WEEKLY NOW.

Please bear this in mind, gang, and that means we'll need reports from more and more of you for all sections of DX NEWS. Brooklyn deadline is Tuesday; Crystal Beach's is Wednesday. Everybody, please take an active hand in DX NEWS and send in those notes.

DX DOWN THE DIAL

This column was designed many years ago by Ray Edge and was meant to contain all the latest "hot tips" in capsule form, by frequency. Of late, not too many of the members have been sending in such items to Stan Stanbury. From now on, we're going to display this column in a more prominent place in DX NEWS - on Page 3, until the DX Test write ups resume, and then on Page 4 - in front of Musings. Here we hope to find late f/c skeds, new s/ons or s/offs, or other important tips on logging a given station. So if you have something "hot" be sure to postcard it to Stan, and remember, it costs only 2¢ to send a postal to Canada and takes only about five minutes of your time. We want to see this column built up into something really big and important, so we call upon each and every one who has an important tip to send it to Stan right away so that he gets the news item while it is still news. Stan also wants the new ETers you hear, and wants notes on how our DX Tests were received. All in all, Stan's "DX Down the Dial" is important, and should be the second most important part of DX NEWS, second only to the DX Calendar. You lads can make it that, and keep it that. Will you?

- - - - - TEN YEARS AGO - - - - -

Hank Holbrook suggested for our 25th anniversary we re-print DX reports from 25 years back. Ye Ed doesn't have those old issues, but we do have them from ten years back, and we herewith take up Hank's suggestion, and we'll reproduce a report from the corresponding issue of Volume 15, when space permits. Thanks for a fine idea, Hank!

*****Eldon Addy - Marcus, Iowa (from Vol. 15 - No. 4, 10/11/47)*****

DX this past week fair, with these new ones heard: Sept. 29- KVAM, 1340, Monahans, Tex f/c 3-3:15, MBYS, 1560, Canton, Ill. ET 3:20-3:40. Your editor has been placed under heavy pressure, spear headed by one individual, to delete UU. (I cannot state this person's name without violating the NRC's by-laws) Thus unless I hear from a lot of NRCers expressing interest in UU, the feature is hereby deleted. Frankly, your editor cannot understand why some are so anxious to kill it off without allowing it a try out.

✓ Carroll Seth - 154 Parkridge - Buffalo 15, New York

Another bulletin today, Monday, and am pleased to see members getting ZFY varies. Mine is still out - doggone it! Took my Super-Pro to a new repair shop today. It was in another shop since the first of July with no work done on it. TV repair business makes it awfully tough on owners of communication-type receivers to get anything done on their sets. I hope to send mine in to Douglas Labs for a complete overhaul next year. Another bulletin may bring a complete convention report from our Ponca City host-members. Their silence to date seems ominous. Having finally secured working hours which will make DXing possible and pleasurable, I hope to do very well on our CPC DX programs. Members are again invited to join the Seth-Kruse dogfight. The entry fee is one dollar. The contest will start with the first CPC broadcasts. I plan on winning; Len Kruse thinks he will. Don't join us unless you've heard a majority of past CPC DXes or, as in my case, think you've a better chance this year. Although this contest is open to NRC members only, it is not a part of the club's program and not sanctioned by the Board of Directors. So, don't join out of loyalty to the good old NRC. Good sports (and the club is full of them) are requested not to make donations. Our contest will follow the rules of DX etiquette and failure to enclose postage with reports, for example, will result in a quiet dismissal. Opening and closing dates will be announced later and standings may be sent to contestants by private mail. Kruse and Seth are a couple of lean and hungry DXers this year, so - THINK!

✓ Mrs. Elbert Jewell - 228 South Lake Street - Carey, Ohio

Another year and the Convention is now history, but believe you me, the memories shall live on. Thanks to Hank Ward, and his wonderful helpers for the grand time all of us had. I'm sure those of us that attended the pow-wow shall never forget the beautiful array of colors. By the way, the few pictures Elbert took were fine, just sorry, of course, that he didn't take more. No wonder Pat was so tired from his trip. The train stopped at every cow pasture to pick up a can of milk! Just look how much shaking he had to take every time that train stopped. Too bad Bob Seifert and Pen Patch had car trouble, but they tell us it can happen on a trip (knock, knock.) We have been very lucky on our trips. Then Bob Gorsuch really wanted to attend the Convention. He had to make four changes of airlines all in one day; then the Raymonds from California arrived in Kansas City to learn there would be no more planes to Ponca City until Monday, so they finished their trip by bus. We were glad to see so many interested women this year and trust that there will be more next. Remember "It's the Buckeye State in 1958!" B.C.N.U.

✓ Bill Prater - Grimsley, Tennessee

Will give a resume of my DX activities since the middle of August, starting with 8/18 when I logged WKDX 1400 on RS. 8/19- KADO 1410 ET. 8/26- WGOR 1580 ET, WEAG 1470 on RS, can be heard here all day. 8/28- KCLP 990 ET. 9/4- KBCL 1220 ET. 9/8- KBKC 1480 ET. 9/9- WATP 1430 f/c-M 1:29. 9/16- WBSM 1420 on late with plane wreck details; KWVB 1270 ET, and WENC 1430 on RS. 9/17- KPBA 1590 ET. 9/21- KBSF 1430 f/c. 9/21, WYDE 350 24 hour schedule. WNIL 1290 f/c-TT 2:20. 9/22- WIMS 730 ET 3:12, WAIL heard on 9/24 1460 on RS. 9/25- WWCC 1440 ET. 9/26- WOP 980 2:17-2:50 f/c-TT. 9/26- WGMT 1410 6 p.m. s/off. 9/29- WRIL 1410 ET. Our local WCLE 1260 Jamestown, Tenn. was scheduled to begin ETs this AM 9/29 but didn't make it. Should be on any morning now. Varies now total 3,163 with recent additions being WNIL KBKC KBCL WEAG KADO WBEE WJJC WILA WSJC WDAX WMLF KLVI WFSC WTHR WCHK KZIP WJBD KLEX WCYN and KCLN. KCLN was obtained by a personal visit by our good member Len Kruse to the station. Thanks, Len. Guess that's it for the summer so now I'll start looking forward to the new DX season, this time with plenty of AN, including WBML on 1240, KANS 1480, KWVB 1410, WJAN 1400, WMEJ 1450 and many many others. Lefty, I visited your friend Eddy Lane at WAEN Crossville recently - had a nice chat.

✓ Ron Fowler - 2 Rosewood Drive - Harrisburg, Pennsylvania

A question has come up in my mind that I know will come up in others. It is based on five things. 1. In DX NEWS "Heard Since Last Issue" 1090 WILD ex-WBMS NRC. 2. DX NEWS, Call Changes, WILD Ex-WBMS, Boston. 3/ Stan Morse mentioned in his report of the change WBMS to WILD. 4/ Pat Reilly in his report has following listed: 8/24, WILD, 850, AN for a new one. 5. I have WILD (850) Birmingham, Ala. logged and verified. Where is WILD supposed to be, on 850 in Alabama or 1090 in Massachusetts? Missed up somewhere. (WBMS-1090 changed to WILD; WILD-850 changed to WYDE). -Ed.

