Vol.6 No.9 NATIONAL RADIO CLUB DX NEWS November 28 38

Headquarters
Foreign Memebership 317 East 10th St., Issued Weekly
\$1.75 Per Year Erie Penna \$1.75 Per Year Dont forget when ordering Radex to place your order through the Club HQ, its only \$1.40 per year this way.

Now that Mystery pops up again this time from a pal of mine in W.Va. He receives a letter from XEC which states that XEFL also use's the same freq (1150 kc) and that they are on every morning, after XEC signs off. So now we have XEL, XECL and XEFL. Now what next.

Persons having any information regarding the following stations please send it to Broadcast Band H.Q. 11 Marianne St.Port Richmond Staten Island N.Y. WHAL 950kc., Saginaw Wich... W3XJ 1060kc., College Park Mdd...WDSM 1200kc., Superior Wisc....for example: if work was or has beenstarted on their studios and transmitter if and when they expect to take the air and general information.

All members who would appreciate dx programs from WBNX and WAWZ are asked to send their request to Broadcast Band Dept. at Staten Island N.Y.

All members that would like to have WATR-Waterbury Conn.on a DX program this year, maybe this program can be arranged if enough menbers will drop a line to: -Fred Burleigh-142 Converse Ave., Meriden Conn. This is not a promise but we will see what can be done, and if it can be arranged we will or might see Fred at the mike again: -Editor

Pat Reilley-Jamestown N.Y. Has been doing a little extry work, and here are the results. Some WILL never KNOW that

Ali NRC programs means

A lots of CPC WORK

And in the WEET hours

Oh WHAT a treat to HIT a

New WAVE that WINS a point

Radio sets, tubes, KANS

And KEEN ears makes

DX'ing the WOW that it is

If you have the KALE

Or KOIN, you KAND verify

all catches. in the contest, then a report.

And <u>KID</u> or <u>KIDO</u> be fair

Lets all <u>WIRE</u> or <u>WHIP</u>

There are well with the mornings.

WAIR does the bad noise <u>KAWM</u> from in <u>WEEI</u> hours of the mornings.

Dick Cooper-Kittanning Penna. Sends in some late dope: - Our friend Enrique Hidalgo passes on the information that he has arranged for two special DX programs from stations in his city. They will be from CMHJ, 1160 kcs., on Sunday morning, January 22nd 1939. And the other from CMHM 1450 kcs., on Saturday morning, January 28th. Enrique will be at the mikes so the program will be easily identified with both English and Castillian announcements. In addition he tells us that special announcements will be given in "SPATARI" the new radio language. When reporting these programs, do not forget to enclose ten (10ϕ) cents for each verifications. These programs require plenty of time and eff orts and ten cents is a very small sum for the favor of a card or letter of verification. We positively guarantee that all CORRECT and orderly reports will be PRO-MPTLY verified.

Doing the HULIDAYS the mail service is very slow on 1 1/2 cent mail so to those that care to have their bulletins mailed first class, the club will mail them that way, all we ask is that you send in 6 three cent stamps and we will see that your bulletin is on time, otherwise ??????.

Honor Roll for November-1933:-

Well another month went by and the NRC Honor Roll is growing, last Month we only had 24 reporters, so lets see what this Month brings us:-Harold Wagner-Erie Penna... Walter Snyder-Grand Rapids Mich... Dick Cooper Kittanning Penna...Fred Burleigh-Meriden Conn...Merlin Steen-Decorah Ia. Joe Becker-Hamilton Ohio... Warren Routzahn-York Penna... Jos. T. Lippincott Tufts College Mass...Ray Lewis-Toledo Ohio...H.E.Rebensdorf-Harvard Ill. Mort Meehan-Elizabeth N.J...Floyd Biss-Brittmount Minn...Art Robb-Topeka Kansas... Harry J. Wymer-Toledo Ohio... Nick Evangelista-West Hamberg Penna. Harold W. Criswell-Spring Grove Penna... Ray Edge-Buffalo N.Y... Ed Feichtner Eric Penna...Joe Brauner-Williamsville N.Y...Pat Reilley-Jamestown N.Y...Max Demuling-Eric Penna...Bill Stone-Toronto Ont...Bob Botzum-Reading Penna... Harry F. Hawkins-Manchester N. H. .. Carl Forestieri-Bronx N.Y...C.E.Jacques-Hornell N.Y...Randolph Hunt-Loucadia Calif...Larry Luncberg-Minneapolis Minn...J.H.DeRosa-East St Louis Ill...John Kalmback-Williamsville N.Y.., Sergio Gonzalez-Havana Cuba... Merton Hiatt-Dryden Wash...John Curgan-Philadelphia Penna...Tom Carberry-Buffalo N.Y. Peter Clarius-Fort Richmond N.Y...Wilbur T.Golson-WJBO-baton Rouge La... A total of 35 reporters for the month of November if we would have heard from the other nine that are missing from last month we would have had 44 reporters for the month, lets see what happens next month.

