD, and 4 more.

STEVE HACKETT, EPIC A healthy add week--WMMR, KDKB, WDVE, WKQQ, WAQX, KKRQ, and 3WV for a total of 40 in the last 4 weeks. "Hope I Don't Wake" is the one, and we're looking for a Metro debut next report.

WXUS' Bob Majersky comments, "I enjoy the fusion and feel this record is deep and unique. It makes our station sound a little different in a time when we all seem to be playing the same songs"...And from Roberta at WMJQ, "A fine piece of rock and roll vinyl. With all the success Journey has had this year, it's good to see Neal Schon taking some artistic chances".

Radio Action

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "Winter is getting closer to being a reality here in Denver. Colorado's high country has been getting snow for the last week or so, and it won't be long until ski season returns. Enough said about the weather...Still lots of new music coming across my desk and, as we get closer to Christmas, there is going to be plenty of listening to do!! I'm going to have to disagree with Art Phillips' comment that Rindy Ross of Quarterflash doesn't sound like Pat Benatar. I think she does, but mainly on 'Harden My Heart'. On the rest of the album she definitely has her own unique style. I do have to agree that the single and 'Find Another Fool' are the lead cuts...I did sales research for the first time since coming to Denver...Top sales this week: #1 Stones, #2 Stevie Nicks, #3 Journey, #4 Police !!, #5 Foreigner...Glad to see the Police record take off its first week in the stores. It's great...Other Lp's moving out in the stores include: Dan Fogelberg, the Moody Blues (still), Little River Band, and Genesis...Home airplay: Genesis, Greg Lake, Quarterflash, Survivor, and Tommy Tutone. Adds: !!! Police, Dan Fogelberg, and Hall And Oates... Congrats to Jeff Robbins of Scotti Bros. who just got married. Hope he and his new bride, Ellen, had a terrific honeymoon!!"

KZEW, DALLAS, TX M.D.-JANEL DOLAN: "First of all, since I missed the report the week of the Petty show, I really enjoyed it. Tom has made himself into a polished and charismatic performer. And I really enjoyed partying with Jon Scott, who is an excellent host and a real nice guy...Bill Todd was in town, and it was great to be able to visit and share a bit of Dallas with him...As far as new music goes, I really like the new Lindsey Buckingham single. A lot of our male jocks seem to think it's a little too pop sounding, but I disagree. If we can play 'Angel' from 'Tusk', we can play this...I think 'Nuclear Attack' from Greg Lake wins by default. The rest of the songs are nice, but just don't have the electric punch that 'Attack' has...We decided to go with 'Wrong Side Of The Law' from Alvin Lee. A good strong album that can cut it nationally...Also, I'm into the 3-cut Sneaker sampler, and I'm anxious to hear the rest of the album."

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET Adds Of The Week: Greg Lake and Rick Springfield...Greg's solo Lp is a very pleasant surprise. Strong songs in several different styles all well done. 'It Hurts' is the song...RCA's Bill Kennedy has asked that we not report our playing of Rick Springfield's latest single from 'Working Class Dog'. He thinks we'll be embarrassed. No way, RCA. 'I've Done Everything For You' gets emphasis airplay immediately. But Kennedy, you're right. Side 1, Cut 1 is a killer, too...Sales Story: Rolling Stones, Journey, Genesis, Foreigner, and Bob Seger Top 5...Triumph and Police also very active...Speaking of Triumph, these guys whipped 5,000 (five thousand) Chicago partisans into a heavy metal frenzy the other night, all without playing 'Magic Power'...It was interesting to read Bobbin say what she was really thinking. She makes some valid points. I just hope she lands on the safety net...And finally, I'm still scratching my head over this one. A regional album person has just suggested that I quit expressing my 'personal' affection for his records in the trades, if I'm not going to play them on the radio. He says it causes problems with artists' managers and national people. Is this a cruel world or what?"

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: None. I managed to hear two great forthcoming releases: The Queen/Bowie single is a very special song, and I think E/A is justified in including it on Queen's Greatest Hits. Also, Loverboy will have no problem following up their near platinum debut with 'Living For The Weekend'...Another great promotional package and song, by the way, is Gary Myrick's 'Living In A Movie'. The cannister is great for the personal stash, so that means take the record out and play it, Mooch!!...Triumph demonstrated both artistic and business acumen last Friday at a soldout, standing ovation show. Thank you to: RCA's Bill Kennedy and Steve Gordon for the concert bash. Also, good seeing Bill McGathy earlier in the week...Jack U off...Nice to see Max land on his feet...Novo Combo has restirred my interest. I'm going back to take another look at 'Up Periscope'...The Steve Hackett record is a really melodic and accessible song, and previous Genesis solos from Phil Collins and Gabriel went Top 5 in Chicago...Jack U off...Bobbin: In the words of Graham Parker, 'Sometimes I feel like pouring it all out.'"

RADIO ACTION CONTINUED

WWCK, FLINT, MI P.D.-MARK MILLER: "Why in the hell are people so narrow-minded? This Side One, Cut One syndrome is reaching epidemic proportions. Let me cite some examples: First of all, Def Leppard's Side One, Cut One is 'Let It Go'. It's an okay cut, but obviously isn't pushing the album over the top. 'Bringing On The Heartbreak' segued into 'Switch' will do it. Ian Hunter's airplay is concentrated on 'Central Park And West'. This one isn't cutting it either. Take the time to listen to 'I Need Your Love', and you'll hear the real hit. The Rossington Collins Band is a third example of Side One, Cut One. Admittedly, the entire album is a weaker effort than the debut, but one cut is definitely better than the rest, 'The Next Phone Call'. Its only problem is the fact that it's Side Two, Cut Four, which is a little harder to get to. And finally, the prime example--Donnie Iris. Guess which cut is gathering nearly all the airplay. Guess which one is faltering. 'Sweet Merilee', bless her heart, just don't get it. 'Love Is Like A Rock' is the hit. It's the hottest record we've got, pulling in 30% of all phone requests and Top 10 sales. The sucker works like magic. If you thought 'The Stroke' worked wonders, try this one on for size. The whole point is we've got to do our homework. We've got to listen! I know the time is tight, but the hits are there. You've got to find them. It's like buried treasure, and you owe it to your listeners...In the future stars department, look out for: Art In America. Without question, these folks are going to be big stars. I raved about them before after hearing tapes. Last week I saw them live, and I'll tell you straight out, they've got the potential to be bigger than anyone that ever came out of Michigan. Just for the record, let me stress it again, anyone. You record guys better get moving fast, or else I'm going to start a record company; and, with the sales these people can generate, I could have you work for me...And finally, the adds this week: Romantics, Greg Lake, Michael Schenker Group, and John Entwistle."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Added: The Sneaker Ep. Okay, guys, where are the Size 9 Jordache white leathers, boys?! I want 'em now, or consider the Sneaker snuck (out of rotation that is). We do like it, and it'll get a good shot here. It's not a wimpy record. You know how much I hate wimps (and mooches, Marko)...And speaking of you know what, Tommy Tutone's goes on the radio here. The first album was great and worked real well here. And even though this is not up to snuff, we're gonna at least give it a shot and see if '834-5789' is still in service. If it's not, it's Operator 6 for you, pal...Instant response on the Greg Lake--I'm surprised. Also pleased that Chrysalis finally has a real contender... Love the Police so much. I even play it at home before putting it in the discount browsers out back--you know, the ones I advertise in the direct mail newspaper for a buck fifty...Speaking of retail, selling Top 10: OOTB...We're doing a Vic Vergat Weekend to raise money so Vic can get that chest hair transplant he's always wanted...We've kicked the Quarterflash up in rotation because it sounds great and they deserve a shot--and the broad's pretty cute...And speaking of sexist humor, why did God create women? 'Cause he couldn't teach sheep to cook...Loved QBK's Ellen McKinnon admitting in the red pages that she was a cunning linguist. Any other unusual proclivities you'd care to reveal, dear?"

KQME, SAN JOSE, CA M.D.-DANA JANG: "The Go Go's are still selling Top 25 sales and getting phones...Went with the Entwistle, too. Steady sales and immediate phones for: 'Talk Dirty'...Police have immediate Top 5 sales. Starting to get phones for tracks other than the single...Still a few phones for 'So Young So Bad' from Mayday--up in sales...Still pretty steady sales and phones on the Michael Schenker Group... Genesis gaining strong sales--Top 10...With Rossington Collins slipping...Requests: Def Leppard; Foreigner (especially 'Jukebox Hero'); Genesis; 'Heavy Metal', Sammy Hagar; Jefferson Starship; Journey; Kinks; 'Destroyer'; Stevie Nicks; Pretenders; Rolling Stones; Bob Seger; Billy Squier; Police; Michael Schenker Group; Triumph; Diesel; Red Rider; Go Go's; and, John Entwistle...Strong Sales For: Foreigner; Stones; Journey; Genesis; Stevie Nicks; Police; Pretenders; Dan Fogelberg; Pat Benatar; Hall & Oates; 'Heavy Metal'; Kinks; Bob Seger; Billy Squier; ELO; and, Blue Oyster Cult...Considering: Greg Lake."

WCOZ, BOSTON, MA M.D.-TED EDWARDS: "A word of apology to a few folks in records. I got sick real quick last week and missed a few adds--but they really did go on (you know what I mean, George). So last week's adds here at WCOZ were: Quarterflash, a super new record. I saw that a few folks in the Sheet were commenting about the lack of electric violins on the radio lately, and how nice it sounds--but how about Shooting Star? If you haven't listened, go back and check it out. It's a very powerful programming tool for us here at WCOZ...I've had this feeling of paranoia recently. Somewhat like someone breathing down the back of my neck, and to alleviate this problem, I am forced to blow up Michael Plen. BOOM!!!! Sorry, Mike. I had to do it. I had to get you before you got me."

KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL: "Twin Cities Record-Of-The-Week goes to the motor city rock of the Romantics. 'Strictly Personal' is dynamite on every level of production, hot licks, and the 1982 beat we've all been waiting for. 'Spend A Little Love' and 'She's Hot' are my faves, what's yours?...Also being from Michigan, Grand Funk still does live in my heart and on my turntable. How can you deny the class of the band or the classic 'We've Got To Get Out Of This Place'. Now that Terry Knight is out, I wonder if they need another former-Detroit DJ as their manager?...Another new add is the Greg Lake Lp. Hot guitars, surprisingly pleased on first play, totally knocked out on the second. Where's Greg been hiding this material? Who knows, but we're ready for it. Go for 'Nuclear Attack'...One of the cleanest records on the airwaves is Mayday. Getting good phone response, and it comes across well over the radio especially the small portable kind. Moves to medium...Also good phones for Police--all cuts, Genesis, and ARS...Sometimes being a Music Director can be long and tedious, so like my friends at Stiff Records say: 'Fuck art and let's dance'. That's where Novo Combo comes in. 'Up Periscope' all the way...Familiar faces: Great seeing Jeannie McDonald, Arista Records. Thanks for a charming afternoon. Good seeing another face from the old hometown again. Thanks to the management of Blackfoot, and the legendary Scotty 'Regional' Regan, for stopping by the Twin Cities and for the Blackfoot scoop...Personal to Frank Smith: Be glad O'Leary didn't leave again with the Geils Band. Gee, he must like it there... Strictly personal: So long to Twin City rocker, Chip Hobart, going to WLUP, and to Dave Hamilton of Stereo, 1-0-nothing. Sorry, Dave, sounds to me like in this book we've got you scooped...Considering: Mink DeVille, John Hall, and Jet...Finally, for all you record representatives, if your record company, mainly A&M and Capitol, are not yet participating by sending videos out for my Twin City Beat television show, you've missed the boat. Recent NBC ratings for September show a 51 share. We simulcast on KQRS AM/FM. Recent quotes in the paper claim I lean heavy on New Wave. I say, 'let's expose it all'. Please call my office: 612-545-5610."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "Love the Greg Lake solo album. My favorite is: 'It Hurts'. But I'm leaning toward: 'Nuclear Attack'...Mike Levine: Your T-shirt's on the way. Don't know what I can do about the jacket...I wish the hell the Stones management would make up their minds whether they're coming to Louisville or not. The date is set for November 3rd, but nothing's signed. Hottest phones at the station: 'Are the Stones coming?' Nice smile, Mick. Get your teeth fixed if the date is solid by today--just kidding...Added: Mayday, Riot, and Foghat...Very close to adding: 'Sheila C.' by Benny Mardones, and I'm going to hold my breath until AC/DC does 'Moon River' if I don't get my way on this."

WKLS, ATLANTA, GA M.D.-BOB BAILEY: "We'd like to welcome Max Floyd as our new P.D. here at our station. He'll be starting October 26th."

Ted Edwards, WCOZ: "A super new record."

Mike Wolf, WQFM: "Quarterflash's 'Find Another Fool' got positive, unsolicited phone response despite the fact it was 1:30AM."

Roberta Haber, WMJQ: "What's this, a female lead singer who also wails a mean tenor sax? Lookout! This album reeks of class, hard rock, medium rock, funk rock and mellow — all done with an ear for melody and a ton of heart."

Alan Sneed, KSRR: "Quarterflash looks like a winner."

