

NATIONAL RADIO CLUB

VOL. 2-9

DX NEWS OCTOBER 24, 1934.

We shall attempt to finish with the news that we missed last week owing to lack of space and in addition give you a lot of other news this week.

First of all we have a few new members to welcome into the club: William Wheatley, 254 Cleveland St., Brooklyn, N. Y., Harold B. Cossna, Jr. Juliana Heights, Bedford, Penna., Randolph Hunt, P. O. Box 113, Leucadia, Calif., Ralph W. Schofield, 300 Evans Ave., Missoula Mont. and Sidney R. Steele, 3606 Homewood Ave., Toledo, Ohio. We certainly hope that all of these new members will find their membership in our club very beneficial to them and our Bulletins of great help in their DX efforts.

At this time we want to thank Howard Schlobohm, our hard working CPCer who resides in Brooklyn for having arranged for that special broadcast for the members of our club, over station WLAP, Lexington, Kentucky this past Saturday morning. We here at headquarters did not have any trouble in hearing WLAP for they came in very excellent and gave our club a lot of fine publicity. Howard also reports that he has arranged with a couple of other stations to have them dedicate their frequency tests to the members of our club, namely WSBC 1210 kycs. will dedicate their test on November 1, from 3:40 to 4:00 A.M., E.S.T. to the members of our club, and also WSOC 1210 kycs. will dedicate their test on December 6, from 2:00 to 2:20 A.M., E.S.T. to our club. This is mighty fine work, Howard, and we know that the members will send these stations a lot of fine reports in appreciation of these dedications.

John J. Barlow, another of our hard working CPCers whose home is in Berkeley, Calif. advises us that WSVS, 1370 kycs. Buffalo, N. Y. will dedicate their frequency test on December 5, from 3:30 to 3:50 A.M., E.S.T. to the members of our club, fine work, John.

On Sunday morning we really had a chance to see how much improvement a change in antennas makes on a broadcasting stations. We were listening to KMAC, 1370 kycs. San Antonio, Tex. who were dedicating a very splendid program to the members of our club. During the course of their program several times they changed from their new antenna to their old one and the results were amazing. During the time that they used their new antenna, they came through very nicely and clearly and then when they would change over to the old antenna we could not hear a thing of them. So from the DXers standpoint, we would say that the new antenna certainly is a very great improvement over the old one.

We certainly hope that all of you were on the job last week trying for those Canadian frequency tests, if you heard any of them, please let us know we want to try to compile a list of them for you and the only way we can do this is with your co-operation. Here at headquarters, ye editor and secretary heard about 9 of them and we know that there were undoubtedly several others, or even many more on that we missed hearing. Send us your list as promptly as possible in order that we may get the job finished by next month.

We are in receipt of a letter from XEFI, 1440 kycs. Chihuahua, Mex. in which they sent us a list of their DX programs. You will note in last week's Bulletin that they are dedicating a program to us this week, we hope you will listen in and send the station a lot of fine reports.

Keith L. Freas, Chairman of the Qualifications Committee submits the following Singleton & Eliminator Contest Report as of Oct. 20, 1934. Singletons held:

Henry Allen - W2XAG. (res Pa.)
 Donald Barnes - KADA, PRA3. (res Iowa)
 Frank Busted - CJAT. (res. B.C.)
 John Donaldson - Stockholm, JOGK, CP4. (res Pa.)
 Bill Garrison - PFBI. (res N.Y.)
 Arnold Gerrard - LR8. (res. Ohio)
 T.E. Gootee - TIGP. (res Mo.)
 Charles Huber - CJRC, CMBD. (res. Pa.)
 Ray Lewis - CMHJ, KFQD, VQWR, XEYZ, XFO, IMI, Cardiff, LVL, FQN. (res Ohio)
 Bob Rawstron - CHCK, KZRM, 1ZR, 2UW, 2XN, 3B0, 3KZ, 4YA, 5KA, OKB, Athlone, Leipzig, JOAK2, JOBKL, JOCKL, JOCK2, JOFK, JOJK, JOAK, LR4, LS9, TIRCA. (res Mass.)
 Pat Reilley - CMCO, WMEX. (res. N.Y.)
 Earl Roberts - CMCR, CMJF, 2FC. (res Ind.)
 Howard Schlobohm - CHSJ, WBRB, WHBI. (Res N.Y.)
 Jack Thompson - XETB, LYA. (res Pa.)

Eliminators:

Donald Barnes - Buttels' KTRB, Lewis' KSUN, XFB, Reilley's KPAC, WSGN, Donaldson's KGGC, Thompson's JOIK.
 Harold Buttels - Garnett's KWYO.
 Pat Reilley - Schlobohm's W2XR, Barnes WGPC.
 Howard Schlobohm - Reilley's WJIM.

Notes:

- * In answer to a few inquiries to that effect, we wish to tell the contestants that TGW is not a singleton or possible singleton. It was eliminated about a year ago by Charles Huber and Ray Lewis.
- * We would at this time like to make a modification of the laws of the S&E contest which is numbered #7 on page #2 of the Sept. 12th Bulletin. We would like to have this apply to foreign verifications only. If the name of the owner is on any other verification, that will suffice. If it is not, the rule must hold as it is, and for foreign verifications the rule must also hold as it is.
 K.L.F.

