Gavin's Gab

Once more we're experiencing the annual shortage of correspondents that afflicts our first Report of a new year. Seems as if it takes an extra week to pull things together after the Christmas holidays. Hope you all had fun.

KCRA-Sacramento broadcasts the annual Pig Bowl this Saturday, a sellout football game between the Sacramento police officers and the country sheriffs deputies and staff. Commercial proceeds will be divided among four charities.

WCHB-Detroit has \$2500 in cash to give away to listeners via its "money phone". It's a call out contest where the person called has to identify the record then being played.

Memo to our correspondents: Several subscriptions have been on the verge of cancellation this week just because the person receiving our statements at the station failed to pass them along to the proper department. We urge any correspondents who may have encountered problems in this area to supply us with a separate billing address, so that our statements will reach the proper party directly.

Oddity: One of our stations, in listing its top 100 for the year, published a replica of The Gavin Report top 100 - even showing the same ties. Okay - but they forgot to credit the source.

Country Club....cont'd. from p. 6

KSO-Des Moines gave away a snowmobile and trailer on Christmas Eve. Contestants became eligible for the drawing by winning in a series of previous mini-contests.

WMC-Memphis thanks Cledus Maggard for recording 6 3-minute skits between "The North Pole Stocking Stuffer" (handle for Santa Claus) and himself as a 2-way C.B. conversation. Station aired them Christmas Eve to good response.

Spearheaded by morning man George Means, WWOK-Miami held its 3rd annual Christmas project to gather food, clothing and toys for needy families not being helped by any agency. Listeners donated over \$3000 worth of such supplies and assisted with packaging and distribution to over 130 families.

KNEW-Oakland received over 15,000 postcard enties for the C.B. radio drawing Christmas Eve.

WYTL-Oshkosh now monitoring a C.B. 10 minutes per hour for requests.

WIRK/FM W. Palm Beach reports their "Secret Love" contest, just concluded, drew good response.

PD, Barry Grant, was voted top DJ by listeners.

Memo to correspondents: The CMA Board meeting in San Juan 1/13-15 will take me out of the office part of the week. Bill Gavin will take the reports in my place. Thanks. Janet.

Bill Gavin's Personal Picks

- - - I especially like:

- LOVELY NIGHT (ANGEL FACE)- Captain & Tennille (A&M) Seems likely to be everybody's favorite pick. The ear-catching, Martin Denny-esque intro is followed by a vigorous, up-tempo treatment of the Neil Sedaka song. Sounds like a big winner.
- I FEEL LIKE A BULLET (IN THE GUN OF ROBERT FORD)-Elton John (MCA) Slow, deliberate paced production showcases E.J.'s talent as a singer. Musically far superior to the flip, GROW SOME FUNK OF YOUR OWN, a chunk of rough, raspy rock with little to recommend of it except its high energy, visceral appeal.
- BELLAVIA- Chuck Mangione (A&M) The composer-arranger must have had Ravel's BOLERO in the back of his mind as he built the dynamics and the instrumentation around the simple melody. Title cut from the LP has attracted considerable attention from in-store plays.
- THE CALL- Anne Murray (Capitol) She sings pretty. Fragments of the melody are reminiscent of the old CAROLINA IN THE MORNING.
- EH! CUMPARI!- Gaylord & Holiday (Prodigal) Has pulled heavy phone action from airplay on WJR-Detroit. I don't personally dig the dialect stories that are dropped into the pleasing music, but listeners seem to like.
- DOLANNES MELODIE- Jean-Claude Borelly, his trumpet and his orchestra (London) Repeated here only to call attention that this European hit single is now available in the U.S.
- TANGERINE-Salsoul Orchestra (Salsoul) Disco treatment of the old standard has pulled good phones from AC airplay from the album.
- JUMP FOR JOY- Biddu Orchestra (Epic) In-store play has attracted sales in San Francisco for this flip of a flop. So let's start all over again.

Gary Taylor's Personal Picks

- RENEGADE-Michael Murphey (Epic) Substantial airplay has already been reported. It seems to pay to have a promotion staff work December 30th and 31st.
- HIGHFLY- John Miles (London) This is a very good record.

Album Section

Albums of the Week: "Aftertones" -Janis Ian (Columbia) This multi-talented young lady not only writes the songs she sings so well, she writes some of the arrangements and chips in here and there on the acoustic guitar or the piano. My favorite is the title cut, AFTERTONES, where her poetry borrows a little from T.S. Eliot. "Afraid to die/ we learn to lie/ and measure out the time/ in coffee spoons." Equally charming - and probably too daring for conservative station airplay - are THIS MUST BE WRONG and BOY, I REALLY TIED ONE ON. Most appropriate for a single, says Ron Fell, is I WOULD LIKE TO DANCE. I agree.

