FMQB ALBUM REPORT

April 9, 1982

BILL HARD, Editor

Hard Choice

DAVE EDMUNDS, "LIVE 7", COLUMBIA

The Edmunds has been around for over a month in order to include it on the Sampler, and we'll testify about how well it wears. It just won't burn out. We're also convinced it's just a matter of time until the public shares the warm feelings most programmers have for Dave. "Live 7" is this classic rockers best shot ever, with the enthusiasm of a live label affiliation and 3 great tracks. The Springsteen penned "Small Things", his definitive cover of NRBQ's "Me And The Boys" and the potential pop-rock-country crossover "Other Guys' Girls". Play his record and help send a legend to summer camp.

Chain Reaction

JETHRO TULL, "BROADSWORD AND THE BEAST", WINDYCATS

Any major act is going to look good out of the box, but in this case, the radio excitement and commitment matches the ad totals--78 first week stations for #1 Most Added, and programmers are in sync with our Choice last week. "Broadsword" is a great comeback! comments Mary Miller, WNDY. Ian Anderson literally raises the dead (in this case his own band) with the latest album. This is unquestionably their best since "Aqualung"... Dave Benson, WMET. "Tull's latest does more for my ears than many of the previous Lps. Our phones indicate an eager reception to Ian and friends"... Roberta Haber, WMJO. "Broadsword" has that old English feel that has always been Tull's trademark, and yet it rocks. Anderson delivers his best vocal performance in years"... Ralph Tortora, WBAB. "It's got to be the best thing they've done since 'Songs From The Wood'. That's not only my reaction but just about everyone else's on the airstaff"... Dave Logan, WLAY-FM. "Thank the Lord for this album. Just what we needed from Ian for our 'aging units' in the audience"... Ilyse Gotlib, WPYL. "A must for any station that cares about its image with the 25+ demo. 'Broadsword' is by Ian Jethro Tull's best release in the last 5 years, and I predict this one will hang on for some time"... Early reports put "Beastie" out front, but we recommend "Fallen On Hard Times" followed by "The Gasp".

OUTLAWS, "LOS HOMERES MALO", ARISTA

"Don't Stop" leads, but we chalk that up to the side I/cut 1 syndrome. In Peter Dinklage's "Rebel Girl" is also active, with "Running" right behind, and the sleeper is the Bob Marlin choice "Goodbye". He says, "A much better album than I expected from this group. We're 3 tracks deep and I expect positive audience response"... Overall the #2 Most Added with 55 reports, and new at #17 on the Double-Play Chart... More radio action: Bob Walton, WQDR. "They were not content to simply rehash 'Ghost Riders', and have come across with an LP that's just as strong and solid"... Bobbin Beam, WLPX. "Boy did these guys change their act. Seems like they've hardened up and I hope people are willing to bend and change with them. I like the forceful vocal on 'Don't Stop'"... Pat Brincicoste, WRRW. "Do the Outlaws get heavier all the time, or what? Lots of ripping guitar music on this one"... Larry Reisman, KEZY. "They've done well here in the past and this album's much wider musical style will make them much more appealing"... Chuck Holloway, WHIL. "Combining heavy metal and southern boogie can't miss in this market. Sounds better with every listen"... And from Bill Simmons, WMYK. "They've molded their sound to fit today's straight ahead rock and roll trends."

MOTELS, "FOUR FIVE ONE", CAPITOL

Radio is currently in a mood to play different/exotic new music, and if programmers have a track record to back up the uniqueness they're especially willing to roll--so with Capitol's continued commitment, the new lineup and Val Garay at the knobs, the third Motels album has charmed 46 first week reporters--their best start ever. "Mission Of Mercy" and "Only The Lonely" lead with "Art Falls" also a contender... Reaction: Dave Wolter, WMAD. "While most major acts are sitting on their laurels there are few that are still trying to reach out and attempt to forge original music boundaries. The Motels continue to amaze"... Steve Feinstein, WYSP. "This album justifies the critical acclaim they have always received. 'Only The Lonely' has me captivated. I love it, particularly the sax solo. Staff reaction has been strong to 'Art Falls'. We hope this is the one to bring it home for them"... Bob Bittens, WHCN. "Martha Davis is a class act. I just hope that she's not too classy for the average American Schmo. Personally, I think they can handle it"... Drake Hill, KTXO. "Love the Motels. Martha's vocals just oze and she outclasses those other wimpy broads like crazy"... Pat, WBTN. "I personally love the new record. Just listen to Martha's phrasing. Listening to the screaming guitars on 'Mission Of Mercy' requires a tongue depressor and a beach towel. The single is just wonderful"... Ron Nenni, WPHY. "My favorite album of the week. 'Take The L' and the single prove the Motels are ready for serious airplay on all formats. Martha Davis is a distinctive vocalist. Hit song, hit image and broad appeal can't lose."

CHAIN REACTION CONTINUED

38 SPECIAL, "CAUGHT UP IN YOU", A&M

No sense messin' with a good thang. Like Ray Davies said, "Give the people what they want", and considering the success of "Fantasy Girl", and "Hold On Loosely", this 38 Special is a sure shot for saturation airplay.

POINT BLANK, MCA

A week of filling in the blanks and rounding up the stragglers--30 new believers for #4 Most Added, to bring us to 91 in the past two weeks--overall #1 Most Added for the period. Charts: Week's highest #31 Index, #29 Metro, 17-16 Doubleday...Top songs: "Let Her Go" debuts #44, "Great White Line" new at #82 and also "On A Roll"--#85...Strongest early spins on KLOS, KSRR, KZEL, KLOL, WSYR, WFBQ, KATT, WRKK, WMMS, and KMOD...Comments: Steve Keller, WAPI-FM, "Point Blank seems destined to leave that small time Texas band image behind. No more gymnasiums for you guys, huh?"...Michele Robinson Sayre, KLOL, "The album is doing very well for us. 'On A Roll' and 'Let Her Go' are both on and sound great"...Dave Lange, WDVE, "'Great White Line' is the leader for the band who almost did it last time with 'Nicole'. This time it looks ever more promising"...Roberta Haber, WMOJ wraps it up with "Let me join the chorus of praise. Just like 38 Special, they've realized the macho southern boogie stuff is kind of limiting. Last year's 'Nicole' proved that. Great hooks and clean bright guitars are everywhere on this one".

TOTO IV, COLUMBIA

Also two very strong weeks for Toto. We log in 25 more stations for #5 Most Added, #2 for the past two weeks with 81...New at #40 Index, #41 Metro, as "Rosanna" lands at the #67 Song Index position, with "Afraid To Love" also new at #86...Radio action: Ilyse Gottlieb, WRXL, "Record of the week--incredible phone action and good initial sales. Seems there is a request for 'Rosanna' about every 10 minutes"...Mary Pillinger, WYMX, "'Rosanna' is receiving overwhelming positive phone response. I'd advise you to get your tail on it before the Top 40's in your market grab the honors of making it happen"...Dave Krusenklous, WKQQ, "I was afraid that 'Rosanna' would be just a programmer's favorite, and not seriously click with listeners. However, first week response from listeners is proving me wrong. 'Toto IV' is a deep record from some very talented individuals"...And Bill Simmons, WMYK reports, "Getting good sales already on Toto, which debuted top 10 in retail."

IRON MAIDEN, CAPITOL

Iron Maiden debuts at #48 Index, #50 Metro, a result of three weeks of sustained big call letter interest, spurred by encouraging early retail and a vocal cult. "Run To The Hills" is new at with the title track a distant second...#6 Most Added with 14, including WQMF, WQXM, WLAV-FM, KLOS, KOMA, WYV, WLQ, and KRQR--for a total of 49 FMQB reporters...Increased play on WCCC, WYFE, WIYY, WKZL, WMYK, WMMS, and KMET...Milwaukee still leads the way in retail as Bobbin reports, "#4 sales and the gearheads love it"...KSSR's Alan Sneed reports #32 sales, Dana Jang says, "They continue to show out of the box sales. Their fans out there are really reacting on the phones immediately. I think 'Run To The Hills' is the best track they've ever released."

BUILDERS:

CHARLIE DANIELS BAND, EPIC

The impressive Index momentum continues full speed ahead for Charlie with a 20-12-7 three-week trend. Also up 18-9 for a Metro underline...New on DC101, WHJY, KLOS, WPLJ, and 4 more, for a total of 120 reporters since release... "Still In Saigon" moves 5-2 ...Increased play on WCCC, KILO, WRKK, WPLR, KDKB, KGON, KSRR, WIYY, WMMS, WNEW-FM, KZAP, WAAF, and WYV...Overall we have 13 ups, 7 down, and 19 steady...On the Checklist: 9 not playing, 2 considering, 5 dropping, 19 maintaining and 56 building.

GREG KIHN, ELEKTRA

With a 32-22 jump Index underline, Greg is the biggest Back Page mover this week. Also the strongest Metro gainer with the 31-10 advance...Airplay: 28 steady, 2 down and 15 ups, including WHJY, KAZY, KBPI, KDKB, KDWB, KWK, KPKE, WLUP, WMET, WMMS, WQXM, and WYSP...#8 Most Added with 11 reports, for 108 in the past three weeks...Checklist: 28 maintaining, 40 building, and none dropping, 21 not playing with 11 considering...Sales and phones building on WYFE, WDHA, KWFM, KOMA, WMOJ, KLAQ, and KDKB...Phones up at WRXL, WQXM, WOUR, KLOS, KDWB, WQFM, WRAS, WQDR, with best sales reports from WLQ, WPDH, WBRU, and KZAP.

FRANKE AND THE KNOCKOUTS, MILLENNIUM

Last week's highest debut grabs an Index underline with a 28-23 jump, also hot Metro 27-22. New airplay includes WAQX, KDKB, KRQR, and WTUE for a three-week total of 89. Steady on 43, no dips in play, and up on 10, including WHJY, KSJO, KWK, KZEW, WEBN, WMET, WMMS, WYNF, and WYSP...Checklist: 32 maintaining, none dropping, 30 not playing, 11 considering, and 27 building: Sales and phones: WQXM, WZZO, and WACK...Phones: WDVE, WDHA, KLOS, KSHE, KSMB, WMOJ, KQRS, KBPI, WEBN, and WYX...With sales building at KATT, WLUP, and WNEW-FM...On the Top 100, "Never Had It Better" 38-24, "Keep On Fighting" 61-58.

HUMAN LEAGUE, A&M

The Index held steady at #36, but Metro play had a strong catch-up week, with a 42-33 Prime Move... Another very solid add week: WDVE, WIYY, KSHE, KAZY, and KSRR and 4 more...10 increases: WRAS, KEZY, KILO, WPDH, WQDR, KSMB, KBPI, KRQR, WMMS, and WNEW-FM, no downs, and 22 steadies...Equally impressive Checklist stats: 40 not playing, 14 considering, none dropping, 15 maintaining, and 34 builders: Sales and phones are up at WOUR, WDHA, KLOS, KEZY, WPDH, WBRU, WZZO, KSMB, WRAS, WROQ, WPLR, WQBK, WMAD, WAQX, WSYR, KNAC, WYX, WHFS, WNEW-FM, WBAB, and WBCN... "Don't You Want Me" moves 39-26 ...Comments: Art Phillips, KILO: "If you're still not playing the Human League, you'll be left in the dust. This is a smash"...Bruce Bond, WZZO, "Sales up 23-14"...Dave Kane, WCMF, "Finally made it into a meaningful rotation. The Lp has been top 20 retail for some time now. It received immediate phone response and sounds so-o-o good on the air"...Ed Levine, WAQX, "Top 10 sales this week".

KROKUS, ARISTA

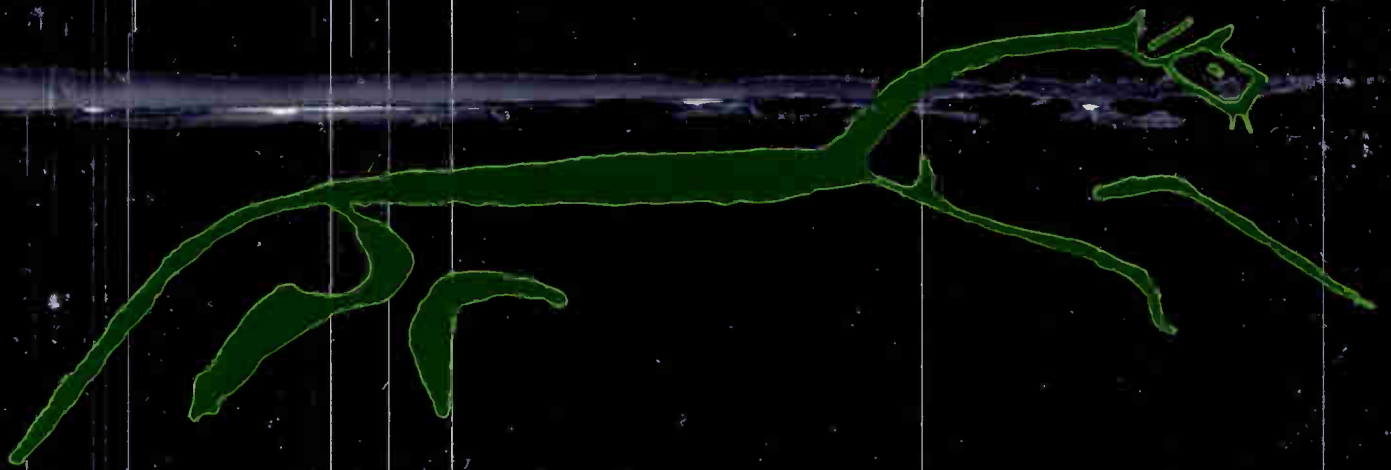

Up 38-35 on the Back Page, to go with a strong Metro surge, 49-38...New on WLUP, WYSP, WPLR, KZAP, WIYY, KNCN, and KICT for 47 in the last three weeks...Ups: WPDH, WYFE, KWXL, WACK, KLOL, WMMS, and WSYR...Steady on 21 more and down on 3... "Long Stick Goes Boom" moves 55-34. Top 20 sales in Houston.

GAMMA, ELEKTRA

It would be nice to feel audience reaction in 4-6 weeks, but face it, many records take longer, with an 8 week hang time of concentrated play on "Right The First Time", we're feeling some real growth as evidenced in the Song Index 9-6, the Airplay Index 15-13, and the Metro Chart 15-14--all upward. Bob Hattrik says, "Showing steady growth, most significantly 18+"...Dave Hamilton, KDWB, "One of our best testing records, across the board, in hottest rotation"...Phil Strider, KBPI, "Phones and top 20 sales, one of our strongest currents"...And Lee Arnold, WQFM, "The request pattern is incredible. Research has started to show a potential smash with top 12 sales following." Moral of story: The opera isn't over till the fat lady sings.

CHAIN REACTION CONTINUED

GRAHAM PARKER, ARISTA

The rounded off edges have made this a bit tougher for album stations, but we have seen a steady build culminating in a #50 Index debut. New on: KLOS, KDWB, WMET, WCPZ, and KNCN for a total of 41 in three weeks. Up on: KWFM, WHFS, WMAD, and KTIM...Dave Benson, WMET, "Graham Parker's 'Another Grey Area' may present a problem to programmers simply because it's a work that stands alone. Comparisons won't help, formulas don't fit, and hit singles don't fall out of the shrink wrap. What you have to do is listen and hear. Having taken the time to do so, we put 'Temporary Beauty' on the radio"...J. David Holmes, KDKB: "A big tip of the hat to the committed folks at Arista for breaking Graham Parker's best ever. This guy is one of the top 5 songwriter/performers around, and I bet 'You Hit The Spot' would be a hit if released as a single."

SIGNIFICANT SONGS

"HURTS SO GOOD", JOHN COUGAR, POLYGRAM

We picked up a ton of positive feedback on this track on our Sampler cassette two weeks ago, and this week that buzz translated into great add activity on the 12" with 48 reports...Feedback: Duke Meyer, WQMF, "'Hurts So Good' has 'killer record' written all over it"...Ted Burton Jacobsen, KKRQ, "Like the Cougar a lot. It deserves all the raves its been getting"...Greg Gillispie, KEZY, "The 45 will be his first legitimate top 10 single"...Steve Feinstein, WYSP, "One of America's most underrated rockers delivers again. It's great to see how he has resisted the easy way out of latching on to a formula. 'Hurts So Good' shows a funky, almost rockabilly attitude and sounds tremendous on the radio"...Stew Schantz, WPDH, "The new song has got to be a hit. We've had phones on it already"...Ron Nenni, WPYX, "It's my favorite new song of the week. I think it's a #1 song and can't wait to hear more from the album."

"STONE COLD", RAINBOW, MERCURY

KLOL's Michele Robinson Sayre calls it "An absolute home run smash" and we second that. This is absolutely one of the best new tracks on the radio...With 36 new adds and 109 in just two weeks, you could say it's closed...New at #10 on the Song Index, and here are this week's raves" Steve Keller, WAPI, "We can't resist the single. 'Stone Cold' sounds stone hot"...J. David Holmes, KDKB, "'Stone Cold' is more than I could have hoped for from this band. Radio and listeners will devour it and still be hungry for more"...Dave Lange, WDVE, "Immediate solid phones"...From Jeff Riedel, KKDJ, "The 12" is excellent. We're really looking forward to the release of the album--Glover's best production work to date"...Already max play on KWK, KPKE, KGON, KLOS, WLUP, WLIR, and WOUR...Heavy play on WMJQ, KLLO, WAQX, WQXM, WYSP, WRKK, WAVA, WLLZ, KQRS, WHJY, KGB-FM, WPYX, WAAF, KSJO, and KMOD. When you get the Lp this week, we also suggest "Bring On The Night".

"I'LL DRINK TO YOU", DUKE JUPITER, COAST TO COAST/EPIC

New on WRKK, WKLT and WBCN and debuts from last week's 12 adds made for a double underline showing, 25-19 Index and 25-17 Metro...Airplay: 36 steady, 3 down, and 11 ups: KWXL, WDHA, KWK, KPKE, WEBN, WMMS, WPLJ, WYSP, KATT, WPYX, and WRNO..."I'll Drink To You" continues to climb, 14-9.

"I RAN", FLOCK OF SEAGULLS, ARISTA

If the name of the band connotes "new wave" or "off the wall" to you, do not be fooled--this is one of the strongest hooks we've heard in weeks, with just enough progressive ambience to make it stand out--probably the most played song in our office. None other than Buck McWilliams, WIOT, testifies, "Without sounding like a promo man, both sides are killers. If you don't hear these, you have ears of tin. This is some of the freshest Atari-oriented rock (great phrase Buck) I've heard"...Dave Logan, WLAV-FM agrees, "Flock Of Seagulls is lush music that shows you can win without bludgeoning"...And from David Filipov at WBRU, "'I Ran' is a very catchy record that gets to you after a couple of listens. Don't let the name discourage you."

