THEY WANT TO WORK.

YOU TRAIN THEM. WE'LL HELP PAY FOR IT.

Now there's a program that shares training costs when a business hires and trains the jobless. It is called The Job Training Partnership Act.

This program establishes a

partnership between business and government. It provides up to 50% of on-the-job training costs. And you may qualify for tax credits of up to 50% of the first year's salary.

The program is administered by local Private Industry Councils—organizations

made up in the majority by local business leaders who tailor it to meet specific local needs.

Put the Job Training Partnership Act to work now. Write:
