A

DIRECTORY OF TV STATIONS IN THE U.S.

Listed in this directory are all television stations in the U. S., its territories and Canada. Information for each station has been corrected to Nov. 15, 1964.

The following sample listing is given, with explanation of order and meaning of information following the listing.

ANYTOWN (999) Howcom county

WOF-TV (Some Town) ch. 12. April 7, 1951. 100 kw vis, 50 kw aur; ant 1,560t/785g. (CP ant 2,056t/895g).

Box 1360 (01000). 726-2937. TWX 999-871-3449. Licensee WOF-TV Inc. Own: See WOF-TV Stns, also Nwspr.

Net: NBC-TV, CBS-TV. Rep: H-R. Rate: \$750. Color: Net, slides, film. Video tape: RCA (1), Ampex (1).

A. Mann, gen mgr & pr dir; L. Martin, prog dir; C. Rich, chief engr. Wash atty: Koteen & Burt. WOF-AM-FM affil.

WOF-TV is in Anytown, in Howcom county. Its Direct Distance Dial telephone code is 999.

WOF-TV also serves Some Town. It is on channel 12. It began operation on April 7, 1951. It operates on 100 kw visual, 50 kw aural with antenna height of 1,560 feet above

average terrain and 785 feet above ground. WOF-TV has a construction permit (CP) to increase antenna height to 2,056 feet above average terrain and 895 feet above ground.

WOF-TV's mailing address is P.O. Box 1360. Its ZIP code is 01000. Telephone 726-2937. Teletype Writer Exchange number is 999-871-3449. Licensee's name is WOF-TV Inc. The licensee owns other stations, which are listed in the "Group Ownership" section of this YEARBOOK under WOF-TV Stations. The licensee also has connection with print publications which are listed in the "Newspaper Ownership" section.

WOF-TV is primarily affiliated with NBC-TV, and has secondary affiliation with CBS-TV. Its national sales representative is H-R. (A regional rep, if any, follows the national rep.) The station's highest hourly rate is \$750. It has facilities to show color via network, local slides and local film. It has two video tape recorders, one RCA and one Ampex.

A. Mann is the general manager and public relations director; L. Martin is the program director and C. Rich is the chief engineer. The law firm of Koteen & Burt is the station's Washington attorney. WOF-AM-FM are radio affiliates of WOF-TV in Anytown.

For abbreviations used in listings see page D-36.

COLCOMB

COVERING 92%
OF COLORADO TV HOMES
PLUS 27%
OF WYOMING TV HOMES

COLCOMB, the Colorado
Combination of KOA-TV
and KOAA-TV, covers more
than a half million
TV homes...

31% MORE THAN THE
AVERAGE DENVER-
ONLY STATION,
FOR ONLY
10% MORE BUDGET.

COLCOMB means a market
of nearly two million people
spending \$2½ billion
annually... the 12th market
in population,
13th in retail sales
(compared with Sales
Management's SMCA).

The Colorado Combination

The South Bend Market Has Been Redefined by WSBT-TV

Two years ago WSBT-TV erected a 1047' tower and almost doubled its power. The above map shows the increase in range.

What it does not show is the work that has gone into station promotion in the new coverage area.

By home town radio and newspaper and by direct mail the word has been spread . . . WSBT-TV has everything

to offer. And the promotion program is paying

off. Our mail pull from towns 50 to 75 miles from South Bend continues to grow daily . . . we know WSBT-TV programming is making inroads into the Chicago, Ft. Wayne and Kalamazoo markets. Care to join us?

This is a new South Bend market as created by WSBT-TV. For complete details contact WSBT-TV, South Bend.

**NEWS
IS THE
MAGNET
THAT
PULLS**

The gathering and presentation of news; the personality and believability of individual newscasters; and the accuracy and speed of getting the news to the public is the most significant area in which a local TV station can capture and hold the loyalty of the community it serves. The Quad-Cities' viewer acceptance of all of WOC-TV's programming is more than adequate testimony that "news is the magnet that pulls!"

A recent qualitative survey conducted by (but not identified with) WOC was made to find the strengths and weaknesses that exist in WOC-TV's news segments. The compilation of answers showed WOC as the news leader in 28 of 31 categories in this 3-station community.

We invite you to share the benefits of WOC's leadership in this 1½ billion dollar retail sales market.

NEW MOON

over Kansas The new, moon-shaped area on the map is plus-coverage from WIBW's new tall tower 1614 feet above downtown Topeka—an effective gain of 522 feet. We've moved west 18 miles into the Kansas Flint Hills to create a new moon of coverage, that provides you with *50,000 more TV homes* at no extra cost. The new Topeka market reports will reflect this increased coverage.

The new tower and transmitter, with full power, (316,000 watts), is now in operation! Ask Avery-Knodel to show you the WIBW-TV bonus coverage today!