✓ Stan Morse - R. R. 3 - Bradford, Massachusetts

10/1- WCPC 1320 testing using 5,000 watts, to 2:07 EST. Verie, WPIW. 10/3- CKBI 900 at 2:05. WAIL 1580 TT 2:17. WMIA 1070 Arcibo, P.R. TT with Riverhead to 2:35. WTUC 1580 f/c 2:43. Verie, WYSR a letter and an indefinite one from WAMS for 9/29 reception. 10/4- Guatemala on 810 till after 2:00 - TGTO? WAIL also noted to 2 on 1460. WCPH f/c 2:23 on 1220. WBML AN topping 1240. Verie, WWCC. 10/5- WAIL Baton Rouge copied 1:37-2 on 1460 kc/s. WRVK 1460 Mount Vernon, Ky. on with TT after WAIL s/off. WIRE RS to 3 a.m. KENS 680 test, 3:05. 10/7- A Banner morning in all ways. Four new stations logged and a nice rain all night. WHBF 1270 s/off 1 a.m. WBIL-1410, Leesburg, Fla. ET 1:03. KIL0 1440 RS 1:33. WLOH 1490 TT 1:51. WEKY 1340 f/c 2:22. WINS AN this AM, Monday. WDEW 1570 Westfield, Mass. ET 2:46 had a tough fight with XERF. WCLS 1580 TT, Columbus, Ga., TT 3:17 a.m., QRM by KHAM using military band music. 10/8- "Radio Centilina" 1475 mentioned Colombia on S-7 signal 2:12 a.m. on. Seems like I remember some one reporting this before but can't remember when now. WBSC test to 2:53 on 1550, then KOBY in clear for a new one on RS. KARM also for a new one, previously passed by, 1430 kc/s. Verie from KGH1, a prize for me, one of my most wanted. 10/9- KXLF 1370 RS 1:05. KGRN 1410 Grinnell, Iowa ET 2:10-2:32 giving WING a real hard time on announcements, not so good on music and TT. Three cheers for the Dodgers - the L.A. Dodgers, that is. 10/10- KPEP 1420 music and TT 1:18 to 2:07. KOGT 1600 giving WAIL & BATTLE 1:52 a.m. WABR 1440 Winter Park, Fla. a new one at 2:31. XECL 990 Mexicalo at 3:00. I see I ran over 30 last time so will send in a little quicker report this time.

✓ Ray B. Edge - 325 Shirley Avenue - Buffalo 15, New York

Kinda surprised? Yep, Ole Pop and Mrs. Edge attended the '57 NRC Convention and both of us had a really wonderful time. The meeting of many new faces was very pleasant. Among those were Mr. and Mrs. Karl Raymond, Raleigh B'ss and his two very nice daughters, Marv Robbins, Francis Mittler, Mrs. Ken Borden, Mrs. Hank Ward, Ben Patch, the lads from Stillwater, Okla. and of course Miss Debby Kruse, along with the four nice children of the Norm Maguire family. I guess there were a few others but being inactive so long kinda forgot who they are, will have to dig out the pictures again. Anyway, it was a very pleasant meeting you can be sure. Then on the way home from the vacation that followed, a stop at Cedar Rapids brought more pleasure to the Edges by meeting Dick and Mrs. Northup and Mrs. Wachtel along with Mrs. Gorsuch. Of course, a swell dinner was had at the Colony Inn at Amana, it kinda took off the sting of not being at the '55 Convention. After leaving Ponca City then, Kate and Pop took off and went to Oklahoma City, Amarillo, Tucumcari, Albuquerque where a very pleasant visit with the Maguires was had. Then on through Santa Fe, Taos, Raton, Capulin Mountain, Trinidad, Pueblo, Canon City, Royal Gorge, Colorado Springs, Pikes Peak, Garden of the Gods, Denver, Mount Evans, trip around Leadville, Idaho Springs, Lookout Mountain, Rocky Mountain National Park, Cheyenne, Custer, Rapid City and the Black Hills and Badlands, thentoward home with a stop at Cedar Rapids, Dubuque, but the Edges pulled a boner there and did not hang around long enough to let Dorothy get back home after picking Len from the Post Office, and this disappointed the ones effected. Then, towards home and passed through Findlay, Carey, but again no one around and then home. Western roads certainly good. Looks as if all goes well next year, the Edges will again head West after the '58 Convention in Findlay. Oh yes, reported and verified WNIA since returning home and also a report out to WNYS and one soon to WBUZ. By the time you pepple read this, WXRA-1080 kc/s. in Kenmore, N.Y. will have changed its call to WINE. Yep, I'll be doing some DXing this season. Best to all. To those of you who did not make Ponca City, well, you really missed something.

✓ Peter Hansen - 34 Young Avenue - Croton-on-Hudson, New York

Hi gang. This is the first letter in quite a while from Croton. The reason I am sending it is to let everyone know that we are still alive and had a wonderful time at the Ponca City Convention. Alex Mackenzee and Ken Maylath and myself drove out with Stan Morse in his 1955 Ford Station Wagon. I would like to thank Hank Ward and everybody else who put in his time and hard work to put on a very good Convention. The only thing I have since I got back has been WACB, 1380 kc/s., signing on. Until next time, 73s.

PLEASE REMEMBER THAT "DX NEWS" IS ONCE AGAIN WEEKLY. TO KEEP THESE WEEKLY ISSUES FULL OF THE LATEST NEWS IN THE WORLD OF BCB DX, PLEASE RESOLVE TO SEND IN REPORTS TO THIS AND TO THE OTHER SECTIONS AS WELL. BROOKLYN DEADLINE IS EVERY TUESDAY.

✓ Bill Stone - 112/540 Dundas Street East - Toronto 2, Ontario

KBMO 1290 ET-TT, SIs a rarity, 2:30-4:00; WNYS 1590 f/c-M held every Tuesday morning, both on 8th. Oct. 7- WDEW 1570 with first ET 2:20-4:06, again 5:00 a.m. on; WAST 1570 1:55, till WDEW took 'em out. Both used music. WDEW CE is Al Capstaff (phoned him; he was socked pink). WTKO 1470 f/c/M, then TT. 10/6- WBUZ 1570 with s/on 7 a.m., also phoned CFOR. Boy, have they got bugs in their new 10 kw. job, GE worry. On 7th WLOH 1490 pounded in here on f/c-TT 1:50 on. 6th- WBLU 1480 f/c-M, s/on 5:35; WYZE a powerhouse at 5:20 with RS. All above tuned in on standby job, six tube 1950 AM/FM Viking. Navy job went real sick on 2nd, in getting all resistors and condensers checked out. 1450, strong unmodulated carrier on this channel, 6th, 7th and 8th, ditto on 1490 and 1590. 1270, same stuff. WFVG 1460 s/on 5 a.m., powerhouse here. WCTC 1450 s/on 4:30 a.m., 5th Oct. WTRU ET/M 2:20, still going 2:40; WTUP 1490 ET-TT 3:37-4:00. Was up on Pension checkup on 30th September, never saw any specialist, so no one told me NOT to DX, will try to keep my hand in. Good to read that the Brooklyn sleeper is DXing and not sleeping anymore. All we gotta do now is get Pop out of the Kip. 9th - Boy, I'm in the Beilley class now, three in one morning - CFRY 1570 RS 1:00-1:07; WLRP 1:01-1:15 ET-TT; WCLW 1570, Mansfield, O. not WDWL as listed, ET 1:48-4:00, TT and music, 1570 kc/s., anyone know who the boy using TT 2:03-2:50 and later was? Gave SI at 2:12, again at 2:30. I missed 'em both, had spare DXer with me, No. 4 son (three years old) from 12:30-4:30, he was so excited seeing his Ma again. Did you ever try to copy a call with a Denace yakkin away? 1580, problem here, anyone got any ideas on who the Bug up is on here? Heard fourth time in five days, all he sends is continuous Vs, he's usually on 1:15-2:00 a.m. There was an OC atop him, the latter used concert music 1:15-1:36 when he pulled the switch. 1290 3:30 a.m., station with music behind CKSL, slopover from WJLL carrier prevented getting call. Navy job back today. 10th - WCBG 1590 ET/M from 12:01 EDT, 5 kw. Phoned 'em, they paid shot, again 2:30 a.m. WKDL 1600 ET/TT 12:25-12:32. WCWC 1600 heard SI at 12:30, just carrier and WCWC Ripon. 920, carrier on, no SI. 1250, 1300, 1470, TT, tuning transmitters, no SI. 1500, unknown on AM, no SI. 1340, ditto. 1340, WMTE f/c-TT 3:30-3:40 SI in speech and code.

