THE CPC CORNER

WCOP-BOSTON MASS have agreed to start their DX program on Nov 25 at 4AM and will run until 6AM. During the first hour they will use a non-directional antenna, during the second hour a directional antenna NE by SW is to be used. A live talent show is being arranged with outstanding radio talent to take part. Be sure to listen to this show. (Quintrell)

YV5RI-CARACAS VEN advise Jack Quintrell they DXed on Sept 29th-Oct 12 & 26 and Nov 1 and will again on Nov 15-29th and every second Saturday there after. We had wrong dates on this previously. Perhaps this will enable us all to hear YV5RI. (Quintrell)

KWIL-ALBANY ORE will present a DX program for the N R C on Nov 9th from 3-5:30 AM EST. Paul Spargo, C.E. (W7CMK) called Jack Quintrell by phone and notified him of this program. Information was received too late to relay it to our members but we hope some of you heard the program. They will again DX on Saturday Dec 13 from 3-5:30 AM but we suggest that you tune in before 4 AM because this will be during FCC checks and Pacific stations are permitted to operate until 4 AM only. We are not certain that KWIL might have overlooked this when arranging this program, but listen in anyhow. (Quintrell)

Tentative programs are being arranged with numerous other stations. Becker writes that KOAC will DX for us later and that's good news. KSWO tell Ernie Cooper they will DX when grant for unlimited time is given. Joe Brauner is attempting to arrange another program from KEVR, the one on Nov 1 being washed out due to poor conditions. Eldon Ady has a program or two coming up later in the year. Bob Brown tells us that KTBI is planning a DX program, details to be released soon. Numerous members and other clubs are inquiring about the WAGE program of Oct 4. I wish to advise all that WAGE cancelled this because of shortage of help.

TIPS and LOP REPORTS

November 8 1941

MEL OLIVER-HOUSTON TEXAS Here's about all I have for the first report this season. Conditions still not good-too much static, but have sent out 17 reports since Oct 19th. Veries received are KFBI-KTSA-WBAP-KXA-KSKY-KFJZ. Letter verie from KPJZ didn't even mention station call. Only NHC special reported this season was WGAA. WJNY ruined here by Spick. Will listen for Dick Cooper from WISR. WAIT almost equal of WBAP just before 7 PM EST. Isn't there a third station on 820 at that time also? (Yes Mel WOSU in Columbus, O.) No dope yet when KTRH will put their 50 kw on 740 but will check and advise. Too many Mexicans here.

PAT REILLEY-JAMESTOWN N Y KBWD, P.O. Box 513 signed by Travis D. Flatt C.E.-KSKY by A.L.Chilton. Both KPTH & WGAA had nice dedications. WJZM received for another new one and signed by Mr & Mrs W.D.Hudson, owners. No luck on the South Americans. CKMO on until 4 AM EST. WERR signed by John Reilley, C.E. located at 270 Atlantic St.; CFOS was a new one for me. KPTH by Jeanne Hill; WAIT also hrd for new one and signed by E.M. Jacker, it was hrd here one evening. WJNY had a good program for club. Have been DXing for an hour or so every morning for past week but very few new ones have been heard here as location is pretty noisy (so far) Have been trying to catch up on my mail and sleep also. Cant get used to evening DX, and cant get used to sleeping nights, then up to DX.

JIM WEDEWER-DYRESVILLE Ia Latest veries here, WWSR-WHBF-WEXL-WSYB-CKOC-VLQ-VLQ5 and VLG5 & "France D" Abord magazine from Radio Brazzaville. VLG5 used an old card from a few years back showing a map and Kangaroo, promised a new card would be sent later. Latest DX, 3LO weak one AM and 1YA and hrd a few new Cubans and Mexs. I think the one on 1550 is XEJX thats the way the call sounded. Reports out to XELO-WGAA-WLAG-WDSU-WWL-KGGF-KMMJ-WPRO-WJSV-KFAB-WROL-WGST-OPM-HJCT-ZRL (KEVR-KGBS not heard on specials, weather conditions were awful. Weather cold here but is clearing up now. By the way I am using a plain high 110 ft wire-NE-SW.

J WARREN ROUTZAHN-YORK PENN Just my 2 cents worth of DXing to bring me up to date. Since last report, received veries from WWDC-KLAH supposed to be KAVE-CBM-KROS and WJZM. I logged KROS-WGAA-CFOS-WLAG-WBBB & KSKY. Picked up KROS testing 4-4:30 the 22nd. The 25th I got a blank on PRE9, so reported XEMC. KXYZ and maybe XEXM battled each other. WGAA put in a local signal on fine DX the 25th. The 27th, CFOS good on DX 2:30-3; WEDC by for WINN 3-3:15; WLAG DX good & WEDC by again from 5:45-6. WGAC copied through WJLS at 6. #0th, WPRO & WMAL each could be copied after 6AM WGST over WMMN 6-6:30 then WBBB joins in at 6:30 and can just be copied amid much interference. Nov 1st XEAW on 1010, WCMI check 4:25, CMCK on 980 giving Chicago address and trying for KEVR just got a carrier 5:45-6AM but another carrier was R 9 anyway so I got no KGBS. Spicks I couldnt identify were on 1250 and 1460. Thats it for now.

