HAPPY NEW YEAR TO ALL!

1963 is almost upon us, and we hope it will be a great year for you and yours in every way; not only in DX, but in all other ways as well. And, to make sure it is a Happy New Year for all our members, let us remember not to put in any items which would make anyone of us unhappy. When everyone pulls together, we get somewhere. When we don't, then chaos can set in. So, even if everything is not perfectly smooth all the time, let us at least keep it smooth in the pages of DX NEWS. Let 1963 truly be a Happy New Year, for you, for us, and for the entire National Radio Club.

FOUR SPECIAL DX PROGRAMS ON MONDAY 1/7/63

C J M T This station should find themselves on a clear channel, coast to coast, and so it would seem most of us should be able to hear them on this special half hour DX show. We do not have the name of the verie-signer here, but your reports should be sent to their Chief Engineer. And we do not have any idea of the programming you will hear, but we would imagine it will be bi-lingual in French and English. We hope all hear this program, and our thanks to the management and the Chief Engineer of CJMT for their courtesy to us.

C H L O This is to be a 90-minute DXcast, and Mr. John L. Moore, President and General Manager of CHLO says they'll be most happy to present this program for us DX fans. West Coast members will have to wait till 4:00 or so when KNBR goes off, but then there will still be a half hour to go, so we hope CHLO is heard coast to coast. CHLO has always been a friendly station, and so let us now be friendly as well by sending in reception reports. A nice long program deserves a nice long reception report, you know!

C K N B And here is another old friend of the DXers. Many will recall their DX programs on their old 1230 channel with 250 watts. Now on 950 with a kilowatt, CKNB is still that same friendly station. We wish to thank their Station Manager, Mr. Douglas Young, for OKing this program, and we believe 950 is clear coast to coast at this hour for the program to reach out well. CKNB is owned by the Restigouche Broadcasting Co., Ltd. So be sure to tune for CKNB's special DX, and our thanks to Mr. Young.

C B I This program will be partly live, and partly recorded, with frequent IDs, on CBI's new 10,000 watt transmitter. They are, of course, quite directional, so it might not be too easy. WITA in Puerto Rico will be on this channel at this time, and we believe WRVA comes on at 5:00, so better tune in before 5:00 for best results. We thank Mr. K. R. Hill, Station Manager, for this opportunity to hear his station, and we hope they are heard at great distances. This program, and we believe the others as well, by Doug Murray.

VERIE SIGNERS LIST

The v/s are coming in in drips and drabs, and we would remind you that without these names, there can be no v/s list. Many of you have expressed the feeling that this list is a big help towards obtaining those elusive veries, so please take the time and trouble to send your recent v/s in, weeding out all those that have appeared in the last six or seven listings of v/s. Use a separate sheet of paper with your name on it

DX NEWS

MUSINGS OF THE MEMBERS

David Oved - 560 Grover Cleveland Highway - Buffalo 26, New York

I usually receive my DX NEWS on the date listed on it. The 12/15 issue was not received here until 12/17 thanks to the heavy mail. It's hard to write a Musing without the latest issue. No veries again this week - that's two weeks in a row without a Contest verie. DX: 12/10- WPDJ-750 Clarksburg, W. Va. @ 4:45pm with religious programming. 12/15- KRMG-740, Tulsa @ 1:40am with pop mx; WQMN-1320 Superior, Wis. @ 1:45-1:53 with r/c. 12/16- KGLD-1300, Mason City, Ia. @ 1-1:07 r/c, they stopped abruptly at 1:07 - why? Oh, before I forget, are there any NRC members in Rochester, N.Y.? I'll be there 12/25-28, & would like to call & talk to any members there. 12/16 again, WYNR (Winner)-1390, Chicago @ 1:35-1:40 with female DJ & pop-jazz mx. DX totals are 222/137. Remember gang, Buffalo in '64! 73s.

Ralph M. Johanns - 11 East Chippewa Street - Buffalo 3, New York

12/15 PM, new f/c list in, so Pa & Ma Edge donated some more of their time to us unthankful DXers. Denver makes me think of the URDXC that folded up. V/1 & OM by CKLM-1570 by Genevieve R?, S/CE. No Broadcasting Yearbook '63 received yet, but a lot of snowy stuff lately makes it for 73 & MERRY CHRIS MAS to all.

Henry Marbach - 2 Overlook Road - White Plains, New York

Here is my first Musing since I have just become a member. I am also a member of the NNRC & also the East Nassau DX Radio Club of which I am the ECB editor. The Club is for DXers under 25 years old & if anyone would like more info on it they should write to me. My RX is a Hallicrafters S-108 & the antenna is a long wire. QSLs recently received here include WRVA WLW WVVA WSB WTIC WGN & Radio Americas. Have logged 25 states, three provinces, five foreign countries. New DX recently is as follows: Logged between 11/16 & 12/15, WARM-590 WFBL-1390 WDRG-1360 WSAY-1370 CMCA-730 (EE @ 10 pm) XEX-730 (under CMCA on 12/5 & 12/7) WGN-720 CBL-740 KMOX-1120 WRUN-1150 KSL-1160 WJJD-1160 (8:30am, very good) Radio Americas-1165 WHO-1040 VOA-1040 WCCO-830 WSP-650 WVVA-1170 WRAP-820 (6:30pm, very good) VOA-1180 WHLO-640 KEWA-540 (11pm, SS regularly with good signals) WGR-550 WWL-870 WTOP-1500, unID SS on about 1705 kc/s. with fair signals with mostly speeches between 8-11pm. Also YVQJ from 7:30-10:30pm most nights giving WTIC a lot of trouble. Also I like to know if KEWA verifies & if so who is their v/s. 73 & Happy Holiday wishes to all. (Welcome to the NRC, Henry, and what do you do with your members when they hit 26 - shoot 'em? -hi -ERC)

Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

Latest veries are v/ls from WXYJ-1340, Jamestown, N.Y. & WBUC-1460, Buckhannon, W.Va. New catches are: WNJH-1580, Hammonton, N.J. heard 12/14 @ 2:10-2:30am (second Friday) & XEYC-1460 Juarsz, Mexico. The latter came in weak with its nice friendly NRC DX-cast 12/17 @ 3:15-4:30am. Unn WJSO was caught testing easily atop WAKR-1590 12/16 @ 2:00am. That Jonesboro, Tenn. station boomed in! WHUN-1150, Huntingdon, Pa. came in well as they s/on SM 12/16 @ 8am.

AS THEY SAY IN SPRUCE PINE, N.C. "WTOE" - We Tower Over Everyone. LET'S KEEP IT SO!

Dallas John - 337 South Stewart - Lombard, Illinois

Not much new DX. 12/6- WJCW-910 briefly @ 6:09pm RS. 12/8- KDIO-1350 @ 5:22pm, also RS. 12/9- WJAD-640 RS @ 6:05, CBS NX features, right, LDS? 12/10- If anyone heard TT on 950 it might have been WAAF because they were almost local here. KRAM-1530 TEST fine, though unkn. KEX-1190 was on top of KLIF @ 5:24 on the long wire! KLAJ-1600 ET. WBUC-1460 only needed test heard, & well. KVI-570 welcome at 3:52 over WKBN. 12/13- WLBB-1100 on 5:28pms/off, but not enough info as they were po^onced on by KYW. WDDT-900 over KHOZ @ 6pm s/off. 12/14- KWAM-990 very strong @ 5:45pm s/off. KPBA-1590 @ 5:55pm RS. KBUS-1590 on top, & KADO-1410 @ 6pm, followed by KXIT on the same frequency till their 6:30 s/off. Veries: KJIM WISV KCBS KEX ZFBI KPOR KCAR KEEL WRYM WBZI KGNC. I heard an unk LA on about 1585 kc/s. around 9pm on 12/11. Anyone know who it was? That night there was nothing on adjacent channels, but lately WAKR has been murderous. I had better have my 500th verie by next report. Best wishes.