M/Sgt. John D. Hathaway - USAF Mission to Honduras - c/o U.S. Embassy, Tegucigalpa.

9/17: WSM 350, 12:30 a.m., WILD, 850, 1:15, 5-9 plus 20, QRM; KOA 850, 1:17, KTHS 1090, Q5 S9 plus 37 db, sent report; KYW 1100, Q5 S9 plus 35 db, sent report; WCKY, 1530, new one, Q5 S9 plus 31 db, 9/18- 12:01 a.m., WDIA 1070, Q4S9 plus 37 db, QRM. 9/20- KTRH, 740, 9:20 p.m., Q5 S9 plus 17 db, already reported but no verie yet; WWL 870, heard 9:45 p.m. Q5 S9 plus 22 db, sent report. 9/24- KPAC, 1250, Q5 S9 plus 29 db, QRM. Signed off 1 a.m. with "The Lord's Prayer", sent report. WZOK, 1320, Q5 S9 plus 27 db, QRM, sent report. 9/30- WQAM, 560, heard 1:50, Q5 S9 with QRM and QRM. 10/1: KVOD, 630, heard 1:30-1:45, Q4 S5 with bad QRM, sent report. WLCS, 910, had 9 p.m., Q4 S9 plus 35 db with lots of QRM. 10/2: WBAP, 570, had 12:15 a.m., Q5 S8 with Spanish speaking QRM. KENS, 680, heard 12:30 a.m., Q4 S9 plus 30 db, QRM from WMPS, sent report. 73 and DX.

✓ Hank Wilkinson - 6620 Beeman Avenue - North Hollywood, California

I've been working odd shifts all summer and early fall plus 12 to 14 hours a day, six to seven days a week. Just this week I've been transferred to the second shift (4:30 to 1:00* so now perhaps I can get to do some serious DXing in the foreign field. I talked to Ted V. the other day and he has been at the dials in the early AMs and heard a variety of TPs. So far, I've heard about ten to 12 of the higher powered Japanese stations, several Chinese and the high powered North Korean on 785 kc/s. The SAs are making their early AM s/ons just as loud as they were last year during mid-winter. I would say that many of the SAs have increased their power since last season. Going to visit my cross-town DXing pal Don Reynolds, this Saturday to pave the way to take first and second places again this season. A'fe you listening, Roy? I received another verie from ZFY for my report of 1/29/57. This is the second time I have received two veries from the same station that Don Reynolds has reported to yet no verie for him. Can't understand it. Neither can Don. No one really gave a "bird's eye view" of the NRC Convention in the bulletin as yet. For those who couldn't make it I'd say someone should "dne" us in as my daughter would say. I don't know how many entries the West Coast will have in the Foreign DX Contest but I hope all who participated last year will come forward again this season. I liked the competition the Eastern & Central leagues had. Here's hoping everyone has a fine DX season, foreign or not, and contributes his share to the various activities of our fine DX Club.

✓ Hank Holbrook - 4710 Edgemoor Lane #206 - Bethesda 14, Maryland

Well, this is unusual. Here it is Thursday night and I typing a report to "Exchanges." Usually I wait until Sunday before the deadline for such goings on. But tonight I'm really in the mood. The wife is out, I have a can of beer here and I'm listening to the Hi Fi and one of my latest additions, a 33 1/3 RPM by Wilbur de Paris and his new New Orleans Jazz, and boy, this music is gone. Used to listen to Montevani, but no more of that - this New Orleans Jazz is the greatest. It's hot - just like some of the issues before a Board of Directors! Wow! Let's get to some DX here. Earlier tonight I took a log on CMHH Cienfuegos, Cuba on about 938 kc/s. with all kinds of QRM from 940. I logged them from 7:14 to 8 p.m. but didn't get too much. Got one ID, a couple of tunes, couldn't ID one product mentioned and you know those Spanish stations - one advertisement right after another. Oh, that music is tremendous - Sydney de Paris is now on trumpet. As you remember in the last issue I listed foreign stations contacted for DX programs. Well, I did get one and if you'll peak at the front page you'll find PJC-7-2 minus his power. Don't know what he's using - Hal Wagner, you verified him last season - do you know? Also got a letter back from 4VA Haiti saying they could not DX at this time. Also sent a CPC letter to OBX4A (down below New Orleans) in Lima, Peru. This was another one of my famous CPC Spanish letters. (So far, no reply to any of my Spanish CPC attempts, but I guess it's still a bit early to tell.) Sure has been a long time since I've sent anything in on my BCB DX-ing. As a matter of fact as some of the Board members will tell you, I've done too much LW listening. It seems to be forbidden around these parts. Well, in August I picked up WFLW on the 19th on 1570 with a f/c. He's in the State of Kentucky. Next station added was the new WGOR Georgetown, Ky. on the 1580 spot. Ended the month with a report to CHUM Toronto, Ont. on 1050. Boy, was he fighting the QRM, but I have a verie to prove my conquest. September reports went to WKWF 1600 which was most wanted; 4VA 1080 which was way over WTIC on the 19th; HJAV 1185; HJEE 820 kc/s. In October I've added three so far - WPRW 1460 which is a new local or semi-local here in Manassas, Va. Also added KXWB 760 above WJR and KXRH 1500 kc/s. Guess I have to let the veries go till next time. Will sneak out now with the music of Paul Barbarin. Be sure to let Lefty have your BCB reports. Bye.

✓ Francis H. Nittler - 2305 South Lincoln Street - Denver 10, Colorado

Here I am back in Denver after enjoying a two weeks' vacation trip to New York State and points in between. I drove a total of 4,800 miles on my trip so didn't exactly sit around too much. Naturally, I did hear one or two stations along the way that I could sure use in my DX Log such as WBUZ (1570), Fredonia, N.Y. and WSBS (830) Great Barrington, Mass. Sorry I didn't have a chance to visit or call any NRC members but just didn't have enough time and had quite a car load. I did manage to DX two mornings this week. On Monday 10/7 I added WYBE (850) on their AN show and the new KAHI (950) Auburn, Cal. on ETs from 3:52 on with KJR Seattle testing at same time so report sent then too although logged before. Then in the evening heard KUBC (530) Montrose for first time on new frequency and was surprised to find KWVM (1050) Snow Low, Ariz. coming in quite well at 7:40 p.m. to s/off at 7:45. What a name for a town! Veries rather scarce here. Postcards from KLVI (1600), KRGI (1430) and letters from KBCL (1220) WLOK (1480) WKYR (1270) and KNOT (1450). Almost forgot letter from KJUN (1240) received yesterday. I will have to get busy and send out some reports and f/ups if I expect to get any more veries. The best of DX to everyone and I am sure the coming season will find many new stations to add to everyone's logs. 73s.

✓ Ores Wilson - 226 North 4 Street - Reading, Pennsylvania

Certainly wish Bill Stone improved health and a return to normal activities. Lots of California members reporting to the bulletin, I see. I heard this season's first test program on 10/5, WGGC-1270. Caught the last five minutes, s/off at 2:38. Sent report. Think I will go after the first DX Special on Nov. 11, WRKE-910. These Virginia stations usually roar in during their tests. On Mount Penn. overlooking this city, lies the elaborate abandoned transmitter of WEEU-TV and FM. A large modern building with a huge red tower about 200' high and a smaller FM tower. No one is ever around and no sign is up - not a word to identify it. The transmitter is visible for miles around and after all this expense, they went out of business. However WEEU-850 is going strong. Its transmitter is five miles out in the country, a four-tower array. Studios are downtown on Penn Square. There is one tower downtown, that of WBAF put up about 1936, I believe. WHUM has a small tower, one mile out erected ten years ago. Nearby stations are WPAZ Pottstown, WGSA Ephrata and WLLI, Lebanon. 73s.