DAVID THOMAS-PROCTORVILLE O I've noticed many NRC members comments on HC2AJ's veries on their DX last year. I received my reply from HC2AJ in good time-it arrived here last spring-May 13th to be exact, nice letter with 4 stamps on it-total 40¢ value. The station on 1153 kw is definitely not in SOUTH AFRICA as highly directional Beverage Waves fails to detect the station when beamed on South Africa but will receive the station when in south/southwest directions. (Between 130-220 degrees of compass E.S.E. W.S.W) Latest veries WJZM-WJPR and KSWO (first report they had or verified from Ohio) If you hear CMCK-Chicago you are not dreaming, as they are announcing all ads etc to be sent to CMCK-Chicago. Station identification is seldom given but when it is they announce in English/Spanish as CMCK-Havana. All mail is to be sent to Chicago. WAGE easy at 6 also WCAO-WPRO. KEVR not hrd on Special, noisy here. KGEI handles Stanford football games & KKZ the Calif. on Sat with dual games. (Cont Pg 3.

TIPS and LPO REPORTS

November 8 1941

DAVID THOMAS cont The station on 660 kcs relays BBC news same time 1YA not yet identified him. KGBS Q 2 R 6 thru heavy QRN after WEDC stood by for them. Too hard to copy or identify for sure.

BOB BROWN-GOSHEN IND Reports out to 2YC-XEFO-TIGPH-LR1-KSRO-YV3RE. And veries from WMIN-WEIM-WIBX-WJMC-WOCB-KDB-CKTB-WCOL-WGAA-KTBI-KROY-WWSR+ KTBI is planning a DX program for the near future. CKTB hopes to be able to broadcast bi-monthly DX programs when they get on their new freq. The call of that Mex on 1550 sounds like XELQ??. 10/30 2YC was Q4 R6-8 from 5:01-5:19 with semi-popular music, man & woman singing songs as What is This Thing Called Love-I Cant Give You Anything But Love etc. 11/1 TIGPH was copied with good sigs at intervals from 8:32-11:04 PM; YV3RE was hrd 8:57-9:01 and 9:33-9:36PM; LR1 had a steady sig 9-10 but they were presenting a play and I couldnt get much info for a report. Local WIBC wasnt even hrd??. Too many 50 kw sigs to buck. TIPG and another Costa Rican(on 1225) were also hrd. Tried for PRE9-HJAI & KEVR bot no luck. I've tuned the Scott a couple afternoons and was surprised at the DX. The biggest came when WHLD was hrd over WHIO & KOIL. Just now between 2:30-3 PM, KGGF-WMC-CFRB-CHML-WMAZ-CBY-WBZ-WJAS-WLAC were heard. I should sit down and add a few stations to my verified log-Hi. (You better Bob)

KENNY PAGE-BUFFALO N Y I thought I better get a report in here so you fellows will know that I too DX. Since after the convention I have rec veries from WSRR-WCOS-KGA-WFHR-CBV-CBK-WBZA-KDTH-WAIT-KPAB-WSOO-WHLB-KPO-KRBC-WIBC-CBY-WNLC-WBRK-WJZM-KRJP-WLBJ-WMRN-KPDN-WGNC-WIZE-WKPT-KTNM WOCB-WKWK-WHOP-WWDC-WEIM-WJHP-WBOC-CFOS-WMAN-KSKY; Reports out to XEG-WJMA-WOLS-WSLI-2CY-KWOC-KALB-KGFW-HJAR-KGU-4CS-XESM-WIGM-WGAA-WLAG-WCHS WCNC-WFMJ-WERC-WALB-WDEF-WPRA-WFTL-WWNY-WOL-WITH. Total veries now 988. Am trying for 1200 by the end of the season. There are 228 left in the US that I need so with those and Canada-Mexico and the new ones that will be licensed in the US I shouldnt fall short.