John Swanson - 3654 North Paulina - Chicago 13, Illinois

11/19- WCFR TEST @ 4:10 for state heard #44. 11/22- WISN-1150 @ s/off @ 1:27am; K TSA-550 on AN @ 2:01; KIXZ-940 on f/c @ 2:16; WYZE-1480 @ 4:01 s/on. 11/26- KEZU KIFG WBZI KSWM WCDS & WVOH TESTS heard here; WTND-920 @ 4:59 s/on; WBBH-920 @ 5:30 s/on. 12/2- WBLF-DX @ 4:37. 12/7- WFST-600 on r/c @ 12:12. 12/9- CBF-690 on RS @ 12:47; KYRO-1280 on test @ 1:31; WREB-930 on ET @ 3:56. 12/10- KWAM TEST & WBUC-1460 on ET @ 3:35. 12/14- KAAV-1090 on RS @ 11:59pm. Veries: KSTP WVOH KSWM WBBB & WONE, v/cs. WFIL WSEL CJLX KTLW WEUP, & WCFR KUXL KMAD WBZI & WBLF TESTS, v/ls. Thanks to Andy Rugg's tip, I was able to procure a very nice v/l from WOTT. To my correspondents: I am presently working six hours a day besides going to school. This has greatly reduced my spare time & what little time I do have is spent in DXing. I hope to catch up on it in the near future. 73. (Could you scare up our WYNR veries, John? -ERC)

Dennis Hoogenboom - Calvin College - 1144 Calvin Avenue - Grand Rapids 6, Michigan

First of all, let me say that on the KYNG verie, Sandy Rhodes signs his name in such a way as to be easily mistaken for Rhucles. Now to DX, all times in AM. 11/26- KEZU KIFG WBZI WCDS KSWM WVOH WJOR TESTS all in good here. No CHEF/WFAU. 11/28- KPOW-1260 r/c, ID @ 2:36. 11/29- KFSA-950 with f/c, ID @ 1:17. 12/1- KVLC-1050 f/c 1:15-1:30. 12/3- KXLF-1370 RS 1-1:21; KTOK-1000, RS 2:25-2:40; WRYM-840, TEST 3:36-3:46; KMON-560 3:56-4:12, RS. 12/4- WLCY-1380 RS 4-4:42. 12/6- CBU-690 RS 1:12-2:05. 12/7- WSET-1410, testing 12:15-12:30. 12/10- Velly bad night, only two of six DXes & TESTS received. KRAM-1530 with band mx, 3:22-3:30; WBUC-1460, 3:42-4. Also logged the same night were KBIG-740, TT/mx logged 3:14-3:40; WGR-550 RS 2:33-2:50. 12/11- WEMB-1420 f/c with ID @ 12:40. WQVA-1490 f/c 1:17-1:24; KHOG-1440, f/c 1:05-1:14. 12/13- WUFO-1089 f/c 12:27-1:00; KLTR-1580, Blackwell, Okla. in with a special test taking phone calls & said they would be more than happy to confirm any reports, 2:44-3; WHDH-850, RS, 3:13-3:36. The new f/c list arrived 12/6. Congrats to Larry Godwin for a fine job. I would like to go on record as saying I back Pop 100%. First, if agreement was made to hold DX NEWS to ten sheets, why break that agreement - why chip away at the foundations of the Club? Second, because of the time involved in getting DX NEWS out, a larger one is not within the realm of possibility at the present time, so why disagree? Third, regarding comments that Pop could not take "constructive" criticism without threat of resignation, was the criticism constructive? To me if was not justified, it was not constructive. Maybe we need some kind of an official canvassing of the members. Anyway, let's end this silly squabble. That's it for now. 73s.

Larry Cowles - 5910 Morning Glory Lane - Pleasure Ridge Park, Kentucky

This is my first report to the NRC. I'm 16 years old and have been DXing for about 2 1/2 years. To this date I have logged 468 & have 228 veries. Recent catches are: 12/9- WMAZ-940 @ 4:10pm. 12/9- WMGS-730 @ 2:30pm WOSU-820 @ 1:40pm. 12/10- WVCA-1270 @ 5pm. 12/6- WKAR-870 @ 4pm. 12/12- KGNO-1370 @ 9pm. 12/12- WOLS-1580 @ 11pm. My log says this one is a daytimer. Anyone know? (Recently became 1,000U-2 -ERC) Recent veries are in from WIKY WKAR CKLW WATE WSUN WKRC WXW. I have reports out to the above & WLCY KELI WHBF WHLO CFOR KXYZ XERF WBT WVOK. Does anyone know if WFBC veries? I have sent them several times but never get a reply. I hope others will let me hear from them. I think I'm the only one interested in BCB DX around here. If anyone wants WKLO or WAKY survey drop me a line with return postage. I met the CE at WINN & I'm going to get him to tell me the next time they have a special program, then I'll pass it along. They're on 1240. That's about it from here so till next time 73s & best wishes. (Welcome to the NRC, Larry, and we shall be hoping for more, soon! -ERC)

C. M. "Stan" Stanbury II - Box 218 - Crystal Beach, Ontario

I haven't been too active on the domestic front this season & the only logging that could be considered quality in the conventional sense is the KEZU TEST from Rapid City, S.D. I tried without success for CFGB & slept through KSHA - must be getting old. However during the Cuban crisis I did make some "historical" loggings the most important of which were that mysterious VOA XR on 1040 (Bob Duggan, where did you get your info on this one?) & VOA, Marathon. Also took the opportunity to report WCKY-1530 as well as comparatively new KAAV-1090. The first three crisis stations have all verified by QSL card with VOA-1040 listing its location as "Southern Florida." Now, assuming that Larry Godwin, some other responsible individual or group is willing to take over the publishing of DX NEWS, I believe such a change would be in the NRC's best interests. While Ray has done an efficient business-like job as publisher, when the publisher will not tolerate criticism, then even the laziest & most irresponsible members must agree, at least silently, it is time the Club be put back on a democratic footing. On the other hand, knowing Ray's devotion to the NRC (I positively an NOT being sarcastic) I doubt he will EVER resign as publisher no matter how many members request it. I further doubt even 1/3 of the members take their Club responsibilities seriously enough to vote on this matter. Yes, my insurance is paid up. 73s.

Frank Williams - 5237 Elmwood Avenue - Lynwood, California

Guess I've been vagrant in my Musings & DX lately, but college is about taking all my time this semester. Sixteen units of solid engineering units are not to be neglected! But here's what's new since about mid-November (all AM, EST): 11/12- KPOR-1370 TEST 3:50-4; v/f back; KNBR then logged easily on RS after call change; KFXD-580 4:29-4:40 ET-ing; KIUP-930 7:47-7:56 s/on through 'mess'. 11/24- KACY-1520, 7:49-8 pm strong with SSS until nightly power drop that brought in KOMA "Tiger Radio"; both Florida's VOAs logged AN 11/18, & very strong since. 12/3- WOR-710 with ID 6:43am while local KMPC off for Conslrad during 8:30-7am (very bad signal, thus no report out). WKBN-570, 7:06-7:14 AN through KLUB & KBAT-680 San Antonio, s/on 7:57am (apparently ex-KENS, but I don't remember reading of call change). That's the new loggings, totals stand at 539/348. New series: KPOR KFXD KNBR KMIL KBIF KMO (from 6/12/61, new CE is cleaning out files & verifying reportd) KIMN finally & KPOW. Attention, Pete Taylor, etc. XEMO is easy! Send to James C. Gates, 6331 Hollywood Blvd., Room 808, Hollywood 28. Mr. Gates is XEMO's U.S. Sales Representative & sent me a nice long v/l in 11/61 soon after their return to the air. Odds are he'll verify for you too. Hey Ernie, when did this letter arrive? Mailed it Sat. evening & I want to get my timing right. (In 12/19 -ERC). It looks like Glen Kippel is actually trying for Kashmir! With all the new 1490 loggings & all. (Dream on, Glen). Hold on boys, don't feel so bad about the new controversy now raging in the NRC. Look at all the lazy DXers it's bringing out of hibernation! Like me for example, & without offense to anyone I'd like to express my support for Larry Godwin & most of his standpoints. Taking sides, for me, is not easy & has not been done without forethought & consultation. Most of you, I'm afraid, have closed your minds completely to "the other side." Egad, 12/25 is nearing again; so I'll wish you a Merry Christmas & a "Happy New Year's Eve Beer" or something like that. Have a DXingly good vacation, though, & 73.

Ken Murphy - 60 Plymouth Road - Glenbrook, Connecticut

DX now improving at this location & on 12/10 finally broke the ice & logged Oregon after four years of trying. KFX-1190 sneaking through with a weak signal. Now I'll probably hear a couple of others with little difficulty. The new WBRW-1510 is now testing daytime with OC & IE on the hour & half hour, practically a local here. In the past six days have added ten new stations, the best being KEX & KALL-910 heard with WSBA off on Sun. Recent series: Nice imprinted Christmas card with verification written inside from WERI-1330; WPLM-1390 WABI-910 WGAN-560 WRJC-1270 WAGM-950-dx WAUX-1510 plus some of the other recent DXes. Nothing from KELR-1460 yet, though. Hoped to bring my heard log to 1,300 by 1/1 but will miss it by about 10 or 15. Remember when you report to those Alaskan stations(!) there are FOUR separate time zones in Alaska - Pacific, Yukon, Alaska & Bering. Hope everyone has an excellent Holiday season. 73s.

