CJCJ-CALGARY ALTA Here is a station which is very anxious to DX for us and which many of us, in fact, probably most of us need very much. This is a Tuesday AM and WITH will be silent. We will attempt to have WCPO stand by for at least a portion of this program, but we do not have much hope. However, remember that the first 5 min of this program will find WCPO with news and then CJCJ might be easiest to copy. We are asking them to play band music so you may hear them more easily and they will probably follow that plan. Send reports to Mr. C F Mack, whom we thank for this DX. Arr by Bill Stone.

HOK-COLON PANAMA The N R C is proud to announce this foreign DX program. We hope to have more of such programs. At this writing, no word as to whether they will be on from 4-5 or 5-6 AM. \$ to 5 was first asked and then they were asked to make it an hour later to avoid tests by KFI which is silent after 5 on Tuesday AMs. Needless to say we will all want to hear HOK and it will give us a chance to add a new country to our logs, HOK will verify for an I R C Coupon, if you'll send your reports to Sr. Jose Jean y Jean, General Manager whom we thank for his courtesies. Arr by Dr John W Kirk.

WXLS-NARSSASSUAK GREENLAND Well 2 of us hrd them in Dec, when conditions were terrible. We have one consolation-conditions cant be any worse. But given a decent AM for reception, some of us ought to hear WXLS and wont it be a thrill. Remember send your reports to T/3 Gerald D Goodson. Lt Frank Susorney can hear our stations up there, so we ought to hear WXLS down here. What say--everybody? You'll be tuned in wont you? Arr by Lt Frank Susoreny.

WINC and WHGB were asked to dedicate this half hour program to members of NRC. At this date we have not received definite confirmation, altho we have every reason to believe that the dedication will be made. Both dates are on Sunday AMs and so be tuned in on both. Info from Joe DeRosa.

A wire just received from Lefty Cooper advises that the DX SPECIAL PROGRAM from STATION WXLS on 850 kcs for JAN 12 1946 will be from 3-4 AM EST and NOT FROM 4-5 AS LISTED on Front page. REMEMBER from 3-4 AM not 4-5 AM.

RALPH JOHANNIS-BUFFALO N Y (No rpt from Ralphie this week, he says he mailed one but I doubt it: I really thing that he is still shoveling snow from in front of his house where the City plows pushed it. Anyway we will see when his letter does arrive, Postmarks leave a clue. Maybe he slept thru the past week and did no DX. So look next week and see what excuse he has)

SULLY SULLIVAN-PITTSBURGH PA Dec was not so good for DX here despite cold weather and snow. Static was strong and signals weak. However a few were pulled in and veries trickled in regular to run my total to 377. Latest veries were CFOS on 11/1/45 test and DX-WMLT-WDEF-WDEL-WJNC-WTOC-KPAC-WCAZ-KECA-WMOH-WLAG-WSYB-CFCY-CKNX-KWOC. Most of rpts now in so must get another batch out. XERB-KTSM-KLCN only delinquents now as KWKH and WJLD both said reports did not reach them. Dus sent CHSJ out a couple weeks now (J G Bishop, CE) CJBR is hrd here occasionally thru CMML and KLCN around 6PM. Rpt sent. Has WHK quit this all AM shows?? Havent hrd them lately. Whats the matter with Pop on WBYN, easy here, also WLIB can be hrd thru or over WOWO around 5:30-6PM. Looks as if Pop is slipping as a DXer. (OK Sully-Hi)

JOE BRAUNER-WILLIAMSVILLE N Y Have been just too busy to do the DX Hobby justice these past 2 weeks and from what little was heard, DX seemed to be rather poor. Trying AMs for KUOM at 7 usually found WJZ coming in with a strong clear signal, but on 12/18 KUOM came in very well for about 15 minutes, only slight interference from WJZ. This 7 AM S/on is a regular week-day feature according to announcements. On 12/19 there was no sign of KUOM but WEW was hrd weakly s/on at 7 AM behind WJZ. Only other new catch is WHTB running its first reg DX program on 1/1 and still on at 4:45, quite easily logged thru WCPO. No new veries to report here. (Will tnx Joe for this WHTB info, heard a station on 1/1 behind WCPO but never could get enough dope for a report and so we can watch for him maybe. Was using one of the National HROs at the station that AM too.-Pop)

