Our Twenty-Fourth Year

January 5, 1957

ENZ SENDS SOME WURDS OF PRAISE

"Enclosed is \$4.00 for renewal in the NRC which is due Dec. 16th. DX on and off but never regretted my joining the NRC about a dozen years ago. Sure pulled in some fine DX in this time and never would have gotten anything without this fine DX Club. Bill Stone's Promenade of Canada helped me log quite a few! - Joe Enz, Brooklyn, New York

REMEMBER-

To hear M.R.C. DX Tips on WQAM, Miami, Flat, 560 kc/st, every Friday, Saturday and Sunday mornings from Pete Taylor, at 3:45 and 4:15 a.m., E.S.T.

REMINDER-

Station WSBA, York, Pennsylvania; 910 kc/s., has a weekly DX program on Sunday mornings from midnight to 4:00 a.m.; E.S.T. National Radio Club publicity is generally given, mostly between 12:30 and 1:30 a.m.; according to Chairman Sid Rosenbaum of the C.F.C. REMEMBER-

When sending in reports, to convert your times to E.S.T. so there will be no confusion and also to mention the times you have heard your stations, and limit yourself, please, to 30 lines of our "DX NEWS" print, and please double-space your letters so as to make copying them onto the stencils a little easier for your Editor. Please also do not fill your report with abbreviations not found in our list of same issued some time back. But most important, let's have a report from you! Our Brooklyn deadline is back to every Tuesday, now that the Christmas and New Years holidays have come and gone. The more reports we get, the better will be our "DX NEWSES" of the future. It is up to each and every one of you.

REMEMBER.

New York State members, the issue of January 19 will be dedicated to the "Empire State" and for that issue, we want to hear from every NRC member in New York. Let's put this idea over that week, and in the ensuing weeks, as we dedicate as specified on the front page, this issue.

REMEMBER-

To support our co-editors, Fred Van Voorhees and C.M. Stanbury II. Foreigh DX items should go to Fred, and domestic tips listed by frequency, as well as how the DX programs were heard by you, should go to Stan.

REMEMBER-

That WICC-SOO, Bridgeport, Com. is standing by for our DX Test from WFST in Caribou, Maine, on Monday, January 14. Be sure to send a thank-you note to them, and also why not include with it a DX report for them?

REMEMBER-

Dick Cooper certainly is descriving of a thank-you note from each and every one of us for taking over publication and mailing of "DX NEWS" during Hal Wagner's two-week vacation trip to Florida. Write him a note today at the Electric Printery, KittamingPa.

DX NEWS DXes and TESTS COMING UP FOR N.R.C.

- WVSC-990 Somerset, Pennsydvania. Robert L. French, C.E.) Write-ups were in last KPDQ-800 Portland, Oregon. Don Wilkinson, C.E. week's issue of "DX NEWS" WFST-600 Caribou, Maine. Elby Stevens, C.E.
- KAAA 1230 Kingman, Arizona. Bernard Wilson, C.E. This program will be a half-hour of music dedicated to the National Radio Club members. We expect interference from WEAR and WNOR and possibly WJEW but still we have hopes for KAAA's being able to make it very well across the land and beyond. We feel sure that most members have never heard this 133 station, and we hope you'll all log them during the course of this special DX show for us. Our thanks go to Mr. Wilson, of KAAA. MARY ROBBIES.
- K L U V 1580 Haynesville, Louisiana. Gale M. Straley, C.E. This brand new station still needs to conduct a few more equipment tests. and they will do just this on January 15 at 3:00 a.m., CST. They tell us they may have periods with no modulation on the air during the course of this test, but there will be music auring much of it, too. The channel is expected to be completely clear so everyone should be able to add this fine new station to his log. We thank Mr. Straley for this test. STAN LORSS
- W H R T 860 Hartselle, Alabama Gene Newman, President. Mr. Mewman tells us that WHRT will be very glad to get the information on how their signal sounds at all the various locations of our DXing members. Mr. Newman adds, "From what we hear and know of the National Radio Club, it is certainly a fine organization. " That makes us feel good, so let's deluge WHRT with DX reports. CMBL will undoubtedly interfere, but we hope WHRT will top them for all of you, and again thanks to Mr. Newman. STAN MORSS
- W W X L 1580 Manchester, Kentucky, Clifford Spurlock, Owner Mr. Sprulock also is very much interested in the National Radio Club, and like all the others on this page, he is receiving this issue. He says he will be very happy to come on the air and conduct this special test for us. WWM is a very new station, and as such is generally needed by the DMing fraternity. Again a clear channel is envisioned, and we hope WWXL will be heard nicely and at great distances. Beautiful letterhead! STAN MORSS
- K L E C 1480 Jonesville, Louisiana. Paul Schillings, General Manager This test will be in conjunction with KLEC's regular testing period. The letter says it occurs on the second Tuesday, but they mention they'll be on on January 17. Stan tells us he believes they will be on 3:00-3:30 E.S.T. and another tells us they were heard 2:30-3:00 EST or 1:30-2:00 CST last month. So, better tune in at 2:30 EST and if not heard then, come back to 1480 at 3:00. After 3:05, 1480 is expected to be clear. STAN LORSS

A SUGGESTION.

Pete Taylor, member of NRC, conducts our NRC DX Tips now on Fridays, Saturdays and Sundays at 3:45 and 4:15 a.m., EST. We got to thinking that we have several other members at radio stations all over the land, and may we make this suggestion to them? How about getting your stations to broacast the MRC DX Calendar during its regular schedule? May we suggest for the time for such breadcasts to be your regular sign-off time en Saturday nights? We have members at WINC-1400, Winchester, Va.; KTOK-1000, Oklahome City, Okla.; new K000-1420, Omaha, Nebraska; KWAK-1240, Stuttgart, Ark.; WMOG-1490, Brunswick, Ga.,; and WNLK-1350, Norwalk, Conn. and maybe some others we inadvertantly omitted. Wouldn't it be a great thing if some of these stations, through the NRC member working at them, could give further publicity to our club and its DX tips? May we hear from the lads at these stations regarding this suggestion, please?

Charles Atherton has volunteered to compile a list of stations which have been nor verifiers for you. It should go hand in hand with our v/s list. Any comments?

Musings of the Members

Pagi

Ben Patch - 2760 Deerfield Road - Deerfield, Illinois Greetings to everybody from the lost DXer! What a school year I have just completed! Forking mine hours a day and coing to classes eight hours. Of course, no DE: Say, Ron Schiller, do I ain that bet made at the Convention that you wouldn't be loing any Dxing at college? I haven't seen any reports. Got home here on December 15th and found four varies waiting for me. They were WYZE-1480 and WYCL-1580 both six months late, and two other surprises, VKBJ-1600 and KDHL-920 both $1\frac{1}{2}$ years late. But those are mefely mistakes compared to one that came in on 12/24, KDAL, Duluth, Minn., 2 years late and one received today was a roal dilly. Went to the mail box on 12/27 and pulled out anChristmas card-size envelope from Daytona Beach, Fla. Now I know the one in Daytona Beach so I hurriedly opened it and out came my letter written to MGVII in Greenville, liss. over a year ago. The Christmas card read as follows: "I used to work at WGVII. Your enclosed letter came to the station some time ago and sometime got tucked any and turned up today while I was looking for a 36 stamp and all of a sudden I saw one fall out of your letter. I was so glad to find a stamp that I decided to send you a Christmas greeting, also your reception of WGVM on that date was correct. I don't our there any more. At the time I was known as "Bill Tyler" but since then have re-enlisted in the Navy. Once again Merry Christmas and Happy New Year." (Tat goes for me too even though a little late). Can anyone beat that for a verification? One brand men station heard here is CFRY in Portage la Prairie, Man., 1570, RS Dec. 22 at sunset. One other verie received, KGHM-1470 for f/c 12/19/56. DX Specials received 12/17- CJTB-1460, CKOT-1510. 12/24- WSNW-1150, CBI-1140 and CBAF-1300. sleepy to Di for others. I graduate in March and may have a job in North Deltota come April. Hi, Pata, got any openings at WQAM? Len: Will try to do a DX from WJLI. They aren't willing to do too many things that don't make money. Towells: Sorry I haven't written but hore you will understand. Sid Steele: Will write soon. Lefty, John C. and Bernie, thanks for the swell time while I was in N.Y.C. Hal W., how come you haven't sont those antenna plans so I could ditto them? Maybe KSIW in Woodward, Okla. will DX for us. My ex-roommate and another fellow classmate work there. One is assistant general manager. Ernie Michels, your 1300 station is WTAQ, La Grange, Ill. Pat: Your Tulare station on 1370 is KGEN. 73s.

