WEEKLY DURING DX SEASON - \$3.00 YEAR - 34 ISSUES

Volume 19 - Number 7 Our 19th Year - November 3, 1951

OUR VALUE CITED

"Our new member here in Ponca, Joe Knack, is a veritable ball of fire. I explained the verie business AND THE VALUE OF THE NATIONAL RADIO CLUB to a DXer and Joe has pitched in with a vengeance. He should have a good verified log by the end of the season."
- Hank Ward, Ponca City, Oklahoma

SPECIAL NOTICE!

With the consent of the Board Chairman, the deadline on entry in the DX Competitive Contest has been extended to November 15.

To make a good contest out of this, we need a few more players - I note that last year's contest had 33 entered. As of October 25, this year's contest has but 16 entries. Perhaps the calls on the list have scared a lot of potential players out. I honestly believe a low score will win the contest. As for having to re-verify stations for points, yes, some will have a few such cases - but for contest purposes a double post card will take care of those, eliminating the time and expense in doing so. So won't more of you reconsider and enter now? For the record and so he can get the credit due him, our old-time DXer, Pat Reilly, is leading the contest now with ONE POINT'. -Contest Mgr., ROBERT CORSUCH - 2509 "D" Ave., Cedar Rapids Ia.

DX CALENDAR

Date	Calls	Kc/s.	Location	Watts	AM - EST	LEGEND
Nov. 6	G J D C	1350	Dawson Creek, B. C.	1,000	6:00 - 6:30	N N R C
12	W*C*D*T	1340	Winchester, Tennessee	250	3:30 - 4:00	N*R*C

* Asterisks indicate programs for DX Special Contest

ATTENTION - RADIO STATION FOR SALE! AN N.R.C. SCOOP! SEE P. JACOBSON'S REPORT, P.8
W C D T - Winchester, Tennessee "Thank you for the advice on the test program,"
James Frank Spencer, C. E. writes Mr. Spencer. "I will be glad to arrange

a special program on Monday morning, Nov. 12 from 3:30 to 4:00 EST. I will try to give you an entertaining program and trust you will be listening." A coast-to-coast clear channel is in view, so let's all try for this DX program, arranged by Sid Rosenbaum. Address for WCOT is Box 1103.

K G A L - Lebanon, Oregon "I will be glad to put the test program on for you.
Ed C. McElroy, C. E. I am arranging to make this test Monday night between 12:30-1:00 o'clock PST on Nov. 12. Rather, it will be early Tuesday morning, the 13th. I will be anxious to know the results," says Mr. McElroy. KGAL is a Gordon Allen station, and is also known as "Radio Willamette Land." We are attempting to gain the co-operation of WPAT for a stand-by. Information from Don Kaskey.

HOW ABOUT OUR DX-SPECIAL CONTEST?

We have, ashamedly, neglected to plug this contest as much as we should have, but we want you all to realize that this contest can be won by YOU! All you have to do is to tune for all programs marked with the asterisks in "DX Calendar" and the one verifying the most will be the winner! This is also a wonderful way to show your loyalty to the NRC, its GPC, and to the DX game, by reporting all DX tests. Deadline here too is November 15. Send 25¢ as entry fee (for prize costs) to Carroll Seth - 228 West 22 Street - Erie, Penna. Let's make Carroll work hard - everybody!

Misings of the Members

Bernie Duffy - 94 Lander Avenue - Staten Island 14, New York

My heard list is now 1992 by having added WTIC WDXE WDBL WFAK & WILY(?), the latter an unknown on 1580 kc/s., heard s/off a test 10/23 at 2:07-2:09 a.m. They didn't specify location, so I thought it might have been the new Columbus, O. station on that channel that hasn't calls assigned yet (as per my log) but my tentative report to them was returned, marked "unknown." On that same date I caught WDXE 1370, frequency measuring at 2:00-2:30 and WTIC 1160 doing the same at 4:30, also an unknown on 1160 with concert orchestra at 4:40-5:00 with no announcements. WJJD came on at 5:00 and swamped them. 10/24 - WFAK, 1480, ETing at 2:00 and WDBL, 1430, heard with unbelievable volume as they s/on at 6:00. Thus I got 5 Tennessee stations, WDXE WOKE WDBL WFAK & WKIN in 10 days. That state surely is becoming reddie-minded, it seems. WFGM, 1580, is well heard daily at 7:00 a.m. 10/27, acting on another of Lefty's tips I logged YSEB, San Salvador, on 1075 kc/s. after CBA s/off at 11:10 PM, with an Italian Opera program. WACL & WGET sent nice letter veries and KLIIX answered immediately by sending a typed postal saying, "This verifies your hearing our 10/22 test on 1310, but we're surprised anyone heard us at that time (4:00 a.m.) of night, never mind in far away New York City," signed D. K. Cederstrom.

Gene Francis - 23-67 24th Street - Astoria, New York

(note new address). Well, here it is the beginning of November, and I have been up exactly one morning to DX, and logged WOKE - so that I expect to have a very poor season. However, on two recent trips, did hear several new stations that have gotten me off to a shaky, but nevertheless, at least a casual start. Best of these new catches, from a personal standpoint, was WCHA, for which I had been trying since I missed them on a DX program in 1947. That same weekend brought in WBVP WPRO WRYO WLXW WGET WEDO WPGH WIMA & WDAD, although I was within three miles of Indiana before I could get a decnet log on them, the hills effectively blocking their radiations. Had short visit with Joe Pelletier. This past weekend got reports off to WANN WASA WFAK WGMS WJWL WPIK WUST WVCH. Coming up from Va. got Hank Holbrook up so yours truly could chew the fat. Would have liked to have stayed longer but the YL wasn't interested in DX so zipped thru some Al veries & off agn. That is substance of my Oct. DX.

