FMQB ALBUM REPORT

June 25, 1982

BILL HARD, Editor

Hard Choice

JUDAS PRIEST, "SCREAMING FOR VENGEANCE", COLUMBIA

It's uncharacteristic of most metal outfits to go for pure hooks (usually they tour with a radar screen to keep them from getting too close to the melody). On the other hand, there's Priest. They keep their loyal fans happy with the usual gut-wrenching high decibel fare. But following the pattern of their last album ("Highway"), they've included one especially singable rocker -- "You've Got Another Thing Coming". We love its rough and ready attitude and splashy sounds. Also look for heavy spins on the "Hellion/Electric Eye" segue.

Easy Choices

ROBERT PLANT, "PICTURES AT ELEVEN", ATLANTIC

Let's talk no-risk, heavy rotation. When anything from this disc hits the air, it's goosebump time. He could even sing "Ebony And Ivory" and get away with it (well--maybe). Sounds to us like classic bluesy Zeppelin and should receive that level of attention. "Burning Down" will lead with "Slow Dancer", "Fat Lip", "Worse Than Detroit" and "Like I've Never Been Gone" all strong. Hell, we like it all.

CROSBY, STILLS & NASH, "DAYLIGHT AGAIN", ATLANTIC

Great songs and those shimmering harmonies put CSN in the hall of fame. And this week they step from the time capsule with one of their better tracks ever--"Southern Cross". Stills' slightly gruff texture balances the sweetness--just don't segue into Robert Plant. Next up: "Too Much Love To Hide", with "Wasted On The Way" debuting at #30.

FLEETWOOD MAC, "MIRAGE", WARNER BROTHERS

Late arrival. Joins CSN as the ultimate upper demo killer. Quick picks: "Straight Back", "Gypsy", "Love In Store", and "Only Over You".

Pinch Hit

BOB DYLAN, "STAND IN LINE", RCA

These guys are players, and their sophistication is obvious. But if that jazzy feel has you on ice, just wait til those big fat rock and roll hooks dig in. Hot rhythms, warm harmonies, and plenty of edgy guitar. We recommend "Young Boy", and "Gimme Everything" from this intriguing first effort.

Chain Reaction

RED SPEEDWAGON, "GOOD TROUBLE", EPIC

We love to help build up our stars, and once they hit platinum, it's standard practice to take 'em down a notch, particularly if their popularity spreads well beyond the format. Even with a few nags on predictability, this well oiled machine rolls in with the expected airplay tonnage--113 adds... "Burning" remains at #1 on the Song Index, with play set to spread to "Stillness", the title cut and "To Hold The Key"...Radio: Mike Wolf, WQFM, "RED continues to deliver the same well produced songs and tight harmonies that made 'Hi-Fidelity' such a multi-platinum success"...Mary Pflinder, WYMX, "Since 1977 every album the Speedwagon has rolled with has gone gold or platinum. 'Good Trouble' will be no exception to the rule"...Roberta Haber, WMVQ, "It's the same smooth melodies, smooth vocals, smooth instrumentation (note the operative word here is smooth). Someone should tell these guys that rock and roll should have some rough edges, but what the hell do I know? I haven't sold 5 million records lately"...Jose Diaz, WBLM, "Sounds a lot like the last one, but I do think it's gonna be successful. We all know how well the single is doing, so RED is obviously gonna pull off another mega platinum success."

EDDIE MONEY, "NO CONTROL", COLUMBIA

We've been talking "most improved" honors for weeks now, and the 98 12" to LP conversions backs that up... #2 Most Added, high on the considering list, and a clear radio favorite: Larry Roisman, KEZY, "No Control" gets my vote as Eddie's best album yet. From start to end, this record is consistently superior"...Kid Leo, WPPS, "On the last one he almost threw away the credence he built up on radio. This one is straight ahead full power, but with a lot of thought behind it"...Craig Martin, KZOK, "The album was well worth the wait, with one of New York's finest coming back with his cleanest, most consistent album. Good singing, great crisp production, and fine material"...Bob Bittens, WICH, "I have a lot of confidence in Eddie. The single is already generating some phone calls, and the album has a half dozen other cuts that could do as well"...Steve Feinstein, WTSP, "May be the surprise album of the year. It certainly has been worth the wait, and the single is only the tip of the iceberg"...And from Tom Starr, WOUR, "Certainly don't need a fine tooth comb to find an amazing amount of great material on this album. 'No Control' is indeed a grand slam."

CHAIN REACTION CONTINUED

TIP

"OPEN YOUR EYES", LORDS OF THE NEW CHURCH, IRS

None other than Lee Abrams was raving about the Lords this week, and that's good for a little Red Page real estate. Sounds like Jim Morrison backed up by Human League.

APRIL WINE, "POWER PLAY", CAPITOL

Between the single and "If You See Kay", it's straight to the top for this record. A strong #3 Most Added with 96, and tied with REO for #1 Most Added in the top 30 markets with 34 stations...Comments: Ed Levine, WAQX, "My respect for April Wine has increased tenfold with their new album. Not only is the musicianship their best ever, but any band with the balls and creativity to do a tune like 'Kay' deserves all the success they can get"...Michele Sayre, KLOL, "An excellent album. When a band finally takes that last step, it's wonderful"...Bill Simmons, WMYK, "April Wine looks to be the strongest LP I've heard this week. In addition to a dynamic rock and roll track, 'Anything You Want', 'If You See Kay' has got to be one of the year's best novelties"...Dave Logan, WLAV-FM, "A band that continues to develop their own niche between gloss and sauce. Ultra-dependable"...Ron Sorenson, KBLE, "'If You See Kay' is such a great concept. I'm surprised someone hasn't come up with it before this since listeners always seem to love 'getting away with hearing something dirty on the radio. This should be big with the Ma Bell crowd."

TED NUGENT, ATLANTIC

A coming of age for Ted as he brings a more mature writing and performing approach to the new label affiliation--and radio responds accordingly. #4 Most Added with 64 (19 Level I's)...Our pick "Bound And Gagged" leads with "No, No, No" right behind...Comments: Tim Smith, WLWQ, "'Bound And Gagged' is the new national anthem. 'Tailgunner' is a most welcome return to basic no frills Nugent. Initial phones on both cuts is top 10"...Dick Bascom, WQXM, "Terrible Teddy's new one is one of his best ever (aside from maybe the first). Lots of great cuts--leading with 'Bound And Gagged'"...Rob Roman, KLAQ, "Ted is back with some new people and the same driving rhythm and scorching guitar that made him famous"...Mark Miller, WWCK, "I think he tried to make a more mature rock and roll record this time, and for the most part, succeeded. But it's still that old style gonzo rock that the kids are really looking for, and 'Tailgunner' provides that definite Nugent edge"...Doug Podell, WLLZ, "The new album is straight ahead rock and roll reminiscent of the old 'Stormtrooper' days. The re-addition of Derek St. Holmes is definitely the key, but Ted's writing has also never sounded better"...Bruce Bond, WZZO, "Sounds like his best stuff in years. More hooks and less loud guitar raps."

NAZARETH, "2 X S" A&M

"Love Leads To Madness" has us hooked, and it's obviously bringing in radio...Almost every station playing the 12" converted to the Lp to take us to a total of 37 FMQB stations. "Madness" moves 47 to 40 on the Song Index...From The Doctor at WYFE, "Nazareth got the most response from our listeners and jocks. 'Love Leads To Madness' is a great song. The vocals are superb, with a kind of cross between Rod Stewart and Geddy Lee. Very soft, yet textured, and what a hook!!"...Rob Roman, KLAQ, "'2 X S' definitely rivals anything they've ever done. The addition of new members has brought new life to a band that, in my opinion, has been stagnating. Plenty of tracks here to look at above and beyond the advance single."

JOE COCKER, "SHEFFIELD STEEL", ISLAND

With 33 stations in two weeks, Joe is more than holding his own in the automatic avalanche. The pipes are in top form, and "Look What You've Done" and "Seven Days" are his best radio tracks in years... Key calls to date: WNEW-FM, KLOL, WQFM, WBAB, WXRT, WQBK, and WSKS.

X, "UNDER THE BIG BLACK SUN", ELEKTRA

The label had to deliver X on the West Coast to be believable everywhere, and that they have. The 19 first-week stations include KMET, KROQ, KLOS, KGB-FM, as well as heavies WMMR and KSHE...The title track leads, with "Hungry Wolf" also active...Bob Bittens, WHCN, "I'm impressed with this album. Lack of space prevented me from adding it this week, but it's a definite left-field projection. Sounds like the Doors meet the Airplane meet the Gang Of Four"...Ron Nenni, WPYX, "Sounds a bit like the Airplane vocalwise with 'Hungry Wolf' and 'Blue Spark'. Although they have a raw feel, I'm still interested in the band"...Bob Linder, WJHA, "X is very interesting, raw high energy"...John Myros, WXRT, "This one was tuff. Elektra has certainly pulled out all the stops. I'm hoping it's because of content, not because of investment. We're gonna watch this one real close because if it happens, the door is open, and stations who previously ignored music of this genre will have to reconsider."

MEN AT WORK, COLUMBIA

In the 8 weeks since our Front Page shot, we've seen truckloads of major releases, but Columbia's hard work and commitment are keeping it quite visible...#8 Most Added with 16 (including WSHE, KLOS, WCMF, WZZO, WILS-FM, WABX, WIOT, and KDKB, for a total of 64 FMQB reporters to date...Up to #46 on the Metro Chart, and a hot 48-43 Index prime move...Comments: Dave Logan, WLAV-FM, "Quirky and catchy. Another record developed outside album radio in this market, which is where many of these new artists will need to get their start if they expect to survive"...Michele Sayre, KLOL, "Heavy rotation this week, great calls and response. This band is happening"...J. David Holmes, KDKB, "They really have a new sound and with only two days of airplay, getting a lot of curiosity calls"...Doug Clifton, KAZY, "Love those saxophone hooks"...Inessa York, KGON, "Men At Work is getting good market acceptance and increased air time"..."Who Can It Be Now" is steady at #51 with "Down Under" also active.

PETE TOWNSHEND, ATCO

Last week's #1 Most Added status converts to chart numbers that equals all the raves--#11 Index, #10 Metro...19 Max play reports which include WLAV-FM, KTXQ, WLUP, WXRT, WIOT, WMMR, WLPX, and KMET... Also a mega-pile of heavy rotation reports led by KSHE, WQXM, WMMS, WYSP, KZEW, WHJY, DC101, KRQR, WAVA, WKLS, WLLZ, and WMET...Debuts on all the Consultant Charts: #16 Superstars; #20 Pollack; #20 Sebastian; and also #20 on the Doubleday Chart...Comments: Ray White, WLIR, "Townshend debuted at #1 here, which explains perfectly how we feel about 'Chinese'"...Craig Martin, KZOK, "More melodic, and sounding more assured than he ever has on his previous solo outings. This album may not be as naturally suited for rock radio as the crunchy 'Empty Glass' was, but anyone who can't hear this album on their station should have their ears glued shut"...Roberta Haber, WMJQ, "We all experience loneliness, fear, joy, love, and that's why we are so touched when given an album like 'Chinese Eyes'. Townshend's added years have sharpened his skills and deepened his compassion"...Lin Brehmer, WQBK, "We have requests, sales, and a genuine belief in the album's quality to back up a #1 finish in airplay"...Radio picks: "Stardom In Acton" #31, "Face Dances Part Two" #39, and "Slit Skirts" #42.

STEVE FORBERT, NEMPEROR

As per the Question Of The Week, we are truly convinced that fresh music is what the people want--and that format guidelines have been too rigid. On that note, enter the Forbert album. We say side 1 is some of the most expressive and entertaining music we've heard lately, and God knows, we roar through the vinyl. Deservedly, Steve pops in at #10 on the Most Added list with 14 stations. We like "Ya Ya" and "Got To Live Up To His Shoes"...Comments: Ron Sorenson, KBLE, "Steve Forbert is another personal favorite. I'm hopeful album radio can stretch enough to make room for this incredibly talented songwriter"...Stew Schantz, WPDH, "My personal favorite is the new Steve Forbert. If you'd like something a little lighter for those upper demos, this is it"...David Filipov, WBRU, "When Steve Forbert's incredibly expressive voice is combined with a song of the caliber of 'Ya Ya' or 'When You Walk In The Room', the result is nothing short of beautiful."

CHAIN REACTION CONTINUED

"KEEP THE FIRE BURNIN'", REO SPEEDWAGON, EPIC

You can't beat a #1 Song Index debut, right?! Already in max play at over 45% of those adding it last week. Mega-muscle.

"ENOUGH IS ENOUGH", APRIL WINE, CAPITOL

Debuts from last week's 60 adds put the single on the Song Index at #16, and look for 36 new reports to jam it top 10 at least. Already max: KWK, WLPX, WSYR, WQBK, WIOT. Heavy on: KGON, KBPI, KSHE, WAVA, KZEW, KRQR, KPKE, WLLZ, KQRS, WFYV, WHCN, WPDH, WKZL, WWCX, and KMOD.

"SHE LOOKS A LOT LIKE YOU", CLOCKS, BOULEVARD/CBS

A solid start for this great-sounding track--13 in all, including: KMET, WYSP, KZEW, KROQ, WIOT, WLIR, and WBAB. WYSP's Steve Feinstein said it best, "She Looks A Lot Like You" has got me hooked. I go bonzo for punchy power pop with hot harmonies, and Clocks fits the bill. Reminds me a bit of the Cars when they were rocking out on their first album before they became as cutesy as they are these days."

"I DID IT FOR LOVE", HARLEQUIN, COLUMBIA

It's Gloria Johnson's favorite new song of the week, and we love it, too. Hats off to WBAB, KILO, KKRQ, and KQDS for being first on one of the hottest little sleeper tunes out there.

"USED", GREG COPELAND, GEFLEN

As noted by several programmers this week, it's nice to find an artist who combines clever lyrics with hooks that stick...From Tom Starr, WOUR, "I'm really impressed with the Greg Copeland. This guy writes and sings with a kind of conviction that would be nice to hear more of these days"...Roberta Haber, WMJQ, "Greg Copeland is an album that requires time and effort on our part, and a belief for the intelligence of our audience."

"YOU GOT NOTHING I WANT", COLD CHISEL, ELEKTRA/ASYLUM

It may sound a bit bombastic on first listen, but it sure is memorable. You can't say the song title without singing it, and that spells staying power...New on: KMET, WBCN, WBLM, KTYD, KQDS, and WPDH.

"LOVE LEADS TO MADNESS", NAZARETH, A&M

Just getting out there and we've already logged in two solid add weeks--34 total, including: KRQR, WMET, WKLS, KGB-FM, KLOL, WMMS, WQMF, WLVO, KYYS, WLAV-FM, DC101, and KSHE...From Roberta at WMJQ, "The Nazareth 12" was a big surprise. The last thing I expected from this band was a chorus of acoustic guitars. Very tasteful, very nice, and taken directly from page 52 of the REO Speedwagon 'Guide To Making Hit Records'...WRXL's Ilyse Gottlieb adds, "What a great song! We're already getting calls on the single, and if this is any indication, this album could be one of the best of the Summer."

"WHAT DO ALL THE PEOPLE KNOW", THE MONROES, ALFA

In spite of the Parsons and Glenn Frey debuts, and the Axe Prime Move, The Monroes continued to climb the Index 28-26...New on: WTUE, WMYK, WKZL, and KZEL, for a total of 83 reporters. Up on: WEBN, KGB-FM, WRNO, WSYR, WQBK, and KEZY...Checklist: 43 not playing, 27 considering (hot!), 2 dropping, 25 maintaining, and 31 building, including WMMS, KGON, WNEW-FM, WEBN, KZAP, KZEW, KSHE, WYSP, and WLIR... "People" is #26 on the Song Index.

"I WANT CANDY", BOW-WOW-WOW, RCA

Two more plums--KGB-FM and WFBQ. WMMR, WMMS, and WNEW-FM upped rotation. Key calls: KBPI, KDKB, KRQR, KZEW, WCOZ, WLPX, WYSP, KZAP, WAAF, WHCN, WLAV-FM, WPYX, WROQ, and WXRT.

"SHOWDOWN", RIOT, ELEKTRA

This record is methodically picking up some serious call letters. New on KQRS, WMMS, KLOS, KMET, KSHE, KSRR, and WYSP...Last week's action includes WBCN, WCOZ, KDWB, and WMJQ. The tune is a smart vehicle to take them out of their metal mold.

"REVENGE", MAYDAY, A&M

In terms of being tailor made for radio trends, the title track picks up where their standout version of "So Young So Bad" left off. Sounds like it should pop out of the speakers.

"WASTED ON THE WAY", CROSBY, STILLS & NASH, ATLANTIC

Dump Nixon!...Where's the keys to my van?...Who's got those papers?...But seriously, folks. That harmony is chilling and anyone who has ever felt their magic will be slave to it on first listen.

"HEARTBEAT", KING CRIMSON, WARNER BROTHERS

Considering it was tucked away on the tail-end of side two of our Sampler, we picked up a surprising amount of interest. We're looking for some serious airplay on the most commercially viable song in years.

SENTIMENTAL FAVORITE DEPARTMENT:

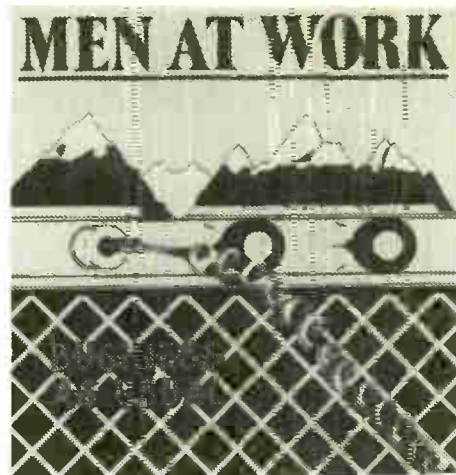

STEVE FORBERT, NEMPEROR

He's always been sort out of place, but he always gets played on the strength of his songs, and when they made his voice they broke the mold. The format is widening, there is life after 25, and we're always ready and willing to give a kid from Louisiana a little ink. Try: "Ya Ya", "He's Gotta Live", "On The Beach", and "When You Walk In The Room". Great living room record.

Checklist Records:

38 Special	John Waite
Sherbs	Jon Anderson
Squeeze	The Clash
Bow-Wow-Wow	707
Frankie Miller	Axe
Men At Work	Frank Zappa

EDDIE MONEY

"Think I'm In Love" b/w "Shakin'"

Take it to the bank!! The 12" is just released and on over 80 heavies!

Doug Podell, WLLZ: *"I'm going wild over the new Eddie Money record. 'Think I'm In Love' is destined to finally replace 'Two Tickets' as Eddie's big claim to fame. I have strong feelings that this record is going to be with us for a long time. Besides, here is one man who knows how to party and I'm ready for him."*

Tim Smith, WLWQ: *"'Think I'm In Love' is top form American rock and roll, uneffected by trends. One of those records you can listen to again and again, and it sounds better each time."*

Steve Feinstein, WYSP: *"I'll venture to say this is the best Eddie Money has sounded since his first album. We're taken with 'Think I'm In Love's' clean production and Eddie's smoother vocals."*

Sky Daniels, WLUP: *"Record Of The Week. This is one that my ears keep turning to. It best represents Eddie's street-corner approach to pop. I kiddingly said to Rapper that listening to the advance cassette gave the impression that it was a double album. There is so much good music on it."*

HARLEQUIN

Featuring **"I Did It For Love"**

Just out and already causing havoc!

Gloria Johnson, KGON: *"Best new song I've heard all week is 'I Did It For Love' by Harlequin. But with the dust still settling around all the major releases, we couldn't squeeze it in."*

New: **WBAB, WKDF, KWK (test), KQDS, KKRQ, WWCK, KSPN, KILO, KLRB**

BUILDERS

38 SPECIAL, A&M

38 finally dethrones Asia for the top radio airplay slot on both charts--Asia held that position for 10 weeks. It took the 38 Special Lp 4 weeks to get there. On the Consultant Charts: Pollack #1; Sebastian #1, Superstars #2, and Doubleday #2...The Retail Index has 38 at #9 and "Caught Up In You" remains at #1 on the Power Index.

HEART, EPIC

Up 20-18 Metro, and really stepping on the gas with a 19-13 Prime Move. On the Checklist, 39 maintaining, 3 dropping, and 41 building. Sales and phones on: WLPX, KAZY, KSMB, WDHA, WKQQ, KSHE, WMET, WROQ, WZZO, and WMYK. More hot phones on WEBN, WQXM, WYFE. Of 18 not playing, 10 are considering...Airplay: 7 ups including KGB-FM, KMET, KZEW, WMMS, WSHE, and WRNO; 39 steady, and 5 dropping...Heart debuts on the Retail Index this week at #18 and on the Song Index "City's Burning" goes 21-19 and "This Man Is Mine" 79-71.

707, BOARDWALK

"Mega Force" climbs 15-11 on the Top 100, and that continues to push the Lp up the Charts. It's one of the strongest Metro gainers, 25-13, up 23-14 Index. Equally impressive on the Consultant's page: #11 Superstars; #6 Doubleday; #10 Sebastian, and #18 Pollack...Those chart numbers are reinforced by the Checklist: 42 maintaining and 44 builders. Still a bit early for sales but WLVQ, WYSP, WMJQ, WQXM, WSYR, WAAF, WEBN, WROQ, WILS-FM, WIOT, WYNF, and KZOK and several more report building calls... Play increases reported on KDWB, KRQR, KZEW, KZOK, WSHE, WAVA, KPKE, and KSJO...New on KAZY, WDVE, KMET, WPLR, and 6 more for a total of 86 reporters.

