

All Time
E.S.T.Headquarters
317 East 10th St.,
Erie PennaIssued Weekly
\$1.75 Per Year

From the mail that I have been receiving here the past few weeks about the bulletin being late. I am sorry about this as we have always mailed them at the same time, with the exception of the March 8 bulletin which was mailed from Erie on March 10th at 4:00 PM, I was told at the post Office that they were not mailed out until Friday afternoon. The Post Master informed me that all Fourth Class mail that is delivered at the post office before 3:00 PM goes out the same day, after 3:00 PM it is held over until the following afternoon. This is a new change in the postal Dept, and from the Ballots that have been returned to HQ, the bulletin made very good time as I have ballots here that are dated in New York City March 17th.

LR3 to increase power--Having added stations to its chain, Radio Belgrano (LR3), originating station of Primera Cadena Argentine de Broadcasting will up its power on June 1st to 120,000 watts from 50,000. Full power will be used over broadcasting day of 17 and 1/2 hours, making the most powerful station in S.A. continent. New equipment was bought in Germany by Jaime Yankelevich owner.

Received a letter from Miles I. Hart of Cary N.C., this Thursday saying that KGGM at Albuquerque New Mexico would be on with a Special Dx for the NRC on March 21st from 2:00-5:00 AM EST. Sorry that this did not arrive sooner, so that we could have sent out a card to you members.

F.C.C. Chatter

Daytime power boost from 100 to 250 watts should be granted WIAK Lakeland Fla. according to Examiner George Hill... License renewal for KDAL Duluth Minn, would be okayed if the Red River Broadcasting Co., licensee will paint its Radiator in compliance with the commish rules... Establishment of a new transmitter at Baker Oregon to be operated on 1500 kc with 100 watts night and 250 watts days, was recommended by Examiner Berry... New station for San Jose Calif received a nod when Examiner Melvin H. Dalberg recommended, commish granting of the application of Floyd A. Parton of San Jose for a 250 watts daytime station on 1170 kc... Change of call letter was granted by the commish to W9XA Kansas City Mo., (Changed from W9XYR) in the High Frequency Broadcast band....

- Tucker:- 17½. - (Ohio)
- Weaver:- 9½. - (Pa.)
- Wheeler:- 3½. - (Pa.)

Eliminators:-

- Forestieri eliminated Routzahn's FQN.
Hunt " " Hawkins' KICA. - Johnson's WKY KMBC.
Routzahn " " Forestieri's CHLT.

Note:-

WRAX which had been heretofore credited to Johnson as a Singleton has been discarded with the loss of one point to him, inasmuch as this station is no longer in existence. We also note that we have credited WEAL as a Singleton to Johnson, this station was previously held as a Singleton by Stone and later eliminated by Snyder. We have accordingly deducted a point from Johnson in this instance. We want to thank Bill Stone for calling these errors to our attention.

| 1210 WOMT R6 on FCC Test. | 1290 KTRH R8 on FCC Test. |
| 1420 WMSD R6 on FCC Test. | 1200 KMLB R7 on FCC Test. |
| 1020 WJZ R6 on FCC Test. | 1240 KLPM R6 on FCC Test. |
| 1210 WHEU R8 on FCC Test. | 1210 KVSO R5 QRMed by WALR. |
| 1310 WGTM R7 on FCC Test. | WRLC 1270 R7 on FCC Test. |
| 1200 WJBL R7 on FCC Test. | 1310 KTSM R5 on FCC Test. |
| 570 WKBN R8 on FCC Test. | 1210 KWTN R4 on Test. QRMED. |
| 1010 WJAD R8 on FCC Test. | 1250 WLB R6 QRMed by WNEW. |
| 1420 WGPC R8 on FCC Test. | 1370 KOBH R3 QRMed by WBLK. |
| 1240 WXYZ R8 on FCC Test. | |

After 6:00 A.M., none of Western stations on the FCC tests could be heard because almost all channels were blocked by Eastern stations starting their daily broadcasting. WJBK stayed on all night and so did WNEW. WALR came on the air at 5 A.M. while WPAR and WBLK came on at 5:30 A.M. Thus, many channels were blocked out. Other stations heard on the 12th.