"Emmylou Harris" - Emmylou Harris (Warner Bros.) The bright star of country music presents a variety pack of songs that should find favor on many AC playlists. Considering the growing impact of the country idiom on the 18-25 age group, several of these songs, such as AMARILLO, for instance, offer great pop possibilities. I also like SIN CITY and HERE THERE AND EVERYWHERE.

 shows their station tied for #1 (with beautiful music WLIF) in the 18-49 age group, and
 an undisputed #1 in the 25 to 49 group. Serves to illustrate the growing power of FM radio,
 especially when featuring the right kind of country music.

Be sure to watch your local PBS TV Station for the time schedule for a country music special
 hosted by Bill Anderson. It's listed for Monday, Feb. 2 in New York City, from 8 to 9
 PM, but may play at other times in other areas. It features clips of former greats Hank
 Williams and Tex Ritter along with many of today's stars. Program, produced by Robert
 Cosner, written and directed by R. Siemanowski, was slated for a screening in New York
 City on January 15. New Yorkers who missed it should call Julie Osler, (212-489-0945)
 to find if other screening times have been arranged.

Country Club ...cont'd. from page 6...

Several correspondents report that their last week's mailings of The Gavin Report arrived from one to three days late. We're wondering if this may be due to the new single class postal rates, where everything is supposed to go air mail. Please let us know next week of any late arrival of your mailings. If there's a continuing flaw in our postal service, we'll try to get it corrected.

Jim Walton, WITL-Lansing, tells of a good source of supply for top quality 45 shucks. It's Fred Walker, 2717 Gibson St., Flint, Michigan 48503. He furnishes the shucks in six different colors.

Gavin's Gab

TK, P.D. of KRIO-McAllen, Texas, notes that every PD racks his brain each year "to find that unique promotion to run exclusively in his market" - and TK has found one. For the past few weeks there have been reports of a huge white bird - 10 to 12 foot wing spread - very strange eyes - sightings reported by police officers as well as citizens of the Rio Grande Vally. So KRIO is offering a \$1000 reward for the capture of the Big White Bird - alive, of course.

In Westport, Conn., WMMM (AM) and WDJF (FM) are about to split. They've been simulcasting a beautiful music format, but soon the 50 KW FM'er will be putting out contemporary rock programming. Naturally, since they're not yet on the air, record service has been hard to come by. They expecially need Motown, Capitol, U.A., Mercury and RCA. Their signal covers Fairfield County, most of Southern and Western Connecticut, some of upstate N.Y. and even reaches into mid-town Manhattan.

In observance of our bicentennial, WDRQ-Detroit is "giving away America". Contest prizes will provide all expense trips to many interesting places and events in the U.S., including the Mardi Gras in New Orleans and Chinese New Year in San Francisco.

WAPE-Jacksonville will organize a "Convoy" on Feb. 1, led by C. W. McCall (himself) and WAPE morning personality, "The Greaseman".

Drake-Chenault has an interesting job opening for a programmer who is interested in automation and who has knowledge of several kinds of music formats. He must also be willing to travel, visiting and helping the many A-C client stations. It's a major expansion for the syndication company and offers splendid opportunities for the right man. Call Lee Bayley - 213-883-7400.

WTAE-Pittsburgh welcomed an Arbitron for Oct.-Nov. that showed their station #1 in the 18-34 group from 10AM to 3PM, plus comfortable positions in other periods. A slight loss in the AM shares was compensated by a strong gain by the FM.

Not long ago, in Oshkosh, Wis., WOSH moved its call letters and rock format to their FM outlet and put their AM'er in a country format with WYTL as the call letters. The new Pulse shows their combined shares as tops, with the FM by itself in a tie with WNAM for top spot, while the country AM'er ties (with WHBY) for #3.

The folks at WRKT-Cocoa Beach, Fla., are very pleased with the results of the Oct.-Nov. Pulse for the Melbourne-Titusville-Cocoa metropolitan area, which showed their AM'er #1 and their FM'er #3 in the market.

Special request: Please let us know at once if your mailings of The Gavin Report arrive late. Since our postal service went on the new system of air mail first class handling we've had several reports of late deliveries. If we can spot trouble areas we'll take action to get them corrected.

