RESPECT THROUGH LEADERSHIP

Television Digest, Inc. 2025 Eye St., N.W., Washington 6, D. C.

18 years of complete publishing service to the television and advertising industries

Television Digest • Television Factbook
AM/FM Radio Station Directory
Map of TV Stations and Network Routes
TV Addenda • AM/FM Addenda

Television Digest

The industry's weekly newsletter. Concise, knowledgeable, factual — Television Digest is the "Monday Must" for the top echelon industry leaders . . . their quick easy way to stay on top of all the fast-breaking news in the consumer electronics and telecasting industries. In digest form, the news — comprehensive, departmentalized and interpretative — covers all the basic television trends and developments, including Networks, Stations, Advertising, FCC, FTC, Congress, Film and Tape, Programming, Manufacturing and Distribution, Foreign Developments, Educational TV, Finance, Technology and Auxiliary Services.

Television Factbook

The field's most authoritative reference for the advertising and television industries. Published annually. More than 1,000 pages of valuable reference material including up-dated coverage maps for every commercial station in the country. Major features include:

- A full page devoted to each U. S. commercial station, complete with coverage map, ARB circulation data, Grade A and B coverage contours, personnel and digest of rates.
- Directory of all foreign television stations.
- Directories of network personnel, rates and affiliates.
- Directories of attorneys, engineers, brokers and FCC personnel.
- Directories of TV program sources and leading ad agencies.
- Directory of CATV in the U. S and Canada.
- Directories of manufacturers of station and closed circuit equipment, television and radio receiving equipment.

AM/FM Radio Station Directory

Comprehensive in its listings, the Station Directory is published once each year. Included are all North American AM and FM stations by state and frequency, with company names, addresses, power, DA's, FM antenna heights, network affiliations and stereo operations. Additionally shown are all AM and FM applications by state and frequency, AM and FM stations by call letters and FCC's officially approved AM and FM transmitters and monitors.

TV Addenda

A weekly TV service to keep the annual Television Factbook up-to-date. The weekly TV Addenda reports on all current FCC decisions, applications and changes.

AM/FM Addenda

A weekly AM/FM service to keep the annual AM/FM Radio Station Directory up-to-date. The weekly AM/FM Addenda reports on all current FCC decisions, applications and changes.

TV Stations and Network Routes Map

An up-to-date two-color wall map ready for framing. Shown are all stations (U. S. Territories, Canada and Mexican border), all cities with TV applications pending or CP's granted, all cities over 10,000 population, time zones and present and projected microwave and coaxial circuits. (All maps shipped in sturdy mailing tube).

For individual and group rates, see inside back cover.

Music to note...

Boston Symphony Orchestra in a series of 13 one-hour TV Concert Specials

The concerts, featuring the world renowned 104-piece orchestra to be conducted by Charles Munch and Erich Leinsdorf, will include the works of Beethoven, Haydn, Honneger, Schumann, Franck, Milhaud, Piston, Mozart, Bach, Copland, Handel, Diamond, Purcell, Wagner, Mendelssohn, Sibelius and Brahms.

YOU CAN QUOTE ME...

When we decided to put our jolly Green Giant back in "show business" as a big time TV star, we knew we could count on the WLW group to reach a giant's size share of the viewing audience in their respective areas. These stations not only put our Big Green message before the greatest number of people, but follow-thru with buyers, brokers, distributors, and store managers on the firing line.

Lyle Polfuss

Lyle Polfuss, Director of Marketing, Green Giant Brands
Green Giant Company, Le Sueur, Minnesota

I'LL SAY THIS...

The time availabilities offered by the Crosley Corporation chain have helped us put our "ho, ho, ho" Green Giant story before the size and type of audience we want to reach most. And you just can't beat the extra services they have to offer with the trade.

Richard L. Halpin

Richard Halpin, Account Executive
Leo Burnett Company, Inc., Chicago, Ill.

Call your WLW Stations' representative... you'll be glad you did!

4 top reasons for Phelps Dodge leadership in high frequency cable!

These semi-flexible, air dielectric coaxial cables have demonstrated their superiority as electronic transmission links in a number of advanced communications projects in space research, national defense and industry.

- No radiation
- Low attenuation
- Excellent frequency response
- Uniform electrical properties over wide temperature variations
- Unlimited operating life
- Continuous 1000-foot lengths

Complete cable systems including attachments and connectors are available. These cables are fabricated by Phelps Dodge Copper Products Corporation at Yonkers, N. Y.

COLLINS OFFERS MICROWAVE FOR EVERY VIDEO APPLICATION

What are your requirements? Educational TV systems? Intercity TV relay? Network transmission systems? Whatever they are, you can depend on Collins to meet your specific requirements for microwave video relay systems.

Collins offers you a complete microwave equipment line. You'll find equipment for short haul systems. Long haul systems. Microwave in the 6 kmc and 12 kmc frequency bands. Equipment with power from 50 mw to 5 watts. Receiver IF bandwidth of 15 or 25 mc. Complete ac or dc operation. Remodulating or heterodyne repeaters.

Our complete product line is just one reason why you should call Collins for microwave TV transmission systems. The other is systems engineering experience.

Collins engineers have designed and built microwave systems for video applications of all kinds. Some have been relatively simple. Others have been complex and highly sophisticated. When you call Collins, this wide range of experience in microwave systems design and application is brought to bear on your particular system needs.

Before you invest in any microwave equipment for your video application, call Collins. Let us show you what our experience in design, engineering, manufacturing and application can do for you. In economy. In systems flexibility. In reliability.

Call Collins in Dallas for the most complete line of microwave equipment for every video application. Area code 214, AD 5-2331.

COLLINS RADIO COMPANY, Microwave Systems Division, Dallas, Texas.

SPECIFICATIONS:

FREQUENCY	POWER	IF BANDWIDTH
5925 to 8400 mc	100 mw	15-25 mc
	1 w	15-25 mc
	5 w	15-25 mc
10,700-13,200 mc	50 mw	15-25 mc
	500 mw	15-25 mc

THREE SHOTS FROM
A SHOOTING SCRIPT:

"CAMERA MOVES UP
AND OVER JAR AND
LID SO WE LOOK
DIRECTLY DOWN ON
THEM FROM OVERHEAD
AND SEE THEM AS
TWO CIRCLES. SUPER:
'DOUBLE CIRCLE OF
PROTECTION.'

FILM does the unusual!

Note the technic shown here. The producer calls it "live action." Actually, it's a combination of camera movement and a controlled light beam (or beams) of any size or shape. In this case, single circles. Plus optical printing.

Result: a highly effective commercial, one with striking sales impact.

In fact, film offers many technics to produce the kind of commercials you want, the way you want them—and when!

What's more, film gives you the convenience, coverage and penetration of multiple markets that today's total selling requires.

you'll find **BMI** *at the top*
in all * *categories*

The BMI repertory is complete in every musical dimension—from the Pulitzer Prize-winning opera of Robert Ward to the pop hits of the day.

The BMI catalog is kept constantly up-to-date... and at the top in every category. Among the honors and achievements in music during 1962 are these from BMI...

OPERA

ROBERT WARD—1962 Pulitzer Prize “The Crucible,” an opera after the play by Arthur Miller.

POP

“I Can’t Stop Loving You” by DON GIBSON. Number 1 “Favorite Single” in the Billboard’s 15th Annual Record Artist Popularity Poll.

COUNTRY & WESTERN

“Big Bad John”—Written and recorded by JIMMY DEAN. Voted most popular record of the year by the Music Operators of America.

MUSICAL COMEDY

“Stop The World—I Want To Get Off”—Music, lyrics and book by LESLIE BRICUSSE and ANTHONY NEWLEY. Current Broadway success.

BALLET

ROBERT PRINCE—“New York Export: Opus Jazz.” First performance of Ballet at the White House.

SYMPHONIC

HENRY COWELL—1962 Henry Hadley Medal. Awarded by the National Association of American Composers and Conductors for outstanding service to American music.

CHAMBER

ARTHUR BERGER—“String Quartet.” New York Music Critics Circle Award 1962.

JAZZ

GIL EVANS, THELONIOUS MONK, GEORGE RUSSELL, JOHN LEWIS, CHARLES MINGUS. Winners in Downbeat’s 10th Annual International Jazz Critics Poll.

MOTION PICTURES

PAUL ANKA—Featured in Darryl Zanuck’s “The Longest Day,” and composer of the title song.