✓ Everett Johnson - 504 16th Street - Mendota, Illinois

DX is very slow here what mornings I have gotten up. Seems to be very noisy. First I want to thank Stan M. for the very fine verie for WPKO. Out of 64 DXes heard last season only one has failed to verify for me. That one is WEND-1380 and hope to get that one in soon as possible. Veries are very slow coming, with 20 reports out since Sept. 5, five veries in for October, all letters: KBKG-1480, WFBF-1570, from November report, WITT-1010, KBWD-1380 and WPKO-dx. Total now 1,536. Hope for 1600 by Jan. 1 but have my doubts. DX since last report, WWEE-690 s/off 1:00. TGW-640 s/off 2:00. WTSP-1380 on till 3:00, may be AN again. KBWD-1380, Brownwood, Tex. test. Verie back saying they will DX for NERC Saturday morning, Dec. 7, 3-4 EST. CMKL-800 RS 2:00. CMKL-800 RS 2:00. KRYS-1360 RS 12:35. KVNA-690 s/off 2:00. WMAY-970 off 12:05. All the above on the 29th of September. Verie from WEEF states our f/c is third Thursday of each month, no time given - frequency, 1570. 10/3- WSGW 790 RS 11 p.m. WLEH-1170 under KSTT. 10/6- WLBA-1580 ET 1:00. KOGT-1600 is AN. WDSM-710 s/off 2:05. KRUZ 1230 AN. Spanish on 720 after WGN off. Static too heavy. WPEK 1350 seems to be off Sundays as WSEB in clear. Tiers on 1270 1280 1500 1350, no IDs. 10/8- KATR 1030 in clear before s/off at 7:00. Another postal to John Haskett of WCRB Inkster asking to verify my report; no luck. First report sent 10/21/56, second 1/57 - what gives, John? PP card sent to KENV 1600 for long overdue report. Also WAJF 1490 got plenty more to send out. Am wonderif we are going to have a foreign contest? A few reports out to them. 10/9, 1070 behind KNX, TT, believe to be WMIA, Arecibo, P.R. Best of DX to all you DXers and hope this be the best season ever. WX been too ideal for DX here. All for now. 73.

✓ Polish M. Johanns - 72 East Genesee Street - Buffalo 3, New York

Hello all. Reading the NRC DX NEWS brings that temptation to go after some of those new and missed stations. Have not done anything since March, but may go after the Specials. Last Sunday tuned WBUZ (1570) on RS in afternoon and got verie by mail with their log, giving the items I tuned as correct and signed by both announcers and the engineer in charge, Boots Bell. This brought my total to 1,475 veries and like Pop Edge I got to get a better sounding number (he's after 1,600, me, 1,500). Older veries by WEAT (850) P.O. Box 70 says directional E/W; KIRT (1580) P.O. Box 708; KPEG 1380 DX, KALL-dx WPHG (980) says 5:30 a.m. (Sunday 7)-1 a.m., f/c fifth of month, 4:30 -4:45 a.m. EST; KGDE (1250) f/c as listed, but 1:35-1:50 a.m., sked 6 a.m. (Sunday 7)-12:00 their time and H. Allen is not there anymore. Have not sent any f/ups yet to many outstanders. On Oct. 27 most places will go back to Standard Time, while 15 central Kentucky communities will stay on DST all year round. Northern Maine has a movement to extend it throughout the year, to offset the area's short winter days. Fort Wayne and several Indiana places near Cincinnati will keep EST and so'll be an hour ahead of rest of Indiana. The F.C.C. has frozen all applications for clear channels pending a request for revamping that would permit more stations to operate on the same channel without interference and Greater Buffalo has two pending, one on 1300 by the Voice of Dixie and on 850 kc/s. one by the Twin Towers Studios. WKRA (1080) transferred license to J.W. Kluge and Transcontinent took over WGR (550). Several new issues of commemo stamps are coming, can't find my notes now. Lefty, the Soviet says the Sattellite transmitter power is only one watt and any reports will be outstanding but Pat Reilley will get a verie without following it up. Beep beep for now.

Bob Duggan - Atlanta, Georgia

As the DX world has become alive with the tracking of the Soviet Sattellite, we have picked it up often here in Atlanta. In fact, my receiver was one of the first in Atlanta to pick it up. WSB recorded it here on tape and had it on the air shortly after the first announcement of its launching. Not having equipment to cover the 40 mg, s. channel, I haven't been able to pick that up, however.

✓ Richard D. Rees - Route 2 - Foster, Kentucky

Will you please publish the following in the DX NEWS? I have one Knight Space Spanner for sale. It is in excellent condition and would make a very good present for some one just starting in amateur radio. It has short wave and standard broadcast, regeneration/circuit, antenna trimmer, and both main and bandspread tuning. It can be used with either speaker or earphones. The speaker is already installed. Price - \$15.00. Notify me if you are interested.

LET'S SEE THOSE REPORTS PILING IN HERE TO LEFTY IN BROOKLYN! PLEASE DOUBLE SPACE THEM AND PLEASE DON'T INVENT DIFFERENT ABBREVIATIONS FROM WHAT WE NORMALLY USE IN DX NEWS.

✓ Hal Williams - 50 Third Avenue - Seymour, Connecticut

As we go weekly I hope that all will have good luck this season and that YOU will let us all know of your DX doings via the Great DX NEWS. I shall be glad when we finally revert to EST. My limited DX catches by dateline: 9/26- WFDR-1370 Manchester, Ga. ETing through WSPD 1:25-1:37, just one good ID. 9/27- WSMB-1350, New Orleans, La. noted on after 2:00, seemed to be RS. Are they too AN? They were giving WADC a rough time. WKHL-1360, Kalamazoo noted s/off 2:28 to s/on at 5:00. WAOK-1380, Atlanta, Ga. 2:35-3 for a new catch but CKLC was giving them a real bad time. CHUM-1050, Toronto, Ont. logged on their AN show on this new frequency, logged over XEG with WINGI testing 3:10-3:45. 9/29- WMMS-730, Bath, Me. heard on final ET 1:30-2:00 as they s/off. They announce the first RS that AM at 5:15. 10/1- A continuous TT on 1420 under CIOG from 2:30-2:50 with never an ID. I thought it might be the needed WCED. 10/4- WAEY-1580 Amory, Miss. on f/c with one good ID at 1:20. 10/4- WMAX-1480, Grand Rapids, Mich. f/c-TT 3:15-3:30 as per f/c list with QRM from AM WLEE. 10/6- WIEG-1070 had a long test, organ music, 3:00-4:30 but not needed, of course. 10/10- WETB-790, Johnson City Tenn. f/c TT starting at 3:45 but not needed. The DX Mail Bag, letter and coverage map KBKC-1480, CE states RS 10/9 or 10/19. 9/21- The DX NEWS dated 9/7 and postmarked in Lake City 9/18 was received today. 9/24- QSL card in Spanish for #22 from Mexico, from XERCN-1110, original report sent 10/6/55 and second report on 9/8/57. 9/30, the 9/21 issue of DX NEWS postmarked in Lake City 9/28 was received today. Lots of good foreign info and an excellent article from Porter Atherton. It was also nice to read of all the doings at Poma City. 10/3- Letter from WITT-1010, for #130 from Pennsylvania and #66 from Georgia, WFDR-1370, also by letter. 10/4- A quick verie from CHUM-1050 and WMS-730, both by letter. 10/7- QSL card, WAOK-1380 and QSL cards from GMAN 840 for report of 2/7/56 without f/up. See International DX Digest. My sincere thanks to Earl Ward, our Board Chairman for his prompt transmission of the Poma City doings to us Board Members who could not go. That's it for this time. Am trying to arrange a WICC standby for WEST-600 some time in December, so watch your DX NEWS. 73.

✓ Roy H. Millar - Route 2 - Box 6704 - Issaquah, Washington

Hello!) First off, I'd like to say a few words re Stan's "DX Downthe Dial" section. I certainly feel that it is a key section of DX NEWS and it is a section that I separate from balance of DX NEWS to keep handy for ready reference by frequency. It has proved to be of great value on many occasions over the past years. As far as the LW information therein, it seems to me that a fair trial should be given before any decision is made to forbid same. I can't see that this type of material is going to hurt anyone, and it may be of real help to any DXing on these lower frequencies. If I can get the low band on my DAK3 to work, I'm sure going to see what can be heard below 540 kc/s. here in the Pacific Northwest. Couldn't help but be pleased to note that better than 30% of the 23 reports to 10/5 "Musings" were from the states of California and Washington, that is seven reports, and not counting Pete Taylor's from a California QRA. Good going, Far West DXers! You may have guessed it by now, but not much DX to report on this time, but here's what's new since last report: Sept. 27- KVBC-1240 weak from 6:45 a.m. s/on. Sept. 28- KYNG-1420 ID under KUJ at 9:30 p.m. s/off. Sept. 30- KUBC-580 s/on 7 a.m. for my 22nd new log of the month, and the first "twenty or over" month in several years. Oct/ 7- KPAY-1060 ID at 10:40 p.m., ex-KXOC. Oct. 8 - XELG-680 logged with extreme difficulty under KENS around 7 a.m. for a slim report; KPAC-1270 s/on 7:30 a.m. Veries: KEEE-970; KPOR-1370; KLGW-1390; KQTY-1230; KITO-1290 KOLO-920 and KFDA-1440. The above XELG logging being my 50th Mexican from Seattle area, perhaps a summary of DX from "XE-land" would not be out of order. Of the said 50, 34 are verified, and most of the unverified are in Mexico City, including such problems as XE-1220, XEBZ-660, XEQK-1350, XELA-830, XEER-1180. On the verified side, best catch is 100 watt XEAP-1290, while most distant is XEWB-760 in Vera Cruz. Among some of the stations that many have found difficult to verify that I've been lucky enough to get veries from are: XEBG-1550, XEAO-910, XEWV-740 (still not listed in Weyrich Log, although my verie says started 3/12/55); XEQR-1030, XEN-695, XEX-730. Particularly attractive letterheads are those of XFAA-1340, ; EXX-1420, XEN-685, XEHL-1010 and XET-990. Among the QSL cards, only XFXO-1550 and XEBH-920 are worthy of special comment. Hope this chatter not boxing, so till next Musings, 73s.

*****A clipping sent in by Hal Williams says that there soon may be a new Radio Station in Hamden, Connecticut. The applicant is Vincent DeLaurentis of Orange, Conn., formerly with WNBC-1340 and WNBC-TV-8, 13 years WNBC's CE.

✓ Bus Boatman - 837 Brooke Lane - Stillwater, Oklahoma

Howdy gang! I sure was happy to attend the Convention in Ponca City and meet all the fellows there. Enjoyed it so much that I'm already making plans for next year's in Findlay, Ohio! Pat Reilly was all they said he would be, hi. I'm sorry to say that I haven't been doing much DXing lately since both my good radios are in the shop at present. The following have been heard on my small RCA set: 9/26- KCAR-1350, Clarksville, Tex. heard s/off at sunset, 6:30 p.m. 9/28- KTFI-1270 Twin Falls, Idaho s/off at 1:05 and KBOM-1270 in Mandan, N.D. s/off at 1:12. All the above times are CST. My only veries since the Convention are: WKYR-1270, KRGI-1430 and KBOM-1270. Checking through my back records I find that from June 10 to Convention time I sent out six f/ups without PP cards and received three: KTYL Mesa, KAKE Wichita, and WBUL, Fulton, Ky., and 19 reports of which 12 have been received to date: WSMB WMP5 KVTC-740, Cortez, Colo., KFUN-1230, Las Vegas, N.M., WKYR KWAK (Scooter) KRGI WJAX WING WSJC WTMV-1490, East St. Louis, Ill. and KPEP, San Angelo, Tex. More records: My first card verief was WJR-750, Detroit received 5/27/55, second was WBBM-780 Chicago on 8/1/55. First card out of U.S. was CBK-540, Watrous, Sask. on 8/27/55. I now have a total of 403 veries with the best states Texas, 48, and Oklahoma, 43. Good DX to everybody. 73.

✓ Len Kruse - 816 Euclid Street - Dubuque, Iowa

An even ten stations have been added to my DX Log since my last report to DX NEWS. On 9/17 the new WYDE (ex-WILL) Birmingham, Ala. was heard with its new AN programming. Then on 9/22 the brand new 5 kw. daytimer KWYR (1260) Winner, S.D. was heard on ETs at 5 a.m. Station WJAN (1400) Spartanburg, S.C. was heard with its AN sked on 9/23 for a new logging. Then on 9/25 the new WWCC (1440) Bremen, Ga. was heard on ETs at 2 a.m. followed at the same time by a f/c from WJJC (1270) Commerce, Ga. from 2:00-2:15 a.m. My first logging in October was on the 6th when Station WAIL (1460) Baton Rouge, La. was heard with its new late sked, daily till 2 a.m. and Sundays till 3 a.m. On 10/9 I heard a f/c from Station WMPL (920) Hancock, Mich. 2:30-3 a.m., with some QM from AN WOKY. Then on 10/10 a test was heard from 5 kw. WABR (1440) Winter Park, Fla. from 3:05-3:40 a.m. An ET was heard on 10/11 from Station WBIL (1410) Leesburg, Fla. beneath AN stations WING and KWBB. The same morning a f/c from WGMT (1410) Martin, Tenn. from 2:30-2:45 a.m., using march music. Latest verification letters came from: KERTX WTSN WQWC WYDE WCUB WORM WJAN KWYR WWCC WCCN WPKO-dx WJJC and a PP card from KZIP, to bring my official count of veries to 3,072, as of this date.

✓ Ben A. Patch - 2760 Deerfield Road - Deerfield, Illinois

Well, the bulletins seem to be getting back on sked now after a few words to the P.O. "Broadcasting-Telecasting" was also late until as much as one week so mentioned it to the P.O. also. Now they are right on sked again. The magazine was arriving on time at work so I know the holdup was locally. Veries sparse: WEBC WLBA WHIL WINI WAIY WEAG WCSC KIKS KBOM, and a real beauty from KWYR. New stations heard, KWYR, Wimer, S.D. ETing on 9/22. Northern Lights visible there that AM, visible here the next AM. Also visible on several other occasions throughout September. That explains the poor reception that you noted, Kenny. Sunset DX was completely out the whole month. And this is the only decent month for sunset reception of Minnesota stations. Other new ones were WWCC, 1440, Bremen, Ga. on 10/3 but no log taken 'cuz I fell asleep. 10/8 grabbed KARN in Grinnell, Iowa on 1410 with OC and woman announcer. 9/22- WAIY 1580 5 s/on, for a second report and verie right back this time. Still unlogged was the 6 s/pn of WPVL and WDOL. 10/4- KJAY 1410 ET @ 3:15 on. Sunday 10/6 WINI ET @ 5:25 for new studios, WHIL 1430 s/on 5:25 and WSTN 1420 @ 6 a.m. s/on. Trying for WPVL and WDOL and came up with unneeded WSAC and WEAG at 6 a.m. s/on. 10/7 had a ball, WHSC, 1450, r/c, KHIN 980 r/c, KLGR 1490 f/c @ 3:05-3:15, thento 1530 for WCLS ET to 3:23, KHAM in background with f/c when WPKY had r/c until 4:05. Also WSLS f/c @ 4:15 and WEAN 790 @ 4:20. No log on latter two though. 10/11 WHEC and WKLC on r/c for logging. KOKX also heard but couldn't log. 10/22- WAIL (ex-WAFB) logged running late to 3 a.m. daily. 10/13 sunset reception on KNDY 1570. Also heard KMRS and KMLL again, no log on these two. New AN in WACK 1380 and KANS 1480. CEPL on AN Monday, 10/7.

