Hard Choices

- "PORKY'S REVENGE" SNOYTRK, VARIOUS, COLUMBIA...** Who's cooler than Dave Edmunds? One of the few artists who merits play on image points alone always delivers hooks in spades... "High School Nights" feels right and this is George Harrison's best since... oh... all those years ago. And, although you guys don't play instrumentals (bill now), think seriously about Beck's masterful rendition of "Sleepwalk" and Clarence's "Peter Gunn Theme". Between Columbia's clout, a safe bet movie, and the all-star lineup, "Revenge" is sweet.
- ALISON NOYET, COLUMBIA...** We trust you'll tune in to the single momentarily--but if you need further proof of why she's so huge overseas, just listen to "Love Resurrection" and "All Cried Out". An artist to reckon with.
- ANGEL CITY, "I JUST WANNA BE WITH YOU", MCA** Why have these guys been trying to get to Mt. Heaven via the rocky road? This slow-cooking Blues rocker sounds to us like their best thing ever... Christ, we were on our knees after about four bars. In fact, we needed to call a cab to get home. Put your hands and this band on the radio and testify. Now this...
- ALCATRAZZ, "GOD BLESSED VIDEO", CAPITOL...** Graham Bonnet and Inga C. Palmstein (Steve Yell) are always a double-barrelled threat. And here's that shot and a beer sing-along mass-metal special they've needed.

Chain Reaction

- ERIC CLAPTON, "BEHIND THE SUN", DUCK/WB...** The raves and reports say you've got to be at least three deep--and we say it's closer to five: The single moves 3-2, thanks to 16 ups, and 59 max, still #3 Most Requested... "She's Waiting" pulls in at #53 with 38 adds, and "See What Love Can Do" also debuts at #78, now on 19... Now think real rotation on "Same Old Blues" and "Tangled In Love"... Radio Action: David Grossman, WCCC, "Without a doubt his most significant work in years"... Lee Randall, "He's on the rebound. From his cover of 'Knock On Wood' to the spicy love songs, we can tell this man feels good again"... Greg Gillispie, WBYE, "Obviously one of his best in years. The single is already at the top of the request list and the response has been very favorable on 'Tangled', 'Prisoner' and 'Same Old Blues'."
- KENNY LOGGINS, "VOX HUMANA", COLUMBIA...** 50 first-weekers makes this the #2 Most Added song, and "4" or better rotation at KSHE, WSHE, WACK, KATT, WLAV, WRXL, KOKB, WFBQ and several more make for a #53 debut... From KTXQ's Ted Utz, "Kenny will have continued success with the 'I'm Alright' riff. It's fun rock and roll for springtime"... Kevin Young, WCPZ adds, "Looks like another biggie. Should have my listener's foot-losing it before long"... And from Pepe Lopez, KLAQ, "This impeccably produced phone-burner has instant upper demo female appeal"... We ran a quick Checklist for song quality this week and found 29% surveyed said "excellent", 37% "good", and 22% "fair", and that is, in fact, totally alright.
- TEARS FOR FEARS, "EVERYBODY WANTS...", POLYGRAM** Now those raves rattle the stats--as the single soars 37-17, with 23 impressive increases (KYYS, WMS, KAZY, WOUR, WBAB), album debuts at #21 Nationally, #24 Metro... And 28 more adds give them 96 after three weeks... Then there's the Checklist which already shows 31 builders, including phones at KAZY, WFYV, KLAQ, WRXL, KTXQ, KILQ, WROU and WOUR... WFNX's Steve Strick screams, "A brilliant album!!! Tons of airplay and requests."
- TOM PETTY, "DON'T COME AROUND HERE...", MCA...** Tom tops the list in play increases this week with 29 in all... You've got to be impressed with the 13-4 Song move and he's also the star of the Most Requested Chart, with that 11-6 vault. With 46 now listing max, we don't want to hear about medize no mo.
- USA FOR AFRICA, "WE ARE...", COLUMBIA...** 68 stations make "World's Most Added" song this week, and we think both the song and sentiment should make it an across-the-board add by our next report... Note the #28 Debut with 14 max... KQOS' Mike Keller comments, "USA for Africa is a real station positive. Being a part of this is great for our station's image in the community"... From John Amberg, WJCT, "It is selling like cold beer in the Sahara Desert. That's a good sign, because I can't think of a more important record to play"... KNAC's Mary Jo Gedges calls it "A melodic, throat lumping, goose bumping tune", adding, "let's all give a standing 'O' for USA For Africa."
- HOWARD JONES, "THINGS CAN ONLY...", ELEKTRA...** Obviously his previous success is getting things done faster--as "HoJo" hits the bricks with 39, debuting at #63... The Checklist had 50% surveyed rating it "good" to "excellent"... WKDQ's Bob Ellis calls it "Howard's strongest work by far. For him things that could only get better--did"... WCCC's David Grossman, "This once again demonstrates Jones' ability to combine rockin' pop with multi-format production... It's also a "great song and philosophy" according to KRVV's Kevin Wall.
- FIONA, "TALK TO ME", ATLANTIC...** The numbers talk big--double LP primers 36-31 Nationally, 40-33 Metro, as "Talk" takes off 45-31... New on 28 for 69 total, with early play increases at 7 including WBCN, WJNY, WSHE, WFOR and WRXL... The Checklist offers 23 builders, none dropping and 23 maintaining with 11 considering... From Lex Staley, WFYV, "After listening to it all weekend long, not only did I add it, but it's become one of my faves"... From Pam Brooks, WPDH, "Love Fiona. The lady has a one-two punch and a gutsy voice that delivers on every song from this LP"... Vince Mertz, KZEL, says, "Sounds like Benatar may have some new competition."
- VAN ZANT, "I'M A FIGHTER", GEFEN...** The boy's back and kicking butt--25 out-of-the-box adds include KYYS, WAAF, KZEW, KISS, KLQJ, KGON, KISW, KMOD, WLVO, WJNY, and KTXQ... From Pepe Lopez, KLAQ, "When I first heard 'Fighter', I knew it was going to be a hit. This is one of those songs you feel as well as hear"... The Van Zant tradition of excellence continues. KILQ's Alan White feels the tune "Should be a KO for AOR"... Ron Diaz tells us "WYF had success in the past with other Van Zant tracks like 'It's You', so this one's a natural"... From KGON's Inessa York, "There's no denying the credibility of Van Zant and it really is well done"... New at #82.

BUILDERS

VAN MORRISON, "TORE DOWN A LA RIMBAUD", MERCURY... The Van Man pulls in with another 14--more icing on his 75-station comeback cake...Play increases include KSHE, KYYS, WCCC, WDHA, KLPX, and 4 more, with only one down and 38 steady...The Lp bullets 29-23 in the Nationals, 36-30 Metro, with "Rimbaud" up 42-36-24 in the last three weeks...From Joe Blood, KEZO, "If you haven't yet considered 'Rimbaud', then you're definitely not considering your upper demos. The song works and the Lp went 28-20 in local retail."

KATRINA AND THE WAVES, "WALKING...", CAPITOL... Lee Randall includes it in his "burning toward the top" category. This is indeed the Song Index scenario as the 75-56 Primer is this week's third strongest move. The add totals pace with 12 new/46 on...Out a minute and they've upped it at WBRU, WDHA, WHFS and WRCN..."Go Get 'Em" Ralph Tortora says, "What an uplifting tune. If this one doesn't make you feel good, then you're dead--and should get out of the business."

PHIL COLLINS, ATLANTIC... This week we Checklisted for Hottest Follow-Up Tracks, and Phil's bill of health shows serious interest in four--clearly the week's depth champ in the survey...They are, in order: 1) "Inside Out" 38-33; 2) "Sussudio", new single and video, up 61-60; 3) "Only You Know And I Know" 42-42; and 4) "Don't Lose My Number" 47-52...and the point spread on all four was extremely close.

SANTANA, COLUMBIA... Of course, you gotta play the single, which moved 12-15 with ups on KZEW, WQFM, WNOR, WKQQ, WBAB, and KDKB...As picked and played, "Breaking Out" is far and away radio's next choice... It charts at #97 this week. "Written in Sand" is on the back burner...Ralph Tortora, WBAB, pretty well sums it up, "The album is amazing!! The best in years!! 100% beef!! Bravo Carlos!"

THE FIRM, ATLANTIC... They repeat at #3 on the Airplay Index, "Radio Active" owns the #1 song slot, and "Closer" moves 22-21, still radio's second favorite on the Lp, with "Satisfaction Guaranteed" breathing down it's neck at #34. Watch this one come quickly--guaranteed.

"THE BREAKFAST CLUB", A&M... Simple Minds is thru the roof in all departments--those pivotal play increases are there--13 more include KSJO, KTXQ, KEZO, WAQX, KOME, WFYV and WLAV...Underlined 11-8, paralleling the Lp numbers: 15-11 National/16-13 Metro...Now go back and re-evaluate Wang Chung's excellent "Fire In The Twilight" coming soon to a 12" near you.

CHICAGO, "ALONG COMES A WOMAN", WARNER BROS... Just the facts, m'am: Up 21-16 in songs...The Lp Primes 21-17 Nationally, 21-10 Metro, and the finishing kick--13 play increases, none down...7 more adds. Coming along?

JASON & THE SCORCHERS, "WHITE LIES", EMI/AMERICA... With Baby Boom rockers dominating the Top 10, it's refreshing to see a pre-Yup rootsrock approach making serious airplay inroads. Jason jumps 50-45 National, debuts at #49 Metro, both Underlined, while "Lies" leaps 67-64...Buidling at WAAF, WKQQ, KLBj, and WTPA. 17 maintaining, 21 considering and none dropping. Scorchola! Building phones at WTUE, WRXL, and WHFS.

