*17	WISR	Butler Penn	580	N R C	4:00 - 6:00		AM
*24	WEIM	Fitchburg Mass	1340	N R C	4:00 - 6:00		AM

THE CPC CORNER

WISR-Butler, Penn will broadcast a gala DX program on Monday morning November 17 1941 from 4:00 to 6:00 AM EST. Clifford Gorsuch, Chief Engineer tells us the production dept., of WISR is preparing a program that will appeal to all DXers and trusts that we will all be listening. (R C)

WEIM-Fitchburg, Mass tells us they are seeking FCC approval to broadcast another DX program on Monday, November 24th from 4 to 6 AM EST. They will wire us when approval is granted but we're pretty sure the same will be forthcoming so suggest that you make a date for WEIM on the 24th. Invite your friends to listen. (R. Cooper)

KSWO-Lawton, Okla advise Joe Becker they test for frequency each third Monday from 5 to 5:30 AM CST. This limits the possibility of hearing them in the east because of CKOC who sign on at 5 AM EST and several others who come on at 6. Perhaps we can talk 'em into coming on several hours before their freq check time.

KSKY-Dallas, Texas indicate their willingness to DX later in the winter. (Becker) WERC say only 2 operators now but maybe will be able to DX later. (Herz) WFHR notified Herz of their Sept 26th freq check 6-6:30 EST too late for publication. Would not have been heard in the east because of lateness of time. (Herz) WKNE said they would require approval to DX from the FCC and it would not be granted at present time. (R Cooper) WORC positively refused to DX as usual, seems to be mad at DXers. (Addy)

A letter from WKWK shows that 18 members of the N R C reported to their DX program which was dedicated to the MEMBERS of the NATIONAL RADIO CLUB. This is quite a contrast from the number of NRC reporters to programs of last season, being that it was the first special of the year might have had something to do with so few reports. I hope this condition will not be repeated. Our CPC staff have a wonderful start now dont you let them down. Lets get back in the stride and report as we did last season.

We welcome Howard Kemp, 250 Walnut st., Waterbury, Conn., as another new member, whose application arrived just too late to be included at the top.

Construction permit granted to the Forward Wheeling Radio Corp., for a new station on 1450 kcs with 100 watts unlimited, in Wheeling, W. Va.

DICK COOPER-KITTANNING PA New veries from WMOG after a dozen reports & a nice card and letter from WOCE on the NRC program. Duplicates from WISH & WNLC. Reports out to WEIM on their swell NRC program which incidentally will be repeated late in Nov from 4-6 AM EST. Also KTOH copied easily on Oct 10th. KVSF-KEUB-KGIW-CKOC-KTRI-WBBB-WCBI-WJAR-WAOV-WJMA-WAIT-WABC-WBML-KTOH-KFJB-WJIM-KWJB-WPAS-KORN-WSRR and WCRS. Most of these I have verified but am going in for this contest in a big way. Watch my smoke. WRRN are to take the air soon, also WAYS and WauK so 610 kcs will be worth watching. Watch for tests from KILO very shortly. I think WNOE may stand by for WWDC. Dont give up on them.

ATTENTION MEMBERS Station WEDC did not stand by for the WOCE program and it is likely that they will not stand by for WLAG and KGBS. Leo Herz is going to contact them personally. We suggest that every member send WEDC a card requesting them to stand by for at least part of our specials from WLAG on Oct 27th and KGBS Nov 3rd. These programs were arranged for Monday mornings when WEDC does not have commercial programs at that hour of 4 to 5 AM. We feel positive that they will give us 15 minutes at least if enough of you send them a card. Remember be polite about it.

ELDON ADDY-MARCUS IOWA Here's my first report for this season. Hrd WJMA YV4RA for new stations so sent reports. Hope all you fellows will rpt to KDTH as this is my 1st success in CPC. No dice on WEIM due to WEXL and they were also on WOCE. I wish they would DX a little later in the AM. Only verie is a card from KMYR who test freq on the 1st & 3rd Mon from 3:30-4 AM EST and want reports. Best regards and good DX to all.

