NRC GOES WEST

"Received my 1500th veris recently. NRC has been responsible for hundreds of them for me! The tips are quite helpful for us westerners so far from the center of population. More power to the club!" - Gene Allen, Vallejo, California

K G D E

Mr. Harold E. Allen, Chief Engineer. Mr. Allen tells us that his station will be on the air for us with 1,000 watts and non-directional, an what should be a clear channel, thus making it almost a lead-pipe cinch for all of us to hear. So let us all tune for this Sunday morning DX show. Mr. Allen gives the exact transmitter location as North Latitude 46° 18' 19", West Longitude 96°, 06' 17". This station has been on the air for well over 20 years, but has just recently moved to 1250 with 1,000 watts, and Mr. Allen hopes to have lots of reports, and will verify all. SID ROSENBAUM.

N.R.C. DX CONTESTS

DX-Test Programs Contest - Manager, CARROLL SETH - 228 West 22 St., Erie, Penna.
Consecutive Letter Contest - Manager, ROBERT W. GORSUCH - 2509 "D" Ave. NE, Cedar Rapids, Ia.
Foreign DX Contest - Manager, Fred Van Voorhees, Box 132, Lemoyne, Penna.

Every one of these contest provides the entrants with much fun and sport, and excitement, too. For the small cost of one silver quarter each, you may enter. For the first two, that quarter must be in the hands of the Contest Manager by November 1, 1952, and for the Foreign Contest, by November 15, 1952. These contests become more fun for all, the more who enter. Enter for the fun of it, even if you don't expect to win! See how well you can do against the many new members who are setting real blazing records with their DX accomplishments issue after issue. We ask you to DO IT NOW lest you forget and let the deadline date sneak by.

NOTHING NEW REPORTED AS HEARD THIS WEEK.M u s i n g s o f t h e M e m b e r sCharlie Conley - 358 Market Street - Lemoyne, Penna.

When the weekly issues of "DX News" slowed down for the summer season, I missed the various items of information, gripes 'n so forth that become a weekly reading habit, and violently wished "next" fall would soon arrive to again bring them in each week. How time flitters! Here 'tis "next" fall and we'll be having the DX Dope (don't mean you, Lefty - have Sullivan in mind), to peruse. And, now that weekly reports are in order, I have nawthin' to report! Believe the local QRN I've mentioned has been cleared up, but the past couple of nights WWV has been reporting 3-W(...-- --) and it has held good on the BCB, for static has been very noticable. So, the only thing of importance I can mention is this - I received a fine lot of stationery and wherewithals to send a line to prospective members, from our ever-younger-looking-with-a-big-smile (this from Buffalo Bull), Executive Secretary, Hal Wagner. So, youse gyurls & guys, send in any prospects you may turn up, to the above address and I'll see they get a line that, if possible, will beat the guff-dished up in the Editor's BB. See that Sid and his crew are once more beginning a Stand-Out Job as of the 10/4 "DX News," they have 8 stations listed for NRC Specials, none of which is in my log. Looks like TWENTY FOR PLENTY! (That's our year, I mean!) (Thanks for this last great idea for a heading on Page 1, Charlie! -Ed.)

Dick Cooper - PO Box #223 - Kittanning, Pa.

Since my last report I have had the pleasure of a most enjoyable visit with editor Lefty Cooper & attended the second game of the World Series with him. Despite the fact that the Dodgers lost that game, it was a real thrill for me. Not only was it my first World Series game, but it was my first plane trip. Capital Airlines makes it from Pittsburgh to LaGuardia in 1:46! For Charlie Conley's benefit I didn't see any flying saucers either, Charlie, but the hostess was certainly a real dish! During our session in Brooklyn I talked with Bernie Duffy & Steve Mann via phone. Lefty also tuned in WNAB for me as is his usual custom when I visit there. He remembers WNAB was once the only eastern station I needed. I think he is heckling me. We discussed the absence of Carroll Seth's annual post-convention verses & wonder why they haven't been forthcoming. Can it be the bard isn't as prolific as he once was? Since this is a DX report I had better list my latest doings. V/letts from WGVA KWCR WHWL WOSC WHVR WSRS & dup from WJEF. Elkin, NC is top on 5540 at 6:30 AM & 6 PM s/off. I am confused as to correct calls, Is it WIFM? (Es-Ed) Have promised Sid to help out a bit with CPC work & am all set to get in quite a bit of listening.

