

We find that it is again time to begin work on this week's Bulletin and we hope that all of you spent the past week by adding many new stations to your logs. The past Sunday morning surely was a fine morning around this locality for long distance reception, the first of the Aussies showed up for this time of the season in the form of 2BL Sydney and 4QG Brisbane, while 1YA the new 1OKW station in Auckland, N.Z. was heard coming in as early as 3:45 A.M., E.S.T. We would suggest that you watch the Aussies and Zeddies very closely during the next couple of weeks for we are just on the verge of the season during which these stations are well heard in America.

We want to take this opportunity to welcome another new member into our club. He is Percy J. Hall, 71 N. Hartford Ave., Youngstown, O. We hope that he will find his membership in our club very beneficial to his DX activities.

We take great pleasure in announcing that we received another fine letter from our good friend Lester Zellmer of station WTRC Elkhart, Ind. in which he advises us that their station was so well pleased with the results of their other DX program for the members of our club that they are going to run another special for the members of our club on Sunday morning, February 24 from 4:00 to 6:00 A.M., E.S.T. You will recall that in our Bulletin of week before last we quoted Mr. Zellmer as mentioning several states from which they were very anxious to receive reports, now if any of you know any DXers in those particular states won't you please write them or at least ask them to listen in and send WTRC their reports. You are all urged to listen in to this broadcast and send in your reports for we want to try to even outdo the fine record we established on their other program for us. We know in addition to that, that you will also have the privilege of hearing one of the finest DX programs that you have heard this season.

Mr. H. J. McAllister of station KVI 570 kycs. Tacoma, Wash. writes us to the effect that their station is going to put on it's one and only DX program of the season on Friday morning, March 1 from 3:00 to 9:00 A.M., E.S.T. He has promised to dedicate a portion of this program to the members of our club and he asks us to remind you that they will be very anxious to receive long distance, phone calls, letters and telegrams. Let's all listen in to this broadcast and send in our reports.

Howard Schlobohm sends us word of another fine special that he has arranged for the members of our club. This time it is to be from station WRBL 1200 kycs. Columbus, Ga. on Saturday morning, February 23 from 3:00 to 4:00 A.M., E.S.T. We know that many of our members will welcome this opportunity of hearing a DX program from this station.

Dr. O. W. Gibbs, our Dallas, Texas member sends us word that he has just received word from KPAC 1260 kycs. Port Arthur, Texas that they will dedicate a portion of their DX program from their station on Sunday morning, March 10. This program will also be dedicated to the CDXR, the time of this dedication for our club and CDXR being from 1:45 to 2:00 A.M., E.S.T. We certainly appreciate Dr. Gibbs' efforts in having written to KPAC requesting that they dedicate a portion of this DX program to the members of our club. It certainly is the right spirit alright and if any of our other members can do likewise it will be fine.

John J. Barlow our faithful CPCer from Berkeley, Calif. sends us an air-mail letter to the effect that WRC 950 kycs. Washington, D. C. will dedicate two DX programs to the members of our club, the first of which will take place on Sunday morning, February 24 and the second to take place on Sunday morning, March 24. Both of these broadcasts will be on from 3:00 to 4:00 A.M., E.S.T. We want to thank John for this fine work in behalf of our club.

Joe Becker our Vice-President sends us word that he has just received an advice from KGFL 1370 kycs. Roswell, N. M. that they will dedicate their March frequency check to the members of our club. This broadcast will take place from 4:10 to 4:30 A.M., E.S.T. on Wednesday morning, March 6.

D. Floyd Smith another of our CPCers who certainly has done excellent work for us this season sends us a card to the effect that WTEL 1310 kycs. Philadelphia, Penna. will dedicate it's frequency check on Monday morning, March 4 from 3:10 to 3:30 A.M., E.S.T. to the members of our club, but they state that verification of reception will be made only to those requesting station stamps at 10¢ each. Thanks for this fine work Floyd.

We certainly were very much pleased to hear WPRO Providence, R. I. dedicate the 5:00 to 5:15 A.M., period to the members of our club this past Sunday morning. We also were very glad that we were able to hear the fine programs that were put on for our club by stations KIDW, WEEU, KGKL and WAWZ.

The series of four star specials that had been arranged with WBT Charlotte, N. C. was certainly a grand success last Monday night. This program instead of being from 10:00 to 10:30 P.M. lasted until 11:15 P.M. during which time WBT was broadcasting a wrestling match. We are very happy to have had such a prominent program as this for our dedication last week and we feel that there was a very large audience on hand to hear this broadcast. We do not know for certain but we believe that all of these four star specials from WBT will be wrestling matches.

We have been advised that WIBG 970 kycs. Glenside, Penna. have cancelled all of their 6:00 to 6:30 A.M., DX programs that had been scheduled for Saturday mornings.

During the course of this past week we have received many queries about the new Mexican operating on 660 kycs. using the call letters XELO. In the issue of the Bulletin that we showed the last Mexican list which had been sent to us by the Mexican Government, this station was shown to be under the construction. The call letters of which were listed as XEPNA and owned by the same owners as XEPN in Piedras Negras. We hope that this will straighten out the questions that we had received about that station.

Elwin Bullard sends us word that KGIW will only run DX programs on Saturday mornings during the month of February from 2:00 to 3:00 A.M. E.S.T. instead of the schedule which we had previously reported to you. However there seems to be some mistake about that schedule too for during the past two Sunday mornings several of the York DXers have reported hearing KGIW on the air. We are sorry that we can not advise you at present as to just what their schedule is, but just as soon as we find out we'll let you know. Sorry that someone evidently informed Elwin in regards to these broadcasts. Thanks for the information anyhow Elwin, it is appreciated. mis

We have just received word from Fred Frey, Program Director that the WORK DX Club broadcast will take place at 8:15 P.M., E.S.T. this coming Friday evening instead of the regular time of 7:45 P.M., owing to a special broadcast which has been scheduled over the York station, however next week we again expect to return to the old time again.

FEDERAL COMMUNICATIONS COMMISSION NEWS, Compiled by C.G. Huber, Adv. Chr.

Call letters assigned to the new stations:-

WAIM, are the call letters for the new station in Anderson, S.C. 1200 K.

Mrs. H. S. Shearer one of our New York City members sends us word that WBIG 1440 Greensboro, N. C. will put on a DX program on Saturday morning, February 23 from 2:00 to 3:00 A.M., E.S.T. Thanks very much for sending us this information.

The Globe Circlers Radio DX Club of Hackensack, N. J. has just changed hands and will henceforth be known as the Globe Circlers DX Club, the only club of it's kind in New York state. We are mighty proud to have as one of our members the newly elected president of this organization, William Wheatley of Brooklyn, N. Y. We understand that the new officers are all enthusiastic DX fans so we are looking for great things to be forthcoming from this club.

Howard Schlobohm again sends us some more good news regarding another dedication that he has secured for the members of our club. This time the good news comes from station WJW 1210 kycs. Akron, Ohio who will dedicate their frequency check on Friday morning, March 1, 1935 from 3:00 to 3:20 A.M., E.S.T. to our club.

We again want to take this opportunity of urging all of you to watch the following frequencies in the mornings around 5:00 A.M., E.S.T. 760, 855, 635, 650, 800 and 570 kycs. for these are the frequencies upon which you are most likely to find the Aussies and Zeddies.

Elwin Bullard has at last sent us what we believe to be the correct schedule for KGIW Alamosa. He says they are on every Sunday morning at 2:00 A.M., E.S.T.

We have just received word that CKCK 1010 kycs. Regina, Sask. will present a DX program on Wednesday morning, February 27 from 4:00 to 5:00 A.M., E.S.T. Here is your opportunity to hear this station.

Earl Roberts sends us word that XEFJ will be on Feb. 26 from 3 to 5 A.M., E.S.T. for our club. They would rather have dimes than IRCs.