Ed Krejny - 12904 Ferris Avenue - Cleveland 5, Ohio

I'm a new member of the MRC so hope you'll excuse my writing at an old time of the week. I don't know just when reports are due with you so I hope you'll enlighten me on this matter. I do my DXing with a Hallicrafters SX-71 and an indoor long-wire antenna. As usual I find myself in disagreement with other DXers concerning CM. Frankly, I'm logging like crazy now. Part of this can be attributed to the fact that I'm on vacation from college, but not all of it. CX seem to be pretty good to ma, and membership in the MRC has already proven valuable with reception of DX Specials. est DX here includes: 12/21- CJKL-550 s/off at 11:06 p.m. 12/22- WWXL-1580 I/c-ET at 2:25, WGEN-1270 test at 2:30, 4VEC-1195 NRC DX from 3:08 to 3:24 (many many thomks to the CPC; I'm sure I never would have legged this one without this Special!) KFJII-1370 TT at 1:34, KAMO-1390 TT at 2:03, KDON-1460 s/off at 4:04, WIAM-900 f/c at 5:45, 12/24- WITA-1140 s/off at 1:02, KGDM-1140 RS at 2:00, KRKO-1380 s/off at 2:07, KROP-1300 RS at 2:39, KYN0-1300 RS at 2:35, KHSL-1290 s/off at 3:01, CBI-1140 MRC DM at 3:08 to 5:20, KQUE-920 RS at 3:23, CBAF-1300 NRC DX from 4:02 to 4:15. 12/17- IDHL-920 RS at 13:30 a.m., KBLO-1320 soff at 2:00, KPRO-1440 RS at 2:30 and \DOS-750 modulation test at 2:20. Recent veries received are: KEOM KLCN WJEM WPIK WFIS and WCOP. That about does it from here. I'd like to wish all members the best of New Years and plenty of DX and veries. (Lefty is right, Ed, and welcome to NRC and to these pages, and our deadline here is each Tuesday. We cope to hear from you regularly! - 11.)

Carlon Howington - Box 428 - Sweitzer Road - Uniontown, Ohio About time for another report so here goes . Since last report have logged better than 100 stations. Have not logged to many DXes but have four verified. Log to date stands at 712: ith 130 verified. One year ago I had about 100 logged with none verified and now I have 130 verified. Wouldn't be without "DX NEWS" DX Specials, d/c and DX Down the Dial. I bought 200 report forms and have sent out about 50 of them so far. So much for that, now down to business. 12/11- KFMO (1240) f/c per list, WORZ (740) 24 hours, CJOC (1220) 3 a.m., WFOX (860) NNRC DX very good, KSIJ (1430) ET 3:25 d.m., WJNO (1230) 1/c per list, KGAY (1430) 3:45-3:55 a.m., KBOM (1270) 3 a.m. (cond P. 5)

DX NEWS

Page 5

(Carlon Howington, con'd from P. 4) 12/14- WRFS (1950) s/off 5:45 p.m., WKTM (1950) s/off 5:45 p.m., VACR (1950) s/off 5:45 p.m., KVLC (1950) s/off 6 p.m., KFMJ (1950) 6:30 s/off, VKRG (710) 6 p.m. atop WOR, WKTG (730) s/off 5:30 p.m. 12/17- WAPA (850) f/c per list, MYYO (1410) ffc per list, first one from Wyoming. Others: 12/21, WFMW (730) NRC DX, fair signal, KUSD (390) ET 3:30-4 a.m., nice catch. Veries include WOZK WSFF 1900 WPHB WHOO KFGO WCSU WIVY WSAZ and others. For you TV DX=rs, I received a nice letter from BRC-TV on 41.5 mg/s. He said he had numerous reports from South Africa and more secently from the U.S. V/s is J. Siller, BBC-TV. Is it too late to join the Domestic Contest? That's about all from this end. (I believe it is too late, Carlon. Laybe Hank Ward will read this and state definitely -Ed.)

J. Howard Harding - 498 Sunset View Drive South - Akron 20, Ohio DX has been very good since last report, 55 new stations. 11/27- WHBN-dx (1420). 12/ 2- CMAB (740), UGGA (550). 12/3- CJOC-dx (1220), WKAT (1360), KNBC (680), KABC (790) WGTO (540), WJAM (1310). 12/4- KRKD (1150), WYVE (1280), WDIÁ (1070), WKXV (000), WINC (790), KUEM (990), WKIM (1050). 12/5- KBOM (1270) AN, KVLC (1050), VKZO (590). WEBC (560), VRAG (590) s/off at 6:45 with "Dixie", CMCA (730), CBK (640). 12/7- VERH (970). 12/16- WRRR (1330) r/c, WPAB (550) r/c, CJVI (900) AN, for first British Columbian, KVOD (630) apparently AN (are they?) (Yep -Ed.) KJBS (11000 on RS, KOYN (910) r/c, CJMI-dx, CBU (690) running late with news on the lost airplane for second E.C. in one night. Four years to get ome from these and in one night I get two! ???(1090) or a split. Thought it was CFJB but they were not on. Who was it? Also on 12/10, WBBB (920), MATZ (1600), KSIS (1050) WCLG (1300) NNRC DX. 12/11- CKGB (68) DX weak-ly, WORZ (7%) AM, KEOK (540) RS 5:30 to 5:45 p.m. s/off with "America." 12/14- USGN (610). 13/15- VKYB (570) with semi-local WKBN off due to strike. 12/16- CKRC (330) KCBS (740), CKY (580). 12/22- KHEM-dx (1270), WAGS (1380). 12/23- CKOM (120), KIMN (950), KTSA (550) thanks to Carlon Howington's tip. 12/24- HI3T (620), CBI-dx (1140), CBAF-dx (1300), 4VEC-dx, KGA (1510) late with Christmas music, WSNW (1150) HURC DX. That's the new ones now making a total of 547 (Attention, Ron Dellangelo). Veries out include XEQ (940), KGLC (910), WLTC-dx (1370) CKVS (960), HJAL (1460), CJVI (900) KEOK (540), CBI (1140), CEAF (1300). Two veries back since last report: CFOB-dx 12/ 16, CJBR-dr back 12/23. I see Tom Johnson finally wrote in, although it was only to renew his membership. Poor boy, he is crackin' up. He sits and listens to cirplanes broadcasts on SW instead of DXing. (He isn't really crackin' up, he has always been that way, hi). Got a map of th U.S. on which I plan to make stations received and verified with colored map pins. It is a rather large (50 x 33") wall map. I started marking the stations 12/24 and if the way it started out is any indication of how long it will take and how the pins will be distributed, in about two months I will have a very lossided may hanging above my desk - about four fifths of them are East of the Mississippi River! North Carolina looks like a pin cushion and I am not through marking all the stations there yet! That's it from here for now.