"RACE WITH THE DEVIL", GIRLSCHOOL, STIFF

We had two solid weeks out of the chute, with 21 adds including KGB-FM, KRQR, WYSP, and WCMF, then dipped back to 4 last week, and saw the tempo pick up again this report with new air on WYSP, KGB-FM, KRQR, WCMF, WPLR, and WPYX. I noticed a gigantic article in this morning's Philadelphia (not National) Inquirer, and assume the PR blitz in other major markets will work to great advantage. Take a few minutes to reconsider the title track and "Race With The Devil".

"CAT PEOPLE", DAVID BOWIE, BACKSTREET

I'm still convinced this song is valuable for album stations, but unless Backstreet edits that intro, it will take hand to hand combat to spread it further. Looking good on the Song Index, 34-32... Key calls the past three weeks include KLOS, KGB-FM, WIOT, WLAV-FM, and DC101. We'll pop it on next week's Checklist to survey audience reaction.

"I PREDICT", SPARKS, ATLANTIC

We included it on our first sampler cassette, and based on the comments in last week's Sheet and add activity on Rainbow, Toto, Cougar, and Point Blank, we know the cassette was carefully auditioned. I maintain that "I Predict" will stimulate listeners and we're expecting stronger initial radio reception. I can only assume that programmers still have an image problem with Sparks, one that can only be overcome with positive audience reaction. Please let us know if and when your listeners respond, as this is a top Atlantic priority...First week adds include: WHFS, WXRT, WIMZ, WMYK, WCMF, WLIR, WAER, KMJX, KROQ, and WRNW.

"ROADHOUSE BLUES", BOC, COLUMBIA

The 12" hit right at deadline and still picked up KMET, WMMS, KOME, WSYR, WHCN, and 4 more. With the continuing Doors popularity, Robbie Krieger's involvement and BOC's track record, this is certainly a remake to watch.

"HEARTBEAT", WENDY WALDMAN, EPIC

The majority of our reporters had not heard Wendy's latest, probably expecting more of the same old stuff. Those who had listened were impressed with "Heartbeat", complete with the Frampton guitar solo. Well worth an audition. #7 Most Added.

"CRANK IT UP", THE DREGS, ARISTA

We're looking at a 20-13-12 Song Index trend, to go with the 24-21 Index, 26-24 Metro chart action...Airplay: 36 steady, 7 down, and 5 up: KLLO, KEZY, WNEW-FM, WLAV-FM, and WYNF...Checklist: 37 maintaining, 5 dropping, 16 not playing, 5 considering, and 31 building. Sales and phones: KOME, KSRR, WFYV, WZZO, WRAS, WROQ, KLLO, WLUP, and WBAB...Phones: WKZL, KGB-FM, KDWB, WQDR, WKLS, WNEW-FM...With most active sales at WSHZ, WLVQ, WMAD, WMYK, WRKK, WLAV-FM, and WTUE.

JOHN HIATT, GEFLEN

"I Look For Love" leads but as we say "Having Some Fun" is the best song on the record. The Lp may not blow you down on first listen, but if you spin it 4 or 5 times, I promise you'll get hooked.

KIM WILDE, EMI

EMI really wants this record and we feel the international success justifies their expectations. After a number of conversations with MDs and PDs this week, we have to admit we were on Pluto with our preference for "Young Heroes". So now we like "Chequered Love". You want it, you got it.

The most talked about record this week!!

Doug Clifton, KAZY: "Val Garay has produced another song destined to be a smash in 'Only The Lonely.' Other goodies on the album are 'Take The L' and 'So L.A.'"

Dave Logan, WLAV-FM: "Both Tony and I were floored by The Motels album. 'Only The Lonely' has such mass appeal that we can't afford to pass on this one."

Sky Daniels, WLUP: "Record of the week. What's kept The Motels from breaking through? Reference point might be the Talking Heads. For years, no one would touch them, then they have one surprise hit and wham, top 10 time. Programmers were surprised that the audience could fathom that kind of approach. Well, The Motels have the same approach and they also have Martha Davis."

Bob Bittens, WHCN: "Love the new Motels. Martha Davis is a class act."

Roberta Haber, WMJQ: "Martha Davis has a similar sultry smokey vocal style but she can also wrap herself around notes a la Rickie Lee Jones. 'Mission Of Mercy', 'Take The L', and the single caught my ear, but everything on the album is mighty tasty."

Steve Feinstein, WYSP: "The Motels album justifies the critical acclaim they have always received. 'Only The Lonely' has me captivated. I love it, particularly the sax solo. Staff reaction has been strong to 'Art Fails.' We hope this is the one that brings it home for The Motels."

THE MOTELS "All Four One"

Mark Miller, WWCK: "Motels also achieve instant add status with their new one. They are checking in to stay for a long time."

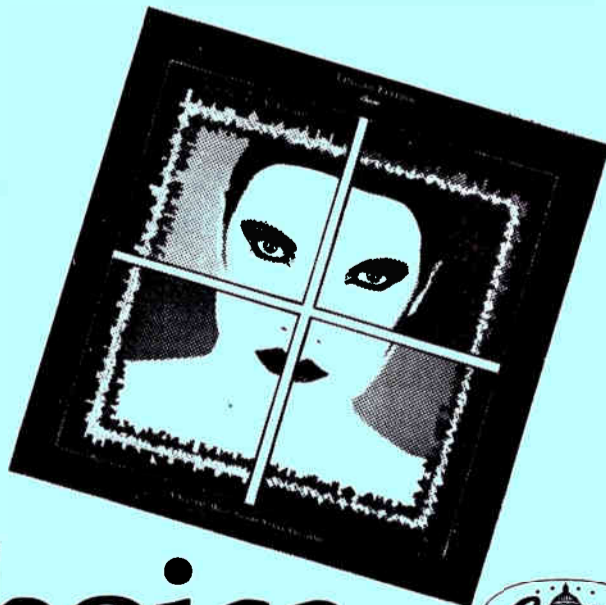

Drake Hall, KTXQ: "Martha Davis' vocals just ooz and she outclasses those other wimpy broads like crazy."

Ted Edwards, WCOZ: "I feel the promise of the first album has been achieved in the third . . . It's a great record. I love the single, and also enjoy 'Mission Of Mercy' and 'Take The L'."

Ray White, WLIR: "My absolute favorite tune this week is from The Motels. 'Only The Lonely' is such a hit ballad and Martha Davis' voice gives me the chills. She certainly knows what she's doing."

Ron Nenni, WPYX: "'Take The L' and 'Only The Lonely' prove The Motels are ready for serious airplay on all formats."

Steve Feinstein, WYSP: "Great timing on the release of Greg Kihn's new one. Its perky power pop is the perfect complement for the high spirit as Springtime weather ushers in. It was such a tossup between 'Happy Man' and 'Testify' that we took the unusual step of adding them both."

Craig Martin, KZOK: My personal favorite of the week is Greg Kihn's 'Testify'. It's a great 3 minutes of rock and roll that grabs you from the opening chords and doesn't let you go until Greg says you can take your shoes off."

Dana Jang, KOMA: "Greg Kihn is just a smash in this area. Sales are right into the top 15."

Rob Roman, KLAS: "Kihn is happening here. Getting definite reaction and sales just starting."

Bob Hattrik, VP/National PD Doubleday: "Gamma showing steady growth this week, most significant strength 18+. Looks good."

Sky Daniels, WLUP: "In recent weeks we have seen that Gamma's 'Right The First Time' is making itself more powerful with each play. Whereas it sounded 'right the first time', it sounds greater each time after—a dramatic increase in play."

Dave Hamilton, KDWB: "One of our best testing records across the board; in our hottest rotation."

Jack Snyder, KMET: "Gamma's 'Right The First Time' is turning into a ramma-jamma at KMET. Now into max airplay."

Phil Strider, KBPI: "'Right The First Time' is provoking phones and top 20 sales. It's developed into one of our strongest currents, now in our hottest rotation."

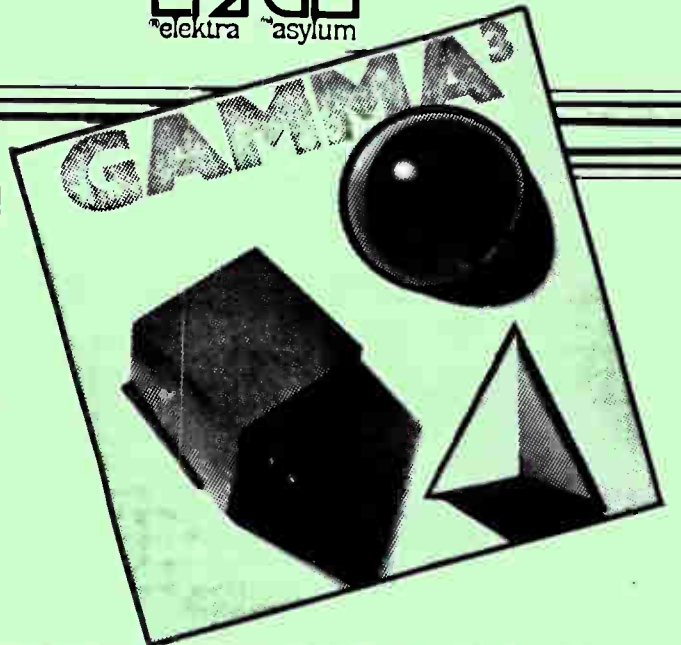

Lee Arnold, WQFM: "The Gamma request pattern is incredible. Research started to show a potential smash record with top 12 sales following. This could be a major hit record."

Joe MacCabe, KYYS: "Request pattern building each week. 'Right The First Time' is a power track in max rotation."

Roberta Haber, WMJQ: "Listeners are starting to call and ask who the band is that's doing that great song, 'Right The First Time'. Just a matter of time until that translates into sales. Response has been so good, we moved it to heavy."

Radio Action

JOE BONADONNA: "I've decided to take a leave of absence from being WMMR's Music Director. During the last two years, the station has enjoyed being the highest rated album rock station in the city and probably one of the leading album stations in the country. I'm very proud of that record, and I'm sure the success will continue. I'd like to thank Charlie Kendall and the WMMR management for giving the kid a break. They are the best. I'm stepping down for personal reasons--I need more time for myself and want to concentrate more of my energies into the primary responsibilities of my air shift."

WMET, CHICAGO, IL M.D.-DAVE BENSON: "WMET Adds: Jethro Tull and Graham Parker...Tull's latest does more for my ears than many of the previous Tull Lp's. Our phones indicate an eager reception to Ian Anderson and friends. Our cut: 'Fallen On Hard Times'...Graham Parker's 'Another Grey Area' may present a problem to programmers simply because it's a work that stands alone. Comparisons won't help, formulas don't fit, and hit singles don't fall out of the shrink wrap. What you have to do is listen and hear. Having taken the time to do so, we put 'Temporary Beauty' on the radio...Sales Story: Go Go's, Police, Scorpions, J.Geils Band, and Asia make the Top 5...I could write a book about what I heard, saw, and felt at last night's Rickie Lee Jones' concert. It was Rickie on the highwire. We held our collective breaths when she slipped and nearly fell, cheered her on when she attempted amazing musical feats and succeeded, and rose to our feet as she finished a musical evening which I'll never forget."

KBPI, DENVER, CO M.D.-JOE FOLGER: "Jethro Tull's new album brings out the 'Beastie' in me...Frank, thanks for the Burton Cummings album...Linehan: The ZZ Top promotion was excellent. You are to be congratulated. It was fun meeting the band members from Prism, Le Roux, and ZZ Top in one night."

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: "Three real good adds this week. First of all, Roger Daltrey. Not 'Madmen', but rather, we're playing: 'Say It Ain't So Joe'. It's a fine song that originally came out on 'One Of The Boys'--sounds just great with the new mix! Daltrey's easily identifiable vocals will get instant recognition with listeners, and the entire 'Best Bits' collection is sure to please Roger's fans...We also went on: The Dregs, with Alex Ligertwood on vocals. What could be more natural for rock and roll radio than to play a song like 'Crank It Up'? This track may cause speakers to be blown out all over the city...And finally, my personal favorite of the week: Greg Kihn's 'Testify'. While overall I don't think 'Kihn' is as good of an album as the last, 'Rockinroll', or my favorite 'Next Of Kihn', 'Testify' is a great three minutes of rock and roll that grabs you from the opening chords and doesn't let you go until Greg says you can 'take your shoes off'. To be honest, if the song has you dancing around like it should, I'd prefer you'd leave your shoes on."

KDKB, PHOENIX, AZ M.D.-J.DAVID HOLMES: "My personal rave of the week: The new ones by Dave Edmunds and Haircut One Hundred... 'DE7' should have a positive effect on Edmunds' career. A record with songs that are instantly singable. 'Generation Rumble', 'Other Guys' Girls', and the Springsteen tune are the first three that I hear, but a question. Why does Bruce Springsteen seem to give away some of his best songs?...We added: 'Love Plus One' by Haircut One Hundred, and when radio gets behind this song, it will happen big. I foresee album radio's pressuring Top 40 on this one...A big tip of the hat to the committed folks at Arista for breaking Graham Parker's best ever. This guy is one of the Top 5 songwriter/performers around, and I bet 'You Hit The Spot' would be a hit if released as a single...Rainbow's 'Stone Cold' is more than I could have ever hoped for from this band. Radio and its listeners will devour it and still be hungry for more...Finally, will somebody please leak the McCartney album to me? Not for airplay, but for personal listening. I'm tired of hearing how great or not great it is--I'm dying to hear it now."

KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL: "No time for comments this week. I gotta clean up my office before the owners get in."

KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE: "I saw some wonderful shows last week. My favorite of all being Chubby Checker. What energy, what excitement! I can't remember when I've had such a good time at a concert. Another was Donnie Iris, opening for Hall And Oates, who put on a superb show, too. Opening for another band can be real tough. He made it look easy. In another vein, the lovely and charming voice of Melissa Manchester with a George Gershwin medley that would make you cry...Onto albums. According to every jock at KLOL, Rainbow's 'Stone Cold' is an absolute homerun smash. They all love it. Reaction is real good. I can't wait for the rest of the album...The Point Blank album is doing real well for us. 'On A Roll' and 'Let Her Go' are both on and sound great. Drake Hall and I disagree as to which cut will end up as the lead cut, but we'll have to see...My only add this week was: Toto's 'Rosanna'. That's my favorite cut off the album, and the one I think will sound best on the air...Seeing strong sales on: Asia--almost Top 10; Scorpions; Soft Cell; Human League (I'm trying, Don); Krokus; and, the Dregs...Many thanks to: Drew Murray for seeing to it that our Rush promotion went smoothly. We took some listeners over to Lake Charles, Louisiana to see Rush on one night of their two-week quick tour which wasn't heading to Houston. They all had a great time."

KOME, SAN JOSE, CA M.D.-DANA JANG: "Great comeback from Jethro Tull, particularly Side One. 'Fallen On Hard Times' and 'Beastie' are my picks...Iron Maiden continues to show steady out-of-the-box sales. Their fans are really reacting on the phones immediately. I think 'Run To The Hills' is the best track they've ever put out...Michael Schenker is doing really well in import sales, probably one of the top imports at the rock accounts (Live at Budokan)...Getting several good sales reports on: Toto. And already some good phones on 'Rosanna'...Getting a few sales on: Krokus at the rock accounts...Bonnie Raitt is holding steady after area appearances--also increased play...Still some sales on: "Still In Saigon"--some phone activity...Waitresses showing same kind of phone pattern as Josie Cotton--early 20's demos and spreading to teens...Greg Kihn is just a smash in this area. Sales right into Top 15...Scorpions still doing great with Top 10 sales."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Love the Motels, that bitch is nasty. I'll never forget that night in the Casbah--Sorry about that guitar player. But all kidding aside, Martha Davis' vocals just ooze, and she outclasses those other wimpy broads like crazy. Now if we could only get her to Estee Lauder Makeup School. Lighten up on the eyeliner, dear. Gray is not in this year...Added the Outlaws. I suppose people want to hear it...Also went with the Cougar single. Mr. Mellancamp should break thru. He's been on the edge for some time, and the cat deserves some attention...Great phones on: Point Blank 'Don't Look Down'. Playing 'Great White Line' with that 'Freebird' cop, but I just don't think that's the tune. 'Don't Look Down' really sounds tits up to me...God almighty, this Iron Maiden record is music to rape the babysitter by--maybe do a little amateur axe surgery. Great phones. Can't wait to sit in the front row, eat some disco biscuits, and throw up on my new shoes...And speaking of vomit, we have learned that Krokus is the Swedish word for puke, as in 'I drank too much Molson's and krockused on my date's face last night' (and she got all the big pieces, dammit!!)...The Blue Oyster Cult/Robbie Krieger thing is a gem--it jumps out of the car radio. Nice edit, Rap...The Greg Kihn sounds great--real comfortable, like it's been around for years...Franke & The Knockouts sounds so good, it's almost familiar--and you can't beat that...Sales: Asia Top 5 after three weeks; great sales on the 'Secret Policeman's Other Ball' album; also consistently good sales for Huey Lewis & The News--heavy action there...And 'Man On The Corner' has picked up sales for Genesis quite a bit."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "The Motels' album justifies the critical acclaim they have always received. 'Only The Lonely' has me captivated. I love it, particularly the sax solo. Staff reaction has been strong to 'Art Fails'. We hope this is the one that brings it home for the Motels. By the way, Robert Hilburn's L.A. Times article is mandatory reading for a good overview of the Motels' history...One of America's most underrated rockers, John Cougar, delivers again. It's great to see how he refuses to succumb to the easy out of latching onto a formula. All of the lead tracks on his album ('I Need A Lover', 'This Time, Ain't Even Done With The Night') have shown his different sides. 'Hurts So Good' shows a funky, almost rockabilly attitude, and sounds tremendous on the radio...The Bone/Hock duo has made me a believer in Krokus...I told Jimmy Mack that there was no way America would accept an all-female rock and roll band when he tried to sell Girlschool to me. He kept mentioning something about a group called the Go Go's???? So, we've decided to give 'Race With The Devil' a shot, and tweak the memories of all those Gun fans out there...We upped the Greg Kihn this week. It's great to see a trooper like Greg do well...Also upped: The Rainbow and Scorpions. Both of those records may end up losing our lease, because I have a tendency to turn them up to bone-crunching levels and annoy the insurance salesman underneath us...At Home Listening: Richard and Linda Thompson (thanks to Joel Webber); Graham Parsons and EmmyLou Harris Live (thanks to Ray White for the tip); 'Words' by Missing Persons; Dave Edmunds, whose record collection I'd love to see; Graham Parker's 'Temporary Beauty'; XTC; and yes, even Haircut One Hundred, Robyn Kravitz...Glad to hear that one of the finest stations in the country, KROQ, is on The Call...Philadelphia is still in the grips of ASIAN fever. #1 in sales and tons of calls for it--will be on Rockline this week...Nice talking to Don Bernstein from Rainbow's office...Good Sales On: Tommy Tutone, Scorpions, and Huey Lewis & The News...Our Top Five: Joan Jett, Asia, Journey, Soft Cell, and Go Go's."