JOE BECKER-HAMILTON OHIO My DX activities have been very much on the slow side. Nothing new was heard since XEQR which was on 12/21 but I have several verifications namely XESM-WJNC-Canal Zone on 790-KOVO-CFOS-CJKL-KOTA-CKWS-KTYW. Have been up only once in past 2 weeks and have heard several stations with band music but could not get call letters. Had one on 790 this AM 1/1 around 6 speaking Spanish which may have been YV5RB but I just could not get call. There are quite a few good DX programs coming up in January and I can use KCRS-WSSV. Hope WCPO will relent a little as I would love to have WSSV. (OK Joe and glad to have a report from you, come again)

JIM SHUPE-2040 RUSTIC RD-DAYTON 5 OHIO Last year I asked who was the youngest DXer in the NRC. I am 17 years old ans started DXing when I was 12. If any other NRC members are using Home Built Receivers drop me a line to the above QRA and we'll swap notes. So lets heard from you lads.

RAY "POP"- "SHORT HAIR" EDGE-BFLO N Y Well since last week I rec ONE verie and from KSRO by Betty Brodetsky, Traffic Dept saying my report was mislaid due to change in personel. No follow up either, intended to send one several time but like WOMI just didnt do it. So total now 912. (Hi Phil)

Mosr stations listed for New Zealand DX Club. From list in last weeks issue your Editor and Johanns only heard a couple. So try this list.

LEFTY COOPER-BROOKLYN N Y Rpts to WAZL-WHGB-KSKY and veries from CKWS-CFNB-WJNC the latter only new one, swell card. Total 1080. Not much DX this week due to holidays. WAZL was hrd well here, fading up and down alternately with WWDC, first one then other, about a draw, all popular music, at least the part I hrd (Must have bored "Long Hair") 12/30 Loud buzzing here this AM making decent DX impossible. Did hear KILO s/off in clear at 1:05 and WPAR at 1:05 and WFMJ at 1:07; Went back to bed and tried for some of those early Sun AM stations I still need. Turned on radio at 6:45 to the freq I had on when I retired, 1400 to hear WNEX and listened till 7 when I got a surprise and it was WING on 1410 showing my set drifts a bit. Then I tuned to 1400 and instead of WNEX I landed one I've been chasing all season, WHGB and fighting with him was WKPT and WMAN, both whom open at 7 along with WHGB. I tuned to 660 for KSKY and hrd an R-5 sig there and at 7:15 KSKY came on over him, with a recitation of the "Our Father". Then shortly after, local WEAJ threw its carrier on, queering any more, but I sent him a report on what I hrd. Who vomes on there at 7-KOWH? Then I tried for WHNC but they were not loud enough to push back WABCs sideband. To LARRY YARNES-How does WHEC QRM WIP? Tnx for all the Christmas cards and lots of luck. I'm still waiting to hear from Joe Enz-Bernard Duffy and Pete Clarius, relative to a Metropolitan Chapter of NRC. Fred Van Voorhees and I are raring to go. So what say fellows. DX meetings are lots of fun.

HAL WAGNER-N GIRARD PA The most unusual thing happened this AM 12/30. You know how all good DX stations always pound in while playing music and then either fade or are covered up with static when they announce? That unwritten rule you know to make DXing so tough and makes you tear your hair. And come to think of it, that mush be why really good DXers such as Pop Edge and Reilley are bald. Too many years of DXing. Well just the opposite happened. I worked on a station on 1430 kcs starting at 6:15 AM and brought him in a couple times well enough to determine he was playing concert music, then back down into the mush he would go. What I mean is he was really weak, most of time only BFO would show he was there. Finally at 6:59 AM he gives a spurt of power, finishes playing a selection and a man announces This is Station 2WL, Wollongong, closing down till 7 tomorrow morning, then God Save The King and off he goes. And that was the only 3 minutes out of 45 that I listered, that he was readable. Never had anything like that happen before, it was always the other way. The Aussies and Zedders were fairly good this AM. IYA had the meter over against the peg a couple times but he was very erratic, next minute he would be unreadable. Caracas on 790 had Canal Zone covered like a blanket for first 1/2 hr, then Canal Zone came on top. Wish I had a true "R" Meter on this thing so I could know his strength.