Kerry Lambert, WIMZ: "Quarterflash is a smash and we receive phones every time it's played."

Jeff Kauffman, WTPA: "The power of 'Harden My Heart' has the kind of subtlety that virtually eliminates burnout. The more often you hear it the better it sounds."

Bruce Goldsen, WRKI: "Glad to have our calls among the stations rocking with Quarterflash. The Rindy Ross vocals definitely establish a different sound of the band."

Rob Roman, KLAQ: "These folks may be from the Northwest, but they're happening here as well. A nice fresh new sound."

Jose Diaz, WBLM: "Quarterflash has all the goods. The single looks like it could go all the way, plus there's more besides the single on the album that gives it depth. Definitely a unique sound."

Karen Andersen, WGIR-FM: "Every once in a while a tune will come out that hits you just right. Quarterflash's 'Harden My Heart' is such a neat tune, tasty stuff."

Dave Krusenklous, WKQQ: "Out of the box, Quarterflash is one of our most requested records."

Dave Logan, WLAV-FM: "Quarterflash is fresh and exciting, and 'Harden My Heart' is a solid smash."

Bill Simmons, WMYK: "It took a couple of listens to decide that Quarterflash is indeed a big hit."

Larry Reisman, KEZY: "From all early indications 'Harden My Heart' is gonna be a smash. Move over Stevie Nicks."

WMMS, CLEVELAND, OH M.D.-KID LEO: "One of the fine rookies this week is the band called Streek. If you want a band that sounds like the audience wants the band to sound, then look no further than Streek. It is formula, but that seems to work very well with the listeners. They will not be a critic's band, they will be a people's band...Greg Lake was always the commercial factor in ELP, especially in their later years when Keith Emerson was reduced to instrumental masturbation, as was Carl Palmer. Since Lake maintained the thread of commercialism, it comes as no surprise that his album is solid with fine, well-crafted tunes, especially love 'Someone' with the big man on sax...Bruce Cockburn has done well here since 'Wondering Where The Lions Are'. He has a definite cult, and his songs always seem to work well for our morning and midday man. A little side dish to the meat and potatoes of rock and roll...Rose Tattoo was victorious on Kid Leo's Grand Jury Of Rock And Roll a couple of weeks back. We had seen some packets of sales at trendsetter stores, so we take a shot once again with them. We like 'Assault And Battery' best...Getting interest on: 'Y.O.U.' from Grand Funk. The audience that grew up with them automatically request them. Taking the same path as the Moody Blues--not saying it'll be that big, just that these people want their old heroes back...Survivor is starting to gain some audience interest. Also starting to get jock interest. I know they're working hard to bring the single home. I think they'll have a good chance--coulda, woulda, shoulda been a Foreigner song...Novo Combo starting to pick up. They'll do an Agora/MMS Coffebreak Concert. Mr. Hewlitt was in the Euclid Beach Band--and that gives him some identity here...Quarterflash's 'Harden My Heart' is one helluva tune. No doubt in my mind that this is going to be a smash...Go Go's building nicely--requests starting--sales picking up--and the jocks like it...Also, Chilliwack has become a gone, gone smash here. We have sold somewhere around 30-35% of the total National Lp sales. This is not a Cleveland record, this is a record--period."

KDKB, PHOENIX, AZ M.D.-DAVID HOLMES: "We're looking at adding Greg Lake and Jet hopefully next week. Both records are real strong. I think the entire Greg Lake album is solid. His voice sounds better than ever...Station Newswise: We had a phone interview with Pat Benatar last week. She'll be coming into town October 21st, and KDKB will be tied into the show heavily...Lindsey Buckingham's new record sounds real good on an advance cassette. Added the single from the album this week and already getting positive reaction...Finally able to get the Chilliwack on--immediate phones on that one...Steve Hackett's latest is his most accessible, and it sounds great on the air...Lastly, anyone who has not listened to the new Martin Briley album should do so immediately, and consider it for airplay."

WGRO, BUFFALO, NY M.D.-PAUL HEINE: "I think a lot of young bands could learn a lesson by following the Police's musical evolutions. Power trio emerges through the independent route with a unique blend of rock reggae. They continually refine and redirect their sound challenging themselves and their audience with each new musical step. Creative yet accessible, different but still mass appeal. This is the direction we need to take in the 80's...The new Greg Lake album is well known rock and roll with a broad appeal. Very solid instrumental. With Lake's distinctive vocal chops, how can you lose? A musical diamond in a sea of cheap imitations...I think the solo efforts from the Fleetwood Mac camp are more exciting than anything the band has done since 'Rumors'. Like the Stevie Nicks, Lindsey Buckingham has released a multi-format smash with 'Trouble'. Can't wait for the album...Top five sales: Genesis, Foreigner, Bob Seger, Stevie Nicks...Also selling well: Billy Joel, and Dan Fogelberg...Police debuts in top 10 sales, and Devo debuts in at top 15...Good calls on: Red Rider, Genesis, Jon & Vangelis, and Foreigner."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "There are two albums that I especially like this week: First, Joan Armatrading. Dare I say this may be her best since the classic third album. It's an adventurous album. She's working in a setting a bit different from her previous ones, and special kudos go to her choice of producer--Steve Lillywhite, who is sort of the British Jimmy Iovine...Another record that captivates me is the new Marianne Faithfull, which we are watching very closely. My choice is not the Steve Winwood song, but 'Eye Communication'...Garland Jeffreys is a knockout. The Rumour have never sounded better, particularly on ROCK...I want to make special mention of Tom Verlaine's live show. Finally a guitarist with intelligence, passion, and adventurousness. Do not miss him...Getting listener reaction on 'Invisible Sun' by the Police--A nice change of pace for them...Considering: Dylan 45". From our Promotions Director, The Quig: "Jon Anderson stopped by to do an exclusive Philly interview with Steve Feinstein. Afterwards Jon did an in-store appearance with over 1000 WYSP listeners on hand to meet him. Thanks to Fred Desipio for the help, and Jim Sotet at Polygram...Philly's Super Sunday happened on the 11th, and WYSP was there with 5000 free Philadelphia soft pretzels, WYSP posters, and other giveaways...WYSP welcomes Pam Merly from WNEW-FM to do afternoon drive."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Requests: Kinks, Rolling Stones, Foreigner, Triumph, and Red Rider...Sales: Rolling Stones, Journey, Foreigner, Billy Squier, Stevie Nicks, Police, and Quarterflash...The Police album is a masterpiece. It's subtle, but when it grabs you, you're hooked. Look out! We're playing: the single, plus 'Spirits In The Material World' and 'Hungry For You', which I love even if I can't understand a word of French...The Angel City import single 'Back On You' sounds great on the radio, and we've had a lot of people enquiring about a new album from them. Hey, you Angels, if you're listening, Portland still cares and we're waiting with open arms for your return to your home away from home...Anxiously awaiting the new Loverboy. I hear rumors that it kicks ass."

KSRR, HOUSTON, TX P.D.-ALAN SNEED: "Finally added the John Hall Band after getting a copy this week. Thanks Chris...Quarterflash looks like a winner...My initial reluctance to add Mayday may still prove to be well-founded, but based on national airplay and response, we'll give it a shot...The Greg Lake album is his best material in some time...Nazareth is a live package, but seems to have more potential than similar product--because it reflects the band's true energy level better than studio efforts...Lindsey Buckingham is a must add, though a bit wimpy, because of the strength of the band as a whole...I can't go with Meat Loaf any longer. I think the concept could have been the same if the album had been released sooner after the initial album."

WBCN, BOSTON, MA ASST.M.D.-CARLA RASWYCK: "Brought Las Vegas to Boston Tuesday night with an 'on the roll' gambling party at the infamous Rock Dance Club. We celebrated the success of Tim Curry's new album...Also at Spit this week was the band Was Not Was which were wonderful. Very hot show...Sold out two dynamite Peter Tosh shows at the Berkely performance center. He sent them home dancing in the streets...Jan Hammer stopped by--his new album with Neal Schon of Journey deserves attention...The Romantics' new one should remind us what rock and roll is all about. It's gutsy, it has the pop of pubescence, it's great. 'In The Nighttime' is a rock and roll anthem. If you don't hear it, go sell Hoovers...We've received a great deal of listener response on the cut 'Tenderness' of Marianne Faithfull's new album--it's so-o-o nice...Hoy Hoy, take your elbows and Q-tips out of your ears and listen."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "After reading Bobbin's very literate essay last week, I have to agree with a lot of what she said. Perhaps we're all drawn in at times by all the hype, but all of the current competition and communication can really only improve radio...Onto the adds this week: Greg Lake surprised me a little bit with this album. I like 'Nuclear Attack' for openers, but there will be other cuts we'll have to get to within the next couple of weeks...Also went with Steve Hackett. I'm impressed with the use of the computer drums. I think 'Hope I Don't Wake' will be our lead track, although 'Can't Let Go' and 'Turn Back Time' are also strong...Also new: Chilliwack and Nazareth...Police retail is quite strong--Top 10 right away."

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Everyone here is still reeling from the triumphant Tubes show that left West Michigan shell-shocked. I can't really recall a show of such magnitude and splendor in some time. I've never actually sat front row center, so I'm glad this was my initial experience with 'rock and roll in yer face'. Two days earlier, we hosted a Tubes video party at a local club, and their production was absolutely awesome. If MTV puts this into heavy, these guys could finally realize their vision. Our listener response was incredible, with the album showing up at #7 this week. A feat made all the more significant by the fact that their album had eased into to slow-but-steady sales pattern. The kids even scrawled graffiti on an expressway wall thanking the Tubes. Our thanks to: Bill Spooner and Vince Welnick for the on-the-air visit and casual kindness. By the way, Spooner's 'I Don't Want To Wait Anymore' is a sleeping smash on that album. I realize you guys get bummed out sometimes because of all the bullshit and delayed acceptance on what you've been doing brilliantly for all these years. All I can say is just keep pushing--it worked wonders here...Also, I think your video understanding is the key to the 80's--a time when you'll have it all. To paraphrase the Big M, the medium will catch up with your message...Sales Story: Genesis is superstrong #1 here; with the Police equally strong over the Stones for #2; a real surprise, the Michael Schenker Group debuts at #20--still selling after all these years; Def Leppard (strength improving and the album is basically recurrent); and Billy Squier and AC/DC, which are battling it out for the Marko Babineau Pro-long award of 1981...Personal to BB in M: Quit worrying about consultants!! Let your ears be the guide, not the chain add syndrome. Stations playing only 16 albums in current rotation are likely part of the problem not the solution...Quick Quiz: What landmark album rock programmer said, 'Magazines are the key to success?'"

WQFM, MILWAUKEE, WI M.D.-MIKE WOLF: "It's hard to get phone reaction on most new pieces of product. But the first time we spun Quarterflash's 'Find Another Fool', we got positive, unsolicited phone response despite the fact that it was 1:30AM. I don't agree with those folks that compare this group with Benatar. I think that the use of violins and saxes takes them a step beyond Benatar (besides that, they know how to tackle a larger variety and style than Pat). This could be the debut album of the year...Isn't it funny; it was just a few weeks ago we were bemoaning the fact that such a few new musical releases dealt with current social and political happenings. Here comes Greg Lake with a haunting prediction for all-out destruction on 'Nuclear Attack'. Greg must read the Bill Hard Sheet, too!!...Record sales the past week show the Michael Schenker Group moving #12-#10; Shooting Star goes from #17-#11; and, Def Leppard climbs #16-#12. In the case of all three records, QFM is the only station in the market giving them airplay (although, heaven forbid, I don't want to sound like I'm stroking myself)."

WPYX, ALBANY, NY M.D.-RON NENNI: "The Greg Lake album is a powerhouse. 'Love You Too Much' and 'Nuclear Attack' are two of the best songs out this year. The album is flawless. Gary Moore's guitar work is incredible...A band with a future is Sneaker. It's where Steely Dan left off. 'Don't Let Me In' and 'Get Up Get Out' are hits...Quarterflash is fresh and exciting. 'Harden My Heart' is a solid smash... Brilliant production pulls the Romantics through with 'Can't Get Over You' and 'No One Like You'. We'll add it next week...Triumph continues to build. A lot of calls and Top 15 sales...Meat Loaf performed at J.B. Scott's last Monday. The full moon helped out. With a great band and an excellent cover of 'Gimme Shelter' as an encore, it was a fun show...Atlanta Rhythm Section's 'Homesick' is getting lots of phones...Almost exclusive female calls on Chilliwack's 'My Girl'. Now we're seeing sales as well...In Local Sales: Genesis debuts #8; Police #9; Billy Squier still Top 10; Diesel moving way up to Top 15; and, Red Rider is on its way up as well...An album that's off to a surprisingly slow start is the Rossington Collins Band...The Go Go's are maintaining Top 20 sales at #18."