- In other categories, too, such as Latin American, sacred and gospel, rhythm and blues, including rock and roll, and popular ballads, both American and European, BMI-affiliated composers, writers and publishers are prominently represented.

Bill Roberts and Carl Coleman—Washington correspondents for five Time-Life Broadcast stations.

HOW CAN A MINNEAPOLIS/ST. PAUL STATION HAVE A WASHINGTON BUREAU?

The same way a station in Denver, Grand Rapids, Indianapolis and San Diego can—through the resources of Time-Life Broadcast. Bill Roberts and Carl Coleman cover Washington for the Time-Life stations. They keep track of home-state senators and congressmen, follow up news leads of special interest to their listeners. Each day they feed each of the group's radio stations the particular news that people in that area care about. They ship exclusive TV film, too. Roberts and Coleman are two reasons why Time-Life Broadcast listeners and viewers stay on top of the important news from Washington. And there are eighteen more reasons—the skilled, specialized correspondents who man the Time Inc. Washington news bureau.

PIONEERS IN TELEVISION PROGRESS

New General Electric Switching Systems

**FOR LARGE OR SMALL
STUDIO AND MASTER
CONTROL REQUIREMENTS**

Now General Electric offers a new line of switching systems that are designed to provide optimum picture quality. Reflecting General Electric's advanced design engineering, each system can be integrated with existing station equipment or incorporated into new studio installations.

TS-2-B Vertical Interval Switcher provides fast, transientless switching during the vertical blanking interval. Designed for use in medium or large TV studios, the system permits studio video switching or master video switching of both monochrome and color TV signals.

TS-1-A Relay Switcher system is particularly well suited for small to medium-size TV studios, the system permits studio switching of both monochrome and color television signals.

TC-59-A Direct Switcher provides the maximum switching facilities in a minimum size low cost unit. The versatility of the system also makes it especially practical for educational and industrial TV applications.

In addition to the systems described, General Electric will design and build custom engineered switching equipments to fit your particular requirements.

For complete information, contact your nearest G-E Broadcast Equipment representative, or write to Technical Products Operation, Broadcast Equipment Section, Electronics Park, 212 W. Division St., Syracuse, N. Y. 551-03

TS-1-A SYSTEM provides complete dissolve, fade, previewing, direct switching and sync mixing facilities for eight non-composite video inputs and two composite inputs. Provisions are also available for special effects.

TS-2B SYSTEM provides complete dissolve, fade, direct switching with preview monitoring and sync mixing facilities for twelve non-composite video inputs and three composite inputs. Provisions are also available for special effects.

TC-59-A SYSTEM—This compact single unit construction with low power consumption provides complete dissolve, fade, direct switching and sync mixing facilities for four non-composite video inputs and three composite inputs.

Note: Revenues are net amounts received by stations and networks from all broadcast sources, including time, talent, programs; in case of TV, non-time revenues run as much as one-third; in case of radio, around 10%.

¹ Parentheses denotes loss. ² No figures available for blank columns. ³ Four national networks plus regional networks. ⁴ Includes AM only, FM only and AM-FM stations. ⁵ Three networks after Sept. 15, 1955 when DuMont ceased operations. ⁶ Includes one post-freeze station (UHF). ⁷ Includes 3 post-freeze stations (UHF). ⁸ Not available. ⁹ Includes 3 post-freeze stations, 2 uhf & 1 vhf. The vhf stations were sold prior to Dec. 31, 1959. ¹⁰ Includes one post-freeze VHF station. ¹¹ Break down between pre-freeze and post-freeze stations not supplied by FCC.

Electronics Industry Output

1914-1962

Manufacturers' shipments from 1947, production prior to 1947. All radio receivers, commercial as well as home type are included under Consumer Products until 1933.

* Civilian production terminated April 1942.

† Radio-Phonograph Combinations are included in figures to 1950.

‡ Number of receivers with one or more transistors for 1956 totaled 986 thousand, for 1957 totaled 1.6 million, for 1958 totaled 2.7 million, for 1959 totaled 3.9 million, and more than 95% for 1960 and 1961.

ANNUAL VOLUME OF ADVERTISING IN UNITED STATES

Prepared for Printers' Ink Magazine by McCann-Erickson Inc. and Used with Permission
By Media, 1951-1961
(In Millions of Dollars)

These are total expenditures by advertisers, not merely receipts by media.

1956	76,726,129	223,520,382		187,921,123	488,167,634
1957	83,071,284	239,284,899		193,845,383	516,201,566

* Note: These figures do not represent actual revenues to the networks, which do not divulge their actual net dollar incomes. They're compiled by Publishers' Information Bureau on basis of one-time network rates, or before frequency or cash discounts, so in terms of dollars actually paid may be inflated by as much as 25%. The 1952 figures also do not include revenues from July national political conventions. PIB began compiling TV figures in 1949, discontinued monthly reports as of Jan. 1, 1958.

† Not available, but DuMont reported total 1950 network revenue as \$4,500,000.

†† Effective Sept. 15, 1955, DuMont (now Metropolitan Broadcasting) changed from a national network to a local operation.

Special Tabulations from thousands of viewing records

ARB maintains viewing records of thousands of television families to serve an ever increasing variety of special client needs. Cross-tabulations can quickly tap this vast storehouse of audience data to aid in the buying and selling of television time for greater precision and effectiveness.

Custom research—at its automated best—solves the specific problems of audience duplication, determines *net* versus *gross* homes reached, and provides a wide range of additional information for evaluating audience efficiency. Your needs dictate the flexibility of special tabulations from available data. Unexcelled processing techniques make them practical.

Respect Through Leadership . . .

Television Digest

— 18 years the industry's weekly newsletter

Concise — Knowledgeable — Factual

Television Digest is the "Monday Must" for the top echelon of industry leaders . . . their quick easy way to stay on top of all the fast-breaking news in the consumer electronics and telecasting industries.

A postcard in the back of this book will bring you a free sample copy and full information. Mail it now.

Canadian Data Projected

TV Households by Provinces, Counties & Subdivisions

Estimates as of March 1962 Compiled by The Bureau of Broadcast Measurement
After Survey of Canadian TV Set Ownership

Projected from Dominion Bureau of Statistics Data for 1956
Reprinted by Permission from The Bureau of Broadcast Measurement.

PROVINCIAL SUMMARY †

Province	Population	Households	TV Households	% TV

“look to BLONDER-TONGUE for the new ideas in catv”

During 1963 Blonder-Tongue will offer new CATV products and services backed by a team of experienced personnel. The purpose: provide CATV operators with complete, well engineered systems for topflight performance—minimum maintenance . . . and more profitable operation.

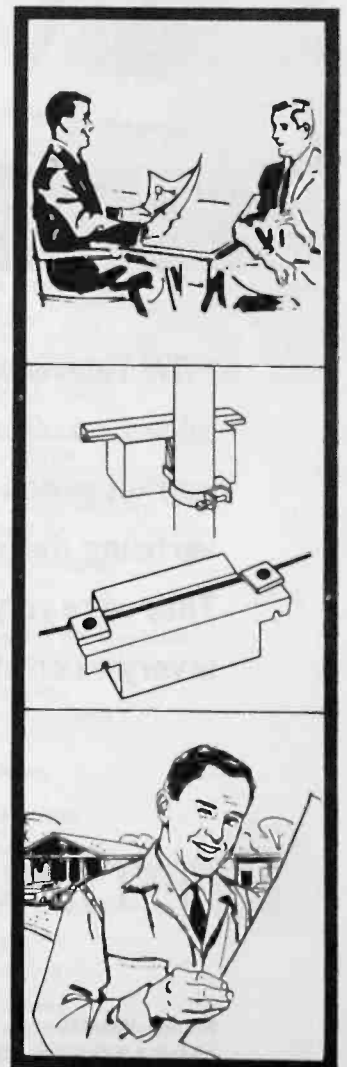

The new CABLEMASTER distribution accessories herald the beginning of a line that

will offer Blonder-Tongue CATV trunk line amplifiers, distributed amplifiers and all the products necessary for complete systems. In addition to the new Blonder-Tongue products, the famous BENCO CATV amplifiers will be available in the U. S. through Blonder-Tongue. If you're planning a new system or expansion of an existing system, call upon Blonder-Tongue to solve your technical problems—no cost or obligation. Write:

engineered and manufactured by
BLONDER-TONGUE
 9 Alling St., Newark, 2 N. J.