ENS STEVE MANN JR-USS GILBERT ISLANDS I intend to go down to Tijuana from time to time and am in a position to get Mexican stamps at cost for the members, plus return postage and can be used to an advantage in reporting those Mexican stations. I will be here in this location till Jan 20th so anyone wanting Mexican stamps send RIGHT NOW. Postgae as follows, this to the US ONLY. 12 centavos reg mail and 25 centavos for air-mail, so for each 12 centavos you want send a US 3¢ stamp and 2-3¢ US stamps for each 25 centavos you want and besure to send me US 3¢ STAMPS along with a SELF STAMPED SELF ADDRESSED ENVELOPE. Persons having trouble with veries from XERB-XEMO-XEAC might try writing the following; XERB-Bank of America Bldg; XEMO-Bank of America Bldg and XEAC Orpheum Theater Bldg, all in San Diego, Cal. XEC 250 w on 1310 kc Apartado Postal 23, Tijuana. B C operates daily 11-2AM, QRA:rpts to Sr. Luis Enrique Encisco; HI3T on 1040 kcs with 600 w Monsenor Nouel, Dominican Republic is listed in a new Bern list suppliment I have. Seems to me it might be loggable in the east under WHO. Also HI8Z on 1120 kcs, Santiago, D R under KMOX. (For stamps use above QRA plus CVE-107 % Fheet Post Office San Francisco, Calif.) SEND US 3¢ STAMPS.

Remember boys WEDNESDAY is our deadline, so report in time to make it.

January 5 1946

FRED VAN VOORHEES-FLUSHING N Y Missed a few weeks due to lousy DX here & inability to find the time to do it. Did rec a few veries including KNAK-WGN-CFBR-WMSA-WJNC-KOMO-XEL-WMFD-CJKL-CJEM-CKCH. KHJ returned my report with no comment. Will have to send it again. XEL, QRA is Radiodifusora Comercial, Boulevard Xola No. 1015, Apdo Postal 9982, Col. Narvarte, Mexico City. Very nice letter. Recent reception rpts to CFNB-XEMC-WAZL fair on special, but didnt hear NRC mentioned, KPRO-YV5RB and Quarry Heights. Only spick I couldnt get Xmas Eve was CMKN and sent him a rpt. Very noisy here. Still no TAs here. Letter rec from one of the ops at KGFL in answer to my report in which he explained that it was worth his job if he verified a single rpt. Said he didnt like it that way, but that was the way the owner wanted it. Said same goes for KWEW. To LEFTY, the CMQ station on 920 is CMJL, Camaguey, Cuba, 5KW. Latest Cuban list shows only CMBF Havana on 1260. Many tnx for Xmas cards rec here and a HAPPY NEW YEAR to all.

JOHN D LONG-DALTON GA Havent been DXing lately, just about under with bad cold and weather has been rough. KGCX DX was last special up till 12.29 I yried for; 12/29 WATNs hrd with fairly good sig till abt 2:40 on till s/off was QRMed by KICA some, seemed to be some other station on from 2:40 till s.off. WAZL over rode WWDC most of time with very good sig. Since last writing rec several veries. CKCH with letter and card and list of rpters and how well they were hrd. Mr Gebhardt, CE said several of their DX friends had asked about having a XMAS mdt program but he said it was a little early to say for sure. Wonder if they were on, anyone hear them? CFBR sent very nice picture of their staff; CKWS by card; WTMV letter; WISR a card; CJKL by letter. The call for the new Chattanooga, Tenn station is to be WAGC, standing for (Winning A Greater Chattanooga" They are to be a MBS and are planning to have their initial broadcast 1/20 so you boys should be on the watchout for their test after the 1st of year. Wonder how Dick is coming along with his plans for the Loose Leaf Log Book?? Wish to thank all the boys for the fine greeting cards. (OK John and tnx for WAGC info-Pop)