AXE, ATCO

"Rock And Roll Party in The Streets" is coming on so strong we'd bet this record could fuel a block party in January! It moves 25-21 on the Song Index, 30-22 Index Prime Move, 36-25 Metro Mauler. A great Checklist too: 16 of 28 not playing are considering, only 2 dropping, 38 maintaining, and 37 builders including WMMS, WKLS, KYYS, KGB-FM, KGON, KLOL, WQXM, KMET, WFYV, WMET, WMMR, WIOT, WYNF, and WMYK. And check out these play increases: KZEW, WMET, WMMR, WMMS, WQXM, WSHE, WAAF, WAQX, WBAB, and WIOT. 10 more adds came in this week including KLOL, KGB-FM, KDWB, and WPLR for a 4 week total of 92 FMQB stations.

A FLOCK OF SEAGULLS, JIVE/ARISTA

If you've had it in consideration, looking for a breakthrough week, here you go. The second strongest Index Prime Move 40-28, to go with a convincing 47-35 Metro advance. The Checklist confirms 15 of 41 not on are considering, only 1 dropping, 21 maintaining, and 38 building. Sales and phones up: WZXR, WMJQ, WNEW-FM, WRAS, WOUR, KEZY, KNAC, WBAB, and WLIR...Also increased requests on WBCN, WPLR, KLBj, WRKI, WQXM, WPYX, WROQ, WMMR, KZOK, and WMAD...New on KLOS, KBPI, KLOL, WFYV, and 3 more. Other heavy adds include: KDKB, KGB-FM, KMET, KRQR, KSJO, KYYS, WDVE, WKLS, WMMS, WNEW-FM, WQFM, WSHE, and WYSP... "I Ran" moves up the Song Index 46-37.

SOFT CELL, SIRE/WARNER BROTHERS

With a 44-34 Index resurgence, Soft Cell is obviously gearing up for extended Chart hang time--up 39-36 Metro. The 17 dropping on the Checklist reflects the move to recurrent at the early believers who've been playing it for months--15 maintaining and 24 building--remarkable for a record out 19 weeks. Sales and phones up: WRXL, WZXR, KSMB, WIYY, WKLS, KWXL, KGB-FM, WQXM, WPYX, WROQ, KZAP, WCK, and LOVE94. Building calls on: KAZY, KZEL, WIMZ, WDIZ, and WRKI..."Tainted Love" bounces back on the Song Index 37-33.

SQUEEZE, A&M

Squeeze went 50-46 last week--almost a Prime Move, and this week it jumped out of the closet with a significant 46-40 Underline. Continuing to inch up Metro, 49-46. "Black Coffee In Bed" is the leader, 87-68, and the new edit will keep it out front. On the Checklist this week: Of 67 not playing, 24 are considering, 1 dropping, 10 maintaining, and a credible 23 building including increased sales and requests on: WMMS, WNEW-FM, WMMR, WYSP, WRCN, WOUR, WDHA, WPYX, WQOK, WBAB, WMYK, KTIM, and WHJY. Airplay ups on: WMMR, WMMS, WBCN, KTIM, and KILO...Following the typical Squeeze development pattern, it takes a few weeks to gain programmer confidence, then watch those subtle hooks take over.

MARSHALL CRENSHAW, WARNER BROTHERS

WLLZ, KGB-FM, and WMYK lead the new adds...Steady at #47 on the Index, but "Someday, Someway" is on the move, 70-58...Increased play on WCOZ, WMMS, WNEW, WXRT, KTIM, and WOUR...Also be aware of the hot Checklist: None dropping, 14 maintaining, and twice that number building: WMMS, WCMF, KGB-FM, WMJQ, WCOZ, WMMR, WIOT, WRIF, WYSP, WHJY, and WLIR...With credible calls like this reporting increased momentum, pay attention... Ted Edwards, WCOZ, "Marshall Crenshaw is an album that continues to do well for us. I suggest if you haven't taken it seriously that you get back and give it a second listen. Like the Haircut One Hundred, it seems to be an album that at least the Boston audience is looking for"...Judy McNutt, KGB-FM, "The thing that's so attractive about the Marshall Crenshaw record is that it's clutter-free and sounds happy on the radio. I've had enough bumper music for now."

MEN AT WORK, COLUMBIA

A few weeks ago we rolled a Front Page shot on this group, and with Columbia's continuing commitment we've got a #50 Index debut--hot stuff considering the traffic out there. "Who Can It Be Now", new at #75 on the Song Index is miles out front of our much touted fave "Down Under", but what do you guys know anyhow? We did get a big vote of confidence from those incredibly perceptive #1 12+ ranked geniuses at KGB-FM who agree with us on that tune. Judy McNutt responds, "Lots of calls for 'Down Under'. Probably #6 in calls behind the majors, and overall it is our most active new song"...New on KMET, WMMR, WXRT, and 4 more...Keys to date: WNEW-FM, WBCN, WKLS, WYSP, DC101, KGB-FM, KZEW, KISS, KLOL, KSRR, WLIR, WBCN.

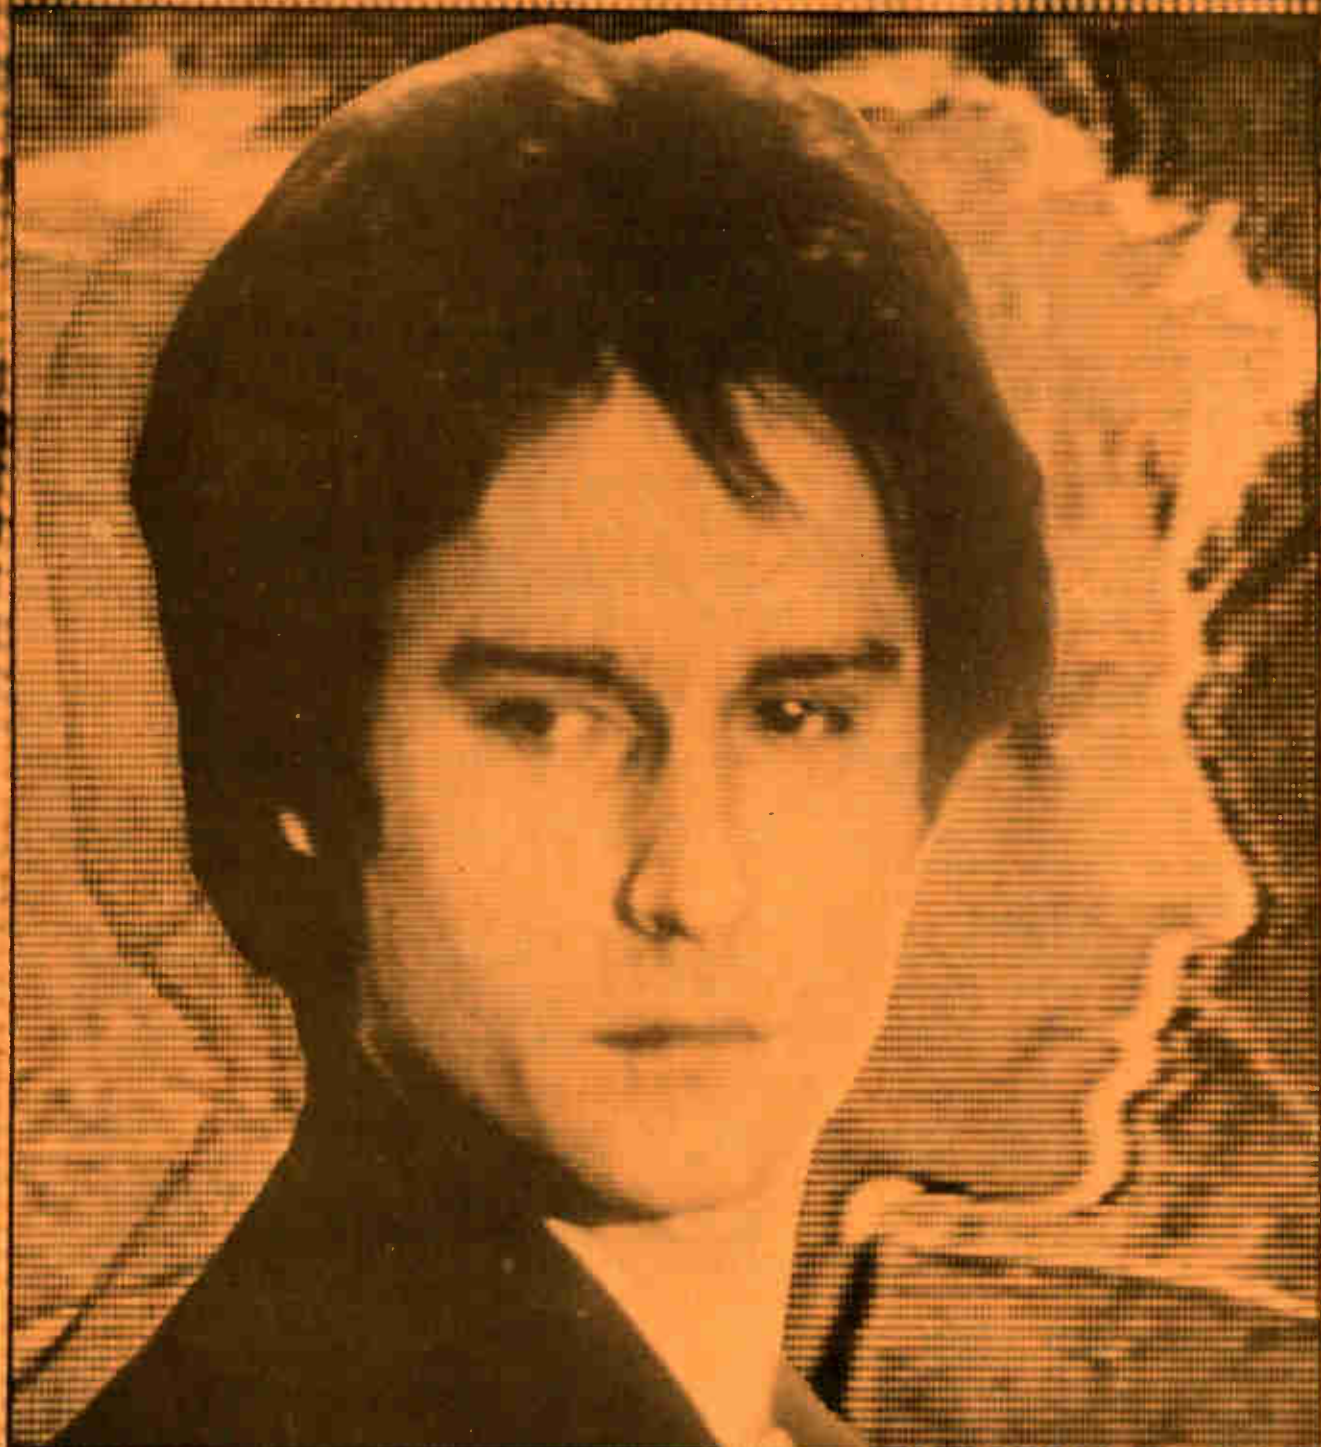

CLASH, EPIC

The KLOS and WPLJ adds last week and continuing play on majors such as: KMET, WBCN, WMMR, WMMS, WNEW-FM, WBAB, WCMF, WLAV-FM, WRNO, WRXL, and WXRT put The Clash on the Back Page at #49 and #48 Metro. "Should I Stay Or Should I Go" debuts at #56 on the Song Index...#15 debut on the Retail Index as well. Next report--a closer look at progress on the Checklist.

ROXY MUSIC, "AVALON", WARNER BROTHERS

33 stations in two weeks tells us there's a flame burnin' under this one. Key calls: WMMS, KROQ, WXRT, WLAV-FM, WIOT, WLIR, WBAB, WBCN, WNEW-FM, WPLR...Lead trax: "More Than This", "Avalon" and the U.S. single "Take A Chance On Me".

Kid Leo, WMMS: "This one is straight-ahead full power, but with a lot of thought behind it."
 Steve Feinstein, WYSP: "The surprise album of the year so far may be the Eddie Money album. It certainly has been worth the wait between albums. The singles are only the tip of the iceberg. The killer may turn out to be 'Runnin' Away'.
 Craig Martin, KZOK: "It was well worth the wait with one of New York's finest coming back with his cleanest, most consistent album. Good singing, great crisp production and fine material."
 Larry Reisman, KEZY: "'No Control' gets my vote as Eddie Money's best album yet. From start to end, this record is consistently superior. I especially like 'Shakin', 'No Control', 'Hard Life' and the single."

CHAIN REACTION CONTINUED

DAVID JOHANSEN, BLUE SKY/CBS

50 adds in the previous two weeks converted to give David a #48 Back Page debut, his first ever Chart showing in FMQB. New on WLLZ, WRIF, KAZY, WFBQ, WWCX, KKDJ, and WWWV, so we should see a Metro entry next week. Increased play on WPDH, WMMS, WBRU, and WLIR...The "Animals Medley" debuts at #68...Comments: Doug Clifton, KAZY, "The 'Animals Medley' sounds so much like Eric Burden. It's scary"...Doug Podell, WLLZ, "David Johansen has been so close so often I lost count. But the time to wait is over. The live 'Animals Medley' is just the vehicle for both upper and lower demos."

THE CLASH, EPIC

WCOZ and KAZY led the adds, and we picked up increased play mentions from WDHA and WRNO (26 steady, 1 down), also note the Retail Index trend 20-15-12. Up 49-45 on the Back Page, #50 Metro. Healthy.

MARSHALL CRENSHAW, WARNER BROTHERS

Last week Marshall posted a 47-39 Index underline, and this week the Metro numbers caught up--49-45... On the Checklist, 20 of 47 not playing are considering, 18 maintaining, 4 dropping, and 19 building... Sales and phones are up on WQDR, WNEW-FM, WRAS, WLLZ, WHFS, WRIF, KNAC, and WLIR...Sales Builders: WQDR, WNEW-FM, WYSP, WBAB, and KILO, with phones reported at WMMR, WPLR, KLBK, WBCN, and WOUR..."Someday, Someway" is at #53.

ROXY MUSIC, WARNER BROTHERS

That unique Roxy Music texture continues to attract mainstream stations. WMMR and KBPI lead the 4 new entries for a total of 37 in 4 weeks. Buck McWilliams calls it the "Surprise retail story of the week. Roxy Music cracked the Top 20 in only a light airplay category"...Other top 20 sales mentions: KLOL, WMMS, WRIF, and WIOT...Trax: "More Than This", "Avalon", and "Take A Chance On Me".

FRANK ZAPPA, BARKING PUMPKIN

Fueled by "Valley Girl" phones, Frank and Moon are on the move...31-20 Index, 34-21 Metro. The strongest gainer on both charts...7 play increases: WQFM, WMMR, WMET, WNEW-FM, WMAD, WYFE, and WCCC, 6 down, and 35 steady. "Valley Girl" jumps 26-13 on the Song Index and debuts at #20 on the Retail Index...Comments: Bruce Goldsen, WRKI, "Oh my gawd! The valls are calling to the max to hear the new Zappa single"...Jeff Riedel, KKDJ, "The Frank Zappa album moves from 13-2 this week in sales"...Dale Wolter, WMAD, "The big news remains Zappa #1 by a 3 to 1 margin in requests, also top 10 sales this week"...Dick Bascom, WQXM, "Frank Zappa came in the top 10 this week. His first week in sales was rather slow, but this week it comes in at #8 in our Sales Index"...David Einstein, WHFS, "This week's heaviest request number is Zappa's 'Valley Girl'."

SQUEEZE, A&M

They've been quietly muscling up the Chart but there was certainly nothing subtle about their show at Madison Square Garden last Friday night where they stood the sold-out house on its ear...Up 40-36 Index (one shy of a Prime Move); 44-42 Metro; as "Black Coffee In Bed" moves 69-57 and "I Can't Hold On" is at #97.

GENESIS, ATLANTIC

New at #9 Index, #10 Metro--the strongest new entry of the week. We're looking at 28 Max play mentions (including: WQXM, WMMS, KMET, WLUP, KSRR, KSJO, WLPX, WLLZ, WNEW-FM, and WCMF) and upward moves on all the Consultant Charts: 11-6 Sebastian; 18-17 Doubleday; 19-18 Pollack; and 12-11 Superstars...Over 77% of our FMQB reporters are playing the album and the favorite tracks seem to be "Paperlate" #21, "Abacab" #73, "Turn It On" #93, and "You Might Recall" #94.

JOHN WAITE, CHRYSALIS

Continued growth as the Index trend indicates: Debut 49-35-29-26...12 adds this week (including WQMF, WMJQ, and WCMF) set John up for another significant move next week...Checklist: 16 of the 31 not playing are considering; 31 maintaining; 1 down, and 24 building: WMMS, WMET, KPKE, WIOT, WAPP, KLOL, WLLZ, WAVA, KDKB, KSJO, and KBPI among them...Airplay: 8 ups: WIOT, WAVA, WNEW-FM, WSYR, WPYX, and 3 more, 2 down, and 32 steadies...The lead track is still "Change" which moves 29-26 on the Song Index.

A FLOCK OF SEAGULLS, JIVE/ARISTA

With a 28-23 Index Underline, and a 35-29-23 Metro trend, Seagulls are now the resident left-field star performer...Play increases on: KGB-FM, WNEW-FM, KZEW, KLOL, WPYX, and WLIR...New on: KSHE, WCOZ, KGON, WHJY, WAPI-FM, WCCC, and WZIR..."I Ran" takes a leap 30-23 with "Space Age Love Song" at #96.

SIGNIFICANT SONGS:

"VACATION" b/w "BEATNIK BEACH", GO GO'S, IRS

Now that the automatic singles have converted to album adds, it's Go Go's time. They bang in with 62 stations, #1 Most Added single, for a total of 69...Key calls KYYS, WBAB, WRIF, KBPI, KDKB, KGB-FM, WMET, WKLS, KMET, KZEW, KLOS, WMMS, KSHE, and WNEW-FM...Radio says: Larry Reisman, KEZY, "The Go Go's single goes straight into heavy rotation, both sides"...Mary Pillingier, WYMX, "The Go Go's single is an instant phone reaction cut. Solid for the Summer and vacation time"...Ted Burton Jacobsen, KKRQ, "Take a band with the overwhelming appeal of the Go Go's and add in a theme like Summer vacation, release it as Spring becomes Summer, and you've got it. Instant heavy airplay"...Ron Sorenson, KBLE, "'Vacation' is a monster. Better jump quick"...Rich Hawk, KILO, "'Vacation' is on at KILO along with 'Beatnik Beach'. A prediction of another smash record for these incredibly talented ladies."

"SUMMERTIME BLUES", JOAN JETT, BOARDWALK

Her record was just getting around at reporting time but Joan still drew 22 adds. Big guys like WRIF, KLOS, KROQ, WNEW-FM, and WYSP came in immediately but you know the avalanche will come next week--It's the perfect song for Joan...Steve Feinstein, WYSP, "Joan Jett has breathed new life into 'Summertime Blues'. I never thought I'd hear another version of this song that would get to me, but her version is a killer. Super hot!!!"...Ted Burton Jacobsen, KKRQ, "Speaking of monster female acts, and Summertime records, how about Joan Jett's cover 'Summertime Blues'. It's a smash!"...Workhorse rock and roll.

"COCKTAIL QUEEN", TAXXI, FANTASY

Actually, "I'm Leaving" is nearly as active, but "Cocktail Queen" is the early radio favorite. New airplay includes KZOK, WRIF, KGON, WIOT, and 4 more with a number of solid considerations next week...KLOL's Michele Sayre reports, "I was playing 'Cocktail Queen' on Taxxi, and one of the girls in the office came in wanting to find out who it was because she liked it"...Steve Feinstein, WYSP, "That first tune about the girl from NYC has a tremendous percussive sound. Great production by Phil Kaffel who's a nice guy to boot"...Rich Hawk, KILO, "The Taxxi record is absorbing rock and roll. Both musically and lyrically, this one has the goods. We'll start with 'Cocktail Queen', but also check out 'Whipping Boy'"...Dave Kane, WCMF, "Right on to Mr. Bill and Judy McNutt on the Taxxi choice. 'Cocktail Queen' is a grabber, and I'm already blasting it in the car. We'd like to get that on the air soon."

BB-143-114-100* CB-114-101-93*

Last week a Red Page Tip:

"I heard 'Words' on KROQ while in L.A. for the bowling party, and it absolutely jumped out of the radio. I had suspicions it was an L.A. phenomenon and really sort of put it on hold. The WYSP add brought it back, and when Ray Tusken called with the L.A. sales figures and top 40 action, it was Red Page time. 'Words' is real!"

This week the single "**Words**" is new on the charts

CHAIN REACTION CONTINUED

"SHE LOOKS A LOT LIKE YOU", THE CLOCKS, BOULEVARD/CBS

Building nicely. New on KRQR, WFBO, WYFE, and 7 more for a total of 39 FMOB stations. On KROQ, WLVQ, WYSP, KZEW, KMET, WEBN, KSHE, KSRR...Comments: Bruce Bond, WZZO, "We tested REO's new album against the Clocks album at a club last week. The Clocks tested 3 to 1 better than the REO! A lot of the listeners wanted to know more information about the group"...Steve Feinstein, WYSP, "If you're not made a believer between 'Nobody's Fool' and 'She Looks A Lot Like You', you'd better clean out your ears"...Amy DahIman, WAQX, "'She Looks A Lot Like You' from the Clocks takes a few listens before it sticks, but the tune has potential to move the Clocks ahead into Daylight Savings Time."

"WORDS", MISSING PERSONS, CAPITOL

Our Tip last week, "Words" has sold over 70,000 records in L.A. alone. This week interest reaches to San Diego's KGB-FM. New airplay at WMYK and WIMZ. Play on KWF, WYSP, WMMS, WPLR, WROQ, KMET, among others.

