

# NATIONAL RADIO CLUB

VOL. 2-5

DX NEWS SEPTEMBER 26, 1934.

Well we find that it's time to get started on the next Bulletin, we certainly hope that all of you have been constantly on the job after new stations, and above all we certainly do hope that you have been very successful in your efforts.

We are in receipt of a fine letter from Earl G. DeHaven, in which he advises us that he has recently been appointed DX Editor of the California Broadcaster. We are very glad to note that the Broadcaster is again running a DX Column and we are pleased to announce that we are to furnish them with our Bulletins each week. We feel that this will make an excellent publicity outlet for us on the Pacific Coast.

Still another new publicity outlet, we are in receipt of a recent communication from the Mid-Co DX Exchange of Wichita, Kansas in which they have asked us to exchange DX news with them. They say they will be very glad to publicize our tips in their Bulletins as well as on their tip broadcast over KFH of that city. They also advise us that they have complete charge of all DX activities over this station and that they will be very pleased to arrange to have them dedicate a program to the members of our club. We certainly appreciate this fine co-operation and it is with the greatest of pleasure that we announce that the Mid-Co DX Exchange begins to receive our Bulletins this week.

We have been advised by Mr. J. A. Meakin, that he has successfully arranged with station KUOA 1260 kycs. Fayetteville, Ark. for them to dedicate their frequency test on Sunday morning, October 7 from 5:40 to 6:00 A.M., E.S.T. We are very grateful to Mr. Meakin for arranging this broadcast and may we again urge all of you to send the station your reports on this broadcast, for this is the one way we have of showing our appreciation to the stations for these dedications.

Howard Schlobahn, our Brooklyn, CPCer advises us that he too has been successful in arranging several dedications for the members of our club. The first of these will take place Sunday morning, September 30 over radio station KGFJ, 1200 kycs. Los Angeles, Calif. from 3:00 to 4:00 A.M., E.S.T. They tell us that they will be glad to honor our club with this special broadcast and that it will be made up of selected recordings of late popular nature. The other dedication which Howard has succeeded in lining up for NRC is to take place Sunday morning, October 14 from 1:00 to 5:00 A.M., E.S.T. over station WWAE, 1200 kycs. Hammond, Ind. The station tells us that this program is called a "Fan-olly", we certainly hope that our members will arrange to hear both of these broadcasts and send in their reports as a token of appreciation for the programs. We want to congratulate Howard on securing these two fine broadcasts for our club.

John J. Barlow, 2803 Woolsey St., Berkeley, Calif. another of our CPC, advises us that he will be very glad to correspond with any of the other members in the club. We know that John is working hard to arrange some very fine special broadcasts for the members of our club. We shall notify you of them as soon as he sends us word that they are confirmed for him. We also can assure any of you that correspond with John that he is a fine DXer and greatly interested in the welfare of our club, in addition to being a mighty fine fellow.

FEDERAL COMMUNICATIONS COMMISSION NEWS Compiled by C.G. Huber, Adv. Chr.  
APPLICATIONS RECEIVED FOR CONSTRUCTION PERMITS TO ERECT NEW STATIONS.

820 Kcs. Riverside, Cal. Riverside Broadcasting Co. (Amended)  
 970 " New Haven, Conn. P. J. Goode (Resubmitted)  
 1200 " Louisville, Kentucky O.K. Broadcasting Co.  
 1210 " Portland, Maine, Eastern Broadcasting Co.  
 1420 " Uhrichsville, Ohio W. G. Demuth (Resubmitted)  
 1500 " Cleveland, Ohio O.K. Broadcasting Co.

Mr. Huber also sends us the latest news on the After-Mid-Night Monitoring Schedules which he has just received from the Federal Communications Commission. We appreciate their sending Mr. Huber the latest changes and it gives us great pleasure to list them for you.

All times are Eastern Standard Time.

First Monday each month	First Wednesday each month.
3:00 3:20 delete WLVA 1370 kcs.	3:30 3:50 add WSVS 1370 kcs.
2:40 3:00 add WLVA 1200 "	
	First Friday each month.
	4:10 4:30 add KWYO 1370 kcs.

It is our hope that all of you that failed to hear TGW Sunday before last, were up to try for them this past Sunday morning, for we were surprised to hear them coming in better this past Sunday morning than they did the first Sunday that we heard them. We do not know just how much longer they plan to run these Sunday morning broadcasts but we are certain that if they continue with them that they should easily be heard by all of our members, for they certainly do come into headquarters with a lot of volume. No doubt they are using their 10 KW transmitter and it is for this reason that they come in here so fine. As late as 5:45 A.M., E.S.T. this past Sunday morning they were still coming in mighty fine. We would advise all of you to get right on the job after them, for we are certain that you will hear them without any difficulty if these programs continue.

We here at headquarters were certainly surprised on Tuesday morning, September 25 when we were listening to a station on 1200 kyces. and heard them announce that the station was KADA Ada, Okla. We had no idea that this station would be on the air for some time yet, we certainly must give them credit for getting on the air in quick order after having received their Construction Permit. We do not know whether they will continue to test very long or not, but we would advise you to watch closely for them during the next week or so.