NRC BUFFALO GET TO GATHER
By: John Kaluback

By: John Kalmback
The Buffalo N.R.C. Get To Gather held at yours trulys home opened its chin fest at approximately 2 P.M. on Nov.20. Several topics were discussed, we looked over Harry's Spatari Language book, a few pictures of the groups were then taken, after which we drove into Buffalo to view WSVS's antenna. From there Ray Edge took us over to the Buffalo Police Dept's station WMJ, where through the courtesy of J. Crandall, the operator we learned some startling facts about police radio work. After spending an enjoyable hour at WMJ we journeyed down to WBEN's studios. Having seem the studios we went out to the WBEN transmitter at Martinsville, where we were heartely greeted by Harold Bergmann, the engineer in charge. Harold explained the functions of the transmitter, the fasamile apparatus and etc., several pictures were taken of the xmtr. Upon arriving home lunch was served, after which we had a real DX session. Veries & etc were discussed, meanwhile HMG decided to try his luck with the receiver. He managed to pick up two Spicks on 710 kc., but they cris-crossed one an another and Harry never found out who they were. Possibilities of a Buffalo NRC Chapter were discussed.

Those who attended were Harry Gordon, Ed Feichtner and Max Demuling of Erie, Ray Edge, Ton Carberry, Kay Thompson and yours truly from Bflo.

We adjourned to 9:30pm after having had a most enjoyable DX chin

fest.

A very enjoyable time was had at John's home last sunday, and John's Mother and Father helped us to make this day of real enjoyment. To you boys that havent meet John and his folks are sure missing a great deal. I wonder if John heard TI4NRH Nevs 24, if he did his face must have been very red, as Senor Cespedes pulled that SECOND STORY GAG over the Radio. Let your Dad see this OM. (HMG)

Pat Reilley-Jamestown N.Y.Nov.19-44 degrees, very little noise, all Hawaiians were swell-KGMB had a football game on.
KSAN very good thry WBNO. Nov.20-30 degrees lousy noise-WWL testing 50
kw xmtr, a weak one giving messages on 730 thru the noise, who was the
bird on 1210 that did not announced for over an hour. Nov.21-36 and lousy
noise, KTUL tested new 5kw xmtr, KGFI on a freq.check 3:55 to 4:10am.Nov
22-43 and again lousy buzzing, CMX tested on 880 after 3.WBEO tested must
of morning.XENT was off for awhile.WJBY testing at 4:30.This has been
one of the worst weeks for DX as the buzzing is very high, new ones are
KUTA KFAC.New Veries are CMKE WDAN KXA CKMO. CKMO has a "Midnight Prowl"
daily at 3 to 5 AM and have a nice card.Guess Joe Becker and Pat has a
laugh on youse guys as we both have CMKE veries back and youse guys are
still wondering who you heard.Hi.

John Curgan-Philadelphia Penna. Note some members are having trouble with WDAN, my verie was signed by Perry Esten Chief Eng. Veries are coming in fairly promptly Reced cards from WDAN CMBQ WPIC KFAM and of all stations WBZA, letters from CMBL KTRI KWOC WHIP WHLS and lo and behold KYSM. They seem to be having trouble in getting an organization togather as Mr. Kimberly tells me he is the 5th Chief Eng. All the above reports have been standing out for some time. Dick Cooper has a verie from KPLC, will he please advise me who signed same. A suggestion In looking through the bulletin and noting that members are having trouble in getting news from certain stations, I think that members who have rec'd veries from these stations would come forward and advise the bulletin who signed their veries and not wait to be asked for this information. I note some members are doing this, so come on all you NRC members and lets all do it. I am dlad to see so many new names in the LPO reports, it shows interest in the club. (Yes John OM we had 35 reporters this month, I have just went thru my mail here at HQ and find that Ive heard from 52 NRC members this past month some didnt have anything to report, but did show their interest by dropping a line in. HMG)