**HE KNOWS
THE OTHER SIDE
OF THE DESK**

PGW **Television** Colonels worked for advertising agencies for 70 years before they joined us. Our **Radio** Colonels put in nearly half a century with companies that market goods and services. Altogether, we have been on the other side of the advertising desk for 173 years.

They were very productive years for many of us. Because of them, the PGW Colonel is very much at home with advertisers . . . and advertisers are at home to the Colonel.

That's why the Colonel is always on the go!

(Rate Card No. 10—April 1, 1961)

(Consult Network for Discounts, Specifications, etc.)

Class A rates (6-11 p.m., daily). Class C rates (All other times other than those listed for Class A & D are 50% of Class A rates.) Class D rates (daytime up to 5 p.m., Mon.-Fri. except for special programs on National Holidays where Class C will prevail) are 33.3% of Class A rates. Note: Advertisers are required to purchase for each program a minimum clear gross for station time equivalent to \$80,000 for each Class A hour telecast.

 THE PRESTIGE NEWS SERVICE

**JUST LOOKING,
 THANK YOU...**

You will slash the high cost of "just looking" for information when you give each of your busy people a personal desk copy of TELEVISION FACTBOOK.

They'll save fact-finding time. And you will know that the facts they find are current and accurate.

**SINGLE COPY, \$15.00
 FIVE OR MORE, \$12.50 EACH.**

Use the postcard at the back of the book to order your extra copies.

Television Factbook

The Authoritative Reference

COLUMBIA BROADCASTING SYSTEM INC.

Executive Offices: 485 Madison Ave., New York 22. Plaza 1-2345.

CBS TELEVISION NETWORK RATES

(Rate Card 15 revised through Aug. 1, 1962—Subject to Change)
 (Consult Network for Discounts, Specifications, etc.)

In the event that a nighttime order is placed for less than 80% (or a daytime order for less than 75%) of the then current applicable gross time charges of the U.S. network, or such order omits any significant section of the United States, the CBS Television Network will, if it accepts the order, reserve the right to cancel the order at the end of any 26-week cycle on 60 days' prior notice. Note: Station time rates below are to be used only as an estimate of cost, subject to change.

Class A (6-11 p.m., Monday through Sunday) gross rates are listed below. Class C (all times other than Class A or Class D) are 50% of Class A gross rates. Class D (sign-on-11 a.m. in Eastern Time Zone; sign-on-10 a.m. in Central & Pacific Time Zones; sign-on-9 a.m. in Mountain Time Zone) are 33 1/3% of Class A gross rates. All rates are based on local time in each city. Rates for periods less than one hour are the following percentages of applicable full hour rate: 80% for 45 min., 60% for 30 min., 53 1/3% for 25 min., 40% for 15 min., 33 1/3% for 10 min., 30% for 5 min.

(Continued on page 70-a)

Why be color-blind?...When color makes such a magic difference in television—in drama and sports, comedy and news, adventure and opera—in everything you see on your living room screen. All season long, the major part of NBC's nighttime programming will be in color.

NBC-TV NETWORK RATES

Effective April 1, 1961

(Revised July 1, 1962—Subject to Change)

(Consult Network for Discounts, Specifications, etc.)

In order to serve the public interest in having NBC television programs available on a national basis and to maintain the network function as an effective national advertising medium, orders for NBC-TV Network facilities are subject to acceptability of the station line-up ordered.

Consistent with the foregoing objectives, a station line-up order shall be deemed acceptable for Class A time periods if the Class A hourly rates of the stations ordered total \$95,000 or more, and Class C time periods if the Class C hourly rates of the stations ordered total \$42,500 or more. Recognizing the interests of national advertisers with unusual marketing requirements, NBC will consider for individual approval orders for station line-ups which do not meet the hourly rate totals specified.

In connection with administering orders for participating or multi-sponsored programs, NBC may designate for each such program individually the basis of station order acceptability.

Gross Rates follow (applicable to 6-11 p.m., Mon.-Sun.). One-half gross rates apply to all other times, except 7-9 a.m., Mon.-Fri. which takes 40% of gross rates. Note: Rates following are to be used on as an estimate of cost, subject to change.

foundland, and Moncton, New Brunswick).

Corporate structure: The Canadian Broadcasting Corp. is a publicly-owned corporation chartered by Parliament with carrying on a national broadcasting service in Canada. It is directly responsible to Parliament and is financed by an annual Parliamentary appropriation, supplemented by revenue from advertising.

CBC national programming is fed out over 343 transmitters of AM, FM, & short wave radio & VHF television. Of these, 113 are TV stations and their satellites, including 89 which are privately-owned and 24 maintained by the CBC. Because of the bicultural nature of the country, broadcast services are provided in English and French. There is one English-language TV network and two radio networks; in the French-language there is one TV and one radio network; there is also an FM network connecting Ottawa, Montreal, & Toronto, carrying programs in both languages and a service to Arctic communities with 6 northern radio stations and shortwave broadcasts. The program services of the three national radio networks are received by 230 transmitters, which can broadcast to 98 per cent of Canadians. This is achieved by means of 36 stations and 92 low power relay transmitters of the CBC, and 102 privately-owned stations. This is a unique feature of the Canadian system that privately-owned radio and television stations are affiliated with the publicly-owned body and assist in the vital task of distributing national program service throughout the country.

Give your salesmen
the same facts buyers
of time use every day...

Spot Television rates and data
Spot Radio rates and data
Network rates and data

You are selling against *every* TV and Radio Station — locally and nationally. So the more your salesmen know about your competition the more effectively they can sell the advantages of your station.

HOW ABOUT MARKETS?

Consumer Market Data in SRDS' local media directories is recognized as *the* standard. Your salesmen should know the facts about your area PLUS those comparable or competitive to yours — regardless of where they may be.

HOW ABOUT RATES?

They are *all* in SRDS. How do your rates compare with similar markets? Are they higher . . . lower? Can your salesmen explain "why" *on the spot*?

SRDS can help. Each month a specialized SRDS edition carries your rate card "as is." Other data, arranged in a standard, easy-to-follow and logical sequence, offers buyers of time all the facts pertinent to your station — when they're needed — at the time buying decisions are being made.

MORE STATIONS SUBSCRIBE TO SRDS EVERY YEAR!

The value of these Directories as useful sales tools is becoming increasingly evident to stations. You can help your sales force by having at least one current copy of each Directory always available. Their value is tremendous, the annual cost of subscription is low.

Send your order today for the best sales aids you can buy—anywhere!

U. S. Television Station Directory

Data Updated to Jan. 1, 1963

Includes Rate Digests, Personnel,
Facilities and Other Data

CP Holders Reported Due by
Spring Are Listed

In each ranking on the state pages—net weekly circulation,
total homes, total TV homes—the figure is that of the
station in the market with the highest total in each category.

EDUCATIONAL STATION DIRECTORY IS ON PAGES 703-720

CANADIAN STATION DIRECTORY, PAGES 721-739

EXPLANATORY NOTES

Rates, personnel and other data supplied by stations. STA means
Special Temporary Authorization pending license.

RATE DIGESTS: These show only the highest one-time rate charged
by the stations. Most of the minute-or-less rates quoted apply to
films or slides only. Most rates are also subject to frequency dis-
counts, separate or additional rehearsal charges, talent & pro-
duction charges, etc. For further details and for contract condi-
tions, specifications etc., consult complete station rate cards,
available from the stations on request.

STATION POWER: Powers shown are Effective Radiated Powers
(ERP).

NETWORK SYMBOLS (registered trademarks)   
indicate ABC, CBS and NBC TV network affiliation. When a
station has two or more affiliations, networks, symbols are shown
in alphabetical order.

SYMBOL  indicates station was a subscriber to the
NAB Seal of Good Practice on December 1, 1962.