✓ Clarence Freeman - P.O. Box 24 - Clearlake Highlands, California

I will be in the Foreign Contest this year, so more active. Verie from KLAC 570 says expect to continue AN, off Monday AMs 3:00-3:00 EST. KSAY 1010 RS as of September 5. Now KPAY-1060, ex KXOC. KPER-1290 now RS with Spanish programming (at least part). THIS NICE BIG SECTION OF "MUSINGS" IS DUE TO ALL THE FINE MEMBERS WHO SENT IN REPORTS. YOU CAN LOOK FORWARD TO SECTIONS LIKE THIS EVERY WEEK IF ALL THESE LADS, AND OF COURSE SOME OTHERS WILL COME THROUGH WITH REGULAR REPORTS. DEADLINE IS EACH TUESDAY.

✓ Scooter Seagraves - The Swamp Angel DXer - Box 453 - Stuttgart, Arkansas.

Glad to see DX NEWS back on a weekly sked. Now I'll be able to keep up a little better reporting arrangement. Thanks to Hank, Joe, and Ken for a wonderful Convention. Now for a very little report on DXing here-abauts: 8/26- WSPD-1370 ET/M 2:17-2:55. WHBG-1360 f/c 4:42. 9/6- WJPR-1330 RS in daytime. 9/7- KFJZ-1270 RS s/off 1:58-2:00. KRLW-1320 RS, WHHM-1340 RS, KLCN-910 RS all during day. 9/9- WPMP-1590 RS s/off 6:58 p.m. KENT-1550 RS 7:07-7:17 p.m. 9/21- WJCM-960 f/c-TT 1:28-1:30. XEOK-930 RS in English 2:17-2:35. 9/28- WFEM-1260 s/off 1:06-1:07. WCHF-1150 ET/M 1:20-1:28. WALY-1420 ET/M 1:47-1:53. KPMO-1360 s/off 2:00-2:02. KWBB-1410 AM RS 2:19-2:27. 9/30- WCOC-910 RS 7:58-8:07 p.m. 10/5- KTUL-1430 RS 7:03-7:07. WLAG-860 EA 2:08-7:19. 10/8- ZNS-1540 RS 7:05-7:16. 10/10- KPRO-1370 RS 6:43-6:46. Veries: WHBG WSPD WHHM KLCN WJPR WRPB KRIC KENT KEYS WBUY WLIK KTBBS KENO XEOK KWBB WCHF KQRF KXYZ WALY KPMO KTUL WLAQ. All were letters except WSPD and KTUL QSLs, and KLFU a Pletter. WHHM sent letter and QSL. Several of these were results of f/ups. Total now 723. Am no longer working at KWAK, so hope to DX every Monday morning. Have "Millerized" my DXing for other days. Have taped for the last three mornings but no luck so far, as stations other than the ones I wanted came in too strong. Haven't monitored today's tape yet. KNEY-1280 burned, but has rebuilt. Lefty - Which do you think is bigger news, Farbus or your loss of the Dodgers? Glad to see the Braves take the Series. Stan M., your 1250 mystery who s/off at 3 EST is KGH1. KXLR took over the #1 rating in Little Rock so KGH1 quit ANing. Gives me an idea to combat ANs, but I must admit, I like a few of them. Don't shoot, Len, hi. 73.

✓ Carroll Seth - 154 Parkridge - Buffalo 15, New York

A great week here October 4th to 11th! ZBY verified a February airmailed report. My Super-Pro came home and today the family happily watched on TV as those poor, flu-ridden Notre Dame boys beat Army. Their fullback, Nick Pietrosanti could give Dick Cooper trouble. I now have 49 counties verified as we start another BCB season and it didn't sound too bad the other night when I took time out from tuning for Sputnik for a look at KFI. Last fall, I took my set to a local repairman who advertises that he fixes all types of receivers. It seems the set was in need of a checkup after ten years of solid use. I got it back in seven weeks and it was really screwed up. This June, I took it to a man amateur freinds recommended. He kept it for three months and never touched it. So, we pulled it out of there to a couple of amateurs who are in the repair business. They fixed it in four days. Of course, the calibration is way off, signals are distorted and howling but the set does play. It plays much worse than when I took it in to the first man a year back and I'm out about 70 bucks and five months' use. The lesson seems to be that, in this day of TV repairs, communications receivers had better be returned to the factory or some outfit like Douglas Research Labs in Boston if you want them fixed like they should be. I am quite satisfied with entries in our little private DX war. Stan Stanbury was first in line with his dollar. With the permission of our fellow contestants, the contest will run from November 1 to April 30, 1958. Final entries must be postmarked no later than August 1 1958. This should give ample opportunity for tardy verifications to show up or f/tp reports to expect results. The man with the most veries on August 1st will be our winner. Deadline for entering contest is November 15, 1957.

✓ Ben "Whitey" Deibler - 178 Main Street - Wellsburg, New York

Old Whitey thought it was about time he sent in a report so here goes. Stations heard since Sept. 1 are WDAF-610, WEAN-790, WHWB-1000, WPHB-1260, WCAM, WISH, WNAE, WTIK, all 1310, WBRT, WKAP 1320, WEBO, WEBC 1330, WORK-1350, WICK-1400, WRIS-1410, WCED-1420 WDBL-1430, KSTP-1500 and WCRV, WAMY 1580. Veries are few and far between with WORK WNAE WCOJ KFAB and WCED received since Sept. 1st. I wonder if anyone has any White's Radio Logs prior to 1950 that he would care to sell and for how much? 73.

✓ Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

During the past 4½ months I DXed only a few mornings, adding these 1330 kc/s. stations WEEY WAMV WRCR and WEBO; WGHN 1370, WGOR 1580, WTHR 1430 and WRVK 1460. 10/14, I heard a fairly strong all Spanish language station on about 625 kc/s. at 2:30 a.m. EST - who? The only verie I received during the "off season" was "Radio Demarara's" nice yellow card.

Bernie also sends along a clipping telling that WILY-1080, Pittsburgh, changed calls to WEEP, and changes from Negro programming to general market. As a promotion stunt, they played Como's "Just Born" from s/on to s/off opening day early in October.

✓ Don Reynolds - 530 Figueroa Drive - Altadena, California

With September bulletins greatly delayed I seemed to get off to a slow start this season. So far only one report sent out, to KGU (750) now with 10 kw. heard well until 5 a.m. s/off. A few veries received from last season's efforts from WPRC (1570), ZFY (660) out since Feb. 1 and XEQR (1030) who returned my own PP card signed "Radio Centro" 73 y DX." but signature is not readable. A real surprize received yesterday from CMV (550) with a nicely printed QSL card much on the order of the CMQ Network cards. This one is "Circuito Nacional Cubano" and has CNC in large letters, then lists all network stations. The surprize is the fact that it verifies reception of Feb. 5, 1946 (20 months ago). No f/ups were ever sent. Where there's mail, there's hope, hi. Had a most enjoyable time last night (10/12) when Hank and Helen W. came over for dinner and a fine visit. Hank tried to make me drool by bringing over an extra ZFY verie he received, but he didn't know that I had finally received mine, so no drool, hi! It took a big blow for Helen to extinguish the 99 candles on her birthday cake, but she made it. (Only fooling, Helen!) While sitting in my new den last night, Hank came up with the idea that we should have pictures made of our DX dens showing the DXers at the dials. I might further add that I think this would be a great idea if all DXers could make a real effort to get a good picture of themselves at the dials. These pictures could be assembled and mounted to be printed in a leaflet or booklet form by photo-offset or some other suitable process which doesn't cost too much and then sold to members for a minimum price to cover cost of printing. I believe this can be a big step in helping members to know and understand each other. Anybody agree? Any other opinions?