BALTIMORE (301) (Independent City)

WBAL-TV ch 11. March 11, 1948. 316 kw vis, 158 kw aur; ant 1,041t/1,000g. (CP 31.6 kw aur).

(Adv.) For WMAR-TV listing see page A-26.

Tower Height Increase for Baltimore's Channel 2 Adds 13.5% More Population and 25% More Square Miles of Land—in "B" Contour Alone!

NOW . . . Channel 2 delivers more than ever before—5,110,000 total population* and 14,200 square miles of land area within the "B" contour. In addition, WMAR-TV has increased signal strength throughout the Channel 2 coverage area . . . telecasting with maximum facilities authorized under FCC standards. Baltimore's new candelabra tower, tallest structure in Maryland, means increased coverage—improved reception . . . Plus outstanding local and CBS programs!

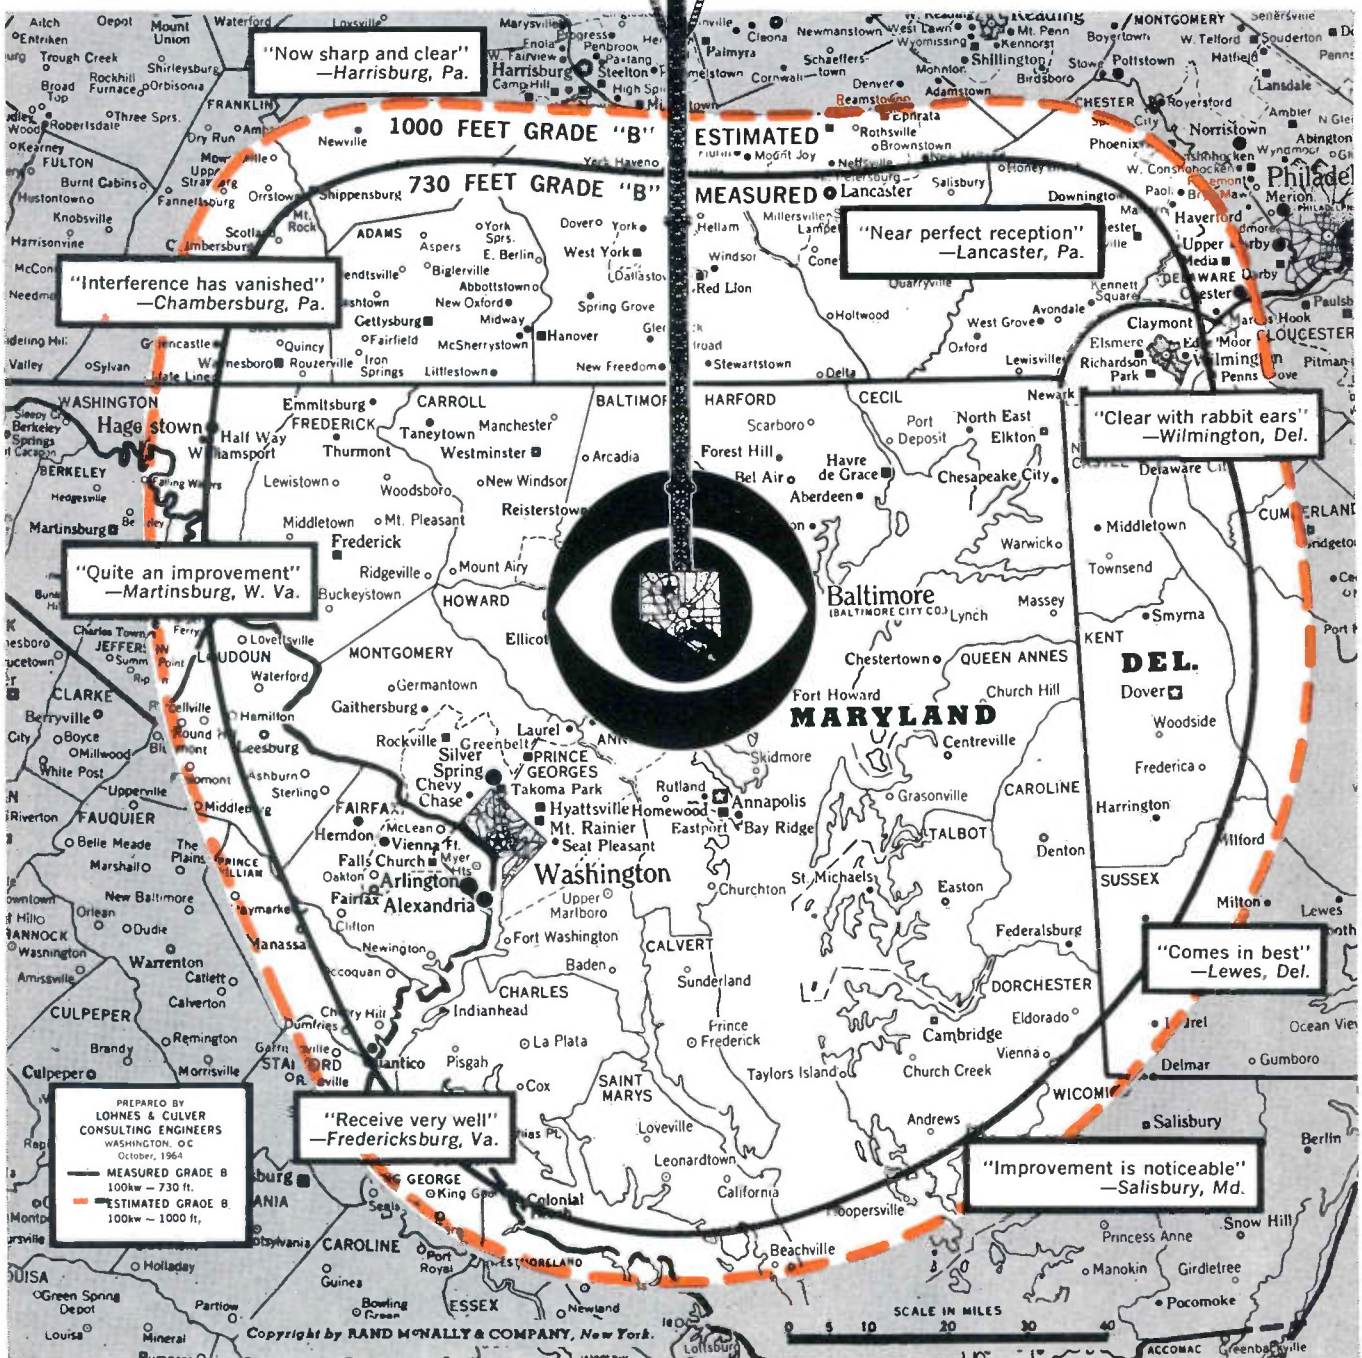

*Official 1960 census for the United States.

In Maryland Most People Watch

WMAR-TV CBS

CHANNEL 2, SUNPAPERS TELEVISION
TELEVISION PARK, BALTIMORE, MD. 21212

Represented Nationally by THE KATZ AGENCY, INC.

Measured coverage, including extended tenth-millivolt contours, will be available early in 1965.

HOW TO SQUEEZE THE MOST OUT OF A DETROIT MINUTE

In Detroit, the WWJ Stations enjoy an acknowledged **acceptance**. For many reasons: Special emphasis on local affairs and news. A knowledgeable approach to total programming. A sincere devotion to community service. An affiliation with NBC dating back 38 years. And home ownership by The Detroit News.

Because of this **acceptance**, the WWJ Stations provide advertisers with a more receptive atmosphere for their sales messages. Consistent results through the years have proved that the way to squeeze the most out of a Detroit minute is to spend it on the WWJ Stations. Whether you sell oranges or oil.