THE NEW FACTBOOK: An Explanation of Map Symbols and Figures

THE STATION PAGES

ARB Net Weekly Circulation levels are shown in the tables and in the predicted contour maps, for each county, by the following tone art:

Under 25%

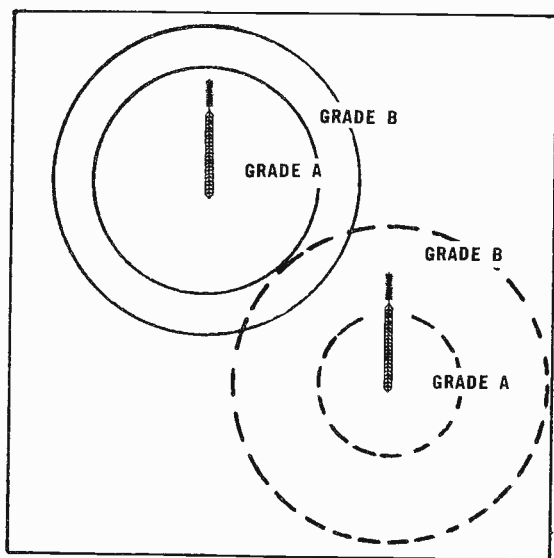

Between
25-50%

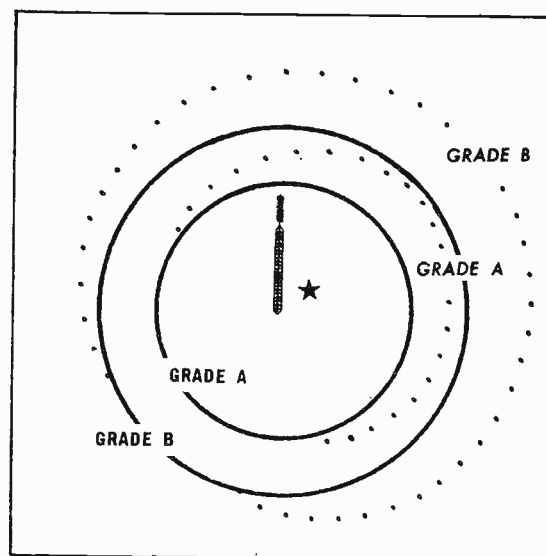

Over 50%

The individual station tables show a complete listing of all counties grouped by ARB Net Weekly Circulation levels, with Total Households, TV Homes, and TV Penetration in each county individually. For definitions of ARB terms see page 3-a.

Our "station total" figure does not include circulation in counties in which the station's net weekly circulation was less than 5%. The complete ARB study does present these figures.

Satellite stations are shown in a dash line pattern in relation to the parent listing. In the satellite listing the parent station is shown in the dash line pattern.

Where a station has a construction permit for a change in facilities and has set a target date, but has not completed construction, both existing and projected contours are shown—the latter by dotted lines. The symbol ★ indicates the new location of the transmitter under the construction permit.

THE STATE PAGES

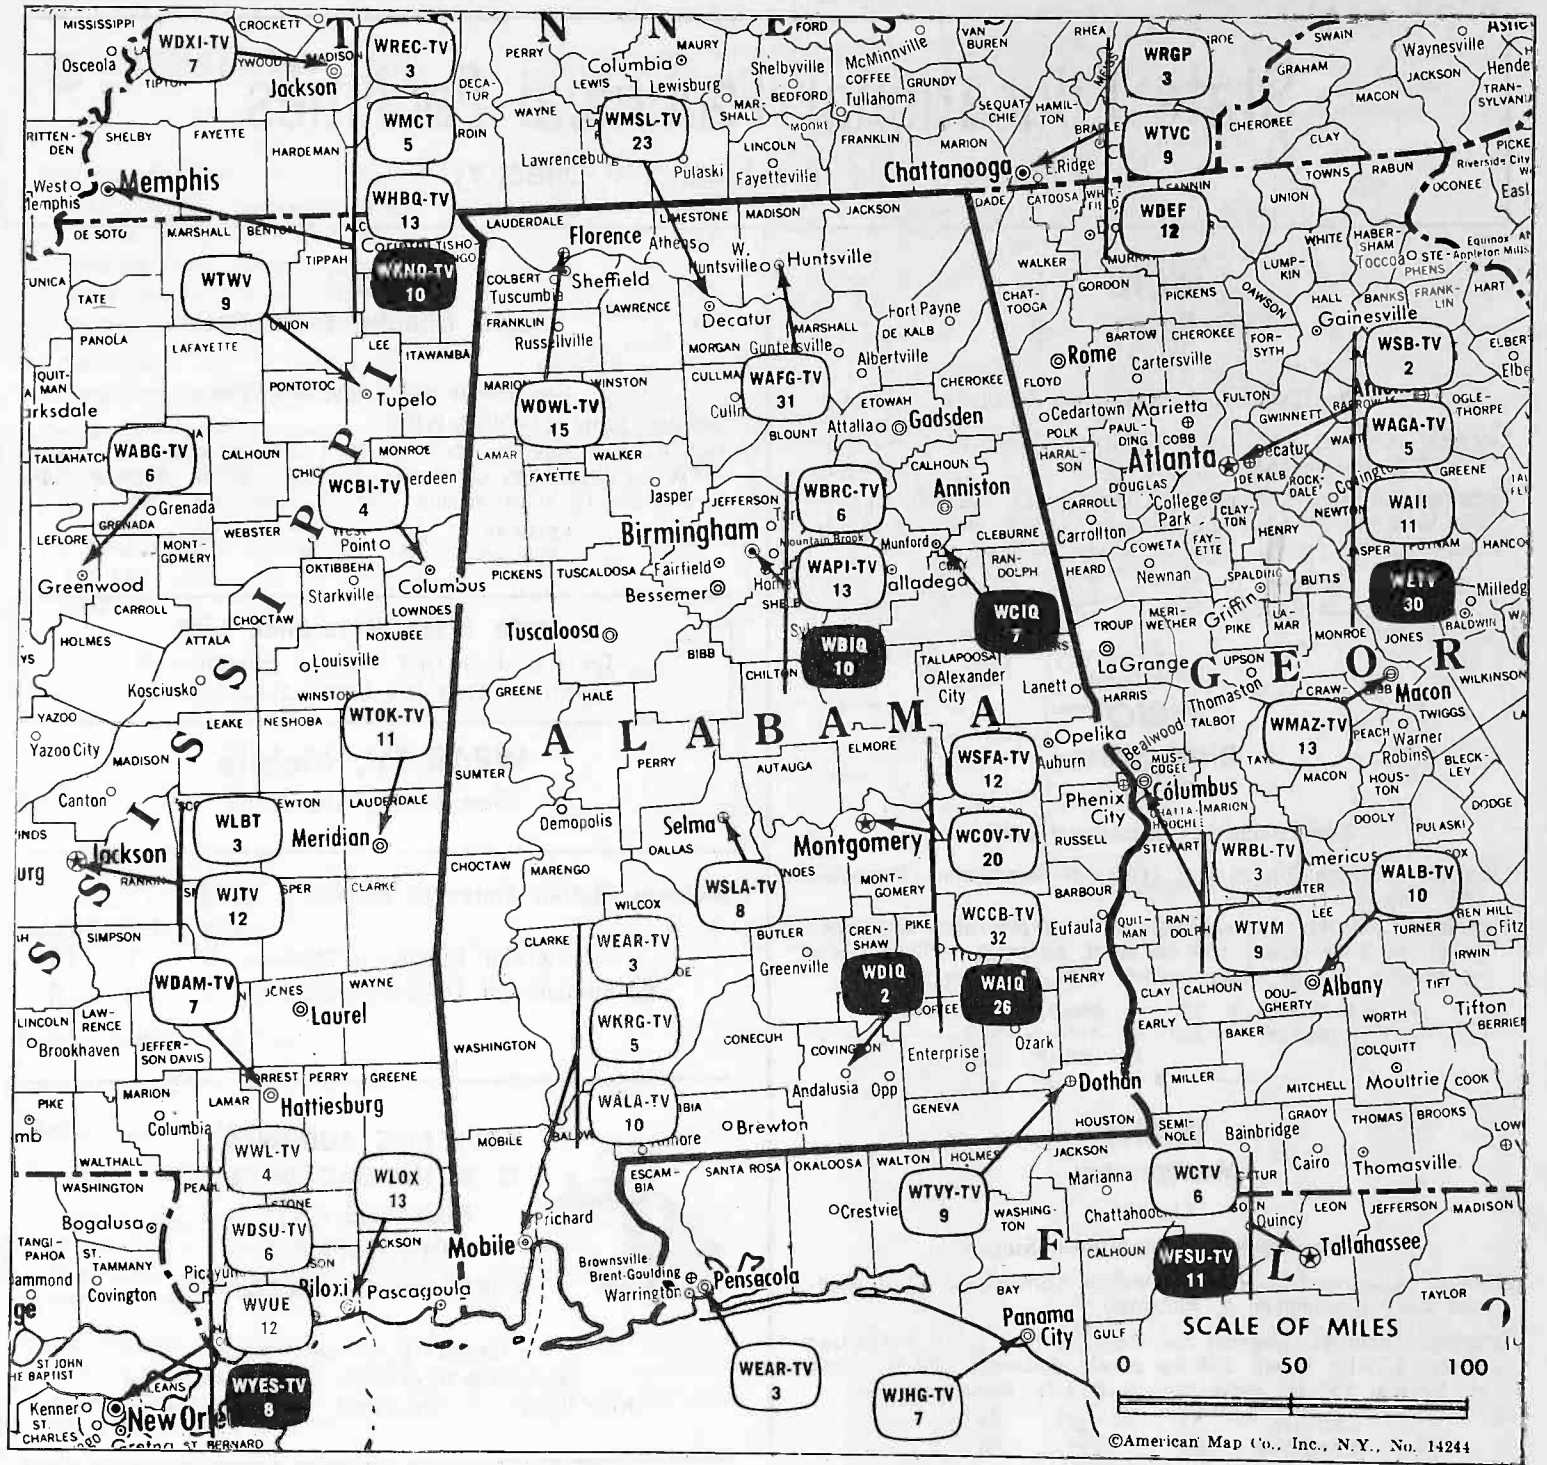

Under the map of each state, three rankings for each market are shown: American Research Bureau's Net Weekly Circulation, Total Homes, Total TV Homes. In each ranking, the figure is that of the station in the market with the highest total in each category.