Bill Flynn - 964 The Alameda - Berkeley 7, California Greeting to all! It's a pleasure to be a new member of the NRC! Wow, was I surprised when I received that first prize package from HQ - superb f/c list, articles on how to compile reports, how to get the most from your communications receiver, at al. Magnificient, gentlemen, and many thanks! Am new to the art of BCB DXing and there's lots about it that I don't know. How's LA reception here in northern California? Anyone know of a good loop antenna that's fairly easy to make and effective? How a bout stacking loops like they stack elements in TV antennas for better directivity or nulls? My DB-22-A is no good on BCB except with very shortest antenna (12); otherwise cross-modulation from all the locals. Maybe someone knows how to get around that problem. Quite a few Japs heard here during November but much poorer lately. stick pretty much to foreign DX other than CPC DX Specials - a little late in the game to work on domestics now and am quite a SWBC fan besides. The CPC lads are sure doing an outstanding job! KLFT fair 11/26 (an hour late); KDAY of course excellent here. WHBN, 112/7, occasionally andible. Missed quite a batch until 12/15 when tried CFGP NG-XEG); MSPN (9CO) (NG, CJVI), CKSM (13th) (NG, KTV), CJNB quite good, KIEV excellent of course, CMOT NG-WLAC. 18th: CJIB audible but under KFRE's carrier till 3:30, then another tester Chiled at times. CBV NG 19th. CKDM NG-XEG (a carrier heari unler it at times), 30th: CMVX-OK under KFVB and CKOK fairly good. 21st: Too much KCBS splatter for WFMW. 20mi- Mil on anything, HNL. 24th: CBI and CBAF NG, channels clear have. Check for 4VMC disclosed Brazilian (7) rising to fair levels at times, no ID possible. Reports or the law us to all since I joined NRC. A most Happy Prosperous New Year, every gody! (Velcome, Bill, to the NRC and we hope you'll be a regular reporter!-Ed.)

Pete L. Jacobson - 5217 South Portland Avenue - Minneapolis 17, Minnesota Hi again. OFL veries, KBRK Brookings, S.D. 1430, 500 watts, Won-directional deptime, a typed QSL card of f/c Dec. 10, 1956 1:40-1:55 a.m. Buford, Ga. 1460 1 lav. non-directional daytime of ETs. Address, WDMF, Gwinnett County Broadcasting Co., Harmony Road, a beautiful OSL card from CKCK Regina, Sask: 620, "5,000 top watts" ant ma Y, Network T. CJBR, Rimouski, Que. 11/23 Special DX NRC, 900 kc/s. Network F, Alterna X, 10,000 watts. For, letters. Butte, Mont. KOPR, 550 ABC, antenna X, 1,000 watts, adddress, KOPR, Copper Broadcasting Co., Hotel Finlen, Phone 6546, for 11/26/56 mean s/ "Transmitting facilities at Little Basin Creek, three miles SW of downtown Butte. The transmitter is a Gates BCl-E using parallel 833s in the final with high lovel modulation by 333As. The antenna is a three element directional with 320° towers, the end towers on a line 35 ! from the center tower. The center tower is spaced 49 ! west of the 352 degree line. During daytime hours, KOPR operates non-directional lith the end towers of en circuited. Practically all of our equipment, both at the studies and transmitter is Gates Radio Co. with some RCA gear. During daytime hours, when KOPR is non-directional, the transmitter is remote controlled from the studios with the Gates RCM-20 system." KOPR also enclosed a coverage map. KVOD Denver 2, Col. for 11/15/56, 11/25/56, address, KVOD, Midland Saving Bldg., "The Voice of Denver." Here is a list of the affiliated stations: KUBC Montrose-Delta, Col., 1 kw., KRAI Craig, Col. 1 kw., KSIV Monte Vista, Col. 250 watts. KVOD Phone TAbor 5-2291 or TWX; DN 483. Where enclosed two coverage maps, one of XVOD and other lists the following stations: KEZ KEYR KIMN KTLM all in Denver and KOSI Aurora, Col. WENY, Elmira, N.Y. 250 watts non-directional unlimited, 12/2/56 on f/c as listed and scheduled. Address, WENY, Park Twain "Our main transmitter is a Collins 300-12, and our auxiliarry transmitter is an RCA 25.-D. Both dperate with 250 watts output. The antenna is a 430 self-supporting vertical antenna, located in the valley where ground conductivity is excellent. The transmitters are both operated via remote control from our control room. dios are located on the seventh floor of the Mark Twain Hotel. WENY began operations on Nov. 26, 1939, and covers approximately a 30 mile radius daytime, and approximately a ten mile radius at night. We do not figure our sky-wave coverage which as you know is excellent. North Star Broadcasting Co. applied for a station at Windom, Minn.

Robert S. Duggan Jr. - 1499 Sheridan Place NE - Atlanta 5, Georgia For perhaps the first time in a couple of years this old DEer crawled out of the sack to try for 4VEC in the early AM. However, nothing was neard from it on 1200. However an AN Spanish station IDing as "Radio Popular" with a call which sounded like HCJ- was oh 1200, ploying quarachas and boleros. The call seems to be different from BJCV, so I think it was perhaps a new Ecuadorian. Perhaps some others heard it, too. Dling has been out for some time here, since I just finished five weeks in the hospital with ulcerative colitis, a conditions which comes from overwork. I was teaching, doing research ork, and engaging in graduate study toward my doctorate in electrical engineer-Doctor says no cutside activities for the next six months plus plenty of rest, which hears go easy on DXing still. Up for annual LA parade on Chrismtas morning. Spanish stations heard on 560 570 580 585 620 630 640 665 660 670 680 690 700 710 730 740 780 790 320 830 840 860 880 890 900 905 920 940 990 1030 1110 1160 1180 1182 1200 1210 1220 1330 1370 1470 1520 1570 1580. On 1200 were a Cuban, another definitely advertising "Balio Deportes en 1500 kc/s." in Venezuela, and possibly a third. On 1580 was what sounded like "Radio Caron." On 630 640 690 700 940 and 1330 were definitely Home others had better luck IDing them. (Glad to hear from you Bob- 111.)

Buddy Giles - 2844 Guilford Lane - Oklahoma City 15, Oklahoma

Few stations logged this week but one logging was worth many - that was CBI on its DX on 1140 this morning which was heard quite well. It was the second logging here from Nova Scotia. Others heard wence the last report were: 12/19- KOLY 1300 f/c-TT 5:30-4 a.m. 12/21- WHM 730 heard well on DX here. Also added this AM in addition to CBI was the MTRC DX of WSNW 1150, quite strong. A Colombian was heard around 1200 kc/s. when the search was made for 4VEC. Veries this week are: Letters, CKSB-dx, WKLZ MWRD-dx, WTUC a.d a verie card from CFJC-dx, Kamloops, B.C. 'Tis all - plenty of the DX veries still missing. Hope everyone has a wonderful New Year! By the way, verie back just after a year from WSMT who tested during XEG's silent New Year's last year. Said he was to test again around the first - hope he doesn't interfere with KEED. The 31st looks like some swell DXing. Hope to get some of them. Thanks, CPC, for all these fine Specials!