Art Bjork Jr. - 31 Lyman Avenue - Medford 55, Massachusetts

Nice long v/l back 12/12 from WMHI-1370. One new logging since last Musing- 12/16, KNWS-1090 ET @ 1:50-2:05am about even with KAAV, both too weak for reports. I've heard KTHS before but didn't report. I don't count call changes as separate stations either I'll try to report them in near future as since I heard one of their calls is toward me (WBAL, same thing) I think they're a good catch. Hope everyone has a very Merry Christmas & A Happy New Year! 73.

Paul Bartoz - 829 South Brainard Avenue - La Grange, Illinois

As long as I've got the typewriter out I guess this is a good time to report. Not really too much activity. Just starting to collect veries. Reports in from WABC-770 WOWO-1190 WGN-720 WLAC-1510 WFAA-820. Sorry I didn't try for KSHA (too tired) but on big night of 12/10 logged KMAM & WBUC - am sending reports tonight. KLEO out due to local WOPA-1490 (too much slopover). CKUA looked like easy mark but out to strong Winnipeg's 50kw-er. Heard one SID but hardly enough for report. WHAR/WXYJ out due to local AN WJOL. Still it wasn't a bad night because I noted a couple of early s/ops I can try for next time. Interesting that my table radio couldn't pull 250w. KIAM. I received it on a Zenith Royal 700 Seven transistor with no outdoor antenna, just the built-in directional job. Still say Zenith transistors are the best. (Bought it two or three years ago so model numbers changed - "Royal 700" probably no longer used as model number.) Missed WACK (hi, MAD readers) mainly because of too much WOC, Davenport Ia. 5kw. & WHK Cleveland, 5kw. Faint TT in background but maybe "noise" & nothing for report. Haven't been in Club long enough to form opinion about Ray Edge, Future of Club, etc. but think that anybody who takes the responsibility of running this DX NEWS single-handed deserves a lot of credit. Certainly to Ray's credit is he didn't censor Larry Godwin's "hot" note of 12/8. If I did all the work of typing & printing I'd see red if asked to print a letter of criticism which I would have to type up myself in the first place. But I am worried about all this controversy. I would have joined much sooner if I had heard about the Club, & now that I have joined the first thing I see is violent discord among the members & threats of resignation, not to mention a suggestion to split the Club in two. Come on, let's quit arguing over minor questions! Thank goodness there's a DX Club for AM listeners & I for one do not plan to resign no matter what happens because there is no other organization to turn to. This sure beats lone wolf tuning because of the pooling of info. It would take years of listening to do what 300 do in a week! Meanwhile, I plan to write Ray Edge a personal note of ~~th~~ thanks. How about it, the rest of you? Well, 73s.

Ray H. Kraul - 6423 33 Street - Berwyn, Illinois

This has been a relatively slow DX week with nothing really exciting to report. New stations were heard as follows: SM 12/9- KFDI-1070 ex-KIRL @ 5pm for new call; WECL-1050 briefly on top 5:15-5:18. MM 12/10- I heard what sounded like KLER-950 ending TT @ 2:30 but I doubt if it was they. Unn KRSI also testing there. KMAM TEST in OK, WBUC 1460 test, the best I've heard any test. Only other new logging this week was Sat. 12/15- KCSR-617, ex-1450 on f/c-TT 2:05-2:15. Four v/l received: KDON WTKY & KCMW after f/up & WRYM for TEST. I hope everyone has a happy Holiday season with good health & happy DX in the year to come.

Ronald Fenton - Rural Route - Kempton, Illinois

Veries have been received from WLM WCCO & WRVA. Since my last report on 11/10 I've heard 70 new stations. Some of these include KFI-640 @ 12:45 & KFH-1330 @ 12:30 on 11/16. The VOA-1180 was logged on 12/4 for State #34. An SS was heard on 930 at 7-7:30 pm. The net came through pretty clear but I couldn't catch any IDs. Most of the net sounded American. Can anyone help? I personally would hate to see our Executive Secretary leave his position in any way but a friendly manner. I am in favor of doing whatever needs to be done to keep the NRC the world's #1 DX Club. 73 & MerryChristmas.

Charles Reh - 36 Morgan Avenue - Leamington, Ontario

DX since last report: 12/8- WKID-1580 TT 1:15a. under WJVA ET. 12/9- WYOU-1550 ET 1:43 am; KCBS-740 2:19; WCAW-680 2:48PM, WDAK-540 5:20pm, KFUD-850 6:29 s/off. 12/10- WTCN-1280 12:55am; CHAB-800 1:08am s/off; CKOK-800 1:30 for my 600th logging; XELO-360 1:54 am, KGA-1510 2:03; CJCA-930 2:10 for Province #8; KOEL-950 TT 2:20; KMAM-1530 3:06; KAIM-870 4am; WGRD-1410 3:37pm. 12/11- WAXU-1580 5:02pm; WCLE-1570 5:05; WLEW-1590 5* 708; 12/12- WGIV-1600 8:58am; WNCA-1570 9:16am; WHOO-990 4:26pm; WGTO-540 4:34pm; WMAZ-940 5:08pm; WCAZ-990 5:15. That's it for now. 73 & Merry Christmas & Happy New Year.

Sam A. McLaughlan - Box 26 - Gatineau, Quebec

Very little DX since last report; only KIOA-940 on at 2am SM 12/9. I have a few items of news interest, though. CFMB-1410 Montreal will probably be on the air by the time this gets into Musings. 40% of the programming will be in European languages for new Canadians, the remaining 60% will be in EE & FF. Also a new low-power relay for CBF to be located in Wedgeport, N.S. on 990. Also the Meteghan relay will change from 1490 to 580. Don't forget fellows, the NRC has an EDGE over other clubs. Let's keep it that way. Finally I'd like to wish all NRCers & their families a very nappy Holiday season.

Hank Holbrook - 4710 Edgemoor Lane #206 - Bethesda 14, Maryland

Have been doing a bit of daylight DXing on BCB for the first time in several years & a number of new ones added to the log. Also have managed to be up just about every MM for a couple of hours or so. 12/6- WRYM-840 TEST 8:45am good. 12/4- may have had a portion of KSHA TEST on 860 as TT heard upon occasion under the Mexican. 12/8- WHPL-610 11:24am strong; WAGE-1290 12:33pm strong; WHMC-1150 very good at 12:47pm; WQVA-1530 good @ 1:01pm; WXVA-1550 also good @ 1:32; WFRB-560 2pm fair; CHOW-1470 fair through QRM 9:42pm. 12/9- WZUM-1590 7:13am fair with QRM; WHAG-1410 good @ 7:54am & a real surprise was the new WAGL, Lancaster, S.C. @ 11:31am with good signal through QRM. CX good that day as WHOW not needed topping WKBW at times as late as 10:45am. 12/10- Up this MM & pulled in TESTs from KMAM-1530 WBUC-1460 & WXLJ-1340. Also a fine bonus that AM from KAIH-870 Honolulu 3:23-4am with fairly good signal. 12/11 added HJJK-285 Bogota, Colombia @ 9:32pm. This one good most evenings. 12/14, a real surprise @ 8:26pm by logging CKRB-1460 St. Georges, Que. through QRM. This one in FF & heard almost an hour. Two added on 12/15. KNOE-540 @ 6:07am & WFYI-1520 @ 8:19 real tough through WKBW. 12/13- WRAA-1330 @ 12:24pm & later that day got s/off of WESY-1580 @ 5:58pm. MM 12/17- XEYC-dx-1460 fairly good 3:19 on. WEUC-1420 Ponce, P.R. s/on @ 3:58am in clear for half hour. At 4:45, got s/on of Jamaica Broadcasting Corp. with all four AM stations heard - 560 Kingston fair till drowned out @ 5:00; 620 Mandeville good with little QRM prior to 5:00 & then drowned out; 700 Montego Bay under WLW but heard during WLW announcements as late as 5:20am; 750 Port Maria with QRM after 5:00 from Cuban & WSB. Also the same AM WAUX-1510 noted with test at 4:15am. V/ls from KPOR-1370 ZFB1-960 WRYM-840 KAIM-870. V/cs from KSWM-940 & VOA-1180. Let's keep Musings for DX and keep dues at \$4. Stop bickering! Verie totals, all bands at 3,750 of which 1,994 in 77 countries on BCB. Season's Greetings to all.

John D. Hathway - 4701 South Wilam Street - Amarillo, Texas

12/10- KOYN-910 2:55 #771; KMAM-1530 3:00; KSEK-1340 3:35; WACT-1420 5:34; VNDC-660 6:12. A surprise, #778 after 3 1/2 years of listening here, ???-690 6:15 in FF, is this CBF? 12/11- KLEO-1480 12:31. 12/15- KNBR-680 3:58; KXOL-1360 4:00; CKVL-850 4:01; ???-850 4:02 s/on with SSB, who? WABA-850 4:03; WSPD-1370 4:15; WMBD-1470 4:29; WOAI-1200 5:07; WGVN-1260 5:10. 12/16- KBAP-680 1:47; KFJZ-1270 1:57; KETO-1590 2:00; KUDU-1590 2:13; KCOK-1270 2:30 KAST-1370 2:40; KOGO-8060 3:40; KCBS-240 4:00; KTHT-790 4:05; KAKE-970 4:55 & WRBC-1300. Will be up looking for the Specials in the morning & also 2AP which everyone seems to hear but me, hi. Best 73 & DX.

Bob Foxworth - 2715 Kilgore - Apt. B - Raleigh, North Carolina

Sorry I wasn't able to make it to Brooklyn last month. Hope to see you this Holiday season & perhaps we can have another one like last 12/28 when Pete Taylor was in town. No DX to speak of, just a few noted at SSS skip on the car radio from the midwest when I find time. Season's Greetings. Congrats to Tom Colthurst on logging the Farm Show on "Kix Radio"-850. Everyone, send 'em a report. Bye now. I don't think CFGB-1340 is in Newfoundland at all, but rather is in Labrador, about a 1,000 mile difference. ^{FF} Is that why nonne heard them? (CFGB is Goose Bay, Lab. but I thought Lab. part of Nwff)

Ron Schatz - 8065 Crespi Boulevard - Miami Beach 41, Florida

Happy New Year to every single member! A good year & good DXing toall! If you are reading this Musing in 1962, be sure to watch the King Orange Jamboree Parade on TV (I think that's ABC-TV again this year) on the evening of Monday, 12/31. If you don't see me in the grandstand, at least Hubert Buckner will be within camera range. Hubert is spending the holidays down here with his relatives, & I'm sure he's having a great time. Read about our activities next Musing; but in the meantime, keep your eyes on that grandstand! DX of 12/17 MM was as follows: KNBR-680, San Francisco, logging new call. XEYC-1460 con el Sr. Terrazas dedicando las canciones mexicanas para varios miembros del NRC. (Excuse me; I got carried away, hi!) It was nice of him to dedicate a romantic song to me although I wasn't exactly in the mood, hi. 4:00-4:05, KORL-650 Honolulu with NX & WX, then rr, S-5. Finally KOIL-1290 (coil) Omaha, after KORL. About my log: I list stations by frequency, not by date. It's much easier to look up past loggings this way. Yes, I'm a "quality" DXer (i.e., not the most, but the best), so no Contests for me. VOA-1565 in Liberia is still shaking my RX with S 3-7 signals, especially around 6:30pm. They're in EE at that time & the modulation is excellent. So give it a try. CKLM/WQXR may be murder in the NE, but the S is usually clear at that time. So until next DX NEWS, 73s & best DX. AS THEY SAY IN VICTORIAVILLE, Que. "CFDA" - CONCENTRATE FULLY on DENVER in AUGUST!

Glen Kippel - 1195 South Tennyson - Denver 19, Colorado

Snark, which is smeedge spelled backwards. To you-all who are interested in my loop, NRC members get a 30% discount when they get into production, OK? Ron Shatz, your 955 Haitian may be 4VCB-960 off frequency, slogan Radio Carillon & sked 6:15-8am, 3:30-9:30pm, & 9am-9pm Sundays, last I heard. Somebody mentioned 4VEM-1430 now on 1475 - not 4VPE? Is it OK with everybody is we just accept Ernie's definition of "quality DX?" Oh, WRH says Caracol on 1520 is HJFV, Bogota. 4VU-780 is listed lkd. Gear here is just gathering dust; have been griping to Public Service about the HNL, but so far, no results. No DX, either. 12/17- Maybe XEHV-1310 s/off 3:00; finally got ID on KDIA. Always try 1420 MM, no luck on you-know-who, WACT unusually strong, could actually make out their call this week; last week only about two syllables audible. PM, between local KHOW-630 & semi-local KOB-770, nothing but HNL & KBTR-710. Looks like I'll have to become a hermit & move to a cave in the hills - as soon as I save up enough to buy about 2,000 extension cords! Don't forget the NRC Convention in Denver! You may discover the true identity of Cleatus Clinkenbeard! Ernie, you better retract that slur about Denver you put in my last Musing! That's s-c-e-n-e, NOT what you put down! Merry Christmas, Happy New Year, & '63. (Sorry, Glen - slip o' the finger!-ERC
Pete Taylor - 1906 Santiago Street - San Francisco 16, California

CX have been generally good here. I have reported 21 stations since 10/5. On 11/26, no WFAU-dx, KEZU unkn, KIFG nowhere under 2NC, no WBZI due to KRKO/KPOI, no WCDS due to strong Jap on 1440, no KSWM-940 but KIOA TT & ID heard instead, & just plain no WVOH or WJOR. However, Radio Moscow Far East Service logged 4:30-5:02, XR location unk. On 12/3 KLYQ-980 f/c 3:30-3:45, different from f/c list; no WRYM audible; ZCO-1020 logged 3:45-4:27 with no KGBS for some reason. On 12/4, Bart Cronin's KSHA in easily for log & KRZY-1580 on ET/M. On 12/8, unusual day reception as KAGO-1150 & KGAY-1430 noontime loggings, the latter with KALI over/under. On 12/10, WBUC-1460 in fine on it TEST; KMAM-1530 impossible due to rather formidable QRM; KFBK, which is on till 4:00 MMs. No KLEO, just Japanese; CKUA-580 fair with CKY QRM & no WHAR/WXYJ. WRSJ-1560 with nice signal at about 4:30-5:10 for report & JOQL/JOVR-1400 reported 4:45-5 followed by KSEW. 1400 f/c @ 5. On 12/17, no KEYC-1460, at least as far as a report is concerned. KDON on with OC & also noted some other station with jazz 3:15 and on, & couldn't squeeze anything other than "Clube Nacional de Radio" from time to time. JOKD-1370 in nicely 5:20 for report back on 12/10. 4VE-1035 logged 10:30-10:50pm 12/16 & WBLY-1600 with s/on & into first show 12/17 5-5:10 or so. Veries in have been KELR KALF KYNG KJKJ KPOR KNDI KLYQ ZCO (two weeks) WRSJ (one week) KSEW KAGO KGAY. I will be as pleased with a WBUC verie as with some of the others I am getting. Have the HC-10 working & the CB-22A tuned up so am ready! VOA-1040/1180 strongest here about 3:00. Just received tape from Bengt Erickson, so I guess I'll be able to say that I heard some European stations this season, hi! 73s.

Raleigh Biss - 484 Marcus Road - Palm Springs, California

CX seem to be better so I have a bit more to report this time. WBUC-1460 DX on 12/10 came through very well, also KEYC-1460 12/17 with their DX was excellent & both these DXes through our local KPAL on 1450 without any spillover. KPDN heard with Callerman at the mike on the DX pretty well on 1340. A couple of recent veries, XEAU-1470 gives address as Box 1408, San Diego, Cal. WRYM-840 in verifying TEST added a note "I'm pleased to tell you that your report is the furthest away of any received." Three s/o noted at 6:30 this AM that might be of help to someone: KKHI-1550 KRBC-1470 KLEO-1480.

Larry Schwartz - 4815 Atlanta Drive - San Diego 15, California

The NOISE is back & is on every evening & AN now. I will have to resort to my last alternative, that being to pack up & get out of this location! If it's on H.L., I'll take the Zenith & go to El Cajon or Alpine (about 15 miles E of S.D.) & DX there! I had a spree of noise-free DX last week which netted me a few nice ones: 12/15- WTHB-1550 s/on 5:55 with SSB unkn; KBAM-1270 ET with 5kw. from 5-6am; WSIZ-1380 RS @ 6:33 & an unk Colombian s/on at 6 on 1560. Mentioned Caraculta & Canto Claro & the Network Caracol. Any idea who? 12/16- Surprise KFLY through KROY-1240 until the former's 5. am s/off; WINZ-940 at last, but not enough. 12/17- KEYC-1460 DX heard real well under KENO's OC. Very nice program! Tried for KPDN DX but only a weak TT behind KAK/KORK. 940 had "Case Blanca" ZEQA AN for something - noted XERPM AN also. Then about my best DX ever in WMIA-1070 P.R. s/on 4:30 with SSB & SS. KAFY-550 must be off regularly MM as KENI caught 4:40-4:58 when WSWA s/on. At 5:05 WGR came in which certainly pleased me! Not a verie all week despite 25 good reports out recently. Last year I got 16 veries in the week before Christmas! A Merry Christmas to all & a Happy New Year too!