Technical facilities listings for all educational stations within each state are found on the page following each state map. See p. 703 for our complete Educational TV Directory.

The state pages also carry additional cross-reference material, indicating for example, those stations within the state that are identified with two or more cities, or with cities in another state.

Licensed commercial and educational TV stations by VHF and UHF are shown for each state in a status report as of December 1, 1962.

TRANS-LUX TELEVISION CORPORATION
NEW YORK . . . CHICAGO . . . HOLLYWOOD

why?

To bring to Los Angeles' 1½ million school children a better understanding of their government, its history and function, KNXT produced "For Which We Stand," a two-part filmed record of 12 Southern California students' experiences on a KNXT-sponsored tour of the nation's capital. Summing up the enthusiastic reaction of local audiences and critics alike, the Los Angeles Herald-Exam-

iner saluted the two hour-long programs as "an uplifting show for all Americans."

Only a mass medium like television can make community service so meaningful, for so many. And in Los Angeles, only Channel 2 does the job so well. Which is one reason why the number one television station with viewers throughout the nation's second market is—has always been—CBS Owned KNXT.

NBC for West Florida:

WALA-TV

*the only Mobile station
with city-grade signal
in Pensacola!*

* Panama City, Fla.
* Gulfport, Miss.
covered via CATV

compare coverage

From the rich markets of the Mississippi Gulf Coast to the resorts, industries and military installations in West Florida ... and to dozens of cities and towns inland, WALA-TV is the **DOMINANT** medium, delivering NBC color and black-and-white shows to nearly a **MILLION CONSUMERS**.

compare cost

When you compare rankings of metropolitan markets, don't forget to combine the Mobile and Pensacola figures because you can buy the only NBC coverage in *both cities* for the price of one, on WALA-TV!

Add WALA-TV's Grade A and Grade B coverage area and you have a market of a Million People with nearly \$1½ Billion to spend!

what?

A scene from Gilbert & Sullivan's operetta classic, "The Mikado," as performed by the students of Evanston Township High School, and broadcast during 90 minutes of prime time on Chicago's Television 2, as part of its regular "Repertoire Theatre" series. Reception? Fit for an Emperor! *Variety*, for example, called the show "Remarkable. Superb." And then went on with special applause for

"the handsome mounting of the production, the impeccable staging, first-rate setting and costumes, and near-perfect camera work."

A perceptive eye for what's happening on the local scene — that's what makes community service programming effective, exciting. And that, among other things, is what makes CBS Owned WBBM-TV the year-in, year-out favorite station of viewers in the Chicago area.

***If There's A Screw Loose At
Your House, Chances Are
It Came From Rockford***

And, chances are, this is only one of the many products you use each day that bear the "made in Rockford" label. Rockford's 400 factories produce more than 300 different products, ranging from metal fasteners (5,000,000,000 yearly) to chewing gum.

Rockford is the core city of the vast Rock River Valley industrial complex, ranging from Edgerton, Janesville and Beloit, Wisconsin in the north to Oregon, Dixon, Sterling and Rock Falls, Illinois to the South. To effectively cover this prosperous and expanding market, buy WREX-TV.

SO,
MADISON AVENUE*
 ASKED ABOUT
TOPEKA

In Kansas we are not confused by the "button-down-mind" act. We know that back of your smooth exterior are the practical media buyers who decide on the basis of the facts from the market place. Here are the facts on total retail sales in the WIBW area—the best of Kansas.

* used in the generic sense,
 the advertising agency business everywhere

...AND DISCOVERED A POTENT MEDIA MIX

Total Homes WIBW-LAND
355,700

In number of homes bigger than Cleveland, Houston or Dallas. In retail sales bigger than Pittsburgh, Miami or Kansas City.

Total Retail Sales WIBW-LAND
1960 – \$1,341,886,000
1961 – \$1,377,992,000
Net Increase ... \$36 Million

Sales Management Survey of Buying Power June 1962

TOPEKA, KANSAS

RADIO 5000 Watts at 580
CBS RADIO NETWORK

TV – Channel 13
CBS – NBC – ABC

FM RADIO 97.3 Megacycles

WIBW-LAND is a closely knit, integrated area with a balanced economy, both urban and rural. It is bigger in population and in total retail sales than many cities that are recognized as major markets.

WIBW air media offer complete area or local coverage, with unique flexibility. Use all three or the combination that fits your budget and marketing plan. Here is a tested, merchandisable advertising package. Ask Avery-Knodel or WIBW for more detailed sales figures and case histories.

1 BUY COVERS KANSAS

Kansas Broadcasting System's four progressive television stations concentrate on complete coverage of a new 77-County Major Market . . . 77 key counties in Kansas, Colorado, Oklahoma, and Texas. This 76,000 square-mile area in the core of America-with 332,700 TV homes-is a preferred target for every power-packed sales projectile pointed simultaneously by four interconnected station transmitters. Wichita, the nation's fourth fastest growing city during the past decade, plus two other of Kansas' five largest cities, are within this impressive new market area — where MOST of Kansas' money is made and spent. Consumer Spendable Income of nearly one and a quarter million persons exceeds two and a quarter billion dollars. Exclusive CBS programming is blended with stimulating, viewer-preferred local presentations.

ARB Total Net Weekly Circulation (March, 1962)		369,500	

WAVE-TV gives you

28.8% more SHOPPERS

— 28.8% more viewers, minimum!

Since Nov.-Dec., 1957, NSI Reports have *never* given WAVE-TV less than 28.8% more viewers than Station B in the average quarter-hour of any average week.

And the *superiority* during those years has gone as high as 63.6% more viewers!

More viewers = more impressions = more sales! Ask Katz for the complete story.

"Must" reading
at the start of
each week...

Television Digest

The authoritative service
for executives in all branches
of the television arts & industries

TELEVISION DIGEST is a management must
for top industry executives . . . their best
buy in keeping well informed.

Executive acceptance of Television Digest
has grown consistently during its 18-year
history because of the growing need to know
and understand more about this fast-paced,
complex, constantly changing industry.

TELEVISION DIGEST is a management must
for you, too. It is important to you—because
it is important for you to keep posted.

TELEVISION DIGEST's Weekly Newsletter
compiles, digests and interprets the
important news as it happens. Probing,
evaluating, forecasting, analyzing, Tele-
vision Digest views every aspect of the
television industry. That's why executives
use Television Digest as their authoritative
industry reference.

A postcard in the back of your
TV Factbook will bring you
a sample copy. Mail it now.

TALLEST TOWER

serving

SHREVEPORT...!

*Fait Accompli!
An accomplished FACT!*

The Kay-Tall Tower pierces the clouds 1580-feet above the Ark-La-Tex! 2nd tallest in the South, 6th tallest in the world, it stands head-and-shoulders above all nearby competition!

KTAL-TV's Tall-Tower proved its power, when —after only 6 months of operation—March '62 ARB and NSI both showed Kay-Tall **LEADING** in Average-homes-reached in prime-time. (Mon. thru Sun. 6:30-10 PM, 49,200 homes.)

This tower of steel, matched by an equally outstanding tower of strength in programming and service, is the **DOMINANT TV BUY** in the Shreveport market **TODAY . . .** with every intention of remaining **TALLEST** — in **EVERY** way — in the years to come.