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "Adds: John Cougar, 'Hurts So Good'; and, Human League, 'Don't You Want Me'...Up In Rotation This Week: Tommy Tutone's 'Jenny' goes into hot rotation. Up from light to medium play is: Aldo Nova, 'Fantasy'; Greg Kihn Band, 'Happy Man'; Dwight Twilley, 'Somebody To Love'; and, Asia, 'In The Heat Of The Moment' was added along with 'Sole Survivor'...Retail: #1 Joan Jett, #2 J.Geils Band, #3 Rick Springfield, #4 Asia, #5 Simon And Garfunkel, #6 Police, #7 Sammy Hagar, #8 Soft Cell Ep, #9 Cars, and #10 Go Go's...Major Retail Moves: Tommy Tutone #15-#11...Requests: Besides the usual hot stuff, Loverboy 'When It's Over' is getting a better response than 'Working For The Weekend' originally got...The same story goes for 'Since You've Gone' from the Cars...Aldo Nova's 'Fantasy' gets more requests the more we play it. Retail looks good, Aldo at #12 this week...Others picking up momentum on the phone: Prism and Toto...Projections: The new Motels 'All For One' is fresh, exciting, and the best new release I've heard in quite some time. Val Garay, who had so much success with 'Bette Davis Eyes', has produced another song destined to be a smash in 'Only The Lonely'. Other goodies on the album are: 'Take The L' and 'So LA'. This one will get maximum spins on my home turntable and, hopefully, will be an add for us next week. Right, Rich?...Still looking at: Dregs, Rainbow, Point Blank, Jethro Tull, and Graham Parker...The FMOB Sampler is a great idea. Hope to see more...Coming next week, I'll look at the first quarter of 1982."

WBCN, BOSTON, MA ASSOC. M.D.-RAZ: "I personally loved the new Motels record 'All For One'. Just listen to Martha Davis' phrasing. Listening to the screaming guitars from hell on 'Mission Of Mercy' requires a tongue depressor and a beach towel. The single 'Only The Lonely' is just wonderful. 'Tragic Surfing' is also a killer. Val Garay produced the record. Give it time...Andy Philpot of Atlantic Records: Your idea of a Sparks 'Angst In My Pants' listening party at a strip joint was novel. I got off on 'I Predict', Sparky got off on 'Lola'...'I Want Candy' by Bow-Wow-Wow is going to surprise a lot of you...To WBLM: We like the idea of a WBCN bumper sticker on your station's marquee. People in Maine are so-o-o friendly."

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-GREG STEVENS: "WYNF has a rare full-time opening for rare talent. Male or female, equal employment opportunity, etc. Send a tape on cassette and resume to: George Hawras, WYNF, 504 Reo Street, Tampa, FL 33609. Also need part-timers."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "Let me just say that for the past two weeks it may have appeared to many of you that I was out to lunch, virtually missing from phone conversations, from the Hard Report, confusing people's names and generally acting like a fool. But that's all over. Now that the 1982 Fool's Day Parade is in the past, hopefully, I can get back to business as usual...Next, a few new records I've put my ears to, and I'll go out on a limb and name some trax: I think 'Watching Me Watching You' is the tune on the new Tull record...Go after 'Rebel Girl' on the Outlaws...Point Blank might continue with the energy they had on the last record. I know that's why they think they're on a roll...Greg Kihn showing strong early retail. No real action on the phones yet, but it's really too early to tell...I'll be very disappointed if the Rainbow single doesn't go all the way...Asia is a retail monster--great phones. A superior project in every respect...A good radio song from Franke & The Knockouts. Not sure how much sell-thru we're gonna see. Don't get me wrong, not saying it won't happen, just think it's the kind of act that might do better on the radio than they do in the record stores...Starting to see a little dip in Gamma...Surprisingly enough, there's some negative reaction to 'Long Stick' from Krokus. But retailwise, the record is doing quite well...I think 'I'll Drink' from Duke Jupiter has some legs. We're having great success with it in our research--not very visible in calls and sales yet...Scorpions is my fave rave--love it...Considering: Still keeping a close eye on Toto...Very much behind XTC 'Senses Working Overtime', and think it's only a matter of time."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "I'm going to Chicago Friday to see Sammy Hagar and Aldo Nova, and I'm real excited about that!!!...The Outlaws--Boy, did these guys change their act! Seems like they've hardened up, and I hope people are willing to bend and change with them. Like the forceful vocals on 'Don't Stop'...Rainbow's 'Stone Cold' is probably going to be a stone smash. Very Foreigner-esque...Jethro Tull is also in. Sounds like the old line Tull that people 25-34 know and love. Kind of a throwback to some of the older material...And the David Bowie 'Cat People'--I love that song. We're playing the album version, and we've edited the intro...Greg Kihn starting to kick in, #26...Asia is #1 this week--just incredible!...Loverboy still exploding after all these weeks--#2 sales...#24 for Krokus, with 'Long Stick Goes Boom' also now in rotation...Still some stock problems with Franke & The Knockouts...Top 30 sales on: Gamma...Increased play on: Huey Lewis--Top 16 sales...Charlie Daniels Band debuted at #14--that's pretty good...Toto at #11, Scorpions #9, Sammy Hagar #5, and Iron Maiden is #4 (the gearheads love it)...Considering: John Cougar and the Motels."

WLUP, CHICAGO, IL M.D.-SKY DANIELS: "Record Of The Week: Motels, 'Art Fails'. Answer: Intelligence in depth. Question: What's kept the Motels from breaking through? A reference point might be the Talking Heads. For years, no one would touch them. Then they have one surprise hit, and Wham, Top 10 time. Programmers were surprised that the audience could fathom that kind of approach. Well, the Motels have the same approach, and they also have a Martha Davis--and now she's single (I don't even want to think about it)...In a similar note, I heard the new Blondie. One cut, 'Warchild', is a hard rocking, over the top, production...I'm still seeing red after a weekend in L.A. with Sammy Hagar. A sold-out sports arena riot. Congrats to: Ed Leffler, David Geffen, and J.D. Kalodner... In the formula rock department, two new contenders: RPM has a couple of great tracks, 'Rendezvous' and 'A Legend Never Dies'. A similar track from Stranger, 'Jackie's So Bad', produced by Tom Werman of Molly Hatchet and Cheap Trick fame. This one has typical polish and power from Mr. Werman's hand... I raved about Survivor's original version of 'Rebel Girl' years ago, and now the Outlaws have fired their brand to the tune. What Jim Peterik did for 38 Special and Sammy, he now does for the Outlaws... Speaking of 38 Special, you won't believe the new album. It's the Cars meet Skynyrd--a hybrid evolution of Southern rock...Finally, a heartfelt thank you to my Grand Rapids schpeen."

KSRR, HOUSTON, TX P.D.-ALAN SNEED: "We like the Tull 'Falling On Hard Times' a lot--the most melodic of the songs...The Outlaws 'Don't Stop' has good energy...We've decided to jump on the Human League. We tested it last week and got great positive response...We also added: A single by a local artist, James Anderson...Good sales debuts for: Krokus #20, Iron Maiden #32, Point Blank #36; and, a little bit of early life on the Toto #40...Good retail on: Rick Springfield 25-12-10 track record, but we're still scared to death of the artist, especially after the Cheryl Ladd Special...J.Geils Band, Go Go's, Joan Jett, and Loverboy remain #1-2-3-4 in rock album sales...Asia has moved 34-17-12, and it looks like the expectations are justified--great phones, too...The Soft Cell is hanging in nicely... We're getting tremendous young male phones on: Jay Ferguson's 'White Noise'...Duke Jupiter plays the market tonight. We still think 'I'll Drink' is a great turntable record."

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "There are some real gems on this new Jethro Tull album. The song I like best is 'The Crisp', with Ian's use of the old sonovox voice--like he did in 'Aqualung'. Brings back fond memories...'Great White Line' from Point Blank is the leader for the band who almost did it last time with 'Nicole'. This time it looks even more promising...And I finally joined the League. Yes, I am human. 'Don't You Want Me' is just too infectious to hold off any longer...Lots of new stuff to listen to this week. I'm impressed initially with the John Cougar, and the new Outlaws sounds good...Good reaction to: Rainbow. Phones right now mostly...Good reaction on: David Bowie. We edited the intro and it sounds fine...Scorpions seem to light up the phones a whole lot right now...Asia soars to #1 in sales here."

KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON: "Requests: #1 Loverboy, #2 Sammy Hagar, #3 Aldo Nova, #4 Scorpions, #5 Joan Jett, #6 Angel City, #8 Krokus, and #9 Girlschool...Sales: #1 'Chariots Of Fire' Soundtrack, #2 Scorpions, #3 J.Geils Band, #4 Sammy Hagar, #5 Aldo Nova, and #13 Asia...Thanks to: Paul Rappaport for a long overdue visit to the Rose City--a classy evening--and for arranging an interview with Peter Wolf...It's all happening here in Portland. It's KGON concert month: J.Geils tonight, and Johnny And The Distractions come home to open the show...Angel City for two shows next week. We're doing a 'Fashion And Fame' fashion show at Tower Records, with the band and station personnel judging...Rising Star Contest on the 21st with Girlschool...And, a Stevie Nicks simulcast on HBO. It's gonna be big...KGON is planning an awesome fund raising event for the Fall. Record reps, can you help funnel some rock artist paraphernalia to us so we can raise big bucks for this important event?...To Bone: Don't stop."

KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT: "Congratulations to us, and I can't think of a hard-working team of people who deserve it more. KGB-FM climbs 8.2 to a 9.1 to maintain our #1 12+ status. Cool, huh?... In other business, had a great dinner with Susan Lynch and her boyfriend, Larry, and the charming Paul Collins...Saw Johnny And The Distractions last Friday and they were brilliant. Much improved over the show I saw in Seattle several months ago, which knocked my socks off as it was...Also, thanks to: Kelly at RCA for the X-rated photos with me and Rick Springfield...I love the new Motels record. 'Only The Lonely' is gonna be a smash hit...To all who aren't playing Toto's 'Rosanna', big wet noisy raspberries!!! ...The Gamma record sounds great on the radio. I'm sure that it will work for all formats, and urge people to stay committed...I also recommend: The Scorpions, which is working real well for us."

 WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "With the release of the Outlaws new album, you might expect us to add it, considering the fact that they are a Tampa band. But, to be honest, their being a local band made me listen to it with a much more critical ear, and what I heard surprised the shit out of me. For starters, 'Don't Stop' sounds like nothing the Outlaws have ever done--not even what you would expect them to do. And by virtue of that alone, it makes it incredibly easy to play. From the moment it hit the airwaves, the phones have been extremely positive and I think I'd have to concur. I also like their version of 'Running'. I feel Arista would be making a large mistake if they overlooked the single potential of this cut. I would like to also wish Billy Jones a lot of luck in his future endeavors. As for the Outlaws, they won't need any luck. It's destined to happen...Jethro Tull's 'Beastie' is already pulling incredible phones. The album's not in the store yet; but, if it were, I'm sure it would be selling in our Top 10...Point Blank's new album 'On A Roll' was an appropriate title following the success of 'Nicole'. 'Let Her Go' should keep the band on a roll for some time to come...Iron Maiden will keep the grunge rockers happy, although it makes me want to hide under my desk...Saleswise: Asia moves into our #1 position this week. And I believe it'll stay there for some time...The Scorpions continue their solid sales growth; as does Aldo Nova...And once again on Rainbow, as I mentioned last week, 'Stone Cold' is destined to put Blackmore back at the pinnacle of success that he had attained with Deep Purple. Judging from the phone reaction, our audience agrees."

WMYK/WZAM AM, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "The Motels have produced an album that I could hear on the very first listen. Already listening to 'Mission Of Mercy' over and over again. Also like 'So L.A.'...The Outlaws seem to have molded their sound to fit today's straight ahead rock and roll trends. 'Don't Stop' is sure to be a phone-grabber...Getting good sales already on Toto which debuted top 10 in retail...Asia moves up to #1 retail this week...Also getting good sales on Iron Maiden."

WAPI-FM, BIRMINGHAM, AL M.D.-STEVE KELLER: "How about that Ian Anderson? Is this son of a gun throwing smoke this Spring, or what? There are a couple of little off-speed things in there, but after the last one, hey, we're talking Cy Young award. Nice to see Martin Barre producing again. We'll go with 'Fallen On Hard Times'...In goes Iron Maiden this week as well, even though we taped up the front cover so we don't have to look at that ridiculous little cartoon...Point Blank seems destined to leave that small time Texas band image behind. No more gymnasium for you guys, huh? We're jumping on the 'Great White Line' and hitting it hard. Sniff...We couldn't resist the Rainbow single either. 'Stone Cold' sounds stone hot. Should do well...Aldo Nova won't quit. It's top 10 sales and #2 request here in Birmingham. Not bad for an undergrown Cannuck down in Southland...Who are these Asia guys anyway? They're top 10 sales as well as #3 requests...Now what's all this noise the boys on the white horses at Warner Communications are making about a tax on blank cassette tapes? Now before you knights draw your swords, a couple of questions need to be asked. I'm not doubting that some blank cassettes, maybe even most, are used to record albums, thereby taking away from some sales. But who's going to gather this tax? Who's going to distribute it? And who's going to get it? Before we start banging on the walnut doors in Washington, let's get some very basic questions answered. It's my opinion that the little guys in the recording industry, i.e., the new artists, should come away with a lion's share of this proposed tax. They're the ones really suffering from low album sales. And I have a feeling that not many people buy those records because they can tape the one or two tunes that get airplay off of somebody else's. Besides I run through a lot of cassette tapes myself. I don't necessarily record albums; I use them for airchecks and things. I certainly hope you are going to exclude me from this little tax scam. Is Warner's going to pay a tax on tape? You guys buy blanks, too...Love and kisses."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "Happy Passover and Happy Easter to all the goyim out there."

WFYV, JACKSONVILLE, FL M.D.-CHARLIE LOGAN: "Okay, okay, has somebody decided that Logan is the name to have in radio? I mean, before I got into radio, I had never met anyone with my last name, even though the Logan list was kind of long in the NYC phone book. But now, there's John Logan; Dave Logan, myself, and now there's another: Jane Logan at KSAS. Gimme a break will ya! Just for the record, I'm Charlie Logan, a sort of crazed long-haired NYC boy gone South for the sun and sensi...On to music. I'm blown away by The Motels. Damn, Bill, you sure have good taste. 'Only The Lonely' is a mainstream beauty while 'Mission Of Mercy' and 'Take The L' simply floor me. Understand now, our playlist is real tight and there are some quality records lined up ahead of this for airplay, but hopefully, down the line---maybe---please...Adds: Jethro Tull, dull turns to Tull with a strong effort. Classically Tull, from the medieval image and sound to the development of the concept. Mr. Bill is right on the button again. 'Beastie' is a beast of a tune, so we'll start with that...Iron Maiden beats out Krokus for the heavy metal add of the week. A la the Scorpions, the cult is already blowing out the phones for this one. We'll use 'Run For The Hills' to start...The Outlaws drop a guitarist and get an out-of-the-box add. I find the tried and true Southern Rock format extremely boring, but our audience should eat it up...Up Your Rotation: CDB and Scorpions to heavy...Joan Jett returns to heavy with 'Crimson And Clover'...Rick Springfield is now 'Calling All Girls' and, unfortunately, Huey Lewis gets the axe and goes back to working for a living."

KZAP, SACRAMENTO, CA M.D.-BOB KELLER: "My ears are still ringing from the J. Geils concert we saw a couple of nights ago. What a fine show! Johnny and the D's opened up, and I was quite impressed, never having seen these guys perform before. Amazingly surprised at all the energy and pure rock and roll commitment that this act presents. Of course, J. Geils was excellent, as everybody expected they would be, and came back for too many encores to even count. They rocked all night."

WRKK, BIRMINGHAM, AL P.D.-DAN BRENNAN: "Good activity in sales and requests on the new Charlie Daniels particularly 'Still In Saigon'...Also on Aldo Nova and the cut 'Fantasy'...Not much happening with our listeners on Rick Springfield's newest, yet...XTC is beginning to pull some requests...Good sales still on the J. Geils and Rod Stewart albums...The new Dregs looks like their strongest yet...Go Go's holding on to the top spot on album sales activity here...The new Jethro Tull sounds like classic Tull with a slightly modern twist, and should do extremely well."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "It's very difficult to choose a particular track on the Tull album. I'm glad to see the group is sounding like Jethro Tull should sound. It scored the best on our Listener Advisory Board...If you're not playing 'Rosanna' from Toto IV, you will sometime soon...The David Bowie 'Cat People' tune is not a drag, it's all part of the Bowie finesse...Ozzy Osbourne returning on the road and got started in Allentown. I respect the man. He signs autographs for anyone, and he dropped by the studio and bitched about how the press (especially in Boston) is printing lies of how he eats or destroys animals on stage. I see his point, but go see his show anyway...Thank you Biff for your help, and Happy Birthday...I met Rick Springfield. His show wasn't bad. The volume of his music was okay, too, but the high-pitched 13 year old girls made me deaf for half a day...In sales, the Human League went from 23 to 14, Tommy Tutone from 22-16, Iron Maiden 37-20, Gamma 45-34, and my faves: Susan Lynch from 30-27 and XTC from 34-26...The top phone reaction for the week was: Ozzy, Soft Cell, Joan Jett, Aldo Nova, Krokus...Soft Cell goes to heavy...Tommy Tutone will soon have my home phone number...I can't tell you how much I'm into the John Cougar song. We've already been getting positive calls... Finally, I'm disappointed with the McCartney album. I heard WMMR's World Premiere and I wish I could hear another 'Band On The Run', but I guess he's into the mellow sound...Personal to Joel Webber: Call me whenever you're depressed...And P.S.: I'm sick of SNOW!!!"

WTUE, DAYTON, OH M.D.-JIM KINNEY: "Adds this week include Franke And The Knockouts, Toto, David Bowie, and The Little River Band 45...Franke And The Knockouts has superb material. I liked the last album a lot, but I can't fault them for making the move that they did. We like 'Never Had It Better' much better than 'Fighting'...I still have lots of question marks about the Toto album. But we do think 'Rosanna' is going to do well as a single. As far as the rest of the album goes, I just don't think they have the knack for writing like they did on the first album. There's no question that these guys are the best musicians in the business, but it's got to be in the grooves...The David Bowie tune grows on you. We're gonna give it a try...We had a lot of luck with 'Night Owls' by the Little River Band, we skipped the second single, and now 'Man On Your Mind', we think, is gonna work well. If you played 'Night Owls', you really should check this track out...Asia and Joan Jett are tied for #1 in sales... Rick Springfield is #4, Scorpions up to #17, Huey Lewis and Sammy Hagar are tied at #20, and the big move of the week (besides Asia), goes to the Dregs, they are just outside the top 20."