JOHN KALMBACH-WASSVILLE N Y Veries from WGBR-WBTA-WKWK-WLBJ-WOCE-WWNY-WBLK and WISR. Still have 12 rpts out. Heard WOLF coming on at 6:15 AM 10/10. Also hrd HJAR on the 17th and they came in here swell. Heard a couple TP's but not enough to report. I am out to give Pop Edge and Ken Page a good trimming in the contest between the 3 of us, so better perk up Pop and Ken. (Yes John better get going in the NRC BCB contest)

JACK SIRINGER-LAKEWOOD OHIO To start I heard YV4RA at R6-7 for 55 min on special; YV5RI-590 kcs hrd R7 till 4:03 on Oct 19th. LRL-1070 kcs good on Sat & Sun after 11 when CBA signs; HJAN-1190 and HJCR-1200 kcs loggable during evenings; HJCO-1160 hrd thru KSL at 10:30 PM; XEMC-1590 kcs appears to be an allnighter; Unidentified Mexes on 1430-1445; KEAX Radiodifusora Oaxaquena 1270 kcs replaced deleted XEXH; KGMB & KGU coming thru with 1YA showing at times. Latest veries to drift in are, KDTH-KMYR-KTNM-KGHL-WOCE-KGU-WOR-WKWK-XESF-XEAX.

BOB BROWN-GOSHEN IND Rpts out to KTBI-KDB-WIBX-CKTB-WHB-WJMA-WOCE-WEIM-KWKH-KPBK-WWSR-KVOE-KROY-CAJN-XEB-XEQ-KGU-YV4RA-OAX4A-2CY-2NR-3ZB. The only recent verie is from 1YA. It took a follow-up to get it. I have plenty of data for a report to that station on 1153 kcs but who are they WEIM was hrd about every 4 min on their special through KROC & WEXL... even KMYR and KAKM helped mess them up. YV4RA was Q3 R5 here. WOCE came right over WEDC the 1st 15 minutes but they faded out. That was swell program WJMA put on. It was worth waiting those 20 min for. I tried to log KTOH during the Oct freq checks... Note the stations I DID hear on that channel as a result, (those underlined) But no KTOH. KHBC was FB & was in the clear between freq checks, with another station hrd KTBI.

POP EDGE-BFLO N Y DX slowed up here some what this past week but next one is going to be a honey. Veries from KTNM-KHMO-WEIM-WOCE-WPAB. Rpts still out to XEG-WJMA-YV5RI-WJPR and WSPB. Total veries now 591.

TIPS and LOP REPORTS

HOWARD PERKINS-CLEVELAND OHIO As we start the new DX season my books stand at 500 Ham QSL's; 555 BCB veries with 622 hrd on BCB; 783 SWL cards and on SW 79 veries. Been DXing during the Oct freq checks and logged WBHP-KPLC-WFOY-KFIZ-KMO-KARM-WJAC-WSAY-WMBS-WEMP-KEUB-KIDW-WISH-KROY-WMBG-WSYB-KWJB-WGBB-WHEC-WHLB-KGIW-KGDE. I wonder how many of the NRC-ers hrd the WEIM special? All I could hear was WEXL. (See DX Calendar) By the way I am using a Hallicrafters Super Skyrider SX-28 and a 16 ft vertical. 50 ft high for an antenna, it sure brings in the west coast stations. Tnks to Cooper on the special notice on WEIM and would have liked to heard them. Would like the signers of veries from KUTA-KSAM-WOMT-WGPC-KMLB and WHMA. Have sent all of them 4 reports but still no veries. (Howard's address is 1256 East 111th St., Cleveland Ohio)

JIM WEDEWER-DRYERSVILLE IOWA Hrd and Reported to WDAF-WPAR-WIBM-WCAR-WLAP-KWEW-WEST-KRIS-WHIS-XEG-KFEL-WSOC-WCFL-WSYB-WNLC-WMBG-KOL-KPMC-CBA XEMC-KVOO-CKY-KROS-WWSR-WCAX; Rec veries from KNX-KFPY-WKY-WIBA-WGBR-WBZ CBK-CFCN-CFPL-WKWK. (WJMA hasnt verified any rpts of the special as yet as a membership was offered and they are waiting to find the most distant) YV4RA inaudible here & WEIM messed up to bad. CBR & CKWX were both hrd R9 here at 3 AM sign off on the 8th; Also XEFW in Tampico on 810 kcs on the 12th an R8; Do they verify? Am up almost every AM for the checks and have logged some dandies. I hear KGMB here I think but the electric power station dont cooperate. I hrd only 2 of the 5 DX programs put on by NRC but have about 20 pts already in contest and rpts out to many more. I hrd TIEP on the 8th an R7 overriding WCCO.

