Well here it is time to begin work on this week's Bulletin, so putting aside everything else for the time being we shall endeavor to put this Bulletin together. Although news is more or less scarce at the present time we hope that what news we do have will be of interest to all of our members.

First of all we want to take this opportunity of advising you that Charles H. Hesterman has again lined up another of those fine broadcasts that he has done so remarkably well on this season, this time it is station WHAM 1150 kycs. Rochester, N. Y. who will present a Four Star Special for the members of the NRC, CDXR & IDA on Sunday morning, April 14 from 12:00 to 1:00 A.M., E.S.T. We hope you will all listen in to this fine special and send in your reports out of appreciation for this broadcast which this station has presented in honor of our club and the other two clubs. Thanks to you, Mr. Hesterman for the fine work!!

Earl Roberts, our Indianapolis, Ind. member and also a member of our Courtesy Programs Committee, who has done such fine work with the Mexican specials for our club this season, sends us a newspaper clipping from one of his home twon's papers. Quoting from the article we give you the following information. "The familiar identification announcement, "Your station is WKBG, Indianapolis" passed into history." "Effective now, the station's call letters are WIRE. It's wave length of 1400 kyos. remains unchanged." "According to D. E. Kendrick, General Manager of this station, the FCC authorized the change in call letters to end the confusion caused by similarity of call letters between stations WKBF and WFBM." "We welcome this change which will mean easier identification of the two Indianapolis stations", said Mr. Kendrick" "WIRE, which has been affiliated with NBC since September, 1933, holds the unique position of being the only optional basic broadcasting both 'red" and 'blue' network programs." "Radio men say the new call letters, WIRE, are most appropriate, since "Plug" Kendrick, who took over WKBF in August 1933, and gave it a prominent position, has been known as one of the "live wires" of the industry for ten years."

This past Sunday morning found static on the rampage here at club headquarters and we were unable to hear many of the programs that were scheduled for Sunday morning, however we were pleased to hear WATR come in so well, for no doubt many of our members welcomed this opportunity to add this station to their logs. We were also surprised to find CKCW 1370 kycs. Moncton, N. B. on the air with a DX program, no doubt many of you heard this station for the first time this past Sunday.

We have been advised by station WEHC 1420 kycs. Charlottsville, Va. that they will run DX programs during the next two Sunday mornings from 1:30 to 2:30 A.M., E.S.T. Here is your opportunity to log this station.

This week we are sending you along with the Bulletin, the monthly schedule of station 2RO 6085 kycs. Rome, Italy. This station is owned by Ente Italiano Audizioni Radiofoniche. We appreciate the co-operation which they have shown in sending us enough copies of this schedule to send one of them to each of our members. This will be a regular monthly feature of our Bulletins in the future. The present issue is the schedule from 2RO for the month of April.

Page two MATIONAL RADIO JLUE DX NEWS APRIL 3, 1935.

We are in receipt of a very interesting letter from Lester Zellmer our good friend out at atation WTRC. He says that on March 23 they concluded their winter DX season and they were heard in 39 states, about 5 reports from New Zealand and we consider we had a pretty good season. We are delighted to know that WTRC had such a satisfactory season and we hope the coming season will hold forth even greater results for them Lester says that if he has as good a season fishing, all will be well with him. We hope you get a whale this summer, Les, old timer. He has promised us that they will be giving the Ol' NRC more programs next fall and winter, and adds that we shouldn't dare to take Floyd Smith off 1310 kycs next fall or the fur will fly. We'll do our best to keep Floyd on your frequency, Lesilli He says that he hopes that the interclub pl an will be working full blast next fall and the disagreeable overlapping of signals will be a thing of the past thru the co-operation of the various clubs. In closing, Lester, tells us that he hopes that he and his better-half will be able to get in to our get-together whi ch we have been talking about during the past two or three weeks. We certainly will be delighted to have you, Lester and hope you'll be able to get here.

From the Universal DX Club of Hackensack, N. J. we learn that the following call letters have been assigned to the stations that recently were granted construction permits to erect new stations.

1210 kycs. KIUO Ardmore, Okla.

1420 " KIUN Pecos, Texas 100 w. unlimited 1420 " KWBG Hutchinson, Kansas 100 w. unlimited 1310 " WCMI Ashland, Kentucky formerly WMFP.

Applications received for CP's to erect new stations
1210 kycs. St. Augustine, Florida. Fountain of Youth Properties, Inc.
Buffalo, New York. WBEN, Inc. Portable within 25 miles of
WBEN for experimental purposes call W8XH.

1150 " San Jose, Calif. Clark Standiford

1490 " Oakland, Calif. Clark Standiford

1430 " Pasadena, Calif. A. Corenson

1200 " Pampa, Texas. Pampa Daily News, Inc. (resubmitted & amended)

1500 "Big Spring, Texas. A. B. C. Broadcasting Co.

1310 " Pittsburg, Kansas. Fittsburg Broadcasting Co.

We want to take this opportunity to thank all of the stations that so kindly dedicated either DX programs or frequency checks to the members of our club during the past week.

Once again we want to call your attention to the two DXes from WCBA and WSAN 1440 kycs. Allentown, Penna. for this coming Sunday morning, April 7 from 3:00 to 4:30 A.M., E.S.T. You are especially urged to listen in and send in your reports, out of appreciation for the fine co-operation that Miss Henninger has given us in connection with these broadcasts, don't forget a portion of them is to be dedicated to our club and we are especially anxious to make a good showing on this broadcast. A box of candy has been offered as a prize during these programs, however details on how to win the candy will have to be learned by listening in to the programs.

We are still awaiting further suggestions for our Get-together. Let us hear from you in this regard if we have not already had your suggestions on this meeting. Last year we had a grand time together and we want to put forth every effort to make this season's get-together bigger and better than last year's meeting. Let's hear from you.

Page three MARTOMAL LLDIO FLUE DE MEES - AFRIL 3, 1935. Keith L. Freas, Chairman of Qualifications, submits the following very interesting Singleton & Eliminator Report as of March 30, 1935. SINGLETONS: Henry Allen - V2XAG. (res. Fenna.) Elwin Bullard - CHJG, TATR, VE9LF, VOGY, SPTT, Brussels #2, Sottens Swz., TICR. (res Que.)

Harold Buttels - CLEX. (res Ill.)

John Donaldson - Stockholm. (res Penna.)

Arnold Gerard - KEAA, LR8. (res Ohio)

T. E. Gootee - TIGP. (res Mo.)

Edwin Hatch - Cologne, Hamburg, Munich Ger., Mennes Fr. (res Fenna.)

Morgan B. Kent - WLFJ. (res Fla.)

Ray Lewis - CFRN, CHHD, CHHJ, KFQD, YRGA, VO R, XFO, CNR, EAJ41, IlBA, IlGE, ILRO, IlTR, SR, VR, YN, Langenberg Ger., JOHK, LV1. (res Ohio)
J. A. Meakin - KRMO. (res Fenna.)

Bob Rawstron - KERM, LZR, ZUW, ZXN, 3BO, 3KZ, 4YA, 5KA, OKB, Athlone, JOAKZ, JOBK1, JOCK2, JOJK, JQAK, LR4, LS9, TIRCA. (res lass.)

Pat Reilley - METE. (res N.Y.)

Earl Roberts - C.CR, CMJF. (res Ind.)

Howard Schlobohm - MIFF. (res N.Y.) Jack Thompson - METB, 1YA. (res Penna.)

ELIMINATORS:

Edwin Hatch - Lewis' CTlGL, IlMI, W3KDD. Rawstron's Liepzig.

Roberts! MEWZ. (res Penna.)

Mrs. Johnson - Reilley's KABN. (res. S. D.)

Pat Reilley - Mrs. Johnson's XELO. (res N. Y.)

Sid Steele - Hatch's KEFJ. (res Ohio)

Hiss Ida C. Henninger our Allentown member is the first to report having heard KRLC 1420 kycs. Lewiston, Idaho testing. She says they were on the air this past Saturday morning and that they came in fine. We would therefore suggest that inasmuch as this station is now on the air, that they may possibly make several additional tests, therefore keep your eyes open for them. Hiss Henninger says she was surprised to hear them coming in so strong.

Joe Becker, Sr. our ever active Vice-President sends us a card saying that he has just received word from KIDW 1420 kycs. Lamar, Col. that they will dedicate their April frequency check to the members of our club in a dition to also dedicating a program on Sunday morning, April 14 from 3:30 to 4:30 A.M., E.S.T. to the members of our club. e certainly do appreciate this splendid co-operation on the part of KIDW.

We feel that this would be an appropriate place to put in a few brain teasers that Keith Freas has sent us as a space filler, in view of the fact that news is rather scarce at present. How many of these stations can you identify? CHNC, WCX, WEBH, WJAX, WOAW, WRW, WABE, WEB, WDBW, WBAY, KFFT, WNAW, WWI and WFAN. These calls were taken from a log book dated October, 1924 which means that they are 11 years old. We shall list the answers in next week's Bulletin. In the meanwhibe if any of you can solve these call letters won't you let us know, we want to see who are the real Old Timers in our club???????????

    This list was copied from the one given to me by the Secretary of -
Communications and of course ,wattage and frequency that appear are cor-
rect.
     Radio station CACA just installed new 140 ft. towers on a three
story building and now they get longer distances. CMX was completely
```

destroyed by four armed men a few weeks ago and over TEN THOUSAND DOL-LARS DAMAGES was done. They are not broadcasting at present, but Mr. Lavin told me they are working on a new installation, so, within a mo-

nth or two, they will be on the air again. Alec Kinghorn Rep. NRC. Thanks for this information Alec it is greatly appreciated.