GRANT BATSON-WESTFIELD N Y Not much new in DX here. 10/28 KFI logged at 8:15-8:30 Q4 R9; 10/29 CJCX on 6.01 6:25-6:45AM. Veries rec, letter from WHEB. PRE9 not hrd static very bad, sent tnx card. KGBS not hrd thru WEDC signing off at 5:45. The indicator on my set showed some signal but not a puff from them and I used more volume than I have ever used to DX. 11/3 Hrd Frank Lee mentioned on WJHP Sky Computer DX No 215-Hi. 11/1 On 1070 kc 7-10 PM LR1 Q4 R9 and no sign of CBA. Whats LR1's QRA? (Here it is- Radio EL Mundro, Calle Maipu 555, Buenos Aires.) KEVR special not hrd either, tnx card sent. Hope I get a good wack at DX on 11th & 12th as Inwant Alberta, need one from there. CHAB & XEB have nightly battles on 1220 kcs every night around 9:30-10 PM.

FRED VAN VOORHEES-MILLER PLACE N Y Not much DX although I heard WCED in DuBois Pa at 9PM through the jumble on 1230 kcs. Intersting to note tonight on 600 kcs WMT in Cedar Rapids, Ia riding thru our super local WICC just 14 miles away. Also WIOC in Savannah over riding the stations on 1290 kcs and WSPA coming in on top in 950 kcs.

LEO HERZ-CHICAGO ILL Only one report went out last week to WLAG. (Tnx to WEDC for standing by) Tried for KEVR but no sign of them. Verie in from CBL. Did anyone get a verie from WJMA or XEG? (Not Keeny ot myself-Leo) I did enjoy Carroll Seth's poem. Working overtime so not much DX.

NORMAN MAGUIRE-ALBUQUERQUE N M The past week has seen little DX activity here. Still have only a 30 ft lead in for DXing. Haven't had time to put up my double-doublet or attach the lead in to the old transmitting antenna. However have succeeded in logging several new stations. Hrd my 1st in Montana, KGHK & KGIR, also repted KMMJ-KJR-WREC-KEYS-CKBI-CHAB, also again to KRLD & KC&O. Sent both of them several 1/2 hr rpts but no ans. No success on HJAI & HJAR. HJAR ok on SW. Other specials missed(In Bed)

TIPS and LPC REPORTS

FRANK LEE-WILDWOOD N J Station on aprox 1005 kcs on Oct 29th heard from 4:50-5:20 PM. The announcer spoke (all announcements) in English at 5:20 PM. He gave call letters and stations location but due to static all I heard was "St Johns". This must been station location. Signal R4-5 with deep fading at times, I would appreciate any help on this. Steve Mann should listen to this one at 4:30-5:30 PM EST as I have heard it the past few days but never able to get call or location. 10/29 At 5:10 PM a TA English station R4 sig on aprox 805 kc. No sign of PRE9, were they on? (No one seemed to have heard them Frank) Veries, cards from CBY-CBF & letter from CPPL. Hope to hear KEVR.

DEAN LONDON-RINGLING OKLA Bought a 42 Chev last week, might be seeing all of you at the next convention. (We will be looking for you Dean) 10/26 XEQ & WJR hrd during noon hour; 10/27 WAAF logged here for first time, were R9 from 6-6:15 sign off, little QRM from KPRC-KFEL and other high powered near by stas; SA's coming in good here, altho no announcements, best was on 720 who overrode WGN occasionally, also on 1040-1200 & 700. Only listing for 700 kcs I can find is ZP15, 1 kw Villarrica, Par. They were R2 and were not carrying over from 690 as I first suspected. 10/28 KROS test at 2:30; 11/1 WCMI at 4:15 & WHMA at 4; 11/2 (Sunday) Was tuned to 1350 when mystery Mex signed on at 7 but could not hear any announcement. They have a peculiar sounding program, must be religious. Hrd same thing the past 3 Sundays; 11/5 XEF test on 1420 at 4 and ann at 4:10; WNY special very good. WDAK-WHLN not hrd, were they on? Total stations hrd now 928, 1474 counting new frequency setup & separate.

LEFTY COOPER-BROOKLYN N Y Reports to WHLN-LR1-WCKY-WWNY-WIZE. Veries in from KDTH-YV4RA-KILO-CKNX-XEWA on 2 freqs. Both state they are in Reynosa altho the one on 1570 announces as Monterrey. 11/1 WHLN tested later than usual from 4-4:15 instead of 2:30-2:45 because of breakdown, they test 1st day of month. WGBR test 3:45-4; LR1 had R8 sig Sat night but no trace of CBA; KEVR impossible; 11/3 KGBS also impossible, but I sent trx cards. 11/4 Rpted to WCKY. WFTC now checks 1st Tues 3:30-4 with WITH off at 3; 11/5 WWNY R7-8 with fade on DX. WIZE test 4-4:15 1st Wed WCOP on with equipt test 4:30; WBTM also; DX lousy all week

ERIC BRISTOW-CHICAGO ILL DX very slim this past week and sent reports out to WGAU-CKOC and WGAR. No veries received. Hope to do better.