BOB BOTZUM-READING PA No sign of WEIM on the 10th. (Looks as if Bob got up after 2 AM to listen-Hi. Well Bob the FCC only allowed them until 2 AM to DX and they received the info too late to get to the members) WEXL was R9 plus. KSWO-1150 kcs conducts freq ck on the 3rd Monday 6 to 6:30 AM EST. Recent veries rec are KROS-KHMO-KSWO-WWNY-WCRS-WHLN-WISH & WINC for total of 1270 veries. Looks like I missed plenty of new ones according to the bulletin. WJMA & WOCB put on swell programs for the club. Best regards to all. (Well Bob it looks good to see your reports again. Ill say you missed plenty of new ones.)

STEVE MANN-HANOVER N H Veries received are WFPG-WFCI-WOCB-WEIM. WEIM special was very poor here, badly covered by WEXL although Fitchburg is less than 100 miles away. YV4RA just couldnt be heard. I hope to get an aerial up soon. HJAI was not hrd this morning and I dont believe they came on, because they never gave me the absolute time. Hope to hear HJAR tomorrow. HJCZ-1040 kc over rides WHO almost nightly. Also hrd are HJCC HJCS-HJAN-HJCR-HJCO-YV5RL and lots of Cubans. Have not been able to identify Spicks on 652-660-780 and several other freqs. WNEL blasts in here all evening. A friend of mine, another freshman here, comes from Caracas and I was amazed to discover that his Father owns station YV5RA-YV5RC. I may try to get specials from them thru him.

DEAN LONDON-RINGLING OKLA On 10/10 heard one test on 1460 an R6 from 2 AM on. From 2:40-2:57 hrd KGNF an R8 for the 1st time in over 10 years. Other one on 1460 went off at 4 AM., probably a spick; KTOH announced over KTBI at 3:30; KTBI off at 4:03. 10/11 Spick under WGN seems to be on 720 not 725 kcs, unless there is a new one on 720. It is probably HJCU in Bogota with 5 kw. They can be copied here but never hrd an announcement; WBML signs on at 6:15 AM. 10/12 Spick on 1010 and off at 1:05 probably XEQN; Before 6 AM, R3 on 1230 and R4 on 750; Weak English stations or English speakings ones on 550 kc at 6:05 on Sunday; on 1380 kc R2 at 6:05; on 770 kc R5 at 6:25; WAIT on at 7 not 6; (Dean its 6 on Sun) Spicks on 1350 R6 by 7:05; on 1380 R6 at 7:20; 960 R2 at 7:55; 630 R4 at 7:55 the latter probably XEFB. Total BCB 904, count new freq 1444.

NATIONAL RADIO CLUB DX NEWS

BCB Page 4 _____ TIPS and LPO REPORTS _____ October 18 1941

LEFTY COOPER-BROOKLYN N Y On 10/10 WEIM(thanks to Dick) hrd weakly behind KROC & WEXL. WOOD testing & signing at 1:25; XELO off in Spanish & English at 2:03 on 1140 kcs; Mail address is San Diego Cal. WGGA testing behind WEDC at 2:10; WEAJ-WJZ-WABC all testing at 2:45; 10/13 WILM R9 on check; WHFC not on 1:45-2; XETF(?) off at 2:20 On 1250 kcs-R8; WAGM & WSLB didnt come on for checks; Spick(XEJS) on 1150 till 4. WWSR had engineer reading a football story for its check; WSYR-R6 on directional antenna test. XEG on at 5:12-1050 kcs; HJCC hrd in evening in back of WWL; 10/14 CKTB had hocky game on till after 1:25; 10/15 Some one on top of WGRC testing-WRRN?, no announcements. WRRN was due on 10/15; KVAN using only 100 watts will broadcast high school football games on each Friday night and Sat morning from 11 PM to 1:30 AM EST. Reports to WEIM WOOD-WGGA-XELO-WILM-WWSR-WSYR-KNET-XEG-HJCC- Veries only WISH a card.