KEYZ, ANAHEIM, CA M.D.-LARRY REISMAN: "Adds: The Motels, Jethro Tull, Outlaws, Rainbow, and Charlie Daniels...This is a great week for new music with some semi-established bands releasing their most commercial product ever. My favorite of the bunch is The Motels. This is by far their most accessible album yet. The first three cuts on side one are killers. It's hit single time for The Motels, for sure. I think the change in producer really helped out a lot. Val Garay cleaned up their sound so that anyone can play The Motels, Top 40 or album rock...The Outlaws don't sound quite as Southern as usual, just straight ahead rock and roll. I like 'Don't Stop' and 'Rebel Girl'. The Outlaws have done very well in the past, but this one should make them much more mass appeal. They have a much wider variety of musical style. Their biggest mistake right now is touring with Black Sabbath...Two killer cuts this week are Rainbow's single, which should put them into Foreigner's class, and Jethro Tull's 'Beastie' which I think is the hottest Tull track since 'Aqualung'...Top five sales: J. Geils, Asia, Joan Jett, Vangelis, and Soft Cell...Iron Maiden is debuting at #21, Toto at #29, Bonnie Raitt at #30, and Charlie Daniels at #31...Attention all record promoters: KEZY now has a Los Angeles programming office, so if you don't want to drive to Anaheim, you can come see me there. I'll be keeping hours there each Thursday so call me at the station in advance for an appointment. The address of our LA office is 1258 N. Highland Ave. at Fountain, in the heart of beautiful downtown Hollywood. We are also set up there to do interviews, so let's get some going."

WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "Just one comment before I complain about the weather. One record that keeps growing on me is Graham Parker. Aside from 'Temporary Beauty', 'No More Excuses' and 'You Hit The Spot' are exacting, chilling, and especially melodic Parker numbers. While 'Fear Not' is plain old rave up rock and roll...I can't believe the weather up here. Thunder and lightning, a blizzard-fucking amazing. But it will be sunny and 70 by the time this hits the press if I know New England...Look for The Motels album to score heavily on all charts...And finally, A Flock Of Seagulls 12" especially 'I Ran' is a very catchy record that gets to you after two or three listens. Don't let the name discourage you...Merry Christmas."

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "I love the new Motels. Martha Davis is a class act. I just hope that she's not too classy for the average American schmo. Personally, I think they can handle it... Ian Anderson hasn't done anything new in years, but somehow his fans keep sticking with him, so who am I to argue with them. Jethro Tull gets added this week at WHCN...Gotta keep it short this week. I'm headed home before even my skis won't get me there. Anybody in the sun belt feel like trading places with me?"

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "Greetings from Ice Station Zebra. Ah, April in upstate NY. The icicles are in bloom...This week's album to shout about is the new one from The Motels. I must have been in a coma when the last one came out, but I'm not gonna let this one slip by. Pretenders comparisons are inevitable. Martha Davis has a similar sultry smokey vocal style, but she can also wrap herself around notes a la Rickie Lee Jones. 'Mission Of Mercy', 'Take The L' and the single caught my ear, but everything on the album is mighty tasty...With the release of every new Tull album, both radio and record people hope that this will be the one to recapture their past glory. 'Broadsword' has a fair shot at doing just that. It has that old English feel that has always been Tull's trademark and yet it rocks. Anderson delivers his best vocal performance in years...Let me join the chorus of praise for the new Point Blank Lp. Just like 38 Special, they've realized the macho Southern boogie stuff is kind of limiting. Last year's 'Nicole' proved that. Great hooks and clean, bright guitars are everywhere on this one. The chorus on 'Don't Look Down' will knock you flat. The title cut is pretty sharp and the druggies will love 'Great White Line'...There's a special place in my heart for John Cougar. We both did time in the great State of Indiana and made it out alive. If 'Hurts So Good' is any indication, his new album will be a killer. I like everything about this song, especially the strong gutsy vocal. Who says there isn't life after the Midwest?...MJQ social notes: It was quite a rock and roll weekend. Paul Babst and Joe Raccuia from Action Music, and Andy Miehle from Passport treated us to a lovely dinner and then it was off to catch the Lydia Taylor Band at a local club. This group is even better live than on record. Catch 'em if you can. Thanks to all involved...Saturday night it was who's who in rock and roll at the Syracuse Carrier Dome for Foreigner and Bryan Adams. It was great renewing old acquaintances and finally meeting some folks in the flesh, including Tommy Nast (such a nice fellow. Why does everyone call him nasty?). Thanks to Ted Musarro (Atlantic) and Don George (A&M) for the tickets and the good times."

NILS VON VEH: "Now that I've had a few weeks to relax, I'm in a much better state of mind to write some farewell comments. I've been contributing to this Sheet for well over three years, so before I slip back into my 'sabbatical', I wanted to say a proper goodbye (at least for the moment). One of the most positive aspects of the whole experience has been the tremendous support of so many people. I'd like to thank each and every person who shared their support and friendship with me throughout my stay at KZOK. For special inspiration above and beyond the call of duty, I would like to especially thank: Mr. Bill (for always exemplifying class and smarts in a very jive world), John Sebastian and David Gariano (and associates), Susan and the girls (for their patience), Frank Cody, Tommy Hedges, Jeff Pollack, Tom Yates, Mike Harrison, and Denton Marr (for making me want to be a P.D. in the first place), Norm Gregory (for giving me the opportunity), Darrell Martinie (for helping me figure out what things I can't control), Sean Coakley, Paul Zullo, Ricky Schultz and Andy Denmark, Mike Bone, George Taylor Morris, Jon Scott, Judy Libow, George Gerrity, Jerry Jaffe, Katie Ingram, George Meier, Judy McNutt, Sue Brett, Debi Lipitz, and countless of other special people in radio, records, and management for helping me make all the B.S. worthwhile. And last, but not least: Beau, Steve, and the crew at KISW for being such creative, tough competitors (honest)."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Have I got a tune for you. Finally, the Flock Of Seagulls Ep is here. And without sounding like a promo man, both sides are killers. If you don't hear these, you have ears of tin. And if you think you might have an image problem, announce the title and forget the group's name. Either way, this is some of the freshest, Atari-oriented rock I've heard...The Outlaws album is on the loose. We've narrowed the choice down to 'Rebel Girl', with others just begging to be played...Jethro Tull's new album 'Too Old To Be A Minstrel Living In The Woods' has one good tune called 'Fallen On Hard Times'. But if this bearded chain smoker doesn't come out of his shell and off his farm to the real world, his music's gonna be falling on deaf ears...Hey, Judy McNutt: I can testify these golden ears will back you up to the collection plate. The Greg Kihn is great."

WWCK, FLINT, MI M.D.-MARK MILLER: "There has been some really great music out there recently, and this week's standout awards go to: Motels and Jethro Tull. A couple of amazing records...Anderson literally raises the dead, in this case his own band, with the latest Tull album. 'Broadsword And The Beast' is unquestionably their best since 'Aqualung'...The Motels also achieve instant add status with their new one, and make four solid radio tracks. 'Mission Of Mercy' in the lead. The Motels are checking in to stay for a long time...Phones on Iron Maiden starting to pick up. The kids are starting to realize there's a new album out...Toto is getting great early reaction. Our receptionists are going crazy over it...Krokus is building well, with 'American Woman'--that's definitely the track."

WROQ, CHARLOTTE, NC M.D.-JACK DANIELS: "If you're not playing Susan Lynch's 'Office Love', you're missing the boat. We get automatic phones. It's an excellent promotional vehicle for in-the-office listening. We do a weekly promotion where we go into an actual office and play music. One week we gave away the Susan Lynch album, and the response was great."

WQMF, LOUISVILLE, KY M.D.-DUKE MEYER: "John Cougar's 'Hurts So Good' has killer record written all over it. Added it with no hesitation after the first listen...The new Tull is great. I listened to the advance cassette a couple of times and was more than ready for the album to arrive. To say it's going back to the 'Aqualung' days is redundant with what you are saying, but I'd be lacking in good sense not to say it. We added: 'Beastie'. I also like 'Clasp' for the radio, and 'Pussywillow' is in the Top 10 of my personal faves...We also added: Iron Maiden, 'Number Of The Beast'... Considering: Greg Kihn (Hey, Bob Meyers, do you think that'll calm your boss down?). Just kidding, we are close to Greg Kihn...Also Considering: Outlaws and Point Blank...By the bye, y'all, I am now working 2-6PM, so I'll be here between 10-10:30 in the morning to take calls up till 2PM Monday thru Friday."

WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB: "Record Of The Week: Toto. Incredible phone action and good initial sales. Seems like there's a request for 'Rosanna' every 10 minutes...Rick Springfield is hot to trot, and #1 in sales this week...Asia is really catching on. First it took us by storm, and now the album is a major item on the airwaves. Most response to: 'Only Time Will Tell' and 'Heat Of The Moment'. Asia was #3 in sales this week behind Joan Jett and Rick Springfield...Bryan Adams opened for Foreigner last week and album sales jumped from #12 to #8. Bryan has a great show and held the audience in the palm of his hand from the time he hit the stage. Now that he has several thousand friends in Richmond, I hope he'll be back soon. Following his great show, we added the title song of the album...The Motels is an automatic with 'Only The Lonely'. We still field a fair number of requests for 'Total Control', and I'm glad to see a very accessible followup that anyone can and should play... The new Tull album is a must for any station that cares about its image with the 25+ demo. 'Broadsword' is by far Jethro Tull's best release in the last five years, and I predict this one will hang on for some time. For starters, we're playing: 'The Clasp'...John Cougar's live show has always impressed me, and now his studio release 'Hurts So Good' is an automatic...Three cheers for the Scorpions. Top 10 sales in no time, plus a ton of requests for 'No One Like You'...Excellent response to the feature we did on the live Talking Heads album last week...Going with John Hiatt because it sounds bright and exciting on the air. We're using: 'I Look For Love', and expect at least one, maybe two, more in a short while. This album should be around for months to come."

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "Opened our eyes and found we've added 7 great sounding records this week...Thank the Lord for this Jethro Tull album. Just what we needed from Ian Anderson and our 'aging units' in the audience. (Thanks, Ron!) The 25+ wants the Tull album to assure them everything is still all right. This one is it. 'Falling On Hard Times' should become an anthem in Detroit! Three cuts, immediate heavy emphasis from us...Both Tony and I were floored by the Motels album. 'Only The Lonely' has such mass appeal that we can't afford to pass on this one. As I'm sure you've all noticed, the media is set up for this one. At least the goods are there...To J.Hart: Iron Maiden makes Top 15 without airplay from us this week, so I guess we've just lost the ground to stand on...Flock Of Seagulls is lush music that shows you can win without bludgeoning, so let's get the album. Okay, Bone?...Finally, an add for Bow Wow Wow. C'mon--it's great! Thanks to: Steve Leeds for the tip on this one...Sales Stats: Aldo Nova, who comes in this weekend as the opening for Sammy Hagar, checks in at #1 in sales, by far. Is this why the list price went up \$1.00 this week? Just asking... P.S. Thanks to: Charlie Daniels for the Skoal. I'm working on my technique, Charlie, but the stains on my shirt tell a different story."

WPYX, ALBANY, NY M.D.-RON NENNI: "My favorite new song of the week is: 'Hurt So Good' by John Cougar. I think it's the #1 song, and I can't wait to hear more off the album...Favorite album of the week is by: Motels. 'Take The L' and 'Only The Lonely' prove the Motels are ready for serious airplay from all formats. Martha Davis is a distinctive vocalist. Hit songs, hip image, and broad appeal--can't lose...We've tested Girlschool's 'Hit And Run' and 'Race With The Devil' for three weeks now on our New Music Show, and it sure has held up well. The guitar hooks in 'Race With The Devil' are irresistible. We're going for it...Let's face it. If we want to expand our 18-24 audience, 'Rosanna' should do wonders. I still have a lot of faith in 'Afraid To Love' by Toto, but we're using 'Rosanna'... 'Foxtail Lilly', 'Don't Stop', and 'Goodbye' are the strongest songs on the new Outlaws album. That should do well for us, although I think the album's mix and production are a little distorted. We'll see how it holds up...Senses Working Overtime' has been waiting in the wings from XTC. Gee, Kaplan, you must be in exTacy over this. It's in there this week!...Every 18-24 male is crying for Iron Maiden at night. They're crazed over the title song and 'Run To The Hills' as well. It's the Black Sabbath feel that does it. Great vocals, too...Some things into moderate plus: Duke Jupiter, Rainbow, and Human League all pulling good phones and seeing good sales...Sales continue for: Bonnie Raitt. Good to see John Hall and Bonnie Raitt on tour together. Great double leads, I'd say, on guitar...Here's what phones are lit for these days: Soft Cell #1, Human League, Scorpions, Iron Maiden at night, Duke Dupiter, Bonnie Raitt, Krokus, and Waitresses...The Jethro Tull album is a decent return. It sounds a little different without alienating the Tull audience. Pretty tasty record. I like: 'Beastie', 'Broadsword', and 'Hard Times'. We'll be considering that for next week...I don't know if you've noticed, but the best show on TV these days is the David Letterman Show. You've got to watch it!"

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "The new Jethro Tull album has got to be the best thing they've done since 'Song In The Wood'. It's not only my reaction to it, but just about everyone else's on the airstaff. I really hope this puts them back where they belong...Dave Edmunds came out with a good one, too. I really like the Springsteen song a lot. And as far as 'Me And The Boys' goes, I like the way Bonnie Raitt did it. I love the way Dave Edmunds does it...The Blue Oyster Cult single got immediate phones, which is no surprise...And don't overlook Wendy Waldman. She hasn't been around for a few years, but it sounds like she never left. Check out: 'Fighting It Out In The Heart Of The City'...Monday night I got Ozzyized. Ozzy at Madison Square Garden. The theatrics were fantastic. If you get a chance to, go see him. If you haven't already, you really should. He's a lot of fun. Thanks to: Roger Lifeset and Debbie Gould for the party afterward where Ozzy received his platinum albums for both 'Blizzard Of Oz' and 'Diary Of A Madman'. I overheard one exec say to another, 'If sales keep up on the picture disc the way they're going, we'll have to give him a platinum for that too.' And after personally speaking to Ozzy, I really don't think he's as weird as most people think. He was a complete gentleman, coherent, and actually a pleasure to talk to."

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "I'm ready for some baseball--not snow. What is this shit?!... Last week's best jokster was WDIZ's Mike Lyons. His Jonestown bit had me going for days...Forgot to mention our live broadcast with Kasim Sultan a few weeks back. Seeing this ex-Utopia base player fronting his own band was a treat. Live, his band rocks heavier than the record, and his voice is one of the best. With the right record, he could go places...DeBella's Screamer This Week: Rainbow, 'Stone Cold'. Despite that honor, I still had to buy Don Bernstein lunch...If you're playing any jazz, don't miss the Dan Siegel Lp. There's some very smooth stuff on it, especially 'Sawing'...The Blue Oyster Cult/Doors version of 'Roadhouse Blues' is a real natural for us. Not only is Long Island the home of the Cult, but BOC's Eric Blum does a weekly radio slot here...R.I.P. Record World Magazine... And best of luck to: Greg Brodsky. It's been fun working with you, Greg...The short version of Haircut One Hundred's 'Love Plus One' sounds great on the radio...The Elvis Costello import is a total drag...Speaking of bores, wait till you hear the new McCartney Lp...How about more of those hot home turntable hits making it on the air around the country?...Thanks to: Jon Scott for putting me on one of your conference calls. It was great rapping new music with everyone...My absolute favorite tune this week is from: The Motels. 'Only The Lonely' is such a hit ballad, and Martha Davis' voice gives me the chills. She certainly knows what she's doing...Hey, Danny Busch: I'm not sure if I can congratulate you yet, but I'm tired of waiting. So, congratulations on the Atlantic Regional gig."

WAQX, SYRACUSE, NY P.D.-M.D.-ED LEVINE: "This week saw the long-awaited followup to the Outlaws 'Ghost Riders' album. 'Los Hombres Malos' takes a definite hard rock stance, one that I feel will be very popular in Syracuse. Of course, Rick Cua is a local boy from the Northside, and that won't hurt any. Cuts we're using initially are: 'Don't Stop' and 'Rebel Girl'. However, I can see us going three or four deep with no problem...Franke & The Knockouts. We can't go near the Franke single, but 'Never Had It Better' and 'Keep On Fighting' are good album tunes. He obviously had decisions to make as to what direction he was going to go to, and I think he picked the right way...I don't see what all the raving about this Jethro Tull album is. It's not bad, but on the other hand, neither have the last three or four albums really been bad. I just don't know of anyone who's gonna care in six months... While on the other hand, 'Hurts So Good' from John Cougar may be the tune to put him into the forefront of radio play. I look forward to the album and to getting this song on the radio as soon as we have room...Despite limited retail, the Scorpions is selling very well and, as important, is getting very strong reaction on the phones. We moved it up in rotation...The Rainbow song was moved up just by my feeling that this is an absolute radio monster and will be with us for a long time...I'm also happy to report that our campaign to make Soft Cell a household name in Syracuse is doing very well. The tune remains Top 5 requests, and debuts in Top 30 retail this week. We're the only Syracuse station playing it...Human League is another new band that's doing very well. We're picking up phones and a #23 retail debut for the Human League. By the way, in Buffalo, the Human League album went Top 10 this week... There's no doubting the fact that 'Rosanna' will be a massive Top 40 hit. However, I must admit there are still some reservations about it on album radio. I guess time will tell...Another record that's doing well is the Krokus. We've added: 'American Woman' and 'Long Stick Goes Boom'--and we're starting to pick up phones on both...Foreigner played in front of over 30,000 people this past week at our Dome. The album, consequently, has shot back up to #3 retail, and I understand that Alan Wolmark found out that there are some things even more exciting than motorcycles."

