#### IMPORTANT ANNOUNCEMENT

With this the 113th consecutive issue of the GLOBE CIRCLER (started on Jan 1.1933), I regretfully announce the suspension of publication - as an economy measure - until after the war - at which time I hope - with your cooperation to put out an enlarged and improved magazine.

The International Dx'ers Alliance is not being dissolved and I hope to keep in touch with you from time to time if at all possible. The matter of discontinuance of publication for the present has been brought about - not by lack of interest or cooperation but by lack of sufficient revenue to continue. With overseas enrollments out of the question --- a vast number of our members in the armed forces, and many others doing full time work which leaves no leisure for dx'ing revenue understandably has been on the decline. This is not your fault nor is it mine. I have carried on as long as possible meeting any deficits out of my own pocket. I am no longer able to do this.

A careful record is being kept of all unexpired subscriptions and when publication is resumed each member will receive all issues remaining to his or her credit.

The Monitoring Network will continue to function and other IDA organizational activities will continue wherever and whenever possible.

With grateful thanks to all who have given untiringly and unselfishly in the interests of the IDA.

Charles A. Morrison