Musings of the MembersHal Williams - 50 Third Avenue - Seymour, Connecticut

Only one addition to my reported log but a good one - CHNS (960) Halifax, N.S. freak redemption 9/29 from 6:25-6:40 a.m. with WELI, whose transmitter is only 13 miles away, on the air at the same time, easily read for 15 minutes - then complete fade-out. Heard also 9/30 only about 5 minutes, not so clear. 2 veries received - WSWN (900) QSL card after a follow-up and letter from WLAP (630). Since Convention time I've had very little time to DX - extra work schedule and besides we are decorating 3 rooms. Hope to get at some DX shortly, so for this time, good DXing to all & 73.

Bill Hoyer - 217 Connellville Street - Uniontown, Penna.

Here is this week's DX: 9/28, WAAA-980 and WWST-960 at 7:30 a.m. s/ons for two new ones. 9/29, WDOE-1310 RS at 5:50 a.m., WOKZ-1670 7:13 to 7:15 p.m., and WFRC-1600 6:59-7:10 were heard. 10/1, KXOL-1360 on "Dixie Till Dawn" program. 10/2, KFEL-950 RS very much under WWJ. WETB-790, WGRC-790 f/cs heard, too. WOR-710 sent a QSL card for 9/22 reception. 10/3, KXLY-920 sent a QSL for 9/23 reception. No signer as with WOR. Sked is 6:00 a.m. to midnight, PST. 10/4, CRE sent a very nice CBC QSL for 9/27 RS reception. Sked is 6:45 to 12:33 a.m., EST. I am not entering any of the NRC DX Contests as I am already entered in a contest - hi, John, Frank, and Ron. I'm ahead by 4 points. There'll be no living with our Ed. since the Dodgers won the Series (prediction) so I'd better end this report. 73s and happy dial twisting. (There's just no living - period -Ed.)

David Dary - 121 North 8th Street - Manhattan, Kansas

It's been some time since I've sent a report to "DX News" but during the summer I didn't have any time to write. Have had rather a full summer. It started out after I graduated from high school. I started in at Kansas State College here in Manhattan under, you guessed it, radio speech. During the summer school which I attended only in the morning and night I operated station KSDB-FM 88.1 mc/s. on the campus. Had a lot of fun there. It's a very very powerful station, 10 watts, hi. During the afternoons I worked at a local theatre as door man. That went on till the last week of July when I took a 2½ week vacation. Of course, school was out. I went to California, Didn't have too much time on trip to stop anywhere but did manage to do a little DXing on my Zenith Trans-Oceanic. Got a number of 250 watters. A couple that I recall offhand that have verified are KJAM KBIS & KELK. While in Hollywood, got to see CBS and NBC Bob Hawk Show and Tide Show. In the field of TV saw a western, The Coleman Corale or something like that. Got a chance to go through 20th Century Fox Movie Studios and took it. A friend of mine is the head of some department there and managed to get my and my folks a pass. Saw a few movie stars and a couple of shows in production. Really great. From L.A. up to Bakersfield, Cal. got a little shaken up there as I was there when quake hit. Didn't lose anything, luckily. From there, back home. Started in school about 3 weeks ago. Still in radio. Have a 10 to 12 show every Monday and Friday nights. Then I come home and DX, hi. I may be doing some TV DXing this winter as we just got a new FM-AM-Phono-TV Magnavox set. Really great. Only TV station which we can get is WDAF-TV, Channel 4 in Kansas City. Comes in fair almost any night. About 130 miles from them. Antenna 10 el. Well, that just about does it. Are thinking of trying to get some stations around Manhattan, KSAC KJCK, to DX this winter but haven't had time to check with any of them yet. Well, that just about does it. Best DX, 73s.