- | | |

| 1390 KRLC R5 @ 3-3:55 A.M. | 550 KFUE R7 @ 4:10 A.M. |
| 870 Spanish station 4-4:30 A.M. | 860 Spanish station 4-4:30 A.M. |
| Can anyone identify these two unknown Spanish speaking stations? | |
| 1390 KRLC R5 @ 5:47 on with special test for RAC Communications. | |

HARRY F. HAWKINS, Manchester, N. H. - Sends us word about the All Request Program which he has arranged for the members of our club on March 28 from WCNW, this information is found listed in the DX Calendar. He also states that WJNO, 1200 kcs., West Palm Beach, Fla. will dedicate their FCC program of April 12 from 3:25 to 3:40 A.M., E.S.T. to the members of our club. This is fine work Harry and we hope you'll be successful in securing some more splendid programs for our club.

Warren reports that reception was bad as a rule this week. Very high noise level and low signal strength.

BILL STONE, Toronto, Ont. - Sends us a few new entries for the S&E Contest and at the same time calls our attention to several errors which he has noticed in the contest, and which have been corrected accordingly. We appreciate your having called these errors to our attention, Bill.

Reception conditions, as the general rule seem to continue very poor as has been the case throughout the most of this season. It is the opinion of your editor that there has been less interest displayed in DXing this season than there has for a great many seasons, due mainly to the fact that reception conditions have been so poor. We surely do hope that we shall not have to experience many seasons of this kind or we're afraid that DXers will be as scarce as "hens teeth".

However, in spite of the poor season that we have experienced, we can't help but feel a little bit proud of the fine record that was established by the NRC during this season. During this season we have seen the greatest improvement in this club that has ever before been experienced since it's inception. We want to thank each and everyone of you for the fine spirit of co-operation that has been shown, in spite of the fact that everything seemed to be adverse. We certainly want to congratulate the new owners of the club on the fine manner in which they have carried on. We hope that next season, with improved conditions that the NRC will continue to go forward and be the greatest DX Club in existence. In the meanwhile we hope that we can count on the support of each and everyone of you whom have supported us so loyally during the past season.

NATIONAL RADIO CLUB SHORT-WAVE-NEWS

SHORT WAVE EDITOR
Lawrence Lundberg-1020 Lowry
Ave., North, Minneapolis Minn
Asst Short Wave Editor
Leo Herz-730 Roscoe Ave.,
Chicago Ill.

Send all short wave reports to-Lawrence Lundberg, Leo Herz will act as Assistance Short Editor, all you short wave Dx'ers will have to do some Dx'ing to keep up with these two Dx'ers. If you Short Wave Dx'ers can furnish us with enough Dx news, we will publish a Short Wave section every Two weeks during the Summer, so its up to you, Tell your Short Wave Friends about this offer and get them to join up with you and keep your short wave news up to Date all summer. Help your Short Wave Editor by listing your stations under the different countries; start with Africa Asia, Oceania, Europe, South America, Central America, West Indies and North America. If you will list your time that the station is heard at its best, this will also help out some of the New Members to log the Short Wave Station in the summer months.

-LPO Reports-

J. Warren Routzahn-York Penna: Warren received a verie from VPAL0 giving the below information.
VP2L0, 6.38 megs, 500 watts, P.O. Box 88, St Kitts, British West Indies, operate daily from 4:00 to 4:45 P.M. EST/ Their theme song is "Rule Britannia" They close their programs with "God Save the King"

Carl Forestieri-Bronx New York: Sends in a very nice report. (Well OM you had better get your eyes examined after this week, and the calendar was right, Hi Hi) P.S. This is just a personal Ribbing.

--- A SPECIAL DX PRIZE-By Joe Becker ---

On March 8th our very good friend Joe Becker of Hamilton Ohio heard WMPJ announce that they would give away a nice live Alligator for the most distance Dx Report, well our friend sent a report to WMPJ and a long came mister Alligator. Its only 10 inches long. I wonder if Joe would like to have some Horn Toads or something to keep his Alligator company. Lets hear from some of you other members about your freakish prizes that you have won in your Dx'ing.