Roy H. Millar - Route 2 - Box 6704 - Issaquah, Washington Noting Lefty's remarks about Christmas Eve DX possibilities recalls fond memories of Chrismtas Eve of 1954 when Mass from Notre Dame on Paris was heard from Bordeaux I on 1205 kc/s. at about 4:30 p.m. local time, which logging together with the forthcoming verie were real nice Christmas presents! Suppose it'll be 1962 or later before a chance at TAs for the West Coast DXers again presents itseaf, so in the meantime we'll just pluy along, like this: Dec. 18 - CJIB's DX 1/1/pon 940 real strong; 930 covered by CKWX and KEVB so no CBV DX. Dec. 19- CKDM's DX didn't make it through XEG this season; heard and verified them last season. Dec. 20 - CKYX and CKOK Dies on 940 and 800 respectively wasy loggings here, with KFWB QRMing/former. Succeeded in getting a definite ID on KBOM-1270 Mandan, N.D. s/off at 4 a.m. this date with YL announcer. Dec. 21 - No TRAY DX on 730, but who signs on here in English at 5 a.m. with news and then music? Dec. 22 - Hold on! HQ-140-X on 1200 with real activity from 3:59 to 4:05 a.m. a Brazilian was logged intermittantly. I believe it was PRE9 in Fortalela, and to top even this, a lady announcer was heard in two spots that I think was 50 watt 4VEC on DX. Couldn't read for sure, but think I'll send a brief tape to 4VEC and see if they recognize the announcer. It appears that this was a real good morning from what I heard, and other reports from over Seattle way. Guess my Dec. 5th "Framont Drug" advertiser on 630 was the new AN KVOD, unneeded here: Would have thought they would have knocked KPOA out, but were under. Sorry to read note from Abe Cohen about dropping out of NRC; that makes 2/3rds of those reporting from Seattle to Harrisburg by tape last Labor Day that are no longer members as Jim Gaylord has dropped his membership too. Guess Freddy and Carl will have to pick up the DX Ball and carry it a while, huh follows? Come on! KHEM's DX on 1270 of this date not heard, on? Dec. 25-JOKD-1370 Kitami, Japan ID in English at 3:30 a.m., no sign of NNRC DX from K RT-1370 at either time listed; local KLAN-1230, Renton, Wash. announced "Proof of Performance" test at 3:50 P.M. on 910 kc/s. Veries: KMUL-1380-DX, CJCA-930 DX and KXOA-1470. 73 J. Warren Routzahn - 231 South West Street - York, Pennsylvania

First I want to thank those who sent Christmas cards. Many unexpected. Orcaids to Hank Holbrook on HJAL, good here, and then 4VEC. This one seemed best the first norning but maybe because I didn't listen long the second AM. By aropping below 1300 they avoided certain interference and came in very nicely on 300 watts. Verifs received here from KTLL WELY CJET WCLG KWDR WORX WKLC WLBG WGTO. Plenty out yet - it seems to get worse every year. 12/12- WKXY-930 on ET at 2:45. 12/14- WKLC-1300 f/c 1:23-1:28 a little early by our list. WOTR-1370 and KVCL-1270 on as listed second Friday. KFJZ 1270 s/off 2 a.m. to return at 5 a.m. 12/15- WJHL-910 hillbillies all night, MLBG-860 15th of month f/c 4-4:15, WMGM-1050 testing at 4:20. 12/17- KWEM-990 testing at 4:10, KIEV spoiled by a strong carrier here. CKOT was good. 12/18- CBV good here. WENC-1390 AN, WORZ-740 AN and probably XEFE-790 till 5 a.m. 12/19- CKDM no go through XEG, WNDB-1150 end test at 3:27, KOLY-1300 f/c through WAVZ and WERE. WAPG-1480 unded a test at 4:20, said it's regular third Wednesday f/c, and then stayed right on for RS. 12/20- CKOK just inaudible here. 12/21- WFMW was strong. 12/22- 4VEC very fine program for Duers. KHEM also did fair here. WIBR carrier on at 4:53 to start up at 5 a.m. PRE9 probably the one on 1200 but 4VEC got away from there. 12/24- 4VEC again below 1300, CBI good on their test, likely CMAB-780 at 3:45, no KOPR here - listened to Pete a whole on WQAM then. WITA-1140 s/on 4 a.m. and WSWW-1150 testing at 4:45. WSPA and PEN s/on 950 at 5 a.m. In the evening WGTO and WDXN both s/off 540 at 5:30 Then a little Christmas layoff and up this AM 12/29. WCAE-1250 testing at 3:20, WMEM-1050 at 3:30, WFIX f/c 3:45-4 under WWRL. WSBA-910 at 4:10, WFBR-1300 testing with organ music 4-4:30. Happy New Year everybody

Anthony Lagatutta - 371 Eighth Avenue - New York, New York

DX is very good now! Twenty new stations logged here in one week. OK! OK(New stations are: UJHP (1320), WTSN (1270), WGVA (1240), WJAS (1320), WFNC (1390), WOW (590), KLRA (1010), WIM! (1240), CBAF-dx (1300), WKIN (1320), WHIS (1440), WLGH (1490) WBLR (1330), WKIT (1520), WESX (1230), WJAR (920), WNAC (680), KFI (640), WHDH (850), WORZ (740). Who was TT on 1180 on 12/28, fourth Friday; around 4:00. WLDS or WHAL? Too weak for WHAM. Did you get your "White's Radio Log" yet? AM-FM-TV. Send 35% to C. De White Co., P.O. Box 142, Bronxville 8, New York. WKBS used to be in Oyster Bay L.I. N.Y. but moved to Mineola because as they said, "All their 250 watts went out to sea." Recently WKBS cjanged to WKIT, Mineola, N.Y., 1520. Oh yes - two new stations will be on the air in Pyrodillia, C.U. by 1/1/57, WMPJ and WPOJ. Best of DX and 73s to all.

John Callarman - 1805 Seventh Avenue - Canyon, Texas

Arrived Caryon, Texas 7 p.m. December 21. 12/24 picked up Zenith Trans-Oceanic portable, after much thought, and decided this was best set for my purposes in Marope. Had enjoyable hourney, though hurried, from there to here. Took New Jersey and Paursy Turnpikes, then hit U.S. 40 in Wasnington Paleand traveled on it through Columbus, Princeton, Indianapolis, Terre Haute and across Illinois to St. Louis, where we picked up 66 through Missouri into Joplin. From there I grabbed a bus straight down 66 into Amarillo t rough Tulsa and Oklahoma City. On Christmas Eve, with new Zenith, took logs on KCRG KBOR and KATZ (now full time) on 1600, KOAM-860, KOA-850, KMBC-980, KSL-1160, KNX-1070, KLIF-1190 (poor), XEOR-1390 and new XEOD-1090, Boca del Rio, Veracruz though I doubt if enough for verie. Daytime logging Christmas Day included K/FT-620, KFLD-900, KPAT-1230, KCLV-1240, KTUE-1260, KPDN-1340, KMUL-1380, KVOP-1400, KXIT-1410, KLEA 630 and KOLJ-1150. Christmas Night logged KFAB-1110, KARK-920, KGLC-910, KUNT-1550, KCUL-1540, WCKY-1530, KSAL and KNED 1150, KALB 580, KVOL 1330, WOW 590: Carrying on into Dec. 26, grabbed KYOK-1590 at 1:04 s/off, KABC and KGHL, both lo ed in the clear on 790 (by changing position of Wave-Magnet loops antenna), KCBS-740, KMYR-710 at 1:23 s/off, KVOD-530, KLUB-570, KARM and KLO 1430, XEF-1420, KSIW-1450 on r/c fourth Wednesday morning 1:45-2:00 (not listed in NRC). They promised to verify DX reports promotly. Then grabbed WAFB's 2:00 to 2:15 f/c as listed, though they conducted it more as a program than as a check, and closed down the morning logging KLRA-1010 with mucho QRM de XEHL. KANQ is not AN. Lefty, you think you have trouble with I can't take 'em at night, 18 miles away! They afford superb protection to XEQ with directional array. Dec. 26, took off early afternoon to visit relatives in Oklahome City. Mistened but didn't log, and on 27th had very nice visit with Endly Giles and his very nice family including Bruce 7, and Cindy, 5. Buddy is another of our "bus men," being an engineer at KTOK. As I write this, folks are thinking of toing up to Ponca City. Buddy told me not to miss looking up Hank Ward, and if we go, I will (and do some liason work as to Ponca's Convention attractions. If we don't go my loss is Hank's gain, hi. After realing nice NRC veries from Pete Taylor at Lefty's, Bernie's and Buddy's and seeing Basil's - whoops) Scooter's note to Buddy ol' Lazy John's gonna have to get in om some of this NRC stuff, him well, I'm afraid I've got 50 so 30,

