# FMQB ALBUM REPORT

April 16, 1982

**BILL HARD, Editor**

### Hard Choice

#### CHAS SANDRORO, "PARALLAX VIEW", ELECTRA

Since Martin advanced the castles for our sampler, we've been chomping at the bit to see how Frank Page. It's one of the best production jobs we've heard this year—new or old act—and he wins the creative arrangement award hands down. This needed biccles, and with "Summer" on Radar's eye, and "Still Crazy" on Springfield's, that's no "minor-league" junk. This kill is a conceiver. Try the fun tracks just mentioned, and don't lean into "Seductive Power", "We've Said Enough", and "Temptation".

### Easy Choices

#### VAN HALEN, "DIVER DOWN", WARNER BROTHERS

Even to "Pretty Woman" there was a lot of "they'd better show us something" talk. That single re-established their commercial value but left their creativity in question, and now with "Diver Down", they've re-established their spot in the heavy rotation category. There's unexpected taste and variety and Eddie's guitar has never been more anarchic. Big props for the killer cover. "Dancing In The Street" is neat, and "Secrets" is our favorite.

#### BLUE OCEAN CULT, "EXTRATERRESTRIAL LIVE", COLUMBIA

I'm convinced by the instant audience reaction on "Roadhouse Blues": Need some ammunition? How about—Doug Spedell, WPS, "Whenever you put a record down on the turntable and the first 30 seconds send a chill through your body—you know you've got something there. Already getting positive reaction"... Ron Nenni, WPT, "The audience is extremely impressed with BOO's live take-up of 'Roadhouse Blues', with Robbie Kreiger on guitar, this is more than just a remake. It's our big reaction song of the week"... Buck Williams, WOT, "BOO cut phones the first night we played it"... Steve Keller, WPI, "After I played the BOO LP for the first time, I got two doors fronts who called up wanting to know where we got the live doors cut"... Bubba Bean, WFL, "BOO", "Roadhouse Blues" gets immediate phone response. That Robbie Kreiger is a bad nominee on the guitar solo"... Greg Dilligale, WZO, "The BOO is word and already—lacking to get some phone, after a couple of plays"... Bruce Golden, WPI, "I've been playing the BOO single and I can honestly say we saw immediate reaction. Something that doesn't happen very often with our aids"... Also recommended "Veterans Of The Psychic Wars" and "Don't Fear The Reaper".

#### SHERBI, "DEIVING GRAVITY", A&O

The amazing call out shot—11% on the debut demands immediate attention for the follow-up. If the airplay is anywhere close to their first, the lower price on the LP should convert that passive success into active record buying and 14 fewer returns—smart marketing. We like "I'm Alive" and "Don't Throw It All Away".

### Pinch Hits

#### ELTON JOHN, "DUMP UP", DEFFEN

Nothing overcomes a schmeitzly image like a great song, and we think "Ball And Chain" is Elton's best album rock entry since the mid 70's. He's in great voice and Peter Townshend's acoustic guitar work is the perfect accent. This tune rocks. Also nice to hear Elton rocking again on "Sean John".

#### FLOCK OF SEAGULLS, LIVE/ARISTA

We love "I Can" as we said for the past two weeks, and credible programmers like KLVU's Jim Smith and WTIC's Frank Hall are raving about "Space Age Love Songs". Either way, those early warnings of another trend setting group, only are loud and clear. As for the date, even if they were called The Underwater Basketweavers, we'd still call them a band well worth your attention and singles.

### Chain Reaction

#### RAINBOW, "STRAIGHT BETWEEN THE EYES", POLYDOR

With 100 FM's reporters already pounding the LP, this week's 60 conversions for #1 Most Added is just the start of a major index assault—as the remaining 40 reports can't be far behind... "Stone Cold" leads at #4 on the Song Index, with "Ditch On The Night" on deck... Comments: Bob Blittens, WCR, "Damn, these guys got good. I mean, Blackmore has always been a guitar giant, but when did the band fall into such a tight, legi rock unit? The single can't miss and some of the other songs will give you third degree burns"... Buck Williams, WOT, "My favorite LP of the week. It's their best yet. This is what we were expecting them to do when they split Deep Purple"... Judy McNutt, A&O-FM, "their best Rainbow LP to date, and certainly their most commercial"... Dick Ransom, WQPM, "The album is absolutely superb. Sounds great on the radio and "Stone Cold" is pulling in solid phones"... And from Curt Gary, WFB, "Once you get past the cover art, there is a lot of good rock and roll on the record".

## CHAIN REACTION CONTINUED

### DAVE EDMUNDS, "D.E.7", COLUMBIA

In the past, album radio has been lucky to find one track with enough edge to play, and this time around it's nice to see that Dave has come through with 3 solid radio tunes--"Small Things", "Me And The Boys", and "Other Guys' Girls". That distinctive Edmunds flavor makes this a great active programming tool...35 first week reports for #2 Most Added...Comments: J. David Holmes, KDKB, "It's incredible and I hope it takes off"...Tom Starr, WOUR, "Springsteen had Edmunds pegged when he gave him a tune tailored to his twang. Immediate phones and a song that sounds like its got longevity"...Dale Wolters, WMAD, "This week's Restoring Of Faith Award goes to Dave. After the first album, I thought it might be over for the old boy, but now that the contractual obligation is a thing of the past, it's obvious he means serious business"...Ray White, WLIR, "Dave has finally discovered the genius and fun of NRBQ. I knew it was just a matter of time. We've added every Edmunds Lp ever recorded, and 'D.E.7' is no exception. We're believers and hope that Columbia can do it for him this time around"...And Charlie Kendall at WMMR, "Stepped up the rotation on one of my all-time favorites. We're going with 'Other Guys' Girls', and they're already calling for it in all demos".

### MOTELS, "ALL FOUR ONE", CAPITOL

Last week's most talked about new record comes back with 33 adds (for a two-week total of 79), and still more raves: Greg Gillispie, KEZO, "I've been a big fan since their first album, and their progression has been wonderful. This is far and away their best"...Rob Roman, KLAQ, "Far and away the best thing they've ever done. If you've been following this group since the beginning, you can see the transformation"...Rob Barnett, WAAF, "One of the best examples of totally programmable, interesting new music"...Jose Diaz, WBLM, "One of those bands that has a perfect combination of art and commerciality with a rock and roll context"...Dave Krusenklous, WKQQ, "One of the classiest records of the year so far. Sure, the producer is good, but the material is a lot stronger this go round, too"...Rob Lipshutz, WHJY, "I'm real optimistic about 'Only The Lonely' going far. This is one of the best songs I expect to hear this year. Hope it breaks big"...And from Bobbin, WLPX, "It took me a while to get on the track, but 'Mission Of Mercy' gets my motor running and my fingers snapping. By far their best effort, and I was a fan of the first two albums"...New at #45 Index, #48 Metro, and due for a very strong chart jump next week...Cuts: "Only The Lonely" #69, "Take The L" and "Mission Of Mercy".

### JETHRO TULL, "BROADSWORD AND THE BEAST", CHRYSALIS

104 adds in two weeks confirms the comeback we've been testifying about. The highest debut at #24 Index/#26 Metro, and new at #20 on the Superstars chart...Max/heavy play: WLAV-FM, WLPX, WXRT, WIOT, WKZL, KLOS, WMMR, WLIR, WPDH, WQXM, WNEW-FM, WYFV, KRQR, WBAB, KILO, and WRKK...Cuts: "Beastie" still leads, debuts at #40, with "Fallen On Hard Times" following at #62...Radio Action: Rob Barnett, WAAF, "If he's going to regain jaded fans (especially older fans) this song will have to start the trend"...Jim Buckley, WRCN, "We went on it when it came out and after the first week it's #11 in sales. Maybe Ian Anderson should stay out of the production more often"...Mary Pillinger, WYMX, "The album feature drove the upper demos wild. It's Tull, it's topical, and it will sell albums to all the leftover 'Aqualung' freaks who have been sitting on that park bench waiting for a new 'Aqualung' and Tull to emerge"...Steve Keller, WAPI, "The new album debuted at #4 so maybe Jethro's got something here"...Bobbin Beam, WLPX, "Tull debuted at #14"...And from Rob Lipshutz, WHJY, "An impressive comeback. We're going to wallow in the self-pity of 'Fallen On Hard Times'".

### OUTLAWS, "LOS HOMBRES MALO", ARISTA

Another active week--new at #37 Index, #35 Metro, and 17-16 Hattrik...#5 Most Added with 22, and #3 Most Added for the past 2 weeks with 77, including 23 Level I stations. Strongest early play on WSYR, WQXM, KPKE, KWK, WYFV, KRQR, and KQRS...On the Top 100, "Don't Stop" debuts at #73 and "Rebel Girls" comes in at #96.

### SPLIT ENZ, A&M

On first listen, it sounded pretty obscure, but when those Hattrik adds started to roll in, a second listen was in order. Locking in on cuts was a tall order, but we settled on "Hello, Sandy Allen", which could turn out to be a giant of a song. #6 Most Added with 20, including KWK, KPKE, WAVA, WLLZ, KROQ, and WNEW-FM...And it's Judy McNutt's "Personal pleasure Tasmanian titillator of the week"...Also consider "Six Months In A Leaky Boat".

### POINT BLANK, "ON A ROLL", MCA

Those convincing stats continue to build--#7 Most Added with 14, for a three-week total of 105...4 play increases: KLAQ, KILO, KBPI, and WMMR...Double prime moves: 31-26 Index, 29-24 Metro, D-20 Sebastian, 16-15 Hattrik, and building nicely on the Checklist: 39 maintaining, 1 dropping, 18 not playing, 8 considering, and 30 building. Phones and sales are up at KATT, KLAQ, WQXM, WSYR, WZXR, and KTXQ...Sales: WLPX...Phones: WDMA, WBLM, WRCN, WROQ, KWFM, WYFE...Trax: "Let Her Go" #38, and "Great White Line" #84.

### HUMAN LEAGUE, A&M

The Tull, Toto, Krokus, and Point Blank moves made upward chart momentum tough for Human League (36-34 Index) but, based on this week's very strong add activity, I'll be quite surprised if we don't see a prime move in our next report. However, we did see a major Song Index jump for "Don't You Want Me", 26-21...New believers include: KPKE, WAVA, KWK, WLLZ, DC101, WIOT, WMET, WRCN, KEZO, WHCN, KICT, WRNO, and KMOD...Play increases: WMMS, WNEW-FM, WYSP, KTXQ, KDKB, WSYR, WMYK, WBAB, KWFM, WZZO, WPDH, and WDMA...Also 30 steady reports, and 3 drops in rotation...Hottest retail reports include: KLOL, WLIR, WDVE, WKLS, WLPX, WMMR, WMMS, KGB-FM, KQRS, and WPLR...On the Retail Index steady at #13 and new at #20 on the Hattrik List.

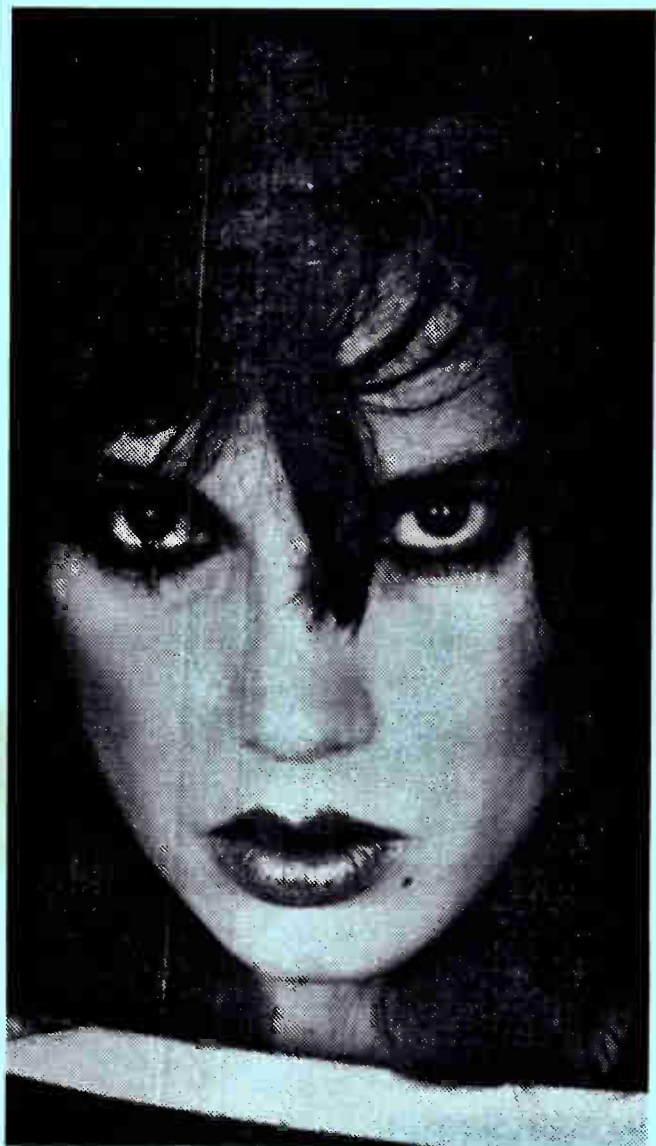

### TOTO, COLUMBIA

With a 40-28 Underline, Toto captures the strongest chart move of the week honors. Also coming on strong Metro, 41-32...Play increases: WPDH, WKQQ, WPLR, WLIR, KBPI, WLPX, and WMMS...19 steady, and 1 down...Top 20 sales at WQXM and WLPX--and we'll run a Checklist this week and get a more detailed rundown..."Rosanna" is up 67-37 with "Afraid To Love" moving 86-55.

### IRON MAIDEN, CAPITOL

9 adds bring us to a total of 58 adds in the last month, and this week we come up with a 48-42 Index Underline, and #48 Metro debut...New at #19 Superstars...Moves: 3 up: KLAQ, WIOT, and WROQ...3 down and 18 steady..."Run To The Hills" 76-49 Song Index jump...A very healthy checklist showing. We have----- 12 maintaining, 48 not playing, 13 considering, and 28 building: Sales and Calls: DC101, KWXL, WPYX, WROQ, WHCN, WYFE, WZZO, and WLAV-FM...Phones: KROR, WRCN, WPLR, WKLS, and WLVQ...Sales: WBAB, WRKI, WPDH, KLAQ, and WLPX...Comments: Bobbin, WLPX, "Iron Maiden hanging in there at #11. I wish other markets would catch on to the validity of this group"...Jack Daniels, WROQ, "Iron Maiden still #1 phones at night. An incredible record"...Bruce Bond, WZZO, "We're two cuts deep on the Iron Maiden in medium rotation. The Album is selling very well. The progress is from 37-20-14. Definitely quality heavy metal."

In just two weeks over 100 stations have checked into

## The most talked about record again this week!

**Jose Diaz, WBLM:** "You can add my name to the growing list of Motels believers. This is one of those bands that has a perfect combination of art and commerciality within a rock and roll context. Martha Davis is sure to become a leading lady of rock and roll at this rate."

**Dave Krusenklau, WKQQ:** "The Motels record is one of the classiest records of the year so far. Sure, the producer is good, but the material is a lot stronger this go around, too. I like at least four cuts on this record so we'll start with 'Only The Lonely.'"

**Greg Gillispie, KEZO:** "I'm floored by the new Motels album. After spending a week with it, I think that it is far and away their best. I've been a big fan since their first album and their progression has been wonderful. 'Only The Lonely' is truly a hit."

**Rob Roman, KLAQ:** "'All Four One' by the Motels is far and away the best thing they've ever done. If you've been following the group since the beginning, you can see the transformation. On the first album there was one solid track. This new one will, I think, have four solid tracks. My fave is 'So L.A.' though I think the single is quite strong. Other cuts to check out 'Mission Of Mercy' (music with a bite) and 'Take The L.'"

**Bob Bittens, WHCN:** "The Motels album gets better with every listen. 'Only The Lonely' is a definite pick to make the top 5."

**Rob Barnett, WAAF:** "The Motels album is one of the best examples of totally, programmable, interesting new music. We're playing 'Take The L' right now."

**Bobbin Beam, WLPX:** "It took me a while to hit on the track from the Motels, but 'Mission Of Mercy' gets my motor running and my fingers snapping. By far their best effort, and I was a fan of the first two albums."

**Rob Lipshutz, WHJY:** "I'm real optimistic about the Motels' 'Only The Lonely' going far. This is one of the best songs I expect to hear this year."

## SIGNIFICANT SONGS

### "CAUGHT UP IN YOU", 38 SPECIAL, A&M

A&M is holding reports till next week, and based on first week feedback, we're expecting a monstrous Most Added showing--here's a sampling of the reaction: Rad Messick, WFYV, "The single is great. I think it transcends the Southern rock and roll mold better than any of the rock bands who have albums out right now"...The Doctor, WYFE, "I'll be debuting the new 38 Special Ep, and it's gonna take the audience for a Toop. It does sound good"...Ron Nenni, WPYX, "38 Special sure have outdone themselves. It's gonna be huge"...And from Tim Smith, WLVO, "'Caught Up In You' sounds great. Asia add wars will happen next week."

### "HURTS SO GOOD", JOHN COUGAR, RIVA/MERCURY

Two gangbuster weeks on John's new single--48 adds last report, and 19 new ones this week--a perfect set-up for the Lp which is released next week. And his killer appearance on "Saturday Night Live" will be a big help, too. "Hurts So Good" grabs the highest debut #35 on the Song Index...WKQQ's Dave Krusenklous says, "To me, John is a very consistent artist. By consistent I don't mean selling millions of records, but with each album there seems to be one tune that puts him on a roll. With 'I Need A Lover' and 'Ain't Even Done' and now 'Hurts So Good', there's a nice base being built for this artist. Already getting calls for the single after his 'Saturday Night Live' appearance"...Chuck Holloway, WKZL, "Looking for good things on the 12". Cougar always seems to resurface when there's a shortage of Seger/Petty style street rock."

### "CAT PEOPLE" ("PUTTING OUT FIRES"), DAVID BOWIE, BACKSTREET

With the 12" conversion to Lp reports, we tally a #44 Index debut, (#45 Metro), as "Cat People" moves to #31 on the Song Index. On the Checklist there's 43 not playing, 14 considering, 4 dropping, 21 maintaining, and 20 building...Sales and phones: WNEW-FM, WZZO, KNAC, and KWXL...Phones: WQDR, WPYX, WQBK, WAAF, WMAD, and WCMF...New on WHJY, WKLC, KLBJ, and WDHA.

### "HEARTBEAT", WENDY WALDMAN, EPIC

We tipped this track on the Front Page a few weeks ago, and now we're pleased to see that KGB-FM's Judy McNutt shares our enthusiasm, "More substantive lyrics from Wendy, and at last she rocks. As much as I've played the cassette, maybe she should change her name to Wendy Walkman"... Also from Dick Blackmon, WOWD, "Please don't overlook this record. Wendy has paid her dues and this album not only deserves, but demands a shot. 'Heartbeat' seems to be the consensus, but I'm crazy about 'We'll See In The End'-Hear it twice and you gotta agree."