WWJ and **WWJ-TV**

Owned and Operated by The Detroit News • Affiliated with NBC • National Representatives: Peters, Griffin, Woodward, Inc. **THE NEWS STATIONS**

The spot for spot

If community service is a criterion *in your weighing of a station's influence on people, WSOC-TV will score highly. Outstanding among recent staff-produced documentaries was "Pick Up the Pieces". This program on rehabilitation of emotionally disturbed children at Alexander Children's Center in Charlotte earned high acclaim for WSOC-TV throughout the Carolinas.*

FOR A NEWS-HUNGRY PUBLIC

...THE LARGEST STAFF AND BEST FACILITIES IN OUR PART OF AMERICA

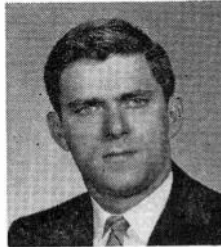

These are the men—and the machines—that collect, photograph, and broadcast WHIO news via AM, FM and TV. There is no comparable service in our part of the nation. The natural consequence: around the clock more news-hungry people listen to WHIO-AM and FM—watch WHIO-TV. Ask George P. Hollingbery to prove it.

TOM FRAWLEY—WHIO Radio/TV Director, current President of the Ohio Associated Press Broadcasters Association

**MORE HOMES THAN
THERE ARE IN
THE NATION'S 6TH
LARGEST CITY**

Yours on a silver platter! More than 423,000 television homes in one of the nation's high-income, fast growing markets... more homes than are in ALL of Houston, the nation's 6th city! KOIN-TV gives you the 850,000-population Portland standard metropolitan area *solid*, gives you weekly-or-better coverage of 423,360 television homes* in 34 Oregon and Washington counties.

And when you buy KOIN-TV, you buy more than statistics! You buy the persuasive power of a station famed for its stature and influence in its region.