MOUNTAIN, "HARD TIMES", SCOTTI BROS./EPIC... Chugging charts, quality calls, building airplay, a rosy CHR future...This ain't no comeback, it's a resurrection! "Hard Times" climbs 49-44 with 6 new, 44 total, and a tip-top Checklist breakout: 4 building (WDVE, KTXQ, KXZL and KLPX), 20 maintaining, none dropping and 16 considering. Building phones at WMMR, KLBj, WAQX, WOUR and WBAB.

JOHN FOGERTY, "CENTERFIELD", WARNER BROS... You read a lot of "we'll play it till next Christmas" comments when the album arrived, and voila--the next single, "Centerfield" is this week's #1 Song Index Prime Mover, 64-41, the bonus baby to watch in spring training. That keeps the Lp smoking at #4 in overall play.

SIGNIFICANT SONGS

REO SPEEDWAGON, "ONE LONELY NIGHT", EPIC... "Can't Fight" furthered the notion that ballads work best for REO. Now's your chance to get in ground floor on their next panty melter. "Lonely" debuts at #92 on the Index with hottest action at WYNF, WLAV, KILO, WPDH, WNOR and KKCI.

GIUFFRIA, "LONELY IN LOVE", CAMEL/MCA... The 12" is just getting to radio, but the call letter quality is already strictly Members Only: KGB, WMMS, WYNF, WQFM, KBPI, KISS, and KZEW are among the first out of the gate. "Lonely In Love" debuts at #96, impressive in light of a week marked by medium trading.

REFUGEE, CHRYSALIS... More quality calls: WBCN, WAAF, KSRR, KISS, KATT, KMOD and KGB...That brings "Exiles" on the chart at #99...Heavies on the case include KTXQ, KZEW, WHJY, WPLR and WAAF. Have you listened?

GEORGE THOROGOOD, "I DRINK ALONE", EMI/AMERICA... He's always been a phone-jammer and "Drink" is the Destroyers' most active track to walk the line in some time. Building phones at 14 with Top 5 requests at KTXQ, WDVE, WPYX, WMMR, KEZO, WHJY, WAQX, WOUR, WRCN, WSKS, WBRU, and WDHA. Increased play at KSHE, KISW, KISS, WIYY, WQFM, and 3 more delivers a 34-30 Song move...David Grossman, WCCC, "Thorogood's best week yet! 'I Drink Alone' holds down Top 5 phones with 18-24 year olds, and the 'Maverick' Lp moves into the Top 20 retail!"...54 adds to date.

MICHAEL BOLTON, "EVERYBODY'S CRAZY", COLUMBIA... With the Lp charting in the mid 30's and "Crazy" up to #45, we've got new air on KTXQ, WKLT, WPDH, KXZL, and KLPX...Ups include KSHE and WRCN with WPLR and KQRS citing top 5 calls. We'll Checklist for phone feedback next week.

U2, "A SORT OF HOMECOMING", ISLAND... Two weeks of major motion in a row, play increases at KGB, WPLR, WNOR, KLPX, and U2's unquestionable media profile, image, track record, and box office receipts should convince the 16 stations considering that this is a legit track. Maintaining on 19, building at 6, including KGB, KTXQ, WPLR, WCCC, WEZX, and WSHE...Seven new adds, 39 total with a gorilla 62-49 Index underline.

ACCEPT, "MIDNIGHT MOVER", PORTRAIT/EPIC... The Rockers '85 Convention cooled things down in general, but Accept continued to take some names and numbers...New on KLOL, KYYS and WFYV...KXZL upped, and ditto "Mover", 65-61. The "On" list includes KGB, KTXQ, KZEW, WHJY, WYNF, WYSP, WAAF, WDIZ, KMOD, DC101, and WIMZ.

JOHN WAITE, "CHANGE", CHRYSALIS... Nearly one-third of those playing are rolling this pre-tested performer in heavy or max. Factor in play increases at WQFM, WMMS, WSHE, and WNOR, and you've got a 63-54 change up...Back Paging: 47-44/43-42...Three new adds, 38 total, including KSRR, KISW, WCMF, WEBN, KISS, KLOL, WBCN, and WZZO.

THE POWER STATION, "SOME LIKE IT HOT", CAPITOL... One week out and these rhythm aces are already building at WSHE, KROQ, WPLR, WCCC, WTOS and KBLE...With 8 new, 38 total and a 73-62 Prime Move, it's time to call the coast. Are you gonna do it?

HALL & OATES, "SOME THINGS ARE BETTER LEFT UNSAID", RCA... When's the last time anyone got burned by these guys? "Unsaid" is "Bam's" third boom, with more at the door, so relax and hop on this 82-66 Primer, pronto. P.S.: Don't miss Erin Riley's comments on H&O's Philly homecoming.

DOKKEN, "ALONE AGAIN", ELEKTRA... Updating action on one of the more horizontal follow-up albums--the third track out is new on WAAF, KZEW, WQMF, WSKS, KGB and WGIR...KISS increases play, KGON, KLOL, WHJY, WRIF, WYNF KILO, and several more hold steady...Underlined 87-80 on the Song Index.

JOAN ARMATRADING, "TEMPTATION", A&M... When it comes to rock and roll radio, it's easier when you're sleazier, so don't expect gangbuster numbers right away with a class act like Joan. Still, we're looking at an 88-81 Song Primer, with WLIR and WSHE just in, and heavies like WBCN, KLAQ, WSHE, WPLR, WBAB, WHCN, and KZOK already on for 34 total.

Congratulations to JON DRAKE, MIKE HARRISON, ROB HABER, and all involved in Rockers 85. In addition to Big Bucks raised for the TJ Martel Foundation at the Rock and Bowlathon, the gathering gave an interesting and varied cross section of radio and records, etc., a chance to discuss vital issues of the day. Veteran DC101 P.D. DON DAVIS exits to accept same position at the new B/A/M/D outlet in Chicago, WCKG. Former WMET jock John Fisher also lands at CKG for an on-air position.

"Adult Chr" is how JOHN GORMAN describes the new course he'll be charting for WPHD, Buffalo. The G-Man's first consultancy arrangement officially began March 11th. John tells FMQB to expect a full service Buffalo radio station with lots of rock & roll, mixed in with lots of hip R&B crossovers like The Time, Tina Turner, Animction, The Commodores, and Prince. WPHD will program to fill the void for a creative, full service, adult, broad-based contemporary station, leaving the hard rock contingent to Q107, Toronto, who have already geared a massive TV ad campaign at the Buffalo market. Contact WPHD at (716)885-1400. J.P. is Opr. Mgr; Harv Moore is VP/Gen. Mgr.

TODD CHASE did accept the P.D. gig at KLPX, Tucson. But just for one day. After Todd turned down the job, KLPX upped staffer Brian Miller to the P.D. chair.

From MARC COPPOLA, P.D., WRCH: "M.D. John Grappone is now also Assistant P.D., effective immediately. He maintains his M.D. duties."

NANCY MARTIN exits as M.D./Morning Show Host at KQDS, Duluth for on-air work at WKDF, Nashville. That leaves KQDS, P.D. Mike Keller shopping for an entertaining, creative morning person with good production skills, that could lead to an eventual M.D. position. If you fit the bill, get your T&R to PO Box 6167, Duluth, Minnesota 55806.

JACK PERRY moves from weekends at KSJO, San Jose to full-time Production Director. KEN JOHNSON is the new mid-day jock and Production Director for WVIC, Lansing, MI (from WWCT, Peoria, IL).

BRIAN KRYSZ is back in the ballgame: He's the new P.D. for WBWS, Wilmington, NC. Record service please, please! PO Box 2428, Wilmington, NC 28402. (919)762-2100.

Hot on the heels of WKLC, Charleston P.D. Jo Robinson's departure, Acting P.D. Dal Paull announces his intention to accept the 7-midnight gig at WRXL, Richmond, VA. Interested in the Charleston P.D. slot? Contact Lynn Martin, General Manager, or Dave Logan, at the B/A/M/D office in Atlanta.

WWTR needs an immediate morning madman with production skills to enjoy a great summer at the beach. Send T&R to: WWTR, PO Box 717, Ocean City, MD 21842. INQUIRING CALLS OKAY.

Happy birthday to Elektra's Mike Bone and WAOR's Ed Zitkowski.

Rumor Of The Week: Bruce Moser and Doug Dombrowski have opened a turntable repair clinic/plaque engraving service, and home for wayward P.D.'s, in Buffalo. For more details call 1-800-HOT TUBS.

News From Rock Over London

A 16-track, star-studded Lp, "In Aid Of Greenpeace", will finally be released next month! It's taken a year to put together and all the songs have an ecological theme. It includes NIK KERSHAW's "Human Racing", EURYTHMICS "No Fear, No Hate, No Pain", and a new song from GEORGE HARRISON called "Save The World". "Greenpeace" hopes to release a similar album next year and Nik Kershaw has already promised to donate a song called "Save The Whale"!

DIRE STRAITS are back on the road in Britain after an 18 month break. They've confirmed 15 British dates for the early Summer and they will be sponsored by Phillips Compact Disc, because Dire Straits are the biggest selling CD act Worldwide. The opening night will be a gala performance at Wembley in the presence of the Prince Of Wales. All proceeds will go to the Prince's Trust Charity.