### "I WANT CANDY", BOW WOW WOW, RCA

Naturally the indicator types will come to the picnic right away, but don't be surprised if these hot rhythms roll on some big time stations out of the box.

# DE<sup>7</sup>

**Hard Choice, April 9:** "The Edmunds has been around for over a month in order to include it on the Sampler, and we'll testify about how well it wears. It just won't burn out. We're also convinced it's just a matter of time til the public shares the warm feelings most programmers have for Dave. 'D.E.7' is this classic rocker's best shot ever, with the enthusiasm of a new label affiliation and three great tracks."

**Charlie Kendall, WMMR:** "Stepped up the rotation on one of my all time favorites, Dave Edmunds. We're going with 'Other Guys Girls' and they're calling for it in all demos."

**Dale Wolter, WMAD:** "This week's restoring of faith award must go to Mr. Dave Edmunds. After the last album, I thought it might be over for the old boy. But now that contractual obligation is a thing of the past, it's obvious he means serious business. A perfect Springtime feel about it and the lp brings him back up to the solo expectations of 'Repeat When Necessary'. Nice to have you back, Dave."

**J. David Holmes, KDKB:** "What can I say about the Dave Edmunds that I didn't say last week? It's incredible."

**Brian Leonard, WDEK:** "This album is just ducky. I enjoy the Springsteen composition as well as 'Generation Rumble'."

**Stew Schantz, WPDH:** "The new Dave Edmunds record is the best record Dave has put out since 'Tracks On Wax'. The Springsteen song starts it off for us with 'Generation Rumble' soon to follow."

**Lin Brehmer, WQBK:** "Dave Edmunds moves to hot this week. The man is God's gift to rock and roll. We love the Springsteen tune, 'Dear Dad', and 'Me And The Boys'."

**Tom Starr, WOUR:** "Springsteen had Edmunds pegged when he gave him the tune that's tailored to the Edmunds' twang. Immediate phones and a tune that sounds like it's got longevity."

# Franke & the Knockouts are hitting *Below the Belt*

## at RADIO

**Kid Leo, WMMS:** "Last year Franke and the Knockouts were one of only four debut bands to break into the top 20 in sales in Cleveland. One gets the feeling that their sophomore year will be even greater. We feel 'Keep On Fighting' will go the distance."

**Lee Arnold, WQFM:** "At the end of our second day of airplay, 'Never Had It Better' researched as our third most popular song. At the end of the next week it made it to our second most popular cut. Now we're adding 'Keep On Fighting' and if this isn't a hit album I'll eat my hat."

**David Gariano, Sebastian, Casey & Associates:** "The depth of the Franke And The Knockouts new Lp 'Below The Belt' is as wide as Don Jenner's smile. The tracks 'Never Had It Better' and 'Keep On Fighting' are performing well at our stations."

**Steve Feinstein, WYSP:** "Franke And The KO's have 'never sounded better'. Top notch production plus punchy dynamics make this the kind of record that radio craves."

**Tim Kelly, WLUP:** "'Below The Belt' is a very broad based record. It tests well in all of our demographics and fits well in our format."

**John Larsen, WAVA:** "'Never Had It Better' and 'Keep On Fighting' are working extremely well for us. Each week we see that people want to hear this record more than in the weeks before."

## "Which Way To Main Street"

Featuring "Heartbeat"

JUST OUT AND ON: KGB-FM, WMYK, WOWD, WDEK, WCPZ, WPDH, WBRU, WKWF, WAER, KTYD, WPLR, WWWL, WDHA, KRQR, WNEW-FM, WBAB, and KTIM.

Judy McNutt, KGB-FM: "More substantive lyrics from Wendy Waldman—at last she rocks. As much as I've been playing this cassette, maybe she should change her name to Wendy Walkman."

Bill Simmons, WMYK: "It isn't too often that an album comes along which is a real pleasure to listen to. Wendy Waldman is just such an album. 'Heartbeat' is great, but don't overlook 'Fighting It Out In The Heart Of The City'."

Dick Blackmon, WOWD: "Please don't overlook this record. The lady has paid her dues and this album not only deserves but demands a shot. 'Heartbeat' seems to be the consensus cut, but I'm crazy about 'We'll See In The End'. Hear it twice and you gotta agree."

# JIMMY HALL

## "Cadillac Tracks"

## "Sleepin' On The Beach"

Not a ton of call letters yet due to the crush of new releases, but this is one hot song. Perfect for Springtime. So dig it out and listen, and like and add. And see your comments here next week.

PLAY ON: WKDF, KBCO, KOME, WNEW, WRCN, WIOT, WQFM, and others.

# XTC

## "English Settlement"

Featuring "Senses Working Overtime"

ALREADY ON: KMET, WMMS, WAAL, WPYX, WMMR, WHCN, WKLC, WCMF and others.

Hey, come on guys! We sent you lemons and limes in the mail, even sprung for a neat mylar ad. So, give us a break on this fine song.

Would Kid Leo, Jerry Jaffe, Bill Hard, Steve Feinstein, Joe Bonadonna, Bob Bittens, Michael Plen, Rich Totoian, Harvey Leeds, Robin Wren, John Kirksey, Eric Heckman, Debbie Gould and Jon Scott steer you wrong?

# MIKE OLDFIELD

Exciting, interesting, different.

The vocals on "Family Man" smash you in the face, and are guaranteed to stand out and ring your phone. What we're trying to say is it's a great radio record and sounds as mass appeal as "Edge Of 17".

# STRANGER

Producer Tom "Metalmeister" Werman calls guitarist "Ronnie Garvin the hottest rock guitarist I've worked with."

# Radio Action

**WMET, CHICAGO, IL M.D.-DAVE BENSON:** "WMET Adds: Point Blank, Human League, and Rainbow...To be quite honest, the reason we added Point Blank this week is that I heard 'A Roll' on the Loop, and it sounded better than when I played it in my office. Is this the 'magic of radio' that I keep hearing about?...The Human League finally scores a slot on the WMET...A&M's commitment is evident and deserved...The Rainbow record converts from a 12" to an Lp add. This album is definitely Rainbow's radio record...Sales Story: Asia lands the #1 slot, Go Go's Scorpions, Police, and Loverboy in the Top Five...I'm amazed to see the number of programmers who would put an album with such obvious and serious technical sound problems as the latest Outlaws album on their radio stations. Arista has quite wisely begun to remix and redistribute the album, and we'll make our decision based on that piece of product...Cool Guy In Joke/Message Department: Sean Coakley, you're absolutely...The David Lasley album is super fine...Mike Bone, your mama!...Ricki and Steve: Congratulations to two true human beings...Dear Capitol Records: Am I too late to get my name spread across a full page ad for Martha And The Motels? I, too, think the record is superb. This band deserves all the attention that you're giving them."

**WMMR, PHILADELPHIA, PA P.D.-CHARLIE KENDALL:** "WMMR Adds Romeo Void--selling very well locally, based on club play. This is a very nice record in the Queen/Soft Cell vein. It's also interesting that CBS is picking it up...The Jam. They are a cult band, but they just won't go away. I believe that 'Town Called Malice' has the potential to be a major hit. It's got that 'Motown feel' to it that always sounds good in the summertime. And if it's gonna happen, this is the record. We all know that Jerry Jaffe is on vacation, so it's the time to add it...Rainbow. This is it for them. A superb record--excellent production; brilliant arrangements...Also Added: Aldo Nova...Increased Play On: Point Blank. 'Don't Let Her Go' and 'Great White Line' get instant audience reaction...Jethro Tull. 'Watching Me Watching You' is our...track. Good calls all the way around. Has that Tull flavor that makes it the record we've looked for from...Also upped: The Bowie. It's our that slow intro. It's a problem to you. It's a hit record by a major artist, so do what you have to do to play it...Graham Parker also up. We're getting excellent...on the single, and 'Hit The Spot' is a stone killer...Also stepped up the rotation on one of our all-time favorites, Dave...We're going with 'Other Guys' Girls', and they're already calling for it in all genres...Scorpions 'No One Like You' is marvelous--their best Lp yet. This will take them from cult-to-mass appeal...Top 20 sales and climbing...Also, the Dwight Twilley is a personal favorite. Making that the calls are building for: 'Back Again'...We'll be celebrating our 14th anniversary on April 29th at the Ripley Music Hall with Point Blank. Southside Johnny will be our host for the evening. Anybody who wants to come to Philly for a rock party should...Assistant P.D. John Bloodwell and get on the list."

**WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM:** "Great audience response on the phones and in other areas of our research on: Scorpions; Charlie Daniels Band; and, Asia, especially 'Heat Of The Moment'...Speaking of Asia, it's literally exploding wide open at the retail level--#1 for the second week in a row...Other Retail Highlights: Sammy Hagar is hot #3. Also loved the concert with Aldo Nova and Sammy last week in Chicago...Rick Springfield is #5; Scorpions #6, and, Iron Maiden hanging in there at #11 (I wish other markets would catch on to the validity of this group)...Jethro Tull debuts at #14; and, Charlie Daniels Band at #15...John Cougar had such real...rock and roll flowing through his veins on the Saturday Night Live appearance, we had to...the single--just...good ole rock and roll'. I wish him success on this one...Blue Oyster Cult's 'Roadhouse Blues' gets immediate phone response. That Robbie Krieger is a real hombre on the guitar solo...Krokus seems to be building...It took awhile to hit on the track from the Motels, but 'Mission Of Mercy' gets my motor running and my fingers snapping. By far, their best effort--and I was a fan of the first two albums...#12 sales for Toto...Gamma holding steady at #27, and we're sticking with it."

**KAZY, DENVER, CO M.D.-DOUG CLIFTON:** "Adds: Motels, 'Only The Lonely', Rainbow, 'Stone Cold'; Soft Cell, 'Tainted Love'; Dregs, 'Crank It Up'; Jethro Tull, 'Fallen On Hard Times'; and, Point Blank, 'Let Her Go'...Top 10 Retail for the First Quarter of 1982: J.G.'s Band ending up on top, followed by: Joan Jett And The Blackhearts, Stevie Nicks, Police, Quarterflash, Foreigner, Go Go's, Cars, Bob And Doug McKenzie, and AC/DC...Top 10 Requests for the First Quarter of 1982: Hottest on the phones were: Joan Jett And The Blackhearts, J.G.'s Band, Journey, Foreigner, Bob And Doug McKenzie, AC/DC, Cars, Queen/Davie Bowie, Go Go's, and Loverboy...Special thanks: John Cougar for dropping by the KAZY studios. We recorded a great interview, and it was a pleasure talking with him...Aldo thanks to Dave Rothstein for his help with the 'Small Change' Prism promotion."

**WNEW-FM, NEW YORK, NY M.D.-JIM MONAGHAN:** "Another WNEW-FM 'Prisoner Of Rock And Roll' makes good. Capitol Records recently signed and released Missing Persons, a band which received its major exposure first on our 'Prisoners' feature. You can check out the L.A. story on this group if you don't believe it yet...In addition, we've put our 'Prisoners' show on the road. Sunday, April 4th, WNEW-FM and the Bottom Line began the 'Prisoners Showcase' with the db's and Rich Deans to a packed house. We'll be doing this show on a bi-weekly basis as WNEW-FM continues its commitment to new music...Personals: To Robyn: Sorry I couldn't fit Barry in this week...Alan Wolmark: I hope your budget is big. You're next."

**KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE:** "Well, wonders never cease, I guess. KLOL adds Chubby Checker--how exciting! Beth Rosengard tells me that I have Roberta Haber to thank for insisting that 'Harder Than Diamond' was the lead cut, so thanks, Roberta...Also, my congratulations to: J.David Holmes and the folks at KDKB for being early leaders on Haircut One Hundred. What a fine album. 'Love Plus One' and 'Marine Boy' are great cuts...Thanks to: Allen Shapiro, Branch Manager at WEA, for hand-delivering the Queen single to us. At least he thinks we're important, even though we aren't a Parallel One...And my congratulations to Polygram Records for their wisdom in deciding that Houston doesn't need a local promotion person--because the market doesn't have a Parallel One. Two album stations don't sell any records, do they?...Mike Bone: Thanks for the Krokus record, but 'Night Flight'? What am I going to do with 25 'Night Flight' albums?...To Ricki Gale and Steve Fingerett, one of promotion's happiest couples: Congratulations on your marriage. Wish I could have been there...And now a few words from my M.D., Jeff Jensen: 'It was either be Music Director for THE Texas rock and roll station, or have Iron Maiden surgically wired into my ears 24 hours a day, so here we are! I'll still hold down my 6-10PM shift, which features 'Thursday Night Adult Book Store Night' and the semi-regular 'Gomer Pyle Update', in addition to taking calls from 11AM-2PM Monday, Tuesday, Thursday, and Friday...New to KLOL, a guy I like to call Nick Van Cleve. Nick and I were feared by the Raisinettes and shuffle board hustlers in Tampa Bay for two years. A big decision for Nick. It was either Championship Wrestling training or rock and roll. Hoping you're middays at KLOL...This week, Krokus instore and concert...Huey Lewis show Friday night and a free 35mm camera for 'Believing In Love'--just picture it...Tax deadline, April 15th: See an IRS agent get dunked in a tank by KLOL. Three shots for a dollar with proceeds to charity...At Home: Haircut One Hundred; 'Secret Policeman's Other Ball'; and, my new dark green couch. Stop by, sit a spell....."

**WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM:** "There's a local band that just released their debut album on Epic. The name of the band and the album is: Stranger. I feel that the album deserves at least a listen. First track, Side One, 'Jackie's So Bad', has a real nice pop feel to it. And there's already considerable phones. The band's followers are calling for: 'Swamp Woman', Southern boogie with some meat. I've got a feeling the album could really go somewhere...Rainbow's album is absolutely superb. Very surprised and pleased to see that it was digitally mastered, and it sounds great on the radio. 'Stone Cold' is pulling solid phones...The Blue Oyster Cult was a nice surprise. We've taken the intro from the long version of the song and carted that up with the short version. I wish that Columbia had done that on the 12"...Jethro Tull debuts at #8 this week on our sales index...Scorpions moves #10 to #5...Asia's #1 for the second week in a row."

**KDKB, PHOENIX, AZ M.D.-J.DAVID HOLMES:** "Thanks to: Roger Smith of Elektra for allowing me an advance listen to the new Queen Lp 'Hot Space'. All of Side Two is pure Queen. Some interesting things on Side One as well...Also, a very big thanks to: Huey Lewis for taking the time to sit down and talk at the post-concert party thrown by Chrysalis. The guy is not only a fine performer, but a hell of a nice man...Thanks also to: Rick Cua of the Outlaws, who dropped by the station to talk about the new album...The Asia Lp continues to build every week...We've increased play on: Haircut One Hundred's 'Love Plus One'. This sounds so fine on the radio that it's scary...What can I say about the Dave Edmunds that I didn't say last week. It's incredible, and I hope it takes off...Point Blank sure sounds like they're 'On A Roll'. We're using the cut: 'Don't Look Down'. I must agree with Drake Hall that this is the tune with the most lasting power for radio...We went on the new John Cougar song this week, and tomorrow I'll have the pleasure of shooting the breeze with Mr. Cougar...Last, but certainly not least, the Winter ARB advances for Phoenix radio are in, and KDKB is still very dominant with 8.2."

**KSRR, HOUSTON, TX M.D.-RICK LAMBERT:** "Alan Sneed mentioned last week that we were getting a bit scared of Rick Springfield. Well, we've decided to ease him off the station, even though sales are Top 10... We're also seeing good sales moves continue for: Asia, Aldo Nova, Sofo Cell, and Krokus; with some early movement on: Point Blank and Human League...The Adds This Week At 97FM Were: 38 Special Ep; Queen 45; and John Cougar's new album 'American Fool', which is very enjoyable. I wish I could plug a particular cut, but there's a few worthy of airplay over the next few months...We also switched the Rainbow Ep to an album add...Mayday! Mayday! Mayday! Calling all stations: Mike Oldfield's 'Five Miles Out' is a killer. I've turned everyone at 97FM on to it, except Alan. I've convert him just in time for next week's music meeting."

**KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON:** "Sales: #1 J.Geils, #2 Scorpions, #3 Sammy Hagar, #4 Aldo Nova, and #5 Joan Jett...Requests: #1 J.Geils Band, #2 Joan Jett, #3 Aldo Nova, #4 Scorpions, and #5 Sammy Hagar...Love that live rock and roll! The J.Geils Band stunned the Portland audience last week with a phenomenal show. The staging was superb. Amazing that a band that's been on the road for so long, manages to come up with an innovative approach each time out. Their wardrobe person should get a bonus. Thanks to: John Donovan of EMI for the opportunity to interview Peter Wolf and Seth Justman and get them involved in our very own soap opera, 'Leave It To Beaverton'. Also great to see Ken Benson and John High in the Rose City...To Johnny And The Distractions: Good luck on the Asia tour...Gotta go, Angel City has landed and I've sprouted wings."

**KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT:** "Hooray, oh shit!! Inspired, picky, B.S., wonder, hype, smash, stiff, and in conclusion--I saw Rickie Lee Jones last night. She was spectacular!!! The show was short, but worth every bloody minute...Huey Lewis put on one helluva at the Rodeo Club. Too bad the opening act was so terrible--complete with nerdy versions of Steely Dan songs (only kidding). Everyone in Huey's band sings really well too, and it's refreshing to see a band who can match studio vocal complexities live. (And honest, he didn't lay a hand on me)...My Favorite New Add: Soft Cell. Always glad to be early on a record. Guess that makes us a shoe-in for this week's Drake Hall Award... The best Rainbow Lp to date. Certainly their most commercial...I don't know what I can say about Dave Edmunds that I haven't been saying for the past five years. Great musician. He knows how to pick a good song (and not too shabby on guitar either). Give me good basic rock and roll any day... More substantive lyrics from Wendy Waldman, and at last she rocks. As much as I've been playing this cassette, maybe she should change her name to Wendy Walkman...And speaking of cassettes, sorry I haven't mentioned it before, but I really enjoyed the Bill Hard Sampler. It made my work easy... Thumbs up for KROQ. Nice that that kind of radio station can do well in L.A...Our Sky Show lineup is complete. Here goes: Cheap Trick, with special guests: Joan Jett And The Blackhearts, Chuck Berry, and Susan Lynch...The Asia show on 'Rockline' brought us more mail and phone calls than any other show to date. Pretty impressive stuff."

I wish I could plug a particular cut, but there's a few worthy of airplay over the next few months...We also switched the Rainbow Ep to an album add...Mayday! Mayday! Mayday! Calling all stations: Mike Oldfield's 'Five Miles Out' is a killer. I've turned everyone at 97FM on to it, except Alan. I've convert him just in time for next week's music meeting."