Nick Evangelista-West Hamberg Penna. Heard the following stations on the freq check's.Nov.15 KFAM at 4:05 R/8, WTAG @ 4:20 R/9, WHBY @ 4:30 R/6, KMAC @ 5:00 R/6, on the 16th steady hum, WCSC @ 1:15 to 1:45 Dx Program R/9, WGIL @ 4:05 R/8, WCLO @ 4:25 R/6 KFPL @ 5015 R/7, on the 17th heard the following plenty of static, WSOC @ 3:10 R/7, WMFO @ 4:15 R/9, WGCM @ 4:30 R/7, KGCU @ 4:40 R/9, KONO @ 5:15 R/8, WMFG @ 5:40 R/9, on the 18th static all morning, WKBB R/6 @ 4:35 WBOW R/8 @ 4:25, WOMÍ R/7 @ 4:55, WHBF R/8 @ 5:10, on the 19th very little static after 3 AM, WTAL R/7 @ 4:10, WMBR R/9 @ 4:45, KVSO R/8 @ 5:25 KYSM R/7 @ 4:28, WSLI R/8 5:00, and on the report of the schedule of the freq check you have KWJB schedule on the second Friday. Well I heard them on Saturday Morning Nov.19 from 3:55 to 4:10am EST.they came in with an R/8 signal with very little fading, WCOL came on about one minute after they did, and it was a fight from then on, but KWJB ran out the best. On the 29th WJBO R/7 at 3:30 to 4:00am a very fine NRC program.KGMB R/8 ② 4:45 very little static, this Hawaiian came in like a local. WCAL R/7 7:00 to 7:15. Heard the following on Monday morning Nov. 21-WBRK R/7 @ 3:00, WCAD R/8 @ 5:45, WBRB R/8 @ 4:10, KVOX R/5 @ 4:27, KABR R/4 @ 3:05 KLUB R/9 @ 5;45, Have reported 80 stations for this month, I received the following veries in the last week WGN KGGM KFAM WJJD WSFA KOIL WCAM WGAU KFPY WGES WXYZ WCCO WPAD WCSC KWTO KWOC WHLS XERA. Nov.21 I picked up TIPG between 9:00 and 10:00 P.M. EST and they came in with a R/9 announced in Spanish and English. (Nick Old with your new veries you should be in the S & E Contest you would make some of these top birds move down a little.Hi.Ed)

LPO Reports Cont)

For Carberry-Buffalo N.Y.I certainly want to voice my thanks to John Kalmback and to his mother and father, espicially to Mrs Kalmback for the fine dinner we had after our long but very interesting trip, (Boy did I pack it in and you didnt do so bad in that department yourself Hi.) John sure showed us a swell trip and had things arranged. I also know that the gang and myself appreciated the thought og Ray Edge to go thry the Police station WMJ. Harry OM did you get that Spick back of WOR yet. When I got home Sunday I tried hard to pull them in but got the samr results as you did at Johns. (Yes OM Ive got the calls out of one of them XEQ, but whos the other one. Ed) My latest calls here are WKRC WKZO KQV WSBT CMCY KTHS and WFLA.

Peter A. Clarius-Port Richmond N.Y. New stations logged since my last report are KWOC KFAM and TPB-7. Well I do not know how conditions are other places but here on Staten Island conditions for the past two weeks has been so loud and consistent that it was inpossible to even hear KDKA. I would appreciate it if DX'ers in and around this area would report how their reception is as it completelty blocks all DX both on the Layfayett and Sparton and also on Ber nie Duffys Admiral, Atwater Kent and Fada. There will be another DX rag chew at home home on Tuesday evening November 29 at 8:30 P.M. EST all dx'ers in and around this area are invited to attend. Did any of you folks see the item in the December 1938 issue of Radio News refering to a certain Hamilton Ohio Dx'er who heard 1157 stations of which 1152 are verified. Also on the same page the Radio News Dx department gave the good old NRC a nice boost by printing the followin: Quote The National Radio DX News keeps its members well posted on the monthly freq chaecks schedule. Latest corrections from their bulletin are unquote. Then it goes on and print 10 of the additions which appeared in the October 3 1938 NRC bulletin.