Bill Gavin's Personal Picks

- - - I especially like:

- LOVE FIRE- Jigsaw (Chelsea) Offers operatic overtones in the arrangement, if not in the voices. Impressive production should rate high.
- I DO, I DO, I DO, I DO, I DO-ABBA (Atlantic) Simple, old fashioned and very commercial sounding.
- I'M SO LONESOME I COULD CRY- Terry Bradshaw (Mercury) He'll probably not forsake football for music, but his singing is authentic and needs no athletic notoriety to endorse its merits.
- ANGELS, ROSES AND RAIN- Dickey Lee (RCA) I have a hunch that this "weeper" will find much pop favor in addition to its certain acceptance in the country field. Fine song.
- ADVENTURES IN PARADISE-Minnie Riperton(Epic) Her incredible high notes add a special sparkle to this interesting production.
- Coming attraction: STREET TALK-B.C.G. (20th) Brilliant instrumental, written by Bob Crewe and Cindy Bullens, with string arrangement by Ralph Burns and rhythm arrangement by Trevor Veitch. Alene McKinney played it for me over the phone, and even with Ma Bell's low fidelity it sounded like a powerful contender. Should be available to all stations within a week.

Gary Taylor's Personal Picks

- TRAIN CALLED FREEDOM- South Shore Commission (Wand) I love full blown productions like this. The voicing and harmonies are exceptional. The arrangement a sheer delight! This record creates its own excitement.
- OCEANS AWAY- Roger Daltry (MCA) A more powerful ballad would be difficult to find.
- SPINNING THE WHEEL (WITH THE GIRL I LOVE)-Hudson Brothers (Rocket) A very familiar intro sets the mood for a very good record. The Brothers have never sounded better.
- LOVE IS ALL-Roger Glover and Guests (UK) A positive lyric coupled with an instrumental track that has a Beatles feel about it (a la "Sgt. Pepper").

Also Possible

- TAKE IT LIKE A MAN-Bachman-Turner Overdrive(Merc) I HEARD IT THROUGH THE GRAPEVINE-Creedence
- BEGUILED- Third Point (Tide) Clearwater Revival (Fantasy)
- RIGHT BACK WHERE WE STARTED FROM-Maxine Nightingale(UA) BABY LOVE- Tim Curry (Ode)
- YOU SET MY DREAMS TO MUSIC-Jerry Corbetta (Claridge) BELOW THE SURFACE-Dan Fogelberg (Epic)
- SARA SMILE-Daryl Hall & John Oates(RCA) I KNOW WHO I AM-Robin Frederick (Ultimathule)
- I WON'T BRAND YOU-Spanky & Our Gang(Epic) DIAMOND EYES-Edgar Winter Group with Rick Derringer(Blue Sky)

Album Section

- Albums of the Week: "Born On Friday"- Cleo Laine (RCA) Unique, jazz-flavored stylings by the attractive wife of British composer-conductor Johnny Dankworth. Her vocal agility rivals that of the great Ella Fitzgerald. I like the cut BIRDSONG, Ron Fell also recommends SUNDAY and UNLUCKY WOMAN.
- "Thoroughbred"-Carole King (Ode) Her fine creative genius is aided by the return of composer-collaborator Gerry Goffin. Good cuts are IT'S GONNA WORK OUT FINE and HIGH OUT OF TIME.

Our correspondents recommend the following album selections:

Retrospect

Following are excerpts from "Bill Gavin's Record Report" from a decade ago. (Maybe you'll meet some old friends.)

January 7, 1966.

Correspondent Wally Beethoven has left WIBC-Indianapolis to take over the morning drive time at WHB-Kansas City.

Dave Allen, popular St. Louis air personality has replaced Ed Wilson on the WEW morning time. He'll continue his TV show on KMOX.

KGBS-Los Angeles began its all country music format Jan. 3rd.

WJLB-Detroit is now 100% R&B. LeBaron Taylor has moved from WCHB to handle the WJLB afternoon drive time.

"Gentleman" Jim Madison of WPGC-Washington is now Marc Allen at WEAM in that city, where he'll hold down the mid-morning hours. He joins our old friend Buzz Bennett.

Jake Embry has resigned as manager of WITH-Baltimore. New G.M. is John Barrett, from the sales staff. PD George Wilson will also be departing by the end of the month.

January 14, 1966.

Sean O'Callaghan will soon be joining the DJ staff at KYA-San Francisco, replacing Russ Syracuse. Sean's place as music director at KXOA-Sacramento will be taken by Pete Gross, from KPLS-Santa Rosa.