By any measurement, KOIN-TV is the buy in Portland and its surrounding marketing area.

Blue chips? The 306-plus blue circles on the 26-county WIS-Television coverage area map are just that. They represent the industries employing 50 or more people in these 26 counties.

The many new blue-chip industries locating here impress the observer—half a million dollars' worth a day coming into the surprising new South Carolina. To be honest, it impresses us, too.

This is why Columbia is the fastest-growing metropolitan area in both Carolinas. This is why this booming area is a must for any cannily-constructed spot schedule. Only WIS-Television reaches it effectively, without the need for peripheral buys.

WCYB-TV SALES DEVELOPMENT SERVICE

*provides strong support
for brand name products advertised
on WCYB-TV. The following
free services are available
to qualified brands.*

1

Personal calls are made on wholesale jobbers, chain buyers, and key independent retailers. (a) They are told of product's advertising schedule. (b) They are requested to give special consideration to product because of its TV advertising. (c) Tie-in promotion is suggested. (d) Additional shelf space is requested. (e) Special displays are requested.

2

A bulletin is mailed weekly to wholesale jobbers, chain buyers and store managers. Advance information is given including advertising schedules, start and stop dates, number and length of spots, if day and/or night and nature of advertising.

3

Special "in store" point-of-purchase display in key national and local chain retail stores (where requested.) This service is available for one week during each thirteen weeks of continuous advertising where the product is supported by a sound marketing plan and comparable expenditure in station time. Display on any product contingent upon retail store confirmation.

4

"In store" surveys available. Upon request, "in store" product surveys are made. Surveys include number of shelf facings, shelf inventory, pricing and sales ranking for the survey product and competitive brands.

5

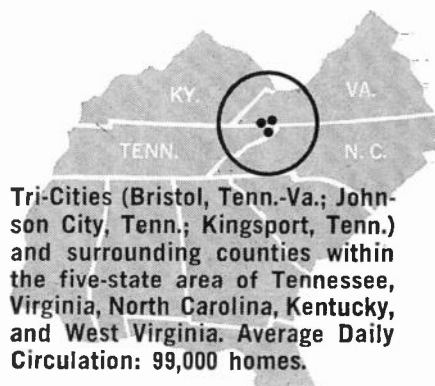

Distribution checks available. Information concerning a product's distribution in the Tri-Cities market can be supplied quickly. Usually the information is available within 72 hours.

6

We work with the manufacturer's representative in detailing the trade.

7

General . . . A constant effort is made to improve the market position of WCYB-TV advertised products. We rework retail departments for better position and increased shelf facings. For the same reason, we help in setting up stock in new and remodeled stores.

This makes
89,102

According to the latest count, there were 89,101 producing oil wells in the KMID-TV coverage area.

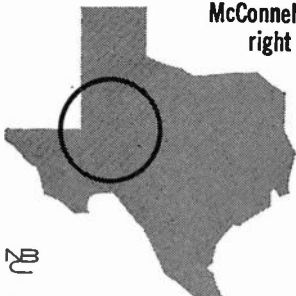

So what's one more among all those others?

As of now, they're producing a billion dollars worth of crude oil per year, and more keeps coming.

With maximum power, a low-frequency channel, and 1137 feet of antenna structure on a 2,912-foot elevation base, KMID-TV's Tall Tower casts a long shadow indeed.

This is high consumer spendable income country. And 91% of all homes have at least one television set.

Want to know more? Get in touch with your Venard-Torbet-McConnell man right away.

"Your new plant will succeed in Virginia"
Herman H. Pevler, President

NORFOLK AND WESTERN RAILWAY

ROANOKE, VIRGINIA

"Over the past decade, our Industrial Development Department has assisted scores of national companies in the location of new plant sites within the western Virginia area. These new locations have succeeded because all the ingredients for industrial growth are present — a good, intelligent labor supply; growing consumer markets; a reasonable tax situation; and exceptional community cooperation. These are some of the factors that have contributed to the growth of our railroad — and they will help your company to grow."

The N&W, America's most prosperous and efficient railroad, is headquartered in Roanoke. It provides fast, dependable distribution throughout the area served by WDBJ Television. We would extend our invitation to manufacturers to locate here, and also to market their products, whether they be "established" or "on test."

Roanoke television is a primary advertising force . . . when you market your product within this rich and economically fertile area.

where can you find a station that
Colorcasts
 92 programs a week?

**You Found It—
 WTMJ-TV in Milwaukee!**

WTMJ-TV is now colorcasting 37% locally produced programs. And in the 6-12 P.M. prime viewing hours 75% are in color. Number one color station in Milwaukee, WTMJ-TV has been a leader in color television since its inception. On December 20, 1953, WTMJ-TV offered the first colorcast by a Wisconsin station. In 1954, WTMJ-TV broadcast the first locally produced live color program in Wisconsin and within two days of this broadcast the first commercially sponsored color program in Wisconsin.