Becker-Hamilton Ohio Received a nice letter from CMKE and they are going to put on a DX program for the Club on December 4th from 1 to 3:00am EST.I wonder who the Mexican was on 1490 kc on November 20th. Could get the XE-H but not the third letter, or location, their musical signals were very good, but the announcements were very fast, he was heard here at 3:08 an signed off at 3:35 AM EST. WHAI heard here but reception was rather weak, and of KVRS there was nothing heard of at all. Nice work from Golson dedicating freq check to you and I. Also nice work this morning in dedicating their broadcast to our club, heard him mention that you sent a telegram, it was a swell program.

Ed Keichtner-Erie Penna. Heard KOVC KUTA KOBH KANS for new calls this week. Veries from KTKC KEHE ZNS KVGB KFAM WBRK KFRO WMFO KPDN WTRC WBNY KOVC and KANS. ZNS verie stated our frequency at the present time is 790 kc., but this is likely to be varied slightly in the near future.N.H.Blake signed the verie from WBRK.KVGB was signed by Leo or Teo Lagbeiter thats as near as I can decipher it, and they veried my last three reports on one card. I want to take this time and oppcrtunity to thank John Kalmback for the courties extend in Buffalo and also to Ray Edge. I want to thank the Dispatcher (Mr. Crandall) of the Buffalo Police Radio Station WMJ for a wonderful visit of their station. Also thanks to Engineer in charge at the WBEN transmitter and showing us all the details of their transmitter and facamile, the facamile is sure one real outfit and not just the %\$#" that we hear over the air, With this facabile you may go to bed and get up in the moring with a whole news paper in front of you. Hi. Cubans came in well tuesday nite. . TI4NRH was an R/8, he sure packed a wallop of a signal up here

Page:6

(LPO Reports Cont)

H.E.Burstrom-Cleveland Ohio. Struck a lettle hard luck that's kept me me from DXing a great deal. To date I have 938 veries on BCB, a few on SW and plenty of SWL cars. I certainly like the NRC bulletin, especially on the BCB. I have two veries from that 1150 mixup: one is XECL and the other is XEC. They share time on that freq. The Cuban on 1310 is CMKE, Manzanillo and the English announcer is J. Sierra. Veries from KYSM and KSAM come through. (Say pal, who signed the KSAM verie)

Dick Cooper-Kittanning Pa. New veries down this way are WDAN CBF KOB KVGB WEAU CHHI and KANS. CBF was out since July and came through without any follow ups to ake me 100% on all the Canadians reported. KVGB came thru after several follow up cards and said my report had been misplaced. KOB and WDAN sent nice cards while letters were received from WEAU CLAHI and KANS. Incidentally CLAHI was heard testing on the new freq of 1060 kcs and they hint that more test may be forthcoming. It might be well to watch for them. They test for a few minutes after 1 AM. Had a bang-up morning on the 21st although I didnt hear the one I was after. Was up for KVPS who failed to put in an appearance. Added as new ones WCOL KTUL WHAI KSAN KVOE and KGNC. Also heard KRE and KDON with signals that were astonishing. KGNC sign off at 1 AM and can be copied easily, when WAAB is't to strong. KVOE heard signing at 3 AM after WJBK had signed for the checks and KSAN were good from 3:30 to 4:00when they signed. KTUL was testing new 5kw xmtr. CKY has been busting through XENT nicely untill they sign at 1:30. Has anyone figured out the call of the Cubanon 1580.

Max Demulin-Erie Penna. New Stations are at a premium lately. Heard ZNS on about 784kc Nov. 21st between 8 and 9 PM much better sig strength than on former freq. 540kc. Dont know if this is just temporary or to be a permanent assignment. Seems to be quite a controversy over that station's identity on 1160kc after Midnight. Please dont anyone stick his chin out on this one Hi. WAGA is still on till 2AM. TI4NRH showed up pretty well on his NRC DX but CW surely did raise have oc. Veries in since Nov. 19 KTKC KEHE KVGB and WBRK. Confab at Williams-ville Nov. 20th was very enjoyable as well as highly instructive. Extending sincere thanks to John Kalmback his Mother and father who indeed are hospitable and did everything to make us all feel at home.

