 NOLPO # 21 J.E. Gardner-706 Williamson Bldg., Cleveland Ohio
 NOLPO # 22 Cliff Lavener-Rosensberg Texas

NOLPO # 26 Joe Brauner-17 East Spring St., Williamsville N.Y.

We take great pleasure in giving honorary NOLPO assignment to Carlo Spatari, 27-20--25th Ave., Astoria N.Y. who was the originator of the famous & up & coming Spatari Language. Carlo will be known in the NRC SW pages as NOLPO # 25. Carlo has done a lot to help the Radio hobby fans of the world and we are proud to have him amongst the members of the NRC.

Good ole Joe Brauner is a new reporter whom we have assigned as NOLPO # 27. We hope Joe will take this assignment & that we will hear from him when ever he has the time & some DX to report. Glad to have you with us Joe OT & lets hear from you often.

To the rest of you guys there is no need of me to thank you as you all have been so loyal & faithful and words cannot express my gratitude to you all.

--SPECIAL ANNOUNCEMENT--

There comes a time in everyone's life, when a person is placed between the devil and the deep blue sea, and where one must make a choice either one way or the other. Such a predicament is now being suffered by your Editor and this announcement is hard for me to make..

As most of you know the place I worked for ceased operation and all employees were thrown out of work. This indeed was a hard blow for yours truly. However 3 weeks ago A new job was given to me & this was a very good stroke of good luck. However I am now forced to make a decision. I have very little spare time for my radio DXing & work now. This means either quitting DXing and carrying with my radio friends, but keep my other Radio activities up or to keep on DXing, what little time I have, and also try & keep the fine friends I have made by keeping in touch with them once in a while but quitting the other Radio activities I am in.

My decision is this. I am resigning as the SW Editor of the NRC & JSWL and also as Editor of the WWHC of the IIA. This is indeed a hard thing for me to do but it is the only way out of the predicament for me.

We do not know who the new SW Editor of the NRC will be but keep your reports coming to me and as soon as the new Editor is named I will forward all material to him. However regardless who the Editor is I will remain as the SW CONTEST Editor and also the rating of the members so please keep me informed of the new series received for the contest and also your latest ratings.

SHORT WAVE NEWS

It has been swell working with all you fine members and my only hope is that you will sponsor & help the new SW Editor out as much as you have helped me. Maybe someday I will be back with you all but in the meantime lets keep the NRC the friendly club it has always been & sponsor the new Editor and help him as much as possible.

I want to thank Leo Herz for the fine help he has given me during my stay as SW Editor. A finer and better pal could not have been found anywhere..

DONT FORGET. I am still taking care of the SW Contest. I will find time for that regardless if I never get anything else done. Thanks a Million to you all. A finer bunch of loyal supportes would not be found anywhere.

QUESTIONS AND ANSWER DEPARTMENT

Nick Woytan has been hearing a mystery at 7am on 9.500 megs but sigs are too wavy for identification. We beleive his station is either KZIB on 9.490 megs or possibly HS8PJ on 9.510 megs. What Oriental Station came on the air at 3:12 pm EST on May 1st on 15.170 megs with a R8/Q4 signal.? Fred Alfred.SOS someone.?..I would like to thank all you membets for helping each other out in answering some of the questions in the minds of the members. That shows real cooperation & a fine spirit of friendship existing between the members.

---GOSSIP OF THE MEMBERS---

Joe Brauner says DX on the SW bands have been terrible with nothing unusual doing.

Jack Siringer has a VFB SWL card fellows. Jack says he has no luck in increasing his VIC ratings. Oh Yeh. Take a look at his ratings fellows & use your own judgment Hi.

Mel Oliver says he has made a nice worrie of our new member Cliff Tavener of Rosenberg Texas who lives only 25 miles away & Mel is planning on visiting him sometime. VFB we call it.

Nick Woytan spent 2 weeks in New York City & says he still prefers good ole Syracuse (Home Sweet Home ey what Nick OM)

Cliff Tavener says: "Well well well. It looks like my entrance into the SW contest has been made very conspicuous by the rash challenge of my friend "Peepuls Choice" DeRosa.. Hi. Hi.

J.E. Gardner must be DXing 24 hours out of the day from the looks of the VFB reports he has been sending in. Keep up the fine work Jack O.T.

Carl Forestieri has been giving his apartment & furniture a good spring cleaning ect and hasnt even had a chance to DX. Hope he gets finished soon as we miss his VFB reports.

Cy Will is moving. He is living at present in an apartment on the 10th floor. Plenty high enough for an antenna but Cy says there is too much noise & so DX for him has not been so good.

Leo Herz sent out plenty of reports last week & one of them was EK1AF which is a VFB catch in any mans town. Better watch this fellow in the SW contest. He really means business.

Bob Blanchard says it is so hot in Brooklyn that he has been keeping a fan going in the back of his receiver whenever he has been DXing. He received a good laugh at some of the articles publish in the last bulletin. I hope you liked them as much as Bob did.

John DeRosa is getting another new member for us. Good old John he has been a hard worker for the NRC and a sweller fellow could not be found anywhere. Have you seen the VFB picture yet of Johns DX room supreme. If not you had better write to him for one of those VFB Photo's of his.