Dan K. Phillips - Route 3 - 416 Douglas Lane - Clinton, Tennessee

Christmas season is sure adding a lot of nice catches to my log with school out. I have AN to DX. Willis Lewis came to visit me the weekend of 12/15 so we had quite a time recalling acquaintances at Indy. DX not bad, but static still comes at times. 12/15, Sat., 8-10:30pm, PJA6 "Radio Victoria" logged in clear with good signal, report sent with hour log. 12/16, SM- WTYN-1550 Tryon, N.C. S-9 with ET @ 1:27 ID; KWKY-1150 Iowa r/c @ 1:40, KEWI-1440 Topeka, Kans. ID @ 2:18, WNMP-1590 Evansville, Ind. ET ID 2:36 (This station was heard for first time at Indianapolis - remember, Ernie?) Best catch of morning was WHDH under CKVL-850, but only two or three definite items logged. ZFBL-960 testing @ 4. PM DX brought in a great catch in the form of CKOT-1510 Ont. s/off 4:45 under WLAC. Loop just barely got it. 12/17-MM- First catch was KOB-770 with ID @ 1:30 S 3-4 & just readable at times. KWLA-1530, many, La. f/c 1:15-1:21, maybe r/c, sent a report & asked. WDAX-1410 r/c 1:21, WBNO, Bryan, O. ET ID 1:26, KXLF-1370 Butte, Mont. QRM'd by SS but at one time they peaked to an S-8. Who is SS? KZON-1190 s/off 2:00, KWYO-1410 f/c 2:00, KSTN-1420 ID 2:27, XEYC-1460 DX logged @ 4:01, WSIP-1490 r/c ID 4:28, WRSJ-1560 s/on 4:30, WEAS-900 r/c 5:05, WFNC-940 RS 5:15, WFAR-1470 at 10:45pm under WMBD. 12/18- WABH-1150 r/c 12:25, WDMG-860 r/c 3:30 (was one of most wanted stations). It was followed by an ET from KWHO Salt Lake City 3:30-3:40 over XEMO. WCIA-1230 r/c 4:05-4:20. RJR-720 s/on 4:45 over Cuban. 12/20- WJQS/KFRU-1400 ANs & both new additions, report also sent to ZFBL. Twenty-nine new stations in four days & 13 reports sent out. Best of luck to all in the New Year. 73.

G. Harley DeLeurere - Box 18 - Straughn Dormitory - 4400 Mass. Ave. NW, Wash. 13, D.C.
It's been a long time since I've sent in a report to DX NEWS. The reason is that DX-ing has been next to nil. I'm now a theological student at the Wesley Theological Seminary of the Methodist Church. Studying takes a lot of time that could be devoted to DXing. However, I did get up a couple of mornings & logged the following: WBUC-1460, Buckhamon, W.Va on with an ET on 12/10 from 3:50-4:02. Also on 12/10 WXYJ-1340, Jamestown, N.Y. was heard 4:00-4:26 with WGNI QRM. WGNI-1340, Wilmington, N.C. was a new station too. 12/13- WUFO-1080, Buffalo with a test from 12:10-12:40am. The stations which I have confirmed while in Washington are WANN-1120 Annapolis, Md.; WOL-1450 Washington 6, D.D., WAVA-780, Arlington Va.; WRC-980, Washington 16; WFLD-930, Frederick, Md.; WBUC-1460, Buckhamon, W. Va. & WXYJ-1349, Jamestown, N.Y. I shall be going back to Indiana 12/20 for the Christmas holidays, & I hope I can get in a couple "good" logs. I believe the VOA station on 1040 is located at Dry Tortugas, Fla. Is this correct? I read it in the "Washington Post." The address is probably 330 Independence Avenue SW, Washington 25, D.C. Merry Christmas & a Happy New Year. 73s.

Ralph R. Hartman - 127 South Columbia - Naperville, Illinois

12/13- KLTR-1580 ET/M 2:11-3 asking for phone calls so I called up & talked over the air for a few minutes. The engineer told me he had problems with the XR arcing across the feedline. Offered to pay for my call which I accepted & promised to verify. Dick Cooper also called in. Bratislava-1097 about 6:45pm appearing as a het with bursts of symphonic mx. 12/14- WBAA-920 ET/TT 2:15-2:29. KXJK-950 5:53-6:56, WX NX & ID. 12/14 WKIX-850 ET, TT/M 2:07-2:20. KAKC-970 @ 3:22 ID. WERT-1220 4:55pm ID. WRSL-1520 5:05 om ID. 12/17- WBNO-1520 ET/M occasionally topping KOMA 1:31-1:43. TGUX-1020 @ 2:35 s/off the Late Late Show & in the clear with a fine signal. KKHL-1550 @ 3:50 s/off. KEVL-1590 easily topping WAKR @ 3:29. KGMS-1320 @ 3:33 ID. 12/18- My pride & joy, WKLE-1370 TEST in very well 1:04-1:30 with lots of IDs & nice ogran mx through powerhouse WSPD. WNES-1570 f/c-M 3:05-3:15 through the Mexican Monster. WSKT-1530 f/c-M 3:45-4:10 on a clear channel except for WCLS' 4am s/on. Also noted the Mexican Monster topping 1570 in SS @ 6:11pm. Believe they s/on 6pm. KGTN-1530 @ 6:32pm s/off V/f, WBLF-1330 DX. They mentioned another one on 12/23 4-5 so that should make Ye Editor quite happy. Hope everyone had a Merry Christmas & a Happy New Year to all. 73s.

Charles Ren - 36 Morgan Avenue - Leamington, Ontario

DX has been very poor this past week with only 15 new stations heard & here they are: 12/14- WKEM-970 6:17pm. 12/16- HJBI-840 12:28am; WNJR-1430 1:02am; KGLO-1300 TT 1:05; KIUP-930 TT 2:03am. 12/17- WCOJ-1420 12:01am s/off just after WHK s/off; CJOC-1220 12:30am; WTHI-1480 12:55am; KDON-1460 2:01; WACO-1460 2:02; KWYO-1410 TT 2:08 for State #44; XEJP-1150 2:33; WHHM-1340 3:29; XEYC-1460 3:38. 12/19- WCNS-900 5pm s/off under WFER s/off. Vacation starts on 12/22 & I plan to spend a good deal of time at the dials. Until next week best DX & 73s.

AS THEY SAY IN ATHENS, OHIO, "WATH." "WE ALWAYS TRY HARD." Your help will help!) Help!

Lots of new DX to report this time. New stations are: 12/3- WREC-800, KNOE-1540 WINR-690. 12/10- KRMG-740 WPKO-1380. 12/15- WANT-1390. 12/19- VOA-1180/1040. No veries received. New reports sent to both new VOAs. On 12/19 also I heard a station on about 538 kc/s. playing Christmas carols. Since there's no stations below 540 in any of my logs, I wonder if anyone knows what station this might be? The time was 5:30-6pm EST. VOA-1180 came in very clearly with only occasional slight interference from WHAM. VOA-1040 was the only station on that frequency but there was a considerable HNL there. 12/19, had very good S/N CX & the N.Y.C. Boston & Western clears didn't come in at all. Only stations in Chicago, the SW & NE were received. I heard WNCE-1060 like a semi-local until 6:00 when they dropped completely out at their power change. I also heard WLCY-1380 for the first time since last March. KNOE was first heard on 12/3 & since then has become a SSS regular. Other SSS regulars for the past month are WVOK-690 KWKH-1130 WNOE-1060, allum. 73.