WSYR, SYRACUSE, UTICA, NY M.D.-TOM NAST: "We had the pleasure of having over 29,000 people fill up the Carrier Dome last Friday night for an incredible Journey concert. The group was at their musical best, and the crowd loved them. As usual, 94ROCK pulled off another major coup. You see, we own this real nice, private, plush box at the Dome and had a VIP party during the concert. This box, for most shows, has a perfect line of sight, fully stocked bar, catered food, wall-to-wall carpeting, and great atmosphere. Some of our guests included: Outlaws' bass guitarist, Rick Cua (who has a great solo album coming), Sandy Einstein of Journey's management, Tom Hunter of WMJQ, M.J. Caliendo, the 94 Rock and Rollettes, and the 94ROCK staff. We did live play-by-play of the concert, and it was just incredible. If you have a show coming to the Carrier Dome, we know how to do it up first class, as always, and we will do it for you... Only one add this week: The Greg Lake record. I was knocked out by it. This record is like Emerson, Lake And Palmer meets AC/DC. It smokes!...Top Sellers: Journey, Rolling Stones, Foreigner, Genesis, and Benny Mardones...Speaking of Benny, guess what other album rock station in Syracuse was caught playing 'Sheila C.' on the air the other night? I told you you would play it, Ed...Congratulations to: Gail Compton and Arlene Berkowitz on their new moves. Both are two very fine ladies...And who is Drake Hall's ghost writer? And Drake, do you really plan out those comments every week?"

WRAS, ATLANTA, GA M.D.-DANE VENABLE: "Adds: Greg Lake, King Crimson, Polyrock, and Jack Green...Increases In Rotation: Karla DeVito...Drops: Stevie Nicks, Def Leppard, ZZ Top, Ronnie Wood, and Meat Loaf...Five Most Played Songs: 'Through Being Cool', 'Neighbors', 'Material World', 'Abacab', and 'For Beauty's Sake'...What a coincidence. Greg Lake and King Crimson coming out the same week. But how different can you possibly get with two albums! The first three cuts on Greg Lake are supreme. King Crimson might be out there, but it's a very interesting album...Karla DeVito is progressing very well here as well as the Devo...This week, Alice Cooper, Journey, Rodney Dangerfield, and the Little River Band will all be in concert here...But when the hell will we get an announcement on the Stones?"

WPLR, NEW HAVEN, CT P.D.-CHRIS KAMPMEIER: "Rolling Stones, Kinks, Police, and Genesis continue to be very hot, and our most requested items. Wednesday the 14th (by the way, is my birthday) we present Meat Loaf at Toad's Place here in New Haven. They'll be taping for Meat Loaf's movie...Live interviews in the last two weeks with: Marty Balin, Shooting Star, Garland Jeffreys, and The Loaf...We're getting good response on: Greg Lake. 'Nuclear Attack' and 'Love You Too Much' are the lead cuts...The consensus is that Barry Manilow should have recorded 'Let Me Love You Once'...Special thanks to: Atco's Paul Yeskel for a super night with Blackfoot in Waterbury."

WBRU, PROVIDENCE, RI P.D.-JEREMY SCHLOSBERG: "Now that I'm getting the hang of everything here, I figured it was time to make my mark on these highly scrutinized pages. First, heartfelt thanks have to go out to those people without whom I would not be babbling here now! Trip Reeb, Maureen Flaherty, Dave Kane, Geoff Proud, and all the good people at WCMF; along with you radio and record folks who guided me along the way: Roy, J.B., Steve, Glenn, John and Mavis, and others. You know who you are, even if no one else will, now that I've left your names out...Until I acquire Jack's knack for pithy quotability, I'll say merely that the Greg Lake record sounds like a biggie; Garland Jeffreys is solid live rock; and, the Isley Brothers (remember them?) have a real fine single out which everyone else will probably ignore... Look for Jack to be back in the saddle next week."

KZAP, SACRAMENTO, CA M.D.-JON RUSSELL: "Basically, as we head into the Fall Book, another first promotionally for Sacramento just kicked off the KZAP Mystery Search of the Universe Tournament which involves giving clues on the air as to where we have hidden a 6-pack of Coca-Cola, figuratively, somewhere in the universe. Once somebody guesses, we send them on a vacation to Pago Pago...As far as under consideration in music: Vic Vergat sounds real good; also, Martin Briley."

RADIO ACTION CONTINUED

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Although I'm still debating the possibility of airplay, I really like the new King Crimson. Other than that, nothing really blows me away this week...Greg Lake has met with lukewarm response so far, but it's still too early to tell...We added the Who collection, if only for those cuts not previously released for general consumption...We also finally found room for the Benny Mardones...Tommy Tutone's '867-5309' is a nifty little number and this week's only other add...A couple of things are enjoying increased airplay including: Martin Briley and Chilliwack...Also, Triumph's 'Magic Power' is emerging as a killer cut, particularly among the women in our audience...The rest of this week's comments go under the heading of personal. To Lin Brehmer: First of all, thanks for the words of support on my Tom Verlaine add. I wouldn't do this job if I couldn't stick my neck out once in awhile. About your comments on music video, personally, I think video music stations like MTV and the others that are sure to follow are the best thing to happen to rock and roll in a long time. As a matter of fact, I think video will actually help radio in some ways. For one thing, it'll get the record industry off our backs by offering them a whole new marketing method. I, for one, feel that the record industry is much too dependent on radio, and has allowed that dependence to make them less actively involved in finding new marketing tools. Television will be an even better tool for exposing new music, at least in the first few years of this type of programming—mostly because new artists are the ones making all the videos. And also because there just isn't that much video available right now (anyone who watches MTV a lot has seen them all at least twice). The networks can't be as resistant to new sounds as radio seems to be. TV might even be a better tool for exposing new artists than radio just because of the visual reinforcement factor. I don't think that televised music will be a threat to our jobs. If anything, many new jobs will be created. In fact, I'd love to head into the video direction myself, especially while that aspect of the TV industry is still young and unspoiled...To Lenny and Joel: You guys should get together and write a book. I'd be glad to read it."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "We're in the final stages of blueprinting our video TV show, which will be called Radiovision. If there is anybody who we have not contacted about this that would be interested in working together with us, please call me or Michael McConnell at 513-224-1501...Greg Lake is the only add this week. What an excellent album! And talk about wide appeal, the single is a smash as well as the album. We're two tracks deep to start. A lot of people seem to be surprised there are so many rockers on the album; but go back to the really good ELP stuff, there are a lot of good heavy tunes...I don't understand why more people aren't playing 'Bringing On The Heartbreak' by Def Leppard. Airplay on that tune alone resulted in Top 15 sales in 3 weeks for us before we even added 'Let It Go'. It's been a top request item for weeks. The album has been in the Top 10 for 3 weeks now...I can't say too many good things about Triumph. First of all, they're up to #7 sales this week. Secondly, they had one of those rare major sound problems during their first 3 or 4 tunes when they were here last week, and still came back to put on what a couple of jocks here said was the best show they've seen in a year. And one of my Top 10 of all-time is still a Triumph show. There can't be nicer guys in the business. (McGathy, a year's supply of lobster will be just fine.)"

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Added This Week At WCEM: Greg Lake, Jack Green, Romantics, Marianne Faithfull, Joan Armatrading, and the Who collection...The Romantics' album is a fine comeback from their last record, which I personally felt was a bit weak. The production on 'Strictly Personal' is impeccable. The Yardbirds-sounding 'Look At Her' is our favorite...In Sales: The Police debut at #4; and, Genesis is #1 for the second week...Others holding steady in Top 10 retail are: Foreigner, Journey, Rolling Stones, Bob Seger, Pat Benatar, Rossington Collins Band, Shooting Star, and Dan Fogelberg...Good Calls On: Quarterflash and Dan Fogelberg...In closing, Bravo! to Bobbin Beam's comments last week."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "Greetings from the north country during its most glorious time of year. Love the change of seasons. (Remind me I said that when I'm up to my tush in snow.) First let me say how glad I am to be back in the saddle again. Hello to all my radio friends scattered across the country. Hello to all my record friends, some of whom I'll be speaking with again, some not. And hello to everybody in-between. I'm on the air middays, so I'll be taking calls, Monday through Friday, 2:30 til 5:00...What a pleasure it is to have a record that I can rant and rave about enthusiastically in my first comments for WMJQ. I'm talking about Quarterflash, of course. What's this, a female lead singer who also wails a mean tenor sax? Lookout!!! This album reeks of class. Hard rock, medium rock, funk rock, and mellow--and all done with an ear for melody and a ton of heart. The last time I can remember hearing a dueling violin and sax was Loggins and Messina at their peak (yes, they had a peak). I've given up making predictions, so let's just say this record deserves to be a smash...The Hendrix comparison has already been made, so I'll just say that the Schon/Hammer record is a fine piece of rock and roll vinyl. With all the success that Journey has had this year, it's good to see Neal Schon taking some artistic chances...MJQ Rocktober continues to turn this town upside down with commercial free weekends, specials, and Rocktoberfest parties. Tomorrow night is our second party. Rock and roll will be provided by The Look, the band that gave us that immortal line, 'The music's exotic, it makes me erotic'. ...Saturday night hometown boy, Lou Gramm and his band Foreigner, blow into town, bringing along Billy Squier. It's a big week for live rock and roll in Rockchester."

WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN: "Record of the week: Greg Lake. Never having been a big ELP fan, I didn't anticipate much from the record. Happy to note, I was quite surprised. 'Nuclear Attack' is a catchy and powerful song and, in reflection to the Question of the Week of a few week's back, here is another example of rock and roll incorporated into a political theme. I truly believe the Anti-Nuke Movement is still only in its infant stages, and will be the rallying point of protest and youthful rebellion in the 80's as was Vietnam for the 60's. And since youth and rock and roll are, by nature, rebellious, the music of the future will reflect the underground socio-political movements that develop. Hopefully, in some manner, radio will follow suit...Sales: Stones #1 for 7 straight weeks, RCB #2, Police debut at #3, with Seger, Genesis, and Pretenders all top 10...Seeing upward movement on Novo Combo, Red Rider, Def Leppard, and Triumph, all with strong phone response. ARS finally makes top 20 this week...From the home of Southern rock, look out, RCB goes on the road the beginning of November. 38 is working on the follow-up to 'Wild Eyed', and Molly Hatchett #4 is in the can. You can tell your earthdogs to go hang tight. This one's going to blow their shit away." From P.D., RAD MESSICK: "What would you say to Jon Anderson singing for the Dregs? Yup, or hell yes...Just a couple of personals: To Bobbin Beam at WLPX: You are one of the few whose comments I've read and respected over the years. Hang in there, I couldn't agree with you more. It would be a shame for radio to lose an individual as intelligent as you are due to the frustrations caused by the shortsighted programming methods of contemporary album rock radio...To Orest at WCMF: Congratulations. You have finally escaped the wrath of the Randatollah. He has succeeded in making MJQ the pits. Thank God, you, me, Kimbie, and Kano made it out sane. Good luck at WCMF...To Roberta Haber at WMJQ: My condolences. You are in for the most trying experience of your life...Listen, I gotta go. The Yankees are on TV, so see you in the Series. Bets anyone?"

WMYK/WZAM-AM, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "Greg Lake made a quick trip to the air studio turntable as soon as it came in. Already getting great phones. 'Long Goodbye' got a 100% positive response upon testing...It took a couple of listens to decide that Quarterflash is indeed a big hit...The Police debut is #1 retail...Other Retail For: John Entwistle, Kinks, and Triumph."

WAQX, SYRACUSE, NY P.D. & M.D.-ED LEVINE: "This week I've finally been able to open the list and get to some records I've been listening to and enjoying for a few weeks...The 'Milkshake' tune on the Martin Briley is a neat little novelty piece, but I prefer 'The Man I Feel' as the cut to establish some sort of identity for him...Amy is very upset to hear that Steve Hackett got married. (At least his wife is from one of the richest families in Brazil.) By the way Steve, nice eyes on the inside cover. D'ja need a crowbar to get those peepers open? 'Hope I Don't Wake' is a very strong tune...On the Greg Lake, 'Nuclear Attack' is an obvious tune for any station that considers AC/DC to be a relief record; however, I think 'It Hurts' is a better song. We'll be rolling with that initially, and 'Nuclear' will be second... Survivor cannot be ignored. 'Poor Man's Son' is what Kansas should be doing. Speaking of 'Can't be Ignored Any Longer', Del Balzo has called me every week for 9 weeks on this Novo Combo record so, 'Up Persicope' goes in this week. Still not sure about the record long term, but I'll do anything to cool the phone pressure...The Lindsey Buckingham single is nice enough. Love the air-brushed cover, big guy...Interesting retail: Go Go's are top 20 finally. It is absolutely a legitimate seller in town. Rossington Collins #15, and the Police debut at a staggering #9. Also, Journey edged out The Stones this week to regain #1, they put on a killer show in front of 30,000 people at the Carrier Dome...By the way, in the September Birch Report in Buffalo, WZIR went from a 0.5 to a 3.7, and WGRQ slipped nearly 6 points. Not bad for one month...Dean Metela would like to remind everybody that all bus tickets must be used within 90 days of purchase...Encouraging sales on Nils Lofgren...Saw ELO in concert this past weekend, one of the worst shows I've ever seen. The tribute to John Lennon was embarrassing."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "Greg Lake is the big thing this week. We went on: 'Nuclear Attack'. Really surprised at the strong guitars. I like the melody of 'It Hurts', too...Sales but no phones on ARS...Light phones on Grand Funk Railroad. There seem to be more requests for the older Grand Funk--but the interest is still there in that band...Getting heavy phones: Police. Almost Top 15 phones. #9 debut sales...Other Retail Highlights: Dan Fogelberg and the Rolling Stones tied for #1; followed by: Foreigner, Genesis, Journey, Bob Seger, Billy Squier, Pat Benatar, Police, and Stevie Nicks...John Entwistle made Top 30, so we moved him up...I like the sound of Lindsey Buckingham's single a lot. To me it sounds like his version of 'Sara'. Immediate upper demo phones... Considering: Bob Welch, Mink DeVille, and Rose Tattoo."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "Are you ready to rock? Yes, we've added MSG. Just ask Bruce Lee. It's the best record ever recorded...We added 'Empty Heart' from Nils Lofgren...And, obviously, we're into Hooligans' and Greg Lake...Automatics are very rare here, but the Lake album was an uncanny surprise...Sales story reads: Stones #1; followed by: Journey, Bob Seger, Foreigner, and Pat Benatar... Genesis debuts at #12...The Police sign on at #20...Just completed an AAF Laser Rock Spectacular this past weekend. Thanks to: Capitol Records for the help...The Stones are coming back to New England, and so are the crazies...P.S. I hate the Police album, it really sucks--No, No, No, just kidding! I thought it would be a breath of fresh air after everyone's comments last issue...Quarterflash's 'Harden My Heart' is under consideration. We're already on: 'Find Another Fool'...I believe very strongly in the John Hall. We upped it to heavy today. They're doing a show on October 24th...Considering: Romantics."