AL BARTHOLOMEW-BRADFORD N Y*(cor its CORNING N Y) Plenty of DX of late but not too many veries back, only a very few and those dups mostly. CFCY back with swell letter-head for a dup and ditto CFNB. Another an airmail verie from WXLQ on special, a nice long letter from the SGT. CFAB back with rply but not a definite verie for a rpt 12/14, anyway they have another from me on 24th so maybe next will be definite. One ray of sunshine tho was a definite letter head verie from VOVM for my rpt of 12/4 on afternoon reception. Have a very attractive letter head. That cleans up an oldie for me as hrd VOVM a long time ago but they never replied. Oh yed did receive a very definite verie from WKVM on a follow up. Inclosed a 3/ stamp but it came back airmail. As for DX, copied XEJP and CMCQ on 16th for rpts via Spanish form letter. CMHB & CMHK on 20th for rpts in English. XEHL on 23rd Spick rpt; CJAD on Xmas and XEG on 29th. Realized a long ambition on 27th hrd KFAR at last breaking thru R 2-3 for 10 min rpt then out like a light. Anyway hrd sta ann easy with other dope. Sent rpt airmail both ways. Guess KFAR gave me more satisfaction than any catch in my log probably because I have waited 13 years to hear an Alaskan. This AM SUN it is an old saying it never rains but it pours and at 2:15 again hrd KFAR even better than on 27th, were re-broadcasting the National Barn Dance and hrd for 10 min then gone completely, then later at 3:40 they broke thru again and copied plenty of data for rpt inc sta ann. Soo have 2 rpts to them and sure of verie, maybe 2. This AM 12/30 one of best in long time, stations to south very strong also from west coast. Copied XEQ for rpt in Spick; KXLA 2:56-3:23 very weak but no static; LYA a honey of a whistle after 4AM and at 4:12 4YA easily hrd with news cast but no other TPs. KGMB still on at 5:15. On 12/27 the best whistle yet on JOAK after 4 but didnt break thru. TAs havent been audible once since 13th altho this AM was ideal for em. Puffed up abt KFAR and my WAZL DX was a flop, WWDC R-9 plus here. (Only up north Al)

GRANT BATSON-WESTFIELD N Y A swell bunch of veries this time. CFCY-WXLQ-CFNB-CKWS-WJNC a new one and KGCX. The latter stated several rpts came from NY State. Rpts of several varieties; 12/24 CMHK on 1380; WKWK on test 5 to 5:30 a fine pro of Xmas music, also AFRS on 790 at the s/on at 5:30; 12/25 WISR on 680 for daytime rpt a local here at 10:47 AM; 12/29 WATN 2-2:53 Q4 R9 "Long Hair" got vit alright but didnt "Short Hair" hear about it too. Sure was a swell show, the best heard of any test yet due to Sun Spots cutting off west coasters. WAZL fairly well hrd but hard to copy as WWDC was about equal. 12/230 The Spicks bit me this AM. YV5RL on 1160 logged 5:30-5:53 the only time to get them in clear is on Sun AMs s/on. "lso SW fever drifted back a little. ZFY on 49 m tho bulletins say they are on 6 meg. and relay BBC & AFRS. QRM from Spick close by. 12/30 Am sure I had 4YA on 650, Q4 R9 at 6AM news cast but wish I had tuned earlier. Hold outs are XERB-KTMS-CFOS-KUTA, any signers for them??