Ernest R. Cooper - 438 East 21 Street - Brooklyn 26, N.Y.

Verie in from KGMC after 9½ months, nice letter, and a "verie that isn't a verie" from the engineer on duty on the KNOG f/c on Sept. 15. He says he was the engineer on the f/c I picked out of the air waves, but can't verify - the manager has to do that, he says, and he's busy right now. It's still a verie, though! I DXed some 10/2 with a day off for the World Series (oy) and reception was very good, and I added 4 - 3 on 1340 - KJHN f/c 2:15-2:30, KOWB f/c 3:15-3:30 and later, and WOOK testing at the same time, all 1340, and WSEB f/c 3:30-4:00 on 1230. All TT. Saturday night at midnight reception was fine, but then died out and is still out, with all evidence of a solar magnetic storm. Split frequency Latins are coming in evenings, and noted TICS (855) quite good. Also fooled ½ hour with one on 837, and found it to be our old friend CMBZ which had slipped for about 3 days. They're back where they belong now, on 830. I certainly enjoyed having Dick Cooper as my guest-host for that World Series game, and a visit at home. Dick's son is now an announcer (part-time) at the "Voice of the National Radio Club" WACB. Hope we hear him on a WACB DX!

Musings of the MembersRoy H. Millar - 857 South 128 Street - Seattle 88, Washington

Past few days have been plagued by tube, antenna and interference problems! Anyway, here's the news from here, such as it is: 9/23 - hour DXing 6:30-8:00 a.m. netted me 8 new ones, best being WINK and KWCQ, the latter 250 watts, s/on at 7, on 1560 kc/s. 9/24 - Lowest noise level of the season - KRIB 1490 on f/c at 3:40; WGCB-1440 logged s/on at 4:00 a.m., (Red Lion, Pa., near York). KWWL and WCBS also added to log. 9/26 - KFOR-1300 logged through QRM at 2:10 s/off thanks to "DX Down the Dial" and local DST; KFFA-1360 heard on RS for Arkansas #1; WGRG-790 at 6:15 (wonder where KTHH is?). 9/28 - KWEW, 1450, logged at 5 a.m., at end of special Saturday night only swingshift. KCUL heard at 11:15 PM on 1540 kc/s., RS. Where was KXEL? 9/29 - KELK-1240 at 3:45 a.m., f/c., KGLN-1340 at 4 on f/c; KSEE-1340 at 4:50 on ET; KORK 1340 at 3:40 on f/c (?) 10/1 - LA heard very briefly at 12:05 a.m. on approximately 880 kc/s. (not 883); any ideas who? KBKR KELS & KYOR logged on f/c. KELS makes Washington State #46, 8 to go for 100%! KYOR was #68 for California. 73s for now.

J. Warren Routzahn - 231 South West Street - York, Penna.

Didn't get started DXing yet and the thunderstorm today made it look out of season yet. However I want to express my appreciation also for the fine time we had at the Convention and the great hospitality of the Erauners and Edges. It certainly was worth while and a fine bunch of guys. I just wonder which show Jim Hill saw in Buffalo Sunday night? Also if Bill Moser reads this, the tower he saw on Market Street in passing through York and wondered about it being a TV station - was only the tower for our TV antennas on top of our shop. It is quite a tower and was used to plug our towers we built, but don't anymore. Our machine shop went Defense. Our customers think the servicemen should, too! York is getting TV however with WSEA and WNOW both on UHF both hoping to be on before the end of the year. Conley wondered about Labor Day weather. We had light rain through New York, clearing some at Wellsboro and Grand Canyon, practically a cloudless sky at Harrisburg before sundown. The airlines were being conservative or Charlie just liked Buffalo. Some of the better veries received here over the summer were ACE YWMP YSC KRUX KSWI KWKC CKNW KGLN CKLS KJBC KCJB. All from winter reports, however. PRES sent a verie but it is a short wave and even has the short wave frequency written in it so I can't count it. Veries total 1945 here now, so I'll at least have to DX enough this season to cross that 2000 mark. That's about all from here. Just glad I didn't buy one of those French cars in Canada. I know a fellow who did and even the tires went down on him. Keep rooting, Lefty - the Dodgers have a chance. Maybe Raschi is just good.