*1553' ABOVE GROUND
1580' ABOVE AVERAGE TERRAIN.

	ARB Total Net Weekly Circulation (March, 1962)					
			237,700			

TOPS IN THE AREA

ARB station circulation totals March, 1962, show KTBS-TV, Shreveport, Louisiana, with more viewers than its two competitors:

	KTBS-TV Channel 3	Station Y	Station Z
TV Home Potential	258,600	257,700	239,500
Net Weekly Nighttime	225,200	221,400	210,500
Net Weekly Total	237,700	230,000	220,500
Average Daily Nighttime	131,200	128,300	122,500
Average Daily Total	165,800	155,800	154,900

KTBS-TV reaches 1.9-billion dollar four-state market of 1.5 million buyers with exclusive ABC programming. Its performance, as indicated above, is an important reason more spot buyers are specifying KTBS-TV, Channel 3, Shreveport, Louisiana.

GOING UP! WITH THE NEW BALTIMORE

Baltimore is building! The tempo of the times is quickening as each new skyscraper, cultural center and modern expressway takes its place in Baltimore's plan of tomorrow.

The WJZ-TV personalities pictured rising with the new Baltimore are doing just that. They are an important part of a pace-setting program concept that has made WJZ-TV . . . **TELEVISION FOR THE NEW BALTIMORE.**

Your TvAR man has the key to the *new* Baltimore. He knows what the folks on the left can do for you.

Located at North Square, in the North End of Boston, The Revere House has been restored in full detail and to the exact specifications of its 1677 construction date. This two story, peaked roofed, colonial designed landmark housed the famous Revere Family from 1770 to 1800. From this house Paul Revere left for the Boston Tea Party in 1773 disguised as an Indian. In April of 1775 Paul Revere departed from here on his historic ride to Lexington. The Revere House is open to the public on weekdays from 10:00 AM to 4:00 PM.

Great Ideas Make Great Men

The founders of America were fired by great ideas. And the ideas made *them* great.

But today, America needs new ideas to enhance its place among nations. Ideas in science, in business and trade, in living and culture, in the moral influence America exerts on world affairs.

Where will the ideas come from? Normally from higher education. But colleges are facing shortages. Even now some are overcrowded and in ten years there'll be twice as many applicants. Certainly, with increasingly urgent responsi-

bilities to our country and to the world, we cannot tolerate shortages in ideas and leaders. Colleges need classrooms, modern libraries, up-to-date laboratory equipment and, not the least, top-notch teachers and professors.

Higher education is everybody's business. College is America's best friend—give to the college of your choice.

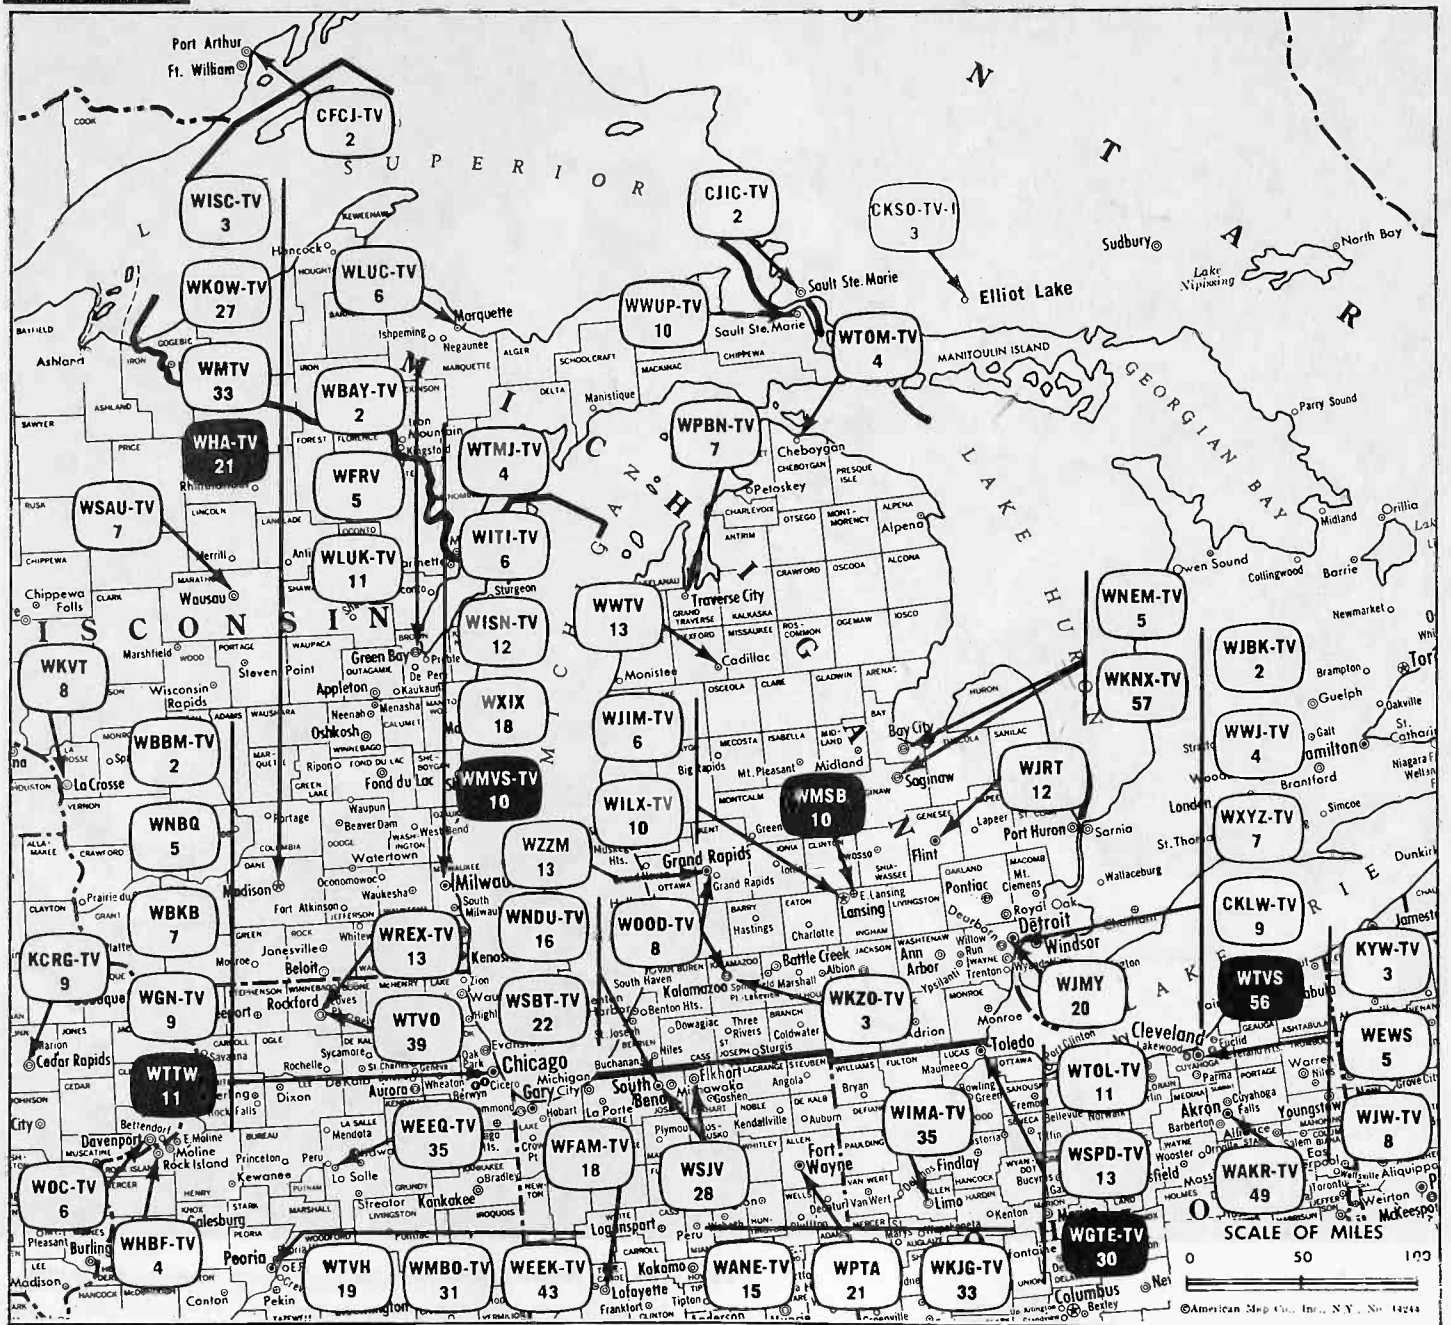

If you want to know what the college crisis means to you, write for a free booklet to: HIGHER EDUCATION, Box 36, Times Square Station, New York 36, N.Y.