Here's another contribution for Tom's scrapbook, hi. 12/13- WMPS-680, 4:56am RS. WITN-930, s/on with Dixie @ 5:01, WWHG-1320, 5:43 SSB s/on, WBUI-1440, 5:46am RS. 12/17- The best of the morning came first, namely XEFO-860, 2:31am RS. They were in hi-fi & about S-8. XEQ-940, 3:03am AN, simulcast with XERPM-660. WVNS-1380, SS RS 3:30am in New York. Did WBNX change calls? I was absent-mindedly listening on the wrong frequency for XEYC so I missed them. 12/21 - WCTT-680, 5:13am RS, WRNL-910, 5:26 RS, WTND-920 5:27 RS, WATH-970 5:30 RS, unID TT-1010 5:30-5:45, didn't notice CERB on; KXOK-630 5:51; CMHQ-640 5:57 RS with CMW net programming, & what I assume is CMHG-670 6:20am with Radio Progreso net programming. I don't really know which of the two on that frequency it was but I've settled on CMHG because Santa Clara is closer than Holguin. That brings my totals to 343/71, or 344/71 if WVNS is not ex-WBNX since I don't count call changes. I made a mistake in my last Musing. Saginaw should have been Grand Rapids. I can't count it anyway since it has turned out to be a WGAR image. Is Bruce Lyeth of Hampton, Va. still a member? Why not make a New Year's resolution to send in a Musing at least once a month? I hope you all had a Merry Christmas & a Happy New Year. Here is some network news. CKLW-800 has MBS Fulton Lewis Jr. at 7pm weekdays. WVVA-1170 changed from CBS to ABC on 10/19 I think, & WERE-1300 has CBS NX at times. By the way, if you hear anything resembling XETRA on 1300 it's WERE. They have two hour-long newscasts a day and extended newscasts the rest of the time because of the newspaper strike here. Ours is 22 days old. We beat New York, hi. Until next time, goodbye from Rocky River, the Garden Spot of the South Shore or West Shore, as we say locally. (Just listened to 6pm s/off, Chris - still WBNX! -ERC)

Kenneth Lyon - 8028 Tonawanda Creek Road - Lockport, New York, R.F.D. 5

Just a word from Ben Casey - I operated on my RX & gave it an overhaul. Now it purrs like a kitten. James, your WINR is WYNR Chicago - was WGES. Dave, I didn't hear "March over the River Kwai" on HJED & I haven't received a verie yet, either. Almost everyone has received this one. They must be swamped with reports. DX goes like this 12/16- WBRQ-560 came in well 1:37-1:52am, WOMB-1460 from 2:16-2:26am, excellent signal seemed like a local. It is the first time I have heard them. Took in a little day DX & came up with two new ones - WGVA-1240 came through rather weak @ 12:00-12:13pm but I got enough for a report. I wanted them badly as I am aiming for 100% New York. Also got WNBF-1290 with Christmas mx from 12:17-12:25pm, for another New Yorker. 12/18- WHJB-620 from 5:15-5:27, WTAC-600 5:55-6:05pm. 12/19- Found WWOW-1360 in from 4:40-4:45pm. s/off, WLEU-1450 from 5:30-5:42pm was rather weak, but I copied a good log. I have heard every EC state except Delaware & I just can't seem to pull her in. I don't know what I'm going to do. When I do get it, the whole world is going to hear about it. Would anyone who's received WUSJ-1340 please send me signal data on it? I would appreciate it very much. Thanks to Bill & Allan for their answers. New veries are CBK-540, a long-sought one, WRNL-910 a nice letter, & WDOR-910 a letter written by the CE Lyle Henry, who says he is a ham, K9DKW. Well, that about does it. I have 17 points for the Contest. This is Casey & Zorba saying 73 & DX.

J. W. Brauner - R. D. 1 - Box 61 - Punxsutawney, Pennsylvania

With fewer CPC specials available DX has slowed down here. The morning of 12/14 found the new WBNO, Bryan, O. holding its own with WKBW on 1520 with ET. They were on again 12/17 to 2am, saying RS soon but no date given. Also WLIQ finally heard on r/c 2:20-2:30 on 1360, used TT & WABW-810 at long last for a few words at 7:15am s/on (P11

(Joe Brauner) through WGY/KOMO. 12/17- WDIC-1430 r/c @ 1:31 using TT. KPDM didn't make it here & XEYC unnn, fair at times, & reported, no veri last time. WQXL-1470 amidst jam at 5-5:07am, apparently signing on. 12/13, added WOKA-1310 s/off at 5:29pm; WBRO doing likewise at same time but unnn. No sign of wanted WLKB or WEMK. WXXX left air at 6pm for another new one, also 1310. 12/19-SSS session brought WSIM on top of 1270 from 5:50-6pm s/off. Then heard what was appatently a call change, unnn here, WTAL Tallahassee Fla. 1270, sounded like WTNT here, maybe they traded with WTNT-1450, WMET/WMBM style. Get a kick oft of this "Wuality-Quantity" question. After all, what we get depends largely on what we use & how well we use it, plus last but not least, location. The DXer on the Coast has a big jump on the one in a central location in these days of S-9 plus ANs on pretty near every channel. I get my biggest DX kick out of parking on a channel not used locally at SSS & noting who comes fading in & out as they sign off for the night. On a good night can usually follow the sunset pattern as far W as Texas, & speaking their language I can KNOW who I'm hearing. Yeh, Ernie, I get lots of your/kind of "quality" signals too, hi. 73.

Dave Holden - 7526 South Colfax Avenue - Chicago 49, Illinois

Going to college, playing football & then working 30 hours a week after the season was over killed most of my DX activity until now. However, I have been very active lately, especially on the past three Ams. 12/10- 1:17, WJNA-1420 ending ET; 1:35 KXLF-1370 Butte, Mont. State #45; 1:58, KOTA-1380 s/off; 2:11 KXLY-920 Spokane, State #46; 3:02 KMM-1530 TEST. 12/17- 12:58am, WDRC-1360, mx ID caught through WSAT/WBAY .css; 1:34 XEMO-860 RS; 1:35 WDIC-1430 r/c; 1:51 new WBNO-150 testing; 2:07 KWYO-1410 r/c; 3:40 CKGM-980 RS. 4:00, WABA Aguadilla, P.R. s/on; 4:40 WRSJ-1560; 4:52 WBHC-1270 r/c; 5:00 RS CBA-1070, s/on just completed. 5:26, WAYS-610 s/on. 12/18- 1:10, Unnn WKLE-1370 TEST under WSPD. 2:20, WMSJ-1480 r/c; 2:40 WPEP-1570, ending PoP; 2:44 KSSS-740 RS; 3:02 WDMG-860 r/c; 3:07 WMES-1570 ET; 3:33 XEK-960 r/c; 5:01 KTIW-920 RS. PM, 11:35-11:40, VOA-1040 over WHO. 12/19- 12:19am, KTRH-740 RS; 2:02 KSCB-1270 r/c; 2:33 KGO-810 RS; 2:40-2:58 HJED-820 Cali, Colombia; 4:33 ZFBI-960 St. George, Bermuda good signals & new country; 4:44 WDFD-910 s/on; 5:05 WHUN-1150 RS; 5:33 WHYI-960 s/on. CBA KWYO XEK XEMO WDFD were long wanted calls. CBN ZNS CKBW remain on my "most wanted" list but CJNR-730 Blind River, Ont. is THE station. I would appreciate any help on CJNR & stations in Alberta, Saskatchewan & British Columbia. Now that I have two weeks off I may get the chance to hit the 1000 mark as I need only 14 more calls. Hope to send some reports out this week as verie total has been unchanged for months. 73 till next.

David Tussman - 116 Mount Vernon Street - Middletown, Connecticut

Thought I'd get my report out early as Christmas seems to be slowing up all the mail, especially DX NEWS! CX have been quite good here lately & I'm looking forward to a very successful Christmas vacation DX-wise. I hope to reach 500 heard by the end of 1962 & that should be easy as I now have 462 & each AN session adds about 14. I was a bit worried for a while as my RX was developing a steady hum but a good whack with the fist seems to have remedied that, hi! Since last report these new ones: 12/10- CKWM-710 heard in FF under WOR with ID @ 6:31. 12/13, found excellent CX @ SSS & got WADE-1210 @ 5pm, KBOA-830 with rr under WNYC @ 5:20, & WMC's "Carnival of Mx" on top @ 5:37 on 790. Also a mystery rr station on 540 @ 5:45, call sounded like KLOE, listed on 730 in my log. They had "Sports at '45" & were gone by 6pm under WDAK. Any ideas? (KNOE sounds like a good guess -ERC) Anyway that sort if inspired me to dig out these 540 stations the next two days: 12/14- WYNN @ 5:18 s/off & 12/15 WARO playin' cw mx @ 4:40 WGTO @ 5:30 s/off after detailed farming nx on Fla. crisis. WHEN-620 from one of my old home towns was coming in strong most of afternoon & the new WTHM-1530 was logged & reported @ 4:05-4:18 in strong over WCKY till fadeout. What's happened to WQVA-1530? Heard them late last srping on "Tempo PM Show" but now I hear only WQVA. (WQVA is on 1490, Dave -ERC) 12/16, I went AN, these new ones to snow for it: CKGB-680 NX @ lam quite strong, heard again after s/on around 5am. Later trying for KEWB which for sentimental reasons is my mmst wanted station, but found KALL instead, ID in clear @ 4. XEN on about 693-5 in with cl mx followed by ID @ 1:45. KNX-1070 surprise catch 2:00. I had just tuned over briefly from 1080 where I was digging out WKLO (under KRLD with rr) & was just in time for their ID! Finally after much frustration I was able to get my first TA on 935, Morocco @ 2:18 with short selections of Arabic mx & announcer in Arabic. Added Colo. with KIMN-950 SID @ 2:52. WSSB-1490 @ 4:42, WFUN-790 4:54; WEEW-1320 RS 5:05 & WDMS-1320 complete ID @ 5:45. R. Guadeloupe 5:15 s/on with FT NA & female announcer on 640 for Country #20 & HI3T-720 @ 5:30 with NX for two new IAs. WLBZ-620 5:30pm & WARN-1330 6:10pm added. Veries: WWRL CFNB WOWO WSM WHOF, Points 17/12.73s