Alan Arnold - 644 West 4 Street - Ontario, California

Hope to settle down this season and do some serious DXing. Have picked up a few stations these past couple of weeks: 9/14 - KVOZ, 1490, 3:00 on testing; KREO, 1400, 3:15 a.m. on testing. 9/15 - KEXO, 1550; KONG 1400, KYMA 1400, KCSU 1400, all on RS; KWYO, 1410, 2:00-2:15 (T), KWSO, 1050 3:00-3:15 f/c (T), KRTN 1490 3:30-3:45 f/c (T), KXO, 1230 3:30 on f/c (M), KICO, 1490, 3:15 on, testing (M), KAWT, 1450, and KOBE, 1450, regular f/c. 9/17 - KREC, 1470, regular f/c; KVNU 610, KWIE 610, KGEN 1140, KYUM, 560, all on RS; KROG, 1450, testing to 3:30 (T & M). 9/23 - KRSN, 1490, 2:15 on f/c (T), KXOL, 1360, new all-nighter. 9/29 - WWL, 870, 24 hours including Monday AM, KRPL, 1400, f/c 4:00-4:15 (T), KTMH 1400 4:00-4:15 (T) and KGLN, 1340, regular f/c.

John J. Sculler - 31 Park Road - Avenel, New Jersey

Only 5 new catches and 2 veries since my last report. Veries: WLOF, form letter and a card from WDPD in a very attractive envelope. New catches: 10/1, WAAB (1440) s/on 6:00, WORL (950) RS 6:15. Best catch of new season was: WFOY (1240) S-9 signal atop the mess at 8:30 p.m.! Copied till 9:00. 10/4, 41° and clear, WDOS (1400) s/on with local-like signal at 6:00. 10/5, WBMN (920) RS 8:00-8:30 PM very good. Say Lefty, in an issue a while back you said that you got a WALK verie to keep New York complete. Do you have a WGBB verie? Or don't you count them? I sent for a Weyrich log and I just got my letterheads and report forms. I am just getting up to date on my back reports. I'm not entering any of the NRC contests because I'm in a separate one between Bill Moser, Frank Wheeler, John Pohl and myself. Lots of reports off so veries should start to roll in soon. It's too bad that some of the silent fellows never send reports. I've been a member since last January and when we got the member list in the spring to vote, there were many members on the list who have never reported as long as I've been a member. Sure would be nice if they'd report just once. All for now 73 & DX. (WGBB v/card from 1933 and I AGREE WITH YOU!)

Musings of the MembersDon Kaskey - 908 South 25 Street - Omaha, Nebr.

Here's latest report from Omaha. Latest heard here were WPAX-1240 in Thomasville, Georgia on f/c from 4:30-4:45 on 10/2 along with WHOT-1490 in South Bend, Indiana on ET at 5:08 on same date. WPAX came through WRDC good enough for a report. Veries in this week were from WCOJ KLVC WSTV WKBN WAIM and KBRO. All letters except fine QSL from WKBN. KLVC and WAIM were on follow-ups and KBRO was an old report verified after 23 months without use of follow-up. Glad to get this one as I'd never get it now with 1490 the jam it is. As usual, while typing this report I picked up a new one. Thought I was on 1340 while listening to TT but was on 1350 and picked up KRHD on ET at 3:27 on 10/6. They are in Duncan, Oklahoma. Log now reads 1704 heard and 1358 verified. Percentage of reports answered over last couple of years stands now at 83.9% so it is gradually going up.

Sid Rosenbaum - 806 Market Street - Wheeling, W. Va.

Am expecting to get back at the dials more regularly since the passing of D.S.T. QRN has been rather heavy the past few morning, probably caused by rapid changes in temperatures. Only two reports out this week - both heard on RS daytime. Oct. 3, WJHP (1450) (??) for another try for a verie and WPFB (910) RS, another that has failed to verify in the past. No veries in for current reports and expect to send out a few follow-ups for old reports with the aid of the NRC Verie-Signers column. Some nice Courtesy Programs coming up, so swamp 'em with reports and keep the N.R.C. the most talked-about DX club in the field. Best of DX to all the gang.