"SLOW MOTION", BALANCE, EPIC

Just out on 12" and 7 early ears agree with our Choice...New: KGB-FM, WLAV-FM, WPDH, WRCN, WDHA, WWCK, and WSKS...Comments: Dave Logan, WLAV-FM, "Their last album was extremely strong here, and we expect the album to help build the base"...Mark Miller, WWCK, "Can't say enough about the new Balance tracks. 'Slow Motion' grabs you at a much faster and more intense pace than the name would imply. The band has really almost struck a perfect balance, hard edge slashing guitars and melodic vocals with just the right dash of keyboards."

"TOO HOT TO STOP", THE RODS, ARISTA

They have to happen first in Upstate New York and WMJQ, WCMF, WOUR, WRNW came in right away. Along with the help of WCCC, WHCN, and WAAF, The Rods have their regional base covered. Now we can watch for the spread as the fur starts to fly.

"SHOWDOWN", RIOT, ELEKTRA

New on KKE, WCMF, WROQ, WKLC, and KKRQ, as Riot's portfolio fattens--already on KGB-FM, KRQR, WYFE, WYSP, KSRR, KSHE, KMET, KLOS, WMMS, WPYX, KQRS, and WPLR and more.

"HEARTBEAT", KING CRIMSON, WARNER BROTHERS

The Level I's are still preoccupied with the automatics, but the more open listed reporters continue to fill in--new on WPDH, KILO, WKWF, KBLE, WBRU, WBAB, and KNAC. We're up to 20 stations in just 2 weeks.

"HOT IN THE CITY", BILLY IDOL, CHRYSALIS

A natural Summer song picks up steam. New on WMMR, KSJO, KLOL, WMMS, KROQ, and 5 more. Take it from Kid Leo, "'Hot In The City' ain't that far behind in Summer consciousness. It's reminiscent of Bowie at his best, which was excellent."

"I DID IT FOR LOVE", HARLEQUIN, COLUMBIA

Again the majors are keeping the little guys in check, but this nifty track continues to pick up strong calls--new on KZEW, KDKB, KGON, and KBPI, in the last two weeks.

"TAINTED LOVE", SOFT CELL, SIRE

Still moving up after all of these months. 35-33 Airplay Index and 39-36 Metro continue their consistent 4 week rebound. Recent adds include WIQB, WWV, WMYK, KWF, WTUE, WYV, WWCK, WABX, WGRQ, and WROQ.

"YOU GOT NOTHING I WANT", COLD CHISEL, ELEKTRA

We liked our analysis of why this song works so much we'll use it again--You can't say it without singing it (once you've heard the song, that is) so class, listen a few more times and see if you don't get hooked. Adds on: WCOZ and KZEW caught my eye, and ongoing airplay includes: KBPI, KRQR, WEBN, WNEW, WPLJ, WROQ, and WRXL.

"WHERE YOU GONNA RUN", SHOOTING STAR, VIRGIN/EPIC

A good little song just out on 12". The fiddle part makes it.

"STEPPIN' OVER THE LINE", TRACKER, ELEKTRA

Ronnie Raphael has locked up KZEW, KTXQ, KISS, KZOM, KYTX, KMOD, KSMB, and 7 more out of his region. We noted several more interesting projections in our calls this week. Mainstream modern pop.

Next week's Checklist Records:

The Retail Index is calculated based on Top 20 rock album sales lists supplied to us by the dominant ARB leaders in the Top 30 markets.

AL PETERSON, JEFF POLLACK COMMUNICATIONS: "We're looking for PD, air talent, news directors, and news people to fill several present and future openings at our major and medium market client stations. Send your tape and resume to: Al Peterson at Pollack Communications, 984 Monument Street, Suite 204, Pacific Palisades, CA 90272. No phone calls, please."

WIOT, TOLEDO, OH M.D.-BUCK McWILLIAMS: "Is this Robert Plant a smoker or what? Always room on our list for the real thing...Speaking of our list, may I invite anyone who voices unfounded complaints about how tight consultants are with their stations to please examine ours. I get really irritated when I read some independent or promo person shoot off his mouth about something they cannot possibly know, and that is how stations are consulted. If you think you know so much about what rotation a certain category falls on and so on, then you should be one of the highest paid program directors in one of the largest markets. Many people try to guess, but if the system was that easy to crack, then it would be as competitively worthless as an open vault. Let me make the observation that the three major consultants would not be where they are today if they did not have a large bag of tricks up their sleeve. I can go on record as saying that many of you have been fooled--on purpose!!!!...Just heard a tasty cassette by a band called Spys on EMI. The first three cuts are dynamite, featuring two ex-members of Foreigner...Also like what I hear on Toronto. Remember you heard it here first...Heart and Cheap Trick are dying...But I'll gladly admit the Pete Townshend sounds better with each listen...Surprise Retail Story Of The Week: Roxy Music, which cracked Top 20 in a light airplay category. Who says 'light' doesn't get exposure? Only the fools...Glad to see Chrysalis picked the right Waite single with 'Change'. Increased play this week, along with Roxy Music."

WNEW-FM, NEW YORK, NY M.D.-JIM MONAGHAN: "To Michael Plen: Let me be the first in print, just to make you happy, it ain't 'We Got The Beat' but, it's still great!"

KPKE, DENVER, CO M.D.-MIKE SCHMIDT: "Everybody at KPKE awaits the arrival June 28th of the new Program Director, Larry Moffett. And, it looks like our L.A. boy will soon be with the Apple."

WGRQ, BUFFALO, NY M.D.-BILL WESTON: "With all these new records to listen to, I don't even have enough time to dust off the stylus, let alone compose a witty and informative paragraph on the inner workings of 97ROCK. I will talk to you next week."

WQFM, MILWAUKEE, WI ASST. P.D.-MIKE WOLF: "REO Speedwagon continues to deliver the same well-produced songs and tight harmonies that made 'Hi-Fidelity' such a multi platinum success. 'Good Trouble', 'Stillness Of The Night', and 'The Key' emerge as the best album rock tracks...Milwaukee has a history of being one of the best U.S. markets for Canadian rock, that's why it's no surprise that April Wine's 'Power Play' album is being accepted in such a big way so quickly. Huge phone response already on 'Enough Is Enough' and 'If You See Kay'...The state of Chicago rock and roll seems to be in good shape, as evidenced by the release of The Kind's debut album. 'Loved By You' is the track that will break this band out of Chicago."

WQXM, TAMPA/ST. PETERSBURG, FL M.D.-DICK BASCOM: "Survivor continues their solid sales and request growth this week, holding their Top 5 position in our Sales Index. It slipped back to #2 only due to the fact that the Rolling Stones came to #1 this week. Not bad for their third album...Alan Parsons Project is also doing very well. Getting great phones on: 'Fingers Burned'. We're putting in the single 'Eye In The Sky' real soon...Frank Zappa came in the Top 10 this week. His first week in sales was rather slow, but this week it comes in at #8 on our Sales Index...We came real close to adding the Billy Idol. I think the localization that Chrysalis has done with the record in various markets is real hot and will help the song in those markets that they were able to include in it. I look to putting 'Hot In The City' into the format next week...Albums that did go in that I'd like to talk about are: Terrible Teddy's new one. Nugent has one of the best albums he has ever done, aside from maybe his first album. A lot of great cuts on it. We're opening up with 'Bound And Gagged', but I also like: 'No No No' and 'Tailgunner' (a real nice patriotic message on that one)...April Wine is excellent and it goes in, as does Eddie Money...So glad to finally put Marshall Crenshaw in. I think that'll happen...And my favorite record of the week goes to some ladies based out on the West Coast, The Go Go's. 'Vacation' is a sure Summertime smash. And if for some reason or another you missed playing the Go Go's last time, don't miss the boat this time. Your audience will love it."

KGON, PORTLAND, OR MUSIC ASST.-INESSA YORK: "Sales: #1 Asia, #2 Rolling Stones, #3 Paul McCartney, #4 Van Halen, #5 Scorpions, and #6 Toto...Requests: #1 Van Halen, #2 Scorpions, #3 Survivor, #4 John Cougar, #5 Human League, #6 Cheap Trick, and #7 Asia...The New Music Preview is a chance for us to test new records heavily. A Flock Of Seagulls did extremely well, and now KGON is a believer! (Bone--now's the time to send that bag to Gloria. She'll be back next week.)...Ted Nugent is back, 'Bound And Gagged'. Good to have the original Tead singer back, and also to welcome Carmine Appice. An incredible combination...It's not REO II, but it is REO Speedwagon. 'Stillness Of The Night' and 'Good Trouble' are the cuts that keep the formula for success going...Taxxi will be opening the Oregon Jam '82 on July 25th. 'Cocktail Queen' is getting good response. It's great to have this band exposed in a big concert scene...Men At Work is getting good market acceptance and increased air time...Alan Parsons Project is elegant, as usual, and very solid...Portland is reeling from all the live music in town. Oregon Jam '82, the biggest rock event in Oregon, is at Autzen Stadium in Eugene. The lineup: Foreigner, Loverboy, Blue Oyster Cult, Joan Jett, and Taxxi...That Ozzy Look-alike Contest was a real toughy! (I guess even he doesn't believe anyone can beat his looks.) But all four finalists satisfied Ozzy's critical eye. A big crowd gathered to welcome Ozzy at the station. And if you believe Ozzy bites the head off bats, etc., he didn't prove it in Portland. This time he hung a dwarf...Next week Gloria is back from a well-deserved vacation."

KAZY, DENVER, CO M.D.-DOUG CLIFTON: "While I was gone on vacation, tons of music landed on my desk, so there's lots of catching up to do...Album Adds: REO Speedwagon; April Wine; Gary U.S. Bonds (a Springsteen Lp in disguise); The Clash (the British rock and roll work force is back at it again); Genesis (a class act that put on a class show--and the new studio material is also wonderful); David Johansen (the Animals medley sounds so much like Eric Burdon, it's scary); Eddie Money (back on his feet, shakin', rockin', and rollin'); Men At Work (love those saxophone hooks); Pete Townshend (continues to show that he's a master at the art of rock and roll); John Waite (his solo Lp continues in the tradition of the Babys); Kim Wilde (for all the kids in America); and, a Re-Add on Duke Jupiter...Also have gone with: 'Every Love Song', the Greg Kihn single...Hot phones for: Survivor, Steve Miller, Aldo Nova, Frank Zappa, and Soft Cell...Retail: Asia, Loverboy, Paul McCartney, Alan Parsons Project, and Elton John...Finally, a radio crusade. I had the opportunity to enjoy radio across Middle America and Southern Ontario in Canada during my vacation this month. I do believe rock and roll radio is alive and well. I was most impressed with the following stations: KJRH, St. Louis (they were in the middle of their old-timers week and they sounded great); WMS, Cleveland (definitely one of America's finest rock and roll radio stations); and, Q107, Toronto's best rock. They were really fun to listen to. Thanks to Sam for the tour and Q107 paraphernalia."

WMET, CHICAGO, IL ACTING M.D.-SUSAN BAX: "When it rains, it pours, although it's great to be deluged with such a flood of good music...The new Ted Nugent album will satisfy the Chicago demand for him. They're already saying 'yes, yes, yes' to 'No, No, No'...Local boys REO Speedwagon and Survivor are also doing well for themselves, with Survivor overtaking Asia in the #1 sales spot. 'Good Trouble' showing every indication of being a monster...In addition to the April Wine single, we've added: 'If You See Kay'. The title is already on the lips of all our listeners. They've been requesting it for years and we didn't know it...What I've heard of the new Robert Plant album 'Pictures At Eleven' has already sent shivers down my spine. Led Zeppelin has met the 80's. But more on that next week."

KZOK, SEATTLE, WA M.D.-CRAIG MARTIN: "I was glad to see Bill's re-evaluation of the Taxi album on the Front Page. Not only because it's a fine album that deserves a good chance, but also because we added it this week. We're going with 'I'm Leaving', but the whole first side is excellent. This album could become the sleeper hit of the Summer. Give it a few listens and I guarantee you won't be short-changed if you get in this Taxi...With 'Enough Is Enough' leading the way, April Wine's 'Power Play' could well be this veteran band's finest album yet. 'Anything You Want' is my second choice, but there's plenty to go with here...There's also a lot to find on Eddie Money's 'No Control'. The album was well worth the wait, with one of New York's finest coming back with his cleanest, most consistent album. Good singing, great crisp production, and fine material. After the two-sided single, I'll go with: the title track and 'Running Away'...And of course, there's Pete Townshend. There's not much you can say about Pete that hasn't already been said. One of rock's true superstars who has always bared his soul to us through his music. 'Chinese Eyes' reaches a new plateau for Pete. More melodic, and sounding more assured than he ever has on his previous solo outings. The album may not be as naturally suited for rock radio as the crunchy 'Empty Glass' was, but anyone who can't hear this album on their station should have their ears glued shut."

WMMS, CLEVELAND, OH M.D.-KID LEO: "I want to thank everybody involved with the Squeeze event in New York. As our illustrious Editor can attest, everybody had a good time. And judging from the talent of the band, someday they may squeeze the rafters of every coliseum in the country. Everybody says, McCartney and Lennon, Rogers and Hammerstein--and Lieber and Stoller. But on that night, I did hear a lot of Holland/Dozier and Holland. Whatever--they are in good company and they make for a great night. See 'em!!...April Wine, 'If You See Kay'--those sons of bitches!! Not only will it pull phones because every kid out there will get a giggle out of it, it's a damn good song...Eddie Money's 'No Control' shows a lot of control. On the last one, he almost threw away the credence he built up on radio. This one is straight ahead full power, but with a lot of thought behind it. There is some filler, but--the radio songs put this one across...The Stray Cats were an overwhelming winner on the Grand Jury of Rock And Roll. Is there really hope for rock and roll?...This last week I was talking about the lack of blatant Summer songs. In the old days when veterans of rock and roll wars were growing up, we had Freddie 'Boom-Boom' Cannon and countless others who would sing the praises of the Summer for a quick six weeks. Now, besides the sounds of the music alone being homogenous, so are its themes--but to the rescue are the Go Go's and 'Vacation'. Not saying it's the greatest Summer song I've ever heard, but it is a step in the right direction...And, Billy Idol's 'Hot In The City' ain't that far behind in Summer consciousness. It's reminiscent of Bowie at his best, which was excellent...REO has nothing for me to say. Let's see what the people say about it. For me to say anything is really past tense."

KDKB, PHOENIX, AZ M.D.-J.DAVID HOLMES: "Right now, leading requests at KDKB are: Glenn Frey, Alan Parsons Project, Steve Miller, and the track 'Africa' from Toto...Gary U.S. Bonds is an album that can make it with or without the Springsteen connection. Album rock radio has had great luck with the live bootleg version of Springsteen's 'Rendezvous', and I can't understand why it's not getting played from Gary's album. In addition to the song 'The Fever', this has to be the most requested Springsteen composition ever put on vinyl...Survivor's album is deeper than just the 'Rocky III' theme. Try: 'American Heartbeat' and 'Ever Since The World Begar'...Glad to have room this week for the new Harlequin record. I think this band will be breaking new ground within the next couple of albums... Hoping to get John Waite into town. Excellent listener reaction. Phones lighting up like crazy, as they think it's a new Babys record...Had a chance to hear the new Robert Plant album a couple of days ago, and the track 'Like I've Never Been Gone' takes up where Led Zeppelin II left off...Eagerly awaiting the new Fleetwood Mac album, as well as the new Crosby, Stills & Nash. I heard 'Southern Cross', and it's good to hear Steve Stills rocking...Ever since 'Live On Arrival', Steve Forbert's debut album, he's been one of my favorites. Please don't overlook his new album. The tracks 'Ya-Ya' and 'He's Gotta Live' are strong. Even the ballads such as 'Listen To Me' and 'Beautiful Diana' are forceful...The Men At Work record really has a new sound. With only two days of airplay, we're already getting a lot of curiosity calls. We're using: 'Down Under'...'The Key' on the new REO Speedwagon retains that familiar sound while breaking some new ground for the group...Good to see Eddie Money singing with passion again. Check out the track: 'Take A Little Bit'."

WBCN, BOSTON, MA M.D.-MARC MILLER: "Hello from the home of the only rock and roll rumble. This is the 4th annual WBCN R&R Rumble--nine nights of the best bands Boston has to offer. There are 24 bands--4 bands a night, two nights of semi-finals, and one night of finals. The bands are competing for lots and lots of prizes, including studio time at Longview Farms, an interview on MTV, and \$2,000 cash. We're in the middle of this thing even as we speak. More details will follow next week."

KSHE, ST. LOUIS, MO P.D.-RICK BALIS: "Once again, Nazareth has proven to be quite the versatile group of rock and rollers. The album reminds me quite a bit of 'Malice In Wonderland'. Seems like every cut on the album has a different twist to it. Overall, quite interesting. We expect it to go places... Added A Flock Of Seagulls, and with every listen 'I Ran' becomes more infectious...REO Speedwagon has done it again. They're gonna be on the top of the charts immediately. Plenty of depth to keep it there--a perfect followup to 'Hi-Infidelity'...Needed some convincing on the Glenn Frey, and those who convinced me are proving me wrong 'cause the initial buzz on 'Partytown' is there. Modest response due to the Eagles connection...John Waite doing respectably, under the superstar crush. His Babys tie-in is paying off...Finally, it's great to give a shot to a refreshing new band like the Clocks. It's early, but it feels really good to me."

WMMR, PHILADELPHIA, PA M.D.-LISA RICHARDS: "Frank Zappa's 'Valley Girl' is absolutely short-circuiting the phones here. I man--Oh, my Ga-od!...The Jam at JFK was a total success. WMMR was on the scene with traffic reports and backstage interviews--the whole nine yards. We even had Michael Tearson and our newly appointed all-night man Pierre floating around in the Goodyear blimp doing live reports just as Foreigner hit the stage. Loverboy was absolutely phenomenal. They worked the crowd and brought about 80,000 people to their feet. Chrissie Hynde made a surprise appearance right after the Kinks' second encore that added a nice element of spontaneity, which always makes shows like that more memorable. Special thanks to: Herbie Gordon of Columbia Records, Randy Hock from Arista, Jim Sellers, Brendan Burke and Lou Reeve of Chrysalis for all the support and help in pulling this major event off and for showing us a marvelous time."

KLOL, HOUSTON, TX ASST. P.D.-MICHELE ROBINSON SAYRE: "First and foremost, Alan Wolmark, did your all-male softball team beat PLJ?...Judy Libow: Now that we're playing all of your records, it's time for you to come take me out for a What-a-burger...Jon Scott: Thanks for inviting me on your call. Even though Judy McNutt and I were outvoted, I still say we're right...Men At Work--heavy rotation this week. Great calls and response. This band is happening...Crosby, Stills & Nash--a gem. Overall a good mix of ballads and rock, with 'Southern Cross' and 'Too Much Love' my favorites...Robert Plant. Don't expect it to be Led Zeppelin, it's not--but it is excellent. Raphael Ravenscroft plays sax on one cut, with some ballads and some good rock tracks. Good variety and fine songs...Nice album cover on that Rods' cover, Mike Bone...Judy McNutt, you should go into promotion. As I was playing 'Cocktail Queen' on Taxxi, one of the girls in the office came in, wanting to find out who it was because she liked it...April Wine--an excellent album. When a band finally takes that last step, it's wonderful. 'Anything You Want', 'Ain't Got Your Love', and especially 'If You See Kay' are the tracks. Brilliant songwriting move, guys. It's sure to be an anthem...Balance. This 12", to my ears, shows major growth by the band...Ronnie Raphael has just about the whole state of Texas playing '357' from the Tracker album. Nice going, Ronnie. Who knows, we might even add it here in Houston...I know it's too early to talk about how fine the Joni Mitchell lp is, but not too early to talk about Josie Cotton. Watch for it, it's great...And finally, congratulations to: Susan Bax at WMET. You've come a long way."

WYSP, PHILADELPHIA, PA M.D.-STEVE FEINSTEIN: "Pete Townshend's album is still monopolizing my turntable. If I had my druthers, we'd be playing six songs on the radio, but for now we're sticking with: 'Slit Skirts' and 'Stardom In Acton'...WYSP's crew is proud of our triumph last Saturday. We were the official concert hosts for the Jam at JFK. Five, count 'em, five bands: Foreigner, Kinks, Joan Jett, Loverboy, and Huey Lewis & The News. We gave out Jam Packs, which included: tickets to the show, albums by all the bands, a WYSP T-shirt, and other goodies. We had a trailer backstage where we landed interviews with every artist there. We had MC's from most of the bands, and everywhere you looked at the Jam, you saw WYSP banners, frisbees, bumper stickers, and T-shirts. 70,000 people showed up. Every band gave a superb performance, and here is just a partial list of people we have to thank for their help: Larry Magid and Sid Payne of Electric Factory Concerts; Kenny Laguna and Steve Leeds from Joan Jett's organization; Jim Sellers; Chuck Olner and Lou Reeve of Chrysalis; Loverboy's road manager Doug Glover; Arista's Randy Hock and Abby Konowitch; and, our good friends from Atlantic Records, Alan Wolmark, Danny Buch, and Judy Libow. We had a wonderful time, and we're looking forward to putting on the Beach Boys in a free WYSP concert on the steps of the Art Museum July 3rd, as well as our Ramblin' Raft Race. Between the three events, we hope to create at least a million or so impressions...Tunes I've been listening to: Taxxi. That first tune about the girl from NYC has a tremendous percussive sound. Great production by Phil Kaffel, who's a nice guy to boot...Still running nuts about the John Waite album. Finding new tunes on it all the time...A tip of the hat to: Dave K. at WKQQ and Lisa at WMMR for pointing out the second strongest song on the Clocks album, 'Nobody's Fool'. If you're not made a believer between 'Nobody's Fool' and 'She Looks A Lot Like You', better clean out your ears...The surprise album of the year so far may be the Eddie Money album. It certainly has been worth the wait between albums. The singles on the album are only the tip of the iceberg. The killer may turn out to be: 'Runnin' Away'. I wouldn't want to be the one who has to pick the single from that album, there seems to be so many of them...Saw Missing Persons last night. Had a good time with Capitol's Dave Morrell. This band has got to be seen as well as heard. Dale Bozzio is an extraordinarily striking woman and her husband, Terry, is a phenomenal drummer. The guy's all over the drums. He reminds me a bit of Stewart Copeland and the Police through his athletic prowess and quickness...Stray Cats goes on the radio this week, too. The record's been doing well in Philadelphia for some time now. 'Runaway Boys' is a breath of fresh air...Speaking of fresh air, Joan Jett has breathed new life into 'Summertime Blues'. I never thought I'd hear another version of this song that would get to me, but her version is a killer. Super hot...This Sunday night, we're doing a WYSP concert event with Rainbow, Scorpions, and Riot. We're giving away a Fender Stratocaster autographed by Ritchie Blackmore, his bad self. Hoping to see Jim Sotet at the show."