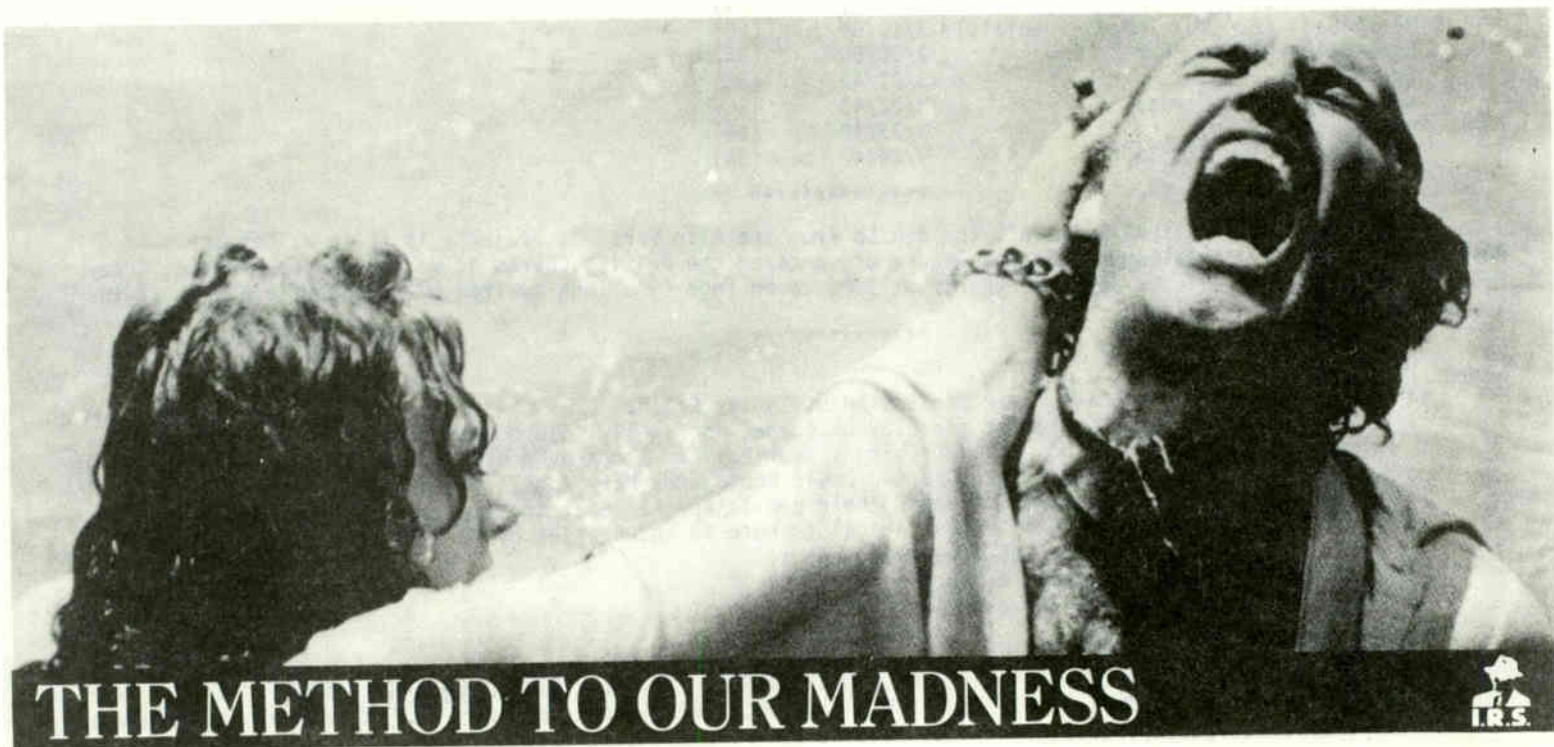

One person who is not particularly eager to work with the Crown and has downright stirred up a bit of royal controversy is Morrissey from THE SMITHS. Taking a swipe at Princess Diana in an interview, he apparently said, "There's something dramatically ugly about a person who can wear a dress worth six thousand pounds when there are people who cannot afford to eat!" Oddly enough, they share a common interest. Diana is virtually vegetarian and anti-blood sport. The Smiths' latest release "Shakespeare's Sister" is just out and that's b/w "What She Said" from the "Meat Is Murder" Lp. The 12" contains a previously unreleased track called "Stretch Out And Wait".

STRAWBERRY SWITCHBLADE follow up their Top 5 hit "Since Yesterday" with "Let Her Go", due out March 15th. The Polka Dot duo, JILL BRYSON and ROSE McDOWELL are recording the first new GODLEY and CREME single after almost a year. It's called "Cry" and the B Side is "Love Bombs", and that's released by Polydor on March 15th. It's co-produced by Godley and Creme as well as TREVOR HORN. A new Lp should be out in April!

It's been confirmed by A&M that SQUEEZE have reformed. Most of the original members are back in the lineup including DIFFORD and TILBROOK and JOOLS HOLLAND. MILES COPELAND, who managed the band in the past, is apparently involved once again. Squeeze is due to start recording a new Lp next week.

"That Old Devil Called Love" is ALISON MOYET as never heard before! She just covered the BILLIE HOLLIDAY classic. You can hear the dramatic change on this week's ROCK OVER LONDON...Listen out also for KINGS' follow-up to "Love And Pride", something called "Won't You Hold My Hand Now". NICK HEYWARD follows up "Warning Sign" with "Move It Up" b/w "Don't Go But Don't Stay Either". That curious sounding combination will be out on Arista on March 22nd. Right now Nick's working on a new Lp which is set for release in the Summer. We also have the dub-mixed version of MICK JAGGER's "Just Another Night"..."Speciality" is our choice from HOWARD JONES' "Dream Action" Lp, plus GO WEST giving their first-ever radio interview...It's hard to believe, but it's already been 20 years since the YARDBIRDS "For Your Love", and we'll be playing that on our anniversary oldie and don't miss the brand new #1 in the Top 5.

THE METHOD TO OUR MADNESS

The Rock Report

THE ROCK REPORT has learned that despite efforts from the former Beatles to save the Strawberry Fields Orphanage, the Liverpool home for children will close in two years due to financial setbacks. Paul McCartney most recently donated a good deal of money but apparently the home - for which the song "Strawberry Fields Forever" was named - will not be able to sustain. On another sad note, the Cavern Mecca Beatles Shop, which is also in Liverpool, will be closing its doors for the same reason.

THE POWER STATION, the band comprised of Robert Palmer, John and Andy Taylor of Duran Duran, and ex-Chic drummer Tony Thompson, have just released their first single, "Some Like It Hot", from their debut album. Tony Thompson told The Rock Report that a tour seems out of the question for this ad-hoc group - due to prior commitments. Duran Duran will begin recording their new album very shortly. Robert Palmer leaves for the Bahamas to begin work on his next solo project any day now. And, Tony will be busy doing some work with Elton John and Men At Work, if all goes as planned.

ZZ TOP ARE CURRENTLY in the studio working on the follow-up to the multi-Platinum "Eliminator" album. One of the songs to be included on the new Lp will be a tune that was written about five years ago titled "Delirious". The band will get a chance to perform this new material "live" in England when they headline the Monsters Of Rock Festival this August.

LONDON CORRESPONDENT, MAL REDDING, phoned in to tell us that the Rolling Stones have penciled in August for the beginning of their U.S. tour. The band, with the exception of Keith - who is awaiting the birth of his third child - are currently in Paris recording their upcoming CBS album. The Stones plan to play the States first, then follow with a European and world tour.

ANOTHER BAND RECORDING IN PARIS is the Thompson Twins who are at Markaday Studios working on their follow-up to "Into The Gap". This new Lp is titled "Future Days" and is due sometime in May. The Twins are planning to tour the U.S. in support of this album beginning in June and lasting through August. It's a good possibility that "King For A Day" will be the first single.

QUIET RIOT ARE STILL on the lookout for a new bass player to replace the recently departed Rudy Sarzo. The band embark on a huge tour taking in Europe, Canada and South America this Spring, and plan to use a temporary bassist for the trek. When the band return from the road and get ready to record their new Lp, they will concentrate on finding a permanent replacement. Look for a new Quiet Riot album in the Fall.

AYNSLEY DUNBAR, FORMER DRUMMER for Journey and the Jefferson Starship, is planning to join forces with guitarist Ronnie Montrose, who has played with the likes of Van Morrison, Jeff Beck and had his own band simply called - Montrose. The two have just begun collaborating, and hopefully, we will see something from them soon.

THE ROCK REPORT WAS SORRY to hear about the death of David Byron, former vocalist with Uriah Heep. Byron left Uriah Heep in the late '70's and released three solo albums - the last being "This Day And Age", in 1980. The cause of death is not known.

SANTANA FANS BE ON THE LOOKOUT for a mini-documentary on Carlos Santana coming soon. This profile focuses on Carlos' long-standing career, his musical influences, and his work with Santana, as well as other notable musicians. The band have just released their 15th Lp titled "Beyond Appearances", and will be out on the road supporting this album come Spring. This new record features Greg Walker, one-time vocalist with the group who was last heard from on the "Festival" album.

BIRTHDAYS THIS WEEK:

Terry Hall (Fun Boy Three, Specials)	3/19/59	(26)

Radio Action

WLVO, COLUMBUS, OH M.D.-LEE RANDALL: "Top 5 retail albums: Phil Collins, Bruce, John Fogerty, David Lee Roth, and The Firm--A week of solid record adds...Eric Clapton's on the rebound with his new entertaining album. From his cover of 'Knock On Wood' to the spicy love songs we can tell that the man feels good again, wants to get on that concert tour, and most important will sell a boatload of new albums...In-house this week we're excited about the Johnny Van-Zant and the Van Morrison track. We'll try to pass that excitement on to the audience...Records that are burning toward the top: Katrina And The Waves, Tears For Fears, The Tubes, and The Firm...A thank you to the management of Flash Kahan for a short introduction to the band and their sound. Credit must go to Pat Still for putting together a great promotion without The Kinks. So, whaddya think of a P.D. who opens up the phone book and finds his own Ray Davies, who coincidentally has a son named Dave? We told listeners that they would go to dinner with Ray and Dave Davies, not The Kinks, but great guys anyway, from Columbus! The listeners that caught on enjoyed it as good humor, and the rest of the audience thinks we really went to dinner with The Kinks...We welcome to our staff, Jo Robinson from West Virginia, and since she's a rock and roll mama, we've given her the name 'Jo Mama'. She'll be assisting in music duties at the radio station."