Hope everybody has a very Merry Christmas & Happy New Year. Not too much DX to report but here goes anyway. 12/14- Terre Basse, Guadeloupe @ 5-5:30pm in FF. Heard at times before but never enough for a report. 12/17- Tried DXing by tape for the first time & messed things up pretty bad. Just about everything heard was distorted beyond readability, but there were a few exceptions. WBNO-1520 heard on ET 12:40-12:55 with mx & ID as Radio Bryan, location is Bryan, O. Nancy-I-836 playing "The Locomotion" in FF, taped. Alger-890 at 1:15 in Arabic. Krakow, Poland-1502 from 1:30-2 in Polish & concert mx. Country #34. Radio Nederlands-746 in Dutch @ 2:05-2:20, country #35 (both Krakow & Nederlands were taped.) WTHB-1550 ET/M @ 2:21, BBC-1214 with concert mx & ID @ 2:30, KOBL-650 as early as 2:35, BBC-647 with FF lessons at 2:55, KAIM-870 @ 3. Someone on 890 @ 3:30 mentioning 50kw. & followed by an unID language - who? Another with someone else behind them, mystery heard on 800 around 4am (details in Pete's section). Maybe KINY behind but I think they're off at this time, so who? Mx still on 390 @ 4:13, then fadeout. And still another mystery heard but this time on 640 with repeated announcements, but not in EE, sounded somewhat like a test transmission. That's about it from here as far as DXing goes except to mention a v/l from Robert Lyon at KAIM. I hope everyone has the best of health & DX in '63. 73.

Stan Morss - Route 3 - Bradford, Massachusetts

12/13 -British accent under WCCO all AM - few announcements & seemed to be giving names & numbers - a good log - wonder if St. Lucia? WKIS AN for cold WX. KFI stopped me at 3:55 with of all things a talk about Radex & a plug for a fellow in Brandon, Man. who has copies from Feb. '32 to Feb. '41. 12/17- WBNO-1520 Bryan, O. ET easy over KOMA 12:57. WDIC-1430 Clinchco, Va. 1:27 for second try. HJFB-1533 Bogota AN for report. WAUX-1510 OC/TT 2:08. SS 1516-7 off 2:30am, no luck on ID. XEYC Juarez, Chih. DX fair, some fades. Jamaica s/on 730 @ 4:45 in clear. Veries, WOKA WTKY v/l after two f/ups. Finally a card from TIRICA "Radio Internacional"-625, after 345 days more like a Christmas Card than a verie but signed sealed & delivered for C.R.#9. Verie, WBUC., Joe Fela Jr. - 102 Hawthorne Avenue - Newark 12, New Jersey

Veries are v/l's from CHRC-800-DX, WYNG-1590 WWCH-1300 WBUC-1400 TEST & WXYJ-1340 DX. A second v/q was also received from KCPX-1320. I reported them on 4/15 & got a verie back on 4/27. Now I get this one saying I heard them on 4/25! Only 55-60% of my reports are getting verified this year as compared to 80% or more last season. What is going on anyway? Totals are now 808/321. DX: 12/17-MM- Too tired to stay up & only got new WBNO-1520 Bryan, O. end an ET @ 1:59am. Didn't stay around for XEYC-1460 or KPDM-1340, both probably couldn't be heard anyway. 12/18- 12:22am WISL-1430 r/c-TT easily atop local WHOM with loop; 1:07 WKLE-1370 TEST easy after WCOA s/off; 1:50 WCAR-1130 with WNEW off but what's that intense jamming noise on there? 2:03, WGSR-1570 ID on r/c way behind OC/CKLM/XERF. 2:10, WMSJ-1480 r/c-M. At 3:30pm we found new WBRW-1510 testing with OC & an ID on the half hour. 12/19- WBRW-1510 testing again saying they were taking field strength measurements, OC only. With WBRW coming in here, I wonder where WRAN-1510 will radiate their signal, if & when they every get under way. They've had a CP since 12/23/58! 12/20- WSRC-1410 s/on 4:58am; 5:22 WSGN-610 under WIP; 5:30 WJAC-1400 s/on; 5:31 s/on of a Florida station on 1240, think WFOY. 12/22- 1:29am s/off WJAC-1400, 1:30 to 1:48 (end) TT on 1390, no IDs. Can this be the KCLN-1390 r/c? 2:00 s/off CKJL-900. Program before s/off was in EE, s/off in FF. 3:00 WSMN-1590 atop WAKR. WHN/WINS noted in strong on 970, WOR/WNEW great on 1550 & WNEW topping 1430 p wonder what frequency will be ruined next by images? Thanks for your card Hank, I'll try again. For now, 73s.

Ernest J. Wesolowski - 1416 Pasadena Avenue - Omaha 7, Nebraska

Happy New Year! It's Denver this year! 12/16- JBC-750 Point Galina, Jamaica heard in clear with s/off @ 1:05. KWKY-1150 Des Moines r/c 1:30-1:45. 12/17, both DXes missed because of sleep. Heard both were interesting, too! Wake up at 8 for RS KHOZ-900 Harrison, Ark. @ 8:15. Missed another special, this time WKLE-1370 due to Union meeting after work. When I got home WDMG-860 Douglas, Ga. heard on r/c-M @ 3:17 followed by an ET from KWHO-850 Salt Lake City 3:23-3:35 & on, with Christmas mx. 12/19- WPAP-1570 Fernandina Beach Fla. f/c 2:15-2:30 TT. Very hard copy under our friend, X RF. 12/21- Report to WIP-610 RS 2:15. F/up to KNOE-540 who sent all a v/l except me, why? Hi. The past two days brought 4" of snow for the season. Read good for DX. I will add now anyone wanting a record survey from WECO-880 send me a stamped self-addressed envelope Contest as of 12/20: Stone 161/25 John 152/23 Karchewski 50/13 Wheeler 63/12 Hoog 66cm 118/22 Dabelstein 82/20, Lee 0/9, Wesolowski 149/22. 73s.

Obviously there is always going to be some strife in a club without a strict doctrine. However it can be kept to a minimum. Pop Edge as everyone knows & has said has published the DX NEWS valiantly for quite a while with little or no objection of length or quality during that time. The change in Secretaryship should be made in accord with those concerned - in other words, at their convenience, not when the whole Club wants the change. I would be willing to up the dues 50¢ re 11/24 comment by Ray. To some DX. 12/10- KHAM-1530 was about S-7 or so for good log & report. All others in in varying degrees, WHAR S-5, WBUC S-7, WXYJ S-4, but where was KLEO-1480 may I ask? Was it even on? CKUA-580 was thought to be heard but with later IDs it turned out to be umm CKEY. 12/17- No KPDN-1340 but got XEYC-1460 booming in all over the place. Pulled in KORL-650 for a really great log & sent out report. KARK-920 not good enough to copy. WKGN-1340 strong. CHSJ-1150 clear ID @ 3:30 EST with what seemed to be Radio Padinara behind it, possibly XEJP? XEAI-1320 "Radio A.I." What is SS on 1570 likely around 4am? ZBML-1235 in strong knocking out 1230. WBAX picked up on 1240. WKYR-1270 s/on 4:02 with WCGC under & WRXO-370 walked in. 12/15- WBAM-740 & WHMA-1390 at 5:00. 12/19, around 9:00pm, WEAT-850, CMXL-920, the VOA-1040 taking over that frequency. WAVY-1350 S-5 & what is phonetically "Radio Cobesa" on 1225 at about 10 pm 12/19? To answer your question Dave, I haven't heard "March over the River Quai" as HJED's theme. Recent veries: KEZU WSDC WMHI KMAD KELR WQAM, the latter being "The New WQAM." N.J. in 1964! And Dave Burns, kindly send me Jeff's "DX Horizons." Now, to all, a Merry Christmas & to all, good DX & 73.