Musings of the MembersJim Critchett - 1210 Essex Street - San Diego 3, California

Time for another of my infrequent reports to the best BCB DX Club going. First, I had to take the SX-43 to the shop for replacement of four tubes. Reception has been very good since then. Also wish to report that the use of the vertical antenna has proven quite satisfactory. Up the past weekend, and the best catches were WBZ for my first New Englander, CMCX during the evening, over WNOE and CFCN on 1060^m kc/s. and on 770 kc/s., WVTR, the A.F.R.S. station in Tokyo, Japan. Then this week-end the lid came off, westward. New Zealanders, Australians, and Japanese stations were coming in all over the upper part of the dial from 5:00 to 6:00 a.m., EST. I even heard the woman announcer on CMOX asking for reports after KTOH signed off, 1490 kc/s. And WRNL was on f/c as listed. Someone asked for a report of comparison of reception here with that in the Bay Area (San Francisco.) I have found that the middle western and north-eastern stations seem to come in better here. (KSCJ CHML WHAM WAKR CFRB). I believe that Raleigh Biss will bear me out in this, as well as Eldon Addy, when he gets his rig set up. Of course the TPs are very good. I have heard all the Hawaiians except KGU, notoriously weak, and KILA, covered by KTRB and KONO. Of course the Pacific northwest is much harder, though I have heard CKDA and KWNW this weekend. Alaska seems to be almost impossible so far (possibly KFAR Sunday), but the season is yet young. Even so, I feel that I am so far from most of the stations that I am not entering any of the contests. I confine my DXing to weekends almost exclusively, because of early rising to go to work, so I will miss many specials, and frequency checks. But I still get much pleasure from twirling the dials whenever possible, even if I can't enter contests. Before I forget it, here are my latest verifications. 990, KTRM, 230 Orleans St., Beaumont, Texas, and 1010, KGEJ, unsigned, addressed "Engineer-in-Charge," Delano, Calif. Still unanswered are KIPA KCNA on 580, and KPUG. Reports this weekend to KMMJ in old home state and WHFD for 6:00 to 6:30 sign-on program. I hope for better reception of TPs so that I may try them for a verie once. Guess this is enough rambling. I hope the season is as good for the eastern members as this one has started to be for me way out southwest. Best wishes to all the gang.

Norm Maguire - 434 North Maple - Albuquerque, N. M.

DX has been good - so busy sending out reports, and not finding time for the bulletin. Also, we finally broke down and aquired a TV set which has been occupying our evenings. DX received of late: 9/29 - KRIZ, 1230, on regular sked to 3:30 s/off; KASH, 1600, 3:37-3:45 test. 9/30 - KREM, 970, on regular sked. 10/1 - WLOX, 1490, on hurricane warning broadcast; KATO, 1340, f/c behind KCNA; KVOU, 1450, f/c 5:00-5:15; KOLE, 1340, f/c 5:15-5:30; WBGE, 1340, 5:30 s/on; KALG, 1230, 5:40-6:00; KPAT, 1230, 5:58 s/on. 10/2 - KFGO, 790, f/c 3:20-3:30; KPAM, 1410, test 3:50-4:15. 10/3 KEKR, 1490, 3:30-3:45 test; KBZY, 1490, 4:00-4:27 f/c. 10/5 - KORN, 1490, 2:30-2:40 test; KNOX, 1400, 3:00-3:17 f/c; KBOV, 1490, 3:30-3:45 f/c; KWIN, 1400, 4:15-4:33 test. 10/8 - KRIR, 1340, 3:45-4:00 f/c; KJAM, 1340, 4:45-5:00 f/c. 10/9 - CJOB, 1340, regular sked. 10/16 - WINT, 1450, 3:40-3:50 test; WLOF, 950, 4:00-4:15; WIKC, 1490, 4:35-4:50 f/c. 10/17- KULE, 730, 3:55-4:11. 10/18 - KRCO, 690, 3:10-3:30 f/c. Veries received from: KDLM WEMN WPEO WATO KPO#J KGEZ KCLS KALG KRIZ KVOU KATO WLOX KBIS KCHJ KMHL WKNK KFGO. KCLS after eight months, WKNK after several prepared cards; and KALG to bring New Mexico up to one missing, KLMX, which is heard nightly but not well enough for a report. (KLMX has a f/c 4th Sunday 2:20-2:35, Norm -Ed.)

Dick Cooper - Box 223 - Kittanning, Pennsylvania

Work schedule forced a curtailment of DX, but I have managed a few reports. Only veries are letters from WOKE and WDOR. I heard equipment test of WCPM, Cumberland, Kentucky, 1490 kc/s., 10/22 with WSRS also on 1490, all-night. Don't tell me they are going to wreck that channel on Monday mornings! WMAK had top signal here on 1300 kc/s. around midnight. I've been trying to log WINA and WHVR in back of WKST on 1280 at sunset. It's quite a task but I think I have enough on WINA. Warm weather hasn't been a help to good DX conditions. Too much noise. May I please correct a previous reference I made in connection with our poet, Carroll Seth? I referred to him as an "ex-DXer" and as Carroll points out, his recent record does not warrant such a classification.

YOU HAVE ALL SEEN THE FINE COLUMNS BEING TURNED OUT BY FRED VAN VOORHEES, DEALING EXCLUSIVELY WITH FOREIGN BCB DX. WHY NOT MAKE IT A REGULAR PRACTICE TO DROP FRED A CARD REGULARLY WITH YOUR FOREIGN DXINGS TO MAKE THAT COLUMN EVEN BETTER?

Musings of the MembersCharlie Conley - 358 Market Street - Lemoyne, Pennsylvania

I don't know why you are always using Fred and me as references on the reports you have veried from logs made from Fred's car radio! (Dick Cooper, Lefty didn't forget what he heard on that trip. You see he is reporting them thar stations and claiming veries! Good Old Iron City!) Come to think of it, I wonder if has veried Ford and Iron Cities by this time? (Lies! Lies! -Ed.) Finally had to put the old Scott Marine in dry dock. I took the tubes to WOMB's transmitter yesterday where my good friend Howard Bair, the CE, took time out from trying to get their new 5 kw. transmitter set up (two new towers are being assembled on the ground for erection next week), to test 'em. One was shot and a couple others registered on the verge, so we figured mebbe we'd better get the set itself checked. Still using the R diola, but all I've had ambition to log and report since last week have been CBF, 690 (there's a toughy!), WKMH, 1310, regular, and WICK, 1450 on a f/c. Veries in this week have been from CBA, 1070, Sackville, N.B. (am I getting the catches!), and incidentally, the verie was a letter instead of the usual CBC card; WKBI, 1400, St. Marys, Pa. on the f/c heard 10/16 (Erick'll eat his heart out when he reads this, hi! -Ed.). No mention made of my report on last winter's DX! WTRW, 1590, Two Rivers, Wis., on their ET on 10/16, sort of an apologetic note from their program director who said the engineering staff was too busy trying to get set up to answer. Don't know when I'll get my rig back as the shop where I took it is filled 'most to the doors, so I'll have to continue fishing with the five tuber. Great business - never know where you are - but then, who does? Which reminds me. I was very glad to get the Old Printer's message in the last issue (10/20) and to learn that the western Penna. crowd is still alive. Having, up to then, seen only one report from the Marble Man, and Wrong Font Cooper (he knows what I mean!), I was afraid that either the convention proved too much for them, or else they were busy helping the authorities check on the fast money boys in that area. Sorry we could not have attended the Grapefruit Juice Junket, whatever that was (?); and I still can't see how working people can find time during the week to DX (???) like that. Hi. Gotta go now.