WYNF, TAMPA/ST. PETERSBURG, FL M.D.-RON DIAZ: "First things first! Bowling party, a.k.a. 'Schmooze Fest '85', was a smashing success. Jon and Drake were mahvalous and the music kept us all dancing and smiling between frames. Bowling with Bolton, Nasty Reisman and Johnson was not only a side-splitting laughter, but the pins fell our way and boom, we copped the '85 title--despite a valiant effort by the PolyGram Recordheads...Marko, you and the Geffen group have another s-m-a-s-h this time with Van-Zant. WYNF had success in the past with other Van-Zant tracks like 'It's You'--so this one's a natural!...I've been on the Tears For Fears bandwagon before with 'Pale Shelter', and I've jumped aboard again. 'Everybody Wants To Rule' is such a smoothly textured piece with not too much synth and a bouncy feel-good drive. Two listens and you're singing along. I hope Tears For Fears go as far as they deserve--all the way...Special thanks to John Schoenberger. Great job with the MCA effort. P.S.: Marko and Christiana--I love you two knuckleheads--I mean it!...To the new folks I met at the Convention: Let's do it again soon!"

WHJY, PROVIDENCE, RI M.D.-JEFF RICCIO: "Eric Clapton's been around long enough to know what to include on an Lp and make it a work of art. Of course, there's the pop-influenced 'Forever Man', then there are your classic Clapton melodies that have that soft touch, and then my favorite ingredient where Clapton's guitar takes off as it does in 'Just Like A Prisoner'. It's for records like this that I stay in the business...So, you're not sold on 'til tuesday yet! Solution: Catch the video. If that doesn't sell you, then start to worry...Los Lobos has reached Top 15 sales in the market. Can you believe it? Again, our hats are off to the Warner's crew for staying with the band...Hope you all had a good time in L.A. Nenni just got off the plane and he looks like he did! Why do I get the feeling I'm the only one who can stand long enough to write comments this week?"

WSKS, CINCINNATI, OH M.D.-MARTY BENDER: "Hey, let's all release a record about Ethiopia and go to Hawaii!... Stop me if you've heard this one before: How many Ethiopians can you fit in the space between WXRT and WLUP? Answer: None."

KGON, PORTLAND, OR M.D.-INESSA YORK: "Requests: The Firm and Deep Purple continue to do very well. And the new h-o-t ones? Bruce's 'I'm On Fire' and Henley's 'All She Wants'...With all these heavyweight albums being at least five tracks deep, it's easy to get top heavy. So, it's also nice to balance out with some of the new entries such as Fiona or Blasters...I feel the same way about Van-Zant. Though I admit adventuresome music such as that great new Yello Lp is more to my personal taste, there's no denying the credibility of Van-Zant and it really is well done. I was almost going to say 'a great comeback', but then I remembered what Sean Coakley said last week, so I'll just say I think it can fly!"

WCCC, HARTFORD, CT P.D.-DAVID GROSSMAN: "Eric Clapton's 'Behind The Sun' is, without a doubt, Clapton's most significant work in years! Trying to narrowcast the cuts into rotations is pleasantly a difficult task; however, we begin with emphasis on 'Same Old Blues' (hypnotic blues guitar) and 'She's Waiting'...Power Station, 'Some Like It Hot', is a h-o-t multi-format track! The 7" debuts Top 30 retail!...Thorogood's best week yet! 'I Drink Alone' holds down Top 5 phones with 18 to 24 year olds, and the 'Maverick' Lp moves into the Top 20 retail!...Howard Jones 'Things Can Only Get Better' demonstrates once again Jones's ability to combine rockin' pop with multi-format production...George Harrison's 'I Don't Want To Do It' is the sleeper surprise on a very hot 'Porky's Revenge' soundtrack. Written by Dylan--easily Harrison's best effort since 'All Those Years Ago'. Dave Edmunds 'High School Nights' also stands out and garners an add at WCCC."

KGB, SAN DIEGO, CA ASST. P.D./M.D.-TED EDWARDS: "I just rolled back into the office, fresh from Rockers '85 and am somewhat unprepared to do much except find out what all this stuff that's accumulated on my desk is. More comments to follow next week."

WBCN, BOSTON, MA ASSOCIATE MUSIC DIRECTOR-DANNY McCLOSKEY: "While Bob's off sunning in California, I'd like to talk about our local music and the work we do here with it at WBCN in Boston. 1985 marks the 7th year for the WBCN Rock & Roll Rumble. The Rumble features twenty-four bands each year. The breakdown of the event is four bands a night for six nights. The winners of the first three nights and winners of the second three nights compete in two semi-final evenings. Winners perform two sets each night on a grand finale night held at the end of eleven (that's right eleven) days. The final night also features surprise special guests. Thanks go to the J.Geils Band, The Fleshtones, The Alarm, and Joan Jett And The Blackhearts, who have all performed in the last few years. I'm sure you must be thinking that after six years it's getting hard to find bands to participate. Not so. Boston bands are as numerous as their music is innovative and diverse. The past years have seen some competing bands go on to national fame such as Face To Face. The 1983 Rumble was especially exciting with three of the semi-finalists receiving national contracts. The Del Fuegos received considerable airplay with their debut Lp on Slash Records last summer. Digney Fignus has released an Ep on Columbia; and 'til tuesday, the winners of the 1983 Rumble, have released an Lp on Epic to much critical acclaim. The debut single from 'til tuesday, 'Voices Carry', has been #1 on Ken Shelton's Friday Countdown for the past three weeks, and requests for other Lp cuts keep the phones lit. A Providence band, The Schemers, took top honors in the 1984 Rumble and have been interviewed on MTV (one of the top Rumble prizes). Other prizes include cash, studio time, video shoots and sound equipment. The five judges vary each night with a total of forty-five for the entire event. Judges are taken from the WBCN air staff, local promotional people, local media and national A&R representatives. Judging criteria falls into five categories: playing effectiveness, vocal effectiveness, material, timing, and stage presence. We here at WBCN feel it's important to get behind local bands not only for the future of R&R, but also because of the fact that band members are radio listeners. Back scratching all around. If anyone has any questions about our Rumble or how to put together one of your own, I'll gladly come down from my soapbox for all calls. I'm at the station Monday through Thursday, but if I'm not available leave your name and number and I'll get back to you."

KSJO, SAN JOSE, CA M.D.-KEN ANTHONY: "The Bowling Party was a smash bash. It was nice meeting lots of radio and record folks. Special thanks to: John Schoenberger, Heavy Lenny, and Ray Gmeiner for lodging, transportation and fun. See you at Rockers '86."

WNEW-FM, NEW YORK, NY MUSIC COORDINATOR-AMY GROSSER: "Eric Clapton is alive and well and living at WNEW. This Lp has lots of tracks to choose from. 'She's Waiting' is at the top of the list...Many thanks to all the Polygram people for a wonderful Purple time, especially John Westin...Top 5 on WNEW: The Firm 'Radioactive', Simple Minds 'You', USA For Africa, Eric Clapton 'Man', Power Station 'Some'...Hurry up, Tom Petty."

WWDC, WASHINGTON, D.C. M.D.-DAVE BROWN: "I don't usually give comments because I don't think anyone really cares who I ate lunch with (I leave that to Sky Daniels) but I feel I should mention that our Program Director, Don Davis, has resigned to accept the PD post at Chicago's WCKG. We're sorry to see Don leave but we wish he and his family all the best."

KBPI, DENVER, CO M.D.-LYNN WELLS: "I want to thank everyone involved in the T.J.Martell Rock and Bowl-a-thon for Charity and the Rockers '85 Convention especially, Jon Scott. It has been an enlightening and exciting few days here in Los Angeles. Congratulations to all involved. It was great to see old friends and familiar faces."

KTXQ, DALLAS, TX P.D.-TED UTZ: "I can't honestly say that the Clapton album is as right for Q102 as the single, because it's not. Nonetheless, we're going with 'Tangled In Love' and 'See What Love Can Do' to see how our listeners will react...Kenny Loggins will have continued success with the 'I'm Alright' riff in 'Vox Humana'. It's fun rock and roll and springtime. And you know CHR is gonna burn it so get to it early...Michael Bolton makes the playlist this week with 'Everybody's Crazy'. Hey, Michael, when you come to Dallas we'll continue that interview we started in Providence last year...Van-Zant's 'I'm A Fighter' looks like it's going the distance. Don't miss out on the extras this tune will deliver...Sorry I missed the action in L.A. last week. But I can't bowl."

WBAB, LONG ISLAND, NY M.D.-RALPH TORTORA: "Memo to All Record Companies, re CD's: We have purchased as many older title CD's as are available. I think it's only fair we and all stations using CD's receive the current product which is available on CD (for example, Don Henley, Mick Jagger, John Fogerty) for free. CD's are here to stay. Deal with them...Yeah, she's cute--okay pretty--all right, she's gorgeous. Take that away and what have you got? A great voice that happens to look great too. Fiona. How can she miss? Hot production, Peppi ('Rescue You'--good tune) and with my man Joe Franco banging the skins, how can we not play this record? There's plenty to choose from. You should play this record too...Katrina And The Waves took me by surprise. What an uplifting tune. If this one doesn't make you feel good, you're dead and should get out of the business...Santana's album is amazing. The best in years. 100% beef. Bravo, Carlos...Got a chance to see the new Clapton video last week. He looks marvelous and the song is great too. Truly a winning combination...Thank God, Alcatraz didn't drop from sight due to the demise of Rocshire Records. Nice work, Capitol. You've got yourselves a winner...Robin George continues to build nicely for us. Steady calls and some sales too. If you've been hesitating with this one, don't. It's a solid song and that ending drives the listeners wild. They love it...Look out, Flash Kahan is on the loose. Check this 12" out. It could be a biggie...Sade might be too smooth for some, but we're gonna give it a go...Records not to be avoided: Van-Zant, 'Porky's Revenge' soundtrack, Kenny Loggins, and Howard Jones. All good to great."