ELWOOD DEIBERT-WALNUTPORT PA Veries coming thru good last few days. CFBR on DX 12/3 is photo of 6 members of staff, below is written DX Dec 3 1945. CKWS on DX and CFNB on DX, veries from WCAZ-WPIK-WEBQ-WINK all on recent f/c. WBAP-KFWB-WIBW-WAKR-WHIO-WPDQ-WBBM-WITH-WEXL. WPDQ typed below my report that it was correct with their log and ret, signed by James R Donovan, C.E.; Rpt out on DX special 12/20 CMHB, very good sigs. KFWB by Harvey Myers c.e.; WCAZ by Morris C McKamey (W9VFM) Eng and WBBM by J J Belougy. Rpts out to WEED-WDSU-WSMB-WCAE-WBIG-WHP-WMC-EMQ; WQAN leaves the air 4:55PM then WGBI takes over. WHTD s/on 6AM. Hrd WATN R 7-9 Q5 and very good program and WASK from 3-3:45, lot of static and WWDC blocked considerably, these on 29th. WAZL also blocked quite a bit, last 1/2 hr hrd good. Rpts out to all three and WAZL only about 30 miles from here and is local days. Enjoyed WATN and song Rum-Coco Cola and the definition of Long & Short Hair.

SID STEELE-LOUISVILLE KY Have a few weeks of rpting to catch up on. 12/12 rpt sent to XESM; WSAP on test 5:52 off 5:56; WPDQ in clear 6-6:30 at least for good rpt; My letter ret with verie written on it at bottom. Not my idea of a verie. 12/5 Stayed with XERB long enough for rpt, also daytime rpts to WBAA-WHBF in hopes of getting more definite veries; WGBS hrd at 5:25-5:30 PM for short rpt; 12/17 XEN at 4:23; 12/20 WHK too much here for CMHB, however CMHK logged with good sig, woman ann in English; WJLD for new one at 3:35-3:41; 12/24 WL0L rpted from 12:55-1AM s/off; Spicks good, XEML off at 1:33; XELZ off at 2:13; WOMI for daytime rpt for contest. Very poor here, but only identifiable signal on 1490 in daytime; 12/25 Heavy static discouraged DX, did manage CMHW 2:14-2:24 then gave up and went to bed. Spicks very strong in evening. Rpt to CMBZ; 12/26 Rpt to CMKW dominating 1000 kc No WCFL. QRM from another Spanisher, probably XEOY. Wrote to them anyway, 12/9 WPAB on test 3:38; WHMA reg ck 3:35-3:45; WCRS 3:45-3:55; WROX 3:55 4:05; Looked for WRLC at 4:05 but he wasnt on. WGIL 4:15-4:30; WATN about even with KICA 2-2:30; WRHI at 2:15; WBIG at 2:25; WASK at 2:50 ann Spec-DX; WMAN test at 3; Veries in from KOMO-KILO-WPDQ-WRRN-KTYW-CBJ-KWBR-CKWS. Rpts to XEW-KTMS-KARM-XESM-WSAP-XERB-KOTA-WGBS-XEN-CMHK-WJLD-WL0L-XEML-XELZ-CMHW-CMBZ-CMKW-WPAB-WCRS-WROX-XEOY-WATN.

JIM SHUPE-DAYTON O Just a line to let you know I am still alive and kicking. Hate to admit but not much DX at all. Just cant seem to get interested this season. 43-44 season was my best with 20 new stations and 42-43 with 50 new ones. I have rec only 26 veries this season and none of them were DX. Total log is now 211 veries, not so good for 5 years od DX. Have spent the past few months in studying for my HAM ticket and in a general construction program, am building a super DX Radio, so far I have the IF and audio all built and working fine, only have the OSC mixer and RF stages to go and then maybe I'll show you that I can really DX. It is going to have 20-25 tubes and at least 1 RF stage, maybe 2 and maybe a seperate pre-selector so I'll be able to hear electrons generaltecb by a man lighting a match 5 miles away (Hi) Using a Philo with no RF so no good for DX.