Those of you that have not yet heard WHEF, 1500 kyces. Kosciusko, Miss. are advised to watch for them in the early mornings also, for they have been running quite a few dx programs between 1:00 and 3:00 A.M. lately. However we suppose that they will be on the frequency tests in October too, for now that their transmitter is on the air, they no doubt will have to take part in the after mid-night tests as is required by the Federal Communications Commission.

Let us again call your attention to the fact that KWYO 1370 Kycs. Sheridan, Wyo. will take part in these tests the first Friday of each month. We know that there are many of our members that still need Wyoming to complete their state roster and we would advise you to watch for them if that is the case. Several of our members were fortunate enough to hear them last month during their test and they say that they come in very strong and clear.

From Joe Stokes we learn that there is another new station to be erected in Penna. It's call will be WHPA, 750 kyces. Clarion, Penna.

We take pleasure in giving you a report on the Singleton & Eliminator Contest, furnished us by the Chairman of Qualifications, Keith L. Freas, 115 Wabash Ave., Kenmore, New York

**SINGLETONS HELD:**

Henry Allen - W2XAG. (res. Pa.)  
Frank Busted - CJAT (res. B. C.)  
John Donaldson - KGGC, Stockholm, JOGK, CP4. (Res. Pa.)  
Bill Garrison - PFBI. (Res. N. Y.)  
T. E. Gootee - TIGP. (Res. Mo.)  
Charles Huber - CJRC, CMBD. (Res. Pa.)  
Ray Lewis - CMHJ, KPQD, KSUN, VOWR, XFB, XFO, IMI, Cardiff Wales, LVI, FQN. (Res. O)  
Bob Rawstron - CHCK, KZRM, 1ZR, 2UW, 2XN, 3BO, 3KZ, 4YA, 5KA, OKB, Athlone, Leipzig, JOAK2, JOBK1, JOCK1, JOCK2, JOFK, JOJK, JOAK, LR4, LS9, TIRCA. (Res. Mass.)  
Pat Reilley - CMCO, KPAC, WHEF, WJIM, WMEX, WSGN. (Res. N.Y.)  
Earl Roberts - CMCM, CMCB, CMJF, 2FC. (Res. Ind.)  
Howard Schlobohm - WBRB. (Res. N.Y.)  
Jack Thompson - XETB, 1YA, JOIK. (Res. Pa.)

**ELIMINATED:**

John Donaldson eliminated Lewis' HIH. Rawstron's 3LO.  
Harold Buttels " Reilley's KVOD. Schlobohm's WALA.

**NOTES:**

\* We are very sorry to note that thru an oversight the singletons of Earl Roberts were omitted from the last publication of the contest. We are including them this time, and beg Earl's pardon.

\* We have removed Bob Rawstron's singleton on VE9CF, as we feel that it is not an official call. This was a freak catch on Bob's part and a good one. The Canadian amateur VE9CF was using the transmitter of CHNS at the time, and we feel this is never likely to occur again, and therefore we deem this as a temporary or deleted call. The chances of anyone ever hearing it again are very slight, but if Bob or any contestant think we should reinstate it, we will do so. Bob's remarkable list of singletons has stood practically intact for nearly a year now.

\* Don't forget, boys the club is pleased to pay the return postage on your verifs in this contest. Send them in-you know the trite old saying "The more the merrier".  
K.L.F.

We want to thank Keith for this splendid report, we certainly realize that we have a genuine expert on the Singleton & Eliminator Contest in him and we certainly feel that he is due all of the praise we can give him.

Harold Buttels writes us to inquire about a station that he heard on the morning of Sept. 23 on 840 kycs. from 3:13 to 3:30 A.M. We judge this to be E.S.T. He says they seemed to be using the call CMQF or CMQX. Did any of you hear this station, or do you think this might have been CMQ. We know that Hal will appreciate any information that you can give him relative to this station, his address is 17 Miller Ave., Aurora, Ill.

We might inform those of you that are not familiar with our S&E Contest that the next report will not appear until our Bulletin of October 10 is released. We hope that many of our members who have not yet taken part in this contest who are holding verifs will decide to join in to help make the contest all the more interesting.

We hope that we will have excellent weather for DXing next week so that many of you can really start DXing in earnest for this season.

FEDERAL COMMUNICATIONS COMMISSION FREQUENCY CHECKS FROM 2:00 A.M. OCT. 1 to 7 inclusive.

Howard Schlobohm has just advised us that he has arranged to have WJBC 1200 kycs. Bloomington, Ill. dedicate their October test to the members of our club. This broadcast will take place Saturday morning, Oct. 6. from 3 to 3:20 A.M., E.S.T. Please remember these stations that are dedicating their test programs to the members of our club are expecting your reports, and WJBC is certainly no exception. Many thanks Howard for lining up this special for our members.

Let us again call your attention to the fact that Alec Kinghorn, our fine Cuban Representative will be at the mike during the CMW broadcast on Saturday morning, Sept. 6 from 2 to 3 A.M., E.S.T. for the members of our club. We know that Alec will have a very interesting program for us and we advise all of you to listen to this program and then send Alec your letters of thanks for the fine broadcast.

We have been informed by Vice-President Becker that HHK Port-au-Prince remains on the air until 9 PM EST each Friday night. We gave you additional information on their broadcasts last week. We trust that all of you will send in as many reports on our DXes next week as you possibly can, remember we appreciate your co-operation too.