Big news from this den is the addition of a new RX - the National NC-105. Here's hoping it'll pull in many of the stations I've been listening for in the past, but couldn't get. Final DXing with my Hallicrafters really paid off: 12/8, logged KFI-640 (Finally!) @ 1:00-1:35am EST. Special thanks to Dave Tussman for his card which helped me to log it. Other efforts since last report yielded these results: 11/27- WHHG-1410 @ 8:30am, also at that time WCOJ-1420 & WSAN-1470 both with good signals. At 11pm I caught WRYT-1250, WNDR-1260, WORK-1350. 11/28- WTYC s/off @ 5:15pm with excellent clarity on car radio. 12/9 at noon: KDKA-1020 with weak signal; WWVA-1170 unusually strong all day. 2pm, WJJD-1160 in with good signal; 3:00 WIBC-1070 with weak, fading signal; 3:15 WBT-1110 with excellent reception. DXing really starting to improve here. KSL-1160 heard at 7pm on 12/9. That's the earliest I've ever heard them! A most unusual & interesting thing happened on 12/9 @ 7:54pm. Over WWVA-1170 came this announcement: "This is WABC, New York." This occurred a minute before the ABC network NX. The local announcer tried to cover it with a local spot, but from the tone of his voice I would guess he was as surprised as I was to hear the goof! 12/9 @ midnight, KFI-640 in again with Monitor, & @ 1:15am KNX-1070 was logged with promo for "The Big NX" on KNXT for my second WC in a week. 12/16 @ midnight caught the new WBNO-1520 with ET (power announced as 250w.) Recent veries include KFI-640 WICC-600 KNX-1070 WGEB-1240 (soon to go to 1kw) & WFBR-1300. Final note: Anyone who has an NC-105 & is willing to drop me a line, I'd appreciate hearing about its performance. Also it wouldn't be fitting to close out the old year without thanking so many people - such as Bob Cocmler & the SCALD group, Marv Robbins & the Denver boys, & of course Ernie Cooper, as well as many others, who have helped to make the past DX year a most pleasant one. A very Happy New Year to all! 73 from Long Island

V/Q WABQ-1540, & v/l's, WBUC-1460 CHIQ-1280 WXYJ-1340 & v/f WSDC-1560. DX: 12/21- Trying to be greedy, got zero as I tried for both WERA-1590 & WBCI-740 @ 12-12:15 f/cs. It taught me the truth of the old adage, "A bird in the hand is worth two in the bush." 12/22- Someone with Christmas mx, then TT under WCKY-1530 12:41-1:11am, unID. "Radio Aeropuerto"-910 s/off 2:33 over all. Radio Santa Fe-1070 on top, 3:13-3:29, then WFLI took over. 12/23- Another Radio Aeropuerto on 640, s/off @ 3:18am. WBLE-1330 repeat DX in nicely & I talked over the air @ 4:35 via beeper. What sounded like Radio moral- es on 665, who? WPAQ-740 ET, 3:37, umm. 12/24- Aeropuerto-910 again s/off 2:32, must be regular. UNIDed SSES on 1046 & 1015 AN, think 1046 was Panama, but good log on 'em if somebody knows who they are, hi. WEUC-1420 RS 4:00-4:28 s/on of WGAS, & surprise in WISA-1390 over WYNR on special early-AM show, asking in EE/SS for reports & promising veries to all. This is everything through Monday 12/24, deadline day Tuesday being of course a no-mail day. A Happy New Year to all! Remember, keep right; don't fight

Well that brings us up to date as everything on EvS stencils that took
a long time to arrive, has been included. Being the last of the month
omitted those daytimers with only sign off times as they will have a
change by the time you get this issue, as in Jan they up 15 min I guess.

We have a supply of the NEW NRC slips explaining what DX and the Hobby
is. They are 100 for .60¢ postpaid. Being that some postage rates will
be raised as of Jan 7 1963, this means that our mailing of either 100
Rpt Forms or 100 Ltr Heads will cost the club an additional .07¢, thus
beginning January 7 1963, the price of Letter Heads and Reports forms
will be increased .05¢ per 100. The club will absord the other .02¢
thus taking up the additional .07¢. Thanks for all Xmas Cards sent to
the Edges and from all of us to all of you a Very Happy-Healthy New Year

INTERNATIONAL DX DIGEST

EDITED BY PETER V. TAYLOR, 1906 SANTIAGO STREET, SAN FRANCISCO 16, CALIFORNIA, USA.

NOT AN OVERWHELMING AMOUNT OF DX THIS WEEK BUT THINK WE HAVE ENOUGH MATERIAL TO FILL A COUPLE OF PAGES. HOPE YOU ALL HAD A LOVELY CHRISTMAS! MEANWHILE, AT THE DIAL...

ALL THE ABOVE SHOULD BE EFFECTIVE, EXCEPT XEHX-1370 WHICH SHOULD BE HERE BY 1/23/63.

NIGERIA---RADIO KADUNA(949) IS STILL 10KW ACCORDING TO WRH-1963. THE 250KW XR IS SCHEDULED TO GO INTO OPERATION MARCH 1963 (LR)

POLAND---CRACOW AND RZESAW ARE NOW ON 1205 KCS AND THE POLISH INTERNATIONAL SERVICE IS ON 1502KC. THE 1205 KC XR'S DID CARRY MULTI-LANGUAGE PROGRAMS (RSDXB) (THIS MAY BE WHAT SOME OF YOU ARE HEARING AS "VOA-TYPE" PROGRAMMING--PVT)

AT SEA---RADIO ANTWERPEN (1492) IS CURRENTLY OFF THE AIR DUE TO A HEAVY STORM EARLY IN THE WEEK OF 12/17 THAT PROBABLY DESTROYED THEIR ANTENNA. THE SHIP RAN AGROUND AND WAS STRANDED, BUT LUCKILY ENOUGH FOR THEM, IT WAS ON DUTCH TERRITORY. I HAVE REC'D VERIE LETTER AND PP CARD RETURNED FROM THEM (LR)

SPAIN---RADIO BILBAO (1133) 7½KW, APARTADO 1117, BILBAO, WILL RESUME THE POPULAR PGM "AQUI BILBAO" ABOUT 1/2/63 BUT IT WILL BE DIVIDED INTO TWO WEEKLY TRANSMISSIONS. ONE CALLED "MUSIC FROM SPAIN" WILL BE NARRATED IN ENGLISH; THE OTHER WILL BE A MAILBAG PROGRAM IN SEVERAL LANGUAGES. TIMES WILL BE 1830-1900 TO AVOID ZAGREB AND WILL BE ON WED., FRI. OR SUN., THEY HAVEN'T DECIDED YET. (RSDXB)

SWEDEN---LATEST LIST OF SWEDISH TRANSMITTERS ON THE BCB:

MAY HAVE A DIFFERENT PRINT STYLE NEXT WEEK AS THE MACHINE HERE IS EXPERIENCING DIFFICULTIES. MUST BE MY TENDER LOVING TOUCH EACH WEEK! BOB PIETSCH DROPPED OVER LAST WEEK AND HOPES TO GET SOME DX DONE OVER VACATION FROM THE UNIVERSITY OF CALIFORNIA. DON MARTINEZ' WORK SCHEDULE IS CURRENTLY PRECLUDING DX.

WELL, LET'S SEE, THIRTEEN LINES TO GO...HMM..WELL, WISH TO THANK ALL OF YOU FOR YOUR CHRISTMAS CARDS. INCIDENTALLY, KUMU-1500 HONOLULU HAS BEEN HEARD TESTING IN HAWAII SO SOME OF YOU MAY BE ABLE TO BAG THEM; KXRX IS A LITTLE TOO MUCH FOR ME HERE, AND KSTP ON MONDAYS INS'T MUCH HELP. REALLY AMAZED WITH THE SPEED SOME OF THE VERIES HAVE BEEN RETURNING WITH -- ZCO 2WEEKS, JOKD 2WKS, KSEW 8 DAYS AND WRSJ 1 WEEK. HOPE THIS IS A TREND, HI! ALSO NOTED HERE 12/24 XEQ-940 XEB-1220 XERPM-660 AN AND PARALLEL WITH ALOT OF POPULAR U.S. MUSIC; ASSUME XEDF-970 ON TOO BUT CAN'T READ THAT ONE HERE. LAST TWO MONDAYS HAVE BEEN RELATIVELY UNPRODUCTIVE WITH MUCH NOISE.

I HAVE VERY MUCH APPRECIATED YOUR SUPPORT FOR THE PAST THREE MONTHS OF 1962 AND HOPE YOU WILL CONTINUE TO DO SO....THAT IS, TO SUPPORT THE COLUMN. AM WORKING ON A FEW IDEAS TO GET SOME OF THE MATERIAL HERE MORE QUICKLY SO THAT THE DATA OF OUR MEMBERS IN SWEDEN, NEW ZEALAND, AND ENGLAND IS MORE READILY USABLE. SO...UNTIL NEXT WEEK, SAME TIME STATIONS, IT'S HJXX MINUS HLNA.