WXRT, CHICAGO, IL M.D.-BOB GELMS: "A lot of good stuff out this week. Magnificent records from: Garland Jeffreys, Bruce Cockburn, Greg Lake, and Gil Scott-Heron...We love Tommy Tutone...The Schon/Hammer record is real nice, too...And I've got to mention King Crimson. Not many stations can deal with this record. But if there was any doubt about Robert Fripp's genius, it should be entirely washed away with one listen to 'Discipline'. Truly an amazing album...Honorable Mentions: Gary Numan, John Hall, Climax Blues Band, Tom Tom Club, and Bow Wow Wow...Things are wonderful here in Chicago. Our numbers went up and so did our stick--to the top of the Hancock. So, we're entering the Winter season with great expectations."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "A fond farewell to: Gayle Compton, who is leaving CBS, New York. Gayle is moving to Minneapolis and is, without a doubt, one of the finest people in our biz. We wish her the best of luck, and we're gonna miss you, Gayle!!!...A couple of 'right-ons' to: Bobbin Beam and Joel Webber. Your comments last week were on target...Let's go Yanks!! New York is all fired up over the team, and I really think they're going all the way this year...The Steve Martin single is a panic... Beyond all the screwing around in the front portion of 'Trouble' by Lindsey Buckingham, there lies a really pleasant tune. His nylon string guitar playing on the solo is tasty as hell...It's about time Polydor released 'Jealous Lover'. Hopefully, it's not too late to get something going...The Cozy Powell Lp is a mother. Along with his old friend, Jeff Beck, Cozy has crafted an extremely well-rounded record which is something drummers have trouble doing. And yes, gang, it's commercial as hell...Thanks to: Neal Schon and Pat Metheny for their interviews."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Greg Lake's 'Nuclear Attack' sends chills up my spine it's so good. We've gotten immediate response to the Lp on the phone and in the stores...Quarterflash is making instant headway on our request lines with comments like 'the best new music of 1981'...Also, phenomenal calls on the Police from all demos. 'Secret Journey' and 'Every Little Thing' are getting requests... 'Destroyer' by the Kinks is still #1 on our All Request Friday Night, followed by 'Friends of Mr. Cairo' and 'Lunatic Fringe'...the new Lindsey Buckingham single was met with very positive response from a one-shot listen on the air. It was 75% positive, and guesses as to the identity of the artist ranged from Peter Gabriel to Kenny Loggins and, are you ready for this one, Klaatu...The Garland Jeffreys album makes me really regret I missed his date at the Bayou a few months back. If anybody can be titled a rock and roll adult, it's Garland. 'Wild In The Streets' has always been one of my favorites, and R.O.C.K.' is an anthem...Sneakers radio Ep sounds promising. Lots of depth and good vocal work. It may take some time to catch on, but when it does, watch out... 'Rose Tatoo' is well done, simmering, rock and roll that any AC/DC fan will swallow up; especially the cut 'Out Of This Place'...What happened to the Knack? Their simplistic California 80's sound has grown into quite a production. 'Africa' was a pleasant surprise... The Swampdog Lp is a tad too weird for me but, if it's okay with you, I'll add the cookbook...Let's get serious. There is a very talented kid loose on the streets in the South, and he needs a job. Glenn Stewart is available. I've worked with him in Providence and Augusta, and have seldom found anyone as enthusiastic or creative. Hire him before your competition does. He can be reached at 404-738-5556... Personal to Paul Yeskel: Anytime you need a good fight, please spare me. Thanks for the Entwistle ID... To Harvey, Steve, and Feiegle: Thanks for the hospitality, but please hold the garlic."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Out of a light music week comes an Lp that could be Most Added during any heavy week. The new Greg Lake has surprised everyone here with its mixture of intelligent rock and smooth ballads. What a pleasure to hear killer licks followed up by clean vocals, and not some harsh ear-rushing screamers...Everyone here is picking a different tune from the new Romantics Lp. I like 'Can't Get Over You'; and others like 'Nighttime' and 'No One Like You'...Although there is no room for us this week, give a serious listen to SVT. There really could be something there...Genesis debuts at #7 sales; and, the Police at #6...And to Mike Bone: You take pictures that even James Garner wouldn't flash. Skip the call, send me more!"

WABX, DETROIT, MI M.D.-GREG ST. JAMES: "I hate to sound like a broken record, but I want you to break a record and that record is--you guessed it--the Romantics. The cut 'No One Like You' will make you remember all those blond-haired girls who used to blow bubbles in your ears after the high school dances. This record is what a rock and roll record should sound like, and I promise I won't rave anymore about it. Enuff said...See you next time."

WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "To be perfectly honest, I really wonder if the Genesis and Police albums are gonna do as well as the previous ones. The sheer fact being absence of mass appeal tracks. Then again, I hope I'm wrong...I totally agree with Heavy Lenny's comments regarding video in the stores. Rather than sending videos to 100 MD's around the country, the videos should go to 100 important stores. Talk about cinematic, just imagine the extra impact of the Karla DeVito/Jim Steinman tapes at a Tower or Peaches store. It should be a concentrated effort on the part of the label to combine this exposure with current displays and precise step down racking procedures to try to make the most out of new artist impact."

WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "Not many new travelers to Hyperbowl this week. My new music show needs a good cleaning anyway. Some catch up notes: The Rod Stewart single went the way of the Corvair--extinct after its premiere play. The phones started smoking, but only with hostility--and that's the truth. Please, send a rock and roll album, Rod. And for God's sake, sing about girls...Cash register news: The Stones return to #1; Dan Fogelberg on deck; with Foreigner, Journey, and Billy Squier following... Genesis, Rickie Lee Jones, and Triumph are doing respectable retail--but lightweight phones...The playlist is frozen momentarily. I'm gonna practice my figure skating and maybe do some icefishing while I've got the chance."

WWWV, CHARLOTTESVILLE, VA M.D.-PHIL KIRZYC: "From the best countoff to a song I've ever heard to the last note, Lindsey Buckingham has an ear grabber to lead off with and prepare us for an awesome album, if the song 'Trouble' is any indication. This song is gonna be all over the dials for awhile...The Knack Ep reaffirms the faith, with 'Art War' leading the pack. If the rest of the album stacks up, then the Knack truly are back...We've been mutilated by Vic Vergat's bone-crushing rock, and we're spinning 'Break Away'...Jack Green's reverse logic shouldn't get lost in the crowd. 'One By One' is very catchy...Steve Hackett is everything I've been hearing about and more. While looking at the album and listening to 'Hope I Don't Wake', the first thing that popped into my mind was a very hip Jimmy Buffett. Either way you look at it, we're real excited about it fitting well within our game plan...Officially our adds for this week are: Vic Vergat, Steve Hackett, Peter Green, The Knack Ep, and the Lindsey Buckingham 45... Moved Chilliwick and Nils Lofgren to Medium; and, put the RC to Diesel."

WDEK, DEKALB, IL P.D.-WARD HOLMES: "Adds For The Week: Jack Green, Albert Collins, Garland Jeffreys, Greg Lake, Dave Grisman; and, singles from: Lindsey Buckingham and Rod Stewart...Hots: Genesis, Novo Combo, Spyro Gyra, Dan Fogelberg, Rolling Stones, Joan Armatrading, Police, John Entwistle, ARS, Martin Briley, Bruce Cockburn (his best yet), Climax Blues Band, ZZ Top, Stevie Nicks, Quarterflash, and the Kinks."

WTPA, HARRISBURG, PA P.D./M.D.-JEFF KAUFFMAN: "Tip of the rock helmet to the talent scouts at Geffen Records. They hit on a winner when they tapped Quarterflash. The power of 'Harden My Heart' has the kind of subtlety that virtually eliminates burnout. The more often you hear it, the better it sounds. The combination of vocals, sax, and guitar make the album a welcome break in the buzz saw. In other words, Harrisburg is in love with it...More strong reaction. It's nice to hear Greg Lake's voice belting out pure rock. He finally took the cure for ELP--it is...And Triumph, if you're reading this, get your collective ass to Harrisburg. A guaranteed sellout!...Adds: Who, Greg Lake, Vic Vergat, and Michael Schenker Group."

WKWF, KEY WEST, FL P.D./M.D.-BRUCE YOUNGBLOOD: "No chatter this week. Going to see the Kinks in Miami. On my way...Adds: Greg Lake, King Crimson, Bruce Cockburn, Jack Green, Grand Funk Railroad, Carly Simon, Quarterflash, SVT, Lindsey Buckingham single, Steve Martin single, and the Knack 12".

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "Immediate response to Greg Lake has been awesome. It's now obvious where ELP got 90% of their inspiration and guts. Phones are hottest for: 'Nuclear Attack'. We've also jumped on: 'Love You Too Much' and 'It Hurts'...It's a 70's synonym, but Jack Green's album is tasty. He's got a natural feel for pop music, but the bottom line is that he sounds great on the air... It's time to get Garland Jeffreys' 'Wild In The Streets' back to its classic status. With Belmont and Schwartz backing, this album represents one of the best road bands going...After several weeks of concentrated listening, we're convinced Schon/Hammer deserve a shot. In reviewing our request logs, we found dozens of calls for Jeff Beck, and we feel that Schon/Hammer will excite that audience...Top Retail: Rolling Stones, Stevie Nicks, Police, and Bob Seger...Adds: Greg Lake, Jack Green, Garland Jeffreys, and Schon/Hammer."

WRNW, BRIARCLIFF MANOR, NY P.D.-RON RIZZI: "This week rock and roll returns to the cosmic heavies: Greg Lake and King Crimson...I remember buying JBL-100 speaker systems in college using 'Larks Tongue In Aspic' and 'Brain Salad Surgery' as criteria. Lake's performance is superb. 'Nuclear Attack' should prematurely fill most air raid shelters (do you really know where the closest one is, anyway?). 'It Hurts' and 'Black And Blue' are perfect exposes for Greg's style. The help of Clarence Clemmons and Jeff Porcaro certainly add to the overall blast...King Crimson, on the other hand, is quite different. Honestly, if you were to Pepsi Challenge this record with the Talking Heads, you may have trouble deciding between 'Thela Hun Ginjett' and 'I Zimbra'. It seems that may have been where the inspiration came from, although 'I Zimbra' may have been inspired by 'Red'. Either way, it's an exciting record. 'Elephant Talk' segues beautifully with the Talking Heads' 'Born Under Punches'. And 'Discipline', itself, is a knockout. Where's my old King Crimson tee-shirt?!...We had a grand time at the Country House in Banksville over the weekend with our Kinks party...Also this weekend, Meat Loaf played to enthusiastic audiences at the new West Chester Theater. WRNW and WNEW-FM in NYC gave away most of the tickets for this free show. It was fun sharing the stage with them, and Meat Loaf's performance was inspiring. Could you in your wildest dreams imagine Meat Loaf suspended by a wire cable sporting an angel's outfit?! The party afterwards in the theater's lounge had special guests from all over the county. It was good to see: Fred Moore, Steve Smith, Bob Gelms, Marc Miller, and David Gariano; as well as: Debbie Gould and husband-to-be, Daman, Steverino and Harverino Leedserino; and the ever 'ool yer coo guy', Ray Free...This Week's Adds Include: Greg Lake, Garland Jeffreys, Romantics, Lindsey Buckingham 45, Knack Ep, Mike Love, Joe Ely Ep, and King Crimson...Wolmark: Thanks...Roy R.: Where are you anyway?!"