On Monday, January 17, WCPO-Cincinnati becomes WUBE. It will be a brand new station (almost) with new downtown studios and air personnel. DJ lineups will be Rex Miller (KBOX-Dallas) 6 to 9 AM, Frank Benny (KISN-Portland) to noon, Mac Hudson (WONE-Dayton) to 3, P.D. Ken Dowe (KLIF-Dallas) to 6, Jim Horne (KFJZ-Ft. Worth) to 9, and Gary Correy (WCPO) mid-night to 6AM.

Sonny Knight has been promoted from PD to general manager of KINT-El Paso. New PD is Johnny Thompson, formerly with Radio Caroline, off the British Coast.

Mike E. Harvey, from WROD-Daytona Beach, joins the DJ staff at WFUN-Miami.

Harry Shriver is the new PD at WFBR-Baltimore. Harvey Mednick is looking after the music and will be our new correspondent.

Prediction: The winning Academy Award song will be "The Shadow of Your Smile" (Theme from "Sandpiper").

Congratulations and best wishes to Buddy Johnson, music director at KTRM-Beaumont and Carla Matte, married Sun., Jan. 18 in Vidor, Texas.

New PM drive man at WITL-Lansing is Tommy Waylon. Donna Lee Wells is now doing weekends there. Ted Nolan from KSFO-S.F. to KLAC-Los Angeles 7PM - midnight. Chuck Sullivan moved to the midnight to 6AM slot.

Don Mobley promoted to PD/MD at WKDY-Spartanburg. New lineup: Jack Melvin, mornings, Don Mobley mid-days, Mark St. John, PM drive and Jungle Jim Grey evenings.

Bob May now doing PM drive at KSSS-Colorado Springs. Bob comes from KKJO-St. Joseph where he did the afternoon show.

The entire staff at KERE-Denver was hit with a plague of bronchitis this past week, so much so as to actually cancel scheduled interviews with stars rather than spread the bug any further.

Ed Salamon, WEN-New York, alerts us to another source of record shucks: Paul Mawhinney - Record Rama - 635 Butler St., Pittsburgh, Pa. - 15223. Sample weights and price lists on request.

The phone company called WITL-Lansing Jan. 19 about jamming up the switching system. Station had knocked out one exchange and started on another when they discontinued the contest which was part of their "Winner's Week" - (at the time they were giving away an album a minute). Phone company says it takes at least 15,000 calls to blow the exchange.

KVET-Austin presented the Charley Pride show with Dave & Sugar and Gary Stewart to a sellout crowd at the Austin Municipal Auditorium Jan. 18.

WTCR-Ashland/Huntington now running a Big Mac contest. Winners give the makings of a Big Mac in 4 seconds and win a T-shirt. Losers get a Big Mac. Good phones. Also running a C.B. radio giveaway on a regular basis. Excellent response.

The WHK -Cleveland presents Jack Blanchard and Misty Morgan in their second dinner concert Friday, Jan. 30. at the Holiday Inn. Dinner, show and dancing at moderate prices. First show was a sellout.

WIRK/FM -West Palm Beach will have Sonny James as the guest on the "Country K Artist Spotlight" Jan. 25. Interview will touch on the history of country music, etc.

On Feb. 15 WHK-Cleveland will present a show at the Lakeland Community College featuring Conway Twitty, Mickey Gilley, Dickie Lee and Crystal Gayle.

WMC-Memphis is planning a "Constant Country Valentine River Party" for Feb. 14. 79 couples will be treated to a riverboat cruise. Postcards for entry - random calls of name and time limit to answer.

Gavin's Gab

A few correspondents have reported this week that they are beginning to receive listener complaints about two current hit records - the Donna Summer and The Who singles. A couple of stations have dropped one or both from further airplay. Each week since their release we have checked with our reporters to learn if they had encountered adverse reaction to either of the records, and until this week the reports were: "No complaints". Even now, the level of protest is quite low. I mention it here only because the two records are fairly typical of the recently developed "sex rock", and the extent of their acceptance illustrates the extent of society's changed attitudes in this area. Significantly, however, a substantial segment of our society still finds suggestive records offensive and in bad taste. (I number myself among this segment) We continue to list the records on our page one because there is no solid evidence that they are damaging to a station's community image. Given such evidence, they would be dropped from our "Recommended Playlist".

PD Chris Curtis calls our attention to his stations' rating gains in the Milwaukee market. WZUU - an AM/FM simulcast operation - shows combined shares that place it number five in the market (total persons, Mon.-Sun., 6AM-midnight) behind WTMJ, WEZW, WOKY and WISN, in that order.