DICK COOPER-KITTANNING PA Late veries, letters from WDEV-WCOP-KSWO-WABC-CKOC-WGAA-WBOC-KGIW-KTRI-WSVA and a card from KDTH. WDEV enclosed EKKO stamp. WGAA said it was a pleasure to conduct a DX program for our Club. WCOP will DX for us on Nov 25 and are anxious for many reports. The programs of WGAA-WLAG and WWNY were well received but KEVR & KGBS were complete blanks. PRE9 could not be hrd but I believe they were on since I heard a very weak signal several times during their sked. WRRN not yet on the air. Has anyone received the Nov Radex? I sent them \$2 but no answer. How about WSRR, have they verified for anyone. (John Reilley C.E. according to Pat Reilley and no relation-Ray)

FRED VAN VOORHEES again Tried a little DXing one morning last week and reported CBR Vancouver and KLS Oakland. No veries. Time isnt there to DX

HERB CAMPBELL-ATHENS PA WWNY was Q5 R9 this AM not high in DX ability if you fellows know what I mean but it was very clever and enjoyable. I estimate that at least 5 employees had to turn out 3 hours early for this show so we owe them something. Couldnt locate KEVR with bfo in 35 min. Have doubts whether KGBS was on. Yes They were Herb but static was too much. 11/1 LR1 coming thru R8 at 7:30 PM. ZNS seems to give us about 10 or 15 min every evening, when it gets thru WTAR & CMBC. (Herb the Canadian stamps will be sent first part of the week. None here at pres.)

POP EDGE-BUFFALO N Y Not much DX this past week due to working days and I dont like to get up out of a warm bed and DX. Also for an alibi we had the pleasure of a visit from Carroll Seth who dropped in Monday evening and we had a real gab fest which lasted until at least midnight. We have quite a poet in Carroll so be on the lookout for some of his verses. Also another gab fest on Wednesday night when Wrong Way Kalmbach and Kenny Page and their wives were visitors. No reports sent out since Oct 29th and had expected to start this AM Nov 8th but having one of those swell head colds will be glad when this issue in all ready to take to the P.O. Veries received since last report are cards from WISH-WINX XEH-KVOR and from CKNX a card in envelope, letters from KSKY-WOLF-KILO and WHLN. KILO say mine the first rpt on new call letters. WINX also sent a very nice book showing their entire staff and studios. Expect to go to town on FCC checks as I will be working from 12 mid to 8 AM and with 2 National and 1 Paterson receiver to play with.

QUESTIONS & ANSWERS

For L Cooper- Arthur Sperling C.E. signs for WPAT.

 1230 kc-Who is the station who broadcasts DX tips at 1:15 AM EST? Heard in Albuquerque 10/21/41 but couldnt get call or location.
 Norman L Maguire.

Remember fellows when you send in your list of veries to the different contest editors you MUST STATE CALL LETTERS. Otherwise the editor can not keep track of what has been reported and what has not. When reporting in the BCB US-Canada-Mexico contest you must also state whether the verie was for a regular program or when it was for one of the clubs specials. Otherwise you will only be credited with regular points.

BRIGHT IDEA

by Carroll Seth.

For years we've sent reports to Stations	
Far away in distant nations	We'll hold conventions breaking rocks
Reports complete with postage too	And wont we have the swellest talks
Replies to which are overdue	DX behind the prison bars
This ran into a tidy sum	Paroles for verifying Mars
And left the purses feeling numb	Think it over fellows please
At last I've found a remedy	If the bonnet's full of bees
To ease the strain and save the fee	Drop a line and let me know
On income tax returns next year	Where's the jail you'd like to go.
Besides tobacco, gas and beer	
Deduct delinquent veries (cheers)	Well I verified WEXL-KSCJ & YV4RA &
The most you'll get is twenty years	cant wait until I hear Quintrells
	South African on 1153 kcs-Hi.

Fred Van Voorhees says WNY Q5 R9 plus 4-4:15 AM then went to bed.
 Dick Cooper says that on orders received it takes a week to make delivery.

EDITORS CORNER

Thanks again fellows. Reporters Roger Legge-Grant Batson-Jim Wedewer-Steve Mann and Jack Siringor. Welcoming Jack and Steve for the first time the others are becoming regular reporters to this column. You are showing swell support and with a little more of the same from some of the rest of you, we can make this column the best Short Wave section put out by any DX club, even those which specialize in the Short Waves. How about it, fellows? Lets go.

Remember fellows the contest ends for reception on the last day of December 1941, but you have a couple of months to get your verie lists in. June 1 1942 is the date for veries to be in. Due to counting some USA stations which some of you fellows turned in, I was forced to drop them as they dont count. (Better check again Fred as I believe they do-Ray)