WYDD, PITTSBURGH, PA. M.D.-DAVE SHEDLOCK: "Kenny Loggins has outdone himself with 'Vox Humana'. Listen to the first minute of the song and you'll hear so many hooks you'll lose count. I think the listeners will eat it up...The USA For Africa single is kind of soft for us, but the project deserves radio's support and we're doing our part. I hope everyone does the same...Hall And Oates have always been a staple for us and I'm sure we'll have another success story with the 'Some Things' remix...I have some reservations about the re-mix mania going on lately though. I think that unless we heavily sell the fact that we're playing a remix our listeners are likely to buy records believing they're getting versions of songs that just aren't on the albums...I can't help but tap my foot along with John Fogerty's 'Rock And Roll Girls'. It's the song from the 'Centerfield' album...Fiona's 'Talk To Me' is hot stuff. And there's plenty more where that came from. Check out 'Hang Your Heart On Me' and 'The Na Na Song' from her album...It's going to be interesting to see if Van Morrison can cross over the new generation gap. 'Tore Down' is a great song and I know it's going to do well with the upper demos...Simple Minds were our #1 requests again this week with Animotion and Murray Head in hot pursuit...But be on the look-out for Howard Jones and General Public. They're coming on strong."

WDVE, PITTSBURGH, PA. P.D.-GREG GILLISPIE: "Eric Clapton's 'Behind The Sun' is obviously one of his best in many a year. The single is already at the top of our request list and the response has been very favorable for 'Tangled In Love', 'Just Like A Prisoner', and 'Same Old Blues'...If someone could be sued for stealing from themselves, Kenny Loggins would be the first in line. This guy is talented, and yeah, we know the formula works, but c'mon how 'bout doing something new and creative, instead of recycling the hits...The Santana album, although as a whole it's not one of my favorites, does have some true standout tracks. Besides 'Say It Again', 'Breaking Out' is vintage Santana material...The Firm import will help keep this single from getting real burned, particularly, now that the CHR's in town are starting to pound the single. And speaking of The Firm, 'Satisfaction Guaranteed' should be the next single. The requests have already surpassed 'Radioactive'...Now that we've been pounding 'Just A Gigolo' since the Ep came out, the record company has put it out as a single. I guess that means it's time for us to emphasize 'Easy Street'... Streets did very well in Pittsburgh the first time, and the new one appears to be picking up where the first one left-off. It's already Top 5 phones...I got my hands on the album version of the Petty song and it has a continuation of the last 30 seconds. Great guitar licks there...I understand the new Phil Collins single will be 'Sussudio'. This is my favorite song on the album but when we played it as an import, the reaction was mixed primarily due to the Prince similarities."

WMMR, PHILADELPHIA, PA. M.D.-ERIN RILEY: "Whirlwind, I guess that's a good word for it. I'm barely able to get myself together. Feels like I had a month's worth of experience in five days. Friday, the thrill of a lifetime. Live. The Biz. L.A. Sports Arena. Let's have lunch. And then, Kenny Ryback did something so original I'd never ever seen before in the history of R & R, a guitar smashed before our very eyes. Amazing. Followed, of course, by Keel and Triumph. Triumph does know how to put on a really big show. Great to see everyone at the bowling party. I'd love to do it every weekend if my body and fingernails could only take it. Especially, nice to meet both Ron Diaz and Robert England. Too bad time is so short but I had to fly back to see my favorite band Hall & Oates (known to some as Daryl & Oates). It was a fun two days. Hall & Oates coming home to Philadelphia is a real big deal. We all traipsed around the City while the Mayor gave them the Key To The City, a small Liberty Bell, and proclaimed March 12th Official Hall & Oates Day. What more can I say about the show that I haven't already said. It makes me proud to see how much of the Philly sound is still with them...Musically, The Tears For Fears knocks me out. I started buying their imports a few years ago when they first released a nine-minute version of 'Pale Shelter' b/w 'The Prisoner'. This one seems just a little less sad to me. I'm crazy for 'Everyone Wants To Rule The World' and 'Listen'...Personal To Beaver: We must get together soon. What are you doing for Easter? Call me."

WPDH, POUGHKEEPSIE, NY M.D.-PAM BROOKS: "Eric Clapton and Phil Collins top off our list this week at PDH. Three deep on Phil and 'Inside Out' is a must, although it is hard limiting oneself on this fine Lp. We believe between 'Night', 'Don't Lose My Number', and now 'Inside Out', we're giving the listeners every exciting varied side of Phil. Needless to say, his finesse is there on Clapton's new Lp, and what a treat experiencing the differences that both he and Templeman help Eric Clapton to create. 'She's Waiting' excites me as much as 'Forever Man' did on first listen. It's a winner, hands down! Don't make the mistake of hearing 'Behind The Sun' as just a Collins project with his stamp on it. Clapton has a magic of his own and deftly lets his producers enhance his paces...Love Fiona! The lady has a one-two punch and a gutsy voice that delivers every song of her debut Lp. Go back and listen closely. We've done it for Pat Benatar and Patty Smyth, and we can make it a triple threat by standing behind Fiona...Speaking of ladies, one who has always topped my list of favorites is Joan Armatrading. She keeps plugging away at the best of them and you can't help but respect and admire her tenacity. She flexes the fine vocal talent and her distinguished style is right there on 'Temptation'. Here's hoping it's her biggest yet...East is East and West is West, and rare the twain shall meet. Thanks to Elektra's new guy, Steve Schnur, for dinner and battling some crazy directions...Let's make it an all Anne Murray week!"

WIOT, TOLEDO, OH ASST. M.D.-RICK VAN GIL: "While Roz is playing in the sun in Los Angeles, we're playing 'Behind The Sun' and we think it's the greatest thing since sultan lotion! Before the album was unwrapped, our jocks were drooling over the new Eric Clapton, and since I ain't too stupid--we're on 'She's Waiting', 'See What Love Can Do' and 'Tangled In Love'. And since we bad, the blusey 'Same Old Blues' goes on when the sun goes down. Slowhand is back and this record will ease the pain of waiting for Spring to come to Toledo...Kenny Loggins goes on, as does a re-add of Chicago, and Fiona. I'll spend the next couple of weeks listening to 'Talk To Me', looking at her album cover and saying talk to me!...The City of Toledo may have lost 19 million dollars to build our Convention Center, so if you know a group of musicians available, please let us know! We need to write a song called 'give us your money, we need the bricks!'"

KLPX, TUCSON, AZ P.D.-BRYAN MILLER: "After six years of hard work, the effort has finally paid off! Effective last week, yours truly--Bryan Miller--was named Program Director of KLPX. Let's clear the air regarding this position. I'm not from the East Coast--I'm home grown talent, having been in this market for over ten years! Many of you have talked to me during my stint as Music Director. You know I'm not normal! Fine, that's settled, period! Apparently there was some bogus information running around concerning another individual having already been named to the position. It was even printed in several trade publications. Suffice to say, these rumors were not true! I look forward to this challenge, and I do mean challenge. Not only being named Program Director, but holding down the morning show here at the radio ranch. I've wanted this chance for years and now I've got it. Thanks to everyone who has written and called wishing congratulations. We're Tucson's only rock and roll station and we're AOR and proud of it! (Don't hold back, Bryan--tell 'em how you really feel!)"

WFYV, JACKSONVILLE, FL M.D.-LEX STALEY: "Bob Bittens had interesting comments last week about the best records being the one's you don't hear right off the bat. The Fiona record strikes me that way, and after listening to it all weekend long, not only did I add it--but it's become one of my faves! She has the unique rawness in her voice that you would find maybe in a Pat Benatar and the seductiveness of a Chrissie Hynde...Personal raves also go out to Howard Jones and hometown boy, Johnny Van-Zant...Sorry I missed you all in L.A.!"

WIMZ, KNOXVILLE, TN M.D.-SCOTT PAULSEN: "I agree totally with Alan Sneed's comments in last week's trades and if offered the P.D.-ship of WKLS, I will not accept. So, quit calling.--\$60,000, and that's my final price...wait! wait!!--maybe for \$50,000!"

KEZO, OMAHA, NB M.D.-JOE BLOOD: "The Van Morrison continues to build here in Omaha. This week in retail it went 28 to 20. If you haven't yet considered 'Tore Down A La Rimbaud', then you're definitely not considering your upper demos. The song works...Now that we have stock in the market 'The Breakfast Club' Soundtrack is also starting to make a move...The Firm concert here Friday night, March 8th, was a smashing success. Thanks to Alison from Atlantic/New York for the phone interview with Jimmy Page. He was in good spirits and it was great to talk to him!"

WAAF, WORCESTER/BOSTON, MA M.D.-RUSS MOTTLA: "Let's talk underdogs this week! Please do not overlook the new 'til tuesday record. 'Voices Carry' is an elegant rock and roll song that does fit any AOR format, especially if you're a station who plays crossover CHR. Here in Boston, 'Voices Carry' has proven itself to be one of those reactionary records as well. Our listeners want to hear this song! Sometimes it's easy to overlook really great songs because we all tend to get caught up in industry hype and stop using our ears. Really l-i-s-t-e-n to this one, and I think you'll be a believer in 'til tuesday also...While I'm in my 'attitude' mode, if Donnie Iris isn't on your station yet, he should be. 'Injured In The Game Of Love' is a great rock song. Okay, maybe it's a little silly, but let's not forget why people listen to the radio in the first place. They want to be entertained and this song is entertaining! C'mon, Donnie takes one of rock's biggest cliches--one that's written about in paragraph length hooks and says it in just seven words, 'I Love Girls And Rock And Roll'. In this case, less is indeed more. Play Donnie Iris!"