WSYR, SYRACUSE, NY M.D.-TOMMY NAST: "What a weekend! We had one of the greatest shows at our fabulous Carrier Dome. Foreigner and Bryan Adams left 32,000 in a state of oblivion, not to be confused with the State of New York. We all know that watching a Foreigner show is like a greatest hits concert. There is no other group whose albums are so deep with material to play. And let's talk about Bryan Adams. 32 weeks ago, if you look at the Hard Sheet, you'd notice I added 'Lonely Nights'. Since then, we've been four cuts deep on Bryan's album--and that is hotter than hell for any new artist. Well, he did the best opening set I've ever seen in any concert. He's destined to be a superstar come his next Lp. I only wish someone from A&M was there to see this show, 'cause it was definitely a killer! One of the highlights of the evening came when we had Outlaws' bassist Rick Cua and Bryan Adams together to do a live report from our VIP booth. It was great to see: Luanne Siebert, Alan Wolmark, Tom Hunter, Roberta Haber, Dave Kane, Drest, and of course, Ted Mussaro...Speaking of Rick Cua of the Outlaws, he's got a great solo Lp out, and I believe this could be the first Christian album that can get mass album radio airplay. The Outlaws are on this one, and so is Joe English, just to name a few. It's called 'Koo-ah'...Speaking of the Outlaws, their Lp is out, and it's as hot as ever. 'Don't Stop' is the early phone grabber here...Jethro Tull has always been a favorite around here, and the new Lp is no doubt the best album they've done since 'Thick As A Brick'...Rainbow's got 'smash' written all over it...The Point Blank is pulling great phones with 'Great White Line'. 'Let Her Go' is also a good phone grabber... Duke Jupiter did an April Fool's 'I'll Drink To You' Party here last week and drew just about 1,000 people. They played for almost two hours and were just unbelievable...To Ed: Where is this imaginary tower you've been threatening us with for the past two years now. It's gonna take more than your little tower to beat us...To the industry from Howie Castle: 'Ed Levine has personally told me you'll have us down to an 8 share within three months. Well, keep your eyes open 'cause we'll keep you up to date in the Birches and ARB's. As Aerosmith says, Ed, 'Dream on'."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Wild times last weekend in Syracuse at the Foreigner/Bryan Adams Show. All made possible by those Atlantic partymeisters, Alan Wolmark and Ted Musarro. Thank you, boys. Also nice to see: Tommy and Howie at SYR, Luanne Siebert, and Ed Levine. And a great pleasure to meet the Tom Starr family. Tom gets Tooth Fairy Of The Month for his efforts to help out Frank Holler with a tooth that didn't test well...WCMF Adds This Week: Toto, Dregs, Sparks, and Girlschool... Last week I said I would add Toto's 'Rosanna', so I did. However, we're also going with 'Afraid To Love'...'I Predict' people will like the quirky, imaginative new stuff from Sparks. Personally, I've always felt the Mael brothers were a bit weird, but I loved '#1 Song In Heaven', and 'I Predict' has great appeal...Girlschool is now in session in Rochester. Forget about Go Go's comparisons, these girls rock with a vengeance. 'Race With The Devil' starts out in light...Also found room for: 'Crank It Up' by the Dregs. Mike Bone, are you listening?...Finally able to move Human League to a meaningful rotation. The Lp has been Top 20 retail for some time now, and it received immediate positive phone response--and sounds so-o-o good on the air...We've been playing 'Crimson And Clover' for about six weeks, and it now joins 'I Love Rock And Roll' in the 'burned to a crisp' pile. So, we now plug in 'Victim Of Circumstance'...Scorpions move to heavy; and, it won't be long before Rainbow gets their due... Records that have stalled: Angel City, Chubby Checker, and Johnny And The Distractions...Heavy mileage in my car for Haircut One Hundred. This album is incredible. Not a mediocre tune in the bunch...Also like: The new Motels album. It's fresh and vibrant, and I hope to book a reservation soon... Finally, Charlie Lo--I did. Thanks, I needed that."

WKZL, WINSTON-SALEM, NC M.D.-CHUCK HOLLOWAY: "Adds: Rainbow, Jethro Tull, and Outlaws...Hot Retail: 'Secret Policeman's Other Ball'; Charlie Daniels Band; and, Aldo Nova...Did Freddie Salem go out and buy a new guitar, or what? 'Don't Stop' sounds better with every listen. And in this market, combining heavy metal and Southern boogie can't miss...Still heavy calls on: Charlie Daniels Band. No negatives concerning the message...'Great White Line' by Point Blank will be one of the great radio songs of '82. It's a masterpiece...By the way, ask your friendly neighborhood indey, maybe Wynn Jackson, for a copy of the Robbin Thompson single 'Train Ride'. I had good experiences with Robbin's music in Virginia, and it looks as if he's finally destined for a major label deal. Well deserved...A lot of interest here in Krokus. People are requesting the band here by name--even in dayparts where it's not being played."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "Whatever doubts I had about the new Greg Kihn are out the window after three or four additional listens to 'Testify'. That's all I have time to testify on behalf of this week...Sorry, if you've had trouble reaching me. Dale Edwards has been under the weather, so I've had to do some shift juggling. Things should be back to normal by the time you read this."

WHFS, BETHESDA, MD P.D./M.D.-DAVE EINSTEIN: "A Flock Of Seagulls History: Several import 12" discs which have met with great response. The foremost being: 'Telecommunications'. 'I Ran' and 'Space Age Love Song' is Flock's new domestic release that offers a solid future for the band...Other new fun comes from: Linda and Richard Thompson...Check out: The Mark Knopfler/Albert Lee lick on 'Don't Renege On Our Love'; the Dave Edmunds' Springsteen cover of 'Small Things' and NRBQ's 'Me And The Boys', and, of course, the single 'Warmed Over Kisses'...U2's new sound on 'Celebration' is the best we've heard since 'I Will Follow'...With Top 40's in the area going with Human League, Waitresses, Go Go's, and the Police, album radio is, as it has been, looking pretty boring."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "Well, we survived the Long Beach Grand Prix again. I'd like to commend our News Department for such adept reporting of the Grand Prix of Long Beach, 1982... Moving on to music, children, our hots look like this: Our Top 8 in sales this week: Missing Persons takes the cake with their Ep; Soft Cell; Joan Jett; Human League; Go Go's; The Blasters; XTC (doing real well as far as sales go); and, the Waitresses...New things we added last week are: John Hiatt, who has a fine-sounding album on Geffen. Try: 'Doll House', 'Having Some Fun Now', and 'Look For Love'... This Week's Add: All I can say is Motels, Motels, Motels. Martha Davis and the boys, including their new guitarist Guy Perry who replaced Tim McGovern last year, finally have their release 'All For One' on Capitol. It's a great album, and we're playing six cuts off it...Dave Edmunds just arrived today, too. He's now on Columbia. I like: 'From Small Things Big Things One Day Come' and also 'Me And The Boys'...Kim Wilde debuts on EMI. An Englishwoman with some interesting things on her album to look into... Rita Marley on Shanachie Records has an album and a 12" from the album called 'One Draw'. We hope to see good stuff on that...Flock Of Seagulls flying your way again with a 12" called 'I Ran'. We're going to have real good success with that, and I'm looking forward to the Flock Of Seagulls album coming in the next week or two...We interviewed Jools Holland last week...We also did Huey Lewis and Andy Partridge of XTC. He collapsed before their show at the Palladium Sunday, so they've cancelled the remainder of their tour. We wish Andy well...We also visited with Slow Children...And from the new music capital of Southern California, that's it this week."

KBLE, DES MOINES, IA P.D./M.D.-RON SORENSON: "The Motels are the biggest news this week. If Martha Davis is an acquired taste, as Mr. Bill implies, I've certainly acquired it, too. I think, though, that both the material and the performance are improved considerably in this album. We like: 'Take The L', 'Only The Lonely', 'Change My Mind', and 'Tragic Surf' (a heartrending tale)...If you're looking for Chicago blues, give Big Twist And The Mellow Fellows a try. They sound as though they should be on Alligator Records instead of Flying Fish...Adds: The Outlaws, Motels, A Flock Of Seagulls 12", Ben Sidran, and Big Twist And The Mellow Fellows."

WRAS, ATLANTA, GA M.D.-DANE VENABLE: "Motels! Motels! Motels! Boy, it's time to bring Martha Davis through the damn roof! I beat Bill Bartlett up for months about this record, and it's great. I still say the song 'Take The L' is the cut for album rockers-wanting to draw your Pat Benatar audience... Needless to say, the Motels hit me so hard that Rainbow slid by last week. I caught up with it this week, and I think it's going to work real well on the station. It's not a real bone cruncher, and I think that is exactly what they really needed right now to give them a hit...Increased response on: Asia, Human League, Talking Heads, The Jam, David Bowie, and the Scorpions...Excuse me now while I go get a doctor to de-program the 'Take The L' hook out of my brain."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "How do you recognize an Orchestral Manoeuvre In The Dark? That was the question posed to our listeners last week, as we sponsored a contest to give away OMD souvenir kits. Let me tell you, the people out there do have vivid imaginations. If you haven't tried OMD on your turntables yet, you haven't heard an Orchestral Manoeuvre In The Dark, never mind seeing one. Recommended highly: 'She's Leaving' and 'Souvenir'...Lamont Cranston breezed through town playing three dates and showed up at the station for an interview. Nice guys all, and a good future to them on RCA...Huey Lewis & The News are out there on the road. They're coming to your town soon. Take this opportunity to experience live music at its hottest and tightest--Hmmm, what does that remind you of? These guys are truly smokin', and you'll enjoy our Marin County export, I'm sure. Their whole attitude is up. Just like the Song Index...After the success of our Great Storm '82 Concert, Michael Hester, our Midnight to 6AM jock and quite a mover who put the whole thing together and kept it that way, is at it again with a TAM JAM #1 open air concerts this Summer on top of Mt. Tamalpais in the theater...Goodbets for album rock people, unsigned bands in the Bay Area that are ready: Lloyds And Norton Buffalo...Watch this space."

WWWL (LOVE 94), MIAMI, FL M.D.-STEVE HUNTINGTON: "Wendy Waldman's new one 'Which Way To Main Street' is an attention grabber. There's rock and roll on it (try 'X-Ray Eyes' into 'Trampled Underfoot') and some good WW ballads, too. We're on: 'We'll See In The End', 'Loving You Out Of My Life', and 'Gotta Get Over You'. The Miami News wrote, 'The best album of 1982 (so far) is here. Its name is 'Which Way To Main Street' and it's by singer/songwriter Wendy Waldman.' Writer Jon Marlow goes on to say, 'The Lp's title may be taken by some to mean that Waldman is now saying: "I'm tired of making records nobody buys, so please show me the way to Middle American and mainstream rock radio." One can only hope so. The best thing that could happen to the dismal state of rock radio right now is if this powerful and emotive album wound up being placed on heavy rotation.'...We also added: Eye To Eye this week, both 'Nice Girls' and 'More Hopeless Knowledge'. It's got the quality of a Steely Dan record... We're seeing good sales on: Simon And Garfunkel; Buffett; 'Secret Policeman's Other Ball'; as well as all the expected biggies."

WOBK, ALBANY, NY M.D.-LIN BREHMER: "Graham Parker, Bonnie Raitt, Asia, XTC, and the Talking Heads are the hottest things on the air today...Graham Parker's 'You Hit The Spot' and 'Senses' from XTC are my personal faves...Kenny Laguna's golden touch has worked with the new Bow Wow Wow Ep. You won't even recognize it. We're starting with The Strangeloves' 'I Want Candy'...If people in your market have gone nuts over 'Tainted Love', give a spin to the long version with 'Where Did Our Love Go'. I'll still take the Supremes anyday, but the phones won't quit for Soft Cell...From 1968 to 1970, my brother's Sears Victrola could have been a Jethro Tull tape-loop. Lately, the releases have been somewhat unremarkable, but 'Fallen On Hard Times' from the new album is very enjoyable"...FROM ELLEN MCKINNON: 'Talk about a damper on baseball's opening day, only 18 inches in Albany--and we're talking snow not endowments. All I know this week is that Peggy Apple and John Cooper made driving home a great six-hour trip. It usually takes 20 minutes...Q104 cooks with gas, ain't no doubt about it. We are foremost in rock...Did anyone catch Stevie Nicks on HBO? She sure puts it out."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "Snowed in and under in New England. I'm depressed and tired, but I love the Motels...Great to get Bowie on the air, and now I'm going to sleep...But I do have Roy's adding Warren Oates, 52 and Ray Block, 79 music conductor of the Ed Sullivan Show and composer of the 'Chiquita Banana' jingle to the Stiff list."

RADIO ACTION CONTINUED

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "I've never seen this much snow in April in my entire life! In the last 20 hours it has snowed 16 inches in Poughkeepsie. I had my shorts on this week-end! It's just not fair!..Anyway, lots of good new music this week. One of my favorite cult groups of all time, The Motels, have released their best record to date. Try out 'Mission Of Mercy'... From the stand-by pile: Jethro Tull and the Outlaws. The Tull has a nice sound to it with the outside production, whereas the Outlaws has kind of a muddy sound to it, but the fans are bound to eat it up...The new song from John Cougar has got to be a hit! We've had phones on it already... Don't miss out on the Flock Of Seagulls Ep. 'I Ran' is a good track for something a little different. Tracks that are doing extremely well for us: Human League 'Don't You Want Me'; Rainbow 'Stone Cold'; Kim Wilde 'Kids In America'; and the Greg Kihn Band's 'Testify'...Good games by Springfield, Bowie, Human League, Graham Parker, Greg Kihn, Duke Jupiter and Toto...Time for me to go shovel out my car. Until next week!"

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "The latest from Jethro Tull comes the closest to their basic original sound than any of their albums in recent years. The synthesizer is there but it doesn't try to overpower as it did on 'A'. Tracks I like are 'Clasp' and 'Flying Colors'. Oh yes, I like the cover too...Having been a fan of Greg Kihn for quite awhile, I'm glad to be using 'Testify'. That tune gets Bob Spence/KA star of the week...Joan Jett continues to be our number one phone getter. 'I Love Rock And Roll' is still strong with 'Crimson And Clover' gaining ground...We've also seen good phones on Toto's 'Rosanna'...Tommy Tutone's phones are still maintaining as is Soft Cell... 'Ah Leah' was a tune that made me a Donnie Iris fan. His latest single 'My Girl' has to be the hit for him. One of the best assets of his music, besides the production, has been the fun in music. It makes one feel good to listen to such music...Adds: Since 4/1: Toto, Aldo Nova, Charlie Daniels, Greg Kihn...Considering: Rainbow, Point Blank, Duke Jupiter, David Bowie and Jethro Tull...As of this writing, I'm just beginning to listen to the new Motels cassette. So far I like what I hear!"

KKRQ, IOWA CITY, IA M.D.-TED BURTON JACOBSEN: "Geffen scores again with the new John Hiatt album. 'I Look For Love' is a giant track from a talent who deserves it...Like the new John Cougar a lot. It deserves all the raves it has been getting...As fans of Herman's Hermits and after listening for a week, we decided we can't resist adding the new Peter Noone album. He's a glory boy from way back. We can't forget him, by golly...Adds: Little River Band (re-add), Jethro Tull, Outlaws, Jimmy Hall, John Hiatt, John Cougar 12", Peter Noone."

WKWF, KEY WEST, FL P.D./M.D.-BRUCE YOUNGBLOOD: "Excuse me while I wax enthusiastic about the Motels album. This one is h-o-t. Creative, intelligent rock and roll. The freshest music I've heard for awhile. There are no weak cuts. They've really come around to the power of their first album... We've been playing the Rita Marley and Robert Palmer as imports for months. 'One Draw' by Rita Marley is one of our most requested songs. We have decided to feature a reggae program once a week and we want to have a balance of more traditional reggae as well as the newer offshoots, especially English bands. Last week's feature was Joe King Carrasco and Rita Marley. And this week we featured the Fun Boys Three, and Big Youth...Our album adds: Wendy Waldman, Rita Marley, Motels, Point Blank, Jimmy Hall, Talking Heads, Jethro Tull...Singles: Robert Palmer, Creme/Godley, John Cougar...New Wave Feature: Records, Missing Persons."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CRISTOL: "Santa Barbara is still aglow with last week's visit from so many talented artists including Quarterflash, Bonnie Raitt, John Hiatt, and J.Geils. Local rock and rollers were treated to exceptional performances all around...Next week is Santa Barbara's 200th birthday and KTYD's news staff, headed by Marcy Winograd, is gearing up to do a series of bicentennial spots on Santa Barbara's past, present, and future...Musicwise, we had an all time record of adds this week including imports and singles. We went with the Motels, Point Blank, Jethro Tull, Joe King Carrasco, Outlaws, Wendy Waldman, Plugz, Rainbow 12", Mike Oldfield 12", Spandau Ballet Ep, Robert Palmer Imp. Ep and the new U2 import single...Martha Davis and company have been a long time KTYD favorite and it's a pleasure to play this superbly crafted Lp...Wendy 'I'm no dummy' Waldman delivers the goods for radio in the 1980's with 'Heartbeat' and 'Fighting It Out'. Peter Frampton turns in a fine solo on 'Heartbeat', and 'Fighting It Out' provides good high energy rock and roll. We were pleased to add two 'new music' bands with a Latin influence. Joe King Carrasco combines the musical simplicity of the 50's with 1980's lyrics and production values...The Plugz strike a chord in all of us with 'Better Luck' from their new album...Staggering under the weight of all this great music, that's all till next week!"

KILO, COLORADO SPRINGS, CO M.D.-ART PHILLIPS: "The reaction to Jethro Tull has been the hottest we've seen in years from this veteran band. As we proceed through the cycles of rock and roll, it's apparent that Ian Anderson will have his album rock glory reinstated. Plenty to choose from with good requests for 'Flying Colors'...Two singer/songwriters get the green light this week. John Cougar's single sounds right on-the-air. And John Hiatt has wisely chosen Tony Visconti to deliver a raw but moderate recording. 'I Look For Love' is definitely the cut on the Hiatt...Rainbow's single is drawing new fans but making the Blackmore lovers antsy for some guitar work...Saw The Blasters with Joe Ely. A 25+ crowd searching for the real thing and leaving the theater happily exhausted after the workout...Enjoyed the conference call with Jon Scott and friends--a lively exchange of ideas, frustrations, and music, music, music...If you're still not playing the Human League, you'll be left in the dust. This is a smash!...Asia goes to #1 retail--we're ready for the tour."