WLPX, MILWAUKEE, WI M.D.-BOBBIN BEAM: "The WLPX mellow-yellow limo is ready to roll the streets of Beertown and get involved in a great deal of merchandising promotion. Subsequently, other stations around the country have picked up on our lead, like the Loop in Chicago. It's gonna be a gangbuster promotion, simply because of the uniqueness of the limo, with a front and rear steering wheel. Are you titillated? To find out more, call our Promotions Department...To set the record straight, I must relate results from the newest RAM and Birch Report, which indicate major increases for WLPX. #5 in the market 12+, and by far the #1 rocker. This should dispel rumors spread by ignorant competitors that we're going beautiful music. Har-har!!! We are also sponsoring the Rockstage at Summerfest, which is the largest civic and music festival in the country. Over the 12-day festival, an estimated attendance of nearly 800,000 is expected. We're gonna have the hottest local bands: Bad Boy, Arroyo, White Lie, Short Stuff, The Rage, and more. Also, some fine national acts like: The Romantics, Mountain, Rockets, Producers, and the Mamas And The Papas Reunion. We're also offering free bicycle parking to all in our special lot. Because of the high level of involvement at Summerfest, I may be difficult to reach for the next 12 days, so just leave a message and I'll try to get back. If I don't, please understand this madness...Happy Summer and positive vibrations to all of you."

WLLZ, DETROIT, MI M.D.-DOUG PODELL: "I'm saying it loud and proud--the Motor City madman, Ted Nugent, is back. And obviously, Ted isn't playing games anymore. The new album is straight ahead rock and roll very reminiscent of the old 'Stormtrooper' days. The re-addition of Derek St. Holmes is definitely the key, but Ted's writing has also never sounded better. Don't be afraid, play Ted...David Johansen has been so close so often, I lost count. But the time to wait is over, the live Animals medley is just the vehicle for both upper and lower demos...The Axe record did extremely well on our Rate At 8 segment, picking up 85% positives. So obviously, the Motor City is ready to party in the streets...I'm pleased to announce that former WRIF dj, Jay Brando, has joined the airwaves of WLLZ for mornings...Also added: ABX personality Jerry Lubin and former W4 air personality Peter Werbe. The addition of these pros back to the airwaves is not only a plus for LLZ, but also the Motor City...Phones are hot right now for: Marshall Crenshaw, Eddie Money, John Waite, and a local band known as Bittersweet Alley. They've really got a homerun with this one. If you'd like more information, give me a call...Finally, special thanks to: Sean Coakley of Atco for the exclusive interview with Robert Plant last week. It was greatly appreciated."

WMYK/WZAM-AM, ELIZABETH CITY/NORFOLK, VA M.D.-BILL SIMMONS: "Alan Parsons Project is looking better each week, with Top 10 retail and good initial phones on: 'Fingers'...April Wine looks to be the strongest lp I've heard this week, in addition to having a dynamite rock and roll track in 'Anything You Want', 'If You See Kay' has got to be one of this year's best novelties...Surprisingly good comeback album by Ted Nugent. One listen to 'No No No' will convince you...Retail stars this week are: Squeeze Top 10; also, good debuts from: Genesis and Pete Townshend."

WAPI-FM, BIRMINGHAM, AL M.D.-JOANNE PETERSON: "Thanks to everybody for the warm reception my first few weeks as Music Director at 95ROCK...Hot in the Magic City this week: Steve Miller's 'Abracadabra' is doing as well as 'Valley Girl' on the phones. Survivor continues to eat up the phones, as well as Alan Parsons Project's 'Psychobabble'...New request action beginning on: Eddie Money and Pete Townshend...Adds This Week: REO Speedwagon, Go Go's, Ted Nugent, A Flock Of Seagulls, Eddie Money, and April Wine."

KTXQ, DALLAS, TX M.D.-DRAKE HALL: "Great to be back in the groove, after the Texxas Jam and my vacation in Atlanta. My sincere thanks and affection to: Jeff Cook, Chris Hensley, and Wynnski 'please play my new band Fortnox' Jackson. Atlanta is a great city, and I'd like to say 'hi' to all my close personal friends at the topless joint, Starcastle...Also great not seeing everybody at the Squeeze extravaganza in NYC. I just couldn't see myself carrying my fishing gear into La Guardia. So Marko, if Squeeze ever has a hit, call me back, we'll try it again...It was great having Jon Scott as house-guest for a couple of days here in Big D. Jon, I'm sorry about those kittens. I have since given them lessons in swimming and they failed...Pete Townshend is probably my last here, and this album just sends chills up and down my spine every time I hear it. 'Slit Skirts' and 'Stardom In Acton' are classics...Ted Nugent seems to have refined his act into a listenable record. Best of luck to his wild ass...The April Wine single is by far their best work ever. 'If You See Kay', which does border on the tasteless, is fun. We expect many irate-mother phone calls...In case you haven't heard, Tracker is mainly Steve Miller's backup band, but don't hold that against them. The album does have some decent songs on it, particularly: 'Steppin Over The Line'...LOVE the Nazareth single. I've never been a real fan, but between the single and other strong Lp tracks, they're making me a believer... Once again, REO has a formula record which disappoints me as a long-time fan, but as a radio schlockmeister--hey, no problem...Upped the Clocks in rotation. If that song isn't a hit, I'll come to your house and vacuum your dog...Frankie Miller is the disappointment of the year to me so far, but I'm convinced that the single 'To Dream The Dream' might save this one--But Kal has to be on the case...Glenn Frey is turning into a real popular song for all ages and all kinds of people...'Eye Of The Tiger' is our hottest phone record--Just amazing...Alan Parsons Project is in heavy--sales are just beginning. Should be around for a long time...The Gulls are hanging in there, and I can't believe what a strong act they're proving to be. We're very proud to have been out there from the start...Monroes sales are light, but building. Phones are why we're still playing it. Plus, it sounds unbelievably great on the radio...Finally, let me thank: Sean Coakley for thinking of me when it came time for the Robert Plant interviews. It was a big success and talk-of-the-town. Thank ya, babe, Garrett still loves you."

WXRT, CHICAGO, IL M.D.-JOHN MYROS: "An adventurous bold batch of new releases that have us excited include the wonderfully wicked talent of Adrian Belew, a prime example of talent and perseverance pays off'. A well-crafted contemporary Lp with shades of Eno/Byrne. Coupled with his recent King Crimson work, this should be Adrian's Summer...The Greg Copeland Lp has gradually gained support within the air staff to the point where we felt we could no longer avoid airing it. This Lp is deep in content, ability, and intelligence. Jackson and Zevon move over...The Camel Lp is also a well thought out project that covers a lot of musical territories. Well worth listening to and considering. Very much in the melodic, commercial sound made popular by Asia, with a dose of accessible Pink Floyd... Finally, the X Lp. This one was tuff. Elektra has certainly pulled out all the stops. I'm hoping it's because of content, not because of investment. We're gonna watch this one real close because if it happens the door is open and stations who previously ignored music of this genre will have to reconsider...A Note To Sky: I think it's a sad commentary that someone as talented and visible as you, should be so frustrated artistically. There are alternatives. Clearly, you are in a position to do something. If you can perceive the problem, then do something about it. Don't quit...Final note to Pat Metheny and Susan Bax: Even if you mistreat Benson, we'll still play your records as always."

WAQX, SYRACUSE, NY P.D.-ED LEVINE: "Being a vocal supporter of the first Go Go's album, I couldn't be more pleased with the initial single. Anybody who gives Plen a hard time about 'Vacation' deserves to have him call them every day for the next year. We're also very appreciative of the platinum album...My respect for April Wine has increased 10 fold with their new album. Not only is the musicianship their best ever, but any band to have the balls and creativity to do a tune like 'If You See Kay' deserves all the success they get. These guys are like a volcano waiting to explode...The reaction to the new REO Speedwagon has been very subdued. Not that it's a bad record, mind you, it's just that people don't seem to care nearly as much as they did when 'Hi-Fidelity' was released. This will be an interesting one to watch...I must concur with all the positives about the Townshend album. Definitely one of my three favorite home records. I'm still waiting to be hit with the top track, though, that will elicit the kind of response that 'Rough Boys' and his last single did... One of the biggest retail surprises out there right now is the Marshall Crenshaw. This record is selling phenomenally well at most of our reporting stores considering it's a brand new act...Another that has quite a buzz going is Stray Cats. Their television appearance has made an awareness in this market already...The time is right for a Ted Nugent comeback. For two or three albums, most of us searched for a tune to play that we could believe in, only to find there wasn't one. That is not a problem on this record. 'Bound And Gagged' is the cut. And with the new life given him by Atlantic, the Motor City madman is back..."

M.D.-AMY DAHLMAN: "Tons of new stuff out, but a choice few are rising to the top. 'She Looks A Lot Like You' from the Clocks takes a few listens before it sticks, but the tune has the potential to move the clocks ahead into daylight savings time...Ted Nugent has 'Bound And Gagged' his way back onto vinyl. The patriotic grandstanding in 'B And G' could lead to an army of gonzo...And Greg Copeland's 'Used' is my personal favorite. Of course, the letter from Jackson didn't hurt either...I'll be taking calls and doing reports while Ed is on vacation. He'll be back July 1st. The best time to reach me is Wednesday through Friday in the afternoon. Give me a call. I'll be more than happy to talk records or anything else with you."

WPYX, ALBANY, NY M.D.-RON NENNI: "805 have paid their dues for years as one of Central New York's most sought after bands. They've always had class, intelligent hooky songs, and an outrageous stage presence. We're, no doubt, proud of their debut on RCA. It's a fine-tuned album. 'Stand In Line', 'Young Boys', and 'Give Me Everything' are the cuts. Of course, there's an overwhelming amount of product out there, but remember, the cream rises to the top. 805 is between Asia and Ambrosia. The only new material that has a chance during this period are songs that are distinctly recognizable with hooks and an edge...Last week, I expressed interest in X sounding a bit like the Airplane vocalwise with 'Hungry Wolf' and 'Blue Spark'. Although they have a raw feel, I'm still interested in the band...We're in search of a sound that's contemporary with firm rock roots, and Lords Of The New Church is it. The subtle Doors classic signature is there and should create some excitement. So that's an add this week...REO's latest automatic model is loaded. I agree with William, 'Good Trouble' and 'Stillness' are power cuts. We also like: 'The Key' and 'The Girl With The Golden Heart'...Alert. Alert. 'Tailgunner' is the one to grab the Nugent fans by the horns in a style of his best song ever, 'Stranglehold'. It's getting phones already, so we're going for it...Boy, that Eddie Money album is thoroughly a good, good record. As well as 'Think I'm In Love' and 'Shakin', I really like 'Running Away'. That album is gonna be around for awhile...Looking at: Balance for next week. 'Undercover Man' is real strong...This is Joan Jett country, and it's getting hot--Need I say more? 'Summertime Blues' is a natural...'If You See Kay' from April Wine's new album is destined to be a hot phone item. This is one of the most consistent driving albums that they've put out to date. Our audience is starving for a live performance from them...#1 requests is by The Zappas. And that's how they're asking for it. It's as strong a request item as 'I Love Rock And Roll' was...Survivor's #2, and Steve Miller #3...In Local Sales: The Rolling Stones debuts #2 Genesis debuts #4, and finally Kansas picks up from #23 to #14...Promising sales on: Survivor, The Zappas, Steve Miller, and Alan Parsons Project...We asked our audience for suggestions on what to name the Royal baby. Our favorite suggestion was Upton; and, the listener added, they could sign their Christmas cards 'Up, Chuck and Di'."

- WRNO, NEW ORLEANS, LA M.D.-DAVE NICHOLS: "Epic Records would do well in the future to control their local people so that a national release date remains a national release date, as opposed to leaking in various parts of the country. The recent REO Speedwagon release is causing us to re-evaluate our attitude toward record companies and the airing of all their new product."
- WQMF, LOUISVILLE, KY P.D.-TOM OWENS: "Thanks to: Tom Genetti of Epic for the world debut listening party for REO Speedwagon's 'Good Trouble' last week. It worked out nicely with the announcement of Summer Jam '82 headlining REO, September 5th at the Fairgrounds...Hot Hits: Pete Townshend, Genesis, Eddie Money, 38 Special, John Cougar, Survivor, Toto, and 'E.T.'...New releases showing promise: Nazareth, April Wine, Steve Miller, John Waite, and Clocks...WQMF Music Director, Duke Meyer, saw the film 'Taxi Driver' last week and now thinks he's Charles Kuralt. However, the doctor feels certain he'll return to these Pages next week...Adds: Pete Townshend, Genesis, REO Speedwagon, April Wine, John Waite, and Eddie Money."
- WKZL, WINSTON-SALEM, NC P.D.-TOM DANIELS: "I think the Pete Townshend album is a religious experience... Happy to see great follow-ups to: REO Speedwagon, April Wine, and Eddie Money albums."
- WLRS, LOUISVILLE, KY M.D.-TERRY MEINERS: "Heavy Lenny and Sky Daniels: Loved your comments last week. It's exactly what I'm feeling."
- KEZY, ANAHEIM, CA M.D.-LARRY REISMAN: "'No Control' gets my vote as Eddie Money's best album yet. From start to end, this record is consistently superior. I especially like: 'Shakin', 'No Control', 'Hard Life', and the single. I think Eddie lost a bit of his audience after his last couple of albums, so this one will need loads of airplay to be successful. But there's no reason it shouldn't be played. Eddie Money is back to kick ass...The Go Go's single goes straight into heavy rotation, both sides. Obviously, the timing of this release couldn't be any better, with Summer vacation beginning on the same day of the release. I doubt Michael Plen will have nearly as much trouble getting this one played as he did with the first. Could there be anyone who has still not played the Go Go's? Their debut album still remains in the Top 30 on our local sales chart...A record coming up not to miss is the Marcy Levy album. If you play Clapton, you probably already play Marcy Levy. This lady's got soul, and her music has great potential. I'm sure you'll be as impressed as I am."
- WLVO, COLUMBUS, OH M.D.-TIM SMITH: "Album adds go to: Eddie Money, April Wine, Nazareth, and Ted Nugent...Nugent's 'Bound And Gagged' is the new national anthem. 'Tailgunner' is a most welcome return to basic no-frills Nugent. Initial phone response on both cuts is Top 10. Retail story to come through next week...Other phone action still strong on: Frank Zappa #3, Survivor, and Glenn Frey... Glenn Frey's also moving in sales and goes into power...Big surprise: Alan Parsons Project now pulling Top 5 sales, but still no phones...Spittin Image continues to pull #4 phones and Top 10 sales after four weeks. MCA's national release will please all very soon...Genesis debuts #8 retail... Thanks to: CBS for the Duke Jupiter/Shooting Star showcase...Still waiting for 'Hotel Room' video on The Rods. An obvious Hard Choice."
- WDIZ, ORLANDO, FL M.D.-MIKE LYONS: "REO Speedwagon is definite formula. The track 'I'll Follow You' is like Chopin on speed...Eddie Money, April Wine, Ted Nugent--good meat and potatoes rock and roll... Go Go's sounds like another hit. They also have a very positive image...We're looking at some new music coming down the pike from Robert Plant next week...Also, we've heard a track called 'She Sheila' by The Producers which sounds really good coming soon on Epic...We're still looking for a production director. Tape and resume to: P.D. Bob Church, 2699 Lee Road, Winter Park, FL 32789."
- WWCK, FLINT, MI M.D.-MARK MILLER: "Catching up on two week's worth of adds, we're doing: Pete Townshend, Genesis, David Johansen, Men At Work, Monroes, Balance, Ted Nugent, Nazareth, Eddie Money, REO Speedwagon, and April Wine...Some really great stuff out there...Anybody trying 'Somewhere In The Night' by the Monroes? With just a tad of imagination, it could be a song done very easily by a group like Loverboy. Quite hooky and, in my way of thinking, infinitely more mass appeal than Side 1, cut 1...Except for the single and the 'Stillness Of The Night' cut, the new REO Speedwagon album is a major disappointment. But then again, just like the Stones, when an artist gets to a certain stature, they can put out anything and it'll sell...My favorite cut from the Pete Townshend album is 'Somebody Save Me', which could really be a darkhorse choice. It's the one cut that I find myself going back to over and over again. All in all, I think this album features Pete's best work since 'Tommy'. It's definitely one of the few rock masterpieces...Can't say enough about the new Balance tracks. 'Slow Motion' grabs you at a much faster and more intense pace than the name would imply. The band has really almost struck a perfect balance--hard-edge slashing guitars and melodic vocals with just the right dash of keyboards...Finally, a couple of comments about two local faves: April Wine and Ted Nugent. I can hear at least six radio tracks on the April Wine album. A perfect follow-up to 'Nature Of The Beast', and it should do even better saleswise. Don't overlook their version of 'Tell Me Why'. It just might turn out to be the monster single, much like Journey's 'Who's Crying Now' or Foreigner's 'Waiting For A Girl'... As for Steady Teddy, I think he tried to make a more mature rock and roll record this time and, for the most part, succeeded. But it's still that old style gonzo rock that the kids are really looking for. 'Tailgunner' provices that definitive Nugent edge...That's it for me. I'm on vacation. I'll be talking to you in two weeks."
- WLIR, LONG ISLAND, NY M.D.-RAY WHITE: "Townshend debuted at #1 here, which explains perfectly how we feel about 'Chinese'...Close behind Pete were the Go Go's, who debuted at the #6 position...So now we know Eddie Money is a tit man...Pete Shelley's 'Homosapien' is drawing a nice steady stream of phone calls...Months ago, we stuck our necks out for 'Eye To Eye', and now it looks like 'Nice Girls' is about to become a Top 40 hit with over 150 stations on it. Of course, we're excited about that. Yet, I can't help feeling a great disappointment with album rockers over the situation. So much of what Sky said last week is really quite true--safe, my ass!...David Sancious and Billy Cobham are a couple of jazz records getting play here...Mangione's record sounds good, too...After a long run, it looks as if the Plimsouls and the Monroes are going to recurrent. I hope both bands get follow-ups out quick...While down in Philly covering the big outdoor show at JFK Stadium, our man on the scene, Lou O'Neill, managed to get Mick Jones of Foreigner and Doug Johnson of Loverboy on the air. Thanks, Lou...Good luck to: Susan DeBenedetti over at Polygram...Hello to: Michael Ross at LOVE94, 'Country' Paul at WPLR, and Margaret Locicero at The Source...Congrats to: Our evening jock, Jeff Carlson and his new bride, Joyce...DeBella's Screamer This Week: King Crimson's 'Heartbeat'. The phones are hot for this one...Unlike some others who look at the simultaneous release of the Belew and Crimson Lps as a negative, we found the opposite true. They complement each other beautifully. The Genesis, Gabriel, Talking Heads, and Police fans seem to find the new music much to their liking...Thanks to: Howard Bernstein of EMI for bringing all three of the Stray Cats by. The Cats are one of the few original new American bands on the scene, and they deserve your airplay."
- WBRU, PROVIDENCE, RI M.D.-DAVID FILIPOV: "Watching Marshall Crenshaw make progress up the Back Page, I'm both happy that it's getting played and sorry that the song 70% of you are playing is the wrong one. 'Someday, Someway' is a good song, but compared to Robert Gordon's cover, Marshall comes up lame. Give 'Cynical Girl', 'She Can't Dance', or even 'Mary Anne' a chance. But please, this record is much better than the single...Good to have Joan Jett's 'Summertime Blues' on vinyl after playing the tape last Summer. As with every version of this one--it's a great Summer rocker...When Steve Forbert's incredibly expressive voice is combined with a song the caliber of 'Ya Ya' or 'When You Walk In The Pool', the result is nothing short of beautiful."

RADIO ACTION CONTINUED

WHCN, HARTFORD, CT M.D.-BOB BITTENS: "Of the major releases this week, the new April Wine is by far the most outstanding. Excellent guitar work, decent hooks, and Mike Stone's crisp production make this an album with few, if any, flaws. I suppose that 'If You See Kay' is the most obvious second cut, if only for the title. But please do yourselves the favor of listening all the way to the end of Side 2. It's there that you will find this album's best track, 'Runners In The Night'...If I said what I really think of the new REO Speedwagon, I'd probably piss off a lot of people at Epic. Let's just say that I hope my audience isn't as turned out on this band as I am...While I'm pissing off record people, I might as well ask this question: 'Whatever possessed Atlantic to sign Ted Nugent?' The Madman from the Midwest gets an add with very little confidence this week...I have a lot of confidence in Eddie Money. The single is already generating some phone calls, and the album has a half dozen other cuts that could do just as well...In the 'better-late-than-never' department: Haircut One Hundred goes on HCN this week. I liked this record from the start, but only recently found the courage to act on my instincts. That's the trouble with being a superstars MD for too long. You start thinking like these guys instead of trusting your own judgment. Sorry to keep you on hold so long, Robyn...My instincts tell me that Bonnie Hayes is a lady to watch. Yes, her style on some of the songs is very much like the Go Go's, but there's intelligence in her songs that the Go Go's could never be accused of having. Check out: 'Shelly's Boyfriend' and my favorite, 'Joyride'...That reminds me. Hey, Plen, I added the Go Go's single only because I don't want to be the last this time. But I still feel the same way about them. The word is 'yuck'...I'm impressed with the album from X. Lack of space prevented me from adding it this week, but it's a definite left-field projection. Sounds like the Doors and the Airplane meet Gang Of Four...We're also having fun in the morning with the single by No Laughing called 'Wor Shu Opp'. It's basically an old rock and roll riff, but the lyrics come straight off a Chinese menu...To Mike Bone: And I always thought that all that stuff about Foto Sessions was just tradepaper bullshit...P.S. to Plen: Lords Of The New Church sounds promising."