Ted Weiser - 19 Fairview Avenue - Schuylkill Haven, Pa.

Nothing much in the way of DX here - still working nights. Veries in are: KAKC WATR WBKV WOND WAKE WEKR WKNK WOKE WDXE and WSBB. Thanks to the Verie Signers' list for getting me some of my follow-up reports verified. I picked up WAKE and WOKE the same morning, and both sent nice letters. I hope to cash in on some daytimers for veries. (Glad to see a report from you again, Ted -Ed.)

Sid Rosenbaum - 806 Market Street - Wheeling, W. Va.

DX slow due to working night shift most of the week. Monday AM 10/29 was one of the worst mornings of the season, with heavy QRN and stations in all directions blanketed. Was greeted with nothing but static on all the graveyard channels except 1230 where a Cuban was getting through with a fair signal and in the background the steady call of a cuckoo reminded me that I would be cuckoo if I didn't go to bed. On 10/24 I was able to land two new ones - WRMN (1410) on ET and WPMP (1580) at early twilight. WTOD (1560) has been very strong here 5:45-6:00 PM s/off. KICK on f/c 3:30-3:45 also heard on 10/24 but not needed. 10/29 - WAIN (1270) on ET and f/c T-1 heard from 2:00-3:25 s/off. Veries received were all letters: KSYL WTRW KRFU WOKE. WKID and WOKZ now s/off at 6:30 and WERP has 6:00 s/off. Letter from KERF, Jones Bldg., Inter-American Advertising Co., says, "Can't stand by for KOLS because of commercial contracts." This report winds up a very dull week at this point. Best of DX to all.

Lefty Cooper - 438 East 21 Street - Brooklyn 26, N.Y.

Veries still coming, but a bit on the slow side. Letters in from KKEO WTRW and a "not us" from KASH. DX was terrible this week with no new ones added at all. I did hear a Spanish-speaker on 1460 kc/s. Sunday morning till 3:00 a.m. in and out with KENO, and over him most of the way, but I never caught any identification. It gave indications by its music and signal of being in Mexico. I'm looking forward to the swell DXes coming up, with the accent, of course, on the ones I need, like WATG and KPST. I certainly hope we get better Mondays than Oct. 8 and 29 were for these fine DX specials! I plan to listen to all the programs and report, even if I have them verified. I hope you will all do that, for don't forget how much a report means to these stations who have gone to considerable upset and expense to provide us DXers with a few moments of pleasure. Those reports and thank-yous are much appreciated.

Musings of the MembersBarry Foote - 273 North Avenue - Weston 93, Massachusetts

DX is becoming much better here especially the foreign catches. Thanks to Fred's "Foreign DX Digest" I was able to identify many of these stations over-riding the U.S. stations. I heard YWVF, 1120, on 10/15 easily smothering KMOX. Others heard that week were: CMHD, 890 10/18, CMBQ 1010 10/21, HI3T 1040, with a little trouble with WHO. On 10/22 I was happy to get YSEB 1075 what mostly everyone was hearing. 10/23 - I heard CMKB under WWVA 1170. 10/27 - KGER 1390 at his s/off for a nice long-distance catch; WTAL 1270 on with ET's, off at 3:15. I went by 690 and noticed the "S" meter register on an open carrier, turning out to be KSTL who was asking for DX reports at various times. 10/28 - New ones heard were WERI 1230, WJEJ at their s/ons at 7:30; WWCO 1240 s/on at 7:45, and WENY at 7:59 for new ones here. WOKE 1430 heard with a 20 db. over S-9 signal on "Wake up with WOKE." 10/27 - Got up another antenna this weekend. It is a 100' inverted L running ESE-WNW. It favors the Canadians, North Central and Pacific Coast stations much better than my other 65' inverted L running NNE-SSW. I am very pleased with it. Reports sent out this week were to: WOKE WTAL KSTL & WERI. Verie in from WDXE Lawrenceburg, Tenn., Rupert Horn, CE is v/s. He says that their f/c is every 2nd Tuesday at 2:15 and would like very much for us to tune them in. Verie also from WJWL, Georgetown, Del. Well, I guess that's all from here till next week. 73s and best of DX.

Ralph Johans - 64 East Huron Street - (side) - Buffalo 3, N.Y.