**KGON, PORTLAND, OR ASST. P.D.-GLORIA JOHNSON:** "Sales: #1 J. Geils, #2 Scorpions, #3 Sammy Hagar, #4 Aldo Nova, and #5 Joan Jett...Requests: #1 J. Geils Band, #2 Joan Jett, #3 Aldo Nova, #4 Scorpions, and #5 Sammy Hagar...Love that live rock and roll! The J. Geils Band stunned the Portland audience last week with a phenomenal show. The staging was superb. Amazing that a band that's been on the road for so long, manages to come up with an innovative approach each time out. Their wardrobe person should get a bonus. Thanks to: John Donovan of EMI for the opportunity to interview Peter Wolf and Seth Justman and get them involved in our very own soap opera, 'Leave It To Beaverton'. Also great to see Ken Benson and John High in the Rose City...To Johnny And The Distractions: Good luck on the Asia tour...Gotta go, Angel City has landed and I've sprouted wings."

**KGB-FM, SAN DIEGO, CA M.D.-JUDY McNUTT:** "Hooray, oh shit!! Inspired, picky, B.S., wonder, hype, smash, stiff, and in conclusion--I saw Rickie Lee Jones last night. She was spectacular!!! The show was short, but worth every bloody minute...Huey Lewis put on one helluva at the Rodeo Club. Too bad the opening act was so terrible--complete with nerdy versions of Steely Dan songs (only kidding). Everyone in Huey's band sings really well too, and it's refreshing to see a band who can match studio vocal complexities live. (And honest, he didn't lay a hand on me)...My Favorite New Add: Soft Cell. Always glad to be early on a record. Guess that makes us a shoe-in for this week's Drake Hall Award... The best Rainbow Lp to date. Certainly their most commercial...I don't know what I can say about Dave Edmunds that I haven't been saying for the past five years. Great musician. He knows how to pick a good song (and not too shabby on guitar either). Give me good basic rock and roll any day... More substantive lyrics from Wendy Waldman, and at last she rocks. As much as I've been playing this cassette, maybe she should change her name to Wendy Walkman...And speaking of cassettes, sorry I haven't mentioned it before, but I really enjoyed the Bill Hard Sampler. It made my work easy... Thumbs up for KROQ. Nice that that kind of radio station can do well in L.A...Our Sky Show lineup is complete. Here goes: Cheap Trick, with special guests: Joan Jett And The Blackhearts, Chuck Berry, and Susan Lynch...The Asia show on 'Rockline' brought us more mail and phone calls than any other show to date. Pretty impressive stuff."

RADIO ACTION CONTINUED

WDVE, PITTSBURGH, PA P.D.-DAVE LANGE: "We went with the guitar track from the Outlaws, 'Foxtail'... Also moved on the Rainbow this week. In addition to the single, which is off to a good start already, we'll be adding: 'Power'...Then we have our two 45+ records on the format: Blue Oyster Cult and Iron Maiden. Gotta get those upper demos...Human League starting to pick up some phones. Sounds pretty good on the air--should do well...Greg Kihn sounds good on the air. The track 'Testify' is already getting some phones. By the way, Greg, thanks for your call in support of the Steelworkers Benefit Concert we're doing this week...Scorpions look like they're on the rise. Phones are quite active, and the cult is growing...Soft Cell is just getting underway here...Aldo Nova moves up a little bit in rotation this week, and we'll be looking for another cut in the next week and a half."

KQRS, MINNEAPOLIS, MN M.D.-DOUG PODELL: "First, let me do some catching up from last week. Jethro Tull's 'Beastie', after a week of airplay, picks up the #3 request spot, with sales already starting to happen. This, by far, is one of the strongest Lp's to come out of Ian in years...The Outlaws version of 'Rebel Girl' is almost hypnotic. Believe it or not, it's one of my personal favorites this week. This album is at least three cuts deep...Blue Oyster Cult goes in this week. You can't go wrong playing any version of 'Roadhouse Blues', especially with Robbie Kreiger on guitar. I feel that whenever you put a record down on the turntable and the first 60 seconds send a chill through your body--you know you got something there. Already getting positive reaction...While we're on the subject of CBS product, I'd like to thank a few people, in particular: Ray Anderson, VP of Promotion; also from Nightmare Management, Pat Morrow and Sandy Einstein; and, also Buddy Bengert for the platinum Journey 'Escape' album presentation. It'll be remembered for a long time to come...Saleswise: Aldo Nova finally overcomes all the obvious debut album obstacles and is #1 in sales this week. Joan Jett still #1 in cassettes and still #1 requests...Lastly, thanks to: Dan Denigris of Epic for those personalized 4 Out Of 5 Doctors shirts. I still do believe in this album...Considering: Human League, Motels, and Girlschool."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "A few deserving records have finally surfaced on our playlist: 'Senses Working Overtime' by XTC, who are consistently inventive and clever; 'Marie Marie' by the Blasters--good timey, just plain old fun rock and roll; and, 'I Predict' from the quirky and eccentric Mael Brothers...I've been a Sparks booster since 'Komono My House', and 'I Predict' could just be this season's leftfield hit...The 'performance under extreme pressure award' for this week goes to: Cindy Tollin, who did a superb job with Asia on 'ROCKLINE' under some hurried conditions. Thanks to: Asia Manager Brian Lane and Ted Cohen of Warner Bros. for helping to reacquaint me with the pleasures of Lancaster, PA...Jethro Tull's 'Watching Me Watching You' seems to be the freshest tune on the album...Probably the most inspired record we're playing these days is the Motels. The writing and playing show a new-found confidence and purposefulness. And Val Garay's production is a real plus...38 Special went right into the studio, although we'll hold off till next week on reports... The Dave Edmunds album is an absolute delight. This man must be maintaining a record collection something close to a rock and roll archives; he manages to unearth some wonderful obscure tunes on all his albums. I kinda miss his duets with Carlene Carter, though. It's a shame Edmunds' falling out with Nick Lowe makes those duets a thing of the past...Right now, we're on Point Blank's 'Let Her Go', but I'm leaning towards 'Gone Hollywood', which I've heard is Bubba Keith's favorite...The Greg Kihn record is causing us problems here. The staff is close to breaking into fistcuffs over who gets to play it most often...Tempie Lindsey: Thanks for you know what. Mum's the word...David Leach: Had a great time at the Sixers' game. Can you arrange for the one-point difference in overtime to go the other way next time?...Peter Noone came by with the dapper Walter Wynnick, and I only committed the faux pas of calling him Herman once. He's a true gentleman, almost as dapper as Walter himself, and gets a 'good taste' award for covering the Sutherland Brothers 'You Got Me Anyway'...At Home Listening: Talking Heads Live, John Martyn, Renee Geyer (kind of a blusey album with good song selection and understated playing--sounds a bit like Tina Turner and Steve Marriott), Haircut One Hundred, and Lou Ann Barton's 'Brand New Lover'...Sales: Asia is still king of the mountain; Ozzy took a significant jump this week to #3; Human League had its best week ever at #6; seeing some significant movement on Tommy Tutone and Aldo Nova; and, the Blasters had an impressive debut at #21...Best news this week is that Tom Verlaine has an album coming out, and a Philadelphia date in May."

WEBN, CINCINNATI, OH M.D.-CURT GARY: "In the 'better-late-than-never' department at WEBN: Chubby Checker. And let me say that I'm quite surprised at the female reaction to 'Harder Than Diamonds'. In four days of airplay, the phones have become monstrous...We needed to fill a gap in our heavy metal coffers, and there doesn't seem to be a lot of good new heavy metal out, so we went back and picked up UFO...The Jay Ferguson record 'Tonite' seems to be working for us...And while we're talking about better-late-than-never, 'Say It Ain't So Joe' from Roger Daltrey finally received its radio due...The most immediate similarity on Rainbow is the striking similarity in cover art to Scorpions. Once you get past that, there's a lot of good rock and roll on that record. I don't think 'Stone Cold' has even really kicked in yet...Testing: 'Great White Line' from Point Blank. At this point, it's a little too early to tell, but we've been getting some phone reaction...Greg Kihn's 'Testify' is just a lot of fun--perfect song for Springtime. We're starting to see some nibbles in the retail... No phones yet on Franke & The Knockouts, but it tests like a mo-fo...Sammy Hagar keeps doing it... Kudos to: Kenny Laguna for his production on Bow Wow Wow. He did a real nice job on that."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Hooray for us! The Book came back and we're up to a 6.4. Put that on a goddamn mylar page, Harvey...Love the Motels. I want more than anything for this to be a big record...How about them Gullskis? Flock Of Seagulls are a little cosmic, but, hey, I love 'Space Age Love Song'. (Drake, you asshole, play 'I Ran' or you die in the next Book.) (Drake: Screw you, Bill, I'll play what I want to. 'SPLS' is real catchy)...Blue Oyster Cult's 12" is almost a novelty record, but I'm sure we'll get the phone calls...Editorial: If companies don't want us to report or play things till the following week, why the hell do they give us the record? Send the cassette early, thank you...My favorite singer, Freddie Mercury, is back. Don't know about the single, but I hope there's some rock and roll on the album... Getting great sales and phones on: Point Blank. Great calls on: 'Don't Look Down'. 'Take Me Up' is also a real good track that's getting overlooked...Franke & The Knockouts sound real good. Afraid that it would have that one-week burn, but building nicely...A few calls on the John Cougar single, which grows on you...Increased rotation on: Human League. Initial image fear concern was unnecessary. Play it and don't worry."

WWWL (LOVE 94), MIAMI, FL M.D.-STEVE HUNTINGTON: "Did I remember to congratulate WOUR M.D. Tom Starr and his wife, Ann, on their new add? It's a baby girl...And, should Alan Wolmark be congratulated for getting 'added duties'?...I'll miss Record World. I bought my first copy in 1966 and went nuts over the wealth of information contained within. Kal Rudman's column, 'Money Music', had everything you needed to know about hit records weeks before anyone else. (Some things never change.) Having been an album airplay contributor for 8 years in the 70's, I'll always remember RW's good old days. Best of luck to: Mike Vallone, Carl Skiba, Greg Brodsky, et al...The Stevie Nicks simulcast on HBO and The Source was excellent. Thanks to all concerned."

Drake Hall, KTXQ: "Great phones on Point Blank's 'Don't Look Down'."

Dick Bascom, WQXM: "'On A Roll' was an appropriate title following the success of 'Nicole'. 'Let Her Go' should keep the band on a roll for some time to come."

Sky Daniels, WLUP: "All the goods laid out for you on it. Point Blank has lived up to the precedent set by 'American Excess'. The title track sounds like the one to me."

Charlie Logan, WFVY: "As 38 Special did on their first album, Point Blank has transgressed their restrictive parameters of the tired Southern rock format and come up with a sound that is contemporary and mature."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Looking over my playlist, I see there are dangerously few superstars with current releases. On the positive side, this gives new and fringe material an excellent chance to be exposed. At the same time, however, the average listener probably has a hard time distinguishing the tunes from the artists and the artists from the artists. A listener who hops into the middle of the Scorpions probably can't name the artist or distinguish it from, say, Franke & The Knockouts, Duke Jupiter, or Rainbow, etc. So now is the time to key in on certain research elements other than sales. Phones and artist identification might prove more valuable now than ever before to determine what your audience wants to hear. And patience, now more than ever, is necessary because not much of this stuff is gonna prove itself quickly...Onto my favorite Lp of the week. Rainbow's latest is the best yet. This is what we were expecting them to do when they split Deep Purple. 'Stone Cold', 'Power', and 'Bring On The Night' are all in the out-of-the-box category... Good stuff from the Motels, although I'm inclined to lean towards the rock, so we'll go with 'Mission Of Mercy'...This is the week for Human League and I, for one, am glad to go on it...Blue Oyster Cult got phones the first night we played it, and so did Flock Of Seagulls...In the 'you-heard-it-first-here' department, watch out for: Fist, Magnum, RPM, and Chas Sandford...And finally, thanks to: Craig Lambert, Eric Heckman, Frank Shively and Belkin Productions for all the help in making the Sammy Hagar/Aldo Nova show a barn blaster. Frank, you're such a smooth talker, you could convince a wart to go back in hiding."

WKZL, WINSTON-SALEM/GREENSBORO, NC M.D.-CHUCK HOLLOWAY: "The adds this week are: Motels, 'Mission Of Mercy'; John Cougar; and, Rainbow...Top Retail: Asia, Krokus, and Aldo Nova...Top Phones: Charlie Daniels Band, Krokus, and Scorpions...We're looking for good things on the Cougar 12". He's always done moderately well in this market under the previous format. Cougar always seems to resurface when there's a shortage of Seger/Petty style street rock...The Tull is such a pleasure. Without sacrificing his integrity, Ian Anderson has managed to blend the best elements of the old Tull sound with the fantasy element that's so prevalent in the best of heavy metal. Plus, the artwork is a killer... Everyone's talking about 'Only The Lonely' and 'Take The L'. How about putting 'Mission Of Mercy' on the turntable and cranking it up? No image problem there...KZL is now doing a Sunday night hour called 'The New Generation'. It's devoted to playing such new material as: XTC, The Jam, David Byrne, etc. But more importantly, it also previews the history of music through tracks by Robert Fripp, Lou Reed, David Bowie, and more. Instead of just playing the stuff, the music is put into perspective. Any 'New Generation' type material, old or new, would be appreciated."

WLVO, COLUMBUS, OH M.D.-TIM SMITH: "Album Adds: Utopia, which is pulling Top 20 sales and #2 phones. The interest could be coincided with a recent appearance in town, however, so the life of the record is questionable...Also, the Blue Oyster Cult 12" is more for talk value than music value...Joan Jett goes back up to heavy...Iron Maiden and Krokus go from light to medium, as they're pulling phones... We're backing off of Sammy Hagar's single. He goes from heavy to medium. He was in town for a show last night with Aldo Nova opening. Aldo Nova literally stole the show...Starting to feel a little uneasy with Franke & The Knockouts. I have a feeling that Top 40 might take this band...J.Geils Band goes to recurrent...We're watching the Motels carefully, but hate to see Top 40 take them away... Still feel the Flock Of Seagulls 12" is getting the wrong attention. Turn the thing over. 'Space Age Love Song' is top-down cruisin' music...38 Special's 'Caught Up In You' sounds great. Asia add wars will happen next week."

WAQX, SYRACUSE, NY P.D./M.D.-ED LEVINE: "I'd like to start this week off with a personal plea to Warner Bros.: Don't let 'Tainted Love' die on the vine. This is a hit record, as witnessed by the fact that with two weeks of airplay, the album went from nowhere to #20 retail, and it's our #2 requested piece of music, #1 18+. And just in case you think that all these people calling in are 'New Wave' fans or university students, only 3 of our over 25 documented requests came from Syracuse University. This record is a hit, it's that simple...This Asia album is obviously a monster. It soared to #3 retail this week...Another good story retailwise is the Scorpions album. That checked in at #22...I'm very pleased with the Rainbow album. Besides 'Stone Cold', there's a couple of real strong rockers on there. I also like the last cut on Side Two, 'Evil Eyes'...There's a lot of records out there that are close, but no cigar for now...I think the Krokus cut to play is: 'American Woman'. We've been playing that for one week and already have received more phone calls than we did for the previous three weeks of playing 'Long Stick'...Other cuts we've keyed in on: 'Testify' from Greg Kihn. And I finally settled on 'Let Her Go' as the Point Blank tune to play...The Blue Oyster Cult version of 'Roadhouse Blues' left me cold. I guess it would have had more impact if the original version sounded dated, but it doesn't. And outside of a little audience participation, I don't know what this song adds that the original lacks. Three weeks and goodbye...Also, best wishes to: Greg Brodsky and all the good people at Record World. I guess this puts a real dent in the 'Flashmaker' mentality."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "The latest Birch Report is out, and WCMF increases 1 1/2 points to a 12.8, maintaining our #1 position in the market...Adventures In Dining Dept.: This past weekend, we treated two of our listeners to dinner with Ozzy Osbourne before his concert. Dinner was delicious, our winners were delighted, and the only thing Ozzy bit was his food. Don't believe any rumors about the man, because Ozzy is a very sincere, kind, and accommodating person. Don't miss his show, either. Many thanks to: Epic Records' Kevin Sutter for putting everything together...Also, thanks to my dinner dates of the past week: Paul Yeskel, Randy Hock, and the Could-Be-Wild-Road-Show of Bruce Moser and Doug Dombrowski...Some Spring cleaning leaves lots of room for adds this week at WCMF: Rainbow, Point Blank, Simon & Garfunkel, Motels, New Math, and the John Cougar single...Sales Story: Asia, Aldo Nova, Go Go's, and Scorpions lead the way."

WHJY, PROVIDENCE, RI M.D.-ROB LIPSHUTZ: "I'm real optimistic about the Motels 'Only The Lonely' going far. This is one of the best songs I expect to hear this year. Hope it breaks big...The Jethro Tull is an impressive comeback. We're going to wallow in the self-pity of 'Fallen On Hard Times'... The battle for sickest album covers: I think Scorpions edges out Rainbow...It took quite a lot of listens, but we went with David Bowie's 'Cat People', which grows on the ear."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "There's an album sitting in front of me that I'm really excited about--but I'm not too sure that album rock radio on the whole is going to get as excited. The album is from John Martyn, and it features Phil Collins, Eric Clapton, and some other notable players. The trouble is that the cut on which all these people play is extremely low key. It's also extremely beautiful, and I would like to see album radio break it...I'm extremely happy to report that Jethro Tull debuted at #25 on this week's retail report...And I'm even more happy to report that WBAB made history this week at the Nassau Coliseum. We co-promoted the Loverboy/ZZ Top show on April 16th. The day prior to the show, 7,000 seats were sold. But that Friday afternoon, we really promoted it heavily and the Nassau Coliseum had the largest number of walk-ups in its history that night--3,600 to be exact. We're very proud of that accomplishment, and we're very thankful to Beaver Productions, the promoters of the show, for working with us. We look forward to working with them in the future...I'd like to thank the people at Columbia/Epic for a great time last Monday night. Both Charlie Midnight and Susan Lynch were enjoyable, and I look forward to seeing them both again (especially Susan Lynch)."