KWXL, ALBUQUERQUE, NM P.D./M.D.-BILL STAMBAUGH: "Point Blank's 'Great White Line' sounded like the ultimate cocaine song. I was only a little disappointed when it went on for 4 minutes in the end with instrumentals. A couple of more choruses and it could have been the ultimate cocaine song. Still good otherwise...The new Motels album is fabulous and I really enjoy it. It's my fave-for-the-week...Turning to sales: The Top 5 is rather predictable with the exception of Thin Lizzy selling at #5. Showing real strong requests on that as well here in Albuquerque...Obviously Scorpions, Krokus and Asia are selling well...I'd like to introduce to those of you who may not know him, my Ass't. P.D.-Doug Davis. He's a former executive writer and publisher of relations of BMI, Hollywood and former air personality and M.D. at KRIZ, Phoenix. He'll be helping out with listening and music."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Is this any way for April to treat us with a foot of snow? It's sno' joke! Thank god I'll be on a brief vacation to Key West shortly...Meanwhile if we gotta be indoors, at least we've been blessed with a dynamite new album from Dave Edmunds. My favorite cut is 'Other Guys Girls'. But there's so much to choose on this album, North Jersey is gonna be hearing it for many months to come. By May 15th (Dave's concert at the Capitol Theater) 'DE 7' should really be cooking...Tull is terrific! Best album in years. 'Beastie' and 'Pussy' are our lead cuts, but again, there's lots to choose here...Chrysalis also has a real catchy tune from Fun Boy Three called 'It Ain't What You Do'. Might segue well with Tusk. Check it out...We're also considering XTC for next week, but with all the new releases like the Outlaws, we're filling up fast...We've added: John Cougar, Motels, and a terrific album from Wendy Waldman. I made a cassette of Wendy for my vacation, so I can enjoy Waldman on my Walkman...Moving to hot rotation this week: Loverboy, Graham Parker, Jay Ferguson, and Human League...After 34 and 41 weeks, we finally moved the Stones and Foreigner to recurrent...In sales: Asia's now 4th, preceded by the Go Go's, Joan Jett, and J.Geils. At #5 it's Simon and Garfunkel...Requests: Asia, Rick Springfield, Cars and Bowie...Conversations: Spyro Gyro, preceding their concert at County College of Morris last week-end...Our listeners loved the jokes in last week's issue. Let's do some more."

KKDJ, FRESNO, CA M.D.-JEFFREY RIEDEL: "Adds: Toto, Point Blank, Charlie Daniels, Rainbow 12", Motels. Phone action leaders are: Joan Jett, Scorpions, Asia with an incredible early response to 'Toto' and Point Blank...Heavy sales include: Go Go's, Loverboy, Joan Jett, Scorpions, Sammy Hagar...Increased Airplay: Scorpions, Chubby Checker, Asia, Joan Jett...The Rainbow 12" is excellent. We're really looking forward to the release of the album--Roger Glover's sound is knit. His best production work to date...Fresno is often blessed with the first look at bands from the West Coast starting a tour who freshen up in Fresno before going to a bigger market...Last week we experienced Sammy Hagar at Fresno Selland Marina. The show was beyond all expectations...The Motels will start here in Fresno on April 17th. The record is great. This will be the third time for the Motels in one of their favorite areas. This time they'll play in a hall twice the size as before and it's nearly sold-out already. It should be great! We'll tell you how it was next week."

WYFE, ROCKFORD, IL M.D.-THE DOCTOR: "Well, the Midwest sure got dumped on weather-wise as a bad April Fools' joke. And as the snow goes, all that's left are muddy fields and runny noses. I've always found that hot rock and roll is the best way to get over it, and that's no exception this week as John Cougar and Jethro Tull's latest make it to our playlist. (And what a 'Beastie' album that Tull is, eh?)...We're already gearing up for our free Mother's Day concert to be held at the Rockford Speedway May 9th. And the list of bands already wanting to play is intense...Brent says what a pleasure to have Charlie Daniels here the other day. Charlie keeps getting better everyday, and 'Still In Saigon' is S-M-A-S-H...Finally, best wishes to Lambo, the best Mid-west #1 independent. Hope you're feeling better soon!"

WWCT, PEORIA, IL M.D.-WENDY RICE: "A fairly diverse list of additions this week--starting in alphabetical order: David Bowie, John Cougar, Haircut One Hundred, Jethro Tull, and Toto...It's great to have such a strong selection of fresh stuff waiting in the wings. The Motels, Jam, Robert Palmer, Flock Of Seagulls and even more on the way...The sales scene shows Asia still on top, followed by Sammy Hagar, Scorpions, Loverboy and Go Go's...And upward retail mobility by Aldo Nova, Glass Moon, Graham Parker, and Talking Heads...Let me pull out the old soap box for just a minute to remind some folks that whatever format you're dealing in (with the possible exception of elevator music), 'Another Grey Area' has something to fit. And beyond just fitting in, it'll jump out of the radio. Listen to it--all of it!"

MRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "Adds: Greg Kihn, Motels, John Cougar 45, Outlaws...Into heavy: Rainbow, Cougar, Outlaws...There's a blizzard here--I don't even know how I'm getting home--so I can't worry about what the next big 'album rock' trend is going to be. Bye!"

WQDR, RALEIGH, NC M.D.-BOB WALTON: "This weather is a cruel joke and whomever is responsible, I wish you'd cease and desist immediately. I suspect Drake Hall is up to this!...It took a second listen but I really like the new Outlaws album. They were not content to simply rehash 'Ghost Riders', and have come across with an LP that's just as strong and just as solid. We'll start with 'Rebel Girl'... 'Stone Cold' by Rainbow sounds conspicuously like Foreigner but I think instead of calling it a poor copy, I'll say Rainbow is showing some versatility. I like the record and so far all comments are positive for Blackmore and company...The hit from left-field has got to be the Motels. Finally, after three albums I can play Martha Davis and say on the air exactly what I think of her. All just aside, I think 'Only The Lonely' is a superb radio track that definitely has Top 10 potential. They deserve it! Thanks to Capitol for the superb quality albums and cassettes. Tell me, though, did Paul Crowley call in the add?...The Soft Cell is still h-o-t, both on the phones and at the retail level. A plea to Sire and Warner Brothers to reservice the 12" of 'Tainted Love' to radio and retail. In Raleigh, the 12" is outselling the album over 2 to 1 and they're having trouble getting more...We moved the Human League to heavy and it's a hit...Next week Haircut One Hundred...A quick note on our test records, or should I say, my test records. Since I'm on the air 10PM to 1AM, I have a choice time-slot to work with new records to see how they sound on the air and to get listener reaction. My test records for now are Jethro Tull, Haircut One Hundred, the Nowherest Ep, Roger Daltrey, Girlschool, and Larry Lee...I'll close with just a rhetorical thought: I see lots of comments that we don't play music anymore, simply because we like it. How come it doesn't work in reverse? 'I don't like it' is not a valid reason for not playing a record. How come we get the alphabet soup on who added a record, but there's a lot of silence on who dropped it?"

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "After having listened to the advance Jethro Tull cassette all week-end long at the lake, and having the spirited ears of our next door sunbathers tuning in their attention to our stereo awed by what they were hearing, I am convinced that this is Tull's best work since 'Aqualung' for our market. I'm particularly fond of 'Hard Times', 'Watching Me Watching You', while 'Beastie' and 'Clasp' get the award for the 'hard driving power surges on the album'...Toto's 'Rosanna' is receiving overwhelming positive response. I'd advise you to get your tail on it--before the Top 40's in your market grab the honors of making it happen...Robbin Thompson was another add last week. The man has a lot of local appeal since his 'Bright Eyes' release and concerts in Augusta last year. I also have a lot of respect for the man, and would like success to follow in his footsteps. The Southern rock vein on the song 'Two Trains' (sounds a lot like Eric Quincy Tate) will grab the Dixieland rockers in our neck of the woods...The Rainbow's 'Stone Cold' numbed them the first time it rolled on the turntable, and Point Blank's sure to be on a roll up the charts...Debuting into Top 10 sales this week: Tommy Tutone, The Dregs, and Doc Holliday...Upward movements in sales and phones continuing for Asia, the Human League, and Carole King while the all around monster of the week is Charlie Daniels' Band 'Still In Saigon'...Finally Top 3 for the third week in a row: Joan Jett, J.Geils and Rick Springfield."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "This week's adds are the Outlaws, Rainbow 12", and John Cougar 12". I really like Rainbow's 'Stone Cold' which has to be their strongest yet with range dynamics that progress through the song as smooth as silk. I feel this is one of the best songs to be released this year...The Outlaws hideout is finally discovered with the goods recovered and turned over to the local audience. Watch out for this album to become one of the 10 most wanted and then captured by today's album buyers. 'Running' and 'Rebel Girl' are doing it for us...John Cougar's April Fool's release of 'Hurt's So Good' does not fool around when it comes to speaking to people on their own levels. His voice and gutsy street approach bring this (hoosier) home in style!"

KEZO, OMAHA, NB M.D.-GREG GILLISPIE: "Our adds this week: Outlaws 'Foxtail'; Jethro Tull 'Beastie'; and John Cougar 45...I think the John Cougar will be his first legitimate Top 10 single. I've always had an affection for this guy and his music and it's great to see him come out with one great song. I can't wait to hear the rest of the album...The Jethro Tull album will be valid for their cult and maybe a little beyond. This is the best Jethro Tull album maybe in the last few years, mixing a nice blend of hard rock and the usual Jethro Tull style...This new Outlaws album is good but this band is at a point in their career where they need another signature song. We went with 'Foxtail Lily' because of the smokin' guitar work...The Rainbow song is starting out slow, but I think it could be because of their slight change in sound. Give it a few more weeks and the story will be told...Asia is doing quite well sales-wise, jumping from 29-9-6 in the last three weeks...As far as the new Toto album goes, I think they've picked up where Chicago left and if my memory serves correctly, Chicago was not one of album radio's staples in the later years...I also have some serious questions about the Greg Kihn record. I think it's good but it doesn't seem to have the strength or the depth of previous albums. Then again, I was one of the last in the country to add 'The Breakup Song', so I might as well keep the string alive...I would say we're growing closer to Franke And The Knockouts. The first LP never got played in Omaha but I think 'Keep On Fighting' stands a good chance."

RADIO ACTION CONTINUED

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "A thought on a movie that's been haunting me since I saw it. You have to go see the picture 'Cat People' to further understand the torchy emotion that David Bowie sings the title song with. It's perfect! Matter of fact, when I hear it (after seeing the picture) I get very emotional myself. P.S.: I cried over the end of the picture. Here's a personal to those in the swinging singles scene: This movie will make you think about who you're sleeping with. I don't know why that came into my mind, but for some reason after seeing the end of the picture, that's the only conclusion I drew. Even the song scares the hell out of me now. But, maybe I'm the spookable type! Sometimes though, when I'm alone in the air studio, I hear leopards growling ever so low in the distance. And, whenever I go into a bathroom that's tiled and I'm alone and it's quiet like those rest stops along the Throughway, I think of the pool scene in the picture. Enough though I'm starting to scare myself...On to music: Do the Outlaws get heavier all the time, or what? Ripping guitar music on 'Los Hombres Malo'. I like 'Don't Stop' and 'Running' is a quirky remake. But, even though it's so close to Chubby Checker's release--it somehow manages to pass and sound fresh...I bet you thought I wasn't going to say anything about the new Jethro Tull record. 'Broadsword And The Beast' is a tremendous work of art. And Ian Anderson is a master magician. This album transforms itself into real life before your eyes. I like it much better than the last one...The Sparks record is super! 'Mustache' and 'Instant Weight Loss' are kooky catchable tunes...Adds: Sparks, Jethro Tull, Mike Oldfield 12", Otis Redding, Outlaws, Spandau Ballet, the Motels, John Cougar 12"."

WTPA, HARRISBURG, PA P.D.-JEFF KAUFMAN: "If we changed every shift into a new music show we'd go through the roof this week. Here's what we had room for: Jethro Tull, John Cougar, The Blasters, Iron Maiden (requiring an FCC mandated Rock Warning prior to every play), and Point Blank. And yes, Dave, we are on Rainbow!..Top five retail: Asia, Aldo Nova, Tommy Tutone, Scorpions and Springfield.. Thanks to Linda Feder."

WKQQ, LEXINGTON, KY ASS'T. P.D.-DAVE KRUSENKLAUS: "Going against the grain, I was not a personal fan of Rainbow's 'Jealous Lover'. In this city we had very light response to the record. I think with 'Stone Cold', the light response will turn into immediate action. I'm already hearing from people who aren't particularly fond of Rainbow that 'Stone Cold' is a hot little number... 'Bring On Night' from the FMOB Advance Sampler is also a hot little number. Oh, by the way, as an Ass't. P.D. who dabbles in other things at the station besides music, I found the Sampler to be a great time saver. Please keep it up!.. I was afraid at first that 'Rosanna' from Toto would be just a programmer's favorite and not seriously click with the listeners; however, first week response from the listeners on 'Rosanna' is proving me wrong. 'Toto IV' is a deep record from some very talented individuals... Also gotta say that The Motels record is a strong projection. 'Only The Lonely' will head to the top very quickly. I also like 'Take The L', a very intelligent record...My personal favorites on the much improved Jethro Tull are 'Clasp' and 'Flying Colors' but for acceptabilities' sake, I'm going to start with 'Beastie'. Between 'Beastie' and Bowie's 'Cat People' and the recurrent cuts about animals we could come up with some strange sets!..The hottest items on the phones appear to be Scorpions 'No One Like You', Franke And The Knockouts 'Keep On Fighting', and the teens are going ape over Krokus' 'Long Stick Goes Boom'...I was a little disappointed in the Outlaws new record. The only breath of fresh air on the album seems to be 'Rebel Girl'."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "Glad to see Jethro Tull back after it with what they do best-- concepts. This one truly holds up and that's saying a lot, after some of the disappointing albums I've seen from this group. Ian has a new band which has the feel of the classic Tull...Toto's 'Rosanna' really grows on you. It will be a smash...Great sales week for Asia, they jump to #1 sales...Scorpions still strong at #2, and Krokus is right behind them at #3...While we're talking metal, don't forget Iron Maiden. This is their most commercial album yet and most of you who do store reports know that in the past, even without significant airplay--this band has sold records--here they are bubbling under the Top 10...Looking ahead to next week at 38 Special and The Motels...Top 4 sales: Asia, Scorpions, Krokus, Springfield, and a tie for 5th with Aldo Nova and Joan Jet...Requests: Krokus, Van Halen, Joan Jett, Aldo Nova, and Glass Moon (that record is still surprising me), 'On A Carousel' just won't quit...Like the Cougar single, curious about the rest of the album. For him to make it this time, he needs more than just one song...Kihn is happening here, getting definite reaction and sales just starting...Also, sales and calls for the Duke Jupiter."

WMAD, MADISON, WI M.D.-DALE WOLTER: "Everybody's looking for the musical wave of the future lately. Well, I'm beginning to think that the search won't be as difficult or as distant as some people think. Check out some of the records that are making all the major listener commotion right now--records such as: Joan Jett, Soft Cell, Human League, the new David Bowie, Girlschool, Spandau Ballet, Haircut One Hundred, and on and on. These are the innovators nowadays. The label used to be new wave, now it's just good music. Even the gearheads call up for Soft Cell and Ozzy in the same breath. Good sign... My suggestion is to stop worrying about which musical trend is going to save the radio/record business, and start some banging for the great original stuff that is already out there--which brings me to my favorite new record this week: Martha Davis And The Motels. While most major rock acts are sitting on their laurels, there are few that are still trying to reach out and attempt to forge original musical boundaries. The Motels continue to amaze. The song 'Only The Lonely' is enough to melt your heart and dammed if it doesn't sound like a huge hit. It's time--they deserve it!"

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Want perfect discipline at your house? Take your 13 year old son and two friends to Rush and Riggs and end up with front row seats! Anything that I want that an 8th grader can get shall be mine! Thanks Rush, Thanks Riggs, Thanks Beaver Productions. Now if we could just get the Baton Rouge politicians to realize they'll never be elected God, and get them out of their 'let's make points in the sphere demographic by controlling rock and roll'... Scotti Brothers if this Noel is really from Lafayette, why doesn't she come bottle her album back and sing 'Special To You' to my face?..Thanks for 'Broadsword' Ian, this burnt-out freak needed that!"

WWV, CHARLOTTESVILLE, VA P.D./M.D.-JAY LOPEZ: "Adds: Point Blank, Talking Heads, Outlaws, Rainbow, John Cougar, Willie Nelson, and The Motels... Considering: Kim Wilde, John Hiatt, and Jimmy Hall... We added one other one: The new Jethro Tull. Ian Anderson is simply incredible! We're heavily into the lp and expect this to be as great as 'Aqualung', and could even go as far as one of the top albums of '82...Top album sales are: Go Go's, Joan Jett, Rick Springfield, and Bonnie Raitt."

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "Franke And The Knockouts and Iron Maiden enter the peach crate this week, and Greg Kihn moves up to medium. Rick Springfield is on top of the sales charts, and the phones are finally beginning to ring for the Bowie."

WDEK, DEKALB, IL M.D.-BRIAN LEONARD: "Asia is #2 in local sales, Dregs continue to build, and Tull's 'Broadsword' is the best Tull work in years! 'Watching Me' is the song that will make it happen for this lp...I have to agree with Mr. Hard concerning The Motels--catchy, poppy yet has enough meat for everyone...Adds: Johnny Cash, Carl Perkins, and Jerry Lee Lewis, Point Blank, Outlaws, B.B. King, Jethro Tull, Cornelius Bumpas and The Motels...Hots: Greg Kihn, Asia, Huey Lewis, Van Morrison, 'SPOB', Jean Luc-Ponty, Human League, Buggles, J.J. Cale, Soft Cell, Nick Lowe, Bonnie Raitt, Dwight Twilley, The Dregs, Rick Springfield and Fay Ray."

JAY GOLDMAN, CLAYTON WEBSTER CORP.: "Rolling Stone Magazine's Rock Review: This week the Rock Review focuses on interviews with Chris Difford of Squeeze, Joan Jett, Nick Lowe, Nils Lofgren, Sting of the Police, John Camp from Renaissance, Paul Collins, and Joan Armatrading. Rolling Stone Magazine's Rock Review is an excellent feature focusing on important events and key artists in the rock music industry. Ten programs are available weekly...Retrorock: Are you unable to put your finger on that little something extra that positions you above your competition? Something which consistently offers highly promotable and unique recordings? Something which positions you as a market leader in special programming with rare and often times unavailable live cuts of rock's key artists and events? Retrorock is what you've been looking for. Whether you program it late evening or on early weekend mornings, Retrorock consistently brings you artists which impact your audience in such a way to draw immediate telephones. In the last year, Retrorock has featured such artists as: Bob Seger, Loggins and Messina, Bonnie Raitt, Tom Petty, The Police, Steve Miller Band, Jimi Hendrix, and many, many more. Call today for the special that brings it back live...Rarities: Would you like a feature which creates the image that you have the largest music library in your market? One we've been told reinforces your reputation of being musically knowledgeable with a sense of history? Then it's Rarities for you. Hosted by Dave Herman and produced by a cool, slick Steve Leeds, Rarities offers you five cuts weekly, unavailable elsewhere. Program it as it is produced or voice it yourself. In either case you can't lose with your Rarities affiliate...The Sporting News Report: Controversial, provocative, and highly promotable, The Sporting News Report is your station's vehicle for the inside scoop on the lowdown sports story. Through the research of The Sporting News, Bob Kostas offers your listeners the behind-the-scenes sports story told by the people in sports, as it happens to them. Call Bruce Butler for the play which will help you score big audience goals...All programs are available on a barter basis from the Clayton Webster Corporation--314-726-0906."

