Program an ad message here next year

Our most recent study of some 4,000 subscribers to the **Television & Cable Factbook** has shown that the programming section of both volumes of our industry resource is the second most used of all. It ranks just behind the sections on station or cable ownership in number of times to which it is referred.

Almost 80% of those responding to the survey were in the top six categories of job responsibilities: Chairman, President, Vice President, General Manager, Manager or Director. Television stations, cable systems and MSOs and equipment manufacturers and distributors comprise the largest segment of buyers of the **Factbook**...in fact, they account for about half the sales each year.

Programmers, advertising and consulting organizations also buy and use the **Factbook** regularly. And they buy it four out of five years. Most have been buying it an average of nearly 10 years.

Point is, if you want your advertising message to reach the key people who refer to this section daily or weekly *every month of the year*, you need to put the **Television & Cable Factbook** at the top of your media list. You'll reach some 23,705 different decision-makers and influencers who will refer to information in the *Program Sources* and *Pay TV* sections as many as 241,000 times every month. Your message will receive nearly 3 million impressions in the course of a year!

It makes sense to plan right now for a position in next year's book. A single page ad, spread, even inserts and specialty packaging can be a part of your media plan to reach the people in our business who say "Yes" and buy!

For a comprehensive media kit, to make reservations or for any information you'd like to have about the survey, contact Gene Edwards, Advertising Sales Director, 202-872-9200.