KLAQ, EL PASO, TX M.D.-PEPE LOPEZ: "It's springtime in the desert! The sun is shinin', temp is in the eighties, and our listeners are walking around with their hormones pumpin' double time. 'Tis the season for, yup you guessed it, love songs. Here are a few that you may have overlooked but are worthy of airplay: REO Speedwagon 'One Lonely Night', Giuffria 'Lonely In Love' and Survivor 'Broken Promises'...Kenny Loggins is hitbound with his new one 'Vox Humana'. Impeccably produced, this phone burner has instant demo female appeal...Pepe's Pick-of-the-Week--a Scorcher! When I first heard Van-Zant's 'I'm A Fighter', I knew it was going to be a hit. This is one of those songs you feel as well as hear. The Van-Zant tradition of excellence continues."

WBRU, PROVIDENCE, RI ASST. M.D.-LARS MURRAY: "Eric Clapton's 'Behind The Sun' brings Eric back to R&B in a big way. We especially love 'Knock On Wood'. Clapton playing Cropper is a killer combo. (Sure beats the Amy Stewart version)...We've been on Howard Jones since the import 12" of 'New Song'. 'Things' sounded great the first time and it only gets better...The buzz around here these days is the fifth annual BRU/Stroh's Rock Hunt. Thus past weekend on two nights at Lupo's Heartbreak Hotel two slates of three relatively unknown local bands drew over 500 people each night, with Yuhboys (Friday) and MX (Saturday) winning their semi-final rounds. This weekend we have two more semi-finals. And the finals are Saturday the 23rd...Be here next week, same bat channel, when Amanda returns for her grand finale."

WQBK, ALBANY M.D.-PEGGY APPLE: "Ever since the first import single I bought from Tears For Fears, I've been a fan. This new album will bring them right out into the front. 'Everybody Wants To Rule The World' is one of those great driving-on-a-sunny-spring-day tunes...I'm still having fun, as I'm sure everyone else is, identifying everyone on 'We Are The World'. Best voice on it, well, Bob Dylan, of course...Sade is hot in Albany. Sales of her album 'Diamond Life' are phenomenal...This town is also excited about Joan Armatrading's upcoming show. She is appearing in concert next month and we are giving away tickets this week at a listening party for Joan's new album 'Secret Secrets'. Thank you, Sue DeBenedette of A&M, for all your help...Golden Apple award this week: Elliot Easton, 'Shayla'."

WTPA, MECHANICSBURG, PA P.D.-LOUIE TORRIE: "First Birch Report is out, our numbers have more than doubled the previous format...Jeff Pollack Consultants should be on board at the station as you read this!"

WKQQ, LEXINGTON, KY M.D.-ROB ELLIS: "I tell no 'white lies'! Jason And The Scorchers is hot Nashville rock and roll...Van Morrison sounds as strong as ever... USA For Africa --music with a purpose. Enuff said there... Now for my two picks-of-the-week: This is Howard Jones' strongest work by far. For him, things that could only get better, did!...And finally, if you're not playing Katrina And The Waves, the only reason there could be is that you haven't listened to it yet. This song has h-i-t written all over it...And yes, the University of Kentucky did get a bid in the NCAA Tournament!"

WRXL, RICHMOND, VA M.D.-PAUL SHUGRUE: "It's amazing how one minute you can be a perfectly healthy human being, and an instant later you are an invalid for 'twelve weeks'! That's what happened to me a couple of weeks ago on a station-sponsored ski trip! I tore two knee ligaments and it's going to take a while for them to heal, so please don't beat up on me too hard. The funny thing about it is that it's all being covered under Workmen's Compensation...Anyway, I have lots of catching up to do so we have no less than ten adds this week, including another one of those flip sides, 'Trailer' by Tom Petty. Sounds like a song about his days in Florida. The A Side moves into heavy as we anticipate this to be the most talked-about-record so far this year (move over Quincy)...The surprise of the year just came in the mail today: The soundtrack to 'Porky's Revenge'? Some great honeydrippin' rock and roll on this one. Check it out!...Now, what did I do with those pain pills?!"

WDHA, NORTH JERSEY, NJ G.M.-BOB LINDER: "Last week, a large delegation representing radio stations from all over New Jersey met with our Congressional representatives in Washington to discuss the proposed ban on wine and beer advertising on radio/TV. Although we felt 'cautiously optimistic', it will be a long hard fight! The overwhelmingly conservative swing America is going through caused many to say that if a bill got to a floor vote, they would probably have to vote for the ban. So, our job is to keep the issue from ever getting to that point! Besides the increasingly well documented P.S.A.'s we're running on alcohol abuse, I think ultimately our strongest help will come from an inevitable public backlash. We can help unleash that by identifying groups like S.M.A.R.T. (Stop Marketing Alcohol on Radio and Television) for what they really want: Prohibition! It didn't work before, and it won't work now!...Speaking of conservative, the cover story in the current issue of Newsweek begins by pointing out that Americans today can do far more than the Lord ever tolerated in Sodom and Gomorrah and concludes with 'America has lost its shame!' Anti-pornographers feel this is their last chance to save all decency, and heaven only knows what hidden perverse song lyrics played on the radio are ruining the lives of our children! Personally, I fear the extreme right much more than the extreme left, abortion clinic bombings as an example. Fear is the underlining problem, and there's a lot of that everywhere from increased violent crime to nuclear war. But, to give a good example of how people are over-reacting: A few weeks ago WDHA, with the participation of RCA, awarded a pair of passes to the 10th caller to see Autograph in a special lunchtime concert at The Ritz in N.Y.C. The winner and his friend had a great time at the show but were late for their train back to N.J. They were running on the Subway platform--An older man ahead of them thought they were running after him--He felt panic, turned around and sprayed them with mace! The police quickly appeared and arrested them for attempted assault and robbery! WDHA and RCA wrote letters supporting their reason for being in the City. Fortunately, the man accusing them failed to show up in court and the judge dismissed the charges. But what unnecessary hell these people had to go through! What I'm saying is that the fear many people feel today is often not unreasonable, but their reactions frequently are!"

WQMF, LOUISVILLE, KY M.D.-REGGIE R.G. JONES: "Fiona she's as rare as a four leaf clover. She should be rockin' for a long time...Who said it would take a miracle to move a Mountain?...Santana sounds better than he has in years. Great album. Classic stuff. Primo rock."

WYFE, ROCKFORD, IL M.D.-FRED BRENNAN: "The Boys Of Summer are back. Cubs win, Cubs win."

KLPX, TUCSON, AZ M.D.-JOHN HUTCHINSON: "Congratulations to Bryan Miller on being named P.D. at 96 ROCK. Bryan is fast becoming a friend and I look forward to working with this weird individual for many desert moons to come."

KILO, COLORADO SPRINGS M.D.-ALAN WHITE: "Things are pretty quiet on the home front. With Rich away at the Rockers Convention, we only have a few adds this week. We'll hit Van-Zant's 'I'm A Fighter' which should be a KO for AOR along with USA For Africa and Clapton's 'She's Waiting' from the album...What a remix on 'Radioactive'. I want it. Speaking of The Firm, I caught their act in Denver and I have to say that Jimmy Page mesmerized the crowd for two hours. My only complaint is that the staging was very small, and with their monitors stacked on either side of the stage and curtains draped at the corners, viewing was very difficult. Thanks to Michael Brannen of Atlantic for the backstage set up for our contest winners... I've been getting too many music calls on Monday and Tuesday. Our adds are ready from the receptionist after 12 Noon on Tuesday. I will only take music calls Wednesday thru Friday from 10 AM till 2 PM. Please don't make me refuse your calls. Rotations, promotions and whatever else can be discussed during the times outlined."

WLIR, LONG ISLAND, NY M.D.-LARRY "THE DUCK" DUNN: "Hello from ROCKERS. Good to meet new and old friends. My thanks to Bill Hard, Mike Harrison, Jon Scott, Rob Haber and their staffs for the hospitality...So you say you're looking for some great new funk backed by Carlos Alomar of David Bowie's band? Try Belouis Some 'Imagination'. Without a doubt, my favorite new song of the week, also my Screamer pick this week and a definitive Duck-Pick-To-Click...WLIR held a very successful promotion on Long Island this past weekend premiering the Talking Heads' film 'Stop Making Sense'. We invited listeners through on-air ticket giveaways to see probably the greatest film this year and meet the band in person. The band took time from their hectic studio schedule (where they are currently recording their new album) to show up and greet listeners. Thanks to David Byrne, Jerry Harrison, Tina Weymouth, and Chris Frantz for a night we'll all remember...Finally, Screamer Of The Week: Tears For Fears 'Everybody Wants To Rule The World'."

WWCT, PEORIA, IL M.D.-JOHN AMBERG: "ADDS: Kenny Loggins 12" 'Vox', USA For Africa 'We', Dan Fogelberg 'Go', Tears For Fears 'Rule', John Fogerty 'Centerfield', Fiona 'Talk', Madonna 'Crazy', David Lee Roth 'Just', Hall And Oates 'Some', Eric Clapton 'Waiting'...MOST REQUESTED: The Firm, Elvis Brothers 'Guns', Power Station 'Some'...INCREASED PLAY: Eric Clapton, Tom Petty...INCREASED SALES: Phil Collins, John Fogerty, The Firm, Madonna, Mick Jagger, Bruce Springsteen...USA For Africa is selling like cold beer in the Sahara Desert. That's a good sign because I can't think of a more important record to buy...Eric Clapton's new one is another reassurance of his great talent. 'She's Waiting' is a knockout follow-up track to the single. Plus, I dig Slowhand's cover of 'Knock On Wood'...Tears For Fears has a tremendous tune. I don't know if everybody really wants to 'rule the world', but I do know we'll get lots of phones on this one...David Lee Roth is just too much. You can't help but grin like an idiot when he tears through 'Just A Gigolo'. This song will brighten up anybody's cloudy day...WWCT bids a fond farewell to morning man and Production Director Ken Johnson, who moves on to Lansing, Michigan's WVIC. Ken, you will be missed in a big way. It was wonderful working with you. All our love and best of luck."