CARROLL SETH-WELLSVILLE N Y Heard WEIM special and was surprised to learn that you are one of Bflos finest. (Still looking for your visit Carroll) My past weeks tuning brought these results, 10/9 Stayed up till 5:30 AM to log KWYO on freq ck only to have WJLB Detroit gum it up. 10/15 WJZM Clarksville Tenn on 1400 equiptment test at 3:30-4 AM; at 4:15 hrd LYA and KGU faintly. 4:30 hrd KEVE in Everett Wash on 1460 and also (XETU?) in Tampico. 10/16 nothing not even a whistle from HJAI.

FRANK LEE-WILDWOOD N J Reported to the following, WDEV-KVRS-KPAC-KFVS-KOVC-KAVE-WMRN-KALB-WCAX-WAYX-WWSR-WCMI-WMBO-WJLB and letter veries from WRC-WABC-WOAI-WKWK, cards from CBM-WDEL and a letter and card from WOCB 10/10 Static bad and went back to bed; 10/11 Static bad but hrd WDEV-550 conducting test from 3:40-4:35 AM. TP's hrd on 570-650-770-830-850 kcs audible but not loggable due to static; 2YC-850 loudest. 10/13 Signals good; KGMB-R4 at 4-4:30 AM sign off. Lots of TP's audible but too weak to log. Hrd quite a number of stations on freq ck but most over ridden with heavy static. 10/16 WKAT-1360 test 2-2:20 and no sign of HJAI. (I dont think so Frank)

ELWOOD BOROWSKI-BROOKLYN N Y WSTV hrd signing off at 1 AM weekdays. WALB at 12 mdt; WOCB DX came in fine. WEIM DX gave our club a very fine boost on their 1-2 AM DX Oct 10th. I hope nobody missed them. They offered 3 G.E. wall clocks to the 3 most distant listeners. It was one of the best DX programs heard in a long while. (Be sure to be on hand Nov 24th when they will DX from 4-6 AM for us)

LEO HERZ-CHICAGO ILL Reports were sent to WJMA-WIBU-WMFG and XEG. XEG gives their address as San Antonio and can be hrd till 6:30 AM EST when WDZ covers them up. Veries from WBNS and WKWK.

QUESTIONS and ANSWERS

Al Bartholomew wants the QRA of XEG in San Antonio Texas and who the station is behind a Spick on 1460 kc (KEYE?) Als QRA is Bradford N.Y.

590 kcs To F Lee this one is KGMB with Organ music they are like a local here. (Addy)

1160 or 1170 kcs Bartholomew wants to know who the loud spick is.

1153 kcs Bob Brown wants the identity of the station on this freq.

1270 kcs F Lee wants to know what station on Oct 13th at 5:01 AM played Two Lonely Hearts Were One.

1460 kcs Bartholomew wants the dope on the spick on this freq.

1470 kcs " " " " " " " " " " " " " " " "

Bartholomew says those needing KORE to listen from 3-3:15 daily, they have news then music. His only verie lately is KTNM.

More BCB news and information will be found on Short Wave Page 3, also additional CPC information will be found on the same page.

14580	Radio Ponta Delgada, Azores has moved here from 14400. (Legge)	

SHORT WAVE CONTEST NOTES

The complete and up-to-date ratings will be included in the next issue so get all your entries in to me by October 22nd the latest for inclusion. Just mentioning here that Steve Mann has increased his point total to 240 and Jim Wedewer now has about 400, so the contest is getting a little more spirited. We will have the complete standings in again next week and in every second bulletin of each month from then on. So get in your entries at once. Remember the after next week they will appear in the 2nd bulletin of every month. November 8th is next.

THE EDITOR'S CORNER

Nothing much to comment on, except the fine reports of Roger Legge, a new member, whose address is 20 Beethoven St., Binghamton, N.Y. Also to Jim and Steve. Wonder how Leo is coming along on the BCB? We of the S. W. section are going to give him a leather medal the next time he reports one of his old faithful stations (COK and HCJB) What would he do if they ever went off the air? (Thats all right Leo, we know you are trying and hope you wont mind a little kidding)

Following is a complete list of freq used by Japanese Broadcasting Stas. 17795-JLU4; 15160-JZK; 15106-JLG4; 11815-JVZ; 11800-JZJ; 11725-JVW3;

THE MILWAUKEE CORNER

Devoted to the accomplishments (Active and otherwise) of the members of the Milwaukee Chapter of the National Radio Club. Horst Krumrei C.S. Received KB6CBN, Guam last card sent out as the Government stopped his transmitter. (Olie Olsen) (Continued on SW Page 3)

Received SBT and SBP, Sweden. Also received a pamphlet with photographic views of Sweden and a Swedish schedule which is listed below.