Now, 12 years later, WTMJ-TV continues to build its leading position in color television by broadcasting 92 color programs a week. In order to continue broadcasting the best in color, WTMJ-TV has the latest in color equipment: two indoor and one outdoor color studios, three color television cameras, color slide, film and video tape equipment. And a new \$1½ million round studio is now under construction. During the 1965 season WTMJ-TV anticipates a further increase in color programming.

TV Allocations: State, City, County

Note: UHF and VHF TV allocations have been made by the FCC to the following cities. A plus or minus after a channel indicates that a station occupying the channel must operate with its carrier frequencies offset 10 kilocycles above or below, respectively, the normal carrier frequencies.

Asterisks (*) indicate channels reserved for noncommercial use.

(As of August 1, 1964)

Experimental Television Stations

Following is a list of the experimental television stations authorized by the FCC as of Oct 1, 1964, showing permittee or licensee, date of original grant, call letters, location and frequency. Where available, purpose of experimental station also is listed. In some instances, licensee has two or more stations.

Adler Electronics Inc.—KE2XTI New Rochelle, N. Y. Chs. 70-83 (806-890 mc); 100 w. Used for various experimental purposes. First granted May 14, 1956. **KE2XKA** New Rochelle, N. Y. 1990-2110 mc (outside tv band); 10 w. To demonstrate educational tv uses. First granted Feb. 5, 1959.

Capital Cities Broadcasting Corp. KE2XJY North Greenbush, N. Y. Ch. 10 (192-198 mc); 250 w. To be used in conjunction with ch. 10 WTEN (TV) Vail Mills, N. Y. First granted March 30, 1959.

Electronic Enterprises Inc.—KO2XHQ Newport, Ore. Chs. 70-83 (806-890 mc); 5 w. For testing and developing uhf translator signal booster. First granted Aug. 2, 1962.

General Electric Co.—KE2XHK Syracuse, N. Y. Authority to test on all 82 vhf and uhf tv channels; 50 kw. First granted Jan. 19, 1949.

International Telemeter Co.—KM2XMB Los Angeles, Ch. 5 (76-82 mc); 100 w. For research and development of pay tv system. First granted Dec. 7, 1960.

KM2XOG Los Angeles, Ch. 83 (884-890 mc); 20 watts. For research and technical experiments. First granted Dec. 8, 1961.

Mid-State Radio & Supply Co.—KO2KPF Wenatchee, Wash. Ch. 70 (806-812 mc); 10 w. Experimental translator station for site tests and demonstration of operation. First granted Feb. 24, 1959.

Furdue U.—Lafayette, Ind. KS2EGA, ch. 72 818-824 mc, 28.2 kw; **KS2EGB**, ch. 78, 864-860 mc, 12 kw; **KS2EGC**, ch. 75, 836-842 mc, 12 kw; **KS2EGD**, ch. 76, 842-848 mc, 12 kw; **KS2EGE**, ch. 41, 632-638 mc, 12 kw; **KS2EGF**, ch. 47, 668-674 mc, 12 kw; **KS2EGG**, ch. 53, 704-710 mc, 12 kw.

kw; **KS2XGH**, ch. 59, 740-746 mc, 12 kw. Used in conjunction with airborne educational tv. All granted December 22, 1959.

Miratel Electronics Inc.—KA2XEO Minneapolis, Minn. Ch. 12 (204-210 mc); 1 w (vhf), 100 w (uhf). To test translator sites at various locations for desirability of site, local interference and other factors. First granted April 1, 1963.

Radio Corp. of America—KE2XNY, three transmitters, one at Camden, N. J.; one near Marlton, N. J., and one at Union Mills, N. J. Chs. 3 through 6 with ERP of 100 kw; chs. 7 through 13 with 316 kw, and chs. 14 through 83 with 1,000 kw. To test various types of equipment. First granted June 19, 1953.

Radio Honolulu, Ltd.—KU2XAB Honolulu, Hawaii. Ch. 7 (174-180 mc); 1 w To translate (or broadcast) KONA (TV) (Ch. 2) Honolulu. First granted Aug. 23, 1962.

Bryon W. St. Clair—KF2XDJ New Rochelle, N. Y. Ch. 12 (204-210 mc); 1 w; ch. 79 (860-866); 100 w. To conduct transmitter site tests. First granted June 28, 1961.

Community Antenna TV Systems

Individual CATV systems are listed alphabetically by state and city. Firms or persons owning two or more systems are listed in the Multiple Ownership directory, page A-139. Information on CATV systems is in this sequence: firm name, street address and/or post office box number followed by ZIP code, telephone number (preceded by area code), name of executive in charge with title, number of subscribers, number of estimated potential subscribers, installation charge, monthly charge, call letters and locations of TV stations and FM stations carried by CATV (other services provided such as weather channel or background music are listed, and if CATV originates programming or commercials, this is noted), date system began operation, name of principal owner(s) and indication whether owner has other CATV or media interests.