WMJQ, ROCHESTER, NY M.D.-ROBERTA HABER: "Help! I'm drowning in a sea of vinyl. It's amazing how many records can be released in 10 short days. Serves me right for going on vacation. Please bear with me while I try to catch up with the rest of you...Great is an adjective that should be used sparingly when describing rock and rollers. After all, greatness must stand the test of time, and our art form is relatively young. If anyone deserves that label, it's Pete Townshend. As with all artists whose music is a form of self-examination, Peter is really examining us all. We all experience loneliness, fear, joy, love--and that's why we are so touched when given an album like 'Chinese Eyes'. 'Stardom In Acton', 'Exquisitely Bored', 'Face Dances Part 2', 'Somebody Saved Me'--they all have something special to say to us. The album's masterpiece, 'Slit Skirts', deals with the adjustments we must make as we grow older. Townshend's added years have sharpened his skills and deepened his compassion. We should all be so lucky...The new Genesis set is a joy! The live sides provide us with the immediacy of a live concert without the excess crowd noise that mars so many live Lp's. The recording is state of the art. As for the studio side, 'Paperlate' is already a smash here. 'You Might Recall' is headed for the same fate. It seems the people can't get enough of Genesis. I bet Atlantic is glad to hear that...I really wish REO Speedwagon had tried something a bit different on 'Good Trouble'. The only forward movement here is directly to the bank. It's the same smooth melodies, smooth vocals, smooth instrumentation (note that the operative word here is smooth). Someone should tell these guys that rock and roll should have some rough edges, but what the hell do I know? I haven't sold 5 million records lately...No Control could be the Eddie Money album to regain the momentum lost after that great debut. The 12" is a double-sided killer...The Go Go's 'Vacation' is on the same track as their first album, which is obviously the right track. Very timely for hot fun in the Summertime...Loved the Animals Medley on the live Johansen Lp. My only complaint is that the covers are so faithful, it sounds a bit like 'Animals On 45'...The new April Wine is not going to change the course of history, but these boys really know how to rock out. They do it so effortlessly--like they were born to it...Now I get to tell you what I did on my Summer vacation. First of all, I must thank everybody at Elektra who helped get me tickets to the Disarmament Concert at the Nassau Coliseum, particularly: Barry Lyons and M.J. Caliento. Last week, Randy Hock did a great job of describing the intensity of the rally in Central Park, but he didn't mention what it was like to march along the streets of NYC and be applauded and cheered by people lining the streets and hanging out of windows. Nuclear disarmament is an issue that truly unites us all. It's very simple--we live or we die. We choose...Finally, it seems like record-types are dropping like flies around here. A fond farewell to: E/A's Barry Lyons, who heads to Chicago and the big time. Best of luck."

WROQ, CHARLOTTE, NC M.D.-JACK DANIELS: "X. Incredible! If this album can survive the heavyweights and hang in there long enough, it'll be a monster. We'll start with: 'Hungry Wolf'."

WSYR, SYRACUSE/UTICA, NY M.D.-TOM NAST: "I gotta tell ya I'm so knocked out with the group Squeeze after seeing them at Madison Square Garden, I could just go on and on and on about them. Let me tell you, these guys are rock and rollers who will be around for a long time. They're innovative, tight, and most of all, just a lot of fun to watch. Thanks to: Marko and J.B. for all the great times. And, it was a pleasure to see all the heavies who came out for this one...Personal to Kid Leo: I still say hockey is the best sport...Thanks to: Kelly West at Lifesong for the bon voyage party in the Apple. And thanks to all those who made it...To Frank Kelly: Yo!...On the musical side of life, REO Speedwagon's out and it was just what I expected. Tight, harmonious and accessible to every format. 'The Key' and the title cut are my favorites...For those who dare to play with 'Wild Dogs', The Rods Lp is monstrous. Check out their version of 'You Keep Me Hanging'. They do a great cover...Eddie Money writes and sings so good on the new album that I predict early platinum for this one. The phones have been real strong on 'Think I'm In Love' since we first started playing it. It's building more all the time...With the nucleus Ted Nugent put together on his new one, he can't miss. My favorite drummer Carmine Appice lays down a foundation that Teddy wails with unmercifully...April Wine has been the kind of band who has always worked hard but not quite achieved the recognition they deserved. Well, not anymore. 'Power Play' is packed with great songs. And on the retail level, the stores are already getting a lot of requests for it...You should all be aware of the 805 record by now. I must say, RCA could have a major hit act here. Being that these guys are the pride of Syracuse, you can bet I'm speaking with experience when I tell you when you see them perform live, you'll be knocked out. Check out the cuts: 'Young Boys', 'Stand In Line', and 'Defense'...No word on a program director replacement here yet, but that could have changed by the time you read this. Of course, you will be kept informed."

WAAF, WORCESTER, MA M.D.-ROB BARNETT: "We've moved!!...Great Joan Jett mix...Top 10 sales debut from Genesis and Pete Townshend...Top 20 debuts: Survivor, Kansas, and Bow-Wow-Wow...Just heard the Robert Plant album, and the 'album of the year' reports jibe with me...Congrats to: Tommy Nast. Alan Parsons Project is performing well for us...Same goes for A Flock Of Seagulls, and I'm sure everyone's telling the same success story on Survivor's 'Eye Of The Tiger'...If you're a Sourceaffiliate, I've got to recommend their recent addition called 'Coming Attractions'. The show is a one-hour produced special that features each week a hot, about to be released film ('Star Trek', 'Blade Runner', 'Woody Allen, etc.). We're into our third week and the response has been great...To Jackson: Thanks for the letter, and that's two t's...The Rods are doing well for us. 'Too Hot To Stop' is getting phone calls. Love the cover...Just put the Nugent in. It's my feeling that his audience is still there and wants to hear it. 'Bound And Gagged' is the cut for sure...Glenn Frey is getting limited response, but I think it'll make it--just early."

WLAV-FM, GRAND RAPIDS, MI P.D.-DAVE LOGAN: "The LAV scorecard on new releases: REO Speedwagon--Boffo. Four cuts heavy for us. The only question is how well will it wear?...Eddie Money: Another steady from Eddie...April Wine: A band that continues to develop their own niche between gloss and sauce. Ultra dependable...Ted Nugent: 'Bout time, Ted!!! Derek St. Holmes is the difference here, plus a solid dose of arrangements and arranging that only the studio can give to Ted...Nazareth: Haven't heard it all yet, but I don't think that should be a problem. Solid mid-chart art...Men At Work: Quirky and catchy. Another record developed outside album rock radio in this market, which is where many of these new artists will need to get their start if they expect to survive...Go Go's: School's out, Part 2 for the teens of the 80's...Balance: A great story from you, Bill. Apparently the album matches the fable. Their last album was extremely strong here, and we expect the album to help build the base. After all, Joe Carroll's ears never lie...Great Sales: Loverboy, Asia, Alan Parsons Project, John Cougar...Never ending sales: Aldo Nova (still very active)...Debuts in the Top 20: Motels #9, Survivor #15, Glenn Frey #16, Roxy Music #17...Requests: Frank Zappa; 'Rocky's Eye'; Tony's Moon Unit."

WZZO, BETHLEHEM/ALLENTOWN, PA M.D.-BRUCE BOND: "The Ted Nugent album sounds like his best stuff in years. More hooks and less loud guitar raps...It was nice meeting Ted's look-alike, Danny Busch from Atlantic Records at the JFK outdoor concert last Saturday in Philly...Also last week, I got to see Asia again. And for the second time in a row, they sent chills down my back...Go see Missing Persons if you have the opportunity. They were very impressive and different in concert, and extremely kind backstage...Thanks to: Jon Scott for including WZZO in one of his conference calls...We tested REO's new album against the Clocks album at a club last week. The Clocks tested 3 to 1 better than the REO. A lot of the listeners wanted to know more about the group. I thought that was interesting since it's an act that no one had heard of before...In Sales This Week: Asia, Loverboy, Scorpions, Ozzy, and John Cougar...Requests: 'Valley Girl' is still the strongest; along with: Survivor's 'Eye Of The Tiger' and 'Dynamite' from the Scorpions'...The Robert Plant album is great!..By the way, would someone please send me a Joan Jett 12" of 'Summertime Blues'."

WCMF, ROCHESTER, NY M.D.-DAVE KANE: "Last night I had the pleasure of seeing Pat Metheny in concert. To put it bluntly, the guy was amazing. The exhilarating two-hour set featured some brand new songs, as well as some old favorites and selections from 'Off Ramp'. All in all, it was a sparkling, brilliant performance of innovative music that I urge you to check out if it comes to your town. By the way, we're five cuts deep on the new album on the jazz show, and we're getting very good response to it...Right on to Mr. Bill and Judy McNutt on the Taxxi choice. 'Cocktail Queen' is a grabber, and I'm already blasting it in my car. We'd like to get that on the air soon...Also enjoying the new Bonnie Hayes Lp on Slash Records. The title says it all, it's good clean fun. Personal faves: 'Separating' and 'Dumb Fun'...This Week's Adds At WCMF: Finally found room for Men At Work, Squeeze, and John Waite...Riot also goes in...And converting to album adds are: REO Speedwagon, April Wine, The Rods, and Eddie Money...Also added: The new Go Go's, which is the perfect follow-up to the debut album. Besides, can people identify with a vacation or what?...Records that aren't catching on up here (unfortunately); Marshall Crenshaw, Axe, and Queen...Genesis debuts at #1 retail; REO Speedwagon at #9; Rolling Stones and Paul McCartney hold steady in Top 5...Our morning team has been asking the listeners to help name the new Prince. So far, the most popular are: Prince Hosehose, Prince Spaghetti, Prince Falklander, and Prince Phillip Of Magnesia...Frank Hollar sends thank you's to J.B. Brenner and Marko at A&M for the Squeeze show...And a final farewell to the doctor of rock and roll: Elektra's Barry Lyons, as he opens up his practice in Chicago."

WFBO, INDIANAPOLIS, IN ASST. P.D./M.D.-JIM PEMBERTON: "Howard Lesnick: Since you moved to New York, have you become too big headed to call your friends? Sincerely, Jim Pemberton."

WOUR, UTICA/SYRACUSE, NY M.D.-TOM STARR: "There is plenty of music on the radio; in fact, all over the radio, for listeners who have their brains up on blocks for the Summer. So, now's the time to reinforce your older demo's faith in you by playing one of the best writers to come along in quite some time. Even in the midst of the onslaught of majors, Greg Copeland continues to make impressive headway. One reason I feel close to this record is that it seems to be just the kind of music I'd be calling a radio station to request and, sure enough, the calls are coming in from that choice upper demo...You certainly don't need a fine tooth comb to find an amazing amount of great material on this Eddie Money album. It had begun to look like the bottom of the ninth, with a full count and two outs, on this kid's career, but 'No Control' is indeed a grand slam...The Townshend album is a profound statement from one of rock's most candid statements, and it's no easy task deciding what to start with on this one either. We are finding immediate phone interest in 'Stop Hurting People'. This track escaped my first-listen interest, but Dale Edwards insisted that I add it and, really, who's going to argue with any of these songs. I anticipate that this Townshend will become one of 1982's few completely open WOUR airplay albums in very short time...We like 'Hot In The City' from Billy Idol. Hopefully, enough adds will bring some color back to him...John Waite should do as well sans Babys as Kansas is doing without Steve Walsh."

WQBK, ALBANY, NY M.D.-LIN BREHMER: "We have enjoyed great response to Townshend's first week on the air. We have requests, sales, and a genuine belief in the album's quality to back up a #1 finish in airplay...The Clash album is still our most requested record...Frank Zappa's 'Valley Girl' is getting a pile of requests, and also some negatives...The big surprise this week is that King Crimson is extremely hot on the phones. We're using 'Heartbeat', which some callers have mistaken for Asia...Songs that should be hits: 'Down Under' from Men At Work, and 'MaryAnne' from Marshall Crenshaw. I'm hoping to get back home for Marshall Crenshaw at the Bottom Line...We are still playing Brian James 'Ain't That A Shame', so it's great to hear Brian come back with some strong tunes in Lords Of The New Church. We like 'Open Your Eyes'...Last Sunday night's Jazz Feature was the new album from Air."

KNAC, LONG BEACH, CA M.D.-JIMMY CHRISTOPHER: "Welcome modern music fans everywhere. Let me first talk about the X album 'Under The Big Black Sun' on Elektra/Asylum. Like I said earlier, I had a chance to listen to the record 7 weeks ago in the beginning of May. We received the cassette and the test pressing 2 weeks ago so we're officially on it this week. I love the title and the title song as well. 'Come Back To Me' is a nice, slower tempo, piece with the great Billy Zoom sax riff in it. Try: 'Hungry Wolf' and 'Because I Do'. 'Blue Spark' is another KNAC favorite; and, finally, the old classic of the 1930's 'Dancin' With Tears In My Eyes'...The Joe Cocker is funky, but chic. A couple of nice things in there including 'Ruby Lee'...The Townshend is beautiful, personal, and has some great lyrics from good old Pete--a genius in his own right...A few things on the King Crimson album worth looking into. The 'Neil, Jack And Me' and 'Heartbeat' are the two that we are going on...This week was single's week at KNAC. Nona Hendricks has a real nice dance tune on Warner Brothers...Go Go's, of course, are our pet gals from up the road in Southern California. 'Vacation' and 'Beatnik Beach', from the forthcoming album, just in time for Summer...Lords Of The New Church--Stiv Bators and Brian James, who used to be with The Damned--have a single release on IRS...A band out of San Francisco that I think is gonna be big is Translator. We just received their 3-song Ep from 415/Columbia...Enough about the music. On to some really great shows in our area: Kid Creole at the Roxy. I saw the show Friday, June 18th, and it was by far the best show I've seen this year as far as theatrics go. The Coconuts, the 3 gals, just add enough great zip to the show, and Kid and Coati Mundi were fantastic and cool. Thanks to Lionel Conway, Jeb Brien, and Michael of Zee Records for a night on-the-town and a great show...Then, Sunday night, I was with A Flock Of Seagulls at the Country Club in Racita. Opening for them a band, from back East, called Slow Children. Had a great time as well as a wonderful dinner with Jeff Nauman of RCA and his lovely wife, Fran, at a great haunted Italian restaurant in Agoura. So thanks Jeff and Lionel, and thank you everybody. This will be Jimmy Christopher saying toodle-loo."

KTIM, SAN RAFAEL, CA M.D.-TRISH ROBBINS: "Elton John is still #1 in my book and, putting my money where my mouth is, you will find Elton right on top of our list this week. On tour with his original band, who accompany Elton superbly both instrumentally and vocally, they proved the solid foundation of a lasting act is good material. Coupled with musicianship and road maturity, Elton and the band easily handled the relatively small theater, whipping everyone to their feet...I must be leading a charmed life this week, because I also witnessed Delbert McClinton for the first time live, and Lord, I wish radio across-the-country would get hip to this soulful singer with a Texas/Louisiana brand of being 'in the pocket'. Froggy as he was, I thought he'd cut out quick; but no, what a pro, he just warmed up real slow and kicked in a 2½-hour set that had people up and bobbin'. This man is fine. Radio really needs this kind of a sound... Dave Edmunds stormed into town last week also, and nobody seemed to miss Rockpile as the new band carried the flag quite well serving up one rocker after another, each one shining like a diamond in a crown... And, to complete the cycle, Kid Creole and the Coconuts crowded the dance floor with dancers, and those just wanting to watch the rhythmic choreography of the 3 Coconuts and lead singers. Something made all those people show up, something about shaking booties. So, all in all, I'm losing weight from all the participatory concerts...Have a good one."

WHFS, BETHESDA, MD M.D.-DAVID EINSTEIN: "This week's heaviest request numbers are: Zappa's 'Valley Girl' and the new Go Go's single, both sides are getting heavy airplay...King Crimson and Adrian Belew have met with positive initial response here, sales and phones...The Tommy Keene 'Strange Alliance', we mentioned last week, is still doing well. If you have not yet checked out the title track, I suggest you make a note to yourself...We noted with interest the sold-out engagement of Squeeze and A Flock of Seagulls at Madison Square Garden. Both bands are and have been receiving heavy airplay at WHFS."

WTUE, DAYTON, OH M.D.-JIM KINNEY: "I had just turned on a couple of rock clubs in town to 'Do You Wanna Touch Me' by Joan Jett and was ready to suggest to Boardwalk releasing a 12" of that and 'You Don't Own Me', when I find one of them on my desk Monday morning. Great move, Boardwalk! Don't forget 'You Don't Own Me', though. I'll bet 90% of the people in any kind of relationship say the words to their partner at least once a month. The 12" is an add this week along with REO Speedwagon, April Wine, Eddie Money, John Waite and Nugent...REO has six tracks that I hear (not bad, huh?). The two we had already plus 'Stillness' which we're on. And 'The Key' and 'Girl With A Heart Of Gold' which are ready to go. 'Sweet Time' is a good bet for a single...April Wine is an equally superb album. Besides the single, I think 'Doing It Right' is the biggie, followed by 'Anything You Want'...Nugent will definitely be a major comeback! Very glad to see him back on the track. 'No No No' is the standout...The first time I listened to Eddie Money's album, it took me a few listens to pick a fave. 'Running Away' came away on top, followed by 'Shakin', 'Take A Little' and 'Motor Running'. 'My Friends' is a nice softy...The standout news in sales is that John Cougar and the Motels have moved into Top 10 and that Survivor is #17...Survivor, Zappa, and Cougar are top in phones...Congrats to Dave Lange and good luck...Thank you, Carl Palmer and Charlie Daniels for the super interviews and cooperation while in town. Both shows were sellouts...By the way, McGuffey Lane is now recording their third album in Nashville with some Charlie Daniels folks and people who worked very closely with the Eagles. We're gonna break 'em nationwide with the next one. I can feel it in my bones!"

WYFE, ROCKFORD, IL ASST.MD-DOCTOR: "Last week I mentioned we're taking three songs, editing them together for a 4 minute presentation and playing it on-the-air as our Y95 preview. Well, it's working!!! The response was overwhelming for 'Men At Work' and 'Nazareth', so they will be official adds this week at the rock station. Nazareth's track got the most response from our listeners and jocks. 'Love Leads To Madness' is a great song, the vocals are superb, with a kind of cross between Rod Stewart and Geddy Lee; very soft textured, and what a hook!!...The saxophone is really becoming the latest instrument of note these days, and that's what really makes 'Men At Work' click. I like the musical variety in 'Who Can It Be Now'...This week's test is the latest from Crosby, Stills And Nash, Rory Gallagher and King Crimson--can't wait for the response...Other new adds this week include The Clocks, and a re-add on Rainbow...Last Sunday we had a huge blowout at Lake Louise, a small lake 14 mi. south of Rockford. The occasion was the Y95/Lake Louise 'Show Us Your Native Tan-line' contest, with \$100 cash and a complete Y95 wardrobe as first prize. What a day!! Over 1500 people filled the place to capacity for the first time in their history, (It was also the first time they used our station), while yours truly MC'd the show, looking at lovely ladies flashing themselves. Let me repeat--what a day!! And to top things off this week, a free lunch from Gary Triozzi. Brent and I both thank you. Larry Green was with us and hey, Larry, stand back --next time Pac Man belongs to me! Thanks for the great time and both of you are expected back real soon!"

WBLM, LEWISTON/PORTLAND, ME M.D.-JOSE DIAZ: "I guess you can say that the REO Speedwagon album sounds a whole lot like the last one but I do think it's gonna be successful based on the merits of the title track, 'Sweet Time', and we all know how well the single is doing. So, REO is obviously gonna pull off another mega platinum success...Let's welcome Eddie Money back into the fold--looks like he's a contender again. He hasn't sounded this good since his first Lp. 'I Think I'm In Love' is a really fine, fine song...Has anybody noticed how hotly mixed the Joan Jett 12" of 'Summertime Blues' is? It takes you by surprise on the first play. Joan is gonna be in Maine on July 4th with the Joe Perry Project and Stray Cats for what promises to be one incredible outdoor show...Some things on the move around here would be: 707, Survivor, Human League...I've got to mention that one of the great things about this business is that no matter how supposedly tight playlists get, we do continue to see a steady stream of new acts making it on the merits of the music...Increased play on: Alan Parsons, Glenn Frey (good calls on 'Partytown--big request item and there are a number of fine multi-format songs on this record), Survivor (single is a hit), Human League, 707 ('Megaforce' is doing very well)."

KLAQ, EL PASO, TX M.D.-ROB ROMAN: "It appears successful albums are followed up by a close inspection of that group. I'm talking about REO Speedwagon and April Wine, both of which had highly successful efforts the last time out. The desire to continue to be successful has brought two very solid new albums out. Both groups got some flack from their die-hard fans for going too commercial. But the albums that they have both released recently should solve that problem. There's biting and aggressive rock for the die-hards and there's still plenty of hook-filled mass appeal music for their new listeners. Dive in and enjoy...In my mind, the new one from Nazareth '2 X S' definitely rivals anything they've ever done. The addition of new members has brought new life to a band that in my opinion has been stagnating. Plenty of tracks here to look at above and beyond the advance single that we've all been playing... Nugent is back with new people and the same driving rhythm and scorching guitar that made him famous. Try 'Bound And Gagged', 'Fightin' Words', and my favorite, 'Habitual Offender'."