KBLE, DES MOINES, IA M.D.-RON SORENSON: "Welcome back the Knack, boys and girls. Just the three-song sampler from Round Trip shows lots of growth. 'Pay The Devil' is as good as anything they've done. It's also got incredible crossover potential...Jack Green keeps up the pace he set on his first solo album with 'Reverse Logic'. 'Let It Rock', 'Too Many Fools', and 'Sign Of The Times' lead for us...Doll By Doll was the surprise debut of the week, and cops the KBLE Golden Gilt Award. Distinctive, but yet not TOO different. Try: 'I Never Saw The Movie', 'Soon New Life', or 'Up'...Bruce Cockburn's 'Intercity Front' is magnificent--a must if you're targetting upper demos. We like: 'Pay Your Money', 'Justice', 'We Dance', and the title track...Adds: Bruce Cockburn, Greg Lake, King Crimson, Garland Jeffreys, Grand Funk Railroad, Doll By Doll, Jack Green, The Knack 12", Sneaker, Steve Martin single, and the Lindsey Buckingham single."

RADIO ACTION CONTINUED

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "Added: Quarterflash, Bruce Cockburn, Karla DeVito, Joan Armatrading, Tommy Tutone, ARS, Au Pairs, and the English Beat single...The Police album is all we hoped for and more. It's already in heavy rotation, and the songs are overwhelming...Good listener response also coming in on: Soft Cell. 'Painted Love' is the track. I'm beginning to see why this record went to the top of the charts in the U.K....The Au Pairs may take a few listens, but 'Unfinished Business' and 'It's Obvious' are imminently assessible. C'mon, folks, it's the 1980's. Bands like the Au Pairs deserve exposure...The Armatrading album is fantastic. I always knew she was a rocker. Lillywhite definitely deserves commendation on this one...A surf revival with the Ventures and the Motels are two big upcoming concerts. What can I say about Southern CA?"

KZOM, BEAUMONT, TX M.D.-PAUL GAUTIER: "When I heard so many good things about Greg Lake's album from so many people, naturally I was skeptical. But now I know why people have been bragging. The variety displayed on his album is incredible. I'd like to be able to add the whole record. But since that's out of the question, we're going with 'Nuclear Attack' for now...Triumph is still winning big for us...The Kinks and Dan Fogelberg, also...But, the big action records seem to be: Police and Bob Seger...Journey, Foreigner, Stevie Nicks, and the Rolling Stones rule the top of the playlist...Added: Greg Lake, Martin Briley, Mayday, and Quarterflash."

KZIP, AMARILLO, TX P.D./M.D.-DALE MILLER: "Adds: Greg Lake (an excellent album), Benny Mardones, Vic Vergat, and the Lindsey Buckingham single...Top Five Sales: Rolling Stones, Pat Benatar, Foreigner, Bob Seger, and Dan Fogelberg...Progress: The John Hall moves from Light to Medium...We had the Little River Band in concert the other night...Saturday night we had John Kay and Steppenwolf. They appeared in a local club...Both concerts were excellent."

KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "Our Adds This Week: Police, Rod Stewart 45, Lindsey Buckingham 45, The Knack 12", Quarterflash, and Greg Lake...The Greg Lake album is ten-fold better than anything he ever did with ELP. 'Nuclear Attack' is a killer on the harder side, and 'It Hurts' is great for a softer cut...I was very surprised after listening to the Knack sampler. I'm really glad it's not 'My Sharona Part III'...I'm ultra-impressed with the Quarterflash album. From all early indications 'Harden My Heart' is gonna be a smash. Move over, Stevie Nicks...The Stones invaded L.A. last weekend, and through the kindness of Atlantic Records we were able to buy tickets to the show. Mick looked as healthy as he's been in years. But, Keith really looked like they dug him up for this tour. Musically, they were superior...The J. Geils Band really impressed the crowd of 100,000 at the opening act...Saleswise: The Police blew everyone away with its first week debut at #5 locally. Are these guys mass appeal or what?...Also starting to show sales on: Triumph...Congratulations to the Go Go's, who sold out three nights at the Greek Theater this past week. That's about 20,000 people. L.A. sales on the Go Go's album is already over 100,000."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Due to some restructuring here at WYMX, I missed the deadline on last week's comments and will briefly recap our adds: Rod Stewart single, Quarterflash, Climax Blues Band, and Chilliwack...I've been gung ho on the Quarterflash since Day One; and obviously, the street sentiment is the same. Good phones for 'Harden My Heart'...Also good phones on: Chilliwack, 'My Girl'...The CBB and Rod Stewart are well welcomed ghosts from the past. Side One on CBB sounds like the CBB of yesteryear with 'Cutting Up Rough' the cut...Rod Stewart's new band gives him the harder edge he's been missing lately. The band has more presence, and Stewart himself more dynamics, easing back into the album rock scene of things...This week's rave will be: the new Buckingham single. There's no denying the song is a hit. It's mass appeal by Fleetwood Mac's prodigal son...I'm glad also to see Greg Lake resurface with an impressive solo album...And what a change for The Knack. The band finally drops the 'My Sharona' meal ticket, proving it is a 'knack of all trades', from the jazz influenced 'Africa' to the laid-back single 'Pay The Devil', and finally to the rambunctious rocker 'Art War'...Adds This Week: Greg Lake and Lindsey Buckingham...Pulling out in front phone-wise is: 'Tashauna', the one on the money for the Rossington Collins Band...As I mentioned earlier, there have been some changes at WYMX. This word from Glenn Stewart: 'By the time you read this, I will have left my P.D. job here at ROCK106, and will be aiming for another management position elsewhere, or a major market morning job. As of last October 15th, the P.D. position here has been eliminated. Mary will fill you in on the rest of the changes below. I've loved working with some of y'all Southern record folks and hope to keep in touch wherever I materialize next. In the meantime, I'll still be in Augusta, 404-738-5556. So don't be shy!...Don't let this man's talents elude you. Glenn is one of the most creative and hard working P.D.'s I've ever had the pleasure to work with. He'll be greatly missed, especially by his #1 fan, yours truly. As Glenn mentioned, there will be no P.D. replacement. Instead, G.M. Mills Fitzner, myself, and my newly-appointed music assistant, Owen 'the Big O' Holmes will be running the show. Owen and I will both be handling music calls. I can be reached Monday through Wednesday 11-3PM. Owen will be all ears Monday, Tuesday, Thursday, and Friday from 3-5PM. All of us at WYMX wish Glenn Stewart the best of luck."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "We Added: Neal Schon/Jan Hammer, 'Wasting Time'. I enjoy the fusion demonstrated, and I feel this record is deep and unique. It makes our station sound a little different in a time when we all seem to be playing the same song."

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "Let me start this week by welcoming Glen Holtzer from WJMD in Washington, DC. Glen will be doing the mornings on RCN, along with our News Director, Bob Clifford. I would also like to say goodbye to Gail Compton at Columbia--Happy Honeymoon!...Also, a big bye-bye to Arlene at Steve Leeds. I'm gonna miss all those weekly chats...I've always known that radio sponsors very crazy events, but I never thought I'd be track announcer for a duck race. Well, I was, and it turned out to be a totally terrific promo. Long Island has always been known for its delicious duck, but never for its fast ones. The event was the first world championship duck race at the Riverhead Country Fair, pitting five quackers against each other in a specially designed track. All the proceeds went to the local beautification project--all \$1,500 of it--and I never laughed so hard in my life...Musically this week, Greg Lake is the hot one. I expected an ELP clone, but not this time. It went right into heavy rotation...My man, Jack Cassidy, is back in action with SVT. 'You Don't Rock' is the track we're rocking with...Jack Green's 'Reverse Logic' is the logical one here, with 'One By One' and 'Let Me Go' both great tunes...Sneakers 'Don't Let Me In' sounds like what the Doobies should be doing but aren't."

KFML, DENVER, CO M.D.-IRA GORDON: "Our adds this week: The Hooligans compilation goes into our library...The new stuff: Greg Lake's album, the Romantics, Garland Jeffreys, Doll By Doll (real surprised. I was expecting a new wave rocker, but this guy has an interesting voice. Don't overlook it), Black Slate (on Alligator records), The Knack 12" (which hit me after a couple of listens, once I forgot it was the Knack), King Crimson (definitely my favorite of the week. 'Elephant Talk' has not been off my cassette in the car). Tom Coster (not a name out of the blue--the ex-keyboard player from Santana has come up with a tasty effort for his first solo album. Contact Fantasy records for a real delight). The Lindsey Buckingham 45 (which is as pretty as they come)...Other adds include: William Ackerman, Andy Harell, and The Dillards. Still doing real well here: Novo Combo, which I'm surprised is doing so well, because it took so long to develop. But the calls are definitely behind it, and Camel...There has been a resurgence for Pretenders and Stevie Nicks. Both had dropped down for a while."

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "As Rocktober rolls on, we begin to dig out from under the almost simultaneous changes of studio location and P.D.-office stuffings. We've almost completed our quest for an air replacement for Jaybird and worthy foil for the morning Gonzo-in-Chief, Kenny Hose-a-lot. As a few more days pass, I hope to be naming a Music Director. Once that's done, things will be easier for everyone. Thanks to all you record people for your patience."

KKRQ, IOWA CITY, IO M.D.-MARK VOS: "Nothing qualifies for the Silver Sow Award this week. And, quite frankly, I shot my wad on comments last week also. So short and sweet as it may be, our adds are: Greg Lake, Jack Green, Steve Hackett, and the Romantics...The Police debut at #5 sales, right behind: Stevie Nicks, Bob Seger, and, of course, the Stones and Fogelberg...We have top 30 sales this week on: Grateful Dead, Devo, the Go Go's, and Grand Funk...Three of our top 10 request items belong to ZZ Top... A special thanks to: Dan Denigris, Eric Heckman, and Tom Wubker, without whom the Pork Kingdom would not be the same."

WWCT, PEORIA, IL M.D.-WENDY RICE: "This week's adds reflect the variety of music these days: Bruce Cockburn, Kix, John Hall, Romantics, and Greg Lake...There's plenty of music looking good for next week including: Garland Jeffreys, Tommy Tutone, and the Grand Funk...Sales figures are dominated by the biggies: Stones, Genesis, Journey, etc....Def Leppard is far and away #1 in phones...The request tallies show some new developments: Chilliwick, Donnie Iris, DVC, and a band that seems to have been overlooked by many, Toronto. The cut 'Enough Is Enough' is always good for a few calls...Also missing from the Back Page is the cut from Charlie, 'Roll The Dice'...Thanks to Bobbin for her honesty in last week's comments. I'm sure her thoughts hit home with a lot of us."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "As I mentioned last week, Quarterflash is ripe for this area. These folks may be from the Northwest, but they're happening here as well. A nice, fresh, new sound...The taste we got from the new Lindsey Buckingham sounds just right. It could be trouble, following Stevie's solo effort. Lindsey appears to have been hard at work on his. If this is any indication as to the energy, the new one from the Mac looks like we'll be in for some real good stuff...The comments have already started on Greg Lake. This album is definitely his own style and effort. The voice comes straight on through... Alex Van Halen blew into El Paso and visited us last week in conjunction with the Van Halen show. Our station will never be the same. Just ask Jerry Barrett of WB how much fun we had. Besides the fun with Alex, we also gave away a Gibson guitar signed by Eddie Van Halen, plus a dinner, limo ride to and from, and backstage to meet the band...The adds are: Quarterflash, Who, Lindsey Buckingham single, and Greg Lake...Requests: 'Heavy Metal', Foreigner, Journey, Red Rider, and ZZ Top...Sales: Journey, Stones, Genesis,

KQDS, DELUTH, MINN N.D.-BRUCE MCGREGOR: "Adds are: Greg Lake, Romantics, Peter Setera, and the Knack Ep...Requests: ARS, Police, Quarterflash, Stones, Kinks, Seger, LRB, and Genesis...Sales: Genesis, ARS, Police, Quarterflash, Tommy Tutone, and Grand Funk...The Greg Lake album is really super. It's a perfect adult rock for 25-34. Instantly recognizable voice. It's great to have him back on the air."

KKDJ, FRESNO, CA M.D.-JEFF REIDEL: "Album adds include: Greg Lake, John Hall, Quarterflash, and Lindsey Buckingham's single...Fresno record sales: Rolling Stones and Journey at the top, Triumph up to #7, with Riot and Red Rider in the top ten...The Kix song 'The Itch' is hot on phones, cold on sales...Fresno shows for the remainder of October include: Triumph, The Motels', Gary Myrick, and Y&T...Staff favorites are: the Greg Lake's 'Nuclear Attack'."

WZZO, BETHLEHEM, PA M.D.-BRUCE BOND: "First of all, I'd like to congratulate my broadcasting school friend, Joe Madden, on his Production Directorship at WYSP. And also to Steve Feinstein, the new Music Director at WYSP...Kind of a crazy week here at Z95. It seems everyone on the air has a cold, and our voices are all different. Thanks to Lysol, we fumigated every microphone...We had a real hot concert with Blackfoot and Def Leppard last Tuesday night. The party backstage was excellent, thanks to Fred and Pat. Also thanks to Fred for the Jon Anderson interview...In the sales department, I kept hoping for the sales on the Stones to beat Foreigner, but I'll settle for a tie. I mean even Steven...Stevie Nicks, Journey, and Dan Fogelberg are rounding out the top 5 with the most increases on Hall and Oates. And if you're not on Icehouse, you're missing a hot Australian band. Icehouse also comes on strong with phones, along with: Stones, Foreigner, The Kinks, and The Go Go's...We added: The Michael Schenker Group, which is almost like a natural for us; Greg Lake; Benny Mardones; Donnie Iris; and the flip side of the Dylan single. Bob is in concert on the 25th of the month at Stabler Arena. By the way, we have a very successful double shot weekend, and we are the original 'Double Shot' station. I bet you didn't know that...Adds: Michael Schenker Group, Greg Lake, Benny Mardones and Donnie Iris."