KSAN-San Francisco will present a 24 hour weekend special - noon to midnight, Jan. 31 & Feb. 1 - a "retrospective" of the heyday of the Haight-Ashbury district and the "Summer of Love", the sub-culture phenomenon that swept our city ten years ago. Program title: "What Was That" or "Suddenly Lost Summer".

Chuck White (KTBB-Tyler) says that the big bird sighted in the Rio Grande Valley recently is "Thunderchicken", who flies south every year in search of "Thunderchick". He hopes that the guys from KRIO will wear protective covering on their heads when they go searching for the bird. (Hey, Chuck, shouldn't that be a "Thunderrooster"?)

KLIF's morning team of Charlie and Harrigan followed the Dallas Cowboys to the superbowl, where they did their show from the Gault Ocean Mile Hotel. They also presented their team with the world's largest telegram signed by over 20,000 Cowboy fans and weighing 40 lbs. Music director Ron Wood (KRIG-Odessa) can take promotion calls only on Tuesdays through Fridays, between 10AM and 1PM.

At WNAM-Neenah, Wis., they printed a "Top 128 of 1975" and distributed the lists to their listeners. Each list was imprinted with a different number. Several numbers were then announced on the air each day, and everybody who heard their number called and sent in their list was presented with a prize.

Fahrenheit to centigrade? Our impending conversion to the metric system promises to confuse radio's temperature announcements - at least for a while. To minimize the muddle, and to prepare listeners for the new system, KFRC-San Francisco is giving temperature readings in both Fahrenheit and Celsius. (For the uninitiated, "Celsius" is a centigrade thermometer, named after its Swedish inventor) KFRC also offers other stations a conversion table "if they'll just send in a self-addressed, stamped envelope."

Marc Franklin, music director of KOLE-Port Arthur, Texas, tells us that his station would like to exchange playlists and/or T-shirts with any station - large, small or in between. (P.O. Box 336, Zip-77640.)

Country Club....cont'd. from p. 12

We have been receiving enthusiastic reports from members of the Agenda Committee for the March Country Music Radio Seminar about plans for the program. Promises to be both practical and provocative. Hope to see you there.

Thanks to correspondents for getting their reports in promptly to B.G. while I was absent last week attending the CMA Board meeting. As you know, CMA is a unique trade organization, whose membership is drawn from all facets of the industry, banded together for the purpose of improving the status of country music as a whole. This year I am serving on the radio committee, among others. Both Chairman Bill Robinson, WIRE-Indianapolis, and I would welcome suggestions from the radio sector as to how CMA could better serve our broadcast members. Janet.

Thanks also to those who reported to us about late deliveries of the Gavin Report. Please continue to let us know if late deliveries persist. We are having the same problem with many of your mailed reports since the switch in Postal Service. If your report is not listed in the Roundup it just didn't arrive in time.

Correction: In listing the change of format in the Fort Morgan station (1/9) it should have been listed as KFTM/FM.

Bill Gavin's Personal Picks

- - - I especially like:

- IN FRANCE THEY KISS ON MAIN STREET-Joni Mitchell (Asylum) Her superb sense of lyric rhythm gives the song a sense of dynamic movement. It's the favorite cut from her current LP and has been pulling nice phone response.
- SPIRIT IN THE NIGHT-Manfred Mann's Earth Band (Warner Bros.) Spooky plot is set to appropriately ghoulish music. (Volume level on disk we received was almost inaudible at normal setting. Wonder if others found the same need to crank up the volume control).
- MAKIN' LOVE-Poco (ABC) Sharp production gives this otherwise light weight song enough impact to please young ears.
- MONEY HONEY-Bay City Rollers (Arista) Already charted from LP plays at several RKO stations - and probably a few more by the time this is read. Monotonous thumping accompaniment is uninspired, but the vocal is well handled.

Gary Taylor's Personal Picks

- JUST YOU AND I-Melissa Manchester (Arista) Here is a major talent that, like a fine wine, improves as time goes on. This song which she co-authored, should do very well.
- HUMPTY DUMPTY-Aztec Two-Step (RCA) The lyric, the arrangement, the overall feel are reminiscent of Simon & Garfunkel. Fine song worthy of your consideration.
- BANAPPLE GAS-Cat Stevens (A&M) First off I don't know what Banapple Gas is either. But I do know that as an album cut it received a favorable response where played.