Maurice Nittler - Box 94- Geneva, Nebraska Only new stations to report this week are: WFMW-730 and KHEM-1270 both heard on their NRC tests. Didn't DX over the weekend or Christmas Eve. Hope to get in a little on New Year's Eve though. Monday morning's DXes sure look great. Hope to hear a couple of them, at least as that is about my average for a morning. Enjoyed visit over the weekend with Francis. Also went up to Lincoln Wednesday night and got together with John Sampson and heary Robbins. The people of Lincoln are progably still confuring what all of those secret documents were that three men were looking over at a local fashionable drive-in restaurant. John had better slow down or he will be ahead of us. Wish I could log and report as many stations in a week as he can. Veries in this week are: KFBK-1550 (QSL), KOME-1300, KDLK-1230, WTIK-1310, WJHL-910, CHFA-dx-680, WTCR-1420, KDAL-310 (report of 6/12/55 with no f/up so there is still hope), and last but not least, KCLE-1120 for #122 from Texas. Veries are still slow despite the Clrist-mas Season's rassing. Hope everyone had a happy one and will have a brighter and better New Year's. How about everyone making a New Year's Resolution to send in a report to "DX NEWS" at least once a month? It takes just a few minutes. Don't cut me fff, Lefty - I'll slut up. 73s.

Charlie Conley - 358 Market Street - Lemoyne, Pennsylvania

Veries in from "Cousin" Pete at WQAM and KLEC 1480 on f/c 12/10, the latter advising they have been on air since 9/29/56. Expect to run their next test on January 17, 1857, and asked for reports. Didn't give time but I logged them 12/10 between 2:30 and 3:00 EST. Reports to WPKO HJAL CHAB and CJEM still not verified. WTRY 900 (AN) heard 12/15 with DJ Bill Taylor (these Taylors must like the night life!) asking for reports with prizes to three from most distant points. CKSM on 12/17 DX barely adiable - not enough for report. CKOT and CBV DXes both in here fine, but, between Holiday rush and a very bad cold I haven't had time to write any of 'em. Maybe just as well for it seems more and more, to me at least, like a waste of time and postage.

Maybe 157 Will probe me wrong, I hope! A good year to y'all!

REMENBER HOW, I O ISSUES FROM NOW IT'S NEW YORK STATE'S TURN TO BE HONORED, A D HIAT MEANS WILL ANT A REPORT FROM EVERY N.R.C. MEMBER IN THAT STATE. DEADLINE IS 1/15!

Everett Johnson - 504 16th Street - Mendota, Illinois Some pretty cod catches on my S-40-B Hallicrafter here lately and a few varies have showed up so DK is better. The past couple of Mondays have been good, but lat's go into the vories first. Nineteen so far for December, but below last year. Fice letters from VITA-1140 VORX-NNRC DX CFNS-dx VCBG-dx KDAY-dx CFRY-1570 WORZ-740, CLBZ-830 who sent me Cuben flag and three postcards of Havana with verie on one. KDEK sent my PP card back signed. WFBR sent nice QSL card with Ekko Stamp. Now to DX. 13/13-CFRY-1570 runs till 2:00 with "Rock around the Clock" program. WSBA-910 on Sunday morn test for Diers, not needed. KFJZ-1270 RS s/off 2:00 Sunday. KATZ-1600 off at 2:00 Sunday. CKOM-1420 RS till after 2:00. KLAK, now 1600, f/c with Kansas City, Mo. CKRC-630 s/off 2:30 Sunday. 12/17- CKSM-dx fair with plenty of noise. CJMD-dm good for #3 report. Hope they verify this DX. "YZE-1480 test. KIEV-dx very weak but sent what I heard. CHOT-dx like a local. CJIB-dx very poor - WINZ, then station on tith music - anyone hear ID? CBV-dx fair at first, then VTRY took over. 12/21- MOFO 1220 test with music, 3:20 on. WFWW-dx very good. KUSD-690 possible test, not needed, so on to another frequency. WPLH-1470 f/c with a mr. Edwards of Winston-Salam, H.C. 4:40 12/23- WGUS-1330 RS at 1:15. WJPS-1330 on AN for Multiple Sclerosis. KILO-1440 s/off at 2:07. NRM-1380 Everett, Wash. RS 2-3, very good. KAKE-12:0 AN. KRD0-1240 f/c. KOBY-1550 test 3-3:16. KVEM-990 test 3-3:23 asking for mail. 12/24- KGDM-1140 s/off 3:00. CREM-1150 RS till 2:00. CBI-dx in very good for first half hour, and was I ever surprised to hear 4VEC DX announcer give ID at 3:42 and mention NRC! Everything else in Spomish till "Jingle Bells" played at 4:02. CBAF-ix very weak but not needed, so thank you card sent. WSNV NMRC DX very good. WFFM-1150 s/on 5:00, also WIOK s/on 5:00. VSPA-950 s/on at 5. WBKH 950 was heard s/on at 5:12. WKY+930 test =:30. Christmas form many LAs heard but just too many on for me to copy. There were two on 670. The is the Spanish on 790 kc/s. all week playing American and Spanish, mentioning Casablanca quite often? Guess that is it from here. Happy New Year to all and thanks for all the Christmas cards. Sorr if I missed some of you. 73s and good DX.

Harl: lilkinson - 6620 Beeman Avenue - North Hollywood, California I really enjoyed reading the reports under "California Calling" in the December 22nd issue of "DR NTWS." I hope to see you run one of these "specials" for the manbers in Illinois as they responied to the KDAY DX so nicely. By the way, welcome to the West Coast, Clarence Freeman. We need several more Divers out here to keep Roy, Jim C., Don R., Al L., Ernie M., Karl R. etc. on the ball. I see you are interested in Foreign DX, so foutble welcome. Also a big welcome to Bill Flynn of Berkeley. I will finish all the varies for the KDAY DX this weekend. We received over 60 r parts from 22 states, Greada and New Zealand. The boys in New Zealand are still using 500', 700' and 1,000' or tennas. No veries this past week but did manage to catch YVMF, 1120 kc/s Maracaibo, Voletuela; HJFX, 1172 kc/s., Manizales, Colombia (definitely not 1170 kc/s. as shown in Moyrich's Log) and what I believe to be HOU, 1025 kc/s., in David, Panama. He was expiremaly loud and used EST on time signals. Heard from 6:24 to 6:46 a.m.EST. All three stations heard on the morning of December 24. The morning of December 25th was very poor. No hing to the South or West worthwhile. Nothing yet from the CHBI and CKNX DMos. CJCA anssered promptly. Have not been able to catch any of the Canadian DXes from New Brunswick or Nova Scotia. A great number of South Americans, éspecially Colombia and Venezuela, will be broadcasting basketball games for the next two months so there is something to shoot for in the way of Foreign DX. I verified several LAs last winter in this manner. On Friday and Saturday evenings some of the games are broadcasted on the "RCN" and "Ca-Ra-Col" networks. Ionly have 13 forcign reports out so till have to catch a few this weekend to keep up with Don and Roy. Veries in this season are: WABA XEFX CMBZ JOTR JOJR JOTK JOQC JOKD JOJK KMTH CJCA and JOTB. Happy Tex Year to all. 73.