WRNW, BRIARCLIFF MANOR, NY M.D.-PAT PRINCIPATE: "Adds: April Wine, Steve Forbert, Eddie Money Lp, Ted Nugent, Go Go's 12", Rory Gallagher, REO Speedwagon Lp, Joan Jett 12", The Clocks and Stray Cats."

WXUS, LAFAYETTE, IN M.D.-BOB MAJERSKY: "This week's shopping list: Eddie Money 'I Think I'm In Love'; April Wine 'Enough Is Enough'; Ted Nugent 'No No No'; Men At Work 'Who Can It Be'; Roxy Music 'Avalon'; Joe Cocker 'Talking Back'; REO Speedwagon 'The Key', 'Heart Of Gold' and single; Nazareth 'Love Leads To Madness'; and Go Go's Ep 'Vacation'...Increased rotations this week: Gary U.S. Bonds and Pete Townshend moving to heavy."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN: "Adds: REO Speedwagon, Crosby, Stills & Nash 12"...The new REO album sounds like any hint of an edge was taken out to give the record a wider audience potential. What they did was take the appeal out of mass appeal. The record ought to do well although it might end up being this band's 'Boston 2'...The movie 'Rocky III' has certainly given Survivor's 'Eye Of The Tiger' a kick in the pants! Phonewise it could build to another 'I Love Rock And Roll'... Other phone getters are Asia, Human League, John Cougar, Steve Miller, 38 Special, Aldo Nova, and Van Halen...There's nothing new in retail except Steve Miller, 38 Special, Genesis, and Survivor are starting to sell some."

WKLC, CHARLESTON/HUNTINGTON, WV P.D.-NEIL LASHER: "Adds: Go Go's 45, Jon Anderson, Cold Chisel, Marshall Crenshaw, Riot...FM105 is kicking off its hot rockin' summer in style. Since we have Asia in town this Saturday, we have run a 'heat of the moment' promotion. The winner had to guess the exact 'heat of the moment' on the first day of summer at 1:05PM (which is our frequency). Winner gets limo ride, dinner, and party with the band. Also we had a winner of our ultimate trip promotion. Someone got to go anywhere in the world they chose. It was a bumpersticker/license plate promotion. The license of the winner was PARTY. He chose to go to Jamaica. He gets two weeks and \$105 dollars a day plus air fair and hotel...I'd like to thank EMI, Polygram, Atlantic, and Arista for their incredible service."

WYMX, AUGUSTA, GA M.D.-MARY PILLINGER: "Since 1977, every album the Speedwagon has rolled with has gone g-o-l-d or platinum. 'Good Trouble' will be no exception to the rule. Our consensus cut to back up the single is 'I'll Follow You' with added interest in 'Stillness' and the title track...April Wine is another album that is going to dominate the charts throughout the Summertime. The single leads, although my favorite is 'If You See Kay', which could be taken two ways depending on your PG or R rated mind's translation. Many cuts to choose from off this one so go at it...The Go Go's single is an instant phone reaction cut. Solid for the Summertime and vacation time as is the new Steve Forbert tune 'Ya Ya'. Yep, get your ya ya's out on the turntable immediately. Little Stevie Forbert is back in action and here to reckon with...Eddie Money's 'Shakin'' is amazing. Another phone-teaser which should trigger significant album sales over this week. This one reeks with #1 possibility...As for the Nug, the calls came in before the album did. The Gonzo Rock Squad has been waiting for this pressure cooker a long time and they won't be disappointed. It's Terrible Ted more tolerable, more tasteful, but just as full-throttle as ever before. 'No No No' and 'Ebony' are the two off the top for us, although 'Bound And Gagged' will delight the chainsaw massacres...Joe Cocker did a splendid job on the Steve Winwood cover. His voice is sharper than ever, and the instrumentation carried as well. All the Cocker fans of yesteryear should be glad to know Joe's back in the rock and roll ballpark...The Hall And Oates single was a requestline addition. It was played in the clubs and the folks want to hear it, so once again the dynamic duo of 1981 continues to rack up success in 1982...Adds: REO Speedwagon album, April Wine album, Eddie Money album, Joe Cocker, Ted Nugent, Steve Forbert, Hall And Oates and the Go Go's single."

WQDR, RALEIGH, NC M.D.-BOB WALTON: "Random notes from your favorite neighborhood Music Director here... Finally added the Haircut One Hundred. After literally not listening to it for a couple of weeks, it sounds wonderful! The time is right and it's not too late...Steve Forbert is also very, very good. I think this record will put him where he should have been after the last record. I'm hard pressed to pick a lead track but I recommend the first three on side one and 'On The Beach'...The Eddie Money just sounds better and better and better! Again, we were hard pressed to find just a couple of cuts. In addition to 'Think I'm In Love' we'll be playing 'Running Away'...The Frank Zappa track I find intriguing! Needless to say, the phones are ringing off the hook. I can't help but be fascinated that the record is appealing to the very demographic that Frank Zappa doesn't like. And, I have to admit, it's not the best thing he's ever done. I wonder if Frank is actually laughing at album radio...I'm very impressed with 'new' sounding records. The first is Translator. I think it can fit. And, Lords Of The New Church. I find it refreshing, yet I got a negative from a few people saying it sounds like The Doors. You figure that one out?...Another plea to CBS: Please get better glue for your album jackets. The jackets are falling apart before the Album Report does...To Marcy Levy: I like the pictures, but is it really you?...WQDR is rapidly approaching its 10th anniversary. We are planning now for major celebrations and promotions, and so like all celebrating radio stations we would like as many rock and roll people and famous people ID's (preferably from a studio for maximum quality)...One final to my colleagues in Canada: Does anybody watch 'Dr. Who'?"

WVCT, PEORIA, IL P.D.-RICK PETERSON: "Adds this week: April Wine, Eddie Money, Go Go's, Joe Cocker, Cold Chisel, REO Speedwagon and Ted Nugent...Trying to select cuts from the new REO is tough. Everything is worthy of airplay. We'll begin with the single, 'Heart Of Gold' and 'Stillness' with many more to come...Ted Nugent's 'Bound And Gagged' strikes me as being kind of a heavy metal in America. It sounds good...Frank and Moon Zappa have become our hottest request item since Bob & Doug McKenzie...Phones also remain very strong for Survivor and Iron Maiden...Considering for next week: King Crimson."

KWXL, ALBUQUERQUE, NM M.D.-DOUG DAVIS: "Bill Stambaugh and myself wish to thank Dick Merkle for a great time during his last visit to Albuquerque. Hey Dick? It's really fun doing morning drive with no sleep. You should try it! 'Black Coffee In Bed' didn't even help! Enjoyed a brief but pleasant visit with Sharon White of MCA...We're very excited about some outstanding new music this week. We've added the Marcy Levy record on Epic--the song is 'Close To Her'. We're also going with a long time Albuquerque favorite, 10cc, playing 'Don't Ask'...The 805 cassette is a killer and we're looking forward to the album release!"

KSMB, LAFAYETTE, LA P.D.-SCOTT SEGRAVES: "Thank you to Clark Ryan for KLBJ to listen to while 'flying' over Lake Austin. Damn. You high hill country people sound good! And then I hit Houston and spent 2 days with 97 Rock. Moby even blew my lady away. Now after 3 days of return, I need a vacation from new product: Clocks, Tracker, first usable Chicago in 5 years, a Nugent for the metalniks, Joan Jett and Go Go's both right-on for right now, Clocks really ticked me on; and I hear the postman bringing Plant, Mac and Squier. Well, at least it won't get boring!"

WWWV, CHARLOTTESVILLE, VA P.D.-JAY LOPEZ: "Adds: Eddie Money, REO Speedwagon, April Wine Lp, David Johansen, Steve Forbert, and one cut deeper on Alan Parsons Project with 'Psychobabble'...Top album sales locally: Human League, Stevie Wonder, Paul McCartney, Asia, Rick Springfield, Jethro Tull and Joan Jett...Increased sales on: 38 Special, Motels, Rolling Stones and Rainbow...Honorable mentions in sales: Marshall Crenshaw, Soft Cell, Toto, Heart, Alan Parsons Project and Squeeze...Dear Illyse: Where are you?...To Mr. Phil: Wolf!!!!"

KILO, COLORADO SPRINGS, CO P.D.-RICH HAWK: "With Art Phillips on vacation, we can't help but do the same, starting with the Go Go's. 'Vacation' is on at KILO along with 'Beatnik Beach', and a prediction of another s-m-a-s-h record for these incredibly talented ladies...The Taxi record is absorbing rock and roll both musically and lyrically, this one has the goods. We'll start with 'Cocktail Queen' but also check out 'Whipping Boy'...The new King Crimson is an incredible piece of art rock. We know this group has a large following and with an infectious song like 'Heartbeat'--how can it miss?...Also on this week: Nugent and Nazareth...Top 10 requests for Monroes, Men At Work and David Johansen's Animals Medley."

KBLE-FM, DES MOINES, IA P.D./M.D.-RON SORENSON: "Our own Hawks get the rave this week. As you may remember, Dave Steen the 'S' in Hawks was one of us as former late-night rock and roll radio god on KBLE. He is 'in touch' with the throbbing, pulsing rhythms of contemporary album radio. No doubt it is this inside perspective which helps the Hawks hit heights heretofore unattained by Hawkeye musicians. Watch out Muscle Shoales, here comes 'Otho'. We're pushing 'The Great Divide', 'Black And White', 'Tonight You Are Mine' and 'Nobody Loses Tonight'...Steve Forbert is another personal favorite. I'm hopeful album radio can stretch enough to make room for this incredibly talented songwriter. On first listen, I like 'He's Gotta Live Up To His Shoes', 'Listen To Me', and 'On The Beach'... April Wine's 'If You See Kay' is such a great concept I'm surprised someone hasn't come up with it before this. Since listeners always seem to love 'getting away with playing something dirty on the radio' this should be big with the Ma Bell crowd...Tracker really seems to need Steve Miller. They're not at all bad, but seem to lack a real leader and a distinctive style...Kudos to Atlantic for their deluxe label reissues. As we're a station who places some emphasis on its rock and roll roots, this material is very welcome...**Short Shots:** Go Go's 'Vacation' is a monster. Better jump quick! How could we resist a boppin' surf ditty named 'Beatnik Beach'?...King Crimson is on for 'Heartbeat'--a great song...Thanks to Beth Rosengard for the Journey 45's excellent new song...Thanks to Tony Dwyer for the Musician release --Mose is the most...**Adds:** Hawks, Eddie Money, Steve Forbert, Go Go's 12", REO Speedwagon, Mose Allison, April Wine, TV Babies, Tracker, the Atlantic/Delux sampler, King Crimson, Journey 45, Carly Simon 45, and Doctor Gonzo 45."

KKDJ, FRESNO, CA M.D.-JEFFREY RIEDEL: "**Adds:** Eddie Money, April Wine, REO Speedwagon, Nazareth, David Johanson, Rory Gallagher and the Go Go's single...**Sales:** Asia is at #1 for the eighth week. The Frank Zappa album moves from #13 to #2 this week, while the Motels hang in tight at #3. Survivor, Heart and Kansas made their biggest jumps in sales...We have Split Enz coming soon to our 2400 seater here in Fresno. We were able to snag one of what was supposed to be two dates in San Francisco. We're very happy about that. Hopefully, the 'Fresnoids will respond. Fresno has the nightmare in its past of Springsteen and Bowie cancelling due to lack of ticket sales. Since we've been here, we've been treating them well and maybe they will treat us well by responding to these bands...**Requests:** At #1 it's Bobby and Neal Volare (our two-man morning team that did the counterpart to 'Valley Girl', the song title 'Valley Guy'). #2 is the real 'Valley Girl' followed by Survivor's 'Eye Of The Tiger'. The big question is when to get off 'Valley Girl'?"

WRKI, BRIDGEPORT, CT M.D.-BRUCE GOLDSSEN: "**Adds:** REO Speedwagon, April Wine, Eddie Money, Nazareth, Clocks and Go Go's 12"...Pete Townshend to heavy...Great reaction to Survivor, Zappa, Frey, Clash and A Flock Of Seagulls...Oh muh gawd! The vals are calling to the max to hear the new Zappa single. We're well underway with our plans to crown Miss Valley Girl, but I'm sorry to report that Miss Connecticut is out of the running now that she has had her crown reinstated...Predictably REO Speedwagon is already drawing mucho interest...Finally starting to see notable calls on A Flock Of Seagulls who opened for Squeeze at the Garden last week. Thanks to Al at A&M for the show and great party. Never before have I consumed 3 chocolate malts in such rapid succession...Thanks also to Jim Koplik for the last minute hospitality at the Weir/Garcia Show in New Haven. Can't wait for the summer lineup of hot shows across country as planned."

WRCN, LONG ISLAND, NY M.D.-JIM BUCKLEY: "While you sit in your office reading this on Monday, I'll be setting sail for Bermuda for a 4-day cruise. I don't think I could have picked a better or worse time to go away. I've never seen this much good new product at one time. We're playing more current material than ever before and look what's still to come: Crosby, Stills And Nash; Robert Plant, Fleetwood Mac, etc. etc. On top of that, just look at this week's adds: April Wine (a great album for them), REO Speedwagon, Eddie Money, Nugent, Joan Jett's 'Summertime Blues', Steve Forbert, the Rods and Balance. C'mon people, I thought this was a depressed economy. How is anybody going to sell a substantial amount of records when there are so-o-o many good ones to choose from?"

WOWD, TALLAHASSEE, FL P.D.-DICK BLACKMON: "Another big week for the old expanding playlist. The REO Speedwagon and April Wine albums top the list...I'm not too sure about the REO. They should take their own advice and 'keep the fire burnin''. Hits are great but they weaned us on rock and roll. Maybe a few more listens...Eddie Money; Crosby, Stills And Nash; and the Go Go's also go in this week...And from the 'too good to let pass' department, adds on: Jon Anderson, Marshall Crenshaw and the Clash...The Clash is selling Top 10 with no airplay whatsoever. I figure that merits some assistance. We went with 'Casbah'...Survivor moves up to heavy...And Axe, John Waite, April Wine and Frank Zappa go to medium...Greg Kihn and Jethro Tull go to recurrent...And to the top of the sales chart are Asia, Toto, Stones and Survivor...Congratulations to Tim Donovan who moves up from overnights to 7-midnight. He'll also be assisting in the office."

KTYD, SANTA BARBARA, CA M.D.-SUSAN CHRISTOL: "KTYD officially moved into summer this past weekend with a huge summer solstice parade and the Clash and English Beat in an open air concert. Clash provided social protest music for the 1980's and their music penetrated the public consciousness. The Clash is a band whose time has come...**Adds:** X, REO Speedwagon, Joe Cocker, Ted Nugent, Survivor, Clocks, Go Go's 12", Joan Jett 45, Joe Jackson Imp, and Tony Basil Imp...X continues to break new ground and rockabilly roots flourish 'Under The Big Black Sun'. We're starting out with 'Hungry Wolf' and 'Blue Spark'...A strong showing from veteran rocker, Joe Cocker, who, together with Robbie Shakespear and Sly Dunbar, blends reggae and R and B into a fresh new sound...In the same vein as their first Lp, the Go Go's single shows these ladies have a sound that won't quit...**Imports to check out:** Joe Jackson's 'Real Men' has beautiful vocals, great lyrics and a departure for Joe that works...Also seek out Tony Basil's single 'Micky'. P.D. James Lull says, 'Tony can cheer on my team anytime!'"

WMAD, MADISON, WI M.D.-DALE WOLTER: "Even as the onslaught continues, the big n-e-w-s remains Zappa! #1 by 3 to 1 in requests--also Top 10 sales this week. No denying that Moon Unit (Steve Leeds: Where's our ID?)...The April Wine is a killer, pure and simple. There is no question that this record will elevate them to Journey, Styx, REO Speedwagon status. See ya later guys!...The Winwood on the Cocker album is a must if you're looking for a textured sound in the flow. He'll be making his only Wisconsin appearance here in Madison on July 5th, and we are truly inspired...The guitar solo in the Plimsouls record sends chills up my spine. A fine addition to the playlist. Congrats to the folks at Shaky City for their perserverance...**Top 5 sales:** Stones, McCartney, Scorpions, 38 Special and Alan Parsons... Finally, to Dave Ervin: For a guy who invented the concept on lunar rotation, you certainly have balls. Stick to golf, you're better at that than politics!"

WKWF, KEY WEST, FL M.D.-BRUCE YOUNGBLOOD: "This is my last report from Key West. It's been an astounding five years! Thanks to all record people across the country. You are all super! Special thanks from me to two people I respect and who've helped me a lot: Frisco Bob Keller and Rick Maybee. Keep on rockin' and remember what Lou Reed said, 'Some people see what they like and follow it. That's called bad luck.'... Kyle Mucci will be taking over as Music Director. You can reach her on Tuesday and Wednesday after 3PM...**Adds:** Steve Forbert, King Crimson, Nazareth, Eddie Money, Ted Nugent, Bonnie Hayes, 10cc, X, REO Speedwagon, Cold Chisel, April Wine, Taxxi, Harlequin, Mayday, Nighthawks, and Translator 12"...New Wave feature: Lydia Lunch And The Flesheaters...All That Jazz: David Sanborn, and Woody Shaw."

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Too early to play for Halloween? Not at all! WDHA is proud to announce Saturday, October 30th as the date for our annual Halloween Party at New Jersey's Meadowlands Arena in cooperation with John Scher. All profits from ticket sales will go to New Jersey's Easter Seal Society and Dover General Hospital. Based on attendance and income in the years since its opening, the Meadowlands Arena has become the most successful sports and entertainment venue of its kind in the nation. It is larger than Madison Square Garden, with far easier access to NJ residents. This Halloween Party will be a spectacular event--and the first of its kind for the Arena. We're expecting an early sellout...WDHA is also proud to announce a co-promote with John Scher for the Jimmy Buffett outdoor concert July 9th at Great Gorge/Vernon Valley Ski Resort/Recreation Park--part of the new Miller Beer concert series...Not only has there been an unprecedented amount of major album releases in the last few weeks, but NJ has an over-saturation of concerts this Summer...Last week WDHA was represented at the Squeeze concert and The Jam at JFK with the Kinks, Joan Jett, Loverboy, and Foreigner. Mark was heavy-metaleoed out at Rainbow and Scorpions ('loudest concert I ever heard')... Congrats to Sue DeBenedetti, new local for Polygram...WDHA would like to thank Ray Free for the week advance on the REO Speedwagon and Joe Ianello for the several days advance on the new Crosby, Stills And Nash and Robert Plant Lps. We deeply honor the trust these companies place in us not to prematurely air these albums. Needless to say, we're now blasting these greats in maximum rotation... Also added were Eddie Money, Ted Nugent, Survivor, Steve Forbert, April Wine, Nazareth, Mayday, Men At Work, X, Joan Jett 12" 'Summertime Blues', and Balance 12" advance single...X is very interesting, raw high energy...Not a bad cut to be found on REO Speedwagon...Mayday tested very positive last week, now a full add...Hot news: Pink Floyd, the movie, will debut in New York and L.A. August 13th with special radio sponsored premieres the week before. General release September 17th. The Avon Book and the Soundtrack August 1st and an advance single 'When The Tigers Broke Free' with the London Symphony Orchestra and Pink Floyd on July 14th."

KKRQ, IOWA CITY, IA ASST. P.D.-TED BURTON JACOBSEN: "Take a band with the overwhelming appeal of the Go Go's and add in a theme like 'Summer Vacation'--release it as Spring becomes Summer, and you've got it! Instant heavy airplay...And speaking of monster female acts, and Summertime records, how about Joan Jett's 'Summertime Blues'. It's a s-m-a-s-h!...The Eddie Money album came in to follow-up the single and, yes, frankly, Eddie is money. We're going with 'Shakin'' in addition to the single... The Zappa story continues. 'Valley Girl' has bagged a 3 week total of 77 legitimate requests on our radio station. Need I say more?...Clash goes light to medium...Adds this week: Go Go's 12", Joan Jett 12", Ted Nugent, Plimsouls, Riot, X, REO Speedwagon album, The Clocks album, April Wine album, Nazareth album and Eddie Money album."

WPDH, POUGHKEEPSIE, NY M.D.-STEW SCHANTZ: "The Eddie Money album lives up to the single. A slick record from side to side. We like the single and the first track on side 2...Everyone, I'm sure, is going to rave to death about the new REO Speedwagon! It is well-produced, as expected. It has at least 5 hits on it, as expected, and it will most certainly top the charts in no time at all, as expected...Speaking of topping charts, Asia finally bit the dust this week with the Live Stones record topping the chart...Survivor, Pete Townshend and David Johansen all crack the Top 10 with Haircut 100 and Men At Work making good progress... 'If You See Kay' from April Wine is bound to get lots of phones as well as 'Bound And Gagged' from Nugent...My personal favorite though is the new Steve Forbert. If you'd like something a little lighter for those upper demos, this is it. He does a great version of 'When You Walk In The Room'. Also check out 'Ya Ya'...We also made room this week for Duran Duran and King Crimson. 'Heartbeat' is a relatively commercial song at least for what they're doing lately... Otherwise, Summer has arrived in the Hudson Valley and all is well. 'Till next week. Thank you."