Bob Botzum-Reading Penna. Nov. 19 Weather conditions bad, rain and foggy, Heard WSLI and KUTA on freq checks, new ones to my log.WKRC testing 5:28am, WLS testing also 5:30am. Nov.20th.KITE at 2:05 WWL on test program and asking for telegrams, WWL paying the bill 2 AM till after 3:30, XEAC heard 2:13am, XEP at 2:15am, WCPO at 2:17, WTMV at 2:30am, KGLO at 2:01am, WHBU at 2:32am, WATL at 3am, WJBO at 3:05am, Nov. 21KTUL testing till 3:15am, CMQ and CMCK both testing off & on WWL testing 4:30am. KGFI & WWRL both on at same time with Freq check 4am, Nov.22 Reception very poor at times. Pacific coasters off and on with plenty of fading. VISN on at 2AM, WATL off at 2:06am, WGY testing 2:20am, WBEO ditto at 2:40. Nov 23rd Reception just fair, lots of fading. WSB testing 2:07an Spanish bird on 1130kc ruining KSL at 2:10am, KGFI testing 2:35am, WKBV off at 2:3Jam, KLUF testing 3:J5am, Reception terrible, weather Rain turning to sleet. Temp down to 25.Strong buzzing noise causing interference KTUL testing 2:15am. Mex stations on 310 1095 1150 and a station on 1160kc this am after 2:00am.Not identified due to that buzzing noise. Recent veries KYSH KOCY CMKE WDAN CKY issued a interesting small booklet. CMKE operated on 1310kc 200w power and owned by "Postmaster of Manzanillo Cuba.

LATE TIPS: --

CMHJ Cienfuegos Cuba (NRC &) 1160kc 175w January 22 from 2:00-6:00am. CMHM Cienfuegos Cuba (NRC &) 1450kc 100w January 28 from 2:00-6:00am

To the members of the NRC, and to those that have written into the HQ asking why our DX Calendar does not appear in other publications and DX Club bulletins. I am sorry that the other Clubs, Publications and Publicity outlets does not publish the tips, they all have a written notice from the NRC HQ asking them to print our tips and they receive the NRC bulletins every week, as same as you members do. So its not the NRC thats causing the delay in this matter. I hope that this clears up this matter to all you members that have written into HQ.

Thanksgiving Day is over...the tables that once groaned under the weight of turkey and other goodies are once again back to normal. ... but the groans are still with us and undoubtedly its effect on DXers and DXing will be felt for another week or so.

As usual the 1150 kc question is still being argued pro and con. Its almost settled now. Nearly all reports agree that the station is XEL P.O. Box 9975 Mexico City. (Note please OM Ive read three reports from other publications saying that their reports have been returned to them from Mexico City, marked no such Address) Now we have Six members that have XEC verifeid on that freq. Personal I beleive that we have four stations on that freq. So its a guessing game yet, unless you are one of the lucky ones and get the English call. But we are here to state this, heres one station that the boys will have to hear to get a veric. Hi.

DX news is just a bit scarce this week, so we'll take the opportunity to ring in a few words of praise for a couple or three guys that have been doing the DX hobby plenty of favors. First our thanks to Wibur Golson of WJBO for all favors, past and present. It's a pleasure to report to stations that really welcome reports. Second a squeeze of the palm to genial Bill Stone of our CPC. That list of Canadian DX specials looks mighty fine to us Bill and heres our thanks. To Herb Kimberly of KYSM we doff our hat. Thanks Herb, for taking it upon yourself to verify all reports for KYSM. It's a genuine favor to us all. And to all the guys that send in reports...tnx tnx. The club could not get along without youse, everyone.

We heard some of the jokes that we've been paging on to youse from time to time being read over TI4NRH on their Thanksgiving Day NRC Program. Perhaps it would not be amiss to let youse in on a few more. So.... Ted Matson: "Have you ever realized any of your childhood hopes" Pat Reilley: "Yes: when Mother used to come my hair I often vished I didnt have any."