G. Harley DeLeurere - 1 East 8 Street - Mounted Route 21 - Hobart, Indiana
Not much DRing so not a very long report this week, 12/21- WORZ-740, Orlanto, Fla. on
AN from 3:55-3:50. 12/22: A letter from WGGH-1150, Marion, Ill. 12/23- (Big DR and
verie day), MIAM-900, Williamston, N.C. on f/c from 5:40-5:50. WKMH-1310, Dearborn,
Mich. from 5-5:15 with WDKD QRM. A QSL card from WSBA-910 York, Pa. and a letter with
QSL card from CJCA-930, Edmonton, Alta. The QSL card had VE9AI on it. 12/24: VIEW-1240
Louisvills, My. came through the missance WEDC of Chicago from 3:30-3:37. No Dising
since. Well, it just happens like that. A late Merry Christmas and not very late
Happy New Year. Almost forgot verie from KDAL-610, Duluth, Minn. for a report out
since 2/17/55. This verie was received on 12/26. 73.

Fracis H. Nittler - 1335 Grant Street - Apt. 22 - Denver, 3, Colorado Not much to report DX-wise from the "Mile-Hi" city but thought I had better send in a report just the same. Lefty: When are you going to have the "Special issue" for Coloraio? I'll have to send in about ten reports myself now that I am the only MRC amber in the State. I spent the Chrismtas holidays in Geneva with my folks and of course had several nice DX chats with brother Maurice. I heckled him a little because I am ahead of him in veries again but he didn't get too mad, hi. Not even one report sent out in last seven days but hope to get back on the ball starting with the DNes over the weekend. Did have time to listen for about shour on 12/27 with only new coach being WLDL (190) eff-WLCA signing off at 3:00. Also heard were KMAP (1:90) on 1/c-TT 3:30-3:35 and MATI (1400) f/c-TT 3:00-3:15. Both of these stations were new to my log within the past month and both were previously heard on RS. That's the way it goes. Once you hadr a stavion it comes in all the time, hi. Veries are slow like everywhere else. Did get six this week - WORX-ax WCPC (1320) KGAY (1430) KATI (1400) KIMIX (1450) and KTMC (1100) for report of 3/8/56 with no f/up sent, so real surprise. Noticed an item in last night's paper saying station KGOL (1250) Golden; Colo. recently completed construction of two 1341 towers two miles SE of Golden and that studio equipment is being installed at 1120 Washington Street. It also states they hope to be on the air regularly by the first of the year so that will mean another local as Golden is only. about 15 miles West of Denver. That makes 16 local stations. Oh well, the more, the merrier. I will still be glad to answer DX reports for KLAK if anyone needing one will send me a copy of his report. 73s.

J. B. Roilley - 226 Crossman Street - Jamestown, New York Veries are none. Thirty-eight new reports never verified as yet, plus 13 dupes for a NRC DXes. Gress mailman doesn't like me. 12/23-430 and noisy. CJIC, 1490, 5:50 for Hungarian Fund Drive. KDON, 1460, off at 4:00. 12/24- KBOM, 1270, f/c at 2:52. CBI copied OK. 4V.C not as loud as Saturday, and Spanish speaker on 1200 bothered them. KBIG, 740, test at 3:41. KENS, 680, test at 3:40 for new one. 890 had Colombian at 4:03, only thing heard was Colombia mentioned, no call or slogan heard. 923, MUE at 4:14 for second new one, 48° today. 12/25-Not home this AM so no DX. 12/25- Mad to work last night, all I heard was KWK, 1380 at 2:47, then went to bed. 12/27- IVMA, 690, on until 3:02. KGMS, 1380, test at 3:35 for second new one today. 13/23- VIVIM, 1370, test at 3:25. TT all over dial, so went to bed before they drove me ony crazier than I am now. Thanks, Bill Prater, for WJOE address. My report returned because of no Post Of ice like Ward Ridge in state, so I used new address as an "DX MANS." 29- VFNC, 1330, AN, said 24 hours a day. Who is Spanish speaker behind WCAU, 1310, after 4:00 lately? Unknown TT on 800, 2:42; 1580 at 3:07; 1250 with WEAP at 3:55, 620 at 3:46 to ofter 4:07 when this left air with no voice used. 12/30- KOBY atop HENT, 1550, at 2:43. WCPH, 1220, test at 3:08. WDOB, 1370, f/c 3:14 to s/off at 3:25 (a) new one). MGMA, 1370, ET at 3:39. WJCD copied OK but an old one for me.

Hope everyone had a fine Christmas. I got a new alarm clock so maybe my DXing will go up a little. Sinteen new leggings since my last report: KSOO-1140 was heard at 6:10 p.m. through UNVA for first South Dakotan on 12/14. None of the DXes of 12/17 was heard although UNVA-1580 was legged on f/c. Two more f/cs were legged the AN of 12/26 KROX-1230 and KPOW-1260 per list. That evening I was up till 2:30. These stations were legged: WNVL-9.0 f/c, KWFC-1350 RS, WFUL-1270 f/c, KLIC-1230 RS, KRGI-1430 f/c, KNOX-1310 s/off at 2:03, KFKA-1310 s/off at 2:05, WLOK-1490 f/c, WKBX-1330 f/c, WERE-1300 RS, WILA-1320 RS and KLOS-1450 s/off at 2:15. Veries slow with only six and a second one, a card, from Pere Taylor. They are CRE (the regular CBC card), LFA WERC KSOO KHEN and KDAL. KDAL is for a report from June 23, 1955! Better late than never though, hi. I now have a grand total of 283 BCLs, 13 SWLs and ten TVs. That's it from here. I've got some reports to get out. See you in Ponca City in '57!

Charles Squillante = 116 Orange Street = Boston 31, Massachusetts

DX is now rolling along after a slow start. Best 250 watter is KCHS, 1400. 10/3
KIEM 3:05 3/off (1480). VCED (1420) RS. CKNX (920) DX. WHPB 5:05 s/on (1390). 12/5
KANE (1340) 7c. 12/9- Sunday s/ons: WION 6:30 (1430), WBAY (1360) 7:00, WCCI (800)

7:15. 12/10- CEW (990) 1:15 s/off. WVNJ (620), KXYZ (1320) s/off (1320), IBCM (1430)

ET. WGKA (1300) ET. WELO (1490) ET. WPIT 5 p.m. (730) s/off. WNOP 5:15 p.m. s/off.