Also Possible

- DREAM LOVER-Greyhound (Mercury)
- WOW-Andre Gagnon (London)
- WINTER'S NIGHT-Redwood City (20th Century)
- NOW YOU'RE A LADY-John D. Bryant (PBR)
- THE GAME IS OVER-Brown Sugar (Capitol)
- RAILROAD MAN-The Lost Gonzo Band (MCA)
- FRANKLIN'S TOWER-Grateful Dead (Grateful Dead)
- ONCE A FOOL-Kiki Dee (Rocket)
- THAT OLD PET ROCK OF MINE-Chuck McCabe (GRT)
- IT AIN'T GONNA HAPPEN AGAIN-Paul Clemens (Playboy)
- TOO YOUNG TO FEEL THIS OLD-McKendree Spring (Pye)
- ALL NIGHT RAIN-Billy Joe Royal (Scepter)

Album Section

Albums of the Week: "Farewell Fairbanks"-Randy Edelman (20th Century) This whole package of songs is a tribute to the versatile talents of the young singer-pianist-composer. Favorite cut is CONCRETE AND CLAY. Also nice is A WEEKEND IN NEW ENGLAND. Ron Fell recommends UPTOWN, UPTempo WOMAN (great lyric!) and BRING THE BABY IN WITH THE BACON.
 "Songs For The New Depression"-Bette Midler (Atlantic) Interesting variety of rhythms and instrumental colors enhances the attractiveness of the album for "cover to cover" listening. Ron and I like SAMEDI ET VENDREDI (a sparkling samba) and OLD CAPE COD (memories of Patti Page!). The cut BUCKETS OF RAIN finds Bob Dylan participating, and for that reason has already attracted airplay.

Country Club....cont'd. from p. 6

Service needs, cont'd.

KLOO-Corvallis needs sgls service from Capitol.
 WWUN-Jackson needs service from Capitol and Epic - sgls & LP's.
 KLOV/FM-Loveland needs better service on LP's from most sources - especially Capitol and RCA. Service needed also from Mercury and ABC.
 KIMM-Rapid City needs country sgls from Capitol - still on the rock list.
 KOTY-Tri Cities could use improved service from RCA.
 KOLM-Rochester Minn. needs service from Asylum and Reprise. Address is 114 South Broadway - 55901.

Address changes: WJAZ-Albany, Ga. to Box 505 - 31702.
 KGRI-AM/FM, Henderson, TX to P.O. Box 311 - 75652.
 Bob Bowen, WJAZ-Albany can take calls from LOAM - 1PM, Mon.-Fri.
 Buddy Van Arsdale, KZYM-Cape Girardeau says he's available for music calls after 5PM weekdays.
 KXOL-Ft. Worth going country. Tom Wayne from sister station KBUC-San Antonio will be PD. Jim Travis from KVET-Austin will be morning man.
 Rumors that WCKY-Cincinnati is going country have proved to be inaccurate. Station plans to continue present A/C format at this time.
 Tammy Taylor from KIMM-Rapid City to KCAU-TV, Sioux City as a reporter.
 Terry Wunderlind from WWAM-Cadillac to WQQT-Savannah. Lineup now: Stu Wright midnight to 6AM; Scott Seder to 10; Tim Graham to 3PM; Dennis Eversoll, PD, to 6 PM; Terry Wunderlind to midnight.
 David Brown out at WFMP/WFGL-Fitchburg. Stations are automating.
 Congratulations and best wishes to Dan Halyburton, WTCR-Ashland/Huntington and Ms. Janie Baque on their forthcoming marriage in Miami Feb. 14. Best man will be Mark Stevens of WSUN-Tampa/St. Pete. Bob Cole of WWOK and Dean Mitchell of 96X will also be in the wedding party.
 Frank Lee, KSON-San Diego thanks Columbia artists for stopping by the station for interviews during the recent Columbia marketing meet.
 KIMM-Rapid City has been giving the temperature readings in both Fahrenheit and Celsius for 6 months. The S. Dak. School of Mines and Technology prepared the conversion charts from their computer. Listener interest high - if sometimes confused over the meaning of "Celsius".
 WDEE-Detroit has started a night time version of their daytime "Fem Forum" which Tommy Dean hosts. Called "Midnight Forum" the new show runs from 10PM - midnight, Mon.-Fri. Ron Ferrise is host.
 Mike Hoyer, KBUL-Wichita, made a 20 minute tape interview with Johnny Cash which he aired prior to Johnny's appearance in Wichita Jan. 24. Mike says this was the best interview he's ever done. Show, incidently, was a sellout five days before opening.
 Larry James, WBT-Charlotte cut back to 40 current records on his all night show. Reports that promotion people are not too happy with the change.
 John Wallis, KZEE-Weatherford would like to be put on the mailing list for surveys from other stations.
 WKDY-Spartanburg would appreciate air checks of major market country stations.
 John Krohn, WXOR-Muscle Shoals, tells us the Dec. '75 C.E. Hooper Report shows WXOR and sister station WQLT doing very well in their target demographics.
 Our sincerest sympathy to Bill Hart, WJJD-Chicago for the recent death of his mother.