And we overheard OM Burstrom telling the missus to go as far as she liked with her Christmas shopping so long as the total wasn't over fifty cents.

A word to the wise is sufficient, it has been said....so we want to warn you NRC members. If Gordon and Feichtner ever get over your way on one of those little parties, better watch out for their appetites. Pat Reilley says "no need to give those two birds silverware...they eat like horses."

Well here is one little DX item...almost escaped our scissors, WSTP Salisbury North Carolina will go onthe air smack dap on the very first day of 1939, or January 1st in case you can't figure it out. The new station will operate on 1500 kcs with 100 watts. Jimmy Yost will be the chief Engineer. Watch for tests most anyday!.

And may we urge you to report each and every special program arranged for our club. Our courtesy Programs Committee are working on Stations that are considered the hardest to log and there will be no attempt made to schedule programs from stations that are frequently heard. In this manner, we hope to have a large perentage of our membership report each program arranged.

((Word from HQ, some of you boys wrote in about the bulletins being late better check at your end, as they all leave here the same day and hour.))

Editor Lawrence (Larry)Lundberg ALL TIME 1020 Lowry Ave., North E.S.T. Minneapolis Minnesota

We Welcome A New Member

Greetings to you Nicola Cannata of Chicago, Illinois who recently joined the NRC. Nick has a 18 tube RCA & a 30 tube Scott to do his DXing on and with this fine equipment, sught to get some very good DX. We hope that Nick will favor us with an occasional SW report for the bulletin. By the way Nick has a VFB SWL card with his photo on. Are you interested. he members of the NRC wish you the best of luck OM and VFB. Lets hear from you.

REPORTERS FOR THIS ISSUE

Leo Herz-Chicago Ill...Ken Miller-Chicago Ill., and Harry Gordon-Erie.. Thanks fellows lets hear from you again.

EDITORS CHATTER

I hope that you all had a very emjoyable Thanksgiving day and that you did not eat too much so that you were unable to liston to that TI4-NRH DX program. Did you send in a report. I hope that you all did. I want to thank all the NRC members who have sent me letters and they will all be answerd in due time. May you all have the best of luck and that DX comes you way. (A word from Headquarters: -TI4NRH NRC decication came in with an R/8 QSA/5 signal, and I hope that all the NRC members were listening in, as Senor Cespedes had one swell dedication and its been years sence I've heard any station dedication a program as nigh class as the program of this evening's. Thanks to Leo Herz for arranging the DX and many thanks to Senor Cospedes for a swell dedication. HQ logged them for one hour with out missing a selection, could send in almost word for word 10g.)

SPECIAL NEWS & LATE FLASHES

Radio Ankara Turkey on 9.460 megs is being heard in North America from 2:30-3:30pm EST. (Lundberg) watch for them.

Leo Herz received a special letter from HP5G giving the following information. HP5G 11.780 megs 1500 watt power. Sked 7-10:00pm EST. QRA: Apartado 1121. hey appreciate reports and verify promptly. HP5G will have a new station which will be on the air soon with the call HOA with a power of lkw. Freq not known at present. (Cont next Page)

S.W.Page: 2 NATIONAL RADIO CLUB DX NEWS November 28 38 SHORT WAVE NEWS

(Cont from last page) From Switzerland comes the latest information on the league of Nation Stations. INCREASING YOUR VIC RATINGS WITH YOUR EDITOR

Did you all hear LRU and PRF5 last week.PRF5 was not heard by your Editor. As long as we have given you the complete skeds of the Swiss and Japan stations in this issue lets all tune for these stations and send then a report. This will mean 2 more countries to add to your VIC rating.

NEWS FROM HERE THERE & EVERYWHERE

Tune for HVJ Vatican City on 9.550 megs on Sundays from 5:00-5:30am

Special broadcasts for America are heard over PCJ 9.590 megs at 8:25pm on Sundays.

Pictures from Overseasmis the title of the programs over DJD at 9:45pm on Sundays.

YV5RC 5.900 megs has a program entitles "Theatre of the Air" on Sundays at 3:30pm.

"Life in Paris" may be heard over TPB7 11.33 megs and TPA4 11.710 megs on Tuesdays at 11:25pm.

"Goodwill Program"may be heard over WIXAL 11.790 megs at 5:30pm on Wed.