Omitted information was not furnished by owners before publication.

For complete list of abbreviations, see page D-36. Asterisk (*) indicates member of National Community Television Association for CATV's; symbols before TV's indicates noncommercial.

List of broadcasters in CATV page A-141.

MR. BROADCASTER: You belong at both ends of the signal

More and more broadcasters are finding that the operation of community-antenna systems is a natural business for them.

Like broadcasting, CATV is a public service, demanding a management familiar with and sensitive to the needs and desires of the public for high-quality television pictures regardless of the distance from the transmitter.

And so, to assure studio-quality reception and a rich variety of programs to homes in your broadcast area, you should investigate the advantages of entering community-antenna television (CATV).

Consult the leader • To make your entrance into CATV uncomplicated and economical, Jerrold—pioneer and

leader in this field—offers you a range and depth of technical and management services unmatched anywhere. Jerrold's tremendous experience and nationwide organization can help in any or every stage of setting up a new community system—in conducting signal surveys; engineering the system; supplying all electronic equipment, including microwave; constructing the entire plant, from antenna site to house-drop; training your personnel; arranging financing to meet your needs; and, finally, turning over the key to an operating system to your system manager.

Make the first move into a profitable extension of your own business—contact the Jerrold Community Systems Division today.

Community Systems Division, 15th & Lehigh Ave., Philadelphia, Pa. 19132 • Phone (215) 226-3456

Entering the CATV field for the first time? AMECO is your KEY...*from start to finish!*

The companies who are already in cable television . . . the companies who know all of the CATV manufacturers best . . . these are the companies going turnkey Ameco.

ENGINEERING

From a staff of skilled draftsmen who will map the course of action . . . to an experienced construction crew who will install the unsurpassed Ameco equipment . . . to a group of highly trained technicians who will "fire up" your system . . . Ameco is tops!

EQUIPMENT

First and finest . . . Ameco . . . truly the recognized leader . . . truly the pacesetter of the entire CATV industry. Proven in research . . . proven in production . . . proven in the field in over 50% of the nation's cable systems!

MICROWAVE

Another important plus that points up the completeness of the services offered by Ameco is microwave transmission. Increasingly important to cable system operation . . . Ameco's Antennavision Service Company has become a major factor in this field.

FINANCING

First in the CATV industry to offer a wide spectrum of long-term finance plans . . . Ameco has financing to suit your situation be it turnkey or equipment . . . an extension . . . a rebuild . . . or a new system.

SERVICE

The one and only company in the cable field that cares enough about you and your cable system to provide doorstep delivery. See it . . . try it . . . buy it . . . from Ameco's "Salesmobile" truck.

ENTRON- THE SUM AND SUBSTANCE --- OF CATV

Whatever you want to know about CATV, Entron, the most experienced company, will make that information available to you at no cost. We will estimate costs and earning possibilities, and will actively assist in the financial planning of a system. Avail yourself of the services of a CATV manufacturer who is completely versed in all phases of the CATV business.

Entron has been recognized as a pioneer in CATV engineering and manufacturing since 1952, the inception of the industry. Complete systems for many broadcasters have been designed and engineered, as in Florence, S. C., and in Utica, N. Y., as well as many independent systems as in Gadsden, Alabama and Altoona, Pa.

Our advice is sound, our help concrete, and our products are recognized in the industry as exceptional.

For broadcast-quality CATV pictures, insist on **JERROLD** Solid-State Equipment

Community-antenna system equipment by Jerrold lets you meet the increasing demands of CATV subscribers for expanded services, 12-channel capability, studio-quality color reception.

New Jerrold solid-state channel pre-amplifiers, super-cascader mainline amplifiers, bridging amplifiers, and line extenders constitute the first totally reliable transistorized equipment designed for community-antenna systems.

This new solid-state distribution equipment is a fitting companion to the quality Jerrold microwave transmitters and receivers, antennas, modulators, Channel Commander control centers, coaxial cable, and tap-off equipment that have made and kept Jerrold the leading name in CATV.

Jerrold means more to you than reliable equipment. It means a nationwide network of experienced men with the industry's richest stockpile of technical and management know-how. It means an intimacy with your business and community-relations problems unmatched in the entire CATV field.

To assure the ultimate in picture quality in CATV, contact Jerrold today.