Suddenly we offer

35.9%

ADDITIONAL VIEWERS
in NORTHERN MICHIGAN!

WWTV's new satellite (WWUP-TV at Sault Ste. Marie) is now on the air — delivering 35.9% more of the television homes in 39 counties of Northern Michigan!

WWTV/WWUP-TV combined now cover 874,100 people in Michigan and contiguous Canada. The effective buying income of people in this area is \$1,304,145,000 annually.

This unique combination really saturates our fast-growing industrial area. To get equivalent coverage with other media, you'd have to use 20 radio stations, or 13 newspapers!

Ask your jobbers or distributors in this area They know the story!

FLASH! As we go to press, A.R.B. reports of telephone coincidental surveys arrive (started 10 days after WWUP-TV began operation as full-time satellite). Results indicate that 35.9% expected listenership increase has been greatly exceeded.

FLINT-SAGINAW-BAY CITY: the rich 26-county mid-Michigan market with over 1.5 million people, more than 400,000 TV sets. You reach it best from within because it's a market that's served from within. And, in the 15 counties that count—where most of the people and the paychecks are—WJRT registers a net weekly circulation of 70% or greater.* You can count here, too, simply by calling Harrington, Righter and Parsons.

YOU MAY NEVER SEE SUCH JUMPS* —

BUT... WKZO-TV Can Make Your Sales Grow by Leaps and Bounds in Greater Western Michigan!

WKZO-TV MARKET COVERAGE AREA • NCS '61

If you want the greatest area coverage in Michigan outside Detroit, WKZO-TV will head your list.

NCS '61 tells why. Daily, nightly, weekly, WKZO-TV reaches more homes than any other Michigan station outside Detroit. 456,320 homes, to be exact, in 30 Western Michigan and Northern Indiana counties. It's a market SRDS credits with annual retail sales of over two and one-half billion dollars.

Avery-Knodel has all the dope. *And if you want all the rest of outstate Michigan worth having, add WWTV, Cadillac/WWUP-TV, Sault Ste. Marie to your WKZO-TV schedule.*

**Kangaroos can cover 42 feet at a bound, clear heights of 10½ feet.*

ARB Total Net Weekly Circulation (March, 1962)		619,200	

College graduates are penetrating more and more into industry. Now 58% of the graduates of men's colleges land jobs directly on the corporate payroll.

Business gets the lion's share of the college product because business *needs* it and can provide challenge and opportunity to the oncoming classes. About 88% of executive posts in business are held by college alumni, according to a recent study of the 100 largest corporations.

Business always will need the college-trained mind for the *brainpower* that management requires and the *brainwork* that research and development demand. Competition by business for the ablest graduates grows sharper every year.

But the cost of leadership is going up. The upward surge in our birthrate, plus a rapid rise in the percentage of high school students going on to college, has caught colleges in a

financial squeeze. Some face serious shortages in classrooms, laboratories, libraries and, above all, in competent teachers.

Corporate support of higher education in ten years has risen substantially to more than \$200 million for 1962. By 1970 this investment in educated manpower will need to reach \$500 million annually if business wishes to insure the continued effective operation of the sources of supply.

College is business' best friend, certainly. But business recognizes that it must *give* as well as *get*. Higher education needs financial help and needs it now. Business should re-examine its needs and plan its support accordingly.

If you would like factual data on what the college crisis means to you, to business and to the nation, write for the free booklet: "COLLEGE IS AMERICA'S BEST FRIEND", c/o Higher Education, Box 36, Times Square Station, New York 36, N. Y.

Take one mighty diplodocus dinosaur... add a shaggy, educated sheep dog, house them in a neo-paleozoic set, stir in a liberal sprinkling of new Hanna-Barbera cartoons, blend in an occasional adventure film... and promote like the dickens. That's the formula for WDAF-TV's new "FUN-TIME", a daily happy hour that is capturing Kansas City's Kiddy market. ■ "FUN-TIME" is an ambitious—and costly—undertaking. It's thoroughly typical of the effort WDAF-TV devotes to all its local programming. And it's this extra effort that pays off in cash registers of advertisers.

when?

Circa 1880, when scores of amateur orchestras flourished throughout the St. Louis area. A colorful era recalled recently on "Theme with Variations," Channel 4's recreation of St. Louis' rich musical past seen in prime time. Narrated by Earl Wrightson, this locally-produced program served to underscore an urgent plea by Mayor Raymond R. Tucker for a heightening of civic cultural activities,

as part of a general revitalization program for the entire St. Louis community.

The city's past made meaningful in terms of its present and future—this is community service at its vital, practical best. And this is one of the things St. Louis audiences look for, and get, when they look at CBS Owned KMOX-TV, Mid-America's favorite television station month after month, year after year.

NOW LINCOLN-LAND

IS

**DON'T BE HALF-COVERED
IN NEBRASKA**

A BIG MARKET...

- 76th largest market in the Nation, based on the average number of homes per quarter hour delivered by all stations in the market.*
- Effective buying income of this important new market exceeds one and a half billion dollars.
- Annual retail sales over \$1,120,000,000; population, 880,000.

COVERED BEST BY KOLN-TV/KGIN-TV...

- Net weekly circulation of KOLN-TV/KGIN-TV is 190,500 homes (an impressive 31% increase over the 1960 figure, even though KGIN-TV was only four months old when the latest study began).
- Monthly circulation of 206,500 — coverage that is essential for any advertiser who wants to reach the Nation's most important markets.
- KOLN-TV/KGIN-TV delivers an average of 69,200 homes Monday through Sunday at 10 p.m.; Omaha "A," 59,100; Omaha "B," 52,700; and Omaha "C," 42,200.

Ask Avery-Knodel for all the latest facts on KOLN-TV/KGIN-TV — the Official Basic CBS Outlet for most of Nebraska and Northern Kansas.

where?

The brand-new Delacorte amphitheatre in the heart of New York's Central Park, scene of Channel 2's historic 2½-hour broadcast of "The Merchant of Venice." The first presentation by a commercial television station of a complete play by Shakespeare direct from the theatre of origin, the program drew a mammoth audience of 1,600,000 viewers, leading all New York television stations dur-

ing the peak viewing hours of 8:30 to 11 pm.

The broadcast—pace-setting, compelling—is an example (one of many!) of community service programming that consistently captures the spirit and imagination of audiences in the nation's largest, most dynamic metropolis. Programming New Yorkers find only on (where else?)... CBS Owned WCBS-TV, the leading station year after year after year,

CBS TELEVISION STATIONS, A Division of Columbia Broadcasting System, Inc.

WPIX-11 is looking more like a network...more...and more...and more!

Keep your network look with WPIX-11. You do just that when you supplement your network shows in New York with a schedule on WPIX-11. Your commercial is surrounded by big shows and stars like Lee Marvin, Steve McQueen, Hugh O'Brian, Anthony George and many more—all on WPIX-11. Minute commercials in prime time in a "network atmosphere" of top shows and national advertisers is what you get every night on WPIX-11, New York's Prestige Independent.

WHERE ARE YOUR 60-SECOND COMMERCIALS IN NEW YORK?

1962-63 Edition

New York—New York

WPIX

Ch. 11

What's Discretionary Income?

It's what's still left on Saturday

and there's 27% more of it (on the national average) in Ohio's Third Market—and no medium—but none—covers it as thoroughly as WHIO-TV, AM, FM. Ask George P. Hollingbery

Additional morsel for thought:

Dayton has been Ohio's fastest growing major metropolitan area during the past 20 years. Source: U.S. Census of Population 1960.

Associated with WSB, WSB-TV, Atlanta, Georgia and WSOC, WSOC-TV, Charlotte North Carolina

MEN AT WORK

IN THE JOHNSTOWN-ALTOONA MARKET

Here's an area where industry is making multi-million dollar investments in plants and equipment . . . where major utilities are expanding . . . where highway construction, and school building public works programs are at an all-time high. All these factors are pumping new vitality into payrolls and purchasing power.

IT'S TIME TO PUT WJAC-TV TO WORK FOR YOU!