✓ Lefty Cooper - 438 East 21 Street - Brooklyn 26, New York

Veries still slow, with these received since last time: WWCC-1440, WCN-1370, WAIL-1430, all letters, and ZFY-660, printed card, for a new country, and for a verie count of 2,775. And now, the DX of the past fortnight: 10/4: We started a run of two new catches a session this day, with these: WAIL-1460, ex-WAFB, RS to 2:00 s/off, the last hour being clear, and TIDCR-625, long-sought, but previously off too early to be received that close to local WVNJ-620, on till 2:05 a.m. with what sounded like RS. They used two slogans, "La Voz de la Vektor" and "La Radio Internacional de Costa Rica." 10/5: Today's duo were WRVK-1460, r/c-TT, 2:15-2:30, and WARN-1330, Fort Pierce, Fla. FTing with OC and occasional IDs topping the 1330 group consisting of CMCB-HJ??-KTH. 10/7: Two more, brand new ETers this time: WTLS-1300, Tallahassee, Ala. with EE/M and WDEW-1570, Westfield, Mass. way over S-9 and pushing XERF right out of the picture, a really fine signal indeed. 10/9 - "Two for the Money" continued with the logging of KGRN-1410, Grinnell, Iowa behind WING-AN while figuring it might be WDAK, and then WCLW-1570, Mansfield, Ohio, testing with music and announcing only every quarter-hour. He was in back of XERF and another 1570er with an OC and some TT. 10/11- Something must have been going on in Cuba, as the Circuito CMQ was on until 2:00 or so, plus some other stations in the Pearl of the Antilles, and I took a log on CMKS-900, Guantanamo. A lot of talking with applause and some singing too, seemed to be live. I wonder if they shot another president, hi. Cubans were heard, all with this program, on 630, 640, 790, 860, 900 and 920 kc/s. 10/14, another poor Monday morning. WTLS-1300 FTing again, 1:45 on, and some one with country music on 1410 at 2:10 and off cold at 2:13:30. Anybody identify it? A station believed to be Mexican holding down 1320 with a good signal, and evidence of Northern Sputniks or something with Spanish signals on 620, 1220, 1320, 1330 (2) and 1475 all copiable if one could understand the lingo, hi. I hear Stan Stanbury has verified Sputnik. What country does it count as -Outer Space?

INTERNATIONAL DX DIGEST

Edited by: Fred L. VanVoorhees, Box 132, Lemoyne, Pennsylvania, U.S.A.

I feel encouraged, as some of our DXers have started in to see what is on the air and are finding interesting fishing. Looks as if we might come up with a surprise or two this season. Let's see what is on the dial this week.

NORTH AMERICA

HONDURAS*-Two new stations on medium wave are reported from this country in HRQN (1150) "La Voz del Atlantico", Puerto Cortes; and HRRH (1370) "La Voz de Occidente", Santa Rosa de Copan. (WRH)

BRITISH WEST INDIES*-Without a map, I'm not sure if Montserrat is in the Windward or Leeward Islands, but a station is now reported here on 1550 Kcs. in Plymouth, called "Radio Montserrat", heard equipment testing Sundays 1600-1700, some times on Wednesdays 1600-1700. (NARC)

MEXICO*-XEOR (1390) verified with fine letter in English from Bert Metcalf, at McAllen, Texas, giving schedule as 0600-2300 weekdays, 0700-2100 Sunday. Says they do not make regularly scheduled frequency checks. The Mexican government calls for a frequency check twice a year, but on no set schedule. (KR) XEWB (760) Veracruz, received on 10/6 well above WJR 0020-0055. XERN heard on 10/6 with strong signals from 2348-0015 with practically no NA QRM. This in Mexico. (HH) A QSL card in from XERCN (1110) after a second report sent to: Radio Cadena Nacional, S.A., Calle Bucareli No. 12, P. O. Box #20932, Mexico, D. F. Had been a holdout since 10/6/55. (HSW)

NICARAGUA*-YNLU (965) Managua, belived to be the station heard from 0624 to 0631 on 10/7. Will try again on 10/14. (HJW)

HAITI*-4VA (1080) Port-au-Prince, received on 9/19 from 2058-2140 with English broadcast from 2100-2115. Good signals usually way above WPIC. (HH)

CUBA*-Verie just received from CNC "Circuito Nacional Cubano" for reception of GMAN (840) Pinar del Rio on 2/7/56 without a follow-up. This verie is a CNC QSL card. Advise anyone reporting to a CNC station to send their reports to Circuito Nacional Cubano, Calle O No. 216, Vedado, Habana, Cuba. Stations on their net are GMAN (840), Pinar del Rio; GMW (590) Havana; CMGF (930) Matanzas; CMGN (960) Jovellanos; CMHI (570) Santa Clara; CMJM (840) Ciego de Avila; CMJH (960) Camaguey; CMKV (600) Holguin; and CMKN (930) Santiago de Cuba. (HSW)

SOUTH AMERICA

BRAZIL*-Address reported for ZYR43 (1250) is "Emisora Cacique", Rua Miranda Azevedo 311, Socoraba, Estado de Sao Paulo. Power is listed as 100 watts. Also operates SW ZYR99 (2460). (WRH)

PERU*-OAX4A (854) Lima, was S-7 to 8 at 2140 on 9/30, 1st time this year. (HJW)

VENEZUELA*-YVOD (780) San Cristobal, was very good at 0431 on 10/1. (HJW)

COLOMBIA*-Station reported on 1475 Kcs. announcing as "Radio Centilena" seemed to be in Colombia, heard at 0300 on 10/8 with S-7 to 8 signal. (SRM) (Stan, this is our old friend from a year or so ago, HJFK, "Radio Centinela", Pereira, Colombia, and I have no address other than that. Sent report, but no verie received-FV) HJAT (1080) Barranquilla, copied at S-6 to 7 from 0516-0545 on 10/7. (HJW) Verification letter back from HJKR (1220) "Emisora Lumi-ton" as result of follow-up. Signor is Gustavo Barrero P., Director. Offices at Calle 12 No. 5-17, Bogota. Now have 18 BOB veries from Colombia. HJAV "Radio Cordoba", Monteria, was received at good strength from 2158-2230 s/off on 9/19. Same evening also logged HJED from 2139-2315 with strong signals, and little Texas QRM. (HH) (Hank, you omitted frequencies on these-FV)

BRITISH GUIANA*- "Radio Demerara" ZFY (660) sent a QSL card for report of 3/4 without follow-up for new country. (HSW) (I got one too, and this one confirms 660 Kcs., while previous one did not specify.-FV)

INTERNATIONAL DX DIGEST

TRINIDAD--"Radio Guardian", Chaguaramas, testing on 610 Kcs. daily from 1600-1930 with 10 Kw. power. Address "Radio Guardian", Abercrombie Street, Port-of-Spain, Trinidad. (NRRC)

EUROPE

ALBANIA--"Radio Tirana" has changed frequency from 1358 Kcs. to 1088 Kcs. (WRM)

AFRICA

FRENCH SUDAN--At Bamako, a station under the name "Radio Soudan" has gone on the air with a 1 Kw. medium wave transmitter on 1430 Kcs. Operates in French and native languages. (WRH)