WGIR-FM, MANCHESTER, NH M.D.-KAREN ANDERSEN SMALL: "First of all, we're going to change our music day. From now on we'll do our music on Friday. I'll take calls on Friday from 11AM-2PM and the adds will be ready at 12 Noon the following Monday. I'll also keep Monday thru Thursday 3PM-5PM for calls. This will even out the early week workload...The USA For Africa single is going to be huge. It's tailor-made for the American mass audience. It's interesting to note the difference between the Band Aid record and this one. This tune has a more adult contemporary feel versus the pop of Band Aid. 'We Are The World' is very moving, it's got a goosebump factor of 10, and we've seen immediate phones...I'm glad Eric Clapton got his guitar out and got down to some inspired playing on 'Behind The Sun'. The cut 'Same Old Blues' has some real nice work on it. For radio I like 'She's Waiting', 'Knock On Wood', and 'Tangled In Love'...Those of you outside New England should listen to the 'til tuesday record, particularly 'Love In A Vacuum' and 'Voices Carry'. 'Voices Carry' has a way of growing on you and not letting go."

On the top of the heap is the new Clapton. The man is back...Kenny Loggins sounds like he went and saw 'Caddyshack' again. But no movie attached to this one, it's gonna be a monster...The Van Morrison tune is right on target for upper demos...And it sounds like Pat Benatar may have some new competition with Fiona...Then there's the USA For Africa record. This is an all-format record--a little bit of something for everyone!"

Indicators

WFNX, LYNN, MA M.D.-STEVE STRICK:

ADDS: Doppelganger "Communication", Elvis Brothers "Don't", The Fools "World", Katrina And The Waves "Walking", Santana "Breaking", Gary Shane And The Detour "Shadow", Starvation Squad "Starvation", Zot "Uranium", "Told", Tears For Fears "Shout", Alison Moyet "All", "Blind".
CONSIDERING: Bang Bang, Limahl, Sisters Of Mercy, Van-Zant, Fin And The Sharks, Chaz Jankel.
MOST REQUESTED: Simple Minds "Don't", Tears For Fears, 'til tuesday, Sade, and The Smiths.
INCREASED PLAY: 'til tuesday, Lloyd Cole & The Commotions, Velvet Underground, Joan Armatrading, Alison Moyet.

"Katrina And The Waves has energy, a horn section, great vocals, and most of all, it has one helluva hook. Play 'Walking On Sunshine' and you won't be sorry...Tears For Fears has a brilliant album out that is getting tons of airplay and requests. 'Everybody Wants To Rule The World' and 'Shout' are the two songs on this album that have the best shot at breaking the band! The fact that they look like Wham! on the cover should not deter you from playing them. There's no comparison between the two bands...An interesting album that we added last week is by a band called Zot. These West Coast guys combine several types of music together and the result is a good sound. The title cut 'Uranium' and 'I Told You From The Start' are the two strongest cuts...The more I hear Joan Armatrading's 'Temptation', the more I l-o-v-e it. This is a song that is growing on our listeners. Requests for this one are on the rise...It's great to see The Smiths' album finally getting some action. This band has been ignored for too long by album radio."

WOXY, OXFORD/CINCINNATI, OH P.D.-DAN REED:

ADDS: Howard Jones "Things", Belfegore "Sirens", Doppelganger "Communication", Alison Moyet "Invisible", John Klages, Glad Hand, The Pandoras "Hot", Desperate Teenage Love Dolls (Various).

INCREASED PLAY: Dogmatics, Katrina And The Waves.
INCREASED SALES: Jason & The Scorchers, Elliot Easton, Lloyd Cole & The Commotions.

"Tears For Fears! It has been a long time since I've heard a record that is so strikingly irresistible on the radio! A wise choice for any playlist...A few independent releases that warrant your attention include Kilkenny Cats and John Klages on 'Coyote', and The Off on C.D. The Off's record is doing it all for us--phones and sales too. I would encourage all alternative rock formats to go back and give this record a listen. We like 'Fascinate' and 'A True Story' best--The horns are especially cool...And it was good to see my Alma Mater, Ohio University, make it to the NCAA Basketball Tournament...And finally, let's put an end once and for all to these ugly rumors concerning Sade and her part-time jobs as a trailer hitch chrome remover!"

KNAC, LONG BEACH, CA M.D.-MARY JO GODGES:

INCREASED SALES: Katrina And The Waves, Simple Minds, Phil Collins, Howard Jones, Ranking Roger, The Blasters, Power Station, Lloyd Cole.

"Watch out Band Aid, here comes USA For Africa. 'We Are The World' is a melodic, throat-lumping, goose-bumping tune that includes the talents of such artists as Springsteen, Wonder, Lauper and many more. Let's all give a standing 'O' for USA For Africa...Rise up and take notice, The Parachute Club has re-re-re-released 'Rise Up' on their new album 'At The Feet Of The Moon'. Also give notice to the title track. It's a jazzy, blusey cut that will put you at the feet of the moon...Tears For Fears has done it again with their current release, 'Songs From The Big Chair'. 'Everybody Wants To Rule The World' and 'Shout' will propel this album past the incredible fame of their earlier smash 'The Hurting'. Don't fear, these tears are happy...Speaking of happy, have you listened to the new one from Howard Jones? I just couldn't keep my foot still when those gripping lyrics and that punchy tempo of 'Things Can Only Get Better' reached my inner ear. Hopefully Howie's upcoming album will be as potent as this hit...Break out your samurai outfit, here comes the Radio Tokyo Tapes. These acoustical country rock tracks offer a nice change from today's techno popish sound...Until next time, keep a smile on your face and Katrina And The Waves in your heavy 'ro'."

"Well The Rockers Convention has concluded and after all is said and done what have we brought home? Hangovers or knowledge? Perhaps those who attended the New Music Symposium may be taking home a better understanding of college and/or commercial radio. If we are to bridge the gap between AOR and college radio (do we want to?) it will take both sides. I wonder if commercial radio will ever see college radio for what it is."

Record Action

LINDA KIRISHJIAN, COLUMBIA (212-975-1701): "Aloha! Mahalo nui loa!"

ANDY ALLEN, RCA (212-930-4518): "Judging by the reaction of programmers at the Rockers Convention - we have three very programmable records in the coming weeks - Rick Springfield, Meatloaf, and Eurythmics... Gary 0 is now in the 20's track and Lp - Top 5 requests in some areas...Autograph is on its way to GOLD!! 'My Girlfriend's Boyfriend' should push it over the 500,000 mark...Now is the time to put on 'Somethings Are Better Left Unsaid', Hall & Oates' third single release was a one-week CHR BREAKER! Use the special AOR 12" mix...Exciting sounds from Asbury Park, N.J. (no not Bruce) Prophet is the first rock signing of Total Experience Records (The Gap Band), distributed by RCA Records - Took for it soon."

JEFF COOK, ELEKTRA (404-921-4086): "While you was bowling, we was rolling. In keeping with the festivities last week in Los Angeles, my comments this week are as follows: Howard Jones' new song, 'Things Can Only Get Better', is bowling them over at both album radio and Top 40. We expect to have a perfect 300 (stations that is) by the time you read these comments...Dokken's power ballad, 'Alone Again', is rolling! It's guaranteed to strike your listeners full force and keep them pinned to your radio station. They are currently touring with Kiss and will soon be joining Sammy Hagar. The Dokken boys are busy becoming major stars so add 'Alone Again'. You've got no time to spare...Elliot Easton is in a league by himself. The album is right up radio's alley and new believers are jumping on the record every week. Anyone in radio who's worked with Elliot can tell you this guy's a champ. And when he hits the road with his new band in May, the show will be anything but average...Check out Zot's 'I Told You From The Start'. We think it's a very special record and we want you to know the score...Late flash: Graham Parker & The Shot will be opening for Eric Clapton on his tour starting April 9th in Dallas. So let the good times roll."

JAY McDANIEL, MCA (404-447-6405): "Great seeing everyone at the Rockers '85 Convention last week. The highlight was the preview of the forthcoming Tom Petty Lp 'Southern Accents', coming this Thursday for reports Monday (3-25)...Our just released Nik Kershaw Lp and 12" entitled 'The Riddle' is out for reports this week (3-18). Nik is a star of international acclaim ready to conquer America...The Angel City tour is rolling. This in addition to the single and 12" released of 'Be With You', a song perfect for a multi-format success...Giuffria and 'Lonely In Love' represents the depth of this hit MCA/Camel act. Currently touring with Foreigner, Giuffria is appearing to sell out to crowds everywhere. 'Lonely In Love' is a smash...Triumph's 'Follow Your Heart' video on MTV should cause a major retail reaction. The 'Thunder Seven' Lp has become an AOR giant...Our Stone Fury Lp, Warrior Lp, and Bronski Beat Lp continue with positive reaction, as we await the impending release of two new acts, The Thought and a highly talked about Polish band, Lady Pank. Both feature success coming soon on MCA!"

BOB CATANIA, ISLAND (212-477-8000): "Reasons to be cheerful: Actual transcripts of conversations with radio in regard to Robin George. #1) 'Record's doing well, good phones, sales starting and it sounds great on the air but we had to drop it because we needed room.' #2) 'We've only been on it two weeks so we know it didn't get a fair shot, but we had to drop it because we needed room.' #3) 'We love the record and see all the great action but we can't add it because we (you guessed it) need the room'. There's an old joke about the hotel being full and the frustrated guy who can't get a room asking that if the President showed up, could he get a room. When the hotel says yes, the guy says, 'The President isn't coming so give me his room!' Well guys, the President ain't coming here either so make room for Robin and give this a fair shot. More reasons... How many stations can continue to ignore 'A Sort Of Homecoming' from U2 when the band is coming to their town to play for sell-out arena crowds? How can there be no interest when 20, 40, or even 60 thousand tickets have been sold, many shows in record time? Your audience wants U2 on the radio! And, by the way, the live U2 show is brilliant beyond words. If you can watch them live and still walk away unconvinced, then you're simply missing the boat."