ROXY MYZAL, ROLLING STONE MAGAZINE PRODUCTIONS (212-350-1278): "Regarding Bob Bittens' comments last week, why certain records that get heavy airplay fail to inspire listener interest: Research has shown that most listeners either A) Don't know who the artist is, or B) Don't know what the song is. Certain stations who do not front or back sell music, especially new music that is in an emphasis rotation, should reexamine their 'reasons why' they won't reinforce what their listeners are hearing. Another problem here may be that there is a lot of sound-alikes out there. And to bring the point even further, these records don't end up coming through for you because no one knows what to ask for in the record stores. In producing 'Rock Star Guest DJ', using good radio sense, we examine average quarter-hour maintenance techniques--identifying the artist and/or the song title before and after the song is played, and letting the audience know what's coming up next, etc. It's all getting back to basics, really... To Ilyse: Boy, you do have guts giving out your home address and phone number. Seems like everybody we know lives on Riverside Drive."

Record Action

MARKO BABINEAU, A&M (213-469-2411): "It's time to alert the world the special forces have landed. Radio's going to get a chance to sink their teeth into the best vinyl they've heard in '82. Even though Joe Jackson might say, 'Guitars are through in '82', this is without a doubt the exception to the rule. 38 Special have delivered the mighty guitar album, starting off with the new hit single 'Caught Up In You'. If you live through that track, get ready for 'Backdoor Stranger' (Don Barnes is using a wa-wa peddle that will slay you), and the cut I think will be the leader off the Lp 'Chain Lightning'. This cut will put you six feet under. We haven't even started talking about side two which is five cuts and they all deserve airplay. No shit! 38 have outdone even themselves. We're talking four cuts deep out of the box...Moving right along, be aware of the new Fist album, which not to compare to Billy Squier's 'The Stroke', but the title track 'Thunder In Rock' is the closest you can get to a rock anthem. Lookout you heavy metal freaks, this one'll roll right over ya. Also pay attention to 'On The Radio' and 'Double Or Nothing'. You can tell these guys are heavy, 'cause they're keeping company on the road with Motorhead and Krokus. If that ain't heavy, I'm throwing away my rock and roll shoes...The tastemaker of the week, brand new to you, Split Enz album titled 'Time And Tide'. Lead tracks are as follows: 'Hello Sandy Allen' (the world's tallest woman), 'Six Months In A Leaky Boat' (which is the new single), 'Never Ceases To Amaze Me', 'Take A Walk' and 'Log Cabin Fever'. I think that's enough cuts to start with. A very, very tasty creative record. If you fall in love with it on first listen, you have exceptional ears. If you can manage to listen three times, you're without a doubt addicted. Be on the lookout for a 12" on Split Enz coming to you next week...
Records on the horizon: In 2 weeks, a brand new Squeeze album in your hands titles 'Sweets From Strangers' and also watch for a special 12" in the package of a candy box--a collector's item indeed. Key cuts here are: 'I've Returned', 'Black Coffee In Bed' ('Tempted' part 2), and 'Out Of Touch'...
Personal faves: I must admit I'm hooked on this Haircut One Hundred and Flock Of Seagulls, and John Cougar's moving me...
P.S. For you music aficionados, a must song 'Seconds' by the Human League will be the next cut. Check it out."

THOM O'HAIR, AUDIO INDEPENDENTS (415-864-0700): "Now for the changes. These actions could put about 4 or 5 folks out of power and out of work. But for the common good of rock and roll, not such a great sacrifice, etc., etc. The plan here is if everybody who went back to work as a result of this action pledged a days pay a month, a fund could be established, condos secured in Maui, plane tickets purchased and these 'people' could travel hither and yon at their hearts content, terrorize any radio station they felt like, 'add' and 'drop', 'fire', 'hire', 'have meetings', 'put out press releases', 'hold conventions', but Tuesday is just the same. A small price to pay to build a better tomorrow for rock and roll. Program directors, you have an opportunity to soar like an eagle into uncharted waters and live happily ever after."

JIMMY MACK, STIFF (212-431-1600): "You think it's easy being a Christian in this business? Hah! Take this record by Girlschool. Take it to dinner, take it for a show, take it to your Mom's and then take it out of the jacket and let the needle deflower that virgin vinyl. 'Wow', says the beaming Music Director. 'That was great. I knew it would be good, but not that good. Cigarette?' In the afterglow of your rendezvous, you rush to your respective radio station, lock the studio door, dim the lights and gently caress Girlschool's slick cardboard jacket. You can't control your primal longings, and you forget the outdated taboos of your station's consultant in the frenzied heat of your audio lust. You want to do it again, but this time--yes, this time, you want to DO IT ON THE AIR. Flinging the Loverboy album from the studio turntable to the netherlands of the jazz section, you slip out this Stiff disc and slip your needle into the groove. Feels good doesn't it? 'Race With The Devil', 'The Hunter', 'Hit And Run'--you want it all--every cut, every precious drop of rock and roll ecstasy. Go ahead, do it till it hurts. On your morning show, for an afternoon matinee, in the erotic evening slot. Play with Girlschool...Now do you believe I go to church every Sunday and write stuff like that every Tuesday? Thank heavens, it's a merciful God we're dealing with. Happy Easter and excuse me while I reread Revelations."

MIKE BONE, ARISTA (212-489-7400): "The Outlaws 'Los Hombres Malo' album has exploded. I won't bore you with the alphabet soup, just check the Red Page. It's almost locked up in three days. Reaction tracks are 'Don't Stop', 'Rebel Girl' and 'Running'. 'Nuff said...The Dregs 'Crank It Up' is doing just that. Locked in firmly to m/h rotation at 70% of all album rockers, the Dregs are closing out with few remaining holes. Yes, Virginia, the Dregs are finally on the road, starting today in lovely Blowing Rock, NC (The Dregs motto is 'we play 'em all, large or small'). The 'Industry Standard' album has already outsold the 'Unsung Heroes' album, and is blasting up the slick trade Lp charts. King Biscuit recording the Dregs April 22nd in hometown Atlanta, Ga...The Stick that roared, yes, Krokus, has definitely come up with THE Spring rock anthem. THE voice is alive and well and on the road. Watch for Florida and Texas to explode next week after exposure to the best new touring band on the road today, Krokus. To paraphrase Rob Roman, 'It really doesn't matter who they sound like, they are convincing anyone who plays them they are for real'...Speaking of touring, Graham Parker is slated to start up on April 24th. Quality wins out in the long run as WMET and KLOS hit the spot with Graham Parker. (I have a great new independent working Graham's album. His name is Allan Frey. He's interested in other accounts, call him at 212-489-1731). Looking for the older more intelligent listener? Give him Graham Parker's 'Another Grey Area'...The buzz on A Flock Of Seagulls can finally be taken to the street now that we have a 12" Ep of 'I Ran' b/w 'Space Age Love Song'. If this isn't the coolest record you've listened to this week, I'll eat my hat. Don't let the name get in your way, A Flock Of Seagulls is easy to say on the air and easier to play on the air... Phoenix is locked up on Haircut One Hundred as the indicator sales needle jumps clean off the paper in NY, LA, Boston, and now Phoenix. Sales are phenomenal. Look for a repeat performance on Haircut One Hundred's UK sales history soon in the United States...Jeff Lorber's 'It's A Fact' is now at 98** in Billboard. Not bad for a jazz album, huh? This is Jeff's biggest and best yet...
Political note: Here's hoping Great Britain kicks the shit out of Argentina. Go for it, Limeys...
Personals: Dave Benson: Have you figured out who the girl is yet?...Judy McNutt: We have to stop meeting this way. What about dinner, Sunday April 25th, then I'll slip in our personalized Krokus bondage equipment just before the old long stick goes boom. Interested? Think kink...Buckie, baby: Can't get reservice? Are you a heavyweight or what?... Bruce Bond: Oh, sorry, I mean thanks...Bob Keller: One play and still getting phones? Time to whip that sucker on the air ain't it?...Lin Brehmer: Help me, help me."

STEVE BRACK, BOARDWALK (213-656-2840): "'Dancing A Dream' is a killer new cut from Phil Seymour that will be sent to you Thursday, April 15th. It smokes! Also featured on this album rock 12" will be 'Looking For The Magic' (written by Dwight Twilley) and 'Love Receiver'. This new album will be out in three weeks and you'll notice a harder edge to Phil's tunes. He rocked his socks off at the Whiskey last weekend and is tuning up for a tour. The album will be titled 'Phil Seymour 2'."

SEAN COAKLEY, ATCO (212-484-6400): "Please listen to the Sherbs. Turn it up."

BOB CATANIA, RCA (212-930-4518): "Anyone who says Bill McGathy doesn't have a great sense of timing after this week, is crazy. First, he completed directing the hugely successful Franke and the Knockouts blizzard, then heads off to the Virgin Islands for a week, leaving Cindy and me to face the frigid April blizzard alone. We'll get you for this McGathy...Saw Doug and the Slugs last night at the Bottom Line, and Doug Bennett and his Slugs put on their usual great show. Actually, performance might be a better word as the group mixes great satire and sarcasm with a great deal of rock energy. The tough New York crowd loved them. Be sure not to overlook the cut 'Real Enough' from the 'Wrapit' album. This mixture of do-wop, reggae and rock is so catchy it's guaranteed to work for you. Also, be sure to catch the video on MTV...The Knockouts did just that to radio with last week's highest chart debut in this Sheet. Also impressive were the Song Index debuts on 'Never Had It Better' at #38 and 'Keep On Fighting' at #61. Watch for the single 'Without You' to also pick up substantial album play as it makes hugh Top 40 inroads... The second single from Le Roux will reach you this week in the form of a special 12" of 'Last Safe Place'. With this second single we'll continue a healthy sales pattern which is now developing after strong play on 'Addicted' and 'Boys'. By the way, if any of you would like personalized ID's from the group, please get in touch with me or Jeff Naumann on the West Coast (213-468-4055), and we'll arrange it with the group...Can you say double platinum? Rick Springfield looks certain to attain that lofty peak as the 'Success' album shoots into the top 5 and 'Strangers' heads quickly for #1. On the album side, we've enjoyed great success with the single and 'Calling All Girls'. Now check out 'Kristina' and 'I Get Excited'. This album is loaded...Up and coming projects include Trooper. This 1980 Juno award winning band makes their label debut with the Mike Flicker produced album entitled 'Money Talks'. Check out the title track, and 'This Must Be The Place'...Also Bow Wow Wow is already developing a great buzz from those who called for an advance copy of the new Ep 'Last Of The Mohicans'. 'I Want Candy' looms as a major track for album radio...Finally, while I have the floor, I want to say how great it is to have Helen Leicht as MD at WIOQ. The entire industry has missed her input on new product these past few years and we'll all be better off having her back."

KATE INGRAM, DB RECORDS (415-928-6952): "Well, it's been a good week for new records, from what I've heard. I absolutely love the new Sparks Lp. All the songs are catchy, especially the title track...Also I heard some of the Haircut One Hundred's fun, funky Lp...And two of my favorite singer/songwriters have new Lps: John Hiatt and Jim Carroll. Hiatt's name may not be a household word, but this album might change that. And Carroll has more lyrics for a single Lp than any artist I can remember. He details for us how he 'kicked the habit' along with about 5,000 other images...Of course, Love Tractor's album is out now and Pylon are on the road, so things are hopping. Here's a sampling of some comments on which side of Pylon's single is the A side: Joe Bonadonna prefers 'M Train' and poses the question of whether Pylon, like Human League and Soft Cell, will cross over to the commercial audience from the clubs. Marc Miller also prefers 'M Train' as does Oedipus, who spends one night a week at Stit where he can see for himself the strong reaction. On the dance floor, kids sing along with the train sound. Dave Einstein and Milo of WHFS both feel 'Crazy' is the radio A side. Dave points it out that while programmers tend to pick up on club mixes, they are often too long to be effective on radio. Milo says 'Crazy' sounds like a pop song and commented that your tighter, commercial FM's of the world could play it and it wouldn't sound too out there. Another 'vote' for 'Crazy' came from Dave 'The Duke' Sholen whose ear has always been right on."

ALAN WOLMARK, ATLANTIC (212-484-6017): "Very sorry to hear that my alma mater, Record World Magazine, officially closed its doors today. Record World gave me my first real shot in this business in 1978, and also my first contact with many of you reading this when I was editor of the magazine's album airplay page. For this and all they've meant to the record business, I wish the best of luck to my long time associates Mike Vallone, Mike Sigman, Carl Skiba, Doree Berg, and many more. Record World was truly a great contributor to our business and it will be sorely missed...Great seeing all the Northwestern New Yorkers assembled for Foreigner's US date in Syracuse, prior to the band's Europe '82 tour. Special thanks to Tommy and Howie for that great box at the Carrier Dome; Ed Levine for the awe-inspiring monologue; Tom Starr for emergency medical services (that's not an inside joke!); Orest for hours and care above and beyond the call of duty; David Kane for poolside manner; Franke Holler for getting right into the groove and really enjoying himself (get well soon); and special thanks to God for a wonderful springtime winter storm. What a party!...Everybody seems to like the catchy, quirky mainstream appeal of Sparks. 'I Predict' sounds great on the radio and draws fantastic phones. Give it a go...Look right next to you cause there is the Duke Records (a label created by the members of Genesis) label debut release. It's a beautiful record by Scottish singer/songwriter John Martyn, with guitars by Clapton and production and drums by Phil Collins. Check out the lead track 'Couldn't Love You More' soon to be on 12"...Carole King is continuing to build and sell through. Conclusion: good music can always win the war against trepidation. Be brave!...Another victory for good music: massive success for programmers and retailers with 'The Man On The Corner' 12" and Genesis's 'Abacab' Lp, now well past platinum. Thank you everyone and keep on playing...Watch for some new exciting developments from the Genesis camp as well as the AC/DC organization...Please check out the new 12" from Godley/Creme (it's a great edit of 'Snack Attack')...Thanks to WNEW-FM for a great 15th anniversary party last night, after which a bunch of us headbangers saw Ozzy at The Garden--cartoon rock, hanging dwarfs, and even a touch of Sabbath. Lots of fun!...Heavy rotation at home: Sparks, Ozzy, Talking Heads, Krokus and John Martyn."

MICHAEL PLEN, I.R.S. (212-980-6874): "WAKE UP! Look at Billboard magazine. The #1, #2, and #3 singles in America are by artists within the last year were all considered new wave/too hip for radio. #1 is Joan Jett, #2 is the Go Go's, and #3 is Vangelis. Are you even considering playing Vangelis? No-o-o-o-o. Radio should open up its eyes a little wider to some of the diverse music out there, instead of dealing with the garbage-y Prisms, Ozzy's, and Aldo Nerdos. Records like XTC, the Plimsouls, New Math, Visage, Talking Heads, The Jam, are classics. How many of these do you really think you'll play? How can you turn down the classic lyrics contained in 'All Of A Sudden' by XTC? 'Life's like a jigsaw, you get the straight bits but there's plenty missing in the middle'. You should take time and try to listen not only to the music, but to the lyrics. Heavy power riffs don't stand a chance if great lyrics are in the song...Play Jools Holland's 'Bumble Boogie' or 'Dynaflow'. If you're playing the Blasters, there's no reason why you can't be playing Jools...Also you should reconsider The Fleshtones. This band is getting raves all across the country, yet they're still being denied. Try 'Let's See The Sun', or 'Ride Your Pony' or 'Hope Come Back'...Out soon on I.R.S./Faulty Products: 'The Eraserhead' Soundtrack with music by Peter Ivers and it also contains three Fats Waller songs; Tom Robinson's new album 'North By Northwest' which contains tracks he did with Peter Gabriel; Chelsea--heavy metal rock from England; Lords Of The New Church featuring Brian James and Stiv Bators--he's our master; also The Circle Jerks ('Who's Got The Cracker')...VEJUR QUOTE: Thank God there are still women who wear black boots and mini-skirts... Personal to Bob Bittens: I have to disagree with you on your comment last week about the Go Go's. The reason they had a top 40 hit is not because they were a good looking, all-female band but because 'Our Lips Are Sealed' was a hit. The initial buzz you've described about radio being sexist, drooling and filled with horny males may apply to your basic album rock geek, but the people who got the record off the ground initially viewed it as just great rock and roll. P.S. Who says the Go Go's are great looking?"

BRUCE MOSER, COULD BE WILD (716-885-5200): "Bryan Adams finished off the Foreigner tour in Syracuse with a bang. Can 30,000 people be wrong? Bryan is a star. If you had luck playin' 'Lonely Nights', now's the time to switch over to 'Fits Ya Good'. It sounds great on the radio. Bryan, the relentless terror, remains on the road now opening for Loverboy...Eric Andersen did a great showcase at Folk City this weekend. The show was so hot they had to call in firemen between sets to put out a fire that broke out. This songwriter is destined to be signed in the near future. Until then, watch for Eric to appear on the cover of the May issue of Fireman's Gazette...Duke Jupiter did a great Coffee Break concert for WMMS last week, not to mention the outstanding show they did for WSYR. 'I'll Drink To You' could be their anthem song for the Summer...Records that you might have overlooked: Thin Lizzy, new at WCOZ this week; and Romeo Void just added at WMMS this week...U2 received two encores in San Francisco when they did the last date on the J. Geils tour. Look for an import 45 single by them called 'A Celebration'...After seeing the movie 'Cat People', David Bowie's 'Cat People' sounds even better. Could be his best effort to date...Aldo Nova's 'Fantasy', #2 on the Song Index, is well on its way to becoming gold. Watch for him on a 30-day tour with Sammy Hagar...BOC's 'Roadhouse Blues' is just a sample of the great things in store on the album. It's got two magic moments of heavy metal history. Listen to the new version of 'Godzilla' and 'Veterans Of Psychic Wars'...Best new records this week: Mangum, 'Walking The Straight Line' (sounds like Foreigner), and is now on tour with Ozzy Osbourne; and the Fist album on A&M, especially the songs 'Thunder In Rock' and 'On The Radio'."