VHF FIELD STRENGTH METERS

THIS IS THE FASTEST and EASIEST to READ
FIELD STRENGTH METER AVAILABLE TODAY

- All wiring printed on glass epoxy
- Tuned circuits use small shock resistant fibre glass coil forms or subminiature fully encapsulated fixed inductances
- Latest semi-conductor diodes and transistors
- Reduced battery current consumption lengthens battery life
- Long term stability, temperature compensated
- VHF-TV/FM in two ranges (54-108 Mc & 174-216 Mc)
- Peak reading, Carriers marked
- 75 ohm, F Connector, matched input
- Calibrated from minus 33 to plus 60 db in 1 db divisions and from 10 microvolts to 1.0 volt
- AGC assures accuracy of plus or minus 1.75 db or better

I THINK I NEED TVC'S CATALOG

If you don't have our catalog, you're missing a good bet. A 5c stamp brings you THE finest catalog going . . . over 100 pages, indexed and fully illustrated. It offers you everything you could need to build, operate, or maintain a CATV system. It opens the door to the highest quality and the fastest service. If a 5c stamp is too expensive, use a 4c postcard.

BOX 38, CARLISLE, PENNA.

TV programing: live, film, video tape

Analyses of programing, based on questionnaire returns from U. S. television stations and networks, have been a continuing feature of BROADCASTING since 1953. The cur-

rent statistics cover the week of June 7-13, 1964.

The accompanying tables afford comparisons between figures for 1964; the previous year, five years ago (1959) and ten years ago (1954). Survey for 1954 was made in December 1953.

FILM/TAPE/LIVE PROGRAMING on STATIONS

| | Survey Date | NETWORK AFFILIATES | | NON-NET STATIONS | | ALL STATIONS | |
|---|-------------|-----------------------|---------------------|-----------------------|---------------------|-----------------------|---------------------|
| | | Average Hrs. Per Week | % of Total Schedule | Average Hrs. Per Week | % of Total Schedule | Average Hrs. Per Week | % of Total Schedule |
| 1. Total non-network film | June 1964 | 24:58 | 21.4% | 49:48 | 68.9% | 26:15 | 22.9% |
| | June 1963 | 24:32 | 21.6% | 64:28 | 69.1% | 28:33 | 25.4% |

WOF is in Anytown, in Howcom county. Its Direct Distance Dial telephone code is 401.

WOF began operation Jan. 1, 1963. It operates on 1600 kc, with 50 kw in daytime hours, 10 kw at night. It uses a directional antenna during day hours (DA-N indicates nighttime directional antenna; DA-1, indicates directional antenna at all times, and DA-2 indicates directional antenna with differing directional patterns in daytime and nighttime hours. SH—specified hours of operation; ST—station shares time; CH—critical hours; CP—construction permit; CR—Canadian restricted). This station is limited to operating at nighttime, only when dominant station (WOOF) is not operating. Its mailing address is P.O. Box 100, ZIP code

00001. Telephone is 462-0100. Teletype Writer Exchange (TWX) number is 401-568-0100. Licensee's name is WOF Broadcasting Co., which purchased the station from its previous owner on July 1, 1963. (If no acquired date is listed, licensee is original owner.) The licensee owns other stations, which are listed in the "Group Ownership" section of this yearbook under WOF Broadcasting Stns. The licensee also has connection with print publications which are listed in the "Newspaper Ownership" section.

WOF is affiliated with the ABC network. Its national sales representative is Petry, and regional rep, Penn State, follows the national rep. WOF has one hour of specialty programs each week in the Italian language.

WOF-FM 1963: 106.9 mc; 20 kw. Ant 200 ft.
Dup WOF 60%. Stereo.
WOF-TV affil.

WOF-FM began operation in 1963 on 106.9 mc, with an effective radiated power of 20 kw. Its antenna is 200 feet above average terrain. It duplicates the programming of WOF 60% of its broadcast schedule and programs independently the remaining time. It also broadcasts in stereo by the multiplex system. Licensee of the FM station is the same as companion AM station, unless otherwise listed.

WOF-TV is the TV adjunct of WOF-AM-FM.

Listings for independent FM stations follow the format of AM station listings.

For abbreviations used in listing see page D-36.

Someone suggested:
"Show a fellow
who isn't listening"

SO...

This fellow obviously isn't tuned to KABC RADIO. Our listeners listen. That's our point. KABC is an all-talk station (with ten hours of news daily plus a wide variety of stimulating conversation). So, the only reason people tune to KABC is to listen. With an audience ready to give its undivided attention to your sales message, our Sales Manager puts it this way — "the nicest 'helper' a good commercial ever had."

For details, call us or your Katz man. We're good listeners, too.

WE'RE SURROUNDED BY A RICH, GROWING MARKET!

Yes, KLZ is surrounded by a tremendously progressing market where heavily populated metropolitan industrial centers and vast fertile farms and ranches rest side by side. It's a market of many different kinds of people with KLZ Radio programs to serve them all.

Through the unique KLZ "TOTAL AUDIENCE" concept, a multiplicity of publics are available to you through one major BIG TIME radio station. That is why when your commercials are on KLZ, you reach the listeners who buy.