Gavin's Gab

Last week in this space I noted that, given evidence that programming the Donna Summer single would be harmful to a station's public image, we would omit further listing of it in The Gavin Report. We have checked carefully with our correspondents this week and here is a summary of our findings. 22 stations report "a few" "some" "increasing" listener complaints. 7 report that they've discontinued playing it, although some continue to list it in their printed charts. One station reported a spurt in complaints when they inadvertently started playing the long version. Five report that they have drastically reduced airplay rotation - in some cases to only once in 24 hours. One station took a yes/no phone vote - found that about 40% of those voting objected to the record - dropped it out of deference to the minority. As I interpret these reports, the record is offensive to a sufficiently large share of radio listeners that its airplay constitutes a harmful threat to a station's respectable position in its community. I am therefore withdrawing the record from our "Recommended Playlist".

New Yorker magazine recently carried a cartoon showing an imposing, columned entrance to a post office building, above which was this inscription: "Neither lethargy, indifference or the general collapse of standards will prevent these couriers from eventually delivering some of your mail". Thanks to Del Roy for sending the reprint. Del comments, "I hesitate to put this in the mail since you may never see it... We might as well laugh - not much else we can do".

Well, we're doing what we can to eliminate the recent delivery delays of The Gavin Report mailings. We've written our postmaster and our congressman. Since most of our West coast mailings arrive on time - some even on Saturday, the mailings are apparently leaving San Francisco on time. I'd guess that there is some new kind of routing that causes delays in sorting and re-sorting for certain areas. We ask that our readers keep us informed, either of a return to normal deliveries or a continuation of the delays.

Retreads? The trend toward re-makes of old hits (old, old hits) still continues. On page one, out of 71 records listed 10 are such re-arranged versions of classic old timers. (Some not all that classic). On page 3, 21 out of 87 are re-makes. In part, this may be attributed to the disco influence but out of the 10 page one re-makes only two are disco-slanted. One nice thing about bringing back the old timers, many of them are songs I used to sing on my little 15 minute radio show ("Hi, there, neighbor!") and I know most of the words.

Celsius? Noting our report here last week that KFRC-San Francisco is now giving out temp readings in both Fahrenheit and Celsius, two correspondents flashed they had been doing that very thing for quite some time - WKEE-Huntington, W.Va., for almost a year and KIMM-Rapid City for about six months. (Lots of good things start in smaller markets.)

Gertie Katzman is indignant about Rudy Garcia's by-lined story in the Jan. 31 edition of Billboard, in which is reported trial testimony by Edward Hurley, formerly of Brunswick Records, to the effect that she received a \$499 television set as a gift from his company. Gertie emphatically denies the allegation. She bought her present TV set last May from Korvettes, paid for it and can prove it. It replaced a ten year old model that finally wore out - and she can prove this, too. Somehow, it strikes me as odd that the music director of conservative WNEW should be rated as a likely target for a gift from the Brunswick label, which, aside from Jackie Wilson, produced little if anything that the station could play. Mr. Hurley is also quoted as admitting that he stole \$22,000 from his company and that he lied to government officials conducting an investigation. Hurley is said to be the government's chief witness in its trial of several Brunswick executives, but in the area of comparative credibility, I much prefer to believe Gertie Katzman.

Jay Trachman, formerly with Concept Productions, has now started publishing "Fruitbowl" - not a gag sheet, not a record sheet, but a weekly newsletter "to supply jocks with things to say on the air". Anyone interested may receive complimentary sample copies by writing him at Box 382, Fair Oaks, Calif. 95628.

Jeff Craig, of WIVY-Jacksonville, tells us that beginning in February, his station will conduct special artist weeks, conducting telephone - or live - interviews with one certain performer or group Monday through Friday, then making Saturdays and Sundays feature days for the featured artists. Lined up to start is Bachman-Turner Overdrive, to be followed by Tommy James, KC and the Sunshine Band and George & Gwen McCrae.

KSTP-St. Paul/Mpls., in co-operation with the Univ. of Minnesota Senior Marketing class, is tabulating the results of an intensive market survey, with hundreds of call out interviews to determine listener preferences in the Twin Cities.