JON SCOTT, MUSICVISION/BACKSTREET (213-344-5599): "I don't care what anybody says, FM radio is still able to break records. Sometimes a little slower than what everybody would like, but there are people who believe. There are so many good records out now that I must scream at the top of my lungs: 1) A Flock Of Seagulls. 'Space Age Love Song' and 'I Ran' will be confirmed out and out smashes. 2) Kim Wilde. 'Chequered Love', 'Kids In America', and 'Water On Glass' will also be confirmed smashes. Do not pass Go, do not collect your \$200. I'm gonna get crazy about Kim Wilde. 3) John Cougar. 'Hurts So Good' has a million hooks and the album is meatier. Watch this kid from Indiana work. 4) Human League. 'Don't You Want Me' has been building for weeks and weeks. It will not go away. It will not disappear. Continued pressure. This is a hit song. 5) 'Cat People'. Play the opening, edit the opening--I don't care. The movie is controversial and the song sounds great on the radio. 6) XTC. 'Senses Working Overtime' is too good of a record for anybody to miss. My ears tell me this record is a homerun. C' mon, you were sent a lemon and a lime. What else do you want? 7) Karla Bonoff. 'Personally' will be a hit record. I'll bet even Kal will testify. (Dear Susan: I can't mail it in, I can't phone it in, I can't send it to ya. I gotta give it to you personally). 8) Haircut One Hundred. We hear this record on KROCK and it sounds like a hit (To Cosmic Drake?) 9) Dave Edmunds. I love the Springsteen track, 'Generation Rumble', and 'Other Guys' Girls'. 10) Greg Kihn. When McNutt starts 'testifying', I start listening. 11) Missing Persons, 'Words'. Another record that drives me up the wall. C'mon guys, bring this one home. 12) Waitresses. 'No Guilt' and 'I Know What Boys Like' are selling this album. Dana Jang never lies...Thanks to Judy Libow, Tunc, and Roxy for the pasta...Thanks to Bone on the phone for a great evening in NY and Steve Leeds for a great time in Long Island. The White Castles (kinda like Krystals) were the highlight of my trip to NY...Good seeing Rich and Bill McGathy...P.S. Be on the lookout for a great new Trooper album produced by Mike Flicker. 'Money Talks' and bullshit walks."

JEB BRIEN, CHAMPION ENTERTAINMENT (212-765-8553): "Well deserved hand to Bill McGathy, Bob Catania, and Jeff Naumann, and the RCA staff for the unbelievable job they've done on Le Roux, Franke, and of course, Rick. RCA has really built a strong album base this past year...We're getting a considerable increase on 12" adds and rotation for Hall and Oates which leaves me very optimistic. The 'Private Eyes' tour ends in 3 weeks and we can't wait to get back into the studio for a Fall release. The new Lp promises to be laden with 4/4 rock and roll...Some new projects at Champion coming soon: Tom Dickie and the Desires are in the studio as we speak for an August release on Polygram...Also the new Kid Creole Lp on Sire is coming in May...August Darnell aka Kid Creole is in the studio now with Nastassia Kinski. The project is an audio/visual fantasy which will be a first in nature as are all of Darnell's projects. If all works well, this may indeed turn out to be a full blown musical feature film...Check out 'Run Run Run' by Funkapolatin. Also produced by (you guessed it), August Darnell...A mention to Jim Farthingham of RCA, Canada, just because you asked. Thanks to you and your cohorts in the Great White North for the great job you've done with Hall and Oates this year...Opening day at the stadium snowed out!!!"

MARTY SCHWARTZ, ELEKTRA (213-852-7211): "First of all, it's seldom when we see our contemporaries in radio or records compliment one another, but Dave Logan's kudo's for Skyboy were well deserved. The big boy from Chicago takes a stand, speaks his mind, and stays positive, not having to dwell on cheap shots or shallow negatives to gain attention. It's wonderful to deal with PD's and MD's who hope records make it rather than those that hope they go away. Sky and others out there make reading and talking to a real pleasure... 'Kihntinued', continues to pile on the call letters with over 120 stations at the end of the second week. But the real good news is that both 'Testify' and 'Happy Man' are both testing very well and elsewhere we're seeing great reaction to 'Saturday Night', 'Love Song', 'Seeing Is Believing' and so on. If we get lucky we could see 'Kihntinued' stick around for quite awhile. P.S. I almost had the big one when I read Drake Hall's comments. In print Drake says 'I think Greg Kihn is a hit. It immediately grabs your attention on the radio and I hope it goes all the way to the top.' History in the making...The Gamma 3 sales picture burns brighter each week with bulleted upward movement for 4 straight weeks. Everyone knows by now that it takes at least 6 weeks for sell through on most relatively unknown product, so stick with 'Right The First Time' and then go to 'What's Gone', 'Modern Girl', and/or 'Stranger'. A record as deep as Gamma 3 should be exposed! Gamma is in Europe opening up for Foreigner and will be touring the states beginning in May...Both Fay Ray and Lou Ann Barton are ongoing projects that may have to come through the back door, but we're sticking with them. These are both viable artists that require more than one listen...We hope that all of you have listened to the Hard Sampler because the only new artist is Chas Sandford. We've got a ton of confidence in Chas. He's already debuted as the author of 'Surrender' on Hagar's Lp and 'Still Crazy For You' on Springfield's Lp, both of which he does better on 'Parallex View'. He plays, sings, arranges, and produces every song on his first outing. So, please pay special attention to 'Parallex View' because we sure are. It'll be on your desk April 16th...Also in late April, Queen's 'Hot Space' with something for everyone."

STEVE LEEDS, S.I.C. (212-977-5170): "If you are not programming this special remix version of 'Crimson And Clover' by Joan Jett because of burnout and/or you think she's a one-shot novelty act--check out the facts: Aside from opening this leg of the Police tour, over one-and-a-half consumers purchased this record. Your own research verifies consumers don't purchase \$8.00 albums because of one single track. Hello!! If you still can't comprehend, check out the street. 'Crimson And Clover' will also be a top 10 hit...**Hot tip:** Be on the lookout for the Warner debut by songwriter Marshall Crenshaw. This guy will be a major factor in 1982 rock and roll. He already has songs recorded by Lou Ann Barton and Robert Gordon...Rolling Stone and DIY agree, Graham Parker's latest is the goods. Q-tips available to those folks who can't find the track. This album is chock full of goodies. So no more excuses. Just find the spot and hit it, or Bone will be after you with his long stick...Now that 'Cat People' has officially opened, it's total lunacy not to program the David Bowie theme...Thanks for the positive comments about Bow Wow Wow: Jack Snyder, Ted Edwards, Ray White, and John DeBella. Remember: Candy is dandy...If you're not Wilde about Kim, check out the WLIR story and then check out this album...It was great to meet and greet again: Shelly Graffman, Bob Durch and Bill Moyer...Other wax to watch: RPM, Magnum, Duke Jupiter, Joe King Carrasco, Split Enz, and coming soon Cheetah!!"

RONNIE RAPHAEL, SWAN (214-826-8616): "Focus on Krokus. Put your marker on Parker. The Dregs have legs. Twilley is a dilly. Kim Wilde's no child. There's more mile in Geils. Huey Lewis is not Jewish. Tull is not dull. Nowherefast is a gas. Joan Jett's a good bet. There's compliance with Alliance...It is always exciting when a group comes out of nowhere and establishes itself very quickly in terms of audience acceptance and sales. So far in 1982, we have seen three such acts: Joan Jett, Aldo Nova, and Asia... Watch out for Alliance, coming to your station Monday, April 19th on the Handshake label. The album is deep with such standout cuts as 'How Does It Feel', 'Make It Right', and 'Love On The Line'. If you'd like an advance cassette of the entire album, call me at 214-826-8616. Let the music play."

JIM SELLERS, CHRYSALIS (212-935-8750): "By now you should have all received our new release. From all early indications, we've got a major event in the new Jethro Tull. This is a fine new effort from the king of rock storytellers. 'Beastie' is the cut that most stations jumped on out-of-the-box. 'Broadsword' is the companion cut. For those looking for a timely, relevant cut, check out 'Fallin' On Hard Times'. This is the best Tull Lp in years. Thanks Bill, for your 'Hard Choice'...Other albums in the release to listen to include Fun Boy 3. Check out 'It Ain't Whatcha Do'. This could be the album radio novelty song of the year. Already a major club record, this one is infectious! Remember 'It Ain't Whatcha Do, It's The Way Thatcha Do It', and that's what gets results!...There are several good tracks on the Spandau Ballet album. Many have been international hits already. What's wrong with giving listeners something they can move their butts to...Huey Lewis continues its climb to the top. The tour is going well, and will be in your town soon...Saw UFO in NY last week, and damn it, ya'll are missin' it! Those kids love 'em, encore and all...**Personals:** There are two New York radio stations that have recently thrown parties for the local record reps. Thanks to Larry and Dorothy at WPLJ and to Scott, Richard, Jim and Darlene at WNEW. You've made the new kid in town feel right at home...Heavy Lenny, your comments were right on the button...Until we meet again."

TUESDAY, APRIL 13

Some people may feel guilty this morning for things left undone yesterday. Whoever said that jollies, fun days weren't productive? Must have been some Puritan! At 3:26 AM EST, loving Venus at 7 degrees of Pisces is at a fine 120 trine to expansive Jupiter retrograde at 7 degrees of Scorpio. This is the love of fun, and at 11:59 AM EST mental Mercury at 26 degrees of Aries is opposite disruptive Pluto retrograde at 26 degrees of Libra. A lot of deep thoughts are going to get dredged up. Finally the moon is Void-of-Course as of 8:34 PM EST until entering Capricorn tomorrow morning at 2:42 AM EST. A cavalier attitude today is justified, with a party hearty night ahead.

TODAY IS A 7

WEDNESDAY, APRIL 14

The emotion ruling moon and go-getter, earthy Capricorn turns the moon around, and we are getting the practical urges we lost Monday and Tuesday. Communicative Mercury is about to change signs tomorrow, so schedules and conversations get a good dose of confusion--but not to worry. At 1:01 PM EST the moon is 5 degrees of Capricorn is at a harsh 90 degree square to physical Mars retrograde at 5 degrees of Libra. Late morning can be a gouchy time and a temperamental period. A quiet lunch is a good idea. Sticking to routines is a good way to make the most of today. Tonight is better for working and playing, unless you consider last minute tax forms fun. If so, you are ill.

TODAY IS A 5

THURSDAY, APRIL 15

Mercury enters fixed, earthy Taurus at 1:55 PM EST for a stay until May 1. Getting Mercury settled into Taurus will help clear up messes and problems with people being more deliberate in their thought processes. At 3:56 PM EST the sun at 26 degrees of Aries is opposite changeable Pluto retrograde at 26 degrees of Libra. Major changes by people are going to occupy the thoughts of many, but the timing could not be worse. Keep a steady strong head and let the fallout hit, so we know with what we are dealing. No Void-of-Course moon, but tonight is another work night as opposed to a play night.

TODAY IS A 5

FRIDAY, APRIL 16

The third quarter moon is exact at 7:43 AM EST with the moon at 26 degrees of Capricorn and the sun at 16 degrees of Aries. Lots of energy but the moon is Void-of-Course as of 7:43 AM EST until entering Aquarius at 3:19 PM EST. This does not provide a day for rushing around to rescue the week. By late afternoon a more idealistic intellectual approach settles in and we ought to have fun right through the night. Being able to decommission the work ethics and to channel these energies into breaking bad habits or sloppy routines is the best way to fly. Have you noticed the high level of frustration and impatience that is building? It's Mars retrograde until May 11!

TODAY IS A 4

SATURDAY & SUNDAY, APRIL 17 & 18

Saturday is very idealistic, but the problem we are faced with is acting on ideas. By making this a personal Spring day, you can maximize this cycle. A good day to read and think, how about some new music? And Sunday is an extremely creative day. At 2:38 PM EST mental Mercury at 6 degrees of Taurus is opposite expansive Jupiter retrograde at 6 degrees of Scorpio. Ideas are abundant and this applies to improve "ears" for music. Good day for conversation and low-key socializing. Both evenings are okay for partying, but nothing spectacular. For me, I'll spend the time with intimate friends.

SATURDAY IS A 4 & SUNDAY IS A 7

MONDAY, APRIL 19

Emotion ruling moon is in adaptable, sensitive Pisces, and a more mellow mood prevails. This is the last day of the sun in Aries--the sign that begins Spring. We begin Taurus the height of Spring at 5:08 AM EST tomorrow. When the sun is changing signs, it can often cause temporary disorientation. This is where the adaptability of Pisces really helps us today. Not a bad way to start a week, and this is a good time to voice any discontent. Voicing discontent is a far cry from demanding action. Today is busy and tonight is a curl-up-by-the fire night. Rest after a busy day and week. The energies pick up.

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

RAINBOW releases their next Lp April 15, called "Straight Between The Eyes". It marks the debut for keyboardist David Rosenthal to the band and features the tracks "Power", "Bring On The Night", and their current single, "Stone Cold". The Lp cover done again by hypnosis is a graphic depiction of a guitar coming out between a person's eyes.

STEVE WINWOOD is still at work with co-writer Will Jennings and expects to finish the Lp by the end of the month, with a release expected by June. He has put off touring indefinitely.

JOE COCKER, who just signed to Island Records, will release a new Lp on that label called "Sheffield Steel", due early May. It was produced by Chris Blackwell and Alex Satkin, who also produced the last two Grace Jones Lps.

ROBERT PALMER'S new Lp is called "Maybe It's Live" and will be on the record racks April 14th. The first side is a collection of live recordings, including the songs "Sneakin' Sally Through The Alley", and "Bad Case Of Loving You". The second side is studio versions of some old and new songs including "Some Guys Have All The Luck", and "Maybe It's You".

SPLIT ENZ releases their follow-up to "Waiata" on April 13th on A&M Records. The new album is called "Time And Tide", and was produced by Hugh Padgham, who also worked with the Police.

The Rock Report has learned that Thin Lizzy bassist **PHIL LYNOTT** has been asked to portray Jim Hendrix in the movie "The Jimmy Hendrix Story", and further, that **ROBIN TROWER** will be asked to do the guitar licks.

Sources have indicated that the theme of the new **ALAN PARSONS** Lp may be related to psychology.

SHOOTING STAR is working on their Epic Record follow-up to "Hang Onto Your Life Tonight". Their Lp, expected later in the year, is entitled "Three Wishes".

CBS recording artists **SURVIVOR** have recorded the theme for the movie "Rocky III". The song is called "Eye Of The Tiger".

MARCY LEVY, who is best known for working with Eric Clapton, and who co-wrote the song "Lay Down Sally", is currently working on an album with Boston and Charlie Daniels Band producer John Boylan.

The Rock Report was in Atlanta at noted producer **EDDIE OFFORD'S** studio while he worked on the debut album for Art In America. The new Lp will be out by June.

BIRTHDAYS THIS WEEK: 4/12: John Kaye of Steppenwolf is 38; 4/13: Jack Cassidy, ex-Jefferson Airplane and Hot Tuna, is 38; 4/14: Ritchie Blackmore of Rainbow is 37; 4/15: Dave Edmunds is 38; 4/18: Mick Vickers of Manfred Mann is 40.

Lieberman Call

PORTLAND/SEATTLE-Joe Maita

	SALES	POTENTIAL	
Asia	8	10	What a great shot in the arm for the record business!
Charlie Daniels Band	6	8	"Saigon" is the type of tune that deserves everyone's attention.
Roger Daltrey	4	7	Who fans are buying it, but not much beyond that.
Dregs	3	7	Don't depend on the vocal trax alone. Add the instrumentals which seem to be the quality pieces.
Waitresses	5	8	I'll never understand what the attraction is, but it is indeed selling through.

	% OF KEY ACCOUNTS	COVERAGE	
Point Blank	50	L	Just received stock.
Toto	70	L-M	Lots of skepticism due to last record's failure.
Talking Heads	100	L-M	The band's following has spread well beyond their cult. We sincerely hope this record gets a shot.
Iron Maiden	100	L	Band's identity is as responsible for their success as is their music.
"Cat People"	75	M	What a great tune. The movie is another story.

"Thanks to the folks at CBS for the opportunity to meet Karla Bonoff and for the Aldo Nova visit...
Baseball picks: A's, Brewers, Reds, and Expos...Current favorites: Material, Haircut One Hundred, Talking Heads, Richard Pryor, Red Rodney and Ira Sullivan, Human League, and Stevie Wonder."

Roger Daltrey	1	3	Not much happening here.

Toto	100	M-H	This Lp is everything the first album indicated that the band would give us.
Talking Heads	60	L	Cult action only, so far.
Iron Maiden	65	L	Ditto last week's Krokus comments.
"Cat People"	50	L	The soundtrack is good. Too bad the flick is a "dog".

MINNEAPOLIS-Esa

	<u>SALES</u>	<u>POTENTIAL</u>	
Asia	10	10	To quote Warner Bros., I smell money.
Charlie Daniels Band	7	10	Most retailers still selling off heavy late initial orders.
Roger Daltrey	4	8	Sales pattern is light but steady.
Dregs	4	10	Ditto the above.
Waitresses	8	10	Strong consistent sales. You can believe this is already much more than a quickly passing fad. This is a genuine ITEM.

	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Point Blank	100	M	Good initial numbers with a future so bright you'd better wear sunglasses.
Toto	100	M-H	Surprisingly good/great initial outlay considering this band's most recent track record.
Talking Heads	100	M-H	Stellar production, magnificent, and a great package--what else could one ask for.
Iron Maiden	100	M-H	Eddie and company blast into the racks of record retailers everywhere. Better lock up your parents.
"Cat People"	90	M-H	The thin white duke proves why he's always on top of the rock and roll world.

"Vinyl that currently cooks: XTC, Ray Parker, Jr., Flamin' Oh's (ask me or Podell for one), The Jam, Sparks, Dave Edmunds, Blasters, Bongoes, Flock Of Seagulls, Dazz Band, Steve Tibbets, Art Ensemble Of Chicago."

DENVER-Gary Abrams

	<u>SALES</u>	<u>POTENTIAL</u>	
Asia	8	9	Very impressive reorders the past two weeks. Heavy response in secondaries.
Charlie Daniels Band	6	8	Good airplay on the single, but not spurring album sales yet. Let's give this a little more time.
Roger Daltrey	4	7	Light movement throughout the area.
Dregs	7	8	Easily their best seller to date.
Waitresses	7	9	Sales improving. This isn't just a fad recording. Radio stations here are backing this up all the way.

	<u>% OF KEY ACCOUNTS</u>	<u>COVERAGE</u>	
Point Blank	75	L	Better initial orders than previous Lp.
Toto	80	L	Retailers very reluctantly purchased this album. Most would rather wait for the single to break.
Talking Heads	100	L-M	This is a package you can't refuse. Album rock stations are having a ball playing this. It's a hell of an album.
Iron Maiden	85	M	Metal strikes again. Open arms welcomed this album. Wyoming and Montana strongest area.

"Hot out of the box: Ray Parker Jr., Iron Maiden, Richard Pryor Live, Cameo, Talking Heads, Charlene."

CHICAGO-Bruce Lowry

Toto	95	L-M	Exceptionally strong response considering what the last two albums did.
Talking Heads	95	L-M	Strongest new release sales this week.
Iron Maiden	100	M	Out two weeks and leading the heavy metal pack.
"Cat People"	70	L	Good response to the Bowie tracks. Rest of the album is very nice also.

Talking Heads	85	L	Good response from retail.
Iron Maiden	80	L	These guys are beginning to build somewhat of a following.
"Cat People"	70	L	We aren't expecting huge sales on this one since the single is the only Bowie cut on the Lp.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

- PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
- PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
- AIRPLAY EMPHASIS** - Be careful not to confuse this with **PLAYS PER DAY/WEEK**. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
