Television Digest With Consumer Electronics

Television Digest has been keeping leading communications executives informed since 1945 and is published for all those decision-makers—like you—who have a big stake in the ever-changing broadcasting, cable and consumer electronics industries.

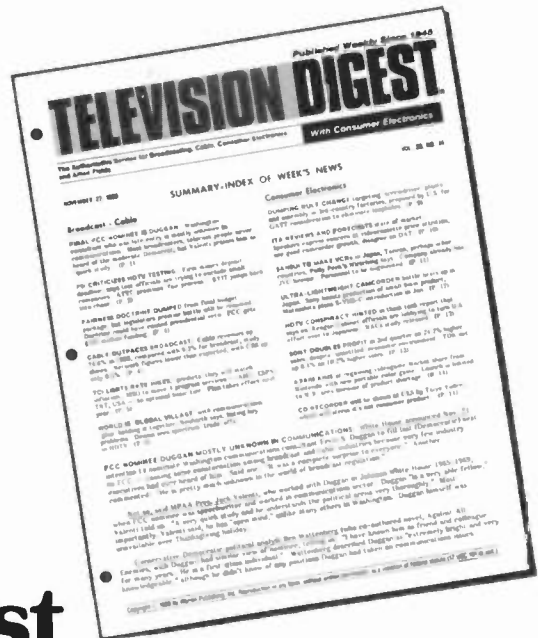

Television Digest goes beyond the scope of any other publication by bringing into sharp focus all the conflicting forces at work—broadcast, cable, home video, MDS, DBS, SMATV and others. It provides experienced, authoritative coverage. The Los Angeles Times recently referred to **Television Digest** as “a publication considered the bible of the TV industry.” Tack Nail, covering broadcasting, and Dave Lachenbruch, covering consumer electronics, are known and respected throughout the entire industry.

And each issue of **TVD** provides thorough coverage of government activities—the FCC, Capitol Hill, the White House. **Television Digest** also gives you the latest news on marketing strategies . . . programming ploys . . . personnel shifts . . . and current standings on the volatile revenue and ratings picture.

Television Digest regularly includes a host of industry surveys and statistics that cannot be found anywhere else. And because conventions, professional meetings and trade shows are of such vital importance to the communications industry, **TVD** provides complete pre- and post-meeting coverage of virtually every major professional meeting and trade show, whether in the U.S. or abroad.

Television Digest gives you the information you need, delivered in a fast-paced style and clear format that always respects your busy schedule. **TVD** is designed to be read quickly . . . to help you spend less time gathering information and more time using what you've found.

Program an ad message here next year

Our most recent study of some 4,000 subscribers to the **Television & Cable Factbook** has shown that the programming section of both volumes of our industry resource is the second most used of all. It ranks just behind the sections on station or cable ownership in number of times to which it is referred.

Almost 80% of those responding to the survey were in the top six categories of job responsibilities: Chairman, President, Vice President, General Manager, Manager or Director. Television stations, cable systems and MSOs and equipment manufacturers and distributors comprise the largest segment of buyers of the **Factbook**...in fact, they account for about half the sales each year.

Programmers, advertising and consulting organizations also buy and use the **Factbook** regularly. And they buy it four out of five years. Most have been buying it an average of nearly 10 years.

Point is, if you want your advertising message to reach the key people who refer to this section daily or weekly *every month of the year*, you need to put the **Television & Cable Factbook** at the top of your media list. You'll reach some 23,705 different decision-makers and influencers who will refer to information in the *Program Sources* and *Pay TV* sections as many as 241,000 times every month. Your message will receive nearly 3 million impressions in the course of a year!

It makes sense to plan right now for a position in next year's book. A single page ad, spread, even inserts and specialty packaging can be a part of your media plan to reach the people in our business who say "Yes" and buy!

For a comprehensive media kit, to make reservations or for any information you'd like to have about the survey, contact Gene Edwards, Advertising Sales Director, 202-872-9200.

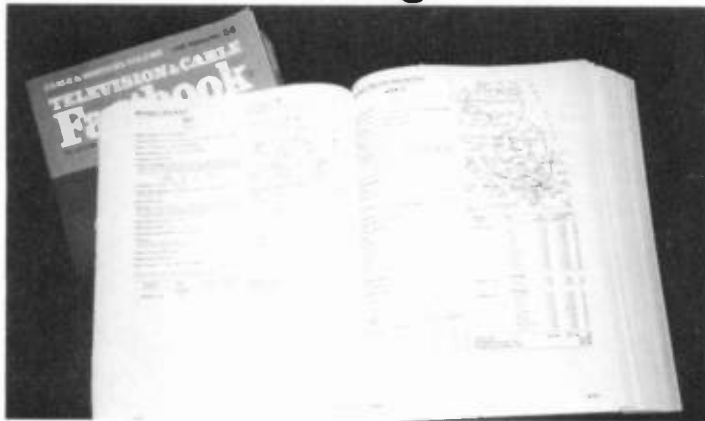

Television & Cable Factbook

Managers Programmers Engineers Financial wizards

...have one thing in common.

It's been around so long most people take it for granted. But all 23,705 of them refer to it over 241,000 times on average each month! Where else can the people you want to sell your products or services get the names and numbers and data that are so important to decision-makers and influencers?

If your advertising program is suffering from a weak budget, maybe you should be in the 'bible of the business'...the **Television & Cable Factbook**. A single ad in this important industry resource is a 'year-round campaign' that will continue to showcase your message.

Remember, the **Television & Cable**

Factbook is not a 'shelf item'. It's used monthly, weekly, daily, even hourly by mostly upper-level and mid-level managers. It's used *regularly* more than twice as often as Broadcasting's *Yearbook*. And for television and cable needs, there's less waste circulation.

If you want them to *buy*...you'd better *sell* them...in the **Television & Cable Factbook**. Contact Gene Edwards, Advertising Director, for space reservations and rates. Our media kit will tell you even more about us. The time to plan for next year is now!

Assignments Affecting Borders

Channel Allocations for Canada and Mexico

Allocations within 250 miles of Canada and Mexican borders are as agreed upon by U.S. and respective countries through exchange of diplomatic notes. Mexico reports VHF within 250 miles, UHF within 200 miles. Plus (+) and Minus (-) symbols designate offset carrier positions of channels. (L) indicates limited allocation under "Working Arrangement" of Canadian-U.S.A. Television Agreement of 1952 as modified.

All we need is a minute of your time.

Just :60 of prime time to get our recruiting message out.

Because more than ever before, it's a message that deserves to be heard.

The National Guard makes up about one-half of our nation's combat forces. And we need men and women to help keep us strong—ready to protect your community and defend your country.

It's a commitment that takes dedication. Guardsmen give at least two weeks a year and two days every month to the Guard—and to you. Is a minute of your time really too much to ask?

Run our spots whenever possible. And if you can't spare a minute, we'll settle for :30. Even :20 or :10.

To obtain free dubs of Air and Army National Guard PSAs write: National Guard Bureau, Advertising Distribution Center, P.O. Box 1776, Edgewood, Maryland 21040, Attn: SMSgt Pat Campbell.

Americans at their best.