KUSF, SAN FRANCISCO, CA PROGRAM COORDINATOR-PETER STANDISH/M.D.-TED TAYLOR:

TUESDAY, JUNE 29

TODAY IS A 6

At 7:42 AM, EDT mental Mercury at 16 degrees of Gemini is at a 120 degree trine to the planet of Structure, Saturn, at 16 degrees of Libra. This dominates the day and is great for decision making. The moon in Libra is void-of-course as of 2:02 PM, EDT until entering Scorpio at 11:02 PM, EDT but do not despair. After all the changes we have experienced this month, this free-floating moon is a time for personal re-evaluation. The nice Mercury-Saturn combination is just as mentally stimulating for personal decisions as it is for business reorganization. A look at the first six months of this year will pay off, and tonight is not bad for socializing. We have an unusual week ahead, but not a bad week!

WEDNESDAY, JUNE 30

TODAY IS A 5

We get up with the emotion-ruling moon in Scorpio which has a strong impact on putting us in a dedicated, determined mood. At 4:00 PM, EDT the moon at 9 degrees of Scorpio is at a 120 degree trine to the sun at 9 degrees of Cancer. This makes us feel more optimistic, but an important note: At 4:00 PM, EDT the moon is void-of-course again. This time it lasts for one day: and 26 minutes, ending Friday morning at 10:26 AM, EDT. Now you can see why I called this an unusual week. Creative people have the best of this as the void-of-course moon really can produce unusual results from creative projects. Tonight has all the possibilities for fun and cuddling, or a combination of the two.

THURSDAY, JULY 1

TODAY IS A 5

Today is another classic example for the "doubters". With the moon in Scorpio void-of-course all day, see how your decisions turn out. This is a time when important details are left out and decisions have to be redone. The same is true with major purchases. You will find that the object you bought does not meet your intended expectations or purposes. Routine matters go along on almost a normal footing except that Xerox machines break down, etc. Break bad habits today and you will find that this really works to your advantage. Those of you who wish to ignore this, it's your dime and your time. Good party and music night, so don't be dull.

FRIDAY, JULY 2

TODAY IS A 4

The moon ends its very long void-of-course period at 10:26 AM, EDT as the moon enters adaptable, fiery Sagittarius. Here is one of the most optimistic, freedom-loving positions for the moon, so why a "4"? Well, we are warming up for a full moon that will also be an eclipse of the moon on Tuesday. Starting today an aura of "full moon type feeling" exists. It is going to be difficult to not "split early" for the long weekend. Should you have the day off, despair not, it is the perfect way to fly. For all of us it bodes very well for a fun evening with a lot of wild, good humor. Let's just hope our bosses have a sense of humor as we get through this day.

SATURDAY, JULY 3 & SUNDAY, JULY 4

SATURDAY IS A 5 & SUNDAY IS A 4

Saturday is a fun day with the moon in Sagittarius, but throughout this long weekend it is very wise to remember that we are building toward a full moon and lunar eclipse on Tuesday. Already the moon is the farthest from earth, so we are at emotional low tide. But many get crazy and hyper, so it only makes sense to be extra careful driving. On Sunday morning Pluto turns direct at 9:20 AM, EDT, sitting at 24 degrees of Libra. This is a good, though minor, change. After the first six months of 1982, I'll take any good change. On Sunday, the moon is void-of-course as of 1:31 PM, EDT and ends at 11:16 PM, EDT Sunday as the moon enters Capricorn. This should not bother us. Happy July 4th!

MONDAY, JULY 5

TODAY IS A 3

The onslaught of the full moon and lunar eclipse is in full swing. The earth now stands between the moon and sun, and tomorrow the earth will cause a shadow over the moon, thus "eclipsing the moon". These are critical types for the recycling of international and national events, not to mention events in your own neighborhood! The full moon and eclipse will be exact at 3:32 AM, EDT tomorrow, or 32 minutes after midnight tonight, PDT, with the moon at 14 degrees of Capricorn and the sun at 14 degrees of Cancer. This is an action oriented, emotional one. Wouldn't it be nice if the planetary cycles had a little more respect for our long weekends? Unfortunately, the planets don't care. Oh well, smile and be with friends and rock on.

JAY GOLDMAN, CLAYTON WEBSTER CORPORATION (314-726-0906): "'Rolling Stone Magazine Rock Review'. For more information, please contact Rolling Stone Magazine Productions... 'Retrorock' is happy to present, during the Fourth of July week, Credence Clearwater Revival recorded appropriately July 4th, 1971, at Bill Graham's Fillmore West. With all the renewed interest in CCR, this one is sure to tweek the interest of a few listeners out there. At the time this 'Retrorock' was recorded, CCR had already established itself as the most successful American rock and roll band ever in terms of record and concert ticket sales. Included in this concert are such major hits as 'Bad Moon Rising', 'Travelin' Band', 'Proud Mary', 'Green River', 'Who'll Stop The Rain', and a whole bunch more... 'Rarities' this week will feature The Who in a salute to the Rolling Stones performing 'The Last Time'. With the release of Pete Townshend's new solo album, here's a timely Who program with a solo... As Eric Clapton's Greatest Hits Lp climbs the charts, 'Rarities' features a cut by Powerhouse aka Eric Clapton and Steve Winwood... 'Tainted Love' is currently at the top of the charts and 'Rarities' takes your listeners back to the roots of the song in one of its original versions performed by Gloria Jones... Also featured this week is Jimi Hendrix performing 'Dolly Dagger' live and a rare Cars single that never appeared on any of their albums, 'Don't Go To Pieces'... 'The Sporting News Report' will feature interviews this week with Sugar Ray Leonard along with Sugar Ray's attorney and trainer."

MARGARET LOCICERO, THE SOURCE (212-664-5538): "Some fascinating responses to The Source Starfleet Blair Elton John Satellite broadcast on July 7th. Certainly the stations with long histories of album radio success consider the show a must which is understandable with so much concern for the upper demos... Another project we're working on is 'Coming Attractions', the movie series we've put together with Richards and Rubenstein. Stations that have tried these shows are getting some great response. In some cases we're getting requests for rebroadcasts. Call if you would like to know more about 'Coming Attractions'... Last but not least, if you're not a Source affiliate but you are interested in our programming, let me know. There may be something available in your market... Thanks to everybody at A&M for the party."

CINDY TOLLIN, GLOBAL SATELLITE NETWORK (213-344-5651): "So 'ROCKLINE' goes to TV! Be sure to catch the Motels on 'ROCKLINE', filmed for 'Entertainment Tonight' a few weeks back. It should be shown in your town this week. They did a great job (even though they didn't let Strollin' Tollin cover the story)... And speaking of film, anyone who goes to the movies must see 'E.T.'. It's one of the best movies I've ever seen, but be sure to take along a box of Kleenex... Back to music now. I saw the Dave Edmunds band last week, and boy, was that refreshing... I loved the new Stray Cats. 'Rock This Town' is in my heavy rotation... And the new Crosby, Stills, and Nash Lp is full of some very enjoyable surprises. You can hear more about them and their music when they take calls on 'ROCKLINE' this Monday night... Stay tuned for a hot Summer of rock and roll with Glenn Frey, 38 Special, Pete Best, REO Speedwagon, Eddie Money, Steve Miller, Billy Squier, Supertramp, and more coming your way on 'ROCKLINE' (of course!)."

BOB MEYROWITZ/PETER KAUFF, DIR BROADCASTING (212-371-6850): "All right, you King Biscuit stations, you've got a great month happening in July with Graham Parker and Sparks on July 11th, Journey on July 18th, and the Outlaws on the 25th. Look for Foreigner coming up on the Biscuit in August... We've scored yet another coup on 'The Inside Track'! From the folks who gave you the exclusive radio interview with Pete Townshend which Lisa Robinson recorded in London, July's 'Inside Track' brings you Lisa talking to Zep's Robert Plant for a full 90 minutes in depth 'Inside Track'. The response we've been getting on these very special interviews has been most rewarding, and we've got still more surprises and more exclusives coming up for you, so stay tuned... Also look for DIR's super groups in July--July 10 features Billy Squier and Triumph and then on July 24th we're broadcasting Loverboy."

JOHN MCGHAN, ROLLING STONE PRODUCTIONS (212-758-3800): "'The Continuous History Of Rock And Roll' is 9 months old on July 5th. It is also the #1 weekly album rock show in America and Canada. Thank you very much. This information is based on a combination of a number of stations and the number of listeners... 'The 48-Hour Continuous History Of Rock And Roll Weekend', scheduled for Labor Day, 1982 has just been cleared by WLS in Chicago."

Question Of The Week

There's a feeling in the air that a significant portion of the core listening may be finally toasted to the max. Q: "Are you sensing an increasing core burnout, and how do you plan to deal with it?"

LIN BREHMER, WQBK: "We rarely have too much of a burnout problem, because we play a substantial amount and wide variety of new music and our core library is exceptionally deep. I have to say that your Led Zeppelins are still very popular."

DOUG DAVIS, KWXL: "We're doing it by finding other cuts of the same year and increasing our oldie rotation. We've realized that to our older demographic there are a lot of songs that they grew up with that just weren't being played in this market. Bill has spent a lot of time in this market and has been a successful programmer for many years, and is well aware of the demand of an increased oldie rotation. I also am using my past experience from Phoenix and we are trying to attack the problem of core burnout by playing some of the great FM songs of the past."

BILL SIMMONS, WMYK: "Yes, this tends to happen every time most of the music starts sounding the same. The correct way to deal with it is to perceive what fresh approach will be accepted by the audience and give it to them. I think that there is ample fresh-sounding music available. All you have to do is determine which approach is right for your audience."

MIKE WOLF, WQFM: "Our core changes every week as we are testing and re-evaluating our playlist almost on a daily basis. So yes, you will see some of the AOR staples burning, but at the same time, these are immediately replaced by new AOR staples a la Loverboy's 'Working For The Weekend'. Our music core is constantly changing and evolving in tune with how our listeners musical tastes are developing. The percentage of old to new music is dependent upon how much good new music there is at any one time. A month or two ago the state of new music being somewhat stagnant, the proportion of oldies increased. But with the flood of fresh new product the last couple of weeks, I expect that the proportion will change."

TERRY MEINERS, WLRS: "Radio is a cyclical art form. The cycle has run its course. We either are going to have to open it wide up again, or put a straw hat on the old mascot and turn to country music. Wake up everybody!"

LARRY REISMAN, KEZY: "No, not really. I don't feel that happening right now. I'm sure it will happen, but we rotate our oldies on a regular basis."

BOB WALTON, WQDR: "I think rather than burnout, I would use the term 'boredom'. Everything is sounding the same. For instance, we recently saw many spinoffs of 'Hill Street Blues' due to the popular police theme. How many of them have been cancelled? I don't think the guitar is through in '82, but I do think now is the time to deal with some different sounding records. Not all of them, but we can be selective in playing something different in album radio."

KAREN ANDERSEN, WGIR-FM: "To a certain extent, yes. Some songs like 'Won't Get Fooled Again' and 'Stairway To Heaven' for example, are always going to have a high burnout threshold. Once these tunes are burned out, I think all a station has to do is back off of them for a short period of time and they'll bounce right back. For example, with 'Stairway To Heaven', if you're approaching burnout, why not back off and substitute something like 'Heartbreaker/Living Loving Made' or 'Boogie With Stew' for awhile, give 'Stairway' a rest and it'll come right back."

DICK BASCOM, WQXM: "I feel there is a certain amount of burnout on certain parts of the core music. Some of the stuff, like 'Stairway To Heaven', I don't think will ever burn out. But, we have seen certain amounts of negative returns on tracks like 'Freebird' by Lynyrd Skynyrd. One way that I feel you can actively combat burnout is to slow the rotation down on those songs that you feel are beginning to burn. I don't think you should drop them entirely. Slow them down and then look to those artists and see if there are any songs that you can utilize to give them a little more depth. You have to use extreme caution when adding that depth music."

BRUCE BOND, WZZO: "We are definitely feeling a burnout. To take care of that we have a category where we mix in flavor tracks, tunes from groups already known or one-hit wonders that people are still familiar with, but haven't heard in a long time. And that makes us sound like we're playing more music as well as fresh music."

BOBBIN BEAM, WLPX: "It depends on the song, and every station is different. In general, we're enjoying playing more new product since there is more hot new stuff out, but I wouldn't say the recurrents seem burned."

RAY WHITE, WLIR: "Yes, I sense the burnout. The most obvious artist in the NY area is Springsteen. Even Springsteen, who was thought to be a God and could never burn out, is in fact becoming a tune-out. What to do is what WLIR has done all along. That is, we establish and develop new artists. Start at the beginning. The Police being an obvious example. The Police now are a core act. In developing and breaking these new baby acts and taking them along, they become the new core. So when the Zeppelins and the Springsteens burn out, we have a new core to go on to."

MARK MILLER, WWCK: "I do sense a very very slight core burnout. Nothing of major proportion at this particular time, but it is something that has to be watched. I think we have to find the record that will bridge a gap between what we're playing as core music which is basically 70's rock and roll, and going into the 80's. We can't go too far into the 80's or else we're really going to turn off the core. But they're getting just a little bit tired, so we do have to come up with something that fits the bridge there, much like a band like Asia. They take the best of the 70's but still do it in an 80's style."

BOB BITTENS, WHCN: "Absolutely. I think that the segment of the audience that's into new music is getting much larger than anybody has measured or knows to date. I also believe that hard core rockers are having their favorite songs ruined for them by too much airplay overexposure. I find people who like Led Zeppelin, Bad Company, or The Who are calling up and complaining that they're tired of hearing the same songs by those bands all the time (not tired of the band, just tired of the songs). To me, the solution seems to be to increase the amount of cuts played from recognizable core artists--any Hendrix, Zeppelin, Pink Floyd song would do. There is a growing tolerance for new music and, carefully selected and programmed, it's an asset to any station."

BUCK McWILLIAMS, WIOT: "It's possible that the clone music is burning out, but the classics still stand the test of time, helped by our astute use of spice music and total control of rotation and categories."

STEW SCHANTZ, WPDH: "I sense a change in music. I think people are getting bored with the Doors and such, but it's still strong enough that I don't see a change in the near future as far as our programming goes."

JIM BUCKLEY, WRCN: "Basically, the way our rotation is set up, we try and avoid that problem with a very flexible high rotation. It actually changes every week, so you may hear 'Freebird' every other day for a month-and-a-half, and after that, maybe once a week or less. And from there on, we rotate the stock so the burnout is less severe."

RON SORENSON, KBLE: "No."

DOUG CLIFTON, KAZY: "I do see a burnout with a lot of the mainstream acts who have been around since the mid 70's that haven't changed with the times. And as far as keeping on top of it, we're going to stay abreast of new music to balance out the old stuff, the mainstream music."

ROBERTA HABER, WMJQ: "Burnout is the biggest problem we're facing now. It's going to be a problem in any high rotation format. You play the records that your research shows people want to hear, but eventually people will tire of them. What we do is continuously test new oldies finding new cuts as others burn out. We've also found that people get 'unburned' on a song. No one wants to hear 'I Love Rock And Roll' right now, but in 5 months, it will be back. Obviously, new releases feed the system. We have no desire to be an oldies station. With the hit records we have to be very careful not to burn the artist as well as the song. For example, right now, Pat Benatar is a crispy chicken."

RON NENNI, WPYX: "We're not really sensing core burnout on our core material, but we do maintain a fair amount of depth as preventive maintenance against burnout."

ROB ROMAN, KLAQ: "Yes, to some degree. With many stations operating on extremely tight lists, including their oldie categories, the chance for a burnout of even classic rock tunes has to be considered. The music that the majority of album rock audiences enjoy in some cases is 15 years old. There has been some response from our audience relating to hearing the same old same old. It used to be that that comment was used in talking about current hits that were overplayed. The strategy of any station that wants to propel itself into the 80's must examine a rotation of even old music which is freshened consistently. When you burnout a song that's 15 years old and it has been a classic to most listeners, it's gone forever. You can't get a new classic Doors song."

TIM SMITH, WLVQ: "The only burnout that we are sensing is on AC/DC. The main strength still seems to be in superstar acts and that will be confirmed once all of the new major albums get in the stores. There are some fringe elements of the new wavers, but we're not seeing much of an increase in them at all."

DAVE LOGAN, WLAV-FM: "I've always thought the key element of maintenance and staying power of those selections was to make sure you didn't burn them out. Nothing could be more destructive to today's rock format than to have your audience hate Led Zeppelin. From what I understand, this is something of a problem in Detroit, where the big Z has been bludgeoned to death...One way to retard this burn is to expand on cuts from the classic albums. After all, is there any cut on Zeppelin 4 you can't play? Why only play two or three. Nothing replaces the classics. New music is the icing where the classics are the cake."

DAVE KANE, WCMF: "I definitely agree that the core is being burned, and it's personally frustrating to me. Although current trends have the listeners liking songs more than groups, there are still a number of people who have a strong allegiance to particular bands. The resistance from programmers hesitation to spread to other cuts from the big familiar bands really makes no sense. Because if the people have the allegiance to that band, it stands to reason they would like other tracks from the same classic LPs. We are seeing more and more 'new' music going into the library, but that is still an uphill struggle. It all boils down to playing what is safest and bringing in the largest ratings and dollars."

NEIL LASHER, WKLC: "By adding more new music and lightening up on those core artists a bit. In other words, pulling in the reins on the Stones, Zeppelin, Doors, and letting up on the reigns on your Soft Cells, your Human Leagues, and your Go Go's. It's '82 and the thing to do."

TOM NAST, WSYR: "Right now, I think some of the best music I've heard is being released. As long as the quality is there, regardless of whether it's a new artist or a veteran, I don't predict any real burnout."

JIM KINNEY, WTUE: "This particular week it's really impossible, because of all the new music that's out. We generally try not to let songs burn out. The only thing that I can really say might be a burnout to us is 'Stairway To Heaven' and 'Freebird', but how can you not play them as often as you do? Sometimes we'll rotate oldies, but they're the fringe oldies. The core group of songs are in there all the time."

MICHELE SAYRE, KL0L: "I've been noticing a burnout for some time, but now it's becoming more evident with three rock stations who compete with us in the market. I think we've played too few songs and those same few songs for much too long. Chris and I just this week are planning to make some musical changes to freshen up the sound. Something I think we've needed to do for a while."

J. DAVID HOLMES, KDKB: "Yes, I'm in a constant debate with the PD that the flow sheets should be revised to make more room not only for the superstar product, but for the fine new developing acts. We do get occasionally negative calls on the classic high rotation items, and my feeling is that listeners would just as soon hear something fresh than one more spin on Supertramp's 'Logical Song', or 'China Groove'."

MIKE LYONS, WDIZ: "Anytime you start jamming older music to satisfy a programming need, you really have to pay for it one way or another. I think the audience is picking up on it much more slowly than the programmers are, but we're just going to have to move a little quicker towards new music, and we'll also go towards more depth in album tracks. Instead of one, we'll go to two. Instead of two, we'll go to three."

STEVE FEINSTEIN, WYSP: "Core artists like the Stones, The Who, and Zeppelin, will never burn out. Their music is timeless. It crosses all age categories and boundaries. They'll sound good 20 years from now. What we are having a problem with is people telling us that we're playing the same songs by those artists over and over again, and asking us for more variety of tunes by those artists. Not increasing our depth so much as our width. And obviously, we can make our station sound a bit fresher by continuing to add artists who have reaction records. Records that don't just go in one ear and out the other. Records that make an impression on people and motivate them, if not to actually buy the record, then at least to call the station and say, 'Who was that?'. I'm talking about outstanding records by artists such as Soft Cell, A Flock Of Seagulls, and Human League."

ROB BARNETT, WAAF: "I think that if you don't change the rotation in your hot music every couple of months and spice it with good but somewhat unexposed cuts from some of the superstar artists, then you'll find your station becoming increasingly stale. There is more new music on the air here and people seem to be accepting it a little more than they were 6 or 7 months ago."

Record Action

JOEL NEWMAN, HANDSHAKE RECORDS (213-655-8635): "This last week Alliance picked up some key stations throughout the Midwest: Indianapolis, Peoria, Milwaukee, Toledo, Columbus, Lansing, and Grand Rapids. From nighttime rotation in Detroit, the Harmony House chain sold 500 pieces in a three-week period of time. There is no doubt that this record has legs. The cuts to be aware of are 'Love On The Line', 'How Does It Feel' and 'I Don't Want To Leave You This Way'...Stay crazy, and have a great week."

JUDY LIBOW, ATLANTIC (212-484-6063): "I guess it's appropriate that we be so hot on this first day of Summer--and it sure feels good! The raves haven't stopped for: The Stones, Townshend ('Stardom In Acton' and 'Slit Skirts'), Genesis (that's 'Paperlate', not paper plate), Nugent, CSN ('Southern Cross' and 'Too Much Love To Hide'), Robert Plant, and Jon Anderson...Making continuous progress: Axe, Joe Cocker, Adrian Belew, Ph.D, and Helen Schneider...Coming soon: Headpins, Poco, Bad Company, and Cheetah... Thanks to all in Atlanta and Phoenix (home of the beautiful Biltmore and now Carson's Ribs) for all the hospitality!...Great to see all the cameos at the Squeeze party--thanks to my A&M pals for a fun (and fattening) time. Now--play that record!..Final thought: 'Valley Girl' is setting another new musical trend. It's called 'jap rap'. What a record, like, you know...P.S. Drake: Stop following me around!"