KTIM, SAN RAFAEL, CA M.D.-BELLE: "The rumors are running rampant. First it was the band Tattoo and lines a block-and-a-half long early in the morning at a local San Francisco club. Good ploy. Now we're hearing that the Stones will not play locally because of the security risks involved, among other problems. No doubt San Francisco will follow in LA's footsteps, and pack all the local venues with fans this weekend, all hoping to catch a glimpse of those rock and roll heroes. I'll be at the Waldorf waiting, and will let you know if it happens. Either way, I'll be amongst the masses Saturday at the Candelstick and frankly, I'm excited about the transformation that's about to take place. Down and dirty--the laundry will just have to wait...We're absolutely gonzo over the new Police. It's everything we hoped for and more. 'Too Much Information' is my favorite thus far. Trish is playing 'Darkness'. It's such a mixed bag of sound--Motown, reggae, jazz and rock and roll, but I won't tell if you won't... We're ready and primed for a show with Bruck Cockburn slated for November 2nd at the Waldorf. KTIM is proud to be affiliated with that presentation...We're also happy to be co-sponsors of the Budweiser Clydesdale parade here in San Rafael to benefit the Renaissance Pleasure Fair-- a traditional yearly arts and crafts festival that brings Elizabethan England to Marin County...Congratulations are in order to Ken Benson. Also to Stiff records for their new facility. And, to my cousin Artie Cornfeld on his new endeavor."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "We're real sad to learn of Gayle Compton's departure from CBS, New York Promotions. She was truly a gem--the best! We'll sure miss her, but wish her the best working for Pickwick Sales in the Midwest...Also, a festive farewell kiss to: Arlene at Steve Leeds' office. Best of luck in your future endeavors. And, we will welcome speaking with Cynthia Kitay...WDHA helped raise over \$2,000 to benefit world hunger in a salute to Harry Chapin last weekend. Among the performers was his brother, Tom. It was a beautiful event...We were involved in the opening of the new Stargate Theater in Dover with our band contest winner, The G.W. All-Stars opening for Southside Johnny, who spoke with us on the air prior to the excellent concert this week...WDHA partied last weekend with several hundred listeners at Cowboys, a country rock club with a mechanical bull, and let me tell you that's a mean machine...Stonesmania has hit New York, with every station claiming they're the official Stones station. Well, WDHA is the official New Jersey Stones station, and we'll be broadcasting live all day from the opening day, November 5th, at the Meadowlands Arena. I think it says a lot that they're doing three nights in New Jersey and two in New York, and the New Jersey dates are first...New music is headed up by this week's highest debut: Greg Lake. Requests have already started...The Romantics have certainly managed to bridge that tricky gap between power pop and album rock with something 'Strictly Personal' that's gonna sell...The Knack hasn't quite bridged that gap. Their new album tends more toward pop and is not quite as accessible for us...Although there's little else for us on the Lindsey Buckingham album, 'Trouble' is going to do well...We don't feel too optimistic on King Crimson. It's sophisticated, progressive sound is out of touch with most of today's audience...Halloween is almost upon us, and the largest party ever to hit New Jersey is coming October 31st. Everyone's welcome."

WKQQ, LEXINGTON, KY ASST. P.D.-DAVE KRUSENKLAUS: "Best record of the week, by far, is Greg Lake. This record has everything. It has ballads and some very powerful rockers. When I was listening to the record, I was about half way through it when I discovered, much to my surprise, that Greg Lake produced it as well. I can't find any flaws. We'll go with: 'Nuclear Attack' and 'It Hurts'. I love the way 'It Hurts' just teases you with that hook...Hey, I agree that the Police record is their best ever, but in last week's Chain Reaction I noticed that there was a strong cut missing from the list of preferred tunes. What about 'Invisible Sun'? If I'm not mistaken, it was a #1 record in the United Kingdom. When 6 cuts are listed in comments and I find one more, guess that just goes to show the depth that this Police album has...Songs that should be monsters are: Benny Mardones, 'Sheila C.', although the rest of the album was a disappointment; and, Steve Hackett's 'Hope I Don't Wake', a great morning drive song... Can't slip away this week without saying something about Jack Green. Tasty stuff. I love 'One By One'. I also like 'Let Me Go'. Great 'Petty' feel to this record, and the guitar work is a joy to listen to... To Terry Meiners: Love the comment about Carly Simon last week--dairy farm breath...Top Sales: Bob Seger, Rolling Stones, and Dan Fogelberg...Riot is beginning to build in a couple of stores...The Police is also off to a respectable start...Getting good requests on: Chilliwack...And out-of-the-box, Quarterflash is one of our most requested records...Still trying to fit in Martin Briley; and, Vic Vergat--your turn is coming soon. For my money, the Vergat record is still one of the best guitar rockers of the last few months."

KLBJ, AUSTIN, TX ASST. M.D.-CLARK RYAN: "The new Lindsey Buckingham single is really good. This song should be a big hit, and I'm looking forward to the rest of the album...Greg Lake sounds surprisingly alive on his new Lp. We'll start with: 'Nuclear Attack' because it should startle the listeners into recognition. I also like: 'It Hurts', which sounds a lot more like what I expected from Greg Lake...One of the freshest new sounds I heard this week was from Sneaker. The Becker and Fagen song 'Don't Let Me In' has a great feel to it, and Sneaker just might have something here. Hopefully, we'll find room for that one next week...Upward mobility this week: Genesis, Police, Nils Lofgren, Quarterflash, Survivor, and Rossington Collins."

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Added: Greg Lake and Quarterflash...Featuring on the New Rock Review: Jack Green, Garland Jeffreys, and King Crimson...Heavy: Police, Genesis, Journey, Foreigner, Dan Fogelberg, Bob Seger, Diesel, Chilliwack, Red Rider, Donnie Iris, Stevie Nicks, and the Rod Stewart single; also: Little River Band, Rolling Stones, Rossington Collins Band, Rick Springfield, Kinks, and Triumph...Thank you: Paul Yeskel for a great night of Blackfoot and especially that classy dinner. Whoever picked that restaurant should be commended...We co-promoted the show at the Waterbury Palace and it was quite a success, of course. This area is Blackfoot country, and it was great having Ricky Medlocke here for the live interview. You're a wild man, and I think your being here helped ticket sales at the gate...This past weekend, we featured the Who as part of our classic Rocktober celebration. We gave away passes to 'The Kids Are Alright' movie, copies of the new double set 'Hooligans' on MCA, and the book 'Full Moon' from William Morrow Books...Glad to have our calls among the stations rocking with Quarterflash. The Rindy Ross vocals definitely establish a different sound of the band...For the most part, I would have to agree with the comments of Bobbin Beam last week, but I do think there is a place for constructive comments on particular albums. However, when it becomes a weekly stroke session, the novelty wears thin, and it's difficult to distinguish the bull from the brilliance."

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "John Entwistle, the silent one, can now be taken seriously. He's got one good album that might be around for awhile...Quarterflash has all the goods. The single looks like it could go all the way. Plus, there's more besides the single on the album that gives it depth. Definitely a unique sound...The Genesis album is absolutely incredible. The wealth of ideas on 'Abacab' could only come from these veteran musicians...Nils Lofgren has definitely changed his style to a smoother sound, but we expect a whole new audience to be turned on to this journeyman rock and roller... One of the more incredible songs of the year has got to be: 'Magic Power'. It rates very high on the goose bump meter...Little did anybody know that a fairly unknown band like Survivor would create the reaction it's getting. It looks like Survivor is going to be around the airwaves a long time. Good request action on Survivor...Getting steady requests: Red Rider, 'Lunatic Fringe'; Foreigner, 'Jukebox Hero'; Mayday, 'So Young So Bad'; and, Def Leppard, 'Let It Go'...Top 10 Sales: Rolling Stones, Dan Fogelberg, Journey, Foreigner, Bob Seger, Billy Squier, Billy Joel, Pat Benatar, Rickie Lee Jones, and Stevie Nicks."

WIMZ, KNOXVILLE, TN P.D./M.D.-KERRY LAMBERT: "Best Phones On: Red Rider, John Entwistle, and Police... Quarterflash is a smash, and we receive phones every time it's played...Just completed Knoxville's Artfest 1981, which was also the 190th birthday for the city. The whole thing was a street party. Our portion featured Robox recording artist Grinderswitch. Thanks to: Mark Cooper of Robox and the band for a big show. The crowds were estimated between 80 and 100,000. Officials only expected 25,000...For Rocktober-fest we're sending a couple to see the Stones in New Orleans...For Halloween, it's a haunted house and another one of our all-night TV shows featuring horror Halloween night."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "Another light week for adds. Once again time to catch one's breath...Especially good this week are the live one from Garland Jeffreys and the solo effort from Greg Lake. Lake really rocks and should do well, while the Jeffreys is one of the best live albums to come along this year...The new Romantics album also is a heavy one, harder than I expected but maybe that's a good direction for it...Good progress by: Police, Genesis, The WPDH Rock and Roll Album, and the Rossington Collins Band...Favorite tracks these days: 'Love Me Like A Rock' from Donnie Iris (should be a big hit--great hook), 'Sheila C.' from Benny Mardones, 'Empty Heart' from Nils Lofgren, and '634-5709' by Tommy Tutone. Music sounds good for Autumn. Til next time."

WOBK, ALBANY, NY M.D.-LIN BREHMER: "We went with the King Crimson import last week, and audience curiosity has been overwhelming. It remains to be seen whether early King Crimson fans are ready for Robert Fripp 1981 style. The record recalls 'The League Of Gentlemen' to some extent, and some of the more recent Talking Heads material. The record is receiving hot airplay...Joan Armatrading is steady in our top 3, along with the Stones and the Police. Judging from the sluggish initial response to Joan's most accessible record, I'll bet top 40 winds up introducing this Lp to album rock...Most pleasant surprise of the week came from auditioning the new SVT album. I had just about given up on Jack Cassidy, when along comes a punchy, catchy, straight-ahead rock and roll album. Listen to 'Bleeding Hearts'. It may even be appropriate for Corporate programming"...From ELLEN McKINNON: "The Capitol area is really cooking these days. Saturday, October 10th, Larkfest mobbed Albany's Lark Street with folks enjoying the Autumn street fair. The afternoon included open air performances by four of the areas hottest bands: The Units, the Young Reptiles, the Morons, and an exceptionally fine show by the A.D.'s. The Units, Morons, and A.D.'s all have vinyl product. In fact, the A.D.'s released the sardonic 7" disc. The week of Rockfest the bands work hard, and please a lot of music lovers. If your format includes air time for records popular in regions other than your own, consider Albany's bands. I'm not doing indy hype here, I'm just letting it be known that the grass roots level of rock and rollers is thriving here in upstate N.Y. Write or call us for any info'. (Maybe we'll send you a record if we can pry some from the bands' mitts.) ...By the way, nobody ever sent me that Steve Goodman Chicago Cub Fans song. I want a copy, please, and thank you."

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 167 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

The CHARLIE DANIELS BAND is in the studio this week finishing up recording on their next album. They've been writing and working on the album throughout the summer, taking a short break last weekend to play a couple of dates in the South. CDB will be back on the road shortly and hope to release the album in February.

Reliable sources have informed the Rock Report that keyboardist KEITH EMERSON is considering reforming the NICE. The NICE was a legendary three piece rock outfit which included BRIAN DAVIDSON and LEE JACKSON, who predated EMERSON, LAKE, and PALMER.

A chronic sore throat has forced TOM PETTY to cancel all dates in October. PETTY, we are told, tried to over-extend himself for the end of his U.S. tour to accommodate all his fans in his homestate of Florida, but had to cancel his shows after playing Gainesville. He will be resting now, possibly writing some new tunes, and preparing for a tour of Europe next year. PETTY also gets production credit on the comeback album for DEL SHANNON called "Drop Down And Get Me" coming in November.

JUDAS PRIEST are right now in the middle of recording their next album on an island off the coast of Spain. They'll take off from recording to do a short tour of Europe, then head back into the studio the end of December for mixes and dubs. They hope to release the Lp in February.

MOLLY HATCHETT has completed recording and mixing for their fourth album called "Take No Prisoners". HATCHETT guitarist, DAVE HLUBEK, says it will be a harder rocking album than the last three. Expect the Lp to hit the streets the beginning of November with a tour to support it. HLUBEK also told the Rock Report that MOLLY HATCHETT will be recording their live album on the upcoming tour.

Our London correspondent has learned that WHITESNAKE guitarist BERNIE MARSDEN has found time to record a solo album called "Look At Me Now". MARSDEN told the Rock Report he went into the studio and wrote, recorded, and produced the album within four weeks saying, "I work much better under that sort of pressure". MARSDEN says he plans a short British tour next year with a band which will include SIMON PHILLIPS on drums.