12/12- VITIL 4:20 p.m. (730). WMBL (740)/5:01 p.m. s/off. 12/15- WCRO (1230) RS. CJQC

(1340) RS. WIOA (1480) 1:35 ET. VTTS 2:00 s/off, 1370. WSGW (790) 2:34. (confd P.11)

January 5, 1957

(Charles Squillente, cen'd from P. 10) 12/16-WBSC (1550) 7:15 s/on. WRAD 7:30 s/on

(1460). 12/17-WOPA (1490) s/off but forgot to put time, either 3:30 or 4:00. CKOT

(1510). WASA (1030) f/c. WHBG (1360) 5:30 s/on. WEOK (1390) 4:30 p.m. s/off. 12/19

WHMP (1400) 5:00 p.m. WENT (1340) 7:45 p.m. 12/22-WTAY (1570) 6:47 a.m. 1/c. My

brother Henry logged 11/7 ZNS (1540) 7:15 and 12/16, KHON (1380) 4:15 a.m., music,

with S 7-9 signal. 73s.

Ray B. Edge - 325 Shirley Avenue - Buffalo 15, New York.

Well, no DK in past several days although did receive a pictorial postal card verie from KBOM, en-KGCU by Ray Barnett, CE. Heard them while trying for DX from CHAT on Dec. 12. Souns KBOM is an AN or close to it. This makes verie number 1,967. 1,966 was a nice letter from WTUC-1580/. Want to thank all of you who sent Christmas cards to this location. All very much appreciated. We here at 325 as usual had all the family together for Christmas. The four grandchildren of course had a good time but Mom and Pop Edge were kinda glad to see them treck for home in the evening as both were protty well tired out. Finally heard some ads on WNIA-1230 here in Buffalo but still no report from me. Finally, thanks to Dick Cooper for taking over the two issues for Hal Wagner and hope that Hal and family had a wonderful trip. More DX from here soon.

Hal Williams - 50 Third Avenue - Seymour, Connecticut Well, here we go for the last report for 1956, a year that has seen quite a drop in both DX reports and veries but on the brighter side I did receive some real good veries and I added two BCB countries verified during the year. Reports (new) for the year numbered but 128 against 151 in 1955, 200 in 154, 231 in 153, 198 in 152, 193 in 151, 331 in 150 and 483 in 149, my first year of active DXing. Veries for 156 number but 86 against 143 in '55, 182 in '54, 200 in '53, 178 in '52, 175 in '51, 292 in 150 and 441 in 149 for a grand total of 1,697 with one more mail to come in 156 to try and attain my goal of 1,700 by the end of the year. I have just received a copy of the "World Radio andbook" for 1957 and I can heartily recommend that every DXer should have a copy especially those who DX on split frequencies and are interested in foreign DX. (See Fred Van Voorhees' International Section of the Dec. 22 issue). My DX by dateline: 12/23 I tried for the KWRT-1370 DX for NNRC but it was not heard, but not needed. 12/24, I tried 1200 for 4VEC but only French heard about 1204 or 5, I believe Bordeaux I but too noisy to copy. Tuned 1140 at 3:15 and CBI. Syndney was there with an S-7 signal for a needed and splendid DX. I left CBI at 3:35. to try again for 4VRB or the French speaker on 1205 but neither heard. CBAF-1300 in at 4:00, a real powerhouse until a tone pest upset the applecart, but CBAF was not needed. WSNV-1150 heard on NNRC DX but not needed. 12/25, WLAC-1510 s/off at 2:00 to return at 7:00 (Christmas AM only) and KIMO s/on immediately for a test, neither needed. CHLN-550 Three Rivers, P.Q. was on with traditional Christmas program but not needed and I was too tired to listen longer. 12/26-WIPS-1250 Ticonderoga, N.Y. f/c-TT 12-12:15 and WKLX-1440 Paris, My. f/c-TT 1-1:15 per new f/c list and both needed. I logged the brand new CHRS-1090, St. Jean, P.Q. 3:59-4:27 p.m. s/off thanks to a swell tip from Howard Memp. No more AM DX until 1/3 on account of work sked. Some luck with ten CPC DXes listed and all except WJCD and CJRW are needed. DX Mail Bag: Best verie of the year, a letter in perfect English from "Radio Luxembourg"-1439 (see Foreign DX news), CKCL-600 for NRC DX, letter CFNS-1170 and CE stated mine was the only report from the East Coast. QSL from AN WJOL (silent only Wednesdays 2LOO-6:45), tip card from Harv Robbins for WJJNO-1250 DX but not needed and IIII be at work. Thanks, Marv and a request from J. Howard Harding for my loop plans. Then were sent. 12/29, letter from CFJB-1090. 73.

Lefty Cooper - 438 East 21 Street - Brooklyn.26, New York

No veries have come in, and not too much DX has come in, either, mainly because Hew

Year's came along. I was at a party in Morristown, N.J. on the night of 12/29 and the

morning of 12/30 so no chance to tune for much-wanted WJCD. 12/31- WBBN-930 fooled

me with that Spanish record at the outset of their show, but it was definitely VEEN

and not CHCK or any other Spanisher. WTUS-580 could not make it through CKEY and the

slop-over of WHCA on a TT. The Canadians came in fine. Back out to Joisy for 12/31

evening and 1/1 party (to 10:15 a.m. - wow!) and of course, no DX. This party was in

Morris Plains, near Morristown. Noted on their house radio there that WBENN-930 was a

very good second to near-by WPAT during the evening. Ye Ed has had several latters

and carls asking for answers of late. I wish I could answer these, fellows, but the

time just loesn't permit extensive correspondence. These stencils take up the even
ings, bowling a third, and DX reports, and of course, non-DX activities merit time.73.

Thank you cands are in order to Bill Mack, Station Manager of WHDC, Chicago, Ill. for their standby 12/31 for the CJRW special.

Edited by Fred L. VanVoorhees, Eox 132, Lemoyne, Pennsylvania, U.S.A. With the holidays gone, we are DXing again, I can tell by the reports. So here goes with the contest standings.

FOREIGN DX CONTEST Eastern Leamue 1. Kermit Geary, Pennsylvania: Adds CSB9, HJFX, CMJL, YMX-----73 Steve Johnson, Maryland, No ontries -------Hal Wagner, Pennsylvania, No entries------Lefty Cooper, New York, No entries------1. Hal Schrock, Illinois, Adds XEO, KMQ, XEOR, XET------20 2. Eric Sristow, Illinois. No entries------0 Harley De Leurere, Indiana. No entries------West Coast League 2. Hank Wilkinson, California. Adds: JOTR, JOJR, JOTK, JOKD, KMTH, CJCA, JOJK, JOTB----85 3. Don Reynolds, California. No additions-----74 FIRST FIVE OVERALL

1. John Alexander, West Coast 101 3. Don Reynolds, West Coast 2. Hank Wilkinson, West Coast 85 4. Kermit Geary, Eastern 74 5. Roy Willar, West Coast

Really looks as if the DXcrs are on the West Coast this season. Roger asks that we add that he has noticed in DX MEWS many of you are getting veries, but not reporting them to him. Let's keep out verie totals up to date in the contest. All entries so to the manager who is Roger Anderson, 5700 Eighth Road North, Arlington 5, Virginia. I was going to start in with the DX NEWS here, but I think it might be better to hold it over and start on a new page. So I'll fill this line with my best wishes to all for a HAPPY NEW YEAR, a bit late.