FEDERAL COMMUNICATIONS COMMISSION NEWS COMPILED By C.G. Huber, Adv. Chr.

APPLICATIONS GRANTED:

KWK, St. Louis, Mo., WKJC, Lancaster, Pa., KMED, Medford, Ore., WRAX and WPEN, Philadelphia, Pa., 30 day extension of test period pending action on application for license.
 WPTF, Raleigh, N.C., Spec. Temp. Authority to operate on the frequencies 550; 620; 670; 720; 770; 800; 840; 910; 980; 990; 1230; 1320; 1330 and 1490 with one watt power during daytime hours for a period not to exceed 60 days, in order to make antenna tests.
 WWVA, Wheeling, W.Va., and WOWO, Ft. Wayne, Ind., Spec. Temp. Authority to operate simultaneously for a period not to exceed 30 days.
 WIS, Columbia, S. C., Spec. Temp. Authority to operate a 100 watt test transmitter on 560 kycs. during daytime hours until Nov. 10, 34.
 KGRS, Amarillo, Texas increase day power to 2,500 watts.
 W. J. Sanders, New Britain, Conn. CP for new station on 1380 K Daytime
 Head of the Lakes Broadcasting Co., Hibbing, Minn. CP for new station on 1210 K unlimited.
 Plattsburg Broadcasting Corp., Plattsburg, CP for new station on 1310 K daytime.
 Voice of Longview, Longview, Tex. CP for new station on 1370 K. Daytime

Page three NATIONAL RADIO CLUB DL NEWS OCTOBER 24, 1934.
 F.C.C. NEWS COMPILED BY C.G. Huber, Adv. Chr. (Continued)
 WBBM, Chicago, Illinois and KFAB, Lincoln, Neb. synchronous operation
 from local sunset to midnight.
 WGPC, Albany, Ga. hours changed from Daytime to unlimited.
 KGIR, Butte, Mont. increase day power to 2500 watts.
 WNOX, Knoxville, Tenn.; change frequency from 560 to 1010 kycs.
 WEHC, Charlottesville, Va. change frequency from 1350 to 1420 kycs. 100
 watts night power.
 KPAC, Port Arthur, Texas, 30 day extension of test period.
 WGLC, to move station from Hudson Falls to Albany, New York.
 Miami Valley Broadcasting Co., to use a 50 watt testing transmitter to
 conduct tests in or near vicinity of Dayton, Ohio, between 1 and
 6 A.M., E.S.T. for a period not to exceed 30 days to determine
 new transmitter site for WLBW.

APPLICATIONS DISMISSED OR DENIED

Frank Lyman, Boston, Mass. CP to erect new station on 680 kycs.
 C. H. Gunthrope, Jr. Nacogdoches, Texas CP to erect new station on 1420
 kycs.
 WALR, grant to move station from Zanesville, Ohio to Toledo, Ohio sus-
 pended.

APPLICATIONS RECEIVED FOR CPs TO ERECT NEW STATIONS:

930 kycs. New Britain, Conn., Harold Thomas

 1330 " Salem, Oregon, T. B. Smullin.
 1370 " Erie, Penna. J. G. Curtis.
 1420 " Daytona Beach, Fla., W. W. Esch.
 1420 " Omaha, Nebraska, W. A. Schall.
 1420 " Spartanburg, S. C., Educational Radio, Inc.
 1500 " 20 watts, Wellington, Ohio, Brothers & England. (Experiment)
 1500 " E. St. Louis, Mo. Mississippi Valley Broadcasting Co.
 1500 " St. Joseph, Mo. J. L. Scroggin.

Elwin Bullard, our Drummondville, Quebec members sends us word
 that WTEL, 1310 kycs. Philadelphia, Penna. has informed the CDXR that
 they will verify frequency checks or any report which encloses one dime.

With the approach of November we begin to realize that there are
 some very excellent foreign specials arranged for that month. We are
 taking this opportunity to just call your attention to them so that you
 will all be in readiness to try for them. 2YA; HIX; 4BC; OAX (tentative)
 and LS2. We hope that you will all try for these special foreign pro-
 grams, whose dates and times will appear in our Bulletin during the mon-
 th of November.

From Joe Stokes, editor of the KDKA DX Club, we learn that there
 is to be a DX program from the Island of Jamaica, which has no broad-
 casting station of it's own. However there is a gentleman living down
 there that is very much interested in radio and he has made arrangements
 for a DX program to be broadcasts from their port on Monday evening,
 October 29 from 8:00 to 11:00 P.M., E.S.T. from the S.S. Columbia which
 docks down there at that time. They will use a frequency of 1230 kycs
 and are very hopeful of reaching the United States, for they claim that
 the S.S. Columbia has a very excellent transmitter. If any of our mem-
 bers hear this broadcast, they will learn during the broadcast to whom
 they are to send their reports for verification. This should turn out
 to be a very novel idea and we are anxiously waiting to try for them
 here in headquarters, if they come in, which we hope they will do.

FRIDAY MORNING, OCTOBER 26.