January 5 1946 _____ TIPS and LPO REPORTS _____ Page 7

JOE LIPPINCOTT-MOORESTOWN N J DX has been spotty, one night just before our biggest snow SAs were good. Even on my GE I could copy OAX4A and HJCB very well. TIPG is fairly regular here anyway and was well hrd as was TIEP. 12/12 I tried for Hilversum II starting at about 1:10 and got a good sig. At 1:55 Hilversum came on its freq and was so loud that it nearly covered the station I was hearing which I discovered was on 1004. My dial is off and I was sitting at an angle. Am glad I made that error as the 1004 must have been the Czech and a new one for me. Also got a swell rpt on Hilversum. OS2ZA on 1063 has been hrd a few times. Thanks to Al MALEY I hrd the station over CZ on 790, YV5RB. Got a good rpt. Recent veries include a really swell letter from WXLQ to give me 38 countries on BCB verified. Also WJNC-CJKL-CKCH-CFGP(Hi worm). Rpts out to KSAI-WXLS etc. Eileen Reis informs me that Tripoli on 1104 is no longer on the air and the sked of Radio France (Algiers) on 941 is 12:25AM-3AM; 6 till 8:10 and 1PM-3:45PM. Total veries now 966, 1000 or bust. Many thanks for the Xmas greetings. HAPPY NEW YEAR to all. Best Ham DX to date on 20 mtrs is XU8HI-ZC6ZY.

PAT REILLEY-JAMESTOWN N Y 12/18 KICD on check 2:5, no sig strength today; 12/19 No signal strength and back to bed, too cold to DX anyhow; 12/20 No sign of CMHB but CMHK on 1380 was good from 3 on, girl ann in English, man in Spanish; WJLD at 3:33 over WWDC, west coasters and Mexs good today; WJPA checked and off at 4:05 for new one; 12/21 the best signal strength this year I guess, west coasters and Mexs all good; CJVI and their 250 watts sounded like 50 KW; WCOS at 3:05; WSON at 3:0; WGBR at 3:18; WMFD at 3:31 KYUM checked 3:30-3:45; KWJB checked 3:45-4 and a Spick behind WAAT, call unknown; KSLM s/off at 4 and gave KGER a tussel. QRA given as Central Hotel 233 Main St; KWRC back and by Theodor A Smith, checks 2nd WED 4:45-5; 12/23 WINN tested at 2:50, will gladly verify he said; KRKO on top of 1400 at 2:50 3; KERN signed at 3:02 and clear before a spick on 1410 till 3:14 but couldn't catch call and then woke up at 7:15 and to bed, veries very slow coming back a Mississippi station behind WWDC with Christmas party; KCOK by Sheldon Anderson, mgr tests daily 3-3:15; Dup back from CFNB on their DX; 12/24 WEED at 3:03; WFEB at 3:05; KCOK at 3:10-3:15 s/off on test, very strong noise today, no DX Xmas as we will be away. HAPPY NEW YEAR to all the gang.

MARSHALL BLANCHARD-TERRE HAUTE IND At last I have a few reports in the mail. I did some DXing on 12/19-20-21st in Terre Haute and I managed to get KSAI Canal Zone-YV5RB-WKAQ-1YA which is already verified. At 4:12 on 21st heard a faint signal on 660 kcs which rose to an R-3. Managed to pick out 2 selections and announcing was in English, but was too weak to be hrd very well. Suppose this was KFAR and I wrote Mr Hiebert and asked him to check. 2 new ones from HJCS and ZFY. HJCS verified a rpt of 3 Xmas ago giving me my 1st SA bcb verie. Do have rpts out to HJCS and HJCB as of the 14th, however ZFY verified 2 rpts, SW rpt to ZQI recently. Am home on a 2 week vacation and will be back in Terre Haute on the 7th. Rec a verie from KWBR belonging to Kenny Page so sent it on. (Funny Marsh Kenny also rec yours and sent it on to you.-Pop)

DICK COOPER-KITTANNING PA Latest veries include letters from CFCY-WXLQ-KFOX-CJKL with neat card and EKKO stamp from CFNB. KNOE returned my rpt with verie note inscribed. WXLQ verified both NRC special and reg sked rpt of 12/12/ CHLT yet to be hrd from. Guess I'll get Ralphie to write in French for me. Would like to call members attention to many permits being issued for new stations by FCC. Last weeks bulletin(2 weeks ago) listed new stations for Waco Texas on 1230 and Greenville on 1400. Up to Dec 20th the FCC bulleting had no mention of these permits and I would like confirmation of these permits in order to keep my records for the log in order. Also Ray has Athens Pa as getting new one on 1450 and this should have been ATHENS TENN. and its Frankfort KY on 1490. (Guess I need a proof reader) Also dont confuse the 2 Marietta Ohio grants with new one for Marietta Georgia. HAPPY NEW YEAR and LOTS OF DX IN 46.