PAUL RAPPAPORT, COLUMBIA (212-975-8616): "For those 200 and some radio and retail folks who just received the Judas Priest cassette and album cover graphic, we hope you are as jazzed as us! We would like to call your attention to two major tracks: First, 'Hellion/Electric Eye' which Sandy Pearlman (one of the true leaders of the metal genre) claims is as good as Deep Purple's 'Highway Star' which I think is pretty heavy. And on the second side, cut 2 called 'You've Got Another Thing Comin'' which we believe will last a long long time on album radio. The LP hits your desk this Thursday, exactly the same day that it gets in all the stores. This move is dedicated to Kid Leo who I know would like to see it done this way more often (But thanks for playing those early 12"s anyway). Note: 'The Hellion' is a really cool intro into 'Electric Eye', but on the LP it is banded for those who don't like cool intros...Next. Harlequin, 'I Did It For Love'. Listen to your beloved Editor, 'A strong pop track. You have to be impressed with KGON and KBPI considering the traffic out there.' I might add, programmers at these and 20 other radio stations are no relation to the band, they just dig it. I know a lot of people were interested in the last LP 'Love Crimes', but the time of year made it hard to handle. Even so, the people in Texas and other areas of the country gave it a good run. This band is huge in Canada and starts touring here soon. It's a comer, this is their second release, and the songs are right in the pocket. If 'I Did It' is a slight too pop for you, try 'Hard Road'. Segues in and out of all your Skynyrd favorites...Meanwhile, Men At Work is building fast. Big phones for 'Who Can It Be Now' and 'Down Under' are driving the record into heavy rotation. Ray Anderson, our coach, confident, and sence leader predicts 'Who Can It Be Now' as a major Top 40 single. Come on you stragglers, this one's almost home...Get ready for Elvis' 'Imperial Bedroom'! Most of you should have the 12" by now featuring 'Man Out Of Time', 'Beyond Belief' and 'Tears Before Bedtime'. Spend some time with this one. Elvis is back and it's a killer! El will be touring coast-to coast all Summer, and if you think for a minute his public has wained, guess again. In this economic drought, promoters are jumping to book him into big outdoor shows. In some areas he's headlining 10,000 to 12,000 seaters!!"

MIKE BONE, ARISTA (212-489-7400): "We are just good friends" says David 'Rock' Feinstein, leader of the Rods discussing his relationship with Lady Diana, Princess of Wales. "The fact that the Rods were on tour in Great Britain with Iron Maiden when Lady Di became pregnant is not related" and there is no truth to this nasty rumor that the royal Prince is going to be named 'Rock'. Let's nip this one in the bud. The Rods album 'Wild Dog' is out and an instant add at all stations looking for 15-22 year olds. 'Too Hot To Stop' and 'Violation' are the lead tracks...Alan Parsons is now firmly in the top 15 airplay nationally and if you don't have it in heavy rotation, you are off base, and could be picked off at any moment. 'Eye In The Sky' is the single, it's out and kickin' ass on Top 40. The album is selling, just ask your local record stores...A Flock Of Seagulls killed them last Friday at Madison Square Garden. Their album is now 38** in Billboard, not bad for an AOR record, huh? Give this Flock a little daylight and stand back because they are G-O-N-E! Explosive reaction. Thanks for all your help...Haircut One Hundred on WHCN, Way to go, Bittens! The 'Pelican West' album goes to 41* in Billboard as we continue to rack up impressive Top 40 adds such as KFRC. (Come in, San Jose)...Krokus is still decimating audiences throughout the Midwest with Cheap Trick and we continue to sell, sell, sell the 'One Vice At A Time' album. The Krokus base is growing every week much to the surprise of a lot of people...San Diego may be suffering from a tuna glut but KGB has put a breath of fresh air on the radio by adding Pete Shelley's 'Homo sapien'. WLIR has the song in heavy rotation. Now if we could just get Manhattan to wake up to the real world, we could bust this sucker wide open...Coming soon: Huang Chung, produced by Rhett Davies of Roxy Music fame and the long-awaited return of The Busboys...Personals: Sky: Per your comments last week. 'Our music' back then is now everyone's music (Doobies, Chicago, Steve Miller, CSN&Y, etc.) We grew up. 'Our music' today is coming out of the clubs, techno-pop. Any bets on what's next?...Bob Bittens: Why can't Arista support Haircut One Hundred, A Flock of Seagulls, and The Rods? They are all quality acts in their own genre. There is no compromising taste in supporting any of these acts. And yes, welcome to the real world, Bob, this is a capitalist venture. I do believe WHCN charges for its advertising time, don't they?...WLIR: We hear you. Welcome back...Neil Lasher: Thanks for the kind words...Bob Walton: You are right. The last Alan Parsons album sold over a million copies in the U.S. (4 million worldwide). If that ain't a hit, what is?...Pat Evans: Good luck in the Windy City...Rumor has it, Rob Barnett has a Chinaman in his ancestry somewhere."

DEREK SHULMAN, "THE DOGSBODY", POLYGRAM (212-399-7071): "Well, I was one of the metal heads standing all night at the Garden last Saturday watching the Scorpions and Rainbow blowing the place apart. The reaction was no surprise as the Dogsbody saw the same bill two nights earlier at the beautiful resort town of Allentown, PA...John Cougar is teaming it up both at the stores and at radio. John has finally made it to superstar status which is where he deserves to be. On July 3rd, John will do a benefit show for the kids of Fort Indiana who saved that town during the flood this winter. Hoosiers, stick together...Be ready for the discovery of the 80's, a band from the U.K. called ABC, truly new and great music--which is very hot on my Walkman on the Upper West Side Cave...Also very hot: Urban heroes (--look out), Pete Townshend, Gentle Giant, Roxy Music, (hopefully word of mouth will make this a great album)...Til next week, T.T.F.N."

JOEL WEBBER, INDEPENDENT (212-255-7408): "The best record I've heard in ages is the import single by Yazoo, 'Situation' b/w 'Only You'. There is no way this record can not be a hit. It will be released domestically within the next month, but if you want to hear something amazing, pick up an import copy."

BETH ROSENGARD, B.R.A.S.H. (213-462-4204): "Anyone who's spoken to me in the last few weeks knows that I've flipped out over the debut album by Bonnie Hayes called 'Good Clean Fun'. Well, the album's now out and you've all got the opportunity to hear what I've been raving about and what got me on a plane up to San Francisco to see the band live. I enjoyed the entire album so much that I find it hard to choose cuts to recommend, but start with 'Separating' and 'Joy Ride', move on to 'Girls Like Me' and 'Shelly's Boyfriend' (the single). Check out 'Dum Fun' and 'Loverboy' and wind up with a gem of a song called 'Coverage'. By way of background, Bonnie's one of 7 kids from the San Francisco area and brother Kevin is the drummer for her band called The Wild Combo. Meanwhile, brother Chris plays guitar with Huey Lewis. And sister Shelly, who inspired the single, isn't a musician at all, but a med student who nevertheless did a great job singing harmony vocals on 'Shelly's Boyfriend' during the show I saw at The Stone in San Francisco. Bonnie, by the way, has perfected the art of performing as lead vocalist while playing keyboard, and the show was a delight to see and hear. Thanks to Bruce Bond, Rick Allison, and Bob Bittens for being among the very first not only to fall in love with this record, but to find the room to squeeze it in among the tons of superstar acts that had to be added. Thanks also to the many others, especially Rick Allen and Michele Sayre who are major fans and are searching for the room to do likewise...Now, to borrow a phrase from Ron Sorenson, here are a few short shots: Pete Townshend--this album is so brilliant I'm considering a new career as a Chinese cowboy; Eddie Money--at least six cuts deep, so don't stop with the 12"; Axe--Summertime rock and roll at its best, and look for the first single 'Now Or Never'; Mayday--super follow-up to a solid debut. Check out 'Revenge', 'First Impressions', and 'Cherry'; Stevie Wonder--holding strong and recently added at KAZY, KBPI, and WYDD; Balance--'Slow Motion' is a multi-format smash and 'Undercover Man' is a great rocker; Translator--great way for 415 to kick off the new association with Columbia; Sherbs--'We Ride Tonight' shipping a.s.a.p. as the single; WGRQ's 'Buffalo Rocks'--a first rate home grown collection with Cheeks, Bob Campbell, and Actor the standouts to my ears. Thanks for sending it, Paul."

MICHAEL PLEN, I.R.S. (213-469-2411, Ext. 351): "This is a weird displacement. The normal, average city guy has now become a 'valley' guy. Being in L.A. for 3 weeks definitely has its advantages and its disadvantages. But hopefully, I'll live...The new Go Go's single 'Vacation' b/w 'Beatnik Beach' is out and has received massive album and Top 40 radio support. If you're not into this record, it probably means you haven't listened to it enough. The Go Go's are now an established superstar act and you can't deny 2 million album sales and 1 1/2 million single sales. The Lp contains some solid material that both formats will be able to sink their teeth into. But remember the concept of the Go Go's is fun. We never said that their music would have any heavy political or meaningful lyrics. But how can you deny the fact that every person in the country will be packing up for vacation sometime in the next 12 weeks. You owe it to them to give them a Summer theme song. This is it...Lords Of The New Church 12" should be to your station by now. I've received numerous positives on 'Open Your Eyes' as well as the B side, 'Holy War'. Don't let the name be a stumbling block in getting you to listen. What's contained in the vinyl is very attractive and geared towards album radio...The Tom Robinson album is out this week, too. Look for the song 'Atmospheric' (listen to the radio) which he co-wrote with Peter Gabriel. It's like a cross between 'Games Without Frontiers' and 'In The Air Tonight'. Tom Robinson will break through and become an established album artist with this record. We've already exceeded his previous records in advance sales this time around...Also, if you're interested, call me for a copy of 'Eraserhead', right now the most outrageous cult film on the market. It's about a couple who have sex and give birth to a mutant reptile baby called 'Spike'. Call me for a picture--it's personally autographed...Out next week: Oingo Boingo and Payola\$. Both acts originally were on I.R.S. but have now signed full label deals with A&M. I.R.S. maintains a portion of ownership, so we'll be working this record too...Here is the official announcement of the Susan Heiss Fan Club. All orders for membership are \$1.00, payable in cash to me c/o I.R.S., 595 Madison Avenue, Floor 32, NY, NY 10022. I guarantee that Susan will receive 50% of the profits after I've recouped all investments, and she's done a national tour with the Dead Kennedys. For the money, you'll receive a great membership card and the opportunity to come to an industry birthday party for her on July 24th. See ya at the party!...To Bob Bittens: God forbid you add the Go Go's to WHCN because you don't wanna be last this time. My feelings are that if a song doesn't hold up to your edification, then don't play it. I never came back to you and pointed out that you were last to add the Go Go's. If you don't believe in them as an act, then they don't deserve to grace your airwaves."

RECORD ACTION CONTINUED

BRUCE MOSER, COULD BE WILD (716-885-5200): "Could be absurd! I can hear it now. Part of the music, part of the times. Even if someone thinks that editing three songs together to make a five minute feature is the best way to expose new music, I seriously doubt that there are more than a handful of stations who have the production personnel to pull off this idea effectively. Jimmy Sotet: Maybe you can hire your production talents out. Your title could be 'Have Razor Blade, Will Travel'...Thanks to Tom Berry for the tickets to see 'Second City' acting group at the Old Firehall Theater in Toronto. Could be funny...Special thanks to Sandy Pearlman, Don DeVito, and Howard Thompson for making the trip out to see The Edge. On July 7th, The Edge will do an hour-live 'Coffee Break' broadcast for WMMS...I got a chance to see Riot open for Rainbow and Scorpions the other night and was totally impressed. The new lead singer is a great addition to this powerhouse of a band. Riot continues to sell records in every town where they have played...Best new records this week: Bonnie Hayes (the Go Go's with balls), The Rods (Call 716-381-5224 and ask Peter to send photos to show what the Rods are really made of); Translator (their three-song preview of the album due out in 10 days which is the first 415/CBS release); Aldo Nova's 'Fooling Yourself' is off to a great start at the Top 40's. The album is well over 700,000 in sales and 'Fantasy' did so well, you should be all over 'Fooling Yourself' before your Top 40 competition beats you to it...Coming soon: The new record by Toronto. 'Your Daddy Should Know' could be a smash."

JIM SOTET, POLYGRAM (212-399-7813): "I must admit seeing a sold-out Madison Square Garden audience stand for the entire Scorpions/Rainbow concert Saturday night was a definite thrill and both bands deserve it. Years of hard work and touring went into making the night possible. Congratulations to both bands and to a great audience. An incomplete survey of the audience showed a lot of Rush T-shirts, mucho Iron Maiden T-shirts, (this band really deserves a shot--Iron Maiden are the real thing). Just out of curiosity does anyone at radio research T-shirt sales, etc? In most cases, a T-shirt purchase is a definite financial commitment from the audience to the band...Rather than rave on about certain songs, let me just list the Polygram releases for the next few months: Uriah Heep, Tom Dickie and the Desires, Gary Brooker (with Eric Clapton, Phil Collins, and George Harrison as guests), Paul Brady, ABC, Peter Godwin, Novo Combo, The Johnny Van Zant Band, Coney Hatch, Def Leppard, Albert Lee and Rush, plus a few surprises! Get the turntables ready!"

BILL MCGATHY, RCA (212-930-4095): "We held a showcase for 805 in the RCA studios last week, and all I can say is you won't believe how well this band plays live. Please take time to listen to your master recording cassette we sent. Despite the superstar releases that everyone is inundated with, a great new group is just that. Don't miss the music. It starts at 805...On the road: Franke and the Knockouts, Le Roux, Rick Springfield, 805, and Triumph...Speaking of Triumph, the 1983 Allied Forces tour was seen by well over a million Triumph fans. Triumph is in pre-production right now in their studio, and we can expect the platinum break-thru on the next record...A great new signing by the folks at the Nipper is a young lady named Tane, produced by Keith Olson, songs written by Jonathan Cain of the Babys, and the album is filled with incredible players like Neal Schon. Tane's album will come to you in July...Until next week, cheers."

JIM SELLERS, CHRYSALIS (212-935-8750): "We're going through Hi-liters like crazy here, accentuating all the terrific comments coming in on John Waite and Billy Idol...The John Waite Lp continues its phenomenal growth pattern. And now it's official--the single will be 'Change' and ya'll picked it! Strong Metro jumps this past week indicate 'Ignition' has happened, and it's ready to explode! A quick check of The Lieberman Call shows retail immediate interest in this album. Three separate reorders out of Cleveland alone. Denver has reordered twice. So, it's off the turntables and into the streets...Everybody's feeling the buzz on Billy Idol. Rarely does one read rave comments like those from Bobbin. Thanks BB. The rest of you take heed. And it ain't just radio. On the street just five working days, it's been reordered in New York, Cleveland, L.A., and Hawaii (must have been the shirt). So while everyone drones on about the 'soft marketplace', I'm satisfied with these 'Hard' facts...Blondie fares well in Cleveland, New York, Washington, DC, and L.A. Just cuz we haven't convinced you of the potential of a tune like 'War Child' yet, doesn't mean people won't find out about it. And find out they have. 58** debut to 39**! Yes, something is happening. And the big news is the 'Tracks Across America' tour. Pioneer is sponsoring this major summer tour and it's making headlines. We have ways of making you respond...More 'News'--Huey Lewis and the News opened the year's first big outdoor party, 'The Jam at JFK' in Philly! What a weekend to be in town. The City's birthday, rock and roll on every corner, the Tall Ships, Jehovah's at the Baseball Stadium, Circus at the Spectrum, how much can one city handle? Local album rock radio did a great job covering the 'Jam'. 'Working For A Living' is an anthem. It knocked 'em out!...Jethro Tull going strong in NYC, with Cleveland right behind. Sales also out of L.A. and Chicago. Notice a lot of reorders. This Lp is a lot deeper than just 2 months activity. There is so much 60's and 70's music on the air, why not something from a rock legend of those good ol' days with the freshness of the 80's. (A current recurrent?)...Personals: To Tommy and Howie: Thank God I get to keep one of you around. Congrats. You both deserve it! Tommy, we've come from L.A.C.C. (where you got all the girls), to radio (where you really got all the girls), to records (where I got all the girls), to your new found destiny (let's divy them up amongst us)...A note to Neil Lasher: Now you did it. Now we're no longer 'unsung' heroes. Thanks for the like words, mon frere!..Lisa and Charlie: The two finest tour guides in Philly. What a weekend! Do it again soon?...Until we meet again."

RICH SCHMIDT, SHAKY CITY RECORDS (213-907-5189): "KTXQ, Dallas has added the Plimsouls directly into medium rotation. The important thing to note here is that even though the record was delegated to recurrent status at KZEW after several weeks, audience and retail reaction was so strong that it was able to gain new album rock support in the Dallas market. The bottom line is obvious--give this record weeks of strong airplay and it will perform. Thanks to Drake Hall and the Southwest madman, Ronnie Raphael!...Meanwhile, the Midwest continues to gain strength with KKRQ & WMAD this week.Thanks Ted...Anyhow, on a personal note, living in L.A. these past four years has been especially exciting to me, since I've had the opportunity to see certain bands grow and become true contenders. Bands like the Plimsouls, Blasters, Go Go's and now X have always held a special interest with me. Best wishes to all involved with X's new album. It's great to see them get the attention they deserve."

EDDIE HUMBER, INDEPENDENT (707-585-2105): "Really out! As Bill's Choice from last week, Taxxi now shifts into gear with 'Cocktail Queen' (Don't You Love To Rock And Roll)'. With majors like KGB and KRQR already getting reaction, there's really no reason left not to play this one...Turn off your alarms and get up on the Clocks. 'She Looks A Lot Like You' jumps off the record with an infectious hook and a dandy melody line...Stray Cats are definitely built for speed. Check out 'Rock This Town' and 'Stray Cat Strut'...Okay get out the ear-tampons, put on the Man-o-war and rest easy, knowing there's some molten metal out there to stiffen up your playlist...Cookin' at the Coop: Taxxi, Allies, Billy Idol, Belew, and Cocker."

KEN BENSON, EMI (800-421-4155): "The reaction to 'Out Of Work' by Gary U. S. Bonds has been overwhelming. Apparently you can touch on a sore spot if you treat it with the right sense of humor. Of course, 'Hold On', 'Angelyne' and 'Rendezvous' aren't doing too badly either. Kid Leo says the Gary U. S. Bonds is the best album of '82 so far. Do you wanna argue with him?...The Kim Wilde story gets bigger and better every day. Denver, Miami, Milwaukee, and Phoenix are the latest to start programming to the 'Kids In America'. P.S. Thanks to Jon Scott for letting Kim Wilde and myself pick up the bar tab at the Bowling Party. Particular thanks to all of you who said thank you...Thank you Kendall, Snyder, Hard, Groves, Kid Leo, Monaghan, Einstein, Bonds, and all of the rest of the early supporters of the new rock and roll of the Stray Cats...Keep your eyes open for Spys."

THE SOURCE

NBC Radio's Young Adult Network

Denny Somach produces the report for the NBC Source Radio Network, fed daily to over 174 stations. You can get in touch with Denny at 19 Rock Hill Road, Bala Cynwyd, PA 19004; 215-667-5118. The following are excerpts from this week's report.

The ROLLING STONES movie, shot during their recent American tour, will be called "Time Is On My Side". Some of the other possible titles that were thrown around were: "Rocks Off", and "Route 66", among others. The movie will be out some time this Fall, and this is the first movie on the Stones where the band has had complete control. The Rolling Stones have also told the Rock Report that they are quite pleased with the rushes they have seen so far.

THE CLASH has had legal problems since their beginning, and now they have to face another. This one is about a song on their latest album, "Combat Rock", called "Innoculated City". In one part of the song they use the jingle from the Saniflush commercial. And because of this, the unsold copies of the first 150,000 records in the stores may soon have to be removed, and the jingle taken out.

The Rock Report has learned that the VANILLA FUDGE will re-unite to record an album in November. The four original members are back: Carmine Appice, Tim Bogert, Mark Stein, and Vinnie Martell. No label deal has yet been announced.

The new JUDAS PRIEST album, "Screaming For Vengeance", will be out July 1st, and the tour of the United States will start later in July.

Two new unreleased JOURNEY songs will be featured on the soundtrack of "Tron", a movie about video games. The movie opens July 9th in 1,000 theaters.

JIMMY FARRAR, who replaced Danny Joe Brown in Molly Hatchet, and then was replaced by him again, is now pursuing a solo career. He's writing material for a new record which may be out soon on Epic.

THE JOHNNY VAN ZANT BAND have completed their new album, and it's called "The Last Of The Wild Ones". Al Kooper started as the album's producer and left mid-way through. The Lp was completed by Van Zant and the rest of the group. It will be released sometime in August, and some of the songs are: "Good Girls Turning Bad"; "It's You"; "Danger Zone"; and, the cover of the Kim Carnes' song "Still Hold On".

BIRTHDAYS THIS WEEK: 6/29: Ian Paice, formerly of Deep Purple, is 34; 6/30: bassist Stanley Clarke is 31; 7/1: Debbie Harry is 32; and 7/3: Paul Barrere is 34.

FOR YOUR INFORMATION:

When reading the individual station report, please remember that there are three ways in which album rotations are tracked.

1. **PLAYS PER DAY** - This refers to the actual number of exposures an album gets between 6 AM and Midnight on an average day of the reporting week.
2. **PLAYS PER WEEK** - Most of our weekly play reporters go back over their music logs for the previous week, and those totals are relayed to us and printed up.
3. **AIRPLAY EMPHASIS** - Be careful not to confuse this with PLAYS PER DAY/WEEK. EMPHASIS is a system of relative scaling, based on 5. If the highest rotation album gets 8 spins per day, it receives 5 points. If another album gets 4 spins, it merits 3 points, etc. This allows a much more detailed rundown than the conventional light/medium/heavy system.

Before the lead cut listings, you will notice three columns of numbers. We feel that it is highly relevant to include the number of weeks a station has been on a given album--so we're listing that information in a third column at the far left...We list debuts with a small "d". That indicates that the lp is in the second week of play. So--this week, we took last week's debuts, and gave them a 3 in the "weeks on" column. Next week those 3's will change to 4's--and so on. It's pretty simple.

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by converting all daily and weekly play reports to a 1-5 emphasis system and totalling the points on a given Lp. We use a simple percentage breakdown to indicate the amount of play on each track.