ASIA

PHILIPPINES--New station is DZMT (1380) Manila. (KR)

JAPAN--JOKD (1370) Kitami, was broadcasting baseball game at 0330 on 9/26, was S-8 and clear. (HJW) JOBB (830) Tokyo, was very good at 0400 on 9/26 with news. (HJW) HCLF (1310) Tokyo, was at the top of the heap at 0420 on 10/1. (HJW) JOKD (1370) Kitami, again on 10/7 10 DB over S-9 at 0435 with tapes from the Russian satellite. Strongest Japanese so far this season. (HJW) JOQR (1130) Tokyo, was S-8 to 9 at 0550 on 10/7. (HJW) JOOR (1210) Osaka, was S-5 at 0559 on 10/7 and S-8 to 9 at 0712. (HJW) JONR (1010) Osaka, was S-6 at 0620 on 10/7. (HJW) JOHB (1090) Sendai, was S-5-6 at 0620 on 10/7. (HJW) JOBB (830) Osaka, was S 7-8 at 0445 with a play on 10/8. (HJW) JOQB (1030) Niigata, was S-7 steady at 0505 on 10/8. (HJW)

NORTH KOREA--Pyongyang (785) was a clear S-6 at ID at 0700 On 10/7. (HJW)

RYUKU ISLANDS--VOA-Okinawa (1180) was a powerhouse at 0650 on 10/7. (HJW)

OCEANIA

HAWAII--KILA, KIKI, and KHVH, all very good between 0300 and 0400 on 9/26. (HJW)

NEW ZEALAND--2ZC Hastings, took the air on October 1 on 1280 Kc. (KR)

REPORTERS

KR-Keith Robinson, Kapuka, No. 7 Rural Delivery, Invercargill, New Z.
LJW-Hank Wilkinson, 6620 Beeman Ave., North Hollywood, California.
WRM-Bulletin of World Radio Handbook, Hellerup, Denmark.
BH-Hank Holbrook, 4710 Edgemoor Lane #206, Bethesda 14, Maryland.
NRRC-Newark News Radio Club, Newark, New Jersey.

FV-Your Editor, Box 132, Lemoyne, Pennsylvania.

THE OVERSEAS MAILBAG

Murray Lamont, 22 Passmore Crescent, Dunedin, New Zealand--New Zealand's latest station, 2ZC, Hastings, 2 Kw. on 1280 Kcs. began regular broadcasting last night 10/1. It is a member of the Commercial Net and signs off at 0530 EST. In the winter justover I've logged 38 Japs and of those JONR, JOAR, JOBB, JOBK, JOIR, JOHF, JOCK, JCCB, JOIF, JOJK, JOPK, JOHB, JOER, JOAB, JORK, JOOF, JOKD, JONF, JOHE, JOQL, JOJB, AND JOHB have verified, all with swell cards except JOAB who sent a plain letter but a perfect verie in English. HLKI in Seoul, Korea, on 710 and 970 have also verified, nice cards. Other veries from KHVH 3SH, KPWB at last, WNCWm tnx, Ben, 4ZA, 2XN, 4GM, 2YX, and 4LG. Some recent loggings have been 2ZC, KJOY, JOQF, APRS Kwajalein 1220 Kcs., FEN Iwakuni, Japan, 1510 Kcs., JOLK, KRVE, VRM Suva, Fiji 930 Kcs., 7SD, 4QL, KRYS, KFH, and KFJI. My total veries-991. We are hoping to see Joe knack out this way, as all the "Deep-Freeze" boys who fly in here land at Christchurch which is over 200 miles north of Dunedin.

INTERNATIONAL DX DIGEST

Keith Robinson*-Since I last wrote reception has been very good and reports have gone to KGMS KVOR KLOQ 2ZC, CKDA, Yenlien (930), HLKA (970), Kwajalein (1220), KFIV KOLO FRAM KFDY KPIG WBRN WOWL KWYR KRXX WXXL JOZR (920) WPAL WWDC KWBB KBVM KUDI KQTY WCOG KPAY. Have also heard one on 1450 at 0205 Sunday with weather for the Halifax area and wonder if this was CPAB Windsor, N. S., which would be a good catch for me. Veries are KPOK, KTOP, WILS, XEOR, 2GL, WPKY, JOPF, KNUZ.

GENERAL

Time to tell all the newer members that your reports are always welcome here, and if you have reception of stations outside the US or Canada, please report your reception and veries to this section, not to Lefty. Let's keep the foreign DX where the foreign DXers look for it. Keep your reports set up like they appear in the DIGEST by continent and country. Double space, and one side of the page only, please.

I might warn you that there may be weeks when the DIGEST is missing this coming season, and if that happens I'll try to notify Hal Wagner so he won't hold the iddue for me. I have an extremely busy schedule at home and on the road, and won't guarantee to make "press" every week. I'll do the best I can.

To Hal Williams, the club is working on a Spanish report form for use in the club now. I have one, but it may not be completely correct. If anyone is using Spanish report forms and can spare one, please send a copy to Hal Williams.

Hank Holbrook has written to a number of Latin stations for special programs and suggests we list them here so you can keep the list for reference to try even though no confirmation comes. Latins have been known to come on without confirming the date, so confirmed or not-watch for these. If they are confirmed, Lefty will list in DX Calendar.

800	YVMB	Maracaibo, Venezuela	11/17	0400-0500	Pending.
850	KELA	Mexico, Mexico.	11/11	0230-0330	Pending.

Hank Wilkinson advises that he has 14 Asian Logs still available on a first-come-first served basis. Hank, I appreciate the one you sent me, but I had already received one directly from New Zealand, so I have one additional if you need it.

FOREIGN CONTEST

The contest this season will run with the same rules as last year. Roger Anderson will manage it again. His address is 5700 8th Road North, Arlington 5, Virginia. Stations verified after being logged after September 15th are eligible. If anyone would like to be in this contest and does not have a copy of the rules, please tell Roger. If we have enough requests, we will print them again. Roger advises that Jack Hathaway, now in Honduras will be a contestant this year. If any of our other overseas members wish to enter, please tell Roger, and a special set of rules will be set up for you. We want everyone in the contest who is interested. Entry fee is 25¢ and should be sent to Roger Anderson before November 15th. If you have any other questions, ask Roger when you write him. Standings will be published here the first DX NEWS of every month beginning with the December DX NEWS for December 7th. (Roger, your plan for Jack's entry is OK here, but you are the manager, so whatever you say is sufficient without any OK from here.) And for this week, the best of DX and 73.

SUPREMACY RATINGS

Prepared by Charles P. Atherton East Slough Rd. Harvard, Massachusetts.

Welcome this month to a newcomer to the Ratings at least since they have been prepared by this agent, and our addition-Sten Horss-steps into the eleventh spot in this column. Let us hope that with the start of the new DL season more of you members will send in your totals to me. All of us, I am sure, are interested in reading what the other fellow is doing.

An interesting letter just received from Keith Robinson of New Zealand who brings his totals up to date. Must be a great location Down-Under to DL. Just a few of Keith's recent catches show some real DL results. Some of us in the states, I will wager, haven't even heard let alone verified the following: KTIV-1360; KRAF-920; KPIC-1450; WBRN-1460; WOWL-1240; KWYR-1260; KPMK-1230; and WWIL-1580, just to list a few. Nice going, Keith!!!

Some of you fellows are still trying to send me totals with your best catch per continent just ahead of deadline. As I type these when an opportunity presents itself, it would be easier if when you report, you list totals and best for each continent, plus total veries, total foreign, and number of countries. In that way, I always have your complete data on file. When totals or a best catch changes, then let me know the change. In this way, you never will show a blank in any of the columns above. Thanks a lot, and best of DL for all. Next month-South America.