V/letters by WTRW (1590) 1817 Washington St., N.C. Haagenson is Mgr., and PD sends the 'laymen' v/letter with thanks, as CE is too busy. WNGO (1320) (my first full-page longhand by a Mgr.) s/on daily 5:30 AM CST, Sunday 6, f/c is 4th Thursday at 4:15 or earlier and not the long programs. Box 26. WDXE (870) G. Eubanks is Sta. Mgr. and they belong to Dixie Network, WDXI WENK WCMA WDXE. CE says f/c is 2nd Tuesday with Van Nostrand, Atlanta, at 2:15. WBBZ (1230) PO Box 588, Ponca City Pub. Co. Mgr. says "1926 was opening, W was used because first located East of Mississippi, then moved portable transmitter and by first of year will move to new location and have a tower and ground then (none now), no regular f/c and s/off daily at 11 PM CST except Saturday night on till midnight. (Hank, let us know of any possible tests then. I've noted a few: WMCA (570) s/off at 3 AM, CHEL (900) 2/off, 5:25/on; WGY (810) 5:30/on with "Devotions"; on 740, KTRH 6:00 a.m./on with "Come On You# Faithful" (look, Doc Kirk) and WRDW (1480) was giving news & WX at 4:58 a.m. WKIN (1320) 10/25 regular s/on at 5:20 giving program for day and Liberty Network, then hillbilly songs to 6:00. CJRW (1240) again fair. 10/23 - WORD (910) (ax:1400) ET, voice only. KRMG (740) call at 5:38. 10/22 - CJRW on at 5:01, gives news, WX and AST, then western numbers. 10/28 - CJRL (1220) topping CJOC who are on till 3:00 a.m. with Saturday Night Request Party" 1:30-2:03 $\frac{1}{2}$ off to return at 9 CST (last gives news, weather) I was trying to get a no-call TT on 560 and ran into s/off through WMCA (are they on longer Sat. nights?) of WMAM/c at 3:50 on 570 kc/s. 10/29 on 1240 was WEDC and faint KOAT?, then a TT rat 3:55 giving a RD?? call, unable in QRM to catch. 730 no-call TTer (WEMC?) and I wasted $\frac{1}{2}$ & $\frac{1}{2}$ hour on him. Paul Wharton has a nice letterhead (Chicago Lakeside Electronic) but TV gives him a pain (RCA 17") OK Paul on #8 TTC. Dud Clarke (CPC-NNRC) who is supposed to get CKVL veries out (I'm still waiting as far back as 1410 kc/s. days) says, "CJDC special was arranged for western DXers and they'll have more like it." Nuts, 5:00-5:30 EST would also work in East & West - that's 2:00-2:30 PST. Congrats on your bambino, Joe Pell, now you and Dick can send me a WACE verie. Don't go feeding that kid any Kittanning stuff! Did ye note the 4 "Ha-Has that entered the contest? (HaW, HaS, HaH, HaW). The PO has 5 more anniversary stamps planned: Betsy Ross (1/1), 4H Clubs (1/15), B&O RR (2/28); AAA (3/4) and a Marquis de Lafayette later. The Coal Industry also wants to get a commemorative. There you have my punk-in, or do you say pump-kin? Nor for a glass of Margo, it's a little on the coolish side here but then again, think how hot is was a while back.

LETTER FROM KGDE, FERGUS FALLS, MINN. TO BERNIE DUFFY

"The KGDE new machine has already undergone night tests, and as we have special authorization to operate during daylight hours during equipment test period, contemplate no additional night operation.

"We do however, once a month on the morning of the second Thursday of the month sign on for frequency measurements from 12:35-12:50 AM on 1250 kc/s., 2:55-3:10 AM on 1230 kc/s. Thank you for your interest." (Signed) Harold E. Allen, Chief Engineer

Musings of the MembersPat Reilly - 11 Irvine Place - Jamestown, New York

New ones back are WDXE KDIM WTRW KPET WROV. 10/23 - Very noisy at 580. WLEX, 1340, f/c 3:30-3:45. KSCJ, 1360, test at 3:47. WMLT, 1340, f/c at 4:20. WSRS, 1490, sounds like another 24-hour station. WJVB, 1010, 4:22 on a test. WDXE, 1370, by Rupert Horn, CE. They f/c 2nd Thursdays at 2:15 for Van Nostrand's. KDIM, 1360, by S. D. Rasmussen, CE. No night operation at all on checks. 10/24 - Too noisy to DX, 620 and strong winds. WFNC, 1390, test at 3:14. 730 had an unknown TT on and off, 2:57 to after 4:00, no voice heard at all. 10/25 - Very noisy. A W station in Pa. on 990, 2:47 to after 3:20. I heard weak call behind Mexican at 2:47 but no call after that. Speaker said 1400, then corrected himself and said '990 kc/s.' TT thru CKVL but never a call. 1250 had a TT at 3:20 to 3:50 and no call. 1350 had a TT, 3:50 to after 4:00 and no voice used and called it quits for the day. WTRW, 1590, 1817 Washington St., by Meredith W. Greene, P.D. 10/26 - KWBG, 1590, test for 30 minutes and off through WTRW's ET. KSD, 550, test at 3:02. Unknown on 730 at 3:08. TT on 1250 at 3:20, off 3:31 but no voice used. KSL, 1160, at 3:36 till after 4:00. TT on 1320 at 4:05, no voice. KGCK on test, 1480, at 4:14. KNBC had TT on them at 4:17 on 680. KPET, 690, E.R. Cornelius, CE, is v/signer. WROV, 1240, PO Box 1110, v/signer is Frank A. Hall, CE. 10/27 - 730 has had a carrier and tone for past several days but never a call heard. 860 had KTRB and KONO scrapping after 3:00. CKMO 1410, signed off at 4:05 until 6:30 a.m. 520 and a little too much noise today. 10/28 - After TV was through, took a book, sat and read, 5:30 I went to bed & found that I had read 5 pages of the book, took a nice nap, and that was my DXing for the night. 10/29 - WFMC, 730, on ET. Thought this was deleted. CKFH over-riding WJLB on 1400 all AM. 1340 had unknown on with music but too weak and noisy to catch. KCNA, 1340, f/c at 4:00-4:15. WCAF, 910, ET at 4:20 to 4:30 /off. Will be on 1st part of month, they hope, so speaker said. 1350 had the unknown on top of XEBQ after 4 but no voice. After 3:30 it got too noisy to DX. Today I started my 23rd year of verifying stations. Average is about 99 a year, One year I received 11 for the entire year.

Hal Williams - 50 Third Avenue - Seymour, Conn.

It's Sunday PM and raining here. Only 3 veries received this week, all by letter. 10/22, WKBI (1400) St. Marys, Pa. for f/c 10/16. No response or mention made of my report for NRC DX 1/15/51. The only NRC DX reported that did not verify. 10/24 - WKDN (800) Camden, N.J. In his letter CE writes, "I am sorry I did not get a chance to answer your report earlier but I have been very busy," This report only 10 days old and he apologized for the delay, hi! If the other N.J. CEs felt the same way I would have 6 more veries in my collection. New Jersey is not one of my good states. Of 17 stations reported, 11 have finally verified. WVNJ and WPAT took 5 reports each to verify. Most of the others took 2 or 3. WTNJ is deleted so that one is out the window. Guess I'll have to send 3rd or 4th reports to WSNJ WABI & WJLK. WMID and WRAB are also holdouts, but I may go to Atlantic City Nov. 18-19 for the National Grange Convention, and if I do, I'll see if I can pick up my veries from these stations. (Betcha don't pick up WRAB's, Hal - they were deleted last summer! -Ed.) (Not sure if I am going.) 10/26 - WTRW (1590) nice letter from P.D. for ET 10/16. He writes, "Our CE is too busy to answer all correspondence right now from a technical standpoint, but the PD's letter does verify. Tuesday AM was the only chance I had to do any DXing which brought me just one addition, WMLT (1340) Dublin, Ga. TT-f/c 4:00-4:20. KWAK (1240) Stuttgart, Ark., f/c 2:45-3:00 for a second report. Who was on 680 kc/s. with a TT on Tuesday, 10/23 from 2:10-2:26 with no announcements? 10/29 - WFMC (730) Goldsboro, N.C. ETing with band music 2:30-3:00 and later. "DX News" 9/22/51 listed them as being deleted. They must have come to life, hi! They sure boomed in here like a 50 kilowatt local. As one call tell from above reception this was finished on Monday A.M. and just before mailing, verie #765 was received, a letter from WLOF (950) Orlando, Fla. for f/c 10/16 after second report. 73s.

