It's all the business of show business.

Showbiz news reaches far beyond the borders of Hollywood. And so does the need for up-to-the minute show business information.

Daily Variety has been breaking showbiz news since 1933. And for people in the film, television, video and cable industries, knowing what's happening quickly is *essential* to getting ahead *and* staying ahead.

It's all in Daily Variety: the most complete listing of films and television currently in production (both cable and network) and weekly film box office reports. You'll also find reviews of current films, network and cable programs, a detailed listing of showbiz stock transactions and even international showbiz news.

Get your showbiz news when it breaks, instead of when it's recent history.

Call **1-800-552-3632**
to order your subscription *today!*

50	Armstrong Utilities Inc.	176,000

BROADCASTERS HAVE THE TOOLS TO TRANSFORM THE WORLD.

BUT THE WORLD HAS CHANGED.

More than ever before, the world of broadcasting is all business. And everyone's watching more closely than ever. Watching equipment costs. Watching the bottom line.

Scientific-Atlanta helps you do more with less. With new technology, like software-based products to automate control of earth stations, electronics and studio equipment and more.

Even hallmark products like our new video receivers and satellite antennas are redesigned and re-engineered to give you optimum performance at the most competitive price.

Broadcasting is different today—and so is Scientific-Atlanta. For more information on our new generation of satellite broadcast products, call (404) 903-6262.

Scientific Atlanta

Our customers are the winners.

Network Systems Group 4356 Communications Drive Norcross, GA 30093

We're on a mission.

Our mission is to *meet our customers' evolving needs by expanding the unique capabilities of satellite communications.*

For years, we've been known as the company that "makes ideas happen." And the global sharing of information is the biggest idea of all.

As we continue to apply our technology and the expertise of our dedicated professionals, the potential of satellite communications grows even greater.

Our near-term commitment alone is massive.

By the end of 1993 we will be orbiting over one billion dollars in new spacecraft, upgrading our ground control facilities, and expanding our communications capabilities.

We're on a mission to maintain our renowned leadership in every aspect of satellite communications. The services we offer our customers will continue to be the most advanced, the most reliable,

and the best managed available.

To realize that mission, we will continue to commit everything we have. There is no other way at Hughes Communications. That's why the future belongs to us and our customers. And that future is right on schedule.

HUGHES
COMMUNICATIONS