KHOW-Denver, is conducting its own audience research project, using the Todd Wallace phone list for the area as a call out directory. Attitudes toward various artists will be analyzed and compared according to sex, age group, residence, etc.

Speaking of Todd Wallace, who operates Radio Index out of Phoenix, some of our correspondents have told us that his monthly profiles of the radio audience in their areas provided a projection of audience shares that were later well confirmed by the fall ARB.

The folks at WERC-Birmingham are very happy with their numbers in the Oct.-Nov. ARB, which placed them number one overall, and for the first time ever pulling ahead of black-oriented WENN.

Texas format changes. KXOL-Ft. Worth switches this week from rock to country. Tom Wayne, from KBUC-San Antonio, comes in to replace PD Mike Lucas. New morning man will be Jim Travis, from KVET-Austin. Over in San Antonio, PD C.T. Wigglesworth announces that KONO is switching from rock to adult contemporary. He needs a good airman who can run a bright show.

Reacting to Elvis Presley's recent gift giving in Colorado, KTLK-Denver will give away a "Cadillac Full of Elvis". Bobby Rivers reports a contest whose grand prize will be a '64 Cadillac filled with Presley LP's, posters, books and other memorabilia.

Andrew Forsyth, CFCF-Montreal, notes that the 20,000 signature telegram from KLIF listeners to the Dallas Cowboys was not the "world's longest telegram", as quoted. CFCF sent a telegram to the Canadian Prime Minister protesting the language laws in Quebec. The wire carried 600,000 signatures and was, he says, 3½ miles long!

Syndication, anyone? Ken Rice tells us that KAOK-Lake Charles, La., is in the market for a syndicated tape program to run every Sunday night. Syndicator salesmen please note.

Bill Gavin's Personal Picks

- - - I especially like:

- I'LL SEE YOU IN MY DREAMS-The Pearls (Private Stock) The Richard Hewson arrangement brings this evergreen back to life with a vigorous double beat that provides a firm foundation for some very competent singing.
- BEST OF A BAD TIME-Prelude (Pye) This flip of a flop (FOR A DANCER) offers lots of rich, slow paced vocal harmony. Should provide happy programming on the A-C level, where it could generate sales.
- LAZY LOVE-New City Jam Band (Smile) Canadian entry out of Toronto will be distributed in the U.S. by Amherst Records, headquartered in Buffalo. Production has a lilting charm that suggests hit possibilities. It's already stirring up good phone action for Wayne Cordray at K149-Houma, La.
- THE TRAIL OF THE LONESOME PINE-Laurel & Hardy (Mark 56) I agree with the many thousands of Britons who made this excerpt from an old Laurel & Hardy movie a big hit over there. Even minimal rotation on any station should produce widespread customer demand, at least from the folks who want to own it as a collector's item.
- ONLY LOVE IS REAL-Carole King (Ode) The ephemeral qualities of material things have been discussed by philosophers, but personally, I prefer the way our composer-singer handles the subject.

Gary Taylor's Personal Picks

- AUTUMN LEAVES-Jon-White Group (Cempro) Bill makes reference in the Gab to a tabulation of re-done old hits that are currently enjoying some popularity. This definitely falls into that category.
- THE WAY YOU LOOK TONIGHT-Lettermen (Capitol) The re-make trend continues. Nice job, only it's hard to understand the need for that ending. It detracts from an otherwise effective production.

Also Possible

- CUPID-Tony Orlando & Dawn (Elektra)
- WHEN YOUR LOVE IS GONE-MFSB (Phil. Int'l.)
- WHERE THE BOYS ARE-Wallis (Warner Bros.)
- JUST TO MAKE YOU MINE-Austin Roberts (Pr.St.)
- ACTION-Sweet (Capitol)
- SHANNON-Henry Gross (Lifesong)
- TO KNOW IT'S LOVE-Rocap & Sherwood (Playboy)
- DAYLIGHT-Bobby Womack (U.A.)
- TITLES-Barclay James Harvest (Polydor)

Album Section

Album of the Week: "Second Childhood"-Phoebe Snow (Columbia) The lady many discovered while listening to Paul Simon's GONE AT LAST has put together a tasty set of ten mellow, jazz-tinted tunes. Probably the most attractive are NO REGRETS, ALL OVER and CASH IN. Her most unique vocal style, her refreshing lyrics, and the album's excellent arrangements will reward Phoebe Snow fans who have waited nearly two years for this, her second album.