THERE ARE 2301 BCB STATIONS ON AIR THROUGH 10/11

(information from a clipping sent in by Len Kruse, Dubuque, Iowa) - As of 10/11, there were 2,301 BCB stations on the air, 2282 licensed, and 124 Construction Permits outstanding. There were 276 more applications for BCB stations pending, and 113 in hearing. So it looks like there will be plenty of DX for the future.

LET US ALL TAKE TIME OUT NOW TO JOIN THE FOREIGN DX CONTEST BY SENDING A QUARTER TO FRED VAN VOORHEES, BOX #132, LEMOYNE, PENNSYLVANIA. DEADLINE FOR JOINING IS NOV. 15

Musings of the MembersLen Kruse - 816 Euclid Street - Dubuque, Iowa

DX conditions for this time of the year are well below par, and do hope they will improve shortly, so we can add many of the swell catches others are hearing. The latest DX included on 10/26, WTHW (1590) Two Rivers, Wis., on an ET 4:17-5:00 a.m., then at 5:03 a.m. the regular scheduled sign-on of WACL (570) Waycross, Ga., and at 5:30, on that same date, WTOB (1380) Winston-Salem, N. C. was heard with its regular programs. Then Station WTTA (1240) Thomaston, Ga., was added with its 4th Saturday f/c-TT from 2:00-2:15 a.m., beneath WEDC. And a test from WPGW (1440) Portland, Indiana, was logged 2:40-3:00 a.m. on 10/27 for another new station. As for verifications, letters from WAIN and WGET, and a nice picture postal showing its tower, came from KESM for a report of last season.

Paul Wharton - 1231 Norwood Street - Chicago 40, Ill.

Yep - changed my name from Derek to Paul when I found out Derek in Dutch means, "The Hangman," hi! Just phoned Mr. Kotnour at WEDC and they will stand by for CKLB-NNRC DX. This starts the season for me, and I hope I can continue it consistently. TV service and radio very heavy in new shop, so not too much time. Best of 73s and DX.

DON'T FORGET THE CONTESTS!

If you have ever entered one of those radio contests wherein you have to write 25 words or less completing a sentence beginning, "I like Crunchy-Wunchies because ---" you entered it to win a nice large fat cash prize. We have three contests this year, no box tops, and also no huge prizes - the only purpose of them being to create more fun and excitement for the DXers of the best club in the world. Don't feel that to enter you HAVE to be able to WIN - enter for the fun you'll derive from the contests, and from the more fun your entering will create for the others. Addresses:

DX COMPETITIVE CONTEST: ROBERT GORSUCH - 2509 "D" AVENUE - CEDAR RAPIDS, IOWA

NRC DX-SPECIAL CONTEST: CARROLL SETH - 328 WEST 22 STREET - ERBE, PENNSYLVANIA

FOREIGN DX CONTEST : FRED VAN VOORHEES - BOX 132 - LEMOYNE, PENNSYLVANIA

So, code on - let's make these all fun-filled and exciting jousts with the DX conditions throughout the winter. Entry fee for each is 25¢ to be sent to each manager.

CHANGES IN STATION DATA - FCCNEW CALLS

Musings of the MembersPete Jacobson - 5217 South Portland Avenue - Minneapolis, Minn.

I have an apology to make. I have always said "Hi, fellows" & it was not until the 10/6 issue I found we did have a girl member, so to Peggy Ann for not knowing this sooner & for always saying 'hi, fellows.' Latest veries. I have not done much DXing lately as I had to have an operation on my right leg to remove a steel rod which was put in a few years ago to prevent my leg from being 6" shorter due to an accident. I am feeling better now & hope to get back at it in vey near future. Now for veries: KEMW, Breckenridge, Minn., 1450-250-LBS, 7/4/51. Sked: 7-1 AM weekdays, 901 Sundays. Interstate Bg. Co. WFAA Dallas, Tex. this time long-awaited 570 kc/s., 5000-ABC. Rptd. 9/15/51 3:30 AM. 1122 Jackson St., Jane Cockrell, Pub. Dept. Enclosed was a publicity release which was very much appreciated at this QTH. The change in moving the 570 to combine with 820 at a cost of approx. \$200,000. The notice is rather long but if enough of you are interested, I'll send to Ed. to print. KGDE, Fergus Falls, Minn. 1250-1000-MBS-D now but "By next year we hope to be operating on 1000/watts D & 500 N full-time." Report for 9/16/51, 4:10 AM. Fregus Radio Corp. KMMJ Grand Isl. Neb. 750-1000-ABC for rpt of 9/16. Add: Ranch & Farm Radio. Gus Lynch I guess is CE but it did not say so - I sent it to CE. KMMJ & KEMW were sent out when I received them at Marshall, Minn. when I went down there 1st part of Sept. I used an RCA RC-1059-A 13274 portable 5-tube. KLFY, Lafayette, La. 1420-1000-500-MBS, 9/16. Another letter from Johnny Sellock, P.D. & another form letter from Wm. H. Bland, Jr., CE. KLFY in my opinion has been 1 of most cooperative stations I've ever checked in all the yrs I have been monitoring. PO Box 367. WGRC Louisville, Ky. 790-5000-1000-MBS, very fine letter & thanks a lot. Add: Ky. Home Life Bldg., rpt of 2/2/51. This on a follow-up. Also follow-ups, WMIX, Mt. Vernon, Ill. 940-1000-MMN, very nice letter gave out a lot of info on WMIX which is rather long to report on. Reports of 4/21/51 & 9/15/51, regular f/c with Kansas City is 3rd Sat., 1:50-2:05. At same time they check their EM. Mt. Vernon Radio & Television Co., #2 Radio Center Bldg. I am quite sure Mr. Neill R. Westerdale, CE will watch more carefully & will be happy to verify reports from us. Finally much-needed KMOD, Modesto, Cal., 1360-1000-ABC for 11/29/50 after follow-up, Peter K. Onnigan, CE. It was very much appreciated, Mr. Onnigan, KTAR Phoenix, Ariz. 620-5000-NBC, 9/22. These are all letters. KTAR verie by Jenny Scott, Sec'y. Now I have all 4 big network stations in Phoenix verified. The con-tests sound great, but I am afraid I'll not have enough time this year to pay to enter. I hope by next year that I will have more free time.