Len Kruse - 816 Euclid Street - Dubuque, Iowa

Radio reception very poor at this location the past week, as has television likewise. Only one new catch, namely WKEL (1450) Kewanee, Ill. on test 10/4 from 1:35-1:54 AM. This is the station we heard on initial ETs in Buffalo during the annual Convention. Latest veries were letters from WTVH and WSAI. October 1st is now past so the opening of the big NRC Contests. Have you sent your entry fee to the respective Contest Managers yet? Please do so at once - the more the merrier!

John Pohl - 469 N. E. 51 Street - Miami, Florida

This past week I got 2 new catches. On 9/29, I got KFAC and WAIM. On 9/26, I got WQNN TT at 3:00 s/off and WRC test at 4:13. Also on 9/29, I got WSAI test, s/off 4:12. WPFB s/on at 4:59, WJMX s/on 5:00, WAIM s/on 5:30, and WJBF s/on 5:35. Two veries - KTHH and WSWN. 73s.

Len Kruse sends these newly-heard items which we missed whentyping Page 2:

920 - W T N D Orangeburg, S.C. from 1230 1450 K E Y Y Provo, Utah, from KNEU

970 - W V O P Vidalia, Ga. from 1450 1460 K B R Z Freeport, Texas

1360 - K V I M New Iberia, La. from 1570

RON SHILLER sends us these changes and additions to CBU's booster stations in British Columbia. Each uses 20 watts. Ron says they are from the NNRC Bulletin:

C B R S 730 Smithers, B. C.

C B R H 1110 Hazelton, B. C.

C B R M 730 Creston, B. C.

C B R B ? Burns Lake, B. C.

C B R V 740 Vanderhoof, B. C.

C B R D ? Field, B. C.

C B R A 860 Revelstoke, B. C.

C B R L ? Williams Lake, B. C.

C B R F 940 Fernie, B. C.

C B R P ? Princeton, B. C.

C B R T 1110 Ashcroft, B. C.

C B R R ? Cranbrook, B. C.

ROY H. MILLAR sends us an item from the local paper pertaining to a new long-wave Navy station which when finished will use one million watts! It is located at Jim Creek Valley, Snohomish County, Washington. It is a \$30,000,000.00 installation. The antenna will zig-zag between and among 12 steel towers, giving it a "Buck Rogers" appearance. One room in the transmitter building is completely lined with copper.

We don't feel we should apologize for a small issue, for we did warn that this happens every year at the beginning of weekly issues. We had hoped that you members whose reports do NOT appear in this issue would come to the rescue of "DX News" and send us ~~your~~ DX Doings so that we would come forth strongly into the autumn DX season. However, such was not the case, so this is all we have for you this week. We do wish to thank those who have sent in reports for this issue, even though they may have been short, due undoubtedly to very poor DX conditions now prevailing over the entire country. W-3 signals from WWV indicate this is the case, and we hope that by the next issue, we'll be back with N-9 signals and lots of reports for you. 73.

"DX NEWS" DX DOWN THE DIAL

DEADLINE for Oct 18th issue is THURSDAY Oct 16th. List Call & City Pls)

* * * * *

IMPORTANT NOTICE

Beginning with this issue Ole Pop Edge is again mimeographing and mailing "DX NEWS" from 325 Shirley Ave., Buffalo 15, N.Y. The reason for this is that many of you will remember when Hal Wagner took over from Pop because there was much work to be done around 325. So now the work is in reverse and Hal has much to do around his place, so Pop is recipracating for Hal. However Hal will retain his Office of Executive Secretary and Club Dues will be sent to him at North Girard. However your dues notices and membership cards will be included in your DX NEWS.