Remington Alfred reports hearing SPW TGWA IRF 2R04 2R03 VLR W6XBE, 9.530 On the SWBCB and on 20 meters VE3GC W1DAF W3DZZ W3ZIE W9QMK W8KBJ W8MNL W9EI W4EIG W9FTF W8KZS W9GTR W9GIQ W1DAFYV5RF W9GFPQ W4DWA VEADP W9DFM W3MGM W1DXF W2JKQ W9ZOM W9THO W3OUF W3ZDW W4GU W3ADC W9IEM W8QBM (Rem really going to turn out to be a fine DXer from the looks of things & Rem OM a finer and better Hobbie could not be found than DXing. Keep up the fine work.

Fred Alfred received a QSL card from CB-960 after sending them 5 reports. Fred also got a pre-selector for his receiver last week and it works swell. Fred sent us a whale of a VFB report this issue and many thanks Fred OM.

Greetings once again ham DXers. Our reporters this issue are: Mel Oliver of Houston, Texas; John H. DeRosa of Brooklyn, N. Y.; Leo Herz of Chicago, Illinois; Larry Lundberg of Minneapolis, Minnesota; Frank Schmidt of Pittsburgh, Pa.; Robert L. Blanchard of Brooklyn, N.Y. and Yours truly.

--QSLs RECEIVED--

Mel Oliver reports cards from VP1WB and ZL2BE, the latter a 75 meter phone verie. Leo Herz reports QSLs in from ON4PA, 20 meters; GW6JW, 10 meters; CT1PK, 14.084 megs.; G5BD, 20 meters; PK4KS, HK3CG, G6BX and G8IK all on 20 meter phone. Yours truly received cards from VK4KS, Australia who uses 50 watts and YN1IP, Nicaragua who sends a nice QSL with some very fine stamps on back.

KALFH (hf) CQ at 8:24 am R6 Q5 on May 11th also.

Mel also reports hearing NY4AV at Guantanamo Bay, Cuba but failed to make a notation on him. This is the first NY4 your ed has heard about.

LARRY LUNDBERG of Minneapolis, Minnesota sends in some more very interesting ham news. Larry reports as follows; "LU1DA, Buenos Aires was hrd on 20 M using 800 watts and he verifies with a Rueda Del Oeste card and also sends a VFB photo of his shack to those who enclose a photo for him. His QRA is LU1DA, Felix Gunther, Hurlingham Republic of Argentina. He can now be heard also on 7.140 megs. & also in the 28 megs. band. His transmitter uses 800 watts input on a couple of 806s Class B Modulation with two 822s. Four band single wire antenna pointing NE-SW and he uses a HRO receiver. VP6YB verifies with a two color card of white and red. QRA is Thos. A. Archer, "Claradon", Pine Road, Barbados, BWI. VP6YB uses a crystal controlled Xmtr on 7.039, 14.078 & 28.156 megs. Input to power amplifier is 100/200 watts. Modulation is class B System. Antennas are two half waves & 8JK beam and also a three element close spaced 20 mg. Rotary beam. He has his WAC. The QRA of VP1WB is Box 80, Belize, British Honduras. He QSL's with a 2 color card of white and black with the call letters printed in big black letters. Ernest Baber is the Op. and he operates on 20 meters using 20 watts power.

W8DUT of pittsburg, Pa. is owned by Dr. B. P. Snyder, 12 Hazel Drive, Mt. Lebanon, Pittsburg, Pa. He sends out a very attractive three color card of orange, red and black. Using a two element rotary beam on 20 meters with a power of 600 watts with RME69 receiver. This card is well worth having. VE4XA owned by John Gilbert, 12723-116 St., Edmonton, Alberta sends out a two color card of red and black. He uses 70 watts on 20 meters with a two element Rotary beam. VE1CR, owned by C. Reg. Rogers, 55 Milton St., Sydney, N. S. sends out one VFB QSL card of four colors, white, red, black and orange. He operates on 20 meters with 500 watts. VE4EJ, owned by C. A. Vanderputten, 832 Strathecona St., Winnipeg, Man. QSLs with a three color card, white, red and dark blue, a very attractive card.

LARRY LINDBERG (continued) VE2EE owned by Stan Comach of Montreal, Quebec verifies with a card that was printed in England. It is made in red, blue and white. He uses 112 watts and may be heard on any ham band. VE2EE was the first Canadian station to achieve WAC on phone and was also first to make four band trans-Oceanic club working EA4AO and K4KD on 3,5,7,14, and 28 mc. in the same day. He has worked 108 countries on CW and 62 by phone. VE1EL owned by W. E. Kockhart, 87 Broadview Avenue, Moncton, N. B. verifies with a black and white card with his photo printed on the card in the left hand corner. It makes a VFB addition to the QSL collection. A. Chesworth, 1071 4th Ave., Moose Jaw, Sask. operates VE4SY and QSLs with a three color card of white, blue and grey. Operating with 125 watts on 20 meters he has WAS and WAC. This is a VFB QSL card."

FRANK SCHMIDT of Pittsburgh, Pa. reports that he has a new receiver there, an S-11 Super-Skyrider. Frank says he also stuck up a 20 M. sky-wire; a current fed extended doublet. This antenna is one full wavelength long and has 4 main lobes 54 degrees from the ends. The NE lobe hits Europe and N. Africa, the SE hits S. America, the SW goes nowhere fast via the S. Pacific off the coast of S. America, the NW covers Western Australia to Peking, China. He hopes to put up a a single 8JK directed East and West shortly. This will cover almost the entire continent of Australia and also Africa except the Northern part. Frank reports hearing the following DX also. All 20 meters.