ATTENTION, INFORMATION ON K C R T AT TRINIDAD, COLORADO, FROM BERT COYLE, CO-OWNER. (also from Pete, as above) "If you are by any chance interested in buying a good little money-making radio station, or know someone who would like to purchase a 250-w. station, then look into this station. My partner and I will sell for \$20,000 cash. The station is earning around \$1,800 net profit per month and will average around \$20,000 net profit per year. It will pay for itself in a short time and provide a lifetime income and secure investment for the right parties. Know any interested parties? If so, write, call, or wire collect." ... "The signal you received was our f/c with Commercial Radio Monitoring Co. in Kansas City, mo. who measures our frequency on the last Saturday of each month from 12:00 to 12:15 AM MST. Our frequency as measured on that particular evening (or maybe I should say morning) was only 2½ cycles higher than our assigned frequency of 1240 kc/s., which is darned good. We are usually right on the nose, but have never been measured more than 5 cycles plus or minus of our assigned frequency. If you are ever out here in the Rockies vacationing or killing time, you are invited to pay us a visit. We have a nice little studio and control room building combined with the antenna just 100' from our main building. Our antenna is approximately 5,690' above sea level and we are located on the highway ¾ of a mile south of Trinidad."

Here, in my opinion, is a good investment for anyone looking for a good radio station. I hope by giving this to the NRC in my report, I'll help Mr. Coyle to find the right party or parties to buy the station. I know he will appreciate it and I will, too. My very best of DX to each and every one of you.

LET'S NOT FORGET RAY EDGE'S EXCELLENT "DX DOWN THE DIAL" COLUMN. MANY OF YOU HAVE SOME REALLY IMPORTANT AND CURRENT TIPS, AND IF FOUND IN THAT COLUMN, THEY WILL BE READILY SEEN BY THE MEMBERS, WHO ARE ACCUSTOMED TO LOOKING THERE FOR THE VERY LATEST DX DOPE. SO DON'T HOARD YOUR DX SCOOPS- SEND THEM ON A PENNY POST-CARD TO RAY B. EDGE - 325 SHIRLEY AVENUE - BUFFALO 15, NEW YORK AND IMPROVE HIS COLUMN STILL MORE.

Article 1 Name and Purpose

The name of this organization shall be the National Radio Club and shall be hereafter referred to as the NRC. The purpose of this organization shall be to promote the hobby of DXing and more specifically to promote DXing on the Broadcast Band 540-1600K.

Article 2 Location of Club Headquarters

The NRC Headquarters shall be at 325 Shirley Avenue, Buffalo 15, New York.

Article 3 Eligibility for Membership

Anyone interested in the hobby of DX, and not previously dismissed from the NRC as provided in Article 13, shall be eligible for membership.

Article 4 Club Publication "DX NEWS"

The NRC's Official Publication shall be known as "DX NEWS." It shall be issued 34 times each year, but in cases of emergency and with permission of the Board of Directors, the Editor may change the number of issues. "DX NEWS" normally will be published weekly, beginning with the first Saturday in October and up to and including the last Saturday in March, twice in April and September, once in May-June-July-Aug.

Article 5 Dues

Dues for membership in the NRC is \$3.00 per year and should be sent to the Executive Secretary. All Officers and Members shall be required to pay dues, there being no honorary memberships. A member who has paid his dues is a Member in Good Standing and is entitled to receive the publication of the NRC known as "DX NEWS" and all other benefits of the club. If a Member fails to pay his dues when they become due, he is no longer a Member in Good Standing and is no longer entitled to receive "DX NEWS" or other benefits.

Article 6 Board of Directors

The governing board of the NRC shall be known as the Board of Directors, and consist of eleven members. Ten (10) members to be elected each year by the membership at large, the Executive Secretary being the eleventh. To be eligible for election to the Board of Directors a member must be in his or her Second Consecutive year as a member in Good Standing and must reside either in Continental United States or Canada. Any member not wishing to run for election may request his name be omitted from the ballot by notifying the Executive Secretary who issues the voting instructions and ballot. The election of the 10 elected Board Members shall take place in April of each year. The ten receiving the largest number of votes will constitute the elected part of the Board. In case a vacancy occurs on the board, the person receiving the next highest vote in the previous election shall be named to this vacancy. The term of office for Board Members shall be for ONE year beginning with the day before Labor Day and terminating the day before Labor Day of the following year.

Article 7 Duties of the Board of Directors

It shall be the duty of the Board of Directors to administer the affairs of the NRC and to promote the interests of the NRC to the best of its ability. Any action taken by the Board must be by at least a majority of that Board. Likewise any action taken in the name of the NRC must be approved by the Board.

Any NRC member may submit items, proposed article changes or additions to the By-Laws for action by the Board. This can only be done through the Board Chairman and must be signed in ink by the member submitting the item. It will be mandatory to disregard any unsigned item.

Items shall be restricted to those only vitally necessary and all others will be passed by, with a letter explaining the facts from the Board Chairman to the member submitting said item. In cases where the member submitting the item is not satisfied with the Board Chairman's explanation, he can insist that the item be brought before the Board for a vote.

The Board Chairman only, has the authority to submit questions to the Board Members for a vote, except when he is unable to do so. It then becomes the duty of the Vice-Chairman to submit these items. Such communications from the Board Chairman to the Board Members shall be marked with the heading "Official Business". Such communications or others marked "Official Business" must be held strictly confidential.

Board Members shall reply to such communications requiring a vote within ten days. If no reply is received within the required time limit, it shall be assumed that the Board Member does not care to vote on the matter. If he ignores such communications for 2 consecutive times, action shall be taken as provided for in Article 13.