You will probably note that beginning with the Oct 18th issue the DX NEWS envelope will have as the return address-National Radio Club P.O. Box 38 - Kensington Station - Buffalo 15, N.Y. instead of the 325 Shirley Ave. This was done because we only get one mail delivery a day. With the box I can get any mail that is addressed to the Box until 5:PM daily. Mail addressed to me personally will NOT BE PUT INTO THE BOX. With Lefty and Fred sending their stencils to the Box it will make it much more easier here especially when I am working 8AM till 4 PM. Your DX NEWS will be mailed each Saturday morning and to insure this, the P.O. Box 38 was a necessity. I will continue to edit the Column Dx Down The Dial as usual and the deadlines will be Thursdays. So it is suggested that any mail you members send in regard to Club business be addressed to the Club(ONLY)P.O. Box 38 Kensington Station-Buffalo 15, N.Y. Do NOT address it to Ray Edge. As Hal published earlier, NRC Letter Heads & Report Forms can be purchased here too. Prices are the same as from North Girard. We suggest those East of Bflo send here and those West of Bflo send to North Girard. I will try to serve you as good as Hal. "Pop"

FOREIGN DX DIGEST & NEWS

Edited by Fred L. Van Voorhees-Box 132 Lemoyne, Pennsylvania; D/L WED.

It must be very early in the DX season, or the fellows are not used to weekly issues. There just isn't a lot of information this week. Would like to acknowledge contest entries from Harold Williams and Dave Dary. Hope there will be lots more. The divided contest this year will make it possible for everyone to have a good chance.

The information for the South Pacific section of the International Log mentioned last week is all in, and we will be getting that section out in the next two weeks. Will try to get it out to all who subscribe just as soon as possible. Cost of the entire log will be \$1.50 and your subscription should be sent to me at the above address.

Once again, I'd like to remind all of you to send your material in arranged by CONTINENT and COUNTRY, on one side of the page only, please with some space between the ~~xxxx~~ items. This is so that I can cut them out and re-arrange them to make editing easier. Now the news we have.

NORTH AMERICA

COSTA RICA--TIGPH (605) TIDOR (625) TIHB (685) TIRA (733) TIW(757) and TIFC (995) have all been heard well most evenings of late from 1900 on (RA)

GUATEMALA--TGHR (700) Guatemala City logged at 0205 with a special program on 9/30 (RA)

SAN SALVADOR--YSC (1015) heard well 10/5 at 2145. YSEB (1075) heard as usual. Still no veries from him. (RA)

BERMUDA--ZBM (1235) heard nightly with good musical programs like a local (RA)

CUBA--PT reports a spanish speaker on 835 kcs and he wonders if CMBZ has changed there to escape from KELA's more powerful signal. He says he may have heard "Radio Salas" mentioned. Also thinks he heard "RCA Victor" mentioned. Anyone else note this one on 835? PT also adds that CMW and CMCY (590) are both powerful at his location.

DOMINICAN REPUBLIC--PT asked if there is now a spanish speaker on 620. The answer Pete is yes, HI3T has moved from 1040 to 620 and he is quite likely the station you are hearing. (FV)

MEXICO--PT also asks about a station on 695 with classical music. This is very definitely XEN in Mexico City, Pete. (FV)

SOUTH AMERICA

BRAZIL--PRH-9 (840) heard at 0315 on 9/30 and at 0325 on 10/4.

PRE-9 (1200) heard 1800 nightly. PRE-7 (1410) heard at 0400 on 10/4.

PRH-8 (1130) heard for a new one at 0335 on 10/5 (RA)

CURACAO--PJC-2 ("Radio Curom") heard on 7/22 with fair signals from 1915 to 1937 on 10/4 with Dutch vocals and ann. (should be 722 kcs.