Former FLEETWOOD MAC guitarist PETER GREEN recently played a surprise gig at a local London club, but he says he has no plans for more dates, nor for any recording in the near future.

The POLICE are currently touring Europe, and head back into the States in January to support their latest effort "Ghost In The Machine". Talking about the Lp, lead singer STING says, "This new album is what I call a 'please yourself album'. We don't care if it sells 3 or 35 million, we just enjoyed doing it."

BIRTHDAYS: Oct. 20-Al Greenwood, former Foreigner, is 30; Tom Petty is 28; Oct. 21-Manfred Mann is 40 and Steve Cropper is 40; Oct. 24-Billy Wyman, Stones, is 40; Oct. 25-Jon Anderson is 37, and Carly Simon is 37.

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "This Week's Adds: John Entwistle, Go Go's, and John Hall Band... And From Last Week: Donnie Iris, Dan Fogelberg, and Billy Joel... 'Crazy' from ace songwriter, John Hall, sounds to me like one of the strongest records around...As for the Go Go's, better late than never. I love this band. And besides, if they're good enough for the Stones---...Lots of worthwhile re-issues lately: Marshall Tucker; New York Dolls; even my favorite wimps, the Left Banke...Most of all, radio owes big thanks to Mike Shaw and Bill Curbishley et al for the Who 'Hooligans' Lp. 'Join Together' and other great songs are finally readily available. That leaves Led Zeppelin's 'Hey Hey What Can I Do' as the most sought after non-Lp rock track. I think we have a Question Of The Week here. What out of print or non-Lp song does radio need re-issued most? Besides the Zep cut, how about the early Kinks hits and the Yardbirds?...Finally, two issues back, my report was attributed to a Mr. Rob Barnett from WAAF. A lot of people get us confused, so let's clear this up. It's true, we attended college together and we both worked together at three radio stations, but that's where the similarity ends. Barney is a strange person and I in no way want to be associated with him, let alone mistaken for him. So what if he is an intimate pal of Mick Jagger. Rob is wanted in five Midwestern states on account of his peculiar definition of 'animal husbandry'. The guy wears Brute for Chrissakes. And if that weren't tacky enough, he shampoos with liquid Prell. But if you can't tell the difference, why should we?"

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "Every once in a while a tune will come out that hits you just right. Quarterflash's 'Harden My Heart' is such a neat tune--tasty stuff...I was pleasantly surprised by Greg Lake's real strong album. When I put the record on, the music hit me full force. We'll start with: 'Nuclear Attack' (a 'killer cut'. Don't look at me, that's Al Tvanmo's line)...Glad to hear that Lindsey Buckingham didn't weird out on the single. I like the beat. Looking forward to seeing what else the Lp has to offer...The Romantics have come up with a strong album that will go right in...In the future consideration dept: I really like the music by Sneaker. It's got the Jeff Baxter mark of quality all over it...This past week saw Genesis debuting Top 10 retail, keeping company with such stalwarts as: Rolling Stones, Foreigner, Journey, and Billy Squier...Red Rider has also kicked in in sales and showed up again in the Top 10. Looks like the lunatics are coming out of the closet and going into the record stores...I bid a fond farewell to Arlene of Steve Leeds. It's been a pleasure dealing with you on the phones for just about the past two years. I wish you all the best of future endeavors...Conversions: ARS, Triumph, and Police into Hot; Mayday into Medium...Adds: Greg Lake, Quarterflash, Harlequin, Romantics, and Lindsey Buckingham single."

KZEL, EUGENE, OR M.D.-CARLA LEONARDO: "If 'Nuclear Attack' doesn't keep you awake at night, nothing will. Positively one of the scariest and most rocking songs I've heard in a long time. A definite surprise from Greg Lake...Also, Chilliwack's 'My Girl' is a terrific phone buzz. Wouldn't be surprised to hear that one moving up into a hot rotation."

TUESDAY - OCTOBER 20

Moon in Leo as of 5:35 A.M.-E.D.T is usually a fun loving lunar position. However, Mercury Retrograde at 22 degrees of Libra is at a 60 degree Sextile to mystical Neptune and is joined with optimistic Jupiter. This really stimulates the mind, but ideas "born" now should be reconsidered after the 27th of October. The massive confusion is due to the uncomfortable fact that physical Mars is changing signs -- entering Virgo at 9:57 P.M.-E.D.T. until Dec. 15. This causes mis-directed energies and can aggravate mechanical problems -- not that Mercury Retrograde hasn't been having a hey day in that department. Good for internal thought, but not good for action.

WEDNESDAY - OCTOBER 21

Now that Mars has settled into Virgo you will find that people are more practical and industrious. The only problem with this is the temptation to get in high-gear and forget that Mercury is Retrograde. Just keep reasonable schedules and allow MUCH extra time. The Moon in playful Leo will really give the needed morale boost we could have used yesterday. Better late than never! Not only can you have fun today, but tonight is just made for music, madness, and mayhem. This is time to mentally relax, don't rush, and just enjoy being you. Why not?

THURSDAY - OCTOBER 22

This is the last day of the Sun in Libra -- the action starting portion of Fall. At 2:17 A.M.-E.D.T. Venus at 15 degrees of Sagittarius is at a 60 degree Sextile to organizational Saturn at 15 degrees of Libra. This is a Love of organization, but with Mercury Retrograde "ease on down the road." The Moon in playful Leo is Void-of-Course starting at 10:25 A.M.-E.D.T. Until entering Virgo at 12:06 P.M.-E.D.T. Adaptable, earthy Virgo is practical -- so use this energy with common sense, i.e. don't overlook thyself. Tonight is somewhat disorienting and confusing. Why not give a listen to the new records and flow with the music.

FRIDAY - OCTOBER 23

This is our first day of the Sun in Scorpio signalling the height of the Fall Season at 8:14 A.M.-E.D.T. This is why Scorpio was called a "Fixed" sign because it was the fixed portion of the Fall Season, or the height of Fall weather. Scorpio was called a "Water" sign because it was a rainy season. By the Industrial Revolution this sign had begun to be described as secretive, vindictive, and sex driven -- which is utter nonsense! Moon in Virgo is not Void-of-Course so allow time to adjust to the Change of the Sun AND ponder that we have until only Tuesday before Mercury turns direct. Relax -- don't blow it now.

SATURDAY & SUNDAY - OCTOBER 24 & OCTOBER 25

Right before Mercury changes directions, confusion escalates and mechanical problems get more aggravating. Saturday the Moon in Virgo is Void-of-Course from 6:22 P.M.-E.D.T. until entering Libra at 8:57 P.M.-E.D.T. This entrance of the Moon in Libra is the warm-up of a New Moon that will be exact on Tuesday. On Sunday at 12:15 P.M.-E.D.T. (we revert to standard time at 2:00 A.M. Sunday -- so turn your clocks back 1 hour.) Mercury Retrograde at 19 degrees of Libra is at a pleasant 60 degree Sextile to Loving Venus at 19 degrees of Sagittarius, which makes for a very good day for doing a lot of relaxing -- but just try communicating! Save your cares and woes for after Tuesday.

MONDAY - OCTOBER 26

Mercury turns direct at 4:00 A.M.-E.D.T. TOMORROW, plus a New Moon is exact on Tuesday at 3:14 P.M.-E.D.T. with the Moon and Sun at 4 degrees of Scorpio. This prelude is given just to show you that hope lies just around the corner. The Emotion-ruling Moon in Libra is Void-of-Course as of 8:03 P.M.-E.D.T. until entering Scorpio at 6:30 A.M.-E.D.T. on Tuesday. The day when Mercury is changing signs is like playing Solitaire with a deck of 51! This is a day for that constant reminder that "this too shall pass." Make confetti today, plan an evening with music and fun, and I promise you will enjoy the next column in the FMQB, and Bill -- you especially deserve the coming goodness!

Record Action

JERRY JAFFE, POLYGRAM RECORDS (212-399-7100): "When PolyGram Records first got started in the U.S. around 1970, the other major labels already had the jump on us by having signed some of the biggest bands that were broken by free-form rock radio. With entrenchment of name artist airplay in the 70's combined with various executive shenanigans, the PolyGram companies seemed to fall short in establishing major artists on the rock level. (There were a few exceptions and other format artists helped pay the bills). As the 80's approached, we took a much harder line towards our artist signings and with the 'controversial' rock department (more internally here than with you in radio who have embraced the concept) involving itself at close quarters with our much improved A&R department (Messrs. Chip 'Wild Thing' Taylor, Stu Fine, Pete Lubin, John 'Dire Straits' Stainze et al) and setting priorities based on sales potential and musical creativity--we have now a roster of artists who can potentially make great contributions to the genre of rock. Belief, zeal, and commitment to our 'not yet superstars' has resulted in independent and consulted AORs giving the public the opportunity to hear some of our unique talent. Right now Atlantic Records owns the upper reaches of the Airplay Index with an impressive line-up of older bands. However, we at PolyGram feel that our current up and comers are perched on the edge to do battle, and enough heavyweight names in radio have told us 'Don't stop until you break these guys'. Here's a little synopsis of current planning on our coveted developing artists. Novo Combo--current East coast and Mid-west tour aligned with live broadcasts and special promos with album rock radio all along the way... Martin Briley--massive airplay push, time-buy support and telephone campaign when airplay is achieved. Uniqueness of songs rather than riffs shall triumph... Benny Mardones--we are spreading the rock gospel of Benny to new markets. We have many areas where Mardones is a Top 10 selling artist. These territories are different enough to tell us that Benny is a superstar in any market that gives him a chance. Jon Anderson & Vangelis--just concluded national promotion tour. Cemented identity of Anderson to the Mr. Cairo Lp. Working 'Back To School' track especially at Sebastian--consulted texture oriented stations. Motorhead--ongoing retail program. Lp is at 35,000 sales with virtually no airplay. Tour to come behind next studio Lp. Remember Rush...Last but no means least--we are a hair away from breaking Def Leppard 210,000 sales, and the tour that never ends with our whole staff dedicated to backing each date and maintaining our heavy airplay. Quite an array of fledgling talent I'd say, and we're not gonna take 'no' for an answer--when our main encouragement for going nuts over these artists comes from radio itself!"

LEE J. ARNOLD, THIRD COAST RECORDS (1-800-323-5596): "It's been many months since appearing in these hallowed pages and it's really nice to be here once again. As a note of introduction, I'm Vice-President of Promotion at Third Coast Records--a Midwest-based label located in Chicago. We currently have the 'JET' album, 'Empty Handed' out and are seeing great reaction to this our first release. This album, when still a demo tape, hooked me enough to change careers and locations. It did the same thing to Rich Piombino--our National Album Director. He left radio and moved with me to Chicago from the sunny south. Both of us are very happy about our moves, based on the reaction to our debut release. At Third Coast we're trying to approach the record business from a little different angle. First, our commitment to our product is definitive. There is only one number one priority. We have and will continue to put out records one at a time, giving each release the time and attention to get its fair shot at the public's ears and hearts. Once you've added 'JET' or whatever record we release down the road, you can be assured of our continued commitment to that project and only that project--until the record is either firmly established--or until it gets its fair shot and doesn't prove out. We will not be banging on your door week after week with another number one priority. There is only one priority and that's it. We at Third Coast, can't see any other way for new product to get its fair shot in the present industry situation. We are independently distributed by, what I feel, is the finest group of record people in the business. In these days of diminishing profits and decreased sales, our independent distributors have not only survived, but they've flourished. You can chalk that up to experience, knowledge and love of this their only business--the record business. It's an honor to work with these pros. For our regional promotion base, we are using independent promotion people, rather than hiring an in-house regional staff. Having recently been involved in doing indie album work and before that during my 13 years programming radio--the feeling I've gotten from most independents is that they are the hardest working, most product knowledgeable people in the business. We at Third Coast Records are in business to stay. Our commitment to our product is total, and our love of the record and radio business is intense. Thanks to everyone for taking us seriously, because we are serious."

PAUL DIAMOND, MCA/CHICAGO (212-296-1032): "To all my dear friends in radio and records, I just want to say a big thanks for all your support in the past years and for all the warm and wonderful comments you've made on my behalf when I was fired. Life goes on, but the friends I've made in the past 12 years is something I will always cherish. Wishing you all nothing but success and happiness, and as always, be well! Pauly."

RECORD ACTION CONTINUED

BRUCE MOSER, COULD-BE-WILD (716-885-5200): "The best new band in the world, U-2, have returned with a great follow-up album 'October', not on the heels of the stunning debut album 'Boy'. U-2 established quite a base with their debut album and their extensive touring made many new believers. U-2 is one of the hottest live acts on the road today. For proof, call Jimmy Sotet or Jerry Jaffe. They both believe in U-2 as much or more than acts on their own label. U-2 is going to happen and happen b-i-g, so jump on the bandwagon early and discover this incredibly young and talented band. Start with any song on side one. It may take a few listens but you will be hooked. U-2 is a band of the future. Play them now! The Halloween quote of the month comes from John Gorman on Blue Oyster Cult's version of 'Joan Crawford.' 'The bitch is back! She has risen from the grave, hot on the heels of the best-selling book, closely followed by the top-grossing movie, comes BOC with the romantic ballad of the year!'"