Article 8 Club Officers

The following Officers shall be named by the Board of Directors to serve for ONE (1) Year terms: President; Vice-President; Chairman of the Board; Vice-Chairman; who must be Board Members, other than Vice-President. The Board shall also name the Executive Secretary, Editor, and Courtesy Programs Committee Chairman ONLY when a vacancy occurs. They also name all Committees.

The naming of the above officers shall take place as soon as possible by a newly elected Board of Directors.

Article 9 Duties of the Officers.

President.

The President shall represent the NRC in all matters in an Official capacity so long as any action that he may take is in agreement with the Board of Directors. He shall vote on Board matters ONLY when there is a tie vote among the other Board Members.

Vice-President.

The Vice-President has no active duties. He cannot become President if a vacancy occurs, by succession.

Board Chairman.

The Board Chairman is responsible for the proper execution of all NRC affairs. He had the power to appoint any committees or to call upon any member to assist him in so doing. Any action however must be approved by the Board. He will send to the other Board Members a release, once a month if necessary. In cases of emergency a release will be sent at once. He will see to it that all business conducted by the Board, requiring a vote will be published in "DX NEWS" at intervals. Each item along with each Board Member's vote will be published and sent to all NRC Members. He shall not submit any item that would require the spending of Club funds without FIRST getting an opinion from the Executive Secretary and then the Board will be guided by that opinion.

He shall, once every 3 months, send a condensed financial Statement to the other Board Members and President.

Vice-Chairman.

The Vice-Chairman shall have no authority other than that of a regular Board Member UNLESS the Board Chairman becomes unable to carry out his duties, or resigns. He shall then assume the authority of the Board Chairman and continue until the Chairman is again able to resume his duties or in case of resignation, he will assume ~~of~~ the Office of Board Chairman until the next election and a new Board Chairman has been named.

Executive Secretary

The Executive Secretary shall perform the duties of Publisher - Secretary - Club Treasurer and shall not be eligible to hold any other Club Office. He shall have a vote in all Club matters, same as Board Members. All Club dues shall be sent to him. He shall be responsible for the following: Issue membership cards; Keep an up-to-date membership list; Keep a complete record of all money paid to the Club along with all money spent by the club. The buying of all club supplies for the publishing of "DX NEWS"; The mimeographing and mailing to the members, copies of "DX NEWS"; Once every three months send a complete financial statement to the Board Chairman, for the records and permanent equipment owned by the NRC.

Editor

The Editor shall be responsible for the cutting of the stencils comprising the bulletin other than "DX DOWN THE DIAL" and "BOARD NEWS TO MEMBERS." He must see that the stencils are sent to the Executive Secretary. He shall not be eligible to the Office of Board Chairman. He has the right to appoint, with the approval of the Board, any assistant Editor or Editors he needs to assist him in his work. He may use his own discretion in selecting material for publication; that is, he shall have the right to exclude from publication any member's report or portion thereof which he believes would not be in the best interests of the NRC.

Any problems arising from the exclusion of such material from publication must be dealt with through the Board.

Article 10 Committees. Courtesy Programs Committee.

The CPC Chairman shall be responsible for arranging special DX Programs for the NRC and shall work hand in hand with the Board and Editor for the best interests of the NRC. The CPC Chairman, because of the amount of work involved, shall not be eligible to be Board Chairman. The CPC Chairman shall appoint as many members to his committee as he deems necessary to carry out the work of the CPC. The CPC shall also include the work of a Publicity Committee and in as many ways as necessary and possible, to promote the hobby of DX. The CPC shall be responsible for the preparing of material to be read on DX Programs dedicated to the NRC along with write-ups, etc. in any hobby magazines, etc. The CPC Chairman shall if necessary, appoint members for this work.

Article 11 Annual Convention

The annual NRC Convention shall be held on the Saturday and Sunday before Labor Day, and Labor Day, at Club Headquarters, unless decided otherwise by the Board.

Article 12 Complaints, Accusations, and Correspondence.

When the Board Chairman receives an accusation or complaint from a member or officer regarding a violation of any Article of the NRC by another member or officer, he will immediately inform the accused and ask for a reply. Upon receipt of that reply the Board Chairman will send both the complaint and reply to the Board for action. In such cases the complainant and the accused will refrain from corresponding with each other until action has been taken by the Board and a verdict has been given. Both the complainant and accused will abide by the Board's verdict.

All correspondence from one officer or member to another officer or member which does not bear the heading "OFFICIAL BUSINESS" shall be considered personal correspondence, regardless of whether it has been written or typed on Club Stationery or not. The Board shall have no power to settle any dispute arising from such correspondence unless it contains something that is in violation to any Club Article.

Article 13 Reprimands and Dismissal from Membership

Any Officer or Member of the NRC found guilty of conduct detrimental to the best interests of the NRC by the majority of the Board, shall if the Board finds it to be a minor offense, be reprimanded by the Board Chairman. If the offense is judged to be a ~~major~~ major one, he shall be dismissed from the NRC. Any officer of the Club soliciting members to join another DX Club by asking them to drop their NRC membership and/or making derogatory remarks about the NRC shall be dismissed from his Office and from the NRC if found guilty of said offense by a vote of the Board. He shall likewise be ineligible for re-admission to the NRC. In case an Officer is accused of mis-conduct, he shall not be allowed to vote on the matter.

Article 14 DX Calendar

It shall be the duty of the Editor to list all DX Programs, Tests, etc. that have been arranged by the NRC and other legitimate DX Clubs. In listing these DX programs the Editor will give credit to the NRC or other Club responsible in arranging said DX. Where a DX has been arranged in the name of one or two persons, the Editor will list it as just a DX or leave that part blank.

Article 15 Contests

All NRC Contests and rules thereof must be approved by the Board. The NRC will not honor any verification entered by any member in any contest unless the station verified was heard on a receiver within 25 miles of the member's official residence. However if a member is attending college or spends week-ends and vacations at home, he may enter verifications received from reports sent from either location providing the distance between the two points is not over 100 miles. If the distance is greater than 100 miles, he may choose either those received from reports sent at college or those from his home, but not both. The rule likewise applies to any member sent to another city by his employer; that is, if the distance is not over 100 miles he may enter verifications from both locations. Otherwise he must make a choice between

between the two locations. However in cases where a member legitimately changes his official residence from one location to another, he can count verifications from both location. However only two locations can be used, if he moves more than once, he can count only veries from the FIRST TWO official residences.