MEXICO-*-Vorio received from XEFB (630) with verie signer as Jesus Quintanilla. (RA) XEOR (1390) logged through WFNC on 12/24 at 0557. (RA) XEAZ (1270) Tijuana, B. C., in the clear at 0345. (KR) RHM notes that he logged this station signing off at 0400 on 12/12 XEOR (1390) logged through WFNC on 12/24 after severely QRMing CHAT's DX program. XEB (1220) is apparently the 1205 Kc. mystery of 12/5, although RHM can't understand why the call sounds like XER. (RHM)

COSTA RICA-*-Those stations were noted on the morning of 12/25: TIJC (585), TIDCR (625), "Radio Musical" (670), TIRA (735), TISA (830), and an unknown on 905 Kcs. (RA) HH adds TIQ (1175) to the list also noting his reception of TISA (830), both on Christmas morning.

HAITI-*-4VEC (1197) DX received here in its entirety S-6 to S-9 on 12/24. (Ra) HH also heard them very well and they announced as using 350 watts. CMS logged them very weak with static on exactly 1193 Kcs. Both CMS and his say 12/22 which I believe is correct date. RHM to tatively logged them at his place, and sent them a tape which he hopes will confirm. (RHM) Current schedule for 4VEC is Daily exc Thurs. 0500 (Sat 0445)=0930 (Sat 1030), Sat and Sun 1500-1700, Daily exc. Wed and Thurs 1700-2130. Frequency is supposed to be 1200 Kcs. (RRH)

HONDURAS-*-Lm (1600) verified by propared card. Signor is A. B. Engle, Tropical Radio Yelegraph Co., La Lima, Honduras, CA. (Country #72 for HH) HRCW (845) "Radio Monserrat", Togucigalpa, logged on

12/21 at 0001; (CMS)

ALLSKA-*-KINY (800) Juneau and KIFW (1230) Sitka, noted on F/C

as listed on 12/24 (4th Monday). (RHM)

PUERTO RICO-*-WITA (1140) San Juan, believed weak LA noted here on 12/24 from just before 0400 until WWVA s/on. (RHM) WENA (1560)

Bayamon, will got a tentative report on leg of a sign-on at 0315 on 12/27. listed f/c time. (RHM)

GUATEMALA-*-TGXA (790) "Redio Exito", Guatemala City, logged on 12/17 at 0400. Only ID heard was "Radio Exito". TGTO (810) "Radio Internacional", Guatemala City, logged on 12/21 at 0230. (CMS)

CUBA-*-CMCX (1060) Havana, was logged on New Years Eve program

1/1 from 0135-0200 sign-off. Was mostly S-9 Plus and easily logged with faint QRM. (FV)

SOUTH AMERICA VENEZUEL .- *-YVMF (1120) Maracaibo, heard under KMOX carrier and tone from 0544 to 0602 on 12/24, very loud. (HJW) YVQO (650) Puerto La Cruz QSL'd by propared card signed by Rafael Bellorin M. (HH) Reply card, veric letter, and greating card all received via separate air mails from YVQO (650) 10 Kw., "Ondas Portenas", Puerto La Cruz, too bad more South Americans weren't as cooperative. Signers were Anna Millan Gil, Secretary and Rafael Bellorin M., Director, at Apartado 4123. (RA) Y VOD (780) logged on 12/24 at 0400 with religious service. (RA)

COLOMBIA-*-HJFX (1172) Manizales, heard from 0447-0528 on 12/24 with signal ranging from S-3 to S-7, report out. (HJW) HJW also says he thinks HJGK is still on 1205 Kes. (The new list definitely shows him on 1180 Kes.-FV) HJCI (890) Bogota, "La Voz de la Victor", logged on 12/17 at 0300. (CMS) HJDZ (1070) Modellin, is presumed to be LA heard on about this freq. before 0400 on 12/24 AN? Or does anyone have any other suggestions? (Think this is correct. Is a member of "Radio Roloj" group, and uses this slagan-FV) See the Mystery section about the 1420 Kes. station-FV. These stations were noted on Christmas morning: HJDK (770), HJED (820), HJKC (840), HJCV (1200), HJKR (1220). HJFB (620) logged on 12/10 with festival program. HJKR (1220) logged on 12/25 with all-night Christmas show.

FOREIGN PAGE 3 DX HEWS January 5, 1956

HJCV (1200) logged on 12/24 at 0300. (Ra)

NETHERIMADS ANTILLES = *- PJA-10 (665) very strong with Christmas

music on 12/25 from 0300-0400. (EH)
PERU-*-OBX4X (907) "Radio El Sol", Lima, logged on 12/25 at

0400. (CMS)

BRAZIL-*-PRE9 (1200) Fortaleza, sent report in belief that they were the LA noted on 12/22 on 1200 Kest, were heard just prior to 0300 on this occasion. (REM)

EUROPE

PORTUGAL-*-CSB2 (782) Paredo, longed on 12/17 at 1730. (CMS) WEST GERMANY-*-All transmitters of "Radio Free Europe" are now radiating a special program in Hungarian at 1840-2000 on 719 Kesi (WRP)

LUXEMPOURG-*-Letter in perfect English, from "Radio Luxembourg" \$1439) for report of reception on 10/15, mailedm ordinary mail on 11/2, verie dated 12/6, received 12/24. States "We checked your valuable report and we have the pleasure" to let you know that you *were listening to our Flomish programme on October 15, 1956, from 1232-1337 GMT on 208 meters. You can hear our English programmes every day from 1800-2400 GMT on 208 meters and for the moment on 49.56 mters. Furthermore, we send French programmes from 0630- 2400 Caff on 1287 meters." This was for a reported tentative report. (HSW) (Hal, you sent this tiem twice, 12/28 and 12/29-FV)

FRANCE-*-Bordcaux (1204) is coming in, but too noisy to copy.

(HSW)

TISIA

BURMA-*-Rangoon (955) heard in Western Australia testing new 50 Kw. transmitter. (RZ via KR)

IR.Q-*-Beghdad heard on new fr quency of 908 Kes. (XX via KR) JAPAN-*-JOKD (1370) Kitama, logged 12/22 for first report of this season to a Jap. ID in English at 0330 while I was looking for NNRC DX from KWRT. (REW) Verio in from JOTB (1330) 10 Kw., Matsue, Japan, memberof the HK.

OCEANIA

AUSTRALIA-*-5PA (1160) Ponola, South Australia, ABC Regional,

now on the air. (KR)

FIJI Islands-*-Fiji Islands are now operating medium wave stations on 840, 890, and 930, kes, the 890 outlet is a new one. (SW) - MYSTERY

HJV asks who the RCN station in Cobombia is on 1180-1185 Kcs. (As stated before the list shows this as HJCK, "Radio Sentander",

Bucaramanga (-FV)

Rak asks if a Colombian on 1420 Kes. will fit in with a slogan sounding like "Radio Carachi"? (Nothing here in Colombia, but I logged this one at S-7 to S-9 Plus this morning 1/2 from 0349-0429 and I think he is a Cuban. Slogan sounds to me like "Radio Covasos La Emissora ----". Cuba was the only country mentioned while I listened, and Rancho Rita and Rancho Boyero were both mentioned. Since Rancho. Boydros is the name of Havana's International Airport. it may be a clue. Time is given preceded by a single chine every fifteen minutes on the quarter-hour. Hope some of the rest of you. will help us identify this one-FV)

RHM also has a LA on 1170 Kcs. heard 12/24 before 0400, apparently AH. (Maybe HJFX-FV) RHM also says that on 1200 he reported station believed to be PRE9, but heard on 12/24 from 0300 on, still coming i after 0500, which makeshim think maybe not a Brazilian. Does anyone have anything on this one? Could it have been HJCV?

CMS reports an unidentified station at 0310 on approximately 1195 Kcs.
