**INTERNATIONAL
SATELLITE DIRECTORY**

THE COMPLETE GUIDE TO THE SATELLITE COMMUNICATIONS INDUSTRY

This 1,200 page Directory covers 400 satellites, 4,000 companies, their products and services and in fact over 25,000 entries. The massive 1991 sixth edition is organized so that you can reference any subject, company, name, address, product or service in seconds!

Inside the Directory you'll find -

- **INTERNATIONAL ORGANIZATIONS.** Government Regulators and Administrators worldwide; all the PTT's with their contacts for satellite communications.
- **SATELLITE OPERATORS.** Intelsat, Inmarsat, Intersputnik, Arabsat, Aussat, Eutelsat etc. You'll find extensive information on Regional, Domestic and Planned satellite systems. Every satellite operator worldwide is covered in detail.
- **MANUFACTURERS OF SPACE EQUIPMENT.**
- **MANUFACTURERS OF SATELLITE GROUND EQUIPMENT.**
- **MANUFACTURERS OF DOMESTIC SATELLITE EQUIPMENT.**
- **USERS OF SATELLITE SERVICES.** Satellite Programmers; Transponder Listings by User; Broadcasters (Radio & TV); Corporate and other VSAT users; Videotex and Teletext; Telephone Companies; Major Cable Companies.
- **PROVIDERS OF SATELLITE SERVICES.** Common Carriers; Transponder Brokers; Transmission and Downlink Services; Videoconferencing and Teleconferencing Services; Teleports; VSAT System Managers.
- **GENERAL SERVICES.** Launch Services; Distributors; Technical and Consulting Services; Installation and Maintenance Services; Associations; Legal, Licensing and Insurance Services; Research, Educational and Technical Centers; Publishers and Publications; Financial Institutions.
- **GEOSYNCHRONOUS SATELLITES.** Information such as Location, Prime Contractors, Owner/Operator, Operating Frequencies, Number & Type of Transponders, Polarization, TWTA Power, Programming Information, etc. is included in this exceedingly informative chapter. There are over 150 pages of maps showing the EIRP of satellites worldwide.
- **INDEX & GENERAL INFORMATION.** - A very comprehensive glossary of satellite terms, statistics and an extensive index cross reference of every one of the thousands of companies that are detailed in the Directory.

HUGHES EXCELLENCE

Hughes Communications' satellite replacement program ensures C-band capacity into the 21st century.

At Hughes Communications, we give you the most advanced technology and we back it with the most comprehensive service available in satellite communications.

That's the Hughes commitment to excellence.

Our C-band fleet, led by our Galaxy satellites, has earned a reputation as the premiere cable satellite system in orbit today. In addition to our cable and broadcast services, our audio services have taken a leading role in the industry.

Coupling sound engineering with a team of dedicated professionals, we ensure the quality and

continuity of our customers' transmissions, 24 hours a day, 365 days a year.

We will provide even further protection for our Galaxy/Westar customers with the launch later this year of Galaxy VI, our in-orbit satellite spare. In fact, long after the turn of the century, we will continue to deliver the level of excellence in satellite communications services that our customers have come to expect of us.

Hughes Communications. Our commitment to excellence will continue to make ideas happen — well into the 21st century.

WE'LL TREAT YOUR BROADCASTS AS IMPORTANTLY AS THEIRS.

Some of the biggest names in broadcasting rely on GTE Spacenet. So when you come to us for broadcast services, you'll be in good company.

You'll also be making a very popular choice. Last year alone, we carried more than 44,000 hours of news and sports events with broadcasters accessing our satellites over 53,000 times.

One reason so many broadcasters come to us is for our specialized services. Like News Express,SM a satellite news gathering service for live, on-the-spot coverage. Sports Express,SM a backhaul service for remote sports coverage. Full-time Transponder Service for program distribution. And Occasional Use Service for special or regularly scheduled events.

Broadcasters also choose us for the customer service we provide. Our computerized scheduling system ensures you'll get access when you need it. Once you're on the air, we monitor your broadcast to assure the highest quality service possible. And when you need customer service, call our toll-free number 24 hours a day, 7 days a week.

So when you have a program to broadcast, call GTE Spacenet. No one will do more to see that your show goes on.