**RADIO ACTION CONTINUED**

- KZAP, SACRAMENTO, CA M.D.-BOB KELLER:** "The music that's been dominating my listening this week has been the Motels album. I agree with Bill and just about everybody else in this business that this album has 'hit' written all over it. They're coming to Sacramento on the 20th of this month. You can bet we'll do what we can to get the clubs full."
- WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV:** "Dave Edmunds has another solid rock and roll album. 'From Small Things Big Things Shall Come' and 'Other Guys' Girls' seem destined to join 'Girls Talk' and 'Almost Saturday Night'--along with the other Edmunds' classics...Got to see the Police show, courtesy of Peter Wassing of A&M. (Thanks, Peter.) Aside from being the best musicians around, they also put on a really great show. Long live The Police...Finally, about the Motels new album. 'Take The L' demonstrates that they have finally put it all together. It has all the elements of a great song."
- WROQ, CHARLOTTE, NC M.D.-JACK DANIELS:** "The Iron Maiden is still #1 phones at night. An incredible record...Jethro Tull reminds me of the old days--ten times better than their last album...The Glass Moon: I used to listen to this band when they played at East Carolina in 1972. Glad to see they finally made it...The Dave Edmunds: The Springsteen cut is the best one on the album."
- WTUE, DAYTON, OH M.D.-JIM KINNEY:** "We added: Outlaws, Motels, and Jethro Tull this week...I'm not the most avid Outlaws fan, especially over the last few records, but this album impressed me. So we're going with: 'Don't Stop'. We also like: 'Running', which has to be the first single...The Motels definitely have matured even more than on their second effort. All of the tracks folks have been mentioning are good, but for us the best is: 'Suicide Solution'...We decided to go with 'Beastie' on the Jethro Tull Lp...Rick Springfield moves to #1 in sales this week; Joan Jett and Asia tied at #2; Simon & Garfunkel at #6; Sammy Hagar flies up to #10; Scorpions right behind at #11; Tommy Tutone rings in at #15; and, Aldo Nova at #18...No matter how much I talk about anything we're playing, I don't think there's a better song on the radio right now than 'That Girl' by Stevie Wonder. I sure hope the day comes soon when we can play stuff like that again...Speaking of stuff like that, I keep checking the trades every week to see when 'Flamethrower' will take over the third track spot for J.Geils. So far, it hasn't. That is one track we're playing that might be put into that sinful category of 'disco'. It has worked. Ever since we added it, it has been amongst the Top 3 requested songs--for about 15 weeks...Tonight, Sammy Hagar is coming for a guest disc jockey stint before his show tomorrow night with Aldo Nova. We're even going to let him play some of his own tunes."
- WMYK, ELIZABETH CITY/NORFOLK, VA P.D./M.D.-BILL SIMMONS:** "It isn't too often that an album comes along which is a real pleasure to listen to. Wendy Waldman is just such an album. 'Heartbeat' is great, but don't overlook 'Fighting It Out In The Heart Of The City'...Rainbow's 'Stone Cold' has a hit record feel similar to Foreigner's 'Waiting For A Girl Like You'. It's already generating phones...Getting good first week response in retail: Jethro Tull and also the Human League."
- WDIZ, ORLANDO, FL M.D.-MIKE LYONS:** "Top new music reaction goes to: Asia, Susan Lynch, and Jethro Tull...Tull seems to flash people back to the old 'Aqualung' golden age; and, the secretaries just lo-o-o-o-ve Susan Lynch...We're looking for 38 Special and Van Halen down the road...Our Homegrown Album, Volume II is out on the streets and selling superbly...Love the joke page and the Advance Sampler. Sometimes you can't see the forrest for the trees. Thanks for the twigs, Bill."
- WFYV, JACKSONVILLE, FL P.D.-RAD MESSICK:** "May be too early to talk about it, but the 38 Special song is great. I think it transcends the Southern rock and roll mold better than any of the Southern rock bands who have albums out now. From everything I hear, the album is every bit as good as the single... Some interesting Florida rock and roll from a brand new band called Stranger. 'Jackie's So Bad' is not bad at all, and definitely doesn't sound like a Southern rock and roll band...Gamma continues to grow with both phones and sales at #17 (first time in the Top 20), based on the strength of 'What's Gone Is Gone'...Asia continues to be the hottest thing in town. I can't wait to go to New York to see them on May 2nd...Charlie returns next week. More from him."
- WQMF, LOUISVILLE, KY M.D.-DUKE MEYER:** "I found a new pet project. It's John Martyn's new solo album. Sounds real fine. It's got a real smooth feel to it. I got it in the mail about an hour before I had to go on the air and was bummed out because I could only listen to it once. My fave is: 'Couldn't Love You More'. It has kind of a 'Man On The Corner' quality to it. I also want to commend Phil Collins on the excellent choice of names for his record label...Got to listen a couple more times, but my earlobes have definitely picked up something on the Magnum, John Hiatt, and Sherbs albums... Genesis, 'Man On The Corner'; Sammy Hagar, 'Baby It's You'; Asia, 'Only Time Will Tell'; and, Bryan Adams, 'Fits You Good', are doing real well in in-house...Duke Jupiter and Gamma both jump up in rotation...We added another cut from Aldo Nova...We also added: Greg Kihn. Bob Myers: Thanks for opening my ears to this record, because I now 'Testify' that this is gonna be a big record. Now please return my Grandmother, we miss her at Sunday dinner."
- WRXL, RICHMOND, VA P.D.-ILYSE GOTTLIEB:** "The Jethro Tull album is catching on fast with good response #25, as well as our core listeners...The Magnum album is the most solid debut I've heard in ages. If the members of the band had names like Carl Palmer or Steve Howe, they'd really give Asia a run for their money! 'The Spirit', 'Walk A Straight Line', and 'End Of The World' sound as strong as Loverboy, but as lyrically satisfying as the Moody Blues... 'Rosanna' by Toto has taken off, and the album is #10 in sales...As a feature, we played the Fortnox tune on 96ROCK's album 'Home Cookin'. The song tested well on the feature and has gotten phenomenal calls ever since. The song is titled 'Storm Inside My Head' and, believe it or not, it's an official add this week. If you need a copy, contact Wynn Jackson...Strong phones on: Genesis and Rainbow...Sales action good on: Sammy Hagar, Point Blank, and Duke Jupiter...Thanks to the Dregs for stopping by the station...Also thanks to: Paul Yeskel for the Jim Carroll advance."
- WAAF, WORCESTER, MA M.D.-ROB BARNETT:** "Most time spent listening this week to: Motels and Dave Edmunds...The Motels album is one of the best examples of totally programmable, interesting new music. We're playing: 'Take The L' right now...Bowie's 'Cat People' is another one we're real excited about. Both Dave and I held off initially because of the intro problem, but those fears were eliminated once on. I've got to disagree, Bill. Hand-to-hand combat should not be called for--the song is viable... Outlaws sounds great...Losing interest in: Prism and Chubby Checker...Added This Week: Tull's 'Fallen On Hard Times'. If he's to regain jaded fans of any demo (and especially older fans), this song will have to start the trend...Blue Oyster Cult and Robbie Kreiger--I guess so, but we're going to use the intro and the short version...John Cougar's 'Hurts So Good' is simple, but sounding better and better in consideration...On and hopping for a few weeks now is: Girlschool. We're getting legitimate phones (that's different from 'Yeah, we're getting calls')...Have you heard the new Queen single yet? Give me a fucking break! Freddie should be tied up and sent to a milk farm somewhere until he gets all better...Joe Perry is playing with Brad Whitford again, and vice versa. We had a great show Saturday night at a 2,000 seater here. The two also came by the Cocaine Realty Bar And Grill Friday afternoon for a quick live thing with Harvey Wharfield...Here's Roy-boy: 'Added to the Stiff List: Armando Dilelio, son of the creator of Fettuccine Alfredo who pasta way at age 74...Also added in this killer week: Carol Harris, cartoonist who created Bugs Bunny, Porky Pig, and Daffy Duck; and, Harriet Stratemeyer Adams, who authored The Bobbsey Twins, The Hardy Boys, and The Nancy Drew series."

**WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN:** "We had a great time this last weekend with Sammy Hagar and Aldo Nova in concert. A show that sold out with a strong walk up. In fact, I think we turned away a few hundred people. Aldo was absolutely magnificent from the start, and justified the belief we had in this guy from the start. His album remains #1 here in West Michigan. Tony took him for a ride Monday and ended up at the Gibson Guitar Factory, where Aldo bought three new axes--some of which will be featured on the next album, which is already well in the works. Later that afternoon, more than 300 screaming girls (and guys, although they didn't want to admit it) were there to greet Aldo at a mass hysteria in store. 300 pieces in less than an hour...Sammy Hagar certainly took second place to no one. Marvelous showing. He was just a complete prince backstage when we met him. Thanks for everything, Sammy...This week, we added Greg Kihn because Marty Schwartz carries some weight with us... The Rainbow sounds so much like Deep Purple, I don't believe it. But in these days, I guess that's not all that bad...The album from Blue Oyster Cult and the Doors' guitarist Robbie 'What-Am-I-Still-Doing-With-Myself-These-Days' Kreiger--it would almost be sacrilegious not to play it...The Ray Parker, Jr. goes on the radio because it's a damn good song, and that still counts for something around here... Personal to Charlie Logan: Let's get a band together. At least we won't have to argue about the name. And, by the way, there was a rumor in my family that I had long-lost siblings. Maybe we should all get together and compare blood types. If you're a Logan, I know you're cool."

**WSYR, SYRACUSE, NY M.D.-TOMMY NAST:** "Before we start talking music, let's talk about Rhino Records. I simply do not buy your press release. In it you claimed, 'The depiction of Mark David Chapman was not made obvious to the members of Rhino's staff, and only later was it brought to our attention'. I hope the industry, the consumer, and anyone else who is outraged at this give you more grief than you can handle. To put out 10,000 initial copies, see a controversy over the cover, reissue the album and make it a collector's item--is not a legit way to get your record sold..... Rainbow's Lp is a real treat. Vocalist Joe Lynn Turner is a great match-up with Ritchie Blackmore. Looks like these guys could be huge on this one...The new one from Magnum has definitely impressed me. Their sound is fresh and crisp. And now that they're on tour with Ozzy, I'm sure they're going to get much attention...A couple of new releases are sounding good to me. We're considering: The new one from Fist. It's a smoker and is, no doubt, one of the best covers out there right now...Also, the new Sherbs album has got some good stuff on it...Can't wait for one of the best bands out today to put out their new album. Looking forward to the 12", too. 38 Special will be on the loose shortly...The new Outlaws is pulling real good phones. 'Rebel Girl' and 'Don't Stop' are the hot cuts on this one...Human League up to #5 this week in sales. 'Don't You Want Me' is going all the way...Krokus 'Long Stick' is destined to be one of the best songs for 1982...Best of luck to the survivor of Survivors, Arte Kornfeld...Bryan Adams moved up to #4 in sales this week, following his incredible performance opening for Foreigner...That's it for now, catch you later."

**WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND:** "Kim Wilde is our fave for the week. She's got a great track record in other countries, and the combination of her voice and synthesizers turns me on very much. 'Kids In America' is very infectious...I'm sorry, but we are not one of those stations ranting and raving about the Motels. I don't know--I guess it's Martha. But with all the action nationwide, we're playing: 'Art Fails'...We're two cuts deep on the Iron Maiden in medium rotation. The album is selling very well. The progress is from 37-20-14. Definitely quality heavy metal. Eddie comes through again...I love the cover of the Mike Oldfield album...Just to set the record straight on Joan Jett, 'Bits And Pieces' is in medium; 'Crimson', 'Victim', and 'Rock And Roll' are all recurrent. Hell, we've been playing Joan Jett since Christmas...Is Toto's 'Rosanna' going to be a power song or what? I bet \$5.00 on Toto in power rotation...It was nice meeting Susan Lynch (Wow!) and Joe King Carrasco...In sales: It's Jett/Ozzy/Geils/Soft Cell/Springfield...In Requests: Ozzy/Aldo Nova/Tutone/Soft Cell...By the way, Human League goes to heavy...This week WZZO debuts the new Van Halen Lp; next week it's Queen. Thank you, thank you to all responsible."

**WHCN, HARTFORD, CT M.D.-BOB BITTENS:** "I just got through listening to the new Rainbow album. Damn! These guys got good. I mean, Blackmore has always been a guitar giant, but when did the band jell into such a tight, lean rock unit? The single can't miss, and some of the other songs will give you third degree burns. 'Rock Fever' is the standout for me, and 'Bring On The Night' is pretty hot, too...In the 'better-late-than-never' department: We added the Human League this week. I think HCN was the only station in the state that wasn't playing it already...The Boom has turned to a whimper, and Krokus 'Long Stick' apparently is no match for the power of evil...Iron Maiden is emerging as the clear winner here in the battle of the Headbangers...The Motels album gets better with every listen. 'Only The Lonely' is a definite pick to make the Top 5 (along with Rainbow's 'Stone Cold')... I saw Bow Wow Wow open for the Police this weekend. The band was extremely raw, but that lead singer has tons of potential. That the Police were incredible, I suppose goes without saying. Thanks to: Peter Wassynq for the best seats I ever got from a record company...To Michael Plen: Even a great song needs tons of airplay to become a number one hit. Whether or not songs like 'Our Lips Are Sealed' or 'We Got The Beat' are worthy of hit status is not the point. I still maintain that if the Go Go's were an all-male band and all other musical factors remained constant, they would have received only a fraction of the airplay they got and, therefore, those songs would never have hit the Top 50. In addition, after having seen them perform live several times, I have to say that it really bugs me that such incompetent musicians are making big bucks from music. Oh well, at least we agree about XTC...To Roxy Myzal: We do make it a point to showcase new music, but sound-alikes still don't make it unless they have something going for them other than sounding similar to an already established band. The original is almost always better. If you could have a Mercedes or Ford's latest Mercedes look-alike at the same price, which car would you buy?"

**WAPI-FM, BIRMINGHAM, AL M.D.-STEVE KELLER:** "Is it Krokus or is it Memorex? How in God's name did AC/DC miss this kid? Is it true Rush turned the lights on after Krokus' set down in Tallahassee? They weren't about to get blown off the stage by a bunch of non-English speaking rockers. Now, Bone, put that check in the mail...We also hit the Rainbow Lp this week. Good stuff. Wish the cover was as good. Why ruin a good guitar that way...Elektra: We added the Greg Kihn for obvious reasons. And after I played the Blue Oyster Cult 12" for the first time, I got two Doors freaks who called up wanting to know where we got the live Doors cut. In the words of Beth Rosengard, 'As long as it's positive, I'll take it'...'Secret Policeman's Other Ball' showed up #3 in requests this week, right after Joan Jett and Aldo Nova...The new Tull album showed up #4, so maybe Jethro's got something there...And the big man from the South, Charlie Daniels debuted in requests at #6."

**WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR:** "Some of the follow-up Lp's to Jethro Tull's 'Too Old To Rock And Roll' made that song seem like a self fulfilling prophecy. While Anderson and Company may never rock like they once did, this one's got plenty of good roll to it and it's rolling along quite nicely here... Springsteen had Edmunds pegged when he gave him the tune that's tailored to the Edmund's twang. Immediate phones and a tune that sounds like its got longevity...Magnum goes in in the interest of keeping the phone company's profit margin down, and because they're opening for Ozzy at his Syracuse date...And the one thing here that's got listeners as caught up in it as the on-air staff is a Flock Of Seagulls, a tremendous song!"

WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "After two and a half months, Human League is still Top 10 airplay and now Top 10 sales on Long Island...It was our pleasure recording Doug And The Slugs Live the other night. Big thanks to the band and RCA's Jack Hopke for making the show happen...DeBella's Screamer Of The Week: David Bowie's 'Cat People'. Our listeners have responded much quicker and more favorably than I had anticipated...Bow Wow Wow's 'I Want Candy' is our #7 record this week. This tune is too good to avoid...Can't wait for the Chipmunks version of 'Whip It'--should be a scream (or a screamer?)...Split Enz, as usual, are off pushing boundaries in a new direction. Haunting, esoteric, and now funky. I like it...Dave Edmunds has finally discovered the genius and fun of NRBO. I knew it was just a matter of time. We've added every Dave Edmunds Lp ever recorded, and 'D.E. 7th' is no exception. We're believers, and hope Columbia can do it for him this time around... Thanks to: Paul Dean of Loverboy for the visit; as well as Jools Holland, who added some great graffiti to the WLIR men's room walls...And lastly, New York is hockey crazy. Our Islanders are going for Stanley Cup #3, and the Rangers will be no problem. Got that, Monaghan?"

WPYX, ALBANY, NY M.D.-ROM NENNI: "The audience is extremely impressed with Blue Oyster Cult's live rave-up of 'Roadhouse Blues'. With Robbie Kreiger on guitar, this is more than just a remake. It's our big reaction song of the week...The snow has melted and we're ready for Greg Kihn. 'Everyday/Saturday' is a good tune for us...The Jethro Tull record has caused a lot of interest. Tull is not a big request record, but 'Fallen On Hard Times' is traditional Tull with lyrics that are meaningful in 1982. Boy, if I had a van, I'd paint the album cover on the side...Now that Joan Jett is firmly established as a female rock and roller without Danskins and 'People Magazine', Girlschool can take the next step as an all-girl rock band. 'Race With The Devil' has infectious guitar riffs...38 Special sure have outdone themselves with 'Caught Up In You'. It's gonna be huge...Rainbow's album sounds good. Besides 'Stone Cold', 'Bring On The Night' and 'Miss Mistreated' are the strongest cuts...Magnum's 'Walk The Straight Line' is a pretty good song...Although 'We Ride Tonight' by the Sherbs is a little more subtle than their material on 'The Skill', it grows on you...Early phones on: John Cougar and Motels...In other phone action: Aldo Nova #1, with Human League and Scorpions right behind... Local Sales: #1 Asia; #5 Aldo Nova; #6 Loverboy; #8 Rick Springfield; #10 Bonnie Raitt; #13 Human League; Charlie Daniels Band went from #28 to #14; and, the Dregs and Scorpions holding up well at #17 and #18, respectively...What a thrill to see Gerry Garcia and Bob Weir on the 'David Letterman Show' last night!...The Dead are in town tonight...Also, I've listened to the Dave Edmunds album, and it's enjoyable. But if I didn't read the credits, I wouldn't know that that's a Springsteen song. The album is a possibility for us...Enjoy the Spring."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "My calendar insists that it's Spring, so I'm ready to head out on the road, roll down those windows, and let the wind blow back my hair. I'm going to bring along the new Dave Edmunds, 'cause this is music to cruise by. I would have liked 'Small Things Come' even if Springsteen hadn't written it. NRBO's 'Me And The Boys' gets a stellar treatment. 'Other Guys Girls' has the hooks--Hell, I love the whole damn thing...Remember the debut albums from Police, Dire Straits, and Elvis Costello? Well, the debut from Chas Sandford rings in with the same kind of authority. In fact, Chas and Elvis have a lot in common--that magical marriage of great melodies and intelligent lyrics. 'Surrender', 'Temptation', 'Still Crazy For You' are just a few of the well-crafted tunes on this album...Spend a little more time with the Haircut One Hundred album. These six guys you'd love to bring home to mother are making wonderfully original music...On the other side of the spectrum, we have the advance cassette of Alliance. They sound good. In fact, very much like Franke & The Knockouts, who sound like Wabbit, who sound like Loverboy, who sound like Foreigner-- Ah, forget it...The masses never seem to get enough of 'Roadhouse Blues'. Blue Oyster Cult does a fine job with this rock and roll classic. The kids will eat it up...Happy to see that 'Stone Cold' is not the only good thing on the new Rainbow. I particularly like 'Tearin Out My Heart', which sounds like Lou Gramm singing lead for Aerosmith...And speaking of heavy metal, one look at the new Fist album cover tells you these boys will never have a guest shot on the 'Bob Hope Christmas Special', which leads me to my editorial for this week. In a world filled with inescapable violence, why do we need album covers like the new Rainbow, Scorpions, and Iron Maiden? Who are these covers supposed to appeal to? The grisly artwork merely cheapens the music inside...MJQ Social Notes: Although he gets far too much ink already, I must thank Joel Webber for the Adam And The Ants eye shadow. I'll keep it forever, along with my Ian Dury And The Blockbusters watch and my Haircut One Hundred comb... Thanks also to: J.B.Brenner for the audiophile copy of 'Spirits In The Material World'; and to: Kevin Sutter for bringing Ozzy by. We spread dropcloths all over the studio, but Ozzy was a perfect gentleman, and consumed not one furry animal all the time he was here."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "What a nice way to sparkle up the control room! Have Michael Plen from I.R.S. Records come by with a personally signed to KTIM color photo of the Go Go's mounted a la a platinum record. I think it looks rather good there if I do say so. Thanks for the reminder of what the 'slow burn' can do for a record. It was a thank you for playing the shit out of the Lp when it first came out and no one would touch it. And, Michael and the Go Go's and the listeners--you're welcome...Sky, you're right about the Ray Parker, Jr. on Arista. We tried 'The Other Woman' and she's not so bad! As a matter of fact, she's smokin'...Interview this week: Jaco Pastorius whose 17 piece orchestra is not to be believed. So excellent...Records from out of the blue: Eye To Eye. We're doing very well with this record in heavy rotation. It's sounding good and holding itself together on the air. Ask yourself what happened to Rick Derringer and find out...Rain, rain go away. Leave us alone for a while, won'tcha?!"