Article 16 Return Postage

Every member using NRC Stationery or Report Forms or mentioning that he is an NRC member, shall be required to enclose return postage when sending a reception report to any station and asking for a verification, unless said station specifically states that return postage is not required. Any violation of this article shall be dealt with under Article 13.

Article 17 Amendments and Additions.

The By*Laws may be amended or additions made thereto by a Two-Thirds (2/3) majority of the Board of Directors.

Article 18 Pledge

All Officers and Members pledge themselves to uphold the above Articles to the best of their ability. Each Officer and Member will receive a complete set of these By-Laws. Please keep them for future reference.

The Club Officers will receive a card which they will sign, acknowledging thereby that they have received, fully understand, and agree to abide by, the By-Laws of the NRC. The cards will be kept on file by the Board Chairman.

FOREIGN DX DIGEST

Edited by Fred VanVoorhees, Box 132, Lemoyne, Penna. Deadline Wed AM.

No news this week on European reception. Steve Mann reports that he has heard no more since the one night previously reported. And we have nothing from the other side of the world to report either in the line of reception. Steve sends along the list of Japanese commercial stations which follows:

JOKR	Tokyo	1130 Kcs.	50 Kw.	JOFR	Fukuoka	1290 Kcs	5 Kw.
JOQR	Tokyo	1310 Kcs.	10 Kw.	JOIR	Sendai	1250 Kcs	3 Kw.
JO NR	Osaka	1010 Kcs.	10 Kw.	JOHR	Sapporo	1230 Kcs	3 Kw.
JOOR	Osaka	1210 Kcs.	10 Kw.	JOCR	Kobe	1490 Kcs	1 Kw.
JOAR	Nagoya	1090 Kcs.	10 Kw.	JOER	Hiroshima	1260 Kcs	1 Kw.

There are also six others of low power. Only JOOR and JOAR are now on the air. The others will be on around the first of the year.

In SOUTH AMERICA, HJKM is reported this week by Bernie Duffy on 10/8, 738 Kcs. 7:30-7:40 PM. And our other station in South America heard was YVMF (1120) in Maracaibo, Venezuela, reported by Barry Foote and Steve Mann, Slogan, "Ondas del Lago", heard well on 10/15. While in South America, let's turn to ARGENTINA, where Bernie suggests the following as stations to watch for on the morning of November 12th: LRS (590), LRA (670), LV5 (680), LRA (710), LS4 (750), LTI (780), LW1 (790), LR4 (830), LV3 (910), LS10 (1030), LRI (1070), LR2 (1110), LV3 (1150), LS11 (1270), and LR5 (1350).

Then turning our attention to Central America, Lefty Cooper suggest that Hal Wagner's station on 735 Kcs. is TIHA, San Jose, Costa Rica. Verified by letter last season. Also in Central America, YSEB, San Salvador, El Salvador, continues to be reported, this week by Bernie Duffy and Barry Foote. Bernie suggests listening after eleven when CBA signs off.

In the islands, Hank Holbrook has definitely logged enough on ACE to send a report. Heard him 10/25 5-5:20 with Hill-billy music. Was on top of XESM at times. He is at Fort Buchanan, Puerto Rico. Steve also tells us that AHD's frequency should be 780, not 790. Barry Foote sends a nice report listing HI3T (1040) as good from Ciudad Trujillo, R. D. Barry also thinks that 4VK, Leogane, Haiti, must be on, as he has been hearing a station over-riding WNEW on 1130 Kcs. Anybody else check him? And so to CUBA where we have a lot on CMCX (1060) from Hank Holbrook and George Holland. Many commercials between 9:20 and 9:40 PM Mondays. Frequency, call, and "la hora exacta" are given quite often. The address is Estudios Lamparilla, 418; Havana, Cuba. Signer is Delfin Rosado, who is a beginner at English but wrote in English. Barry had CMKB (1170) behind WWVA. He also had CMCA (1150) and CMCO (1230). He had what he thinks was CMCD (740). Barry also heard the tune "Brittannia" played on 1240 Kcs. at 5:01 AM and wonders if it was ZBM. Has anyone checked ZBM recently as to their sign-on?

In the mystery department, Barry had unidentified signals as follows: 1190 (2 signals, one probably XERP), 760, 1000, 790, 920, 1090, 1290 (He suggests XEDA, altho NNRC says it is XEAP, and 1590. Lefty Cooper is still having trouble with the one on 1460. Bernie Duffy asks who was on 1350 10/15, with Latin American music at 3 AM? Who on 990 at 3 AM on 10/21 with garbled Spanish? Who on 1160 with classical records from 4:40-5 AM on 10/23?

That seems to cover the reception reports for this week. They were very good as usual, and thanks to all of you. Best catch of the week is Barry Foote's 4VK and best verie reported CMCX by Holland and Holbrook. Reporters this week: Barry Foote, Weston 93, Mass., George Holland, Jr., 112 S. Quarry St., Ithaca, N. Y.; Hank Holbrook, Chevy Chase, Md.; Steve Mann, Westbury, N. Y.; Lefty Cooper, Brooklyn, N. Y.; Bernie Duffy, Staten Island, New York. Also want to acknowledge a contest entry from Frank Wheeler of Erie, Penna. To Barry Foote, the NRC printed a Spanish verie request a few years back. If wanted, we might get it out again.

- 600 KFSD San Diego, Cal is on daily till 0305 (Len Kruse-Dubuque Iowa)
WPDO Jacksonville, Fla now to 0400-41. for most distant rpt(Johanns)

Well again thats it boys, everything arriving here inc Thursdays mail.
RAY EDGE-Buffalo N Y Was up this AM 11/1 and caught KOLS who were hard
thru XERF but did get several good items. Also WANT on TEST who came in
OK here; AM of 11/1 seemed to be a good DX treat, west coasters coming
in well, but did not need any of them. CBW also rpted who was heard till
0115 S/off with an S-9 plus signal; Two letter veries again on Mon and
were from WMSC for early AM S/on and KCIM 1380 kc, verie says F/C still
3rd FRI 0120-0135 AM v/s Eugene H Reiff, Supervisor of Engineering. Oh
yes letter verie from WACL. Thanks to you lads for the tips. Total 179