Represented nationally by The Katz Agency.

Another important plus...

In another step to better serve Mid-America with the most complete national and international news coverage . . . WGN is now operating a fully staffed Washington news bureau. The bureau develops and reports news, including exclusive interviews with

regional political figures, for both WGN Radio and WGN Television. (As well as KDAL Radio and Television, Duluth, Minn.) Another important plus for WGN audiences and advertisers and . . . one more example of why, in radio and television . . .

To cross the mighty Mississippi at this point, you have a choice of three bridges — and WOC Radio. Like the bridges, WOC links five great communities (and eleven surrounding counties) with an EBI of more than 1 billion dollars. WOC — the Quad-Cities senior station — has increased its adult audience the fastest of any station, and is the only station in the area with a single-rate card.

Each of the counties within the WOC coverage area ranks in the top 18% of all the U. S. counties in gross farm income and three of the major farm machinery manufacturers are located here.

Since 1922

Our aerial act is absolutely colossal!

It's so big that every morning and every evening thousands upon thousands of loyal WJR listeners, with auto aerials everywhere in evidence, literally stand in line to catch our daily performances! This tremendous audience is drawn from the 74% of Michiganders who travel to and from work by car—a greater percentage of car commuters than in New York, Illinois, Pennsylvania, Ohio, Texas or California!

Add these folks to the WJR listener-commuters in the rest of the Great Lakes area and the result is an audience of astronomical proportions.

These are the commuters who tune to WJR for foreground radio—programming that people *listen* to. They get generous helpings of information, entertainment and adult companionship. Because we know that *adult* listeners have no desire to be rocked, rolled, shouted or twisted to and from work.

Care to join our act—and “*captivate*” one of the most captive audiences in America? Your Henry I. Christal representative will show you how our traffic can increase *your* traffic.

The Radio Voice
of

The Asbury Park Press,

features vital community programming that attracts and holds more listeners than any other radio station heard on the North Jersey shore.

Day and night our air is jam-packed with hourly newscasts, and important news bulletins, produced by a special radio news staff; plus bright and interesting information about shore events and personalities; plus intelligently presented middle-of-the-road music that keeps people tuned to WJLK hour after hour.

For years and years and years these advertisers have used WQXR!

In New York, WQXR Radio is called "The Resultful Station." Here is a list of 45 important and discerning advertisers who have been using WQXR for from 5 up to 20 consecutive years. These smart advertisers have found from experience that WQXR brings results. Can there be any better proof than that? Can there be any good reason why you shouldn't find out how you can profitably use WQXR for years and years and years? Call us at LA 4-1100. We'll be glad to add you to the list. WQXR/1560AM 96.3FM, radio station of The New York Times. 229 West 43rd Street, New York, New York 10036.

PENNSYLVANIA

*Noncommercial.

ALLEGHENY MOUNTAIN NETWORK
Now Interconnected!

Allegheny Network coverage is equivalent to three 50 Kw stations spaced along the mountains of Pennsylvania. Add Allegheny to Pittsburgh, Philadelphia, Harrisburg, Scranton-Wilkes Barre and Erie schedules. You'll get complete coverage of all major areas of the state with little or no overlap.

Buying Allegheny is simple. Requires one buy, one bill, one set of copy AND . . . you get a million listeners. Allegheny is an actual working network, interconnected programming over 50 simultaneous broadcasts weekly.

There Are No Perfect Circles In Pennsylvania

There is something about the corners of our mountains where rock ledges protrude that sometimes cuts even our 10,000 watt signal. Pennsylvania car drivers know this. But stay on channel 1070 AM and you will get our station full force $\frac{1}{4}$ mile further along your highway route.

There is no perfect circle radiation in hilly North Central Pennsylvania. This is why this area became the home haven for Community Antenna systems. So what? We don't claim perfection but we do offer the best radio home and highway signal here. Drive through and hear for yourself.

1070 AM

BUY KPRC!

The Hibernians of Houston have a ball every March 17 with Tim 'n Bob, shown here on either side of a City Councilman in their lead car. This community wearing of the green has made about nine other Houston radio stations green with envy, but Tim 'n Bob thought of it first about five years ago and the St. Patrick's Day Parade has been an annual Houston festival ever since, like the annual KPRC Valentines Day contest. These events are KPRC affairs all the way, part of the personality, like news and sports, that go to make up a great radio station.

HOUSTON DOES!

When Bill Calder blew into town Houston inherited a chronic cyclone. First thing Uncle Billy Earl did was to release a loud "Yeth Thirr!" and the formidable, 2,000 strong, Show Biz Army was born! At Billy's command they don straw hats and canes, line up behind their leader and attack! All of the campaigns are for fun and harmless, like the time early this year when The Show Biz Army invaded Colt Stadium, but they all end in victory for your sales force!