KNAC, LONG BEACH, CA P.D./M.D.-JIMMY CHRISTOPHER: "Okay, gang, here we go for another week. This week's top add is Split Enz 'Time And Tide'. A lot of the album is ocean-water oriented music. I like 'Six Months In A Leaky Boat', 'Make Sense Of It', and 'Hello Sandy Allen'...Get '5 Miles Out' with Mike Oldfield. That's the title of his new album. There's also a nice cut called 'Family Man'... Los Illegals, an east LA band, has the perfect song telling about crossing the border illegally from Mexico to Los Angeles, and that's called 'El Lay'...Tight Fit does a real nice version of the Token song 'The Lion Sleeps Tonight'...Thanks to Jeff Lauffer and Drew Murray of Polydor Records for the great night on the town in Sherman Oaks last Sunday and the show at the Country Club with Teardrop Explodes. You guys are crazy and I love you. Now, get outta here...Jamie Sheriff dropped by the station to preview his new song called 'China' and he did a nice interview with myself. Finally out good buddies and local rockers: The Plimsouls are doing real well nationwide with their 12" single 'A Million Miles Away', and we're doing a show with them at the Rumble Seat Garage on April 18th."

KBLE, DES MOINES, IA P.D.-RON SORENSON: "John Martyn has my favorite song of this week, 'Couldn't Love You More'. With Phil Collins on drums and vocals, and Eric Clapton on guitar, it's a first-rate track. If you played the Phil Collins solo Lp, you should immediately audition this track... Dave Edmunds has my second and third favorite tracks; the Springsteen tune called 'Small Things' and Gallagher and Lyle's 'Generation Rumble', and dig that crazy banjo on 'Warmed Over Kisses'... 'Roadhouse Blues' is a Doors song we still have in rotation. BOC's, including Robbie Kreiger on the live version, gives it that extra edge, a bit of history. That it's a great performance doesn't hurt it either...Joe King Carrasco is a strange bird--I mean, Tex-mex New Wave psychedelic reggae music. It's almost too much for my mirror, but we did go for 'Don't Let A Woman' and 'Wanna Get That Feel' and recommend you give it a listen too...RCA sent a couple of surprises both which go on next week. Kenny Laguna has given Bow-Wow-Wow an almost commercial sound. If you played either Joan Jett (and who beside us didn't?), or Adam And The Ants (and especially if you played both), give this a listen. 'I Want Candy' (and I do) is the clear leader...The Trooper was another pleasant surprise. Plenty of rock and roll but some nice mid-tempo material too...Adds: Dave Edmunds, John Martyn, Joe King Carrasco, RPM, BOC 12", Magnum, B.B. King, Larry Lee and Kokomo."

## RADIO ACTION CONTINUED

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "Now that our Northeast blizzard is long gone, we've got a flood of new music to deal with. The most impressive of all is Jethro Tull. We went on it when it came in and after the first week, it's number 11 in sales. Maybe Ian Anderson should stay out of the production room more often!... We're also seeing very good sales on the Human League #12 and the Outlaws debut at #23. Let's hear it for the Outlaws breaking out of the Southern rock mold and still going strong...I just got off the phone with Debbie Gould of Epic and we both agree that if there's gonna be a Summer song that kicks ass this year, it's gonna be Jimmy Hall's 'Cadillac Tracks'. Don't you dare let this one get by you...The Motels were another surprise. Not being familiar with any of their previous work, it was very refreshing to hear a female voice that doesn't sound like Pat Benatar or the Go Go's...Blue Oyster Cult, Robbie Kreiger and 'Roadhouse Blues'--enough said... Toto, Rainbow, and Split Enz also get the nod of approval this week...We keep logging Simon & Garfunkel in consistent Top 10 sales, so if you ever needed an excuse to get back on this classic rock, this is the album. With rumors of new stuff coming from S & G in the future, do it now--because you'll be doing it later anyway...Topping off the sales chart this week 'SPOB' brand new at #1 and it's our #1 phone grabber too!"

WYFE, ROCKFORD, IL M.D.-THE DOCTOR: "This week the rock station will be checking into the Motels latest. An incredible piece of work...Plus Point Blank, a re-add on Joan Jett in heavy, and I can't wait till 6 o'clock tonight when I hit the air 'cause I'll be debuting the new 38 Special Ep 'Caught Up In You'. (This one's gonna take you for a loop! You know you heard something and when you hear this and it does sound good)...Thanks to Chuck Schwartz for bringing in the Cheap Trick advance for me to listen to. Now here is an album that I can't wait to get! I was ready to steal the cassette or at least run off a dub, but no chance. 'If You Want My Love' is a h-i-t, and there are several great album rock tracks on it as well. I prescribe 'She's Tight' and 'I Want Be Man'. You should have it in the next couple of weeks. Don't pass it by. A super effort from a super band. By the way, Ken, why don't you send a couple of the boys over here so we can talk more about it? I love it...From Brent to David Kragoskow: Hope your feet are back on the ground...I got a show to do, so see you next week."

WKQQ, LEXINGTON, KY ASS'T. P.D.-DAVE KRUSENKLAUS: "Adding the John Cougar single this week. To me, John Cougar's a very consistent artist. By consistent I don't mean selling millions of records, but with each album there seems to be that one tune that puts him on a roll. With 'I Need A Love' and 'Ain't Even Done With The Night'--and now with 'Hurts So Good' there's a nice base being built for this artist. Already getting response to 'Hurts So Good' after his Saturday Night Live appearance last weekend...Speaking of consistency, a band that's not been so consistent in the past is blowing the doors down now. First week sales on Toto's new record are very impressive. All of the research on 'Rosanna' is very positive very early...The Motels records is one of the classiest records of the year so far. Sure, the producer is good, but the material is a lot stronger this go-around too. I like at least 4 cuts on this record. We'll start with 'Only The Lonely'...The Robbie Kreiger appearance on Blue Oyster Cult's new single has great talk value on the air, and the response has been good...Already beginning to get calls on the Bowie 'Cat People' tune, from people who have seen the movie. The success of this song may hinge on the success of the movie. It's a good tune. I just wish it got to the hook faster...The Asia record is doing splendidly for us. We're now 3 cuts deep. It's one of our most requested albums and the sales are encouraging...Also beginning to see some sales on Tommy Tutone and Charlie Daniels. This morning we auctioned off the Charlie Daniels Band prize package and raised over \$600 for the local Vietnam Vets Outreach Center. Thanks to Charlie Daniels management for arranging the Charlie Daniels promo...Congratulations and best of luck to Dave Luczak and Michael McConnell on your new assignments."

KWXL, ALBUQUERQUE, NM P.D./M.D.-BILL STAMBAUGH: "Looking at the sales scene. First off, Aldo Nova springs to the #1 sales position, followed by the Go Go's, Thin Lizzy, Joan Jett, and J.Gells... Other advances on the sales chart include: Scorpions, Iron Maiden, Krokus...Requests are still on the new music, strongest for Aldo Nova, Iron Maiden, and Scorpions...Girlschool showing some initial requests...My favorite tune of the week in the red-camisole rock department is from Noel And The Red Wedge. 'Special To You' and the title are real fun and even tested well the other night on the air... Saw Huey Lewis and the News Saturday night. This is exactly what radio needs. Some good rockin' R&B. The show was great. Huey was an amazing showman as well as a friendly guy. I got cold shivers when he sang 'The Only One'. Great show all the way around."

WMAD, MADISON, WI M.D.-DALE WOLTER: "This week's restoring of faith award must go to Mr. Dave Edmunds. After the last album, I thought it might be over for the old boy but now that contractual obligation is a thing of the past, it's obvious he means serious business. A perfect Springtime feel about it and the Lp brings him back up to the solo expectations of 'Repeat When Necessary'. Nice to have you back, Dave...Elsewhere, a lot of us were real impressed by side one of the new Magnum record. Reminiscent of early Kansas and Styx with a most unique vocal style. The song 'The Spirit' leads the way for now...The Rainbow single is an unadulterated smash here. It goes into power this week...Still real good calls on Bowie, Soft Cell, Human League and a very fine welcome to the Motels... We're looking very seriously at the Haircut One Hundred next week...To Mike Bone and Tom Moran, the only two guys who can make you feel guilty about not playing a record without even saying a damn word about it: The Krokus is in...And finally to Jimmy Mack: So what do you think about this Girlschool record?"

WQBK, ALBANY, NY M.D.-LIN BREHMER: "We'd like to thank Milestone, Galaxy, Palo Alto, and Antilles records for the new Jazz releases. Last Sunday night on our three hour Jazz hour, we featured the new Ornette Coleman release. This coming Sunday we feature the new album from the Heath Brothers. If you're having trouble finding the airwaves for good Jazz, remember the only commercial album outlet in the Capital district is right here on Q104...Dave Edmunds moves to h-o-t this week! The man is God's gift to Rock and Roll! We love the Springsteen tune, 'Dear Dad' and 'Me And The Boys'. Although I'll reserve the definitive version of the latter song for the guys who wrote it: NRBO... Split Enz sounds funkier this time around--try 'Take A Walk' or 'Six Months In A Leaky Boat'...A couple of imports you should listen to: the new Roxy Music and U2 singles...I can't believe people are talking about editing the intro to David Bowie's 'Cat People'. When I hear the introduction to that song, the hair on my back stands up, my claws slip out, my eyes dilate, and I can feel the saliva sliding down my fangs"...From co-music director Ellen McKinnon: "There was such response on Kim Wilde and Haircut One Hundred when those records were played at night that we are playing selections in all day parts now. And, wow--we Kim Wilde and Haircut One Hundred will shape the early Summer sound of 1982. I know it takes a lot more time for a billion different reasons for a tune or Lp or band to make it in my country than it does for those Brits over there but when the colonies catch on--watch out! Wilde-Fire! 'Kids In America' is the cut...Haircut One Hundred. 'Love Plus One' with sax's...Are you all getting involved with Ground Zero week? The multi-zillion dollar Empire State Plaza has been designated as Albany's Ground Zero...Scary thought...Happy Birthday to Pete Rose this week!"

**RADIO ACTION CONTINUED**

**KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES:** "From our phones it looks like a whole new generation is discovering Jethro Tull. 'Beastie' and 'Hard Times' make me feel 10 years younger!...Hope 'D.E.7' sells and plays as good as it sounds. Dave's way overdue to have more than just a cult...Speaking of Cult, yes, speak very loudly. Play it the same way...Nowherefast sounds great on the radio, but is it ever a bitch to que up wearing those see-through panties!...Local favorite, Le Roux, still Top 3 sales and requests. If you use any ballads, put on 'Make Believe', and buy your office ladies some Pampers... And for my 'friend' in New Orleans who's still not sure Asia should be played: No, Geoffry Downes is not the racetrack in Kenner!"

**WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN:** "Adds: Jethro Tull, Rainbow, BOC Ep... To heavy: Jethro Tull...Same reaction to Scorpions...Sales on: Asia, Aldo and Tutone...Specially priced 195 record of the week: Tommy Tutone...Now that Spring has played its little April Fool joke and snow shovels are back in hibernation, I've been able to listen to some music again. I've been playing the BOC single — and I can honestly say we saw immediate reaction--something that doesn't happen very often with our adds...We never played Chubby Checker's 'Running', and we're not playing it by the Outlaws either, but I still think it's a great version. Overall, the Outlaws is a little uneven, but there are some terrific songs on there. We started with 'Foxtail Lilly'...The Duke Jupiter record reminds me a lot of the Diesel--same catchy hook, and they seem to have similar development patterns. The only problem is banging it into people's heads that the artist is Duke Jupiter. Who? That's the one problem with most anthem songs--no one really cares who they're by...The new Split Enz album also sounds kind of inconsistent upon 3rd listen, but I'll be very surprised if '6 Months In A Leaky Boat' doesn't make people go back and try to find the song on their old Genesis albums...Just to make it official here, we have an opening for a full time album rocker with great production skills (and great potential for advancement). Please send T'n R, ASAP, to Bob Kocak P.D., Box 95, Danbury, CT 06810."

**KKRQ, IOWA CITY, IA P.D.-MARK VOS:** "There's no time to say hello/goodbye I'm late, I'm late, I'm late! Our adds this week are: Blue Oyster Cult, Dave Edmunds, Rainbow, The Motels, Ray Parker, Jr. and Stranger. They're all my favorites, I love 'em all, they're all smashes and I'm supposed to talk about Kim Wilde but I don't have time. It's been one of those days, so I'm going to go out and get drunk!"

**WMCT, PEORIA, IL M.D.-WENDY RICE:** "Adds: Decided on 'Ghosts' from the Jam, The Outlaws 'Rebel Girl' and The Motels 'Mission Of Mercy'...Martha Davis, recent graduate of the Joan Jett school of cosmology, is an ultra talented lady. They've got a real strong album on their hands...Top five in sales this week are: Asia, Sammy Hagar, Loverboy, J.Geil, and Scorpions. With notable gains by Aldo Nova and 'SPOB'...And a pat on the back and more airplay for Toto, Aldo Nova, and John Cougar."

**WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ:** "You can add my name to the growing list of Motels believers. This is one of those bands that has a perfect combination of art and commerciality within a rock and roll context. Martha Davis is sure to become a leading lady of rock and roll at this rate... The new Toto album is definitely better than anything they've done in a long, long time. We expect it to be around here for a while...It is amazing how quickly the Asia album has taken off, especially in sales. Stores are reporting Top 20 sales...Got to see one incredible show last week when Rod Stewart came to town. The man is definitely a top notch performer. It's always a treat to see someone come out without an opener and go it for 2½ hours with an excellent band to boot...The Chubby Checker record is doing very well for us--in fact, better than I ever expected. I think the novelty has worn off and the music has spoken...Very favorable response from our audience for Bryan Adams when he opened for Foreigner. Thanks to our airplay support, they all knew which were the right songs to clap for!"

**WQDR, RALEIGH, NC M.D.-BOB WALTON:** "About the blank tape tax controversy--this has very little to do with it. How much money is lost with K-Tel vs. home-taping?"

**WWV, CHARLOTTESVILLE, VA P.D./M.D.-JAY LOPEZ:** "Adds: Dave Edmunds, John Hiatt, BOC, Krokus, Le Roux 12", and Nowherefast...Top local record sales: Go Go's (who just had their best week yet), Joan Jett, Rick Springfield, Simon & Garfunkel, and Asia...To anyone who got Larry Vandruff's memo, he's right on target. Hats off to Larry!"

**KEZO, OMAHA, NB P.D.-GREG GILLISPIE:** "Adds: Blue Oyster Cult 12", Human League, Franke And The Knockouts and Motels...I've been hedging on the Human League for about 3 weeks now, and have finally come to the decision that it's one of the catchiest songs out right now. And although it will stand out on the station, hopefully it will be in a positive way. One thing is for sure, the audience will let us know right away...Franke And The Knockouts' first album did not get played at 292, mainly because it was too pop. But I think the new one is right in the groove and will sound just fine. I do have one concern though, and that is that it is faceless, but records of this nature have turned out to be good turntable hits...I'm floored by the new Motels album. After spending a week with it, I think that it is far and away their best! I've been a big fan since their first album and their progression has been wonderful. I think 'Only The Lonely' is truly a hit...The Blue Oyster Cult is good and already starting to get some phones after a couple of plays...I think Columbia may have some problems bringing home the Dave Edmunds. A lot of radio stations will jump on it because it's hip but I really don't think this album has the goods or is in the mainstream to make it big...I'd like to put in a request to one of my least favorite stations in Colorado to play Jeff Beck's 'Going Down' and the way things are going, I know the Folge will be more than happy to play it!"

**WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ:** "The new Dave Edmunds record is the best record Dave has put out since 'Tracks On Wax'. The Springsteen song starts it off for us with 'Generation Rumble' soon to follow...The Rainbow track 'Stone Cold' is the standout track on the new record. Certainly moving into heavy for us next week...I'm a big Split Enz fan, but the new album took a couple of listens. We're starting off with 'Sandy Allen'...Talk about good image music, you can't miss with Blue Oyster Cult's 'Road House Blues' with Robbie Kreiger on guitar. That, I'm sure, will do well. Can't wait for the album...Asia still selling very well...Finally some sales on Aldo Nova too...Big movers for us this week: Human League, Scorpions, Jethro Tull and XTC...Musically things couldn't be better. Till next time."

**WDHA, NORTH JERSEY, NJ P.D.-MARK CHERNOFF:** "Bob's on vacation this week, so I get to make one of my rare phone calls. Thanks this week to Randy Hock for the Graham Parker cassettes and the Arista videos for our Wednesday night free concerts here in North Jersey...Thank you Al Cafaro of A&M for an extra effort for getting us 38 Special and Split Enz...Top 5 sales this week: Go Go's, Joan Jett, Asia, J.Geils, and Police...Human League is #6 sales this week...Thanks to Willis for setting up the Lou Ann Barton interview...Our adds this week were Rainbow and Dave Edmunds."

**WKWF, KEY WEST, FL M.D.-BRUCE YOUNGBLOOD:** "Rock and roll is alive and well in Atlanta. The 'Home Cookin II' album is excellent. Fortnox kicks it off followed by Illusion. This band should have their own Lp. We're also playing Even Children and John Diazo and the Duplicators. I smell the print of Jeff Cook all over this. The best thing he's done since 'Private Eyes' with Tommy Bolin... One of the hottest songs we have on the air goes to heavy this week, 'Putting Out Fires' by David Bowie. This one really grows on you...Right on, Bill Hard. Dave Edmunds deserves to go to summer camp and heavy airplay...Our album adds: 96ROCK Home Cookin II, Dave Edmunds, John Hiatt, Jools Holland, Haircut One Hundred, Outlaws, and Tom Chapin...New Wave Feature: Spandau Ballet and Gleamin' Spires."

**WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON:** "Whoa! What a week for new music. We added Dave Edmunds, the Outlaws, Jethro Tull, Rainbow, the Motels, Talking Heads, and Wendy Waldman...Please don't overlook the Wendy Waldman record. The lady has paid her dues and this album not only deserves but demands a shot. 'Heartbeat' seems to be the consensus cut but I'm crazy about 'We'll See In The End'. Hear it twice and you gotta agree...Dave Edmunds took a few listens too, but definitely has the goods. Great twistin' music...The Motels are a class act indeed. Just what radio needed. We'll start with the single...Asia is beginning to do well in the stores, and the Human League and Scorpions are beginning to get some phone response...Thanks to Jeff Cook from Arista for a memorable at the Krokus/Rush show. We heard some great rock and roll, and schooled the band about the dreaded Tallahassee Herpes. Hurry back!"

**WDEK, DEKALB, IL M.D.-BRIAN LEONARD:** "Wendy Waldman has Peter Frampton doing what Peter Frampton should be doing. Shutting up and playing his guitar...The new Dave Edmunds album is just ducky. Enjoy the Springsteen compilation as well as 'Generation Rumble'...Adds for this week: Wendy Waldman, Dave Edmunds, John Martyn, Rita Marley, Split Enz, Phil Upchurch, and John Cougar 45...This week's heavies: Asia, Greg Kihn, Huey Lewis, 'SPOB', Haircut One Hundred, Van Morrison, Buggles, Human League, J.J.Cale, Soft Cell, Big Twist, Graham Parker, Dwight Twilley, the Dregs, Rick Springfield and Fay Ray."

**WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN:** "Hottest tunes: 'Pretty Woman', 'Crimson And Clover', 'Open Arms', 'Shake It Up', 'Freeze Frame' and 'I Love Rock And Roll'...Adds: None as of 4:13 p.m.... We just started trying Joan Jett's 'Nag' tune which has sparked some phone interest. If you're looking for another tune to please Jett's legions, give this one a try...Asia's retail and phone story is building here in New Hampshire...In retail: Rick Springfield, Loverboy and Joan Jett are on top, with Huey Lewis, Simon & Garfunkel, Tommy Tutone, and Charlie Daniels also showing well...Toto's 'Rosanna' is getting strong early support. I have people say to me both in person and on the phone that the Toto tune is great. After some time in the doldrums the band has got a strong solid tune to climb the charts with...Many thanks to Roman M. for the tickets, etc., to the Donnie Iris show. Although this show was not quite up to par to April 81's show, Donnie still has one of the strongest live performances going. With a little fine tuning there will be no stopping them. I was pleasantly surprised to see 'Love Is Like A Rock' go over so well. We're constantly seeing requests here at the station for that tune. The trip to Boston was well worth it!"

**KLAQ, EL PASO, TX M.D.-ROB ROMAN:** "I know there will be doubters, but 'All Four One' by the Motels is far and away the best thing they've ever done. If you've been following the group since the beginning, you can see the transformation. On the first album there was one solid track. This new one will, I think, have 4 solid tracks. My fave is 'So LA' though I think the single is quite strong. Other cuts to check out: 'Mission Of Mercy' (music with a bite), and 'Take The L'...The Outlaws also have a fine new release with a new hard edge. This band should break out of their down South image... Thanks to Jeff Hackett of Chrysalis who brought Huey Lewis by for an interview prior to his performance here in a local club. Huey put on a real dynamic show and surprised quite a few people... We switched Tull tracks to 'Fallen On Hard Times'. You're right, Bill, this one will last...Iron Maiden, Scorpions and Krokus--all strong sales...A note from Arin Michaels to Mike Bone: Looking forward to a real good time with Krokus coming up Monday night. We'll keep you posted as to how well we did. Can't wait to see that 'Long Stick' go boom!"

**WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY:** "This week we added: Jethro Tull 'Beastie'. I'm also considering the tracks 'The Clasp' and 'Fallen On Hard Times'. I'm glad to see one of my all time favorite groups come back and make it happen. Ian Anderson's vocals raise the dull to the Tull we grew up with and enjoyed. We are receiving good feedback from upper demos on 'Beastie' with Jethro Tull's unmistakable sounds leading the way."

**WYMX, AUGUSTA, GA M.D.-MARY PILLINGER:** "While the Masters were sinking their double bogeys and then swimming to the next hole last week, we teed off here with Iron Maiden, John Cougar and Jethro Tull adds. The Iron Maiden 'Run To The Hills' will be tested in a medium nighttime spot for a few weeks. Rothchild developed an iron curtain of followers for the group, and when word hit the street that the new album was out, the calls came in, so you might say we were at Eddie's mercy to add it...As for the John Cougar, this was an out of the closet add, whips and chains, and if your hands and feet aren't tied up, you can even snap your fingers and tap your toes to 'Hurts So Good'. Guess Cougar finally learned a lover who does drive you crazy can be a lot of fun too...Jethro Tull album feature drove the upper demos wild. As to whether or not the album will be big on radio is hard to tell because you've really got to sit down and listen to the whole thing to truly capture Tull's wizzard-like musicianship. 'Hard Times' is the cut we chose. It's topical, it's Tull and it will sell albums to all the leftover 'Aqualung' freaks who've been sitting on that park bench just waiting for a new 'Aqualung' and Tull to emerge...Prime movers this week: Charlie Daniels Band into a power rotation, Scorpions moved up to heavy, Loverboy's 'When It's Over' rolled into the Top 5, Human League went 16-11, Aldo Nova 20-14 with Asia coming on strong and Toto looking very good after only 2 weeks of airplay...This aside to Wynn Jackson: Sorry you couldn't make it down here on the greens, but Mills does have 2 free passes to Putt-Putt which you're welcome to use anytime."

**KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL:** "Adds this week: Dave Edmunds, Split Enz, Sparks and the Los Illegals single...A great album from Split Enz but unfortunately it's not obvious radio material. We settled on 'Dirty Creature'. Ethnic strands from Down Under weave their way through the Lp. I get the feeling it's a testimony to their roots...As usual, Dave Edmunds comes through with a consistent rock album showcasing his rock-a-billy rhythm. 'Other Guys Girls' is a sure fire hit. Dave certainly knows how to pick other guys songs...This weekend our morning man, Keith Royer, and newscaster Ryan McCarthy are co-announcing a Special Olympics basketball game. Our own softball team (The Media Pigs) is shaping up to be a heavy contender for the league championship!!!...Coming up soon: The Motels and Plimsouls in concert."

**R.J.Harris:**

"When I first came to WLPX on January 1, I inherited some good and some bad. It's no secret that we had had a couple of down Arbitrons, and the station was suffering from too much clutter and too much soft music. The cume has always held strong but we were losing the quarter-hour battle, with tons of syndicated programs; 5 minutes of this, 90 seconds of that, plus lots of pre-recorded promos for items that didn't warrant the attention. Obviously, bad positioning for the 'more music' battle of the 80's. For instance, WLPX has always had the lowest commercial load in the market, but the audience perceived a big load due to all the excess talk and clutter.

The jock staff included seasoned vets like Jim McBean, who has enjoyed strong numbers since 1977, John Grivas, whose experience includes KSAN, KPRI, and KOMA, and Milwaukee legend Bobbin Beam. So, we blew off all the clutter, instituted a tight, balls on, rock and roll list, and made the necessary shift changes. Then the station needed a new positioning line, so we developed our 'Rocks' campaign. We added that simple statement to the logo, which we had already spent hundreds of thousands of dollars to make a Milwaukee household word. This March we launched the media blitz, with a show of 50 bus signs, 100 billboards, and a major television schedule with a hot new spot. All backed up by over 100,000 bumperstickers.

Now we are winning with that attitude. WLPX is a great place to work. The Hearst corporation is committed to winning the rock and roll war, and the jocks know that we are Milwaukee's definite bad-ass rocker. WLPX has always been strong promotionally; we front most of the major shows, and the ones we don't, we take over anyway. We are tied to every major lifestyle event in town, not just music, but sports; baseball, basketball, and car racing, too. Too many programmers rely exclusively on music events, but we cover 'em all, and bust ass to get listener feedback. We don't limit ourselves to clubs since too many radio people end up in the radio/record/club employee circles and confuse this environment with the real street.

Milwaukeeans were pretty fed up with the long cold winter. We reacted by giving away a trip to Hawaii last month which segued into our Spring 4-week cycle giveaway, a trip to Hollywood to see the world premiere of the new Steve Martin movie is next, and then to really kick into the Summer, we're presenting Foreigner, Loverboy, Triumph, 38 Special and Quarterflash at Milwaukee County Stadium May 28th. We will be sponsoring the Rockstage at Summerfest, which hundreds of thousands attend during the 11-day period. We are also sponsors for the Milwaukee Free City Music Shows, which grew out of the free concerts of the 70's when we were all hippies. This is one of the few markets where such shows still have a tremendous appeal. And that's just the tip of the promotional iceberg.

As for QFM; they've changed quite a bit over the last few months. They're trying to do the Sebastian 'more rock/less talk' format, only they talk more than we do and we play fewer commercials. Yes, their jocks are out on the street, sometimes at two clubs each during a given evening (guess they need the dough). We're in many of the same clubs, but we make each one a big deal and don't lump the events together in one promo liner. While they're playing non-descript Sebastian call-out rock, we're wailing Led Zeppelin, and the phrase 'rock on' sounds as dated as 'groovy'. Oh, yes, we do call-out research at WLPX. However, research is like a lamppost. It should be used to illuminate, not to lean on. LPX is a constant beam of rock and roll energy and attitude. We have been increasing consistently in the Birch, RAM and in our own in-house research over the past few months, and when the ARB rolls in, WLPX will be #1 as always."

**Lee Arnold:**

"We are without a doubt the definitive street station in the market. We own the bars. We own the record stores. We're everywhere. In the worst week since I've been here, the jocks did 14 personal appearances and we're usually hitting 20-25 a week. At the showcase club in town, The Palms, our 'Rock On Milwaukee 93QFM logo' the size of a billboard is painted behind their stage. In fact, in all the premier clubs in town we have the exclusive radio tie-in. We are the Milwaukee radio connection for Alpine Valley, which does 30 dates each Summer with a total draw of close to a million people. Our live Friday night thing is a good example of how we show the listeners that we're committed to the city. Every Friday night from 12:20 to 1:30, we broadcast the final set of a local band from an area club. Also our guys are Milwaukee. My air-staff knows this town. Mike, Jeff, and Gene have been here their whole lives, and Terry grew up in the Chicago/Milwaukee area. It's also interesting to note that we have had no full-time staff changes in over a year, and no shift changes whereas not one person at LPX has the same shift as when I hit town in January.

Our promotions relate to the people the same way. If you're going to run a major contest on the air, you want to make sure that the prize you're giving away is relatable to as close to 100% of the audience as possible. For this particular ARB, every week we are giving away weekend trips to glamor cities to see rock and roll. First L.A. to see Geils, then L.A. once again for Quarterflash and Sammy Hagar, next week Florida for Rush, then to S.F. to see Black Sabbath and the Outlaws. During the same period, LPX is giving away motorcycles. Whether or not somebody enters the contest, a trip to San Francisco turns heads when they hear it on the radio. What male or female of any age wouldn't want to visit these cities? But motorcycles? None of the women want one, and most of the men could care less. Of the total available audience, you're looking at 25-30% who might be interested in participating. Something you must learn about promotions, Rick, is to make sure the audience can relate to the prize. But please, don't take my advice.

I see LPX as trying to position themselves after our audience. We established the logo of 'Rock On Milwaukee' and LPX now comes up with 'Rocks Milwaukee'. We do 'Twofer Tuesdays', and for a time they tried 'Threefer Thursdays'. We're funny in the morning, so now that's their schtick. Now that we've dropped our commercial load to 8 minutes, I'm sure that's next. However, the audience isn't fooled. They perceive us as responsive to the listeners. So far all of our advisory boards and focus groups reinforce the perception of LPX as unresponsive and untouchable, but they perceive us as involved and interested. The mere fact that we take time to invite them into the station on a weekly basis shows we care about their feedback. If we can't get out, we bring the people in to the stations. For a long time, LPX's image was hyper-tight, very professional invincibility. Apparently in the process of doing that, they got lazy, got soft, and lost touch with the core. At the same time, we got more professional, got more street oriented, and turned it around. Also the fact that we play 40% more new music and have a larger, well-researched library of oldies has been a major weapon. Oh, yes. The other main reason we're winning. We believe in intimidation. They know we're winning and it drives them crazy."

**HARRIET BELLUSH, STARFLEET BLAIR, INC. (617-262-0220):** "Madness reigns here at Starfleet, as we re-announce our Live Concert Satellite broadcast of Ozzy Osbourne, beamed by satellite from the Mid-South Coliseum in Memphis on April 28th. Source stations should have been, or will be imminently contacted by GTM, Frank or Andy at NBC, with more details. Having attended Ozzy's Providence show, I predict one HELL of a live broadcast--the band put on a monster performance! Also--Jet's opener on the show--Magnum--is a powerful act to follow. Keep your eyes and ears on them! Thanks go to the Ardens, Harvey Leeds, Pat Siciliano and the Jet and Epic folks for a 'Palatial' evening in NYC last week after Ozzy's Garden appearance...And all of Starfleet wish Michael Abramson the best at Island!...Now I have to throw the rest of my worldly goods into cartons and move to New York. I will live to laugh about it--call me at 212-752-0400 ext. 490 after May 1st."

**CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651):** "Greetings from Chicago! As I stand here in the airport anxious to get back to LA, I can't stop thinking about how hot Asia is and what a treat it was to have all four members on 'ROCKLINE' last night. The phones went crazy as the Global Satellite Network actually brought Asia live to 'ROCKLINE' listeners all over the country. Lancaster, PA is certainly no thrill, but I'll go there anyway to do a broadcast with Carl Palmer, Steve Howe, John Wetton, and Geoffrey Downes. And after hearing all the critiques of their rehearsals out there, I can't wait to see the live show! Thanks again to Steve Feinstein, of WYSP for getting me there. It was great to finally meet you and WYSP Program Director Michael Picozzi. The station sounds great, but the Flyers stink!...So did the weather during my stay on the East Coast. There seems to have been a blizzard following me around, but I did make my way through the snow to meet Judy Libow, Alan Wolmark, as well as the infamous Jerry Jaffe. Good to see Mike Bone and his vicious fish again. And thanks to Larry and Dorothy at WPLJ for all of their hospitality...Hey Jon Scott: I think it's high time for another bowling party. These folks need to get out of this ridiculously cold weather and head West for some rock and roll fun in the sun.. Ah, that sounds so good, I can't wait to get home!...Rainbow and Jay Ferguson are coming to 'ROCKLINE' Monday, April 19th. Don't miss it."

**NORM PATTIZ, WESTWOOD ONE (213-204-5000):** "We just received the preliminary injunction from U.S. District Court prohibiting the use of the name 'On The Record' by NBC-TV for its music industry interview segments of the 'Today Show'. Westwood One owns the Federal registration for the service mark 'Off The Record' for our nationally broadcast radio series hosted by Mary Turner. It's been our contention that the similarity between the two titles will cause confusion with the public since basically both are music interview features marketed to broadcast entities and sold to national advertisers. In a 10-page opinion, U.S. District Court Judge Lawrence T. Lydick stated that, 'Westwood One made out a strong affirmative case on the issues of the validity of its mark and the likelihood of confusion arising from the defendant's NBC's use of a similar mark.' So, obviously, we're pleased about being able to protect our trademark registration on that...Speaking of 'Off The Record', we've got a blockbuster lineup of specials coming up featuring the J. Geils Band, followed by ZZ Top, and then Asia, and Sammy Hagar in successive weeks...Upcoming 'In Concert' shows will feature 38 Special the weekend of April 23rd, and then following that, on the weekend of May 7th, we've got Bryan Adams and U2, and on the weekend of May 21st, Tommy Tutone and Krokus. Future 'In Concert' shows already recorded will include Pat Benatar, Greg Kihn, Prism, The Go Go's and Point Blank, just to mention a few...'Rock And Roll Never Forgets' is now on the air and the Janis Joplin segment ran this month. Next month will be Keith Moon...'Rock Year's: Portrait Of An Era' started this month and will be run out in 3 hour segments over the next 17 weeks, and that's going very well...We've been running into and talking to a lot of our counterparts in the business, and were very pleased to find out that everybody's doing well. I think it would be good for stations, when taking a look at programs, to take a look at who they're doing business with, and the track record of those people. If there's a lot of companies putting out good programs right now, it's conceivable that a lot more companies will suddenly appear when they discover that national radio is booming. So, know who you're doing business with."

**BOB MYEROWITZ AND PETER KAUFF, DIR BROADCASTING (212-371-6850):** "Congratulations to Bill Hard who was deservedly awarded the esteemed Tom Donahue Memorial Award as part of the fourth annual Rock Radio Awards presentation. The Donahue Award is bestowed for significant contributions to the medium of FM, and the Board of Governors (composed of presidents of record companies and radio station groups), decided that a logical choice was easy--HARD. In addition, the Rolling Stones won everything but favorite male singer (Billy Squier), favorite female singer (Pat Benatar), and best new group (Quarterflash)...This month we scheduled two mega-groups on 'Supergroups In Concert'--Genesis on April 10th, which we hear you Supergroup stations loved, and upcoming on April 24th, Foreigner, recently recorded in Texas. Other upcoming Supergroup shows include the Rolling Stones and Journey, and while this gives the impression that DIR loves to present acts of this size and caliber, we're also real proud of our work with the lesser-known newer groups as well. Groups like Quarterflash, Loverboy, Joan Jett, Frankie and The K.O's, Huey Lewis, and Aldo Nova, all had or are having their first radio exposure on our King Biscuit Flower Hour! Not a bad track record. (No pun intended)...Lisa Robinson's 'The Inside Track' makes its second appearance April 19th with interviews and music from Rod Stewart, Ray Davies, and Ian Hunter. It's been getting a great response from stations because Lisa just has the ability to draw out the unexpected from these stars. We're doing the syndicating on this show, so give us a call and take a listen and you'll know why this is getting listener response...Getting back to Genesis for a moment, one of the venues where the show was taped was NYC's Savoy, and when WPLJ aired the program, the Savoy switchboard lit up with more than 200 calls asking if the group was appearing that night. We're sure the club, which is having difficulty staying open, would have loved to have said 'yes'...Congratulations, and many many more, to WNEW-FM who had a great party for their 15th birthday."