Well had to make one error, Johanns should be one ahead of Van Voorhees. Anyway boys let us all get our up to date standings into Frank Wheeler, % T J Schwartz RD 7 Erie, Penn not later than Jan 25th for Feb 2nd Bul.

S/SGT AL "LONG HAIR" MALEY-HIGHLAND FALLS N Y Veries from CFNB a card with EKKO stamp and a dup for contest-KVOP-KGNC-WFMD- which also a dup and to replace typed card. Xmas AM produced the usual Spicks with CMCB-1330; HJCN 1335 and CMHJ 1350 hrd for rpts. Also hrd TIPG-YV4RA and HJAR and plenty too weak to identify. RHC Cadena Azul and Circuiyo CMQ running until 4 AM also independanta like CMHB-CMCB-CMHJ-CMCC and others. Cuban hrd s/off on 1040 kcs at 2:30 giving call CM-F, no Cuban listed here by FCC. WFVA also hrd testing 4-4:15 (4th THUS) and may be regular. Veries now 981 and if half my Spick rpts come thru it'll be 1000 before long. Not counting any more unverified stations. WSAY hrd s/off 1AM 12/29 under WSPD-WCOA.

BOB DUGGAN JR-MACON GA Veries from WTAW-CJKL-KERN, rpts out to KRMD-WSAZ CMJK-CMCU. CMJK is now back on 1160 kcs after a vacation elsewhere; WJHP 1320 wants rpts from DXers ay s/on 6AM. A letter from WMVG says they will begin tests probably after Xmas, preparitory to Jan 1st opening. To SNYDER & BATSON & MALEY I also hrd Oriental with strong sigs on 930 on 12/10. Probably it was CMKN as there are quite a few Chinese in Cuba and occasionally some station broadcasts Chinese programs. KERN by P E Shatte; WTAW by F J Sosolik. (from 2nd card) Rpts out to CMHB-CMHK-WFMD-KTRB-KYUM-KEYS-KRE-WOPI-KSMA-KASA-YVIRK-KBIZ-KPLC-KGIW-WFNC-WEED-KNOE-KVOL-WTRC-WJNC-WKVM and veries from CJKL-KVAL-WGRM-WEBQ-WHIT-WMVA-KBUR-KRMD-WFMJ-KRGV-CFNB-WSAZ-WJNC-KVRS-CHSJ. To BATSON XERB by I B Mathis, took a prepared card for it. KVAL by Curtis N Hammer, CE; KRMD Howard H Hargrove. CE; KVRS Archie W Buchanan, CE; KSMA tested till 4:53 AM 12/21 with signal squeel and WWDC. MALEY WAGA was hrd down here on 1300 kcs also at 6AM s/on 12/21. CMHK was a good bit stronger here than CMHB on their 12/20 DX. WGNC said hello to Johanns and myself on their 12/24; Xmas morning was lousy with static, darn it.

PFC S HENRY FRANKEL-WATSON LAKE YOUKON TER. MERRY CHRISTMAS and HAPPY NEW YEAR to all my fellow Club Members and may this wonderful ~~xxxx~~ peace continue for many generations. BCB reception continues to be nil up here but SW are halfway decent and supply all of the radio entertainment in this part of the world. Here at our repeater station we are fortunate; in having KFAR pipe down its evening broadcasts on our telephone line from Fairbanks and that helps out lots in our entertainment when Northern Lights and other disturbances prevent any kond of radio reception. (Just think boys, being a DXer and all you can hear is KFAR. Wouldnt I change places with Henry for a couple weeks to just hear them-Pop) Anyway Henry you can certainly have an honor that not many DXers will ever have, lots good luck.