In this Johnstown-Altoona Market, your best salesman is WJAC-TV--the station that reaches more of the people, more of the time. And, as you well know, the more calls you make, the more sales you garner.

*Get all the marketing facts from

KEYSTONE STATIONS

EXCLUSIVE CBS

Keystone Stations cover Central Pennsylvania . . . without costly, wasteful overlap. Exclusive CBS affiliation offers you best network availabilities in Lancaster, Lebanon, Harrisburg, and York through one rate card, one buy, one confirmation.

Whatever you're selling, you'll make more sales in the important population centers of Central Pennsylvania at less cost with Keystone, the three-station group that serves more of the area with ghost-free, snow-free pictures than any other television station. WHP-TV, Harrisburg; WLYH-TV, Lancaster-Lebanon; WSBA-TV, York.

One of the world's great conductors, Eugene Ormandy, leading the Philadelphia Orchestra in a full-hour television concert of American music. Produced by Philadelphia's TV10 at the city's world famous Academy of Music, "Eugene Ormandy's Sound of America" was seen in prime evening time on all five CBS Owned stations. And subsequently, as part of CBS Television Stations' second Interna-

tional Program Exchange, it was enjoyed by millions more viewers in eight other nations.

Imaginative, venturesome—the Eugene Ormandy broadcast is just one example of local programming of extraordinary stature and scope. But Philadelphians have long known who consistently broadcasts programs of the highest interest and the widest appeal. CBS Owned WCAU-TV... that's who!

DATELINE '63

SIX O'CLOCK REPORT
with **DICK JOHN**

ELEVEN O'CLOCK REPORT
with **LARRY GAFFNEY**

For the first time in the Pittsburgh area, the news takes on a big, bold look. It's DATELINE '63—a twice-a-day, close-up portrait of local, area and world events.

The Six O'Clock Report of DATELINE '63 features Dick John, nationally acclaimed newscaster, along with Red Donley, Bob Cochran, and the award-winning Huntley-Brinkley Report in a solid hour of news, weather and sports.

DATELINE '63's Eleven O'Clock Report features Larry Gaffney in a round-up of local, area and world news—up-to-the-minute—followed by sports with Red Donley.

The news is bigger . . . the news is hotter on Channel 11, because around the clock, WIIC newsmen and cameramen are there when it happens.

People who know the Pittsburgh market best **TAKE TAE**

"In the food business, advertising must pay off right away. Thorofare has sponsored full-length TV feature movies for the last nine years. In that time, our sales volume has tripled. We are continuing to place more television advertising than any food chain in this area. It helps give us the sales results we're looking for."

Mr. L. B. Smith, Jr., President
• Thorofare Markets, Inc.

A food chain owner is a hard-headed spender. Why is Pittsburgh's most dynamic, talked-about grocery chain putting its money on TAE-time? Take TAE and see!

point your TV dollars toward this big area...

5 Reasons Why Channel 5 Is Outstanding In Memphis and the Mid-South

1. Outstanding public service programs of the highest character and caliber.
2. Outstanding 71-county area coverage reaching more people, over a larger area, than any other Memphis or Mid-South TV station.
3. Studio productions keyed to regional tastes present a consistent variety of live programs to—and for—this area audience.
4. First Mid-South television station with over 13 years of programming success, production knowledge, and merchandising know-how.
5. Outstanding NBC programs, plus area-keyed local programs are presented in the largest, finest and best equipped studios in Memphis!

We are challenged You are summoned

Every newspaper headline makes it clear that this is a testing time for Americans.

The Cuban crisis is one of a long and continuing series of challenges we face.

At a time of challenge, the American future depends upon the American people: what we think, what we do, how we rise as individuals to the task of meeting great challenge with great achievement.

We each have a part to play.

Yours is described in the timely new citizen action guide "Challenge to Americans" offered here which puts the crisis of the moment in the true perspective of the struggle which is likely to continue for years.

The world situation is far more complex than the emergencies of daily headlines.

As President Kennedy says:

"We are challenged by the revolution of communism. The Communists seek power through conspiracy, terror, aggression and deceit. They exploit and corrupt legitimate revolutionary forces, scavenging on poverty, ignorance, despair.

"And also we are challenged by the revolution of hope in continents long captive to stagnation and despair.

"We are challenged by the revolution in science and technology bringing new boons and new dangers to humanity.

"We are challenged by the revolution in international relationships. Nation has begun to work with nation to solve mankind's common problems. New international bodies are exploring uncharted paths of world cooperation in the interests of worldwide peace, justice, and freedom."

In an age of revolution, we dare not forget that we are heirs to a continuing, liberating revolution. We dare not fail

to press that revolution forward, to perfect democracy at home, to make it an example to the world. *Only in earning our freedoms over again can we strengthen them.* Only by extending our freedoms to all mankind can we preserve them.

This we can and must do as individuals. *We must accept our responsibilities as we do our rights, the two are today inseparable.* We must look upon national challenge—whether it is an immediate challenge in Cuba, Berlin, or Asia, or the continuing longer range challenge—as a personal opportunity to do something important for our country.

We must seek to excel, to stand up, to stand

out: in our private lives, our homes, our work, communities, schools, in all places, in all things!

A good way to begin is with a mature understanding of what we are up against and what you personally can do about it. You will find exactly that in the timely new booklet, "Challenge to Americans." Endorsed by Presidents Kennedy and Eisenhower, approved by the Department of State, it is an indispensable information and action guide for the purposeful citizen.

We need many such citizens. We need them now. We need you—your value as an individual, your power as the source of our national strength, your aid in deciding our common future.

Your copy of "Challenge to Americans" is free. You can be learning from it and you can be acting upon it in a matter of days. Write CHALLENGE, Box 1776, New York 17, N. Y.

FREEDOM IS NOT A GIFT BUT A TASK

"We must match great challenges with great achievements — with a constant striving for excellence in all things. With a mature understanding of the magnitude, complexity, and probable long duration of the struggle we face. Let each of us resolve to do something extra for our country in this period of trial."

President John F. Kennedy

"The important thing is to do something, and not to excuse oneself with the thought that 'I can do so little it will make no difference.' It does make a difference. America is people — not things. If each of us does his own particular job a little better, and raises his personal standards a little higher, our country will gain in strength and in character."

Dwight D. Eisenhower

THERE

ARE THE STATISTICS

HERE

ARE THE EXTRA

BENEFITS:

An Image of Leadership: Over the years, WFAA-TV has earned a significant position in the community through its keen awareness of broadcaster responsibility and its courage to be "first" with new programming concepts. (On two occasions in 1962, WFAA-TV received public commendation from FCC Chairman Newton N. Minow.)

Most Complete Production Facilities in the Southwest: Included are a \$250,000 mobile cruiser, nine Marconi cameras, a new giant studio, five Ampex VTR units. Used during 1961-62 by "Today," "Perry Como Show," "Accent," "Dinah Shore Show," and such advertisers as Celanese, Humble, and Coca-Cola.

Creative Product Promotion with Follow-through: Working with those in your distribution channels and finally at the point of sale, an experienced staff creates and follows-through with a sales-oriented plan to merchandise your schedule and products.

Aggressive Audience Promotion: Newspaper lineage in the tens of thousands each year plus outdoor "spectaculars" build excitement and enthusiasm for current shows.

Danny Kaye shows how we can help visitors from abroad enjoy their stay here

Help visitors save time.

Time is so important to travelers. Give them tips to avoid delays—how and where to get tickets to theaters and special events ahead of time; which stores have the things they want; which bus or train will take them to certain landmarks most quickly; the fastest routes.

Show where to get advice.

If you can't answer a question, chances are you can direct the visitors to the proper source of information—tell them about Travelers Aid, for example; or state and local vacation bureaus, the Chamber of Commerce and all the many free touring services available.

Add to the fun.

I'm supposed to be something of an expert in making people laugh and have fun. But there's no secret formula. I think we can all help visitors enjoy themselves if we show them we're interested in helping them find out about our way of life, humor and pastimes.

You know what I've discovered on my trips abroad? That people are planning visits to America! They are coming here on business, as students—and on vacation. I think this is great news, not only because it gives them a chance to learn what America is really like—but also because it gives us the opportunity to return the hospitality shown to Americans overseas. There are many ways you can help visitors. Some are shown here. Please be sure you extend the courtesy traditional with Americans!

Published as a public service in cooperation with the U. S. Travel Service, Department of Commerce, Washington 25, D. C.