**JAY GOLDMAN, CLAYTON WEBSTER CORP. (314-726-0906):** "Rolling Stone Magazine Rock Review this week features conversations with John Illsley of Dire Straits, Roger Glover of Rainbow, John Phillips of the newly regrouped Mamas and Papas, and Nick Lowe...Retrorock, this week features outstanding music from the Atlanta Rhythm Section. On a consistency basis, no other series brings you artists like Retrorock, whether you're a CHR, AOR or Top 40, Retrorock works. Just ask Rick Lippincott, WLS-FM, Bobby Christian, WXKS, Jim Ballard, WROQ, or Doug Sorenson, KQRS. Check out the series -- and get the back shows so you can choose those artists which best suit your market. And since Retrorock is on disc, you don't have to air it at any particular time, allowing you total flexibility on both program selection and use...Rarities features, this week, the original versions of 'We Got The Beat' and 'I Love Rock And Roll'. Very rare vintage Jethro Tull, Robert Plant of Led Zeppelin, singing the Rascals' 'You'd Better Run', and on Flashback Friday you can find out what Simon and Garfunkel sounded like 25 years ago. If you haven't heard Rarities recently, make a point to call. Our Rarities affiliates are enjoying tremendous audience response. Telephone the stations who use this feature, many of which have indicated it is the best syndicated feature going: Norm Winer, WXRT, and Chuck Browning, WTUE. Because stations keep the in discs on Rarities, they have the ability to develop the most extensive, comprehensive Rarities library. Don't miss this unusual opportunity... Now that baseball season is near/ the Sporting News Report is here/ Scheduled to start May 31st/ it's sure to be a feature of excitement and fun/ Focusing on current events/ its programming is quite intense/ The comments and interviews, in conjunction with the sporting news/ is just one feature you shouldn't lose/ For more information today, call Bruce Butler without delay/ 314-726-0906 is the number on which to fix/ Call this and you can't miss...All programs are available from Clayton Webster Corporation on a barter basis with Metro area exclusivity."

## Record Action

**BILL MCGATHY, RCA (212-930-4095):** "Question: Which Canadian rock and roll band has the largest selling Lp in Canada's most illustrious rock and roll history? Nope! Guess again. Sorry, wrong again. The answer: Trooper. Remember 'Raise A Little Hell'? They're back and bad with their new company, their new producer, Mike Flicker, and their new Lp 'Money Talks'. Combine these elements with a magic elixir called airplay and the new Trooper album will fly. Check out 'Money Talks' and 'This Must Be The Place'... The first four-cut contemporary commercial Ep in the history of RCA Records is launched this week, the 'Last Of The Mohicans' Ep by Bow-Wow-Wow produced by Kenny Laguna (Joan Jett, etc.). It contains a track which we feel will be a SMASH! It's called 'I Want Candy', and it combines hard-edged guitar with a definitive drum and rhythm sound and Annabelle Lwin's sensuous vocals that will light up the phones. This is an instant response record. The first Bow Wow Wow Lp has gone top 10 in England where a real musical explosion is happening right now. The group has just completed a mini-tour with the Police, and are beginning a European tour with Queen very soon. We repeat: This is a record... Le Roux continues to tour, knock 'em dead, and their album sales are increasing weekly. The second smash single is 'Last Safe Place'...Don't miss Triumph Saturday, May 5th, in a spectacular special on MTV, if it's in your market...Some exciting news from Franke And The Knockouts: They have just locked up tour dates with Sammy Hagar. The record is working exceptionally well in every case where it is being played in a medium plus rotation...Til next, cheers."

**JIM SOTET, POLYGRAM (212-399-7813):** "Hope you saw John Cougar on 'Saturday Night Live' last Saturday night. Larry the Lobster tasted great and Cougar and the band definitely rocked out. 'American Fool' (the album) is yours for the listening...Thank you for your immediate response to Rainbow and The Scorpions...Now get ready for Jon and Vangelis. I promise you a great piece of music for your stations... Hot at home: XTC, Sonic Youth, Iron Maiden, New Eno Ambient Lp, and my number one fave rave, Haircut One Hundred."

**DEREK SHULMAN, POLYGRAM (212-399-7071):** "I love it! I love it! The Scorpions 'Black Out' has gone crazy...Rainbow's 'Right Between Your Eyes' is on your turntable now and is a total smash...John Cougar's 'American Fool' album is also on your turntable and has gone through the roof! Any stations that consider themselves album rock should be ashamed of themselves-if they are not playing all these albums in extreme power rotation...Three for three! Okay, let's go for six for six. Waitresses are selling huge and Top 40 is starting to come on strong in DC and Boston. I know you've been beaten up, but give this a shot. Now, Top 40 album in the slicks, new adds this week include: WQFM and KOZZ... C'mon! More soap box time. Listen to 'A Town Called Malice' by The Jam. This is a great summertime song--forget all preconceptions about the band. This is a great song. Listen to it. It will turn your head and ears around...Get ready for some real heavy metal. Motorheads album 'Iron Fist' should be on your desk right now! If you think you play heavy metal, listen to this or else they'll turn your station over and bite your heads off!...Namecheck time. Okay, I've succumbed, I'm mentioning Mike Bone. Not for the music, but for your political vote. The Dogsboddy agrees: Don't cry for me, Argentina. This Limey would love to kick 'em out. But decorum prevents me from saying so!...One more thing, that XTC ad was wonderful. If it's a hit (which it should be), we expect Spiff here at the big 'P', cause we all think 'Senses' is wonderful and we're talking it up. Do you hear me, Harvey!?...That's it for now...T.T.F.N....The Dogsboddy."

**SEAN COAKLEY, ATCO (212-484-6400):** "The early pre-release research on the Sherbs favors 'We Ride Tonight' and 'Don't Throw It All Away'. In truth, all 6 songs on this album are great. Hopefully, with the album discounted an average of \$2.00 on the retail level, we can expand this Australian outfit's already significant base...Next week you'll have a new album from the Jim Carroll Band provocatively titled 'Dry Dreams'. Carroll is an artist who has something to say and you'll dig hearing it...Now that our winter hibernation is over, this label is going to offer you a plethora of quality rock. Coming soon are albums from Axe, Headpins, and that veteran cowboy Pete Townshend (Jane): Does he really have the Clint squint?...Personal faves: David Lasley, Don Williams, Jim Carroll, Russell Smith, Wendy Waldman and, you guessed it, Smokey Robinson."

**STEVE BRACK, BOARDWALK (213-656-2840):** "As Joan Jett and the Blackhearts continue their tour of sell-out performances, we would like to thank album rock radio for leading the way on the latest single 'Crimson And Clover'. The 7" single backed with her newest tune 'Oh Woe Is Me' arrives at Top 40 today. Your copy of this new tune is the last track on her latest edition of the 'I Love Rock And Roll' album. It replaces 'Little Drummer Boy' on this newest version. And if you haven't received it yet, be sure and give me a call. Joan's upcoming show at the Santa Monica Civic sold out in 30 minutes. And Joan will be performing in San Diego as part of KGB's Stadium Sky Show on May 8th. Should be hot!...Look for the 12" from Phil Seymour 2 arriving on your desk this week. I think 'Dancing A Dream' is a rock smash...Stay in touch."

**STEVE LEEDS, S.L.I.C. (212-975-5170):** "Joan Jett goes to Nashville, Sweden, Germany, Italy, France and England. An international anthem of sorts. Phase two: 'Crimson And Clover'. Check out the special 12" remix...Speaking of overseas, Graham Parker is finishing up his U.K. tour and heading stateside for another grey area...Flash: Radio requests. Backstreet responds. Giorgio Moroder is going to edit the 'Cat People' single so there will be no more excuses not to program David Bowie... For those who pride themselves as being in touch with the street, check out Charlie Midnight. His debut gig at the Bottom Line opened a lot of CBS brass' eyes. If you get a chance to meet or hear this guy, don't miss the opportunity--or else!..For those folks who still program 'P's, here's a neat segue courtesy of Dave Einstein: 'Cuban Slide' by the Pretenders with Bow Wow Wow's 'I Want Candy'...The new Elton John is in the right direction. Simple and pure rock and roll...Jon Scott: You're right. It was a memorable evening in Long Island...Thanks to Cleveland's G-man and Dia for their help. Watch out for leaky boats and up your kazoo!"

**MICHAEL PLEN, I.R.S. (212-980-6874):** "Strike another blow for the new music field as the Human League achieves the industry standard called a hit. They broke through to the top 30 singles in this country and is it any surprise. Why should radio view 'Don't You Want Me' any differently from M's 'Pop Music'? The only difference is M was released in 1980 and Human League in 1982. What lesson is to be learned from this? You've gotta start putting trust back into your ears and not into paper. Music is gut level, and only your ears can tell you whether a record will succeed or not. With all due respect to Top 40, album radio, consultants, and consumer tip-sheets, they should play an important percentage in your decisions, but the bottom line should be you ears and gut feel. If you believe in it, so will your audience, provided that you effectively promote the song as a hit on your radio station. So now that you've got the concept, you should immediately apply it to 'Bumble Boogie' by Jools Holland, 'Ride Your Pony' by The Fleshtones, 'Senses Working Overtime' by XTC, 'Million Miles Away' by the Plimsouls (add this or die!), Pete Shelley's 'Homo Sapien', the 'Anvil' by Visage--how many more can I name? How about Vangelis? I guess you don't like to be told all of this, so I'll just go on believing you're gonna do it...Coming soon on I.R.S.: 'The Eraserhead' Soundtrack--a psycho-horror film about erasers???? No, a horror movie about a couple that produce a reptile chicken-baby named Spike. It's directed by David Lynch who did 'The Elephant Man'. It's all synthesizer music and drone noises, and also three Fats Waller songs...Also coming: Tom Robinson 'North By Northwest', (Songs on it include compositions with Peter Gabriel), new Go Go's single out June 15th with the Lp entitled 'Vacation' out July 25th. Expect lots of new stuff on the I.R.S. label. Play it or die!...VEJUR QUOTE: Red boots and Plimsouls make me happy."

## RECORD ACTION CONTINUED

**JOBEL WEBBER, INDEPENDENT (212-255-7408):** "Congratulations to KROQ on their incredible progress in the most recent ARB. Today Pasadena, tomorrow the world!! We need stations like KROQ in the most crucial way, and the new book has got to be encouraging to lovers of good music everywhere. Besides, it's time that a radio station that actually motivates listeners to buy records did well in the ratings...Starting this week, you'll be able to strengthen the Alliance between you and your audience. If you don't see it, ask for it by name...When are you turkeys gonna get hip to The Jam? What does this band have to do to prove that people want to hear 'em? The answer to those questions and more will be answered when the band starts their tour in a couple of weeks, and woe unto you if you don't show up...I saw on the news yesterday that Argentina has built a TV station on the Falkland Islands—even though no one who lives there owns a TV set. I was wondering what shows they were going to program—maybe Shari Lewis and Lambchop, or Black Sheep Squadron with Robert Conrad, or an anthology of Sam Sheppard plays...Some more new stuff: A 12" from the upcoming Phil Seymour album (so that's the lead singer on Dwight Twilley Band Lp's); an exceptional album from Richard and Linda Thompson, who will tour the U.S. for the first time ever with fellow former Fairporters Dave Mattacks and Simon Nicol; Andy Pratt's best effort in years' and the sounds of young metalheads at work, Guardian."

**BRUCE MOSER, COULD BE WILD (716-885-5200):** "I'd like to thank everyone who helped to make Aldo Nova's 'Fantasy' #1 on the Song Index. The album is now well over 300,000 in sales, and Aldo is out on the road opening for Sammy Hagar. This album is at least 5 or 6 cuts deep as many of you are beginning to discover. This album will go platinum and Aldo Nova gets my pick as Rookie Of The Year...The new BOC album could possibly be the best live album ever released. 'Roadhouse Blues' is guaranteed to pull heavy phone response because of Robbie Kreiger's guitar playing. Please note there is a long and short version of this song. When you get your hands on a copy of the album, listen to 'Godzilla' and 'Veteran Of The Psychic Wars'. These versions will earn these songs their proper place in the heavy metal hall of fame...Duke Jupiter's 'I'll Drink To You' is top 10 on the Song Index—and will probably remain there all Summer. This song is a Summertime smash anthem...Thin Lizzy will be going out on tour and the record was just added at COZ and MJQ...Note to Warner Brothers: 'Tainted Love' is a smash, smash, smash. This record goes top 10 everywhere it's played. Don't let this one get away...Bowie's 'Cat People' continues to build and sell. Watch for an edit coming soon on the 45. This song deserves to be on the radio...Favorite new records this week: Fist, heavy metal music that can deliver that knockout punch. Listen to 'Thunder In Rock' and 'On The Radio'; and Magnum, now on tour with Ozzy, a great live act. The song 'Walk The Straight Line' sounds like Foreigner...Last but not least, if you managed to ignore the Blasters which went top 50 in Billboard on Slash Records, now's the time to make up for the error of your ways. Warner Brothers has just re-released this fine album...Rumor of the week: Reprise Records loses one of its last acts to Capitol. (Oh, to live on Sugar Mountain.)"

**KATE INGRAM, DB RECORDS (415-928-6952):** "Hard to believe that baseball season started last week while the sky dumped mega amounts of snow and rain everywhere. But that didn't stop Pylon, whose trip North went well, and didn't seem to stop the fans from coming out. One subject I've been thinking about concerning their release is that apparent bias toward Lps as opposed to singles. Even when there is an album with only one strong cut, FM programmers seem to go with that more than a single with two good cuts and the 45 is less expensive. Not that that is surprising, given the legacy of AOR rock. Now that passive research is making such a big impact, often times the best radio tracks come from records that don't sell to speak of, which makes the bias toward Lps invalid. In any case, the Pylon single is selling quite nicely, but where we have commercial airplay (Boston, L.A., DC, in particular), it's selling better by exponents. One more vote on which should be the 'A' side came in from Jimmy Christopher who picked 'Crazy', and from stations like KUSF here in SF who have flipped the record, thereby extending its longevity."

**JIM SELLARS, CHRYSALIS (212-935-8750):** "What's black and 12"? The most added album in the country: Jethro Tull's 'Broadsword And The Beast'! Multi-demographic appeal is the key to this new Lp. 'Beastie' has become the lead cut by default (the old side one, cut one syndrome, but 'Fallen On Hard Times' will come into its own soon. It's gonna be the single). The renaissance of Jethro Tull is at hand!...Gotten some interesting feedback on 'It Ain't Watcha Do' from the Fun Boy Three. Your morning man (or woman) can lead listeners to their jobs with 'perma-grins' with this one. If you do any special programming of new material, this has got to be included. And that's what gets results! If you're not aware of the club phenomenon that's going on, then you're not aware! In city after city, kids are dancing their asses off! Much of the music is already on your station, but a lot of new dance-oriented rock is just being ignored. It's cyclical. Everytime there is depression, recession, or threat of war, people dance. It's an international form of communication...Spandau Ballet has had repeated success with DOR music. Check out 'Paint Me Down' and 'Instinction'. If it doesn't move you, maybe the big one has already been dropped!!!...Your continued support of Huey Lewis And The News is being paid back with an incredible live tour. Don't say no when you get invited. It's a party!...UFO added at WEBN and WCOZ. 'Something Else' is the cut. Now is the time to go back and re-check this one...Personals: Drake: Rare form, boy. Krokus on this!...One Lp only on the table this week--'D.E.7', need I say more?...Until we meet again."

**J.B.BRENNER, A&M (404-455-7594):** "Those wild eyed Southern boys are back with 'Caught Up In You', the smokin' first single from the soon-to-be-released 'Special Forces' Lp. Look for these boys to be headlining in your market as they'll be doing over 100 dates before the end of the year. 'Special Forces' will be in your hands in two weeks, and it shows the growth and maturity of a world class rock and roll band...The Human League record continues to break down all barriers as it is now over 200,000 Lps. 'Don't You Want Me' is a hit single and the Lp is far from a one-cut wonder with action developing on 'Seconds' and 'Love Action'. Please go back to these cuts. We're talking mass appeal here. A record that can successfully transcend both format and demographic boundaries. It's even a hit behind the Iron Curtain. The following is an excerpt from a letter I received from a friend who works for Lot, the Polish airline, and is a disc jockey on Polish Radio One: 'And I have to inform you that the Human League group is a complete shock in Poland. This is the most in demand and the most demonstrated on radio Western rock group within the last 4-5 months. Polish radio receives up to 50 letters daily with requests to play such tunes as 'Do Or Die' and 'Don't You Want Me'. It is the biggest hit of 1981/82!!! You can put my information to your newsletter--it is the truth.' Any records you could send to this gentlemen would be greatly appreciated, as they are hard to come by in Poland (especially jazz releases). Send them to: Mr. Pawel Wroblewski, Fornalskiej 20, 71-340 Szczecin, Poland...Cuts on the new Split Enz album 'Time And Tide', produced by Hugh Padgham, are 'Hello Sandy Allen', 'Six Months In A Leaky Boat', 'Never Ceases To Amaze Me', and 'Dirty Creature'. You will be receiving the 12" with these lead cuts within the week...Also new is Fist, a heavy metal group out of Canada. Check out the title cut 'Thunder In Rock' and 'On The Radio'...For you reggae fans, don't miss the fantastic new Dennis Brown album, 'Love Has Found A Way'."

RECORD ACTION CONTINUED

**DOM WASLEY, MCA RECORDS (413-508-4020):** "Point Blank is coming all the way home. No less than five tracks are being heard from coast to coast. Manager/Producer Bill Hamm knows his way around the recording studio. He was first in a studio as an artist himself, behind the boards with Pat Boone. Hey Bill, when is Bubba Keith gonna give us a P.B. version of 'April Love'?..Nuevo Wavo: You don't have to be an explorer to discover this frontier. It's the sound of the 80's, it's up, it's fun, it's exciting, it's Joe King Carrasco. Joe is a mixture of the Mothers Of Invention and the Sir Douglas Quintet. In recent weeks he has played to encores opening for the Go Go's and the Police. Joe King may not be for real, but his album is, check it out."

**JIMMY MACK, STIFF RECORDS (212-431-1600):** "Well, Girlschool is here. They are fast and loud. They are fun. They like you. They like you, but they will kick your ass in concert. See them on MTV, hear them on radio all over America, play them at your house. Ask WBCN how Girlschool's first live broadcast went. Oedipus will tell you it's one of the best in the station's history. Ask me how my nerves are after covering my first show as a promo guy. Ask me but give me Thorazine first, as my hands are still shaking. Then call Starfleet and thank them for doing a wonderful job. If your station has added 'Hit And Run', watch for the Girlschool care package in your face this week. If you haven't, toughstuff, sucker. You'll have to put up with my pathetic mailer until you wise up... I'd like to introduce you to Evan Davies who will be working with me from the Stiff estate, but he's left for the day. Oh well, maybe next week...In an effort to break the monotony of my comments, we'll be servicing you with a 4-song Simple Minds 12" in the next week. This is my favorite lp on the label, so expect little or no mercy towards you or your pets...Hi to my Mom, everyone I've seen in the past two weeks, and Judy Libow...Next week my comments will be nothing but personals, since that's all you egotists ever read anyway."