MICHAEL PLEN, I.R.S. (212-980-6699): "Hello. I hope you all listened to the new General Public 12" 'Never You Done That'. As we're approaching gold, please rethink your commitment to this act. For a format that's begging for upper demo appeal music, open your ears a little more and stop depending so much on what your eyes are telling you...Out soon new Lps from The Truth, Three O'Clock and R.E.M....Brilliant music out there: Tears For Fears, Sade and Los Lobos...There's a method to my madness."

RICH SCHMIDT, RHINO (213-450-6323): "Our first controversial remarks plus a trivia question worth prizes at the end of this paragraph...A certain consultancy, which will remain nameless, had told their clients that RHINO RECORDS can't deliver. Well, if you were bowling at this year's T.J.Martell Bowling Party, you now know the truth. During the height of bowling frenzy, Rhino Records delivered 60 pizzas (one to each lane) to prove once and for all that we can and did deliver. Rhino staff members noticed that members of this unnamed consultancy were seen outside testing pizza slices to a random sample of passersby before they committed to their own appetite. Ever see a consultant raise a slice of pizza to a phone receiver to ask for listener approval? We find it hard to believe that a consultant in City A is telling programmers in City B what their audiences want to hear. We always thought the best way to program your station was with your ears and guts. That's why programmers like John Gorman, Lee Arnold, Charlie Kendall, Oedipus, Larry Bruce and others kick ass in their marketplace. So, go out and get yourself a large pizza, a 6 pack of beer and brelowsten to our Beat Farmers Lp. Your audience will be pleased. Thanks again to Bruce Moser and Doug Dombrowski for their participation on Lane 55. We were late to co-sponsor, so we brought a classic 1960's bowling arcade game to the alley and made it the Rhino Records - Could Be Wild Lane 55. Watch for photos...Now the quiz: What was Dorothy's last name in the 'Wizard Of Oz'? Winners will receive Rhino's The History Of The British Invasion In Photos, a stunning addition to any coffee table, or bathroom... Now get back to work, and remember WE DELIVER."

BRUCE MOSER, COULD BE WILD PROMOTIONS (716-885-5200): "Could be Rockers '85. Got off to an adventurous start when the back door of our plane opened! We tugged out and landed in Pittsburgh, where two hours later they found a new plane with the back door intact!...Special thanks to Tom Barry and Kim Mitchell for the great lunch, but personally I'd rather 'go for a soda'!...The bowling party was next with a great turnout, raising over \$100,000 for charity. Special thanks to Rhino for sharing Lane 55 with Could Be Wild and providing the humor not to mention the pizza they delivered to each lane! Maybe they should reservice The Beat Farmers album in a pizza box to get the same great results. The Beat Farmers were tremendous on the Artists and A&R panel. They could have been the highlight of the Convention, had it not been for Scott Muni's keynote address. The line of the Convention was Tom O'Hair's who set the whole consultant issue in the proper perspective by reminding everyone that Betty Crocker never won a Bake Off! A great job was done by everyone with awards for action beyond the call of duty going to Jon Scott, Bill Hard, and Album Network! The only thing missing were the radio programmers who should have been there. They might have learned something. Memo or no memo. Could be skeptical...Tommy with high bowling score? We demand a recount! Rumor has it he kept his own score!...And the rock music awards: Rod Stewart winning rocker of the year? Allegedly there were 10,000 ballots circulated. I've yet to find somebody who got a ballot! If Rod Stewart legitimately won, the ballot must have gone to Rod Stewart's large family!"

Program Producers

JOE TRELIN/RADIO INTERNATIONAL (212-696-2350): "My British boss, Steven Saltzman, came into my office the other day with a puzzled look in his eye. 'Joe', he bellowed, 'what's wrong with you colonists? Why do some of you insist on not returning my phone calls?' Arousing my last vestiges of patriotism, I stiffened my backbone and stammered for an answer-'It's a common business practice' I blurted, as the pang of relief began to cool the sweat forming on my brow. Saltzman leaned forward, rested his hulk on two burly arms which surrounded my Meadowlands coffee cup, looked me in the eye, and with the guile of a four year old asked, 'Why?' 'Because', I snapped, 'people want other people to think they're important!' Knowing my answer held about as much water as a moon crater, Saltzman started his lazy circles and moved in for the kill. 'But can't you impress your importance to somebody on the phone?' 'Yes', I said, 'but this takes less time.' I thought I had him with that one. I was wrong! 'Then, what do they do with all their time, if they're not returning phone calls?' 'Taking meetings', I defended. 'Who do they meet with?' he shouted in a voice tinged with frustration. I looked for something stupid to say. Unable to find it, I retorted, 'Other important people!' I was Abbott to his Costello as we simultaneously moaned, 'Who also don't return phone calls.' So, I said, 'Let me give you an example: The other day I called a label with an artist we've been pushing exclusively for over a year. Now that the band has a domestic release, I thought it would be good relations to offer this label a four-week promotion on our show reaching one million people a week, over 175 stations. Because I believe in the music, I even offered to pay for a trip to London as a prize! 'Great! Great!', I was told. 'Let me get back to you!' That was three weeks ago and I phoned eight times, and we still haven't spoken. Now, don't you see--this person must be important?' On his way out, I could swear I heard Steven mumble something about not knowing how we won the war! This was written as a response to a problem in this industry. After all, you never know where your next good idea might come from. In upcoming weeks, look for our selection as the excuse-of-the-week for not returning phone calls!"

Evelyn "Champagne" King flew to London to film videos for "Out Of Control" and "Give Me One Reason." Both tracks are from her current "So Romantic" album. "Out Of Control" was directed by Michael Geoqhegan and produced by Marry Gwatkin, the team responsible for Billy Ocean's "Caribbean Queen." King breaks free after being imprisoned in a capsule in the clip, which features forty special effects....CBS/Fox is releasing its third home video compilation of promotional clips. "Prime Cuts - Red Hots" includes two clips each from REO Speedwagon and Scandal, as well as videos from the Eurogliders, Wham! and Survivor. The compilation, which runs 35 minutes, lists for \$19.95....John Landis has directed three videos in connection with the film "Into The Night." A video of B.B. King performing the title tune to the film has already been released. And clips have also been readied for "My Lucille" and "In The Midnight Hour," both performed by B.B. King and Friends. Steve Martin, Dan Aykroyd and Eddie Murphy appear as band members on the latter two clips....A Dave Mason concert from 1981 is being released on homevideo this month. "Dave Mason In Concert" includes "We Just Disagree" and "Feelin' Alright."...Timothy Hutton will direct a 20-minute music video for "Sunset Grill" by Don Henley....Tears For Fears travelled to Los Angeles to shoot their newest video, for "Everybody Wants To Rule The World." It's from their new album, "Songs From The Big Chair." Shot in the deserts south of Los Angeles. "We're filming it here because it's bright and American and perfect for MTV," Curt Smith says. "This is a light-hearted pop song, and people say it'll sell well in America, so we're purposely making a video to suit it."...Kevin Godley & Lol Creme have won the award presented by Britain's "Music Week" magazine for best promotional video, for their work on Frankie Goes To Hollywood's "Two Tribes." Ultravox' clip for "Love's Great Adventure" took second place. It was directed by the band's Midge Ure and Chris Cross. Culture Club's "The War Song" placed third....Elliot Easton's video for "(Wearing Down) Like A Wheel" marks the video debut of Alan Charles, who has won eight Clio Awards for his commercial production....REO Speedwagon lead singer Kevin Cronin endured a five-hour makeup session for his transformation into an 80-year-old man for the band's video for "I Can't Fight This Feeling."...Wayne Isham, who directed Rod Stewart's video for "Some Guys Have All The Luck," has directed a video for Michael Bolton's "Everybody's Crazy."...General Public shot their new video, for "Never You Done That," on the streets of Soho in New York City. The clip sees Dave Wakeling of the band getting the inspiration for the song, and then working it out with Ranking Roger and then the other four members of the group. A performance of the tune in a Soho loft space is also featured. Saxa, the legendary saxophonist of The English Beat who is currently touring with General Public, makes a quest appearance as a street musician. C. D. Taylor directed the video. He also worked on the band's earlier clip....David Mallet directed the new, and most successful, video for Frankie Goes To Hollywood's "Relax." It was shot at the Brixton Academy in London....Tracey Ullman is trying to get British Prime Minister Margaret Thatcher to appear in her next video....

VIDEO NEWS

A home video cassette featuring every video ever made by JOHN COUGAR MELLENCAMP will be in stores in May. It's titled "Ain't That America". The hour-long video includes rarely-seen early clips like "Living In Miami", "Ain't Even Done With The Night", and "I Need A Lover", which John wrote but which was a bigger hit for PAT BENATAR. The clips are linked by interview footage with Mellenkamp... BRUCE SPRINGSTEEN has finally done his first concept video. It's for "I'm On Fire". The clip was created by director John Sayles who also shot Bruce's "Born In The USA" clip. No details yet on the video's concept... BILLY JOEL has shot a video for his 1979 hit "Big Shot". His co-star in the clip was Saturday Night Live's PAMELA STEPHENSON. You may be wondering why Billy did a video for a six-year-old tune. It's because he's planning a greatest hits Lp, to be released in the not-to-distant future. And there may be a home video cassette to go with it. Meanwhile, Billy's being approached by a number of Hollywood Studios about signing movie deals. But his spokespeople say he hasn't signed anything yet.

INTERVIEWS

PAUL RODGERS OF THE FIRM: "We decided to try and steer clear of the old hit syndrome. It's not really a pride thing like 'we're not going to do any of our old hits'. We may in time, but we wanted really to see how it would be if we played all this fresh material and just to see what the reaction was. And it was good."

The Airplay Index is our ranking system for the amount of play on albums as a whole. We determine rankings by totalling the emphasis points on cuts

The methodology for our Top 50 markets Metro Index is the same as our Airplay Index, but instead of using the full sample base, we calculate the ranking from airplay reports from the Top 50 markets as defined by Arbitron.