PERU--OAX4A (854) continues nightly to be heard (RA) / (RA)

VENEZUELA-COLUMBIA--Split frequency Venezuelans and Columbians on 758 - 888 - 1072 - 1077 - 1079 - 1095 - 1099 - 1118 - 1158 - 1165 - 1225 and 1557. All heard on 10/1, one of the best evenings. 1800-2030 was best time. Actually bet 1070-1080 4 signals audible, 1072, 1075, 1077 and 1079 (RA)

EUROPE

GERMANY--VOA Munich (1196) has been heard as early as 2200 with Russian jamming. KWDR (1586) ~~xxxx~~ coming on at 2230 on 10/3 (RA)

PORTUGAL--Paredo (1034) heard 9/24-9/26-9/27-9/28-10/4 until 1902 sign off. Very fine report sent. (RA)

SPAIN--Madrid-Arganda (737) heard with excellent signal 9/24-9/26 until 1900 sign off. (RA)

HOLLAND--Verification in from Hilversum I (746) 125 Kw for report of 7/16 from Amsterdam. Lots of information included but signature was not readable. (PT)

-CUBANIA

RA reports AYA (760) in Dunedin, New Zealand at 0330 on 10/4 and another down under station on 1340 kc. 0338-0414 with piano concert mus and long announcements. Not sure if 22P-38E-66E. Jack Fox reports Radio New Zealand, New Caledonia, reported hearing on 1430 kcs.

OCEANIA

RA reports 4YA (780) in Dunedin, New Zealand at 0350 on 10/4 and another down under station on 1370 kc at 0358-0414 with piano concert music and long announcements. Not sure if 2KP-5SE-6GE. Jack Fox reports "Radio Noumea, Caledonia, reported testing on 1480 kcs.

Reporters this week were as follows;-

PT-Pete Taylor, Box 5068, Duke Station, Durham, North Carolina.
 RA-Roger Anderson 835 South Greenbrier Street Arlington 4, Virginia
 YV-Your Editor, reporting from Box 132, Lemoyne, Pennsylvania
 Jack Fox 9 Mulford Street, Concord, Dunedin S.W. 2, New Zealand.

I want to go back and again point out that the International Log will be available just as soon as we can put it out. Will probably be sent out in sections as we complete it. South Pacific is due to come out first, probably in about two or three weeks.

The contest is still open to all, and I have not yet received from any of you the information on our DX Supremacy Ratings. Will be looking forward to a much larger section next week. And we will leave the rest of the page to Ray. 73s

* * * * *

Well here goes Pop. Its now 3:30 PM Friday the 10th and just came from the P.O. and lo and behold not a thing from Brooklyn. Guess that those Yankee's not only knocked Brooklyn out of the Worlds Series but also knocked them into a foreign country the way the mail arrives from that town. Sooooo we'll just have to wait and see if Lefty pulled a Boo-Boo and mailed those stencils to North Girard by force of habit.

The following is the way to address mail to me or the Club. Please use one way or the other, DO NOT INTERMIX THEM.

Ray B. Edge
 325 Shirley Ave.,
 Buffalo 15, N.Y.

Or

National Radio Club
 P.O. Box 38-Kensington Station
 Buffalo 15, N.Y.

Mail addressed to me personally will be delivered, once a day and that in the morning. Mail addressed to the Club and P.O. Box 38 will NOT BE DELIVERED and I can get the advantage of an afternoon sorting and can make a pick up at the station any time after 2 PM. So anything that is not in a hurry, I suggest mail to me personally, if in a hurry then mail to the Club and P.O. Box 38 but dont forget to include Kensington Station and the Buffalo 15 because each branch P.O. has Boxes beginning with the number 1 and running up to 100. Thanks to you all.

* * * * *

As you know we will have a total of THREE (3) different contests this season. Foreign ECB Contest; NRC Special DX Contest and the Double Letter Contest. It costs just Twenty-Five Cents (.25¢) to enter each of them. How about sending that 25¢ each to the Managers of each contest and get into the fun it provides during the DX Season. Of course all of us cannot win but it does give you a little added pep to go after some of these stations. So here are the address of each Contest Manager.

Foreign ECB Contest-Fred L VanVoorhees-Box 132-Lemoyne, Pennsylvania.

NRC Special DX Contest-Carroll Seth-228 West 22nd Street-Erie, Penna.

Consecutive Call Letter Contest-Robert W Gorsuch-2509 "D" Ave N.E.
 and last Cedar Rapids, Iowa.

The rules for the first ~~xxx~~ have been published. ~~When the contest rules are published~~
 Contest Rules will be published either Oct 18th or Oct 25th. It is the same DX Special Contest that we had last season.