**BETH ROSENGARD (212-462-4204):** "By the time you read this, you should have received not only the BOC advance 12", but the album 'Extraterrestrial Live' as well. In case you're not yet aware of it, please note that the 12" contains the full 9 plus minute version of 'Roadhouse Blues' on one side and an edit of about 5 minutes on the other. Also, you might want to consider your own edit-as WRIF and some other stations have done by splicing the intro about Robbie Krieger from the long-version onto the short version. And, now, if you're not totally confused, on to some other new releases...Magnum's 'Chase The Dragon' arrived at various times last week and yet the uneven service did not keep it from getting off to a healthy start. A number of stations have already jumped on this particular bandwagon early. Check out these cuts for airplay: 'Walking The Straight Line', 'Sacred Hour', 'On The Edge Of The World', and 'The Teacher'...Fist's 'Thunder In Rock' is also just out and looks like another heavyweight, heavy metal contender. Try the title cut with its heavy metal saxophone lead, and 'On The Radio' which any fellow female (can I say that?) should find particularly appealing...There is a growing consensus now for a second track from Aldo Nova-and that cut is 'Under The Gun'. However, some stations are having considerable success with about 4 others; so, as I said before, take your pick 'cause you can't go wrong and this is the time to go deeper...The Blasters have blasted out of their West Coast stronghold and are assaulting the Northeast. Adds reads in the last few weeks include: WPMR, WZZO, WTPA, WBAB, WNEW, and WAAL. If you're dismissing 'American Music' as sounding too different, then you're overlooking its greatest strength. This is a fresh-sounding, phone-grabbing, big-selling record that your audience will love. Try it...If you're in a market that has MTV, look for a great video of Moon Martin's 'X-Ray Vision' also coming soon as a single...And, finally, if you missed my change of address a couple of weeks ago, here it is again: 2112 Cahuenga, LA, 90068."

**RICH TOTOIAN, E/P/A (212-975-5281):** "First week on the road by the new kid. Monday, Denver: Thanks to Joe Folger, KBPI. Great meeting you. What a great restaurant! Phil and Theresa Strider: D.C. and I want to thank you for a wonderful special evening and magic morning. Did we ever get to sleep? Michael Moore: You're the best. Did you all realize as we sat and ate, 100 mph winds blew out 3 car windshields in the parking lot? No wonder my contacts felt a little gritty. KAZY, Doug and Rich: Thanks for the terrific lunch. I know we all surrounded you, but what the hell! Susan Lynch was worth it. Thanks again for that ad. Barry Fey and Chuck Morris: Great seeing you, thanks for your support of Susan Lynch...Tuesday, Seattle: What, me eat raw fish? KZOK, Jim Robinson: It was really fun turning you and Robin Wren onto sushi. Debbie Lipetz thanks you for the great time. Beau Phillips, John & Ivy Bauer, KISW: Dinner. It sure was fun hanging out with two of my favorite promoters who also happen to manage one hell of a band--Johnny And The Distractions. The dinner was great, but you were right, Ivy, the wine was even better. Beau: Look forward to seeing you again. Steve Slaton: Nice meeting you. Next time we'll get to talk longer, okay?...Wednesday, Portland: Gloria Johnson: Thanks for all the ups on Angel City. What a breakfast! My contacts were bothering me. Did you and Robin notice that my eyes had become super-sensitive to the light? As we sat high above lovely Portland on top of the all glass Hilton Schmilton, I couldn't open my eyes wider than a squint, tearing profusely. Thanks Gloria for not laughing. I must have looked like Jerry Lewis doing a Fu Manchu impersonation. Sorry I missed you Van Dyke. Next time...Onto Thursday, L.A.: Sam Bellamy: First of all, thanks for the Susan Lynch support, but most of all, thank you for the opening shot you gave her on the Survivor show. What a concert! We all love the fact that you put Susan in medium and added a second cut 'Laugh'. Speaking of laugh, will they ever let us into Rex's again? Thanks for fun at dinner at the Imperial Garden with Sam, Robin, Ron Farber, Ron Lanham, and the floor show provided by Marko The Magnificent...P.S. Marko: Thanks for the ride to the races Sunday. Weren't they great? Jeff Gelb: Breakfast was fun and enlightening. Also it was fun watching Heavy Lenny have his second breakfast in two hours. Good seeing you, Len...Tommy Hedges, KLOS: Tommy, it is always great seeing you and talking about all of our old mutual pals in the biz. Your choice of restaurants was magnifique...Friday, San Diego: Judy, KGB: Boy, do you guys know how to pick out Italian restaurants or what?! Thanks for a great dinner and thanks for your fantastic belief in Susan. I guess you realize that we saw the one and only XTC show of this tour. Were they great or what?! Can you believe all the people in the aisles dancing and singing all those songs?! Hope they get well and come back soon...Tuesday, San Jose: Mikal Hunter and Dana Jang: The restaurant you took us to in San Jose was top 10. Dana: Good to see you again, and swap Heavy Lenny stories. Remember Ron Farber lives! Mikal: Your motorcycle rap with Newmark was fascinating...Wednesday, Fresno: KKDJ. Jeff Reidel and Dean Opperman: Thanks for a fun dinner. Angel City show was fantastic. You two guys are crazy. That's why I had so much fun...To Mary Turner and Dusty Street and Jeff Gonzer: Hope to catch you guys next time when I'm in L.A...Also to Richard Kimbel, Westwood One: Thanks for the sushi dinner and all the laughs. You still are my favorite pervert...Till next time."

**CHRIS HENSLEY, EMI (404-321-5441):** "And to David Crosby: The 'Gee, I think I'm in the wrong place at the wrong time' Stupidity Award...But hey, isn't that Motels album great? Val Garay has got to be one of the best producers around. Last year it was Kim Carnes, this year he's polished Martha Davis and gang to a nice gloss. Who will be next?...Want to hear the kind of music that makes earthdogs take off their T-shirts and wear 'em on heads? Try 'A Legend Never Dies' from the RPM album. Sounds like a sleeper to me. Ask Sandy O'Connor who added it because the record stores were calling him about sales off instore play...Also Kim Wilde's 'Kids In America' is continuing to generate calls where played. But if one more person asks me for a personal and private interview with Kim, I'll go crazy...Last but not least, don't forget to ask Bill Bartlett about the Kroger hot-seat...Will the Cherry Hill bandit, please call me in ten minutes? I'm still waiting."

**MIKE BONE, ARISTA (212-489-7400):** "Oh, man. That sounds like corporate rock. Oh, man. That sounds like Loverboy. Oh, man. That sounds like Bruce Springsteen. Okay you shitheads. You want something that doesn't 'sound like' anything else, then listen to the Flock Of Seagulls album, particularly 'I Ran' and 'Space Age Love Song'. They don't sound like anything you've heard before. It doesn't sound like any other record you've heard before. It sounds like a smash...Outlaws #2 Most Added last week and we are as busy as a chicken in a corn crib finishing off the few remaining holdouts. An Ep of the most played songs is in the works now. For your information, those songs are: 'Don't Stop' (Gloria, I won't), 'Rebel Girl', 'Running', and 'Goodbye'. (A Bob Hattrick pick-to-click)...Dregs continue to crank it up...The DIR taping of King Biscuit is April 22nd in Atlanta. Yes, Alex Ligertwood will be there...The 'Stick' that roared, Krokus continues to beat-the-piss out of all comers where it counts to programmers--ON THE AIR. 'Long Stick Goes Boom' is a bone-i-fide phone blaster. Don't take my word for it. Check out the comments section. 'Let he who hath bad-rap this record in his mailer be aware of a long stick, for he doth live in my hometown, okay, buddy?'...Graham Parker starts touring this week, so watch out, he's back and he's proud. 'Hit The Spot' is the track for the most colorful grey area ever. Graham Parker rules in '82...Haircut One Hundred is Tocked up on Phoenix, AZ. (A new outpost for good taste). The hysteria is reaching fever pitch in Great Britain with five soldout evenings at the Royal Albert Hall. God bless KROQ for banging this album. They must be doing something right, did you see their numbers?...I'm going to see Jeff Lorber this week at the Bottom Line. Jeff's killing them on the road and 'It's A Fact' is his biggest seller yet. Jeff is a staple artist for any jazz show on album radio...Personals: J.D.Holmes: Merci and a tip of the camouflage cap to you, too...Drake: Happy Birthday and Krokus is Swiss, not Swedish. Close but no cigar, big boy...Von Veh: Please get a job, soon...Dave Kane: Yes, now let the stick go... Dave Logan: Can you say top 5 in Grand Rapids?"

**JUDY LIBOW, ATLANTIC (212-484-6063):** "Well, we do seem to be off to a 'sparkling' start with 'I Predict'. Early believers include WMMR, KZEW, M105, WCMF, and a bunch more! Is this record for real? You bet your ass! Are listeners gonna believe that? Give them the opportunity. See Sparks when they come to your town!...John Martyn's debut Duke Lp has just shipped. Produced by Phil Collins, give an ear to 'Couldn't Love You More' which features the stunning guitar work of one Eric Clapton. This record is something special!...Yes, folks. There will be another Foreigner single! It will be 'Break It Up' b/w a live version of 'Head Games'. Watch for the 12". They'll be doing a huge stadium tour this summer...Still cookin': Genesis, Nicks, Stones, AC/DC (all new names, right?), Glass Moon, Carole King, Godley/Creme (the edit of 'Snack Attack' is out), Ponty, and 'Death Wish'...The ARBs are trickling in--congratulations to those who know; keep your head up to those who don't want to know...Can't wait for the Squeeze and Split Enz Lps. (I can't believe Squeeze will be playing Madison Square Garden)...Waiting to hear the Motels....The Talking Heads Lp is fun...I think I'm the only person in the country who wasn't in Syracuse. Which reminds me--Levine: Don't bother calling me back. I've changed my number... Let it snow, I'm going to the beach."

## TUESDAY, APRIL 20

## TODAY IS A 7

Here we sit at the beginning of the height of Spring. At 5:08 AM EST the sun enters Taurus for a stay until May 21st. Our ancestors called Taurus a fixed sign, for this was the height of Spring weather, and this was an earth sign for the ancients were cultivating the soil. This did not mean a stubborn, practical person was born when the sun was in Taurus. No Void-of-Course moon with the emotion-ruling moon in adaptable Pisces today. The general mood is active yet "laid back", and this is a perfect time to accomplish personal needs. Tonight is a good stay-at-home night... To Mavis Mackoff Brodey: Congratulations on your new position at EMI. Personally, I am glad that you left Boston as you were the only person in town who had more Fiorucci clothes than I do. Now I have Boston to myself.

## WEDNESDAY, APRIL 21

## TODAY IS A 7

Boy, the mood changes today! The moon in Pisces is Void-of-Course from 2:00 AM EST until entering Aries at 7:42 AM EST. Notice how aggressive and fired-up people are today. The moon in Aries is not noted for its patience of willingness to wait and see how things will turn out. No, this is more the mood that "It's better to do something than to just do nothing." Expect an active day. Added to this is the moon being the closest to earth (moon a perigee) and a new moon is building. At 12:35 PM EST the moon at 3 degrees of Aries is opposite physical Mars retrograde at 3 degrees of Libra. This is a very angry, temperamental angle. so have fun at lunch! Tonight, just go for it and let all that energy loose having a good time. Music night supreme.

## THURSDAY, APRIL 22

## TODAY IS A 7

I have a simple game plan for this day. Expend the fiery energy on projects that are personally important, and don't ask yourself to suffer through committee meetings, conference calls, or planning sessions. Expect your boss to be in a mood for exerting their bossiness--but spare us bosses! Go give orders at home! If you are not sleeping as well and are having more activated dream states, it's the combination of the moon at perigee and the new moon. At 1:52 PM EST, the moon at 18 degrees of Aries is opposite restrictive Saturn retrograde at 18 degrees of Libra. This can be a downer, but this is a temporary situation. Tomorrow is the new moon, so set a sensible pace, avoid group meetings, and if you go out tonight, make it a solo flight.

## FRIDAY, APRIL 23

## TODAY IS A 7

The moon in Aries is Void-of-Course from 4:51 AM EST until entering Taurus at 9:59 AM EST. As the moon moves into Taurus, a whole new energy begins. Today is a more practical day with the attention turned more toward details instead of demands. The new moon is exact at 3:29 PM EST with the moon and sun at 3 degrees of Taurus. It is AFTER the exact point of the new moon that is perfect for cutting your hair to stimulate growth and to plant things to maximize growth. Don't forget to plant ideas to insure their best growth. With the moon being the closest to earth, this may seem more like a crazy full moon, but I would not shy away from having a party tonight. You know those times when there is too much energy to sit still even when you don't have definite plans? This is one of them.

## SATURDAY & SUNDAY, APRIL 24 & 25

## SATURDAY IS A 7 & SUNDAY IS A 7

The best idea would be to relax but on a post new moon weekend I wouldn't even ask that of myself. This one is made for the "fix-it" or "clean it" crowd. A Void-of-Course moon that lasts 17 hours and 6 minutes begins Saturday at 5:43 PM EST and ends Sunday at 11:49 AM EST. Avoid purchases and decisions during this time. Daylight Savings Time begins as of 2:00 AM Sunday, so set your clocks forward one hour. The moon in Gemini on Sunday is more adaptable and conversational. Creative people and musicians are going to find this two day period of benefit, and the very pragmatic people are going to have to stumble along as best as they know how. Restless sleep states are more "the norm" than the exception--so don't push yourself too hard or you'll just end up tired and cranky.

## MONDAY, APRIL 26

## TODAY IS A 6

The moon in Gemini is adaptable and communicative, hopefully you will find this adaptability useful in trying to convince your body that 8:00 AM is now 9:00 AM. We are in a relatively good cycle as long as major changes are avoided until July. But for internal re-evaluation, this is a very fruitful time. No Void-of-Course moon today and a good day to catch up on correspondence, memos, and telephone calls. Astrologically, this Monday is a time when you are in a position to care for those things that are important to you. The evening hours see a continuance of this pattern. Take good advantage of today for stormier weather is on its way tomorrow. A special hello to Mike Bushey and everyone at WBLM. I knew we'd all make it through Spring.

## Lieberman Call

	SALES	POTENTIAL	
Franke	4	8	
Krokus	5	8	We anticipate good sales for a short period of time.
Greg Kihn	7	10	Excellent reorder pattern already developing.
Graham Parker	2	8	Sounds better after each listen. Deserves a shot.
Utopia	3	7	Has yet to expand beyond the cult, and frankly we don't expect it to.
Duke Jupiter	3	7	Nifty little buzz in a couple of shops.
Blasters	5	8	Consistent movement during the last three months.
Human League	6	10	Entered our top 30 sales last week, which is pretty significant in a supposed hard rock only region. And especially significant since there is virtually no airplay.
"SPOB"	5	10	Could be the surprise of the year if it's given the exposure it deserves.
Ozzy Picture Disc	2	9	Sales are limited only because it's a non-returnable item.

"Over the weekend I had the opportunity to finally hear the Amarcord Nino Rota Lp on Hannibel Records which I've heard so much about. I can't recall when I've been as moved by a piece of music as I was by this. Anyone out there who is a serious music listener should part with the \$10 this package costs and spend time with it. It's an absolute masterpiece...Congratulations to Bill Hard for winning the Donohue Award...Also congrats to KROQ on their fine showing. Let's hope this is the start of a trend around the country."

Franke	3	7	Impressive radio action slowly turning into retail sales.
Krokus	6	8	This had 3 solid weeks and is building.
Greg Kihn	5	8	Has raised Kihnsciousness as evidenced by increased catalogue sales, too.
Graham Parker	3	6	With strongest first week out, more sales will follow developing airplay pattern.
Utopia	2	5	Slow--needs a spark.
Duke Jupiter	1	5	Sales not there yet.
Blasters	3	7	Mighty Warner Bros. promo push will bring this one home.
Human League	6	7	Steady pattern on this puppy.
"SPOB"	3	8	Enormous potential here.
Ozzy Picture Disc	5	9	If CBS would allow returns on this record, dealers would be more aggressive.

"New Flamin' Oh's, a well-engineered pop-rock effort, should break them out of their regional station status... Haircut One Hundred is the best new group I've heard this year... John Hiatt comes out with his most marketable piece yet... Office favorites: Kim Wilde, Jethro Tull and Mike Oldfield."

MINNEAPOLIS-Esa

	<u>SALES</u>	<u>POTENTIAL</u>	
Franke	4	8	Things are brewing here, but it'll be a while before it boils over.
Krokus	4	7	Nothing spectacular, but it is steady.
Greg Kihn	4	10	Still developing, but with material like this, how can it miss?
Graham Parker	4	8	Steady and light sales, which could describe this Lps production quality.
Utopia	2	7	Barely a cult item at the moment.
Duke Jupiter	3	8	When sales catch up with airplay, we might have something here.
Blasters	3	8	Deserves much more than it's getting.
Human League	7	10	A more consistent sales pattern would be very hard to find.
"SPOB"	7	10	Holding its own out there in the vinyl jungle.
Ozzy Picture Disc	2	8	A no return situation always makes retailers shy.

"Great comments from Jon Scott and Michael Plen last week... Why every radio station in the world is not playing the Human League, Haircut One Hundred, Waitresses, XTC, Flock Of Seagulls, Ray Parker Jr., and Dave Edmunds, is beyond me. You can't stop the hits, so why keep trying?"

DENVER-Gary Abrams

	<u>SALES</u>	<u>POTENTIAL</u>	
Franke	5	7	Light but consistent. Two more weeks should do it.
Krokus	4	5	Seeing better orders this week.
Greg Kihn	6	7	Still a little shy on airplay here, but good sales.
Graham Parker	6	8	Ditto.
Utopia	5	6	Up and down, up and down.
Duke Jupiter	3	5	Still light sales, but I hear that's about to change.
Blasters	8	9	This group has been selling well here from the first day. Now after completing their regional tour, the orders are tripling.
Human League	4	6	We haven't given up on this one yet. Still a lot of good life.
"SPOB"	5	7	Sales scattered throughout the area. Overall, has not sold as expected.
Ozzy Picture Disc	0	10	(Note the zero in present sales column,) Shame on you Epic. One of your top-selling artists and you bring out a picture disc that's non-returnable. We haven't reordered after sell-out and don't plan to.

KANSAS CITY-Mike Clark

	<u>SALES</u>	<u>POTENTIAL</u>	
Franke	3	9	Building slowly, but it's definitely building.
Krokus	4	9	Strong and consistent reorders.
Greg Kihn	3	7	Good reorders showing up, and it's early yet.
Graham Parker	2	7	Looks good and it's just getting started.
Utopia	2	7	Minimal but consistent sales.
Duke Jupiter	2	7	Still seeing reorders, but it hasn't broken loose yet.
Blasters	1	6	Real early in this market.
Human League	2	7	Starting to move for us now.
"SPOB"	3	6	Consistent sales, but when the airplay on this one stops, it looks like the sales will also.
Ozzy Picture Disc	-	-	Sold quite a few out-of-the-box, but we're only selling it on a special order basis now because it's not returnable.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the Lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

FOR YOUR INFORMATION:

- When reading the individual station report, please remember that there are three ways in which album rotations are tracked.
1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
  2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
  3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-10 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