KATE INGRAM, DB RECORDS (212-245-2212): "One thought that's been hitting me a lot lately is the question of whether people who program music are really listening to records by new artists in general. You can count on Bill Hard to give a listen, but he will even tell you that sometimes it takes more than one spin to hear something new and innovative. Actually, this thought first came to me when I was listening to Lene Lovich's early records in preparation for an interview I did when she was here. It struck me that when 'Lucky Number' came out, people had to listen--but more--so it took seeing the video for them to hear it. It would be a damn shame if 'Top 40 TV', as they're calling MTV, started breaking new acts for radio. This calls for programmers to listen in a more visual way. People need to use their imaginations, and conjure up a vision of what the performers might be like live. Looking at diminishing playlists, which without big promotional budgets can also mean diminishing ratings, the ability to 'hear' new music seems to be a lost art. What it takes is often listening to a new artist with the attitude of 'what is there about this music that I can appreciate?', instead of 'what is not so good about this record that I shouldn't play it on my radio station?' Think about it!"

EDDIE HUMBER, MAKING TRACKS (707-585-2105): "Here come the judge! Mick and the boys get down this week-end for two shows at Candlestick. The first rock and roll show there since the Beatles. Should be some party...By now you should all have the new SVT and Hurricane Jones Lp. The first release from the newly formed MSI records. Watch this label, they're going to leave their mark. Watch for more information concerning the RUSE radiothon now scheduled for January of '82...If rockers like KOME and KMET can play the new Billy Burnette, can't you? Makes you wonder...Greg Lake's 'Nuclear Attack' should be as required as the EBS test. Non believers in the Nils Lofgren should look around!...Cooking at the Coop: Armatrading, Tutone, Survivor, John Hall and Willie DeVille."

MIKE BONE, ARISTA RECORDS (212-489-7400): "Did all you cats and kittys see the Kinks on 'Saturday Night Live' last week? Maybe now you can figure out why the Kinks album is Top 5 requests this week. The new big positive call-out research track is 'Better Things' (remember those import singles?)... Speaking of testing, whip out those Alan Parsons Project 'Turn Of A Friendly Card' Lp's and whip a test on 'Snake Eyes'. Life is one big gamble and this song captures the essence of it live... I would tirade about the Allman Bros., Grateful Dead, and Iggy Pop but I have a horrible cold and I'm going home. (Just like Alvin Lee said)...Well, it seems the lines to Cherry Hill are all tied up so let's talk about the Allman Bros. for a moment. The new Allman Bros. Band single is 'Two Right' and it's going on Top 40 radio friends. So, if you want to get the jump on your competition, now is the time to add this track. 'Straight From The Heart' was a Top 30 single and 'Two Rights' looks even more promising...Let's try Cherry Hill one more time. Lines still busy, so let's move on to one personal comment that I must admit I don't understand. It seems that some jokester put a sign on the back of Neal's car (you know Neal, Susan Costello's Neal), anyway--this sign said in big letters 'Grand Opening Tonight'. Some other jokester came along and crossed that out and wrote in 'Now Open Under New Management'. Can someone explain this to me, please...Let's go for area 609 one more time. At last the phones are ringing. I can go home! Goodnight!"

MARKO BABINEAU, A&M (213-469-2411): "What a great road trip! It started off with witnessing Michele Robinson getting married. It brought a tear to my eye--Congratulations Joe and Michele. May you find much happiness...By the way, did anyone get into the new Police record? Now, if that's not an understatement, I'll eat my Joe Jackson shoes! Cut for cut, it's the best record out there...Mayday is finally scorching the charts, and soon to be on the road by November. This is a live show you can't miss. The guitar player even does back flips while soloing. (Sorry Nils, no trampoline). Let's get beyond 'So Young So Bad' and check out 'Life In Space', 'Love Affair' and 'Innocent Bystander'. Three more great songs cut custom made for your radio stations. Beware America, there's going to be a mad dog loose (I don't mean Plen)...Nazareth are about to undergo another 90-city tour across our country. If you get to see this tour, don't say I didn't warn you. These boys eat raw meat every day, and sleep on a bed of nails every night. Their manager has one eye in the center of his forehead and whips the band onto stage every night. So you can see what I mean when I say that they'll kick your ass if you like powerful rock and roll. Remember these are guys who created 'Hair Of The Dog'. Airplay-wise you've got to check out 'Morning Dew'--it's a killer...Well, I've talked about A&M's 3 power records, and it's time to get back up on the A&M soapbox and preach to you about the best kept secret of the industry. That's right, you guessed it--Bryan Adams. Bryan's album has been out for a good 3 months and stations keep trickling in week after week. We've had upstate New York out of the box still banging it along with stations like KWK, KSHE, KY102 and three handfuls of stations also swearing this is THE album to break. Well, have no fear, A&M has made the commitment. Just so you know--Bryan Adams will happen in the year of 1981. 'Lonely Nights' is the lead track with 'Fits You Good', 'One Good Reason', and 'Jealousy' right behind it. I m-e-a-n it, when that rep comes to your station fighting for Bryan, have no fear, cause you won't be alone...Well, it's time to fasten my seat belt and return my seat to an upright position. It's been a blast, kids, see ya next week for the continuing adventures of 'promo in action', or as the dean of promotion would say ('Chic Childs'), 'it's a jungle out there!'"

RECORD ACTION CONTINUED

ROY ROSENBERG/STIFF (212-431-1600): "First, news from abroad! The totally unpredictable Stiff Records has once again done something unpredictable. We have the #1 single in England this week! Dave Stewart's remake of Leslie Gore's 'It's My Party' is on the top of the heap...And we now return you to your regular program. Willie the Worm wiggles through American radioland. In this week's episode, Willie receives a copy of the Plasmatics advance cassette TIME OUT! Time to play it straight folks, because we're totally 100% serious about the music on the forthcoming Plasmatics mini album entitled 'Metal Priestess'. The advance cassette with 4 studio tracks produced by Dan Hartman should be in your hands by now. The tracks are heavy rock and roll and stand up against other hard driving cuts that are on the radio today. Hartman has done an excellent job in getting that powerful and 'bigness of sound' from Wendy O. and the boys. 70 trade reporting album rock stations were believers in 'Beyond The Valley Of 1984' with 'Summer Nite' and 'Headbanger' getting most of the play. 'Metal Priestess' provides 4 tracks that are even better and more accessible. We're looking for more stations and better rotation this time. When you hear the music you'll know why. By the way, the Plasmatics will be on the Second City TV Show (SC TV October 23rd--don't miss it! Also, be on the lookout for the group's upcoming appearance on Solid Gold in November)...Don't forget to check out: Desmond Decker Lp 'Compass Point', produced by Robert Palmer; Rough Trade Lp 'Avoid Freud' and John Otway Ep 'I Did It Otway'...'Heart Of Stone' from the new SVT Lp continues to grow on me. Definitely worth getting into this album...Of personal note: This is the year for the Dodgers, folks! My prediction is L.A. over the Yankees in 6 games...Get well wishes to Jimmy Christopher who broke his thumb diving in to 3rd base. Now, that's dedication!...The Stiff list is frozen again this week due to lack of any significant obituary releases!"

ALAN WOLMARK, ATLANTIC (212-84-6017): "With all of us record people working so hard (including Mr. Bill) to break new artists of merit to be superstars of the future--it sure would be nice to see sympathetic programming around the country. Sure, things are getting tougher, but they'll be even tougher and leaner if we don't have artists of real stature ready to assume the superstar roles when the current ones are ready to step down from their thrones...Mink DeVille is an artist who's already paid lots of dues, and his fourth and current album is a real masterpiece. Just check out 'Just Give Me One Good Reason' and 'Love And Emotion'. It's a record that does your airwaves proud...Mink is on tour, as well as Kix, one of America's most exciting new live bands. Get the itch...Watch the excitement around Alvin Lee and Rose Tattoo beginning to mount as tours are prepared and cuts like Tattoos 'Sidewalk Sally' and Alvin's 'Can't Stop' are discovered (watch for some special news from the Alvin Lee camp shortly!)...For those within earshot, check out WLIR morning man John DeBella's show every Tuesday when he hosts 'Sexual Innuendo Tuesday'. The best for on-air phone call...Heavy rotation at home: Zappa (and what a great new video he made), Mink, Police, Kinks, and Stones."

JOEL WEBBER, INDEPENDENT (212-255-7408): "Just a few short promo notes this week...Please make sure you listen to the Marianne Faithfull album. It is a subtle, Winwood-like record that demands you use your ears while listening...Be forewarned that the Romantics Lp has been launched. I doubt seriously if anything is going to stop this record. 'Look At Her' and 'Can't Get Over You' are this week's faves...The Martin Briley is pulling itself over the hump. The record is now at the point where the adds are coming in a few stragglers at a time, but the rotations, at the stations that believed, are jumping! Briley looks to be in great shape. Thanks...Polyrock does a haunting version of Lennon and McCartney's 'Rain' on the new Lp. Don't miss it...Finally, the vibe from radio folks on 'Don't Let Me In' from the Sneaker album has been amazing. Equally amazing is the huge percentage of programmers that take a size 10½ shoe!"

BILL MCGATHEY, RCA (212-930-4095): "Last week the Bill and Bob road show spent time with some good friends. Myself in Chicago saw Tom Teuber (missed you, David!), Tim Kelley, and Sky from the Loop. Also saw Willie DeVille (man, can his band play!) and his manager, Rick Stevens. Went to Toledo and met Lee Randall and Buck McWilliams from WIOT. Boy, do they have personalized anticdotes that send you home thinking! Bob went to Baltimore/Washington, DC and talked Baltimore baseball with Chuck DuCoty and spent time with Ron Davis and Dave Brown from DC101. Hope to see everyone soon now that the album team comes even more together for the Nipper...This week, a great new album from Bob Welch entitled 'Bob Welch', 'Two To Do' and 'It's What You Don't Say' stand way out. It's a cross between the crunch of Paris and the hits of French Kiss. Till next week, cheers!"

JOHN COSTA, JEM (201-753-6100): "Accept' the most under-rated heavy metal album of the year', just in case you missed WSYR's Tommy Nast' comments last week. He's not so nasty after all. This album has a real bubbling-under feel to it. Come on guys, the music is there. If you like 'Accept', play it, test it--do something! It's the kind of record that will get reaction and sales--if given the chance...Jem has picked up the Medium Lp for distribution. I've enjoyed the cut 'So Angry' since the 7" import version. Great white funk...Siouxie And The Banshees is selling despite lack of airplay, and those of you familiar with Human Sexual Response should hear a much improved sound over the last album. 'In A Roman Mood' is more like a group working as a unit rather than 4 vocalists and a backup band. Good cover of the old tune 'Question Of Temperature'!"

WYNN JACKSON, INDEPENDENT (404-321-5228): "Echo! Echo! On Lenny's comments regarding professionalism in radio. The way we keep our credibility on this end is to simply give you the truth and that's all we expect in return. So, if you designate a moment or an hour or a day to take calls--then, be there!! I'll admit most are very consistent in the South, but when one major market station continuously avoids major labels' regional calls, and can't remember who the rep is with when you do get through, it tends to get a little frustrating...Congrats and welcome to Max Floyd at the new P.D. at 96 ROCK...Quote of the week by Moby: 'that record is a real rat killer'...Personals to Ilyse: I'm proud to be a member of the Air Force, but tell me it wasn't all the producers at once! To Scotter: True feelings mean a lot and thanks. But unfortunately good hearts won't change the state of the industry...To Private T. Miener: Report for duty immediately...Buddy Hollis, if you really want the dirty pictures, you'll have to check with Jeff Cook, Alan Sneed, or Mike Bone...I think there should be a new category entitled 'Extras'. Yes, it's undefined but it may create a place for all those records that everybody truly loves--but says they don't have room for (i.e.: Charlie, John Hall, Jack Green). The Sneaker patrol is headed your way. Don't forget this album contains artists and players of automatic status. If you haven't yet, please listen to 'Streak', 'Johnny', 'Gone Too Far', or 'Fantasy'. It's incredible rock and roll... In heavy rotation in Wynn: Quarterflash, Greg Lake, Jack Green, Mardones, and Billy Burnette."

SEAN COAKLEY, ATCO (212-484-6400): "Very nice building pattern on the Entwistle. Nearly universal phone response to 'Talk Dirty' with sales to match. Particularly strong retail in Grand Rapids, Cleveland, Rochester (with NO airplay!), Baton Rouge and Charlotte. We, at Atco, have been doing extensive market research on this record and have discovered the following: The kids (your listeners) are alright and they'll never forgive you if you don't play this record...To Ellen McKinnon: I like it when you talk dirty...To Bobbin: Your fire and spunk are encouraging. Free thinking, plain-speaking talent are rare in this day of conference-call programming. Your thoughts on the future of the format are important and anyone who chooses to ignore them ought to probably be doing something else anyway!"

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. PLAYS PER DAY - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. PLAYS PER WEEK - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. AIRPLAY EMPHASIS - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 10. If the highest rotation album gets 8 spins per day, it receives 10 points. If another album gets 4 spins, it merits 5 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