Weekdays - Motala	SBT 10kw	15.155 mc	6-7AM	1-4:15PM & 8-9 PM
ALL ESTIME.	SBP 12kw	11.705 mc	1:45-2:15AM	6-7 AM & 8-9 PM.
	SBU 12kw	9.375 mc	4:20 to 4:35 PM	
	SBO 12kw	6.065 mc	4:20 to 4:35 PM	
Sundays & Holidays	SBT 10kw	15.155 mc	3:00 AM to 4:15 PM	& 8-9 PM
	SBP 12kw	11.705 mc	3:00 AM to 4:15 PM	& 8-9 PM
	SBU 12kw	9.535 mc	4:20 to 4:35 PM	
	SBO 12kw	6.065 mc	4:20 to 4:35 PM.	(Olie Olsen)

Just received Australian English News periods. ALL TIME EST.

VLQ Sydney	9615	6:45 AM	VLG Melbourne	9580	10:30AM
VLG5 Melbourne	11830	6:30 AM	VLG6 Melbourne	15230	1:00AM
VLQ5 Sydney	9680	6:30 AM	VLQ2 Sydney	11870	1:00AM
VLQ7 Sydney	11880	10:30 AM			(Fred Borchardt)

Heard and listed in the regular section of Short Waves reports by Fred. were HAT4 and HER4. Further information will be found by consulting the regular section under 9195 (HAT4) and 9535 (HER4) Fred Borchardt.

Received PZH, Surinam after waiting a year. Station using only 25 watts /Charlie Louzis)

From our good member Jack Gardner comes the following information on the stations at Radio Brazzaville. They are heard on 11.970 mc R-9 between 10 and 11 PM EST. Their latest schedule is with 6 transmissions and the times are as follows; 1:30 GMT - 3:00 GMT - 6:00 GMT - 6:45 GMT - 8:00 GMT and 11:45 GMT. These are the beginning of the transmissions I believe.

ADDITIONAL BCB NEWS

These are additions to the list of New Zealand BCB stations published in the bulletin of October 4th; 2ZJ-980 kcs with 25 watts; 2YD on 990 kcs in Wellington with 250 watts; 4ZD on 1010 kcs in Dunedin with 50 w 4YO on 1140 kcs in Dunedin with 150 watts; 2ZM on 1180 kcs in Gisborne with 120 watts; 3YL on 1200 kcs in Christchurch with 300 watts and 2ZA on 1400 kcs in Palmerston, North with 750 watts. Info from Bob Brown. From the NBS in a letter just received the above are correct except they do not list 4ZD on 1010 kcs; 2ZM on 1180 kcs and 2ZA is 250 watts not 750.

THE CPC CORNER cont

KMTR-Hollywood Cal 570 kcs will DX on Friday morning Dec 5th, the exact hour is not yet certain. Their channel is not clear until 4 AM EST and we hope this program can be arranged for 4 to 5 AM (Addy)

WWNY-Watertown N Y confirm the date of their NRC DX program as Nov 5th from 4 to 5 AM EST and tell us they will have a worth while show. They advise that another such program will be broadcast later in the season if the results from this one are satisfactory. Dedications of selections will be made to members. (Herz)

Some of the stations being contacted by the CPC cannot put on DX programs. The main reason this year seems to be a shortage in help and we all appreciate this. WAGE were forced to cancel their DX for that reason WERC told Herz they only had 2 engineers.

We've just one addition to our list of specials to announce this week. It is KMTR, Hollywood Cal., who informed us they will DX on December 5th from 304 AM EST. Eldon Addy who arranged the program is trying to have this hour changed to 4-5. Watch DX calendar for possible change. WWNY will put on another program if this one is satisfactory so lets all rpt.
